## THE BOARD OF TRADE ANNUAL MEETING

### President's Report---Election of Officers for the Ensuing Year---Financial Statement Shows a Small Surplus--Other Important Business

Vice President A. J. McDonell took the chair at the annual meeting of the Revelstoke Board of Trade, some twenty-five members being present in the city hall on Thursday, Feb. 1st.

The meeting was called to order at 8:30 p.m., and Secretary Laing proceeded to read the minutes of the last regular meeting, and which were adopted as read. The minutes of regular annual meeting held on Tuesday, Jan. 17, were also read and adopted. The meeting then proceeded to the business of the annual meeting as provided in the bylaws.

ANNUAL REPORTS OF OFFICERS.

The President presented a written report reviewing clearly and concisely the business of the Board during the past year, as follows:

Revelstoke Board of Trade, Annual Report, December 31st, 1911:

In laying before the Board the second report which I, as President, have had the pleasure to present to you, I take this opportunity to congratulate the members upon the marked unanimity which has prevailed throughout the year in seeking to further the interests of our fair city and the district of which Revelstoke forms the centre.

Whilst the Board cannot lay claim to having followed to completion many public undertakings during the year, an apparent measure of success has attended the efforts put forth in a number of directions to improve conditions.

During the year the booklet prepared under instructions from the Board made its appearance and 5000 copies were forwarded to Hon. J.H. Turner, Agent General for B. C. at London, England. Consequent upon receipt of these in London Mr. G. McL. Brown, European manager for the Canadian Pacific Railway Company took up with the Board, the question of supplying him with a larger number than had been forwarded to him by the Agent General An appeal to the city council for a grant of $400 was successful and 10,000 additional copies were printed were printed and forwarded to the Canadian Pacific Railway Company at London, for distribution through their booking offices in the British Isles. As a result of this distribution in Great Britain a number of inquiries have been received from intending settlers.

For the year 1912 the only advertising to which the Board has been committed is the advertisements to appear in Heaton's Annual and B.C. Opportunities at a cost of $185.00.

Acting in conjunction with the Retailer's Association and the Agricdltural Society an effo(t was made to get in touch with the settlers on the Arrow Lakes and an excursion was arranged. As a result of this effort a large number of settlers visited Revelstoke during the fair and in the evening of the second day this Board entertained the visitors at a smoker in Selkirk hall.

One of the undertakings for which this Board has been striving for several years and which is as yet incomplete is the appointment of Mail Clerks on the Arrow Lakes. This matter has been under advisement by both the Post Office Department and C.P.R. and in a recent communication Mr. G. J. Bury advised the Board that the service would be commenced January 1stf

It is a matter of regret to the Board and the town that the Crown Timber office was removed from Revelstoke to Kamloops, but as the question of the Administration of the lands within the twenty mile belt is now under consideration by the Federal and Provincial governments, we look for an early settlement of these difficulties.

The establishment of a Land Registry Office at Revelstoke has been kept before the Provincial Cabinet both by letter and by interview with the ministers of the crown during their visits to the town.

It is expected that during the coming spring arrangements will be completed for the establishment of an experimental or demonstration orchard in the vicinity of Revelstoke.

The construction of a new government wharf at Revelstoke and the improvement to navigation in the Columbia river above Death Rapids have been urged upon the Dominion government.

In drawing my report to a close I desire to thank all those who so willingly assisted in the work of the Board during the past year.

PRESIDENT.

The secretary then read the financial report, the statement of account showing a small balance on hand.

The income of the Board amounted to $1272.97 and the expenses to $1,270.00, the latter amount including an expenditure of $1071 for publicity purposes. The financial report was signed by auditors Robertson and Telford, and was unanimously adopted.

ELECTION OF OFFICERS

The next business was the election of officers, the retiring president and vice president refused to stand for re-election, and Mr. C. B. Hume was nominated and unanimously elected as president for 1912.

Mr. Hume then took the chair, and after a few appropriate remarks from the new president, and a vote of thanks to the retiring officers, the Board proceeded with the election of officers.

Mr. A. B. McCleneghan was unanimously chsen as vice president; Mr. F. W. Laing was unanimously re-elected as secretary.

The secretary then proceeded to read the names of those eligible as members of the executive according to the by-laws.

President Hume threw the meeting *open to nominations for the executive* and the following were elected:

J. Q. McKinnon, F. M. Gibson, A. B. McCleneghan, F. H. Bourne, A. Grant, A. McRae, H. J. McSorley, S. Sutherland, T. Kilpatrick.

This concluded the business of the annual meeting and the meeting there after adjourned.

REGULAR MEETING.

The business of the regular monthly meeting was then proceeded with The first item was the old matter of the removal of the Timber Office and in the absence of any definite word from the government the matter was left over for further information.

The committe on "roads to wharfes" reported that the city council had promised to do all in their power to make the approach to the wharf and that the mayor of old council had already instructed the surveyor to make a report on the subject, besides going on record as recommending the work to their successor on the new city council.

A suggestion by Mr. McCarter that the secretary write the engineer, enclosing copy of letter from city and asking for a similar assurance from the Provincial government, same to be submitted to the Dominion government; was unanimously adopted.

ADVERTISING SIGNS.

This matter is still in the hands of the city council.

Mr. McCarter said that too many committees were working on these similar matters and suggested a consolidation and that these subjects be brought before the council en-bloc. A committee of two were struck off accordingly.

FREIGHT OVERCHARGES.

Secretary Laing reported that this matter was being held over by the C.P.R. pending possible settlement at the Eastern meeting.

Discussion disclosed that the C.P.R. had verbally intimated their inability to do anything in this matter owing to the ruling of the Railway Commission. A motion was adopted that the matter be submitted to the Railway Commission for an order to enable the C. P. R. to make a refund of these overcharges.

MAIL SERVICE.

Secretary Laing said Mr. Goodeve, M.P., in conversation had stated that he had personally gone into the matter but that the service could not be inaugurated until the Arrow Lakes regular service was commenced.

Secretary Laing was instructed to write Supt. of Mail Service McLeod, to draw his attention to the fact that the service had not been commenced as promised by the mail department.

DEMONSTRATION FARM.

No further steps had been taken the government were still undecided as to the location of this demonstration government farm.

ARROW LAKES DELAYS.

A letter was read from the C.P.R. promising a remedy for these complaints.

President C. B. Hume—We have been trying for three years to get an improvement in the C.P.R. freight service between Revelstoke and the Arrow lake points, as a business man I may say our firm have almost ceased to go after this business, the C.P.R. give such a poor service as to make any attempt on our part to get business south an absolute knock to the firm. This matter is a scandal, and we shall be compelled to go to the Railway Commission, the C. P. R. apparently will do nothing.

A motion was adopted that a series of recent cases of serious delays to shipments to and from Arrow Lakes be collected in collaboration with the Retailers Association and a case prepared for submission to the Railway Commission on their coming western trip, and that the C. P. R. be also notified accordingly

NEW MEMBERS

Mr. J. B. Sibbald, jr., and Mr. E. G. Foley, were proposed for membership and will be balloted for at next meeting.

Resolutions from other boards re "good roads" and "International Freight Commission" were endorsed.

A motion was adopted that the city council be asked for a grant of $750 for publicity purposes, and that a deputation be appointed for that purpose. President Hume, Mr. McCarter and Mr. McDonell were appointed to wait upon the new council accordingly.

NEW BUSINESS.

After a general discussion on matters connected with new business and good and welfare, the meeting adjourned at 11 p.m.

Special bargains in wash blouses at McLennan's. 2t

## CONSERVATIVE ASSOCIATION

### Has Been Organized at Malakwa With a Good Membership

An enthusiastic meeting of Conservatives was held at Malakwa in the school house last Friday evening the 2nd inst, for the purpose of forming a Conservative association for the District of Malakwa.

Mr. Theo. Wadman of Revelstoke, acted as chairman in the interests of the B. C. Conservative Association and in a brief manner explained the *aims and objects of the association.* There were at this meeting thirty members who signed the roll as members. The following were elected officers:

Honorary President— Hon. R. L. Borden.

Honorary President— Richard McBride.

Hon. Vice Presidents—Martin Burrell and J. P. Shaw, M.P.P.

President—E. Erikson.

Vice President—Geo. E. Coe.

Sec. Treas.—G. E. Finucane.

Executive committee—F. J. Bossley Peter Allen, John Mizon, Peter Godsen, A. Haycock and W. Waddell.

After the election of officers, speeches were delivered by the newly elected officers and the association passed resolutions expressing their implicit confidence in the administration of the Hon. R. L. Borden and Hon. R. McBride.

## First League Rival Concert

The Epworth League will give the first of the rival concerts on Monday evening at 8 o'clock in the Methodist church, which they think will beat that given by the ladies the following week. Judges are to be appointed, who will make a decision as to who is the winner after the second one is given. The admission is 25c. for adults and 15c. for children.

## Concert and Sleigh Ride

There will be a concert and sleigh ride under the auspices of the young men of the Epworth League next Monday evening. Concert to commence at 7:30 sharp. The program will be as follows:

Gramophone selections; March of the Cameron Men and Gordon Highlanders.

Male quartette; Down by the Old Mill Stream, Samson, Anderson, E. Cameron and Davis.

The next item is Uncle Josh at the Dentists by C. Stewart.

Reading by Walter Bews.

Vocal solo; Ralph Lawrence.

Piano solo; Dr. Watson.

After this there will be a vocal solo by Ned McGregor and the last will be an instrumental duet by P. Samson and E. Dickey.

The sleigh ride will commence at 8:30 and back to the church parlors at 9:30 where refreshments will be served. Admission for sleigh ride and concert 50 cents.

SATURDAY, FEB. 3rd, 1912.

The report of the annual meeting of the Revelstoke Board of Trade, published in this issue, will be interesting reading to the businessmen and citizens of the city. The report of the President for the past year, is a record of endeavor and achievement on behalf of our city, and is proof of the energy as well as the public spirit of the members of the Board.

The financial statement discloses that practically the whole funds of the Board are expended in publicity work for the benefit of the city and district, in addition to the membership fees, individual members have dipped into their pockets in no unstinted fashion in the matter of personal expenses and disbursements, whilst engaged in the good work of advancing in every possible manner the best interests of the district.

The debates and proceedings during the past year, have been marked by a unanimity and absence of friction, which stamp the members of our Board of Trade as being citizens of the right class; public questions have been dealt with on broad minded and generous lines, and business has been conducted throughout in an expeditious and efficient manner, reflecting credit upon the membership.

A live Board of Trade is a valuable asset to any community, and Revelstoke can be congratulated upon possessing in the Board of Trade, an organization second to none in the Interior of British Columbia.

## Surprised Robber

Vancouver, Feb. 1—After being held up on Georgia street early this morning, John Tallemach engineered a little holdup of his own. Stopping a taxi that came by immediately after the robbery, he told the driver to break the speed laws until he found a policeman. Constable Walker was on duty at the corner of Granville street and Tellamach gave him a fairly accurate description of the bandit who had a fierce mustache. The trio travelled back and forth in the vicinity until a man answering Lallamach's description was found. Constable Walker covered him with his revolver while his former victim tugged at his moustache, which proved a false one and came off. As the outcome Clement Thurston was charged in the police court this morning with being the much-wanted west end bandit.

## Y. M. C. A. NOTES

The Boys Arts and Crafts Exhibition—This exhibition is organized along the lines of the ordinary Industrial fair. Not only does it serve to encourage boys to make things, interest them in collections of all kinds, develop their artistic abilities, but it gives the Association an ideal means of getting into touch with boys outside its membership. It gives an opportunity to interest men who cansent to act as judges, and calls attention to the public to the things that boys will do and take an interest in if given an opportunity and some encouragement. The exhibits include eight classes which takes in, manual training, miscellaneous collections, models of electrical and mechanical apparatus, photography, pen and pencil drawings, aeronautics

This exhibition is in the interest of all boys in the city, whether a Y.M.C.A. member or not, providing they have not reached their 19th birthday.

Programs may be had for the asking, also any information required, by applying to the Physical Director of the Y.M.C.A.

Interest is keeping up good in the gym. Oh you hockey. Plenty of good swimming these days, get into it and enjoy yourself.

A class for boys who are not members and who cannot swim has been started. This class is for boys from 10 to 14 years of age. This is a good opportunity for boys who cannot swim. Bring your towel and you are urged to bring a pair of waterwings. Hand in your name to Mr. Thomson or Mr. Gifford. A charge of 10 cents per lesson will be charged, payable in advance and a boy will be considered to be able to swim when he can swim the length of the tank.

A new feature—The art of photography will be taught by Mr. Ernest Bond. A dark room for the use of members will be supplied by the association. Lectures will be given on cameras, developing, etc., by several gentlemen connected with photography in Revelstoke. All members who have cameras are requested to hand their names into the Association Secretary as soon as possible, so that a meeting may be called of all those interested and plans formulated to organize a camera club.

Sunday afternoon—The Rev. E. Estabrook will address the men of Revelstoke in the Association building at 3:45. Mr. Estabrook is a man who knows men, and a good treat is in store for all those who will avail themselves of the opportunity. Mr. Harry Hyde will sing. The meetings are full of interest and those who enjoy a good sing ought to make it a point to be present.

## Egg Laying Contest

Ottawa, Jan. 31—"The only other explanation is the law of compensation. My honorable friend knows British Columbia has not been very generously dealt with in the past few years. This is a government of retribution and of justice."

In this way Hon. F. D. Monk, in the House of Commons at a late hour last night replied to the criticism of the opposition that British Columbia was getting more than its share of money for public buildings, etc.

Mr. A. K. McLean of Lunenberg introduced the question by drawing attention to the fact that British Columbia is the only province in which a vote is proposed in excess of the current year. He wanted to know if the thing was a tribute to the victory of the friends of the government in the coast province.

Mr. Monk said he was surprised at such a question. The prospective opening of the Panama Canal he said would increase business immensely in Vancouver and Victoria.

Hon. Frank Oliver put in a kick because the total vote for public buildings for British Columbia stands at $724,000, while Alberta and Saskatchewan together get only $746,000

Several of the British Columbia votes were passed before the House rose, including $300,000 for the Vancouver examining warehouse and $80,000 for a public building in North Vancouver.

## Card of Thanks

We desire to express our appreciation and thanks for the kindness and hospitality shown us during our recent sad bereavement in the loss of our loving husband and brother.

Mrs. G. A. Morris and Sister.

## Busteed May Be Gen.-Supt.

Winnipeg, Jan 31—It is rumored here on good authority that F. F. Busteed, C.P.R. superintendent at Vancouver, is to become general superintendent of western lines with headquarters at Winnipeg. Mr. Busteed has been in the city for several days conferring with Vice President Bury.—Ex.

## Superior May Be Frozen Over

Duluth, Feb. 1—It seems as if for the first time within the memory of white men Lake Suuerior will this winter be completely frozen over. Already ice is forming over four miles from shore and out as far as can be seen great floes are becoming welded together. With such a beginning, the usual cold weather of February will quite likely complete the job.

## Big Eddy School Report

Big Eddy School Report (( £V£X

The following is the report of the Big Eddy school for the month ending January 31st, 1912:

| | |
|---|---|
| Days school was in session | 16 |
| Total Daily attendance | 272 |
| Total actual attendance | 269 |
| Average daily attendance | 17.00 |
| Average actual attendance | 16.81 |
| Pupils actually attending | 20 |
| Boys actually attending | 11 |
| Girls actually attending | 9 |
| Greatest number present | 20 |
| Least number present | 8 |

Names of pupils present every session:—Rolf Carlson, Allan Granstrom, Karl Granstrom, Ragnar Granstrom, Agnes Boyd, Neva Boyd.

EDNA M. BRUCE, Teacher.

## Pettipiece Sent Up for Trial

Vancouver, B.C., Jan. 31—The case against R. P. Pettipiece was partly heard today and will be concluded tomorrow, when it is understood he will be committed for trial at a higher court. At the request of his counsel J. W. DeB. Farris, Pettipiece was not committed for trial today, counsel stating he would not be able to appear before Judge McInnes this afternoon to arrange for new bail and if the accused were formally committed this morning he would have to occupy a jail cell until tomorrow. The charge is taking part in an unlawful assembly. Pettipiece reserved defence. The partial hearing of the case occupied over an hour. All other cases were adjourned.

President Wilkinson of the Trades and Labor council was an interested spectator. Socialists in the corridor waiting for trial arraigned the city and described members of the police force as "anthropoid apes." They say the drinking water was the only pure thing in their Sunday night jail experience and predicted Mayor Findlay's resignation before the end of the year.

## The Barrier

In "The Barrier" we have the problem of a white man hesitating between his career and the girl he loves because she is supposed to be a half-breed. Also as a soldier and the

representative of the United States government in an Alaskan outpost he gets into the thick of a lot of trouble over that most potent of trouble makers, gold. There are, of course, a couple of conventional "bad men," and divers complications which keep things going briskly every minute of the time, and it all comes out happily in the end, when the villain gets his and the two young lovers fall into each other's arms. The play more than provides a good evening's entertainment.—Vancouver Province.

SOAP — SOAP — SOAP—The Revelstoke Meat Market has just opened up a fresh shipment of Swift's famous soaps, among which are the Wool Soap—The Pride soap—the Laundry soap—toilet soaps also. The Pride cleaner. The prices for these soaps are right so don't fail to call and inspect this great variety before purchasing your Christmas Soaps.

## BUSINESS LOCALS

R. Howson & Co., Revelstoke, B. C.

**To the People of Revelstoke District**

Why spend needless dollars on fuel bills this winter, when for a small investment in a few STORM WINDOWS and a door or two you can save at least 50 per cent. of your present outlay in fuel? Maybe you have never considered this. Think it over and you will be convinced.

If you invest now in a few storm windows and doors you will SAVE THEIR COST long before the arrival of Spring. Ask those who know and get your order in now. ALL ORDERS ARE PROMPTLY ATTENDED TO.

If you are contemplating building a House, Store or Business Block in the Spring, or adding an addition to the House, now is the time to talk it over. Come to us with your plans and let us figure it out for you. You will profit by our wide experience and SAVE MONEY.

We give estimates freely on all kinds of CONSRUCTIONAL WORK, and your enquiries are solicited.

REVELSTOKE, B. C.

# REVELSTOKE, A GREAT DISTRIBUTING AND TOURIST CENTRE

Those who know Revelstoke best, believe in it most. When the rest of the province has been steeped in depression Revelstoke has pursued the even tenor of her way, always progressive, always sound always in the forefront, but never the plaything of the boomster, or the townsite gambler.

Founded about twenty-five years ago, during the construction of the C. P. R., and cradeled in what is known as the "Old Town" on Front Street, Revelstoke has grown steadily but surely to a town of 4,000 people.

This city is probably best known as the Gateway to the Kootenays, because for many years it was the only means of entrance from Canadian territory into the country to the south, and that at a time when the silver wealth of the Slocan seemed to respond to the sway of Dame Fortune's hand, for many a prosperous man of now-a-days got his first start as the result of a grub-stake in the Kootenays.

A MASTER SITUATION.

Go where you will, you can find no better located point for a townsite than Revelstoke. Prettily situated on the Columbia river, where it is crossed by the main line of the Canadian Pacific Railway; the junction of the Arrowhead and Kootenay Railway, which connects with the palatial steamers on the Arrow Lakes; with great valleys radiating north and south, east and west, and with 800 miles of timbered waterways tributary thereto, Revelstoke cannot fail to become the Mecca of home-seekers, investors, tourists and holiday seekers. Already men of capital are spying out the land, and satisfied with the great future of city and district tributary thereto, are putting in their money where they know it will bring big returns while others looking on are missing these opportunities at their doors to grasp the far-off hills that always look so green to the man who fails to take as his motto the old song that "there is no place like home."

Timber, Mines, City Lots, Suburban and Rural Land—these all afford investments in and around Revelstoke that cannot fail to bring great returns in the not far distant future. Tourists will find here a never-ending source of the attractions of Nature during the summer months, when the great natural parks on the summit of the mountains, spread with their wealth of wild flowers, form the world's greatest play-grounds. These natural parks are for the most part easily reached by trails, and shelter is afforded by the chalet built for the accommodation of tourists or in the cabins of prospectors and miners who have made the hills and mountains their home. Mountain peaks pierce the sky-line, inviting the mountaineer to scale their dizzy and untravelled heights. Splendid boating can be had on the rivers and lakes.

Nor is it only as a summer resort that Revelstoke claims attention. The time will come when the winter sports of Switzerland—tobogganing, snow-shoeing, ski-ing—will bring here people from all parts of the world, to enjoy the bracing winter air and invigorating winter sports that make for health and pleasure, as the ski-runner drinks the wine of the wind in his lightning runs down the mountain slopes.

Where there is now one railway system, with its lines of steel stretching east and west and to the south, there will ere long be other railways making for Revelstoke as the common centre from which to radiate on their missions of development of this great country. Already the provincial government claim to have an arrangement with the Canadian Northern system about to be extended to British Columbia, by which they will build from their main line in the north to Revelstoke, and also extend their system south from this point. The Dominion government have promised to back up the Grand Trunk Pacific railway in running a branch south from the Yellowhead Pass to Revelstoke, thus developing the rich area of country to the north. This line of railway will also be extended to connect with their main line the southern system which this company has announced its intention of building through the Crows Nest Pass. Then the Canadian Pacific Railway Company have in view the completion of their Arrowhead and Kootenay railway, which would connect the B. C. Southern and Crows Nest systems with their main line at Revelstoke, thus making this City the greatest railway junction in British Columbia.

At present Revelstoke is the headquarters of the Mountain and Shuswap Division of the Canadian Pacific railway company, and the Revelstoke Board of Trade have the assurances of the management of the railway company that their shops here will be enlarged and run to full capacity within the next year.

The north is a vast undeveloped country of known wealth in timber, minerals, and land suitable for fruit-growing and cattle ranching. The Columbia river is navigable for over 100 miles north of Revelstoke, with the exception of a distance of five or six miles at Priest and Death Rapids, around which it is proposed to build a tramway when development conditions warrant, and towards which the Dominion Government made an appropriation of $16,000.

The Columbia river is navigable south from Revelstoke through the Arrow lakes for a distance of 180 miles. The magnificence of the scenery on a steam boat trip north or south on the Columbia river cannot be excelled.

A TOURIST CENTRE.

The citizens of Revelstoke are bent on making this the greatest tourist centre in British Columbia. A mountaineering Club has been organized, and is taking steps, with the co-operation of the Government, to have the greatest available attractions in the shape of forests, mountains, glaciers and ice-fields made conveniently accessible to tourists. The London Times, the world's greatest newspaper, recognizes that the European Alps, and all the attractions that Switzerlands affords, must give place to the mountains of British Columbia as the world's play-ground, and in a recent article says:

A generation ago the Alps offered to the true mountain climber all the joys of the world; but that day has gone forever, and while the beauty of the peaks remains untouched and will forever draw to their slopes those who love nature, the charm for the real climber has passed never to return. There remains no field for conquest in the Alps. It has all been done, and the best the most ambitious climber can hope to accomplish is to follow in the footsteps of some pioneer. The Alps remains the school in which the climber becomes initiated, but soon when discovery and conquest call to him, he will turn his back on Dwitzerland. He may roam in Norway or the Caucasus; he may try the Himalayan or the Andrean snow, where, if he seeks hardship, he will be content, but the true pleasures of mountaineering are not to be found on these immense heights.

THE UNDISCOVERED PEAKS.

Where, then, shall the climber turn? There are only two great Alpine fields for him to open out, and the greater of these is the Canadian Rockies, the other being the New Zealand Alps Comparing the Swiss mountains of British Columbia, it is found that the latter are, on an average, 2000 feet lower, most of the peaks being from 10,000 to 12,000 feet, and Mount Robson, the highest known at present, being just short of 14,000 feet. However the actual work of the climber and the impression of height on the eye are much the same as in the Alps, because the valleys of the Rockies are lower than those in the Alps, and the snow line is not so high.

Taken range for range the Times' expert holds that the beauty of the Alps is superior, but says that individual peaks in the Rockies, like Robson or Assiniboine, can be compared with anything in Switzerland.

ROCKY MOUNTAIN LAKES.

Another advantage possessed by the Rockies is in the more direct rise from the valleys. Often the peaks seem to spring starkly out of some lonely little mountain lake, while the Alpine valleys, as a rule are narrower and deeper, cut away under lower slopes which tend to hide the summits themselves from view. Switzerland has nothing to equal the beauty of such lakes as Louise or O'Hara, and tho' these are the best known of the Rocky Mountain Lakes, there are many like them, of which the public has not yet been informed. In one respect the Canadian mountain climber has not the advantages of his Swiss colleague. The rocks here are unusually bad, and make climbing more difficult and dangerous. Like a poor track for horses, they put really brilliant record-breaking exploits out of the question. In the Selkirks, however, the rocks are better.

In the matter of weather, the Times authority finds little difference. In the main chain, the number of fine days between the beginning of July and the middle of September is probably somewhat greater than in the Alps. In the Selkirks the climbing season is rather shorter.

# C. P. R. EXPENDITURE

## An Immense Sum of Money to Be Spent in Mountains

The following is a summary of the work estimated for by the C. P. R. for the work to be done on the main line in the Revelstoke district for the coming year:

In District No. 1, from Field to Kamloops, ten bridges are to be furnished with concrete piers and abutments, and about the same number in the district from Kamloops to Vancouver are to be so provided. This is one of the heavier expenditures which are now certain.

In district No. 3, the Boundary country, four bridges are to be rebuilt with permanent steel and concrete structures. These are to be modernized and equipped with everything that is up-to-date in this branch of railroad construction.

At Cedar, Ross Peak and Twin Butte, three small stations in District No. 1, new station houses will be built. A station and detention shed is to be constructed at Sumas. It is probable that this work will be under way in the course of two weeks or a month.

One of the largest appropriations is for the installation of oil tanks, pumping stations and apparatus for supplying the oil-burning locomotives on Division No. 1 with fuel. This equipment is to be put in at Field, Golden, Rogers Pass, Revelstoke, Sicamous Junction, Notch Hill and Kamloops. This turning over from coal to oil for fuel will be completed in May or June, and to be prepared for it the oil-supplying equipment is to be built at once. One of the reasons for the hastening of the work is so that by the fall of this year there will be no danger of forest fires It is the desire of the C.P.R. to eliminate as far as possible this danger which in years past has wrought such havoc.

As far as the cost is concerned, it is understood that the oil burners are more costly to operate, as they require more attention to keep them in order. In reality, the work of the fireman and the engineer is increased rather than diminished as is the general opinion. The flues are more easily choked up with soot in the burning of oil, and this difficulty has to be overcome at every turn. Sand is driven into the firbox under a pressure so that the soot will be cut off and sent out with the smoke. Sometimes, however, this fails and trouble occurs.

Four transfer barges are to be built for the Okanagan and Arrow Lakes. These are made necessary by the increased traffic on these lines, and are to be put under construction soon. A new station is to be built at Merritt, in district number 2.

All of the snow-sheds between Field and Kamloops are to be rebuilt to provide better snow-fighting facilities. Twenty-five miles of fencing is to be built in the two districts between Field and Vancouver.

There is to be a large amount of right-of-way clearing done in district 3, the Boundary country. This will provide for the removal of underbrush, second growth timber, and old logs that now clutter up the right-of-way under use in this district.

At New Westminster a new wharf and freight shed will be built, an improvement which will require a considerable expenditure.

## "Barrier" a Success

To please an author with a stage production of his work is a difficult feat, yet "The Barrier" Company has succeeded so well in this respect that Rex Beach has agreed to two companies of "The Barrier" being launched this season, and furthermore has given Mr. Shipman the first refusal of the dramatic rights to his latest serial, "The Ne'er Do Well."

The desirable towns in the West will be revisited by the No. 1 company next season, while a No. 2 company will be organized to cover the Eastern and Middle States.

The excellent business done has encouraged the management to elaborate the scenic effects, and engage a much stronger company; therefore "The Barrier" will prove one of the coming season's strongest attractions, at the opera house on Monday, February 5th.

# "DENNIS IS PROMOTED"

## Will Have Charge of All Company's Land, Mineral and Timber Interests from Manitoba to the Pacific Ocean.

Winnipeg, Jan 30—One of the most important and far reaching announcements affecting Calgary and the west that has ever been made is given out today in the statement that J. S. Dennis, manager of the Canadian Pacific Railway company's land and irrigation interests in Alberta and British Columbia, has been promoted to the position of assistant to the president and is also to be given greatly added powers.

This announcement is made simultaneously with one to the effect that the company has decided to create a natural resources department of which Mr. Dennis will be in charge.

In addition to being the greatest transportation system in the world, the C.P.R. occupies a unique position in being the owner of vast natural resources consisting of land, coal mines, irrigation projects, natural gas, metalliferous mines and smelters large areas of timber and numerous sawmills, and a vast number of village, town and city properties.

These important assets have in the past been administered through several different departments and the new organization consolidates them into one large department under direct supervision of the president with Mr. Dennis in immediate control as his assistant.

The head office of the department will be at Calgary, but there will also be an office of the department at Montreal. The resources to be handled by this department are valued at a vast sum, and in selecting Mr. Dennis for this important post, the company has no doubt been influenced by the fact that today there is no man in western Canada possessing a more intimate knowledge of conditions, or better qualified to deal with the development and administration of natural resources.

The placing of Mr. Dennis at the head of the department of natural resources, in which lands are included, means that the administration and control of the company's entire land business will be transferred to Calgary. At present Mr. Dennis administers the Alberta and B. C. lands from Calgary, while the Manitoba and Saskatchewan lands are looked after here in Winnipeg by Commissioner F. T. Griffin, assisted by J. L. Doupe, but supervision of these will now be transferred to Calgary.

Whether or not this change will also include the new townsites which have heretofore all been handled from Winnipeg is not stated, but in all probability they will also be handled from the office of the assistant to the president.

The lands of the Alberta & Irrigation Co., which the C.P.R. controls, have previously been handled at Winnipeg by A. M. Nanton, who was managing director of the campany before the Canadian Pacific took it over, will now also be managed from the office of the assistant to the president at Calgary. The A.R. & I. has now a resident land commissioner at Lethbridge, but it is understood this office will no longer be continued but will be conducted as a branch of the C.P.R. land department.

In connection with Mr. Dennis' promotion, announcement is also made of the promotion of A. S. Dawson, chief engineer of the irrigation department, to be Chief Engineer of the Department of Natural Resources. Mr. Dawson has been connected with the company for the past fifteen years and with the irrigation department since its inception, and through his familiarity with the west, is eminently fitted to take over the responsibilities of his more important position

The changes in the C.P.R. land department as outlined in the above dispatch have been expected for some time and many rumors have been circulated recently in this connection The announcement naturally means a great addition to Calgary's importance as a C.P.R. point.

Although Mr. Dennis has only been in the service of the Canadian Pacific railway for a few years, he has, during that period, accomplished as much as would satisfy an ordinary man a lifetime of endeavor. Although still a comparatively young man he has spent the last forty years in western Canada and during that time has been in the service of the Dominion government, the land department of the Hudson's Bay Co., as chief engineer and then deputy commissioner of public works for the Territorial government, and during the past ten years in the service of the Canadian Pacific railway.

Mr. Dennis has filled an important part in the colonization and development of western Canada, and the remarkable work which he has accomplished in the construction and development of the vast irrigation undertaking of the company in Alberta and the colonization and development of the lands of the company in this province and British Columbia, has now become a matter of national interest.

It is understood that the changes as outlined above will necessiate a great enlargement of the staff in the office of the assistant to the president and that several new posts will also be created.

Scene from "The Barrier" Opera House, Monday Night

# EXPOSE PLOT TO EVADE DUTY

## American Lumberman Caught at Regina---Only One of Many Frauds

Regina, Sask., Jan 30—The possibility of a gigantic plot to defraud the customs was unearthed in the police court today as a result of the prosecution of S. I. H. McDiarmid, yardmaster of the C.P.R. at Regina, charged with allowing car No. 74836 in bond to pass through the local yards without paying duty to the customs officers.

A conviction was secured and the railway company was also convicted on its own admission in connection with the case. It is alleged that the practice has gone on for years either with or without the collusion of the railway officials and during recent months alone some 30 cars have thus escaped the customs.

There is in force a customs regulation which allows the free entry into Canada of rough lumber but demands a duty on all lumber which has been manufactured beyond the stage of planing on one side. It is said that lumber is turned out of the mills in the States planed on one side and manufactured on the other side, but afterwards roughed over by a machine with a view to make it appear as rough lumber and thus evade the duty in Canada. This applied particularly to scantling and large lumber Scantling of dimensions of 2 by 4 also could be prepared for use and roughed over, making it appear as rough lumber to evade duty.

The customs officers caught on to this deception, however, and determined to put a stop to it. One step towards putting a stop to this cheating of the customs was the passing of an order in council at Ottawa which brought into force the regulation referred to in the foregoing. The car which slipped through the Regina yard was a car of this class.

The lumber was manufactured beyond the extent allowed by the law for free entry. No effort was made to clear it because the railway shipped it out before the bills were presented to the customs. The car had been watched, however, and had an application been made for free entry it was the intention of the authorities to seize the lumber.—Ex.

## BOWLING SCHEDULE

Feb. 5—Y.M.C.A. v. LaRrence Co.
Feb. 7—Corley House v. Ramblers
Feb. 9—Businessmen v. Carleys.
Feb. 12—Y.M.C.A. v. J.B.C.
Feb. 14—Lawrence Co. v. Ramblers.
Feb. 16—Businessmen v. Y.M.C.A.
Feb. 19—J.B.C. v. Ramblers.
Feb. 21—Law(ence Co. v. Corley's.
Feb. 23—Businessmen v. Lawrence Co
Feb. 26—Y.M.C.A. v. Ramblers.
Feb. 28—J.B.C. v. Corley House
Mar. 1—Businessmen v. Ramblers.
Mar. 4—Y.M.C.A. v. Corley House.
Mar. 6—J.B.C. v. Lawrence Co.
Mar. 8—Businessmen v. LaRrence Co
Mar. 11—Y.M.C.A. v. Lawrence Co.
Mar. 13—Corley House v. Ramblers.

SECOND SECTION.

Owing to the large number of members wishing to participate in the bowling, it was pressed upon us to form a new league. Four teams constitute the league, and the games will be played off on the alleys on Tuesday and Thursday evenings, commencing at 8 p.m. sharp. Thus it will give all others who have not been placed on any team an opportunity to have a game before eight o'clock.

Feb. 6—Beavers v. Maple Leafs.
Feb. 8—Mietdrabs v. J.B.C.
Feb. 13—Maple Leafs v. Beavers.
Feb. 15—J.B.C. v. Mietdrahs.
Feb. 20—Beavers v. Maple Leafs.
Mar. 5—Beavers v. Maple Leafs.
Mar. 7—Mietdrabs v. J. B. C.
Mar. 12—Maple Leafs v. Beavers.
Mar. 14—J.B.C. v. Mietdrabs.
Mar. 19—Beavers v. Maple Leafs.
Mar. 21—Maple Leafs v. J.B.C.
Feb. 22—Mietdrabs v. J.B.C.
Feb. 27—Maple Leafs v. Beavers.
Feb. 29—J.B.C. v. Mietdrabs.

Games will be counted instead of pins. Two games will constitute a league game.

Signal for practice—not less than ix (6) slow strokes.

One (1) indicates line broken or re out.

HEAVY DRINKER CURED

Samaria Cured Him, and He Helps Others

A man who has been released from the awful cravings of drink, and whose first thought is to help others, shows the spirit of true brotherhood and philanthropy. Read his letter:

The Samaria Remedy Co., Toronto Ont.:

"Will you please send me book on drink, also circulars relating to your varied remedy for the drink habit. I wish to hand these to a friend who is going to ruin through drink. You will remember that I have taken your remedy, and I find it all you claim it to be. I never think of taking or using strong drink in any way, as all desire for it has left me. I cannot speak too highly of your wonderful remedy. You may use my name in any way you wish in public.

"H. Lilywhite, Brigden, Ontario."

Samaria Prescription is tasteless and odorless, and dissolves instantly in tea or coffee, or can be mixed with food. It can be given with or without the patient's knowledge. It removes the craving for drink, builds up the system and restores the nerves. Drink becomes distasteful and even nauseous.

Drink is a disease, not a crime. One drink of whiskey always invites another. The inflamed nerves and stomach create a craving that must either be satisfied by more whiskey or removed by scientific treatment like Samaria Prescription. Samaria Prescription has been in regular and successful use by Physicians and Hospitals for over ten years.

If you know of any family needing Samaria Prescription, tell them about it. If you have a husband, father or friend that is drifting into drink, help him save himself. Write to-day.

A FREE TRIAL PACKAGE of Samaria Prescription, with booklet, giving full particulars, testimonials, price, etc., will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this paper. Correspondence sacredly confidential. Write today. The Samaria Remedy Co., Dept. 46-49, Colborne street, Toronto, Canada. Also for sale by C. R. Macdonald, Druggist, Revelstoke, B. C.

Dr. de Van's Female Pills

A reliable French regulator; never fails. These pills are exceedingly powerful in regulating the generative portion of the female system. Refuse all cheap imitations. Dr. de Van's are sold at $5 a box, or three for $10. Mailed to any address. The Scobell Drug Co., St. Catharines, Ont.

## MALAKWA NOTES

CORRESPONDENCE

Editor Mail-Herald—

Dear Sir,—Perhaps you are aware that things are not running quite so smooth in the Valley of the Garden of Eden, as most of us would wish. I thought, perhaps, the following lines would be appreciated by a few of our good neighbors in this beautiful valley.

Forgive, the very word is sweet.
Forgive as you would be forgiven,
When coming near the mercy seat,
Forgiveness you must ask of heaven

Man is but human to offend,
By careless act or word unkind;
But let not strife tried friendship end
When this sweet word the wound may bind.

If one with sorrowing heart should say,
Dear friend, forgive me once again,
To smooth some thorns from life's rough way,
Would you refuse in proud disdain.

Methinks if one had wrought me ill,
Yet penitent should say "forgive",
'Twould move my proud and stubborn will,
No anger in my heart could live.

We cannot tell what moves the mind,
Or what the subtle cause may be,
We only know our friend unkind,
And we grow cold in sympathy.

And yet one heart from pain to save
What matter if our pride must bend
We might be parted by the grave,
Life is so short, forgive thy friend.

Malakwain the Second.

The work on the government job is neating completion. Work will be commenced at once building a bridge at Bowie.

Mr. Lindsay is a regular visitor at the Buckingham.

Our Swede night school has been a great success. Meetings are held every Friday night at the home of Mr. E. Erikson. The membership is about twenty and the class is conducted by Mr. Lindsay, our missionary.

Our mail bag was carried last week under the trucks of the mail car, down to Sicamous. We feel deeply grieved about it. If the government want to give us rural delivery, all right, but we object to chasing our mail twelve miles. Mr. L. M. Johnston was kind enough to follow the bag and found some of the mail. It would be a kindness if some one would wake the mail clerk at Revelstoke.

Mr. Jack Mizon has been ill. We hope he is feeling all right again.

A petition has been sent to the government asking for a twice a day mail service.

We hear Mr. Smith, our postmaster is going to leave us. We wish him every success wherever he goes. We thank him for his service here; we have appreciated his obliging disposition.

Word has been received from our former school teacher, C. E. Somerville, who is now at Campbell creek. We wish him every success. He is missed from the Buckingham.

A car load of feed has been received from the east. Men with the enterprise of Mr. McDonald of the Malakwa farms, are in demand here.

Everybody is up in the air since the thaw. (We mean, of course, shoveling the snow off the sheds.)

# The Valley of "The Garden of Eden"

**Situated at MALAKWA, B. C.**

Just 32 Miles West of Revelstoke, and Extending between Sicamous Junction to Three Valleys Station

**Area of First-Class Land**---20,000 Acres

**Character of Land** Principally Level.

**Character of Soil** Bench Lands, Clay Loam and Vegetable Mould, while on Lower Lands Black Loam Prevails.

**No Irrigation** Positively no irrigation is needed as Valley is sub-irrigated, and many creeks supply water for Domestic purposes.

This Land is specially adapted for Large and Small Fruits, as well as Hay and Vegetables.

**Moderate Climate** Freezing is Average Winter Weather.

**PRICES OF LAND REASONABLE**

For Further Particulars About This Garden Spot of B. C., Watch This Page of the MAIL-HERALD Each Week

## Pole Vaulting

As in running, jumping, hurdling, training for the pole vault should begin early in the winter. It is plain to be seen that the arms and chest muscles are the ones to be developed Now unlike the high jump where different styles are permissible, there is but one correst style of pole vaulting, and the slightest deviation from good form is sure to meet with failure.

Two marks should be used, as in the running broad jump, the one about 100 feet from the takeoff and the other about 50, and while the athlete encumbered as he is with the pole cannot run to the takeoff with the same amount of speed as in the broad jump, he must remember that to get over any considerable height he must go at top speed.

Now, in the jump itself. Before starting to take the run, the vaulter places his pole against the bar and measures with his eye the place where it touches, then places his right hand a few inches above this point. The left hand is placed lower down, and the end of the pole which is to placed in the ground is carried a little higher than his head, so that when he makes his vault, the sudden drop of the pole at this end imparts a strong impetus upwards to the other end, and thus enables him to leave the ground just as the pole enters it Try and avoid placing the pole in the ground before you make your jumping effort as it is likely to lead to a broken pole and an injured athlete. The old style of holding the pole while the athlete was going over the bar, was to have the left hand very low down, but in the new style the vaulter shifts the lower hand upwards when the pole is placed in the ground, then with both hands in a natural position for a strong effort, the athlete pulls up with all his force gets his feet higher than his head, for a good clean shoot over the bar, then when the pole is nearly upright he pushes it from him and lifts his arms straight up so that he will not strike the bar on his descent.

Now it is a very serious mistake to try and jump high at first. Start witf the bar very low, until you have accomplished perfectly the run to the bar, and also the life over the latter must be well mastered before attempting to vault high.

It is not permissable in vaulting in America to move the upper hand on the pole, but the lower hand may be brought up. In England climbing the pole is allowed, and athletes there frequently bring the lower hand up and above the other, and sometimes making a better record for themselves for it.

Following are some pole vault records.

W. R. Dray, 12 ft. 9½ in., June 1908

B. G. Uggla, 11ft. 11 in., July 1911 Stockholm!

R. Paseman, 12ft., July 1911, at Stanford Bridge London.

W. K. Sproule, 8ft., Sept. 1911, at Vancouver.

W. Hapeny, 12ft. 2in., Sept. 1911 at Montreal.

PERCY F. GIFFORD,
Physical Director Y. M. C. A.

## Local Option Convention

Much interest is being awakened respecting the coming convention and a large delegation from all over the province is expected. The program will show the importance of the subjects to be discussed, and some of the prominent speakers who will take part. The meetings will be held in the auditorium of the Central Mission, Abbott street, Vancouver, to which all persons interested in temperance, moral and social reform are most cordially invited. Notices have been sent to all pastors for their churches, and an invitation is here given to the citizens of the province to be present with us and amke this the banner convention for temperance. The program is as follows:

Thursday, February 1, 8 p.m., opening service qy Rev. Dr. Wright; grand rally, public meeting; addresses (a) Rev. Dr. Pidgeon on "Christian Sitizenship;" (b) Dr. Ernest Hall an "Illustrated Address;" the choir of Sixth Avenue Methodist church will give soecial music under the direction of Mr. Wm. Hicks, on Thursday night.

Friday, February 2, 9 a.m.—Devotional service led by Rev. J.F. Betts appointment of convention secretary, reports and roll call; 10 a.m., president's address, Mr. R.H. Cairns; 10.20 a.m.,(a) report of Superintendent Dr. Spencer and Treasurer W.J. Faris (b) district reports by delegates (c) appointment of committees and other business; 11:20 a.m., discussion of the "Situation in British Columbia" led by Rev. N.A. Davis; 11:40 a.m. "Temperance Responsibility in Sunday Schools" by Rev. C.W. Whittaker; 12 noon, committees meet at 1 p.m., 2 p.m., opening service by Rev. A. E. Roberts; 2.15 p.m., consideration of amendments to existing laws, introduced by superintenhent; 3:15 p. m., Local Option in Maritime Provinces" by Dr. Sawyer; 2:45 p.m., "Local Option in Ontario," a paper by Mr. F. S. Spence, Toronto; 4:15 p.m., reports of committees, discussion of future policy, finances and other business; 5:30 p.m., adjournment; 8 p.m., opening service, led by Rev. P. C. Parker; 8:15 p.m., installation of new president and other officers. Addresses (a) Rev. Wm. Stevenson, "The Drink Traffic and its Remedy;" (b) Prof. Gifford, Columbian College "A World-wide View;" (c) Rev. Dr. Spencer, "What News?" Solos (selected by Mrs. Stuart McDiarmid and Mr. Jack Spencer.

Second hand furniture, stoves, carpets, etc., bought, W. Parry, auctioneer and valuator, Second street. Late of 950 Queen street, Toronto.

**SYNOPSIS OF COAL MINING REGULATIONS.**

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia, may be leased lor a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each applicant must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal miaing rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

## THE CITY IN BRIEF

D. & A. Corsets, odd lines to clear only $1 a pair at McLennan's. 2t.

C. F. Lindmark made a business trip to Arrowhead and other Arrow lake points this week.

The successful bowling team of the Y.M.C.A., were entertained last Monday evening at the home of Mr. and Mrs. C. F. Lindmark.

L. M. Johnson, one of the most prosperous ranchers of the Garden of Eden at Malakwa, was a Revelstoke visitor on Friday of this week.

Among the Malakwa residents who were Revelstoke visitors the end of this week, were Mr. A. Haycock, Mr. B. Leahman, B. F. Somerville, G.H. Hall and Jack Mizon.

The annual meeting of the Revelstoke Poultry and Pet Stock Association will be held in the City Hall on Tuesday evening next, at 8 p.m. Business:—election of officers and the annual report.

The W.C.T.U. held a most successful tea and sale of home cooking on Friday afternoon at the home of Mrs. M. J. Scott. The W.C.T.U. wish to thank the ladies who contributed and patronized the tea.

Mr. J. M. Doyle, the Calgary manager for P. Burns & Co., spent the fore part of this week in town, and left on Wednesday for Vancouver, he will return on Sunday and will proceed east after remaining over a day or so at Revelstoke.

The Snowshoe Club had a fine sleigh ride on Thursday, going up the Big Bend about eight miles, they brought baskets and a stove with them and had a fine repast. The whole party was most successfully engineered by Mr. W. Brown.

J. H. S. Monroe, of the Star theatre has been appointed assistant port master in the customs house here in place of Mr. McMartin, who was recently transferred to Vernon. Mr. Monroe entered upon his duties last Thursday morning.

Theo. Wadman, travelling secretary of the executive of the Provincial Conservative Association, expects to leave on Sunday on a trip to Prince Rupert and other northern points. He will visit Hazelton and other Skena River towns as well as Port Essington and Port Simpson. He will be gone probably two weeks.

Would it not be opportune for the Revelstoke Poultry and Pet Stock Association in the near future to take up the matter of holding a dog show or feline beauty display show at Revelstoke next fall. It would be the first show of the kind held in the Interior of British Columbia and Revelstoke appears to be fairly well supplied with these pets some of which are well bred.

# HONEY - HONEY!

Pure White Clover Honey in 5 lb. Cans. This is something you will find awfully nice at this season of the year.

**HOME-MADE JAM**—in pints and quarts, glass jars. This is absolutely pure and well put up.

**SYRUPS**—Pure Maple Syrup in bottles or cans, which we guarantee to be the best.

A. HOBSON, - MacKenzie Avenue

## SPRING IS APPROACHING

How about last year's resolution in regard to building? Do you intend to build that home or not? If so, don't wait until all our most desirable lots are gone, but get busy and secure one before prices advances.

KOOTENAY AGENCIES LIMITED

Moving pictures at the Edison tonight

Mrs. D. W. Foote will receive on Tuesday afternoon the 6th inst.

Moving pictures at the Star tonight

Empress Shoes, regular $4 and $5, Bals, Oxfords and Pumps. Your choice for $3 at McLennan's. 2t.

I will be in Revelstoke in a day or two to attend to any pianos that need tuning. James Carthidge, Mason & Risch Tuner.

During the absence from town of Dr. Hamilton, police magistrate, City Clerk Bruce Lawson will be acting magistrate.

The Girls' Hospital Guild will hold its regular monthly meeting on Monday, Feb. 5th at the home of Miss Foote. All the members are requested to be present as important business is to be transacted.

The Guild of the Presbyterian church will have a Dickens' evening at the church. Feb. 7th, the 100th anniversary of the writers' birth. Suitable papers, and music will be given. All interested will be welcome.

Last night the annual church social of the Baptist church was held. About 60 sat down to well ladden tables and a most enjoyable evening was spent. A splendid program was given consisting of a male quartette vocal solos, violin and cornet solos, orchestra and choir anthems. Rev. Mr. Estabrook gave the address of the evening. He very happily introduced the subject of Baptist work in B.C., giving special mention of the recent Baptist Union meeting of the western provinces just finished in Vancouver. He will speak again Sunday morning and evening.

## To Be Shewn Next Week

The Star theatre has secured the roundup pictures from Pendleton, Oregon, the second annual northwest round up. Wild steer contest between Dell Blanchett champion of the southwest and Buffalo Vernon, champion of the northwest ranges for the world's championship. Bertha Blanchett, champion cow girl (straight-up broncho buster of the world) in her daily exhibitions. It is the one show you will never forget. Indian encampments, six different tribes giving war parades and dances daily. Westward Ho, the great mounted frontier parade, showing the old west in review. Broncho busting, wild horse races, cow girl and cow boy relay races, pony express and stage races for the championship of the northwest. Cow boy past times and novelty races, steer riding and roping, fancy riding and shooting.

The Oregon, Washington railroad navigation company had special excursion trains to Pendleton to see this one of the greatest displays of horsemanship ever known. These pictures were taken by W. H. Harbeck, the man who took the moving pictures of British Columbia from Victoria to Quebec, which included all the school children of Revelstoke some three years ago. If we were not in the moving picture business in Revelstoke it would cost you one dollar to see these reels. The Star prices are always the same, 10 and 15 cents. The Star theatre also has this week Dantes Inferno, one of the most wonderful pictures ever taken, watch for posters and further announcements.

FIRST STREET

## CITY COUNCIL

The regular meeting of the city council was held in the city hall on Friday evening, Feb. 2nd; Mayor Sutherland took the chair at 8:30 p. m. Present, Ald. Howson, Bourne, Abrahamson, McSorley and Barber.

City Clerk Lawson read the minutes of the last regular meeting which were adopted.

A committee consisting of Messrs. C.B. Hume, J. D. Sibbald, A. J. McDonell and G. S. McCarter, were in attendance to lay certain matters before the council.

1st question—The installation of advertising signs.

2nd question—The aid of the council in the shape of a contribution, a sum suggested as $750 to be added as a yearly contribution to the board of trade publicity fund.

3rd question—To ask the council to take steps to secure industries for Revelstoke by offering inducements to capital to locate in Revelstoke and district and advertising to the world that any new enterprises which would assist in the development of this district, would be welcomed by the city.

The deputation presented the views of the Board of Trade on the matter of encouraging industries and new enterprises to come to Revelstoke and the council passed a resolution expressing their willingness to go more than half way in the matter of supplying cheap power, light, water and city services, to all new industries, railways and similar undertakings which would begin active work within a reasonable period, with a view to opening up the Big Bend country and otherwise rendering available the resources of this district.

PARK LEASE.

Mayor Sutherland—Mr. McCarter has brought up the matter of the park lease to the Western Turf Association satisfactory arrangements have been promised as between the Turf Association and the Agricultural Association, which bodies are working together. The association proposes to surrender their old lease, which has still nine years to run and request that the council accept same and issue by resolution in lieu of the surrendered lease, a lease for 20 years from date. I am in favor of this proposal.

Ald. Abrahamson—Before this resolution is passed, I think we should on behalf of the ratepayers, have inserted in the lease a clause that the Western Turf Association should grant the Agricultural Association a lease of this ground at a nominal rent. We should see that the Agricultural Association is protected against the possibility of future trouble when the Turf Association might be in a position to dictate terms to the Agricultural Association or else by putting up the rent force the Agricultural Association out of the grounds

Ald. Howson—If a proviso is put in the present lease between the council and the Turf Association, that the lease is given subject to the arrangement of a lease between the Turf Association and the Agricultural Association that would meet the case.

Mr. McCarter—We, on behalf of the Turf Association, are prepared to bind ourselves to come to an agreement with the Agricultural Association satisfactory to both associations.

Ald. Abrahamson—I consider the item of the nominal rent of $1 per annum from the Turf Association to the Agricultural Association, should be the condition of our lease for 20 years to the Turf Association.

It is a matter of the city's interests; and this proposal is not satisfactory to me.

Ald. Howson—I don't want to stand in the way, I feel that here in future we don't know who will follow us and in giving a lease to people for 20 years, we should be able to say to the citizens, "Yes, we have given a lease, but the Agricultural Society have as a clause in that lease, the right to use the grounds at a nominal rent and are thus secured.

Ald. McSorley—The hollering we shall hear on the outside that will count, people may say we are giving this to certain people; I stand for giving the two associations a free hand to arrange the lease between themselves.

Mayor Sutherland—We know the officers of the Turf and Agricultural associations will remain the same for some months and I think we would be fair in promising that these parties within the time of three months can come to an equable agreement as per the clause in this lease, which in my opinion safeguards all parties..

Ald. Barber—Can we give the lease to the Agricultural Association and let them sub let to the Turf Association.

Mayor Sutherland—No, because the Turf Association are the heavy end of the Fair and have spent the vast bulk of the money laid out on the grounds to date.

The motion reads "that lease be granted subject to a clause that the two associations get down to an agreement between themselves for the lease to the Agricultural Association." The motion carried. Ald. Abrahamson voting against.

COMMUNICATIONS.

Sewer Bylaw—A letter from G. S. McCarter giving legal opinion on the sewer bylaw was read; the gist of this opinion is (a) That no action can be taken this session of the house re the Sewer Bylaw, as the date for submitting such bills for the present session has passed; (b) That it would be impossible to get the legislature to pass a general amendment to the Municipal Clauses Act that would deal with the local difficulty. (c) The legislature would pass a reasonable special act approved by the debenture holders to raise the balance of the money spent in excess of money raised and to authorize the change of 50 year debentures for the existing 20 year debentures; (d) All those properties named in the schedule to the present bylaw which have had sewers constructed opposite them, are liable for the arrears standing against them, and payment of these arrears can be enforced in the ordinary way; (e) Those properties which have not had any sewers constructed opposite them yet and opposite which it is not intended to build any sewer as proposed under the original by law, I advise no action be taken.

(Continued in Wednesday's Issue.)

## CHURCHES

Stevenson, minister, services tomorrow at 11 a.m. and 7:30 p.m.; Sunday school and adult Bible classes at 2:30 p.m. In the evening "Church Union" will be the subject of the address, and Miss Wrigley will sing "O Rest in the Lord" fron Mendelssohn's Elijah. The Ladies' Auxiliary will meet in the church on Tuesday at 3:30. On Wednesday the Westminster Guild will hold a special Dickens' evening when the life and work of the great author will be reviewed. There will also be special music.

# EDMONTON

A glance at the map will show you that Edmonton must be the logical distributing centre for the Great Peace River Country and Northern B. C., covering a territory hundreds of miles square now being opened up by the Canadian Northern and Grand Trunk Pacific Railroads. New Industries are now heading towards this coming commercial centre and the railway development this year will be enormous. The C. N. R. are putting in their Shops there and the C. P. R. are spending $3,000,000 in the City alone. Everything points to a record year for 1912 and Realty values will rapidly advance.

Our Subdivision there called

CRESCENT VIEW

is located but 2½ miles from post office, commanding a magnificent view of the Saskatchewan river, and from its convenient and pleasant situation, will in the near future be the centre of building activity, and should be worth double its present value in a short time. Lots are now on sale at

$150 EACH

$30 Down and Balance Over 18 Months

We have for sale a few specially selected lots in Port Mann, the western terminus of the C. N. R., at $275 each, with a cash payment down of $75. Over a million and a half dollars have been invested in Port Mann during the last three weeks, and these lots which adjoin the townsite will more than double as soon as the C. N. R. Townsite is put on the market in March. Get in on this bargain at once for a quick clean up.
