PROGRESS CLUB DISCUSSES AFFAIRS

$2,000 for Publicity.---Pure Revelstoke Water for C. P. R. Dining Car Patrons.---Recommend Permanent Street Work from Station to Columbia Bridge.---Other Business.

The Progress Club met in regular monthly meeting Tuesday evening in the City Hall. Some thirty members were present.

President F. M. Gibson occupied the chair.

Secretary W. H. Horobin read the minutes of last meeting, and which were adopted.

COMMITTEES

"Civic Improvement" suggested a subway at the C. P. R. McKenzie ave. cossing; recommended purchase of a recreation ground; band stand by the City Council; also the pushing ahead of permanent street work. These suggestions were considered in detail.

C. P. R. SUBWAY

A. J. McDonell; I think we should defer action on this clause until the Railway C. announce their plans regarding this whole matter of the McKenzie ave. crossing.

G. S. McCarter; This crossing is a problem and especially so as it is blocked with strings of cars.

F. M. Gibson; This matter can remain over until the C. P. R. plans are out.

BAND STAND

The committee's recommendation was referred to the incoming council.

PERMANENT STREETS

A. J. McDonnell; Something should be done with the streets.

H. Manning; It has been suggested that from 3rd street to railway station and from the Y. M. C. A. to the post office be macadamised; a first-class man should be hired to supervise the work.

G. S. McCarter; The work might be done on a local improvement by-law. This club might assist by circulating a petition.

A. McRae; The road should be continued 18 feet wide right from the post office to the bridge.

J. Lyons; We thought it better to commence easily and do a portion first.

Chairman Gibson; There seems a general desire that some such work should be done.

W. M. Lawrence; This club should meet the council.

H. McKinnon; This club can get the work done on petition on a frontage tax basis. I would be pleased to see such a petition circulated.

H. Manning; The situation is complicated by the sewer system defects, some careful figuring will be needed.

J. Lyons; Permanent water pipes may be required in some places,

Chairman Gibson; A committee must do some preliminary work, obtain data re street paving. Civic committee appointed.

EXTENSION OF LIMITS

Chairman Gibson; The civic committee recommend an extension of the city limits.

A. McRae; I think the city limits should extend to the Columbia River and Illecillewaet as a starter.

Dr. Hamilton; People outside the limits pay an extra price for city conveniences they may get, but the city limits should be extended.

A. McRae; It would increase our borrowing power.

W. M. Lawrence: Have the outsiders expresssed a desire to come in.

J. Lyons; We can force them in by cutting off their water and light, but I believe they would come in as patriotic citizens of a Greater Revelstoke.

A committee of Messrs. McRae, McCarter and McKinnon were appointed to start a movement in favor of securing consent of outsiders to come into the City limits.

ASSESSMENT

A. J. MacDonnel.—The incoming Council might go into the question of equitable assessment. Our business property is all under assessed.

Industrial Committee. — Progress, Publicity Committee.—recommend a series of advertising envelopes; request $2,0000 for publicity purposes; preparation of a City map.

ADVERTISING ENVELOPES

H. McVity.—A map has been suggested, but is deemed unsuitable. It was thought that a series of views might be used for the back of our envelopes. If approved, this might be a good form of advertising. The plates might be purchased by the Club; a picture of the auto road would be a good advertisement. Committee instructed to make definite recommendations to next meeting.

$2,000 FOR ADVERTISING

The committee recommended a sum of $2,000 for advertising for 1913, a portion of which would go for the Schaffer booklet.

SCHAFFER BOOKLET

Sec. Horobin.—The proof sheets of Mrs. Schaffer's manuscript are still under consideration by the Booklet committee.

A. McRae.—If Mr. Calloway does not push the book, how far are we prepared to go in getting same out of the press.

Secretary Horobin.—We expect a reply re the booklet in a few days.

H. McVity.—The $2,000 would include all grants by the City Council for publicity purposes.

A. McRae.—The amount of $2,000 is not unreasonable.

Chairman Gibson.—There are only two ways to finance, one is to raise our Progress Club Fee and the other is to get a grant from the city.

A. McRae.—The membership might be extended by active canvass. All members should be started from 1st. of January.

H. Manning.—We shall need permanent secretaries or officers to handle the business and money.

G. S. McCarter.—I move that the City Council be asked for a grant of $1,000 for Progress Club publicity purposes.—Carried unanimously.

The matter of a map was tabled.

BUTTONS

The Button committee were requested to report regarding a button for the Club.

FINANCE

The Finance committee reported in favor of raising the membership fee; also in favor of an entertainment at an early date.

A. McRae.—We don't need to increase our dues. We should increase the membership.

Mr. McEwan.—Everyone should be invited to attend meetings and to join the Club. I have only heard of this club through the MAIL-HERALD.

G. S. McCarter.—I think anyone who takes interest in this Club, would take $2 worth.

Chairman.—A motion would be in order.

J. Lyons.—A Progress week or day night be named on which to get members for this club.

The recommendations of Finance Committee were finally received and they were requested to fyle their plans for a campaign. "Concert and Dance" Entertainment committee, per Mr. R. Gordon, chairman, reported that a concert and dance would be held on New Year's Eve, which would bring a profit to the Club.

Chairman Gibson.—A matter is before this Club, namely, the case of Mrs. Gould, which, although not strictly the business of this organization, you are all familiar with same, it is suggested the Club help out the efforts that are assisting in this case.

H. Manning.—This Mrs. Gould is really up against it financially, anything done will be purely a good-will grant, that is so far as the lodges are concerned.

R. Gordon. I move that a committee consisting of Messrs. Manning, Lyons and K. McRae look into this matter.

REVELSTOKE WATER

Dr. Hamilton.—The matter of using our celebrated pure City water in the C.P.R. dining rooms is now up to the company and our samples are before them, it is probable that "Revelstoke Water" will in the near future figure on the dining car menus:—Cheers.

ACCOUNTS

Various accounts were ordered paid,

TELEPHONE LINES

G. S. McCarter.—I suggest that as the Government are now organizing an up-to date forest fire system. the attention of the Government be drawn to the advisability of assisting in the bearing of the expense of keeping open the telephone service all through the district as an adjunct to the Forest Fire service. A motion was accordingly unanimously adopted.

HE ADVERTISED AT LAST

There was a man in our town,
And he was wondrous wise;
He swore (it was his policy)
He would not advertise.
But one sad day he advertised,
And thereby hangs a tale,
The ad. was set in quite small type
And headed "Sheriff's Sale."

CORRESPONDENCE

To the Editor of the MAIL-HERALD:

SIR.—Allow me thru the columns of your paper to call the attention of the police to the indiscriminate snowballing on the public streets by the youth of the town. I would not wish to curtail the boys in any legitimate amusement; as a boy I do not think I would compare unfavorably with any of the lads of this city in the give and take of the snowball, but one thing, however, I did not do, that is to shy at horses and teamsters, a practice most unfair and dangerous. No teamster desires to take the law into his own hands and administer well merited punishment, there is therefore all the greater need af the practice being stopped by the proper authorities. I would also suggest in a friendly spirit that the teachers in our public and high schools reiterate the laws of the school so far as they effect the conduct of the pupils in the public streets.

In the days of the Miller regime, the authority of the school governed the child from the time he left home for school until return. Modesty and courtesy are qualities easily acquired, but none the less valuable especially in our youth.

Yours truly,
W. C. CALDER.

SOME LEGAL DISABILITIES OF WOMEN IN BRITISH COLUMBIA

The Editor,
Mail-Herald
Dear Sir,

EDUCATION AND DISPOSITION OF THE CHILD

A mother has no right of possession in her legitimate child.

The father has sole authority in the education and disposition of his child, although the mother is equally responsible for its maintenance.

The father has the right to arrange by will the guardianship and education of his child (even if unborn) till it shall be 21 years of age.

MARRIAGE OF MINORS

The consent of father or guardian is necessary to the marriage of minors of either sex, under 21 years of age, but the consent of the mother is NOT necessary, if the father or guardian appointed by him consent.

A girl of 12 years or boy of 14 years may be legally married in this Province.

In the case of a deserted wife, the husband has the right to collect and use the earnings of their minor children. He may also collect and use his wife's wages, in some cases.

WIFE HAS NO PROPERTY RIGHTS

A wife is not entitled to dower in any land in the ownership of her husband. He may sell or give it a way without consulting her; EVEN TO BUY IT. He may leave her penIF THE WIFE'S MONEY HELPED niless.

THE WIDOWIS PORTION

If the husband should die without a will, the widow hae a one third interest for life in all real estate owned by him at his death. If a widow, the other half to his own people, however remote the relationship.

THE HUSBAND'S SHARE

If a wife dies leaving no will, her estate goes in like proportion to her husband and children, but if there are no children and no next-of-kin, on her side, the entire estate comes to him by law.

If an unmarried son or daughter die without a will, leaving a father mother, brothers or sisters, the father inherits all the mother nothing, unless the property came through her when she inherits a life interest in it. A minor (under 21 years) cannot legally make a will.

APPEAL TO THE GOVERNMENT

Possibly many may not have before known of the legal disabilities under which women suffer in this province. But, having read the above statement, every fairminded person will be ready to admit the uegent necessity that exists for the amendment of the laws so that childern may receive adequate protection and that women may be granted the equal rights and privileges with men to which they are entitled.

The Policital Equality League of British Columbia earnestly urges uponall those who are in sympathy with the movement to unite with them in the appeal to the Government of B. C. to pass such laws during the next session of the Legislature as will effectually remove the grievous hardships under which the wives and mothers of British Columbia have so long suffered.

WEDNESDAY, DECEMBER 11 1912

Born, at Revelstoke on December 3rd, to Mrs. J. Gould wife of the late J. Gould, twin boys.

The Editor is well aware, that the above sentence, is not the usual or even the correct opening for a newspaper editorial, the birth of twins, is variously regarded as material for vulgar jokes, or occasion for legitimate paternal pride; but in the present instance this simple announcement is a heart rending, human tragedy.

We will tell you the story, as it was vouched for when told to us.

Some four years ago there resided in Revelstoke A Canadian Pacific Railway engineer named Jack Gould, who made a home for his wife and family in this city. Like all the men who earn their bread on the footplate, Gould worried very little regarding the dangers of his chosen occupation, but one fatal day the accident happened, through the bursting of the dynamo of his engine, Jack Gould lost the sight of one eye, and as none but a perfect specimen of manhood is considered worthy food for the insatiable moloch who must take his yearly toll of the men engaged in the essential work of railway transportation in Canada, Gould, disqualified by the accident, was forced out of the service, and his $1500 compensation in his pocket had to find some other means of earning his own living and providing food and shelter for his wife and family.

So he drifted into the automobile business, where his natural mechanical ability and railway training, might be of some assistance to him in the battle of life.

Blind providence, cruel fate, or whatever other name you give to that relentless power which seems to dog the heels of some people like an evil spirit, continued to pursue him. Driving his passenger laden automobile on the Westminster road, one day last summer, Gould lost his hat. He jumped from the car to recover same, and in his absence, a friend, one of the party, and who knew something of automobile driving, took hold of the steering wheel, volunteering to drive a while, until Jack recovered his breath. Under the new driver, the car commenced to speed, Jack became somewhat alarmed, and leaned over to check the pace, at the same time suggesting that he would resume his position at the wheel Then the accident happened, the car swerved and went over, the party were flung into the road ,and when they got Gould out from under, he was dead.

The case came before court, a sympathetic judge instead of committing the careless friend to jail, decreed that he should make what amends were possible, by paying the sum of $10. weekly to the support of Gould's wife and three children, whom the accident had robbed of the breadwinner, leaving them absolutly destitute.

Shortly after the guilty friend disappeared across the border, and since which date he has never been traced, neither has he contributed a single cent in accordance with the judgment.

Mrs. Gould, heartbroken, returned to Revelstoke, where she might hope to find a few friends who had known the family before their misfortunes, and a couple of weeks ago, whilst the neighbors took charge of the eldest children, she bore her dead husband two sons, making two more hungry mouths to be fed from the same scantily provided table as had already proved over crowded with only the original three.

At present the Hospital is providing for Mrs. Gould and her two babies, whilst friends find homes for the other children, but these are only temporary measures, and will have to be supplemented.

The Brotherhood of Locomotive Engineers, and the Oddfellows Lodge, with which organizations deceased was one time connected, have generously decided, to make some contribution to a fund in aid of this worthy localcause, and a movement is on foot for the opening of a subcription list to be circulated among the citizens.

It is proposed that the proceeds of such a subscription should be handed in to a committee of say three prominent local gentlemen, who would apply same to the best advantage in the interests of Mrs. Gould and her fatherless children, and that the presentation should be made in the form of a Xmas offering from the citizens of Revelstoke, if such an arrangement is adhered to, there will be no expences or rakeoffs connected with the gift, every cent contributed will reach the hands of and directly benefit the family for whom same is intended.

"Charity begins at home," and the editor of this paper believes if such a gift as described, could be made to the wife and family of our late citizen, it would be in real accord with the spirit of the approaching Christmas, blessing alike those who receive and those who give.

HIGH SCHOOL COMMENCEMENT EXERCISES

The Empress Theatre last Friday night was according to those present, the scene of the very finest concert of the season, when the High School held their commencement exercises Elocutionary and Orator Contests.

There are in all seven medals connected with the High School. There are Governor General's for highest Entrance standing won this year by Miss Marjorie Fleetham; Dr. Hamilton gold medal for entranse mathematic won by Luther Blackberg; Mr. Guy Barder's bronze for junior preliminery grade won by Miss Lucy Brock, a silver medal donated by Rev. C. A. Procnoler for advanced junior grade won by Miss K. Simmonds, a gold given by Mr. A. McRae and won by Fred Fraser, highest in junior Matriculation, Mr. H. N. Coursier's gold medal for Oratory won last Friday night by Henry Johson, and a gold medal, donated by Dr. McLean, whose name was unfortunately ommitted by the chairman last Friday night, and won by Miss Bertha Daniels

The contests in elocution and oratory were sharply contested, nothing but the highest praise is to be heard on every side for everyone. The choruses by the school at the beginning and end of the programme were works of art, and deserve more commendation that space will permit.

The best feature of the programme however, was the trial scene from the Merchant of Venice, put on by the staff and pupils of the school. The part of the play leading up to the trial scene was ably synopsised by Mr. Barker B. A., but the Trial scene itself beautifully costumed and staged, thoroughly studied and rehearsed, should have been seen to be properly appreciated each and everyone deserve a paragraph but the packed house are giving them today the praise that is rightly due.

The students through this, have got a deeper, finer grasp of Shakespere than they could get in any other way the gymnastics shewed another and important side in school life, and were simply splendid, as was also the singing and recitation of others not in the contest. ...

...Mr. Manning, as chairman, worthily upheld the dignity of the school board under especially trying circumstances, since he was unable to call on the donors of many of the meaals to give their rewards, the medals having been unfortunately delayed.

The High School wishes to tender thru these columns, their appreciation and thanks to Mr. Manning, and thru him to the school board for their co operation; to Miss Hyatt for her assistance as accompanyist and promptor; to the donors of the medals for their kindness, the judges for their thoughtfulness and trouble; and to the citizens of Revelstoke for this kind patronage.

Y. M. C. A. NOTES

There will be no Basketball tonight, as tonights game was played on Monday last.

The game was a lively one from start to finish, the Smokes were a trifle heavy for some of the Pirates, but in spite of the handicap the Pirates came off victorious.

These games are becoming interesting as the series continues.

Things are moveing along nicely in the Gym. classes, theGym will have to be extended if many more railroad men take advantage of the afternoon class and swim.

On Saturday last a free.for-all-day was held in the Gym, there were 40 boys present besides the members making a total of 58 boys on the floor at the same time, the boys greatly enjoy these classes, and look forward to them as soon as one is over. One boy asked the Phsical Director as he was going down stairs when he could come again.

NEW BOWLING LEAGUE

All those wishing to howl in the new league, send their names to the secretary of the bowling league, Mr. Cowan. All entries must be in by the 20th of Dec. as a schedule will have to be drawn up in time to start in on Jan. 8th 1913.

BILLARD TOURNAMENT

It is the intention of the staff to start a billard tournament after New Years. A meeting is called for on Monday evening at 8, o'clock.

BIBLE CLASS

The boys Bible class is going along nicely, there are 23 on the roll with an attendance of 17 every Sunday, Any boy in the Tity whose age runs from 10 to 15 may become a member of this class whether Y.M.C.A. on not. This is a good class for boys who wish to spend a good three quarters of an hour studying some of the Old Testament characters. We take a new one every Sunday. Next Sunday the study is; The General who captured the promised land; The Sunday following the study is; The Conqueror who would not be King, these lessons are full of good live points for boys. This class starts at 10 o'clock sharp, and stops at 1045 sharp to enable any who wish to go to church to do so. ...

NEW YEARS DAY

Say are you keeping New Years day clear for the Snowflake Minstrels who are coming to the Y.M.C.A. to give one of the best concerts ever given in this line. Now the Y.M.C.A. is noted for its great things, so let this suffice. Be wise as Owls and keep this date clear.

LIST OF WINNERS AT VERNON, B. C.

The Vernon and District Poultry Show, held December 3-4 and 5 was a decided success both in the number of entries aggregating about 600 and in the quality of the stock shown. There were seven Revelstoke exhibitors all of whom did well in their respective classes as will be seen by the list of prizes taken.

In the Barred Plymouth Rock class the competition was strong but Revelstokeis two exhibitors were well up in the winnings, John Shaw carried away the $10.00 special awarded for the best Cock, Hen, Cockerel and pullet having a close second in W. R. Moore of Okanagan Landing R. M. Smythe took the specials for the White Plymouth Rocks.

In Buff Orpingtons F. P. Creech met strong competition but managed to get a place in the list of winners In S. L. Wyandottes and Rhode Island Reds, F. Fleetham did well taking the Rhode Island Red special.

For the Hudon's Bay special Challenge cup there were three pens picked out to compete for the best pen of 1912 hatch. One of these was F. W. Laing's pullet pen which however did not win out as W. R. Moore of Okanagan Landing with Barred Rocks took the award.

H. Seigfred with Rhode Island Reds and W. H. Horrobin with Brown Leghorns also found places on the award list, so that Revelstoke was rightly considered as having sent down a very creditable display.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each applicant must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion Lands.

W. W. CORY,

Deputy Minister of the Interior

And thereby hangs a tale,
The ad. was set in quite small type
And headed "Sheriff's Sale."

Advises Women to Drink Whisky

Pasadenal Cal., Dec., 5.—Pasadena club women today are studing the after effects of a pure food luncheon served by Dr. Mergaret Goettler at the Shakespeare Club, in which candy made of bran and coffee from bananas were typical dellcacies. Dr. Goettler also advised clubwomen to stop coffee with milk and sugar and to take wkisky as it is less injurious.

"We food reformers have been called goats because we use the tops of beets and celery and such vegetables said Dr. Goettler, "but I would rather be a healthy goat than a sick women."

Rebellion Hero Dies

Edmonton, Alta., Dec. 5—Joseph Turner, famous as a long distance courier in territorial days, who brought the first news og the outbreak of the Riel rebellion, in 1885, to the barracks of the Royal North West Mounted Police at Fort Saskatchewan, 18 miles northeast of here, has crossed the Great Divide. The burial services were attended by, mounted policemen and townsfik and settlers for miles around. Turner carried the dispatches overland and sank exhausted on the floor when he reached the barracks. He was revived and cared for by the men at the post and invited to rest a day or two before returning to the front. His visit extended to years and he settled near the fort, remaining until called to undertake the longr journey into the unknown land, from which he will not return.

Black Fighter Wins Again

CHICGO, Dec. 4.—Jack Johnson, negro puglist this afternoon, married Miss Lucille Cameron, the 19 year old girl of Minneapolis, who recently appeared as a witness against him before the federal grand jury, which returned indictments charging him with violations of the mann act.

The ceremony was preformed at the home of Johnson's aged mother on the South Side, by H. A. Roberts, a negro preacher, in the presence of a dozon colored people and several newspapers reporters.

Miss Cameron wore a grey suit of shepherd plaid and a large picture hat with purple plumes. Johnson had a suit of the same material especialy made for the occasion.

A curous crowd of nearly a thousand men wemen gathered outside the house, and a squad of police was kept busy maintaining order.

Forest Reserves

The Chief Forester of the Province announced recently the earnest desire of the Forest Branch in Victoria, to assist those who require information on any phase of the forest industry.

Russia began a forest policy in 1615 and had forest reserves in 1687. She possesses today the greatest store of timber in the world.

One forest in France pays over 20 million dollars annually. Such a thing as afire, is of course, unknown.

There is a town in Europe whose citizens receive a dividend over and above the municipal expenses. Wise use of the surrounding forest has made it a permenent and growing revenue-producer.

France has spent over 40 million dollars in an endeavor to prevent the erosion of the soil from mountains whose slopes have been denuded of timber through forest fires.

The forest industry had a value to British Columbia in 1911 of $28,000,000-almost equivalent to the value of the foodstuffs produced and imported

H. R. MacMillan Chief Forester of the Province has established a bureau of information in the Forest Branch Victoria, from which statistics etc. regarding the forest and forest industries may be had.

The Naval Bill

Ottawa, Dec. 5.—The naval bill as introduced in parliament this afternoon by by Premier Borden is as follows:

An act to authorize measures for increasing the effective naval forces of the empire.

His majesty, by and with the advice and consent of the senate and house of commons of Canada, enacts as follows:

1. From and out of the consolidated revenue fund of Canada there may be paid and applied a sum not exceeding $35,000,000, for the purpose of immediately increasing the effective naval forces of the empire.

2. The said sum shall be used and applied under the direction of the governor in council in the construction and equipment of battleships or armored cruisers of the most modern and powerful type!

3. The said ships when constructed and equipped shall be placed by the governor in council at the disposal of his majesty for the common defence of the empire.

4. The said sum small be paid, used and applied and the said ships shall be constructed and placed at the disposal of his majesty subject to such terms, conditions and arrangements as may be agreed upon between the governor in council and his majesty government.

CITY COUNCIL

City Council met in the City Hall on Friday evening, Mayor Sutherland occupied the chair; present aldermen Barber, Howson, McKinnon, Bourne, Abrahamson, McSorley..

Minutes of last meeting adopted as read.

"COMMUNICATIONS"

Various letters were ordered answerd or fyled

Fire Brigade No. 1 asked assistence in the lighting of the Hall on occasion of the annual Ball. Mayor Sutherland; referred to W. & L. committee with power to act.

A letter from the Vancouver Conservative Association "expressing their appreciation of the manner in which they had been welcomed by the City during the recent convention" was ordered acknowleged and fyled.

PETITIONS

A petition from the citzens supporting the proposed Bye Law re the closing of Bar Rooms at 11.00 p. m., on week days, was received.

NOTICE OF BYELAW

Ald. Abrahamson gave notice that at the next meeting of the Council he will propose the following amendment to the Liquor Byelaw.

BARTENDERS PERMIT

No person being the holder of a hotel license from the City of Revelstoke shall at any time permit any liquors to be sold on his licensed premises on his behalf by any person who is not the holder in his own name of a written permit signed by the chairman of the Board of licensing Commissioners of the City certifying that the holder of such permit is a fit and proper person to be employed in such work"

SEWERS

A Bye Law re-adjusting the assessment for sewer tax and emproving City clerk Lawson to prepare the schedule was passed. R. Howson moved an amendment to the liquor Bye-Law calling for the closing of Bar Rooms from 11.00 p. m. to 6 a. m..

Ald. Howson; This amendment to our City Bye-Laws has been before previous Councils, I believe same to be in the best interests of the City, supported by a majority of our citizens. It is in line with the practice of all progressive cities, I believe this bye-law should be considered by this Council, weare a representative business body and I consider likely to deal with same in a broadminded manner.

Mayor Sutherland; This is worthy of serious consideration; in the absence of a seconder the motion is fyled.

FINANCES

The finance committee submitted their report and the accounts were ordered paid.

Meeting adjourned at 10.00 p. m.

CORRESPONDENCE

The Editor, Ib
Mail-Herald

Dear Sir,

In your issue of the 4th inst. you published a letter from Mr. J. H. Johnson of Malakwa expressing the indignation of the resideots of that valley over the report published in some of the coast newspapers about the new road from Revelstoke to Armstrong.

Were the report, as interpreted by Mr, Johnson and his fellow Citizens, correct, their indignation would be fully justified, but I am pleased to be able to state that the intention to cut off the Towns of Sicamous, Salqua, Bowie, Malakwa, Craigellachie, Taft and Mitlikin was not expressed by the meeting of our small delegation with Mr. Foster at the time the matter was discussed with him.

The question was brought up by one or two of the delegates as to how it would effect the road through these points and it was answered to the effect that the building of this road as first intended through that District would be continued.

As Mr. Johnson and the settlers Progress Club some time ago passed through the District are aware, our strong resolutions recommending the speedy construction of the road through their District, as well as a telephone connection with our City, it is not surprising that they would take exception to the report that appeared in the coast papers, but I am happy to say that the resolutions as then passed still receive the hearty support of the members of both our Progress Club and Board of Trade and theconstruction of this road will be urged upon the Government as strongly as ever, as we realize it is greatly to our interests here as theirs that this road should be built with aslittle delay as possible.

The question of the Mabel Lake road was something altogether aside from the main idea of a road through Malakwa and District!

It was thought, when the question was discussed, that the Mabel Lake road would be easy to build and that a quick connection would be made with the country through which it would run and thus afford the settlers in that District a means of transportation to our City, which it now lacks, and would also afford a scenic route for Tourists by automobile and thus from a link with the Okanagan valley offering an inducement for Tourists to visit our City and take advantage of the attraction of our new road up Mount Revelstoke

I might add that this matter was discussed at the meeting of our Board of Trade on Thursday evening last and I was instructed to assure the settlers of Malakwa District that we have the interests of their District at heart and that they can rely on our strongest support in the speedy opening up of communication by road with our City and to express our regret that the report appearing in the newspapers should have lead to any misunderstanding as to our intentions.

Yours Faithfully,
H. H. McVity
Secretary of the Revelstoke Board of Trade.

Why Don't Worry

LONDON, Dec. 5.—Are men too lazy, too comfortable, or too nervous to marry?

Bachelors are increasing in numbers in London, weddings are becoming scarcer, and mothers with marriageable dauthers are unhappy.

"I wish clubs and flats could be swept away," says a well known woman writer.

"Young men nowadays are made al together too comfortable at their flats and at their clubs to make them seek the companionship of a wife.

"They no longer regard home life as something to be desired. They *shirk the responsibility of marriage* because they are becoming more and more domesticated or because they *can now easily* get maid servants and general servants to do a little housework.

WIFE AN ENCUMBRANCE

"Indeed, the comforts of modern life to make a man regard a wife as an encumbrance rather than as a companion and helpmate."

Why do men prefer a bachelor life?

In seeking an answer to this question all sorts and conditions of men have been asked, "Why are you a bachelor?"

Mr. Arthhr Bertram (the well known London theatrical manager) said: "My life the theatrical world has been so strenuous that realy I have not had time to do any courting"

"And apart from that I have not yet met any lady who could supplant the intense love I have for my mother. The love (bear my mother is sacred. She is ever my first consideration—in happiness and in sorrow. If I ever do marry I shall try and ovoid the sort of thing which led Fergus Hume to write these lines.

"The boy who never caused his mother a single pang is saving it for his wife."

NO TIME FOR COURTING

Mr. Tom Gallon, the well known auther, was very brief. He said:

"I have not had time to be anything else."

Mr. Louis Zangwill, the auther, and brother of Mr. Israel Zangwill, said:

"I don't think I have ever fallen in love. But when I do fall in love I shall certainly try to marry the lady of my affections not before.

"The story of my love affair, however, will have to be so very perfect that there is very little chance of its ever being realized.

"Besides, it is hardly possible to fall in love with the modern woman. No doubt she is splendid for her own seperate purposes, but the glamor has evaported, and she quite fails to exercise any spell of enchantment.

MODERN WOMEN NOT SUITABLE

"Her atmosphere is rather of smoke, and smoke I never could endure. In any case (if I may judge from the many columns she has contributed to the press these last months) the whole trend and coloring of her mind are growing ever more and more incompatible with 'double harness.'

"It is, therefore, just as well that some of us appeal to her as little as she appeals to us."

Here is the opinion of Mr. Horace Wyndham, the librarian at the Author's Club:

"I have seen Mr. Bernard Shaw's play, 'Getting Married,' and I regard it as an awful warning to those who have designs on matrimony.

"I am doubtful, too, whether married men make the best husbands. All women should be married, but no men. Then I doubt also whether any woman would like to marry me for myself alone."

"A married man is a man who has loved one woman; a bachelor is a man who loves every woman," said Mr. Harold J. Brahmley, a prominent member of the Emerson Club.

"I am a bachelor and a lover of variety," he added.

VANCOUVER, B. C.,

DEAR FRIEND:

I heard that an Agent of the Domestic Utilities Co. is in your city demonstrating the use of the Vacuum Clothes Washer. As you know my husband is an engineer and he gets his clothes dreadfully dirty. I find after using different kinds of soap and washing compounds so highly advertised that nothing works so well and quickly to get them perfectly clean as the Vacuum Clothes Washer, and I recommend you to get one as it will lighten your work 20 per cent. If you have any friends interested you might tell them the great success I have had.

I remain, Your Sincere Friend,
E. A.

SALE OF CROWN TIMBER.

Sealed Tenders will be received by the Minister of Lands not later than noon on the 3rd day of March, 1913, for the purchase of licenses Nos. X1, X2, to cut timber estimated at 1,720,000 feet, 520,000 feet, and 310,000 feet B-M respectively, together with 8,000 railway ties and poles from Crown land adjoining Adams Lake, Kamloops District.

Particulars of Chief Forester, Victoria, B.C. 1st iss. N.30 3m.

Notice to Contractors

SEALED TENDERS superscribed "Tender for Motor Launches," will be received by the Hon. the Minister of Public Works up to 12 o'clock noon of Monday, 23 d day of December, 1912 for the construction of two 25-foot motor launches.

Intending bidders will give full description of the hull, engine, etc.

Delivery: One launch at Arrowhead; the other at Nelson.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Hon. the Minister of Public Works, for a sum equivalent to ten per cent. of the amount of the tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed by the actual signature of the tenderer, and enclosed in the envelope furnished.

Forms of tender can be obtained from the Government Agents at Vancouver, New Westminster, Revelstoke and Nelson, and the Department of Public Works, Victoria.

The lowest or any tender not necessarily accepted.

J. E. GRIFFITH,
Public Works Engineer.

Attack Women's Political Union

GLASGOW, Dec. 5.—Hundereds of organized students of Glasgow university went to the headquarters of the Women's Social and Political Union today and completely wrecked the offices.

The attack was the outcome of suffragette interruptions during the installation of Augustine Birrel, chief secretary for Ireland, as lord rector of Glasgow aniversity.

Wild scenes followed the wrecking operations, finlly culminating in a riot, which was subdued only by baton charges by the police.

WINDOWS SMASHED

After smashing in the front windows of the women's headquarters with stones the students rushed in, disregarding the cries of "Cowards" from the three women left in charge of the place. They demolished the interior and destroyed everything they could lay their hands on.

One student, seizing a suffrage banner, marched out through the wrecked front of the buildings leading a howling mob to meet the attack of the police. A lively battle ensued, and finally the police drew their datons and charged. They arrested a student, but his comrades fell upon the police in an effort to rescue aim.

RELEASED ON BAIL

The fight was waged up and down the streets, but the best the police could do was to hold their prisoner and capture one of the rescuing party Later, two other students were taken into custody, but all were liberated on bail.

The installation ceremonies at the university were carried out, but ten women weire ejected during their progress.

Watch McFarland's window from now to Xmas.

A Daring Hold-Up

A train hold-up that for boldness has never been equalled in Vancouver was perpetrated last night just as the Canadian Pacific Railway's trans continental passenger train, leaving Vancouver at 7:45 p. m., was passing out of the city limits.

A single bandit, disguised by a black mask, boarded the train as it was passing the B. C. Sugar Refinery at the foot of Vernon Drive, entered the Pullman car, and at the point of a revolver forced the passengers and the Pullman conductor to pass over their money and valuables. The man dropped off the train just before it arrived at Barnet, a short distance beyond Hastings.

The total loss was $308 in bills, two watches and one chain, one diamond ring and two English sovereigns amounting to about $10. The conductor contributed $30 of the $308.

At an early hour this morning the robber had not been captured.

The train just creeping out of the local yards, was moving past the Sugar Refinery when the Pullman car passengers, busy with the problem of disposing of their baggage in convenient places for the journey east, stared in astonishment when the rear opened, the tall bandit cafmly stepped inside, closed the door behind him and glanced down the alle over the ghnting barrel of the revolver he held in a steady grip.

One ar two women screamed, but the bandit reassured them as he started working along the car, swiftly but cooly examining the the hand satchels of the women and going through the pockets of the men. The conductor of the car contributed his share, $30, and as the train sped along the shores of the inlet the passengers one by one were forced to hand over most of what they had. Practically all of them were carrying a fairly large amount of expense money for the journey, and little of it was overlooked.

Nobody in the car escaped; everybody was mane to contribute to the "collection." As the train slowed up in approaching Barnet the bandit finished his task, backed out the door and then dropped from sight.

Late last night the following description of the bandit was given out Very tall and thin, with a thin, sunken face; black hair. He was clad in a long, black overcoat and wore a light grey slouch hat.

An Interesting Case

Vancouver, Nov. 30.—Judgment of Chief Justice Hunter against Dr. Burris, of Kamloops, for $800 damages in an action brought by Mr. Noakes, of Victoria, was upheld by the Court of Appeal yesterday afternoon.

The plaintiff in the action, which was tried at Victoria in June of this year, stated that he had been taken to Kamloops hospital suffering from a broken leg. Dr. Burris treated him there, but a disagreement arose between the doctor and the patient over the treatment, which led to Dr. Burris being dismissed as the plaintiff's physician. On being informed of his dismissal, Dr. Burris, it was alleged, told plaintiff that he would have to get out of the hospital and that he (Dr. Burris) would see that he would not get another doctor in Kamloops to attend him.

Under the circumstances, Mr. Noakes said he felt he must leave Kamloops at once, and although unfit to travel, left for Victoria to obtain surgical treatment and have the leg newly set. After leaving the hospital he brought action against Dr. Burris and got judgment for $800 and costs. Dr. Burris' defence was that the words had been spoken in the heat of the moment and without any serious intention of carring out his threat.

After reviewing the evidence, their lordships upheld the trial judge. Mr. Fulton, K. C., of Victoria, appeared for the appellant, and Mr. C. M. Woodworth for the respondent.
