Lardeau Mining Review.

The representative of the rich Lardeau country. Sent to any address for $2 per an. in advance.

VOL. 1 TROUT LAKE CITY, B.C., FEB. 24, 1905. No. 16.

Library, Legislative Assembly MAR 2 - 1905 VICTORIA, B.C.

City Men Feast.

IN HONOR OF MESSRS. E. K. BOULTBEE AND R. BENSON ON THEIR DEPARTURE TO FRESH FIELDS.

The banquet in honor of the above two gentlemen which was held on Monday evening was a pronounced success. Messrs. Boultbee and Benson have made many friends here during their stay among us in connection with the local branch of the Imperial Bank, and it was a happy thought to invite those gentlemen to a gathering at which an opportunity would be made to express the feelings of the business men of the town on losing two such estimable citizens, also to congratulate them on their respective promotions.

The Lakeview Hotel was the venue of the banquet, and the spacious dining chamber was profusely embellished with choice exotics and ferns, whilst the long table was bending beneath a galaxy of expensive viands, the equal of which comes once in a lifetime. That hosts Madden & Levesque excelled themselves was the opinion of all present.

Everyone was pleased to see Mr G. T. Baker, the newly-appointed bank manager, present, and mutual exchanges of goodwill were in evidence.

After full justice had been meted out to the abundance of good things the remainder of the evening was devoted to toast and song with J. C Murray in the chair, and the following program was admirably carried out :

The King F. C. Elliott, responder

The toast was honored in a loyal manner by the company singing the National Anthem.

President Roosevelt A. G. Fraser

The toast was drank with enthusiasm, and Mr. Fraser paid a great tribute to the president as a ruler of men.

The Empire F C Elliott

The toast was duly honored, and Mr. Elliott came in for an ovation on resuming his seat after delivering an excellent speech.

Canada Captain Fitzsimmons

The captain's speech was exceedingly well rendered, and patriotic throats gave vent to loud applause as he concluded by remarking how proud we all were to be living under the protection of the Union Jack.

The Province Fred Mummery

The speaker, in a well rendered oration spoke of the progress made by B.C since the adoption of party politics, and gave it as his opinion that more satisfactory results would accrue henceforth no matter which color held the reins. Capital was gaining more confidence in the resources of the province, and he believed that ere long British Columbia as a whole and the Lardeau section in particular would be recognised as the greatest mineral producer in the world.

Our Guests The Chairman

The toast of the evening was the next on the program, and the chairman in a few well-chosen words expressed the sorrow that all felt on Messrs. Boultbee and Benson taking their departure. He wished them in the name of the city every prosperity in their new homes. The toast was drank with musical honors and three times three.

Messrs. Boultbee and Benson briefly responded to the toast, and feelingly thanked all present for the expression of goodwill.

Mr. Baker, the new manager, F.C.Elliott

Mr. Baker suitably replied in a neat little speech, in which he said how proud he was to make the acquaintance of the business men of the city under such pleasant circumstances. His company had great faith in the future prosperity of the Lardeau, and they were acting up to the tenets of their belief

Our Industries A. W. Edge

After the toast was taken the speaker capably handled the subject of our two staple industries, mining and lumbering.

Commercial Interests A. G. Fraser

The toast was enthusiastically drank, and Mr. Fraser gave his hearers a treat in extempore after-dinner speech.

Trout Lake Recorder F. C. Campbell

After the excitement caused by this toast being received had subsided, Mr. Campbell had some very interesting observations to make of the remarkable progress of the city under adverse conditions, and he believed that he echoed the sentiments and faith of everyone present when he said that before many years had passed, Trout Lake would be a great commercial centre.

The Ladies, A. McLean and A. W. Edge

The speakers made neat little orations eulogizing the fair sex, and the toast was taken with gusto.

The Press J. J. Atherton

This toast was honored in a hearty manner, and the responder with dramatic gesture endeavoured to explain that the press could be traced as far back as 300 years B.C., but he was brought down to order by the chairman to speak of the REVIEW or quit. As gracefully as was consistent with decorum the scribe withdrew.

Our First Mining Recorder A. Craig

Andy Craig in responding to this impromptu toast as the first Lardeau mining recorder regaled his hearers with some interesting episodes of the early days of this city, and gave it as his opinion that a golden reward was in store for everyone who had stayed with the country.

Our Hosts Louis Levesque

The toast was drank with musical honors, and Mr. Levesque responded in a pleasing manner.

Speeches were also made during the evening by E. R. Vipond, O. W. Abrahamson, R. Scott, and N. Abrahamson.

The musical portion of the program was supplied by Messrs. N. Taylor, Frank Hooker, Dr. Robinson and J. J. Atherton. The evening concluded with the company singing " Auld Lang Syne."

Returns are Good

THE LUCKY BOY IS STILL MAINTAINING ITS CLAIM AS A HIGH-GRADE ORE SHIPPER.

The returns from the last car shipped by the Lucky Boy has just been received, and the values average up with what has already been shipped—near the $150 mark. In a talk with Mr. Ehrehart, he stated that the principal work being done is of an exploratory nature, and is giving great satisfaction. Ore is being taken out steadily and rawhided to the C.P.R. docks, where it will be stored until the opening of navigation.

The Chestnut Hill Mining Co of Philadelphia, who took over the bond of the old Lucky Boy Company, have now paid up everything in full, and the property is entirely free from debt. The company has a good working capital and every prospect of a good mine.

Hugh Brown, who has been foreman for some time, has resigned his position, which has been filled by Fred Mills, a miner of large experience.

The Sports Were Big Success.

CROWDS VISIT TROUT LAKE TO WITNESS TWO GOOD HOCKEY MATCHES.

LADIES PLAYED A TIE

But " Lardeaus " Defeat the Arrowhead Team in a Fast and Exciting Game.

Trout Lake was en fete on Tuesday, 14th. Never before has the town entertained so merry a galaxy of visitors. From Ferguson, Camborne, Beaton, Comaplix and Arrowhead there came goodly numbers to participate in the day's excitement. The atmospheric conditions throughout the day were superb, and the streets presented a holiday appearance. The sport provided was well managed and keenly enjoyed ; the principal items of the program being the ladies' hockey match and the game between the Lardeau and Arrowhead teams.

The ladies' game, Trout Lake vs. Ferguson, was a veritable eye-opener to the big crowd of spectators who lined the enclosure in the afternoon, and the exposition was an object lesson to the sterner sex. So well matched were the ladies that neither side could boast of a goal at the call of time. The line-up of the contestants was as follows :

Ferguson—Mrs. A. J. Laughton, goal ; Miss I. Henderson, p. ; Mrs A. C. Cummings, c.p. ; Miss Skinner, r. ; Misses Challenger, Batho and Beaton forwards.

Trout Lake—Mrs. J. J. Langstaffe, goal ; Miss F. Woods, p. ; Miss M. Burrell, c.p. : Mrs. N. Abrahamson, r. ; forwards, Miss A. Thomas, Mrs A. Craig and Mrs. C Garrison.

Frank Schulze, referee.

During the afternoon the much talked of match between George Haner of Trout Lake and Helma Bergmann of Ferguson took place. This proved a rather one-sided affair, as the Swede boy was far too swift for his rival, he taking the lead at the first lap and increasing his advantage obtained, won as he liked.

The principal event of the day was the hockey match between the Lardeau and Arrowhead, which took place before a large crowd. In this the local aggregate showed their superiority at the game by defeating their opponents by eight goals to nil. The game throughout was fast and exciting, and Arrowhead would have left the ice with at least four goals to their credit had they let drive at every opportunity which occurred. As it was some good individual play was witnessed, the home team excelling in this, but the combination work of both sevens was rather ragged. The game, however, worked the spectators up to a high pitch of enthusiasm, and it was noted that the Arrowhead boys were well applauded for any striking piece of work. Before leaving the ice victors and vanquished gave the usual three hearty cheers.

After the match a team was selected to go to Rossland to play at the carnival there. The chosen team, who left the following morning, were as follows :

F. Schulze, J. Crawford, W. Crawford, E. Crawford, W. Cliffe, P. Boyd, B. Richards. It was thought by the club's supporters that the team would render a good account of itself, and though for lack of combined practice they would get defeated in championship class, still they would keep any team pitted against them " guessing " for a spell.

A Fast Game at Rossland.

THE LARDEAU TEAM MEET ROSSLAND AND DEFEAT LAST SATURDAY.

NELSON CHAMPIONS

Our Boys Put Up a Good Fight, But Circumstances Were Against Them.

The Lardeau team sent to do battle for the honor of the country left here on Wednesday morning in the " wee sma' hoors," and it was Friday morning when seven weary puck-chasers reached the city of hope. At Thompson's landing the boat could not break the ice, so seven stiff-visaged boys faced the wind for a 10-mile walk across the lake on the ice trailing two enthusiastic lady supporters on a double seated cutter. Arrived at Arrowhead through communication was again minus, and the party were forced to quarter there until early the following morning. When the team eventually entered the arena, after a weary sleepless journey, it was not to be wondered that they went down before a team who were favored and fresh. The Rossland Miner thus writes up

THE GAME.

The pace was fast from the start, and every one of the fourteen players were in the game. Referee Winn was very just in his rulings, and made both teams play the game strictly according to rules. Whenever the puck got on the " off side " he whistled for a stoppage of play till a new face-off could be had. After ten minutes of hard play a goal was shot for Rossland by Keating on a pass from Dixon In two minutes and a half Crawford made a goal for Lardeau and evened up the score, and the stock of the team from the glacier region went up a point or two.

Jack Crawford broke one of his skates and an intermission was taken to allow him to don another one.

In three minutes after play was resumed, after some exciting playing, Keating drove the puck into the netting and Rossland was a goal to the good. The audience at this juncture shouted " Score, Lardeau. score," and they would have done so had not Inches, goalkeeper for Rossland, made a star stop. After seven minutes' play Funk scored for Rossland with a short drive. Then the Lardeau forwards worked the puck up to near Rossland's goal, and for nearly a minute they kept it hovering close to the netting, but the defense put up a strong one and they failed to score.

The fifth goal was made by a pass from Dixon to Conroy, who lifted it back into the netting whilst Schulze was not looking. After a few minutes more of play time was called as the first half had come to an end

In the second half the players resumed the game refreshed by the rest, and the pace was far from being slow.

In three minutes Baker landed the puck in the netting with a shot from the right side, giving Rossland another score, and half a minute later Baker again got the puck and sent it whizzing into the goal from the right field. One and a half minutes later Crawford scored for Lardeau by a big lift from the centre.

Funk scored in five minutes, Keating in eight minutes, and Funk in nine minutes. Three men were sent to the fence during the game, R. Crawford and Dixon for rough checking and Inches for deliberately picking up the puck and throwing it from the goal. The score when time was called stood nine to two in favor of Rossland, and three cheers were given for the losers and the winners.

In the Championship series Rossland beat Vernon, Fernie beat Rossland, Nelson beat Fernie and are the champions for 1905.

HOW IT HAPPENED.

Frank Schulze, the Lardeau's goalie, arrived from Rossland on Tuesday night. Interviewed by a REVIEW reporter he had much to say in reference to the game. Asked if he thought the team meeting ours was superior, he said, " Yes, on the day's play ; but we were a beaten outfit before we put a foot on the ice. Fancy trying to play first-class hockey with a team dead-beat for want of sleep and rest. We kept them busy for ten minutes, and in fact had the best of the exchanges for that time ; the spectators were wild with excitement, but they were kindly disposed towards us. I would like to see the same teams meet under better circumstances, and would give a week's wages myself towards bringing them to Trout Lake. A team of scrubs can beat a snowed-under team, and the Ferguson-Trout Lake game was considerably faster than that. I should'nt like to say what I feel about the C.P.R. and their rapid transit, nor of the boat arrangements. The Rossland people treated us white, and we don't begrudge them the victory over us. Erny Crawford, from whom we expected so much, ought to have been in bed, as he caught a chill whilst walking across the ice through the slush to Arrowhead. We have no kick coming We did our best, and you know all.

Local Chatter.

Last week some of our subscribers did not get their REVIEW. Owing to a breakdown in the heat of publishing operations we were able to mail a limited number of copies only. As we write this we do not know if the new part to our press will arrive in time, but ask our subscribers who have been at all inconvenienced to kindly let us down as lightly as possible. The Cranbrook Herald was in similar straits last week, but their near neighbour, the Fort Steele Prospector, came to their assistance. We have no near fraternal neighbors to help out.

There is a movement on foot to put up a challenge cup for the ladies. Why not purchase a really handsome trophy and next year have the Ladies' Hockey Championship of B.C. take place in Trout Lake City ?

Whilst on the subject of ladies, we might mention that Alex. McLean made a nice little speech in response to the toast of " Ladies " at the banquet the other evening. Ladies ! you have a champion !

Some of the autocratic big-bugs who are howling down the Smelter Eight-Hour Bill should try the effect of a 12-hour " picnic " on their sensitive pantries. We doubt if many of the " opposition " have a more practical knowledge of a smelter than that obtained from a photograph.

The Great Western Mines, Ltd., who control the silver mill near Ferguson have for several months shown a sterling example to their more wealthy confreres by establishing eight-hour shifts in cases where the nature of the work and humane motives call for it.

Might vs. Right.

THE CLOSING OF THE LAKE BY THE C. P. R. IS THE CAUSE OF INTENSE INDIGNATION.

We beg to call our readers attention to the notice appearing in another column calling for a meeting of the residents of the district to discuss the action of the C.P.R. in closing down the service on the lake. We broached the matter two weeks ago and then told the big railway people what was thought of their action. The article aroused public opinion and opened the eyes of a great many who were not directly affected. It is monstrous that a whole district should be tied up and practically cut off from the outside world simply because a big corporation has a cinch on the country. We acknowledge that there are some difficulties in the way of breaking the ice during hard weather, but as we said before, if the company had made proper arrangements during the summer such as sheeting the barge and putting the s.s. Proctor in shape, there would have been no difficulty in running the boat all winter.

The C.P.R. has a charter for a road from Kootenay Lake to Arrowhead, extensions of which have been granted from time to time at the convenience of the company. About four years ago the local press started an agitation against renewal of the charter, the result being that if the company built to the foot of the lake at once all opposition would be dropped for the time being, and another extension was granted. It was supposed, however, there would be no delay in completing the road. Since the completion of the line to the foot of the lake and the taking over the navigation part, the service on Trout Lake has been disgraceful. The old steamer Victoria was a laughing proposition for all strangers who had the misfortune to travel on it, but to those who knew the shape she was in the prevailing thought always was " When will we have to swim for it ? " The s.s. Proctor was probably safer, but not at all up to the requirements of trade.

Imagine a state of thing where first-class passengers to Trout Lake were compelled to remain on board in cold weather without the semblance of a cabin for two hours. Finally, however, a 2 x 4 cabin was constructed at the stern end. It is a well-known fact, however, that for some time her machinery has been defective, and instead of being attended to at once was delayed until the cold weather would give them an opportunity to tie her up and send the defective parts to the shops at Nelson.

This is the second time in three years that we have been shut off, and we believe the only way now is to get after the company, and under their charter force them to complete their line through to Arrowhead. Already they have received a bonus of $96,000 cash and goodness only knows how much land under this charter, and we think it high time to see if the people who give these grants have not something to say.

Morning and evening services at the Methodist church next Sunday will be conducted by the pastor.

Another injustice to Oireland ! The 17th of Patrick is right upon us and no move yet made to celebrate the day with divarshon or harmony.

Follow the crowd to-night to Ferguson.

MURRAY & ATHERTON Publishers

Lake Localets.

Fred Elliott left during the week for Revelstoke on business. He will return in a few days.

Dan McLennan returned last week from Glengarry, his old home. While away Dan visited Montreal and Ottawa, where he hobnobbed with the Governor and Premier Laurier, and incidentally ran across Trout Lake's "best" friend, Erbslow, of Canadian Timber and Saw Mill fame. Dan said he was glad to get home again where he could sit down and enjoy a game of stuff without having to have a fire built under his chair to keep him from freezing.

Miss L. Valentine, who has so long and favorably been known to Trout Lake and vicinity, has taken charge of the ladies' department of Masterson, Griffith & Co.

A message purporting to emanate from Rossland was handed to a hockey club official this week, to the effect that the boys had won out by 3 to 2. It was said that a certain Johnny ken'nd it was a job right along, and if the cap fitz he can wear it. All agreed, however, that the Scotch would have to suffer and the necks of several were at once broken. The said official felt justly sore when he caught on to the ruse, and after taking to the tall timber to cool off, at the end of the barney rode in the burg chortling "Youll remember ME."

Mrs. A. G. Fraser has this week completed in her parlor what we venture to suggest one the most original ideas for wall covering ever attempted in town. The whole has a very rich effect, and is made up of multi-colored designs from a pattern book. The blend of the colors and the arranging of flowers and foliage has been done with consummate skill. The ceiling also is a finely executed, the centre-piece being a really smart piece of work. Mrs. Fraser has a wonderfully inventive turn of mind, and we congratulate her upon achieving such an artistic success single-handed.

Young Dave Orr was in from Camborne to the Carnival. He was a decided acquisition to the band with his cornet.

What a change in the climate! Two weeks ago the thermometer recorded 32 below zero, and as we go to press to-day the climatic conditions are suggestive of straw hats and bathing pants. As an instance of the mild weather, balmy zephyrs wafted a butterfly into the Queen's Hotel this morning. The little stranger has riveted a great deal of attention.

Mr. and Mrs. E. K. Boultbee have gone to Arrowhead.

The masquerade ball in the Oddfellow's Hall was a brilliant function. About forty couples graced the floor to music supplied by the Symphonic orchestra under the leadership of G. W. Carothers. The prizes were awarded as follows: Original costume (lady), Miss Beaton, "Shavings"; 2nd prize, Miss E. Vipond, "Queen of the Night"; the first and second prizes (gent's) were awarded to Frank Hooker and Fred Mills, who impersonated two "Thoroughbred Tramps." The success of the evening was mainly attributed to Mrs. Jowett, Mrs. Craig, Mrs. G. Johnson and Mrs. Hauer by their untiring efforts. Jack Smith made an efficient floor manager.

The town band discoursed sweet music throughout the day at the recent carnival.

NOTICE

A Public Meeting will be held under the auspices of the Trades Committee next Wednesday evening, March 1st, at 8 o'clock, to consider the transportation question.

An invitation is extended to residents of Ferguson and every other part of the district affected by the closing of the Lake.

Meeting in the Oddfellow's Hall.

Ferguson Items.

Some good news next week.

We are pleased to learn and report that J. C. Kirkpatrick is progressing in a favorable manner at the hot springs.

By reason of the severe cold spell it was deemed advisable to postpone the sports as advertised. The management are endeavouring to arrange a hockey match for the 25th inst.

Mr. and Mrs. H. Jago, who have been associated with the dining quarters of both the Nettie L. and Silver Cup mines for some considerable time, have resigned their positions. They left the hill last week with the good wishes of all with whom they have come into contact. It is the intention of Mr and Mrs. Jago to proceed to the coast, where lucrative positions await them. Whilst in town they are the guests of Mrs. J. B. Manross.

The stormy weather prevailing on Sunday evening last about church time was responsible for the sparse congregation which greeted the pastor, Rev. E. K. Sharp, on the occasion of his usual bi-weekly service. The subject of his discourse was "Missionary work," and the collection taken up was for that object.

The news received in town by means of a bogus message to the effect that the local boys had skinthe Rossland team by 3 to 2 was received with exultation not unmixed with misgivings. What a few said on receipt of the glorious news was not in the same field with what some said when the "we regret to state" was wired. A few ejaculations are herewith appended overheard by the man on the spot when the first message was sprung on a confiding community: Alec Cummins: "E-e-h? W-what? Read it again! Hooray!" Steve Slinger: "What oh, she bumps; everybody come in!" Sandy Laughton: "You've got to show me; still, go, call in the rabble!" Dad Black: "Too good; still—here's a hole!" Frank Lebeau: "Horoo! What did I tell you?" Sam Sutherland: "Rats!" The Mayor: "Did anyone speak?" and so ad infinitum. When the true news was received you could cut the painful "noisy silence" with a butter knife.

Mr. and Mrs. E. C. Benson have left the 5-Mile camp. They are now visiting Mr. R. Benson at Trout Lake, but will shortly proceed to Edmonton.

Henry Sanns who was recently sent down for five years by Judge Spinks for attempting to blow up a house in Ferguson has tired very soon of compulsory confinement, and has secured S. S. Taylor, K.C. to take up his case and secure his release.

As the outcome of an enthusiastic general meeting of the Metropolitan Gold and Silver Mining Co., mining operations for the coming summer will be on a very extensive scale. Full particulars will be published next week.

Bil'y Cliffe arrived home from Rossland and Sandon to-day. He says that Ern. Crawford scored the two Lardeau goals. Billy's version of "Waterloo" was taken as read.

Before the skating season c'oses we would like to see a relay team race between the twin cities, say 4 a-side. The event should prove very interesting for spectaiors, and at the same time would give our speed merchants a chance to distinguish themselves in a 1.57¾ clip.

La grippe has a large number of our citizens within its toils.

Don't forget the hockey match in the rink to-night, Trout Lake Pickups vs. Ferguson Hustlers. A good game is anticipated. Game starts at 8.15.
