CONSERVATIVE SMOKER

Election of Officers--Speeches on Prosperity

A well attended and enjoyable smoker was held last night in the Selkirk Hall by the Revelstoke Conservative Association. The guests of the evening included the Hon. Thomas Taylor, R. F. Green, president of the B. C. Conservative Association; Thos. Freeman, D. Gilchrist, R. Pearson, New Westminster; S. Churchill, Eburne; E. N. Kirsnell F. P. Armstrong, D. R. Rolston, Golden.

The president of the local association, W. W. Foster, in presenting the annual report, referred to the efficiency of the organization through out the district. In Revelstoke the roll was increasing steadily and now numbered 325. Arrowhead and other branches were working well and increasing in strength and efficiency. A new association was organized at Galena Bay. In retiring, Mr. Foster assurred the new officers the same support as the past officers have received.

The following are the new officers :
Hon. Pres.—Hon. R. L. Borden.
Hon. Pres.—Hon. R. McBride.
Hon. Vice-Pres.—A. S. Goodeve and Hon. T. Taylor.
Pres.—Roy McDonald.
1st Vice Pres.—W. A. Sturdy.
2nd Vice Pres.—M. Lawler.
3rd Vice Pres.—D. E. Jackson.
4th Vice Pres.—L. Probyn.
Sec.—T. Wadman.
Treas.—F. McCarty.
Asst. Sec.—B. R. Blacklock.
Executive committee—J. A. McMillan, J. Carmichael, A. E. Kincaid, R. Squarebriggs, D. Jackson, C. C. Brown, T. Long, G. S. McCarter, W. A. Foote, F. Corson, T. Downs, C. M. Field, P. Hooley, W. Hornell, B. A. Lawson, A. J. McDonell, R. Tapping, F. Young, H. Manning, E. Dupont, J. McSorley, W. Lappen, J. Laughton, W. Clay, E. M. Clay, J. H. Armstrong, W. J. Law, W. Smythe, C. Young, J. P. Forde, J. J. Nixson, E. Trimble, W. Watson, A. Arman. Willis Armstrong T. Lawrence, J. Hume, R. Smith, A. G. Brooker, E. Corning, S. Sutherland, C. Holten, E. M. Allum, A. McLean, J. Hooley, P. Murphy, C.A. Cotterell, W. M. Ansley.

A well selected programme of vocal and instrumental music was rendered Addresses were delivered by R. F. Green, who dealt briefly with the prosperity of the province under the McBride government and congratulated Revelstoke on its progress.

H. G. Parsons, of Golden, spoke in terms of praise of the Revelstoke Conservative Association and enlarged on the good work Mr. Taylor had done. He promised support to Mr. W. W. Foster, who would in all probability be the new president of the B. C. Conservative Association.

Mr. Taylor gave a brief resume of his career as member for this riding and touched on the increaring prosperity of the province, pointing out that a scheme of good roads and trails throughout B. C. would be carried out by the department. He congratulated the local association on its success and thanked all for their confidence in him.

A few remarks by the new officers closed a very successful evening.

Nelson Convention

Probably the biggest political convention ever held in the province will be the one at Nelson next week, when delegates from all of the district associations all over British Columbia will meet for the transaction of general business. The meeting will open at 10 o'clock on the morning of November 17th, and will be in session two days, Thursday and Friday. All the members of the government with the exception of Hon. W. J. Bowser and Hon. Price Ellison are expected to be present.

Each riding is entitled to send ten delegates for each member elected to the house and from reports sent from the coast and other districts it appears that practically every riding is sending its full complement of delegates. It is anticipated that at least 300 persons will be brought to Nelson by the convention.

Seeks Co-Operation

Hon. Thomas Taylor, Provincial Public Works Minister, has recently addressed important letters to Premier Sifton of Alberta, Premier Scott of Saskatchewan, and Hon. Mr. Rogers, of Manitoba, each of whom administers the department of works in his respective province, soliciting their co-operation in the construction of a trans-Canadian trunk road and automobile highway, of which the British Columbia through trunk road will form an important and most picturesque portion. If the co-operation of the provinces can be secured—and Alberta is already carrying forward a road construction programme which fits in well with British Columbia's—Hon. Mr. Taylor will enjoy the worthy honor of having initiated construction of one of the most important and acceptable highway enterprises in all America, and which will constitute an enduring monument to the official career of "Good Roads Taylor."

Obituary

We regret to announce the sad intelligence of the death of James Anson Magee, aged 51, manager of the Adams River Lumber Co.'s mill at Chase, Lake Shuswap, which occurred suddently on Monday afternoon from heart failure. The deceased had been attending a meeting of lumbermen at the Revelstoke Club Later on he was taken up stairs, on Monday afternoon and feeling indisposed had retired from the room. where he lay down to rest a little while with a doctor in attendance. Only a few minutes elapsed before he suddenly collapsed. All medical skill available was tried to resuscitate life but proved fruitless.

The deceased, although feeling unwell that afternoon, appeared in the best of spirits, and death came with startling suddenness. The remains were shipped last night to Seattle the home of the deceased, the funeral arrangements being in the hands of the local Masonic lodges. Much sympathy will be felt for the bereaved family, as Mr. Magee was well known in Revelstoke, having a large circle of friends and has been associated with many important progressive movements in this part of the province, and his death will be greatly felt by all who knew him.

James Anson Magee was born on November 22nd, 1858, in the state of Wisconsin, U. S. A., coming west in 1889. In 1895 he reached the Kootenays, and was for some time representing Mr. Bostock as manager of the old Kootenay Lumber Co., and founded the town of Comaplix in 1896. Mr. Magee has done more than any other man to bring the Fish Creek mining camp before the public. In 1907 he founded the now thriving town of Chase on Lake Shuswap and started the Adams River Lumber Co., of which he was manager at the time of his death. The deceased was a strong Mason, being a member of Kootenay Lodge No. 15 and Royal Arch Chapter at Revelstoke, Western Gate Preceptory, Victoria and Gizeh Temple, Victoria.

Over eighty Masons accompanied the body to the station last night J. B. McKenzie travelling with it to Seattle. Numerous wreaths and messages of condolence were sent to Mrs. Magee from the many friends of the deceased with whom he was held in high esteem.

Blind Pigs Go to Jail

Penticton, B. C., Nov. 15.— That the warning given by Stipendiary Magistrate Guernsey some weeks ago in connection with the sale of liquor by white men to Indians was no idle one, was discovered by John Armstrong and Charles Worden in the police court yesterday. Both men were committed to Kamloops jail, the latter for six and the former for three months, for selling liquor to Indians on the Penticton reserve.

The same thing could very well be done with Revelstoke blind pigs.

Bible Tercentenary

Next year is the tercentenary of the first publication of that version of the Bible which is most familiar to all the English speaking world — the authorized version, prepared and published in 1611 by command of King James I, says the London Chronicle.

The occasion is to be commemorated in a manner befitting such a notable anniversary and several leading Bible societies are now laying plans to that end. It is probable that the celebratipns will include a special service in Saint Paul's Cathedral with a sermon by an eminent preacher of the day, anniversary meetings and a great exhibition of the Bible in some of the hundreds of editions distributed annually in almost all the known languages of the globe.

Food Price Drop

New York, Nov. 15.—Declines in food prices are indicated throughout the east and middle west today. In Kansas city the general decrease is from five to fifteen per rent., drops of three cents a pound in pork and beef being registered.

Retailers here declare that the decline in the price of food products has not yet reached their business, but that it may be expected soon.

Chicago, Nov. 15.—Provision houses in Chicago declared that the decline in food prices was due to the biggest corn crop in the historyof the nation, coupled with lack of fear of adverse legislation, inspired by the results of the recent congressional elections.

ROYAL WELSH CHOIR

Revelstoke Audience Delighted With Visit--Musical Treat

The Royal Welsh Ladies Choir have come and gone, but they have left recollection of one of the sweetest evening's it has been the good fortune of Revelstoke music-lovers to enjoy. The Edison theatre was packed on Saturday night with an appreciative audience who heartily encored every number, which showed how the silver throated girls from Wales had touched the hearts of the people of our city. Madame Hughes Thomas and her girls covered themselves with glory and are easily the finest musical aggregation ever heard in the west.

Attired in Welsh national costume, the choir opened with the famous war song "Men of Harlech" followed by a well chosen programme. The solo work was a delight and a revelation to lovers of music. The "Dear Home Land" was sung by Miss Harries with a note of longing and a hint of tears and she expressed in the music what hundreds felt Miss Lewis was superb with a contralto voice of great range. Miss Langdon, to whom fell Lemon's haunting song "My ain Folk" has a truly superb and enchanting contralto of rich tone, which enraptured the audience. Miss Langford, who sang "Poor Wandering One" treated this difficult Irish song magnificently and Miss Owen, who sang Killarney, accompanied by a pretty muted violin like humming by the whole choir, has a soprano of exceptional range and purity. The strongest number was the singing of the prison scene from Il Trovatore, by Miss Langdon and Miss Emmanuel, which was the finest piece of work ever heard in this city. The concert ended with the grand old Welsh National Anthem, followed by God Save the King

Revelstoke owes Mrs. Thomas a debt of gratitude for bringing such a talented body of young ladies here. The chorus work was flawless and beautifully balanced in rhythm and presision, being perfectly trained. The concert fully justified all the glowing press accounts written. The shading of the harmony revealed delicate varied nuances of power from pianissimo to fortissimo and the voices have a splendid ensemble, the sections well blended and the power and verve being continually manifest while all the parts were of perfect accent and intonation.

We cannot say more than that there is no one who did not thoroughly enjoy the beautiful concert and admit that the Welsh Choir is one of the finest combinations of vocalists that has ever crossed the sea. The stage was tastefully set with flowers and plants supplied by J. Maley, while R. Howson supplied the Heintzman piano.

Delightful Evening

No stone is being left unturned to insure the success of the St. Peter's entertainment at the Opera House on Friday this week. Tickets are now on sale throughout the city. Several specialties are being introduced, including novel dances, childrens' comedietta and variety dances, dainty choruses by a bevy of pretty girls and a grand cake walk and nigger parade by Revelstoke's most talented comedians.

The whole will afford a delightful evening's amusement. A sale of work will be held in the afternoon. Seats are now on sale at Macdonald's drug store, while tickets are procurable from any of the Ladies' Guild. The evening's programme is varied and novel in every respect, while music, scenery and costumes are no small features.

Illegal Resolution

Montreal, Nov. 15.—Justice Demis, this morning granted an interlocutory injunction restraining Catholic school commissioners from putting into effect a resolution dismissing five teachers alleged to be free masons. The judge said the resolution was illegal and seemed to him to have exposed the commission to suits for damages. The commissioners must refrain from doing anything in regard to appointing successors until further orders from she courts.

It is understood that the Kaslo & Slocan Railway, or what is left of it, is to be transferred to the Canadian Pacific Railway by the Great Northern Railway, and that the line will be rebuilt and operated next year. The Canadian Pacific Railway has been willing for some time to take it over, and the change, it is said, has been strongly urged by the Provincial government, which sees no prospect of ever inducing the Great Northern to undertake the operation of the railway.

Heaters

UNION LABEL

WEDNESDAY, NOV. 16TH, 1910

The C.P.R. recently celebrated its Silver Jubilee of the completion of the trans-continental railway service a monument to the indomitable courage and energy of the men who stood behind the project in the early days and were chiefly responsible for the building up of Canada, and for the opening up of her vast heritage of wealth.

That the activity which has characterized the realty market in Revelstoke during the past summer and fall is on a most substantial basis has been pointed out by several prominent local real estate men recently. On all sides is evidence of steady growth in population and progress of the city generally. Inquiries are continually coming in from all parts of the world regarding information about Revelstoke and district and the advantages for settling here which is a healthy sign of Revelstoke's wide spread influence.

IF NOT, CALL IN AND HEAR ONE AT

The Revelstoke Music Store

We agree with the following paragraph from the Vancouver Province, which has been no more strongly demonstrated than in Revelstoke.—"Several of the leading American papers are making a stand against the constant aggressiveness of politics which is injecting itself into every department of public life. According to these journals the people are becoming weary of the frequent almost continuous election contests, and ask for relief from the turmoil and bickerings of party strife which disturbs business conditions and makes for social unrest."

The Vancouver Province, we are glad to say, is of the same opinion as ourselves regarding the proposed creation of an Empire Flag, and says:—"It is understood that the creation of an Empire flag will be discussed at the next meeting of the Imperial Conference. Patriotic subjects in all parts of the Empire will protest against any change in the old flag that has braved the battle and the breeze for so many years. The substitution of a composite design would rob the emblem of freedom of half its historic interest and glory. Hands off the old flag!"

PRESS AND THE POLICE.

Since the arrest and conviction of Dr. Crippen the attitude of the police has completely changed towards pressman, as never before has the press been so completely taken into the confidence of Scotland Yard.

This change is due to the fact that the police have recognized that one of their greatest aids to justice is wide publicity. When at times the newspapers may divulge information likely to hamper the police in their investigations, on the whole the balance has been on the other side.

Time after time the press has been instrumental in bringing criminals to book when the police had to admit their complete helplessness.

The same can be said even of Revelstoke, where the police and the press work well together. Never has the local press abused any confidence of the police nor have they published anything that has hampered them in their work. In fact on many occasions the press have helped the police indirectly and for this the force generally have done all they could to assist the press, as far as they are permitted, a state of affairs which speaks well for the tact and diplomacy of both parties.

MUNICIPAL ADVERTISING

The optimistic spirit was strongly evidenced at the convention of the Union of B. C. Municipalities at Salmon Arm, when Mayor Lee of New Westminster, made a very able speech which we quote in another column. Civic advertising will be a great factor in placing all municipalities into prominence and as was stated there municipal taxation, exemption of improvements, etc., public works and extension of municipal water and light systems under the local improvement clauses, granting offranchises, etc., are all to us important subjects and worthy of most careful consideration.

In order that we may enlarge our municipal projects and inaugurate new ones, we are compelled to seek money in the world's financial centres. We issue debentures and offer them to those interested and it has been demonstrated that without a single exception those places that are best known by advertisement and publicity receive the highest price for their debentures. Revelstoke should bear this in mind and keep before the public and explain and show by a wide scheme of publicity that she can offer as good inducements as any where else as a city of opportunities.

CIVIC ELECTIONS.

It will not be very long before we begin to think of the annual civic campaign, although we believe that the fierce and strendous excitement of the old days is fast dying in Revelstoke and the people are taking things more philosophically. There is no reason why we should not change our method of election of a civic board, and bring it about so that one third only of the aldermen retire each year. They retire in rotation, and by this plan they have in three years a far better chance of showing what they are made of than in a one year term. It would be rather useful too, if each year there were judges appointed who could look over our aldermanic candidates and place them in their respective classes. As it is, the electors have to be judges and the candidates—some of them—have the faculty of "pulling the wool over the judges' eyes." Candidates, as a rule have one motto, "Be to my virtues very kind, and to my faults be very blind" and pull all sorts of wires to get elected. In consequence of this the civic elections are more like a lottery. You put your hand in the bag, but what sort of an alderman you are going to get out, time alone will show.

Another difficulty is that some of the best men, remembering the old maxim "the office should seek the man, and not the man the office," are too modest and are fearful of being dubbed too pushing. But we live in a world of push, and a man who feels he could do material good for his city by being an alderman should drop his modesty and adopt the "get there" policy. The trouble is that few would-be-aldermen have any modesty at all. If they waited till the office sought the man they might wait a very long time; consequently their plan is the glad hand, effusive promises, genial manner and oratorical flourish, election and then—forgetfulness for twelve long months.

Aerial Navigation

While a great deal of attention is directed on this side of the water to the results accomplished in aerial navigation, it must not be supposed that Great Britain is not keeping well abreast of the times and disposed to hold her own as a mistress of the air as well as of the sea. On October 16th a dirigible balloon intended for the service of the British army made a trip from a point near Paris to London, a distance of 246 miles, in six hours, carrying a crew of seven men. At times the ship attained a speed of 53 miles an hour, and completed the journey without a stop. There was not a hitch or accident en route, and the big airship was manoeuvred without the slightest difficulty.

War office experiments are to be made with this dirigible balloon during the next few weeks, and it will probably be made the model for a large fleet of similar craft. Never before has an airship crossed the channel and never before have men travelled as swiftly on the Paris-London route as did these seven passengers. The voyage marks a new step forward in human achievement, all the more valuable and important because of the number of passengers carried, and the success with which the dirigible was operated, pointing to wide possibilities for the utilization of this and similar aerial craft for purposes not merely experimental but practical.

Postal Service Surplus

Ottawa, Nov. 15.—The annual report of the postmaster general of Canada, which has just been issued, shows that the estimated increase in the number of letters and postcards carried in the Canadian mails during the last fiscal year was 5,705,000, which is a 10 per cent. increase over 1909. Owing to the growth of the service the expenditure has increased by $62,295, compared with 1909, but in spite of that fact there was a surplus from the operation of the service of $73,210. During the year there was an increase of 1124 miles in extent of the system over which mails are carried by railway. Letter carriers' delivery was established in two cities during the year, Regina and New Westminster. Postage stamps to the number of 584,264,774, valued at $9,942,435 were issued as compared with 536,117,232, valued at $9,216,011 in 1909.

Ames Holden Shoes

You will buy "The Traveller" shoe this year because you will hear about it—hear it often—hear of it from the makers, and they know everything that is in it, from the last touch of the outsole to the top of the uppers. You will hear of it from the dealer, and he knows "The Traveller" shoe from what his customers tell him, and you'll buy it again because your own judgment will tell you it's a different shoe—a better shoe—a shoe that not only fits, but always stays fitted, because the unseen parts are built on honor—there is no "sham" in "The Traveller" shoe. Remember they'll fit—we have a last for most everybody.

The best definition of the celebrated "hobble skirt" we have yet heard was made recently by a little child of this city, who examining a book of fashions and pointing to a plate of a hobble skirt, said: "Oh, mamma, look at this lady with only one bloomer on!"

WHISKY HOLDS ITS VICTIMS

Until Released by Wonderful Samaria Prescription

Liquor sets up inflammation and irritation of the stomach and weakens the nerves. The steady or periodical (spree) drinker is often forced to drink even against his will by his unnatural physic l condition.

Samaria Prescription stops the craving, steadies the nerves, builds up the general health and makes drink actually distasteful and nauseous. It is tasteless and odorless, and can be given with or without the knowledge of the patient.

Thousands of Canadia homes have been saved from misery and disgrace by some devoted wife, mother or daughter through this wonderful Canadian remedy. The money formerly wasted in drink has restored happiness, home comforts, education and respect to the families formerly in want and despair.

Read the following, one of the numerous unsolicited testimonials received:

"I can never repay you for your remedy. It is worth more than life to me. My husband has been offered liquor several times, but would not touch it. He said it had no charm for him now. May God's choice blessings ever rest on you, and yours, are my prayers ever. No one knows it but those who have tried it. As soon as I can I will see others that I know would give anything to stop their husbands from drink. I will give them your address.

"Mrs. K——, Dewinton, Alta."
(Name withheld on request.)

Now, if you know of any family needing this remedy, tell them about it. If you have any friend or relative who has formed or is forming the drink habit, help him to release himself from its awful clutches. Samaria Prescription is used by Physicians and Hospitals.

A FREE TRIAL PACKAGE of Samaria Prescription, with booklet, giving full particulars, testimonials, price, etc., will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this paper. Correspondence sacredly confidential. Write to-day. The Samaria Remedy Co., 46 Jordan Chambers, Jordan street, Toronto; also for sale by C. R. Macdonald, druggist, Revelstoke.

THE GLOVE OF 1910
AND
MANY YEARS TO COME

Is the H.B.K. BRAND Patent

Ripless Glove

H.B.K. PATENT RIPLESS TIPS.

A popular out-seam glove for hard wear. No stitching or seams inside to hurt the hand.

The seams are concealed at the finger tips by an extra piece of leather, which curls over and protects the stitching.

The more it's worn the greater the protection to the stitching.

The most durable glove ever made.

Practically an everlasting glove.

Positively guaranteed **NOT TO RIP** and backed up by the **H. B. K. BRAND.**

Sold by leading dealers throughout Canada.

Made and guaranteed by the HUDSON BAY KNITTING CO., MONTREAL.

104

The Expert Glove and Mitt Makers of Canada.

Prosperous Canada

Canada seems to be riding on a wave of prosperity with never a breaker ahead, says the British Columbian. Such a high financial and business authority as Sir Thomas Shaughnessy, president of the Canadian Pacific Railway company, finds that everything, out West at least, is in a satisfactory condition. Times are good, he is reported as saying, there is a buoyancy to business and the spirit of progress is everywhere apparent. The crop shortage, it is gratifying to be informed by one who has his hand on the pulse of the West, has been but an incident in the development of the prairies and will not effect their progress at all. His estimate of the yield is 95,000,000 bushels.

We know that there is progress and still more progress in the province of British Columbia. To have the assurance from such a high authority that the whole of the west is sailing with fair weather and favoring breezes declares to British Columbians that the good times will continue. The assurance is made doubly so when we read that Eastern Canada is also prosperous. The farmers there are receiving high prices for farm produce and the cities are growing. Toronto, as an instance, has been piling up building records. Up to October 31 of this year, the increase over last year was $3,121,256 or about 21.4 per cent.

It is a period of general advance for Canada. It should be a pity to link ourselves too closely in a fiscal way to the United States where political disturbances, unsolved industrial problems and social unrest do not promise an immediate future of *sound prosperity and substantial* progress.

Pernicious Habit

As stated in our last issue the Canadian Pacific Railway has announced that it will strictly enforce the rules against spitting in cars and stations and other public places under its control. This will do much to advance a most important reform as well as to promote the comfort of passengers and others who use the stations. Most people know now that tuberculosis is spread in no other way so effectually as by careless spitting. Everyone knows too that while the practice is offensive always and dangerous often it serves no good purpose.

In our own city greater care should be observed in this respect. It is not worse than other cities of its size nor as bad as agreat many. Still there is room for improvement.

Red Moon Coming

On the evening of November 16th the strange phenomenon will be witnessed of a red moon.

The reason for this strange coloring is that the moon will be sonearly in line with the centre of the earth and the sun that itwill pass *into the great shadow of the earth.* Instead of entirely disappearing in the shadow, as in an ordinary eclipse, the moon will turn reddish or copper colored. This will be the result of the refraction or bending of a portion of the sun's rays through the atmosphere of the earth, in the same manner as any article stuck into water appears to bend inwards. On the 16th in the evening the rays of the sun, passing through the earth's atmosphere, will be retracted enough to strike the moon, and give it a reddish color.

September Fire Report

Victoria, Nov. 15.—W. C. Gladwin, chief fire warden of the province, reports that the number of timber fires *which occurred during September* was 189. This, of course, includes only tnose that may be described as accidental fires, and not those in which a permit was given to clear the land by this method.

The amount of standing timber destroyed was 189,000 feet board measure, and 10,100,000 feet damaged. The timber destroyed was valued at $5000 not including 500 cords of shingle bolts worth $1500. The destruction also included a total worth $2500; logging and railroad bridges $10,000; houses, $10,000; three government bridges, $3500, and three pigs, $27.

The number of men engaged in fighting fires was 592, and the wages paid them $7920.51. The expense incurred by owners of timber lands was $4000; expenses of fire wardens, $2,667.20; salaries of fire wardens, $8618.

Informations were laid in thirty cases. Of these there were nineteen convictions, eight dismissals, and three suspended. The fines collected were $891.

There were 802 permits granted for fires and 206 refused. Of those granted eight spread and did damage amounting in all to $100. The refusals were for cases in which a fire would not have been safe, as the weather was too dry, or the scene was too close to timber, which would be endangered.

In the discharge of their task, the fire wardens and their men travelled during the month 23,909 miles.

Canadian Crop Estimate

Winnipeg, Nov. 15.—The Northwest Grain Dealers' Association of Western Canada have issued an estimate of che Canadian whear crop. The report sets the wheat crop at 104,810,680 bushels while the acceage under crop is given as 8,453,000. This brings the yield per acre to 12.9 bushels. The reported is regarded as reliable in view of the fact that last year the association estimated the crop at 120,000,000, whereas in fact it worked out at 119,744,655.

Moving Pictures To-night.

Moving Pictures to-night.

B. C. Water Power

The people of British Columbia scarcely realize the enormous extent and value of the water-power contained within its boundaries. F. F. Henshaw, the noted hydrographer, estimates the value of the electrical energy available at $250,000,000 annually at the present price of $40 ver horse-power. One thousand years of development could not exhaust the supply. Ten million horse-power can be developed, compared with which Niagara power seems trifling. The heavy drainage from the Cascades and the Canadian Rockies is so vast that it is beyond ordinary comprehension and the necessity for conservation is never likely to arise.

Remember Prince Rupert Sale

Do you want another chance? We are selling the closest in lots at Port Man, the new C. N. R. town on the Fraser across from Westminster. Wharves now being constructed and the Townsite is being c,eared hundreds of men at work. Our lots are in Section 9, only 400 yards from the water, and across the road from the proposed car shops. The C. N. R. Townsite sale is in March and our lots will then fetch the highest prices. Get in now. Terms only $15 monthly. This is the subdivision which is causing the excitement at Port Mann. Write us today for maps. The Port Mann Land and Improvement Co., 808 Dominion Trust Buildings, Vancouver, B. C. t.c.

Home-Making Schools

Amongst the many adventures of the modern humanitarian in search of education and a more comfortable life, the most recent is the home-making school as a branch of the elementary school. This latest suggested addition to school curriculum contends that every girl should be taught to be a perfect wife and mother and that each student should be exercised in the vast importance and nobility of managing a home.

The woman who runs a home loses no dignity in doing so, and the woman who runs a home well combines all the professions of womanhood in the highest possible degree. The normal woman's work is mostly with babies, who require to be introduced into a world. She is generally shut up in a house with a human being at the time when it asks all the questions there are and some that there aren't. In fact a woman has to be a natural historian in the den of the most complicated and difficult animals of the world. Woman must be a cook, but not a competitive cook; a school mistress but not a competitive school mistress; a house decorator but not a competitive decorator. It is insisted that the work done in the homemaking schools ought to have close connection with the homes from which the children spring. Personal hygeine is duly insisted on, as well as close touch kept on the great subject of infant care. The question of infant care is becoming one of increasing importance to which particular attention is paid. Believing thereby that much human loss might be prevented.

In this rapid review of an educational suggestion it passes the wit of man to see how more can be crowded into the congested curriculums of modern schools. Still most suggestions contain something good and it is the duty of the modern *newspapers to point* out that good in passing.

Alpine Climbing

In a recent address Dr. Longstaff, the famous explorer, before the members of the Canadian Alpine Club, of Toronto, took as text: "The alps have been the playground of Europe but the Canadian Rockies will be the playground of the World." The subject of the address was "The Alpine Club of Canada and the Value of Canada's Mountains as a Natural Asset." "Mountain climbing is a pastime of great benefit, not only physically but also in character as it leads to the exercise of the powers of self-control and endurance" The Alps offered the best opportunities for climbing as they are more accessible, well provided with trails, chalets and other necessities. The beauties and extent of the Canadian Rockies are marvellous and he greatly regretted that the Canadians did not realize their duty to make them more accessible. Their future was so important that no trouble and expense should be spared in constructing trails and shelters.

Dr. Longstaff is admittedly perhaps the greatest authority on Mountain climbing in the world.

B. C. Municipalities

Among the many things discussed at the recent convention at Salmon Arm of the Union of B. C. Municipalities, the following recommendations will be re-submitted to the government:

For dividing the municipal clauses act into three parts—1. Cities of first class. 2. Cities of second class. 3. Rural municipalities. For the taking over of the Tranquille Sanitarium for incipient cases of tuberculos is by the provincial government. For establishing a system of county councils for building trunk roads. part of the coast to be borne by the province. For government ownership of telephones. For the biennial election of councillors and aldermen, half to go out of office each year. For the taxation of timber berths and timber leases on land owned by the crown. For allowing householders of six months' residence in the municipality and paying rent at the rate of $100 per year to vote at general municipal elections.

In a lengthy and well delivered address, Mayor Lee of New Westminster, spoke of municipal publicity. In part he said:

What does publicity mean? It is simply advertising. Its object is similar to that of the merchant who is desirous of obtaining your custom. Every large merchandise firm spends thousands of dollars annually to let the public know why their goods are superior to those of any other firm, or, if not superior, why the public will be better served by trading with them. They would not do this year after year if they did not get results

It is a paying proposition for the man of commerce and why should it not be for an enterprising municipality? To advertise successfully, of course, we must have the goods and be prepared to deliver them. I fear the majority of us do not realize our responsibilities. Some seem to think they have been elected by our fellow citizens from personal esteem instead of taking it that our capacity for business management, is or should be, recognised as our principal claim to the confidence of the electorate. After election day is past, we should therefore endeavor to throw ourselves into the municipal life of our town or municipality in the character only of managing director of a large business corporation. The first duty we have to perform is to ascertain how best to extend the reputation of the firm, how we can improve its business, how enlarge its influence, by attracting outside attention to its advantages of situation, price of its lands, climate and all and every advantage it possesses.

AIM OF MUNICIPAL ADVERTISING.

This is where the skill is required. It is not enough to merely attract a casual enquirer, for we must have the goods to deliver before we can start out on an advertising campaign We must be constantly on the watch to discover something that the people want; having exploited these we shall attract enquirers; and having got into touch with them we must not be disappointed if we do not obtain immediate results for as in commercial advertising so it is in publicity work. This once accomplished, you have a sure customer as soon as circumstances will warrant.

Commercial advertising is entirely local or confined within a limited radius. Municipal advertising on publicity is intended to attract the attention of people far distant, who are seeking new homes, new fields of enterprise and new means of employing their capital or energy.

Their is nothing so potent as the attractive display of natural products of any land or district. An ocular demonstration where possible is undoubtedly the best form of publicity, but back it up by genuine advertising.

REQUIRES CONSTANT ACTIVITY.

This spirit of enquiry and desire to learn something of any known or unknown locality is what we need to cultivate.

This form of advertising is, however, confined to a comparatively few to reach the masses particularly in other lands, correspondence, newspapers, pamphlets, etc., must be resorted to and perhaps this is the greatest of all forms of advertising. To get in touch with people who are dissatisfied with their surroundings and are, for personal reasons, seeking a change of locality is the object of the publicist. This is a work which depends upon the constant activity and energetic enterprise of your advertiser.

Every district has some special advantage; it is your duty to let the investor, the home seeker, the merchant, the manufacturer and the mechanic know of these and try and have them investigate. The greater the population of the right class of settler that can be induced to settle in our midst the better, not only for the particular locality but for the districts surrounding it. Business is stimualted, money changes hands freely and industries are promoted, the natural results being increased pay rools, extension of public utilities, increased home comforts, better educational and technical facilities, improved transportation and greater opportunities for the enthusiastic and energetic man to promote his own welfare and become a more useful member of society.

Advanced prosperity is the result of steady, well thoughtout and skillfully directed publicity work and I strongly advise every municipality here represented and every district in British Columbia to take action. sDtrong vigorous action, to advertise its advantages and exploit its potentialities thereby adding to the prosperity and progress of this magnificent province in which we ale privileged to dwell.

The following recommendations were also passed:

A recommendation was passed that municipalities be empowered to take possession of expropriated property as soon as the bylaw is passed and not be compelled to wait until the arbitration proceeding are completed

Recommendations proposed by Victoria representatives were also passed that municipalities have power to issue registered debentures as well as coupons to replace works done under the local improvement plan and that the method of local improvement procedure be made plainer.

REVELSTOKE GAINS A POINT.

A recommendation from Kamloops that typographical errors in bylaws may be corrected without resubmitting the bylaw to the electors providing the consent of the Lieut-governor in Council be obtained, was passedwithout discussion. On motion of Dr. Hamilton, Revelstoke's youthful mayor, it was recommended that municipalities be given power to consolidate money bylaws.

The Provincial government was asked to construct and maintain a sanitarium for all cases of tuberco-asis, two-thirds of the cost to be borne by the municipalities and proportioned according to their populations. A recommendation from Point Grey that building lots be classed as wild land unless completely cleared and that acreage be cleared to the extent of $100 per acre instead of $5 as at present was referred to the executive committee.

Just Eggs

Active preparations are going on for the local winter Poultry Show, which promises to be a great success The following from the Ottawa Free Press may be of interest to Revelstoke poultry breeders:

Despite a protective import duty of three cents a dozen on eggs, the German hen is seriously competing with the hen of Canadian nativity. Eggs bearing the label, "Made in Germany" are being sold in different parts of the country.

The reason for this is not that the Canadian hen cannot supply the demands of the country. It is rather that eggs have been exported to the Continent to such an extent that the prices in Canada have soared up to 35 cents a dozen for the strictly fresh article.

In some of the countries to which Canada exported, the product of the native-born hens has undersold those from the Dominion so that there has been no profitable market for the latter. On the other hand eggs from Rhineland can be sold here, on account of the high prices prevailing, at the same prices as the home product.

The situation seems to be a muddle the disastrous results of which reflect back on the innocent and long-suffering public. A high, protective export duty on eggs, cheese, apples, etc., would prevent the premature and precipitouc exporting of Canadian food from the country to keep prices here up to the possible maximum.

As things are going now, a poultry farmer who sold direct to the people at a steady profit to himself without reference to the prices prevailing on the market, could undersell the regular retailers and work up a distinctly profitable business.

Canada Wants Maine

Charlotteown, P.E.I., Nov. 15.—The political union of the state of Maine with Canada is advocated by the Charlotteown Daily Guardian, which says:

"It is high time that the statesmen of Canada gave serious consideration to the possibility to use no stronger term, of admitting the adjoining state of Maine into the Dominion.

Jas. Ryrie, President. Harry Ryrie, Sec.-Treasurer.

"A glance at the map is sufficient to show that the state of Maine belongs geographically to Canada rather than to the United States. Being now a foreign country it is some extent also an obstacle to the right development of our great transportation system, while at the same time the state is shut out."

The Almighty Dollar

Liverpool, Nov. 15.—Archdeacon Madden on his return here from Canada gives out an interview in which he says in part:

"Many women on homesteads and farms in the far west suffer from melancholia caused by the lonliness of their existence on the great prairie farms. The passion for property is crushing out from the hearts of men their passion for God. The influx of Americans into Winnipeg and other progressive cities of the west is inoculating old fashioned Canadians with a spirit of hustle and worship of the almighty dollar. Wheat is the one subject on their tongues."

The "Melba" knit coat in all colors, with roll collar, turn cuffs, double and single breasted, fancy buttons, eqtra fine worsted, closo knit at $3 75 and $4.75.

Get It at Hume's

Aside from the encouragement and enthusiasm to grown-up people, the joy of children at Christmas time repays a hundredfold all the money, time and thought spent in making them happy; the delightful illusion of Santa Claus grows in interest every year and the vision of the Snow King hovers on the line of childish imaginations like stars at eventide on the horison. Homes are made happy with the gladness the children can enjoy, and because of this leadership of childhood and the touch of nature that makes for universal goodwill leavens the whole mass of humanity.

Get It at Hume's

Blankets, Bed Comforts

There is nothing that gives the same satisfaction as fine, light and warm bed covering; you get this satisfaction when you buy a Maish Laminated Cotton Down Comfort. We have a choice range of these goods, also a line of pure white Lambs wool Comforts which excel anything on the market. Try a Queen Alexandra blanket, the best the market affords, at $5 50 to $7 per pair.

Carpet Sweeper

Who could imagine a more choice Xmas present than a Bissell's Carpet Sweeper. It sweeps thoroughly, makes no noise, raises no dust. Call and examine the new ball bearing lines sold at retail prices set by the manufacturer.

Iron Beds

Springs and Mattresses. We carry a choice range of these goods in all sizes at prices that will stand investigation. Health brand and felt Mattrasses guaranteed perfectly sanitary.

Suspenders

Fancy Suspenders 75c. to $2.00 per pair.

Suspender Sets, put up in attractive boxes — Suspenders, Armlets, Garters, fine silk and lisle webs $1 to $3.00.

Men's Gloves

Lined and unlined in all shades and all sizes. These are another of our Xmas specialties. You can't go astray when buying gloves of us Prices $1 to $3.50.

Men's Vests

JAEGER VESTS—If you have any doubts about the superiority of these vests over other makes let us settle them for you. The patterns this year are decidedly new, but the knitted back and pure wool trimmings are of the same standard which has made them famous.—$4.25 to $6.50.

Olives and Pickles

This is the time of year when you will enjoy your dinner if you have some nice olives and pickles. Never before have we had a larger and better stock. Stuffed olives with peppers, tomatoes, and nuts, Crosse & Blackwell's famous Queen olives in half pints, pints and quarts, Nabob Olives in half pints and quarts, Crosse & Blackwell's mixed Chow Chow, walnuts and white onions in half pints, pints and quarts, Houston's sweet pickles, Gillard's relish, Morton's, Lipton's, Rowat's and Heintz sweet, sour and white onions.

Xmas Fruits

With Xmas drawing so close at hand, have you thought of your Xmas cooking. Don't leave it until the best is gone. Do your shopping early. We have a car of fruits due here early next week and will be in a position to fill your orders in the best possible manner. Our goods have been selected with the greatest care and we have bought none but the best fruits on the market. Hallowi and Ford Dates, Smyrna Figs, Sultana Raisins, California Seeded Raisins and Muskatels, Cleaned Currants in 1 lb. pkgs. and bulk, Lemon, Orange and Citron Peel, in fact everything the housewife needs for her cooking.

China and Crockeryware

See our line of Fancy Japanese China, Five O'clock Tea Sets, Cocoa Sets, Sugar, Creams, Cups and Saucers, Bread and Butter Plates, Chocolate Jugs, Trays, Cake Plates, Bon Bon Dishes, Fern Pots, Salad Bowls, Celery Trays, Berry Sets, etc. Anything you want we will lay it away for you until you want it.

Confectionery

In this department, as before, we will be again to the front with all the best and purest confectionery. Quality and purity is our motto here. Candy, nuts and raisins for the little ones as well as for your Xmas table.

Tasty Cheese

See our table of cheese all the different varieties on the market. Ontario fresh, plain cheese, Edam Dutch cheese, Ingersol Cream Cheese, Swiss cheese, McLaren's Imperial cheese in sizes at 15 cents, 35 cents, 55 cents and $1.10 per jar, and Limberger cheese "in the cellar."

This year all Toys and Fancy Goods on sale on the Second Floor. Take elevator. We have the best electric passenger elevator at your service that we could buy.
All modern appliances for safety and comfort.

REID & YOUNG

LOCAL AND GENERAL

Shackleton and his heroic journey to the South Pole at the Edison tomorrow night.

The famous Shackleton pictures will be produced again at the Edison theatre tomorrow night.

Mrs. A. Altree Coley, of Illecillewaet, has on exhibition a number of fine paintings of local scenery in the city.

Don't forget the sale of work and tea Thursday the 17th at Mrs. Roy McDonald's residence, Third street, under auspices of Rebekah Lodge, I. O. O. F. Admission 25c.

W. M. Lawrence has received intelligence of the death of his mother, whichoccurred this week at Winnipeg Mr. Lawrence has the sympathy of his many friends in his sad bereavement.

Make no engagement for Wednesday night next week, The Quadrille Club hold their dance in Selkirk hall and ask you to come and bring your friends. Don't forget the date Wednesday, Nov. 23rd.

The thrilling and realistic "Farthest South" pictures will be seen at the Edison tomorrow night.

R. H. Trueman is here. Now is the time to get your Christmas photos. See our special photos, $5.00 per dozen.

Aemelius Jarvis & Co., brokers of Toronto, have purchased the debentures recently issued by the city amounting to $50,000, for the relief of the city bank overdraft and general expenditures. The debentures were sold at $96.53.

The new hospital at Chase, Lake Shuswap, operated by the Revelstoke Hospital Society, has been formally opened. The building is commodious and convenient, being well fitted with every appliance. O. W. Abrahamson of this city was the contractor.

A large party of C.P.R. surveyors in charge of A. H. Larson returned yesterday from the Big Bend where they have been locating a route for the new branch of the C.P.R. via Canoe river. Another party, which went into the north country by way of Beaver are also expected in Revelstoke either tonight or tomorrow.

Mr. T. C. Keefer, who has just celebrated his eighty-ninth birthday, is the grand old man of the engineering profession in Canada. During his professional career he was identified with many of Canada's greatest engineering works. He was one of the great railway pathfinders of eastern Canada in the middle of the last century and was also prominently identified with the construction of our system of canals. It speaks well for the advantages of an outdoor life even when combining the hardships often inseparable to the engineering profession, that Mr. Keefer still retains such physical vigor that his friends cherish the hope of being able to congratulate him on reaching the century mark.

Christmas Goods

This season we are better stocked in holiday goods than ever before. Never before have we shown such a large variety of high class first quality goods both in staple and holiday lines. We ask you to come to our store, look over our lines and then judge for yourself.

Bews' Drug Store

We have a full stock of the leading lines in Teas and Coffees and can offer you the best values on the market, ranging in price from $1 per lb. to 3 lbs. for $1 as a special.

A. HOBSON, BAKER & GROCER

Insurance

Is one of the most important items in your business

KOOTENAY AGENCIES, LTD.

will look after this branch of the business for you.

Kootenay Agencies, Ltd.
Successors to Kincaid & Anderson

Bert Hall has purchased a lot on Second street from J. E. Taylor and will at once proceed to erect a fine modern house. S. Needham has the contract.

There is a saying that one can gauge the prosperity of a city or town by the number of police court cases. If that is so, then Revelstoke must be most exceedingly prosperous as she can hold her own with the volum of petty fines, etc., for drunk and disorderly, with any town in B. C.

C. B. Foster, assistant general passenger agent of the C.P.R. at Vancouver, who has been promoted to the post of general passenger agent at Winnipeg, will assume his new duties at once and will have jurisdiction from Port Arthur to Revelstoke.

The city street arc light system went out of business last week owing to the breaking of the last rectifying tube on hand in the power house. Fortunately the moon was shining which helped considerably in the illumination of the city. It is gratifying to see that the power house staff has got their plant so well trained and under such perfect control that it puts itself on to the "moonlight schedule" now without any assistance from the man in charge. The last tube could not have broken at a more opportune time and it is hoped that now the new tubes have arrived they will last longer than the previous ones did.

The Clark's company of "advanced vaudeville" which drew a fair house on Monday night at the opera house was one of the worst performances we have ever seen in this city. Alurring advertisements were conspicuously displayed all over the town and consequently a good audience attended. We are pleased to see that the opera house management when they found out what a truly 100th rate company they had booked,point blank refused to allow them to play a second night as was originally intended, feeling that it was robbing people of their good money. The management state that in future only the best attractions will be played. It is beyond us to know how such a company of rotten artists have the nerve to get up a play before the public as "advanced vaudeville."

The great Y.M.C.A. membership campaign commenced today and will be pushed forward all this week Particulars will be published in our next issue.

H. W. Edwards having rendered his resignation as Recording Secretary of Court Mount Begbie, on account of business reasons at the last meeting, the resignation was accepted and a hearty vote of thanks awarded Mr. Edwards for his services as Rec-Sec. during the last four years.

The case of highway robbery and assault last week near the C. P. R. bridge, came up again before Police Magistrate Foster yesterday. C. E. Gillan acted for the prosecution and G. S. McCarter for the defence. After a preliminary hearing the three men A. Pallies, A. Genruk, A. Grief, accused of being the assailants were committed for trial, which will take place immediately.

Tickets are selling fast for the Masquerade Ball under the auspices of Fire Brigade No. 1, on December 7th at the opera house. Spectators as well as dancers will have an opportunity to vote for whom they consider has the best costume. The Masquerade is the chief social event of the season, when charivari and fun are indulged in to the full. Everything will be done to ensure comfort and success.

J. H. Armstrong and W. J. Armstrong have taken over the business recently carried on by A. E. Spring, and will occupy the premises in the Howson block in First street. The new firm will be known as Armstrong & Co. and will run an up-to-date boot making and repairing, harness, saddlery, leather goods business. J. H. Armstrong is already well known in this city for his first class work and the new firm will do all they can to satisfy the public in every branch of their trade. In retiring Mr. Spring thanks the public of Revelstoke for their patronage and asks that the same be extended to his successors.

Moving Pictures at Opera House to-night, 8:30 o'clock.

SOCIAL AND PERSONAL

J. McMahon, of Enderby, was in the city this week.

Mrs. W. I. Briggs will not receive on Friday, Nov. 18th.

Mrs. J. H. Hamilton left last night on a visit to the coast.

Mrs. R. Howson will not receive on Friday next, Nov. 18th.

J. D. Sibbald has returned from a business trip to Vancouver.

Mrs. E. L. Grimes, of Bowden, Alta., is visiting in the city.

Mrs. T. Sturdy, Sixth street, east, will receive on Friday, Nov. 18th. Miss Jackson will receive with her.

The Hon. Thos. Taylor and Robt. Green were in the city yeaterday en route for the Conservative convention at Nelson.

Mrs. A. H. Allen will receive tomorrow for the last time before leaving Revelstoke on an extended holiday through California.

Mrs. F. E. Sine was the hostess at a very enjoyable bridge afternoon on Saturday. Mrs. A. McRae and Mrs. W. A. Morris being the fortunate prize winners.

Mrs. W. H. Sutherland entertained at bridge yesterday afternoon. Mrs. B. R. Atkins and Mrs. J. P. McLennan being the prize winners. A dainty tea was served.

T. Freeman, D. Gilchrist and R. Pearson, of New Westminster; L. Churchill of Eburne; E. N. Russell, F. P. Armstrong and D. R. Rolston of Golden, were in the city yesterday en route for the Conservative convention at Nelson.

C. E. Burbidge has succeeded J. Watson as messenger in the Imperial Bank. Joe's many friends will wish him all success in his new sphere of usefulness at Toronto, and he will be greatly missed in Revelstoke sporting circles.

Farthest South

A few weeks ago the public of Revelstoke were treated to an entertainment of an unique description when the pictures and lecture on she Lieut Shackleton Antartic Expedition was shown here. As the thrilling details of this gallant attempt to reach the South Pole were thrown on the screen one could almost feel the chill of the icy blizzards as one sat comfortably in the theatre and watched the brave little party fighting against almost unsurmountable obstacles and undergoing hardships which it is almost beyond belief that human endurance could withstand. Yet it was quite apparent throughout that these pictures were genuine and represented what actually took place, without exaggeration, and were genuine in every detail This subject is an education in itself.

As there were a great many people here who unable to see it last time and as the management has had so many requests that it should be shown again, we are now pleased to announce that arrangements have been made for a return booking and the series will be shown again tomorrow (Thursday) night at the Edison theatre. The usual prices will be charged.

Made to Order Weather

Professor Ferranti of the Institute of Royal Engineers, London, Eng., in a lecture revealed marvelous developments in electricty. Having explained a scheme for a universal supply of electricity for all purposes at a sixteenth of the present cost he declared that when electricity was understood more fully it would probably control the weather, producing or preventing rainfall when and where it might be wished.

This will be very welcome news to Revelstoke and will help the city council out considerably with their "good roads" schemes, and there will be no need for the suggested auto-sprinkler.

May Succeed Strathcona

London, Nov. 15.—A cable from Toronto to the Times says that Sir Hugh Graham, proprietor of the Montreal Star, will succeed Lord Strathcona as high commissioner for Canada here. Nothing is known of this report at Canadian offices in Victoria street.

There is a rumor that Wm. Whyte, second vice president of the C.P.R., will shortly retire, having reached the pension age.

The total eclipse of the moon tonight will probably be invisible owing to the heavy clouds covering the sky. City electricians please note!

The management of the opera house has commenced its series of moving pictures which will be held nightly except when some other attraction has booked the house.

The season of the year is approaching when certain aspirants for municipal office cheerfully sacrific all private interests for the public good and place themselves unreservedly in the hands of their friends.

Ideal Waterman Fountain vens — new stock just in —at Bews' drug store.

Famous Battleground

Deadman's Island, which, despite its name, has been a fairly live issue for several years past, was formally taken over this morning by Theodore Ludgate, following upon the decision of the court of Appeal recently, which decreed that the city of Vancouver did not control the "tight little isle."

Mr. Ludgate, accompanied by Sheriff Hall, E. L. Kinman, and Inspector McRae, who represented the city, went over to the famous battle ground today and the lone watchman who has been holding possession for the city, was relieved of his responsibility. Since the occasion of the fight of June 1, 1909, until a month ago, the city kept a policeman on the island. Recently a watchman has been holding the fort.

Barbers' College

The Moler System of Barber Colleges will open one of their famous schools in Calgary, Alberta, November 21st. We teach the barber trade and guarantee positions; wages $18 to $30 per week. A reduction will be given to students joining on opening day. Full particulars free.

Christmas Fancy Work

Everyone is busy making fancy articles for Christmas gifts and this Store is the acknowledged headquarters for everything in the Fancy Work line. No matter what you may need in the way of materials, you will find them here. Every few days brings a new lot and our stock is kept up-to-date at all times.

Tinted Tops and Centres

We show a very large range of these goods on Art Ticking and Burlap, Arts and Crafts and Mission designs are in demand, but we have a nice assortment in floral pieces. Bureau Scarfs, Table Centres, Work Bags, Tie and Towel Racks and a host of smaller pieces also in tinted designs.

Stamped Linens

We do all our own stamping. We carry a large lot ready stamped or can stamp anything you wish to order.

Fancy Linen Towelling on which we can stamp a fancy border and initial. We have some new designs.

Belding Embroidery Silks

We carry a large range in Filo, Royal Floss and Rope Silks. Berlin Wools in 2, 4 and 8 fold, Peri Lusta, all sizes, D. M. C. Enibroidery Cotton, Klostersilk, Crochet Silk, Crochet and Knitting Needles, Gold Thread, Stillettos, Embroidery Hoops, Embroidery and Handkerchief Linens, etc.

Come and See our display of Plauen, Vienna and Cluny Edged Centres. Drawn Linens in all shapes and sizes.
