THE LATEST TELEGRAMS

Gillette's Execution Date Fixed Big Mining Deal—Embassy Declined — Anglo-American Relationship Endangered.

KERKIMER, N. Y., Dec. 12.—Chester Gillette, who was recently convicted for the murder of Grace Brown, has been sentenced to die in the electric chair on January 28, 1907.

LONDON, Dec. 12.—The house of lords tonight rejected the plural voting bill, which was passed by the house of commons at the instance of the government. The principle of the bill was "one man, one vote."

NELSON, Dec. 12.—James Cronin, the well known mining man, and Nicholas J. Cavenaugh, of B. B. Mighton & Co., have purchased the Queen Victoria mineral property, a few miles to the west of this city and near the Canadian Pacific line of railroad. The deal included four claims and some rights. The purchase price has been put approximately at $100,000. The high price of copper brought about the sale.

LONDON, Dec. 12.—Gerald Lowther, the British Minister in Morocco, has declined the offer of the British Embassy in Washington. While he was *not formally appointed*, he was unofficially informed he would be sent to Washington if he desired the embassy.

LONDON, Dec. 12.—It is expected at the Foreign Office and the American Embassy that systematic efforts are in progress in some quarters further to refrigerate Anglo-American relations. President Roosevelt is represented as being in close and confidential communication with the Kaiser, and as favoring an understanding between Germany and America to act in harmony if Japan should menace the white race.

TERRIFIC GALE

Ruin and Havoc Wrought by Violent Storm—Worst on Record.

SAN FRANCISCO, Dec. 12.—A southeast gale sweeping along the coast at a registered velocity of forty-eight miles an hour yesterday, resulted in the death of one man in San Francisco and in the severe injury of several others. Shipping in the harbor was damaged considerably, and in all quarters of the city tottering walls were hurled to the ground, blocking streets and interrupting traffic.

In the bay the storm was terrific. Ferryboats proceeding with extraordinary caution were tossed about till scores of passengers were sick. The lower decks were awash most of the time, and occasionally the crest of a wave leaped on to the huricane decks.

What threatened to result in a serious panic occurred on the Key Route boat San Francisco, when an unusually large wave struck the vessel, carrying her to leeward. Women screamed and fainted, men rushed for the lifebelts, and only the advice and command of the cool-headed prevented injury and perhaps loss of life among the other passengers.

Double anchor chains did not prevent some of the larger vessels in the harbor from slipping their moorings. The Chinese war junk Whand Ho, which lay south of the ferry slips last night, dragged her anchors until she rested in the channel immediately in front of the ferries, increasing the difficulties of navigation.

Tossed about by the enormous strength of the gale, the British ship Palgrave slipped her moorings and drifted on the rocky shore of Alcatraz Island. Two tugs went to the assistance of the disabled vessel and succeeded in pulling her off the rocks.

Eugene Eber was struck by a falling cornice at Fillmore and Sutter streets and his leg fractured.

Earl Temple was blown through a skylight at Gough and Grove streets. He suffered concussion of the brain.

Some of the remaining walls of the Palace and Grand hotels were blown into the streets, effectually blocking the car tracks on Market street, the main thoroughfare of the city.

HINDOOS DYING OFF

Pneumonia Attacking the East Indians Resident at Millside.

NEW WESTMINSTER, Dec. 11.—Two deaths from pneumonia, and several others suffering from the same disease is the record already this winter for the local Hindoo colony, as a result of their being unable to stand the cold and wet weather of the coast.

The second death from pneumonia in the colony occurred on Saturday, and the body of the dead man was cremated by his fellow-countrymen at Millside yesterday afternoon.

Medical practitioners state that there is much suffering among the Hindoos from pneumonia and other similar complaints, on account of many of them being altogether insufficiently clothed to protect themselves from the rigors of this climate. The newcomers are the ones who are suffering most, while those who have been in the country for some time are taking better care of themselves and suffering less.

THE SPIRIT OF CHRISTMAS

Patronize Your Home Merchant—A Year of Full and Plenty.

The glad joyous festal season of Christmas draws near and unnumbered hearts are beating in delightful anticipation. Store windows are being decked in holiday attire and merry Xmas will soon be here with songs of peace. The spirit of the season is upon us and we all feel that at this time of the year it is good to be alive and to be blessed with good health, and the good things of the earth. Money circulates at this season, and circulates freely, and to turn the tide into profit and use, our merchants have donned their thinking caps and ransacked their brains and catalogues to hit upon the novelties and dainties that will most appeal to the people who as years roll on require better and more up-to-date goods which the march of progress in Canada demands today. The stores are filled from floor to ceiling with goods both new and rare, and a wonderful array of the latest inventions and creations from all parts of the globe, are exhibited in an attractive and artistic manner as possible to catch the eye as well as the dollar. The enterprise of our merchants demands a just reward, and their houses of business should, this Christmas, receive a large share of attention. Now is the time to get in and buy, for certainly the general array is most tantalizing.

Visitors are coming into Revelstoke, attracted by the reports, widely circulated, of the splendid quantity and quality of goods exhibited this year for sale in the Revelstoke stores. Procrastination is the thief of time and to get what you want, you should be around now and take your choice. Without exageration we can say that this is the finest display that Revelstoke has ever seen and our merchants deserve the success that should go to such enterprise and energy as they have shown. It will be our pleasure this week to devote some of our space, in enumerating in a condensed form, the goods and novelties exhibited for sale this year, in each and every one of the stores and in doing this we wish to extend to all our merchants and those who have advertised in our columns, our best wishes for a prosperous season and trust that their liberal patronage, hitherto extended towards us will be continued, to a larger extent in the coming year. We have done our best in upholding the reputation of Revelstoke and in keeping our people in touch with the outside world and feel that our efforts have been appreciated by all. Let hearts expand sympathies enlarge and goodwill reign. Let benedictions drop from lips and substantial gifts fall from overflowing hands. Let us all rise above the mean and petty resentments which we may have harbored against those who have not used us well; let us be generous and willing to tolerate the faults or pecularities of those with whom we have come in contact, being filled with a greater measure of the "Live and let live" spirit. Get ready to start the year with more kindly feelings and more noble ambitions. Make the Xmas of this year a day to which you can always look back with pleasure and gratitude. Let your purse strings be loosened, give your home merchants your patronage and that liberally for the good of your city and let us all unite in making this Christmas truly a season of "Peace and Goodwill."

HINDOOS TO BE DEPORTED.

Public Sentiment Carries Much Weight.

OTTAWA, Dec. 10.—Acting upon the representations of various British Columbians and the evident public sentiment of the Pacific coast and the Interior, an official of the immigration department has been despatched to the west, for the purpose of taking up the Hindoo question. It is expected that as a result, many Hindoos will be deported.

S.S. HURONIC WRECKED

Off Isle Royal in Lake Superior—Many Lives Reported Lost—Relieve Steamers en Route to Scene.

CALGARY, Dec. 11.—The Calgary Herald of today, announces by wire the total wreck of the s.s. Huronic, off the Isle Royal, in a terrific blizzard of sleet and snow. In the midst of the storm the stearing gear of the big steamer became disabled, and she was blown onto the rocks on the shore of Isle Royal.

It is supposed that many of the passengers are already lost and that about forty of the passengers and crew are hanging to the rigging, waiting for relieve, which is now on the way to the scene of the disaster.

Further news cannot be obtained and the full extent of the disaster is not yet known.

CITY COUNCIL.

A special meeting of the city council was held last night with Mayor McLeod and all the aldermen present. The special business for discussion before the council was the report of Col. T. H. Tracey on the proposed erection of our auxiliary light and power plant, the additions to the water power plant already in existance, and the best means of supplying power and light to the C. P. R. The report gave in detail the approximate cost of installation for both steam and gas and gas producer plants, together with the cost of operation, repairs and general expenditure. Col. Tracey said that the choice of a plant depended upon the time it was running. Gas was practically the cheapest plant to install in the long run, although such a plant with the gas producing apparatus would be more expensive as a first cost. A gas engine and gas producer plant would cost somewhere about $16,000. In regard to steam he said there were several forms of engines and it was a matter of choice between one high class engine and two inferior ones, one of which latter could be used by day and the other by night. A high grade engine would cost $6,500 and two lower grade $3,500 each. Coal can be got suitable for gas purposes at $5.50 per ton landed here. He strongly suggested that English gas engine and producer plant be obtained. As for the cost of producing power it could not be done under 2 cents per k. w. He detailed the cost of operation and repairs and said that an auxiliary plant would certainly pay in that the city could sell almost any quantity of power and thereby reduce the rate of producing.

It was then moved by Ald. Abrahamson that the report be received and be open for discussion.

The discussion as usual was long and heated. The majority of the council seemed inclined to accept the rates offered by the C. P. R. provided that the people passed the bylaw Some of the aldermen said that 2 cents per k. w. was too low to offer and didn't leave enough margin for profit, while they agreed to the sliding scale of 3c. for the first year, and 2½c. for the second year.

Col. Tracey said that a sliding scale was best for both light and power.

Ald. Howson said that the people would be more likely to pass the bylaw voting the money for the new plant, if they knew that the C. P. R. were coming in as customers.

Col. Tracey suggested that the first two rates be accepted and if the consumption reached a certain amount then give it to the C. P. R. for 2c., but it was necessary for them to state the minimum quantity they would use.

It was finally moved by Ald. Trimble and seconded by Ald. Howson, that the city supply the C. P. R. with power at the rate of 3c. for first year, 2½c. for second year, and 2c. after that on condition that the bylaw is passed and the council is satisfied with the agreement entered into by C. P. R. relating to quantity taken and length of contract. Carried. Ald. Abrahamson and Caley contrary.

A communication from H. C. Routh night operator at the power house, tendering his resignation, was read and accepted, a resolution being passed to advertise for another at a salary of $80 a month, applications to be in before Dec. 21st.

Col. Tracey, on being asked if his report on the sewerage scheme was ready said that it would be ready by the end of the week. He said that Dr. Fagan states that the health law does not allow sewage to be discharged into lakes and rivers. He said that a septic tank could be used for the central section but couldn't report yet on the course to be adopted at the east end.

The meeting then adjourned.

The people of Field have had more entertainments during the past week than is usual, having had two shows and a dance. Both the lecture, illustrated by views given on Tuesday night and the minstrel show given on Friday night, were well attended and much enjoyed.

WEDNESDAY, DEC. 12, 1906

OUR JUST REWARD.

British Columbia has a total area of many thousand square miles and comprises within that area many towns and cities all of which are in a growing stage and which frequently require assistance from the government in various forms. To conserve these cities now and to hold out a helping hand to keep them in the right path and to strengthen that upward and onward growth is, apart from being a politic move and very necessary one, on the part of the government, protecting as it were the different centres of possible wealth and the nucleus of the establishment of a series of profitable investments for the money expended, from time to time on these cities. The need and demand for assistance from the government has never been more necessary in Revelstoke as now, and apart from the necessity of such assistance it is only in due justice to our city as being one of the most promising and prosperous municipalities in the Province. Situated as we are at the gateway of the interior country, which of late has attracted both capital and labor from all directions, we deserve something more than the ordinary appropriation from the government, owing to our position topographically as requiring more than the average amount of attention. We have time and again urged the government by every means we have at our disposal to take active and effective measures to permanently protect our river bank against all further erosion, and to eliminate the danger of valuable property being destroyed, property from which the provincial government have derived taxes. We are pleased to be able to say now that our demands will shortly be granted as we have it on authority from Mr. T. Taylor, M.P.P., who has stated that Premier McBride has given his assurance to the effect that the bank will be repaired and the work done in an effective and permanent manner by the provincial government this coming spring. Our readers will no doubt be glad to hear this as the river bank question is of interest to all and as we can vouch for the authority of the statement, the people of Revelstoke should give the credit where it is due. Whether Conservative or Liberal we should all realize that this promise has been made in due regard to what is necessary for the city in general and the good of the Province and it is only of the efforts of those who have been instrumental in gaining the promise for us, and for the future safety of our city of which we have every reason to be justly proud.

BECOMING A NATION.

We are fast becoming a nation by virtue of our wealth, population and influence as to render up every day more independent of American trade and more self contained. Far from there being any tendency toward a union on the North American continent, the historical and commercial tendencies point in an altogether opposite direction. This sentiment was fully expressed in a recent address by Hon. G. W. Ross, his object being to show by historical references that a decided political cleavage between British America and the United States has taken place. The revolutionary war as the beginning of that cleavage had the effect of causing French Canada to array against the 13 colonies The feeling in Canada was embittered by the treatment of the United Empire Loyalists. Then followed the war of 1812, during which Canada was invaded, although no party to the quarrel between Great Britain and the United States. Again in 1827 Americans fomented what discontent was aroused by the leaders of that rebellion. Then there was the French raid in 1866, the repeal of the reciprocity treaty, the rejection of Canada's claims by the Geneva award, and various treaties between Great Britain and the United States in which the Canadian interests were sacrificed, lastly the high protective tariff against Canada calculated to cripple Canadian trade. These circumstances all tend to develop a feeling of hostility towards union with the American republic. On the other hand this feeling is somewhat lessened in the knowledge that we owe much to American capital as instrumental in developing our resources and as the means of circulating money in the country to the mutual advantage of both countries. We cannot but realize that on all sides Canada is expanding, its constitutional privileges are being expanded and extended, and new avenues of trade are being opened up in other markets.

GRIP AND PASSWORD.

K. OF P.

On Wednesday evening, Dec. 5th, the brethren and friends of Arrowhead Lodge, Knights of Pythias, assembled in the lodge hall to bid farewell to their friend and brother, Dr. Harry Hamilton, who leaves Arrowhead shortly for Revelstoke, and incidently to say good bye to Bro. Bert Hart and Mrs. Hart, who left here on Dec. 6th for a three months' visit to Toronto.

The hall was beautifully decorated and well lighted for the accasion, luncheon was served and dancing was indulged in until the "wee sma' hours."

A very handsome pin marked with the name and number of the lodge, of which he was a most active member, was presented to the doctor.

This was the third entertainment given here by this most promising young lodge, and seldom, if ever, has it been our lot to be at a more truly enjoyable entertainment and we think all who were present that evening will agree with us when we say that the name Pythiasism in Arrowhead is synonymous with first-class entertainments.

The following is a copy of the address read by Bro. Stevens, on behalf of the lodge. The doctor replied in very appropriate terms.

ARROWHEAD, B. C., DEC. 5TH, 1906
JAMES H. HAMILTON, ESQ., M. D.

DEAR SIR,—It was with deep regret that we learned of your approaching departure from Arrowhead. During the period of your residence with us we have had ample opportunity of getting acquainted with you, and have always found you to be thoroughly up to the mark, both as a medical practitioner and as a man, and when we say that we shall really miss your cheery presence, we are not using mere empty words.

While we regret parting with you, however, we most sincerely hope that the change you are about to make will be to your personal advantage, and that success and prosperity may attend you wherever you go.

We ask you to accept the accompanying small token of our respect and esteem, and if the good wishes of your many friends in Arrowhead have any influence upon your destiny, then you will certainly have the best fortune a mortal can desire.

We wish you good-bye and God-speed, and we assure you that you carry with you the hearty good will of us all.

We are, sir, your very sincere friends and brethren,
THE ARROWHEAD KNIGHT OF PYTHIAS.

I. O. F.

At the regular meeting of Court Mt. Begby, of the I. O. F., held on Dec. 10th, 1906, the following officers R.; J. B. Scott, C. D. H. C. R.; F. H. Fretz, P. C. R.; B. F. Gayman, F. Sec.; W. McDonald, R. Rec.; W. Bews, Tres; H. W. Edwards, Orator; Dr. Sutherland, Court Physician; J. W. Gorland, Sr. W.; W. F. Bates, Jr. W.; W. Smythe, S. B.; C. Jolliffe, J. B.; W. Smythe, organist.

THE RINK OPENING

Every Prospect for a Good and Prosperous Season.

Once more the rink resounds with the hum of the skates and the good old winter pastime has again taken hold of both old and young. On Saturday night last the rink was thrown open for the first time and a large number of skaters found their way down there—found their way in more than one sense, for Boyle Ave. at that end is wrapped in gloom, with just a faint glimmer of one street lamp which gleams solitary and alone. However, once in the rink the gloom outside is forgotten and a glow of warmth and vigor is soon felt after a few turns on the ice. The opening was void of ceremony or fete, the band even being conspicuous in their absence, but for a first night and the commencement of the season, the attendance of skaters was good.

On Monday night again, a crowd even larger than on the previous occasion donned their skates and put in a long evening's fun. This time the band were in attendance and rendered some excellent selections of music, which considerably added to the fascination of the sport. The ice is in a moderately good condition, being a little bit rough and faulty, but as the days go on this trouble will be overcome.

Curling will not be commenced for a little while, the ice not being in sufficiently good shape for good sport, but if the frost continues this week, the skips will be very busy in rustling up their men for the opening games.

The management intend to make the rink as attractive as possible this winter and will organize curling matches and hold a big bonspiel which should attract all those who take interest in that sport. The skaters too will have every opportunity for showing their skill, for competitions for trick and fancy skating will be arranged, besides hockey matches and carnivals of every description.

The season promises to be a good and prosperous one, judging by the interest taken and the enthusiasm shown even at this early stage. It is the first time for many years that skating has been indulged in so much before Christmas and it augurs well for the rink management, that a season financially successful, has made its debut.

THE PUBLIC BENEFIT.

The Y.M.C.A. a Good Advertisement for Revelstoke.

We were pleased to note that at the last meeting of the city council a favorable reply was given to the petition, signed by a large number of ratepayers, on behalf of the Y.M.C.A. requesting a rebate on the taxes for that institution. The feeling of the council was unanimous in that they saw that the Y. M. C. A. deserved some consideration and had every right to expect help from the city in the way other institutions had been assisted. It is plain that the council saw certain obstacles in the path of their granting a rebate of the taxes, and knowing this it is only fair to that body to say that they did the only thing that was possible under the circumstances. As a public institution and one that has worked along quietly and without any blare of trumpets, the Y.M.C.A. has done much for Revelstoke, and there lies in its power to do still more for the advancement of the city and for the upholding of the standard of morality so necessary for a growing municipality. In a divisional point such as this where many men are employed by the C. P. R. in one capacity or another, such an institution as this is absolutely necessary; and here in Revelstoke there is no other place for these men to go where they can get good honest recreation and reading. The Y.M.C.A. has done much for the progress of Revelstoke and has been the means of advertising her in many different ways. And not only has the moral standard of our city been raised and her popularity spread abroad, but the physical culture of her sons has received the attention of those who are carrying on the work of this institution, to the strengthening of our race and to the upholding of our reputation as a city fond of good sport and competition. In giving the donation $200 to the Y.M.C.A. the city council are making good use of the public money and helping the association to carry on its excellent work for the advancement of our morals, the good of our city, and the safety, honor and welfare of our citizens

Action Probable, Though Sales are Being Made now at Record Rates.

With the rougher grades of lumber selling at from $15 to $16 per thousand feet, and very hard to get even at those figures, another rise is predicted by lumbermen. It is believed that next week the mills which are members of the British Columbia Lumber and Shingle Manufacturers' Association will agree upon the advance. The higher grades of lumber will be given even a greater increase than the rough.

The enormous demand made on the product of the coast mills, the increased number of mills working and the scarcity of logs, have combined to force the price of logs up. Only this week the owner of a boom of fair fir logs refused $11.50 per thousand for them.

Because of the high prices now prevailing for logs, the millmen declare that in self-protection they have to force the price of lumber up several notches For their part the loggers declare that the cost of working in the woods is now greater than ever before in the history of the coast, and timber is rapidly becoming more valuable on account of the strong demand for it. Loggers believe that poor weather conditions for logging will have the result of curtailing the output this month, and logs are expected to advance still further.

OUR FRUIT EXHIBIT

The Display in the Old Country Attracting Widespread Attention

R. M. Palmer, who is in charge of the British Columbia fruit exhibit in the Old Country, has forwarded to the department of agriculture copies of newspapers in which appear references to the display at the Norwich show. The Eastern Daily News, in its issue of Friday, Nov. 23, says:

"A most interesting exhibit occupies one corner of Messrs. Daniel's stand, and that is the collection of apples and pears exhibited by the state of British Columbia. This fruit has traveled 5,000 miles. We were sceptical as to whether the flavor would be retained after such a journey, but, having sampled them, we are bound to admit that they are really of very excellent flavor, and the color is far brighter than we can hope to obtain in our changeable climate. Fruit growing is a rising industry in British Columbia, and if all they send are like those here shown, they should hold their own against all comers."

The East Anglian Times of the same date says: "Stands 72 and 74 are occupied with a fine exhibit of British Columbia fruit. The magnificent specimens of apples and pears, which have been conveyed over 5,000 miles, are shown in boxes as shipped, and also tastefully arranged in baskets and plates. The varieties include King of Tompkins, Rome Beauty, Blenheim Orange, Spitzenberg, Jonathan, Baldwin, and Newton Pippin apples, and Beurre d'Anjou pears. The fruit is remarkable for delicacy and richness of coloring, and would command good prices in any market. It is understood that the exhibit is sent by the government of British Columbia, with a view to advertising the climate and fruit-growing capabilities of the province, and to introduce the fruit to the British markets. More than a million trees, it is said, were set out in 1905 and good profits are being made from bearing orchards. It is claimed that men are wanted in the province for farm, orchard and lumber work, where there are good opportunities for those of some experience."

BANK MESSENGER ROBBED

Negotiable Papers and $1300 Stolen on the Train.

TILBURY, Ont., Dec. 10.—Mr. McArthur, the accountant of the Sovereign Bank here, was robbed of a valise containing $1400 in money and a number of drafts, payment on which was promptly stopped, while on his way by train to the Fletcher suboffice of the bank.

The robbery was carefully planned by two well known Detroit thieves, who had somehow learned that Mr. McArthur makes three trips a week to Fletcher, carrying money and papers in a valise for use there. The thieves got on the train here and entered into conversation with Mr. McArthur, and while one asked him to do them the favor of delivering a parcel to the station agent at Fletcher the other took the accountant's valise and substituted for it another so like it that Mr. McArthur did not discover his loss till he reached Fletcher. The bank will not lose anything, as it has a policy with Lloyd's in London, covering just such occurrences.

The capture of the thieves is looked for. After their trick valise had been crossing the fields there.

The missing documents include six money orders, numbers 5817, 5818, 5819, 5830, 5831, 5832, good up to $50 each. These should be endorsed by two parties, but have only one signature at present.

Three blank drafts on bank branches, numbers 149713, 149,714 and 149,715, signed by the manager.

Four drafts on New York in favor of P. L. McArthur, numbers 7708, 7709, 7710 and 7711.

The men are described as follows:

One about thirty-five years of age; five feet five inches in height; clean shaven; wore a black coat and black muffler; black Derby hat, was thin-faced, with sunken cheeks.

His companion was about forty-five years of age, grey mustache, and hair turning gray; wore long black mackintosh coat, with deep velvet collar, and black Derby hat.

Now is youe opportunity! Subscribe for the MAIL-HERALD and the NEW IDEA $2.50, for a whole year for the two.

BIG "CLEAN UP" SALE OF PIANOS AND ORGANS

Exceptionally busy Summer and Fall selling has placed on our hands a large number of second-hand pianos and organs, taken in exchange on new styles of MASON & RISCH and PIANOLA PIANOS. Our "Upper Country" warehouses—in Nelson and Revelstoke—are now comfortably crowded— we've winter shipments on way from factory, too. These used goods must be sold, we wish them to move rapidly. You'll appreciate these unusual offerings.

Small Upright "Luff & Sons" piano, English make, 6 octaves, walnut case	$ 20	"Mason & Risch" Piano, large Upright Grand, beautiful mahogany case, 4 ft. 9 in. high, case slightly marred, otherwise fine condition, splendid tone. Was sold for $550, take it for	$375
"Charles Davis" Upright Piano 7 octaves, 4 ft. 5 in. in height, French walnut case, scroll front	$ 40		
"Bell" Organ, 5 ft. high, walnut case, 5 octaves, 2½ sets of reeds 8 stops, in good tune	$ 40	"Mason & Risch" Piano, Upright Grand in Art finished burl walnut case, practically new, prime condition, perfect tone. Was $550, extraordinary value at	$400
"Avill & Smart" Upright Piano 7 octaves, 4 ft. 5 in. high, full iron frame, excellent value at $100—yours for	$ 65		
"Nugent" Piano, New York, 7 octaves, ebonized case, a good buy at	$125	"Dominion" Organ, walnut case, 5 ft. high, 5 octaves, 2½ sets of reeds, 7 stops, Vox Humana, Great, and Grand organ swells	$ 30
"Bell" Piano, Guelph, 7⅓ octaves, imitation French walnut case, veneer partially off one end suitable for hall or lodge	$150	"Bell" Organ, massive walnut case, scroll front, 3 sets of reeds, 10 stops, both swells. You'll not lose on this at	$ 50
"Mason & Risch" Piano, 7⅓ octaves, 4 ft. 5 in. high, finished in San Domingo mahogany, slightly used but good as new, was $500 but now selling at	$350	"Doherty" Organ, black walnut case with bevelled French plate mirror, 5 octaves, 3 sets of reeds, 10 stops, bass and treble couplers and knee swells, splendid value at this figure	$ 50

EASY TERMS

We've also a number of others. Full list sent upon request. You may turn in any one of these instruments at full value, as partial payment on a new MASON & RISCH PIANO, within two years after purchase.

Steam Printers and Publishers

REVELSTOKE, B. C.

Financially and Commercially Sound.

Mr. R. J. Barrett, editor of the London Financier, who has recently been visiting Canada, has many good things to say of this country on his return to London. Among other things he says:

"That Canada is on the eve of a period of commercial development only equalled in the history of the United States of America.

"That there are numberless openings for the profitable investment of British capital

"That the Americans are keenly alive to the great commercial and agricultural possibilities of the country, and are flocking over the border in their thousands.

"That England's indifference is greatly regretted by many loyal Canadians.

"That the Bank Act of Canada is the finest Banking Act in the world.

"That there are splendid openings for men with a small capital—anything from $1,000 to $5,000— in the towns springing up in all directions in the northwest.

"That the country is just crying for skilled mechanics and labor for the railroads.

"That clerks and 'remittance men' are not wanted.

"That Cobalt is the richest silver camp in the world, and is alone worth a journey to Canada to see.

"In Canada, undoubtedly, we have a country of illimitable possibilities—one that has, indeed, achieved most wonderful results.

"Financially, commercially, and in respect of her industrial expansion, Canada's position is unquestionably sound. The only drawback is the want of capital, for, with such rapid growth as now has come to pass, domestic finance does not serve for all requirements. Already England has done much, but Yankee keenness seems inclined to do a great deal more. Canadians are much surprised to see how English capital holds off, whilst the Americans are eager to acquire the very pick of chances that occur. Americans already have obtained control of many leading industries, and they are all the while endeavoring to win still greater dominance.

"But here indifference is weaking. Canadians themselves are now aware of the considerable interest now shown in their great country's opportunities. I know for certain that the principals of leading English industries have gone to Canada to see and study for themselves the conditions now existing there. And something, surely, must result from such solicitude.

"In the new Northwest there are millions of acres of the finest wheat-growing lands in the world. I have run my arm eighteen inches deep into the richest, blackest loam it is possible to conceive.

"For business men Canada can give such chances as they will not find elsewhere, and men with from $1,000 to $5,000 are certain of success if they will but just go west, and, with good judgment, start where the towns are springing up with marvelous rapidity. Established there, where fertile lands ensure a permanent prosperity, they build their fortunes on a rock, and not on shifting sand.

"Some people here are nervous lest the influx of Americans to the far west of Canada should weaken ties that bind the great dominion to the motherland. Of that there need be no fear, I am assured. The ties are indissoluble, and incoming Americans make good Canadians. The laws they find are excellent, and—what especially appeals to them—are well administered."

PROBABLE WAR

May Eventuate Yet Over Japanese Problem in America

Japanese in California.

SAN FRANCISCO, Dec. 11—California regards the Japanese imbroglio as practically settled, but while believing the present crisis has been bridged over, expects and predicts war between the United States and Japan within five years.

That the Federal Government, by dodging the issue, and placing the responsibility for the alleged insult to Japan on California, has prevented immediate war, is the firm conviction of politicians and office-holders in San Francisco, but that war with Japan will eventuate is declared on every side.

CORRESPONDENCE.

EDITOR MAIL-HERALD.

December 9th, 1906.

DEAR SIR,—In reply to "A Subscribers" letter, requesting information through your paper whether anyone is in Revelstoke to look after anything sent for help of the Hindoos, I beg to point out that our Chief of Police, Thos. Bain, of Revelstoke, recently would also be properly dispensed if sent to the department of this efficient and kindhearted officer.

Also, although this is conjecture, I believe the Mayor of Revelstoke would consent—in His Worships official capacity—to receive such contributions, where required, amongst these people who are evidently gowing to suffer keenly from the rigors of a Canadian winter.

Thanking the MAIL-HERALD for its valuable space. Respectfully,

REVELSTOKE CITIZEN.

LUMBERING NOTES.

Several deals of considerable importance have lately been made in timber lands in the Big Bend district. Four or five blocks have been turned over at good figures during the past ten days, to local people and to capitalists in the Eastern States, and several more deals are pending, including one for about three quarters of a million dollars. Big Bend timber lands are surely in demand and those wise men who figured that they could at any time pick up timber there at prices to suit them, are finding out that if they get any considerable holdings there that are worth having, they will have to go deeper in their pockets than they expected.

It is reported that the property of the Pacific Coast Lumber Co., Ltd., at Vancouver, is about to be sold for about a million dollars. Geo. McCormick, late of Enderby, is the present manager of the company.

Minneapolis capitalists are said to have an option on the properties of the Rat Portage Lumber Co., at Vancouver and Harrison, and that a deal is likely to be closed at an early date.

No. 236.

CERTIFICATE OF THE REGISTRATION OF AN EXTRA-PROVINCIAL COMPANY.

"COMPANIES' ACT, 1897."

I hereby certify that the "Hood Lumber Co." has this day been registered as an Extra-Provincial Company under the "Companies' Act, 1897," to carry out or effect all or any of the objects of the Company to which the legislative authority of the Legislature of British Columbia extends

The head office of the Company is situate at the City of Spokane, Spokane County in the State of Washington.

The amount of the captital of the Company is Three Hundred Thousand Dollars, divided into three hundred thousand shares of one dollar each.

The head office of the Company in this Province is situate at Imperial Bank Block, Revelstoke, and George Smith McCarter, barrister-at-law, whose address is the same, is the attorney for the Company, not empowered to issue and transfer stock.

The time of the existence of the Company is fifty years from the 22nd day of October, 1906.

Given under my hand and Seal of Office at Victoria, Province of British Columbia, this twenty-ninth day of November, one thousand nine hundred and six.

S. Y. WOOTTON,
Registrar of Joint Stock Companies.
[L.S.]

The objects for which the Company has been established and registered are:—

To manufacture, export, import, buy, sell and generally deal in goods, wares, merchandise and property of every class and description within the State of Washington, the United States of America, the Province of British Columbia and elsewhere as may from time to time be found necessary or convenient for the purposes of the Company; to carry on and conduct a general wholesale and retail milling, manufacturing and lumbering business within said territory; to own, operate, buy, sell, lease, erect or otherwise acquire saw-mills and any other kinds of mills or factories for the manufacture of lumber, either in the rough or finished state, and for manufacturing or finishing all articles of trade made therefrom, and to own, buy, sell, lease or otherwise acquire all machinery and appliances of every kind and description that may be necessary or usually had or used in connection therewith; to purchase, take on lease, or in exchange, hire or otherwise acquire or hold and sell lands, estates, buildings, rights-of-way, light or water or any other rights or privileges, machinery, businesses, good wills, plants, stocks in trade, or other real or personal property of any nature or kind whatsoever as may be deemed necessary to carry out any of the objects or purposes of this Company; to maintain, improve, manage, work, control and superintend any trails, roads, ways, tramways, railways, bridges, reservoirs, water courses, sawmills, shingle mills, factories, hydraulic works, electrical works or other works or conveniences which may seem conducive to any of the objects or purposes of the Company, and to buy, sell and deal in the same; to use steam, water, electrical or any other power as a motive power, or otherwise, and to buy, sell and deal in the same; to purchase, acquire, sell, hold, erect, and operate electric light and other power plants for milling and manufacturing purposes, and for the purpose of furnishing lights and creating power for any and all other purposes; to bond, buy, sell, lease, locate and hold ditches, flumes and water rights; to construct, lease, buy, sell, build or operate railroads, ferries, tramways or other means of transportation, for transporting logs, lumber or other material or passengers. To own land, buy, sell, lease and locate or otherwise acquire timber and timber claims; to buy, acquire, hold, improve, lease and sell timber, farming, grazing, mineral and other lands, and the products thereof; to acquire, purchase, lay out, plat and sell town and city lots, and to plat and put upon the market town sites and erect buildings and improvements of every kind and sell lots, or otherwise dispose of the same, or any part or portion thereof, and generally to do a real estate, rental, buying, selling, improvement and investment business; to carry on a general merchandise and commission business; to acquire, sell and conduct stores, hotels or boarding houses; to subscribe for, purchase or otherwise acquire, sell, and hold with the same rights of ownership therein as may be permitted to natural persons, the shares, bonds and obligations of any other corporation wherever organized; to procure the Company to be registered, incorporated, or recognized in any other state, or country, or province and to do all and everything necessary suitable, convenient or proper for the accomplishment of any of the purposes, or the attainment of any one or more of the objects herein enumerated or incidental to the powers herein named, or which shall at any time appear conducive or expedient for the protection or benefit of the corporation, and finally to do everything consistent, proper and requisite for the carrying out of the objects and purposes aforesaid in their fullest and broadest sense within said territory.

nov 24 sat BOWMAN LUMBER CO., LTD.

IN THE MATTER OF THE "WINDING-UP ACT 1898," AND AMENDING ACTS;

and

IN THE MATTER OF THE PINGSTON CREEK LUMBER COMPANY, LIMITED.

The Pingston Creek Lumber Company, Limited, has gone into voluntary liquidation under the above Act and has appointed John H. Jackson, of the city of Revelstoke, B. C., accountant, its liquidator for the purpose of such winding-up.

The creditors of the above Company, which has its head office in said city of Revelstoke, and all others having any claims against said Company are required, on or before the 1st day of January, 1907, to send to Harvey, McCarter & Pinkham, solicitors for said liquidator, at their office First Street, Revelstoke, B. C., their names and *addresses and descriptions, and the* full particulars of their claims or debts verified by oath and the nature and *amount* of the securities, if any, held by them and the specified value of such securities, and, if so required by notice in writing from said liquidator or his solicitors, to come in and prove their said debts or claims in the usual way, at such time and place as shall be specified in such notice.

After the first day of January, 1907, the said liquidator will proceed to distribute the assets of the Company amongst the parties entitled thereto, having regard only to the claims of which he then has had notice, and the liquidator will not then be liable for the assets or any part thereof so distributed, to any person of whose claim he had not notice at the time of the distribution thereof.

Dated this 24th day of November, 1906.

JOHN H. JACKSON,

nov 24 sat 30d Liquidator.

J. L. HIRSCH,

oct 18 Per Ralph Slye, Agent.

"Companies Act, 1897."

CANADA:
PROVINCE OF BRITISH COLUMBIA.

No. 362.

THIS IS TO CERTIFY that the "Lamb-Watson Lumber Company, Limited," is authorised and licensed to carry on business within the Province of British Columbia, and to carry out or effect all or any of the objects of the Company to which the legislative authority of the Eeg*islature of British Columbia extends.*

The head office of the Company is situate in the City of Winnipeg, in the Province of Manitoba.

The amount of the capital of the Company is eight hundred and fifty thousand dollars, divided into eight thousand five hundred shares of one hundred dollars each.

The head office of the Company in this Province is situate at Arrowhead, and Otto Lachmund, lumberman, whose address is Arrowhead, is the attorney for the Company.

Given under my hand and seal of office at Victoria, Province of British Columbia, this 5th day of *November, one thousand* nine hundred and six.

[L.S.] S. Y. WOOTTON,
Registrar of Joint Stock Companies.

The objects for which the Company has been established and licensed are:—

To *manufacture, buy, sell and deal in* logs, timber, lumber, shingles, fuel, pulp, sashes, doors, boxes, ties and all articles manufactured from wood, and in all kinds of building material and building supplies, including lumber, stone, brick, , tile, cement, marble, tools, implements and machinery; to acquire, hold, purchase, lease, sell, mortgage, operate, conduct, manage and dispose of saw-mills, planing mills, houses, buildings, factories, wharves, docks, stone quarries, brick-yards, coal mines, peat beds, clay and plaster beds, *timber limits and real and personal* property of all kinds; to carry on the business of contractors and builders in al its *branches; to own, operate, conduct* and manage stores, magazines and all other places for storing, selling and disposing of goods either to employees of the Company or to the public generally, or bothj to acquire, construct, operate, purchase, lease and hold on the property of the Company convenient tramways and logging railways; also to have and acquire steamboats for the purposes of the Company, and to charge and collect tolls for freight and passengers carried thereon; to act as agents for other persons, firms or *corporations; to acquire and hold shares* in the capital stock of other companies engaged in a similar business; to amalgamate with any *other companies pursuing* the like or similar objects, and generally to carry on any other business and to do all acts and things necessary or convenient for the carrying on of any of the above businesses or operations, or calculated, directly or indirectly, to enhance the value of the Company's property or rights.

WEATHER FORECAST.

Wednesday, Dec. 12.—For 24 hours—*Light westerly breezes, mild and bright, slight snowfall.* Indications of approaching heavy frost. Temp.—Max. 54 degrees; min. 19 degrees.

Local and General.

Don't forget to give in your name for the Ski club. Finest of exercises, finest of fun.

Camp Mountain View, C.W.O.W., will hold its regular meeting Wednesday night, when officers will be elected for the coming year.

The management of the skating rink have decided that an admission fee of 10 cents be charged to all spectators wishing to enter the rink and watch the skating.

Chief of Police Bain returned yesterday from New Westminster where he had gone in charge of an insane man who was committed to the hospital for the insane at the Royal city.

The dredge has commenced to work back on the new channel in the river bed and will considerably deepen it and at the same time extend the piling on both sides so as to give the spring freshet the necessary turn in order to washout the new channel.

Court Mount Begbie, No. 3461, I.O.F., has made arrangements with the Polmatier Sisters Concert Co., to give an entertainment in the Opera House on January 11th. Those that had the pleasure of hearing this company last year, speak very highly of it, and there is every indication already of a great success.

We understand that the Christmas social to take place on Dec. 20th, is not under the auspices of St. Peter's Sunday School, but has been organized by two or three energetic members of the church congregation for the purpose of raising funds for the Christmas Church decorations, and also for giving the children some little entertainment for the Christmas season.

We are able to state on good authority that the Provincial Government has promised to carry out the work of permanently and effectively protecting the river bank this coming spring and that operations will be commenced almost immediately after the sonw has gone. This should be welcome news to all as we can rest assured that what has been promised now will soon be carried out.

The Revelstoke Cigar Store is the latest addition to our business concerns. The store will open this week with a new stock of goods in the corner building recently occupied by Messrs. Kincaid & Anderson on First Street. The premises have been nicely fitted up, refurnished and painted. J. F. Roos is the proprietor and manager, and will shortly make his business more attractive and extensive by addition of pool and billiard rooms. The new enterprise deserves every success, as every new concern opening up business does much in pushing the city along.

An incident attended with serious results happened at the Silver Dollar mine at Camborne on Monday, when D. McDonald and J. Coventry were badly injured by an explosion of dynamite. The men had been drilling on hard ground, and after inserting the charges, fired them three times and commenced drilling on the ground adjoining that which had been broken. While operating the drill an explosion occurred causing both men to be badly cut and burnt. Coventry sustaining a broken leg. McDonald was brought to the hospital here. The cause of the explosion is at present unknown. The government idspector has been sent for to investigate the mystery.

BREAD!!!

Why do you bake your own bread when we can deliver it to you fresh from the oven every day. There is none better, if any as good.

Cakes and Pastry

A large assortment of Cakes and Pastry on hand.

GROCERS, BAKERS AND CONFECTIONERS

Social and Personal

Dr. Hamilton, of Arrowhead, is in town.

Capt. Forslund of the s.s. Rossland is in town for a few days.

Fred. C. Elliot returned from Trout Lake City on Monday.

Engineer F. Hooley, of Field, spent a few days in the city last week.

Miss Ventress, of Vancouver, is visiting Mr. and Mrs. J. M. Doyle.

Col. T. H. Tracey, of Vancouver, has been spending a few days this week in the city.

H. Thompson, a pioneer railroad man on this division, is visiting in the city, and will shortly leave for an extended trip to the east.

J. S. Clute, Esq., inspector of H. M. Customs for British Columbia, Alberta and Saskatchewan, is in the city this week checking out the local office.

Miss J. Orr returned to the city on Sunday morning from Victoria. Miss Orr is well known here in social circles, has for over two years been on the nursing staff of the Jubilee Hospital, Victoria, and recently passed her examinations with honors and received her diploma as a trained nurse. Her many friends in Revelstoke will be glad to hear this, as Miss Orr was very popular among the young people and the deserves much credit for the manner in which she has worked and obtained such honorable mention.

The public of Revelstoke will be delighted to know that arrangements have been made for the re-appearance here of Miss Queenie McCoy, the sweet songstress who made such a favorable impression in this city about a week ago. Miss McCoy will assist at a Burns' Anniversary concert to be held under the auspices of Knox Church on January 25th. Other well known artists will also participate on this occasion, which it is intended shall rank first among Revelstoke entertainments.

EVERYTHING A SMOKER WANTS

AT

F. G. BROWN'S Cigar Store

(From Our Own Correspondent)

The Monarch mine, which is situated about three miles east of Field, in the shoulder of Mount Stephen, is about to be opened up again. The property has been purchased by the Canadian Mine Smelter Supply Co. The ore will be taken to Golden to the old smelter, which has been leased by the company. Mr. Fred Whitwell has been engaged as superintendent of the mine. He has been on the ground some time and has studied the situation thoroughly, so that the plans for the operation of the mine are now almost complete. The camps are being built about a quarter of a mile from the mine. It is Mr. Whitwell's aim to put the mine on a good working basis. It is his purpose to do away with the old slide and install a cable with buckets by means of which the ore will be conveyed down to the track. The preliminary work will be completed in about a month, when a full crew of men will be put on. Mr. Whitwell has had a wide experience extending over fifteen years, both in the theory and the practice of mining. He comes originally from New Zealand and besides in his home land has mined in Australia, Tasmania and B. C. He opened up the famous Providence mine in the Boundary country near Greenwood. He has also opened the Cascade mine on the west coast of Vancouver Island. He has every hope for the success of the proposition here. Mrs. Whitwell is here with him and they are living with Mr. See.

The work of repairing the broken place in the Emerald Lake road is now complete. Mr. Doyle thinks he has fixed it so that it will give no further trouble.

ONLY TEN MORE DAYS

Left for shopping before Xmas. It will pay you to shop early and save the last rush. The assortment will be better and you will have plenty of time to make your selection. Every train is bringing us new goods and we have the prettiest stock you have seen in the town. We have worked hard to purchase a line of goods that would be both useful and ornamental, and yet sell at reasonable prices, and we think we have succeeded.

FANCY BASKETS

We have just opened another lot of Fancy Baskets in different shapes and sizes. Some are large enough for Work Baskets—others for Gloves and Handkerchiefs, etc., etc.

NEW BLOUSES

We have a lot of the New Lace Blouses, made over silk in all over Brussells and Baby Irish. They are the fashionable evening waist. Our New Wool Waists, in Poplins, Alpacas, Llamas, and other soft washing woolens are very handsome. They come in Cream and all shades, beautifully silk embroidered and would make acceptable gifts.

See Our Window!

Of Art Battenburgs and Lace Work. Exclusive designs in all these lines and the prices are what will please you.

New Plaid and Fancy Ribbons

We carry the latest in these lines, in all widths. Have you seen our HOLLY RIBBON just what you want to tie up the Xmas Parcel with.

Nobby Neck Furs

In many different styles and ranging in price from $2.50 to $35.00. We will be pleased to have you come in and look over our lines. We know you cannot beat either our selections or our prices.

MCLENNAN'S

LOADS OF XMAS GOODS

Yes, we have loads of beautiful and artistic and desirable Christmas goods here at your disposal and we want you to come and see and buy them. If you choose an article from our Holiday Stock as a gift for a friend or relative, we know that you will be pleased with your selection, for the stock which we are now offering is a splendid one in every respect.

Although we have loads of goods, yet we expect to sell every Christmas article in stock before Christmas Eve, so we urge you to come and buy early before the Christmas line becomes reduced too much. The early purchasers always have an advantage over the late buyers, Right now the stock is big and complete. Right now is the time to buy.

Don't overlook the fact that presents can be had for young folks and for old folks; for men and women; for boys and girls. All goods have been carefully selected and are being offered at as low prices as it is possible to sell the same quality of goods for.

Gifts for Everybody

D. NAIRN, RED CROSS DRUG STORE

SMITH PASTIME CO.

Smith's Pastime Company, a genuine troupe of ten colored artists, are playing in this city and a performance was given at the opera house last night. The company are all chosen for their excellent talent, both in singing, comedy and pastime amusements. The performance is a high class vaudeville, introducing many new and popular songs, quartettes and choruses as well as a fund of new and up-to-date jokes. Little Baby Beatrice, the eight-year-old artist, is a distinct feature and has wonderful ability for her age. Master Clarence, too, deserves much credit, being highly proficient in toe, buck and wing dancing. Comedian Smith is the leading light of the troupe, and has a host of good songs, both comic and pathetic. The company work well together and the whole forms a delightful evening's entertainment where mirth and laughter run riot. The company are playing again tonight in the opera house and will introduce several new features, as well as songs and musical selections. A very favorable impression has been made by the troupe since they entered upon their Canadian tour, and a company which contains so much talent combined with humor and fun should have a most successful run.
