FATAL ACCIDENT

Crushed to Death by Runaway Team

August Johnson, one of the pioneers of this district and oldest residents in Revelstoke, lost his life on Thursday under tragic circumstances. The deceased was hauling wood on the road across the Columbia river, and on going down hill the load slipped and fell, throwing Johnson violently to the ground beneath the horses feet. The team taking fright bolted, dashing madly down the road the wagon going over Johnson. Another team following stopped and the driver picked up the injured man who was badly bruised and crushed.

Medical aid was summoned, but Johnson died almost as soon as the doctor arrived. The remains were taken to Howson's undertaking room from where the funeral will take place tomorrow afternoon at 2:30 o'clock.

The deceased had a large circle of friends here, being closely associated with the early days of Revelstoke's history, and was one of the best known of the old timers. The deceased leaves a widow and family, who reside at Greely Creek. General sympathy is being felt for the deceased's family in their bereavement, and the whole community is much shocked at the tragic death of one of its pioneers.

August Johnson was 50 years of age and a native of Sweden.

Many Game Licenses

The provincial wardens office at Vancouver is working full pressure these days, being daily besieged by anglers and big game hunters seeking licenses.

During the last week nine anglers' licenses have been issued making a total of ninety for the year, and fourteen big game hunters' licenses at $100 each.

The big game hunters are making for Lillooet, Kootenay, Golden and Cranbrook.

The warden warns intending fishermen and hunters that it is most advisable to procure a license before starting out, as a very close watch is being kept on all. Several cases of breaking the game laws have come up during the last week and there are still one or two more pending.

Churches

Methodist church services on Sunday as follows:

11 a.m. subject, "Symbols of the Spirit." 2:30 p.m., Sunday school and Bible class. 7:30 p.m., "Covering Sin." The pastor, R. J. McIntyre, will have charge of these services. All are invited.

The Quarterly Board will meet on Tuesday evening at 8 o'clock.

Contrary to the usual custom with travelling tented organizations, the Al. G. Barnes Big Three Ring Wild Animal Circus, advertised to appear in this city Tuesday and Wednesday of the coming week, does not give a street parade. E. L. Devanport, the agent of the show, explains that all of the two hundred animals carried with the circus take part in the performance, and that it is practically an impossibility to give a street parade and get the numerous cages placed and run ways to the three arenas erected in time to give an afternoon performance. The organization carries an excellent concert band of twenty-four pieces, and it is customary to have a down town concert every afternoon and evening before the big show opens.

Moving Pictures to-night.

LABOR DAY SHOOT

Keen Competition Among R.M.R. Members at Rifle Range

F. Company, 102nd Regt., held their fourth annual prize shoot on Monday, Sept. 5th, the weather being favorable, although the light and wind were very changeable at times; not withstanding this there were some very good scores made, and the meet turned out to be a grand success. Mayor Hamilton opened the shoot at 7:30 a.m., at the same time performing a most wonderful feat of marksmanship by placing a dead centre bull's eye, with a strange rifle, which was loudly applauded with cheers by the members of the company and spectators. The shoot then commenced under the superintendence of H. W. Edwards, who was range officer for the day, assisted by A. W. Thomson as scorer.

The following is a list of winners and scores made in the various competitions.

UNION LABEL

SATURDAY, SEPT. 10TH, 1910

In regard to the question of a fourth transcontinental railway for Canada, the Monetary Times says:—"Imaginative western reporters have compounded a mixture of five British nobles, an English member of parliament, some mysterious silence, and a little prairie optimism. The result is a fourth transcontinental railroad for Canada. This bottle should be placed on a shelf until the Canadian Northern stretches from coast to coast and the Grand Trunk Pacific is carrying sufficient freight to pay its interest charges. Lastly, the mixture should be well shaken before taking."

A leading coast contemporary eulogies the "young man" as the power in the land. It is safe to say that the truth in this is evident. The west is a young man's country—visible, energetic, enthusiastic, courageous, strongheaded, optimistic—a land of young men full of the Canadian energy, skill and perseverance. The atmosphere is bracing and wherever you go there are stories to hear of successful young men and practical achievements. They occupy positions as bank directors, bank and trust company managers, mayors of cities and towns, the pulpits of the leading churches, judges of the courts and leaders in government affairs. Everyone feels and knows that the young men are running things and running them well.

CITY WATER SUPPLY.

One of the most important questions ever taken up by the Board of Trade, and one which effects the city and its welfare most, is that of the conservation of the water supply for the city's public use. For some long time the Board has had the matter in hand, but as yet nothing definite has been done, although it is practically certain that an arrangement will be made whereby the whole of the area of land comprising the water shed for this valley, and situated on the mountains to the northward will be reserved. It is mainly on the rainfall and snowfall on these wooded areas that Revelstake has to depend for her water supply, and the object of the Board is to secure a reserve for a large number of square miles which surrounds the headwaters of the many streams and creeks that supply water to the city. The thicker the forest timber in these areas, the better and more constant will our water supply be and in a growing city like Revelstoke too much care cannot be exercised to provide an adequate supply of water for the present needs as well as for the future. The matter is of vital importance and it is expedient that the Dominion government and the city come to some practical agreement to secure these areas for the city and thereby preserve an unfailing supply of water for all time to come.

BOARD OF TRADE

The regular monthly meeting of the Board of Trade was held on Thursday.

In reply to a request from the Board asking Premier McBride to make a trip down the Columbia on his northern tour to Revelstoke. Mr. McBride expressed regret that time will prevent him from visiting Revelstoke on this occasion.

Regarding the Land Registry office for Revelstoke, which has been repeatedly asked for from the Provincial governemnt by the Board of Trade, Mr. Taylor, Minister of Public Works, in a letter, stated the government are sending Mr. McLean, inspector of legal offices in B. C., to go into the matter and make a report. He (Taylor) however, promised to keep the matter before the authorities and press Revelstoke's claims when the time came.

The contract of the Advertising committee with Heaton's Agency of Toronto, for a full page advertisement in "Opportunities in B. C.," also a full page in "Opportunities in Canada," as well as a number of copies of each and a good write up, was approved and adopted. It is hoped that by advertising the city in these two publications much benefit will be derived.

Nothing further was reported as to the conservation of the water supply for the city and the reserving of the land and timber round the head waters of the supply.

The matter as to the advisability of exhibiting local fruit at the forthcoming Vancouver apple show was discussed, the Board feeling that they could not very well afford the $200 which such local exhibit would cost, in conjunction with the West Kootenay Fruit Exhibit. It was finally decided to turn the matter over to the Agricultural Society.

R. Tapping brought forward a proposition suggesting that he should travel in Eastern Canada and England on behalf of the Board, and handle the distribution of the board's new booklet and see that the right parties get hold of them; also to talk up the advantages of this district for settlers. The matter was referred to the Advertising Committee and the meeting was then adjourned.

A Wonderful Sea Lion

Although reproduced from a photograph the accompanying cut will convey but a slight idea of one of the many features presented in connection with the Al. G. Barnes Big Three Ring Wild Animal Circus, scheduled to give four performances at Recreation Park in this city, Tuesday and Wednesday, Sept. 13th and 14th.

"Big Dick," the only sea lion in the world that has been taught to perform while retaining his seat on the back of a running horse is the bright particular star of a remarkable school of amphibious monsters, and is deservedly featured in an act that has no counterpart in the annals of animal education.

"Big Dick" is a remarkably handsome specimen of his kind and during the five years that he has been in captivity he has been educated to a degree of proficiency unequaled in the animal kingdom. He not only performs in a creditable manner upon a number of musical instruments, including the French horn, guitar and harmonica, but he is an equilibrist of no mean ability, waltzes in perfect harmony, plays handball with his trainer, juggles objects with all the ease and dexterity of an accomplished artist, and concludes his unique performance by performing some unusually clever stunts while seated on the back of a fast running horse.

The amusement going public is more or less familiar with sea lion performances of a stereotyped kind, but "Big Dick" is heralded as the undisputed peer of his kind and the high degree of intelligence he daily displays not only serves to disprove the readily accepted theory that sea lions are naturally stupid creatures, but it also demonstrates most conclusively that time, patience, experience and kindness can accomplish wonders even in the fish family.

"Big Dick" is but one of a school of sea lions owned by Col. Al. G. Barnes, including a clown seal that is certain to please the "kiddies" as well as interest adults, and they will positively be seen at each and every performance during the forthcoming engagement in this city of the "only real wild animal circus on earth."

Four performances will be given, beginning Tuesday, Sept. 13th

SEC. A, POULTRY & PET STOCK.

The poultry exhibit in connection with the Revelstoke Fall Fair, was one of the features of the event. The building had been enlarged in anticipation of an encreased number of entries, but the most sanguine did not expect the excellent showing of 308 entries which were received by the secretary.

Nearly every class of poultry was represented, but the competition was specially keen in Barred Rocks and Buff Leghorns.

The Okanagan Valley was well represented by W. Dawson, of Peachland; P. W. Welch, of Okanagan Landing, and G .H. Smedley, of Enderby, each of whom brought in a large number of exceedingly high-class exhibits. Of the outside exhibitors in the immediate vicinity of Revelstoke, Mr. B. F. Somerville, of Malakwa, carried off one of the specials as well as other cash prizes.

Mr. T. W. Edwards, of Cadboro Bay Road, Victoria, assisted by Mr. M. A. Jull, live stock commissioner, acted as judge and gave almost universal satisfaction to all the exhibitors.

In addition to the cash prizes offered in the different classes, the following special prizes were awarded as follows:

Challenge Cup for highest scoring Cock and Hen (open to members of Revelstoke Poultry and Pet Stock Association only,) was won by J. J. Devine.

Entreprise Brewing Co. Cup for highest scoring breeding pen was won by A. B. Kinnear.

Look at the man above. He's SHAKING an ordinary furnace. He bends nearly double, exerts all his strength, works up a prespiration, and gets a sore back.

Now, look at the woman. She stands nearly erect, gently moves the lever to and fro, a few inches, and the ashes are dropped into the Sunshine ash-pan. This is called ROCKING DOWN. It's so easy a child can do it.

Which method do you prefer? Why, Rocking Down, of course. 51

Clothing Hints

The law compels you to wear clothes. Self-respe and good taste compel you to wear good clothes. Every man is interested in the clothes question. Most men enjoy being well dressed. The law and the climate compel attention to the subject even among those who might overlook its importance. Some men go through life making mistake upon mistake in buying clothes. They either pay too much, too little or pay just enough, but do not get what they pay for. If you will read the few facts here given and remember them, you will have learned something about good and stylish clothes, how they are made and how to obtain them, that will save you trouble and save you money for the rest of your life. 20th Century Brand garments are all pressed absolutely with hand irons. Ready-made clothes are pressed off on pressing machines. 20th Century Brand pressers do not sh. pe our garments. The shape is tailored into them before they reach the pressers. Garments that are shaped with the iron are quickly unshaped by the weather. The edges on 20th Century Brand garments are shaped so evenly and perfectly that the presser has little or nothing to do in the way of stretching or shrinking.

A Snappy Fall Suit

The new three-button sack suit. None of the frills or millinery effects of the past few seasens —they are done. Absolutely plain and yet with all snap and style required by the most fastidious dresser. Made up in choice gray and brown, soft-finished worsteds.

LOCAL AND GENERAL

We understand that R. Tapping has leased his Opera House to F. Butler of Cochrane, Alta., for a term of years.

R. H. Trueman will visit his city studio on Sept. 15th for two weeks. See special cabinet photo, $5.00 per dozen, this visit.

In the lacrosse match on Monday, between the High and Public schools the former won after a fine match with a score of 7-3.

All those having bills against the Labor Day Sports committee, kindly send same to Mr. Phil Parker as soon as possible, that settlement may be made.

Nakusp will hold its first annual Arrow Lakes Fruit Fair on Oct. 6-7. An attractive prize list has been prepared and the show promises to be a great success and a credit to that enterprising district.

E. L. Davenport, the agent of the Al. G. Barnes Big Three Ring Wild Animal Circus, who has been in the city paving the way for the forthcoming appearance of the big animal circus, has selected Recreation Park as the place of exhibition, and performances will be given twice daily, beginning Tuesday, Sept. 13th.

The management of the Al. G. Barnes Big Three Ring Wild Animal Circus, scheduled to appear at Recreation Park Tuesday and Wednesday of the coming week, present a number of sensational free attractions twice daily. Included among the number will be the marvellous Beno, aerial gymnast, and the Weldon troup of acrobats. Any one of these open air attractions will be worth travelling miles to witness.

A deputation of owners of crown granted timber land in B.C., waited on W. J. Bowser, minister of finance at Victoria this week, to suppoet a specific contention that the system of taxation of crown granted timber should harmonize in principal with the taxation of timber licenses, namely $140 per annum and 50c. when cut. A decrease in the rate is asked for at the next session, the present rate being judged disadvantageous to owners of crown granted timber land. The minister promised to try if possible to meet them in their requests.

One of the best programmes yet shown at the Edison was on the screen last night. The leading features were "Iona" the white Squaw, a vivid picture of the west. A "sister's sacrifice" the "Scare Crow," both first class films, and "An eventful voyage," one of the most amusing pictures seen here for some time. The train wreck and other tragic yet comedy scenes aroused much applause, and the whole programme is well worth a visit. The illustrated song, "The Vitagraph Girl," sung by A. Arman, is one of the best heard here. This fine programme will be shown tonight.

Cameras and films that fit every camera or kodak made, fresh at Tucker's Studio. Have you an Ensign? Better get one. tf.

Prize winners of the Labor Day Athletic Meet will please call at the Y.M.C.A. where they may obtain an order presentable to Roy Smythe. Owing to the secretary of sports being called out of town we were unable to have this notice put in last Wednesday's issue.

A delegation consisting of Rev. M. G. Melvin, Rev. McIntyre, R. Howson and W. Bews, waited on the Police Commissioners on Thursday in regard to the question of closing hotels on Sundays. Mr. Howson spoke to the question on the necessity of enforcing the act. Mayor Hamilton said that the Chief of Police had had instructions to make the hotels carry out the law re Sunday closing. The town was now generally quiet and orderly. Mr. Melvin spoke on the new Temperance Act, saying that if enforced it would do away with all gambling, etc. He also spoke on the matter of bar windows and blinds. The Mayor told the delegation that tin horn gambling had been stopped and that the Sunday closing law will be strictly carried out.

How passing strange it is how easily the average rate payer parts up with his money to any smooth tongued customer who comes along and asks for it, while anything of real benefit to the city requiring money more than often gets turned down. A slick tongued gentleman named Kennedy last night held up a number of prominent ratepayers for money with the plea that funds were wanted to send a local ball team to Kamloops. He had a petition correctly drawn up and had a large number of names on it with several dollars each marked paid opposite. It was found later that Kennedy was a fraud and the ball team a myth. He was arrested and charged this morning at the city gaol with obtaining money under false pretences. It seems that a number of charges are against him, one with having counterfeit money, and the case comes up again tonight.

Call and see the crab apples offered at McIntyre's.

The death occurred at Vernon on Thursday of this week, of Mrs. Margaret Cathels, a well known resident of this city. The deceased has three sisters here Mrs. Bongard, Mrs. J. Fraser and Mrs. H. C. Cameron and leaves a daughter. The funeral takes place this afternoon from the residence of Mrs. Bongard, Second street.

Miss Edith Wrigley, recently of Rochdale, Eng., arrived in Revelstoke last Saturday with a view to taking up her residence here. Miss Wrigley holds the highest qualifications as a teacher of drawing and painting, having taught for a number of years both branches in the leading English schools. She holds the South Kensington art masters' certificate, which those from the old country will know is the highest given in England in this branch of the teaching profession. Should sufficient inducement offer Miss Wigley has some intention of forming a club for sketching, as she is greatly impressed with the beautiful mountain scenery by which our city is surrounded.

An alarm of fire was turned in shortly after 10 o'clock last night to No. 2 fire hall. It was thought at first that the skating rink and adjacent houses were on fire, so great was the glare and with long tongues of flame shooting up. The brigade soon arrived with full apparatus. The fire was found to be a blazing tent surrounded by a wooden fence near the houses behind the skating rink, where several men were camping, and was caused by an oil stove exploding, and the flames rapidly enveloping everything. The tent and contents were completely destroyed and the fence round it was gutted before the brigade's services were called into requisition, although the hos? was run out and water turned on.

Big Dramatic Event

Frederick Clark, the great Canadian actor, at the head of a company of select players under the management of Mr. J. Cosgrove, will appear at the Edison Theatre on Oct. 1st, next The play chosen for the occasion is the well known dramatic story entitled "Manxman." Particulars of the play will be given later.

Moving Pictures tonight.
