THE CITY COUNCIL RESUMES BUSINESS

A New Sewar By-Law to be Drafted---The Finance Committee's Report is Adopted.

The city council met in general meeting on Friday evening the 15th inst., Mayor Sutherland occupied the chair and Aldermen Barber, McKinnon, Bourne, Abrahamson and McSorley were also present.

City Clerk Lawson read the minutes of the last regular meeting of the council which were adopted as read.

CUMMUNICATIONS.

A letter from Messrs. Smith and Chase re power plant was laid over

In reply to a request from the Board of Trade a cheque of $150 on account of advertising grant, was ordered issued to meet draft from Heaten Co., for advertising in various papers.

Mr. Daniels applied for water to be laid on.

Ald. McKinnon—We cannot get there unless the C.P.R. will grant us a right of way and we would have to lay about 1000 feet of pipe.

Ald. McSorley—I think something should be done with this, this man should be supplied with water. We should either supply water or say we cannot do so.

Mayor Sutherland— Referred to Public Works committee

Ald. McKinnon—The public works department should get permission from Mr. Kilpatrick to connect with the C.P.R. pipe, unless Mr. Somes will allow him to connect with his pipe.

Letter from C.P.R. re rate for electric light and power; referred to Power and Light committee.

Chief of Police applies for some beds to be supplied for jail. Referred to City Clerk to obtain prices and purchase in the best market.

Mr. Laughead was present to make a complaint re prices charged for thawing pipes.

Mayor Sutherland—Referred to the Public Works committee for investigation

Sinclair Account—Certain items are disputed in this account in a letter from Mr. Gillan. Plumbing Inspector Rewcastle gave evidence on these items, which he claimed were due to faulty construction of the sewer by Sinclair or his men.

Mr. Gillan—This was a private contract and the city have no right to deduct any such amounts, it is a private arrangement between A. J. McDonell and Sinclair. All I want to know is what you are going to do about these amounts.

Ald. McKinnon — Re Sandy McDonell, I move this amount be investigated, and that the remainder of the deductions be allowed to stand

Ald. Abrahamson—I suggest that the matter of the flush tank be allowed, we have not much to say about that.

Mr. Gillan—Well, Mr. Mayor, I should like to know what you are going to do, so I can send a wire. I have my instructions.

Mayor Sutherland—We will have to consider this matter and let you know.

Mr. Gillan—Good night gentlemen.

Ald. Abrahamson — I think we should consider this matter, we shall have a law suit on our hands at once.

City Clerk Lawson—It might be al right if we could get this money back, but we have paid some of the money out we have deducted.

Ald. Abrahamson—Sinclair, I understand never said he would pay this amount to Lawrence. The three items I consider a doubt about are the flush tank and these two items of Sandy McDonell's.

Ald. Abrahamson—It seems to me that these people should get a legal lien to apply against any money due to Sinclair, and thus Sinclair and McDonell and Lawrence fight it out. I do not see why the city should fight a lew suit on these items.

Ald. McKinnon—As I understand, $35.20 has already been paid to the Lawrence Hardware Co. We should try and get this matter squared up with them

Matter laid over for further information until next meeting.

Letter from F. R. Mitchell, now in Winnipeg, re a party of visitors stopping off at Revelstoke.

Laid over to be replied to by City Clerk.

PLUMBING INSPECTOR

Ald. McKinnon—My idea was to ask the Plumbing Inspector here to explain the difficulties he meets in enforcing the byelaw; if the byelaw is any good it should be enforced. The Plumbing Inspector should be given his instructions one way or another

Inspector Rewcastle—I have taken an inventory of Ward One, and I should like to know if I am to proceed to enforce the regulations.

Mayor Sutherland —This state of things should be remedied.

Ald. McSorley—If the legal notice has been given, the only course is for us to enforce tne byelaws.

Mayor Sutherland—I think that after the notices are issued, any failures to comply should be reported to the council for action.

Ald. McKinnon—Well, we have a list of forty cases for the council to start on right away.

Ald. McKinnon— The trouble is with rented houses, the tenants refuse to act, and the men who own the houses do not want to go to the extra expense.

Ald. Abrahamson—My idea would be to give thirty days notice in the paper, and the inspector should see that the worst cases are attended to If they refuse then they should be reported to the council and action taken.

Mayor Sutherland—Would it be necessary to get legal advice to see that the byelaw will hold water, before taking drastic action.

Ald. McKinnon—I do not think the city council should spend money re-notifying people about these byelaws It is money thrown away. All plumbing firms in the city should be notified of our intention to enforce the byelaw.

Motion carried accordingly.

SEWER.

Plumbing Inspector Rewcastle gave evidence that certain houses in the Italian part of the city could not be sewered and the sewer was run down the front street, instead of the back lane. The people refuse to pay sewer tax or connect up, and the task of relaying the sewer round the back where it should be run is, I estimate, $1400.

There is also the matter of the sewer for the court house estimated at a cost of $450.

Ald. Abrahamson—I suggest this latter matter be left over until the sewer plans for this building are complete.

The question of the Boyle avenue main was referred to the Public Works committee.

Ald. McKinnon—It is enough to give anyone the snakes to see the way these things have been handled all over the city.

Matter of sewerage to Italian town referred to Public Works committee.

Ald. McKinnon—I move that a car of pipe be ordered on the specification of the P. W. Department, none of the city firms will carry this pipe

Several overdue water and light accounts were left over for action.

PUBLIC SAFETY.

On motion, a committee of the whole council were appointed to inspect all the public buildings in the city with a view to satisfying themselves that the Building regulations were being complied with.

NEW COURT HOUSE.

Mayor Sutherland suggested that something ought to ke done in an official way to recognize the occasion of the laying of the corner stone of the new court house and the City Clerk was requested to write to Mr. Gordon accordingly.

CITY SEWERS.

Committee have interviewed Mr. McCarter and Mr. Lawson has also made a report.

Mayor Sutherland—Yes, we had better go ahead with this now, although it is very late.

Ald. McKinnon—I will read the letter from Mr. McCarter as read at a previous meeting of the council and fully reported in previous issue of Mail-Herald.

Mr. Lawson's letter shows that the corporation has spent $8800 approximately over and above the amount authorised by the byelaw, and suggested a new byelaw for $110,000, spread over fifty years. If the Hull Sibbald syndicate and the C. P. R. give their consent, and also the Debenture holders consent, this byelaw can be passed.

Mayor Sutherland—The idea would be for us to draft a new byelaw, submit same to the legislature, and after approval by the legislature, secure the consent of the other parties and submit the byelaw to the legisfature for passing.

Mayor Sutherland—It is a case of getting the consent of the debenture holders,

Cler Lawson—The larger debenture holders are ready to do anything in reason.

Ald. Abrahamson—If the council approve, we shall have to frame the byelaw and get consent or approval.

Moved McKinnon, seconded McSorley, that the City Clerk get busy on this matter and draw up the necessary byelaw.

Ald. Bourne—I can't say this looks very good to me. We are going to another expense for a very small saving.

Finance committee submitted reports of accounts, which were adopted.

ST. PATRICK'S ENTERTAINMENT

Under Auspices of St. Francis Dramatic Society, a Great Success --- Played to a Large Audience in Opera House

General satisfaction is being expressed at the high standard of excellence attained by those who took part in St. Patrick's entertainment Monday evening, under the auspices of St. Francis Dramatic Club. A rare treat had been promised and al those who had the pleasure of being present were not disappointed.

The musical selections were well received by an appreciative audience. Miss Blanche McCarty's rendering o "Husheen" was particularly sweet and endearing, and in response to a general applause she sang a pleasant little encore. "The Valley of Laughter" was sung by Miss Francis Lawson in her usual graceful and charming manner, and the same fascinating style marked her encore. Mr. Ralph G. Lawrence's baritone solos were most effectively rendered. Mr. W. B. Watson, Mus. Bach., presided at the piano for these artists.

One of the most amusing numbers of the program was tne duet by the "Piccanninies." This clever little pair, Miss Hyla Tomlinson and Master James Bourne, sang their comical little ditty in a most captivating darky fashion. Their creditable showing is a high testimonial to their instructress and accompanist Mrs. H. H. McVitty.

"The "Five Shamrocks" are deserving of special mention. The gymnastic displays were the finest yet seen on a Revelstoke stage; their muscular activity and agility testifying to the excellent training they had received. The two clowns added the necessary spice of humor to what otherwise would have appeared quite hazardous to the audience.

The farce "Don Paddy De Bazan," kept the audience almost continually in a state of laughter. The cast had been carefully selected and the parts were exceptionally well taken. Frank J. Auterson as Don Paddy was quite the star of the evening and his humorous portrayal of the happy and light-hearted Irishman, under the gravest circumstances, proves him a comedian of no mean ability. He has a natural aptitude for Irish comedy.

W. J. Fraser took his elderly part of the Lord Mayor well and acted to advantage the fickle old foggy and serious judge. The heavy role was filled by J. Arthur Caley, who, as Sir Charles Cauliflower, was the personification of the rascally villain. In his scenes with Don Paddy he displayed the Englishman's proverbial indifference to the Irish humor.

Miss Kathleen Fraser appeared in the part of Claretta, the charming Gipsy lass. In this immotional role she appeared to excellent advantage, her embarrassing scenes with Don Paddy and the Lord Mayor being very well portrayed.

William Gauthier was the typical officious military officer and his soldiers proved true to their trusts.

The make-up and costumes of the players were particularly good, and well suited to the different roles.

The production was rehearsed and staged by Mr. and Mrs. W.A. Sturdy and they deserve great credit for the successful termination of their efforts

The public fully appreciate and will welcome again a play from this young but energetic society, the St. Francis Dramatic Club.

During the evening music was furnished by McMahon's popular orchestra. The selections were rendered in splendid harmony. This new and enterprising addition to Revelstoke's musical circles is something of which we should be proud.

Card of Thanks

The St. Francis Dramatic club wish to thank all those who so kindly assisted them in making the St. Patrick's entertainment a success. Much regret is felt that the quartette which was to have sung "Killarney" was unable to appear. The number however, was well substituted through the kindness of Mr. Ralph G. Lawrence.

PAINT

We have just put into stock a carload of Sherwin-Williams' Paints including inside and outside paint in all shades. Varnishes for all purposes, Oil Stains, Enamels, Floor Paint, Shingle Stain, in fact everything necessary for Paintiug and Decorating. WEDNESDAY, MARCH 20, 1912

The elections so far as Revelstoke is concerned, are over, and the citizens are at liberty to forget political differences, and unite in the field of common civic endeavor, with a view to pushing forward those non-controversial but progressive projects which are essential to the welfare of Revelstoke, and to the benefit of both Liberal and Conservative alike.

It is hardly necessary for us to reiterate these projects in detail, but we will briefly mention some of the more important items. There is for instance, the throwing open of the lands in the Railway Belt, which would result in bringing into this district a large, permanent producing population of agricultural settlers. Another important matter which should be at least investigated is the possibility of securing from the Columbia river, a gigantic electrical power, which might be utilised by industries, or by the C.P.R. for the electrification of their mountain lines, to the general advantage of this city. The advertising of our mineral resources, in the shape of the large bodies of ores known to exist in paying quantities along the mineral belt surrounding and tributary to this city, is also a matter which should receive more attention than has been devoted to same in the past. It is possible that concerted action by the businessmen and citizens of this riding, might result in ending or relieving the existing deadlock in the lumbering industry, which has exercised such a depressing influence on local business during the past few months. Besides, these, there are our old friends in the shape of requests for lake mail services, improved freight services to the south, and others, clamoring for attention. The city fathers can do their part by settling the oldstanding sewerage and other troubles, whilst by entering into a businesslike contract with the C.P.R. they can increase the revenue from city owned utilities, enabling the plant to be worked to full capacity and effecting pro ratia economies in the light and power bills of merchants and consumers.

In these, and in a thousand other practical present day matters, there is scope for every citizen businessman and voter, to make the fullest use of his energy and ability. So let the people of Revelstoke, turn their backs upon the controversies and petty jealousies of the past, and acquit themselves like men by devoting their time and talents unselfishly to the immediate carrying out of those projects which are so obviously in the common interest. The past is behind us, but the present is with us today and by utilizing the present in the spirit of unity and determination we can hasten the coming of that prosperity to which our district, by virtue of natural resources and geographical position, is so obviously entitled.

...ord moved his family ...cent. Additi... ...last Thursday, where ...ill reside. Mr. Lord has accepted a position as C. P. R. baggageman, running between here and Vancouver.

Mr. H.W. Swerdfager, president of the Conservative Association here, along with Messrs. McLennan, Irwin, Flemming, McLean and Laming, went to Golden last week to the nomination where Mr. H. G. Parsons was the unanimous choice of the convention.

Protective Order of Beavers

The above order, at the regular meeting at the K of P. Hall tomorrow, will add to its membership by the amalgamation, with the local Colony, of the Vancouver Nest No. 1123, order of Owls. This affiliation has been pending for some time, and at the last meeeing of the Owls they decided with very few exceptions to throw in their lot with the Beavers. This will make a very strong membership for Vancouver Colony No. 2.

As the charter of the B.P.O.E. (the Best People of Britain, as one of the members puts it) is now closed, it would be as well in passing to mention that this order is British Columbia's own particular society. It was chartered under our laws and the Benevolent Societies Act of Canada, last year, and since that time has been rapidly pulling to the front. What appeals to the majority of the members is the fact that the Grand Colony is in British Columbia (at Victoria). Kamloops, Ashcroft, Lady smith, Victoria, Vancouver, etc., have all strong lodges, and the local colony here has been in the hands of Organizer Walter Laurie for the last two months, and during that time great progress has been made.

The meeting will be at the K of P. Hall, Cordova street, Vancouver, at 8 p.m., and supreme officers have been invited from Victoria.

The following officers were elected: Chief Beaver, G.A.B. Farrell, Deputy Provincial Game Warden; Vice Chief Beaver, Frank Ibbottson, Britannia Trust; Past Chief Beaver, C.E. Smith (Kingsgate); Worthy Pilot, Fred Wells; Financial Secretary, H.W. Johnston (Maritime Trust Company, Ltd.); Recording Secretary, William Beattie (Retailers' Protection Company); Treasurer, William Hoag (Robinson and Hoag, hardware); Scout, chas. Over, Grand hotel; Inside Lookout, A. A. Atkinson; Outside Lookout, M. C. Jensen.

Subscriptions Discounted

Mr. Subscriber:—

The Mail-Herald has sent out accounts to subscribers in arrears to the extent of over $3000, and we wish to notify all these subscribers, who may receive one of our accounts that if they will call and settle their account or send the same to the Mail-Herald by mail on or before April 30 next, we will give them a cash discount of 20 per cent. off the amount of their bill. We are making this liberal offer in order to realize quickly on these accounts.

If there is any inaccuracy in the account you have received from us, send it to our office with your explanation and we will be only too happy to rectify the mistake. If you therefore want to make a clear gain of 20 per cent. on your subscription account, pay it before the end of April next.

MAIL-HERALD.

Kitchen in Show Window

The past few days the three big show windows of the Lawrence Hardware Co., present a most striking appearance. One window is entirely set apart and furnished as a kitchen with a range and boiler attached as well as a sink and bread mixer, while the shelves with a good supply of dishes are also visible, but the most striking feature about this kitchen is the good housewife herself, a woman of noticeable size, who is standing in the kitchen.

The next window contains a pyrimid of Martin Senous 100 pounds pure paint, in a ground of green dustless powder. The third window contains quite an elaborate supply of priced cutlery of various kinds, so that a customer can see at a glance from the outside just what he wants from the glittering goods inside.

The decoration of these three windows is exceedingly good and especially the one containing a real kitchen, which certainly reflects credit on the ingenious mind of this firm, who originated the idea.

If you have not seen the Lawrence Hardware Co. kitchen, son't fail to call and do so.

Engine Blows Up

San Antonio, Texas, March 18—Fourteen persons are known to be dead as a result of the explosion of a locomotive in the Southern Pacific yards here today. Parts of some of the bodies were blown several hundred feet.

Southern Pacific officials admit that 14 were killed. Other estimates place the number of dead as high as 25 and 30.

Fire Alarm Boxes

Signals are given thus: 2 strokes, interval 5 seconds—4 strokes, Box 4. No. of box will also be shown in indicator at Fire Hall.

SAN PATRICE

Now w'en Spreeng-time ees haygeen,
Geeve da grass eets tender green;
An da sweetness to da air
Leesen to my leetla prayer.
San Patrice.

Een da lan from w'ae I came,
Ees not many speak your name;
Ees not many call you great,
Like in dees Unita State,
Where all know w'ait eet mean,
When dey wear da beet of green,
Ika dees,
Leeda ribbon on my breast, just na samma like da rest.
San Patrice,

Please I ask you San Patrice,
Make da green da flag of peace;
Eef so be da Irish race,
Ees da boss for all dees place,
Mak dem be so great an good,
Strong for granda brotherhood, an for peace,
Dey will help me too be gay,
On your glada festa day.
San Patrice.

Tom Daly.

Industrial Accidents

According to the record of industrial accidents kept by the department of labor, 61 persons were killed and 178 injured during February 1912 This record compares very favorably with that of January, when 86 workmen were killed and 214 injured. Compared with February, 1911, the record is still more favorable, as 93 were killed and 197 injured in that month. The worst disaster of the past month was the premature explosion of dynamite on construction work near Fort Frances, Ont., on the line of the Canadian Northern Railway, by which 13 construction hands were killed and six others seriously injured.

NO WASTE THERE

A man living in Revelstoke has a Farm on which he raised five fine hogs and was preparing to kill them.

We will make "ham, bacon, lard, sausage, head cheese and scrapple," he announced to his admiring family, and use everything but the squeal.

That night his son called at the Music Store, McKenzie Ave. bought an Edison Phonograph; when he arrived home he told his father that they could now keep the squeal as he had got the only instrument of which anyone and everyone can make Records.

1 UNIT OF BIG TERMINALS TO BE BUILT AT ONCE

C. P. R. Will Spend Over Half a Million on Coquitlam Improvements During This Summer.

("World," Feb. 14, 1912)

One completely equipped unit of the mammoth new Coquitlam terminal scheme is to be constructed by the Canadian Pacific Railway during the coming spring and summer, according to an announcement made today by Mr. George J. Bury, vice-president and general manager of the C.P.R., who is in the city on an inspection trip of improvements that are contemplated in the West generally, and Vancouver and Coquitlam in particular.

The expenditure that is to be made this year alone in Coquitlam in the instanation and erection of one unit of the company's terminal plant will amount to over $600,000. But that will be only a start, Mr. Bury declares. The entire big terminal scheme is laid out in units, to be constructed as the increase of traffic demands. The first of these units, which is to be completed next fall, will comprise a round house, about 25 miles of tracks, car repair shops, paint shop, machine shop, temporary bunkhouse for the men, coal bunkers and such other minor buildings and equipment as are necessary for the establishment of terminal facilities on such a large scale.

Eventually there will be four or five units, and about ninety-five miles of tracks at the company's Coquitlam terminals. But it has all been designed on the unit principle, and the units will be added and the terminal facilities increased as the growth of commerce and traffic warrant it, Mr. Bury emphasized the fact that in establishing these terminal facilities at Coquitlam the company was planning not only for wonderful growth and demands of Vancouver's world-wide commerce during the next few years, but even what the commerce may increase to when the large proportion of the trade that is expected to follow the opening of the Panama Canal is directed this way.

Have You Money to Invest?

I made Five Hundred Dollars for Clients who took my advice about Coquitlam last week.

HOW FIVE MILLION DOLLARS WILL BE SPENT THIS YEAR

Details of C. P. R. Expenditures Between Vancouver and Field—Railway to be Double-tracked Out as Far as Hammond—Arrangements for Busy Season's Work in Yards at Coquitlam

"Province," Jan. 31, 1912).

Approximately $5,000,000 will be spent by the Canadian Pacific Railway Company during the present year for improvements and new construction work on its main line and branches west of Field, the easterly boundary of British Columbia division. This is an authoritative statement received from Winnipeg by the operating and engineering departments of the railway company.

DOUBLE TRACK AT HAMMOND.

The line between Hammond and Vancouver is to be double-tracked at an expenditure of about $750,000.

AT COQUITLAM THE LARGEST EXPENDITURE WILL BE MADE

Here the company has decided to put into operation a part of their extensive plans for making this one of the largest terminals in the Dominion. The full development of the termi[illegible]e will not be accomplished [illegible] appropriation [illegible]eep large [illegible]e year.

Stagnation in Trade

Washington, March 16—Business stagnation in many parts of the country was indicated, according to treasury officials, by the reports to the comptroller of the currency of national banks on February 20.

The most notable exceptions were New York City, showing enormous gains in loans, cash and despoits, other reserve cities of the Eastern States ann both the city and country banks of the Middle States. The apparent inactivity in some parts of the country, it was added, was characteristic of a pre-election period and probably due to a "marking time" policy awaiting the outcome of proposed legislation.

Primarily because of the increased activity in New York city, the country as a whole showed substantial gains in business as compared with December 5, 1911, the date of the previous call. The totals for all banks of the country showed these gains on February 20, over December 5th.

Railroad for Alaska

Washington, March 16—Walter L. Fisher, secretary of the interior, conferred today with President Taft about the former's plan for utilizing in the construction of a government railroad in Alaska equipment and personnel soon to be released from work on the Panama canal. The secretary conceived the plan while in Alaska last summer and President Taft approved it.

Mr. Fisher returned to Washington yesterday from an extended examination of the equipment now in use in the canal and brought with him a corresponding list of rolling stock and machinery believed to be available, together with the probable dates which it could be released.

General W.L. Marshall, the engineering adviser of Secretary Fisher, will begin at once the outline of a scheme designed to show congress the feasibility of the transfer of men and material by water from Panama to Alaska. It will contain an estimate of the value of the road now building from Seward, Alaska, to theMatamuska coal fields, which probably will be taken over by the government if the proposition originated by Mr. Fisher is adopted.

The best harbor on the Alaskan coast found by Mr. Fisher is on Resurrection bay, and the best townsite is Seward.

SOME FACTS

Good government on party lines.

An administration without a single scandal.

Recognition of "Better Terms" secured from the Dominion, and $1,008,000 in actual cash.

Secures agreement of Dominion government to appointment of Commission on Better Terms."

Settlement of outstanding differences with Canadian Pacific Railway with net cash balance of $750,000 in favor of the Province, and 75 miles of railway to be constructed.

Settlement of Songhees Indian Reserve, Victoria.

Recognition by Prime Minister of Canada of position of British Columbia on Asiatic question.

Transfer of administration of water rights in Dominion railway belt to Province.

Recognition by Dominion of Provincial interest in foreshore rights.

Obtained recognition of Dominion to right to exercise control of fisheries in territorial waters.

Rights of settlers in E. & N. railway belt secured.

Business credit increased one hundred-fold.

Deficits changed to surpluses.

Revenue increased from $3,000,000 to $10,500,000.

$1,000,000 overdraft in bank changed to about $9,000,000 cash in hand.

Business confidence re-established.

Political turmoil and unrest eliminated.

Political solidarity and financial prosperity substituted.

Interest on public debt completely wiped out.

Taxation materially reduced.

Taxation Commission appointed, resulting in important recommendations.

Dyking schemes in Fraser Valley re organized on sound financial basis.

Inspection and control of Trust companies.

HEAVY DRINKER CURED

Samaria Cured Him, and He Helps Others

A man who has been released from the awful cravings of drink, and whose first thought is to help others, shows the spirit of true brotherhood and philanthropy. Read his letter:

"The Samaria Remedy Co., Toronto, Ont.:

"Will you please send me book on drink, also circulars relating to your valued remedy for the drink habit? I wish to hand these to a friend who is going to ruin through drink. You will remember that I have taken your remedy, and I find it all you claim it to be. I never think of taking or using strong drink in any way, as all desire for it has left me. I cannot speak too highly of your wonderful remedy. You may use my name in any way you wish in public.

"H. Lilywhite, Brigden, Ontario."

Samaria Prescription is tasteless and odorless, and dissolves instantly in tea or coffee, or can be mixed with food. It can be given with or without the patient's knowledge. It removes the craving for drink, builds up the system and restores the nerves. Drink becomes distasteful and even nauseous.

Drink is a disease, not a crime. One drink of whiskey always invites another. The inflamed nerves and stomach create a craving that must either be satisfied by more whiskey or removed by scientific treatment like Samaria Prescription. Samaria Prescription has been in regular and successful use by Physicians and Hospitals for over ten years.

If you know of any family needing Samaria Prescription, tell them about it. If you have a husband, father or friend that is drifting into drink, help him save himself. Write to-day.

A FREE TRIAL PACKAGE of Samaria Prescription, with booklet, giving full particulars, testimonials, price, etc., will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this paper. Correspondence sacredly confidential. Write today. The Samaria Remedy Co., Dept. 46-49, Colborne street, Toronto, Canada. Also for sale by C. R. Macdonald, Druggist, Revelstoke, B. C.

LAURIER VOTED WITH THE GOVERNMENT

On the Manitoba Boundry Extension Bill---Government had a Majority of 55.

Ottawa, March 13—The third reading of the Manitoba boundaries extension bill occupied the entire time of the house of commons yesterday The Lamarche amendment, to insert a separate school clause, was moved half an hour after the house assembled at 3 o'clock and it was disposed of half an hour after midnight, wher a division gave it the support of 24 members, 7 French Conservatived and 17 French and English-speaking liberals, in a house of 184. Sir Wilfrid declared against the amendment. Hon. Geo. Graham's first act in the new house was to vote with the government. Two ex-cabinet ministers, Murphy and Beland, voted with the amendment. Of the seven teen liberals who supported it, Murphy, McCoig and Proulx are from Ontario, Molloy is from Manitoba, Michaud is from New Brunswick and 12 are from Quebec.

In an hour's speech Sir Wilfrid declared he would vote against the amendment. If he had been in the lines of Torres Vedras or of shirking an expression of his opinion.

He approached the subject, not as the leader of a party, but as an individual. His attitude had been known for years. He stood on the same platform in 1912 as he had occupied in 1897. He would not then interfere with the autonomy of Manitoba. He went on to make a bitter attack on the French-Conservatives, drawing a picture of Monk, Pelletier and Nantel beseeching their colleagues to insert a separate school clause in the bill.

At the opening Hon. G.Pi Graham was introduced by Sir Wilfrid Laurier and Mrf Ross, the liberals cheering loudly. A moment later Webster, Graham's conqueror in Brockville, entered, and the conservatives cheered

CHURCH UNION

Leaders May Abandon Proposals or Change the Basis

Toronto, March 14—The union of the Presbyterians, Congregationalists and Methodists on the present proposed basis is proving an impossibility. Leaders on all sides are discussing whether to abandon the proposal or change the basis.

It is not likely that the proposal will be abandoned without at least one or more definite attempts being made to secure it by altering the basis. Rev. R.D. Fraser, Moderator of Presbytery, said today that it would be impossible to say what will be done until the report is presented to the general assembly at Edmonton in June.

CHILDREN INJURED

Ordinary Cathartics and Pills Harsh Physic Cause Distressing Complaints

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They may cause griping, nausea and other distressing after-affects that are frequently health-destroying.

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy, which we know, for constipation and associate bowel disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness or other undesirable effects They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies commonly completely relieve constipation, except of course when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condicentstion. Three sizes of packages, 10 cents, 25 cents, and 50 cents. Remember, you can obtain Rexall Remedies in Revelstoke only at our store the Rexall Store, the Bews Drug Store.

Howson & Co.'s clerks are always pleased to show you their stock of house furnishings whether you choose to buy or not.

MALAKWA NOTES

CORRESPONDENCE.

Editor Mail-Herald:—

With the approach of spring everybody is busy making preparations for the work of the coming summer. The Malakwa Farms will give celery a good try-out, but this is already an assured success as this plant has always been a money-maker in this locality. A. S. Alderton of Craigellachie is going in for tobacco. This plant has been successfully grown on the J. H. Johnson ranch as well as other places in the valley.

Messrs. Johnson and Coppock have a large shipment of pear and apple grafts on the way which, when added to their present collection will give them a total of about 10,000 plants. This is a good start for their growing young nursery.

Some little building will be done this summer including the residences of G. E. Finnucane, A.A. Cass, Chas Fuller, Sert Lehman, J.H. Johnson, and others.

Acting on Mr. Cass's good judgment, several families are on their way from Washington and will settle in our midst. Mr. Cass is a man who has travelled "some" and he says the Garden of Eden appeals to him more than any place he ever struck. Men of Mr. Cass's type know a good thing when they see it.

MALAKWAIN.

Few people realize the great possibilities that exist in Walakwa for celery growers.

In the first place in order to substantiate our claim to possessing the finest land in B. C. for this crop we must present statements that corroborate this claim. Undoubtedly the majority are aware that today Armstrong holds a prominent place in the growing of celery, and such lands that are capable of the heaviest production of this crop are held in high esteem. Indeed prices are placed on this land that appear prohibitive to the outsider, but those with a knowledge of the business realize that even $600 per acre is not unreasonable when year after year crops to the value of from $500 to $800 net per acre are harvested.

Even the close-fisted chink willingly pays high rent for the privilege of cropping this land and he can well afford to do so, considering present prices of celery. The soil consists of black peaty muck, being extremely rich in humus and nitrogin, factors essential to the successful raising of celery, cabbage etc., and such land is valued far above the clay and sandy loams, owing to the more substantial returns to be derived from it.

However, it is not the intention of the writer to go into details of the celery business as conducted at Armstrong, but rather to demonstrate the fact that large areas of the best lands in Malakwa are suitable for this crop. Indeed the writer personally took samples of Malakwa black lands at Armstrong and even the closest examination failed to find any noticeable difference between the two soils and a chemical analysis added additional proof, the Malakwa soil being even more fertile than that of Armstrong. Moisture plays an important point in the growing of celery and Malakwa is indeed fortunate in having an natural system of sub-irrigation. So far the Malakwa ranchers have not turned their attention to this valuable crop, except in a small way. Last year the Malakwa Farms, Ltd., planted a small area, but unfortunately it was never properly looked after. In spite of the drawbacks of poor cultivation and weed the little that was shipped to Calgary obtained very excellent criticism for its [illegible]or from the leading wholesale [illegible]nd a ready market at [illegible]ments.

Takin[illegible] the above facts [illegible] that Malakwa [illegible]o the title of a [illegible]rict and tak[illegible]he low pric[illegible]ith that of [illegible]ities, th[illegible] and co[illegible]

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each applicant must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

CAN YOU ASK MORE ?

Your Money Back for the Asking---You Promise Nothing

We are so confident that we can furnish relief for indigestion and dyspepsia that we promise to supply the medicine free of all cost to everyone who uses it according to directions, who is not perfectly satisfied with the results. We exact no promises and put no one under any obligation whatever. Surely nothing could be fairer. We are located right here where you live, and our reputation should be sufficient assurance of the genuineness of our offer.

We want everyone who is troubled with indigestion or dyspepsia in any form to come to our store and buy a box of Rexall Dyspepsia Tablets. Take them home, and give them a reasonable trial, according to directions. If they don't please you tell us and we will quickly return your money. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness and aiding to restore the bowels to more vigorous and healthy activity Three sizes, 25c., 50c., and $1.00. Remember, you can obtain Rexall Remedies only at our store—The Rexall Store, the Bews Drug Store.

Heavy tweed pants, $1.50 per pair at McIntyre's.

MEN AND MONEY POURING INTO

COQUITLAM

Vancouver's INDUSTRIAL SUB-CITY

Buy Now in Meridian Centre

If you really want ... money you have here the chance—the same chance as those ... months ago, and have made big money.

We are going to ... records in selling Meridian Centre.

This is your ch... ords for profit-making.

Notwithstand... industries that are now coming to Coq... Meridian Centre at rock bottom price...

We ar... that we bought this land before the ... as going to happen in C...

... progressed even more ... There is absolutely ... estern Canada.

$30 and up

... P.R., G.T.P., ... Pacific, and ...go, Milwaukee & ... et Sound Railways, C.N.R.. Union Pacific will make Coquitlam their terminals.

Meridian Centre is right in the centre of activity, too—where all the big industries are coming and all the railways are buying land.

You can make a little fortune here by buying now.

Dou you know what it means to a city to get COMPETITIVE freight and passenger rates? Ask any experienced railway man.

When six railways go to the same place, each will try to outdo all the others in building fine stations, running modern, fast trains to other cities from it, but most of all by low freight rates, giving that place an incalculable advantage for manufacturers and wholesalers.

Added to this, Coquitlam will be a deep fresh-water ocean Port, where any vessel can sail—at low tide the water of the Pitt River is 60 feet daep.

Coquitlam will also have two tramlines undoubtedly in the near future. The power lines run through there now. It will have cheap electric light and power, also at competitive rates.

And, being an ocean port, readily accessible to the coal mines of Vancouver Island and the rest of the world Coquitlam will also be able to get "black" coal at the cheapest rates.

Meridian Centre is the Coquitlam "Golden Egg"—a rare prize for investors

Meridian Centre fronts on three commercial thoroughfares, lies 30 to 40 feet higher than surrounding p.operty, is near the C. P. R. terminals and business centre, and both the G. T. P. survey and proposed canal pass through Meridian Centre.

Meridian Centre has NOW good water, electric power and light, school witein walking distance, and fronts on 99-foot road, which will be macadamized by the municipality shortly.

The Coquitlam golden egg is going to be served during the next few days. Take the advice of ourselves and others who are selling other adjacent property which they bought weeks ago and buy lots in Meridian Centre. These men are making a big profit on their former purchases, but recognize that they can begin on the ground floor right in the heart of Coquitlam all over again by buying Meridian Centre.

If you live in the city or vicinity call at once. We are open evenings.

Don't wait another day. When the fall importance of all these lately announced railway developments become generally known, you can't get inside Coquitlam lots at double the present prices.

Wire at our expense saying how many lots you can handle or how much you can pay down and we will pick out the best unsold lots at your price.

the first payment on a home. Then you can arden, a poultry yard and all sorts of things you Summer. If you have a little capital we can to acquire a home immediately.

Y AGENCIES LIMITED

...OUR HE BUG

Yale-Columbia Mills Burned--Loss $550,000

Just as we go to press comes news that the Nelson Fire Bug, who some months ago was the direct cause of a property destruction amounting to $550,000 in the Kootenay city, has recommenced his operations, creating a reign of terror amongst the businessmen and householders of Nelson. His latest exploit was to set fire to the Yale Columbia mill, recently acquired by the Dominion Sawmills Co. which was completely destroyed by fire last night.

The loss is only partially covered by insurance.

Among the buildings destroyed by incendiary fires at Nelson during the short time the fire bug was operating in that city early in this year, were:—The Nelson Brewery, Hall Mines Smelter, and serveral ranch houses and residences, whilst unsuccessful attempts were made to set fire to the city jail, hospital and the Yale Columbia Lumber Yards. In all, within a space of six weeks, thirty fires were set, and although many arrests were made, the guilty party remained at large and unpunished.

NOTICE.

All members of Gold Range Lodge, No. 26, K. of P., are requested to attend a smoker and social evening in the lodge room at 8 o'clock tonight, Wednesday, March 20th.

Chilliwack — Conservative, C. A. Cawley, acclamation.

Y. M. C. A. NOTES

The regular monthly meeting of the Board of Directors was held last evening in the Association parlors, a great many important questions were discussed. The secretary brought the attention of the board to the fact that this was the last month of our Association year, and to come out with a good balance sheet the sum of $200 would have to be raised plans were formulated to meet same.

An up-to-date book case is now being erected to hold over 500 books for the benefit of the members, also preparations are under way to have our Sporting committee large enough to look after all sports, such as quoits, baseball, lawn bowling, track work, etc., everything that the membess desire.

Report of the building fund was also given by the secretary showing that $7,492 had been paid out, and that another amount of $531 is to be paid out at once, making a total of $8,923, leaving a balance of $477.

On Sunday next at the Mens' Meeting, Mr. Thos. Pagdin will speak, these meetings are full of interest, ann every man ought to avail himself of the opportunity of being present.

There is a possibility of starting another Businessmens class in the gym, this class to be run on Mondays and Thursdays from 5:30 to 6:30 p.m. This is a good opportunity for bankers and teachers and such men who cannot get away in the morning Haad you name to the Physical Director or to Mr. Thomson.

On April 5th there is to be one of the best entertainments put on in the Y.M.C.A. gym that has ever been put on. There will be some entirely new stunts this year. This is going to be a regular circus, with side shows, which will take in some of the most important things ever yet shown to the public. The only fat man that knows his own name will be there, the most beautiful looking woman (unmarried) has been engaged to come The snake charmer is on his way, at a fearful expense to the management The very best candy will be sold right on the grounds. Oh say, you ought to see the clowns, my but they are funny. Barnum and Bailey could not give them enough salary so they left him and are coming here at an awful expense. Mut and Jeff are also coming.

Horse Show at Vancouver

The Vancouver Horse Show, to be held in Vancouver, B. C., April 22nd to 27th, inclusive, will eclipse every previous exhibition of the kind held on the Pacific coast. The opening will be a very brilliant affair. The chief officiating figure will be the Lieutenant-Governor of British Columbia, Hon. T. W. Paterson, and there will be present also Premier McBride, Hon. W. J. Bowser, attorney general Hon. Price Ellison, minister of finance, and most of the other ministers. The wives of these honorable gentlemen will be the guests of the Association also during the show.

This year's exhibition, the fifth to be given by the Vancouver Horse Show Association, is attracting a great deal of attention, not only because of past excellence and accomplishments, but also because of the handsome trophies which will be hung up for competition this year. There will be championship trophies in every class, in addition to the usual prizes, but the great feature for exhibitors will be the cup offered by the Duke of Connaught, Governor-General of Canada. This is the first time that a Governor-General has donated a cup to a horse show in Canada, and British Columbia's big event should flatter itself that it has attained such fame in the east that this offer should have been made unsolicited. A cup will be offered by the Duke of Connaught to the Vancouver Horse Show Association each year he is in office. This trophy has aroused much enthusiasm, and as it will be coveted by horsemen there will be keen competition for it.

The prize list contains full entry for all classes and some fine displays of horses will be seen. The judges will be Dr. Webster, Ottawa; Dr. Sinclair, Simcoe, Ont.; Dr. Grenside, of the Ontario Agricultural College staff, Guelph; and Mr. Robert Graham, Renfrew, Ont., men with reputations as impartial horsemen and who are much sought after to act as judges at horse shows in the large eastern cities of Canada and the United States.

Ten Were Fined

In the police court this morning, before Police Magistrate Hamilton, ten citizens were fined for keeping dogs without the required tags They were each fined the court costs of $3.00 and were ordered to pay the amount of the dog license.

It is now a fact, as can be seen from the above that the city police mean business in this matter of enforcing the Dog Tax law, and all owners of tagless dogs should govern themselves accordingly.

Death of Mrs. F. G. Bews

It is with regret that we announce the death of Mrs. F. G. Bews, which occurred very suddenly at her home in Revelstoke on Sunday last the 17th instant.

Mrs. Bews was the wife of Mr. F. G. Bews, the Revelstoke optician and jeweller, and her premature death has cast a gloom over the town and district.

As recently as the previous Saturday, Mrs. Bews had dinner with the family, but she was taken suddenly ill on Sunday and never recovered. The remains were taken on Monday, by Mr. Bews, to Ottawa for burial.

Work your garden with tools you buy from us and they won't always be breaking.

We "rake" the market for the best garden tools and Hardware made.

We "hoe our own row" by giving our customers good hardware for their good money.

We carry a first-class line of Tree Pruners, Manure Drags, etc., in fact everything required for up-to-date gardening.

If you contemplate chicken raising or renovating your runs, call and look our Wire Netting, all sizes up to 60 inches. Our prices cannot be equalled and our quality A1.

Don't forget to put off fencing that field you were thinking of when a few rods of barbed or fencing wire, which we carry in all sizes, will save you a few hundred dollars damage to your crops

Do not forget that the most up-to-date and complete line of Shelf and Heavy Hardware can he had at the

   (c) Squigginsville Quartette.
   (d) Selections from Prof. 'Liga Smither's Orchestra.

GOD SAVE THE KING

EDMONTON THE BEST BUY YET

BECAUSE

Real Estate values are not inflated and property is sold on its own merits. Of the $25,000,000 voted for railway development in Alberta, $20,000,000 is tributary to Edmonton and $7,000,000 is being spent in the city by the three different roads. Until a short time ago Edmonton was the end of railway transportation, but with two lines building through to the Coast and three to the Great Peace River country, this city is becoming a great distributing center. This great farming district is attracting monied interests from all parts of the country and many new wholesalers are securing sites for large establishments in Edmonton, the commercial centre for the whole new district.

BECAUSE

Many Revelstoke people have already made successful investments in Edmonton during the past year or so and you will fail to find one who cannot realize a splendid increase in value. The amalgamation of Edmonton and Strathcona makes property on the south side of the river especially attractive at the present time.

Our property, known as "Crescent View," located 2½ miles from the Edmonton Post Office and commanding a beautiful view of the Saskatchewan River, is sure to bring investors quick returns. The new site for the Alberta college which will accommodate 500 pupils, is located just east of "Crescent View" which insures a street car line in the near future and other city improvements shortly.

"CRESCENT VIEW THE BEST"

BECAUSE

Nearly 1,000 lots have been sold right in Edmonton during the past three weeks to people who can go out and see the property. Several deals of a block or more have been closed with Edmonton Real Estate operators who realize that this desirable Sub-Division is being sold at extra low prices and will net them good returns. This office has sold over 100 lots to Revelstoke buyers who may rest assured that they have made the best buy on the market to-day. We have a few choice lots left at the original price which will only last a few days more. Don't put this off. See us at once.

PRICE, $150 PER LOT

Provincial Constable Ashton Was Mortally Wounded on Steamer Near Peachland

Penticton, March 20—Whi,e conveying two hold-up men to Kelowna yesterday. Provincial Constable M. H. Ashton was overpowered shot in the head and abdomen, covered with blankets and mattresses and was found in this condition when the steamer reached Peachland. The moment the steamer landed the two men jumped onto the wharf and ran up the hill. Ashton was conveyed to the hospital at Kelowna where he lies in a precarious condition. His recovery is said to be impossible as the bullet pierced the brain.

When the two men, Frank Wilson, and James, alias Walter Byde, who held up the Okanagan hotel and post office at Mission, near Kelowna on Saturday night they fired several shots but no one was injured. Escaping to Penticton they were arrested on Monday night and were being taken back to Kelowna for trial when they made the attack on the constable.

Wilson and James were known to be desperate characters, and it was Roche of Penticton and his assistants effected an arrest without shots being fired. One of the men had a large revolver in the breast pocket of his coat. Before giving him over to the custody of Ashton to take them to Kelowna, Chief Roche proposed to send his assistant along, but Ashton insisted that he could manage alone. He put the men in the upper berth and himself took a lower. It is supposed that he must have become weary and dozing and that Wilson and James knocked him senseless. They then cut open his bag and shot him with his own revolver.

Gym Class Test

Last night the Intermediate class of the Y.M.C.A., under the direction and supervision of the Physical Director, went through a good test for the best all round boy in that class. There were four different species of apparatus used besides the swimming pool which made five. Ten points were allowed for each stunt, and five stunts were done on each piece of apparatus, making a total of 250 points. The following is the standard of those taking part:

William Southworth	216
Ben Bruce	160
Fred McMahon	155
Jack Boyal	142
Russel Southworth	129
Don Calder	128
Jacv Maley	127
Alfred Tapping	121
Dave Cowan	119
Daniel Johnson	100
Loyde Bennison	68

The Juniors No. 2 will have their test on Monday next, when two good prizes will be given to the two boys who make the highest number of points.

Revelstoke Gun Club

The annual meeting of the Revelstoke Gun Club wae held in the City Hall on March 18th. Present, President Barber in the chair, J. H. S. Munro, W. A. Foote, H. P. Cummings, A. McRae, J. J. Devine, A.J. McDonell and T. E. L. Taylor.

The financial report was read showing the club to be $108 in debt owing to having built a new trap house one of the best in the country.

On the secretary's report and the minutes of the previous meeting being read and adopted the following officers were elected for the year:

President—W. A. Foote.
Vice-President—H. P. Cu
Secretary—A. J. McDonel
Executive Committee—Devi dy, Munro and E. Morgan.

The following resolutions wer ried:

That the membership fee for year be $5, but that any active member who wished to do so, could pay an extra membership fee of $5. The following agreed to do so:— W. A. Sturdy, J. G. Barber, W. A. Foote, E. Morgan, H. P. Cummings, J.H.S. Munro and the secretary.

That practice shoots will be held on Wednesday of each week at 2 p.m. but the first practice shoot will be held on Good Friday the 5th of April and end on the last Wednesday of August.

That buttons will be given for classes A, B and C, and the committee will allot the members in the different classes and that buttons will be purchased of J. G. Barber, and will be competed for as last year.

That targets will be charged for at the rate of 1½c. in practice and 3c. in tournaments.

That a boy be arranged for by the secretary to work the traps.

That the committee arrange with the Nelson and other gun clubs for the annual shoot.

That all members and others provide themselves with the necessary cash to pay for targets during the practice shoots.

That all wishing to join the club will send their names to the secretary with check for membership fee, so that members can be arranged for the different classes.

CORRESPONDENCE

Moose River, March 21st, 1912.

To the Editor Mail-Herald:—

Dear Sir,—We desire to draw your kind attention to the great resources of this district, over seventy miners licenses have been issued, mostly by Mr. E. T. Abrahams. One miner, E. Scovelle was put to considerable expense and inconvenience by having to go to Golden to obtain licenses for himself and several others. We have a magnificent waterfall about a quarter of a mile from the Nelson hotel capable of developing between two and three hundred thousand horse power which was staked by Mr. F. Eedding about two years ago. Another splendid site to develop water power is at Falls Creek. Good property located at the head of Falls Creek, bearing gold to the value of $8.92 per ton, silver and lead $61 to the ton. Falls Creek divides Quesnel and Cariboo districts, the property mentioned belongs to C. Nelson and W. Holloway. One very great drawback is the great inconvenience of delays in the arrival of the mails which we hope will be seen too in the near future.

Several samples of ores have been sent out by the prospectors to assayers, to which no reply has been received. We hope before long some parties with enterprise will be established here to hold the trade and money in our district and province. Thousands of dollars are spent for goods purchased outside of our province in Edmonton. Great numbers of men working on the construction are put to great inconvenience and worry when they travel on the trains with time checks they have been put off by the conductors on account of not having the ready cash, and large numbers of men have had to tramp from mile 26 B.C. to mile 111 Alberta to get their time checks cashed. Private individuals, such as restaurant keepers and storekeepers and others have taken advantage by discounting their time checks. It is a common thing for men to sell their small time checks for anything they can get. Foley, Welch and Stewart seem to use their power not wisely but too well.

A private party owning a gasoline

...hted for th... try have moved ... below Tete Jaune ... dust is allowed to ... at Mile 21, the salm... up to spawn in abund... poisoned by the sawdust. ... not consider we would benefit ... plaining to any local Justice of ... Peace, as most of them are in th... employ of Foley, Welch and Stewart.

Yours truly,
W. HOLLOWAY.

WILL LAY CABLE IN MOUNTAINS

The C. ... Are Contemplating Exte... Improvements to Te'eg...h Service in B. C.

Some extensive improvements in the telegraph service of the C.P.R. in British Columbia are contemplated this season, according to the Superintendent of Telegraphs for the province (Mr. Richardson), who is about to leave on a visit of inspection of the telegraphs in the Rogers' Pass section. The frequency of the snowslides along the railway line at this point during the months of March and April causes considerable interruption of the telegraphic service and with a view of preventing this, Mr. Richardson proposes to lay underground cables at threatened points. He has secured an appropriation of $10,000 for this purpose.

As well as this, renewals and repairs will absorb about $55,000. When all the alterations are carried out the Canadian Pacific Railway service will be in a condition of efficiency greater than ever before in its history.

Desperadoes Captured

Penticton, B. C., March 22—Cornered by a posse over 100 strong and seeing no chance of escape, the two desperadoes, James and Wilson, who escaped while prisoners of Constable Ashton from the steamer Okanagan, were captured late last night without a shot being fired.

Provincial Constable Routh was in charge of the posses, who were armed with Ross rifles and quite prepared to do business if the escaped prisoners showed fight. They were encountered near Gellatly, on the west side of Lake Okanagan and are now being taken to the Vernon jail, where it is altogether probable they will have to face a murder charge.

Constable Ashton is sinking rapidly at Kelowna hospital and the doctors say he will hardly live throughout the day.

Ashton is an old northwest mounted police trooper and was at one time stationed at Calgary.

Have Pitched Battle

Glasgow, March 21—A pitched battle occurred today at Kirkconnel, in Dumfrieshire, between the striking miners and the police. Many heads were broken among the combatants. The police ultimately routed the miners, of whom 10 were arrested. The miners are incensed at the non-unionists returning to work, and had attacked the non-unionists and were beating them severely when the police appeared on the scene. A series of police charges ensued, in which the policemen's clubs were freely used.

J. D. Sibbald, sr., contemplates leaving about April 1st on a trip to the Old Country.

Y. M. C. A. NOTES

The men's meeting on Sunday afternoon will be addressed by Mr. T Pagdin. These meetings are always interesting tothose who attend. There is always good bright singing, and a good interesting address. These meetings are open to any one in the city. They commence at 3:45 p. m., sharp.

The Boys' Bible class meets every Sunday morning at 10 o'clock. This class is open to any boy in the city whether a member of the Y.M.C.A. or not, who is from 10 to 14 years of age.

The non-members swimming class is keeping up in good shape, some of the boys can do without the wings now. This class is open to anyone who is not a member, who is desirous of learning to swim. A charge of 10 cents per lesson is made.

The main topic of the day—'Are you going to the Y.M.C.A. circus on April 5th?" Sure, I would not miss that for anything, why they tell me there is going to be a great big bear a real skeleton, an elephant with a trunk, the Siamese twins, then there is going to be a terribly long animal called a centrepede which has 100 legs, and say, they tell me on the streets that there is going to be the greatest troupe of Ak-Kro-Bats that has ever been seen, I just forget their name, I think it was the Marvelous Eddys, under the direction of Slimsby Jim, the man who can't be beat. The U-Wanter-B-Here Injians under the direction of Chief Eye-of-the-Moon, have consented to come (so I hear) at a sum that could not be reached with a step ladder. Peter Pumkin and Larry Blatherskyte, the world famous clowns are on their way. I think I shall go and take my thirteen children.

Arts and Crafts—Now is the time to get your entry blanks from the Physical Director of the Y.M.C.A. as the entry blanks have to be in by March 31st. The exhibits are all to be in by April 11th at 6 p.m. This promises to be one of the best things for boys that has ever been held in Revelstoke.

...Girl from Rector's

...the opera house on March 25th, ...introduce a girl born in France ...der another name, The Girl from ...tectors, a mischievous but harmless ...creature, has been adopted to this ...ountry by Paul Potter who in the ...porting process has constructed ...what is said to be one of the most ...laughable farce comedies ev... produced. "The Girl from ...tors" which is coming to the o... house ...n an adaption from the ...ch. In its natural state it ran f... two years in Paris and was s... tickling the risibilities of the Pari...s. ...has been also translated in... several languages and the Germans are all ...o a flutter over this convu...ive com...edy. Even Denmark, the land of Ibsen, is being amused by it. It remained to acclimate this comedy to America, and as it is surrounded by an excellent company of artists, it was an instantaneous success, and ran to packed houses for more than a year on Broadway. The company that is to produce it at present, is one of exceptional ability composing as it does several competent New York favors. Miss Katherine Raymore as Loute has a most enjoyable reputation in a number of farces which she has been identified with, and the associated players are one and all of well known competency.

This story of "The Girl from Rector's" which Paul Potter has made into such a delightful comedy is as follows:

Loute Sedaine is "The Girl from Rector's," a dancing, dashing piece of humanity in love with Richard O'Shaughnessy, a young chap of ample wealth, who, at the opening of the play, has plunged into dissipation as a result of the influence of Col. Andrew Tandy, whose headquarters is at the famous Broadway restaurant. Richard has wearied of bachelor life and welcomes the visit of Mrs. Gen. Witherspoon Copley, of Battle Creek, Mich., and her daughter by her first marriage, Miss Marcia Singleton.

BURTON CITY NOTES

J. W. Bates, of the Ames-Holden Co., visited us last week.

Jimmy Black, of Gordon McKay's ranch, spent Friday last here in town.

C. Brooks, late chief on the S. S. Nakusp, has left for Calgary, where in conjunction with Mr. McLean of Arrow Park, they will start a first-class cafe in close proximity to the C.P.R. shops. Mr. S. Reed, succeeding him on the S.S. Nakusp.

Messrs. Jones and Gayford have started pole cutting on Bay View on the lower lake.

Mr. and Mrs. Moseley and family, will return to the Ranch up the river about the 22nd, after a very enjoyable winter in town.

Andy Shilland of Sandon, Socialist candidate for this riding, visited here in company with J. B. Smith, of Fernie. Andy spent part of his time visiting some of his old friends who now live around here, and in the evening spoke to a fair company on Socialism in the new hall. Bluntly put, he is no orator, or ever will be, but back of all that, lies executive ability and a good head. Witness his record in labor circles in the Slocan for the last twelve years. Mr. Jas. L. Reveller occupied the chair, and briefly introduced him. Andy then proceeded to give his reasons for being a Socialist, in a quiet matter of fact voice, much the same as he used to give us youngsters advice in the Sandon days, when we got into trouble. We heeded then, and I am afraid a good few are going to do so again. Mr. Hunter has

...nthusiasts Meet

...f tennis enthusiasts was ...city hall on the evening ...20th' to thoroughly discuss ...eticability of forming a club ...onsuing season. The small... its members was more than ...compensated for by the enthusiasm and energy displayed, and the new club was fairly launched on what is hoped, will be a long and successful career. After the preliminaries in regard to ground, expenditure, etc., had been thoroughly discussed, officers were elected for the ensuing year and a general discussion closed a meeting that, under the able guidance of Mr. H.H. McVity in the chair had proved an unqualified success.

The club has been exceedingly fortunate in securing the services of an able and energetic secretary and when it is stated that Messrs. Cronyn, McDonald, Brown and corbett, form the committee, all doubts as to the effeciency of the management are set at rest. The ladies, as usual, were very helpful with suggestions and promises of assistance. We would urge upon all lovers of tennis the great necessity of making a concentrated and united effort to keep up an enterprise, that, started with every promise of success, will undoubtedly do much to increase the social, as well as athletic possibilities of our city. All intending members are cordially invited to communicate with Mr. Sibbald, jr., or any member of the committee, who will be most happy to supply them with all necessary information.

70 YEARS OLD AND GETTING WELL

Thanks to Gin Pills

61 MADISON AVE., TORONTO.
APRIL 7TH. 1911.

During the past two years, I have been suffering with Kidney Trouble—severe pains in my back at times, and with feet, ankles and legs so very swollen that I found great difficulty in moving around the house even in slippers. I am pleased to tell you, since taking GIN PILLS, the pain has gone, the swelling has subsided, and I again wear my boots—which have not been upon my feet for nearly two years.

I am seventy years of age, and am now using my sixth box of GIN PILLS".

E. A. SCADDING.

Old people with lame backs—who suffer with Rheumatism, or Kidney or Bladder Trouble—will find welcome relief in GIN PILLS. Every box guaranteed and money refunded if not satisfactory. 50c. a box, 6 for $2.50—sample free if you write National Drug & Chemical Co. of Canada Limited, Dept. W Toronto. 86

and should have come under the comprehensive view of your correspondent. And now, Mr. Ed., while we are on these strolls, let us take other directions as Malakwa is not on a mountain side, there are other ways to go first let us go west either along the C.P.R. tracks or the wagon road a few steps takes us across the river, either by the C. P. or wagon bridge, first we come to the home of Thos. Dempsey, he has a fine new house with all of the conveniences of a country home, and while Mr. Dempsey is a C.P. employee, to those who think that a woman cannot manage a ranch, should look at the results of Mrs. Dempsey's efforts. Looking to the right, on our westward trip from the Dempsey farm and on a nice plateau, stands the neat and tidy residence of A. E. Haycock, with his acres of nice young orchard in front overlooking the whole valley for miles in either direction. A little further on we come to the home of Mrs. Loftus we think the oldest settler in the valley, and venture to say the most contented. She has seen her family grow up here in the valley and now she stays by her old homestead, managing her poultry, cows and pigs with a diligence that many younger people would do well to follow. A little farther on to our right brings us to the farm of Messrs. Hathaway and Reid, two old pioneers they have 160 acres of fine land and are making a nice living from their fine meadows and herd of fine cattle. Here, on the opposite side of the road, is the home of B. F. Sommerville, proprietor of the Grand View Poultry farm. Here is the home of the prize winning white Leghorns, ducks and other fowls. For the short time that Mr. Sommerville has been with us he has made a nice comfortable home for his family.

But now, Mr. Editor, as the next point is Bowie and we are getting tired, I think we had better return, and if you wish we will go another direction in your next issue.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each applicant must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

SALVIA HAIR TONIC

An Ideal Hair Dressing

SALVIA HAIR TONIC is compounded on the most scientific principles, and nothing on the market today can compare with it. It accomplishes so much more than the ordinary tonics and does it so quickly that users are astonished.

SALVIA kills the dandruff germs and eradicates dandruff, stops falling hair, itching of the scalp and split ting hairs in two weeks or we will refund your money.

SALVIA gives a fascinating lustre to women's hair and makes it beautiful. It makes the hair grow luxuriantly; it is the daintiest and most refreshing hair dressing that science has produced, and has not a particle of grease or stickness in it. SALVIA cost 50 cents at your druggist. Sold at Macdonald's drug store. 4

BOWLING SCHEDULE

SECOND SECTION.

Owing to the large number of members wishing to participate in the bowling, it was pressed upon us to form a new league. Four teams constitute the league, and the games will be played off on the alleys on Tuesday and Thursday evenings, commencing at 8 p.m. sharp. Thus it will give all others who have not been placed on any team an opportunity to have a game before eight o'clock.

Feb. 27—Maple Leafs v. Beavers.
Feb. 29—J.B.C. v. Mietdrahs.

Games will be counted instead of pins. Two games will constitute a league game.

RAILWAYS, INDUSTRIES, PEOPLE MONEY

The First Three Are Coming In, But the Last (Money) is Both Coming In and Out of

COQUITLAM

The Seaport, Railway and Industrial Hub of British Columbi and the Vancouver Metropolitan District

A Population of 25,000 to 30,000

Judging by what railway shops have done for other cities not so important a railway centre as Coquitlam will be, there will be a population of 25,000 to 30,000 directly supported by the Canadian Pacific alone at Coquitlam in two or three years. But the Canadian Pacific, although important, is only the foundation only the beginning, of this young daughter of Canada's wealth and prosperity. Coquitlam from its position is destined to become the industrial centre of British Columbia. The man who owns property in Coquitlam will be rich when others who preferred to wait instead of act will be still plodding along.

Think of an ideal site for either a residential or industrial city, a deep sea port, the terminus c the industrial sub-city of a world metropolitan district, think of a place being suddenly transformed stretch of land. If you can think of that you think of Coquitlam, which is not going to be change ed into them now. In three years where now only a thousand or two workmen are preparing plans history of railroading, there will be 5000 highly paid railway workers employed by the C.P.R. alon tion of 25,000 to 3000 people.

But the C.P.R. is only the start at Coquitlam. Five other railways are coming to this new seapo Northern, Milwaukee and Harrimann system. Dozens of steamship lines will have their boats call or two hence. Two electric power companies are developing energy there now. They will supply bot petitive rates, and Coquitlam also can get black coal at the lowest rates, being an ocean port co why fifty manufacturers have already applied for factory sites at Coquitlam. Both of these Coquitlam, connecting it up by modern suburban lines with Vancouver and other cities in the Va Fraser Valley.

The transition of Coquitlam into a great city will be rapid—more rapid than the unexampled gr katoon and Regina, where millions of dollars were made for holders of lots near the businessdistrict. of British Columbia or the prairie provinces will but add to the enormous trade to be developed with and the Panama canal, now nearing completion. THE GREAT OMNIPOTENT CANADIAN PACIFIC RA the tentacles that vast corporation has shoved in every direction to garner the enormous crops of gol prairies—every one of this railway's twelve thousand miles of steel rails will pay tribute to Coquit that freight traffic which will originate on the innumerable lines of these other railways will find be the funnel through which the products will both go out and come into feed and clothe the mig years to come.

MONEY! and How to Make it Quick

Once there were two men who came to America from the old country. Both were industrious and each was apparently fully as able to hold up his end in the world and become a man of influence and wealth— a big man. Today, however, one is a millionaire, while the other is in very average circumstances financially.

The reason for this vast difference is not because one worked hard and the other didn't; or because one drank and the other didn't. It was simply because the man who is now a millionaire looked ahead, and knowing that the fundamental wealth of this and every other country is in good real estate, seized his opportunity. He secured realty when it was seizable at a groundfloor price, and waited till increasing population multiplied its value to him.

Ever since the whole country has been working for him, while the other man has been working for the whole country. The whole country will work for you if you own part of Coquitlam. Meridian Centre, Coquitlam, offers you the chance to become independent—to enjoy the life which it is your heritage to enjoy.

Look at the big men in Winnipeg, Calgary, Edmonton, Saskatoon.

Calgary, Edmonton, Saskatoon, Regina, Vancouver, or any other big city and see where they got thefoundation of their fortunes. In almost every case it was through the increase in land values, directly or indirectly. Coquitlam will eclipse allthese places in rapidity of development and increase, and will eventuallyprobably equal or surpass them in actual population and wealth.

Coquitlam a Certainty; Not a Mere Prospect

As there are many other townsites on the market at the present time it would be well for the reader to bear in mind that Coquitlam is not an ordinary townsite—IT IS AN ACTUALITY, A REAL CITY IN THE MAKING. There is only one Panama canal, and it is almost upon us. Coquitlam is a result of that canal, and as the Canadian Pacific is the greatest transportation system in the world, it is only natural and logical to suppose that Coquitlam will be the biggest result.

But apart from what it is going to be, Coquitlam is something today. Canadian Pacific officials have announced a program of improvement and construction unparalleled in the annals of railway operation. It means that thousands of men will be employed there this spring, in fact, there are hundreds THERE NOW—building houses, laying tracks, building streets and installing electric and trolley lines. Work has recently commenced on a hundred thousand dollar roundhouse in the immediate vicinity of Meridian Centre, Coquitlam, and this is but the beginning of the expenditure of over half a million dollars announced for the next few months.

An Industrial City A Coming Pittsburg

Coquitlam is situated in the Vancouver metropolitan district on the main line of the Canadian Pacific. The Grand Trunk Pacific is also buying land for terminals in this vicinity, and other transcontinental railways are buying right-of-way. This, added to the fact that Coquitlam is a deep-water port, means that manufacturers locating here will have the advantage of the cheapest transportation rates, both by rail and water.

Two big power companies are developing enormous electric energy near here and their power lines pass through the munucipality. This means electric light and power competitive rates, and in conjunction with cheap sites and trackage explains the fact that already over fifty applications have come in from manufacturers for factory and mill sites. Among the big industries assured for Coquitlam, is the largest lumber mill in the world, to be built by the Pitt River Lumber Company. It will cut 600,000 feet of lumber every 24 hours.

Obey That Impulse Wait Not Another Minute

Only a few months ago was Coquitlam born and its lots thrown on the market to make people rich. We knew of these developments before the general public had heard even a rumor. We bought land at farm land prices right in the centre of activity Mark that—the centre of activity, right where all the industries and railways are coming. We are offering these lots for the first time, with no profits added to the price, except one moderate legitimate profit of our own. Don't buy lots that have already been turned over or prices advanced with every announcement of new development. when you can get inside lots at first price. There have been millions — we are talking conservatively—made in Coquitlam already. One Brandon, Man., lady made $40,000 there, and has re-invested both principal and profit in Coquit-lam.

One lot started a few months ago at $1000, payable quarter cash, is now held for a higher price than $8000 by a shrewd business man of Victoria, B. C. Dozens of low-salaried tradesmen and clerks of Vancouver, New Westminster and Coquitlam itself—those who know what's going on, and are right on the scene of activity—have invested every cent they can beg, borrow or steal in Coquitlam, and many of them have made as high as 100 to 1000 per cent on their original investment there. Over $50,000 of our property has been reserved by Coquitlam residents, and 25 lots have been sold in a bunch to the representative of an American railway system, said to be for city offices. We know everything that it is possible to know about Coquitlam.

We unhesitatingly say that it is the beiggest real estate money-maker for the small investor of the age. We are aw ell-known financial firm and can offer you other propositions besides Coquitlam—sound, quick-action ones—but take our advice and find out something about Coquitlam if you have a dollar you want to see multiplied by itself quickly and surely. Whether you are a prospective large or small investor, or even if you do not intend to buy at all, ask us about Coquitlam, and ask us today. At the prices we are charging and the easy terms our inside property will not last long for new big things are coming out everyday about Coquitlam and the Vancouver metropolitan district.

HOW FIVE MILLION DOLLARS WILL BE SPENT THIS YEAR

Details of C. P. R. Expenditures Between Vancouver and Field---Railway to be Double-tracked Out as Far as Hammond---Arrangements for Busy Season's Work in Yards at Coquitlam

"Province," Jan. 31, 1912).

Approximately $5,000,000 will be spent by the Canadian Pacific Railway Company during the present year for improvements and new construction work on its main line and branches west of Field, the easterly boundary of British Columbia division. This is an authoritative statement received from Winnipeg by the operating and engineering departments of the railway company.

DOUBLE TRACK AT HAMMOND.

The line between Hammond and Vancouver is to be double-tracked at an expenditure of about $750,000.

AT COQUITLAM THE LARGEST EXPENDITURE WILL BE MADE

Here the company has decided to put into operation a part of their extensive plans for making this one of the largest terminals in the Dominion. The full development of the terminal site will not be accomplished at once, but the appropriation this year is sufficient to keep large crews of men at work for the year.

A twelve-stall round house is to be constructed in addition to a coaling plant and water service. Twenty-five miles of track for yard purposes will be laid this year and everything done to provide Coquitlam with complete terminal facilities. An industrial trunk line from the yards into the townsite is to be surveyed in the course of a short time, and will be constructed in connection with the other work at Coquitlam.

Two subways, in accordance with the agreement with the municipality of Coquitlam are to be built. They are to be located on the eastern end of the company's property on the Dewdney Trunk Road.

Editor Mail-Herald:

Sir,—Don't you think that some of the good people of Revelstoke are acting just a trifle childish over this Big Bend railway while we realize we all want this railway without a doubt, but why should we be blue, and think the town has gone to the bad just because this important railway building has been delayed. Personally I feel fairly sure that the Big Bend railway will be a realization within a few years, but in the meantime let us be up and doing and when the railway comes so much the better.

Revelstoke is a sure winner if the citizens don't show the white feather too soon. Now sir, I have a proposition to lay before you and your readers it is this, why not let us build an electric car line in Revelstoke. It could run out to Columbia Park and later on possible be extended up the Big Bend. This car line would enable a great many residents who live between town and Columbia Park to visit Revelstoke much more frequently than at present, when they have to walk through all kinds of roads. The building of the car line invariably increases the value of property through which it passes and I feel reasonably sure that during the summer months at least the line would pay as during the hot days the citizens can run out to the Park and spend a few hours. At the park the band can hold concerts and Revelstoke citizens can enjoy what nearly every other town of the same size in the province has at the present time a city pleasure resort. Nelson at present, only a trifle larger than Revelstoke in point of population, has a street car line operated by electricity and it is a paying business.

It is true a city and provincial charter would have to be obtained, but this could doubtless be arranged. For the corporation of Revelstoke it would be a good thing, as the electric system would have to buy power from the city, increasing the revenue of the corporation. These are only some outlines of my ideas and I would be glad for some other citizens to take the matter up through the columns of your valuable paper.

I am for progress every time and am willing to be one of a number of citizens to go into this matter of establishing an electric car system for Revelstoke, believing that it will prove a winner. In all my experience I have never known an electric car system to fail.

G. W. BELL.

...ISKY HOLDS ITS VICTIMS

Until Released by Wonderful Samaria Prescription

Liquor sets up inflammation and irritation of the stomach and weakens the nerves. The steady or periodical (spree) drinker is often forced to drink even against h... ill by his unnatural physical condition.

Samaria Prescription stops the craving, steadies the nerves, builds up the general health and makes drink actually distasteful and nauseous. It is tasteless and odorless, and can be given with or without the knowledge of the patient.

Thousands of Canadia homes have been saved from misery and disgrace by some devoted wife, mother or daughter through this wonderful Canadian remedy. The money formerly wasted in drink has restored happiness, home comforts, education and respect to the families formerly in want and despair.

Read the following, one of the numerous unsolicited testimonials received:

"I can never repay you for your remedy. It is worth more than life to me. My husband has been offered liquor several times, but would not touch it. He said it had no charm for him now. May God's choice Blessings ever rest on you, and yours, are my prayers ever. No one knows it but those who have tried it. As soon as I can I will see others that I know would give anything to stop their husbands from drink. I will give them your address.

"Mrs. K——, Dewinton, Alta."
(Name withheld on request.)

Now, if you know of any family needing this remedy, tell them about it. If you have any friend or relative who has formed or is forming the drink habit, help him to release himself from its awful clutches. Samaria Prescription is used by Physicians and Hospitals.

A FREE TRIAL PACKAGE of Samaria Prescription, with booklet, giving full particulars, testimonials, price, etc., will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this paper. Correspondence sacredly confidential. Write today. The Samaria Remedy Co., Dept. 46-49, Colborne street, Toronto, Canada. Also for sale by C. R. Macdonald, Druggist, Revelstoke, B. C.

On Sunday morning at the Presbyterian church, the Rev. J. W. Steveson will preach on the subject "Light in the Sanctuary"; evening subject, "Why Christ Came."

Owing to the night of the regular monthly meeting of the Board of Trade falling upon the night before Good Friday, it has been decided to hold the meeting of the Board on Thursday evening next, March 28th.

In the Methodist church Sunday night, the choir will sing anthem "Lord I have loved the Habitations of Thy House." There will also be a quartette. The subject of the sermon is "Heredity."

The Young People's Society of the Baptist church, hold their monthly literary evening on Monday next the 25th inst. A miscellaneous evening is the program for the night. A good time is promised, all welcome.

The J.B.C. second annual concert held in the Methodist church last Monday evening was an unqualified success. The program was run through without a hitch. It would indeed be a difficult task to specialize on the merits of the various performers. It is hoped that the J.B.C. of the Methodist church will give the public of Revelstoke another treat of this nature within the near future as every moment of the evening was thoroughly enjoyed by those many spectators who were fortunate enough to be present on this occasion.

The B.Y.P.U. extends an invitation to attend the meeting Monday evening at the Baptist church. The most interesting feature of the evening will be the discussion of live subjects in the way of impromptu speeches. There will be a musical program and also a social interval in which strangers might get acquainted.

Nelson is at present in the throes of a genuine fire bug scare. Several big fires recently, including the Yale Columbia mills are attributed to that source. A reward of $2500 is now offered for the apprehension of the guilty party and the police at Nelson are working double shifts searching for the guilty party.

Mr. F.G.A. Briggs, district organizer of Beavers, has just returned from Kamloops and reports a very favorable meeting of Colony No. 44, new members making a total of 305, for Kamloops. Prospects in Revelstoke are exceedingly bright. Installation will take place at Revelstoke on the 29th inst.

Mr. H. A. Brown, the owner of the Savoy block, intends to improve the appearance of the front part of this popular tea room. It will be painted in suitable colors and when finished will be one of the very most nifty tea rooms in the interior of B. C. Nothing adds to the appearance of a business block in the spring like modern improvements, painting, etc., and Mr. Brown always progressive recognizes this fact.

The Baptist church invites you to any and all its services. Subject for next Sunday, March 24th, 11 a.m., "Gethsemane"; 2:30 p.m., Bible school; 7:30 p.m., "Pilate and Truth" Good music and congregational singing. Monday 8 p.m., B.Y.P.U., live topics; Wednesday 8 p.m., church prayer meeting. Rev. E. J. Chave, B.A., The Pastor.

Theodore Wadman returned from Golden yesterday and will return there tomorrow (Sunday.)

W. Parry, auctioneer, has removed his action rooms from his old location on Second street, to the premises lately occupied by H. N. Coursier for a real estate office on MacKenzie avenue.

Hon. Thos. Taylor arrived in the city the middle of the week from Golden, and left again for the west on Friday evening. He says that Mr. H. Parsons, the government candidate at Golden is absolutely sure of election, although his opponent, Mr. Forester is making a good fight.

Protective Order of Beavers

This grand Canadian order has now become as popular in Revelstoke, as it has in the other cities where its energetic organizers have instituted colonies. Victoria, the headquarters of the Supreme Colony, Vancouver colony nearly 1000, Kamloops, whose colony was only installed the other day has over 300 and besides these the B.P.O.E. has stroog and enthusiaetic colonies in Ladysmith, Cumberland, Ashcroft, etc.

What appeals to most people in this province, is the fact that it is British Columbia's own particular society, having its supreme colony in Victoria, B. C., and its chief officers being all prominent busjness men in that city.

Canada has been wanting a lodge of this kind for years, and realizing that Canada has been progressing faster than any other country in the world, some of our most prominent people decided that the time was ripe to start a grand social and beneficial order—naming it after our national animal—hence the title, Benevolent Protective Order of Beavers.

The order can already boast of the largest membership of any society for its age, and in the course of the current year the organizers will have colonies established in all the principal cities of Canada.

All those desirous of joining the above order before the charter closes kindly notify Mr. Briggs at the King Edward hotel here, or attend the installation meeting to be held in the Selkirk Hall on Friday, March 29th, at 8 p.m. sharp.

We invite every good man to join own and largest beneficial society. of what will surely become Canada's owo and largest beneficial society.

Sir Chas. Improving

London, March 21—Answering Canadian inquiries, Sir Charles Tupper asks me to say that although steadily improving, he has not been downstairs since his illness began, and has not been able to see any visitors
