REVELSTOKE AGRICULTURAL ASSOCIATION MEETING

Organization Meeting Under New Articles---Officers Appointed---Bye-Law Committees Struck Off --Other Business

Some twenty members of the new Agricultural Association were in attendance at the City Hall, when the first meeting under the new Articles of Association, was held, Thursday evening, the 18th January.

Mr. Alex McRae was unanimously elected chairman of the meeting, whilst Mr. W. B. Robertson accepted the position of acting secretary.

In a brief speech, the chairman out lined the objects of the meeting:—being to form an Agricultural Association, acting under legal advice, we have been provided with Joint Stock Papers under the Provincial Act providing for the organization of such Associations as this.

The Secretary then read the charter. The full title of the association is "The Revelstoke Agricultural Association" for the protection and advancing of agriculture, horticulture, fruit growing, stock breeding, dairying, poultry keeping and other kindred subjects, within that portion of the province of British Columbia comprised within the County of Kootenay. The annual subscription shall consist of $1 per annum for each member. The Board of Directors for the purposes of commencing the organization of the Society consists of eleven members who signed the Articles of Association, namely: Messrs. A. McRae, A. J. McDonell, Thomas Kilpatrick, J. Abrahamson, Robt. Caley, F. B. Wells, Chas. R. Macdonald, Frank H. Bourne, R. M. Smythe, H. J. McSorley and W. B. Robertson.

The meeting then proceeded to consider the proposed bylaws, fourteen in number, and after discussion, decided by vote to postpone adoption of the bylaws. The Chairman then struck off a committee of five members to act as a bylaw committee, with instructions that the committee consider the proposed bylaws, draft suitable additions and amendments, and submit same with a report, to a subsequent meeting to be held in February.

The meeting then proceeded with the election of officers and the following were unanimously elected:

Hon. President—Hon. Price Ellison Minister of Agriculture.

Hon. Vice President—Hon. Thomas Taylor, Minister of Public Works.

President—Alex McRae.

Vice President—A. J. McDonell.

Secretary—W. B. Robertsonf

Treasurer—F. B. Wells.

Following the election of officers, a general discussion took place as to future plans and programs. The President called attention to the advisibility of strengthening the Board of Directors by the addition of representative prominent agriculturalists from the various centres within the county, and Mr. McLenneghan, chairman of the bylaw committee, in supporting this proposal, intimated that the bylaws, when recommended would be found to contain provisions for increasing the number of directors, thus giving the various districts adequate representation in the executive of the Association.

Secretary Robertson drew attention to the necessity for an early preparation and distribution of the prize list and entry classes for the show and fair, in order to give exhibitors ample time eo prepare their exhibits with a view to securing a display worthy of the country and of the Association.

President McRae referred to the importance of securing a building suitable for the exhibitions of the Association, and it was unanimously the opinion of those present that all these items should be vigorously dealt with by the full Board of Directors.

The meeting then adjourned at 11 p. m.

THE CITY FATHERS IN BUSY SESSION

New Council Get Down to Work--Turf Association Lease Considered--New Move re Sewers

The city council held their second regular meeting in the City Hall on Friday evening at 8 p.m. Mayor Sutherland took the chair and those present were Aldermen Bourne, McKinnon, Howson, Abrahamson and McSorley.

The minutes of meetings held Dec. 29th and Jan. 15th, were adopted as read.

Mrs. Stacey called to make a complaint regarding the sewage running over her farm, contaminating the well; Mrs. Stacey also lodged a complaint re the taxes and amounts connected with the tax sale as charged.

The Mayor promised an investigation into the matter.

Communications—Various communications were read and ordered answered or filed.

C.P.R., who are meeting the light bill for Y.M.C.A., applied for the contract price on same.—Referred to W. L. and P. committee.

Letter from the Medical Officer suggesting that a notice be inserted in the local paper to the effect that all householders should note that it is a misdemeanor to conceal from the Medical Officer any suspicious disorders or illness, this with a view to enabling cases of infectious disease to be better controlled.

The C.P.R. submitted an account for siding rent. Ald. McKinnon moved that, in view of the fact that the Railway had this siding for their own use, the amount should not be paid, especially as the city had paid out $60 to have their lumber carried round the cars. Account was referred to the F. W. and L. committee, with this recommendation.

On a communication from Hon. Dr. Young, stating that the scale of remuneration for the city police magistrate has been set at $75 per month, Ald. McKinnon took exception to the government butting into city affairs. Moved by Ald. Bourne, seconded by Ald. McSorley, that the matter be investigated with a view to discovering what are the powers of the city in regard to the salaries of police magistrates appointed and paid by city corporations.

A letter was read from Mr. G. S. McCarter, re the lease for the Western Turf Association.

Ald. McKinnon—What right has this council to bind the council of 1919; citizens money has been expended there under the Park bylaw, now why should citizens be taxed for improvements on leased ground.

Ald. McSorley—I don't think this money will go to the shareholders of the Turf Association, it will all revert to the city.

Ald. McKinnon—According to C.F. Lindmark, about $1500 of citizens money has been spent, there we have track of $1500. In yesterday's paper I see they are figuring on the Agricultural Society paying rent. If we grant such leases, the Turl Association can settle the rent.

Mayor Sutherland—The idea seems to be for the Agricultural Association to have a society and fair with enough prizes to make a big fair, such an association depends upon continuity of policy and I favor the twenty years.

Ald. McKinnon—I doubt if it is legal for the council to give a twenty year lease dating from 1919.

Mayor Sutherland—Perhaps we can get Mr. McCarter on the 'phone and find out our legal position now. The Agricultural Association and the Turf Association are both anxious to get this settled in time for the present coast convention, so that they will be able to proceed on a sound basis.

Clerk Lawson went to the 'phone and returned stating that he was unable to get Mr. McCarter.

The matter of Power rates for industries was laid over for the Light, Power and Water committee.

Account from Medical Officer McLean was suggested to be laid over until the parties are out of quarantine and was referr?d to finance committee.

The request of Medical Officer McLean for publicity re the notification of inf?ctous diseases, was met by instructions to the city clerk to insert an official letter in the Mail-Herald.

Account for plumbing work done by order of the plumbing inspector, was referred to the city solicitor for advice as to powers.

The application for an extension of lease by the Turf Association, was laid over for attention and advice by city solicitor.

Ald. McSorley—If this lease can be granted we might pass a lease for the twenty years.

Ald. McKinnon—I think we should find out where we are.

Ald. Abrahamson—I think a nominal rent to the Agricultural Association should be included in the Turf Association lease.

Ald. Abrahamson, re Public Works committee report—I think some of this council should be appointed to meet the businessmen and others and get down to some basis re the sewer system.

Mayor Sutherland—That is a very good idea.

Ald. McKinnon—The difference in the sinking fund between 20 and 50 years would be some $2,000 per year.

Moved by Ald. Abrahamson, seconded by Ald. McKinnon; that a committee of the council, with power to call in the aid of citizens and to formulate a scheme re sewer question, and report.

Mayor Sutherland appoints a committee of the whole council in accordance with this resolution.

Finance Committee—Ald McKinnon reports re consolidation of debentures; an amount was allowed the auditor, being a percentage of the saving effected. I think as such a motion was passed, tne auditor should receive the instructions to go ahead and consolidate these debentures. The auditor was to go east, but the matter dropped. All he asks is an amount of percentage on the saving, a total of about $300.

Ald. McKinnon—If this consolidation can be completed, it will put the city on its feet. The money which would be provided in future could be spent on city improvements instead of swallowed up by these short date sinking funds.

On motion, the Finance committee were requested to make a detailed report on this matter and submit to next council meeting.

Moved by Ald. McKinnon, seconded by Ald. Howson, that Auditor Stein be appointed auditor for the coming year.

A temporary loan bylaw authorising the borrowing of $20,000 from the Molson's Bank to meet expenses due for payment before the city revenue comes payable for current year to be repaid on or before 31st Decem ber 1912, was adopted on motion by Ald. McSorley, seconded by Ald. Bourne, second reading.

A matter of an account against Mr. Stone, being bill for putting in a grease trap ordered by the plumbing inspector, was referred to the Public Works committee.

A motion was passed that the Sinclair account $531.33 be paid.

Finance committee presented various accounts :or payment, general account, $3627.65; water and light, $19.20.

A deputation from Fire Hall No. 2 namely Messrs. McRae and Squarebriggs, waited upon the council asking that teams be arranged for conveyance to fires at nights. Also that in cases of fires only some authorised persons be allowed to call in the lower town brigade in cases of fires, thus reducing expenses in cases of small fires.

Mayor Sutherland—No doubt in winter and at all times, the horse should be provided. The council will have to go into both these matters, and will consider same carefully.

Ald. McKinnon—The best way would be to have horses at the fire hall stabled there, and a man sleeping at the Fire Hall could be on the job all the time.

Mayor Sutherland — Perhaps we could get a team for the stable and feed at night.

Ald. Howson—I hardly approve this proposal.

The Mayor—This matter is referred to the Water and Light committee for consideration and report.

Ald. Abrahamson—The second matter might be taken up by the two brigades and submit recommendations to the council.

Mayor Sutherland—Yes, the brigades can get together and make their recommendation. Motion adopted accordingly

The meeting adjourned at 10:30 p. m.

Those who were out on the streets on Wednesday evening last heard a fearful noise and wondered what it was. Well it was only the Junior classes of the Y.M.C.A. who were trying to make as much noise as Big Crouching Panther and his braves. At the invitation of the officers of the Association the boys gathered at the Y.M.C.A., and under the care of the Physical Director they journeyed around town, then they went down south. After about two hours ride, they landed at the building where refreshments were served which were provided by the boys themselves and the way they took hold of the cake, well, nuf sed.

UNION LABEL 341

SATURDAY, JAN. 20th, 1912.

An agitation is being carried on by certain smooth tongued Asiatics, backed, we are sorry to say, by well meaning but misguided white people, with a view to adding to the already too large population of undesirable Asiatics in this province, by importing shiploads of Hindu women.

The unmixed evils of Asiatic immigration are already only too apparent in British Columbia. But the evil is not entirely beyond remedy. We have only to be bold enough to adopt the same measures as have been taken in the Australian Commonwealth, when by the simple exclusion of Asiatics, the course of two generations would rid us of those now within our midst, leaving this in fact as in name, truly a "Whitemans land" The proposed immigration of Asiatic women, however, would close this avenue of escape, and would turn our own country into a breeding ground for those cankers which, as the history of all such experiments of the past clearly proves, afflict those unhappy communities, who for temporary gain or supposedly religious or philanthropic reasons, have an unassiminable, alien and antagonistic race. The great black problem of the South, which has already cost the United States a war involving the loss of a million lives and a billion dollars of property and gold, and which is today as great an unsolved problem as ever, eating like a canker into the heart of the fairest portions of the great republic, should be a warning to British Columbia of the folly and danger of paying heed to such insidious proposals.

The difficulties of the future are great enough, without saddling Asiatic parmanent society into our country, and any government which assents to such a betrayal of the confidence of the whitemen and women of this province would be traitors to the Anglo Saxon race, and to our great Dominion. Our White forefathers bled, suffered, fought and died, they chopped their way thru' the forests and pioneered over the frozen plains, from the Atlantic to the Pacific, in order that we their sons and daughters might enjoy the heritage they founded, and now a section of our own community have the audacity to suggest that our land, and the fruits of all this labor, should be handed over to the hordes of Asia. The results of such madness as this proposed immigration of Hindu women, is written in history in pages of blood and tears, the terrible Black problem of the States is a daily witness before our eyes. This paper goes on record as being unalterably opposed to any such proposals which we know to be diametrically opposite to the interests of our province and Dominion.

The special edition of the Nelson Daily News, issued in January of this year, copy of which reached this office some days ago, is certainly a credit to Nelson and the Province of British Columbia. A sheet of such merit, dealing clearly and convincingly with the resources, opportunities, and prosperity of the Kootenays, can not fail to be of the greatest benefit to that district and to the Interior generally. From a typographical standpoint the issue would be difficult to surpass, the mechanical staff of the News, by such a production, stamp themselves not only as "Union men" but as artists in their chosen profession, and the descriptive writings are as interesting as the subjects of which they treat.

First class program of moving pictures and orchestra music at the Edison theatre tonight.

REVELSTOKE AND ITS FRUIT LANDS

Extract from issue of "Canada" Dated December 30th

The city of Revelstoke, British Columbia, of which a large panoramic view appeared in our centre double-page last week, is centrally located, and is an excellent distributing centre. It is on the main line of the Canadian Pacific Railway, and has railway communication to the Arrow Lakes, and steamboat and railway communication with the whole southern portion of the Kootenays and Yale.

The city at the present time has a good opening for an iron foundry, which from this point would be able to supply within forty-eight hours any requirements of saw mills, railroads and steamboats. The city could supply electrical power to run it. There are other industries that should be paying propositions and good investments in Revelstoke, such as a brick-making plant.

The Revelstoke General Agencies, Ltd., report that they have for sale good timber berths, containing from 270 million to a billion of timber, in localities easy of access, at prices varying from 75c. to $1 for a thousand on the stump. They also have for sale exceptionally good fruit lands, at prices varying from $15 to $75, from 30 to 40 miles outside the city, that closer in ranging from $100 to $250 an acre. The higher-priced land is all cleared and ready for planting; land at $100 an acre is not cleared, and would cost in the neighborhood of from $75 to $100 to clear it. City lands sub-divided, extending from the centre of business to the boundary of the city, are for sale at prices varying from 125 to as high as $1,000. Two blocks from the centre the size of these lots is 50ft by 100ft. In the centre prices are as high in some cases as $250 a frontage foot. The firm have first-class loans on first mortgage realty at 6 to 8 per cent. on, which they can assure any clients that the loan would be on a basis of from 40 to 50 per cent of the actual value of the property on which loans are made.

The lands surrounding Revelstoke are capable of raising practically all kinds of produce and fruits—apples, plums, pears, gooseberries, currants, strawberries, potatoes, turnips, mangel, onions, carrots, beets, celery, etc for all of which a ready market is at hand. The produce can be loaded on the cars in Revelstoke in the evening and be on the market in Calgary, Alberta, in the morning.

Visit of World's Greatest Choir

No musical event in the Dominion since the famous tour of the Sheffield choir last spring is of greater interest than the tour of the Royal Moelwyn Male choir. The choir consists of 25 admirably trained Welsh vocalists, their repetoire is an extensive one and a large part of every performance is devoted to Welsh national music.

The Canadian tour commences with concerts at Montreal and the choir will travel through to Vancouver and back taking in all important points.

An opportunity will be given music lovers to hear this famous aggregation on Monday, Jan. 29th at the opera house. The tour is being conducted for a philanthropic purpose. It has been arranged by David Davies the wealthy shipbuilder of Wales for the purpose of raising money for the suppression of tuberculosis in the gallant little principality and the 25 accomplished vocalists are giving their services free. Already these crusaders have raised $500,000 and a further $100,000 is needed.

Port Mann news.—As the time for the sale of lots in the C.N.R. townsite at Port Mann draws near much interest is being manifested in this western terminus. One and a half million dollars have been invested there during the past three weeks, and realty values are advancing steadily. See J. B. Watson Realty Co.'s ad for snaps in Port Mann lots

Make home happy with a glowing new heater.

CALL TO PRAYER IN ALL CANADA

Coast to Coast Meetings on Afternoon of Jan. 21st.

A call to prayer has been issued by the officials of the Canadian churches and the chairman of the National Laymen's Missionary movement, which is to take effect through the whole of Canada.

It has been suggested that on the afternoon of Sunday, January 21 between the hours of three and six o'clock, as best suited to existing conditions, the Christian men of all communions in every city, town village or country place throughout the Dominion be called together for one hour in a service of thanksgiving and intercession. It has also been suggested that clergymen from their pulpits will, in every way possible, seek to enlist the interest and attendance of the men of their congregations and that Sunday school leaders, adult bible class leaders, and brotherhoods be requested to co operate in this object. It is further suggested that where it is not convenient to hold a public meeting, or where for some reason it is not possible to attend such service, men individually, or in twos or threes spend one hour upon the appointed afternoon in prayer.

The proclamation is signed by: S. P. Rupert's Land, primate, Church of England in Canada; A. L. Therrien, president Baptist convention Ontario and Quebec; T. B. MacAulay chairman of Congregational Union of Canada; A. Carman, general superintendent Methodist church; R. P. MacKay, moderator Presbyterian General Assembly; S. J. Moore, chairman Canadian council Laymen's Missionary movement.

Rev. James Little, of St. Paul's Presbyterian church, stated that he thought there could not be too much prayer, and he was greatly in favor of holding mass meetings on January 21. He stated that if he were asked to speak to the men of his congregation he would be pleased to do so.—Ottawa Citizen.

Running High Jump

It may be well to set down as an absolute rule that no one should attempt to start to train seriously for the running high jump until after he is about 12 or 13 years of age, for ambition is likely to lead the aspiring athlete into over exertion. If you want to take up high jumping as a specialty, spend the winter or indoor season in weight pulling to give strength to the back and chest, also do plenty of leg motions to fortify the limbs.

To be a high jumper a well developed chest and back are essential, for the leg exercise let me give you two, first, rise on the toes about twenty-five times a day, and exercise until you can do as high as 300, the second motion is the frog or full squat. Place the heels together and toes apart squating and rising a few times at first but gradually increase.

I would not advise practising the high jump in winter or on a hard floor, because one is liable to slip and get injured. One week of practice outdoors is worth more than a whole month indoors. Now for the jump itself.

Good form in high jumping is one of the prime requisites for success. It is only within the last fewyears that such attention has been paid to this feature of the exercise, and we can see the results.

Now the form in jumping is not merely a matter of individual taste, we are fast learning the fact that it is wise to learn of those who know more than we do, so we will quote Sweeney's form, one of the world's champion high jumpers, who made 6ft. 5 5-8. Now we will suppose you take off from the left foot. There is no rule that can be laid down as to how far away from the posts a jumper should start to run, the nearer the better because the less energy is spect.

Sweeney and Baltazzi both start about 75 feet and run slowly to a point about three long strides from the posts, this point should be absolutely fixed by every jumper. Then start in the middle of the middle of the runway and swing slowly towards the right edge of the cinder track, turning sharply to the left at this point and then taking the three long strides as rapidly and with as much force as you can compel, this brings your left foot on the takeoff, getting over the bar.

A good way to measure a man's distance for the takeoff is to stand on one foot before the bar, and lift the other foot until you can touch the bar with your toes.

In the actual jump, a man who jumps from the left foot will throw the right leg up, and flexing the left, and at the same time taking care to keep the toes well up to the body, he will also try to keep his shoulders as close to the bar as possible. The body is twisted (as you go over the bar) to the left so that when you light you are facing the bar and at the same distance as your takeoff.

In a competition each jumper is allowed three trial jumps at each height of the bar, and if he fails on the third trial he is out. Running under the bar in an attempt to jump counts as a balk, and three balks count as a trial, thus it is better to make a balk rather attempt to jump if you do not come squarely on the takeoff.

A competitor may decline to jump at any height in his turn, but by so doing he forfeits his right to jump again at the height declined.

You can also refuse to jump until the bar has reached a fair height, thus reserving your strength, but you must be certain of your ability to jump at that height.

The broad jump will be taken next week.

PERCY F. GIFFORD,
Physical Director, Y. M. C. A.

Y. M. C. A. Notes

Our Bowling alleys are going at full speed, two leagues have been formed, schedule printed below. The alleys are open at 4 p.m. to 10 p.m. Come and enjoy the fun under genial conditions.

The swimming pool is now kept at a temperature that any one wishing a nice swim can do so all through the winter. Get into the swim.

The juniors are enjoying their new quarters, and a number of them have been taught how to swim.

Last Tuesday the Intermediate class enjoyed a very pleasant outing on snow shoes instead of having the regular class. Quite a merry bunch gathered at the Y.M.C.A. and at 7:30 they left for the mountain. After about two hours of fun, hard work, and stumbling, at the kind invitation of Master Alfred and Robert Tapping the boys gathered at their residence where all the nice things that boys who have been on a tramp like was provided. At 11 o'clock the boys wended their way home all satisfied with the evening's fun and entertainment.

Everything is in full swing at the gym these days, the classes are all in good shape, but there is room for more in the Business Mens Class, also the Senior class. The swimming pool is in shape, if you do not believe it ask the boys.

The program for the Arts and Crafts exhibition is now ready, and can be had for the asking. Get busy and see what you can do.

Sunday afternoon at 3:45, Mr. T. Pagden will address the men at the afternoon meeting. All men welcome

To the People of Revelstoke District

Why spend needless dollars on fuel bills this winter, when for a small investment in a few STORM WINDOWS and a door or two you can save at least 50 per cent. of your present outlay in fuel? Maybe you have never considered this. Think it over and you will be convinced.

If you invest now in a few storm windows and doors you will SAVE THEIR COST long before the arrival of Spring. Ask those who know and get your order in now. ALL ORDERS ARE PROMPTLY ATTENDED TO.

If you are contemplating building a House, Store or Business Block in the Spring, or adding an addition to the House, now is the time to talk it over. Come to us with your plans and let us figure it out for you. You will profit by our wide experience and SAVE MONEY.

We give estimates freely on all kinds of CONSRUCTIONAL WORK, and your enquiries are solicited.

MALAKWA NOTES

CORRESPONDENCE.

Editor Mail-Herald:—

Dear Sir, — Your correspondent, whom Settler so milegantly (not to say libellously) refers to as Satan, has nothing to say against the advantages and charms of the valley, but he does not believe that any good was ever done to a place or individual by an undue amount of boosting. He believes with Settler, that the valley is bound to grow in population and importance, but cannot see eye to eye with him in regard to the time in which all the great improvements will have arrived

May Settler continue to boost, but may he keep free from too great exaggeration.

The work on the dam is progressing as satisfactorily as can be expected.

A dance was held at the hall on Saturday evening. All the participants reporting an enjoyable evening

It is almost time that we were afforded the same facilities by the C.P.R. as are now enjoyed by Taft and Three Valley. One flag train each way per day is often very inconvenient.

A movement is on foot to promote a company for the purpose of constructing a telephone line through the valley.

Editor Mail-Herald:—

Dear Sir,—I think we have here in the Valley of the Garden of Eden, one of the most favorable spots on earth. A mild climate, fertile soil, plenty of the purest water, timber galore, for both building purposes and fuel, daily mail, and good transportation facilities all combined, certainly make it a mecca for the home seeker. I think the same as others with whom I have discussed the proposition, that a lodging and boarding house carried on in connection with some other business would do well. We neither need nor want a bar.

We are glad to see our citizens enthusiastic and ready to boost with clean advertising, but we deplore some of the late correspondence which actually blackguards a respectable citizen, because he differs with them in his opinions. We are glad to say that the better class of our citizens are not in favor with this sort of insult.

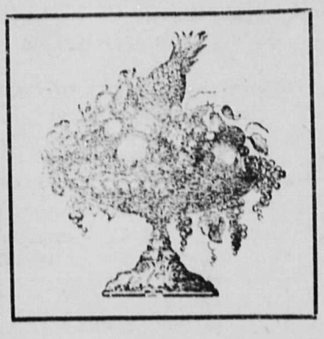
ANOTHER SETTLER.

Editor Mail-Herald:—

I would like to ask the readers of your paper if it ever occurred to them that there is not enough milk or butter produced within a radius of seventy-five miles of Revelstoke to supply that city alone? That Revelstoke consumes an amount of eggs equal to one eighth of all the eggs produced in the province, that B.C. imports four-fifths of all produce consumed in the province? that there is not enough fruit grown in B. C. to supply the city of Vancouver alone? Did you ever stop to think of the enormous profit in eggs at seven cents apiece? That B. C. imports nine-tenths of its hay? Malakwa grown hay sells for $25 to $40 a ton at Malakwa and we d?fy anyone any where to show us a better hay growing country than this Garden of Eden. There is less work attached to a hay ranch than any other occupation. I have known hay to sell for $10 a ton at Malakwa, standing in the field. On an average crop this would mean $30 per acre and not five minutes work. This is more by far than the average prairie farmer realizes before paying for seed or labor to say nothing of his own work.

And in this Garden of Eden, we have everything on our side. We have never known a crop failure, nor do we have any fear of one. We do not have blizzards, thunder storms or wind. We have had but nine days of below zero weather this winter and but few more of freezing, which record I am sure will compare quite favorably with any place in the Dominion. We cordially invite every home-seeker or invester to investigate this valley and we will soon convince him of the great superiority of the Garden of Eden, in climate, soil, location, shipping facilities, etc. It is one of the very few places in B.C. where irrigation is not necessary.

MALAKWAIN.



The Valley of "The Garden of Eden"

Situated at MALAKWA, B. C.

Just 32 Miles West of Revelstoke, and Extending between Sicamous Junction to Three Valleys Station

Area of First-Class Land---20,000 Acres

Character of Land Principally Level.

Character of Soil Bench Lands, Clay Loam and Vegetable Mould, while on Lower Lands Black Loam Prevails.

No Irrigation Positively no irrigation is needed as Valley is sub-irrigated, and many creeks supply water for Domestic purposes.

This Land is specially adapted for Large and Small Fruits, as well as Hay and Vegetables.

Moderate Climate Zero is Average Winter Weather.

PRICES OF LAND REASONABLE

HUDSON BAY RAILWAY

Conaract with Mr. J.D. McArthur Will be Renewed

Ottawa, Jan. 12—Mr. J. D. McArthur of Winnipeg, who held the contract under the old government for the first section of the Hudson Bay line from The Pas to Split Lake arrived in the city yesterday morning. As was announced some time ago, the contract will be renewed. He held conferences with Hon. Frank Cochrane, minister of railways, and other members of the government and it is understood that orders will be issued as a result for full steam ahead on the Hudson Bay.

Mr. McArthur will start at once getting supplies into the north country so as to be ready to commence full operations in the spring. The first sectian for which Mr. McArthur has the contract consists of 185 miles. It is understood that Mr. Cochrane has decided as a result of considerable investigation and many conferences with the engineers, to follow the original plan to build the line from The Pas. Even if it is not finally the main line it is a much needed branch which will be necessary to tap Eastern Saskatchewan.

It is said there is practically no doubt that the terminus of the Hudson Bay railway will be at Fort Churchill. The rail haul to Churchill will be somewhat longer than to Nelson, but the harbor facilities are better and that is an important consideration, more particularly in a northern climate.

The report of the surveyors and hydrographers who accompanied the steamer Stanley to the bay in 1910, is strongly in favor of Churchill. It was stated that Port Nelson was too shallow and the shiu could not get even within sight of land. Nothing definite in this respect has been decided, but everything points to Fort Churchill as the terminus.

Agricultural Bulletin

Ottawa, Ont., Janl 14—The census office of the department of agriculture has issue the following bulletin giving the final estimates of the field crops of the Dominion for 1911:

The field crops of Canada are shown to have occupied last year a total of 32,853,000 acres, and their value calculated at the local market prices, amounts to $656,712,000.

10,340,000 acres, of which 1,172,000 acres were fall wheat in Ontario and Alberta, and the production was 215-851,000 bushels of the value of $138,-657,000. Spring wheat produced 2,041-000 bushels of the value of $21,461,000

Oats occupied 9,220,000 acres and yielded 348,180,000 bushels, of the value of $126,812,000.

Barley, 1,404,000 acres, yielding 40,-640,000 bushels of the value of $23,-004,000, and flax 1,116,000 acres, yielded 12,921,000 bushels, of the value of $19,467,000.

The combined acrea under rice, peas, buckwheat, mixed grains and flax was 2,481,000 acres; the yield was 44,986,000 bushels, and the value $41,560,000.

Hoed and cultivated crops, comprising beans, corn for husking, potatoes, turnips and other roots, except sugar beets, occupied 1,063,000 acres and yielded 170,884,000 bushels, of the value of $73,290,000.

Sugar beet in Ontario and Alberta had an acreage of 20,873, and a yield ol 17,000 tons of sugar, of the value of $1,165,000.

Fodder crops, including fodder corn hay,clover and alfalfa, show an acreage of 18,290,000, a production of 15,459,000 tons and a value of $161,-314,000.

Alfaalfa, a record which was taken for the first time, shows an area of 110,781 acres, with a yield of 227,900 tons, of the value of $2,240,000. This valuable fodder crop is being principally grown in Ontario, Quebec and alberta, the average yield per acre for the whole of Canada being 3½ tons.

For the year 1911 the acreage from which the yields are calculated are those of the recent census and the resulting dates are therefore not strictly comparable with the estimates of the three previous years, which were based upon the reports of select correspondents. A most satisfactory criterion of the difference between the two seasons 1910 and 1911 is afforded by the average rates of yield per acre which for fall wheat was 22.9 bushels in 1911, against 23.49 in 1910; spring wheat 20.63, against 15.30; oats 37.76, against 32.79; barley 28.994, against 24.62, and flax 11.41, against 7.27. In the three northwest provinces of Manitoba, Saskatchewan and Alberta, the wheat production was 194,403,000 bushels, compared with 128,891,000 bushels.

By provinces the total value of all field crops in 1911 was as follows:

Prince Edward Island, $8,846,700; Nova Scotia, $14,275,900; New Brunswick, $16,789,000; Quebec, $103,187,-000; Ontario, $192,260,000; Manitoba, $73,136; Saskatchewan, $107,147,-000; Alberta, $47,750,000; British Columbia, $1,120,000.—Daily News.

Dominion Liberal With Province

The total insrease amounts to $1,-188,570 divided as follows: Ontario $267,657, Quebec $285,125, Nova Scotia $26,207, New Brunswick $16,-614, British Columbia $191,706. Alberta $87,653, Saskatchewan $318,-213, P. E. I. subsidy remains stationary.

From the above it will be seen that the Dominion government is treating the provinces and especially B. C., more liberally than heretofore.

Moving pictures tonight.

Secretary.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia, may be leased lor a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each applicant must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

SHOULD LUMBER INDUSTRY HAVE PROTECTION

(By A. E. Watts, Wattsburg, B. C.)

Seeing that it is the only industry in Canada which is unprotected and that it is afflicted at the present time by the dumping of hundreds of millions of feet of American lumber at less than half the cost of production, no man with a sense of justice can say that this industry has been fairly treated by the late government, and readers must have noticed with disdain the cowardly attack of Mr. Knowles, M.P. for Moose Jaw, on the Conservative government, simply because the lumbermen of British Columbia asked the government to enforce the law as it stands on the statute books. He stated that the government went down before the first pressure brought to bear upon it by the lumber combine of the west; that the lumber manufacturers would take the last ox and the last stove of the poor settlers of the prairie; that if the law was enforced it would mean a loss of $12,000,000 per annum by the Canadian consumers. The Hon. member shows by this statement that his arithmetic is as bad as his arguments. Three hundred million feet of lumber have been imported during the year, and about one third of the total amount would be dutiable if the customs regulations were enforced, and even if $2 per thousand duty was collected that would amount to $200,000 or one sixtieth part of what Mr. Knowles states. But even at that, this was the most truthful part of any of the charges he made against the government. The Conservative government, Mr. Knowles is well aware, defeated the Liberal government principally because the Conservatives advocated protection for all Canadian industries, coupled with British preference and imperial unity Presuming the government were to grant what this industry is entitled to it could not even then be charged with being the "Tool of Combines," as stated by Mr. Knowles, who knows as well as we do that the dumping clause was specially made to protect Canadian industries, and he knows that that and other measures enacted for the purpose were deliberately ignored by the late government, that the evasion of the law was winked at in every respect when it was a matter of protecting the lumber industry. Dutiable goods by the thousands of carloads have been passed and all the representations made to the government on the subject were ignored.

It is a mistaken idea to imagine that the prairies reap any benefit from the dumping of this cheap lumber on the Canadian market. Any person who understands the conditions of the trade knows right well that from $28.00 to $34.00 per thousand feet is at the present time being charged to consumers for common lumber, where competition does not exist, or where it has been eliminated. The only places that do benefit by the cheap rubbish are the big centres where competition is severe, and the poor settlers quoted by Mr. Knowles reap no benefit from that. The jerry builders and real estate boomsters are the only ones who receive any tangible benefit, and they are about as worthy of protection as Mr. Knowles' statements are of credence.

One result of non-protection is the fact that all the mills in the interior of British Columbia are closed down and logging operations suspended. The interior has only one market—the prairies—and this is inundated with lumber being sold in the large centres at ruinous prices, which competition British Columbia manufacturers are unable to meet. This policy acts as a boomerang on the farmers or producers on the prairies, because British Columbia is one of the largest and best customers the prairies have, as she consumes over $50,000,000 worth of their agricultural products per annum. She also provides thousands of poor homesteaders with the means of subsistance until their homesteads are productive. Crowds of them who came west during the winter on the train seeking work, found the logging camps and mills closed down, and great numbers had to walk all the way back. Great milling concerns who were working hundreds of teams have sold them and closed their plants down indefinitely.

There are many more arguments and reasons why the lumber industry is entitled to protection just the same as other industries in Canada. —Exchange.

C.P.R. Prosperity

C.P.R. prosperity has but few, if any, parallels in the history of railroading. Its business is growing by leaps and bounds, and a review of its first four months of the current fiscal year to the end of October, as reflected in dispatches published in the "News-Advertiser" from time to time, gross business showed an increase of $3,671,000. The November statement showed gross earnings of approximately $10,500,000, an increase of $1,690,000 over a year ago. Preliminary returns indicate that the December statement, to be published in a few days, will be even more favorable and will show an increase of over $2,000,000 in gross for the month, making the total gross increase for the first half of the year in the neighborhood of $6,800,000, or at the rate of $13,600,000 for the full year. This expansion in earnings is all the more remarkable when it is considered that business in the 1911 fiscal year showed a gain of 9,178,000 over 1910, and gross for 1910 showed an increase of $18,600,000 over 1909.

It may be argued that the last six months is the most prosperous half of the C.P.R.'s fiscal year, and usually this is true, but this year the movement of the crops has been very late owing to various causes, and it is fully expected that gross returns will continue to show good expansion. The C.P.R. is also showing exceptionally large increases in net earnings. The road has been favored with mild weather for this season of the year until just a few weeks ago, and no difficulty has been experienced in keeping working expenses down to around 60 per cent. of gross.

The growth and expansion of the C.P.R. only reflects the growth and expansion of Canadian trade and commerce and general activity and may, in a measure, be taken as a good indicator of the country's state of prosperity.

DRUNKENNESS CAN BE CURED

Old Fallacy That Drunkenness Cannot Be Cured Exploded.

Many men drink who desire to stop the habit. Whisky, however, has undermined the constitution and created a craving that is not to be denied, and the man must have whisky or something that will remove the craving and build up the system and restore the nerves.

Samaria Prescription stops the craving, steadies the nerves, builds up the general health and makes drink actually distasteful and nauseous. It is tasteless and odorless, and can be given with or without the patient's knowledge, in tea, coffee or food. It is used regularly by Physicians and Hospitals. It has cured thousands in Canada, and restored happiness to hundreds of homes.

Read what Mrs. G——, of Hull, says of it and what it did for her:

"It is four months to-day since I started to use your Remedy I followed the directions, and had the best of results. One week after I started using your Remedy the patient stopped drinking, and has not drunk a glass of liquor since. I hope you will accept my heartfelt thanks. Hoping God will bless your Remedy whenever tried, I remain,

Mrs. G——, Hull, Que.

(Name withheld by request.)

Now, if there is anyone in your town who needs this Remedy, tell them of it. Practical philanthropy can take no better form. If you have a husband, father, brother or friend who drinks, help them help themselves. Write to-day.

A FREE TRIAL PACKAGE of Samaria, with Booklet giving full particulars, directions, testimonials, price, etc., will be sent in a plain sealed package to anyone mentioning this paper. Correspondence sacredly confidential. Write today. The Samaria Remedy Co., Dept. 46-49, Colborne street, Toronto, Canada. Also for sale by C. R. Macdonald, Druggist, Revelstoke, B. C.

Dr. de Van's Female Pills

A reliable French regulator; never fails. These pills are exceedingly powerful in regulating the generative portion of the female system. Refuse all cheap imitations. **Dr. de Van's** are sold at $5 a box, or three for $10. Mailed to any address. The Scobell Drug Co., St. Catharines, Ont.

This Week

Groceries and Crockery Department

Fruits

A large shipment of Naval Oranges, Jap Oranges, Lemons and Bananas arriving this week. The stock is in the best of condition this time of year and the prices are lower than in the early season. Nuts and Table Raisins are also in big demand now. They possess a high food value and are a very healthful dish this time of the year.

Apples

We still have a few boxes of the best grade of apples in stock— Wagner, Jonathan Northern Spy, and a few other varieties—and we guarantee the quality of every box. Hotels and restaurants will make no mistake in buying our cooking apples at $1.75 per box. Lay in a stock now, as they are sure to be higher in the latter part of the winter. Our table apples are all wrapped to insure their keeping.

Syrups Syrups

Have you tried any of our McNally's Pure Maple Syrup. If you have not; why not? We guarantee this Syrup pure and appetizing, made from the sap of the good old maple trees in the forests of New Brunswick, there is nothing on the market to compete with it. Put up in quart bottles at 50c. and 1 Gallon cans at $2.25 each. When you try it you will use no other.

Bovril! Bovril!

Winter weather is Bovril weather! You will eat well, sleep well and look well if you drink a little hot Bovril each day this cold weather. One bottle will last you and family a long time. It is nourishing and helpful to your system. Put up in 2 oz., 4 oz., 12 oz. and 16 oz. bottles.

Crockery and Glassware

Stock-taking is now on, and we are making a big push on all lines of Crockery and Glassware. We will make it worth your while to buy these articles from us. All are new patterns, new designs and the latest make. Cups and Saucers, Dinner Sets, Tea Sets, Jugs, Vases, Fancy Trays, Water Sets, Mugs, Water Pitchers and Jardiniers,

Big Discount off Any Article This Month

Canned Vegetables

This is the season of the year for Canned Vegetables. If you eat more vegetables you will feel the better for it. Our Canned Peas, Corn, Beans, Tomatoes and Pumpkins are the best brand on the market. Green goods and dry vegetables are scarce and high in price, while the canned goods are just as good and very much cheaper.

See our display of French Peas, Mushrooms and Asparagras in glass bottles, Beets, Asparagras and Succotash in cans.

REID & YOUNG

THE CITY IN BRIEF

Miss Mullins, nurse at the hospital went east on Thursday last.

Judge Forin passed through town the middle of this week on his way to Nelson from the coast.

F. W. Laing is expected back today from the coast where he has been attending the annual Provincial Poultry show at Vancouver.

Frank Hopkins, Manager of the King Edward hotel, left on Wednesday last for Nelson on a ten days trip.

Special meeting of the Girls Hospital Auxiliary Monday evening, Jan 22, at the home of Mrs. Harry Bews. A full attendance is requested.

Don't forget the St. Valentines dance, Drill Hall, Febraary 14th, under the auspices of the Girl's Auxiliary of the hospital.

Mr. Arthur Johnson, of the Mail-Herald staff, left Thursday evening for the coast, he will visit Vancouver and Victoria and will return next week.

See the Revelstoke Sash and Door Factory about those storm sash that you need for your home. Prices down to rock bottom, that every one can afford special this month.

W. C. Elkington, clerk at the King Edward hotel, returned last Saturday night from a ten days trip to Calgary. He says that the weather was quite severe during his stay there.

W. W. Foster, Deputy Minister of Public Works, arrived in town last Wednesday night from Victoria, and took the morning train for Nelson. He will return to Revelstoke Tuesday afternoon.

Tonight McKinnon's pool room and cigar store will be moved into his new block just opposite the old location on First street. This new block is one of the best in Revelstoke and thoroughly modern and is a credit to the city.

Rev. Geo. F. C. Pringle, who labored for a number of years in the Yukon, will address the Men of Revelstoke in the Y.M.C.A. building tomorrow afternoon at 3:45. Every man ought to make it a point to be present. Bright singing.

The two adult Bible classes of St. John's Presbyterian church had a most enjoyable snow shoe tramp on Thursday evening. They went out to the home of Mr. George Mathieson, where they received a hearty welcome A very pleasant evening was spent in games and a musical program, after which the homeward journey began. The members of the party speak in the highest terms of the hospitality of their host and hostess, and hope that a similar tramp may be arranged before the end of the season.

HONEY - HONEY!

Pure White Clover Honey in 5 lb. Cans. This is something you will find awfully nice at this season of the year.

HOME-MADE JAM—in pints and quarts, glass jars. This is absolutely pure and well put up.

SYRUPS—Pure Maple Syrup in bottles or cans, which we guarantee to be the best.

A. HOBSON, - MacKenzie Avenue

KOOTENAY AGENCIES LIMITED

MUSIC—Miss Johnson, pupil of A. Miller, F.R.A.M., London, is prepared to take a limited number of pupils for tuition in music. For terms apply at the residence of J. K. Johnson, first house west of the hospital, First street.

The Ladi?s Aid of the Methodist church held a most successful sale of home cooking on Thursday afternoon and evening at the home of Mrs. C. F. Lindmark. The ladies wish to thank the congregation which so liberally contributed, and the public, which so well patronized the sale.

The B.Y.P.U. of the Baptist church will be putting on a series of literary and social evenings during the winter, and Monday evening next at the Baptist church will be spent with "Canadian Authors." A pleasant and perhaps instructive time promised to those who avail themselves of the opportunity to attend.

Theo. Wadman and Rand Gibbons left for Victoria last Wednesday evening. Mr. Wadman went to attend the annual meeting of the Executive of the Provincial Conservative Association which was to meet in session at the Queen city yesterday, while Mr. Gibbons will proceed as far as Alberni, where his company is installing a saw mill plant and may be gone a few weeks.

The annual meeting of St. John's congregation will be held in the church on Thursday evening, January 25th at eight o'clock, instead of Tuesday as previously announced. At this meeting the reports for the year will be presented and all necessary business of the congregation transacted. After the business a social hour will be spent, and refreshments will be served. All members and adherents should attend this meeting.

The report of the poultry show at Vancouver and also a number of important locals are held over until our next issue.

The regular monthly meeting of the board of directors will be held in the parlors of the Y.M.C.A. building on Tuesday next at 6:30 sharp in the evening. Every member urgently requested to be present.

The Revelstoke Caledonian Society met in the city hall on Wednesday, and completed arrangements for celebrating Burns' Anniversary on the 24th. The committee in charge are making every effort to ensure the success of the entertainment. A Burns supper in the Windsor hotel will be followed by a dance in Selkirk hall, and a good time is certain for all who attend.

COMING EVENTS

January 25—Dixie Jubilee Singers.

January 30—Philharmonic Society entertainment

January 31—Mr. Clifford Lane Bruce in "The Thief."

LIQUOR ACT, 1910.

Notice is hereby given that 30 days after date application will be made to the Superintendent of Provincial Police for the transfer of the license for the sale of liquor by retail in and upon the premises known as the City Hotel, situated at Revelstoke, in the province of British Columbia, from Robert Caley to John Caley of Revelstoke.

ROBERT CALEY,
J.20 1st iss. Holder of License.

Funeral of the Late D. E. Jackson

The funeral of the late Daniel E. Jackson, killed by a snowslide whilst on duty Sunday, January 14th, and which took place on Wednesday morning the 17th inst. was one of the largest demonstrations of sympathy ever seen in Revelstoke. The coffin was covered with many handsome wreaths from the Catholic Club, the local order I.O.F., and the Machinists Union, as well as the numerous wreaths from individual friends of our deceased citizen. The pall bearers were Mr. A. W. Connolly and M. Mclaren of the Catholic Club, Gordon Schofe and Oliver Ainsley, Fraternal Order I.O.F., Charles Palmer and C. H. Vaughan of the Machinists Union. The wife and family of deceased were principal mourners, and the sad procession which followed the body to its last resting place in the quiet cemetery included a large number of prominent citizens friends and fellow workmen of deceased.

Among those who being unable to attend in person conveyed ttheir condolences to the widow and family, were Hon. Thos. Taylor, Minister of Public Works and parliamentary representative of Revelstoke riding in the Provincial House, and W. W. Foster the Deputy Minister of Public Works.

The Rev. Father McKenzie was in charge of the burial ceremony.

Moving pictures at the Edison theatre tonight.

No Marrying in Haste in Missouri

Kansas City, Mo., Dec. 22—That a "declaration of intentions" be filed by the prospective bride and groom thirty days previous to the issuance of a license to marry is one of the requirements of a bill to remedy the divorce evil to be presented to the next session of the Kansas legislature R tentative draft of the bill was completed today by Judge John T. Sims at the request of the Kansas Association of Probate Judges.

The bill also requires that a published announcement of the marriage in the official country paper be made at the expense of the contracting couple during two consecutive weeks. Another requirement is the passage of a physical examination to ascertain that there is no insanity or hereditary disease on either side.

REVELSTOKE ASSESSMENT DISTRICT.

On South Road, Half a Mile from Town

EDMONTON

A glance at the map will show you that Edmonton must be the logical distributing centre for the Great Peace River Country and Northern B. C., covering a territory hundreds of miles square now being opened up by the Canadian Northern and Grand Trunk Pacific Railroads. New Industries are now heading towards this coming commercial centre and the railway development this year will be enormous. The C. N. R. are putting in their Shops there and the C. P. R. are spending $3,000,000 in the City alone. Everything points to a record year for 1912 and Realty values will rapidly advance.

Our Subdivision there called

CRESCENT VIEW

is located but 2½ miles from post office, commanding a magnificent view of the Saskatchewan river, and from its convenient and pleasant situation, will in the near future be the centre of building activity, and should be worth double its present value in a short time. Lots are now on sale at

$150 EACH

$30 Down and Balance Over 18 Months

We have for sale a few specially selected lots in Port Mann, the western terminus of the C. N. R., at $275 each, with a cash payment down of $75. Over a million and a half dollars have been invested in Port Mann during the last three weeks, and these lots which adjoin the townsite will more than double as soon as the C. N. R. Townsite is put on the market in March. Get in on this bargain at once for a quick clean up.
