MARATHON RACE

Hayes Declared Winner on Protest

LONDON, July 24.—John F. Hayes, of the Irish-American Athletic Association, was declared the winner of the Marathon race this afternoon by the judges, who upheld the protest against Dorando, of Italy, who crossed the line first. Hefferon, of South Africa, was given second place, and Forshaw, of the Missouri Athletic Club, third. Bole, of England, was fourth. Hayes was also protested. Weldon, of America, came in fifth, then three Canadians, Wood, Simpson and Lawson, were sixth, seventh and eighth, respectively.

Simpson finished running the strongest of any.

It was proved to the satisfaction of the judges that Dorando was assisted across the finish line.

The time of the winner was 2 hours, 54 minutes, 46 seconds. The Marathon race in Athens in 1906 was won by Sherring, of Canada, in 2 hours, 51 minutes and 23 3-5 seconds.

On account of his legs being injured in the recent accident, Longboat was forced to retire in the 20th mile of the race. The Indian had forced the running too hard at the start.

LATER

LONDON, July 25.—Dorando died late last night from exhaustion after the Marathon race.

LONDON, July 25.—(Special noon)—The report that Dorando was dead is denied, but he is in a very low critical condition.

THE ROYAL VISITOR

H. R. H. Prince of Wales Lands at Quebec

QUEBEC, July 24.—Thousands of visitors thronged into the city to witness the arrival of His Royal Highness the Prince of Wales, on the fast cruiser Indomitable, the mystery ship of the King's navy, which was met by a thunderous salute from the international ships in the harbor.

The streets were filled with enthusiastic Canadians, singing, shouting, cheering and laughing, everyone, from the youngest to the oldest, entering into the spirit of the occasion.

Amidst the most gorgeous state ceremonies, the Prince of Wales arrived at Quebec on Wednesday afternoon, and at last the tercentenary has reached its zenith, the reception of the Prince being one of the most interesting events that has happened in Canada.

There were representatives of many nations, and in full state array, generals, admirals, dukes and hundreds of the most distinguished citizens of Canada and the United States, as well as of Great Britain and France, to add eclat to the scene. It was most gorgeous in its splendor. Prominent among the groups were Sir Wilfrid Laurier and his cabinet, all attired in their Windsor uniforms or as privy councillors, while the Premier wore his insignia as a Knight of St. Michael and St. George.

Many elaborate ceremonies have been planned and the Prince will participate in some of the most spectacular events in recent history before taking his departure from Canada next Wednesday. His Royal Highness is looking in excellent health.

Thursday was the official opening of the celebration commemorating the 300th anniversary of the founding of the ancient capital by Champlain.

Vice-President Fairbanks of the United States delivered an eloquent address during the landing ceremonials on Wednesday, of good will and neighborly friendship from the United States to the Prince.

An Old Timer

Mr Chas. Kerr of Danbury, Conn., is in the city today, accompanied by Mr. J. McLean of the same city. Mr. Kerr is one of the oldest of the old timers of Revelstoke, this being his first visit here in 21 years. Mr. Kerr was in charge of all the supplies for the construction camps of the C.P.R from Medicine Hat to Sicamous and after completion of the road here he started a general retail store on the sight of the present wharf on the Columbia river, just below the government dam. Mr. Kerr is delighted with the appearance of the city, and is enjoying to the full a tour of the district in which he operated two decades ago, when it was a wilderness in the full sense of the term. Messrs. Kerr and McLean are guests at the Hotel Revelstoke.

WATERRATES REDUCED

Important By-Laws Introduced By City Council—New Fire Alarm System—City Park Improvements.

A meeting of the city council was held last night with Mayor Lindmark and Ald. McCarter, Stone, Sawyer, Foote and Woodland, present. Minutes of the last meeting were read and adopted.

COMMUNICATIONS

From F. W. Terry, acting chief of police, reporting fire alarms O. K.—Filed.

From Chief of Police reporting on the fire in the premises of the Bowman Lumber Co.—Filed.

From H. Needham requesting that the cottage at the power house be moved and repaired in order that it be habitable. The council agreed that it was convenient to have a power house employee handy on the premises and the matter was left in the hands of the Fire, Water & Light committee to investigate with power to act.

From the Board of Trade requesting a further donation from the city of $200 towards the expenses of the Revelstoke exhibit at the Calgary Dominion Fair. The request was granted.

From G. Robertson, junior clerk in the city office, tendering his resignation. The resignation was accepted.

From the hospital society thanking the city for their promise of wiring free of charge the new wing of the hospital.—Filed.

From the secretary of the Union of B. C. Municipalities reminding the city of payment of fees.

From T. F. Sinclair requesting that the fees amounting to $171.22, on the bond of the sewerage contract be paid him as per arrangement. The council resolved that he, Mr. Sinclair, be informed that the city is prepared to pay the premium on $2,000 as there is no apparent chance of his being called upon to commence the work.

From the Supt. of Provincial Police stating that the city could rightfully put the city gaol prisoners to work outside the gaol limits—Filed.

From C. J. Aman suggesting certain changes in the city office relating to the Water & Light department, and that he have full charge of that department, with a raise of salary. The council finding that such a change was not feasible, resolved that Mr. Aman be relieved of the janitor work his salary to remain as before and the office work to continue on the same plan.

From G. M. Sproat requesting certain considerations relative to his property be made by the city.—Filed.

Applications for the position of junior clerk in the city office were considered, C. W. Gordon being appointed at a salary of $60 per month.

Petitions largely signed were read requesting that $3,300 be raised by debentures for the purpose of installing a new fire alarm system. The by-law authorizing the borrowing of the money by debentures for the new fire alarm system was introduced and received its three readings and was finally passed with the unanimous consent of the council, the vote of the ratepayers to be taken at the city hall on August 8th.

A petition was read largely signed requesting that $5,000 be raised by debentures for the purpose of improving the city parks. The by-law was introduced, receiving its three readings and passed unanimously. Voting to take place on August 8th.

A by-law was also introduced, authorizing the borrowing of $13,000 from the Molsons Bank on the taxes of the current year.

The report of the Fire, Water & Light committee recommending a 20 per cent. reduction of the city water rates. The report was adopted and the council resolved that such reduction be made to take effect August 1.

Ald Foote complained that garden hoses had taken away the water pressure on the hydrant at the recent fire in the Bowman Lumber Co's. premises recently and suggested that all such use of garden hose during a fire be stopped. The council resolved that the Fire Chiefs be given authority to stop the use of water for gardens, etc., along the line in event of a fire.

A tender for clearing the lane behind E. A. Bradley's lots on Second street for $21 was let to J. Crawford.

The accounts were then passed and the meeting terminated.

Do not forget "Foot Comfort" for hot weather. 25c at Bews' Drug Store.

SPORTING NOTES

Revelstoke Cricketers Sweep Okanagan Valley

The Revelstoke cricketers have made a clean sweep of the Okanagan, having won all the games played. On Wednesday they defeated Okanagan Mission by 186 to 64. Going down the lake on Thursday, they defeated Kelowna 99 to 71. They also defeated the South Okanagan eleven but no details have yet been received. The boys are expected to return home this evening and are to be heartily congratulated on the success of their tour.

Here is a complete list of the championships won by Robert Kerr, of Hamilton, at the English championship meet, one week prior to the Olympic games:

100 yards—Gold medal, also challenge cup presented by Prince Hassan.

220 yards—Gold medal and challenge cup presented by G. V. A. Scholfield, Esq.

Robert Kerr also wins the "Harvey Memorial Gold Cup," valued at 100 guineas ($500), to be held for one year for the best performance of the year.

Taking a substantial lead in the 220 meters final at the Olympic games London, Eng., Robt. Kerr, of Hamilton, Ont., just managed to stave off the determined challenge by Cloughen of America, winning by nine inches in 12 2-5, the same time as he made in the semi-final, after which it was generally conceded the Canadian would win out. Cartmell, American, was third by a foot. Hawkins, the Old Country champion, was last.

The Olympic athletes met a dark horse in the person of the South African youth, B. E. Walker. Walker broke the tape in what is considered one of the most important events in the Olympic games, the 100-metre dash, a short two feet in front of J. A. Rector, the University of Virginia crack. The Canadian Kerr was a few inches behind the Virginian in the third place.

Now that the automobile has made its appearance in Revelstoke, who knows but that the aeroplane, the baloon or the airship may be the next venture on the part of some of our progressive citizens.

Last Wednesday night the Rover baseball team met the Hopefuls in a Y. M. C. A. league game. As the Hopefuls are the league leaders and Rovers tail-enders, it looked like easy meat for the Hopefuls, however, a surprise packet was handed up and the Rovers got the long end of 11 to 6 score, the principal reason being that the Hopeful team were playing several subs, while the Rovers had strengthened up considerably.

Next Wednesday the Alerts play the Hopefuls; will Capt. Squarebrigg be able to bring a team on capable of taking the measure of the Aristocratic Hopefuls, it will be worth watching.

Last night the Rovers played the City lacrosse team an exhibition baseball game, and were defeated by the score of 10 to 2. The lacrosse boys can play ball as well as lacrosse and with a little practice would be a strong team. Their fielding and batting were good, while the Rovers were very slack in the field and not very heavy on the bat.

The stock holders of the Turf Association will meet on Wednesday next, July 29, in the Cowan block, at 8 p.m. A full attendance is requested.

Salvation Army Leaving

GRAND FORKS, July 24.—The Salvation Army members, who have for the past two years been in this city, expect to leave here next week. The Army lost all its belongings in the fire, and the officers who have been stationed here do not feel disposed to remain longer.

C. P. R. Mechanics

WINNIPEG, July 24—T. McVety, the head of the mechanics in the Canadian Pacific Railway shops of Western Canada, has gone to Chicago to consult with the executive of the American Federation of Labor with a view to securing its assistance in engaging in a struggle with the company over the recent findings of the conciliation board in a dispute with the company, the men being dissatisfied. Ten thousand men are affected.

For Railway Commissioner

OTTAWA, July 24.—Your correspondent is informed that the proposed new appointments to the railway commission will recognize claims of British Columbia to a seat on this tribunal, in some respects most important court of law in the whole country. W. A. Galliher, M.P., and Ralph Smith, M.P., are the names mentioned in connection with the new appointment.

For tired and sore feet ask at C. R. Macdonald's for preparation. Only 25c per package.

ELDERLY MEN CAN GET PROPER CLOTHES AT OUR STORE.

A doctor a few days ago met an old gentleman on the street.

"Why, Major, I am very glad to see you! How are you feeling?"

"Pretty well for an old man," answered the Major.

"Old Man?" asked the doctor.

"Why, yes, I am nearly sixty."

"You certainly don't look it."

"Oh, that's because I get the kind of clothes that make you look younger."

"Where do you go?" asked the doctor.

"Oh, there's just one place to go," replied the old gentleman with an assuring smile. "That place is

MUNICIPALITIES AND POLICE

The following excerpt from the Canadian Courier will have no small interest: "Political government in large cities, where manhood suffrage obtains, is so much a failure that the police force must be in the hands of an independent commission. In Fredericton, the change from aldermanic control to commission control, was made a few days ago. Most of the other larger cities have already inaugurated the system. Montreal is the only notable exception, and there would be a much better enforcement of the law there if the aldermen could be persuaded to introduce "civil service reform." Politics and the administration of justice should be entirely separate. The enforcement of the law and the prevention of crime are two most important municipal functions. They should be performed by men absolutely independent of any person connected with the business of vote-getting.

BEHIND THE TIMES

We note with interest that Nelson and Golden have adopted the mountain time in place of the coast time, thereby putting the clocks on one hour. What this means during the summer months and how the value of the change has been realized, the people of Nelson and Golden have been quick to see and knowing that the change was for the better for all concerned prompt action was taken. Revelstoke with her customary habit of delaying things, and procrastinating in this matter has so far done nothing towards accomplishing her aim, although she has had the matter under consideration for some time. As in every case a new idea or scheme creates a lot of interest and enthusiasm on the part of a few citizens, this matter was received with considerable approval by the community, and the city council have even discussed the scheme. As time went on the interest died out and now there are few who really care whether the change is made or not. To those who work all day in stores and offices, the extra hour of daylight is valuable and beneficial and we fully believe that the movement was killed by some who, on principle kick at any new modern innovation, Those who desire to jog along in the same old groove, simply because that groove has developed with them, without having any ideas beyond themselves, are not the sort of citizens to make a community go ahead. There is not a particle of reason why this question of adopting mountain time should not have been settled long ago, especially when the majority of citizens are in favor of it. If the scheme is carried through at once it will not be too late in the summer for the people, who would reap the benefit of the change, to enjoy a long evening of leisure and put to some practical use the hour of daylight, than wasting it in slumber.

GOWING'S COPPER

The Big Copper Find on Moresby Island

Arthur Gowing, who made the marvellous discovery of high grade copper ore in Tasoo inlet, Moresby Island, returned on Thursday evening from the lower Kootenay and will leave for Moresby Island tonight with Messrs. F. C. Elliott and T. Taylor, M.P.P., his local associates in the property, on a tour of inspection.

Mr. Gowing has here in the office of Messrs. Gillan & Elliott, some fine samples of the ore from his property. In the black copper ore there are big values in native gold, which is not often the case in ores of this description. The ore will run from 20 to 30 per cent copper besid s the big values in gold. The ore bodies are very large and running true in solid formation.

Mr. Gowing is an old Lardeau prospector, and his many friends throughout the district will be pleased to hear of his big strike and his success thro' sheer perseverance.

ASCENT OF MT. STEPHEN

Interesting Work by the Alpine Club Enthusiasts

On Wednesday of this week Rev. J. R. Robertson, of Revelstoke, in company with Mr. Marsh, of Chicago, and Mr. Ed. Feuz, Sr., as Swiss guide, made the ascent of Mount Stephen from Field. The party left town at 5 a.m. and reached the summit at 11:30, having made the ascent in six and a half hours. Leaving the summit at 12 o'clock, they made the descent in four hours. The day was very warm, but the climbing was not very difficult. The most interesting part of the climb was near the summit where the rope was brought into operation for an hour and a half. Mount Stephen is 10,450 feet altitude and is greatly admired by all travellers passon the train. The view from the summit is very fine and well worth the long, steady climb. There is an interesting, scientific article on Mt. Stephen in the Alpine Journal for 1908 by Prof. Coleman of Toronto University.

Black Hands at Large

FERNIE, B. C., July 24.—This city was thrown into a great state of excitement yesterday morning by the bold escape of five members of an Italian band alleged to be connected with the "Black Hand" Society. These men were arrested ten days ago Their escape was evidently engineered by friends on the outside. The feeling here is that there may be a serious battle before the police are able to again secure the arrest of the former prisoners.

Following is the description of the men who got away :

Steven Bruno, 22, stout, clean shaven.

Ernest Santoro, dark moustache, 5 feet, 6, slight build, wearing grey striped flannel trousers.

Nunsciato Santoro, dark, heavy moustache.

Frank Albornello, alias Tony Talarico, short hair, closely cropped, clean shaven, wearing light blue sweater, red silk handkerchief.

Jasper Jacino, 5 feet, 7, eighteen, clean shaven, dark clothes

NELSON CONVENTION

Goodeve to Contest Kootenay Constituency

NELSON, B.C., July 24.—At the Conservative convention held in the opera house on Tuesday, A. S. Goodeve, of Rossland, druggist, received the unanimous vote for nomination in the Federal constituency of Kootenay.

Six candidates were nominated: A S. Goodeve; W. A. Macdonald, K.C., and R. S. Lennie, of Nelson: R. F. Green, Kaslo; W. R. Ross, K.C., Fernie; J. H. Schofield, Trail.

All retired except Messrs. Goodeve and Ross. Upon a ballot being taken Mr. Goodeve was found to have received a large majority, and on the motion of Mr Ross, the nomination was made unanimous.

Eighty-five delegates and fifteen proxies were in attendance. R. S. Lennie was chairman. The proceedings, which were open to the press, were hearty and harmonious throughout. Resolutions of confidence in the McBride government and R. L. Borden, and in favor of better terms, adjustment of the tariff on lumber, and exclusion of Chinese, and condemning graft and delayed elections.

A mass meeting in the opera house was well attended, Hon. W. J. Hanna, provincial secretary of Ontario, Martin Burrell of Yale, and all the local members of provincial constituencies in this riding were present.

REVELSTOKE VS. VERNON

Revelstoke Cricket Team Again Victorious

On Tuesday a well contested game of cricket was played at Vernon between the Vernon club and an eleven from Revelstoke, which resulted in a win for the visitors after a well fought match.

Vernon went first to the wicket and made 78 runs, which was just beaten by Revelstoke in their first innings by a score of 79.

In the second innings Vernon "declared" for a score of 55 with six wickets down, giving an hour's neat play before the time for drawing stumps. Revelstoke, however, easily succeeded in rolling up the required number of runs, winning with about ten minutes to spare, making 57 runs for 8 wickets.

The run-getters for Revelstoke were F. Bourne with 13 and 24 and Entwistle 28 and 17, while the eleven as a whole acquitted themselves creditably.

In the evening one of the most enjoyable smoking concerts ever held in the city took place in Cameron's Hall. There were a large number present, the chair being occupied by Mr. G. A. Henderson, and a fine programme of instrumental and vocal music, recitations, etc., was rendered by local talent, assisted by the visitors from Revelstoke. The O. M. R. orchestra was in attendance and assisted materially in making the vening's entertainment a thorough success.

TIME was when you could buy a really good pair of SLATER SHOES for $3.50—all leather through and through. That was when beef was selling for 5 cents a pound, hides were as cheap, and labor was plentiful at $1.00 a day.

¶ Now——

¶ Beef costs 12 cents a pound, and hides are worth 60 per cent more. The farmer reaps the increase.

¶ Slater Shoes at $4.00, $4.50 and $5.00 are better made than they ever were, but their great attraction is their comparative economy. No man or woman can afford to waste money on cheap shoes.

Sold to Indians

VANCOUVER, July 24.—C. J. South, superintendent of the Children's Aid society, who has returned from the north, reports the recovery of a white child who was given away by his parents to Indians, sixty miles from Port Essington. The Indians had fortunately gone from the reservation, and Mr. South located the poor lad in a dirty shack, unattended. The court placed the parents under bond for the support of the child.

FOREST RESERVES

Their Object to Supply Timber and Conserve Water.

A forest reserve is not an area of forest land where no trees whatever are allowed to be cut. The object in setting aside the land for the reserve is not to prohibit cutting altogether, but rather to regulate the cutting and generally to treat the forest so that a continuous crop of timber may be taken off the area, instead of having it cut over once or perhaps twice and then left waste.

Experience in other lands has demonstrated that such a continuous crop of forest trees can be grown and the setting aside of forest reserves is one of the first steps taken in the introduction of such a policy in this country. Crop after crop can be taken off the same area—of course at widely separated intervals, for half a century is a short period to allow for a crop of timber to mature.

The primary object of a forest reserve is thus to provide for a perpetual supply of timber. Another important object of the reserves is to protect the water supply, both the domestic supply for towns and cities and also the supply to be used for the generation of power. The effects of forests at the headwaters of streams is to regulate the flow so as to make it constant throughout the year—not a torrent in spring and a nearly dried up streambed in the heat of summer. To be valuable as a source for power a stream must furnish a constant and regular supply of water. Very low water in a stream from which a town or city derives its water supply has often meant a great deal of sickness, (perhaps in the form of an epidemic), for the people of that place. Where the forest is, the snow melts more gradually in spring and the rains of spring and summer soak into the ground, which acts like a sponge, and flow off more gradually than where the forest is removed.

In hilly and mountainous regions the cutting off of the forests has often led to the washing away of the soil. This has made it impossible for the forests to grow again, and moreover has led to the silting up of the rivers in the valleys, which made necessary the expenditure of large sums in dredging them out again. Good examples of this may be seen in the neighborhood of the Appalachian mountains in the United States.

Some reserves are important as well in furnishing recreation for the people but the two essential objects of the reserves, are those of providing for a perpetual crop of timber and of protecting the water supply for power and domestic use.

STOLE DIAMONDS

Arthur and Lillian Clute Arrested in Portland

VANCOUVER, July 24.—Arthur H. Clute and wife, Lillian, were arrested yesterday morning at Portland, Ore., charged with stealing $1,000 worth of diamonds from Jacob Fleishman, of Cranbrook, B.C. They were arrested in a neat flat. Mrs. Clute carried a large quantity of jewelry in her bosom and admitted that she had some of the alleged stolen property.

OKANAGAN EXHIBITION

Special Features of the Vernon Fall Fair

We are in receipt of a copy of the prize list of the Vernon annual fall fair which takes place on Sept. 16, 17, 18. The directors are offering much larger prizes this year than ever before, so as to secure the best possible entries in all classes. In the exhibition class they are offering upwards of $2,600, and for races an amount of $1750, besides several valuable cups that have been donated. The committees have the fair arrangements well in hand and are erecting a new exhibition building, poultry house and machinery building and it is the endeavor of Vernon as a whole to make this year's fair the largest and most successful yet of any in the interior. Special attractions have been secured while an extensive programme of games, lacrosse, baseball, and football matches will provide ample entertainment. Arrangements have been made with the C.P.R. for reduced rates for exhibits and passengers from all points. The entry list is particularly large and embraces every class of industry.

Quebec Tercentenary

Very much apropos of the Quebec Tercentenary celebrations, The Graphic for this week, July 18, contains two magnificent portait supplements of the Prince and Princess of Wales, drawn for our contemporary by Mr. Seymour Lucas, R.A., at sittings specially accorded by their Royal Highnesses, and beautifully printed upon art paper. As a further instance of the enterprising methods of The Graphic and the keen interest which it is displaying in things Canadian, it may be mentioned that England's premier illustrated weekly has specially engaged Mr. Frank Craig, one of the best draughtsmen in the United Kingdom, to depict in its pages the most striking aspects of the Quebec festivities. He is accompanying the Royal party to Canada for this purpose, and proposes afterwards to make a trip through the Dominion, the artistic results of which will be seen in the pages of The Graphic.

CORPORATION OF THE CITY OF REVELSTOKE

Notice
The attention of the public is called to Section 14 of City By-law 71, requiring that all garden hose jets and sprinklers be turned off on the sounding of the fire bell, and remain off during the progress of a fire. This provision has been disregarded lately, and it is hoped the seriousness of the matter will induce the public to give it proper attention.

Heading off a Risk

Gas is liable to puff out of the front door of any furnace unprovided for gas escape.
"Sunshine" Furnace has Automatic Gas Damper directly connected with smoke-pipe. Gas pressure sways damper sufficiently for it to escape up chimney (see illustration), but heat doesn't escape.
What does "Sunshine" Gas Damper mean to "Sunshine" Furnace? Means protection to the furnace parts against evil effects of gas.
What does "Sunshine" Gas Damper mean to "Sunshine" householder? Means furnace can be operated without fear as to "puffing" gas; furnace can be left without doubt as to whereabouts of gas.
What does "Sunshine" Gas Damper mean to "Sunshine" coal account? It means, instead of owner with "ordinary furnace" fear having to keep check-draft indefinitely closed to "let off" gas—when there's two-thirds parts of heat-energy to one part of gas passing up chimney—draft can with all safety be opened, and coal saved for another day's duty.

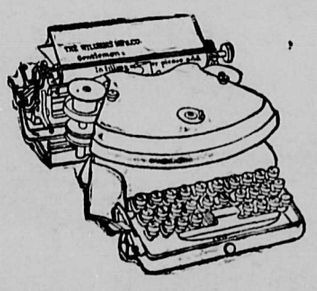
"THE EMPIRE"



VISIBLE TYPEWRITER
A Canadian Made Writing Machine
For ease of operation and perfection in the results produced the "EMPIRE" TYPEWRITER is unsurpassed.
The "EMPIRE" embodies no complicated movements, while its manifolding alignment, marginal facilities, automatic conveniences, durability, visible writing, minimum of noise in operation make it the typewriter par excellence.
The "EMPIRE" needs less care than any other machine because there are fewer parts to be cared for also due to the strong lines of simplicity that are part of the machine.
The C.P.R. began using the EMPIRE Typewriter in 1895, continued to add to the number, and now have in constant use more than 700 of these machines.

Toronto lumbermen have decided to reduce the cut next winter of logs by 50 per cent.

The city gaol has been empty for the past few days, for the first time since its institution.

Owing to the absence from the city of a number of the band boys the Independent Band were unable to give their usual open air concert this week.

The Brotherhood of Locomotive Engineers opened its annual convention at Ottawa this week. There are some 2000 members in attendance from all parts of Canada and the United States.

A camp of the Order of the Woodmen of the World was organised and instituted on Monday last at Nakusp with 25 charter members. Past H. B. C. C. James A. Ramplin performed the ceremony. Considerable interest has been evinced in the work of the Order and the prospects of the new camp are exceptionally bright.

A despatch from London, Eng., states that the judicial committee of the Privy Council has allowed the appeal of the province of British Columbia against the decision of Justice Clement of the British Columbia Supreme Court on the question of provincial jurisdiction in divorce involved in the case of Watts vs. Watts.

Miss Jean Parker, of Winnipeg, last Monday, July 20th, successfully made the ascent of Mount Tupper in the Selkirks. This mountain is one of the most difficult to climb. Miss Parker is the first lady to make this ascent and the second person to make the climb. She was accompanied by Ed. Fenz, Jr., as guide. It will be remembered that Miss Parker was the first Canadian lady to climb Mount Sir Donald a year ago.

The Presbytery of Kamloops met at Field on Tuesday of this week for the ordination and induction of Mr. F. W. Kerr, B. A. Rev. W. L. McRae, of Golden, presided. Rev. J. R. Robertson of Knox church, Revelstoke, preached the ordination service and Rev. Logie Macdonnell, of Vernon, addressed the minister and congregation. There was a good attendance of the congregation of Field, manifesting their interest in the service and in their newly ordained and inducted pastor. Mr. Kerr is a graduate in arts of Manitoba University and a graduate in theology from Knox college, Toronto, where he took the $400 travelling scholarships which entitles him to a past graduate on the continent of Europe.

The following from the Nelson News will be interesting to our citizens:—"H. G. Parsons, of Golden, member of the provincial legislature for Columbia riding, said last night. 'I want to congratulate the people of Nelson on their courage and enterprise in putting their time forward by an hour. We at Golden, took that step some time ago and have found no cause for regret. The people of Revelstoke have been talking of it for some time, but so far have done nothing. What is required to make it really successful is that the C.P.R. should move its division line to a parallel west of Nelson and Revelstoke.'"

On Thursday, July 23rd, Mr. C. H. Gillis, of Vancouver, and Rev. Logie Macdonnell, of Vernon, with Rev. J. R. Robertson as guide, made a round trip of 28 miles to the Yoho valley. Leaving Field at 4 a.m., they were on top of Burgeon Pass at 6.30, and after skirting the base of Mts. Field and Wapta, arrived at Summit Lake. Yoho Pass, at 8 a.m. Going over the pass to Lookout Point, they had a good view of the valley and of the beautiful Takakkaw Falls. Returning by way of Emerald Lake they encountered a drenching rain, but arrived at Field at 2.30 p.m., having enjoyed a delightful journey.

CORPORATION OF THE CITY OF REVELSTOKE

By-Law No.

A By-law to authorize the borrowing by the Municipal Council of the Corporation of the City of Revelstoke of the sum of Three Thousand and Three Hundred Dollars ($3,300) for the purpose of installing a new fire alarm system for the City of Revelstoke.

Whereas a petition has been presented to the Municipal Council of the Corporation of the City of Revelstoke signed by the assessed owners of at least One-Tenth in value of the real property within the City of Revelstoke as shown on the last revised Assessment Roll of said City, requesting that a By-law be introduced for the purpose of authorising the borrowing by the said Corporation of the sum of Three Thousand and Three Hundred Dollars ($3,300) for the purposes above mentioned;

And Whereas, the whole amount of the ratable property within the said City of Revelstoke according to the last revised Assessment Roll of the said City of Revelstoke, is the sum of One Million One Hundred and Twenty-One Thousand, Eight Hundred and Twenty Dollars;

And Whereas it will be necessary to raise annually by special rate sufficient therefor the sum of Two Hundred and Fifty-Five and 50-100 Dollars for paying the said debt and interest thereon:

Now, therefore, the Municipal Council of the Corporation of the City of Revelstoke in open meeting assembled enacts as follows:

1. It shall be lawful for the Mayor of the Corporation of the City of Revelstoke to borrow on the credit of the said Corporation by way of debentures hereinafter mentioned from any person, persons, firm, body or bodies corporate, who may be willing to advance the same as a loan, a sum of money, not exceeding in the whole the sum of Three Thousand and Three Hundred Dollars ($3,300) and to cause all such sums so raised or received to be paid into the hands of the treasurer of the Corporation of the City of Revelstoke for the purpose and with the object above mentioned.

2. It shall be lawful for the Mayor of the said Corporation to cause any number of debentures to be made, executed and issued for such sum or sums as may be required for the purpose and object aforesaid not exceeding, however, the sum of Three Thousand and Three Hundred Dollars. Three of such debentures shall be in the denomination of One Thousand Dollars each and one of such debentures shall be of the denomination of Three Hundred Dollars, and all of such debentures shall be sealed with the seal of the Corporation of the City of Revelstoke and signed by the Mayor and Clerk thereof.

3. The said debentures shall bear the date of August 10th, 1908, and shall be payable in Twenty-five Years from the said date in lawful money of Canada, at the office of the Molsons Bank at Revelstoke aforesaid, which said place of payment shall be designated by the said debentures, and shall have attached to them coupons for the payment of interest, and the signature to the interest coupons may be either written, printed or stamped or lithographed.

4. The said debentures shall bear interest at the rate of five per centum (5%) per annum from the date thereof, which interest shall be paid semi-annually at the office of the Molsons Bank at Revelstoke aforesaid in lawful money of Canada on the 10th day of February and on the 10th day of August respectively in each and every year during the currency thereof, and it shall be expressed in said debentures and coupons to be so payable.

5. It shall be lawful for the Mayor of said Corporation to negotiate and sell the said debentures or any of them for less than par, but in no case shall the said debentures or any of them be sold for less than Ninety-Two and One-Half Per Centum (92½) of the face value including the cost of sale and brokerage and all other necessary expenses.

6. There shall be levied and raised in each year during the currency of the said debentures the sum of One Hundred and Sixty-five Dollars ($165) for the payment of interest and Ninety Dollars and Fifty Cents ($90.50) for the payment of the said debt under the said debentures by a special rate sufficient therefor on all the ratable real property in the said Municipality.

7. It shall be lawful for the Municipal Council of the said Municipality to re purchase any of the said debentures upon such terms as may be agreed upon with the legal holder or holders thereof, either at the time of sale or at any subsequent time, and all debentures so repurchased shall be forthwith cancelled or destroyed, and no re-issue of debentures shall be made in consequence of such repurchase.

8. This By-law shall take effect on and after the tenth day of August, A. D., 1908.

9. This By-law shall, before the final passing thereof, receive the assent of the ratepayers of the Corporation according to the provisions of and in the manner prescribed by the Municipal Clauses Act.
