Lardeau Mining Review

The representative of the rich Lardeau country. Sent to any address for $2 per an. in advance.

VOL. 2 TROUT LAKE CITY, B.C., NOV. 9, 1905. No. 2.

Meeting of Lumbermen.

LUMBER RATES STEADY, BUT WILL BE RAISED AT THE BEGINNING OF THE YEAR. C. P. R. OFFICALS AND LUMBERMEN MEET.

At a meeting of the Mountain Lumbermen's Association which was held in Nelson this week it was decided not to advance the price of lumber for the present, although it will be almost certainly advanced at the new year. There was a conference at the same time between F. W. Peters, C.P.R. western freight traffic manager and H. Macdonnell, assistant freight agent, and the association at which certain points relative to rates to new territory in the North-west were discussed at some length.

The meeting of the lumbermen and their conference with the C.P.R. freight official, occupied about the whole of the day, and was hardly finished at midnight. There are 35 mills in the association which has been recently reorganized, and every one of these was represented in person or by proxy. The agreement arrived at with the railway and the determination as to the advance in price of lumber may be said to be unanimous.

Among those present were Leslie Hill, of the Canadian Timber and Sawmills, Ltd, Trout Lake, T. A. Ludgate, of the Big Bend Lumber Co., Arrowhead, and Messrs Bowman and Sine, of the Bowman Lumber Co., Comaplix.

Outside of the routine business, which necessarily occupied much time, the meeting discussed the reorganization generally and as the association now possesses a permanent office and secretary in Nelson it was felt that it would now be in a position to act as a medium of information It was determined to organize a uniform system of grading of lumber and other rules which would facilitate business. The question of the immediate raising of the rates on lumber was discussed, and it was pointed out that the coast men had done something of this nature. This was rebutted by showing that the raises made by the coast men were quite trifling, and it was finally decided that for the present the rates should not be increased. Still the meeting felt that as the demand was increasing and as the supplies at the yards on the prairies and at the mills in the mountains were scanty the raising of the rates could not be deferred longer than the next meeting. This meeting, however, will not take place next month as usual but will be deferred until January 8th, which will be the general annual meeting of the association.

The discussion between the C.P R. officials and the lumbermen did not deal with a reduction of rates. A reduction of rates was granted some time since and nothing further has been asked for. The matters treated of were the new lines opening up as branches from the main line of the C.P.R. all over the Northwest. Here new stations were daily being put in and rates were very amicably settled to all these new points or markets. Naturally, as the new stations are somewhat numerous the discussion as to rates was prolonged.

The Ven. Archdeacon Beer will conduct services in the Anglican Church on Sunday morning and evening. Morning: Holy Communion.

The Ladies' Aid of the Methodist gave a very enjoyable social at the residence of Mrs. Haner on Thursday evening. About thirty were present.

Stanley Menhinnick was in from Kootenay lake, where he has been officiating as engineer on the s.s. International. Brother Cory is about to take a trip to the old country.

Capt. Gore, C.P.R. superintendent of navigation, was in town this week on business connected with his office.

Service in the Methodist Church Sunday morning conducted by Mr. Moyer, and in the evening by the pastor, the Rev. D. W. Scott. Subject of evening sermon: "God's search for a man." Service at Camborne at 10.30 a m., and at Beaton at 2 30 p.m.

Harry Rogers left Wednesday for a trip to the coast.

Arthur Gowing, who is lumbering on Fish creek, was in town this week purchasing a team.

Nels Anderson has gone to Camborne for a few day's trip.

Local nimrods have had good sport among the birds lately, and grouse has adorned the tables of many an epicure.

Three inches of the "beautiful" fell one night last week, but there is not a trace of it now.

Young Dave Orr is up from Camborne to see the wheels go round.

The Lardeau Brewing Co. are keeping up the reputation of the camp as a high-grade producer. Orders were received this week for their goods from two towns on the main line. Jimmy McLean says it is the beer that will make Trout Lake famous.

It has been decided by several enterprising ladies and gentleman to give a series of dramatic and minstrel entertainments during Christmas week With this end in view Mrs. Jowett called a meeting at her residence on Wednesday last, and it was decided that the proceeds of the entertainments should be devoted to constructing and repairing sidewalks. It has been arranged for the shows to be given on the 26th and 27th of December. We are asked to solicit the assistance of gentlemen for the minstrel show, and those willing to lend their aid for this object are requested to call on Mrs. Jowett or the Review, as rehearsals will be at once begun.

Malcolm Beaton reports progress at the Beaton and Hillman lumber camp. Over a million feet of logs are on the skids. Malcolm took a big crew of men from town this week.

Mr. and Mrs. A. E Fowler returned on Friday from their honeymoon, and will take up residence in town. Whilst away they visited Portland, Seattle, Vancouver, New Westminster, Tacoma and Spokane. Miss Fowler, a sister of Bert's from Seattle, returned to town with the happy couple.

---

nspector Greenfield, of the P.O. partment is on his usual tour. The boat mail will now be delivered in Ferguson in the morning and be brought down with the regular Beaton mail.

Leslie Hill, manager of the Canadian Timber and Sawmill Co., was in from Nelson this week.

Welcome to the Premier.

ACCOMPANIED BY HON. R. F. GREEN THE PREMIER OF B.C. VISITS TROUT LAKE AND FERGUSON AND A BANQUET IS GIVEN.

A SPLENDID SPEECH

Delivered by the Hon. Gentleman to a Very Large Audience Is Greatly Appreciated.

Premier McBride and Chief Commissioner R. F. Green came up on Monday night's boat. They were received by a delegation of citizens and escorted to the Windsor and Queen's hotels. On Tuesday they visited Ferguson accompanied by E. E. Chipman, gold commissioner, and Road Inspector McPherson. On their return to Trout Lake they attended a public meeting in the I.O.O.F. hall. The ...itorium was crowded to the doors by citizens in general of all political shades.

The Chairman in introducing the Premier called attention to the fact that it was our first opportunity of welcoming the Premier, and asked Mr. F. C. Elliott to extend to him and the hon. Chief Commissioner the freedom of the burg. This was done by Mr. Elliott in a few well chosen words.

In his address, Mr. McBride gave a plain unvarnished exposition of the work done by the present government during its tenure of office. He pointed out the difficulties that had been met with, especially along financial lines. On assuming the reins of government he and his associates had found an empty treasury and a zero credit. To put the province on a substantial basis and to restore its credit, taxes had to be increased and expenditures cut, both of which proceedings are generally obnoxious to voters in general. However, he said that the good sense of the people prevailed, and everywhere they were meeting with endorsement for the stand taken. The results were becoming felt. At home and abroad the credit of B.C. was good, and the country as a whole becoming prosperous. The new school act, which at first met with much disapproval, was now accepted as a wise move, and as the people became more familiar with its provisions he felt satisfied that the course adopted would be heartily endorsed. Touching on the appropriation for roads and trails he stated that of a necessity they had to be cut down materially, but that he hoped with the improvement of the financial situation that more could be done in the next few years that had been done in the past, Speaking generally he was pleased with the progress made by the province. Her industries were on a more substantial basis than ever, towns and cities were growing more populous and wealthy, new districts were being opened up which would add materially to her wealth, and predicted that B.C. would in the near future be the greal wealth producing province of the Dominion. The Premier was loudly cheered as he resumed his seat.

The hon. Chief Commissioner expressed his pleasure at meeting with his constituents, more especially as he was accompanied by the Premier. He gave a short resume of the work of his department. He paid a strong compliment to the Premier and his other associates in the government. They were faced by a crisis, and like a man the Premier grappled with it and by adopting sound business methods had placed the province on a sound basis.

The Premier in responding to to a eulogium from the chair, paid a glowing tribute to the possibilities of the Lardeau, and expressed his belief that in a very short time it would be a big producer of mineral wealth.

Before the meeting closed, chairman Murray on behalf of the people thanked the hon. gentlemen for their visit, calling their attention to the fact that it was not only a welcome to Richard McBride, leader of the Conservative party by the Conservative Association, but a welcome to the Premier of B.C. from the people as a whole

The meeting concluded with the singing of "God Save the King."

At the close of the public meeting the Conservative Association gave a banquet to the Premier and Chief Commissioner. Among the invited guests were Mr, Greenfield, P.O. Inspector, Jno. Morton of the Reward and Metropolitan Mining Co.'s, and Mr. Richardson, of Vancouver After disposing of the many delicacies provided by host McLennan of the Windsor, a short toast list was gone through.

"The King," God Save the King.

"The President of the U.S." Jno. Morton.

"Our Guests," Hon. R. McBride and Hon. R. F. Geeen.

"Our Dominion," Mr. Greenfield.

"The Welcome Strangers," E. E. Chipman.

"Our Province," Fred C. Elliott.

"Financial and Mercantile Institutions," T. B. Baker and A. G. Fraser.

"The man who we always like to meet as a friend, but never in his official capacity," Sheriff Geo. M. Yuill.

"The President of the Conservative Association," Robt Scott.

"Ferguson and Trout Lake," Dr. Robinson, J. Atkinson, J. C. Kirkpatrick. H. McPherson, and F. C. Campbell.

Chairman Murray as usual forgot the ladies, but was reminded of it by that knight errant judge of baby shows, E. E. Chipman, in a very forcible way. J. C. deputed the gallant E.E.C. to propose it, which he did in his own inimitable way, and called on Teddy Saunders to respond, which he did right royally.

Premier McBride then proposed the health of the Chairman, after which the national anthem was sung in a way which left no doubt as to the loyalty of the party.

W. K. George, president of the Canadian Manufacturers' Association in his annual address said the estimated output of our factories amounts to 650 millions, and employs 450,000 of our people.

A. G. Fraser has a good assortment of rubbers and snow excluders.

Mr. and Mrs K. Eldridge are leaving for Midway in a few days. They have resided here for about two years, and everybody is sorry to learn of their departure, Mr. Eldridge goes to take up a position on one of the three new railroads now being constructed there.

The recent cold snap struck terror in the hearts of many of our local ranchers, as several of them had not harvested their crops. But the chinook got in its fancy work for a few hours and,—well, they're smiling now and saying all kinds of nice things about the climate of the Lardeau.

Al. Houston leaves to-day for Nelson and Trail on business in connection with the Broadview.

Local Mining Conditions.

OF INTEREST TO THOSE WATCHING THE PROGRESS AND DEVELOPMENT OF THE RICHEST MINERAL SECTION OF THE PROVINCE

Jack Nesbit, gold king of the Lardeau, is up from Poplar. He brought with him some fine specimens of ore from his Rapid creek claims.

A shipment of ore was sent from the Broadview to the smelter this week. A good sized crew of men are at work on the property, and every endeavour will be made to push work during the winter. The syndicate in control, who are all local men, had a meeting during the week and elected O. B. N. Wilkie as trustee, and A. G. Fraser as secretary. Trails have been opened, cabins repaired, and the outlook for a successful winter's work is bright.

Ed. Masterson, sec.-treas. of the Mother Lode property at Poplar, went down on Wednesday's boat to make arrangements for putting in supplies for a winter's work.

The returns from the Copper Chief shipment came to hand this week. The values run 255.8 ozs. silver and 16.6 lead, in all $141.00 per ton.

Work on the Big Tunnel is progressing favorably. A lead of 12 to 18 inches of quartz, galena and iron was encountered the latter end of the week. This strike, while not giving shipping values, will be profitable when a mill is erected.

The winze sunk from the upper workings of the Silver Cup has been pumped out, and the connection with the upraise from the 700 feet level will be made this week. This will thoroughly ventilate the mine and allow of more speedy development.

The owners of the Calumet and Hecla on Rapid creek have bonded the property to a syndicate of Nelson people for $25,000. It is understood that a substantial cash payment will be made in a few days. The property is one of the best in the district. The lead has been sunk on for some 40 feet and shows excellent gold values

---

The returns of the Noble Five and I.X.L. shipments have been received. The values are not obtainable, but the lessees and owners have a smile that would indicate that they are satisfactory.

Thos. E. Ehrehart, manager of the Chestnut Hill Mining Co., operating the Lucky Boy group, left this morning for southern California. He will return about May 1st next and open up the above property.

NOTICE.

I hereby give notice that at the meeting of the Board of License Commissioners of the Ainsworth License district to be held at the Mining Recorder's office, at Trout Lake, on December, 15th, 1905, I shall apply for permission to transfer my license for the Balmoral Hotel, Ferguson, to Stephen Slinger Dated November 10th, 1905. A. RANKINE.

Walter Ritchie, Camborne, was in to hear the Premier's speech.

Studying Zinc Treatment.

ZINC COMMISSIONER W. R. INGALLS OUTLINES THE POLICY OF ZINC EXPERTS: CONSIDERS QUESTION OF PROCESS VITAL.

In a recently published account of an interview with W. R. Ingalls, head of the dominion government zinc commission, Mr. Ingalls was reported as saying that "It was not the purpose of the commission to appraise any mine or to approve or condemn any process of treatment."

Mr. Ingalls, who returned this week after spending a day at the Trail smelter, expressed regret at brevity of the statement, fearing that it might lead to misunderstanding. He said:

"It certainly is not part of the duty entrusted to us to approve or condemn the operation of any plant in British Columbia, but just as certainly, it is one of our functions, and one of the most important of them, to study the ores and to recommend the process of treatment for each which we consider the best and most economical, that is the most helpful to the industry generally."

"I shouldn't like it to be thought by any one that no advice on that very important subject was to be given by the commission."

It will readily be seen that Mr. Ingalls' meaning was already implied in his introductory statement as to the tasks undertaken by the commission, which were to study and report upon the extent and distribution of zinc ore bodies, the conditions of mining and transportation, and the methods of treatment which would be found the best and the most economical.

The Big Bend Lumber company, which is owned by Ludgate Bros., who at one time desired to erect a sawmill on Deadmans Island, will double the capacity of its mill at Arrowhead. The mill now cuts 70,000 feet of lumber per day, and the order has been placed with H. B. Gilmour of the Waterous company in Vancouver for the machinery necessary to cut another 70,000 feet daily. The lumber industry in the interior is regarded in good condition at present with a very satisfactory outlook.

The adjourned meeting of the Trades Committee will be held on Monday evening next.

Ladies, attention! Leave your orders for the "Delineator" at the Review office.

Professor Ragtime is giving a concert and dance in the Eagle hall on Saturday night. Everybody welcome and free admission.

F. E. Groffman, a draughtsman, arrived this week and will make a stay here.

Logging Contract To Be Let.

The local sawmill are about to let a contract for the clearing up of three of their timber limits. This is estimated to mean twenty-five million feet of lumber. The limits to be cleaned up are along the Ferguson wagon road, and extend from Halfway creek to Baty creek.

A man named Jim Martin attempted to commit suicide today at the Beaton and Hillman camp by cutting his throat. He was taken to the Arrowhead hospital, where he lies in a precarious condition. He has been working around Ten-Mile this summer, but has been drinking heavily of late.

IF NOT WITH US—AGAINST US.

The Nelson Tribune views with alarm the trouble in the Conservative party of Nelson, and fears that the result will be, in the event of the retirement of the present member (John Houston), the election of a Liberal. The Tribune also reads a lesson on constitutional rights to the ministry for refusing to recognize the Conservative Association of Nelson. We do not know whether they did or did not, but we say if they did so they were not infringing any constitutional, moral or political right.

The Conservatives of Nelson elected John Houston to represent them at Victoria. Because he did not get a seat in the Cabinet (the wisdom of which action has been forcibly demonstrated), he did all he could to embarrass the party he was elected to support. While he did not actually register his vote against the Government, he, through his paper and in every way possible did his best to knock the McBride Government. This, or part of it, the Conservative Association of Nelson upheld him in his actions, and thereby forfeited all right to any consideration. If Houston felt his constituency slighted, and was confident of his seat, we think the only honorable course to pursue was to resign and go before the electorate for endorsement.

The "stormy petrels" of B.C. politics, Martin and Houston are back numbers. One out and the other living on foreign soil, and we have no doubt that the Hon. R. McBride will, with the record he has made in two years, have the confidence not only of Nelson, but the whole province.

RAILWAY EXTENSION.

The Vancouver Province, usually well informed as to C.P.R. affairs, announces that it is the intention of the railway company to lower the heavy grades in the Rockies so that its freight hauls may be more profitable. One of the plans mentioned by the Province is to continue the Crow's Nest road round the north end of Kootenay lake, connecting with the Lardo railway, and to extend that road from Gerard to the north arm of Arrow lake, connection being made with the Arrowhead by means of a steam ferry over the North Arm. This change would cut Nelson off the main line and entirely do away with the hoped for through line by way of Nelson, Midway and Penctieton or Spence's Bridge. Another plan indicated by the Province is to build from the present main line at Beaver round the Big Bend of the Columbia, following the Columbia river all the way round to Revelstoke. Either route, says the Province, would give the easiest grade across the continent, and place the C. P. R. in a position of being able to compete with any other transcontinental line—Nelson News.

The above article is along the lines advocated for some time by the REVIEW. We must acknowledge that Nelson's interests might suffer, but we believe in the greatest good to the greatest number. The completion of the Lardo route is undoubtedly the only solution to the fast-growing freight problem of the C.P.R.. Mr. J. G. Sullivan, who has probably been the most successful engineer the C.P.R. ever had, made the statement in Trout Lake that by reducing the grade at one point on the Crows Nest branch, and at another point, Knotch Hill, the grade through the mountains would not exceed at any point 1 o one per cent. Another factor is that by the building of 40 miles of road from Gerard to Arrowhead the connection would be made between the Crow's Nest branch and the main line at Revelstoke. The advantages to this part of the country are manifold. Our supply depot, and our traffic is necessarily the coast, and any direct line to there would naturally help out the district.

CERTIFICATE OF THE REGISTRATION OF AN EXTRA-PROVINCIAL COMPANY.

"COMPANIES ACT, 1897."

I hereby certify that the "Chestnut Hill Mining Company," "Non-Personal Liability" has this day been registered as an Extra-Provincial Company under the "Companies Act, 1897," to carry out or effect all or any of the objects of the Company to which the legislative authority of the Legislature of British Columbia extends.

The head office of the Company is situate at No. 301 Quinn-Sharpless Building, S 1 th Street, in the city of Philadelphia in the county of Philadelphia and State of Pennsylvania.

The amount of the capital of the Company is two hundred thousand dollars, divided into two hundred thousand shares of one dollar each.

The head office of the Company in this Province is situate at the town of Trout Lake, and Thomas E. Ehrehart, Mine Manager, whose address is the same, is the attorney for the Company. Not empowered to issue and transfer stock.

The Company is specially limited under section 56 of the said Act.

The time of the existence of the company is fifty years from the 28th day of July, 1904.

Given under my hand and seal of office at Victoria, Province of British Columbia, this 28th day of October, one thousand nine hundred and five.

[L.S.] S. Y. WOOTON,
Registrar of Joint Stock Companies.

The objects for which this company is established and registered are:

To purchase or otherwise acquire, own, lease, occupy, use or develop any lands containing gold, silver, copper, lead or other minerals:

To mine, or otherwise to extract or remove, gold, silver, copper, lead or other minerals:

To buy, sell, or otherwise to deal or traff in gold, silver, copper, lead or othe inerals and any of the products ther and articles consisting or partly co sting thereof.

CANCELLATION OF RESERVE

COAST DISTRICT.

NOTICE is hereby given that the reservation, notice of which was published in the B.C. Gazette, and dated 9th August, 1901, covering a belt of land extending back a distance of ten miles on each side of the Skeena River between Kitsilas Canyon and Hazelton, is cancelled.

Notice is also given that that portion of the reservation, notice of which was published in the B.C. Gazette and dated 27th December, 1902, covering a belt of land extending between the mouth of Kitimat river and Kitsilas Canyon, is rescinded in so far as it covers land lying between the Kitsilas Canyon and a point in the Kitimat Valley, distant ten miles in a northerly direction from the mouth of Kitimat River, and that Crown lands thereon will be open to sale, pre-emption and other disposition under the provisions of the Land Act, on and after the eighth (8th) day of December next: Provided that the right of way of any railroad shall not be included in any lands so acquired.

W. S. GORE,
Deputy Commissioner of Lands & Works.

TROUT LAKE CITY

THERE have been fortunes made by judicious investment in Real Estate, and more fortunes will be made than ever the next two or three years. The one who reaps the harvest is the original investor, for he has his money on a certainty.

Now let us point out to you that there is no better spot on the Continent to buy Real Estate than TROUT LAKE.

Trout Lake is the prettiest spot in the Kootenays; as a pleasure resort it has no equal. Boating and fishing may be indulged in the year round; while big game in abundance is to the found on the hills. Its climate is superb, there being no great extremes, it being mild in winter and cool in summer. It can boast of some of the finest hotels and residences in British Columbia. Its streets are well laid out and graded. There are two excellent general stores, and a glance at the advertisements in this journal will show that all trades are fairly well represented. Write with confidence to Agents.

Then call on or write to

IT has never had a "boom"—its growth has been steady. It is the head of navigation, and the terminal of the Lardo branch of the C.P.R. All roads (in the Lardeau) lead to Trout Lake. It is the commercial centre of the richest mineral district on the continent, and has banking facilities provided by the Imperial Bank of Canada ; first-class school accommodation under the direction of S. Shannon, B.A.; a good water system ; government offices ; County Court sittings; Methodist Episcopal and Anglican churches and cottage hospital.

There are valuable ranch lands on the outskirts awaiting settlers. Its lumber resources are magnificent, and a band saw mill with a capacity of 60,000 ft. per day is at the head of the lake. The mines tributary are proving out bigger producers every year, with new prospects opening up rich bodies of ore.

There will be a big rush this year, so if you would know more, write at once to either of the agents at the addresses below.
