CENTRAL CONSERVATIVE ASS'N. SUPPORT GREEN FOR MINISTER

Enthusiastic Meeting Endorse R. F. Green for New Portfolio for Minister of Mines.---Arrangements for Great Convention

At one of the largest and most enthusiastic meetings of the Organization ever held in this district, The Central Conservative Association of Revelstoke district, in session at Arrowhead today, passed resolutions urging upon the Federal government the need for the creation of a portfolio of mines and the appointment of R. F. Green, M.P. for Kootenay, to the position.

Following is the resolution unanimously passed, moved by J.H. Armstrong of Revelstoke and seconded by W. R. Reid of Arrowhead.

That whereas the mining industry has become one of the most important in the Dominion and the said industry has shown a steady growth in the past few years,

And whereas the growth and development of the whole mining industry for the Dominion of Canada can be materially aided by a greater attention being paid to the requirements and possibilities of the industry,

And whereas the control of matters relating to the mining industry are at present under the control of a minister of another department,

And whereas judging from past experience in British Columbia the industry would be stimulated were the questions relating to the protection and development of the industry, in the hands of a special minister at liberty to devote his whole attention thereto,

Therefore, be it resolved, that in the opinion of this meeting of delegates from all over the riding, the time has arrived when the economic importance of the mining industry, and its safe and proper control demand the creation of a portfolio of Minister of Mines for the Dominion of Canada,

And be it further resolved that in the opinion of this meeting there is no more fitting person to fill the position of Minister of Mines, should such a portfolio be created than R. F. Green, M.P. for Kootenay, whose former position as Minister of Mines in the Provincial Cabinet of British Columbia, as well as his twenty years residence in this province and his intimate connection during that time with the mining industry, eminently fits him for the position.

And be it further resolved that a copy of these resolutions be forwarded to the Right Hon. R. L. Borden, K.C., M.P., and spread upon the minutes of this meeting.

At this meeting several other matters of importance were discussed and delegates elected, to represent the association at the B. C. Convention to be held in Revelstoke, October 24th, and 25th.

CONSERVATIVE CONVENTION.

The Revelstoke and District Association, upon whose members will fall the heat and burden of the days of the great convention timed for this city on October 24th and 25th, report that they are making rapid progress in connection with the arrangements for catering to the delegates and visitors to our city the days the convention will be in session

The convention will commence their labors on the 24th at 10 a.m., in the opera house, which will be specially decorated for the occasion.

Notification has been received by the Reception committee that fifty delegates will be in attendance from Vancouver alone, including the solid five, and representatives from points as far off as Atlin and Skeena have also signified their intention of being on hand when the chairman's hammer calls the meeting to time on the morning of the 24th.

Exclusive of the officers and Dominion members who will grace the convention with their presence, seats will be provided for 420 delegates to the business sessions.

Mr. John B. Williamson, General Provincial Secretary of the Conservative Associations, states that "in all probability this year's convention will eclipse all its predecessors for size and enthusiasm. Sir Richard McBride at least two ministers from the Dominion cabinet, several prominent members of parliament, as well as members of the legislature assembly will be present. Fully five hundred are expected to be seated on the floor of the convention. These numbers will include the 420 regular accredited delegates, and ex-officio members."

It is intended to entertain the delegates at a complimentary banquet, which will take place in the Y.M.C.A. banqueting hall on the evening of the 24th October.

The decision of this, the most important gathering of the year in our province, to hold their convention in Revelstoke, is a recognition of the central geographical location of Revelstoke and its claims as a convention city. Our civic officials, public bodies, merchants and citizens should do all in their power to render the occasion a red letter mark in the calendar of Revelstoke, by suitably decorating their premises, and uniting to give our prominent visitors a Royal and Appropriate Welcome.

PORT OF REVELSTOKE IS A LIVE ISSUE

Dominion Government Surveyors Working Along Columbia River.---Authorities Vote Millions to Open Up World's Seventh River to Navigation.

About two years ago an appropriation of $35,000 was made by the Dominion government for the purpose of adequately equipping a selected survey pary to take the field in British Columbia, and make a thorough investigation topographical and hydrographic, as to the possibilities of the Columbia river as a commercial waterway from Revelstoke to the International Boundary line. The United States were also very liberal in their appropriations, and following the results of similar surveys on their side of the line, estimates of several millions for actual improvement of waterway operations have been voted by the National Treasury, to be expended between Portland and the Dalles, the latter point being a fresh water port on the Columbia river close to the Boundary line and from whence considerable river shipping is already being successfully conducted.

Captain Armstrong, one of the most competent and widely experienced surveyors in the service of the Dominion, is at present in the vicinity of Revelstoke under instructions from Ottawa to go ahead with this important work. With Mr. Armstrong are several old timers of Revelstoke well acquainted with the Big Bend District, and every confidence is expressed that the results of their labors will demonstrate to the Dominion government the importance, feasibility and absolute necessity of opening up this national waterway from the Transcontinental mainline of the C. P.R. at Revelstoke to the International Boundary.

It may be of interest to remind our readers, that the Columbia river was adopted as a feasible route for wheat shipments destined for world markets via Panama, at the recent great Panama Canal convention held in Calgary some two months ago.

The Columbia is the world's seventh largest river, it flows from the foot of the mighty Rockys, by the shortest route in a gentle slope to a great ice free Pacific port at Portland, Oregon, and would provide an outlet fed by two short railway routes via the Crows Nest and the main line of the C.P.R., converging at Revelstoke, for the lumber of this district, and the untold millions of bushels of Canadian wheat hung up in Western Canada for lack of transportation facilities.

The Columbia River Grain Route is a natural highway, providing the cheapest possible transport from the prairie to the coast for all classes of bulky shipments, it is on the map by virtue of the bounty of nature, and this great river highway will shortly have to be seriously reckoned with as a competing factor in the transportation situation of the West.

Wedding Bells

The home of Mrs. Barbara Livingston was the scene of a very pretty wedding on Tuesday, when her youngest daughter, Jean, was united in marriage to Mr. Asa Archibald, of Vancouver.

The ceremony was performed by Rev. E. J. Chave, pastor of the Baptist church in the presence of the immediate friends of the family.

At 12 noon, the bride entered the parlor on the arm of her brother-in-law, Mr. Andrew Jones. She looked exceedingly pretty in a gown of white dotted ninon with satin and crystal trimmings, and carried a bouquet of white roses. She was attended by Miss Ida Crowe, a friend of the brides from her former home, who wore a gown of Nile green mull with ribbon and lace trimmings, with boquet of of pink carnations. The groom was supported by Mr. Omer Jones of Revelstoke.

The house was tastefully decorated for the occasion with ferns, potted plants and cut flowers. The bridal party standing by a bank of ferns, while the dinning room decorations were carried out in pink and white.

Both bride and groom formerly belonged to Truro, Nova Scotia, where as boy and girl the friendship began which today ended in their pretty wedding.

After the ceremony a dainty lunch was served, after which the happy couple amid showers of rice, confette and the best wishes of many friends left for Victoria and Seattle, returning to Vancouver where they will in future make their home.

The bride's going away suit was of navy serge with large picture hat of black and white beauer

The groom's gift to the bride was a gold watch and fob, to the bridesmaid a crescent of pearls and to the groomsman a pearl tie pin.

WEDNESDAY, OCTOBER 16, 1912

As our readers will see for themselves, when reading the resolutions unanimously passed at Arrowhead as published elsewnere in this issue, the Central Conservative Association of this dictrict, have gone on record as adding their unanimous recommendation to the proposals of the Nelson Convention of the Associated Boards of Trade of Eastern B.C., and other organizations, supporting the appointment of Mr. R. F. Green to the Portfolio of Minister of Mines in the Dominion Cabinet.

It is not necessary for the editor of this paper to reiterate the opinion regarding this matter which we expressed on former occasions. The voice of public opinion has given evidence, that our respected member, is the proper man for this position, and there is ample proof that not only the mining industry of Kootenay, which is the greatest mineral producing district west of the great lakes, but also the business and commercial interests of the province are unanimous in support of such an appointment.

It is significant that the name of Mr. R. F. Green is the only one seriously mentioned in connection with this portfolio, so far as Western Canada is concerned. We understand that the opportunity to pay a graceful compliment to the mining industry of the West by naming a Western member for the new portfolio, will not be overlooked by the Premier at Ottawa and if this view of the situation is correct, then by virtue of long residence, intelligent interest in and thorough acquaintance with the industry in connection with which the new cabinet minister is to be created there is no candidate for the office whose fitness and claims are worthy of mention, alongside our member Mr. R. F. Green, representing the great mining constituency of "Kootenay" in the Dominion House.

To Put Company on Sound Basis

London, Oct. 16—Sir William Plender, receiver and manager of the Dominion Saw Mills Limited, a British Columbia company, had an eager body of depenture holders before him this morning when his scheme of reconstruction was considered again. He said that the company's acreage contained approximately three million ft. of merchantable standing timber, but the margin of profit was very small. Stocks which were left over last season were badly graded.

Certain American manufacturers continued to dump lumber into Canada at low figures but the courts now hold that some classes of this were liable to an ad valorem duty. When his representative visited the undertaking last year he found disorganization and lack of proper supervision. It was estimated that the net profit this year would be $100,000 compared with a previous loss of probably over that sum.

Plender, however, thought it unlikely that they would be able to pay more than a part of the debenture interest for a few years and in the best interests of the company it might be advantageous to withhold any interest for a term of five years when by careful management the company might be put on a sound financial basis. Inquiries were being actively pursued in Canada to secure a body of directors there which would command confidence.

Loud applause greeted a shareholders assertion that the late London directorate was absolutely incapable and the company's solicitor said that the futility of trying to manage a British Columbia business from London had been amply demonstrated.

The scheme of reconstruction was approved unanimously.

Important Announcement

Thanks to the energy and enterprise of Mr. W. A. Smythe, proprietor of the Empress and Star theatres of this city, patrons of these houses will this fall and winter have an opportunity to enjoy a series of high class vaudeville attractions, which will be presented in conjunction with up-to-date motion pictures in the Empress theatre.

For some time past Mr. Smythe has been of opinion that Revelstoke could support permanent vaudeville, and he has embarked upon a venture which will bring to this city the foremost stars of Western vaudeville travelling from Spokane and Calgary to Vancouver, who will break their journey to show the citizens of Revelstoke.

These star turns will be put on every evening, consisting of a single and double act from Monday to Wednesdays, new artists taking up the program from Thursday to Saturday, providing for continuous performances performances, and entire changes of attractions each evening.

A very large outlay is involved in presenting these turns, and if the citizens will give them the support to which they are entitled, this will be the commencement of developments which will place Revelstoke on the recognised vaudeville circuit in the West.

MARRIED

ARCHIBALD-LIVINGSTONE—At the home of Mrs. B. A. Livingstone, on Fourth street, Revelstoke, B.C., on Tuesday, October 15th, 1912, by the Rev. E. J. Chave, Asa J. Archibald of Vancouver, B.C., to Jean S. Livingstone of this city. Mr. and Mrs. Archibald left on the afternoon train for a tour of the coast cities after which they will make their home in Vancouver.

At the sessions of the Canadian Highways association in Winnipeg, it came to light that the association had been victimized to the extent of $1,000 by H. Maxwell Clark, who had been engaged by the organization to secure members and collect dues, but who was later dismissed from the service.

Ladies Tailoring, we are now prepared to fill all orders on short notice.—Cressman & Co.

Conservatives Name Delegates

Resolutions which will be presented by delegates from the Nelson Conservative convention at Revelstoke on Oct. 24 and 25 will ask for the appointment of a separate minister of mines and suggest R.F. Green, member for Kootenay, for the position, for the extension of rural telepaones by the federa, government in districts where they are needed; for an import duty on rough lumber; for adequate protection against the dumping of American fruit, for the appointment of a federal royal commission to investigate the high cost of living; for an amendment to the provincial liquor act which would provide for the identification by hoteimen of interdicted men; for the early appointment of the provincial agricultural commission to investigate marketing conditions for farm produce and for the appointment of apermanent commissioner or freight, express, telegraph and telephone rates, to assist in obtaining equitable rates and to secure observance by public service companies of the terms of their charters and the regulations governing the carrying on of the enterprises.

DELEGATES NAMED.

Drafts of resolutions on these subjects were passed at a meeting of the associations last night when the delegates appointed to attend the convention were:

D.J. Robertson, J. A. Montgomery, Phil Wade, George Ferguson, William Irvine, F.A. Starkey, C. F. McHardy W. G. Foster, C. A. Waterman, Ald. Gleazer.

Alternates are:—H. H. Johnston, J. E. Annable, William Gosnell, C.R. Walker, Dr. L. E. Borden, Hugh W. Robertson.

W. R. McLean, M.P.P., was in the chair, in the absence of the president and vice-president.

The resolution on telephones asks for the extension with the least possible delay of telephone facilities in parts of the province now suffering from the lack thereof Special attention is called to the need for telephones in districts were communication is most difficult in the winter.

Investigation into the cost of production and prices to the consumer of fuel and staple articles of food is urged in the resolution asking the Dominion government to appoint a commission to enquire into the high cost of living.

That the provincial liquor act as at present constituted works a grave injustice on licensed victualers as no provision is made for the indentification by the hotel keeper of interdicted persons is declared in the resolution asking that this condition be remedied.

Mr. Green's residence of 25 years in British Columbia, his experience as provincial minister of mines and as minister of works and his position as member for the largest and most important mining district in Canada are referred to in the resolution recommending him for the position of minister of mines.

CLAUSE INEFFECTIVE.

During the discussion on the resolution asking for adequate protection for Canadian fruit by the placing of increased duties on the American fruit it was explained that the "dumping" clause in the customs act was not effective with regard to perishable fruits as the standard of prices was variable and regulated by local conditions. That American apples were recently sold in Winnipeg at a price which gave the grower only 13 cents a box, that the American fruit was better packed and contained more weight to the box than the Canadian product and that the greatest difficulty with which British Columbia growers had to contend was in marketing the produce, on account of the better organization and the lower freight rates south of the line were contentions made by different speakers.

Novel Experience

The following appeared in the Vancouver Sun, and will be of interest to local hunters:

Revelstoke, Oct. 11—Messrs. Alex. Grant and Hart Monroe have returned from a week's prospecting and hunting near the headwaters of the Jordon river. They are very reticent as to what they found in the mineral line, but admit they brought home several samples of ore which they are having assayed.

They claim that there is an abundance of big game in that district, but as the trail which has not been brushed out for several years, is impassable for pack horses, it is almost useless to kill anything more than can be eaten on the ground.

They had a rather novel experience with a herd of caribou, which it seems are rather tame in that part of the country. Coming across the herd early one morning as they were about to start for town, they conceived the brilliant idea of driving the animals down towards the city until a good pack trail could be secured. Getting between the caribou, which numbered about fifteen, and the mountains, by a couple of shots they succeeded in separating three of the number from their companions and turning them towards the river.

They kept in close touch with the animals and managed to get them as far as Canyon Creek, a distance of nearly twenty miles, where they made their escape across the river and up the mountain on the opposite side. Monroe blames his partner for letting them get away, but Grant says that Monroe told him there was no possibility of them making their getaway until the open country about the old logging camps was reached, when they figured on killing them.

BANQUET PREMIER

Victoria, Oct. 11—A most enthusiastic gathering of Victoria Canservatives which numbered over 800, and filled the spacious drill hall tonight, celebrated the Conservative victory of a year ago in the form of a banquet tendered to Sir R. McBride who did so much to render that victory emphatic in this province. Leonard Tait presided and at the guest table were all the members of the provincial government except Messrs. Ross and McPhillips, who are absent from the city, four of the federal members for the province and many prominent citizens of the province.

H. E.G. Prior, proposed the toast of Right Hon. R. L. Borden and the Dominion parliament to which G. H. Barnard, member for Victoria, responded.

R. F. Green who proposed the toast of the government of British Columbia, referring to a remark of the chairman that Victoria would have two members in parliament hereafter said:

"My love and allegiance will be first to the good old constituency of Kootenay which did me the honor to elect me without opposition. I hope in addition to be able to do something for the good of Victoria, the province at large and the people of Canada, and then I hope I may be able to raise my voice in connection with that great object we are trying to bring about, imperial federation throughout the British Empire.

The toast was eloquently responded to by Hon. W.J. Bowser.

Ald. Herbert Cuthbert proposed the toast of the evening and Sir Richard rising to respond, was the signal for an outburst of cheering and the singing of a verse of "Rule Britania."

Sir Richard expressed his heartfelt gratitude to the people of the city, and province for this and all other expressions of their confidence in him and the government of which he is the head. It would, he said, but inspire the government to even greater exertions to give to the province the best service and the most efficient and business-like government that it was possible to give. The premier went into some details in regard to the plans of the government for the extension of trunk roads and trails, which are called for as a result of the development of the province following upon the construction of railroads.

With regard to the railway policy of the government he stated that there are now under construction or projected, 1,700 miles of standard gauge railway, and surveys are another 1,200 miles under construction which may fairly be claimed as a result of the government's policy. On all this construction there will be expended in the province within the next few years something like $150,000,000.

All subscribers not receiving the paper regularly are requested to communicate with the editor, Mail-Herald Box 914, Revelstoke B.C., in order that their complaints may be rectified. Write your full name and address legibly, and your complaint will be attended to promptly.

Y. M. C. A. NOTES

The gym class for girls is on the go now. Every girl who is desirous of spending a pleasant as well as a profitable 1½ hours should take time to be on hand on Saturdays at 3:30 to 5 p.m. This class will be run every Saturday for girls, until the closing exhibition in the spring, the fee for the season is $3.00.

Anybody who thinks that there is nothing doing at the Y.M.C.A. these days, should put in a day looking around, and they will be convinced that there is. The bowling alleys are in full swing every night. The Physical Director is complaining about sore muscles keeping pace with his ever increasing classes. The Secretarial staff are kept on the jump, even the Janitor has no rest working to bring the Y.M.C.A. to a state of efficiency

Boys' Bible Class—This class started out on Sunday last with 14 on the roll. This promises to be one of the best classes ever started in the Y.M.C.A. It is open to any boy in the city, whether a Y member or not. Every boy should make it a point to be present every Sunday morning at 10 o'clock. The lesson studies are, "Men Who Dared."

On Saturday, Oct. 5th, at 5:30 a.m. a number of the Y boys met in the office of the Physical Director, from where they journeyed with the highest hopes of fishermen to a place on the Columbia river. There after partaking of a breakfast, which was indulged in between games of circle tag in order to keep warm, they baited their hooks and flung out their lines, yes, and they flung them out again, but without success. At last they had to acknowledge that the fish knew more than they did, and the thought of a nice swim in the Y pool, was better than no fish, so weary, but not contented they wended their way home.

The educational committee are pleased to announce that they have secured the services of Mr. W. Hardman and Mr. G. S. Paton, for to teach the following subjects—Shorthand and Arithmetic:—Monday and Wednesday, 7 to 8 p.m., shorthand.

Terms—shorthand, three months $4.

Terms—arithmetic. three months, $4

Every business man should see that every boy in their employment has a commercial education. Apply or telephone the Y.M.C.A. for information.

Keep the 28th day of October marked in your diary as the evening that you shall spend in the Y.M.C.A., the Big Open night, bring your lady friend with you, and give them an opportunity to bowl on the alleys and enjoy the other games which have recently been installed. The social committee is now arranging for big things. Don't forget the night,—Thanksgiving Night.

"The Versatiles"

Possibly no greater compliment was ever paid a company of "Old Country" Pierrots than that which the Park Commissioners of Vancouver conveyed in their letter of appreciation to F. Stuart-Whyte the manager of the "Versatiles" who are at the Empress theatre Friday, Oct. 25, for two nights only. Apart from their profession, the "Versatiles" are proud of being instrumental in fostering the feeling of loyalty in our Dominion. It makes on glad to hear 5000 Britishers take off their hats at the call of the comedian and sing "The King" in all probability with more genuine feeling than they ever did in the "old country."

They will give an entire change of program on Saturday afternoon and again Saturday evening.

Parliament to Meet in November

Ottawa, Oct. 16—It was stated in government circles today that if it is found to be at all possible, parliament will be summoned for Thursday, Nov. 14. It is felt that if the work of the session is not commenced by the middle of November, very little will be accomplished before the adjournment for the Christmas recess. For that reason, parliament is more likely to be called for Nov. 14 than for Nov. 21.

Large Land Deal

One of the largest individual land sales ever effected in British Columbia has just been completed. The purchaser is Lord Joicey, a famous coal mine owner and one of the wealthiest Liberal peers of Great Britain. His Lordship has purchased nearly 24,000 acres of mixed farming and dairy farming land in the vicinity of Fort George, for which he paid $450,000. Captain Hutton, who was responsible for the Sutherland and Desborough deals, is negotiating for a sale to Dutch merchant of 50,000 a sale to Dutch merchants of 50,000 acres in Saskatchewan.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each applicant must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

Will you be one of the 108 farmers who will receive our Prize Contest checks?

THERE will be twelve cash prizes in each of the nine provinces (108 in all) in the 1912 Prize Contest for Canadian Farmers. The 1911 Contest was so successful in awakening interest in the use of Concrete on the farm, that a second contest, in which three times as many prizes are offered, was decided upon for this year.

The Contest this year is divided into three classes, "A," "B" and "C," and there will be four prizes in each class (First prize, $50; Second prize, $25; Third prize, $15; Fourth prize, $10.)

Thus there are three $50 Prizes, three $25 Prizes, three $15 prizes, and three $10 Prizes, *for each province.*

DESCRIPTION OF CLASSES

In Each Class there will be First, Second, Third and Fourth Prizes ($50, $25, $15, and $10) for Each Province.

CLASS "A"—Prizes to be awarded to the four farmers in each province who use most "Canada" Cement on their farms in the year 1912.

CLASS "B"—Prizes to be awarded to the four farmers in each province who send photographs of the *best concrete work* done with "Canada" Cement on their farms in 1912.

CLASS "C"—Prizes to be awarded to the four farmers in each province who send in the best *description*, telling how any piece of concrete work was done with "Canada" Cement. (Entries for this prize must be accompanied by photographs of the work.)

Don't think that you must use a large quantity of cement in order to win a prize. The quantity of cement used does not count in Classes "B" and "C." Many of last year's prize winners used very little cement.

When you enter the Contest, you have a chance to win a cash prize of $50 as well as the certainty that you will add a *permanent improvement* to your farm. If you haven't a copy, be sure and ask for our book, "What the Farmer Can Do With Concrete." It will not only suggest many improvements that you can use in entering the Contest, but will tell you all about the use of concrete on the farm.

He has been farming successfully at Chilliwack for many decades. Mr. Kipp passed through Revelstoke about six years ago on his way to Nelson to attend a fruit growers convention. At that time he predicted a great future for the Revelstoke district agriculturally and he strongly advocated the formation of a fruit growers association. COL. ROOSEVELT SHOT

Milwaukee, Oct. 15—Col. Theodore Roosevelt was shot and slightly wounded yesterday as he was leaving the Gilpatrick hotel for the Auditorium to make a speech. The wound was superficial and the Colonel went on to the Auditorium and began his speech after he had seen his assailant arrested and taken to the police station.

The man was seized and held until a policeman came up. A mob surged around the prisoner, who apparently is mentally upset on the subject of Roosevelt running for another term as president.

In notes found in the man's pocket at the police station were statements that the man had been visited in a dream by the vision of Wm. McKinley who had said, indicating Colonel Roosevelt: "This is my murderer; avenge my death."

The Colonel felt no pain at the time the shot was fired and was not aware that he was shot until he was on the way to the Auditorium. His attention was then called to a hole in his over coat and he found that his shirt was soaked with blood.

Colonel Roosevelt's life probably was saved by a manuscript of the speech which he delivered last night. The bullet struck the manuscript, which retarded its force as it passed through the flesh. His assailant was prevented from firing a second shot by Alfred H. Martin, one of Colonel Roosevelt's two secretaries.

Colonel Roosevelt had just stepped into an automobile when the would-be assassin pushed his way through the crowd in the street and fired. Martin, who was standing in the car with the Colonel, leaped on to the man's shoulders and bore him to the ground

QUICKLY OVERPOWERED.

Captain A.O. Girard, of Milwaukee, who was on the front seat jumped almost at the same time and in an instant the man was overpowered and disarmed. A wild cry of "lynch him" went up.

Colonel Roosevelt spoke to the people and told them to spare the man, who then was taken into the hotel and held there until he was taken to the police station.

In spite of the entreaties of the physicians, Colonel Roosevelt insisted on delivering his address.

"I will make this speech or die; one or the other," he said.

His automobile stood in front of the door and about it was a big crowd, waiting to catch a glimpse of the Colonel as he started off.

With the Colonel were Philip Roosevelt, a young cousin; Mr. Martin and Captain Girard. The crowd pressed close about the Colonel's car and gave a cheer as he appeared. As the party approached the automobile Col. Roosevelt's companions stood aside as he stepped into the car.

Mr. Martin entered directly behind him and sat on the further side of the car. Colonel Roosevelt stood up waving his hat in answer to the cheers of the crowd. The assassin was standing in the crowd a foot from the automobile. He pushed his way to the side of the car and raising his gun, fired.

Martin caught the flash, and leaped over the car a second after the bullet sped its way.

Colonel barely moved as the shot was fired. Before the crowd knew what had happened, Martin, who is a six footer and former football player, had landed squarely on the assassin's shoulders and had borne him to the ground.

Colonel Roosevelt stood calmly looking on as though nothing had happened.

"Lynch him! Kill him!" cried a hundred men.

Colonel Roosevelt slept during the trip from Milwaukee after he was shot in the automobile outside the Gilpatrick hotel as he was starting to make a scheduled speech in the city. Refusal to cancel speech, delivery of an hour and a half address and walk to motor car in Milwaukee, all the time with bullet still in deep wound in right breast, were regarded by physicians as imprudent in the extreme, but the Colonel insisted upon having his own way and minimized the danger and pain of his wound.

Blood-soaked garments and bullet-pierced eyeglass case and bundle of papers were chief evidence on train that anyone had been wounded.

The wound is over the tenth rib and is three inches deep. The bullet is at the bottom of it, according to Dr. J. B. Murphy.

NOTICE.

In view of the fact that the Provincial Conservative convention will be held at Revelstoke on the 24th and 25th inst., and it is expected that it will be one of the largest conventions ever held in the province, the committee on arrangements are anxious to be prepared to accommodate all, and those citizens who have spare rooms, the committee will appreciate it if they will notify the secretary.

It is most important that as Revelstoke has been favored by holding this important convention here that all citizens should do all in their power to make it a success.

By order of the Committee.

Three Cent Light Rate

Winnipeg, Oct. 14—Tuesday is the anniversary of the day when the first current from Winnipeg's civic power house at Point Du Bois was flashed over the 77-mile transmission line to the city. It took a month to make the tests which were required before formally taking the vast works over from the contractors. In the middle of November the plant was ready to supply light and power to the citizens and the street lighting system was being operated by "juice" that was brought from Point du Bois.

When the three cent light rate instead of ten cents charged by the Winnipeg Electric Railway, was declared shortly afterwards pessimists declared that the plant could never be made to pay its way, but Mayor Waugh was able to announce recently that the plant would be paying its way before the end of the year.

Controller Cockburn and Light and Power Manager Glassco also concur in this view, and everything indicates that the three-cent rate will become a permanent feature in Winnipeg. At present there are about 14,500 users or would-be users of city light and power. Canvassers are having no trouble in getting people to sign contracts, and there were some days last week on which as many as 150 new contracts were secured.

Glassco wants to have 16,000 connections by the time the department has been operating a year, which will be on November 15, and there is not a doubt that his ambition in this respect will be accomplished.

Glassco figures that it will cost about 10 per cent. of the capital expenditure to meet all expenses, and he estimates that the revenue for next year will be over half a million, which would leave a surplus of at least $50,000. The rate will be reduced later if the revenues justify such action.

See the "Contest of the Nations," at St. John's Bible Class concert in the opera house on Tuesday, Oct. 22.

Tickets are now on sale for the concert in the opera house, Tuesday, Oct. 22nd. Admission 50 cents.
