Lardeau Mining Review

The representative of the rich Lardeau country. Sent to any address for $2 per an. in advance.

VOL. 2 | TROUT LAKE CITY B.C., JAN. 11, 1906. | No. 11.

Mineral Production

OF BRITISH COLUMBIA FOR YEAR 1905 IS ESTIMATED AT ABOUT 21 MILLIONS NOTABLE ADVANCE OVER PREVIOUS YEAR.

West Kootenay is Leader.

The minerals produced in the whole of British Columbia in 1905 reached a value of $21,000,000, or about $2,000,000 in advance of 1904, according to figures compiled by E. Jacobs. Of course, the value of the output of the last two or three weeks can only be estimated, and the actual returns may be slightly greater or less than the amount set down for them. The values of the metals produced are approximately as follows:

Gold	$ 5,750,000
Silver	2,050,000
Copper	5,450,000
Lead	2,370,000
Zinc	320,000
Total	$15,940,000

The non metallic minerals are thus estimated:

Coal	$3,090,000
Coke	1,220,000
Building material, etc.	750,000
Total	$5,060,000

By districts the production was as follows:

Cariboo	$ 460,000
Cassiar	563,500
East Kootenay	4,927,500
West Kootenay	5,706,000
Lillooet	30,000
Yale	5,651,500
Coast	2,874,000
Miscellaneous	750,000

East Kootenay shows an increase of about $1,700,000, and Yale of about $1,500,000 over 1904. West Kootenay declined about $100,000, and the coast districts $1,300,000 as compared with the previous year. The decrease at the coast was largely due to the Nanaimo coal mines strike and the suspension of mining at Mount Sicker. East Kootenay's increase would have been substantially larger had the St Eugene not been hindered by fire, which destroyed its shaft house. The yield of placer gold in the northern districts was kept down by the lack of water, caused by the light snowfall of last winter. The decrease in placer gold was more than made up by the greater output of lode gold, netting an advance of about $60,000 in the total. Copper, silver, and lead were all increased, while zinc last year made its first appearance as a substantial contributor to the total. The increases over 1904 were approximately:

Gold	$ 60,000
Silver	330,000
Lead	950,000
Copper	860,000
Zinc	320,000

Coal decreased $570,000 and coke $18,000. Vancouver island collieries produced 690,200 tons of coal, and the Crows Nest collieries 746,100 tons, a total of 1,436,300 tons, of which 403,900 tons were converted into coke.

NOTICE.

The ordinary annual general meeting of the Primrose Gold Mining Company, Ltd. Liab., will be held at the office of the Company, Trout Lake, B.C., on Friday, February 2nd, 1906, at 3.30 p m., for the purpose of electing directors for the ensuing year and such other business as may be properly brought before the meeting.

J. M. MILLER, Sec.-Treas.

Dated at Trout Lake, B.C., 2nd day of January, 1906.

Broadview Syndicate.

EIGHTY TONS OF ORE NOW SHIPPED GIVING GOOD RETURNS. SECOND PAYMENT ARRANGED FOR. SYNDICATE IN FINE SHAPE.

The Syndicate shareholders of the Broadview held an important meeting on Wednesday. All accounts up to 1st of January were handed in by Trustee Wilkie, who was instructed to issue checks to cover. The second payment of $2,000, due on the 14th inst., was also ordered paid.

Since taking the property over the last of October, 80 tons has been shipped, which gave satisfac[tory] returns. Another car is on the road down the hill at present, which will run the output to date in the neighbourhood of 100 tons.

The syndicate is now in good shape, all accounts paid, second payment arranged for, and a cash balance on hand.

Several offers have been made for the property, and it will shortly be examined by men representing large mining and smelting interests in Canada. As a copper proposition the Broadview is a most promising one; an excellent feature is the self-fluxing properties contained in the ore.

The work so far done has opened up two good leads carrying gold, silver and copper values, besides some 10 to 12 feet of milling ore, and it will no doubt by judicious management and a little capital prove to be valuable.

GOOD FOR CHIP.

The last issue of the B C. Gazette contains the appointment of E. E. Chipman, gold commissioner, Kaslo, as official administrator of Kaslo electoral district.

FIRST ALASKA GOLD.

Gold was first discovered in Alaska on the Anauk river, a tributary of the Kuskowim river, which joins the latter stream about twenty-five miles below the trading post of Kalamakoffsky.

In 1832 the headquarters of the Russian American Trading Company were at Sitka and supplies were transported from there to Lukeen's Fort by way of Nushagak river, Tic-chic river and lake and down the Anauk river and thence up stream twenty-five miles to the fort. In 1837 the yearly supplies were sent by way of the mouth of the Duskowim river and the old way abandoned as a summer route and used only for the purpose of sending out the mails during the winter by dog teams. It was the only winter route the Russians ever used from any point on the Yukon to the outside (Sitka), and was only abandoned for the purpose after they left the country.

It was while on one of these trips in 1832 that the Russians discovered gold on the Anauk, and it is known to-day as the Yellow River of the Russians. It is not known whether they ever attempted mining on any large scale or whether they found gold in paying quantities, but it is thought to be the first time on record of gold being found in that country.

Dave Orr, jun., and Mrs. Orr, and Mr. and Mrs. A. Gowing, of Camborne, were in town for the carnival.

A. & K. Charter.

BOARD OF TRADE WILL NOT OPPOSE EXTENSION OF CHARTER IF C.P.R. GUARANTEES TO COMPLETE THE ROAD WITHIN TWO YEARS.

The regular meeting of the Trades Committee was held on Monday night in the City Hall, Kellie street. A goodly number of members were present. After the regular routine business was gone through, the matter of the extension of the A. & K. Charter was taken up.

A letter from W. Whyte, second vice-president of the C.P.R., was read, in which he stated his company fully appreciated the value of the charter and did not wish to see any opposition to the extension of it. He was not prepared to bind his company to any definite time for the building of the road from Gerard through.

After thoroughly discussing the matter it was resolved to take it up with the Vancouver, Victoria, Revelstoke, Kaslo and Nelson Boards of Trade, also with all the different towns affected and seek their co-operation in fighting the extension in the House of Commons at Ottawa.

While the citizens realize the fact that the company are not making a profit out of the road already built, they also recognize the fact that a generous subsidy accompanies the charter and that the company would by the increased traffic which would ensue by the completion of the road soon be recouped for early losses. They also feel that if the proposed road would be a paying proposition from the start, there would not be a necessity for the granting of a subsidy. The general consensus of opinion among the citizens of the district is not to unduly interfere in the matter of an extension, but would be agreeable to a two years extension for the completion of the road.

The advantages to the district through securing direct communication with the coast would be a big factor in the development of the country and the increase of railway traffic. The C.P.R. would also be relieved of an annual expense of seven to eight thousand dollars for running the boat on Trout Lake. This in itself would nearly pay the interest on cost of construction for that part of the road.

Andy Daney lost a valuable horse a few days ago.

NOTICE

Tenders for Mineral claim forfeited to the Crown.

Tenders will be received by the undersigned up to 12 o'clock, noon, on Tuesday, the 6th day of February, 1906, for the purchase of the undermentioned mineral claims, which were forfeited to the Crown at the Tax Sale held in the Government office at Kaslo, B.C., on the 7th day of December, 1901.

To be considered, all tenders must be at least equal to the upset price, as given below, which is equivalent to the amount for which such claims could have been re-purchased by the owners on the 30th of June, 1905, together with the taxes which have accrued since the tax sale, the cost of advertising for tenders, and Crown Grant fee.

Claim	Lot No.	Upset price
Consolidated Virginia	3992	$45.05
Elk	3993	40 45
Speculator	3994	44.00

Each tender must be accompanied by a certified cheque for the full amount thereof, payable at par at Kaslo, in favor of the undersigned. The cheques of all unsuccessful tenderers will be immediately returned.

E. E. CHIPMAN,
Government Agent, Kaslo, B.C.

Ferguson Briefs.

Andy Rankine, an old-time resident and business men of Ferguson, left for Midway on Wednesday, where he will open up business in the drug line. We are sorry to lose Andy from the district but wish him all success in his new venture.

Mrs. A. J. Gordon has accepted the position of school teacher in Ferguson for the coming year.

McKinnon & Sutherland have been busy taking stock during the past week.

Steve and Mrs. Slinger are away on a visit to East Kootenay points.

The Skating Rink is being very ably conducted by manager Jim Mesley, and flattering remarks are heard on all sides as to the quality of the ice. The hockey boys are practising faithfully for their forthcoming engagements, and it is expected they will be in fine fettle for their first match with the Lake boys. We should be pleased to learn that the ladies had begun to practise, because there is a very handsome trophy at the Review office to be competed for at an early date.

Sandy Laughton is seriously thinking of training the hockey team for the Stanley Cup. It is not generally known that Sandy was trainer to the celebrated Queen's Park Rangers F.C. when they were won the Scottish League. Sandy thinks the present system of training teams is all wrong, and he'll wager any part of $5000 to train a team on Dewar, haggis and mush to beat twice as many men on any other old diet.

An application has been put into the Government for an appropriation for building the wagon road up the North Fork to Circle City. If made, the appropriation will be conditional on those companies interested in putting up half of the cost.

Alec Cummins is receiving lots of praise for the admirable way in which the post office matters are being administered.

Dr. and Mrs. Robinson and Mrs. A. Cummins were Trout Lake visitors during the week.

Jno. Morton, of the Big Tunnel, is busy hauling air pipe from the Lake for use in the mine.

S. Shannon moved this week to Trout Lake, where he has accepted the position of principal of the schools there.

Lake Locals.

Mrs. J. Johnson has been laid up for the past week.

One of the candidates for the school trusteeship had no other qualification than a "hot air" ticket. We are pleased to report his ignominious defeat.

Rev. Scott has completely recovered from his recent illness thanks to the attention of Nurse Namforg.

Ed. Vipond has had the snow plow out this week clearing a right of way through the "beautiful," for which—many thanks.

The curling club had their first practise for the season on Thursday night.

Local Mining.

OF INTEREST TO THOSE WATCHING THE PROGRESS AND DEVELOPMENT OF THE RICHEST MINERAL SECTION OF THE PROVINCE

The Big Tunnel operations were resumed last week with a full force of men. Good progress is being made, but there is nothing new to report.

Daney's teams are kept busy handling the Silver Cup ore from the 9-Mile terminal. The tram to 5-Mile is now in operation, and all supplies will for the rest of the winter be handled from that point. Frank Lebeau has the contract for cutting wood at the 9-Mile point.

Operations at the Broadview were slacked up during the holidays; only enough work being done to keep the trail open. Work was resumed this week. Another car of ore is being brought down.

In a letter from Thos. E. Ehrehart, manager of the Chestnut Hill Mining Co., he states that he will return 1st of May, when operations will be resumed on the Lucky Boy.

Judge Miller writes us stating that Guinea Gold affairs are being put into shape and work will be resumed early in the spring. This property has an excellent ore body exposed for a distance of 85 feet in the upper drift. A test shipment sent to Trail gave values of $104.20 per ton.

The suits of Atho and Gowing vs. Blockberger re some valuable mineral claims in the Fish creek country, have been decided by Judge Forin, and judgment for Atho and Gowing given with costs. F. C. Elliott acted for the successful men.

Jas. A. Griffith came in from the Boundary country on Wednesday night to look after his several interests here. Mr. Griffith has his headquarters at Midway, which place is the centre of a number of lines of railway construction, where about 2000 men are employed. The Midway and Vernon Branch, the C.P.R. from Penticton to Spence's Bridge, and Great Northern from Keremeos to Princeton, thence west, opens up a country rich in minerals and ranch lands. He also reports the meeting of a number of Lardeau people, among whom were Jack Scott, Newman Taylor, Ted Saunders, Dr. Newcombe, Charlie Dandall and Tom Eldridge, all of whom are doing well, but anxious to get back to Trout Lake. Mr. Griffith announced himself pleased at the action of the Trades Committee, of which he is a past president, along the line of obstructing the renewal of the A. & K. charter. The benefits to the district were, he said, incalculable, by bringing us into direct communication with the coast, and that the C.P.R. instead of having a losing proposition as they have now would have a piece of road which would pay them largely in a very short time

The Amateur Dramatic Society met on Wednesday evening and decided to stage two farces at an early date.

School re opened with a good attendance on Monday last.

Local and General.

Our genial Gold Commissioner by his frequent visits to Trout Lake is evidence that there is some truth in the rumor about there being some attraction at Trout Lake other than his official duties.

H. Giegerich, the merchant prince of the Slocan—who has been visiting us for the first time—expressed himself as being surprised at the completeness of our mercantile institutions. In an interview with the Review on the extension of the railway, he said that he would do all he could to assist us in any and every way, and thought we were taking the right steps relative to the extension of the A. & K. charter. The road through here would, he said, not only benefit the Lardeau, but would materially assist the development of the Slocan.

J. W. Westfall, who has been a patient in the Kootenay Lake general hospital for over a month, is making progress towards recovery but very slowly.

ELECTION OF TRUSTEES FOR SCHOOL.

The first meeting under the new Act was held at the Schoolhouse on Thursday morning. The meeting was very well attended, and keen interest was taken in the proceedings. J. J. Atherton was elected chairman and F. T. Abey secretary. A. N. Vars was elected auditor. The financial statement for the previous year was read and adopted. The action of the retiring trustees in engaging the services of S. Shannon, B.A. and also estimating for ensuing year was endorsed.

Nominations for three trustees were as follows: H. McPherson, O. W. Abrahamson, J. C. Murray, E. L. Masterson and A. Abrahamson. All of the nominees standing pat a poll was demanded, the Recording office being utilized as a polling booth for the occasion. Dodgers and posters were out almost immediately after the meeting extolling the virtues of the candidates, and before the citizens realized it they were in the heat of a red hot election.

It was good to see the interest the ratepayers took in the election, as partizans of the candidates were speeding voters to the poll in cutters from every direction:

The poll was declared at 5 o'clock and the elected candidates were as follows:

O. W. Abrahamson	37
E. L. Masterson	33
H. McPherson	32

FUN AT THE RINK.

The masquerade carnival was the means of bringing a large influx of visitors to the town from surrounding points. Manager Mills had the ice in really superb shape, and the gay throng which flitted hither and thither in graceful gyrations to exquisite melody from the Park band were lavish in their praise. The impersonations were most original, but Jack Rady as "His Satanic Majesty" caught the judge's eye, his antics and make-up coinciding with the generally accepted brain-engraving of the evil one. Mabel Burrell as a "Gipsy Queen" secured the ladies' prize, with Alma Thomas as "Britannia" a close rival. Special mention must also be made of "A Chinese Mandarin" (H. Christie), "Tired Hank" (F. Schultz), "The Divine Sarah" (W. Burrell) and J. McLean, "Uncle Sam."

Job Printing of every description will be faithfully executed at the Review Job Dept.

THE LARDEAU MINING REVIEW.

Is Printed at Trout Lake City, and Published at Ferguson and Trout Lake every Thursday

The Editor does not hold himself responsible for the opinions of correspondents expressed in its columns

All locals will be charged at the rate of 15 cents per line, first insertion, and 10 cents per line each subsequent insertion.

Terms for Transient and other advertising will be made known on application at office Subscription $2.00 a year, in advance.

The department of Lands and Works, says the Economist, is probably the most important one in the Government. The man selected for the head of this department was Hon. Robert Green, of Kaslo Mr. Green was known throughout the Province as a successful business man, one who by his long experience in business was eminently fitted for the office of Lands and Works. When he took office it was not a state secret that the affairs of this department were in a wretched state of confusion. It was impossible to secure reliable information from the clerks, and the public generally formed conlusions that were not to the credit of the department. This was the condition of affairs when Mr. Green took charge, and it is to his own credit, and the credit of the Government and the constituency he represents, that the Department of Lands and Works is now conducted in a manner to win the commendation of the general public.

The Nelson News is to be congratulated on the very comprehensive write-up on the mining industry of the Kootenays. Its large circulation will make it undoubtedly one of the best advertisements the interior of the province has had. Brother Deane is an energetic news man, and the people of Nelson, in fact, the whole Kootenays ought to feel proud of him.

The events of the year that has just closed have hardly supported the proverbial statement that the mills of the gods grind slowly. In looking over the record one cannot escape the irresistible conclusion than in 1905, at least, they ground swiftly as well as exceeding fine. And if the immediate past is to be regarded as an earnest of the future, we must further conclude that fine grinding will continue to be popular in other lines than metallurgy. The swift retribution that has overtaken criminals in high places and the sentiment that has constantly crystallized against fraud or graft are most fortunate signs of the times.

During the year two United States senators have been convicted of crime; bankers have not wanted for company in penitentiaries; respectable land grabbers have felt the heavy hand of the law, and the shadow of suspicion has fallen upon hundreds whose guilt could not be proved. In a measure the story is an old one and needs no repetition, but it is also so striking that it is on the lips of almost everyone. Truth has frequently been stranger than fiction, and during the past year has undoubtedly been more interesting. The mining industry has not been without salutary examples of convicted charlatans, and if the rumored prosecutions and investigations continue, the coming year will add integrity to prosperity and place mining on a more respectable and firmer basis than it has yet experienced.

A gentleman visitor from a near by town this week said that in comparison with his town Trout Lake was red hot.

NOTICE.

NOTICE.

Notice is hereby given that 30 days after date I intend to apply to the Chief Commissioner of Lands and Works for a special licence to cut and carry away timber from the following described lands situated in West Kooteday District.

From a post planted on the north east side of Lardeau creek about ¾ mile east from Halfway creek and marked Seldon Daney's north-west corner post, running east 80 chains, thence south 80 chains, thence west 80 chains, thence north 80 chains to point of commencement.

SELDON DANEY.

Trout Lake, B.C., Nov. 18, 1905.

CERTIFICATE OF THE REGISTRATION OF AN EXTRA-PROVINCIAL COMPANY.

"Companies Act, 1897."

I hereby certify that the "Chestnut Hill Mining Company," "Non-Personal Liability" has this day been registered as an Extra-Provincial Company under the "Companies Act, 1897," to carry out or effect all or any of the objects of the Company to which the legislative authority of the Legislature of British Columbia extends.

The head office of the Company is situate at No. 301 Quinn-Sharpless Building, S 10th Street, in the city of Philadelphia in the county of Philadelphia and State of Pennsylvania.

The amount of the capital of the Company is two hundred thousand dollars, divided into two hundred thousand shares of one dollar each.

The head office of the Company in this Province is situate at the town of Trout Lake, and Thomas E. Ehrehart, Mine Manager, whose address is the same, is the attorney for the Company. Not empowered to issue and transfer stock.

The Company is specially limited under section 56 of the said Act.

The time of the existence of the company is fifty years from the 28th day of July, 1904.

Given under my hand and seal of office at Victoria. Province of British Columbia, this 28th day of October, one thousand nine hundred and five.

[L.S.] S. Y. WOOTON,
Registrar of Joint Stock Companies.

The objects for which this company is established and registered are:

To purchase or otherwise acquire, own, lease, occupy, use or develop any lands containing gold, silver, copper, lead or other minerals:

To mine, or otherwise to extract or remove, gold, silver, copper, lead or other minerals:

To buy, sell, or otherwise to deal or traffic in gold, silver, copper, lead or other minerals and any of the products thereof and articles consisting or partly consisting thereof.

CANCELLATION OF RESERVE

COAST DISTRICT.

NOTICE is hereby given that the reservation, notice of which was published in the B.C. Gazette, and dated 9th August, 1901, covering a belt of land extending back a distance of ten miles on each side of the Skeena River between Kitsilas Canyon and Hazelton, is cancelled.

Notice is also given that that portion of the reservation, notice of which was published in the B.C. Gazette and dated 27th December, 1893, covering a belt of land extending between the mouth of Kitimat river and Kitsilas Canyon, is rescinded in so far as it covers land lying between the Kitsilas Canyon and a point in the Kitimat Valley, distant ten miles in a northerly direction from the mouth of Kitimat River, and that Crown lands thereon will be open to sale, pre-emption and other disposition under the provisions of the Land Act, on and after the eighth (8th) day of December next: Provided that the right of way of any railroad shall not be included in any lands so acquired.

W. S. GORE,
Deputy Commissioner of Lands & Works,

TROUT LAKE CITY

THERE have been fortunes made by judicious investment in Real Estate, and more fortunes will be made than ever the next two or three years. The one who reaps the harvest is the original investor, for he has his money on a certainty.

Now let us point out to you that there is no better spot on the Continent to buy Real Estate than TROUT LAKE.

Trout Lake is the prettiest spot in the Kootenays; as a pleasure resort it has no equal. Boating and fishing may be indulged in the year round; while big game in abundance is to the found on the hills. Its climate is superb, there being no great extremes, it being mild in winter and cool in summer. It can boast of some of the finest hotels and residences in British Columbia. Its streets are well laid out and graded. There are two excellent general stores, and a glance at the advertisements in this journal will show that all trades are fairly well represented. Write with confidence to Agents.

H. McPherson
Agent.
Trout Lake, B.C.

Lots can be obtained on EASY TERMS.

Make your selection at once. :: ::

Then call on or write to

IT has never had a "boom"—its growth has been steady. It is the head of navigation, and the terminal of the Lardo branch of the C.P.R. All roads (in the Lardeau) lead to Trout Lake. It is the commercial centre of the richest mineral district on the continent, and has banking facilities provided by the Imperial Bank of Canada; first-class school accommodation under the direction of S. Shannon, B.A.; a good water system; government offices; County Court sittings; Methodist Episcopal and Anglican churches and cottage hospital.

There are valuable ranch lands on the outskirts awaiting settlers. Its lumber resources are magnificent, and a band saw mill with a capacity of 60,000 ft. per day is at the head of the lake. The mines tributary are proving out bigger producers every year, with new prospects opening up rich bodies of ore.

There will be a big rush this year, so if you would know more, write at once to either of the agents at the addresses below.

F. B. Wells

NOTICE.

Tenders for Mineral Claim Forfeited to the Crown.

Tenders will be received by the undersigned up to 12 o'clock, noon, on Friday, the 12th day of January, 1906, for the purchase of the undermentioned mineral claims, which were forfeited to the Crown at the Tax Sale held in the Government office at Kaslo, BC., on the 7th day of November, 1904.

To be considered, all tenders must be, at least, equal to the upset price as given below, which is equivalent to the amount for which such claims could have been repurchased by the owner or owners on the 30th of June, 1905, together with the taxes which have accrued since the tax sale, the cost of advertising for tenders, and Crown grant fee.

Name of claim	Lot No.	Upset price
Little Montana	2889	$77.80
Pulaski	2890	43.79

Each tender must be accompanied by a certified cheque for the full amount thereof, payable at par at Kaslo, in favor of the undersigned. The cheques of all unsuccessful tenderers will be immediately returned.
