Lardeau Mining Review

The representative of the rich Lardeau country. Sent to any address for $2 per an. in advance.

VOL. 2 | TROUT LAKE CITY, B. C., NOV. 16, 1905. | No. 3.

Last Payment on Triune.

THIS FAMOUS PRODUCER NOW THE PROPERTY OF THE METROPOLITAN GOLD AND SILVER CO.

TOTAL OF $125,000

HAS NOW BEEN PAID BY THE COMPANY TO THE FERGUSON BROS.

After a hard struggle the shareholders of the Metropolitan Gold and Silver Mining Co. have paid out on the property and are now sole owners of the Triune and Metropolitan groups.

The price paid for the Metropolitan group was $35,000, and for the Triune $100,000. In addition to the purchase price of the last named property, the vendors, Ferguson Bros also got $250,000 shares of the company's stock. This was afterwards purchased for $25,000 by the company,

Extensive development work is planned out for the spring, and we predict a great future for the company.

When about to erect a mill, send a carload of your ore to a testing works and get some competent mill designer supervise it and design a mill to suit the needs of the case. It may be a little more expensive at the outset, but the final saving in the designing and erection of the plant, not to mention the superior practical results obtained in treating the ore, will more than compensate for the outlay When the mill is finally erected, select a first class man with good experience to run the mill, and not a well spoken carpenter and machinist who has been engaged in erecting the mill. A good mill man is rarely a good millwright, and the latter is by no means always a good millman.

NOTES ON SILVER.

Silver can be rolled into sheets 1-1000 of an inch in thickness, and silver foil is made so thin that it will transmit light.

The largest single producing mine of silver in the world is that of the Broken Hill Proprietary company of New South Wales.

The silver coinage of the United States contains 900 parts silver and 100 parts copper, while that of Great Britain contains 925 parts silver and 75 parts copper.

The Cerro de Pasco mines, of Peru, now operated by an American company, were among the richest known producers of silver. Their operations first begun in 1631, and up to the time of their close in 1886, there was taken out 462,500,000 ounces of silver.

Silver, when molten, will absorb oxygen to twenty-two times its own volume; this is given off on the metal cooling, causing the phenonomen known as "spitting." This occurs only when the silver is pure and a very small per cent of copper, zinc or bismuth prevents it, as does a layer of some substances having no oxydizing action on the molten metal, as powdered charcoal or common salt.

The Lardeau Brewery Co. are kept busy all the time. Their goods are commanding the attention and respect of connoisseurs.

A VISIONARY FUTURE.

The editor had a dream ("pipe") one night this week, and was carried to the year 1910. This is what he saw:

Will Abrahamson's addition to the townsite covered with residences which would grace the avenues of some of our large cities. On the school ground a beautiful 8-roomed building. On the opposite corner a $45,000 court house built by the McBride government in 1907. Tramways leading from the Silver Cup and Nettie L., Broadview, Great Northern, Triune and 8 Mile summit. A smelter running full blast with a capacity of 100 tons a day. Bill Baty still talking of going away. Malcolm Mathieson operating the Copper Chief with a crew of 100 men. The C.P.R. running three trains a day through to the main line to accommodate tourist travel. A. G. Fraser and Ed. Masterson occupying sky-scraping mail order departmental stores. The Canadian Timber and Sawmills cutting 200,000 feet per day, with mill at Gerard. Frank Abey president of the Conservative Association, with Bob Madden as his right hand man. Andrew Abrahamson mayor; Dan McLennan, H. McPherson, Andy Craig and Will Abrahamson aldermen. F. Elliot Lord Chief Justice. Electric roads through Ferguson to Circle City and Ten-Mile. Lew Thompson lecturing on the thirst evil. John Simpson checking off gold bricks from the mill at the Calumet and Hecla. Sam Sutherland in the House of Lords. The Review being published daily with a million circulation. An up-to-date park and museum on J. O. Piper's ranch. Frank Laundrian on the still hunt for a logging contract. Joe Kirk bought out of long tunnel stock at $12 a share and superintending the driving of two more long tunnels, one from Circle City to the Duncan slope, the other from the Little Robert to Helen Gonne. No vegetation in the district owing to fumes from smelter stacks; ranchers gone out of business. Billy Cowan operating a Marconi wireless. Dad Black, Steve Slinger and Sandy Laughton directors of the Ferguson hostelry trust.—— Only a dream, but "coming events cast their shadows before them."

Prov.-Constable Simpson came up from Poplar on Wednesday's boat.

Mrs. O'Connor, of the Windsor hotel, Ferguson, went to Revelstoke on Thursday morning for a few day's recreation. B. Crilly will have charge in her absence.

The fine assortment of bulbs at Fraser's are attracting the attention of lovers of flowers. Don't delay in making your choice.

E. L. Masterson moved his family up from Poplar this week.

R. E. Shepherd, of Spokane, president of the placer company operating here, is expected up in a few days.

Al. Houston went to Rossland last week to bring up his family. They will take up their residence in J. W. Westfall's house on Lardeau street.

J. W. Westfall leaves next week for a trip to the coast cities. He will not return until spring.

Ladies, attention! Leave your orders for the "Delineator" at the Review office. The current number is a grand one.

Local Mining Conditions.

OF INTEREST TO THOSE WATCHING THE PROGRESS AND DEVELOPMENT OF THE RICHEST MINERAL SECTION OF THE PROVINCE

J. S. Lawrence, of the C.P.R., and Messrs. J. M. Mosthal, G. H. Russell, and R. McLachlan were at Poplar last week inspecting the Mother Lode No. 2 and the Marquis and Gilbert properties.

A. Hanson has taken a lease on the Gold Bug at Poplar.

A three mile trail has just been completed to the Lidie group on Poplar creek. Three men are at work crosscutting. A cabin and blacksmith shop has been constructed and everything is in readiness for opening up the property.

An offer was made to the Broadview syndicate during the week to take over the property at a good big advance. A meeting of the members will be held to consider the proposition. While not known officially it is understood that the parties who seek control are the Pilot Bay and Frank smelter outfit, who prior to the local syndicate getting control, had an expert examine it. At present seven men are employed. The ore so far is being taken from the drift, which is producing two tons per day. This week a drift will be started from the shaft where is between two and three feet of ore exposed This will increase the shipments to at least seven tons per day.

Development at the Silver Cup is going ahead in good shape. Geo. Alexander, the general manager, who visited the mine a week ago, announced himself as well pleased with the progress made as well as the ore showings. It was not the intention of the company, he said, to ship any ore this winter, but to thoroughly develop and block out the ore.

The Reward long tunnel is being driven at the rate of six feet per day. During next week it is expected to strike the lead crossing on the surface.

The Black Warrior lessees are putting in two shifts a day on their tunnel.

A. I. Gordon will resume operation on the Free Coinage lease shortly.

Ralph Higginson, who had the contract for packing ore from the Mammoth came over first of the week. He reports the property looking well with lots of high-grade ore in sight. Supplies have been laid in for a full winter's work. The returns from the last shipment of ore, consisting of 361 sack, or about 18 tons, which was recently sent to the Trail smelter were $2431.82 net. The gross returns were $2787.66.

Barclay Crilly, of the Great Northern Mines, Ltd, came up from Nelson on Monday night. He reports matters progressing favorably and intimates that work on the Lucky Jack and Swede groups will be started in good shape early in the spring.

Prices of metals continue to climb. Silver is 63 1-8; copper 16 3-8 to 16 5-8; lead £15 4s. 6d. in London.

The placer flume of the Spokane Falls Co., who are operating on Lardeau creek, is about completed.

When you feel your annual touch of rheumatism, make up your mind that you need a trip to Halcyon Hot Springs, where Harry McIntosh will be pleased to see you and use his best endeavours to relieve you.

D. A. Williams and Dell Heath leave this week for Beatrice mountain on a trapping expedition.

The Rev. Fr. Jeannotte will arrive on Monday's boat, and will celebrate mass on Tuesday morning at the residence of Mrs. L. Levesque. He will leave for Ferguson the same day.

Don't forget the grand Scottish concert on Thursday, 30th inst. (St. Andra's Nicht.) A splendid programme is being arranged, and a supper will be given in connection.

Ven. Archdeacon Beer, of Kaslo, preached to good audiences at the Anglican church on Sunday last. He will be here again for Xmas day serviees, and will probably preach the annual masonic sermon on the 24th December.

The sawmill has closed down for the winter. The planer will work for some time, however. It is expected that after the 1st of the new year the plant will be thoroughly overhauled. Logging operations will be carried on during the winter. About 35,000 feet of lumber was shipped this week.

Jno. Morton, of the Reward Mining Co., paid a business visit to Nelson during the week

---

Mrs. J. B. Manross, of Ferguson, was a visitor to Trout Lake this week. Friends will be pleased to learn she has entirely recovered from her recent illness.

Dr. Robinson, of Ferguson, will receive the appointment of coroner vice Dr. Newcombe.

A sociable evening was spent on Tuesday evening by the young people at the Oddfellows' Hall. Geo. W. Carothers supplied the music.

T. B. Baker, F. C. Elliott and Martin Lundin went over to Galena Pass last Monday in search of caribou.

Abrahamson Bros. are having the inside of their house painted and decorated by A. W. Edge.

The bridge over the river received the much needed attention of carpenters this week. Hitherto the bridge was in a most dangerous condition, and anyone passing over were forcibly reminded of a ride on a switchback railway.

Contractors Baty and Abrahamson have this week put the finishing touches to the exterior of H. Christie's residence on Vancouver street.

Jim Hunt is now entirely recovered from his recent accident, a broken collar bone, and is again pursuing his bent as the "village blacksmith."

Mr. and Mrs. W. Griffits and son Johnnie, of Ferguson, left on Wednesday for a trip to Spokane.

Charlie Copp returned from Nelson on Friday after a short stay It was the intention of the resplendent Charles on leaving to pull his freight for the coast, but strings with dollars and dimes attached plucked him Lardeauwards and he is now working the wires with Nelson with a mining deal on the horizon.

Gold Bricks Regularly.

HIGH VALUE GOLD BRICKS FORWARDED REGULARLY TO HELENA. PROFITS TO BE DEVOTED TO IMPROVING THE MILL.

The Eva mine at Camborne, the stock of which is held almost exclusively in Nelson, is making excellent returns every month. For some time to come the profits will be devoted to equipment of the mine and the mill.

The gold brick which represented the clean-up for September has already been reported as worth about $6,000.

The October clean-up, represented by a brick of the same value has just been forwarded through Nelson to the American mint at Helena.

ROSSLAND MINER CHANGES HANDS.

W. K. Esling of Tacoma, who for the past ten years has been identified with newspaper work in southern British Columbia, has purchased the Rossland Miner, the oldest daily newspaper in the interior. With this change in ownership the old Rossland Miner Printing and Publishing company ceases to exist and the paper becomes the personal property of Mr. Esling.

JIMMY SHERRAN KILLED AT MIDWAY.

On Saturday last a fatal accident occurred at Midway to James Sherran. He was driving his team from Midway to the railway grading two miles west, fell from his seat and was rendered unconscious. When found he was in a dying condition and never rallied. Provincial Constable D. J. Darraough is asking for information as to any relatives of the deceased man Although he has been well known in the Kootenays for ten years past, and has worked in the Lardeau, Slocan and Boundary in the early days, no one seems to know anything of his family or friends. He was a man of about 36 years of age, of convivial habits and universally popular. Jimmy was an old-timer in the Lardeau and Duncan districts. He was well known and liked in this district, and his sudden death came as a shock to his many friends.

NO JAPS WANTED.

Right Hon. R. J. Seddon, premier of New Zealand, in the course of a recent speech declared that the Japanese would not be allowed to go to New Zealand, and that the colony would refuse to be dictated to in the matter.

A dispatch from Perth, Western Australia, says it is reported that the colonial office has informed the premier in peremptory terms that the clauses of the factories amendment act relating to Asiatics are repugnant to the feelings of nations with which Great Britain is at peace, and must be repealed.

TANGHE VS. MORGAN,

The appeal in Tanghe vs Morgan has been dismissed with costs by the full court at Vancouver. This was an appeal by the defendant to reverse a judgment for $1500 and costs as damages for the false imprisonment of the plaintiff whom he had prosecuted for stealing ore from the Lucky Jack mine at Poplar, which was staked by both parties, the claim of the one being above the other.

DEATH OF NELSON TRIBUNE

After struggling with adverse fortune for some months, The Tribune, Nelson's evening paper, has ceased publication, Saturday's issue being the concluding one. Since John Houston's sudden departure last summer, Mr. Blakemore has with help been making a strong effort to keep the Tribune going, but financialiy the paper has been getting steadily behind. There is some talk of a new Conservative evening paper, but nothing definite has been announced.

ACCIDENT TO OLD-TIMER.

Friends of Geo. N. Taylor will be sorry to learn that he recently met with an accident which will incapacitate him for some time. He was working on the Opera house, Spokane, and the scaffold giving way he fell a distance of 25 feet. When picked up he was unconscious, in which state he remained for an hour. His other injuries consisted of a sprained shoulder and wrist. He is now progressing favorably.

Service in the Methodist church Sunday at 11 a.m. Subject: "Receiving Power." At 7.30 p.m., subject, "The Elder Brother." Service at Ferguson at 3 p.m.

Dave Noyes had the misfortune to cut his arm severely on the planer at the sawmill yesterday. Dr. Robinson had to insert several stitches before he left.

The die is cast, St. Peter said
Unto the shades of mortal;
I really could not let you come
Within this Heavenly portal.
'Tis true you've been a Godly man,
Also a worthy deacon,
But that will not suffice,
Or my resolution weaken;
For it is charged against you here,
In summer or in winter
You never gave a single cent
To help the local printer.
Now we suppose that no good man
Could e'er have acted so,
And consequently I'm compelled
To send you down below.
Go down misguided friend, go down
To regions somewhat hot,
But hold, here's Craig and Crawford's rig
To speed you to that spot.

Two local sports were after grouse last Saturday, and one of the nimrods happened to be an Irishman and the other an Englishman. The latter shot a bird very high up, and it came down with a plump at their feet.

"Faith, that was a waste of powder and shot," said his Irish friend.

"Why?"

"Because, sure the fall alone would have killed the poor bird without any of the shootin'."

Hec. Crawford, engineer of the Lardo railway, is on a visit to town.

The Le Roi Mining Co., in a circular just issued in London replying to the demand of ex-Manager McMillan for a meeting of the shareholders, refuse to call any meeting in London until the War Eagle and Centre Star companies hold theirs in Canada.

NOTICE.

I hereby give notice that at the meeting of the Board of License Commissioners of the Ainsworth License district to be held at the Mining Recorder's office, at Trout Lake, on December, 15th, 1905, I shall apply for permission to transfer my license for the Balmoral Hotel, Ferguson, to S. B. Slinger Dated November 10th, 1905. A. RANKINE.

THE LARDEAU MINING REVIEW.

Is Printed at Trout Lake City, and Published at Ferguson and Trout Lake every Thursday

The Editor does not hold himself responsible for the opinions of correspondents expressed in its columns

All locals will be charged at the rate of 15 cents per line, first insertion, and 10 cents per line each subsequent insertion.

Terms for transient and other advertising will be made known on application at office Subscription $2.00 a year, in advance.

A HOLD-UP GAME.

The postal department of the Dominion government has issued an order barring special editions of newspapers from the mails at the regular newspaper rates. This means that the postage in the future on an edition like the Herald Annual of last year will cost the publisher $70.00 to mail the copies to the regular subscribers Such a regulation in a country like Western Canada is an outrage. The special editions issued by western papers have been a most potent factor in disseminating knowledge of the resources of the west, and attracting emigration to this country. As a result capital is encouraged and the progress of the country is more rapid in consequence. The order is wrong from every point of view, and is probably the result of a fossilized whim. In justice to the west the order should be revoked without delay.—Cranbrook Herald.

We heartily endorse Brer Simpson. It is certainly an outrage that legitimate publications which go to a large expense for the purpose of advertising the resources of the west should be "held up" so that the Postmaster General may make a name for himself by showing a surplus.

DEVELOPMENT PREVAILS.

The work done in the Trout Lake district this summer has demonstrated more than ever the richness and also the permanency of the leads. The shipments have been small owing to the fact that development has been the first thought of the owners of the different properties. They have realized more than ever the necessity of proving up their claims, and instead of gophering out some ore showings, have gone in for good sound work.

The opening up of the Pilot Bay smelter will also have a tendency to liven matters up A large amount of capital is being put into that concern, and as this district will be one of their main sources of supply, it is only natural to believe that better inducements in the way of freight and treatment rates will be afforded. It is also a known fact that the smelter company are anxious to secure several properties near the lake on which there are large bodies of ore of a medium grade so as to secure sufficient tonnage to keep their plant supplied.

AN ADVANTAGEOUS TOUR.

The tour of Premier McBride and Hon. R. F. Green, Chief Commissioner of Lands and Works, is of vast benefit to the country at large, and has a tendency to strengthen the hands of the government. The big spending department is the one under the charge of Mr. Green, and it is good policy on his part to personally know what is needed in the way of public improvements. We are all human, and sometimes to have work done and money expended that is not really necessary just because some friends want it done, The present government have done well in redeeming the financial situation of the province, and it is only by curtailing every necessary expense that the redemption will become permanent. Of course we are not so penurious as the farmer member from the north who objected to buying ribbons for the typewriter on the score that although she was a nice girl he was opposed to the government buying trimmings for her bonnet.

The Nelson News in a recent issue referred to the Medicine Hat [illegible] News as a Conservative newspaper. That's a good one. Fred Forster must have changed his political opinions very recently, as a few weeks since he was under the impression that the sun rose and set on Sir Wilfrid's brow.

Trout Lake Water Supply Co. Ltd.

By using Water supplied by this Company you are assured of absolute purity. Government Analysis to back up statements.

Hugh McPherson - - Supt.

CERTIFICATE OF THE REGISTRATION OF AN EXTRA-PROVINCIAL COMPANY.

"Companies Act, 1897."

I hereby certify that the "Chestnut Hill Mining Company," "Non-Personal Liability" has this day been registered as an Extra-Provincial Company under the "Companies Act, 1897," to carry out or effect all or any of the objects of the Company to which the legislative authority of the Legislature of British Columbia extends.

The head office of the Company is situate at No. 301 Quinn-Sharpless Building, S 11th Street, in the city of Philadelphia in the county of Philadelphia and State of Pennsylvania.

The amount of the capital of the Company is two hundred thousand dollars, divided into two hundred thousand shares of one dollar each.

The head office of the Company in this Province is situate at the town of Trout Lake, and Thomas E. Ehrehart, Mine Manager, whose address is the same, is the attorney for the Company. Not empowered to issue and transfer stock.

The Company is specially limited under section 56 of the said Act.

The time of the existence of the company is fifty years from the 28th day of July, 1904.

Given under my hand and seal of office at Victoria, Province of British Columbia, this 28th day of October, one thousand nine hundred and five.

[L.S.] S. Y. WOOTON,
Registrar of Joint Stock Companies.

The objects for which this company is established and registered are:

To purchase or otherwise acquire, own, lease, occupy, use or develop any lands containing gold, silver, copper, lead or other minerals:

To mine, or otherwise to extract or remove, gold, silver, copper, lead or other minerals:

To buy, sell, or otherwise to deal or traffic in gold, silver, copper, lead or other minerals and any of the products thereof and articles consisting or partly consisting thereof.

Stylish Rubber Footwear

The new Maple Leaf samples include models for French, Cuban and Military heels. They are a little neater and daintier than you ever imagined Rubber Footwear could be made.

Ask your dealer for the

VANCOUVER, B.C.

CANCELLATION OF RESERVE

COAST DISTRICT.

NOTICE is hereby given that the reservation, notice of which was published in the B.C. Gazette, and dated 9th August, 1901, covering a belt of land extending back a distance of ten miles on each side of the Skeena River between Kitsilas Canyon and Hazelton, is cancelled.

Notice is also given that that portion of the reservation, notice of which was published in the B.C. Gazette and dated 27th December, 1899, covering a belt of land extending between the mouth of Kitimat River and Kitsilas Canyon, is rescinded in so far as it covers land lying between the Kitsilas Canyon and a point in the Kitimat Valley, distant ten miles in a northerly direction from the mouth of Kitimat River, and that Crown lands thereon will be open to sale, pre-emption and other disposition under the provisions of the Land Act, on and after the eighth (8th) day of December next: Provided that the right of way of any railroad shall not be included in any lands so acquired.

W. S. GORE,
Deputy Commissioner of Lands & Works,
Lands and Works Department.

St. Louis mineral claim, situate in the Trout Lake Mining Division of West Kootenay district.

Where located:—On Galena creek, about two miles from circle city.

Take notice that I, O.B.N. Wilkie, agent for Ephraim G. Sills, free miner's certificate No. B88184, intend, sixty days from the date hereof, to apply to the Mining Recorder for a certificate o improvements for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 37, must be commenced before the issuance of such certificate of improvements.

Dated this 5th day of October, A.D., 1905.

oct 5 O. B. N. WILKIE, P.L.S.

TROUT LAKE.

NOTICE TO DELINQUENT CO-OWNERS

To James Grant, R. G. MacLeod and James Bouchier, or to whomsoever they may have transferred their interest in the Slate mineral claim.

Take notice that I, the undersigned co-owner with you in the Slate mineral claim, situate on South side of Lardeau river between Rapid and Poplar creeks in the Trout Lake Mining Division of West Kootenay, have performed the necessary work and made the necessary expenditure on the above mentioned claim for the years 1904 and 1905, in order to hold the same under section 24 of the Mineral Act, and the years for which said work was performed and expenditure made having expired, I hereby give you notice that if within 90 days from the first publication hereof you fail or refuse to contribute your proportionate share of such expenditure and pay the costs of this advertisement your interest in the said mineral claim will become the property of the undersigned under and by virtue of section 4 of the Mineral Act Amendment Act, 1900.

Dated at Trout Lake this 17th day of July, 1905. JAMES SNELL, Co-Owner.

NOTICE.

Copper Queen mineral claim, situate in the Trout Lake mining division of West Kootenay district.

Where located: On Silver Cup mountain, about 1½ miles from Silver Cup mine.

Take notice that I, Frederick Charles Elliott, F.M.C. No. B88042, acting as agent for Charles L. Copp, F.M.C. No. B83186, Charles McNicholl, F.M.C. No. B78011, and John W. Westfall, F.M.C. No. B87964, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 37, must be commenced before the issuance of Certificate of Improvements.

Dafed this 11th day of Aug. A.D. 1905.

18-8-1905.

When looking for a place to spend your holidays, bear in mind that Trout Lake is an ideal summer resort. The scenery and climate are magnificent

TROUT LAKE CITY

THERE have been fortunes made by judicious investment in Real Estate, and more fortunes will be made than ever the next two or three years. The one who reaps the harvest is the original investor, for he has his money on a certainty.

Now let us point out to you that there is no better spot on the Continent to buy Real Estate than TROUT LAKE.

Trout Lake is the prettiest spot in the Kootenays; as a pleasure resort it has no equal. Boating and fishing may be indulged in the year round; while big game in abundance is to the found on the hills. Its climate is superb, there being no great extremes, it being mild in winter and cool in summer. It can boast of some of the finest hotels and residences in British Columbia. Its streets are well laid out and graded. There are two excellent general stores, and a glance at the advertisements in this journal will show that all trades are fairly well represented. Write with confidence to Agents.

Agent
Trout Lake, B.C.

Lots can be obtained on EASY TERMS.

Make your selection at once.

Then call on or write to

IT has never had a "boom"—its growth has been steady. It is the head of navigation, and the terminal of the Lardo branch of the C.P.R. All roads (in the Lardeau) lead to Trout Lake. It is the commercial centre of the richest mineral district on the continent, and has banking facilities provided by the Imperial Bank of Canada; first-class school accommodation under the direction of S. Shannon, B.A.; a good water system; government offices; County Court sittings; Methodist Episcopal and Anglican churches and cottage hospital.

There are valuable ranch lands on the outskirts awaiting settlers. Its lumber resources are magnificent, and a band saw mill with a capacity of 60,000 ft. per day is at the head of the lake. The mines tributary are proving out bigger producers every year, with new prospects opening up rich bodies of ore.

There will be a big rush this year, so if you would know more, write at once to either of the agents at the addresses below.
