LYONS THE FINLANDER COMMITTED FOR TRIAL

Fracas at Oriental Hotel last Sunday came very nearly being Serious One

All plastered up like a wickerwork basket Olie Oakland the bar keep at the Oriental hotel who came out of last Sunday's scrap much the worse for wear, appeared at the trial of Jack Lyons the Findlander on Wednesday afternoon and told just how the fracas came to happen.

The prisoner with his left optic in the green and yellow stages of recuperation sat apparently unconcerned and partly fainted away during the proceedings, but a little cold water applied by Constable Terry revived him and he sat up and took notice. Whether he could understand what was going on is a question as his immobile face showed no signs of intelligence whatever and the only words that he vouchsafe to express were "me no understand English."

Magistrate B. A. Lawson was on the bench on account of Mayor Hamilton having to give medical testimony, and after hearing the evidence the prisoner was committed for trial

The bar keep being duly sworn testified as follows:

"Last Sunday afternoon the accused came over to the hotel from across the river in a drunken state. He was not very badly gone, but was sufficiently drunk to be obnoxious. I was in charge as Mr. Stone was away, and the accused called for a drink. I told him he could not have one and that we did not want any noise around the place on Sunday and advised him to go to bed. His partners also wanted him to go to bed but he would not let them take him. Finally they got him upstairs, and then his partners called me up as the accused had got away from them and had got himself into my room and locked the door after him. When I arrived there he was trying to open the door to get out but could not. Finally after considerable struggling he smashed the door open from the inside and rushed down stairs with an open knife in one hand and a broken bottle in the other. He wanted to get after everybody so I jumped in and knocked him down, but during this proceeding he got the chance to cut me with the knife several times."

Asked if the bar was open that day the witness replied that it was not and that the accused had never been in the bar that day, nor had anybody else.

Several other witnesses were sworn and gave in substance the same testimony as Oakland. The only new points brought out being the fact that the accused had been seen in the bush across the river early the same morning. He was in company with five or six other fellows and they were having a good time with several bottles of whisky.

Dr. Hamilton being sworn testified to the damages which the bar keep had received. Here are a few of them:—A cut about four inches long down the base of the left thumb; a cut on the left hand between the thumb and forefinger; a long laceration on left forefinger; a cut two inches long at the front of the right ear; a stab wound behind and below the right ear and one on the neck; a slight cut over the bridge of the nose and a cut five inches long and two inches deep on the inner side of the left thigh. This latter wound came well nigh being serious and it narrowly missed the main artery.

Clever Coming Musicians

On Tuesday, May 23rd, were held, in St. Peter's rectory, Revelstoke, the examinations in practical music (pianoforte) of McGill University local examinations. This is a good stiff test and equals anything in that line in Canada or England, and therefore reflects great credit upon the teachers. The following are the results obtained by Miss Wrigley's pupils:—

Grgde III.—(Intermediate)— Kathleen Sibbald.

Grade IV—(Junior)— Edna Corson, passed with distinction; Louise Rae.

Grade V. — (Elementary) — Annie McLean, Myrtle Brock, E. Bradshaw.

Grade VI.—(Primary)— Marguerite Brown, Jeanne Robbins.

By Mrs. McKinney—Grade VI. — (Primary)—Mary Lillian Bell, passed with distinction.

The latter pupil had only been studying for one year.

THE NEW BOY.

The Amateur Dramatic Club gave a very satisfactory performance of "The New Boy" at the Edison theatre on Wednesday evening last. The play is essentially a comedy based on the fact that a young married man of thirty or more has to take the role of a new boy in an English school. This he does to possess to his wife a legacy granted by an old school professor. The deception is discovered at last, but as usual everything straightens out at the end of the play and "all is well that ends well." The roles were very well taken in some instances, but a good deal more attention should be given to diction by the principals of the play. Some of their speeches were badly chewed up and thus rendered scarcely audible.

NE TEMERE ATTACHED BY ANGLICAN CHURCH

Houses of Bishops of Canada Issues Letter to All Churches in Canada

In all the Anglican churches throughout Canada last Sunday a circular letter dealing with the recent Ne Temere decree issued by Pope Pius X was read. The following is the letter in part:

We desire to remind you that the Anglican church in Canada has ever taken the strictest view regarding the sanctity of marriage. It is a holy ordinance instituted by God, and is the foundation of our social and family life. The church and state must unite to guard the marriage bond and to preserve its indissolubility. To this end our general synod has decreed thatno clergyman of our church shall officiate at the marriage of any divorced person during the lifetime of the former partner in the marriage.

SOLEMNITY OF MARRIAGE.

It is most desirable that those who enter the holy state of matrimony should realize its solemnity and have due regard to its blessings and mutual responsibilities. We greatly deplore the lowering of the ideals and purposes of marriage which is so common in many quarters. It is of the greatest moment that those who enter this state should be married by a clergyman of the church before proper witnesses, and whenever possible, in the church building, and that they should be in agreement concerning their religious convictions. Mixed marriages are ever to be deprecated, as they deprive husband and wife of that mutual help which the one should be to the other in life and make the religious training in the house most difficult.

Nevertheless, we emphatically assert the validity of such marriages when duly solemnized and we maintain that once consummated they are indissoluble.

No marriage should be annulled because of the divergent religious convictions of the parties; nor because of the ecclesiastical connection of the one solemnizing the marriage.

The church and state, though separated by law, must unite in protecting those who have been married by a duly competent officer authorized by the state for the solemnization of marriages and in upholding their civil status and rights. Nor should the state permit marriages to be annulled for an ecclesiastical offence, or because it is contrary to the Canon law of the church of Rome or contrary to the laws, rules and regulations of any religious organization whatsoever.

We do not desire to express any opinion upon the civil law. We leave that to our final court of justice. But we would remind you the decision of various judges have differed upon this question in the province of Quebec. It is in the interest of all our citizens to have the law clearly defined.

Whatever may be the proper interpretation of the existing laws, it is of the greatest importance that there should be a uniform marriage law for the whole dominion.

In conclusion, we urge upon all the duty of safeguarding in every way the sanctity of marriage, and we deprecate and deplore all interference with legally sanctioned family life as fraught, not only with injustice, humiliation and suffering to the parties concerned, but as imperilling the fundamental basis of our social system.

Signed on behalf of the House of Bishops of Canada.

CITY COUNCIL WILL REVISE SEWER RATES

Map of Distribution Being Prepared--Water and Light Rate Will be Looked Into Too

"There are cases in the city where $94 sewerage tax is being charged against property valued at $400," said Clerk Lawson at a special meeting of the city council on Thursday night "and it will only take two or three years at that rate to eat up the property."

This condition of affairs was brought to the notice of the city council by Mayor Hamilton who explained that it was necessary for the council to go into the matter of revising the sewerage charges. "The matter must be gone into right away," he said, "but until we get the map of the city's distribution from R. H. Smith, the surveyor, we cannot get at the work intelligently." This map he promised would be in the hands of the city council very shortly and then the work will be proceeded with.

The council met presumably to discuss the consolidation bylaw which has been prepared by the city solicitor, but it was decided that it would be better to leave this discussion over until the bylaw had been looked over by Lawyer Reid at the coast to see if it complied with the municipal clauses act and the special legislation recently passed.

However there was a little work on hand in the shape of a number of recommendations which the Fire, Water & Light committee had at a meeting in the afternoon prepared. This was the first meeting of this committee this year and their recommendations of the afternoon were passed as a whole and included the following:

That the clerk write to Smith, Kerry & Chace and ask them if they can furnish plans and specifications, and the cost of the same for the new pipe line or flume at the dam. Ananswer to this is wanted at once.

Moved by Abrahamson seconded by McKinnon, that the water be put to the cemetery from the nearest and best point, one and a half inch pipe to be used.

Water for the race track was left over; water for the C.P.R. hydrant was referred to the superintendent of the water works system to bring in a report.

In reference to the petition of A. J. Macdonnel and others for extension of the light system the city clerk was instructed to advise Mr. Macdonnel that this extension will be put through just as soon as the work can be financed.

The water and light committee arranged to go into the matter of the water and light rates of the city and attend to the required adjustments at as early a date as possible.

"These water and light rates are badly in need of remodelling," said the mayor. "Perhaps," he said, "the water meter system would be better, but at all events something must be done." The matter was left in the hands of the Fire, Water and Light committee, the superintendent of waterworks and City Clerk Lawson.

SOCIAL AT Y.M.C.A.

Annual Board Meeting and Election of Officers

It is a well known fact that the Y.M.C.A. of Revelstoke is doing things, and the aim of the Association on Tuesday evening is to gather all the members of the organization and others interested to place before them what has been done during the past year, and also to create interest for larger service. On Tuesday evening next in the gymnasium, the annual board meeting and the election of directors will take place. Reports of the year's work will be presented; short addresses by the clergymen; dispersed with songs and recitations. The young men will take charge of the social department, so everybody is reminded to bring along their lady friends to show them what the boys really can do. The meeting opens at 8:15 p.m.

The program will be as follows:

Vocal solo—Harry Maxwell.

Chairman's remarks.

Annual report of the board of directors.

Solo—Mrs. Squarebriggs.

Financial statement by treasurer.

SATURDAY, MAY 27, 911.

When the city council has drawn up its debenture consolidation bylaw and the thing has gone through, it may be such a thing that the city will have at its disposal some $10,000 or $15,000 to do with as she sees fit. Ald. Sibbald, who by the way is somewhat of a keen financier, has unearthed a plan, which if legal will release that sum and obviate any necessity of borrowing for some time at least. During the past years debentures have been floated time and time again, most of them for twenty-five years, and every year the ratepayers are asked for a sum to lay by as a sinking fund to meet these when they become due. This sum has rapidly accummulated until now there is some $40,000 or $45,000 lying in the bank earning three per cent interest. And while this money lies there, the city is constantly borrowing money at five per cent. This Ald. Sibbald thinks is absurd, and his contentions are quite correct provided the money can legally be released to the city. The releasing of a considerable amount of this is of course out of the question as it belongs to local improvement debentures which will not enter into the consolidation scheme. But it is roughly figured out that some $10,000 or $15,000 can be got at if the proceeding is legal. By the issuing of fifty year debentures under the consolidation scheme all other but local improvement debentures now outstanding will be covered, and as a matter of fact the slate will be practically cleaned and a new era commenced. The money which will be released by the old defunct debentures Ald. Sibbald thinks can be used by the city and thereby save borrowing money at five per cent. The question is of course a legal one, but it is worth considering and worth getting the best legal advice possible on municipal legislation. There are some aldermen who think it would be better and more legitimate to apply the money to the sinking fund of the new consolidated debentures. This of course would obviate the necessity of raising money from the general funds to apply to the sinking fund for the next five or six years, but in the meantime we would still have to borrow money at five per cent. when this money is earning only three per cent. Another scheme is to pay off some of the debentures with the sinking fund accummulated. These schemes have their advantages, but why bear all the burdens of improvements now? Why not let future generations who will reap the benefit of these improvements bear some of the burden. Fifty years is a long time and this city can lay by a whole lot of money in that time. Then if it is legal to use this money Ald. Sibbald's plan is a splendid one and one that should be acted upon. Mayor Hamilton says positively that the city cannot touch this money. If he is correct then nothing more can be said, but there are others who doubt the accuracy of his assertion. By all means let the matter be looked into thoroughly and release the money if possible.

A prophet is without honor in his own country. As with prophets, so it is with the natural advantages which a country enjoys, and those acquired advantages which are obtained under its laws and customs—it often needs the eye of the outsider to discover the striking benefits of some institution with which the people are blessed,

The earnest tribute paid to the Canadian Government Annuities system by Mr. William Jennings Bryan during his address to the citizens of Galt on Friday last should do much to determine the question for those who have not yet taken advantage of the system, the opinion coming, as it does, from one who has made the social problem a life study. He is reported to have said: "I have been trying for years to figure out a similar scheme for the benefit of the citizens of the United States, and I cannot understand why everycivilized country does not follow the lead of Canada and encourage the people to put something by for the day when they will be too old to work. This is true co-opesative government," he added. While other countries have established pension schemes, which are but extensions of Poor Law Relief, the result of which is to pauperize and not to stimulate thrift, the Canadian Government, has, by its Annuities Act, inaugurated a scheme whereby thrift is promoted, and the people are provided with facilities which will enable them to help themselves and at the same time preserve their self-respect and dignity.

CORRESPONDENCE

DEFENDING THE NE TEMERE

Editor Mail-Herald.—

Dear Sir,—If I were to consult only my own personal feelings, I should not trouble your readers with any remarks such as I am about to make For I hold after all has been said and done against the "Ne Temere" marriage law, that that law will stand not because of any defence it may have received, but because of its own intrinsic merits. However, so much of late has been written and spoken —some of it in strong and bitter terms—to show forth the alleged iniquity of the law, that it were little short of a miracle if the untrained mind that depends upon the daily papers for information, should remain unconfused. Even among my own co-religionists, a few of the less informed may be in distress over the imaginary wrongs that the decree, and through it the church is inflicting upon so many of their friends and fellow citizens. My hope to relieve their anxiety as well as to place the subject of discussion in a more favorable view than my non-Catholic friends have yet taken of it is the only apology I offer for writing.

By reason of the "Ne Temere" law, the church has been charged with usurping the power of the State and violating the civil liberties of our people in regard to marriage. Again it is urged that the present decree is grossly unjust for Protestants and is calculated to be the cause of much misery and pain for many an innocent person. These two charges, I think, about cover everything that may be brought against the law.

In regard to the first charge, I may say at once that there is absolutely nothing in the decree, which can be lawfully interpreted in the sense that the church wishes to tamper with the civil law regarding marriage, either in this country or in any other. The papal decree assumes the well-known, and I may say, universally accepted distinction between marriage as a civil contract, and the same as a religious rite. As a civil contract marriage is an act, which confers upon the married couple a new civil status, with certain well defined civic duties and responsibilities. Under this aspect marriage is undoubtedly subject to civil legislation. Hence the law of the land may set conditions according to which, two persons, having expressed their desire to become man and wife, shall be regarded as married, so far as the State is concerned, that is so far as the civil effects of a marriage contract go, let the civil law then ing the injustice of a thing which one freely accepts. From this I hope it will not be inferred that the Catholic church claims jurisdiction over Protestants as such. The cannonical nullity of the marriage of the party in case comes about by virtue of the right that the church exercises in those directly under her laws. The law is for Catholics. That non-Catholics are affected by it is but by accident, indirectly and against the wishes of the church.

But how, it is urged, can I exonerate the church from the charge of intolerance and injustice, when the "Ne Temere" decree presumes to bind those also who have at any time been Catholics, even if some such may one day be serving as Protestant clergymen?

Observe first that the law in question in no way affects those who have left the church, and married outside of it before the decree went in effect three years ago.

Secondly, it must be remembered that by right of baptism received in it, the church claims us subject to her laws on clandestine marriage, all those who were once in actual communion with her. But yet she has made it a principle never to force this claim when circumstances counselled that she should forego the right to do so. The law cannot be urged to absurdity.

The sense of the decree, then, cannot be anything so absurd as that the church will declaim against, or urge the separation of those who leave her communion, and contract against the requirements of her laws. The decree would consistently be applied when such parties should desire to be reconciled with, and return to the church.

Why then, it will be asked, does the law make mention of those who leave the church. The reason is clear since it is plain that if the decree were to defer to the sins and ignorances of Catholics, who contract against its prescriptions, it would become a palpable example of ineffectiveness. For on the pretext of evading the law, who would not become Protestant for the occasion?

Finally, what of the stigma that the law is said to cast upon those who violate it, and upon their children? My answer is already given. And if anything further is asked for, let it be distinctly understood that; civilly, the church treats them as she does other citizens; religiously, in practice, so long as they remain outside her communion, they are no more to her than pure non-Catholics, and she concerns herself not about them or theirs. Should they desire to return to her fold, she will ask them to renew their marriage consent. That is all.

The Catholic church has not erred. In the course of two thousand years of existence, in which she has ruled the whole or parts of every nation under heaven, if she has not learned the craft of law making, it is profitless at this hour to attempt to instruct her.

With acknowledgement of any obligation for space accorded, I am, dear Mr. Editor, faithfully yours,

J. McNEIL.

THE CAT AND THE FIDDLE.

How like the strains of an old familiar song, or the voice of an old friend from far away come to us the lines of the old nursery rhyme,

Hey diddle diddle, the cat and the fiddle!

The cow jumped over the moon,
The little dog laughed to see the fun,
And the dish ran away with the spoon!

We, whose weary, way-bruised feet have trodden the gray old road of daily life, beaten down and trampled by a myriad of hurrying people, at the magic sound of that old lullaby are wooed by its spell back to the

fairyland of childhood. Again our childish ears listen to the voices in the woodland, and our eyes catch the flashing glimpses of the tiny fleeting forms.

Wait and you shall see them. You shall go back to the far off land with all its glamour and magic; a fairyland more vivid and beautiful than the imagination of childhood ever pictured will be shown. It is coming to you when the old wonder story of long ago, "The Cate and the Fiddle," with its sweet music will enhance the beauties of the scenes, and beautiful maidens in dazzling costumes will flit through the magic gades.

A company of over forty people, selected with the care and skill of long experience, will be seen in the musical extravaganza. The principals are all well known as popular favorites, including Harry B. Watson and the Boylans, Rose and Arthur and the performance promises one of the rarest musical treats offered this season.

"The Cat and the Fiddle" will be at the opera house, June 2nd.

This Old Gentlemen Cured of Rheumatism

By One Box of GIN PILLS

YARMOUTH, N.S.

"I have been bothered with Rheumatism for the past year and have taken a good many different kinds of medicine and found no relief for it.

One day a friend advised me to try GIN PILLS, and after taking one box of them, I felt like a new man, I thought I would write you a few lines to let you know how thankful I am for the relief they gave me, and would advise all sufferers from Rheumatism to try GIN PILLS."

WM. CONTY,

Don't bother with liniments and so-called "blood purifiers". They won't help your kidneys—and Rheumatism is caused by weak, strained or irritated kidneys. The only possible way to cure Rheumatism, is to cure the kidneys. GIN PILLS will do this as nothing else will.

Take GIN PILLS NOW and be free from Rheumatism this winter. 50c. a box—6 for $2.50—and money promptly refunded if you are not satisfied.

Order from us if your dealer does not handle GIN PILLS. Sample box sent free on request. National Drug and Chemical Co., Dept. W., Toronto. 57

The original Gin Pills made by National Drug and Chemical Co. of Canada Limited, Toronto, are sold only in this box.

"The Razor of To-day"

GILLETTE Blades are Harder

—Keener—Smoother Than Forged Razor Blades

Before the GILLETTE was invented razor blades were all *forged*. That is, a piece of mild steel was heated and hammered out till it took the form of a razor blade. Every heating, every hammering, changed the hardness of the steel a little—how much, no man could tell, but more in some parts than others, because these parts were hammered out more.

Naturally, to temper perfectly a blade of such uncertain and uneven hardness is impossible.

In making GILLETTE blades we start with an ingot of steel, **too fine in quality to stand forging, whose composition we *know* by analysis.** We roll this out to the thinness of the finished blade, then stamp out the blades ready for tempering.

The composition of the steel is not altered by the rolling and stamping as it is by forging, so that each blade comes out not only **even in texture throughout,** but **of the same quality as every other blade.** As our patented automatic tempering process tempers each blade *through and through* in precisely the same way, the finished blades have an **even, uniform hardness** which cannot possibly be equalled in forged blades.

Two of the hardest, keenest, smoothest shaving edges the world has ever seen are found on each and every GILLETTE blade. Not only is the GILLETTE the safest, quickest, most convenient and only adjustable razor, but it carries the best edge. That is what interests the shaver most.

CALGARY EXHIBITION.

The Prize list is now in the hands of exhibitors, and entries have already begun to arrive.

Everything is very busy at the grounds in Victoria Park. Supt. R. J. Burns has large gangs of men employed in the construction of the stock pavilion and stables for which the ratepayers of Calgary recently voted $55,000.

The Parks Board of the city is expending $8,000 in beautifying the park, and the result will be a pleasant surprise to visitors to the exhibition. The dates are June 30 to July 7th.

CROP WILL BE LARGE.

Toronto, May 25—That the western Canada crop will be 260,000,000 bushels; that the increase in crop area this spring is 25 per cent. chiefly in Saskatchewan; that the area under crop is as follows:

Saskatchewan, 6,000,000 acres; Alberta, 500,000 to 1,000,000 acres; Manitoba, 3,000,000 acres.

These are the statements of Wm. Whyte, of the C.P.R., who is in the city from Winnipeg, on his way to Montreal.

The City of the Interior! The City of Steady

A Retrospect

Twenty years ago she was but a little village of four or five hundred. You could in half an hour count every house. Then you had no faith in her possibilities for growth and you didn't invest your earnings. You passed the opportunity up and to-day you are not much further ahead.

A Regret

Have you been a Rip Van Winkle and slept for these past twenty years? If so you must now wake up to the possibilities of the next twenty years and regret your inaction. Sit down and look yourself in the face, ask yourself if you have acted wisely. Be honest about it and answer the question in all seriousness.

A Prospect

With the surety that Pulp, Paper and Lumber Mills are to be established here, you know that this City must go ahead in leaps and bounds in the next few years. Can you afford to let the opportunity of becoming independent slip by for ever? Just look ahead. With the increased development, property must advance correspondingly and if you act now you are the winner.

A Resolve

Decide right now. If you want a Lot or a few lots, get them now before they double or treble in value. Make up your mind right now that there will be no more of that Rip Van Winkle business for you. Thousands of homes will be needed for the large number of workers in these various enterprises and you don't want to be forced to live out in the suburbs owing to the increased price of property. GUN CLUB SHOOT.

Revelstoke Gun Club had a gala day at the butts on Victoria Day, four trophies being shot for, Mr. A. J. Macdonnel winning the whole bunch of them with a score of 91 out of a possible 100. Evans and Stokes of Armstrong were a good second with 79 out of a possible 100. The shooting all through was fair considering the strong wind blowing.

On June 29th the big annual shoot will be held when ten events of 20 birds each will be run off. A big crowd is expected, as Nelson and Calgary will be represented, and a good crowd is also expected from Vancouver.

Victoria Day was button day; the same being decided in event 1, which was for the Bourne Bros. trophy. The winner of the buttons were as follows:—Class A, A. J. Macdonnel; Class B, T. E. L. Taylor; Class C, E. Morgan.

The scores were as follows, No. 1 event being the Bourne Bros'. trophy No. 2, the Lawrence Hardware Co. trophy; No. 3, the J. G. Barber trophy and No. 4 the Hotel Revelstoke trophy:—

KAMLOOPS CRICKET MATCH

The Kamloops-Revelstoke cricket match was played Victoria Day at Alexandra park in delightful weather and before a large and enthusiastic number of spectators. Revelstoke won the toss and decided to bat first being dismissed for 48 runs. Kamloops replied with 80. In the second innings the visitors only made 34 runs, leaving Kamloops to get 3, which they did with the loss of one batsman. C. Hopkinson and A. C. Longbourne were responsible for the visitors' low scores, the former taking 12 for 33 and the latter 6 for 22. The fielding on both sides was very keen. In the evening the visitors were entertained at a supper and smoker, which ended a very pleasant holiday.

WON RELAY RACE.

With nothing but a win in the relay foot race the Revelstoke sports returned to the city on Thursday morning at 3 o'clock from the Enderby sports. The baseball match was lost by a score of 12 to 8 and the lacrosse match by a score of 4-6 The boys put their ill luck down to lack of practice. As a matter of fact the battery of the baseball team far outclassed the Enderby bunch but poor fielding threw the game away. The relay race of 880 yards, 250 yards apiece was won by McRae, McMahon, Hopkins and Worley.

NOTICE TO CONTRACTORS.

Court House, Revelstoke.

Sealed Tenders, superscribed "Tender for Court-house, Revelstoke," will be received by the Honourable the Minister of Public Works, up to noon of Wednesday, the 31st day of May, 1911, for the erection and completion of a Court-house at Revelstoke.

Drawings, Specifications, Contract, and Forms of Tender may be seen at the offices of the Government Agents Revelstoke, Nelson, Kamloops, New Westminster, Provincial Timber Inspector, Vancouver, and at the Department of Public Works, Parliament Buildings, Victoria, B. C.

Intending tenderers can, by applying to the undersigned, obtain one copy of the specifications for the sum of twenty-five ($25.00) dollars.

Each tender must be accompanied by an accepted bank cheque or certificate of deposit on a chartered Bank of Canada, made payable to the Hon. the Minister of Public Works, for a sum equal to five (5) per cent. of his tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

The successful tenderer shall furnish a bond of a guarantee company satisfactory to the Minister of Public Works, equal to ten (10) per cent. of the contract amount, for the due fulfillment of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

ELECTION THIS FALL.

Ottawa, May 25.—The Evening Journal says: "Leaders of the Conservative party have received most positive assurance that there will be a general parliamentary election in August or September." This was the statement conveyed to the Journal this morning at the headquarters of the party.

The opinion was vouchsafed that parliament will not meet on July 18 as arranged but that Earl Grey will announce the prorogation of the house shortly after Sir Wilfrid Laurier returns from England, early in July.

It was stated that the Conservatives have expected this for some time and have been making their plans accordingly with the result that they are well organized to face the issue whenever a formal announcemnt is made.

THRILLING EXPERIENCE

Victoria, May 26.— Among the passengers who came south to Victoria on the C.P.R. steamer Prince Rupert Capt. Barney Johnson, which reached here from Prince Rupert yesterday morning, were Joe Morrell, Sid Wombolt, Jack Stewart, Bob Stewart, F. Smith and Tom Lenton, members of the crew of the local sealing schooner Pescawha, Capt. Balcom, who were lost in Hecate straits while cruising about for sea otter. The six hunters left the vessel near Bank's island in two boats and for five days they did not taste any food, with the exception of an occasional bird shot or clams dug from the beach.

CANADIANS AT COURT.

London, May 26.—Never before have so many Canadians desired access to the sovereign as at the four brilliant courts at Buckingham Palace, the last of which was held last night. It is officially announced that the crowded royal engagements of the coronation period will preclude further courts in London this season. Some distinguished Canadians summoned were unable to obey Their Majesties' command, and these included Lady and Miss Clouston, Senator and Mrs. Kirchoffer, Sir Hugh and Lady Graham.

MAY EAT MEAT.

London, May 26.—The Pope has issued a dispensation for the Roman Catholics of the British Empire so that they will not be compelled to abstain from eating meat on Friday, June 23, when King George, after his coronation on the day before, will make his royal progress through London town.

ENGLAND'S POPULATION.

London, May 25.—The provisional returns by the census office give the population of England and Wales this year as 36,075,269 as compared with 32,527,843 in 1901. While most of the cities and counties show increases, there are many cases, particularly in Wales, where there has been found an actual decrease. Greater London's population has increased to 7,252,963 from 6,551,403 in 1910. This increase is entirely in what is known as the outer ring, showing that the people are moving away from the crowded centres. The county of London, including the city of London and boroughs immediately about it, show a decrease from 4,536,267 in 1901 to 4,522,961 in 1910.

CARMEN GET INCREASE.

Winnipeg, May 26.—The Canadian Northern Railway announce an amicable settlemeat with their carmen between Port Arthur and Edmonton. The company grant a new wage scale of an increase of two cents an hour, beginning on May 1st, and an additional cent per hour on a year from now. The new wage ranges from twenty-two and a half to thirty-seven cents an hour. Improved working conditions were also granted the fifteen hundred men who are affected.

Flourishing Institution

The 36th annual balance sheet and statement of the Imperial Bank, an advance copy of which has been received at this office, shows a very gratifying advance in all departments.

The net profits for the twelve months ending April 30th, 1911, irrespective of the premiums received on new capital stock are $139,000 in excess of the profits of the previous twelve months. The dividends are $75,000 greater than those of the previous year, whilst the bank premises account has been reduced $72,000 and the balance carried forward is $137,000 greater than in 1910. Notes of the bank in circulation are $650,000 more than in the previous year, deposits are more than $4,000,000 in excess of the previous year, whilst the total assets are $63,710,000 as against $56,239,000 in 1910.

After Supper Sale, No. 60

Look at what we are offering to night and see if you can equal the prices in any other store. Almost everyone knows that the prices we offer at these Saturday evening sales are away below the real value of the goods. We expect to make our profit on the advertising they do for us and the crowds they bring to the store. To-night we are, as usual, putting on sale some of the newest and most seasonable goods we have in the store, and you will be wise to get here early and get first choice. Sale begins at 7 p. m. and lasts till closing.

Parasols

We have a splendid lot of Parasols in all the best colorings, as well as in white and linen color. Some of the latter are plain, some have pretty insertions, and some nicely embroidered. The prices range from $1 to $3.50. To-night you can have your choice at one-third off regular price.

Silk and Lisle Gloves

We have a bargain for you in fabcic gloves for this evening. We have them in silk and lisle, in black, white, tan, champagne and wisteria. The regular prices are from 40c. to 60c. **TO-NIGHT, 25c. PER PAIR.**

Pongee Silk

About 100 yards of natural Pongee Silk. You know the quality we carry, one of the best procurable. It is nearly a yard wide, and retails anywhere at 75c. To night we sell at **55c. PER YARD.**

Handkerchiefs Given Away

What woman can have too many handkerchiefs? We have one of the prettiest lots we have ever shown, in plain, hem-stitched, embroidered and lace edge. The prices range from 10c. to $1.00. To-night if you buy one you can take another one of the same price FREE. Here is your opportunity, for the more handkerchiefs you buy the more you will get for nothing.

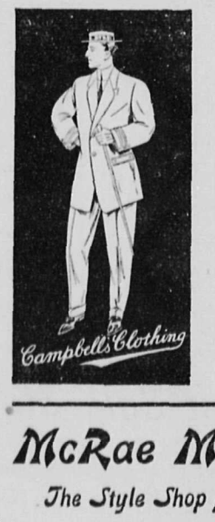
Fit-Reform Clothing - Foot-Rite Shoe



Style

That intangible thing which appeals to all men—particularly the younger chap whose clothes must be distinctive—has been attained in this new spring Campbell's Clothing model with its long, gracefully shaped lapels, its well made, slightly dipped coat front and the new features of cuffs and pocket flaps shown in illustration.

It has smartness and individuality—while the wear is in it too. It always is in clothing bearing the Campbell's Clothing trade mark.
