Dear Sister:

Just a few hasty lines to let you know that I'm kicking and well as ever. Did you get any of my letters. I sent 4 or 5. I believe mother opened some of them for I received a letter from her a couple of months ago but haven't answered it. I got both of your registered letters but you needn't bother about registering them they will get here all right with out it. Let me know in your next letter if mother has my trunk yet. I don't want her to have them I had made arrangements to have them stored before I left. I got a parcel from Og this afternoon and one from Shuewap a couple of days ago. I heard from wee Tan today he is still in Bramshott and may not be over for a month or two yet. We've had quite a stretch of dry weather here lately but all the crops here look fine. What is Bill doing. Haven't heard from him for over four months. Well I must close as we are moving soon.
