Dear Friend

I heard from a dear friend of yours that you would like to know how I am getting along. Well I am getting along fine and I hope you are: I thought I wish that I had a few of my friends down here: you ought to come down and go on one of these Picnics they certainly beat going to Kelowna.

Last Sunday a crowd of us went up to ~~Capilano~~ Canon: it is certainly the prettiest place that ever I came came across. There is a drop of over three hundred feet straight down into the water and the Scenery around it is Magnificent. Well I must close Mabel remember me all. Yours Sincere Friend

Percy.
