EPISCOPAL VISIT

Bishop De Pencier Welcomed to Revelstoke

A large congregation filled St Peter's church last night for evensong and confirmation by the Right Rev. A. U. De Pencier, Lord Bishop of the Kootenay Diocese. This was the new Bishop's first visit to Revelstoke and in his address in the church he took the occasion to express great pleasure in having this opportunity of meeting the people of this city. In his sermon he dwelt on the subject "We are the children of God and our relationship to him" Our religion teaches three things: — "What to believe," what to do" and "How to pray." We all have many responsibilities, for membership in the church means life. Sonship means love and citizenship means loyalty. Children derive nourishment from God and the religious teaching should permeate our whole lives. Some people were indifferent to God and drifted away from him and heedless of the call of warning, got swept away in the current to destruction, having only themselves to blame. The Bishop expressed great pleasure in the well appointed church and bright service.

The only candidate for confirmation was Maurice Peter Hack.

At the close of the church service a reception was held in the Oddfellows Hall, a large number ol people of all denominations being present to meet the Bishop. A programme of music was rendered, those taking part being Mrs. Bews, Mrs. Dent Mrs McVity and Miss Marshall. In a brief address the Bishop said he was pleased to meet so many representative people of Revelstoke, and dwelt mainly on the good influences of the women and their work. Christianity depended a great deal on women and their ideals.

Reference was made to the prosperity of Canada, and especially the West. It was the duty of all to help in the building up and in improving of the Nation, and live good helpful, virtuous lives. In conclusion he said that he was very glad to visit Revelstoke and hoped to meet all the citizens again soon.

The Ladies' Guild then served refreshments, which concluded a very enjoyable and profitable evening.

Crippen Indicted

London, Oct. 14.—Dr. H. H. Crippen was indicted today by the grand jury on a charge of murder in the first degree. Miss Ethel Claire Le Neve, his typist and companion in the doctor's flight to Canada, following the discovery of the body of Mrs Belle Elmore Crippen, was indicted as an accessory after the fact on the ground that she had guilty knowledge of the alleged crime.

If Crippen is found guilty on the indictment he will be hanged. If a jury convicts Miss Le Neve she will get a prison term of considerable length.

Y.M.C.A. Notes

A largely attended meeting of the bowlers was held on Wednesday evening, October 12th, when the following names of teams were presented to form a bowling league for the winter months: Dent's Corley's C. P. R., J. B. C., Y. M. C. A., and Business Men.

OCTOBER SCHEDULE.

Friday, Oct. 14—Dent's vs. Y. M. C. A.

Wednesday, Oct. 19.—C.P.R. vs. J. B. C.

Friday, Oct. 21.—Business Men vs. Corley's.

Monday, Oct. 24.—J. B. C. vs. Dent's.

Wednesday, Oct. 26.—Business Men vs. C. P. R.

Friday, Oct. 28.—Y. M. C. A. vs. Corley's

Schedule of games will be drawn up each month.

Any other teams wishing to participate in this sport, please send in your names at once; five constitutes a team, and all players members of the Association. Now when bowling is at a high pressure, and the alleys are busy from 7:30 to 10, come down and get into the game.

Our gymnasium classes are now in full swing, and the numbers are beginning to increase, all young men who are anxious to find a place to enjoy themselves should come down to the Association and get acquainted with the members and enroll themselves as members of the physical department. All boys over 11 should have physical exercise and the parents ought to encourage the boys to become members of the Association, where they shall receive good training under the leadership of Mr. H. B. Monroe. Any information as regards gymnasium classes, etc., may be had by telephoning or calling at the building from 9 a.m. to 10 p. m. Telephone No. 58.

A WORD TO THE YOUNG LADIES.

There has been much interest aroused in the proposed young ladies gymnasium classes, at the Y.M.C.A. A number of the young ladies of the town have been inquiring about the work. To all those interested, we would like to make the following statement. The management would like to conduct two classes for the young ladies. One class for school girls from 3:30 to 5, and one evening class for young ladies who are occupied during the day. The time for this class will be decided upon later. It will be necessary to have at least twenty young ladies in each class as there are several changes that will have to be made in starting the work for the young ladies. The membership fee will be three dollars for the season, there will be twenty-six gymnasium classes in the course. Figuring on the cost per each lesson interested parties will readily see that it is very reasonable.

Wedding Bells

An interesting wedding took place at St. Peter's church on Wednesday afternoon, between Miss Eveleen Blanche, eldest daughter of Mr. and Mrs. G. R. Hobbs, of this city, and Mr. Philip Parker of the C. P. R. mechanical department. The bride, who looked very charming, was given away by her father and was attended by her sister Miss Bertha Hobbs as bridesmaid. Mr. T. Hope supported the bridegroom as best man. Miss Irene Procunier played the wedding march. The Rev. C.A. Procunier officiated at the ceremony and a number of friends of the happy couple were present in the church, which was tastefully decorated for the occasion.

After the nuptial knot had been tied, the wedding party returned to the home of the bride where the family entertained the guests.

The happy couple are well and popularly known in the city, having a large circle of friends. The bride has been closely associated with the church work of St. Peter's for many years, besides being a valued member of the local staff of school teachers. The Mail Herald joins in hearty congratulations of the newly married couple and wishes them all future happiness.

Mr. and Mrs. Parker left on their honeymoon trip to the coast cities, and on their return will take up their residence in Revelstoke.

Revelstoke Cricket Club

A meeting of the executive of the Revelstoke Cricket Club was held in the City Hall, Oct. 12th. President W. W. Foster in the chair.

Reports were presented upon outside matches played during the past year, the Revelstoke eleven having made a tour of the Okanagan, engaging in four matches, and only losing one, that by the narrow margin of one run.

Club finances were reported as being in good shape.

The Kamloops club wrote thanking Revelstoke for the hospitality extended to them upon their visit to Revelstoke on Labor Day, and suggested making fixtures for next year, their letter was acknowledged, but the question of next year's fixtures left to be dealt with at the clubs annual meeting.

Mr. J. H. Jackson, secretary of the club, having tendered his resignation as he was leaving town, it was accepted with much regret, and Mr. Chasl North was subsequently unanimously elected to fill the vacancy.

The question of damage done the cricket club pitch by teaming across it was taken up personally with Mr. Gordon, who kindly met the club and satisfactorily settled.

Hon. Thos. Taylor, Honorary Vice President was also present and addressed the club, complimenting them upon their past season's result and particularly referring to the advertising Revelstoke received through their efforts.

Mr. A. E. Kincaid was elected to membership during the evening, and acknowledged in suitable form.

Churches

Methodist church services as follows: 11 a.m., 2:30 p.m., rally of Sunday school forces, special music and short addresses will be delivered. 8 p.m. Monday evening, Epworth League. 8 p.m. Wednesday evening, Prayer meeting. 7 p. m. Thursday evening, Boys Brigade. The public is cordially invited to all these services of the church.

add churches poiuytrew po a u

BOARD OF TRADE

Hon. Thos. Taylor Promises to Further Revelstoke's Claims

A special meeting of the Board of Trade was held on Wednesday night to meet the Hon. Thos. Taylor, minister of public works. In the absence of both the president and the vice-president, W. M. Lawrence occupied the chair. Several matters of local importance were brought up and discussed.

EXPERIMENTAL ORCHARDS.

The advisability and necessity of establishing an experimental orchard in this district was shown and where as Revelstoke had already considerable areas under fruit, yet the local growers lacked the practical knowledge of how to make a success of ruit growing. Mr. Taylor expressed surprise at the fact of Revelstoke being over looked in the apportioninging of the orchards. It was a very important thing to have expert information on fruit growing and this section of the interior needs more experimental work than any other part of the province. Mr. Taylor promiced to take up the matter of securing an experimental orchard for this district, with the department and urge its necessity.

The secretary of the Board will also communicate with the department putting forward our claims.

LAND REGISTRY OFFICE.

In a concise and forcible manner, J. D. Sibbald presented the claims of Revelstoke for a land registry office, stating the unsatisfactory condition of affairs with regard to local titles sent for registration to Nelson. The work was too slow and the distance too great between here and Nelson and the continual delays occasioned by the Nelson office were most inconvenient and detrimental to the interests of this city. All local registrations should be made right in Revelstoke, and as the district was now occasioning a freat deal of work, the importance of this point should be recognised. Mr. Sibbald pointed out that there were many deeds in this city unregistered simply because the parties were afraid to let the papers go out of their possession. He urged strongly that a united effort be made to secure a local land registry office.

Mr. Taylor admitted that the delays were most inconvenient and put it down chiefly to lack of officials. As for Mr. Bowser's new scheme to reorganize the land registration generally throughout the province, he could not yet say what it was. Mr. McLeod, the inspector, had not yet made his report regarding the proposed new offices, and until he does so nothing much could be done. He promised to press Revelstoke's claim and do all he could in the matter.

OPENING THE NORTH ROUTE

C. B. Hume urged that something be done to secure a share of the trade from the G. T. P. during their construction in the sections north of Revelstoke.

Mr. Taylor pointed out that with the completion of the road round Death Rapids and a steamer on tke upper reaches of the Columbia, a good route to the north could be made.

The secretary read a paper showing facts and details conclusively proving that the route from Revelstoke to Tete Jaune Cache was the shortest and best of any other.

Revelstoke is further advanced in their route than anywhere else.

BLACK HAND OUTRAGE.

The matter of the recent Black Hand outrage here was brought up, and stress laid on the fact that no opportunity must be lost to break up this element. It was pointed out that the government should not lay down 'n the matter, but pursue it with relentless effort until the entire element was driven from the province.

Mr. Taylor said that the Attorney General's department was doing more than was really supposed.

In closing the meeting a hearty vote of thanks was passed to Mr. Taylor for his presence and for his promises to further Revelstoke's claims. Mr. Lawrence felt sure that all the matters discussed previously were sensible requests, and for the benefit of Revelstoke and the province generally.

Mr. Taylor repeated his assurances of doing all he could to promote and further any scheme that was for Revelstoke's advantage. He was glad at all times to meet the Board of Trade and be guided by them and hoped to see an advancement in the public works in Revelstoke. In conclusion he promised to take up the matters discussed at the meeting with the various departments.

Don't fail to see "The New Boy" at the Edison Theatre, Friday, Oct. 21st. The big comedy hit of the season.

The Mail-Herald

UNION LABEL

SATURDAY, OCT. 15TH, 1910.

The London Financial Times, noting that C. M. Hays and McKenzie and Mann had interviews on successive days with G. P. Graham, minister of railways, wonders if any significance is attachable and says that the malgamation of the G. T. R. and the C. N. R. would strengthen both companies and the Canadian railway system, and that there is abundant justification for the scheme

No better indication of the progress and prosperity of the province and the interior in particular, can be had than the welcome news of the renewed activity in mining in the Lardeau district, which marks an important epoch in the history of mining in British Columbia. The outlook in the Lardeau is brighter than ever before and on all sides are to be seen evidences of the development of that section of the country. Lack of capital has been the primary factor in the recent dormant condition of mining in the south country and the revival of active operations in the many rich properties of the Lardeau will restore Revelstoke's well earned reputation as the headquarters for one of the most valuable mineral sections in the west. Too great importance cannot be attached to the resumption of work in the Lardeau and not only will Revelstoke reap a large benefit, but indeed the province as a whole.

UNPRIESTLY ATTACK

We note with interest that Father Vaughan, who is in New York, has again returned to his unwarranted attacks on the Protestant church by speeches and statements that are unworthy of his high office and of the Roman Catholic church itself. We find it difficult to see by what right any minister, clergymen or priest of any denomination whatever has to cast aspersions on other churches, and forms of religion but his own. Moreover, the very words of the Cardinal, as representing the Roman Catholic church and voicing as we suppose they do that churches attitude to other denominations, are as such as are doing far more harm to his own faith than to those whom he would destroy.

While not attempting to criticize any form of religion, for we are broad minded enough to admit full tolerance to any form of worship that carries out its work for the good of Christianity and its own particular flock justly and within its own bounds, yet we feel that in repeatedly attacking the Protestant faith without any just reason and in a manner that is bringing on the heads of his followers, the stronger feeling of resentment by all good churchmen, Cardinal Vaughan must realize that he is degrading his own church and arousing a revulsion of feeling throughout Canada that may end in disasterous consequences.

LOCAL BOY SCOUTS

Some time ago a movement was on foot in the city to organize a company of boy scouts and we very much regret to see that such a useful and valuable agitation has been allowed to drop for lack of interest. British Columbia, and Revelstoke in particular is an ideal field for the Boy Scout movement. Most of our boys know the woods and the ways thereof and are just as capable as the English boy, and even more so, when thrown on their own resources. There is ample scope for the carrying out of excellent work in the vicinty, and the boys would receive a useful and comprehensive training such as would stand them in good stead no matter what branch of lifes work they took up. Moreover, the knowledge acquired of their own native conditions of field life, of putting to practical use the many forms of nature with which they would come in contact, would be of infinite benefit to them in the development of their own common sense qualities their scope of training and the intuition to take advantage of anything that came along to put it to practical use. All this would expand their mind, brighten their intelligence, and both physically, morally and mentally improve their entire being. In other ways Canada needs the movement more than England. The Canadian boy's sense of discipline is not strong and he lacks the appreciation of the importance of united effort. However, they need training along certain lines and in a measure to be taught courtesy. In Canada there is a great need of comradeship too, where there are such different races. Again, there is much of considerable worth in scout craft; there is the scouts honor, a code with an obligation to help the weak, to be courteous to all to be frank and manly, and cheerful and to be "always prepared."

Little talk is heard about these things; the Canadian boy is not expansive about his virtues and the last thing in the world a scout should turn out is a prig. Good, healthy, useful training such as the scout derives will tend to raise the standard of our youth to a high pitch of excellence and value.

B. C. Cabinet Changes

An extra of the B. C. Gazette published this week announces the following appointments:

The Hon. Price Ellison to be Minister of Finance and Agriculture for the Province of British Columbia.

William Roderick Ross, of the city of Fernie, K. C., to be a member of the Executive Council for the Province of British Columbia.

The Hon. William Roderick Ross, K. C., to be Chief Commissioner of Lands for the Province of British Columbia.

Albert Edward McPhillips, of the city of Victoria, K. C., to be a member of the Executive Council of the Province of British Columbia.

The Hon. Albert Edward McPhillips, K. C., to be president of the Executive Council of the Province of British Columbia.

Mr. William Roderick Ross, M.A., K. C., new minister of lands for British Columbia, is a son of Donald Ross and Annie Mackenzie, both Scotch. He was born in March 29, 1869, at Fort Chipewyan, Athabasca His father's family had been employed by the Hudson's Bay Company for two generations. He was educated at St. John's college, Winnipeg, where he took his degrees of B. A. and M. A. He was married on October 5, 1892, to Miss Leila Young, and they have five children. He is vice-president of the Northern Coal and Coke Company, Limited. In 1903 he was elected as a Conservative for the Fernie riding.

Commercial Annexation

In a recent editorial the Nelson News remarks as follows in connection with reciprocity with the United States:

The New York American, the chief of the Hearst papers, has a leading editorial article two columns wide, and about one-third in capital letters, advocating a wide reciprocity treaty between the United States and Canada. It describes its aim as "the continental sweep of an untaxed and untrammeled commerce." The reasons it gives for this are in part set forth as follows:

The high tariff wall between the two countries has shed darkness and blight on both sides.

It has driven into Canada industries that properly belong to the United States, and the raw materials of the great northern land have, in tuen, been barred out of their natural market—to the mockery of our conservation theories and the sack of our natural resources.

The political annexation of Canada may be delayed a little, but commercial annexation is overdue.

This is frank and explicit enough. Reciprocity is to prevent industries "that properly belong to the United States,, from going to Canada, and is to give to industries in the United States the benefit of our raw materials. Canada has timber; it is to go free into the United States so that the sawmills and factories may besituated in that country. As a further means to the same end the manufactured product is to go back into Canada free of duty. Canada has pulp wood; free admission of the raw material into the United States and of the manufactured product into Canada is to keep the papermaking industry in the United States, and to prevent it from going to Canada. "The political annexation of Canada is overdue" and the American hopes to hurry it along.

Application Refused

Victoria, Oct. 14.—An application of unusual significance came before yesterday's executive council meeting being made by the G. T. P. railway company, through its solicitor Mr. *Darcy Tate. An order in council was* sought to permit the employment of Asiatic labor on the construction of the G. T. P. in British Columbia.

Alleged scarcity of labor in this westermost province and its interference with the natural and desirable progress of construction activity were the chief grounds for the request.

So acute was the feeling against utilization of other than white labor that it has been found impossible to carry on construction within British Columbia beyond the completion of the present contract held by Foley, Welch and Stewart. The contractors mentioned, it was further alleged, had declined to take on any more work from the British Columbia end claiming that under present conditions they are even now losing hundreds of dollars under their vresent contract.

It was pointed out that there was an agreement with the government to sanction an abrogation of the white labor clause in the event of a sufficiency of white labor not being found available.

After a careful consideration the government decided to refuse the application. The premier in particular pointed out that the railway construction in the adjacent states being at present at a standstill, there must naturally be a considerable number of workmen in tne interior who would be glad to come to British Columbia for profitable railway construction work and would also very probably remain as good and permanent citizens.

Off to New Gold Camp

Fourteen prospectors left Vancouver this morning for Steamboat Mountain, the new free-milling gold camp in the Hope Mountains near the international boundary line. Several phenomenal strikes are said to have been made there during the past few weeks. Several Vancouver syndicates have been organized to secure claims and raise funds for their development. Mr. W. M. Lewis, a well known prospector, who is one of the pioneers of the new camp has just bonded a promising group from the half-breed owners. He also made a number of locations on his own account. Mr. Sam Horner, a well known mining man of Grand Forks, recently visited the camp, and was also successful in making several important discoveries. He has already interested capital.

Bird Men Leave Air

One by one the kings of the air are quitting the game, says a Paris exchange. The strain on the nerves is too severe. No human being can stand it as a constant thing.

What is this strain? Why, this wholesome giving up of the air game Summarized, the replies of several *birdmen follow:*

"When we are flying, death's shadow is just in front of us. We can always hear the rustle of his wings. There is never an instant when we can be sure that he will not turn and claim us."

Graham-White, gives the following definition of the flying strain:

"It is the tension of fearing something will happen. It is the fear of the unexpected. The engine may fail, a stay may break, a controlling wire may snap. Any of these things could bring about a fearful fall. But the rush of air and the fact that one is merely high in the air has very little to do with the ordeal."

So, here is an authority who declares that flying is an ordeal. And but for certain other signs, one might think the sport is in a bad way. But a canvass of the dozen aeroplane schools centreing about Paris brings out the following:

"Experience proves," said Roger Sommer, and everyone agreed with him, "that flying will become easier and less of a strain; no more, for example, than one experiences in automobiling. Aeroplanes are on the eve of enormous development so far as reliability is concerned."

LARDEAU MINING REVIVAL

Nelson, Oct. 14.—One of the most notable instances of the mining revival which will mark the present year as one of the most important in the history of mining in British Columbia is the activity in the Lardeau country. This district lying to the immediate north of the main Kootenay lake has for some years been practically in a dormant condition as far as mining operations are concerned. With the exception of the Silver Cup at Ferguson, few shipments have been made for the past five or six years. A certain amount of development work and some prospecting have been in progress but it is only within the last few months that the results have become vary marked.

NETTIE L. OPERATED AGAIN.

Within a few weeks have come the reports of the richness of an asbestos deposit on the Asbestol group at Poplar and of the opening up by H. Y. Anderson and associates of the well known Beatrice property located between Camborne and Ferguson. Now comes the news of a rich strike on the Silver Cup and that the Nettie L. at Ferguson, one of the historic mines of the camp and the one in which W. B. Pool, now manager of the Nugget at Sheep Creek made his first big stake in this part of British Columbia, is again being operated with a large staff of men nd will probably ship this winter.

The Nettie L. lies across the valley from the Silver Cup, a regular hipper for some years, and is operated by the same company, the Ferguson Mines Ltd. under the local management of F. C. Merry.

RICH ORE SHIPPED.

Since 1903 very little ore has been shipped from this mine though between February, 1900 and June 1903, 2298 tons of ore were sent to the emelter which gave returns of $121,-761 net cash, after deductions for freight and treatment charges. The average values of the metal contents were: Gold, 13 ounces; silver, 149.6 to the ton; and lead 26.7 per cent. Only first grade ore was shipped some 4000 tons of second grade ore being left on the dump.

THREE LARGE ORE BODIES.

Over one mile of underground work has been done on the property, and three main ore bodies, known respectively as the main lead, the cross lead and the big quartz vein have been opened up. The new development will be on the big main lead. Four levels have been run on the Nettie L. and the three cross cut tunnels driven on the Ajax claim, one of the eight claims of the group

The ore is quartz, usually heavily mineralized with tetrahedrite, galena sphalerite and some copper and iron pyrites.

The mine is equipped with an aerial ropeway, nearly 8000 ft. in length which connects with the company's mill at Five Mile on Lardo creek.

STRIKE ON SILVER CUP.

At the Silver Cup, the other property operated by the Ferguson Mines Ltd., a new and very rich body of ore has recently been opened up on the twelfth level, about 1000 feet down, and it is the intention of the management to increase the present staff of men to 150 within the next few weeks.

New Lake Steamer

Nelson, Oct. 14.—The steel hull for the new C. P. R. Arrow Lakes steamer stands completed in the shipyards at Polson's Ironworks at Toronto. It will be immediately taken apart and shipped in sections to Nakusp for reconstruction. David Stephens, the superintendent of the company's lake service, will remain at Toronto until the last shipment is made and will follow it westward. The Eastern contractors will send a large gang of men with a compressor and rivetting plant to put the hull together on the launching ways but the installation of the main engines, boiler and auxiliary machinery will be carried out by the C. P. R. machinists at Nakusp.

NOTICE TO CONTRACTORS

GLENBANK SCHOOL.

Sealed Tenders, superscribed "Tender for Glenbank School," will be received by the Hon. the Minister of Public Works up to noon of Friday, the 14th of October, 1910, for the erection and completion of a two-room school building at Glenbank, near Nakusp, in the Slocan Electoral District.

Plans, Specifications, Contract and Forms of Tender may be seen on and after the 18th day of September, 910, at the offices of G. H. Gardiner Esq., Nakusp, Secretary to the School Board; the Government agents at Kaslo and Revelstoke; and the Department of Public Works, Victoria.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Hon. the Minister of Public Works, for the sum of $300, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any other tender not necessarily accepted.

FOR SALE BY BOURNE BROS., REVELSTOKE

Advertising a City

Scores of cities have added to their wealth and population by advertising and the "ad" item is a regular feature of their budget. Some of the cities depend upon their boards of trade and allow them to expend the appropriations others have a department that does nothing else. In these departments printed matter of a general and special kind is kept ready for mailing and by subscribing to a clipping bureau, every advertisement for a site on which to build a manufacturing plant is answered both by special letter and by sending the printed matter.

So thoroughly is this understood, that any person who wants aid in starting a plant, opens his campaign with an advertisement asking for a suitable building or site.

In some cities, like Williamsport, Pa., the board of trade will provide the site and subscribe for shares in a promising industry. In others where the business of booming the city is not so thoroughly organized, or so well backed by citizens with means, the appropriations are divided between regular advertising in newspapers and by circulars and grants to organizations which hold annual conventions.

Toledo, O., has made great progress through an advertising system that was started there about ten years ago, and has been so profitable that it is now done on quite a large scale. St. Paul and Minneapolis not only advertise largely, but they bid for conventions, according to the number of persons expected.

For instance, St. Paul gave $5,200 to induce the American League of Municipalities to meet there and $2,000 for the national meeting of the locomotives engineers and firemen, and donations of from $100 to $750 for minor organizations.

This kind of advertising is its own reward, for the delegates generally spend a good deal of money in a convention town, but it requires good hotel accommodations and a convention hall.

No matter which way the subject is approached and there is experience covering almost every possibility advertising a city pays. It is as good for a community that has something good to offer as it is for an individual who seeks customers.

Provincial Grant

Victoria, Oct. 14.—In token of the sincere sympathy of the people of British Columbia for their unfortunate fellow Canadians, who suffered by the great fire which destroyed Campbellton, N. B., and to assist the sufferers by that disaster in starting life anew and in meeting living expenses during the present hard winter, the government of the province has decided to make a contribution of $2500 to the Campbellton relief fund and a cheque for this amount was immediately forwarded by Premier McBride through Hon. J. D. Hazen, prime minister of New Brunswick. It will be remembered that the people of New Brunswick generous contributors to funds for the relief of Fernie when the coal city of the Crows Nest Pass emerged from its trial by fire some few years ago.

For Fire Fighting

Victoria, Oct. 14.—A special warrant was authorized at today's executive providing for extraordinary appropriation of $125,002 to cover the unanticipated high cost of fire fighting throughout the province during the recent dry weather. The unusually long delayed arrival of the autumn rains considerably disarranged the departmental estimate as to the season's cost in suppressing or preventing forest fires. The sum of $75,000 was voted for this purpose by the house last session.

Shiloh's Cure

quickly stops coughs, cures colds, heals the throat and lungs. . . . 25 cents.

WHISKY HOLDS ITS VICTIMS

Until Released by Wonderful Samaria Prescription

Liquor sets up inflammation and irritation of the stomach and weakens the nerves. The steady or periodical (spree) drinker is often forced to drink even against his will by his unnatural physical condition.

Samaria Prescription stops the craving, steadies the nerves, builds up the general health and makes drink actually distasteful and nauseous. It is tasteless and odorless, and can be given with or without the knowledge of the patient.

Thousands of Canadia homes have been saved from misery and disgrace by some devoted wife, mother or daughter through this wonderful Canadian remedy. The money formerly wasted in drink has restored happiness, home comforts, education and respect to the families formerly in want and despair.

Read the following, one of the numerous unsolicited testimonials received:

"I can never repay you for your remedy. It is worth more than life to me. My husband has been offered liquor several times, but would not touch it. He said it had no charm for him now. May God's choice blessings ever rest on you, and yours, are my prayers ever. No one knows if but those who have tried it. As soon as I can I will see others that I know would give anything to stop their husbands from drink. I will give them your address.

"Mrs. K——, Dewinton, Alta."
(Name withheld on request.)

Now, if you know of any family needing this remedy, tell them about it. If you have any friend or relative who has formed or is forming the drink habit, help him to release himself from its awful clutches. Samaria Prescription is used by Physicians and Hospitals.

A FREE TRIAL PACKAGE of Samaria Prescription, with booklet, giving full particulars, testimonials, price, etc., will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this paper. Correspondence sacredly confidential. Write to-day. The Samaria Remedy Co., 46 Jordan Chambers, Jordan street, Toronto; also for sale by C. R. Macdonald, druggist, Revelstoke.

TYSON—At Revelstoke, B. C., on Wednesday, October 12th, 1910, to Mr. and Mrs. W. Tyson, twin boys

LOCAL AND GENERAL

The Allens will give their farewell performance in the Edison Theatre, playing "The Man from Mexico" a good comedy tonight.

The C. O. W. O. W. are arranging to have a whist party and dance, so keep the date open, Wednesday, Oct. 26th in the Selkirk Hall.

A. Praddolini has the contract for the installing of the new boiler at the Dominion Timber and Sawmills company's mill at Three Valley.

Remember the Hallowen Dance in Selkirk Hall under the auspices of the L. A. of B. R. T., Monday, Oct. 31st. Ladies' tickets 50c., gent's tickets $1.00 td

The registrar of births, marriages and deaths, has furnished us with the following figures for the quarter ending Sept. 30, for the Revelstoke Electorial District: Births 25, marriages 10, deaths 21.

The recent epidemic of distemper among the canine population of the city has caused some consternation among dog fanciers of the city. Some valuable dogs have succumbed to it and others are in the throes of the dangerous disease.

The first dance of the Quadrille Club will be held in Selkirk Hall, Thursday night, commencing at nine o'clock. Good music and a good floor is guaranteed. Everyone is welcome. Dancing from 9 till 12 o'clock. No refreshments will be served.

The ladies of the Roman Catholic church are holding a social entertainment in the Selkirk Hall on Tuesday, October 18th, afternoon admission will be free and in the evening a charge of 25c. for adults and 10c. for children will be made. On each ticket will be a coupon which will entitle the holder to a draw for the $5.00 gold piece.

One of the important matters to come before the monthly session of the board of trade tomorrow night is a resolution from the Revelstoke board of trade asking, among other matters, for co-operation toward securing a better mail service. These resolutions, with others, will go to all the boards of trade for ratification, before going up to the annual sessions of the Associated Boards of Trade of Eastern British Columbia, which are held after the legislature opens.—Nelson News.

The best lacrosse match of the season between the high and public schools was played on the Y.M.C.A. grounds on Wednesday this week, when the public school defeated the high school 3 to 1, after a well fought and fast game. An enthusiastic crowd of spectators witnessed the game, but we regret to have to mention the presence on the field of an objectionable hoodlum element, which we advise the lacrosse management to keep clear of the ground. The smaller boys played with fine spirit and showed good combination

PURITY FLOUR

To those who have not yet given Purity Flour a trial we would suggest you doing so if you wish to procure the best as we absolutely guarantee every sack. Your money refunded if not just what we represent it to be.

TEA AND COFFEE

We have a full stock of the leading lines in Teas and Coffees and can offer you the best values on the market, ranging in price from $1 per lb. to 3 lbs. for $1 as a special.

Koolenay Agencies, Ltd.

Successors to Kincaid & Anderson

"The Man from Mexico," at the Edison Theatre tonight.

S. Needham has the contract for a fine stable and barn for J. Sutherland.

F. Co., R. M. R., will hold one of their popular dances in the Drill Hall on Tuesday, October 18th.

Miss Verna Felton and the Allen Players in the great comedy "The Man from Mexico," at the Edison Theatre tonight.

A large number of people witnessed the Johnson-Jeffries fight pictures in the Opera House this week, the pictures being very clear and distinct.

The final lacrosse match between the high and public schools, will take place on Monday afternoon at four o'clock on the McKenzie Ave. recreation grounds. An admission fee of 25c. will be charged on this occasion and a good game is anticipated. The present standing of the league is: High school, 2; Public school, 1.

On October 21st the Amateur Dramatic Club will present the sparkling comedy entitled "The New Boy," at the Edison Theatre. This play is brimful of laughable situations and scenes, and one of the finest comedies ever written. Particular attention has been paid to the casting of the characters and the whole promises to be one of the best productions that the Amateurs have staged.

R. L. Rickman, who has had the contract for the manufacture of all the cement sewer pipes for the city has donated a handsome cement drinking fountain to the city for public use, which has now been installed oposite the City Hall. The new fountain will be connected with the city water syseem and is fitted with a large trough for horses, a smaller one lower down for dogs and a basin near the top for public drinking purposes. Mr. Rickman deserves the thanks of the citizens for his gift, which will be a great acquisition to the city.

Bring your cutters and sleighs to my paint shop in the alley back of E. J. Bourne's store. If you need a sign for any purpose give me a call I can suit you.—R.Z. Crawford.

SOCIAL AND PERSONAL

Mrs. B. R. Atkins has returned from a visit to Vancouver.

Mrs. J. L. Stark will not receive on Wednesday, the 19th inst.

Mrs. T. Dunne, of Arrowhead, is visiting in the city for a few days.

Mr. and Mrs. J. Lee and Miss Lee returned on Thursday from a visit to the coast.

Lieut. Co,. Watmore, D.O.C., at Victoria, was a visitor in the city on Thursday.

Mrs. T. Kilpatrick and family returned from P.E.I. where they have been visiting for the past six months

H. P. Wand, the newly appointed chief of the Cranbrook fire department, was a visitor to the city on Thursday en route to take up his duties at Cranbrook.

Mr. and Mrs. C. Holten entertained a number of friends at progressive bridgeon Wednesday night. The handsome prizes were won by Mrs. J. P. McLennan and Mr. G. S. McCarter. A dainty supper followed by music concluded a most delightful evening.

A very pleasant event took place last Saturday at the Union hotel, Arrowhead, on the occasion of the celebration of the birthday of Mrs. J. Lightburne. Mr. C. Clark, of the Arrow Lakes Lumber Co., also came in for the honor, as it was his birthday too and the double event was fittingly celebrated by a sumptuous dinner at the Union hotel. A number of guests were present, including Mr. and Mrs. T. H. Dunne, Mr. Fretag, Miss Lightburne of Arrowhead, while a party from Revelstoke, who were returning from the Nakusp fair, and had been left by the train (fortunately for them) for they were able to take part in the festivities, were most welcome guests. They were Mr. D. McCarthy Miss Blanche McCarty, Mrs. A. Hobson, Miss Hobson of Ontario, and Mr. L. Osborne. A number of presents were received. The dinner table was beautifully decorated with flowers and a very pleasant evening was spent in games, singing and music.

Delightful Performances

By far the best production seen here yet by the Allen Players and indeed by any company that has visited Revelstoke, was the powerful drama "The Three of Us," played at the Edison on Thursday night. While the piece might not have appealed to those who went to see it simply with the intention of having a good time at the theatre, and who do not want to exercise their brain beyond looking at the stage, yet, on the other hand, to the man or woman who wants to think, who is willing to be taught and to have placed before him a series of situations calling for more than ordinary perception to comprehend them to their full meaning, "The Three of Us," was a drama of more than ordinary merit, containing a sequence of events that closely affect each other and displaying many sides of human character. Such a play as this requires consummate skill on the part of the actors—deep and conflicting emotions, unreasoning anger cunning and deceit—while through all there lies the healing balm of love, devotion, and the deep bond of sympathy of long standing between brother and sister, lover and loved, friend and companion, and the keen perception and instinct of woman who after all is but human.

Many would feel prone to condemn the actions of the sister in her almost unreasonable, yet unselfish love for her wayward brothee, when her own safety was endangered. The story hangs greatly on the foolish promise of a woman, and the taunt of an unscrupulous man as to a woman's ability to keep a secret. The compromising situation of the girl who refuses to admit that in visiting a man's house alone at night she will lose her good name, when the visit is for a good cause, is a strongly worked out scene and gives Miss Felton the heroine of the play, great scope for her wonderful emotional acting, her conflicting feelings, when her accusing lover finds her there and blindly dispises her, not knowing of what she is suffering in her sacrifice for her brother, being superbly displayed.

The lesson to be derived from this scene is one which is deserving of much thought and opens out a wide subject for argument. The three orphans so closely tied together by bonds of love, the sister's heroic effort to keep them together till their luck changed, the wayward brother's selfish deed for gain,leading to his sister's condemnation by her lover, and the unreasoning jealousy and readiness of man to condemn in spite of all and the final solving of all difficulties, are the many fine picture studies of the play. Prevading the whole is a bright strain of homor which lightens the almost tragic sorrow of the piece.

This drama is exceedingly well cast each character being perfect and shows the whole company at its best. Miss Felton is a young actress who studies her part very deeply and puts into her work more than ordinary intensity of emotion that is almost reail in its extreme pathos Such acting is a pleasure as well as an education to see and brings the stage and the theatre into more than a passing medium of spending a few idle hours.

The stage setting as usual, was particularly good and the whole production was by far the best thing that has been presented to the public of this city.

DAD'S GIRL.

This was played on Wednesday night and drew a good audience. The production was well up to the standard of the Allens, and gave each player a chance to show his and her merit. Miss Felton appeared in a new role, but did it full justice, being well supported by her excellent company. Miss Felton has a delightfully versatile nature and is capable of filling any role.

ZAZA.

What without exception was the largest house that has ever been known in Revelstoke at any theatrical performance, attended at the Edison Theatre last night to witness the performance of Zaza, which is perhaps the finest bill in the whole repertoire of the Allen Players The story of Zaza is so well known that we will not repeat it here, but the splendid emotional acting of Miss Felton in this, which is her best piece, was again the signal for the enthusiastic and spontaneous applause from the audience. The energy and forcefulness which characterizes Miss Felton's work is such to reflect the same vivacity and intensity throughout the whole company and each member last night rose to the occasion and made the performance one to be long remembered in Revelstoke. Zaza was played last night by special request.

Tonight will be the farewell performance, and the excellent comedy, "The Man From Mexico," will be the bill. Miss Felton will wear a hobble skirt during the performance which, as was announced last night before the foot lights, will give the people something to talk about.

Revelstoke will always welcome the Allen Players to their midst who are without exception the finest aggregation of high class dramatic talent that is now touring the west.

Jeanne Russell

The following from the Kamloops Standard shows the great impression made by the Jeanne Russell Co. while in that city. They appeared for nine nights and will be seen at the opera house all next week. The large attendance at the opera house last night showed that the Jeanne Russell company has won the approval of the people of Kamloops. The bill was "Cousin Kate," and special opportunities were afforded Miss Russell and Ray Brandon to show their capabilities and of this they took full advantage. While each of the several performances by this company have been worthy of praise their efforts last night entitle them to still further consideration, the character of the play and excellent rendition, and the stage settings surpassing their previous attempts.

The support was good and materially assisted in making the production so successful. The intricate specialty by little Beth Crall was the best yet. The plays produced by this company are the best on the market and in their order will be produced. The American Girl, David Harum, The Squaw Man, In Missouri, Cousin Kate and The Thief, at the Edison Theatre, one week, commencing Monday, Oct. 24th.
