SCHOOL BOARD

Trustees Decide to Purchase Block 58

The regular monthly meeting of the School Board was held on Thursday last, all the members except F. Young being present.

It was agreed to purchase block 58 (the triangular piece of land) at the high school, the rights to the lane through block 53 (the present school site) and all rights to Wynne St. (where the high school stands) for the sum of $800, from the Hull-Sibbald Land Syndicate.

Telegrams were received from Miss Eaton and Miss Currie, accepting positions on the teaching staffs of the public school.

Miss J. McKenzie, of Toronto, was appointed assistant teacher in the high school, vice W. R. Robeson who has resigned.

The sum of $170 was paid to Pradolini and Foote as additional to the cost of excavation at the new school, it being found that more excavation at one end than had been allowed for in the estimates was necessary.

A bill of $6040 was ordered paid as the first instalment to Pradolini & Foote, on the new school contract.

New Begbie School

Denis McCarthy has just completed the fine new school house for the Begbie School District on the site given by J. Cashato, across the Illecillewaet. The grounds surrounding the school have been cleared and levelled and well fenced. The school room itself measures 22x26 and is fitted with four patent ventilators, five large windows and hyloplate. The walls are plastered, the work being well carried out by W. Osborne, with a high wainscote. The ceiling is lofty and the room should be very comfortable in all seasons. A back door gives exit from the school room to the rear of the premises. A large porch 7x8 leads from the front steps into the cloak room, which measures 8x24 and is fitted with a large number of pegs for hanging clothes. Adjacent to the building are the closets and woodshed, the former being supplied with concrete cess pits seven feet deep. The whole of the interior is woodwork and painted a grey blue the work of J. R. Thornton, the color being very restful to the eye. Lumber for the building, except the floor, which is of first class clear fir, was supplied by the Globe Lumber Company.

Mr. McCarthy, the contractor, has placed the building so that the windows will show the best light during the day and face north and east. The whole work has been excellently done and the school is a handsome acquisition to that thriving suburb of Begbie.

One of the best drives that the city can boast of is through this district the road being well surfaced and level.

Gun Club Shoot

At the weekly shoot on Thursday, 25 birds, the scores lor the button were as follows:—

Munro, 17.
Lawrence, 18.
Sturdy, 19.
McDonell, 20.
Devine, 10.

McDonell wins button in class A, and Munro in class B.

Weekly handicap shoot for Hunters Arms Co.'s vase and Dupont Powder Co.'s fob. Fifty birds, both barrels

McDonell, 16 yds., 44.
Sturdy, 18 yds., 36.
Lawrence, 16 yds., 24.
Devine, 16 yds., 32.

Great interest is being taken in the big shoot on July 30th.

We look for some of the best shots in the west to be with us. Lee Barkley, Ed. White, J. C. Chingrean, Frank Reihl, Poston, Robinson, Maguard, Miller, MacCaul, Garrison, and Fred Gilbert, have all assured the club that they will be here,

Lawn Tennis

It remained for the ladies again to uphold the score of the Revelstoke tennis club in the tournament on Friday and Saturday last against Kamloops, and in spite of the vastly superior play on the part of the Kamloops people the local people won six out of the thirteen events. Both Mrs. H. Cunningham Morris and Mrs. A. H. Allen put up splendid games and scored a hard fought and well earned victory over the Kamloops champions both in the doubles and singles, as did also Miss Hardie. Mrs. Morris was in particularly fine form and played a fast and pretty game. The local players were entertained at a dance on Saturday night and speak in enthusiastic terms of the hospitality of the Kamloops people.

The following are the scores. The first figure in each case being the Revelstoke score:

Men's singles—Congreves v Pearce, 0-6, 2-6. Sissons v Wilson, 3-6, 4-6. Sissons v Pearce, 0-6, 5-6.

Ladies' doubles—Mrs. H. C. Morris and Miss Hardie v Mrs. Scott and Miss Pearce, 6-2, 6-1. Mrs. H. C. Morris and Mrs. Allen v Miss Pearce and Mrs. Young, 6-4, 6-1.

Ladies' singles—Mrs. Allen v Miss Pearce, 6-4, 0-6, 9-7. Mrs. Morris v Mrs. Young, 6-3, 3-6, 6-3. Miss Hardie v Mrs. Scott, 6-2, 6-3.

Mixed doubles—Mrs. H. C. Morris and Mr. Pool v Mrs. Norris and Mr. Cornwall, 6-4, 1-6, 6-4. Miss Hardie and Mr. Congreves v Mrs. Scott and Mr. Pearce, 0-6, 6-5, 4-6. Mrs. Allen and Mr. Congreves v Miss Pearce and Mr. Hepburn, 2-6, 6-4,4-6.

Men's doubles — Congreves and Small v Cornwall and Wilson, 5-6, 2-6. Sissons and Cronyn v Hepburn and Pearce, 2-6, 1-6.

Another return game is being arrenged for.

KILLED IN SNOWSHED

Revelstoke Brakeman Receives Fatal Injuries

While passing through No. 26 snow shed near Cambie, shortly after 11 o'clock on Monday morning, Middleton McAteer, C.P.R. brakeman on a west bound freight, received severe injuries to his head which proved fatal. The deceased was sitting on the top of a car, which was of a standard height, while the train consisting only of eight cars, was passing through the shed, and sitting near him was his mate the other brakeman. McAteer suddenly received the terrible blow which caused his death, life lingering in the body but a few minutes. Just how the accident happened is not quite known, as there Ras apparently am, ple room above the car top and the truss beams of the shed. The body was shipped east this morning, and the inquest takes p,ace tonight. The deceased was lrom Barry, Ont., and Kenora and was well known on this division.

THE BIG FIGHT

Johnson Defeats Jeffries in 15 Rounds

Reno, Nev., July 4.—Jack Johnson is still the world's heavyweight champion. He knocked out Jim Jeffries in the fifteenth round today. The fight was one-sided. From the start the negro blocked the old champion's blows at every stage of the game and punished him severely in the last five rounds of the fighting.

Ring experts agree that it was not even a championship fight. Jeffries had a chance in the second round, perhaps, but after the sixth it was plain that he was weakening and odtclassed at every point. After the eleventh round it was hopeless. It was the greatest demonstration the ring has ever seen of the failure of a fighter to "come back" after years of retirement. The youth and science of the black man made Jeffries look like a green man. The great Jeffries was like a log. The reviled Johnson was like a black panther beautiful in his alertness and defensive attack.

The fight was on the square. Of the latter there was no doubt after the first round. There was no evidence of the alleged yellow streak in Johnson. Johnson proved himself absolutely Jeffries' master.

The end was swift and terrible. It looked as though Johnson had been holding himself under cover all the rest of the time and now that he had measured Jeffries in all his weakness

At the beginning of the thirteenth round the experts at the ringside passed out the verdict that if Jeffries would simply stay and not fight he might stay the limit. As they came up for the fifteenth round Johnson went at his man savage,y. He sent Jeff to the floor for the first time with a rain of lefts and rights to the jaw, and Jeff took the count of eight twice. Each time Jeffries fell outside the lower rope on the platform. As soon as he got up the second time he staggered for a foothold, Johnson sprang at him like a tiger and with right and left swings to the jaw sent him through the lower ropes of the east side of the ring, where he lay still. As Jeffries hung through the ropes after the last knockout a hundred of his friends rushed forward.

"Please don't let the old man be knocked out. Stop it," they called.

His seconds and the crowd rushed into the ring, and just as the time-keeper's hand was moving up and down to the fatal count, a towel was thrown in from Jeffries' corner, proclaiming that he was defeated.

FATAL ACCIDENT

Conductor Davis Meets Instant Death

A sad accident attended with fatal results occurred early this morning near Greenslide on the south track. An up bound freight had stopped at the grade and the train had been cut in half in order to make the hill. Ernest Davis, the conductor, was in the act of coupling the engine to the cars, when the impact from the engine caused the cars to move back a little down the slope. Davis in making the coupling caught his foot in a small trench that crossed the track at this point and fell beneath the wheels of the engine, his legs and lower portion of the body being terribly crushed and mangled. Death was almost instantaneous. The body was brought up to Revelstoke. It is stated that the deceased conductor was doing the coupling work himself owing to the fact that his brake men were new men and not accustomed to the work.

Conductor Davis was a son of Dick Davis, of the Big Eddy mill, and is well 6known in the city as a reliable, steady and conscientious employee of the C. P. R. He leaves a wife and child. The accident has caused considerable feeling in the city and general sympathy is expressed for the widow.

Miss Hall's Musicale

Miss Hall held her final and farewell musicale in the opera house on Thursday, June 30th, over thirty pupils taking part. The recital as a whole was interesting as well as being a demonstration of what Miss Hall's pupils are doing, and what progress has been made during the year. Each child played a short piece, considerable merit, talent and proof of study being evidenced. It would be impossible to single any one pupil out as being more brilliant than another, but the work of all showed careful training and marked progress, the touch and attention to expression being particularly noticeable in many cases.

In presenting the prize medals, Miss Hall thanked the guests, a large number being present, for their attention, saying that the recital was more for the education and benefit of the children than anything else. Public playing gives children confidence. The prizes were awarded chiefly for faithful work, reading at sight, expression and other things that go to make up a good musician. The following are the prize winners:

Theory—Gold medal, May Field; silver medai, Enid Bradshaw; bronze medal, Glen Urquhart.

Pianoforte—Gold medal, Irene Procunier; silver medal, Louise Rae; bronze medal, Olga Coursier and Dolly Brown.

Miss Hall reminded the audience that Irene Procunier was the youngest church organist in B. C.

The following were successful in passing in their respective classes:—

Senior—May Field, Evelyn Clay, Louise Rae, Marjory Lee.

Intermediate — Enid Bradshaw, Lucy Brock, Kathleen Field, Olive McLean, Olga Coursier, Ina Brown.

Junior — Glen Urquhart, Dolly Brown, Tom Morris, Jeanne Robbins and Bella Laughton.

Primary— Gertie Booth, Agnes Sutherland, Alice Booth.

At the close of the recital Miss Hall was presented with a beautiful bouquet of roses and a handsome umbrella as a parting gift from her pupils. Refreshments closed the evening. The children have made excellent progress under Miss Hall's tuition and her departure from Revelstoke will be greatly felt.

Wedding Bells

The marriage between Eunice Louise Campbell, daughter of Mrs. N. L. Campbell, and William J. Barber, of North Bend, B. C., was celebrated at Lucknow, Ont., on Wednesday, June 29th. The bride was for some time a resident in Revelstoke and a valuable member of the staff of C. B. Hume & Co., and her many friends here will wish her all future happiness. Mr. Barber is also well known in this city, especially in sporting circles. Mr. and Mrs. Barber will make their home at North Bend and their large circle of friends extend to them their heartiest congratulations in which the Mail-Herald joins.

A special meeting of L. O. L. No. 1658, will be held on Thursday evening next in the lodge room. On Sunday evening, July 10th, the brethren will attend divine service in the Methodist church. Rev. Mr. McIntyre will preach the special sermon.

J. F. Kennedy, who has been in the employ of the C.P.R. at Grand Forks for a number of years, has moved to Kamloops, where he has accepted a position as yardmaster. His family will join him in about a month.

The Canadian Pacific Railway between Phoenix and Eholt is now the scene of great activity, the grading and laying of new track having been commenced this week in earnest. The entire ten miles of track is being raised from eight to ten inches.

Rebekah Lodge Installation

Naomi Rebekah Lodge, No. 21 held an open installation of officers on Friday night last, at which they entertained the Oddfellows and friends. After the installation, which was well put on by the sisters the company indulged in cards and dancing until the early morning hours, when everybody went home feeling that they had spent a very enjoyable and profitable evening.

The newly installed officers are as follows:

P. N. G.—Mrs. E. Trimble.
N. G.—Mrs. T. Bain.
V. G.—Mrs. Wm. Armstrong.
Rec. Sec.—Mrs. P. Hooley.
Fin. Sec.—Miss McRury.
Treas.—Miss Hobbs.

Appointed officers:—Warden, Miss Frisby; Conductor, Miss Beck; R. S. N. G., Mrs. Palmer; L.S.N.G., Miss Jolliff; R. S. V. G., Mrs. Edwards; L. S. V. G., Miss Crosgal; Chaplain, Mrs. R. McDonald; I. G., Mrs. Abrahamson, O G., F. Parker.

LOST—Buch of keys, finder please return to W. Veith, Y.M.C.A.

UNION LABEL

WEDNESDAY, JULY 6TH, 1910

If the Revelstoke public would take as much interest in matters affecting their local conditions and progress of the city as they do in a prize fight, or a lacrosse match, more good would result.

The Saturday Sunset is doing splendid work for the city of Vancouver. The Sunset's criticisms and exposures of Mr. Emerson since he started his libel suit will be appreciated by all fellow citizens and demand a higher and better stanaard of civic and neighborly life.

Vernon is taking a creditable forward step in proposing to do away with all taxation of improvements in the city assessment. Such a policy is the proper inducement to build up a progressive city. So many cities have recently adopted the system that they must find it beneficial. We should like to see a similar policy adopted at Revelstoke in future valuations.

Hon. Robt. Rogers apparently thinks that the threat to take the Manitoba Boundary question to the foot of the throne will hypnotise the electors in the coming fight, but if it has no better effect than the visits of Hon. R. McBride and W. J. Bowser to the foot of the throne to taste the toe of the throne's boot and be sent home again, it will not have much resuly except a heavy expense bill from the booted delegates.

CLEARVIEW

We are now offering for sale lots in this most attractive suburb, its close proximity to the C.P.R. Shops and Offices and its sheltered situation makes it especially desirable to those home-makers who wish to add gardening to the general attractiveness of their holdings. The snow goes fully two weeks before any other part of the Town, and being sheltered from wind and storm, fruit trees flourish exceedingly, while its high position ensures good drainage and freedom from evils peculiar to lowlying lands. It is attractively wooded with spruce, fir and poplar and the lots we now offer are the best value ever offered. The view of mountain and valley is unsurpassed and a more charming residential part it would be impossible to find anywhere in the City. The present is the time to buy.

REVELSTOKE GENERAL AGENCIES, Ltd.

REAL ESTATE, LIFE, FIRE AND ACCIDENT INSURANCE

Hon. C. Murphy, secretary of state, deserves the highest credit for the prompt and effective manner in which he has cleaned out the graft from the printing bureau at Ottawa. The next step is to punish all connected with it and if necessary have the laws for the protection of public business so stringent thgt they shall be a terror of future evil-doers of a similar character.

The question of hydro-electric light rates for Revelstoke, should be revised as soon as the new plant is in working order. At present domestic lighting is charged about double that of Nelson for instance, and double the rates which will be levied under the hydro-electric commission of Ontario. There seems no reaeon why, with the improved plant and increase of business, Revelstoke should not have as good rates as any city on the continent. ...

The Pullman company has the gall to think it runs Canada, and asks the Railway Commission to adjourn the action against it for reduced rates in order that the commission might be guided by the decision of the Interatate Commerce Commission of the United States, along similar lines. We hope the Canadian Commissioners will show this arrogant concern that if it wishes to do business in this country it shall be subject to and obey the laws, and that its case will be dealt with effectually and promptly from a Canadian standpoint, untrammelled by considerations on the other side of the line.

Yankee bluff made another nasty exhibition of itself at the Hague Peace convention the other day. When ex-Senator Tuner, the American representative showed himself to be an ignorant blatherskite by his remark that the United States insists that the right to fish, subject to the will and pleasure of Great Britain, is not a right at all. Great Britain will never be allowed to set at defiance the wishes of the United States of America. A delegate who talks in such bad taste and degrades the country he represents in the eyes of the civilised world should be recalled, or his conduct publicly condemned by the representatives of all the powers. A man who uses such threats has no place place in an international peace convention.

Something will very soon have to be done to the city streets to put them in a condition where rigs and other vehicles can travel over them without breaking springs and other parts. There is not one street throughout the whole city which can lay any claim to being in a really decent condition, and this state of affairs has been going on from year to year. A few loads of sand and perhaps gravel here and there dumped promiscuously is all that has been accomplished and the consequence of this neglect is the streets are in a deplorable state. Unfortunately this year the city is short of funds to effect repairs of any extent, but it should be the policy of succeeding councils to commence a systematic method of street mending and improving little by little until the whole city is as it should be.

Mount Tatlow

Victoria, July 5.—As a monument to British Columbia's late minister of finance and agriculture, who lost his life under tragic circumstances three months ago, the hitherto unchristened culminating peak of the Cascade mountains, rising to a height of 10,000 feet immediately to the south of the Nemiah Valley, has been named Mount Tatlow, at the suggestion of Mr. Sidney Williams of the British Columbia governments field survey staff. The name has to be submitted for ratification to the Board of Geographical Names.

Mount Tatlow is a peak of exceptional dignity and beauty, rising solitarily about eight miles east of Chilco Lake. Its exact geographical position is latitude 51 days 22 minutes north, longtitude 123 days 52 minutes west. Mountaineers will attempt a first ascent of Mount Tatlow next month.

Rumors that the C. P. R. has sent mining experts into the Mammette Lake valley has caused a mild mining boom in that district.

FARM AND ORCHARD

ONE YEAR OF HOG RAISING IN ALBERTA.

(By N.K. Sorenson, Markerville, Alta

I use in my hog business eight acres of land bordering upon the Medicine river. The slope towards the river is covered with brush, and the rest of the land is partly in native grass and partly seeded down with mixed graip for pasturage, which is a great helo to keep pigs in good growing condition.

The principal building provides pens for some 50 hogs, and in one end of it I have a feed-room with tanks for storing water and Buttermilk. The feed room is surrounded on three sides by feeding yards fenced in and they are arranged so that hogs of nearly the same size are fed together. Outside of the regular feed yards I have other buildings used principally for brood sows whenever I find it advisable to separate them from the rest; while these as well as straw stacks are available for farrowing quarters, the sows seem to prefer farrowing in the bushes in summer.

My bunch of hogs is of the Yorkshire breed, bred from registered stock aod consisted in February, 1909, of 1 boar, 13 sows and 27 young hogs for fattening. During the year the brood sows had 17 lieters, totalling 138 pigs of splendid vitality farrowed as follows: 8 litters in March, 5 in May, and 4 in August. I bought 65 half grown hogs for fateening between September 11th and November 15th, 1909. In February last I had 35 pregnant sows and 2 boars, having sold altogather 207 head during the year. During pregnancy the sows are fed on oats; otherwise barley is the staple grain ration. In my experience the young pigs show less vitality when their dams have been fed largely on barley.

Separate feeding yards are provided for the small pigs where they can always find barely, whole or ground, and fresh buttermilk. It is very important to have the small pigs feeding well when they are weaned, and they should be fed liberally so as to keep a clean skin and a good appearance, without being fat.

I start fattening the pigs when they are 3 to 4 months old, and give them all the barley chop they will eat and any buttermilk which is not needed for the small pigs. I fed regularly three times every day but only what they will eat up clean.

The best size of pen is 12 feet by 10 feet with a 18 foot trough and it gives room for ten hogs; larger pens and several hogs in each gives too much disturbance. The pens are cleaned out daily and some bedding is placed in one corner of each. Hogs do not thrive well unless they are kept absolutely clean and the skin free frgm scurf.

In order to secure the best results we must keep the hogs comfortable and treat them kindly. A hog so handled should gain on an average 1¼ lbs. per day from the day it is farrowed until it is 5 mooths old. Beyond that age every pound of gain in weight costs more than under that age. My hogs have been in splendid health and I have not lost a single pig from disease. This I attribute to the open air, exercise gnd excellent shelter afforded by the bush surrounding my hog yard. It also provides shade in the summer for the young pigs.

Of feed stuffs, I used the equivalent of 2,800 bushels of barley, or 134,400 lbs., according to the formula; 6 lbs. buttermilk, 1 lb. oats, 1 lb. barley. From this I have produced 29,480 lbs. of hogs, using 4.56 lbs. of barley per pound gained in the weight and thus realizing 71.3 cents per bushel after the principal items of expenditure such as interest and depreciation are deducted.

As to the value of the labor involved, this becomes a matter of individual calculation on farms where hogs are kept in conjunction with other stock, but it seems to me that in my situation it is easier to feed the barley to the pigs than haul it 14 miles to the railroad station.

R. Shiell, of Needles, has one of the first orchards planted in the Kootenay. He has fifteen acres of trees from 9 to 13 years old. The care of this area of orchard keeps two men busy about all the time. Bust now the young fruit has to be thinned. To get best results about two thirds of the fruit has to be cut off, and even then the trees have to be propped to prevent limbs bregking when the apples mature. One northern Spy, ten years old, last year yielded 28 boxes of apples which sold re dily at $2 a box. Mr. Shiell's orchard is looked after in the most modern manner, with very gratifying results financially. He has secured many valuable prizes at Spokane and Nelson fruit fairs.

Women as Bank Clerks

Montreal, July 5.—The Bank of Montreal is experimenting with young women as junior bank clerks in its offices in the metropolis. If the experiment proves a success, and the bank officials are confident that it will the days of the male bank clerk are shortened very considerably.

The cause of the introduction of lady bank clerks is said to be the scarcity of good male juniors. Canada's remarkable commercial and industrial prosperity and development has attracted more bank men of all classes into more lucrative realms of endeavor. Thus as a result of the larger salaries and larger returns in other lines of effort, many bank staffs have been practically depleted.

A Toronto bank a few years ago introduced into their offices at Toronto what was called a lady's department.

TUCKER, the local photographer, asks you to get prices on whatever you want in photos and come to him and he will make your work as cheap as any one will, if not cheaper and better, too

DR. GORDON C. HEWITT, Dominion Entomologist, says, referring to the infantile death rate from intestinal diseases and diarrhœa spread by the house fly, he believes that the so-called harmless fly is yearly causing the death of thousands of infants, as well as spreading the germs of typhoid fever.

WILSON'S Fly Pads

are the only thing that will rid your house of these dangerous pests.

Just What You've Been Looking For

Something that will make the Home Attractive
that will make Home Life Worth Living

You will feel more prosperous and be more prosperous if your home surroundings are good. Baplac stains and varnishes with one application and is the most durable finish on the market; where extreme durability is required. It is not affected by hot or cold water, nor by soap and water, and will not mar white when used on floors. You cannot afford to let your furniture become old-looking or marred np when you can renew it with

BAPLAC

at such a small cost. Baplac is designed for beautifying and renewing old furniture, chairs, picture frames, and a hundred and one furnishing odds and ends that, worn and scratched disfigure the Home.

It possess individual and exquisite color richness, retains its color beauty for an exceedingly long time, is easily applied and

You judge a pair of shoes somewhat by the way they look—perhaps you judge them more by the way they feel, but rest assured that if they do not feel comfortable, the chances are ten to one that they will not look well. You cannot be at peace with a shoe unless it feels comfortable, and no shoe can be comfortable unless it fits. If it fails to fit it will soon lose shape, for you cannot be comfortable in a vice—the foot or the shoe must yield.

Now **Ames-Holden** Royal Purple shoes for women embody just these features—perfect fit, perfect style, and with it the maximum measure of full comfort, and that is why so many women ask for

AMES-HOLDEN SHOES

WANTED—Good Planer man. Apply Kernaghan Lumber Co, Ltd., Salmon Arm, B. C.

Action Against C.P.R.

Because the Canadian Pacific Railway, through a blunder on the part of some of their trainmen, failed to deliver the body of J. H. Miner, from Revelstoke to Bawlf, Alta., in time for the funeral to be held at the hour set, thereby causing painful inconvenience to the bereaved parents, and because, when the body was delivered twenty-four hours late, it was in a badly decomposed state, Mrs. V. Miner is suing the railway company in the Wetaskiwin courts for $5,000, in one of the most unique actions ever brought to a Canadian court.

George B. O'Conner of the Edmonton firm of Greisbgch and O'Conner is acting for Mrs. Miner in the case, which was tried at Wetaskiwin last week, and in which judgment has been reserved. Mrs. Miner had contracted with the C.P.R. to ship the body of her son from Revelstoke to Bawlf in time for the funeral at that place on July 16 last. The son had died on July 13 and the body was shipped on the 15, and should have arrived at Bawlf on the evening of July 16. Mrs. Miner accompanied the body, but through some mistake the remains, together with Mrsf Miner's bggggage was put off at Banff. Mrs Miner did not discover this until she reached Calgary, where she was delayed twenty-four hours until the body of her son could be forwarded.

In the meantime, her husband, had come to Wetaskiwin to meet her, and the friends gathered at Bawlf for the funeral. All arrangements were complete, the minister present, ready for the service, but no corpse showed up. When the body did arrive, it was twenty-four hours late for the funeral.

There is no precedent for the case in English law, but there are three other similar cases in American law and it is probable that the judge will be guided by these in reaching a judgmeot.

C.P.R. Improvements

An entire rearrangement of the yards at Kamloops has been decided upon, and the contract for the work with the exception of the steel, which is supplied by the C. P. R., was let to the well-known firm of McDermott and Co., of Winnipeg. The work in project embraces the demolishment of the present buildings and the building of an entirely new machine shop and round house. The new shop will be constructed entirely of concrete and steel with cement floors, fitted in all departments with the latest appliances in the line of machinery. It will be divided into four different departments, including the engine room, boiler room and machine room. Besides the departments there will be the offices of the foreman and his assistants. A large coal bunker will occupy one section of the building. The old round house is to be entirely demolished and a new one constructed containing a much greater stall capacity for engines This will also be constructed of cement brick and steel.

Never Mind the Knockers

Go ahead anh make your play,
Never mind the knockers.
They're in every worker's way;
Never mind the knockers.
Every one who seeks to shine,
If successful, they malign;
'Tis of fame a certain sign—
Never mind the knockers.

If you have a task to do.
Never mind the koockers.
Have your nerve and see it through,
Never mind the knockers.
When your labor has been done
You may know that you have won,
If the pounding is begun,
Never mind the knockers.

They strike only those who climb;
Never mind the knockers.
'Tis success they deem a crime;
Never mind the knockers.
If they hammer at your name,
Then be sure you're in the game;
'Tis a species of acclaim;
Never mind the knockers.

Exchange.

Why Some Towns Grow

(Municipal World)

The reason why some towns grow is because there are men of push and energy in it who are not afraid to spend their time and money to boom their town. They erect sub-stantial buildings, organise stock companies, and establish factories, secure railroads, work for public improvements, and use every means in their power to induce people to locate in their city. Wherever they go they tell of the advantages of their town, they write about them in every letter, they send circulars and newspapers to all whom they can get to visit the city, and when any one visits them, treat him so kindly that he falls in love with them and their city at once. It is enterprise and everyone pulling together that makes a progressive town, and don't let the fact escape your memory.

To hear every person saying something pleasant about its people and its interests is the surest, quickest and easiest way to make a town attractive to a stranger. One of the best ways in which to make a town attractive with that sort of attraction that will draw other people to it is for every man and every woman to have a pleasant word for the people and the town generally.

Watch CAMROSE Grow

KEEP YOUR EYE ON CAMROSE

Watch CAMROSE Grow

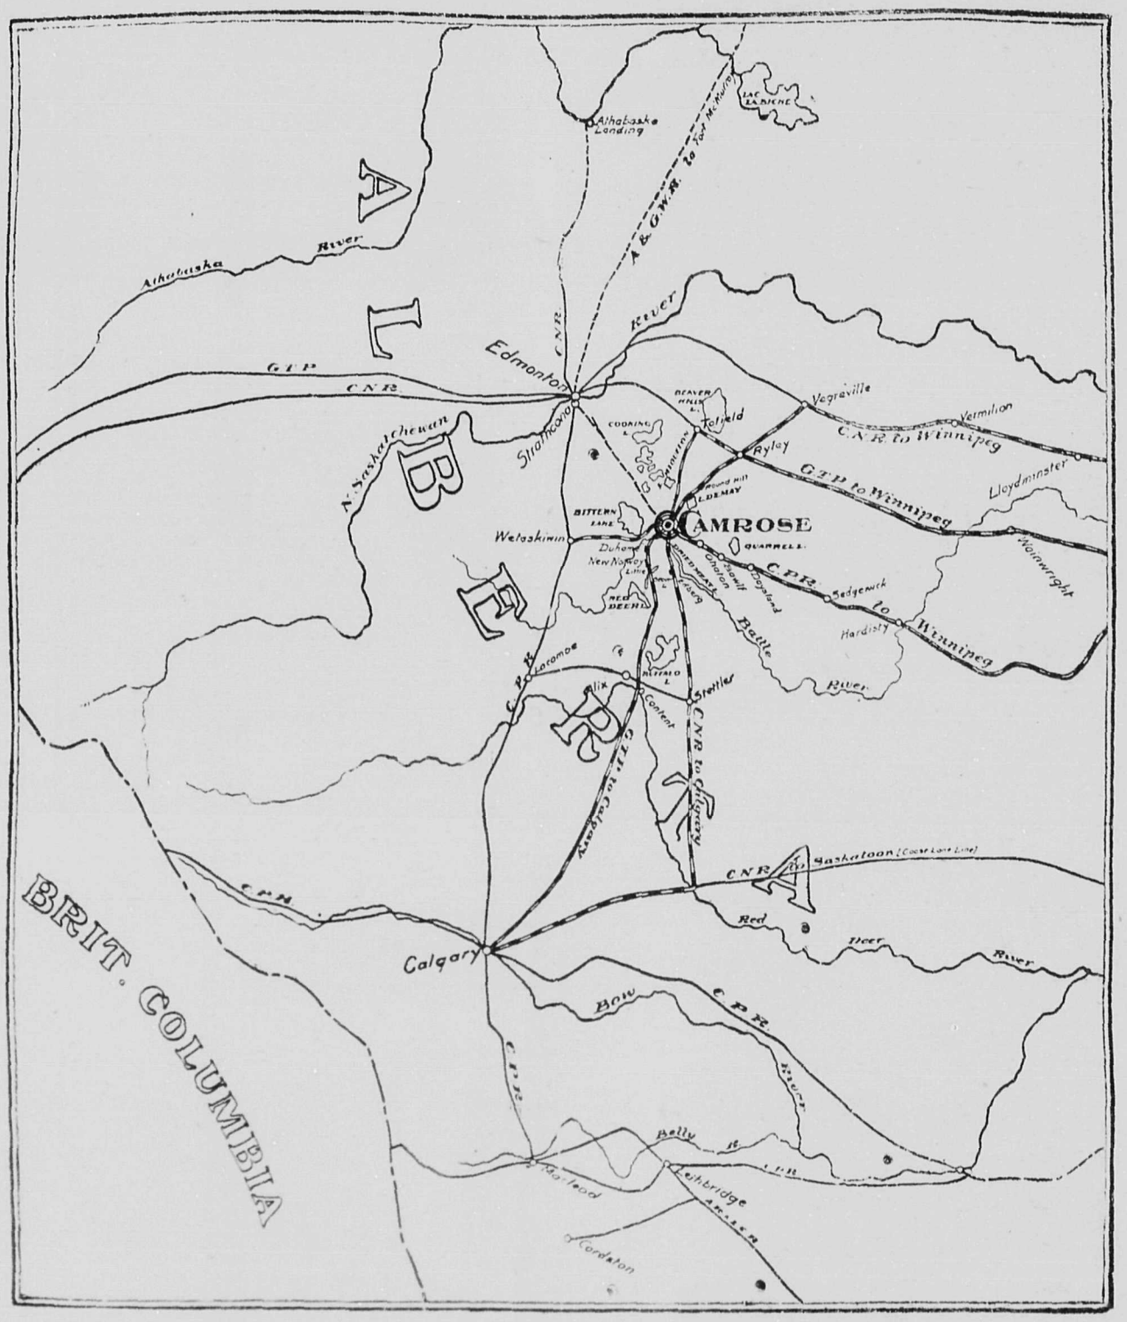
The Spokane of Alberta

Study the Location of Camrose

Camrose has advantages and facilities that are unequalled in any other city in Canada today. Located in the centre of a rich agricultural district, at the junction of the 3 great transcontinental lines—the C.P.R., C.N.R., and G.T.P., it at once becomes a natural distributing point.

In addition to these advantages Camrose has five coal mines in actual operation one mile from the city, where coal can be bought for $2 per ton. With an abundant water supply and cheap fuel Camrose is destined to become an important manufacturing and industrial centre.

No better evidence of the future of Camrose as a city of great commercial importance could be given than the fact that several of the largest wholesale firms in Canada have already located there and are erecting imposing wholesale structures.



Your Opportunity is Right Now

to make a judicious investment. Large fortunes have been made in new cities in small investments, and the man who puts his money into real estate in Camrose is always sure of coming out at the big end of the financial horn.

"Now" is the watchword of the wise. The Grand Trunk Pacific Addition is the best buy on the market. Buying lots at the present prices means big profits in the near future. Two years to such a town as Camrose means development unconceived. Two years to the G.T.P. Addition means prices trebled.

Buy Now and Save Money.

GRAND TRUNK PACIFIC ADDITION

Lies within Three Blocks of the G.T.P. Depot, the closest in sub-division on the market. Its location is ideal, lying high and dry and level, in the west end of the city, the best residential section. Lots are 25 x 120 feet, and are being offered now at $175 for inside lots and $200 for corners. TERMS: One-third Cash, balance in 3 and 6 months. Experience teaches that men who made their wealth from real estate were those who bought early. Buying Now means large profits in the near future. Buy while the Buying is Good.

Inside Lots now Selling at $175, Corner Lots at $200

REID & YOUNG

LOCAL AND GENERAL

Tonight the Band will play at the Roller Rink.

G. S. McCarter has purchased a Ford, five passenger automobile.

The tax rate for this year at Victoria, B. C., has been struck at 25½ mills.

Spend a pleasant hour tomorrow night at the lawn social at St. Peter's Rectory. Music and refreshments.

D. Woolsey has gone up to Wood river with cruisers to look over some timber limits in which he is interested there.

J. T. Pollock, of this city was elected one of the Grand Stewards in the Grand Lodge A. F. & A. M., of B. C., which met at Cranbsook last week.

The departmental examinations for British Columbia, held at the high school centres, commenced on Monday this week and will last till Saturday.

The high school held a very enjoyable picnic near Eight Mile Falls on July 1st, the party driving out for lunch and returning late in the evening.

Don't forget the lawn social tomorrow evening at St. Peter's Rectory. Revelstoke City Band in attendance. All the latest season's refreshments, tea, coffee, etc.

There will be no meetings of the Band of Hope during July and August, but arrangements are contemplated for a picnic during the summer of which due notice will be given later.

Merton Howard, a deck hand on the C.P.R. steamer Rossland, fell overboard and was drowned on the way up the Arrow lakes on Saturday All efforts to save him proved fruitless.

A. N. McIntyre, yard master at Revelstoke, has been appointed train master at Field, vice T. H, Crump. T. Hope, local yard foreman, has benn promoted to yard master here, vice A. N. McIntyre.

The annual service for the L. O. L. will be held in the Methodist church on Sunday evening next, the Rev. Mr. McIntyre preaching the sermon. All Orangemen are requested to meet at the hall at 6:30 p. m.

T. H. Crump, C.P.R. trainmaster at Field has been transferred to Vancouver, where he will retain the same position, vice Trainmaster J. M. Cameron, who has been promoted to superintendent at Moosejaw.

The Claman Playees gave two performances this week at the Edison Theatre to crowded housee. The principal feature of the company is the splendid orchestra, which gave street concerts daily. Their music was much appreciated, their playing being of a superior kind. In the many selections during the performances in the theatre, several of a descriptive nature were produred, being very realistic. Each member of the orchestra is a finished musician, and their music was some of the best ever heard in this city.

Successors to Kincaid & Anderson

The Band will play at the Roller Rink tonight. Come and bring your friends.

The lawn social last night by the Altar Society of the Roman Catholit church was a great success and well attended.

A dividend of 50c. a share on Le Roi No. 2 stock has been declared, and will be payable on July 8th. The dividend now announced makes up a total of $1,033,200 paid by the company and at 50c. a share, taking three dividends to the year, it is equal to over 20 per cent. per annum on the investment.

D. McCarthy and O. W. Abrahamson are making rapid progress on the new houses being built under their contract for A. McRae. The new houses are 22x26 and kitchen 10x16, with all modern improvements Each house contains seven rooms, and bath room, with two storeys The contractors hope to complete them in about six weeks.

The sixteen C. P. R. surveyors in charge of C. E. Beckwith, left on Monday with a complete outfit and pack train for the Big Bend, where they will conduct and carry out a location survey for the proposed Canadian Pacific railway branch through the north country. They will meet the other party whico started in recently from Beavermouth, at Canoe River.

Canada secured second place with a score of 2175 out of a possible 2400, at six ranges in the Empire Challenge trophy shooting match for teams representing different parts of the British Empire at Bisley, England. The British team came first with 2177, Canada second with 2175, Australia third with 2045, India fourth with 1773 and Singapore fifth with 1972. This is the first time that Canada has competed.

Shortly after three o'clock on Saturday afternoon an alarm of fire was turned into No. 2 fire hall. The brigade responded promptly to the call which came from the house belonging to Mrs. Maguire on Third street, the chimney being on fire. The flames were extinguished without the use of water, but the danger of the red hot soot falling down the chimney to the bottom and igniting the wood partitions which were built close up against the chimney, was so imminent that it was some time before the brigade pronounced the building safe. The wood work had been placed close up against the cleaning aperture of the chimney and consequently was in serious danger of being ignited when the hot soot fell down the chimney.

SOCIAL AND PERSONAL

Mrs. A. B. McCleneghan is visiting Mrs. Taft at Taft.

Miss Roberts, of Toronto, is visiting Mr. and Miss McVity.

Mrs. W. Tomlinson will not receive Thursday nor again till autumn.

Mr. Wm. McAdam, of Ottawa, is visiting Mr. and Mrs. Geo. Kimberly

Mrs. E. M. Allum entertained a number of friends on Monday night at bridge.

Mrs. H. Cunningham Morris will not receive (tomorrow) Thursday, July 7th.

Mrs. T. W. Bradshaw and family are spending a holiday visit at Vancouver.

Mrs. A. Hobson left Thursday on a visit to Mr. Hobson's old home at Pictou, N. S.

Sandy McRae, jr., has returned from the Columbian College to spend the summer holidays at home.

H. F. Gadsby, the editor of the Canadian edition of Colliers Weekly, is in the city today en route for the coast. Mr. Gadsby is getting data and information about conditions in the west for his journal. Colliers Weekly has a wide circulation and has done much to place Canada in her true light before the world.

Dave Woolsey, of Victoria, a former well known resident of Revelstoke is in the city. Mr. Woolsey has large interests in timber and mines in the district and is up on business in connection with the same.

Mr. G. Robinson, president of the Vancouver branch of McGill College, with his sister Miss Robinson, have been spending a few days at Inglewood, the guests of Mr. and Mrs. A. E. Miller. On Monday while the party were returning from a pleasant excursion through the canyon, after visiting Silver Tip Falls, they were much delighted by the sight of a large bear going in and out of the river.

OPEN VERDICT

Inquest Throws no Light on Mystery

The inquest on the death of the Italian F. Deuscaenza, who was found recently on a hand car on the south track in a dying condition and who was struck by a train was held last night by Deputy Coroner Dr. Sutherland. Several witnesses were called Medical evidence showed that the deceased hah been struck on the head with some blunt instrument, but not of necessity by the train. There were other bruises and marks on the bodyf The jury brought in a verdict that the deceased met his death by being struck on the head which caused a fracture to the skull, but there was no evidence to show how the blow had been caused.

POLICE COURT

James Rowe was charged by Police Magistrate Foster on Monday with being drunk and disorderly, and disturbing the inmates of a house on one of the city streets, also with entering Cowe's restaurant on Sunday forcibly. The accused admitted he was drunk. The police testifieh that he had resisted arrest. The magistrate said that such persons were undesirable for the city and fined the accused $20 and $2.50 costs, or one month in gaol.

Sinick Luigi was charged with being drunk and disorderly, and with indecent behavior on the streets, and disturbing citizens. A fine of $50 and 3.50 costs or five months imprisonment was imposed.

Two young local sports were charged yesterday with assault with intent on Captain John (Chinamen) on McKenzie Avenue on Sunday after noon. The accused assaulted the Chinaman without the least provocation and severely mauled him, both appeared to be under the influence of liquor. The case was brought up on Monday but remanded till yesterday. G. S. McCarter appeared for the Chinaman and C. E. Gillan and W. I. Briggsfor the accused. The assault was absolutely unprovoked, and the magistrate fined one of the accused $50 and $3.50 costs as well as the damages for the Chinaman and all legal expenses. The other accused, who was not so much to blame, got off with a fine of $7.50. The Chinaman who was assaulted has been here for over twenty years.

Big Orange Celebration

The Orange Parade at Kamloops on July 12th will be attended by 7,500 Orangemen. Special rates are offered as follows, covering return:

Revelstoke $3.75, Craigelachie $2.95, Notch Hill $1.55, Ducks 70c., Clanwilliam $3.50, Sicamous $2.55, Shuswap $1.15, Three Valley $3.35, Salmon Arm $2.05, Chase $1.25. Bands in uniform and children 5 years and under twelve years of age, half of above rates.

May Log Scale in B.C.

Sixty-nine million feet of logs, a record, were scaled by the provincial log scalers during the month of May.

The value of the logs scaled during May, allowing an average of $9 per thousand feet for logs, was $621,000. Never before in the history of the lumber industry in British Columbia has there been such a large monthly output. The demand for logs is good but it is stated that there are millions of feet in the water at the present time.

NOTICE OF ASSIGNMENT

NOTICE is hereby given that puruant to the "Creditors' Trust Deeds Act, 1901" and amending acts, Doyle and Allum, Limited, of the city of Revelstoke in the province of British Columbia, Merchants, did on the 27th day of June, A. D., 1910, assign all their estate, credits and effects which may be seized and sold under execution to William B. Robertson of the said City of Revelstoke, Agent, for the benefit of their creditors;

AND NOTICE is hereby given that a meeting of the creditors of the said Doyle and Allum, Limited, will be held in the office of William B. Robertson, corner Second Street and McKenzie Avenue, Revelstoke, B. C., on Saturday, the 16th day of July, A. D., 1910, at the hour of 2 o'clock in the afternoon.

All persons having any claims against the said Doyle and Allum, Limited, are required to forward particulars of the same duly verified, to the assignee at Revelstoke, B. C., on or before the 31st day of July, 1910.

AND NOTICE is hereby given that after that date, the assignee will proceed to distribute the proceeds of the estate having regard only to the claims which he shall have received notice and he will not be responsible for the assets or any part thereof so distributed to any person or persons of whose debt he shall not then have rereived notice.

Dated ae Revelstoke, B. C., this 2nd July, 1910.

Harvey, McCarter & Pinkham,
Solicitors for Assignee.

Re-built Typewriters for Sale

At immensely reduced prices, we are offering all makes of re-built standard typewriters for sale. These machines are in perfect condition, have been rebuilt in our own workshop, by the most expert workmen in the city.

The Oliver Typewriter Agency,
321 Homer Street,
Vancouver, B. C.
P. O. Box 1481.

You will find our assortment of Hosiery for this season one of the most complete we have ever shown. We have them in light weight cashmere, lisle and cotton, plain, lace and embroidered.

Fine Lisle Hose, lace or plain, in black, tan, sky, white and pink. Special price 40c. a pair or three pairs for $1.00.

Cotton Hose, black, white or tan, 20c., 25c. and 30c. per pair.

Children's Hose

We can recommend our line of good wearing hose for children as one of the best made. Our ribbed cashmere hose, with four-fold knees are guaranteed pure wool, and our customers will be satisfied with no other kind.

Fine ribbed "Princess" Hose, black and tan for girls, in all sizes from 5 to 8 1-2.

Children's Sox, lace and plain, in tan, black and white at 15c., 20c. and 25c. per pair.

THE NAZARETH WAIST for boys and girls has one feature worth mentioning—the knitted fabric is porous. After the racing and tearing around, after they become saturated with perspiration—then comes the danger of summer colds. Little holes allow the air to reach the body and absorb perspiration preventing the waist from becoming cold and damp.

It has tapes and pin tubes for supporters All sizes from 2 to 12 years.

The Nazareth Union Suit

Is three garments in one, shirt, waist and drawers. This means only one garment to wear, one to wash, one to buy. It is the lightest, coolest garment you can buy. Has all the good features of the Nazareth Waist and a lot of its own.

McLennan's

FOR GOOD GOODS.

WHEN YOU WANT

GOOD BREAD

—and you should insist upon getting the best at all times—get ours. Our reputation for good bread is not the result of chance. Our customers are satisfied that ours is the most satisfactory bread they can buy. Try it and you will become a regular customer. Our Groceries are also in keeping with our bread.
