THE RICH LARDEAU MINING DISTRICT

One of the Best in the Province ---Prospects Bright for Big Mining Investments

As a result of the sale of the famous True Fissure group of claims on Great Northern mountain to American capitalists, and the announcement of a strike of high grade grey copper on Triune mountain by Dave Morgan, the eyes of the outside public have been centered recently on the Lardeau district, as one which affords unlimited opportunity for legitimate and profitable mining.

For the past ten years the miners and prospectors of that region have been quietly and persistently developing their claims until today there are many properties now in a position to ship ore as soon as railway transportationis assured. In order to supply this much needed transportation the C.P.R. have had surveys made of their connecting link between Gerrard at the lower end of Trout Lake and Arrowhead at the northern end, and it is anticipated that next summer will see the company taking some means to make these connections. Independent, however, of railway transportation, the Provincial government have spent considerable sums of money during the past three or four years in building wagon roads and trails through out this district, thus aiding to the best of their ability the development of the country. The wagon roads have been built to the best grades obtainable and the work in every respect is a credit to the Hon. Minister of Public Works and his assistants. By means of these roads and trails the miners have been given easy access to their properties and will be able to ship ore out at a minimum cost.

These facts are now pretty thoroughly understood by the mining men of Canada and the United States, as well as of the Old Country, who, knowing well the richness of the deposits in the Lardeau, have been patiently waiting their time until the necessary transportation facilities were afforded to make the country easy of access, and there is every indication that by next spring there will be a movement in mining circles in this section unprecedented in the history of the province.

The Silver Cup, that well known silver-lead property has been a producer for years and is still shipping its high grade ores to the Trail smelter.

The new owners of the True Fissure group are laying their plans for extensive development next spring. Cabins and bunk houses are being enlarged and improved and the work laid out for a large force of men and next fall should see this property a big ore producer.

Lou Thompson, J. Kirkpatrick and associates have done a lot of work on the Canadian Girl and Parrishon group near Ferguson. These properties will be in a good position to ship ore next year as it is the intention of the owners to continue their development operations throughout the winter.

Work will also be continued all winter on the Chance mine, and next year will see Dave Morgan shipping some of the richest ore that ever came out of the Lardeau.

Altogether the outlook is exceedingly hopeful. The miners and business men of the district who have for years built hopes on their knowledge of the richness of the ore bearing hills of the Lardeau are most enthusiastic over the turn of events, which will undoubtedly lead to the advertising of the district as one of the richest in British Columbia. In all the past years of mining depression in the west, there was never any doubt in the minds of these men that the richness of the Lardeau would yet attract the attention of the mining men of the world, and it looks now as though their hopes were about to be realized, and their faith rewarded by an activity in mining development second to none which has yet taken place in the province.

Affection for Union Jack

With a view of arousing love for flag and country among the school children of Vancouver, the following resolution will be introduced at the next meeting of the school board:

"Resolved that more attention be given by the principals to the hoisting of flags in all school grounds and we suggest that the principal of each school should delegate two scholars, who, for some extra diligence in their studies, or for punctuality, or some such marked ability, and as a reward be selected to perform the hoisting ceremony. Also, our Board of School Trustees are of the opinion that the scholars themselves should have the opportunity of witnessing the hoisting of these flags, which ceremony should be performed whilst the scholars were gathered together just before entering their different schools. At a recent visit of some of the trustees to the schools it was found that out of six schools visited no less than four had omitted to hoist the flag."

Trustees Dyke and Flumerfelt will introduce the patriotic motion.

A MILLION DOLLAR TIMBER TRANSACTION

J. M. Kellie and Associates Dispose of Their Fraser River Timber for Big Figure

Possibly the biggest deal in British Columbia timber was made last week in Montreal, when Mr. Hewett and associaees of Montreal and Ottawa, purchased from the British Columbia Timbers, Ltd., their entire holdings on the South Fork of the Fraser river above Fort George. Through these holdings is surveyed the right of way for the Grand Trunk Pacific railway. The deal involved the sum of $1,609,000. This deal has been pending for months, and last week Mr. J. M. Kellie, who is the manager in British Columbia and one of the heaviest stockholders in the company received word from Montreal that the sale and transfer of this valuable timber holding was made to the owners.

The British Columbia Timbers, Ltd. was organized in 1900 in Montreal by Mr. J. M. Kellie and since its inception Mr. Kellie has been its western manager. The Fraser river timber just disposed of by this company was considered the finest in the interior of British Columbia, and the official estimate of holdings in the neighborhood of four billion feet of standing timber.

The Company still retain, however, large blocks of timber lands in British Columbia and are also acquiring some valuable mining properties.

With extensive interests in three syndicates and from personal ownership, Mr. Kellie's holdings in timber and lands in British Columbia are very extensive, and have all been acquired after personal inspection and afterwards by cruisers whose reports declare them all classed as A 1. Mr. Kellie is among the oldest of the old timers of the province and his knowledge of the resources of the different districts over which he has for years travelled, is extensive and personal.6

ITALIAN ARMY ON ITS WAY TO TRIPOLI

Great Force Sailed from Naples Yesterday -- To Land There will be Difficult Task

Rome, Oct. 10—The main part of the Italian army expedition is now on the way to Tripoli. This was learned from messages in conventional language that escaped the censor. A big contingent comprising the largest part of the total force, sailed from Naples last night, and another fleet af transports left Taranto at sunrise today. More troops will depart from Agosta tonight. These three groups will assemble as one east of Malta.

The landing of a whole army corps on the Tripolitan coast is looked on as one of the most difficult operations of the war, despite the fact that little fear of an attack by the enemy is entertained. Accordingly every precaution looking to the safety of the troops has been taken. The battleship convoy covers a moving area one mile wide and five miles long. Within this square the transports appear secure from any danger except the everpresent one of the elements. Once safely arrived off the Tripolitan coast, it is expected that with a favorable sea the troops can be landed in two days.

The first Italian expeditionary force which left Naples on October 5 was landed at Tobruk, Tripoli, today. It consisted of infantry, artillery and a company of engineers.

WHISKEY MADE FROM BANANAS.

Paris, Oct. 10—Le Siecle says that a Frenchman at Saigon, Cochin, China, has at last succeeded in making pure whisky from bananas. For the new process are claimed two qualities, which will appeal to all whisky drinkers, cheapness and delicious odor.

BORDEN CABINET IS ANNOUNCED

Hon. Martin-Burrell, of Yale-Cariboo, Appointed as Minister of Agriculture

Ottawa, Oct. 11—Mr. Borden completed his cabinet last night and at a late hour it was approved by the governor-general. The membership of the cabinet and the distribution of the portfolios is as follows:

Hon. R. L. Borden, Premier and President of the Council.

Hon. Martin Burrell, Minister of Agriculture.

Hon. B. R. Reid, Minister of Customs.

W. T. White, Minister of Finance.

Hon. W. B. Nantel, Minister of Inland Revenue.

Hon. Robert Rogers, Minister of the Interior.

Hon. C. J. Doherty, Minister of Justice.

Hon. T. W. Crothers, Minister of Labor.

Hon. J. D. Hazen, Minister of Marine and Fisheries.

Hon. Col. Samuel Hughes, Minister of Militia.

Hon. L. P. Pellitier, Postmaster General.

Hon. F. D. Monk, Minister of Public Worksf

Hon. Frank Cochrane, Minister of Railways and Canals.

Hon. Dr. W. J. Roche, Secretary of State.

Hon. Geo. E. Foster, Minister of Trade and Commerce.

Hon. A. E. Kemp, Hon. Geo. H. Perley, Hon. Senator Lougheed, Ministers without portfolios.

A seat in the cabinet was offered to Rudolph Forget of Montreal 6who declined for the time being as matters in which he is interested will come under consideration by the government.

Advertising Competition

The Commercial of Vancouver, has just completed an advertising contest and from the following announcement of the Review will be seen that C. B. Hume & Co., have won the first prize for the best written advertisement in the province, while the Mail-Herald gets a first for the best composition of the said advertisement.

"After the most careful and painstaking consideration of the great number of advertisements submitted from every portion of the province of British Columbia, the prizes have been awarded as follows:

"First and Second Prizesf amounting to $75.00, divided equally between C. B. Hume & Co., Revelstoke B. C., and Lees Limited, New Westminster, B. B.

"Third Prize, $10.00, Cowichan Merchants Limited, Duncans, B.C.

"Fourth Prize, $5.00, The Trites Wood Co., Limited, Fernie, B. C.

"The Prize, $25.00, offered for the best set-up ad. was necessarily under the circumstances divided between the Daily Columbian of New Westminster and the Mail-Herald of Revelstoke—$12.50 each.

"Reasons for the decision, together with illustrations of the advertisements, will appear in our next issue. Cheques have been mailed the winning contestants.

"To win in such a contest is an honor. We extend our heartiest congratulations to the winners."

Westminster Guild Reorganised

On Tuesday evening a very successful social was held under the auspices of the Westminster Guild of St. John's church. There was a good attendance and all spent an enjoyable and profitable time. After the musical program a short business meeting was held, when the following officers were elected:

President—Mr. Allan Thomson.
Vice-President—Mr. W.B. Robertson
Secretary—Miss Muriel Matheson.
Treasurer—Miss Currie.
Convener Program Committee—Mr. J. T. Telfer.
Convener Social Committee— Miss Munro.
Convener Musical Committee— Miss McFarlane.

It was decided to hold the meetings on Wednesday evening each week. As most of those attending the weekly prayer meeting were likely to attend the Guild meetings, it was thought wiser to have just one week night meeting in which all could take part.

The funeral of the late Geo. Williard, who died suddenly on Monday, after a week's illness, is taking place this afternoon. A wife and five children are left to mourn the loss of a husband and father.

End of Strike Near

Fernie, B.C., Oct. 10—A mass meeting of Gladstone Local is now in progress here, and well defined statements are being made in the street that a basis of settlement had been reached by the operators and President White. This proposition runs along the line of the Gordon recommendations, with some slight variations.

It may be taken as positive that some proposition is now under consideration and that international President White favors its acceptance Such being the case, a settlement is now in sight and as soon as details are arranged work will be resumed.

TWO MEN KILLED.

Victoria, B. B., Oct. 11—Ten workmen on the C.N.R. construction were buried alive by the caving in of part of a cutting near Colwood, Vancouver Island, yesterday. Two men were killed and the other men badly injured. Rescue parties are endeavoring to uncover the other buried men. Ambulances and a number of physicians have been sent from Victoria.

Don't forget the new program at the Edison theatre tonight.

Messrs. C. R. Macdonald, Dr. Sutherland, J. Stewart and F. Crohyn, left this morning on a few days fishing trip to the Shuswap lakes.

LUMBER OUTPUT TO BE CURTAILED

In B. C. and Alberta for Two Years---American Competition will be Bitterly Fought

Denying that it is their intention to form a combine or anything approaching a combine, the members of the Mountain Lumbermen's Association, who were in secret session in Calgary on Friday and Saturday, finished their deliberations early on Sunday morning after a lengthly session, the result of which will be to limit the output of mills and otherwise affect the lumber industry in Alberta and British Columbia, until the year 1913, says the Calgary News Telegram.

Although all the members of the association are very reticent regarding what took place at their secret session, it is learned that it was decided to call in all thetravellers now selling lumber in the northwest, and establish a central sales office in this city, with a small force of travellers. This will enable the British Columbia lumbermen to sell their output through the one office, and will do away with the foece of several hundred salesmen now employed. It also means that in future there will be no cutting of prices, as the mills selling through the central sales depot will not have to compete with each other, but will have the orders brought in divided up amongst them, all at the same price!

In addition to the foregoing it was decided to curtail the output for the next year, and the majority of the millmen present signified their intention of not doing any logging this winter at all. Many of the big mills are already selling their horses, preferring to do this rather than keep them idle until operations are again commenced in 1913. The majority of the mills are carrying heavy stocks of lumber, while reports from points in the prairie indicate that the retail yards are also well stocked up.

Another important decision reached was that the British Columbia lumbermen will fight competition with the United States millers even if they have to sell at a loss. An attempt will be made to have the government place a duty on rough lumber. As it now stands, rough lumber can be shipped in from the States duty free. This lumber is dressed on one side, but the United States mills have found a way to evade the law and have been shipping millions of feet of dimensions into Canada by resawing the edges, which serves the purpose equally as well as planing them

This matter was discussed very fully and all the members were unanimous in forcing out the American lumbermen wherever they were found to be selling, even if prices have to be cut to do so.

Mr.L. Lambert of Edmonton, representing Swift's famous soaps, has been in the city and district for over a week introducing his firms' products. The Revelstoke Meat Market are the local distributing agents for this portion of the interior for these famous products.

BUSINESS ACTIVITY IN NORTH KOOTENAY

The New Tourist Route--Lumber Camps Busy--Mining Boom is Now Certain

Prospects are exceedingly bright for a busy winter in the country south of and tributary to Revelstoke and the business men of Comaplix, Beaton, Ferguson and Trout Lake have made preparation for the brisk trade which will result from the increased activity in mining and lumbering circles.

A trip through that section recently by a representative of the Mail-Herald was an eye opener in regard to the buoyant spirit which prevails among the residents in view of the bright outlook, and many items of interest as to the progress and development being made, were gleaned by the way and are reproduced herewith.

At the east end of Steubert Lake, the Dominion Sawmills and Lumber Limited have put in a logging camp of from 75 to 100 men which will run all winter. It is the intention of the Company to dam the Lardeau river at its source from the lake and drive the winter's cut down the river during the high water next spring.

A. M. Craig, the well known freighter and a pioneer of the district has just brought in a carload of splendid horses for use on the stage route between Beaton and Comaplix and for freighting purposes.

The C.P.R. have about completed their new tourist route through the Lardeau district. It is proposed next year to give tourists for Nelson and the south the choice of two routes; one at present down Arrow Lakes to Robson and thence to Nelson; the other by way of Beaton and Trout Lake City, thence down Trout lake to Gerrard and Kootenay lake to Nelson. Arrangements are now about concluded between the C.P.R. and Mr. Craig, for the latter to carry passengers by stage over the Beaton —Trout Lake wagon road. This will give tourists one of the most magnificent scenic routes in British Columbia or any other country.

At Trout Lake City there is every evidence of a busy winter season and the business interests are looking forward to next year being a banner one in the mining industry.

Hugh McPherson is running his shingle mill to full capacity, with a good demand for his products. In connection with the mill he runs an electric light plant which furnishes a splendid lighting service to the residents of Trout Lake City.

At Ferguson, as at Trout Lake, there is every evidence of business activity. A. Daney has a contract to deliver the Silver Cup ore to the head of steamboat transportation. There are no idle men at Ferguson, all being employed in developing their properties.

At Beaton the fruit crop this year has been exceptionally good, and as is well known the exhibit from that district was considered one of the best shown at the Revelstoke Fall Fair last month.

Great improvements are being made by the ranchers along the Beaton-Trout Lake wagon road. A considerable amount of land has already been cleared for cultivating purposes, and no finer looking or better kept ranches are to be seen anywhere in the interior. Bumper crops of fruit, vegetables and hay have been harvested this year, and the fame of this district as a fruit growing country is becoming so great that a ready market is found for all produce.

On all sides are to be found abundant evidences of progress and prosperity, and as this whole country is directly tributary to Revelstoke, the merchants of this city should see to it that they share in this prosperity by catering to the needs and requirements of the people of this section.

NOTICE

Revelstoke Land District.
District of West Kootenay.

Take notice that I, B. R. Reynolds of Revelstoke, B. C., occupation, Clerk, intend to apply for permission to purchase the following described lands:

Commencing at a post planted at the South West Corner of Lot 7818, and marked B. R. Reynolds North West Corner Post, thence east 80 chains to the South West Corner of T. See that Flexible, Adjustable GILLETTE Blade?

Note the curve that gives the automatic adjustment.

As you slip the razor together and tighten up the handle, the guard curves the flat blade. The tighter you screw the handle, the closer the blade edge fits against the guard, and the lighter the shave. Loosen it a quarter turn and the edge springs away from the guard, giving a closer shave.

That's one reason why, among the millions of GILLETTE users, with every conceivable variety of beard and skin, each one finds the GILLETTE suits **his** face exactly. That's one reason why

The Gillette will suit Your Face exactly.

There's no other razor made that you can adjust to suit **your individual needs.** Buy a GILLETTE —you'll enjoy it.

Standard Sets $5.00—Pocket Editions $5.00 to $6.00. Combination Sets from $6.50 up. At your hardware dealer's, jeweler's, druggist's or haberdasher's. Look for the GILLETTE DEPOT Sign.

Geo. Matheson, Local Agent, Revelstoke, B, C

C. P. R. Promotions

Winnipeg, Man., Oct. 10—Mr. Frank W. Peters, assistant to the vice-president on western lines of the Canadian Pacific was yesterday appointed by Sir Thomas Shaughnessy, general executive agent of the company, with headquarters in Winnipeg. Mr. Peters will be actively engaged in connection with the affairs of the company from Port Arthur to the Pacific coast, dealing with the larger problems of administration.

Mr. Grant Hall, the new assistant to Vice-President Bury, entered the employ of the Grand Trunk in the shops of that company in Montreal, and remained there over four years. He then accepted a position as master mechanic on the C.P.R. in British Columbia and was in that business five years, at the end of which time he was promoted to the position of assistant superintendent here of motive power.

Kill 6,000 Yearly

Berkley, Cal., Oct. 10—Ordinary house flies cost six thousand lives, and an economic loss of $18,000,000 annually in California, according to a report on them issued today by the University of California.

William B. Hern, assistant professor of entomology, who prepared the indictment against the flies, spent five years investigating them. Flies, he found, transmit typhoid, dysentery tuberculosis, pinkeye and, under certain conditions, leprosy.

WHISKY HOLDS ITS VICTIMS

Until Released by Wonderful Samaria Prescription

Liquor sets up inflammation and irritation of the stomach and weakens the nerves. The steady or periodical (spree) drinker is often forced to drink even against his will by his unnatural physical condition.

Samaria Prescription stops the craving, steadies the nerves, builds up the general health and makes drink actually distasteful and nauseous. It is tasteless and odorless, and can be given with or without the knowledge of the patient.

Thousands of Canadia homes have been saved from misery and disgrace by some devoted wife, mother or daughter through this wonderful Canadian remedy. The money formerly wasted in drink has restored happiness, home comforts, education and respect to the families formerly in want and despair.

Read the following, one of the numerous unsolicited testimonials received:

"I can never repay you for your remedy. It is worth more than life to me. My husband has been offered liquor several times, but would not touch it. He said it had no charm for him now. May God's choice blessings ever rest on you, and yours, are my prayers ever. No one knows it but those who have tried it. As soon as I can I will see others that I know would give anything to stop their husbands from drink. I will give them your address. Mrs. ——, Dewinton, Alta." (Name withheld on request.)

Now, if you know of any family needing this remedy, tell them about it. If you have any friend or relative who has formed or is forming the drink habit, help him to release himself from its awful clutches. Samaria Prescription is used by Physicians and Hospitals.

A FREE TRIAL PACKAGE of Samaria Prescription, with booklet, giving full particulars, testimonials, price, etc., will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this paper. Correspondence strictly confidential. Write to-day. The Samaria Remedy Co., Dept. 46-49, Colborne St., Toronto, Canada. Also for Sale by C. R. Macdonald, Druggist, Revelstoke, B. C.

LUMBER OUTPUT TO BE CURTAILED

In B. C. and Alberta for Two Years--American Competition will be Bitterly Fought

Denying that it is their intention to form a combine or anything approaching a combine, the members of the Mountain Lumbermen's Association, who were in secret session in Calgary on Friday and Saturday, finished their deliberations early on Sunday morning after a lengthly session, the result of which will be to limit the output of mills and otherwise affect the lumber industry in Alberta and British Columbia, until the year 1913, says the Calgary News Telegram.

Although all the members of the association are very reticent regarding what took place at their secret session, it is learned that it was decided to call in all thetravellers now selling lumber in the northwest, and establish a central sales office in this city, with a small force of travellers. This will enable the British Columbia lumbermen to sell their output through the one office, and will do away with the foece of several hundred salesmen now employed. It also means that in future there will be no cutting of prices, as the mills selling through the central sales depot will not have to compete with each other, but will have the orders brought in divided up amongst them, all at the same price!

In addition to the foregoing it was decided to curtail the output for the next year, and the majority of the millmen present signified their intention of not doing any logging this winter at all. Many of the big mills are already selling their horses, preferring to do this rather than keep them idle until operations are again commenced in 1913. The majority of the mills are carrying heavy stocks of lumber, while reports from points in the prairie indicate that the retail yards are also well stocked up.

Another important decision reached was that the British Columbia lumbermen will fight competition with the United States millers even if they have to sell at a loss. An attempt will be made to have the government place a duty on rough lumber. As it now stands, rough lumber can be shipped in from the States duty free. This lumber is dressed on one side, but the United States mills have found a way to evade the law and have been shipping millions of feet of dimensions into Canada by resawing the edges, which serves the purpose equally as well as planing them

Tbis matter was discussed very fully and all the members were unanimous in forcing out the American lumbermen wherever they were found to be selling, even if prices have to be cut to do so.

Mr. L. Lambert of Edmonton, representing Swift's famous soaps, has been in the city and district for over a week introducing his firms' products. The Revelstoke Meat Market are the local distributing agents for this portion of the interior for these famous products.

BUSINESS ACTIVITY IN NORTH KOOTENAY

The New Tourist Route--Lumber Camps Busy--Mining Boom is Now Certain

Prospects are exceedingly bright for a busy winter in the country south of and tributary to Revelstoke and the business men of Comaplix, Beaton, Ferguson and Trout Lake have made preparation for the brisk trade which will result from the increased activity in mining and lumbering circles.

A trip through that section recently by a representative of the Mail-Herald was an eye opener in regard to the buoyant spirit which prevails among the residents in view of the bright outlook, and many items of interest as to the progress and development being made, were gleaned by the way and are reproduced herewith.

At the east end of Steubert Lake, the Dominion Sawmills and Lumber Limited have put in a logging camp of from 75 to 100 men which will run all winter. It is the intention of the Company to dam the Lardeau river at its source from the lake and drive the winter's cut down the river during the high water next spring.

A. M. Craig, the well known freighter and a pioneer of the district has just brought in a carload of splendid horses for use on the stage route between Beaton and Comaplix and for freighting purposes.

The C.P.R. have about completed their new tourist route through the Lardeau district. It is proposed next year to give tourists for Nelson and the south the choice of two routes; one at present down Arrow Lakes to Robson and thence to Nelson; the other by way of Beaton and Trout Lake City, thence down Trout lake to Gerrard and Kootenay lake to Nelson. Arrangements are now about concluded between the C.P.R. and Mr. Craig, for the latter to carry passengers by stage over the Beaton —Trout Lake wagon road. This will give tourists one of the most magnificent scenic routes in British Columbia or any other country.

At Trout Lake City there is every evidence of a busy winter season and the business interests are looking forward to next year being a banner one in the mining industry.

Hugh McPherson is running his shingle mill to full capacity, with a good demand for his products. In connection with the mill he runs an electric light plant which furnishes a splendid lighting service to the residents of Trout Lake City.

At Ferguson, as at Trout Lake, there is every evidence of business activity. A. Daney has a contract to deliver the Silver Cup ore to the head of steamboat transportation. There are no idle men at Ferguson, all being employed in developing their properties.

At Beaton the fruit crop this year has been exceptionally good, and as is well known the exhibit from that district was considered one of the best shown at the Revelstoke Fall Fair last month.

Great improvements are being made by the ranchers along the Beaton-Trout Lake wagon road. A considerable amount of land has already been cleared for cultivating purposes, and no finer looking or better kept ranches are to be seen anywhere in the interior. Bumper crops of fruit, vegetables and hay have been harvested this year, and the fame of this district as a fruit growing country is becoming so great that a ready market is found for all produce.

On all sides are to be found abundant evidences of progress and prosperity, and as this whole country is directly tributary to Revelstoke, the merchants of this city should see to it that they share in this prosperity by catering to the needs and requirements of the people of this section.

See that Flexible, Adjustable GILLETTE Blade?

Note the curve that gives the automatic adjustment.

As you slip the razor together and tighten up the handle, the guard curves the flat blade. The tighter you screw the handle, the closer the blade edge fits against the guard, and the lighter the shave. Loosen it a quarter turn and the edge springs away from the guard, giving a closer shave.

That's one reason why, among the millions of GILLETTE users, with every conceivable variety of beard and skin, each one finds the GILLETTE suits his face exactly. That's one reason why

The Gillette will suit Your Face exactly.

There's no other razor made that you can adjust to suit your individual needs. Buy a GILLETTE —you'll enjoy it.

Standard Sets $5.00—Pocket Editions $5.00 to $6.00. Combination Sets from $6.50 up. At your hardware dealer's, jeweler's, druggist's or haberdasher's. Look for the GILLETTE DEPOT Sign.

C. P. R. Promotions

Winnipeg, Man., Oct. 10—Mr. Frank W. Peters, assistant to the vice-president on western lines of the Canadian Pacific was yesterday appointed by Sir Thomas Shaughnessy, general executive agent of the company, with headquarters in Winnipeg. Mr. Peters will be actively engaged in connection with the affairs of the company from Port Arthur to the Pacific coast, dealing with the larger problems of administration.

Mr. Grant Hall, the new assistant to Vice-President Bury, entered the employ of the Grand Trunk in the shops of that company in Montreal, and remained there over four years. He then accepted a position as master mechanic on the C.P.R. in British Columbia and was in that business five years, at the end of which time he was promoted to the position of assistant superintendent here of motive power.

Kill 6,000 Yearly

Berkley, Cal., Oct. 10—Ordinary house flies cost six thousand lives, and an economic loss of $18,000,000 annually in California, according to a report on them issued today by the University of California.

William B. Hern, assistant professor of entomology, who prepared the indictment against the flies, spent five years investigating them. Flies, he found, transmit typhoid, dysentery tuberculosis, pinkeye and, under certain conditions, leprosy.

WHISKY HOLDS ITS VICTIMS

Until Released by Wonderful Samaria Prescription

Liquor sets up inflammation and irritation of the stomach and weakens the nerves. The steady or periodical (spree) drinker is often forced to drink even against his will by his unnatural physical condition.

Samaria Prescription stops the craving, steadies the nerves, builds up the general health and makes drink actually distasteful and nauseous. It is tasteless and odorless, and can be given with or without the knowledge of the patient.

Thousands of Canadia homes have been saved from misery and disgrace by some devoted wife, mother or daughter through this wonderful Canadian remedy. The money formerly wasted in drink has restored happiness, home comforts, education and respect to the families formerly in want and despair.

Read the following, one of the numerous unsolicited testimonials received:

"I can never repay you for your remedy. It is worth more than life to me. My husband has been offered liquor several times, but would not touch it. He said it had no charm for him now. May God's choice blessings ever rest on you, and yours, are my prayers ever. No one knows it but those who have tried it. As soon as I can I will see others that I know would give anything to stop their husbands from drink. I will give them your address.

"Mrs. K——, Dawinton, Alta."
(Name withheld on request.)

Now, if you know of any family needing this remedy, tell them about it. If you have any friend or relative who has formed or is forming the drink habit, help him to release himself from its awful clutches. Samaria Prescription is used by Physicians and Hospitals.

A FREE TRIAL PACKAGE of Samaria Prescription, with booklet, giving full particulars, testimonials, price, etc., will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this paper. Correspondence merely confidential. Write to-day. The Samaria Remedy Co., Dept. 46-49, Colborne St., Toronto, Canada. Also for Sale by C. R. Macdonald, Druggist, Revelstoke, B. C.

ARROW LAKES DISTRICT SECOND ANNUAL FAIR

Magnificent Display of Fruit and Vegetables---Second to None in the Province---Detailed List of Prize Winners

That the Arrow Lakes ranches are adapted by nature to fruit growing, and that the residents are making the very best of their opportunities, was exhibited by the splendid showing of that class of stuff at the second annual fruit fair held at Nakusp on Thursday and Friday last week. And when it is known that the country all down the lakes was nothing more than a mass of trees, stumps, and underbrush, some idea of the industry and sturdy diligence of the residents of the lake frontage and the fertile valleys can be imagined. Such country requires intelligent handling to make the best of it, for it must be hewn from rough of nature and its soil must begiven scientific and careful study to get the most out of it in the least possible time, and if there are any skeptical as to the reward that can be reaped from such treatment a visit to the annual fair will forever dispel any such delusions. At this latest fair were collections of fruit and vegetables gathered from ranches which only three short years ago were nothing but huge piles of broken timber, standing timber, undergrowth, and bonnlders, and these collections would do a much older district proud and put to shame many a man in Old Ontario's fruit districts who calls himself a fruit farmer. Here were the luscious apple with beautiful natural coloring, here the purple plum with its juicy flesh, and here the big pumpkin that mother makes the famous pies from. They were all home grown and were piled high on tables and stands to bespeak a healthy, happy, prosperous and contented populace. And the people naturally took a just pride in exhibiting them, not alone for the prizes which they hoped to get, but rather for the pride they had in the the years of honest toil and the plentitude with which Mother Nature in these districts rewards honest toil. In this district side by side are the unbroken mountain slopes with the trail of the pioneer and the fertile valley of the settlers which year in and year out yields its handsome returns for the labor bestowed upon it. Nakusp fair showed in no uncertain manner the spirit of unity which exists among the fruit growers of the Arrow Lakes for the exhibits came from every point along the route of the C.P.R. steamers, and nobody particularly claimed the credit for his district, but rather for the Arrow Lakes district as a whole. Then, too, they came from the fertile valleys of the Interior and brought with them their products of the previous months, and they were all most creditable. Nakusp fair is thus proving itself to be the stamping ground of the fruit grower of the Arrow Lakes district. Last year one large building took care of the exhibits from all places and even then there was room for more, but this year the entries came in so fast, to the surprise of the management that it became necessaryto erect two somewhat similar buildings and to call into use a near by lodge room to make room for the numerous exhibits. Its entries this year were well on to four times as nnmerous as last year which was the initial effort of the organization, and the quality of the exhibits kept pace with the increase in number of entries.

The Arrow Lakes district is taking to itself a certain pride in its ability to grow the apple which the prairie dwellersso badly need, and if the fair at Nakusp can be taken as any criterion of the years to come it can safely be assumed that that portion of British Columbia will in a few short years play an important part in the markets of the prairies. The fall apple, and the winter apple stood side by side, and every variety of the once forbidden fruit was on hand New Denver alone sent along 150 entries of fruit of every known variety and it was a source of much pleasure to every attendant at the fair to learn that this district carried off a large number of the handsome prizes offered. H.C. Tomlinson and K.C. Harris were the principal exhibitors from this district.

F. G. Fauquier, of the Needles ranch, which is fast gaining a well-earned world-wide reputation, contributed most profusely of the products of his fruit trees—Northern Spies, Gravensteins, Wagners and Wealthies as well as a number of entries of other fruits and vegetables. Mr. Fauquier has one of the most enviable positions for his ranch alone the lake, being on gently-sloping and gravelly land, and the multitude of fruit trees coming along for future bearing shows a marvellous confidence on the part of Mr. Fauquier in the possibilities of the Arrow Lakes soil. The exhibits from New Denver mention of which has previously been made, were most creditable and drew forth many complimentary remarks from the visitors. The fruit, which was almost all plate displayed was remarkably well prepared for exhibition purposes and could not have been better calculated to draw attention to the possibilities of the district from which they came. In addition to the large display of apples Mr. Tomlinson of this district, also had a number of exhibits of plums and grapes.

Mr. R. Shiell's display of Hyslop crab apples, Grimes Golden apples, Howell's pears, peaches and plums from the Needles district were also the subject of many complimentary remarks and they were worthy of every good thing said about them. A particularly fine exhibit was the Italian prune plum grown and put up by Mr. K. C. Harris of New Denver.

That the people of Burton City have every respect for advertising and believe in its efficacy in bringing to the notice of the world the possibilities of its fruit lands is evidenced by the fact that one of the most attractive displays of fruit and vegetables was collected for this fair — not for competitive purposes, but simple to bring to the notice of the visitors the kind of stuff that can be grown in that district. It was certainly a splendid exhibition of the enterprise of the residents of that district and must have cost several hundreds of dollars to prepare and get to the fair, and it is certain that had the display been entered for competition it would have been eligible for the first prize in whatever class it may have been entered. The credit for this display is due to Messrs. A. A. Burton and J.H. McCormack. The former is the owner of the townsite, and the latter one of the principal fruitgrowers of the district. In former years Mr. McCormack was an employee of the C.P.R., but realizing that the land of the Arrow Lakes could be made productive of enormous wealth he took a ranch and through hard work combined with brains he has made a wood pile to blossom as the rose. "It was only eight years ago," said Mr. McCormack, "since I took up this ranch and people thought me crazy for doing so, but I had faith in the country and persevered and now I am beginning to reap my reward." To look at his excellent display nobody could for a minute doubt that Mr. McCormack had made good with his ranch. Mr. Burton will take the Burton, display of fruit to Hanley, Sask., at his own expense

Another excellent display, this time of vegetables, was that made by Mr. Thos. Abriel, the president of The Arrow Lakes Fruit Fair, and the man to whom much of the credit for the success of the fair is due. In close proximity to the town of Nakusp Mr. Abriel has a most productive ranch, and his display of mellow pumpkins, long green cucumbers, bright red carrots, big potatoes huge cabbages and vegetables of every conceivable variety amply attest to the high state of cultivation the land must be in and its prolific soil. This exhibit was most artistically arranged and if for no other reason was worthy of the best prize the fair could dispense. Needless to say this exhibit was the cyncosure of all eyes in the building to the right of the main hall. Two other exhibits of more than ordinary merit were those af Mr. G. H. Vestrup, the secretary of the fair, and Mr. H. H. Gardiner. These consisted of fruit and vegetables from ranches of ten acres or less, and the judges necessarily had their work cut out in deciding between the two entries for the Hammond trophy of $100 for first prize and $50 for second. But the premier honor went to Mr. Vestrup and he is to be congratulated on securing such an excellent reward for his labor, which after all is but slight remuneration for the manner in which he worked for the success of the fair in conjunction with the president. The second prize went to Mr. G. H. Gardiner, whose ranch was but three years removed from the actual natural condition of the land when stumps and trees and underbrush abounded.

The Hunter trophy which is given in perpetuity until it is won for 3 successive years by the same exhibitor when it becomes his property, was won by the Middlemas Bros., for a most excellent display of fruit, garden and field produce. To this trophy is added a first prize of ten dollars and a second prize of five dollars.

Other exhibits particularly worthy of mention were those of R.H. Baird of Nakusp, Sam Henry, the Shiell Bros., B. Parkinson, A. J. Graham and T. Rushton.

In the poultry section the display was a very creditable one, many fowl coming from both directions along the lakes and quite a large number from Revelstoke. Needless to say a number of the awards came to this city.

The arts department was particularly flattering to the ladies of the lakes district as some very excellent articles of home manufacture were on exhibition, while the display of home cooking and of flowers would be hard to beat any place.

In opening the fair to the large number of visitors among whom were included between forty and fifty from Revelstoke a number of short and pithy speeches were delivered by the visitors and others. Mr. Robert Gordon, who was first to the bat, expressed his surprise at the splendid specimens of agriculture, horticulture and floriculture displayed, and he congratulated the people of the lakes district on their enterprise in contributing so well to the entry tables. He expressed the opinion that no other source invented drew such attention to a district as did the annual exhibition, and ventured to say that the reciprocatian of ideas at these fairs was the best possible means for the good of the community.

Mr. Fauquier said that it was many years since he first came to this district, and that then he had no idea that such produce could be raised, but was pleased to learn that lumber and mine products were not the only things in that country now. He was very pleased to see the outside visitors and especially those from Revelstoke and welcomed them to the best fruit fair they had yet seen and expressed the opinion that their visit wouldresult in a great deal of good to their own fair of the coming years

Mr. Robt. Howson noted that this fair took him back to the scenes of 30 years ago in Old Ontario, when the country fair was the one event of the season. Then he had got up bright and early and gone to the home of his best girl and taken her off to the country fair. This year, he said he had done the same thing, and was glad he had. He assured the residents of the Lakes district that they would make no mistake in tieing themselves to the Revelstoke boosters, and expressed the opinion that if they did that in years to come they would see not only fifty at their fair from Revelstoke, but a much larger crowd. He congratulated them on the excellence of their exhibits, and was surprised at their neatness and quality.

Mr. C. F. Lindmark said it was wonderful to note the progress made in this district when brought face to face with it as they were at this fair. Four years ago he said he had visited the exhibition at Crystal Palace, London, Eng., and would venture to say that even at that metropolitan show the quality of the exhibits did not excel what he had today witnessed. Mr. Lindmark emphasized the need of reciprocity in trade between the residents of the Arrow Lakes districts and Revelstoke We need you he said, and you need us.

Mr. A.A. Burton extended a hearty welcome to the visitors and trusted that they would have one of the most enjoyable times of their lives at the fair. He did not wish to say much as he was a resident of the district, but assured the visitors that he could heartily endorse everything that had been said.

Mr. Thos. Abriel in formally opening the fair to the visitors thanked those from outside who had come to the fair. The fair he said would be no good without them and thus they must necessarily share the success of the fair with the producers. Last year, he said, the fair when first talked of was considered a joke, but when the exhibits started to come in it was found to be no joke. He thought that next year there would be at least fifty from Nakusp at Revelstoke fair as the result of their visit to this their second annual fair at Nakusp. Mr. Abriel had a particularly good word for the exhibitors at New Denver who had brought up no less than 150 entries.

Among those present from Revelstoke were John Abrahamson, Chas. Holten, A. McRae and wife, Robert Howson and wife, Mrs. Laing, W.B. Robertson, C.F. Lindmark, W. M. Lawrence, J. K. McLean, Robt. Gordon, P.W. Stone, J. H. Munroe, E. M. Allum, A. Connelly, while from Pingston Creek were R.E. Smith, Mrs Capt. Fraser and Miss Winnie Fraser.

Revelstoke Band under the leadership of Mr. E. Edwards was present in full force and contributed musical selections most generously during the progress of the fair. Their music on this occasion was the result of assidnous extra practice and drew forth many complimentary remarks for its excellence.

The fair management arranged an excellent dance which was laegely attended on the last evening of the fair in honor of the many visitors. For this the band and Dr. Lavelle furnished the music, and the gaitics were kept up till well on towards morning The visitors are all loud in their praises of the hospitality of the residents of Nakusp. The officers of the Arrow Lakes Fruit Fair for this year were as follows:

Hon. Pres., W. Hunter, M.P.P.; Hon. Vice-Pres., G. J. Hammond; President, Thos. Abriel; Vice-Pres., H. L. Rothwell; Direstors:—Mrs. W. Herridge, F. G. Fauquier, A. E. Keffer, G.H. Gardiner, A. A. Burton, J. B. McGaghran, J. W. Ford, Thos. Millar, T. Anthony, J. H. McCormack, C. B. Hamling, N. Neubrand. Treas., R. A. Quance; Sec., J. S. Vestrup; Manager, Thos. Abriel.

Following is the full list of the prize winners at the fair:

APPLES.

During the second day of the Arrow Lakes Fair at Nakusp last week an impromptu program of sports was arranged, which added in no small degree to the success of the fair and to the pleasure and entertainment of those present. To Mr. Boyd of Halcyon must be given credit for this additional attraction, he being ably seconded in his efforts by R, W. Lindsay of Beaton, and E. M. Allum of Revelstoke. The program was as follows:

100 yards dash—1, A. R. Hillier, sack of flour, which the winner promptly donated to the Nakusp hospital; 2, S. S. Carstairs, $2.50.

Horse race, half mile—1, Howell Jordan, on Diamond, $10; 2nd, Tom Morrison, on Lou McDougall's Jinks $5.00.

Married Ladies race—1, Mrsf L. F. McDougal, $5; 2, Mrs. A.V. Carlson, $2.50.

Girls race, over 16—1, Edith Rushton, $5; 2, Susie Weins, $2.50.

Standing Broad jump—1, W. Boyd, $5; 2, E. M. Allum, $2.50.

Girls race, under 10—1, Eliza Lekur $2, 2, Thelma Hobbs, $1; 3, Margaret Quance, 50c.

Boys race, under 10—1, Eric Levesque, $2.

Boys race, 10 to 15 years—1, A. Hanage, $2; 2, Robt. Sutherland, $1; 3, Eugene Levesque, 50c.

Fat Man's race, 200 pounds or over—1, G. H. Gardiner, $5; 2, C. F. Lindmark, $2.50.

The ball of the evening of the second day was a big success, the ball being prettily decorated with flowers and bunting, the former being contributed by Mrs. F. G. Fauquier of the Needles ranch, who although an invalid and unable to attend always takes a keen interest in local affairs. During the evening handsome tea sets were presented to President Abriel and Secretary Vestrup, in appreciation of their untiring efforts in making the second annual fair the success which it undoubtedly was.

Makes Hair Grow

C. R. Macdonald has an invigorator that will grow hair or money back.

The time to take care of your hair is when you have hair to take care of.

If your hair is getting thin, gradually falling out, it cannot be long before the spot appears.

The greatest remedy to stop the hair from falling is SALVIA, the Great American Hair Grower, first discovered in England. SALVIA furnishes nourishment to the hair roots and acts so quickly that people are amazed.

And remember, it destroyes the Dandruff germ, the little pest that saps the life that should go to the hair from the roots.

SALVIA is sold by C. D. Macdonald under a positive guarantee to cure Dandruff, stop Falling Hair and Itching Scalp in ten days, or money back. A large bottle costs 50c. The word "SALVIA" (Latin for sage) is on every bottle.

Wood for Sale

First class wood, any desired length and in any quantity can be had by leaving an order at S. McMahon's blacksmith shop.

Phone No. 87

DAN McINTOSH

Bury's Appointment Confirmed.

Montreal, Oct. 5—C. J. Bury, general manager of western lines of the Canadian Pacific, has been appointed vice president, in addition to his present position, with headquarters at Winnipeg. In other words, Mr. Bury is the successor to Sir William Whyte and will have all the authority in the territory covered by the resigning head of the system in Western Canada.

Mr. Bury is one of the best known railway men in Canada. He first became identified with the C. P. R as secretary to Sir William Van Horne. Later he was appointed a superintendent, with headquarters at North Bay and was transferred to Winnipeg as assistant general manager in 1907, a year later being advanced to the office of general manager of western lines. In the railway and business world he is known as a man of great energy and splendid grasp.

FIELD FLASHES

Mrs. H. W. Swerdfager has returned from a trip to Vancouver.

The long talked of Y.M.C.A. seems to be in sight at last, a meeting was held on Wednesday night, the 4th inst and plans talked over and committees appointed so with our hustling Mr. Hartley, who was a Y.M.C.A. secretary before coming here, we have every prospect of a Y.M.C.A. before the winter sets in.

Mrs. H. Webster entertained a few friends on Tuesday of this week for the purpose of re-organizing the Thimble Club, of which so many pleasant afternoons were spent last winter and spring.

Miss Madge McLean arrived home this week from Calgary where she has been visiting friends.

Mr. and Mrs. Alfred Mahonney are rejoicing over the birth of a son and heir.

Mrs. Kendale, who has been manageress of the Emerald Lake chalet for the season, left on Sunday for her home in Calgary.

Royal Welsh Ladies' Choir

The Royal Welsh Ladies' Choir is unique in a way, being a finely balanced and fully equipped collection of women singers, with a woman as conductor, who directs her chorus with dignity and intelligence. All the voices have a delightfully fresh quality. Musicianly intelligence is another marked feature, and these gifted young women displayed what can be done with good voices, for in volume and total beauty they accomplished what one would expect from double the number.—The Courier, Buffalo, N.Y. At the Edison theatre, Monday, October 16th.

PORT MANN

The Pacific Terminal Port of the Canadian Northern Railway

Official announcement is made that the townsite lots will be on sale within sixty days. As was the same in Prince Rupert record prices will reign, some say $15000 to $20000 per lot. The lots nearest to what will be the highest priced railway lots are those across the road belonging to us. They are big 50 feet by 164 feet lots to a 20 foot lane, and are about 300 yards off the water front. Prices now asked are only from $1500 up with 3 year terms. These show opportunities for greatest quick profits ever offered in the country. No private subdivision in this Terminal can ever be so close as ours. Remember the highest prices at the sale will set the value to our lots. We recommend speedy action as only about fifty lots remain unsold. Ask for maps and prices. Sole agents—

E LET MOONEY DO IT

MOONEY MAKES THE CRISPEST, CREAMIEST BISCUIT

"LET MOONEY DO IT"

Thousands of people all over Western Canada are letting **MOONEY** make their biscuits.

They have found that **MOONEY'S BISCUITS** are just a little crisper, just a little creamier, just a little thinner, just a little more appetizing.

MOONEY'S BISCUITS are just good enough to take the place of the product of the home oven; Use

MOONEY'S PERFECTION SODA BISCUITS

Made in the big sanitary factory in Winnipeg.

The biscuit that's good for every meal of every day, In air tight, dust proof, damp proof packages or sealed tins, 9

SPECIAL ATTRACTION

Royal Hungarian Quartette with the Allen Players

A very special feature will be seen with the Allen Players this season. The Royal Hungarian Quartette has been secured by the management to give selections of high class music between acts.

on the Sullivan and Considine Vaudewere brought out to this country by Henry W. Savage for the original Merry Widow Company and played for two years with that organization after which they made a tour of the principal cities of the United States on the Sullivan and Bonsidine Vaudeville Circuit.

The class of entertainment put up by this quartette is something entirely different to anything hitherto seen in this section of the country. They play on the native instruments of their own country and their selections comprise native melodies, grand opera, popular songs, and national and patriotic airs.

They play in the native costume of their own country, which adds greatly to the attractiveness of the specialities.

The Allen Players open in the Edison theatre on Tuesday, Oct. 17th for two weeks commencing their engagement with "The Lion and the Mouse."

NOTICE.

Notice is hereby given that thirty days after the date of the first publication hereof, the undersigned will make an application to the Board of Licensing Commissioners for the City of Revelstoke for permission to transfer to A. P. Levesque, of Revelstoke, B. C., the license to sell liquors by retail at the Hotel premises at Revelstoke known as the Union Hotel.

Dated this 21st September, 1911f

30ds. Levesque & Walsh.

Miss Beatrice Langford with the Royal Welsh Ladies Choir, Edison Theatre Monday, October 16th

Makes Hair Grow

C. R. Macdonald has an invigorator that will grow hair or money back.

The time to take care of your hair is when you have hair to take care of.

If your hair is getting thin, gradually falling out, it cannot be long before the spot appears.

The greatest remedy to stop the hair from falling is SALVIA, the Great American Hair Grower, first discovered in England. SALVIA furnishes nourishment to the hair roots and acts so quickly that people are amazed.

And remember, it destroyes the Dandruff germ, the little pest that saps the life that should go to the hair from the roots.

SALVIA is sold by C. D. Macdonald under a positive guarantee to cure Dandruff, stop Falling Hair and Itching Scalp in ten days, or money back. A large bottle costs 50c. The word "SALVIA" (Latin for sage) is on every bottle.

A Gurney-Oxford is as prompt as young Appetites

There is no delay; the children never have to wait for meals when you have a Gurney-Oxford in the kitchen. With this range dinner is on the dot. Your fire is absolutely reliable, the heat regulated and controlled by an exclusive device, the wonderful little OXFORD ECONOMIZER. This patent damper enables you to forget the fire until the hour to start dinner. And the saving of coal will astonish you; 20% reduction on your bills is an easy record for this little regulator.

GURNEY-OXFORD

Another advantage is in its splendid oven facilities. No more soggy or over-done baking. The oven heat is controlled and guided equally over front, back and sides by means of the DIVIDED FLUE STRIP.

The Reversible Grate, the Broiler Top, the patent Lift-up Hearth are more reasons for owning a Gurney-Oxford, and to these advantages are added a shining appearance, artistic design and perfection of operation.

You are invited to come and see this and others of the Gurney line.

Lawrence Hardware Company, Ltd.

REID & YOUNG

The Royal Welsh Ladies' Choir, Edison Theatre, Monday night

THE CITY IN BRIEF

Moving pictures at Edison theatre tonight.

Mr. J. H. Young of Comaplix, was in town yesterday.

The Rebecca Dance Monday, Oct. 30th. Band in attendance.

Mr. N. McEachren returned on Monday from a business visit to Vancouver.

Don't forget the Rebecca Dance on Thanksgiving evening at the Opera House.

The Villa Lots for sale by W. B. Robertson are close to the city. Call and get particulars.

PIANO FOR SALE—In first-class condition, terms reasonable, apply to Mrs. D. M. Rae, Fifth street.

The Ladies' Guild of St. Peter's church will hold their usual sale of work about the end of November.

The Band of Hope will meet on Friday afternoon in the city hall, and the second and fourth Friday of every month.

Don't forget the auction sale of household furniture, Tuesday, Oct 17th, at D. M. Rae's residence, Fifth street.

Mr. P. Ogilvie, C.E., was a visitor to the city on Monday direct from Tete Jaune Cache and Edmonton where he was engaged in railway work.

Mrs. J. T. Telfer will receive Friday, the 13th inst, afternoon and evening, and thereafter on the second Friday of each month, afternoon and evening.

On and after Monday the 16th of October, according to instructions received from the barbers union the city barber shops will close at seven p.m., excepting Saturday, which will be 10 p.m.

Mrs. H. J. Woodman will receive formally for the first time at her home on Nineth street, on Friday the 13th inst, from 4 to 6 and 8 to 10 p. m., and on the fourth Friday in each month thereafter.

The Boilermakers and Machinists of the G.T.P. went out on strike yesterday. The strike affects all points west to Edson, Alta. The demand is for 45½c. per hour and a nine hour day.

While the newspaper despatches announce big floods in the southern states and Mexico, the streams of British Columbia were never as low for years as they are this season. The Columbia river and the Illecillewaet are exceptionally low and in the knowledge of the oldest timer there never was as little water in these rivers as there is at the present time, due no doubt to the beautiful dry fall we are experiencing in the interior.

An entire new program at the Edison theatre tonight.

New Laid Eggs 50c. Per Doz.

In order to get the best results from your chickens you must provide the best foods available, as without these egg producing foods you certainly do not get the best results. Try our Beef Scrap, Oyster Shell Grit, Crushed Bone or Alfalfa Meal.

FEED—We also carry a full stock of Hay, Oats, Wheat, Barley, Corn, Chop, Bran and Shorts.

A. HOBSON, Baker and Grocer.

LOOK AT THIS

We have ninety cords of good, clean, dry cedar in 14 and 16 inch lengths at $6 a cord, also cedar, fir and hemlock mixed. Get your orders in early for immediate delivery.

KOOTENAY AGENCIES LIMITED

Moving pictures at Edison theatre tonight.

Bear the date in mind, Oct. 30th—Turkey Supper at Y.M.C.A.

Mr. Thompson, at the opera house is changing his pictures tonight.

Lots of good bargains at the auction sale Tuesday, Oct. 17th. Watch for hand bills.

It is reported that a few days hence will see the end of the Crow's Nest strike!

Monday, October the 30th is the date of the turkey supper at the Y.M.C.A.

Already there is a big advance sale for the Ladies' Royal Welsh Choir at the Edison theatre on Monday night.

The soil on the Villa Lots advertisedby W. B. Robertson, is unsurpassed for market gardening.

Hon. Hugh John MacDonald, son of the late Sir John A. MacDonald, may be appointed a senator.

Mr. J. H. Way, teller of the Imperial Bank at Sault Ste. Marie, Ont. is in the city the guest of his uncle, A. Johnsonf

Auction Sale, Tuesday, Oct. 17th, household furniture, all in good condition at D. M. Rae's residence on Fifth street.

The Y. M. C. A. Ladies Auxiliary are making arrangements to hold a thanksgiving supper Monday, Oct. 30th, at 5:30 o'clock.

Mr. Ed. Adair spent Sunday and Monday in town, the guest of his daughter, Mrs. Keegan. Mr. Adair was en route to Toronto and Ottawa

The plan for the Allen Players will be opened tomorrow at C. R. Macdonald's drug store. The company open their engagement on Tuesday night in "The Lion and the Mouse."

Mrs. B. A. Lawson was at home to a large number of friends yesterday afternoon at her residence on Third street.

Messrs. J. M. Kellie and F.B. Wells disposed of fifteen sections of timber in the Carriboo district to Buffalo capitalists. The price is not given but it is understood to have been a fair figure.

Notice to Housekeepers:—Why worry about cooking a turkey dinner for Thanksgiving, when the Ladies Auxiliary to the Y.M.C.A. are serving one at 5:30 o'clock at the Y.M.C.A. building.

The C.P.R. will continue its summer train service throughout the winter. In former years two trains each way was sufficient to look after the passenger service in the winter months, but owing to the great increase in travel over the C.P.R. this winter it was found necessary to keep the three trains in operation the year round.

The new improved Empire Typewriter is now on the market with the following improvements.— Six new additional characters, as follows £, @, ½, *, x, a tabulator, a back spacer for going back one letter only at a time, an automatic, reversible ribbon, insuring even wear, an arrangement by which marginal notes may be made without altering the fixed margin; the noise has been minimized to practically noiseless, and the action is so easy that the slightest pressure manipulates the keys. The Interior Publishing Company are agents for this machine in this district.

Royal Welsh Ladies' Choir

That the Royal Welsh Ladies-choir which will appear at Edison theatre, Monday, Oct. 16th, brings the goods with it when it tours a country, and that it captivates the heart of the people, needs no other certificate than the fact that the choir on its third tour is receiving a warmer reception than it ever received on its previous tours. The daughters of Wales have found out that Americans and Canadians are truly a musical people and, as *Madame Hughes-Thomas puts it*, the proof of a really musical nature is the shunning of musical trash, however cheap it may be and the patronizing of musical art for art's sake, even though the price be prohibitive. Musical America has gone crazy—to use a vulgar term—over the singing of the lasses from Wales, not because of any high price they had to pay to hear them, but because the singing of the choir reached the ideal of a genuinely musical people Hence the third visit of the choir and the invariable warm reception it has met with so far at every appearance.

KINDERSLEY

The C. N. R. Centre of Central Saskatchewan

$90 DO IT NOW $90

We know of no better chance of making a good substantial profit on a small investment than a purchase of Kindersley Lots to-day. This new Saskatchewan town on the C. N. R. line, 125 miles west of Saskatoon and 200 miles east of Calgary, offers a rare opportunity. It is situated in the heart of a magnificent agricultural district just being developed. Seventy steam ploughing outfits have been in operation there all summer. The C. N. R. are making Kindersley a railroad centre, the same as the C. P. R. did of Calgary in the early days. They have now a nine stall Roundhouse, large Freight Yards, a handsome station, with four branch lines in course of construction. This means they intend making Kindersley a great distributing centre, and its advancement will be rapid. Although only a little over a year old, they have over 700 of a population. See our window for pictures of this new town. Come in and we can show you pamphlets and letters from their board of trade confirming all we say of Kindersley. Our sub-division called "Rosedale" is located only a few blocks from the station, adjoining the Roundhouse and Yards, and we can guarantee it to be a money-maker. A large number of lots already sold,—Price only $90 a Lot; corners $20 extra. Terms—$10 a lot down and $5 a month for the balance.

$90 DO IT NOW $90

LISTINGS WANTED OF REVELSTOKE PROPERTY
