MOTOR ROAD FOR THE INTERIOR

W. W. Foster and Engineer J. P. Forde Coming on Tour of Investigation---Road, if Completed, Will Be a Scenic Wonder of the Continent

Victoria, April 12—W. W. Foster, Deputy Minister of Public Works, will leave tomorrow for Revelstoke, where he will be joined by J. P. Forde, resident engineer of the department, who will accompany him on a trip through the interior.

Mr. Foster goes to the upper country to make arrangements for the season's work there and it is likely while on this trip he will take steps towards having a start made on the construction of the Banff-Windermere motor road. Messrs. Foster and Forde made a trip over the route of the proposed road last summer, and since then the Deputy Minister has taken a very keen interest in the project, which he believes will be of immense advantage to B.C. by attracting a very desirable class of tourists to the country. As is already known, the road, after leaving Banff will follow up the Bow river to Castle Mountain and then, crossing the Bow, will reach the head of Vermillion river through the Vermillion Pass in the main range of the Rockies. It will then follow down the Vermillion to the Kootenay river, which will be paralleled to a point opposite the Sinclair Pass. Leaving the Kootenay there the Sinclair Pass will be crossed and the descent made to the Columbia river via the famous Sinclair Canyon and hot springs. The northern route can then be taken down the Columbia to Golden or the southern route followed to Windermere and thence to Cranbrook and the Crow's Nest Pass.

Maximum grades of five per cent. have been obtained on the location, and as the road passes through some of the most magnificent scenery in the Rocky mountains, past peaks of surpassing grandeur, glaciers, waterfalls and other scenic attractions, while large and small game and hundreds of varieties of wild flowers abound, and in the main rivers and streams is to be found magnificent fishing, it can readily be seen that the road, when finished will be one of the noted attractions on the continent and the province will profit accordingly.

Death of Miss Eaton

After a very short illness, Miss Ethel Eaton, for two years a teacher in the primary grade of the public schools here, succembed to a severe attack of pneumonia. The deceased had been in apparently good health up to within a day or two of her death. She was removed to the hospital on Tuesday morning and died on Wedneshay night April10th, in spite of all that could be done to check the fast developing disease.

The funeral took place from the home of Mr. and Mrs. E. M. Clay, and was largely attended. The teachers of both schools and the pupils marched in a body to the station to honor their beloved co-worker and teacher. The large number of flowers and the kind expressions of sympathy showed the loved esteem in which Miss Eaton had been held. The service at the house was conducted by Rev. E. J. Chave, pastor of the Baptist church, assisted by Rev. R.J. McIntyre and Rev. W. J. Stevenson.

The pall bearers were Mr. Paul Samson, E. Cameron, B. Duck, C.R. Macdonald, K. G. McRae and W. E. Dickey. Among the many handsome floral offerings, were wreaths from the Baptist church, W.C.T.U., of which organization deceased was a prominent member, Band of Hope, school trustees, school teachers, the young people of the Methodist church Mr. and Mrs. K. McRae, E. Ming, and flowers from Young Ladies' Hospital Auxiliary, Mrs. Paget and family, Agnes and Laddie Cressman, Everett McCleneghan, Glen Lilley, Miss Jean Thomas, Godfried and Almone Carlson, and many others.

The body was taken east to her home in Grawith Center, N.S., where the father, two sisters and three brothers are living. It was accompanied by Miss Annie Eaton, sister of deceased and also a teacher in the schools here, Mr. Judson Eaton, brother of the deceased and Mr. Chas Clay. The deepest sympathy of all who knew her is extended to the sorrowing ones who make the journey, and to the ones who wait in the home by the sea.

The late Miss Ethel M. Eaton, was born in Granville Center, Annapolis County, Nova Scotia, her parents having been for many years respected citizens of the Eastern province. After graduating Miss Eaton was engaged as a teacher at various Eastern schools, and about two years ago accepted a position in the public school here, making her home with Mr. and Mrs. E. M. Clay of this city. On Thursday evening, April 4, deceased attended the Band of Hope of which organization she was superintendent, but was compelled to leave the meeting and return home on account of sickness. At first the illness was not regarded seriously, being treated as an ordinary cold but Miss Eaton became steadily worse, the following Tuesday morning she was ordered into the hospital, acute pneumonia set in and she never rallied, dying on Wednesday evening at 11 p.m.

The premature death of this talented and popular young lady has cast a gloom over the city and district, and the heartfelt sympathy of all is extended to the sorrowing family in their bereavement. A very sad feature of this death is that Miss Eaton was engaged to be married to Mr. C. R. Clay of this city, and was shortly expecting to visit her old home in the east, as a bride.

B. C. Poultry Association Meets

Mr. F. W. Laing returned from Victoria on Wednesday of this week having been in attendance at a meeting of the Executive Committee of the B. C. Poultry Association. He reports a heavy docket of business disposed of keeping the committee busy from 9:30 to 7 P.m. The winding up of business arising out of the late Provincial show at Vancouver, took up the greater part of the time. Every person who thought he had a grievance had a communication up for consideration. In order to get the machinery in working order for the Winter show to be held in Victoria, January 20 to 24th, 1912, the appointment of Show Secretary and Show superintendent was made. Mr. H. D. Reid of Victoria was appointed show secretary, whilst Mr. J. J. Devine of Revelstoke was appointed show superintendent. Both of these gentlemen have shown their ability to perform the duties which are entailed in the respective appointments That Revelstoke should be honored with an appointment of this nature, reflects credit upon the local show. A number of amendments to the constitution and by-laws of the Provincial Association have been suggested by the affiliated local associations, and a committee was appointed to compile these amendments and prepare a draft form of an amended constitution to be submitted to a general meeting of the B. C. Poultry Association to be held in Vancouver during the Vancouver Agricultural show in August.

The number of affiliated Associations has increased so rapidly that it has been found that the provisions made for an association with eight affiliated associations are inadequate for a parent association with over thirty affiliations.

A visit to the pens containing the egg-laying contestants showed the birds to be generally in good condition and all laying satisfactorily. Some few of the birds had been feather picking but the Superintendent in charge stated there was no appreciable decrease in the number of eggs from the pens where this habit had been formed. Treatment was being tried to remedy the evil.

M. J. Bingham of the Revelstoke Music Store, the well known piano expert, has just returned from Vernon where he went on a special job to repair and renovate a piano damaged in the recent theatre fire at Enderby. This piano had been given up as a hopeless wreck, but Mr. Bingham succeeded in putting the instrument into such good shape, that he received orders for the repairing and tuning of twenty other pianos in the town of Vernon, and remained there two weeks to clean them all up.

INTERIOR STATIONERS MEET AT REVELSTOKE

Transact Business Annually

Select this City as Most Centra and Suitable Point in the Interior

Wednesday and Thursday of this week Revelstoke has been the scene of much activity in the stationary line. Owing to the central location of this city the Eastern wholesale stationers have for years at this time of the year selected Revelstoke as a suitable and the best point for them to meet their retail patrons — consequently numerous retail stationers from practically all the interior towns have been here the middle of this week, looking over the immense stocks of the representatives of the Eastern wholesalers.

Among the retail stationers who were visitors to Revelstoke on this occasion was Mr. J.B. Cliffe, a well known Kamloops stationer who along with others selected his Christmas stock.

By adopting this method of meeting their retail customers, the crafty wholesalers need not open their cumbersome baggage again until they reach the coast. The work of selecting Xmas stocks of the retail merchants at Revelstoke occupied two full days.

This incident is a practical demonstration to show what exceptional advantages Revelstoke has as a central point. From Nelson and other Crow points, as well as Kamloops, Vernon and Eastern B. C. points, retail traders each year in the month of April by pre-arrangement meet the representatives of large Eastern wholesale stationers, at Revelstoke and select their stock of goods for the coming year — and so this city is the recognized commercial hub for this class of business men.

Small Blaze

On Wednesday evening last, a fire which at one time threatened to assume serious proportions, broke out in the Cummings residence on Fourth street, at 11:30 p.m. A passer by noticed flames issuing from the kitchen at the back of the house, and at once turned in an alarm from the fire signal box situated directly opposite the house on the same street. The brigade made a very prompt turnout, and were on the job a little over the bare three minutes after the alarm was sounded. The fire was found to have originated in the kitchen from an overheated stove, and the flames had a good start, the kitchen being a roaring furnace when the hose were got to work. Thanks to the prompt turn out and some clever work by the brigade, the flames were kept confined to the scene of the outbreak and the main building was very little damaged. In half an hour the fire was well under control. Damage estimated at $500 was done.

At the Empress Theatre

Messrs. Munro and Smythe, of the Empress theatre completed arrangements with Wallace Graham the well known Concert Director, for the following attractions to appear here this season:

The Toronto Glee Club, led by H. Ruthven MacDonald, the famous basso; The Kenney Harvey Entertainers introducing Bert Harvey and his Barrel of Fun; the celebrated Toronto Ladies Quartette and the Managing Mildred Opera Co.

Arrangements are now under way for the appearance of Madame Schumann Heink.

First Practice

The first annual practice of the Revelstoke Gun Club was held last Wednesday afternoon. The wind was blowing a gale which made the scores low. The club looks for a very successful season as there is a good membership of good fellows with beautiful grounds and an ideal trap house and a first class trap.

The following was the score made on Wednesday last:

Event One, 25 birds for the buttons

McDonell	19
Sturdy	16
Barber	19
Munro	17
Morgan	14
Cronyn	13

McDonell ties in Class A with Barber, the latter wins in the shoot off. Morgan wins in Class B.

Even Two:—

McDonell	20
Sturdy	21
Barber	22
Munro	17

SATURDAY, APRIL 13th, 1912

The promotion of A. S. Goodeve, M.P., to a seat on the Railway Commission will necessitate a bye-election for Kootenay in the immediate future. Already several names have been mentioned as suitable persons to represent the Kootenays in the Federal parliament, and prominent among these is that of Mr. Robert F. Green, of Victoria.

Should Mr. Green consent to allow his name to go before the electorate it will be unanimously agreed he would make an exceptionally good member, he is one of the old timers of the Kootenays, thoroughly familiar with conditions throughout this district. He is well informed upon all the fine points involved in the pending negotiations between the Dominion and Provincial governments on the matters of better terms, and the very important local issue involved in the arranging of the transfer of the railway belt lands, to the Provincial government for administrative purposes.

It must therefore be conceded that with these qualifications, combined with his personal experience and ability, Mr. R. F. Green would be an able champion and representative of this district in the Dominion parliament. The candidature of Mr. Green would have the cordial approval and support of Premier McBride, and would also command the unanimous support of the Conservatives of the Kootenay Electoral district, particularly of the northern parts of the county and the city and district of Revelstoke.

Should Mr. Green decide to accept the nomination which will undoubtedly be offered to him, his election is a foregone conclusion.

A Publicity committee of the Board of Trade, unofficial perhaps, but energetic, is busily engaged in the commendable task of starting the ball rolling with a view to an active Publicity Campaign for Revelstoke, resources and railways this summer.

Among the suggestions made and under consideration by this committee, is that the readers of the Mail-Herald and the citizens generally, be asked to forward to the editor of this paper, the particulars of any ideas which they may have, in the way of assisting with the good work A motto or slogan for Revelstoke, similar to those so effectively used by other cities, is needed, also ideas regarding the decorating of all envelopes, with matter suitable as an advertisement of this city and district. The editor of this paper therefore takes this opportunity to request that "Ideas" along these lines, be put on paper and forwarded to him, to be subsequently transferred to the Publicity committee. The best of the letters received will of course, also be published in our columns.

Numerous citizens have requested the Mail-Herald for a definite statement regarding when the operations of the Dominion Sawmills and Lumber Co., Ltd., will be commenced. Everyone, not only in Revelstoke, but the entire district is deeply interested in this subject as the Dominion Sawmills is the chief industry here. But gentle reader be patient, in the columns of this paper in a very near issue will appear a definite statement dealing with this important matter. This paper desires facts for publication and the practice adopted by many western papers of publishing suppositions only, as facts, does not appeal to the editor of the Mail-Herald. In the mean time keep your ear to the ground for good news about the resumption of active operations by this big lumber company.

Revelstoke Man an Inventor

Mr. John Bingham, the proprietor of the Revelstoke Music store, and a piano and mechanical expert, has taken out a series of patents in Canada and the United States, on a very simple but ingenious device, known as the "Bingham automatic Gramaphone Brake." The idea of this invention is to provide a light simple attachment which can be easily fitted to any gramaphone, by means of which the machine will be automatically stopped playing as soon as the last thread of the record is reached. The invention has been pronounced practical, and the owner is now negotiating with the principal gramaphone companies for a sale of a portion of his rights. The attachment will be made of aluminum and it will weigh but two ounces, and is calculated to solve a problem which the makers of gramaphones have endeavored to surmount for many years.

Mr. J. W. Whiteley, Grand Organizer for the Provincial Orange Lodge arrived in town Friday morning, he will spend a week in the city among the brethren. He reports organizing the twentieth Orange lodge in Vancouver city before coming to the interior.

ARE MICROBES IN YOUR SCALP?

It Has Been Proved That Microbes Cause Baldness

Professor Unna of Hamburg, Germany, and Dr. Sabourand, the leading French dermatologist, discovered that a microbe causes baldness. Their theory has time and again been amply verified through research experiments carried on under the observation of eminent scientists. This microbe lodges in the Sebum, which is the natural hair oil, and when permitted to flourish it destroys the hair follicles and in time the pores entirely close, and the scalp gradually takes on a shiny appearance. When this happens there is no hope of the growth of hair being revived.

We have a remedy which will, we honestly believe, remove dandruff, exterminate the microbe, promote good circulation in the scalp and around the hair roots, and overcome baldness so long as there is any life left in the hair roots.

We back up this statement with our own personal guarantee that this remedy called Rexall "93" Hair Tonic will be supplied free of all cost to the user if it fails to do as we state.

It will frequently help to restore gray and faded hair to its original color, prooiding loss of color has been caused by disease; yet it is in no sense a dye. Rexall "93" Hair Tonic accomplishes these results by aiding in making every hair root, 'ollicle, and pigment gland strong and active, and by stimulating a natural flaw of coloring pigment thru' out the hair cells.

We exact no obligations or promises—we simply ask you to give Rexall "93" Hair Tonic a thorough trial and if not satisfied tell us and we will refund the money you paid us for it. Two sizes, prices 50 cents and $1.00. Remember, you can obtain it in Revelstoke only at our store — The Rexall Store, Walter Baws' drug store.

Y. M. C. A. NOTES

Footballers—A meeting of all those interested in Football is called for Monday evening next, April 15th. The object being to form a Y.M.C.A. football league.

Baseballers — On Tuesday evening next, April 16th a special meeting of the baseball captains representing each team will be held at 8 o'clock sharp in the reading room. The following teams this far entered to be represented:—C.P.R. J.B.C., Pirates Corley House. Each captain is requested to bring another member of the team with him. Business of importance is to be transacted. Let us discuss the situation with an open mind, so that we may decide upon a feasible plan to promote clean sport, and submit rules to govern all league games. I say, boys, let us work together and make this season's sport the best yet.

Sunday afternoon from 3:45 to 4:45 p.m., a meeting for men is held in the Association lobby. Mr. Paton, of St. Peter's church will address the meeting. Good singing. After your afternoon walk spend an hour at the Y.M.C.A.

MALAKWA NOTES

Parties desiring information regarding the Valley of the Garden ol Eden, can obtain same free of charge by writing to Mr. J. H. Johnson, Malakwa, B. C.

Editor Mail-Herald:—

Dear Sir,—It is hard to overlook the comments of A Settler in your issue of April 6th. In his statement that Craigellachie had received more than its share of publicity through this space dedicated to the Garden of Eden Valley. Had he stopped to consider how easily this could have been avoided by depositing a few other articles with the editor he could have given his own roof as many coats of paint as he wished.

Consistancy is a virtue of which none of us have to spare, come again brother but do not accuse others of faults of your own. And we might ad that Craigellachie is the oldest station in the valley and a noted spot in the building of the C.P.R. so much so that they have caused a monument to be erected to mark the spot where the last spike was driven connecting the east with the west, and its vast acres of fine agricultural lands surrounding this place, its fine scenery and the Craigellachie creek that flows into the Eagle river at this point with its numerous waterfalls and deep chasms makes the future of Craigellachie anything but visionary and now the C.P.R. is making an expenditure of nearly one quarter of a million of dollars putting in a mamoth rock crusher and gravel washer to be used in improving their road bed, giving work to hundreds of workmen, making the pay roll of Craigellachie no small item of which larger places might feel proud.

And now, Mr. Editor, we wish to say that our heart goes out to the whole valley and every point in ...it is worthy of notice and every hamlet adds to the interest of all and we sincerely trust that we shall never get so narrow minded as to be jealnus of our neighbors success and are willing to bear our share of the burden and let the advantabes fall on who they may.

Let us extoll the advantages and possibilities of them all, whether it be Taft, Craigellachie, Swanley, Malakwa, Bowie or Salsqua, they are all worthy and are a part of the Garden of Eden Valley.

SETTLER.

The Valley of "The Garden of Eden"

Situated at MALAKWA AND CRAIGELLACHIE, B. C.

Just 32 Miles West of Revelstoke, and Extending between Sicamous Junction to Three Valleys Station

Area of First-Class Land---20,000 Acres

Agreement With West Indies

Ottawa, April 9—On the conclusion of the trade conference between the representatives of the Dominion and the various West Indian governments today, Hon. George E. Foster, minister of trade and commerce, gave out an official statement as follows:

"An agreement signed in duplicate was issued today by the representatives of the West Indian colonies and the government of Canada. It was the result of five days' sittings in conference and a deal of steady work done outside the conference by sub-committees. The agreement is made for a term of years and revocable at the end of the period named therein on one year's notice. It includes exchanges of products on a wide and generous scale and is based on a preference to the products of each country in the markets of the other.

"The agreement goes to the governments of the colonies included for consideration and comes into effect when approved by both the Dominion and colonial legislature and his majesty's secretary of state for the colonies. It will be possible for all these to consider and decide, and for the agreement to go into effect before the beginning of the year 1913. Judging by the instructions given to the various delegates by their respective governments, and the evident goodwill and harmonious co-operation shown by them in the sessions of the conference, it is anticipated that no objection will be made to the speedy ratification of the agreement.

"The agreement is between Canada and the interested colonies alone and leaves both sides with complete liberty to adjust the tariffs in respect to all other countries. Grenada, the Bahamas, Bermuda, Jamaica and British Honduras are the only West Indian colonies that are not included and for these the latch string is left on the outside of the door and the lamp kept burning in the window with a warm welcome fire certain for them when they come.

"The questions of improved cable and steamship communications between Canada and the West Indies were carefully considered, and the views of the conference were embodied in resolutions unanimously passed. The objective of these resolutions is an up-to-date and adequate cable and steamship connection based upon the co-operation of the West Indian colonies, the Dominion of Canada and the government of Great Britain. Inasmuch as the agreement is to be submitted to the various governments concerned for their consideration and approval, it is not advisable to give the details thereof at present to the public."

HEAVY DRINKER CURED

Samaria Cured Him, and He Helps Others

A man who has been released from the awful cravings of drink, and whose first thought is to help others, shows the spirit of true brotherhood and philanthropy. Read his letter:

"The Samaria Remedy Co., Toronto, Ont.:

"Will you please send me book on drink, also circulars relating to your valued remedy for the drink habit. I wish to hand these to a friend who is going to ruin through drink. You will remember that I have taken your remedy, and I find it all you claim it to be. I never think of taking or using strong drink in any way, as all desire for it has left me. I cannot speak too highly of your wonderful remedy. You may use my name in any way you wish in public.

"H. Lilywhite, Brigden, Ontario."

Samaria Prescription is tasteless and odorless, and dissolves instantly in tea or coffee, or can be mixed with food. It can be given with or without the patient's knowledge. It removes the craving for drink, builds up the system and restores the nerves. Drink becomes distasteful and even nauseous.

Drink is a disease, not a crime. One drink of whiskey always invites another. The inflamed nerves and stomach create a craving that must either be satisfied by more whiskey or removed by scientific treatment like Samaria Prescription. Samaria Prescription has been in regular and successful use by Physicians and Hospitals for over ten years.

If you know of any family needing Samaria Prescription, tell them about it. If you have a husband, father or friend that is drifting into drink, help him save himself. Write to-day.

A FREE TRIAL PACKAGE of Samaria Prescription, with booklet, giving full particulars, testimonials, price, etc., will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this paper. Correspondence sacredly confidential. Write today. The Samaria Remedy Co., Dept. 46-49, Colborne street, Toronto, Canada. Also for sale by C. R. Macdonald, Druggist, Revelstoke, B. C.

As an illustration of great devotion to truth, a would-be M.P. told his auditors that he "underwent a severe thrashing when a boy for telling the truth." Imagine the sickly feeling which came over him when a gruff voice called out from the centre of the audience: "I guess it's cured yer, guv'nor."

Victor Horniess Machines 6 from $20 upwards. Edison Phonographs, from $19.50 upwards.—Revelstoke Music Store, McKenzie Avenue.

Towel Sewed inside a Woman

New York, April 8—That a large hospital towel was sewed up in Mrs. Mollie Myers' body and remained there for five weeks after she had been operated on in St. Vincent's hospital by Dr. Herman J. Boldt, of No. 39 East Sixty-first street, was the substance of a deposition made by Dr. Benjamin Friedman, formerly of No. 308 East Third street, now living in Hungary, and which was filed yesterday in the supreme court here.

The deposition was taken in a suit of Mrs. Hyers, who lives at No. 104, East Broadway, against Dr. Boldt for damages. Dr. Friedman gave his testimony at the American consulate general, at Budapest, Hungary. He is a graduate of the University of Budapest and of the Lond Island college hospital.

The towel which Dr. Friedman says he found sewed up in Mrs. Myers, when he operated upon her five weeks after the original operation by Dr. Boldt, he describes as a yard long a foot wide, with red borders and bearing a label reading "St. Vincent Hospital."

Dr. Friedman says in his affidavit, that he had attended Mrs. Myers and in November, 1905, decided that an operation would be necessary and recommended that Dr. Boldt act as the surgeon.

Mrs. Myers was taken to St. Vincent's hospital, says Dr. Friedman, and Dr. Boldt operated upon her in the presence of himself, several assistants and nurses. She left the hospital November 15th.

Dr. Friedman then tells of Mrs. Myers calling upon him ten days later and of finding the wound in a poisoned condition, and finally, five weeks after the operation, of removing the towel, which he sent to Dr. Boldt. Mrs. Myers then recovered rapidly. Continuing Dr. Friedman says

"A few days later I met Dr. Boldt who told me that he had sent the towel to the New York County Medical Association as a curiosity, indicating the great vitality of the patient. In December, 1905, Mrs. Myers told me that she was going to sue Dr. Boldt. I told Dr. Boldt of this. He said that he was insured against such accidents and did not care, adding that such an accident could not hurt his reputation. He admitted at that time that he might have left the towel in the body of the patient."

Dr. Boldt denies the charges in Mrs Myer's suit.

AN OPEN LETTER

To the Public

APRIL 13, 1912

DEAR READER:

I have just returned to Revelstoke from COQUITLAM to close a large amount of business that was not finished when I left here on March 22nd, and to attend to a large number of applications for Lots in Coquitlam that have accumulated since I left. My trip to Coquitlam was an agreeable surprise, as on my arrival there I found that there were over 1,000 men working on the Great C. P. R. Terminals, together with team after team grading and hauling supplys, such as building material, gravel, cement, etc. An army of men are busy. Track-laying gangs, Bridge gangs, Carpenter gangs, Brick Layers and Stone Cutters, Cement gangs, Steam Shovel gangs, in fact, a busier place could not be imagined.

To my surprise, I found that the new Automobile Road through Meridian Centre was completed and that there were 74 houses in course of construction, together with a number of Stores and Hotels and a Theatre, also a Roller Skating Rink. To the many enquirers who have written to our Vancouver Office, I wish to say that these enquiries have been handed over to me with instructions to arrange for personal interviews.

I will be at our Office, in the Old McDonald Block, every day next week, also Evenings, until 9 p m., and will be pleased to give all the latest information there in regard to Coquitlam.

YOURS TRULY,

W. J. BURNS,

Sales Manager.

McTAVISH BROS., Vancouver, B. C.

Disease of Potatoes

Owing to the shortage in the potato crop this year, dealers and some growers of potatoes find it necessary to import large supplies for table and seed purposes from Great Britain, Ireland and other European countries Bulletin 63 issued by the Dominion experimental farm, Ottawa, explains how potato canker has found its way across the Atlantic into Newfoundland with potatoes imported from Europe.

Potato canker is a disease at present unknown in Canada. It is one of the most serious diseases known, affecting not only the farm lands on which the potatoes are grown but the disease is also directly injurious to the health of the consumer of affected potatoes. Boiling does not destroy the injurious properties. The disease is characterized by nodular excrescences which may often be larger than the tuber itself. These cankers affect the eyes of the potato and are very small in the early stages. Any tubers found with smaller or larger outgrowths rising from where the eyes are situated should under no condition be used for seed or table purposes. The introduction and establishment of this disease would seriously compromise one of the most important agricultural industries of Canada, viz., potato growing. Farmers and consumers should be exceedingly careful in using potatoes that may have been imported from Great Britain or the continent of Europe. Suspicious looking tubers should be destroyed by fire and not be thrown on the ground, or the disease, if present, will establish itself permanently in the ground.

The bulletin referred to explains in detail the character of the disease, anh is available to any one making application for the same to H. T. Gussow, Dominion Botanist, Ottawa, Ontario.

Meets With Warm Reception

Valleyfield, Que., April 9—Whistling to his sweetheart to come to a window that he might speak to her. J. Pedro was surprised last night when instead of the smiling face and figure he expected to see, he was met by an infuriated father and two friends, all armed with revolvers. A wild revolver battle followed in which two were injured.

The dark-eyed Mexican was a suitor for the hand of pretty little 17-year-old Alice Spedding, who lives with her father between Grand Isle, and Valleyfield. A long, low whistle to the girl, which he knew was in this particular room and Pedro, the lover, waited. But instead of seeing framed in the casement the girl whose father had forbidden him the house, and who would not hear of his paying any attentions to his daughter, Pedro saw the farmhouse door suddenly open and forth rushed Sped ding senior, followed by his two English boarders, who at once opened fire Then the fight commenced. Pedro, too, drew a revolver and retreating, opened a vicious fire, wounding first Richard Pickup, who had his scalp split with a bullet, and next Sharron who was shot through the arm. Pedro slowly made his retreat and covering himself with his revolver fire, escaped down the railway tracks. In all, some 15 shots were fired. Pedro as far as can be ascertained escaped being hit by any of the bullets.

Time and time again, it is said the girl's father had warned the Mexican away from his property, but each time the faithful lover returned to the home of his lady love and it is even hinted that he was not altogeth er discouraged in his love making by the girl.

The two wounded Englishmen are in the hospital at Valleyfield, but their injuries are said to be slight.

Nomination Would Be Accepted

Victoria, B.C., April 9—Since the announced appointment of A. S. Goodeve, member for the Kootenay district of British Columbia in the house of commons, as a member of the Dominion board of railway commissioners, speculation has been rife not only in the directly interested constituency, but throughout the pro vince as to his probable successor in parliament. In this connection, Robert F. Green, who although for sometime past a resident of Victoria still retains very extensive interests in the Kootenay and has played a conspicuous and signally useful part in promoting the success of its varied interests, has been in receipt of very many letters and telegrams urging him to accept nomination at the bye-election shortly to be held. These messages are in the highest degree complimentary and appreciative, coming as they do from the most representative of the party in the Kootemay and it is certain that in the event of Mr. Green's acceptance of the nomination and subsequent election, the Kootenay would have a champion on the floor of parliament thoroughly in touch with all its distinctive interests and capable of securing for them full and advantageous recog nition and support.

Interviewed by the Cofonist yesterday with respect to his intentions, Mr. Green said: "Since the announce ment of Mr. Goodeve's appointment to the railway commission, it is true I have been in receipt of numerous telegrams and letters from the Kootenay requesting me to offer myself as the Conservative candidate in the necessitated by-election. Should I be the choice of the convention I would gladly accept."

HE would be an odd sort of man, indeed, who did not enjoy a good report from his mirror.

PROMINENT RAILROAD MAN

STRONGLY ADVISES HIS FRIENDS TO TRY GIN PILLS FOR THE KIDNEYS

"I have been a Pullman Conductor on the C. P. R. and Michigan Central during the last three years. About four years ago, I was laid up with intense pains in the groin, a very sore back, and suffered most severely when I tried to urinate. I treated with my family physician for two months for gravel in the bladder but did not receive any benefit. About that time I met another railroad man who had been similarly affected and who had been cured by taking Gin Pills, after

having been given up by a prominent physician who treated him for Diabetes. He is now running on the road and is perfectly cured. He strongly advised me to try Gin Pills which I did,—with the result that the pains left me entirely.

Corporation of the City of Revelstoke

PUBLIC NOTICE

Public Notice is hereby given that the Municipal Council of the Corporation of the City of Revelstoke, intends to undertake the construction of Concrete Sidewalks on and along the West side of McKenzie Avenue, from the South side of Second street to the North side of Eighth street, according to specifications and estimates, prepared by the City Engineer appointed for the purpose, and to assess the expense on cost thereof upon the land or real property abutting on the parts of such streets as above mentioned, and to be benefitted thereby; and that a statement showing the land or real property liable to pay the assessment therefore and the names of the owners thereof, as far as they can be ascertained, together with the specifications, and estimates of the City Engineer, and the proposed assessment and report thereon of the City Clerk, are now on file, in the office of the City Clerk and open for inspection by all persons during office hours.

The estimated cost of the work is $2657.55 of which it is intended that the City at large shall bear the whole of the cost of the work, on etreet crossings and necessary retaining walls, and one third of the cost of the Concrete Sidewalks, the property owners bearing two thirds of the cost of the said sidewalks.

The total estimated amount to be borne by the property owners being, $1605.03, and by the city at large $1002.52.

Any objection to the proposed undertaking and assessment therefor, shall be made by petition to the City Council within (15) fifteen days from the date hereof, the persons entitled to petition being the owners of the lands affected thereby.

Dated this 4th day of April, 1912.

BRUCE A. LAWSON,
City Clerk.

HATCHING

(By Mr. C. E. Brown.)

It is high time preparations should be made for the season's hatching and brooding. This is of the greatest importance. All the equipment necessary for use should be gone over thoroughly, and necessary repairs made; coops, brooders, incubators, should be thoroughly cleaned and made ready. New equipment, food and repairs should be ordered in ample time for early delivery. This is especially true in the case of ordering from incubator companies. Very often I have had to wait two months for goods. The old adage that procrastination is the chief of time applies to poultry husbandry as well as other lines of business; so let us get busy.

THE INCUBATOR CELLAR

Those who run their incubators in cellars, especially a house cellar, that there roots and vegetables are usually found, and along towards spring some of them become decayed and the air of the cellar is not pure and fresh as it should be. Anything of this kind should be removed and the floor and walls swept and cleaned. Incubator eggs are just as susceptible to foul ordors or impure air as anything else, and we should not expect good hatches of strong, thrifty chickens when the machine is run under anything but the very best conditions.

THE INCUBATOR

There is always more or less danger from incubators that have been previously used from the fact that disease germs which may have existed the year before are still present Unless the machine is disinfected these germs may be passed on to the little chicks when hatched. We should thoroughly wash or scrub the interior of the machine with some reliable disinfectant. A 20 per cent solution of zenolium is splendid. The movable parts of the machine should be taken out and washed and aired in the sunshine for an hour or two. The lamp flues should be cleaned out The burner will require cleaning, the gauze and interior parts may be clogged. The burner would be the better of a good boiling in soap suds And last, but not least, clean the glass in the door of the machine. Sometimes it may be necessary to take it out completely and clean both sides of it. It is provoking when the glass becomes soiled, especially when it is important to watch the thermometer.

THE BROODER.

The brooders need to be examined, cleaned and repaired. Broken panes should be replaced, hinges and fastenings tightened. The out-door brooders may need repainting, and the roof repaired. As in the case of incubators, brooders need to be kept scrupulously clean. The floors and walls must be cleaned and disinfected. The lamp and lamp-box should be carefully examined and all flues or tubes cleaned and repaired. Little precautions such as these should be taken now, so that everything will be ready the moment the chicks arrive. This extra work will be well repaid many times before the season is over.

THE OIL.

It is never safe to use a low grade of oil. Many losses from fire or lamp explosions are directly traceable to the fact that poor oils were used. Cheap oil is so apt to smoke and produce soot, especially when it is necessary in cold weather to turn the flame high. Even in warm weather it is especially dangerous in brooders. Towards the middle of the day when the excessive heat causes the flame to rise, cheap oil is exceptionally dangerous. The difference between the two grades of oil as a rule is so small that no poultryman can afford to do without the very best.

NESTS FOR THE SITTING HENS.

This is a good time of the year to make a good supply of nest boxes for the setting hens. Time is not quite so valuable as it will be later on. The old nests should be cleaned and repaired. When making new nests see to it that they are not made too deep, as fresh air is very necessary for the healthy growth of the embryo chick. Hens set in deep boxes or barrels never hatch strong, thrifty chicks. Nest boxes need not have bottoms to them so long as they are to be placed on the ground or floor. They should be from 4 to 6 inches deep and from 12 to 14 inches square Have some dry sand, earth or fine ashes ready to put in the nests, as this helps greatly in controlling vermin. Another plan for nests is to construct them out of cracker boxes or any boxes which can be procured at the grocers. Arrange them so that the fronts will be about six inches high, and when a number of hens are set together a lid should be provided to shut each hen in, after they have been off for feed and water. Be careful to have the room or coop which is to be used for the sitting hens well cleaned out and disinfected to be sure all vermin is destroyed. Lousy hens never do their best and occasionaljy numerous valuable eggs are destroyed. Several hens should be set at once, so as to have large numbers of uniform chicks to select from in the fall; for this purpose it is necessary to construct nests in groups of a dozen or so. This grouping of nests saves considerable lumber.—Fruit Magazine.

Seam-in-front stockings would seem absurd! Then why any seam?

You have kept on wearing stockings with a seam up the back—shapeless, uncomfortable things! because you probably didn't realize the perfection reached by

Pen-Angle Full-Fashioned Seamless Hosiery

These are hose *without the sign of a seam*—look for the sign of the trade-mark. As they are being knit they are shaped lastingly to the curves of the foot and leg. *They fit*—they wear better—and the utter absence of any seam at all makes them ever so much more comfortable. No difference in cost—but much in quality, in economy and in comfort. 65

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each applicant must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

Notice to Contractors

LOCK-UP, ARROWHEAD.

Sealed Tenders, superscribed "Tender for Lock-up, Arrowhead," will be received by the Honourable the Minister of Public Works up to 12 o'clock noon, of Wednesday, the 17th day of April, 1912, for the erection and completion of a Court-room, Lock-up, and Constable's Quarters, at Arrowhead, in the Revelstoke Electoral District, B. C.

Plans, specifications, contract, and forms of tender may be seen on and after the 27th day of March, 1912, at the offices of the Constable in charge Arrowhead, B. C., the Government Agent, Revelstoke, B. C., and the Department of Public Works, Parliament Buildings, Victoria.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for the sum of $300, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

Purity makes the process of manufacture and we have been blessed even to a greater extent this year. In our Vineland brand of Tomatoes, Peas, Beans, Corn, Peaches, Pears, Plums and Greengages. We are sure our customers get the best.

Do You Know the Password--"Well Dressed"

As soon as you start weari ng 20th Century Brand Garments you will find that you have joined the "Brotherhood of Good-Dressers." The password is, "Well-Dressed." It is never uttered aloud. You meet a member of this brotherhood and unconsciously the password "Well-Dressed" is passed by a silent, appreciative glance. He, too, has but a glance to see that you belong to the "Brotherhood of Good-Dressers." And remember, that a man who knows how to dress well is generally worth knowing. You can approach him, if needs be, with the assurance that he is alive and courteous.

Do you belong to the "Brotherhood of Good Dressers" or the "Brotherhood of Bad Dressers"? Each has its password. We have given you the password of the "Brotherhood of Good Dressers. The printing, publishiug or uttering of the password used by the "Brotherhood of Bad Dressers" is contrary to the statute therein provided.

Just one word more: We are exclusive agents for 20th Century Brand fine tailored garments for good dressers.

Prices, $20.00 to $35.00

REID & YOUNG

COMING EVENTS

April 24—Toronto Glee Club, in the Empress theatre.

May 6— Celebrated Toronto Ladies Quartette, Empress theatre.

May 15—The Kenny, Harvey Entertainers, Empress theatre.

October 7—Managing Mildred Opera Co., Empress theatre.

Friday, April 19th—The Ladies' Altar Society will hold a whist tournament in St. Francis Hall on Friday, April 19th.

THE CITY IN BRIEF

Mrs. G. Ralph Lawrence will receive on Wonday, April 15th, and not again until further notice.

Mrs. Alice Thomson of Field, is in the city the guest of Mr. and Mrs. Shuttlewood, Second street.

Mr. Frank Kappel of Shuswap lake has been a visitor to the city this week, as a guest of Mr. and Mrs. Shuttlewood.

Mr. J. Thomson and Mr. Stanley Kappel, arrived in the city today from Glasgow, en route to Celista, Shuswap lake, and are guests of Mr. and Mrs. Shuttlewood.

The Revelstoke Hardware Company are setting a good example to some local poultrymen, for they have already enclosed their thoroughbred chickens in a wire enclosure in the show window. The chicks are life like and it is a nice piece of work.

Rev. Jas. Hicks of Salmon Arm, will preach in the Methodist church on Sunday. He is a member of the "Hicks Quartette" which has sung so acceptably in the coast cities. Mr. Hicks will sing a solo "Our Blest Redeemer" during the evening service.

The marriage of Charles Mitchell, and Annie C. C. Hewett, both of Golden, was solemnized on Saturday, April 6th, at the Methodist parsonage by Rev. R. J. McIntyre. The happy couple left on the evening train for Golden where they will make their home.

The Sacred concert in the Methodist church on Tuesday evening last was a great success. Notwithstanding the counter attractions, a good crowd turned out and thoroughly enjoyed a well rendered program. The leader, Mrs. Dent, is to be congratulated on getting together such a well balanced choir, and their singing on this occasion was a credit to the leaher. The choir was ably assisted by Mrs. H. W. McLeod and Mr Ralph Lawrence, each of whom sang a solo, to the delight of the audience At the close of the concert the choir were the guests of Mrs. Chas. F. Lindmark at the parsonage, where refreshments were served.

HONEY - HONEY!

Pure White Clover Honey in 5 lb. Cans. This is something you will find awfully nice at this season of the year.

HOME-MADE JAM—in pints and quarts, glass jars. This is absolutely pure and well put up.

SYRUPS—Pure Maple Syrup in bottles or cans, which we guarantee to be the best.

A. HOBSON, - MacKenzie Avenue

SPRING IS THE RIGHT TIME

To select and make the first payment on a home. Then you can move in and plan a garden, a poultry yard and all sorts of things you would onjoy during a Summer. If you have a little capital we can make it easy foa you to acquire a home immediately.

KOOTENAY AGENCIES LIMITED

The Ladies' Auxiliary of the Engineers, intend holding a dance on the 17th of May.

Hon. Dr. Young, provincial secretary, who will be acting premier during the absence in England of Premier McBride, spent last evening in Revelstoke on his way to the coast from Trail.

In the Presbyterian church tomorrow evening the choir will render Edward Turner's beautiful antaem, "The Lord gave the Word," and Mr. Allan Thomson will sing "The Golden City." The public are cordially invited.

Sunday next in the Baptist church, the pastor, Rev. E. J. Chave, will speak on the following subjects:—Morning "The reason in Life's Vicissitudes"; evening "Pressing on and leaving behind." At the close of the evening service the ordinance of baptism will be administered

W. J. Burns, of the McTavish Bros real estate firm of Vancouver, arrived in town on Thursday. Since Mr. Burns was here a month ago, he has been to California. He says that Coquitlam property is in great demand all over the west.

H. Granat is the name of the lad who gave the alarm of fire at the Cummings residence this week. He noticed fire at the rear of the house and at once gave the alarm which fact doubtless accounts for the premises being not totally destroyed by the fiery fiend. Young Granat's conduct is worthy of much praise.

The musical service in the Methodist church on Sunday at 11 a.m., will include—Trombone and alto duet "There is a Land" and a solo by Mr E. Cameron; 7:30 p.m., anthem "The Radiant Morn'j and solo "Our Blest Redeemer" by Rev. J. Hicks. Mr. Hicks will be the preacher for the day.

The members of Naomi Rebekah Lodge No. 21, I.O.O.F., met at the home of Mrs. A. McLean, on Wednesday evening April 10th, to say farewell to Mrs. P. Hooley. After a pleasant interval at cards, the members presented their co-worker with a cut glass water set and an illuminated address. The address was read and handed to Mrs. Hooley by her old time friend, Mrs. Palmer and was a suitably worded expression of the love and esteem in which Mrs. Hooley is held by her many friends here. Mrs Hooley responded in a few well chosen words, expressing her surprise, joy and appreciation of this unexpected kindness. Music and games brought a most enjoyable evening to a close. Mrs. Hooley leaves next week to join Mr. Hooley who has been transferred to Vancouver from Revelstoke by the C.P.Ry.

Library Prohibits Books

Toronto, April 10—Two books of light literature published by the Methodist Book Room have been excluded from the Toronto library as unfit for public reading. The announcement caused consternation at the Book Room when the news reached there, as the tone of fiction published there has been under hot fire from several Methodist conferences. It has also transpired that some of the books which a Yonge street retailer was fined for offering for sale were from the wholesale department of the Methodist Book Room. One of the former Methodist church workers said of the kind of fiction published and handled by the Book Room that the action of the Toronto library authorities would set the heather on fire at the coming Toronto conference. Hitherto, he said, whatever Dr. Briggs said was regarded as beyond criticism. The Book Room, he said, was not supposed to be run for the chief purpose of providing a big revenue for the superannuation fund but to supply pure literature for the public.

K. of P. Social

On Wednesday evening last a very pleasant time was spent, the occasion being a farewell to Bros. Scott and Porter, who are leaving the city Owing to a slight illness of Bro. Garland, Chancellor Commander, Bro. Brock kindly consented as acting chairman.

During the evening speeches were made by Bros. Gordon, Porter Van Horne, Rowe, Kincaid and Dr. Hamilton. During his address Dr. Hamilton was called away, just as he was interesting the brothers with incidents of his recent Southern trip.

After degrees were conferred, Bro. Scott was presented with a handsome suit case and Bro. Porter with a cut glass bowl. Dainty refreshments were served by the Savoy and so another pleasant fraternal evening was brought to a close.

"Divorcons"

The Allen Players open their engagement at the opera house on Monday next, April 15th, presenting "Divorcons," a high class comedy drama, as their initial production.

Regarding this play, a recent issue of the Regina Leader says:—"Many discussions have been held as to the relative values of the pulpit and the stage as educational mediums. How to be happy, though married, was written by an Anglican churchwoman and has been for years accepted as a standard work on this mightily interesting subject, yet it remained for a dramatist, the author of "Divorcons" to find the real solution. His remedy was indifference. That indifference that makes a woman feel scorned and therefore a fury for passion.

"As Mme. Des Prunelles, Miss Verna Felton, played her part with consummate ability. The many subtle changes in characterization called for in the part were amply fulfilled by this talented actress, and splendid support was given her by H. I. Kennedy, who played the part of Henri Des Prunejles, the husband in the case..

"As Mme. De Valfontaine, Mrs. P. R. Allen proved herself a splendid characterartist, and the balance of the cast gave excellent support. The whole of the Allen Players' reportoire consists of plays of this nature—good, wholesome productions of the very first class."

The Allen Company will change their plays nightly during their stay here.

Gets Five Thousand Damages

Montreal, April 10—Judge Lynch awarded Mrs. Edward Walker $5,000 damages against the Grand Trunk railway. Walker was an engineer in the employ of the company and on December 30, 1910, was in charge of an engine running light from Island Pood to Montreal. At Stl Rocalie, woere the double track begins, a switchman turned. Walker's engine onto the wrong track and it had gone but a short distance when it collided with an Intercolonial express train five men being killed. His widow sued for $10,000 but the judge held that Walker was guilty of contributory negligence in that he should have known that he was on the wrong track and in consequence reduced the demand by one-half.

Additional Business Locals

First class program at the Empress tonight.

French Sardines, two tins for 25c. at McIntyre's.

Just received—a new line of Tennis goods, best values ever shown in racquets, nets and 1912 tennis balls—Lawrence Hardware Co., Ltd.

Coquitlam the Best

Mrf Burns, head salesman of McTavish Bros., also Mr. Roberts sales man of the same firm, arrived in the city yesterday. Mr. Roberts has travelled from coast to coast as a salesman. Speaking to Mr. Roberts it is very interesting to hear him speaking of the different towns and cities in the west as he saw them in their infancy, but now great cities, such as Winnipeg, Saskatoon, Moose Jaw, Lethbridge, Medicine Hat, Edmonton, Regina, Vancouver, then villages and towns such as Weyburne, Bow Island, Hosmer, Red Deer and other towns in Saskatchewan and Alberta and British Columbia, which he spoke of is surprising. Mr. Roberts only arrived in Vancouver on March 18th, after a tour of Alberta and Saskatchewan in the interest of F. C. Lowes of Calgary, and in all his travels he is of the opinion that Coquitlam is the daddie of them all. When I was in Coquitlam last not a stick nor stone had been turned, I returned their about 10 days ago and to my surprise the ground owned by the C.P.R. for their terminals, two miles in length and one mile across, was almost cleared. Men here, men there, gangs clearing, grading, track laying, sidewalks, house after house being built, road making. I have watched many towns grow but none like Coquitlam and the best of it all is they have not started yet. Just think of ninety-eight railway tracks. One of the largest terminals on the American continent. There the C.P.R. will have large round houses, also shops, not repair shops, but will build their rolling stock right on the spot.

WATER NOTICE.

Notice is hereby given that Willis John Armstrong, of Revelstoke, B. C., will apply for a license to take and use six (6) miners inches of water out of Mill Creek, which flows in a south-easterly direction through Section 29, Township 25, Range 2, West of the 6th Meridan, and empties into Tonca Watha river, near Big Eddy, B.C.. The water will be diverted at 200 feet above C. P. R. track and will be used for irrigation purposes on the land described as 35 acres, part section 29, township 23, range 2, west of 6th Meridan.

This notice was posted on the ground on the 11th day of April, 1912 The application will be filed in the office of the Water Recorder at Revelstoke, Bt C.

Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C.

WILLIS J. ARMSTRONG
Applicant. ...

WANTED—General Blacksmith, good wages to right man. Apply Palace Livery, F. McCarty, prop.
