Ladysmith, B. C., Wednesday, February 17, 1909.

No. 51.

City Council Transacts Much Business

The council met Monday evening, Mayor Nicholson in the chair. There were present: Ald. Matheson, Campbell, Roberts, Dier, Brown and McKinnell.

Minutes of previous meeting were read and approved.

From the Seattle Gas Engine and Machine Co., asking for information regarding the electric plant with the object of putting in a tender.

Letter received and filed.

From A. Campbell Reddie, deputy provincial secretary, with reference to the bill of Dr. Blomberger.

The communication was received and filed and a copy of the letter will be sent to Dr. Blomberger.

From Archibald F. Gibson with regard to the wages usually paid nurses for smallpox. He stated that nurses for smallpox patients received \$35 per week, and he believed that his daughter, Miss Gibson, should be paid at that rate. An offer was made to waive travelling expenses.

Ald. Matheson stated that he had made inquiries as to what was paid nurses at the Victoria isolation hospital. He found that \$25 per week was paid there, but he also learned that over on the American side smallpox nurses were paid from \$5 to \$7 per day.

Mayor Nicholson referred to the fact that in the case of the two nurses at the Ladysmith isolation hospital they had to do all the work, and therefore made it unnecessary to engage a cook.

Dr. Dier was heartily in favor of paying the nurses the full \$35 per week.

Ald. Brown believed that there should be a limit to the pay of nurses. Someone should know what they should get.

Ald. Matheson related a conversation with the city medical health officer. It was believed that the wages would be \$25 per week, but later developments seemed to show that the usual wages were even higher. The nurses in this case kept down the expenses.

Mayor Nicholson felt that the city was in duty bound to pay nurses the price asked. The nurses had done their duty faithfully, and in many ways saved additional expenses.

It was moved by Ald. Campbell, seconded by Ald. Roberts, and carried, that the communication be received and filed and that the bill be paid in full.

From Wm. C. Brent, acknowledging receipt of necessary information regarding delinquents.

Communication received and filed.

From John E. Spence, barrister, with regard to Dr. Danks' account for clothing damaged during the epidemic. In the letter it was stated that Mayor Nicholson and Dr. Frost were aware of the agreement to indemnify Dr. Danks for loss of clothing.

Mayor Nicholson denied having entered into any such arrangement, and the council will communicate with Dr. Frost before proceeding further. The mayor referred to the request made as to the appointment of a police magistrate for the city. It was now a question of deciding upon the salary to be paid. Mr. Harrison, who was suggested for the office, would be willing to accept \$250 a year.

The question of raising money was discussed, and reference was made by His Worship to the desirability of having a police magistrate who was not a member of the council.

Ald. Matheson felt that he would be better without occupying the office of magistrate, but while occupying the position he would do his duty.

It was moved by Ald. Dier, seconded by Ald. Campbell, and carried, that Mr. V. B. Harrison be appointed police magistrate at a salary of \$250 a year.

Messrs. Chappell & Wells wanted a week in which to prepare plans for a new livery stable, to be built on First avenue, and in the meantime to prepare plans.

This was agreed to by the council.

A communication was received from Mr. John Stewart with regard to the bond of the city clerk.

The matter will be attended to at once.

Accounts aggregating \$705.75 were presented and referred to the finance committee.

The fire warden presented a writ-

ten report. Attention was directed to the necessity of improving the service by the addition of hose, etc., and it was recommended that 500 ft. of hose be purchased from the Canadian Rubber Co., at \$1 per foot.

It was generally felt that all precautions should be taken and Ald. Matheson moved, seconded by Ald. Campbell that the fire warden's recommendation be accepted.

Ald. Brown drew attention to the dangerous condition of the sidewalk near the soda water factory.

It was pointed out that William Siler had promised to attend to this sidewalk personally and it was ordered that the mayor interview Mr. Siler and ask him to redeem his promise.

The question of increasing the revenue came up, and Ald. McKinnell believed the hotel licenses should be advanced to the amount paid in Nanaimo and other cities.

In the course of a lengthy discussion it was pointed out that the Ladysmith hotelkeepers were subjected to unfair competition, bottle peddlers visiting the different houses and selling beer. Others expressed the belief that something should be done to close up the "blind pigs."

The matter will in all probability come up for discussion at a future meeting of the city council.

The revenue by-law was finally adopted.

The mayor and N. A. Morrison were authorized to sign cheques, etc., on behalf of the city.

The advertisement for tenders for the sewers was made to agree with the form attached to the plans and specifications. At the former meeting it was decided to request the person tendering to deposit ten per cent. of the amount of his tender as a guarantee that he would complete the work. Under the new arrangement the tenderer will be asked to deposit \$1,000 and provide two bondsmen in the amount of \$6,000.

In this connection certain questions were asked in regard to the septic tank. Some of the aldermen had doubts as to its efficiency, but it was pointed out that in this case the conditions were somewhat different to those prevailing in other places where the septic tank had been tested.

Ald. Campbell was granted permission to introduce his amendment to the road tax by-law, so as to conform with the amendments to the Mineral Clauses Act.

Under the amended by-law the age limit will be extended from 21 to 50 years to 18 to 60 years.

Dr. Dier made an appeal on behalf of Mr. R. J. Trembath. It was said that Mr. Trembath had decided to abandon legal proceedings providing he could secure a settlement.

Mayor Nicholson stated that Mr. Trembath had assisted the authorities in checking the spread of the disease, and was entitled to consideration, but His Worship could not see how the council could do anything until it had received the official notification that the action had been withdrawn.

Ald. Matheson stated that Mr. Trembath had placed his case in the hands of a firm of lawyers, and the council could not take any steps until notified in writing, from an authoritative source, that the case had been withdrawn.

The mayor added that Mr. Trembath would return in a few days and then the matter could be taken up with the object of an amicable adjustment.

Ald. Matheson pointed out that the council had already expressed a willingness to assume the responsibility for the drug bill.

After some further discussion the council adjourned.

A large crowd witnessed the finals of the six-day race at the Aero roller rink, last Saturday night. Pete Morris came in first; Wm. Dickerton second, and Thos. McIntyre third. The three prizes were: First, a \$10 pair of aluminum skates; second, \$5 in cash, and third, \$2.50 in cash.

The race was an exciting one and there will be another race at the rink on Saturday, Feb. 27th, and the contestants will be Bickerton, Winch and McIntyre. Those three are good skaters and the race will be an interesting one.

Smelter Will Be Busy

There is every prospect that the smelter will run throughout the summer without any stoppage for ore. This will be good news to the citizens of Ladysmith. During the past few weeks contracts have been made with the managers of several mines for their full output of ore, and this means steady operations at the smelter. The barge charger is discharging ore from Prince of Wales Island to day and there are also three scows in with small lots of local ore.

Local and General News Notes

At the Presbyterian manse this morning, Rev. James McMillan united in marriage Miss Annie Hiquiebran to Mr. Victor Delcourt.

Messrs. Price and Mathieson, the new owners of the Star of Scotland, formerly the Kennilworth, a four master, brought their ship up from the ballast ground yesterday in one hour against wind and tide.

Rev. Leslie Clay, Rev. Mr. McRae, of Victoria, and Rev. Mr. Robertson, of Duncan, are holding a Presbytery meeting this afternoon at the Presbyterian church, having under consideration various matters in connection with the Ladysmith Presbyterian church.

Dr. Frost and Mrs. Frost returned last Sunday from a month's ramble through the orange groves of Southern California. They visited the various watering places adjacent to Los Angeles, and wound up their trip south by a visit of a week to San Diego.

The San Francisco Opera Co will play a return engagement in the Nanaimo opera house next Friday night. On the occasion of their former visit they delighted a large audience, and their second visit promises to be equally as successful as the first. The bill for Friday night is "Dolly Varden," a successful comic opera.

The moving picture show at the Ladysmith opera house opened last Monday night to a large audience. The house was arranged with a view to the convenience and comfort of the audience and the pictures were good and decidedly interesting. "The Call of the Wild" was remarkably good, and the other productions sustain interest throughout. Miss Campbell sings two illustrated songs and is well received. There will be no performance this evening on account of the Eagles' Ball, but beginning tomorrow evening there will be a change in programme. The leading picture will be "Taming of the Shrew," Shakespeare's great play, and there will be new illustrated songs by Miss Campbell.

The Novelty Theatre has had another attractive programme this week. The picture of "Beatrice Cenci" is a most realistic production and the other pictures are also good. Messrs. Sanderson and Lewis' songs are well received. Beginning tomorrow the programme will consist of "Jerusalem," including all the scenes in the vicinity of that city, "She wanted to Be an Actress," "Noblemen's Rights," and a lengthy production of Charles Dickens' famous novel, "A Tale of Two Cities." Joe Sanderson will sing Honey Time, and Thos. Lewis will also have a new song.

Sam Duffy, who will meet Roy Standen at Nanaimo next Saturday night, has something of a record as a fighter. He was born in Bristol, England, and his first fight was with Grayson at Halifax, whom he knocked out in three rounds at Halifax, N. S. He next fought Gunner Fullerton, at Halifax, knocking him out in one round; then followed McCartney, at Halifax, draw six rounds, Johnnie McLartye, won 4 rounds at Halifax; McCartney, won six rounds at Halifax; "Tiek" Neelings, knockout eight rounds at Victoria; Billy Smith, knockout two rounds at Atlin; "Low" Strove, draw ten rounds at Dawson; Jack Twin Sullivan, exhibition four rounds at Dawson; "Kid" Baker, knockout one round at Spokane. When Duffy meets Standen next Saturday night he will be in a position to put up the fight of his life.

The sisters of Maple Leaf Circle, No. 1, U. A. O. D., are invited to attend a social to be held in the I. O. O. F. Hall on Wednesday, Feb. 24, 1909, at 8 p. m. The invitation is extended by the members of Wellington Grove, No. 4, U. A. O. D.

A dreadful mine explosion occurred at West Stanley, a small mining town twelve miles from here, in which it is feared 180 lives have been lost.

There were two explosions at four o'clock this afternoon in the West Stanley colliery, which employs four hundred men. Nearly two hundred men were in the pit at the time, although rappings have been heard, and it is supposed these are from some of the miners who escaped from death in the explosion and fire which followed it.

Almost immediately after the explosion, flames burst through the shaft, scorching the workers at the pit head and blowing out the fencing and apparatus at the entrance.

The flames spread rapidly, and it was impossible for the rescuing party to descend to the workings. Thousands of anxious persons gathered at the mouth of the pit, but for hours the fire burned furiously. At midnight it was still impossible to attempt a rescue, and it will be many hours before the entrance is cleared.

An explosion involving the loss of twelve lives occurred at the same colliery in 1882.

Mr. Samuel Lauderbach has returned to Ladysmith after a four months' tour of the Western States.

The ball of the Eagles this evening promises to be a great success. All the arrangements have been carried out with the sole object in view of providing those who attend with an enjoyable evening.

Many of the local butchers now have on sale meat supplied by the Vancouver and Prince Rupert Meat Co., with headquarters at Vancouver. Messrs. Roberts, Pannell and Williamson have the meat on sale, and speak in the highest terms of the article supplied by this company.

John Turka was before Magistrates Nicholson and Matheson last evening, charged with violating the quarantine regulations. Turka's offense was visiting the house of Joe Graiglia, in which there was a case of scarlet fever, the only one in the city. The accused was found guilty, and the magistrates imposed a fine of \$10 and costs.

At the Methodist Church this afternoon at 2:15 o'clock, Rev. Mr. Wilkinson united in marriage, Richard Charles Heyes to Miss Mary Wilkinson, both of Ladysmith. About fifty people were present, and after the ceremony was over the young couple received the hearty congratulations of their many friends. A reception was held at the parsonage. Mr. and Mrs. Heyes have a large circle of friends in Ladysmith, all of whom will extend good wishes for their future.

The Novelty Theatre has had another attractive programme this week. The picture of "Beatrice Cenci" is a most realistic production and the other pictures are also good. Messrs. Sanderson and Lewis' songs are well received. Beginning tomorrow the programme will consist of "Jerusalem," including all the scenes in the vicinity of that city, "She wanted to Be an Actress," "Noblemen's Rights," and a lengthy production of Charles Dickens' famous novel, "A Tale of Two Cities." Joe Sanderson will sing Honey Time, and Thos. Lewis will also have a new song.

Correspondents Answer

Mr. W. G. Simpson

Things in football circles are a little quiet just now, though Mr. Simpson's letter is causing lots of comment. For a few days it was all you could hear on the street corners, and in this issue some enthusiasts are taking the matter up.

The hoodoo seems to be with the club still. Take Saturday and Monday, what fine days they were! Sunday came between with a heavy fall of snow which made playing impossible. The management of the club, not to be disheartened, put on a gang of men and teams of horses to try and get the field cleared and after some hours work had to give it up. Manager Eno stopped the special train and in company with Mr. Percy Richardson, of Victoria, went over the grounds and the latter cancelled the game, saying the field was totally unfit to play on. The game with Nanaimo will be played later in the season and should prove the same old exciting event as ever.

Next Sunday Vancouver United meet the local seniors in a Pacific Coast League game and as this is Vancouver's first appearance in Ladysmith this season should prove a great drawing card. The writer has had several chats with the leading football lights of the city and has their several versions of what team should be picked. Some think that it would be as well to play the team which was picked to play Nanaimo. Others think that it is nothing but right the team which has the disastrous 5 to 0 defeat in Vancouver early in the season should have a chance to show that there is football in them yet. Again others say pick the best team and let us get the points. Anyway, whatever team is picked (and let it be the best) let us get in and boost the boys and don't do so much knocking on the street corners. Mr. Albert Bradshaw will referee the game which is called for 2:45. The team will be published in Saturday's Chronicle.

The Ladysmith Juniors travel to Victoria next Saturday to meet the North Ward team, last year's champions. This is an Island League game. The names of the players will be published in Saturday's issue.

(To the Editor.)

Dear Sir—In your issue of Saturday, 13th February, there appeared a letter signed by W. G. Simpson, regarding the match between Ladysmith seniors and Nanaimo United, which should have taken place on Sunday, 14th, at Ladysmith. The committee selected the team for this game which seemingly does not meet with Mr. Simpson's approval. Why does Mr. Simpson take the columns of the public press to express his opinion, instead of attending the meetings which as secretary of the club entitles him to do? Mr. Simpson asks the editor, "Is McDowell competent?" Might I ask? Is this a question for the editor to decide? He goes on to say, Adam is qualified to fill the position of left back, having height, weight, speed, and above all, experience. Now, as far as I can learn, Adam has only played one game in that position. At the same time I admit Adam has height and weight, but I strongly question if he has the speed and experience in comparison with McDowell. I hope there is no harm in informing Mr. Simpson that Adam did not finish the game at Esquimalt, and finally ask Mr. Simpson if he is willing to arrange a race between McDowell and any member of the club, from 100 yards to half a mile for a suitable prize.

Thanking the editor for the space in The Chronicle, I am yours respectfully,
JOHN WATTERSON.
Ladysmith, B. C., Feb. 15, 1909.

(To the Editor.)

Dear Sir—We would just like to say a few words in reply to Mr. Simpson's letter that appeared in your issue of the 13th. In the first place we think that Mr. Simpson made a great mistake in criticizing the selectors, as he is one of them himself, and if he had been a regular attendant of the meetings he would have been aware of the fact that Adam was asked to play left back and refused, and as Christian and Crawford were unable to play, McDowell was

the next best man to fill the position in the opinion of all the selectors. And, if Mr. Simpson had seen the Nanaimo game, as he ought to have done, he would have seen for himself that McDowell was well able to stand off the rushes of the Nanaimo forwards, as he gave Paddy Hewitt all that was coming to him. We are sorry the game did not come off on Sunday to prove the truth of our statement. Thanking you for the space, we remain, yours,

TWO OF THE SELECTING COMMITTEE.

A. Orr,
D. T. Irvine.
Ladysmith, B. C., Feb. 16, 1909.

Meeting of the W. C. T. U.

The home of Mr. and Mrs. James Gilchrist was open to the W. C. T. U. last Tuesday evening for the memorial service, which the union annually observes in memory of the promoted leader of the great white ribbon army. All available space was occupied by the large gathering assembled.

The meeting was presided over by Mr. Malpas, president, and an interesting programme was rendered. Mrs. Spofford, provincial president, was present and referred to Miss Willard, her child life, which even at an early age showed in childish sports, her strong tendency to leadership, her success in student life, and as a teacher, her wonderful influence over the pupils in her charge. Possibly no other woman of the present age and few if any, possessed the marvellous executive ability with which Miss Willard was gifted. The World's Woman's Christian Temperance Union, while international in character, prosecuting its work through forty thoroughly organized departments, covering legislative, education, evangelization and having as other objects the uplifting of humanity of every class. It is an unperishable monument to this great woman's marvellous ability as an organizer and leader. Her intense passion for humanity, with all its sin, its woe, its great possibilities, was an unquenchable fire which burned with unabating zeal. While her faith in men and women, her kindness in seeing the good in persons always, led her to blame little and praise much, Miss Willard was born at Churchville, New York, in 1839, but while still a child her parents removed to Wisconsin, where her child life was spent, and later Evanston, Ill., became and was to the last, her home. The placing of her statue in Statuary Hall, at the national capital, by the unanimous vote of the State legislature of Illinois is a testimony of appreciation of which Miss Willard was well worthy. Seven years ago Miss Willard laid down her earthly leadership of the white ribbon army, 150,000 strong, but she continues to be the promoted leader of her loving and loyal followers, and her great life work is still going on.

An appropriate programme of music and recitations was much enjoyed by those present at the meeting. The following ladies and gentlemen contributed solos: Mrs. Ward, Mrs. Gilchrist and Mr. Barr, and recitations were received from Miss Ethel Croston, Mr. Marton and Miss Nellie Baxter. The Rev. Mr. Ambrose was heartily welcomed by those present, and in a neat speech expressed his pleasure at being present and his interest in the work.

A letter from Dr. Spencer, superintendent of local option work for the province, was read by the Rev. Mr. McMillan, showing in round numbers the result of the petition work for a local option bill to be 10,000 signatures of voters, and 22,000 signatures on the general petition. After refreshments dainty and abundant were served, a hearty vote of thanks was passed to the host and hostess, and the meeting formally closed.

Lovers of music will enjoy a rare treat in the visit of the Orpheus Glee Club, of Nanaimo, to Ladysmith, on the evening of Saturday, Feb. 27. This club has won an enviable name for the exquisite quality of the music provided. They are particularly anxious to have the members of the Ladysmith Male Voice Choir present at the concert to be given here.

Editorial Comment.

The Chronicle has several times referred to the efforts that are being made by the Canadian Forestry Association, to interest the people of Canada in the need of replacing the forests, which the development of the country has removed from many hundreds of square miles. Last week, in the City of Toronto, the Canadian Forestry Association held a convention, and several offered suggestions that are well entitled to serious consideration. One speaker, Surveyor-General Grimmer, of New Brunswick, stated that his government is desirous of draining the bogs in that province, and utilizing them for reforestation purposes. M. J. Macoun who has spent years investigating conditions in the north, stated that between Hudson's Bay and the Mackenzie river there were as many acres of bog land as of green growing timber. He had noticed that when the bog is drained timber commenced to grow. Earl Grey, in opening the convention, emphasized the fact that uncontrolled deforestation not only wasted a gigantic amount of utilized land, but was followed by appalling drought and consequently by a failure of crops. "It is realized," he said, "that unless the people of the whole continent of North America adopt the principle of subjecting individual interests to those of the community, they must drift into a state of material as well as moral bankruptcy." There were several other speakers, all of whom emphasized the necessity of the early solution of this problem.

The Kamloops Standard (Conservative) deals with the Comox-Atlin election thus: "Hon. William Templeman was elected by acclamation in Comox-Atlin, much to the surprise and disappointment of Conservatives throughout the province. Many would not credit the report when it was first published. Michael Manson, the Conservative nominee, retired a few hours prior to the closing of the nomination roll and apparently because of pressure brought to bear by certain parties. We feel confident that had Mr. Manson been accorded proper support he would have won. Conservatives generally anticipated a vigorous fight with ultimate success. That the contest should resolve itself into a fiasco demands an explanation

from some quarter. If it is true that the much mooted arrangement between Bowser, Sloan, Templeman and Young was responsible then it devolves upon Bowser and Young to furnish a satisfactory statement. It is necessary that they should do this if they desire to retain the confidence and good will of the rank and file of the Conservative party."

Col. Sam Hughes is an ardent imperialist, but he may have some difficulty in convincing the people of Great Britain that his method is the only one that would result in complete unification of the Empire. The Colonel favors a full partnership union of Great Britain and the colonies, wherein each, retaining under its full control all matters concerning it, would unite on an equitable and independent footing, the union government dealing only with intra-imperial, international, fiscal and imperial defense questions. In any event the Colonel will have accomplished something in the way of directing attention to a question that in the natural order of events must be considered seriously by all who have the future of the British Empire at heart.

In another column the city council advertise for tenders for the construction of sewers. By the time the funds are available, the contracts will have been made, and there is no reason why the work on sewer construction should not begin within a few months.

It is safe to say that since Martin Burrell, M. P., addressed the Canadian Club of Montreal, eastern Canadians know more about British Columbia than they ever did before. Extracts from Mr. Burrell's lecture are being printed in nearly all of the eastern Canadian papers.

A Hindu who has been a student of the Agricultural College at Bombay for the past two years, and has been acting as overseer for the government has been sentenced to a year's imprisonment for smearing tar over a statue of the late Queen Victoria at Nagpur last November.

The Ottawa Journal says: "The Conservative delegation from British Columbia has already, at a notably early stage in the career of the new parliament, demonstrated that it brings to the house a strikingly superior measure of brains, character and general parliamentary fitness."

Short Stories

There is a Government official in Ottawa to whom an unnecessary or inane question is as a red rag to a bull. Last summer he made his usual trip to Europe. On the first day out he was strolling on the promenade deck, when suddenly there appeared before him a man whom he had not seen for years. "Why, hello!" exclaimed the man. "To meet you, of all men! Are you going across?" "Yes," growled the official. "Are you?" "Yes, dogs are undoubtedly sagacious animals," James said to his friends, "but none of your dog stories will beat this. My friend Johnson had a most intelligent retriever. One night Johnson's house caught fire. All was instant confusion. Old Johnson and his wife flew for the children and bundled out with them pretty sharp. Alas! one of the children had been left behind, but up jumped the dog, rushed into the house, and soon reappeared with the missing child, which he deposited on the lawn. Everyone was saved, but Rover dashed through the flames again. What did the dog want? No one knew. Presently the noble animal reappeared scorched and burnt, with "what do you think?" "Give it up," chorused the eager listeners. "With the fire policy, wrapped in a damp towel, gentlemen."

PERFORMANCES AT 7:30 AND 8:45 P. M.

Admission: 10c and 15c

10c Matinee Saturday

ies will beat this. My friend Johnson had a most intelligent retriever. One night Johnson's house caught fire. All was instant confusion. Old Johnson and his wife flew for the children and bundled out with them pretty sharp. Alas! one of the children had been left behind, but up jumped the dog, rushed into the house, and soon reappeared with the missing child, which he deposited on the lawn. Everyone was saved, but Rover dashed through the flames again. What did the dog want? No one knew. Presently the noble animal reappeared scorched and burnt, with "what do you think?" "Give it up," chorused the eager listeners. "With the fire policy, wrapped in a damp towel, gentlemen."

Notice to Contractors.

City of Ladysmith Sewerage.

Sealed tenders, endorsed "Tender for Sewerage," will be received up to 5 p. m., on Monday, March 15th, 1909, by the undersigned for the construction of certain Sewerage Works for the Corporation of the City of Ladysmith, B. C.

Plans, specifications, contract, bond, and forms of tender may be seen on and after the 15th day of February, 1909, at the City Hall, Ladysmith, B. C.

Each proposal must be accompanied by an accepted bank cheque (or certificate of deposit) on a chartered bank of Canada, made payable to Corporation of the City of Ladysmith, Ladysmith, for the sum of One Thousand Dollars which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, which may be obtained at the office of the City Clerk, Ladysmith, and must be accompanied by a bond, in the sum of Six Thousand Dollars, duly signed by the contractor himself and two responsible parties, residents of the Province of British Columbia, whose names shall be subject to the approval of the City Council. The lowest or any tender not necessarily accepted.

**Canada's
Greatest Danger**

When the world-maker mapped out the plan of this particular planet, and drew the division lines which were afterwards to form the boundaries of nations, and set down the dates when each nation was to step upon the stage of action and achievement, it is very evident that Canada were assigned a great temptation and a great chance. She has been upon the stage sufficiently long to enable us to get a clear conception of this fact, and a little consideration of it at this era of nation-making will be possibly very profitable.

The chance referred to lies in the fact that the coming of Canada upon the stage has been reserved until the culminating climax of the world-play. Everything that has gone before may rightly be regarded as having in some way and in some degree led up to her arrival and attainment. Nations have experimented for centuries, generally at the cost of blood and loss untold. Government has worn out guises from despotism to democracy. All follies to which nations are addicted have been paraded before our eyes. And all of this is to be our supreme national advantage. Danger places have been marked out. On all the pages of history burn the red lights of warning. And we, coming into our national existence now, and profiting by the mistakes of our predecessors, have the chance of becoming the nation paramount in excellence of private good and public government.

But the temptation is no less great than the chance. Nothing is more needed in successful utilization of our great chance than the absolute unity of Canadian interest. Division of all sort, is deadly. Solidarity alone can bring success. The work can be done only by our walking together and working together and thinking together as the united units whose sum total is called Canada. Unity is the essential element which nothing worth the doing can possibly be done.

A glance at the geography of Canada reveals the danger to every clear-eyed citizen. Our country, so far as its population is concerned, is a long and narrow strip, with the various provinces separated by space and sentiment. We are a long line, stretching from Atlantic to Pacific, and at many points we are not yet within speaking distance of the next man. The provinces vary widely in their characteristics, which do not tend to grow less pronounced as the time passes. The influx at the present time of many Americans from the States into the western provinces will develop even more this tendency.

The result of this scattering of population is very manifest. There is little bond of union between the Nova Scotia and the Ontario citizen. To the average man in Ottawa

England seems not more distant than Halifax or Vancouver. The distant provinces are cloaked with an unreality that conceals their real character, and prevents much real sentiment of fellow-feeling. To the average Manitoba farmer, hailing from Minnesota or Southern Ontario, Quebec seems but a bit of the old French world, dropped down in Canada, and still living the old life in the old way. And British Columbia might be engulfed by a tidal wave without the fact making any definite change in our actual consciousness.

Hence the temptation toward isolation and separatism must be fought to the utmost,—fought as men fight the drowsiness of death in the paralyzing chill of the western winter. We must make ourselves familiar with the full facts, and derive from them a degree of sympathetic feeling that will enable us to stand together. Prejudice arising from any cause whatsoever, must be regarded as nothing short of treason. We must think west and east, and be bounded on either side by nothing short of salt water. We of Canada are one, and on that day when we forget it the great chance will have passed in our yielding to great temptation.

Hints for the Home.

Veal Cutlets with Potatoes.—Mince very fine and fry a light brown one dozen mushrooms, a small onion, two ounces of ham and two sprigs of parsley; then lay in the cutlets; cover with white stock or a rich cream sauce and stew gently until the meat is tender; then lift out and lay on a bed of mashed potatoes. Thicken the contents of the pan, season to taste flavor with lemon juice and pour over the cutlets.

Collops in Batter.—Cut rare roast beef into collops. Brown one tablespoonful of minced onion in meat drippings; turn over it one cupful of gravy left from the roast, and season with salt and pepper. When the gravy boils put the collops in a baking dish and pour it over them. Cover with a batter made of one cupful of flour, two-thirds of a cupful of sweet milk, one egg, a pinch of salt and two teaspoonfuls of baking powder. Bake until the batter is light and nicely browned.

Kidney Terrapin.—Split two nut-ton kidneys; pick off all membrane and soak them for an hour in cold water; place them over the fire in a fireproof pan and bring to a boil, drain off the water and cut the meat into small cubes, then cook until tender in fresh boiling water. Serve with a rich cream sauce to which has been added two hard-boiled eggs chopped fine, and two tablespoonfuls of sherry.

Curried Eggs.—Bring one pint of milk to a boil, thicken with one tablespoonful of flour and one tablespoonful of curry powder mixed to a smooth paste with a little cold milk. When of the consistency of cream poach in it, one at a time, a sufficient number of eggs. As cooked, transfer carefully to squares of buttered toast arranged on a hot platter. Pour the sauce around the toast and serve.

CAVIN'S FOOTWEAR STORE
Sole Agent for the Celebrated English "K" Boot.

Fish Patties.—Make a smooth sauce of half a pint of milk and one tablespoonful each of butter and flour; take from the fire, season with salt, pepper and mushroom catsup; add the beaten yolk of an egg and a pint of cold boiled fish, shred fine. Have ready some pastry shells, baked empty; fill with the mixture, brown in the oven and serve hot.

Brown Hashed Potatoes.—Chop cold-boiled potatoes fine, sprinkle lightly with salt and pepper and melt one tablespoonful of butter in a frying pan; when hot turn in potatoes, pat down with a spoon, cover and cook slowly for ten minutes; turn out in omelet shapes, on a hot platter and garnish with parsley and serve.

Prune Dessert.—Arrange slices of sponge-cake on serving plates; pour over each some cooked and seeded prunes, over these pour a few drops of sherry if liked, and serve with whipped cream.

The late Dr. Drummond, the Habitant poet, once related an amusing anecdote indicative of the simplicity of the rural French-Canadian.

He was summering in Megantic County, Quebec, when, early one evening, he was visited by a young farmer named Ovide Leblanc. "Bon soir, Docteur," said Ovide, by way of greeting. "Ma brudder Moise, heem ver sick. You come on d'house for see heem, Doc?"

Drummond, always kind-hearted and obliging, complied with the request of Ovide, and found the unfortunate Moise suffering from what he diagnosed as a fairly severe case of typhoid.

"Wishing to provide Moise with some medicine," said the doctor-poet, "I asked Ovide to accompany me back to the village. The prescription compounded, I proceeded to instruct Ovide. The dose was to be administered every three hours during the night, and, trying to be as brief, plain and explicit as possible, I said: 'Be sure and keep watch on Moise tonight; and give him a teaspoonful of this at nine o'clock, twelve o'clock and at three and six in the morning. Come and see me again about nine in the morning.'"

Ovide understood and departed. The following morning he again presented himself, and Drummond asked: "How's Moise? Did you do as I told you?"

"Ma brudder Moise, I t'ink he some better dan las' night," replied Ovide. "I give heem de medicin, but I doan' have no watch in d'house, Doc. I tak d'leettle clock; d'one what mak d' beeg deesturb for get up. I keep eet on hees ches' all night. T'ink eet do heem good, dat just lak d'watch. Wat you t'ink, Doc?"

Grand Concert

AT THE

Ladysmith Opera House

ON THE EVENING OF

Saturday Feb. 17

A Grand Concert will be given at the Ladysmith Opera House, by the Nanaimo Orpheus Glee Club, with the assistance of the well known following Artists:

- SOPRANO—MRS. DR. DRYSDALE
- CONTRALTO—MRS. W. GREEVE
- TENOR—MR. A. E. PLANTA
- BASS—MR. F. MACKRILL
- ACCOMPANIST, PIANO,—MRS. MARTELL
- INSTRUMENTALISTS—MRS. CALBICK, PROF. HARVEY AND MISS E. McLEOD
- CONDUCTOR—MR. J. M. MORGAN

Blouses and Waists? Of course. Call at Simon Leiser & Co., specialists in this line.

Mr. Peter Mathieson, master of the barque Antiope, running from San Francisco to Sidney, is visiting relatives and friends in Ladysmith for the first time in four years. Mr. Mathieson is delighted with the signs of progress he sees in all directions.

Engineers and those wanting a fine pair of working gloves call and see our new stock of the Sargent Glove, undoubtedly the best on the market. Simon Leiser & Co.

Attention is directed to the advertisement for sewerage construction in another column. The plans and specifications are now at the city hall, and the conditions under which the sewers must be constructed are very plainly set out.

You can't do better than procure a few pairs of the best values in curtains ever shown at \$1.35 pair. Simon Leiser & Co.

Mayor Nicholson is strongly in favor of giving the franchise to women. According to His Worship's theory the world would be just as well off if the proportion of men were greatly decreased and the female population increased. And His Worship is no idle, dreamy theorist either; in his own family there are three daughters and no boys. The latest Miss Nicholson to arrive was born last Monday morning.

All I. C. S. students are invited to the smoker at Gould's hall Friday, the 19th, at 7:30 p. m. All attending receive a souvenir of the President.

PULP—Are you interested? Then drop into the Abbotsford Hotel parlor Friday evening, 8:30, and listen to Mr. G. B. Lowry's address.

All I. C. S. students are invited to the smoker at Gould's hall Friday, the 19th, at 7:30 p. m. All attending receive a souvenir of the President.

THE QUALITY HOUSE

Start the new year right and have your watch overhauled. Just think of it, the balance of your watch makes about 18,000 vibrations per hour, for every hour of the year; that it rotates on pivots only .05 millimeters in diameter, or about the equal of a good sized human hair, also that all the oil it can retain for running purposes is about the one one-thousandth of a drop.

Give the watch a chance and have it thoroughly overhauled. Always go to the best man, as cheap work on such delicate mechanism as that if a watch is always dear in the long run, and usually causes ruin. We do all kinds of repairs, from the converting of the key winder into a setm winder to the ordinary work of cleaning, Etc. None but the best materials used. We have not only served the usual apprenticeship at our trade, but have also had the advantage of a thorough study of the watch and scientific mechanics, at the Canadian Horological Institute, acknowledged the best on the American Continent, a place where every part of a watch is made by hand under the direction of experts. Now, is not one who has had this training, more capable of thoroughly repairing your watch than one who knows little or nothing about the principles involved, who just picked his trade up, as so many have. All we ask is a fair trial. Our prices are correct, and the work fully guaranteed. We can make and repair any part of a watch from barrel to balance.
