PREMIER ADDRESSES BANQUET

AT GERMAN CLUB

OTHER SPEAKERS

Vancouver, B.C., June 20—The 25th anniversary of Emperor William's accession to the Imperial throne of Germany was right royally celebrated by the German Club of Vancouver this evening when a banquet was held in the Hotel Elysium. Many of the leading Germans in the city and province were present and the occasion was graced by the presence of Premier McBride, Mayor Baxter, several consuls, the heads of local military bodies and many others. The post-prandial oratory was of a very high order, several admirable speeches being delivered, notable amongst them being an address by Sir Richard McBride, Mr. Alve von Alvensleben, president of the German Club, and Dr. F.B. Vrooman. The keynote of most of the speeches was that a better knowledge of each other would lead to a closer friendship between the British and German nations

An interesting incident of the dunction was the sending of a cablegram to Emperor William congratulating him on his twenty-fifth anniversary of his rule. This was sent in the name of the British and German citizens of the province at the suggestion of Mr. Alvo von Alvensleben and with the hearty concurrence of Sir Richard McBride and other British citizens present.

"The King" was the first toast and was proposed by the chairman. It was received with much enthusiasm, and the singing of the National Anthem. This was followed by a toast to Emperor William, which brought out two of the best addresses of the evening.

PREMIER'S SPEECH.

At the outset of his reply, Sir Richard McBride thanked Mr. Alvon von Alvensleben for his expressions of kindly sentiments toward the British people on the part af the Germans. He said that the British also appreciated the worth of the German people and the wonderful advancements achieved in the last 25 years. They looked upon the Germans as very keen rivals in the quest of the world's commerce. But the British sought no quarrel with the Germans. Like Germany, Great Britain stood for liberty, freedom and progress along healthy lines. He expressed the hope that it would be possible for these two mighty peoples to join hands for the furtherance of the world's progress and advancement of their respective people. If the two could walk hand-in-hand there would be no cause to fear war. In recent years there had been a great deal of anxiety on this score, but wiser counsels had prevailed. There had been no clash of arms, and the outcome of recent events seemed to indicate a better understanding and peace between them for many years to come.

TIES THAT BIND.

The Premier referred to the enthusiasm which was accorded the British monarch in Berlin recently. All Britons were pleased when they read of it. This, he thought, must be taken as good evidence of the splendid relations which now obtained.

"In British Columbia," he continued, "we daily illustrate, for the benefit of the two home people, how well Germans and Britons can live together and how firmly are we bound in the ties of friendship and esteem. This banquet is an illustration. We find the Mayor of the city, members of Parliament and other men of prominence here who are only too glad to break bread with their German brethren in the celebration of the 25th anniversary of the Emperor's accession to the throne. I am sure the King and the Emperor well understand what a tremendous force for good such sentiments can have when more widely applied.

"We are glad to see Germans come into this province to live. We are prepared at once to acknowledge their worth. I travel extensively throughout this province and it is always a pleasant experience to meet German settlers. They are always ambitious to take part in the business affairs of the country and to exercise a good influence as citizens. They are never afraid to do their part for the common good. We could do easily with more Germans in this province. I understand that there are millions of dollars hoarded away in the Fatherland. We could do with some of that here, too (laughter). I hope you believe in us and in the future of this province, and will undertake to bring more of your fellow countrymen here and don't forget to ask them to bring some of that money with them.(Laughter).

"I had no intention of making a speech, but I wanted to be with you. I am a full-fledged member of the German Club in Victoria, and I have been present and enjoyed these occasions before. The sending of a joint message of congratulation to the Emperor is a splendid idea, and I know that His Imperial Majesty will prize the message of good will from the people of Vancouver." (Cheers).

Dr. F.B. Vrooman in the course of his speech said: "The first great step toward world peace, is from our point of view, the better consolidation of the British Empire, the second step is a closer fusion of the Anglo-Saxon peoples, and the third step is the amalgamation of all brethren in the Germanic race."

COLUMBIA RIVER SURVEY COMMENCED

R. F. Green Secures $15,000 Completion Work Revelstoke to Boundary—Will Finally Solve Problems of Navigation.—Assist Reclamation Kootenay Flats.

As already announced in these columns, Mr. R.F. Green, M.P., nas had placed in the estimates for this year a sum of $15,000 for the completion of the work of surveying the Columbia river to the International Boundary, with a view to proving the possibility of making it navigable from the main line of the C.P.R. to the boundary. Last year the river was surveyed from Golden to Revelstoke, and the report and maps of that portion are already in the hands of the headsof the Public Works Department at Ottawa but will not be published until the entire survey is completed.

District Engineer Forde is now making arrangements for the continuation of the work, which will be started as soon as the water in theriver fallssufficiently to enable the surveyors to work to advantage, probably about August 1st. Mr. W.F. Richardson, B.C.L.S., will again taken charge of the field work and Mr. Forde's intention is to complete the survey of theriver from Revelstoke to Arrowhead and from Robson to the Boundary this year. This, with the work done last year and the survey already made through the Narrows between the upper and lower Arrow lakes, will give sufficient information to enable the engineers to decide on the amount of work required to carry out the proposed scheme and the cost of same Incidentally the survey of the portion of the river lying between Windermere and Golden will furnish most of the information necessary to determine the feasibility of reclaiming about 150 000 acres of low land in the upper Columbia valley the reclamation of which would mean the addition of at least $7,500,000 worth of arable land to our resources, land too, lying in one of our most beautiful and prolific valleys.

The final report on this project will be looked forward to with eagerness by every resident in Kootenay District. As a favorable decision on the scheme would mean an alternate and cheap competitive transportation system for this portion of the province; with all the advantages that go with such competition, and with the opening of the Panama Canal in a very short time and the movement of wheat from the prairie provinces to the Pacific coast the impetus which the realization of this scheme would give to this district would be immense.

One thing we can be assured of now is that if the project is a practicable one our representative, Mr. Green, will do everything in his power to have work started at the earliest possible moment and rushed to completion as quickly as funds, men and machinery can do it.

EXPOSE PUBLIC NUISANCE

Fever hovers around the corner of Boyle avenue and Victoria Road, only a short distance from the Forest Mills, Ltd., omce. The cause is the action of some careless residents in throwing a quantity of old vegetables and other kitchen refuse in the dry culvert that crosses at this point of the street. This refuse is exposed to full view by foot passengers on Victoria avenue.

Fortunately the cool wet weather has prevented any bad odor so far from this nuisance, but that is no thanks to the people who deposited it there. Should the weather turn warm this culvert will in a few hours be a veritable cesspool of polution and fever, breeding germs. It would be well for the proper authorities to take the necessary steps to have this nuisance removed at once and a public warning should be given to every one not to handle a nuisance of this kind carelessly within the city limits.

The kitchen refuse in this culvert was seen by the Mail-Herald reporter, and any citizen can see the bad state of affairs by inspecting the culvert at the crossing of Boyle avenue and Victoria Road.

Prompt action should be taken to remove this nuisance before the weather turns hot. It is possib le that gross ignorance is responsible for any citizen of Revelstoke throwing decaying refuse in an open culvert in the heart of the city, but if ignorance is the cause they should be advised not to repeat it under a penalty of a heavy fine. It is seldom in ones travels that you will encounter a more ideal fever breeding spot than the culvert at the crossing of Boyle avenue and Victoria Road. Just now it is a disgrace to the city.

Portland's seventh rose festival and carnival of flowers came to a close with a repetition of the beautiful electric pageant folfowed by merry-making by revelers who sent Rex Oregonus and the 1913 festival into the realms of the past with suitable enthusiasm.

Due to the sudden rise of the Fraser river, Tete Jaune Cache was last week-end under water and boats are being used on Main street removing furnishings from buildings slose to the water front. Several structures have been washed from their foundations.

Gun Club Shoot

Following are the scores made by the Revelstoke Gun Club at their weekly shoot on Wednesday last:

Name	Shot at	Broke
W. A. Foote	50	45
A. J. McDonell	50	47
W. A. Sturdy	50	44
J. G. Barber	50	44
C. E. Shields	50	43
Jas. E. Wright	25	22

McDonell and Barber tied for the Dupont medal. Both the Dupont Powder company and the Dominion Cartridge Co., are presenting the club with gold medals for amateurs using their ammunition at the annual tournament on the 14th and 15th July. The program will be out today, Saturday, June 21st.

W. H. Horobin is the proud owner this week of an "Indian" motorcycle. It is a twin cyclinder seven h.p., and is a beauty.

REVELSTOKE KAMLOOPS BASEBALL

In fine weather on Wednesday afternooo last at the recreation grounds, the third home game of the interior baseball league for 1913 was played off between those old rivals Revelstoke vs. Kamloops. Prof. P. F. Gifford acted as umpire, balls and strikes, O. R. Lister of Kamloops officiating on bases.

The line up was in batting order:

Revelstoke C.P.R.—White, 1st b.; Phillips, 2nd b.; Derr, 3rd b.; Wright, s.s.; Pulley, l.f.; Sellens, c.; Fisher, r. f.; List, c.f.; Webb, p.

Kamloops—Williams, s.s.; Munn, c.; Moss, 3rd b.; Adams, 1st b.; Mace, c. f.; Irwin, r.f.; Bergeson, 2nd b.; Bacon, l.f.; Crisler, p.

THE GAME.

At 4 p.m. the umpire announced the batteries. Kamloops, Crisler and Munn; Revelstoke, Webb and Sellens, and at 4:14 p.m. the game was called Batter Williams of Kamloops facing Webb's music as the first man in for visitors.

Kamloops, 1st—Williams flied out to Phillips; Munn, struck out by three in succession cutting the centre of the plate; Moss flied out on what looked a safe hit, List started at the crack of the bat and held a magnificent catch on the run.

Revelstoke 1st—White was the first of the home hopes to face Crisler, on his missed third strike catcher momentarily slippeh the ball, batter stopped and then decided to force the throw; baseman muffed the ball, White reached first safe. Phillips bunted and reached first: White out at second; Phillips stole second; Derr struck out; Wright out at first.

Kamloops 2nd—Adams bats, hits safe to first; Mace out at first, Adams to second; Irwin flied out to the rightfield; Bergeson, Fisher struck out Sellens hit by pitcher walked to first; Fisher made safe hit to the left outfield and Sellens sprinted round the diamond from first to safe home; Fisher out at second base on a close decision; one run for Revelstoke. List struck out. Score end of 2nd, Revelstoke one, Kamloops nil.

Kamloops, 3rd—Bacon struck out; Crisler flied out to 1st; Williams put out, s.s. to first.

Revelstoke, 3rd—Webb up, flied out to catcher; Wright out at first, Phillips out s.s. to first.

Kamloops, 4th—Munn bats, reached second on error at first base; Moss reached first base on a safe hit between 1st and 2nd, Munn out at plate Moss got home on passed ball Adams struck out; Mace bats, made a three base hit; Irwin struck out, one run for Kamloops.

Revelstoke, 4th—Derr struck out; Wright, flied out to s.s.; Pulley, put out, 3rd base to first. Score end of fourth, one all.

Kamloops, 5th—Bergeson out at 1st Bacon fouled out to catcher; Crisler hit by pitched ball, walked to first; Williams batted the ball high over the fence on his first strike. A safe home run, Crisler driving in ahead of the batter. Two runs for Kamloops; Munn hit safe at first; Moss flied out to center.

Revelstoke, 5th—Sellens up, put out at first; Fisher safe hit to first, List struck out, Webb out to pitcher.

Score at end of fifth, Kamloops 3, Revelstoke 1.

Kamloops, 6th—Adams hit by pitched ball took first, reached 2nd on a wild throw and missed ball to first baseman; Mace base on balls; Irwin sacrificed, Adams and Mace advanced one base each; Bergeson bunted reached first,, Adams out at third, Mace stole third, Bergeson stole second; Bacon struck out.

Revelstoke, 6th—White bats, out at first; Phillips, hit safe to first; Derr popped out to third; Wright struck out.

Kamloops, 7th—Crisler hit safe to first, given safe at second on a very questionable decision; Williams given out at first on what looked a safe hit, Munn out at first; Moss, out at first.

Revelstoke, 7th—Pulley to first on balls; steals second, steals third; Sellens struck out; Fisher made a fine well judged hit easy safe to first; Pulley home; List out 2nd to first, Fisher to second; Webb struck out. Score, end of seventh, Kamloops 3, Revelstoke 2.

Kamloops, 8th—Adams hit, got safe to first on a muffed stop by s.s.; Mace bunted, out to pitcher, Adams given safe on close decision at second; Irwin hit safe to first; stole second, Adams to third; Bergeson struck out; Bacon flied out to centre.

Revelstoke, 8th—White bats, fouled out to third; Phillips put out first, Derr put out first.

Kamloops, 9th—Crisler flied out to right field; Williams took first hit by pitched ball; Munn bunted, out at 1st Williams out at third, smart double play third to first and back.

Revelstoke, 9th — Wright opened, struck out, Pulley out at first; Sellens hit safe to first; Fisher bats, Sellens out at third.—Score Kamloops 3, Revelstoke 2.

SUMMARY

	A.B.	R.	H.	P.O.	A.	E.
White	4	—	—	11	2	—

Pulley	3	1	2	—	—	—
Sellens	3	1	1	7	2	1
Fisher	4	—	4	2	—	—
List	3	—	—	3	—	—
Webb	3	—	—	1	2	—

COMMENTS.

The game provided a fine exhibition of ball. The record of strike outs 6-8 and men walked proves that the pitching end of both batteries was almost equal with the Kamloops artist having slightly the best of the argument. The Kamloops catcher also showed a slight superiority in comparison with the man behind the plate for the homesters.

The boys played good ball, but not quite good enough, as the score shows to land them into the winning class. Their greatest weakness was with the bat, Revelstoke are a trifle shy on the batting end. A timely hit would at least have evened up the score.

The home swipe scoring two runs for the visitors, was a grand hit, one of the best ever seen on the recreation grounds, the ball sailing away over the fence.

The umpire gave satisfaction, although some criticism was shown of a couple of the decisions handed out by his representative on bases, the last of those being the obvious attempt to even up for the original bad break in the decision of "safe at second base."

The gate receipts approximated $175 the attendance being very good.

A very important point in regard to the fruit question in Alberta has been decided by the United Farmers' association of Alberta. This is the arrangement for fruit to be shipped from British Columbia, which will be distributed among the different unions from Calgary thereby eliminating the middleman's profit. It will mean that the farmers of Alberta will receive their fruit at a much reduced rate and the scheme, once launched, will continue as long as it proves a success. The farmers in the country are supporting the proposition according to P.P. Woodbridge, secretary of the U.F.A.

CARLSON'S DAIRY PASSES INSPECTION

Dr. McLean, Medical Health Officer, and Ald. J. Guy Barber Made Inspection on Monday.—Health Officer's Official Report.

Editor Mail-Herald:—

On Monday of this week accompanied by Mr. J. Guy Barber, chairman of the Health Committee of the city council. I visited the stables and dairy of Mr. A. Carlson, First street.

At this time I do not wish to discuss the question of whether or not dairies should be allowed to exist inside the city limits, but since they are allowed to do so, there should be left no doubt as to their cleanliness and sanitary perfection.

Mr. Carlson conducted us to the stables, where at this season of the year, twenty-six head of cattle are housed every night, and every care was taken by the owner to have this tour of inspection a thorough one.

We found the building sufficiently large for the cattle kept in it, sufficiently airy and free from all offensive odor.

Mr. Carlson informed us that the condition of the stables on Monday differed in no way from that of any other day; that it is his practice to clean and flush the floors and gutters as soon as the cattle are turned out in the morning to pasture. The water is laid on in the stables from the city supply and judging from appearances is freely used and to good advantage.

The manure and other refuse from the gutters is removed daily in receptacles to a plank box in the centre of an adjoining yard and from here, at least twice a week, is hauled away from the town and distributed over the lands of the surrounding country.

The interior of the stable with the exception of the floor, is coated with whitewash, and this coating is renewed at frequent, regular intervals. We were told by the proprietor.

It may be truthfully stated that that while the odor of cattle enclosed in a stable, was quite evident, that neither in the stable or yards adjoining was anything discovered of an offensive or disease breeding nature.

Before concluding it might be mentioned that the milk cooling and bottling rooms; which are quite separate from the stables, were inspected and were found to be in a condition to turn out perfectly clean and healthy milk.

E. H. S. McLEAN,
City Medical Health Officer.

COUNCIL REGULAR MEETING

City Council meet in regular meeting Friday night at 8:20 p.m. Mayor Kilpatrick occupied the chair. Present Aldermen Barber, Howson, Bourne, Abrahamson and McSorley.

Minutes of last meetibg read by the City Clerk and adopted.

COMMUNICATIONS

Various communications were ordered answered or filed. A letter from legal counsel informed the council that the law as laid down in the Municipal Act and amendments governed the levy of taxes on church property, and that the council had no legal right to vary same by either motion or otherwise. City Clerk Gordon was instructed to act accordingly.

As result of letters from certain firms re-overdue accounts the city clerk explained that a number of old accounts dating back several years had been paid amounting to some $900, and the Finance Committee were instructed to line same up, and report them for payment if in order.

Report from medical officer McLean re certain stables and other matters, pertaining the sanitation of the city was received and filed.

The Chief of Police was instructed to prevent the illegal burning of corpses within the city limits.

The City Clerk was instructed to acquaint Mr. Peterson with the action taken re pound keeper, also that animals tied might constitute a nuisance. And should be dealt with in accordance with city bylaws governing such.

The estimates were discussed at length and the city clerk reported all tax notices to 1912 inclusive issued.

Meeting adjourned at 10 p.m.

The geological survey has issued a statement of the proposed work of the summer. Of interest to British Columbia is the announcement that a party under D.D. Cairns will be employed in a real mapping (geological) of the White River copper district, examination and immediate report on the copper depasits of Valdez Island and reconnaissance of the placer area south west of Teslin Lake.

PREMIER ADDRESSES BANQUET

AT GERMAN CLUB

OTHER SPEAKERS

Vancouver, B.C., June 20—The 25th anniversary of Emperor William's accession to the Imperial throne of Germany was right royally celebrated by the German Club of Vancouver this evening when a banquet was held in the Hotel Elysium. Many of the leading Germans in the city and province were present and the occasion was graced by the presence of Premier McBride, Mayor Baxter, several consuls, the heads of local military bodies and many others. The post-prandial oratory was of a very high order, several admirable speeches being delivered, notable amongst them being an address by Sir Richard McBride, Mr. Alve von Alvensleben, president of the German Club, and Dr. F.B. Vrooman. The keynote of most of the speeches was that a better knowledge of each other would lead to a closer friendship between the British and German nations

An interesting incident of the dunction was the sending of a cablegram to Emperor William congratulating him on his twenty-fifth anniversary of his rule. This was sent in the name of the British and German citizens of the province at the suggestion of Mr. Alvo von Alvensleben and with the hearty concurrence of Sir Richard McBride and other British citizens present.

"The King" was the first toast and was proposed by the chairman. It was received with much enthusiasm, and the singing of the National Anthem. This was followed by a toast to Emperor William, which brought out two of the best addresses of the evening.

PREMIER'S SPEECH.

At the outset of his reply, Sir Richard McBride thanked Mr. Alvon von Alvensleben for his expressions of kindly sentiments toward the British people on the part af the Germans. He said that the British also appreciated the worth of the German people and the wonderful advancements achieved in the last 25 years. They looked upon the Germans as very keen rivals in the quest of the world's commerce. But the British sought no quarrel with the Germans. Like Germany, Great Britain stood for liberty, freedom and progress along healthy lines. He expressed the hope that it would be possible for these two mighty peoples to join hands for the furtherance of the world's progress and advancement of their respective people. If the two could walk hand-in-hand there would be no cause to fear war. In recent years there had been a great deal of anxiety on this score, but wiser counsels had prevailed. There had been no clash of arms, and the outcome of recent events seemed to indicate a better understanding and peace between them for many years to come.

TIES THAT BIND.

The Premier referred to the enthusiasm which was accorded the British monarch in Berlin recently. All Britons were pleased when they read of it. This, he thought, must be taken as good evidence of the splendid relations which now obtained.

"In British Columbia," he continued, "we daily illustrate, for the benefit of the two home people, how well Germans and Britons can live together and how firmly are we bound in the ties of friendship and esteem. This banquet is an illustration. We find the Mayor of the city, members of Parliament and other men of prominence here who are only too glad to break bread with their German brethren in the celebration of the 25th anniversary of the Emperor's accession to the throne. I am sure the King and the Emperor well understand what a tremendous force for good such sentiments can have when more widely applied.

"We are glad to see Germans come into this province to live. We are prepared at once to acknowledge their worth. I travel extensively throughout this province and it is always a pleasant experience to meet German settlers. They are always ambitious to take part in the business affairs of the country and to exercise a good influence as citizens. They are never afraid to do their part for the common good. We could do easily with more Germans in this province. I understand that there are millions of dollars hoarded away in the Fatherland. We could do with some of that here, too (laughter). I hope you believe in us and in the future of this province, and will undertake to bring more of your fellow countrymen here and don't forget to ask them to bring some of that money with them.(Laughter).

"I had no intention of making a speech, but I wanted to be with you. I am a full-fledged member of the German Club in Victoria, and I have been present and enjoyed these occasions before. The sending of a joint message of congratulation to the Emperor is a splendid idea, and I know that His Imperial Majesty will prize the message of good will from the people of Vancouver." (Cheers).

Dr. F.B. Vrooman in the course of his speech said: "The first great step toward world peace, is from our point of view, the better consolidation of the British Empire, the second step is a closer fusion of the Anglo-Saxon peoples, and the third step is the amalgamation of all brethren in the Germanic race."

THE GAME.

At 4 p.m. the umpire announced the batteries. Kamloops, Crisler and Munn; Revelstoke, Webb and Sellens, and at 4:14 p.m. the game was called Batter Williams of Kamloops facing Webb's music as the first man in for visitors.

Kamloops, 1st—Williams flied out to Phillips; Munn, struck out by three in succession cutting the centre of the plate; Moss flied out on what looked a safe hit, List started at the crack of the bat and held a magnificent catch on the run.

Revelstoke 1st—White was the first of the home hopes to face Crisler, on his missed third strike catcher momentarily slippeh the ball, batter stopped and then decided to force the throw; baseman muffed the ball, White reached first safe. Phillips bunted and reached first: White out at second; Phillips stole second; Derr struck out; Wright out at first.

Kamloops 2nd—Adams bats, hits safe to first; Mace out at first, Adams to second; Irwin flied out to the rightfield; Bergeson, Fisher struck out Sellens hit by pitcher walked to first; Fisher made safe hit to the left outfield and Sellens sprinted round the diamond from first to safe home; Fisher out at second base on a close decision; one run for Revelstoke. List struck out. Score end of 2nd, Revelstoke one, Kamloops nil.

Kamloops, 3rd—Bacon struck out; Crisler flied out to 1st; Williams put out, s.s. to first.

Revelstoke, 3rd—Webb up, flied out to catcher; Wright out at first, Phillips out s.s. to first.

Kamloops, 4th—Munn bats, reached second on error at first base; Moss reached first base on a safe hit between 1st and 2nd, Munn out at plate Moss got home on passed ball Adams struck out; Mace bats, made a three base hit; Irwin struck out, one run for Kamloops.

Revelstoke, 4th—Derr struck out; Wright, flied out to s.s.; Pulley, put out, 3rd base to first. Score end of fourth, one all.

Kamloops, 5th—Bergeson out at 1st Eacon fouled out to catcher; Crisler hit by pitched ball, walked to first; Williams batted the ball high over the fence on his first strike. A safe home run. Crisler driving in ahead of the batter. Two runs for Kamloops; Munn hit safe at first; Moss flied out to center.

Revelstoke, 5th—Sellens up, put out at first; Fisher safe hit to first, List struck out, Webb out to pitcher.

Score at end of fifth, Kamloops 3, Revelstoke 1.

Kamloops, 6th—Adams hit by pitched ball took first, reached 2nd on a wild throw and missed ball to first baseman; Mace base on balls; Irwin sacrificed, Adams and Mace advanced one base each; Bergeson bunted reached first,, Adams out at third; Mace stole third, Bergeson stole second; Bacon struck out.

Revelstoke, 6th—White bats, out at first; Phillips, hit safe to first; Derr popped out to third; Wright struck out.

Kamloops, 7th—Crisler hit safe to first, given safe at second on a very questionable decision; Williams given out at first on what looked a safe hit, Munn out at first; Moss, out at first.

Revelstoke, 7th—Pulley to first on balls; steals second, steals third; Sellens struck out; Fisher made a fine well judged hit easy safe to first; Pulley home; List out 2nd to first,Fisherto second; Webb struck out. Score, end of seventh, Kamloops 3, Revelstoke 2.

Kamloops, 8th—Adams hit, got safe to first on a muffed stop by s.s.; Mace bunted, out to pitcher, Adams given safe on close decision at second; Irwin hit safe to first; stole second, Adams to third; Bergeson struck out; Bacon flied out to centre.

Revelstoke, 8th—White bats, fouled out to third; Phillips put out first, Derr put out first.

Kamloops, 9th—Crisler flied out to right field; Williams took first hit by pitched ball; Munn bunted, out at 1st Williams out at third, smart double play third to first and back.

Revelstoke, 9th — Wright opened, struck out, Pulley out at first; Sellens hit safe to first; Fisher bats, Sellens out at third.—Score Kamloops 3, Revelstoke 2.

Webb	3	—	—	1	2	—

COMMENTS.

The game provided a fine exhibition of ball. The record of strike outs 6-8 and men walked proves that the pitching end of both batteries was almost equal with the Kamloops artist having slightly the best of the argument. The Kamloops catcher also showed a slight superiority in comparison with the man behind the plate for the homesters.

The boys played good ball, but not quite good enough, as the score shows to land them into the winning class. Their greatest weakness was with the bat, Revelstoke are a trifle shy on the batting end. A timely hit would at least have evened up the score.

The home swipe scoring two runs for the visitors, was a grand hit, one of the best ever seen on the recreation grounds, the ball sailing away over the fence.

The umpire gave satisfaction, although some criticism was shown of a couple of the decisions handed out by his representative on bases, the last of those being the obvious attempt to even up for the original bad break in the decision of "safe at second base."

The gate receipts approximated $175 the attendance being very good.

A very important point in regard to the fruit question in Alberta has been decided by the United Farmers' association of Alberta. This is the arrangement for fruit to be shipped from British Columbia, which will be distributed among the different unions from Calgary thereby eliminating the middleman's profit. It will mean that the farmers of Alberta will receive their fruit at a much reduced rate and the scheme, once launched, will continue as long as it proves a success. The farmers in the country are supporting the proposition according to P.P. Woodbridge, secretary of the U.F.A.

CARLSON'S DAIRY PASSES INSPECTION

Dr. McLean, Medical Health Officer, and Ald. J. Guy Barber Made Inspection on Monday.—Health Officer's Official Report.

Editor Mail-Herald:—

On Monday of this week accompanied by Mr. J. Guy Barber, chairman of the Health Committee of the city council. I visited the stables and dairy of Mr. A. Carlson, First street.

At this time I do not wish to discuss the question of whether or not dairies should be allowed to exist inside the city limits, but since they are allowed to do so, there should be left no doubt as to their cleanliness and sanitary perfection.

Mr. Carlson conducted us to the stables, where at this season of the year, twenty-six head of cattle are housed every night, and every care was taken by the owner to have this tour of inspection a thorough one.

We found the building sufficiently large for the cattle kept in it, sufficiently airy and free from all offensive odor.

Mr. Carlson informed us that the condition of the stables on Monday differed in no way from that of any ather day; that it is his practice to clean and flush the floors and gutters as soon as the cattle are turned out in the morning to pasture. The water is laid on in the stables from the city supply and judging from appearances is freely used and to good advantage.

The manure and other refuse from the gutters is removed daily in receptacles to a plank box in the centre of an adjoining yard and from here, at least twice a week, is hauled away from the town and distributed over the lands of the surrounding country.

The interior of the stable with the exception of the floor, is coated with whitewash, and this coating is renewed at frequent, regular intervals. We were told by the proprietor.

It may be truthfully stated that that while the odor of cattle enclosed in a stable, was quite evident, that neither in the stable or yards adjoining was anything discovered of an offensive or disease breeding nature.

Before concluding it might be mentioned that the milk cooling and bottling rooms; which are quite separate from the stables, were inspected and were found to be in a condition to turn out perfectly clean and healthy milk.

E. H. S. McLEAN,
City Medical Health Officer.

COUNCIL REGULAR MEETING

City Council meet in regular meeting Friday night at 8:20 p.m. Mayor Kilpatrick occupied the chair. Present Aldermen Barber, Howson, Bourne, Abrahamson and McSorley.

Minutes of last meetibg read by the City Clerk and adopted.

COMMUNICATIONS

Various communications were ordered answered or filed. A letter from legal counsel informed the council that the law as laid down in the Municipal Act and amendments governed the levy of taxes on church property, and that the council had no legal right to vary same by either motion or otherwise. City Clerk Gordon was instructed to act accordingly.

As result of letters from certain firms re-overdue accounts the city clerk explained that a number of old accounts dating back several years had been paid amounting to some $900, and the Finance Committee were instructed to line same up, and report them for payment if in order.

Report from medical officer McLean re certain stables and other matters, pertaining the sanitation of the city was received and filed.

The Chief of Police was instructed to prevent the illegal burning of corpses within the city limits.

The City Clerk was instructed to acquaint Mr. Peterson with the action taken re pound keeper, also that animals tied might constitute a nuisance. And should be dealt with in accordance with city bylaws governing such.

The estimates were discussed at length and the city clerk reported all tax notices to 1912 inclusive issued.

Meeting adjourned at 10 p.m.

The geological survey has issued a statement of the proposed work of the summer. Of interest to British Columbia is the announcement that a party under D.D. Cairns will be employed in a real mapping (geological) of the White River copper district, examination and immediate report on the copper depasits of Valdez Island and reconnaissance of the placer area south west of Teslin Lake.

Shiloh 25¢

The family remedy for Coughs and Colds
"Shiloh costs so little and does so much!"

While on sentry-go a soldier was bitten by a valuable retriever dog, and in self-defense he drove his bayonet into the animal. The dog owner promptly sued him in a county court for damages, and in the evidence it came out that the soldier was not so badly bitten after all.

"But, my good man," said the learned judge, "why didn't you hit the dog with the b unt end of your rifle?"

The court rocked with laughter when the soldier calmly replied: "Well, your Honor, why didn't the dog bite me with his tail? "

Cause for Alarm

Loss of appetite or distress after eating—a symptom that should not be disregarded.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, healthiest persons are moderate eaters. Nothing will cause more trouble than a disordered stomach, and many people contract serious maladies through disregard or abuse of the stomach.

We urge all who suffer from indigestion, or dyspepsia, to try Rexall Dyspepsia Tablets, with the understanding that we will refund the money paid us without question or formality, if after use you are not perfectly satisfied with results.

We recommend Rexall Dyspepsia Tablets to customers every day, and have yet to hear of one who has not been benefited. We believe them to be without equal. They give prompt relief, aiding to neutralize acidity, stimulate flow of gastric juice, strengthen the digestive organs, and thus promote perfect nutrition and correct unhealthy symptoms. Three sizes, 25 cents, 50 cents, and $1.00.

You can buy Rexall Dyspepsia Tablets in this community only at our store:

There is a Rexall Store in nearly every town and city in the United States, Canada and Great Britain. There is a different Rexall Remedy for nearly every ordinary human ill—each especially designed for the particular ill for which it is recommended.

The Rexall Stores are America's Greatest Drug Stores

FOREST SERVICE GROWTH

No more striking illustration of the rapid growth of the Civil Service in recent years can be found than by a reference to the Forest Branch of the Lands Department. It is only about eighteen months since the first steps were taken by the Minister of Lands to outline the organization of this important branch of the service, yet so vigorously has the matter been pushed forward that today the forest service may be said to be completely equipped to deal both with the current work and with probable increases that may be expected in the near future.

For some months the principal duty before the minister and his officials has been to co-operate the work of the large staff so as to handle the public business with the maximum of business efficiency and dispatch, and this work of perfecting the departmental machine will continue to demand attention for some time to come. The many new lines of work that have been put in hand must be perfected be forethe field of effort is further enlarged.

During the period of organization, while the staff was being recruited, a very large nuffiber of applications for positions were naturally received, and although no vacancies now remain to be filled, the number of applications continues to increase. At the present date there are some hundreds of applications on file for positions either on the inside staff or for the field service. Now that the Forest Protective section of the Forest Branch has taken the field for the fire season, the personnel is at its maxium. Apart from the office staff, the field force alone for thesummer of this year in theeleven forest districts will total 360 men.

In casual conversation with the Minister of Lands it was ascertained by The Colonist that application for positions in the Forest Branch, as well as in the Water and Inspection Branches of the Lands Department, still continue to be received, not only from residents of the province and other parts of Canada, but also from England, India, United States, and many other countries, the forest policy of British Columbia having aroused considerable attention in all parts of the world. In order that there should be no misapprehension in the matter it should be thoroughly understood by the public, that the above mentioned branches of the service are fully staffed.

Although there are many desirable applicants still unsatisfied, yet it is not the intention to undertake for a year or two at least any additional new work which will necessitate any further additions to the present staff, in any of its branches.

RICH CO. MUSICAL COMEDY

At the Empress Monday evening the theatre going public of Revelstoke will witness that big song and comedy show "Variety Isle.' in two acts with a large cast and chorus.

The Frank Rich company bears the distinction of being the only musical comedy aggregation, whose versatility enables a complete change of their program nightly.

Mr. Rich's policy, with many road attractions places before the public, the best available in the musical comedy line.

This company, known as No. 1, is of that high and excellent standard that has always marked the seal of public approval and it should be the musical event of the season.

"Variety Isle" the opening bill on Monday night is one of those wholesome comedies, specially adopted for the bright and breezy situations of the plot.

The chorus, which is an exceptionally strong one, appears many times to the tuneful strains of "Variety Isle" it is purely a song show of fifteen or more numbers, the plot is a good one in two acts, the comedy is plenty, and the voices are ofthatdegree that appeals.

Mr. George A. Burton and Tommy Burns will handle the comedy end, while the scenic and electrical environments are of the highest standard.

A change of bill will occur nightly, during the Rich engagement. On Tuesday night "The Girl from Panama" will appear followed nightly by the best repertoire of musical shows ever attempted.

GUESTS OF SIR RICHARD McBRIDE

Victoria, B.C., June 16—V. Stefansson and his party of scientists were today the guests of Sir Richacd McBride at a luncheon attended by many prominent citizens. During the afternoon Mayor Morley on behalf of the city, presented the explorer with a flag to be placed on the new territory he hopes to discover, which it is suggested should be named North Victoria land. The Kurluk sails tomorrow in command of Capt. Robert Eartlett with a majority of the scientists on board. Mr. Stefansson and Dr. Anderson will remain here a few days longer. The exploration ship is laden deep with provisions including barrels of molasses, cereals and other necessary equipment. She carries a deck cargo of 50 tons of the best Welsh coal. The public was not allowed to inspect the vessel owing to the tendency of crowds to carry away movable articles as mementoes. The scientists' work will commence almost as soon as the vessel clears port.

Oceanographers Murray and Johnson will conduct constant investigations of the fish life and chemistry of the sea temperatures, currents, etc. A special laboratory has been installed on the Karluk for this work.

To give potatoes a flavor add half a teaspoonful of sugar as well as salt when boiling says the New York

BRILLIANT METEORS EXPECTED

During the next two or three months the night sky will be unusually interesting. The earth on its journey round the sun, is approaching a swarm of meteors, along whose path she will proceed for some time. These meteors are very much scattered along their orbit, so that the beautiful sight of a meteor shower is not likely to be seen. But they are moving in the opposite direction to that of the earth which fact will result in their sweeping with great speed across our sky, and leaving long streaks of light trailing after them. They will emanate from Pegasus. Meteors range in size from the size of one's hand to weights of many tons. As they journey thru' space they often collide with the earth, when the gravitation of the latter drags them from their path towards her. As they sweep through our atmosphere, friction causes them to become white hot, when they can be seen after which they disappear in a vapor, which, in its turn, settles down upon the land in a fine dust.

"She seems to be able to look so very young."

"Well, I think she ought to."

"You do?"

"Yes,"

"Why?"

"She has been working at it so long."

RESPONSIBILITY

(By Berton Braley)

Well, after all, the whole thing's up to Us.
However we may try to shift the shame,
It's you and I that really are to blame
If things are in a tangle and a muss.

If Might is right, if Goodness yields to Greed,
If Mammon thrives, and God is quite forgot,
If evil reigns in many a beauty spot,
It is because we have not taken heed.

The wrongs that live are those we tolerate
Because we have not tried to make them right;
If Darkness rules where Justice calls for Light;
If Love is trampled out by Wrath and Hate.

If little children toil and women slave;
If some men starve while others feast and waste,
If Truth is lost and Liberty disgraced,
If millions fast from childhood to the grave.

It is because for all our noise and fuss,
We stay content with matters as they are,
We have the final chance to make or mar—
Well, after all, the whole thing's up to Us!

Mail-Herald

PUBLISHED WEDNESDAY AND SATURDAY AT REVELSTOKE, B. C.

Interior Publishing Company, Limited

F. K. JOHNSON, Manager.
RALPH J. SCRIVEN, Editor

UNION LABEL

SATURDAY, JUNE 21, 1913.

It appears to be up to the Mail-Herald to draw attention of the authorities to the disgraceful practice of some of our citizens of throwing kitchen refuse about the streets in the heart of the city. The refuse carefully deposited by some citizen in the culvert at the crossing of Boyle avenue and Victoria Road referred to in this issue is only one of several other instances of a similar nature existing in Revelstoke. It appears that this practice has been carried on here for years, without any check whatever. Is it any wonder that fever breaks out from time to time in our midst. We think that the city police or other proper officials should get busy on this polluting the streets by depositing refuse and other nuisances and see that the same is removed and that this disreputable practice is stopped. Let immediate action be taken.

BATTLEFIELD SURGICAL MIRACLES

Philadelphia, Pa., June 20—Remarkable statements to the effect that the organs of dead men had been put into the bodies of live men in surgical experiments on the battlefields at Janina, are contained today in a letter George F. Viett of Norfolk, Va., has received from M. Cremedas, a young Greek who recently left the United States to fight against the Turks. According to his letter there were only ten fatalities out of ninety cases. He attributes the remarkable experiments to Dr. Valois Damien, a Paris physician.

The physician he stated in his letter, brought ninety wealthy patients from Paris suffering with diseased kidneys and other affected organs, and established an invalid's camp at Philates a small town, fifteen miles from Janina. He sought permission of the King to remove organs from the bodies of soldiers just killed, but was unable to obtain an audience until one of the invalids had contributed a battery to the King's army.

Commanders of the divisions at the front were given orders to send to Dr. Damien all recently killed soldiers that he needed. The experiments on dead bodies by doctor and helpers then commenced. Upon the receipt assistants proceeded to transfer the healthy and still living organs desired from the corpse to the body of one of his patients. Old men on the verge of the grave from Bright's disease had the source of their trouble removed and the healthy organs of some strong man put in their place. These transfers are said to have included no less than three of the vital bodily organs, and numerous small operations, in which forty were a complete success, while there was only a loss of ten out of the ninety.

REDISTRIBUTION AND SENATE REFORM

A redistribution bill and in all probability, the drawing up of a program of senate reform will be the next work to which the Dominion government will turn its attention, according to the general concensus of opinion at Ottawa, said Dr. A. Thompson, M.P. for the Yukon, to The News-Advertiser last night. Dr. Thompson is on his way home from the capital.

"Canada has been placed in a very humiliating position," said Dr. Thompson, "as a result of the naval debate. Mr. Borden feels, however, that the Senate, being part of the constitution of the country, should be reformed along constitutional lines. He will not appeal to the people at once, but so far as a private member can judge, will draw up a program of reform and submit it to the people when he next goes to the country. The parliament will likely last another 2 sessions. There will be no immediate dissolution of parliament—Mr. Borden does not think, so far as I can gather, that he can usefully serve the country by putting it to the turmoil and expense of an election while he has no guarantee that the Senate will not repeat its action."

Uncle Walt on Novels

THE BEST SELLER.

The latest book by Mr. Gush has make a killing grand, and to the book stores people rush, with money in each hand. "We want this best of Gush's works," they cry, "and here's the mon!" And so the sad, soul weary clerks dispense it by the ton. The village libra'y's in a stew, for all the dames are there; they want that book—none else will do—and they are pulling hair! In street cars, in the busy mart, and in the social crush, they talk, until they break your heart about that book by Gush. And all the tiresome low brow dubs discuss it in the street; and women, at their culture clubs, read extracts and repeat. You hear of it from every bore, and in the evening's hush you sadly sit before your door and curse the name of Gush. And then the talk all dies away, as sudden as it rose; a new best seller is in sway, and Gush turns up his toes. If in the bookstore you should look, next month, for Gush's work, "We never heard of such a book" will say the weary clerk. Today a book may be a scream that holds the public mind; it passes like a winter dream and leaves no trace behind.

J.O. C. (Spennymoor).—Instructing a local Territorial in musketry, your brother could hardly keep his hair on through the slowness of his pupils. At last he said, "You may have heard it said that 'a British soldier never runs away from an enemy.' Do you know why?" "Yes," answered the pupil, "because he has a darned sight too much to carry."

Those Canadian Dreadnoughts—You begin, now, to see the force of our scepticism, when Canada's "offer" was first made—don't you? And dear Bonar Law actually gave notice of a motion to thank the Dominion! Fortunately, in Mr. Asquith we have a shrewd man of the world, and in the most approved style of diplomatic language he suggested that the thanks for the ships should stand over until we were sure of getting them. How these wily Canadians do pull our legs!" —"John Bull" London.

GILLETTE

The Symbol of Clean-cut Modern Manhood

By making shaving so easy, the Gillette Safety Razor has done much to develop the typical man of to-day — that strong, aggressive, successful individual who scorns to disguise his features with a beard or to appear with an unkempt stubble on cheek or chin.

Shaving with the Gillette takes but three refreshing minutes. You waste no time honing or stropping—or fuming in the barber's waiting row. The Gillette makes home shaving so easy and luxurious that it is no more a task, but an agreeable incident in the morning toilet.

There are nearly 40 Gillette styles from which to choose. Standard Sets, like the illustration, cost $5.00—Pocket Editions $5.00 to $6.00—Combination Sets, with brush, soap and other toilet articles, run from $6.50 up. From the assortment which your Hardware Dealer, Druggist or Jeweler can show you, buy a Gillette—you'll enjoy it.

WEDDING BELLS

An exceptionally pretty wedding of Province-wide interest was solemnized in All Saints church, Vernon, B. C. at noon on Thursday, June 12, when Miss Ellen Fearnaught Ellison, second daughter of Hon. Price Ellison, Minister of Finane and Agriculture, was united in the holy bonds of matrimony to Rev. Arthur H. Soveleign, M A., B. D. rector of St. Mark's Church Vancouver, B. C., and Professor at Latimer Hall.

The ceremony was conducted by Rt Rev. A. U. DePencier D.D., Bishop of Westminster, assisted by Rev. Principal Seager, M. A., of Vancouver, B. C., and Rev. A. Comyn Ching rector of All Saints, Vernon, B. C. The service in the church was fully choral the hymns being "O Perfect Love," "Lead Us Heavenly Father, Lead Us," and "The Voice That Breathed O'er Eden." The church was beatifully decorated with bridal wreaths composed of ferns white carnations and white iris the work being done by the bridesmaides and the young people of the church.

The bride, who was given away by her father, wore gown of ivory charmeuse ratin draped with crape ninon and Brussels ice, embroidered with pearl and iridescent Hntifs. The full court train was of satin lined chiffon fastened at each shoulder and finished with large bow ahd sprays of orange blossoms.

The matron of honor was Mrs. W. A. Jamieson, of Victoria. The bride was also attended by her sisters, Misses Myra and Elizabeth Ellison and by Miss Lillian Campbell, of Ottawa, as bridesmaid.

Mr. H. McClure Johnson, of Chicago, cousin of the bride, acted as best man.

After the ceremony in the church a reception was held in the drawing room of the brides parents which was followed by the wedding breakfast served under an awning on the lawn in front of the house. Upwards of 300 guests were present.

Many beautiful wedding gifts were presented.

At the close of the breakfast toasts were delivered or fittingly replied to by Bishop De Pencier, Rev. Principal Seager, Rev. Comyn Ching, Rev. A. W. Despard, the groom, the best man for the bridesmaids, Mr. Ellison for the bride's mother, Mr. Fortune for himself and his wife, the parents of the valley.

The majority of the guests crowded the station to see the happy couple off and the train pulled out amid cheers and choruses of good wishes. The bridesmaids showered the bride with handfulls of silver horse shoes as a farewell expression of their wishes for good luck.

Insane on Train

Victoria, June 20—Taken off the train at Kamloops while en route to England, Sarah Marshall is being held at that point while C.P.R. officials are endeavoring to locate her friends or relatives in Victoria. She left Victoria on the 7th ult., bound for England. Before arriving at Kamloops she showed unmistakable symptons of insanity, and at that point it was found imperative to remove her from the train.

The local police have been requested to endeavor to ascertain if she has any friends or relatives residing in or near Victoria, and if so to have them communicate with Mr. L.D. Chetham, local agent of the railway company.

A clean cloth dipped in hot water, and then into a saucer of bran will speedily clean white paint without injury.

WATER NOTICE.

For a License to Take and Use Water

Notice is hereby given that The Canadian Pacific Railway Company of Montreal and Vancouver, will apply for a license to take and use two cubic feet per second of water out of a stream three-quarters of a mile west of Revelstoke station, which flows in a southerly direction through and within a portion of Revelstoke Townsite, and emptics into Columbia river near Revelstoke. The water will be diverted at a point one-quarter mile from C.P.R. main line and will be used for Industrial purposes on the land described as Canadian Pacific Railway Company's station grounds at Revelstoke.

This notice was posted on the ground on the 21st day of May, 1913. The application will be filed in the office of the Water Recorder at Revelstoke.

Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

Canadian Pacific Railway Company Applicant. By E. W. Bateman, Agent, Vancouver, B.C.

LATEST CROP REPORTS

Ottawa, June 20—A bulletin of the Census and Statistics Office issued today gives preliminary estimates of the areas sown to the principal grain crops and reports on their condition at the end of May, according to the returns received from crop-reporting correspondents throughout Canada. The reports show that the month of May proved cold and dry with frequent night frosts and that these conditions, whilst favourable to seeding, retarded the growth of the crops sown and caused them to be unseasonably backward.

The total area under wheat in Canada is provisionally estimated at 9,816,300 acres, or 57,900 acres more than in 1912, the area in spring wheat being 8,990,500 acres, or 13,100 acres more. Oats occupy 9,608,500 acres compared with 9,216,900 acres in 1912 an increase of 391,600 acres, barley occupies 1,425,200 acres, an increase of 10,000 acres and rye 526,500 acres, a decrease of 9,610 acres. For wheat, barley and oats taken together the inclease represents 459,500 acres. The estimated acreage under hay and clover is 7, 475,608 acres compared with 71633,600 acres last year.

For the three Northwest provinces of Manitoba, Saskatchewan and Alberta the total wheat area is estimated at 9,013,800 acres, as compared with 8,961,800 acres, that of oats at 5,207,700 acres compared with 4,913,900 acres and that of barley at 852,600 acres compared with 809,800 acres, these differences representing increases of 52,000 acres for wheat, 293,800 acres oats and 42,800 acres for barley, or 388,600 acres for the three crops.

On May 31 the condition of the crops was reported as generally favorable throughout Canada. Expressed in percentage of the usual standard of 100, taken as representing the promise of a full crop, the condition on May 31 for the Dominion was as follows:—Fall wheat 80.62, spring wheat 91.55, oats 91.72, barley 91.19, rye 87.70, peas 88.24, mixed grains 90.15, hay and clover 81.12, pastures 85.08 and alfalfa 77. At the corresponding date last year the condition of fall wheat was only 71.46. All the other crops were then above 90, excepting rye 87.24, peas 83.85 and mixed grains 87.72. The poor condition this year of alfalfa is due to the effects of the winter and cold spring.

FOUND DEAD IN CAR

New Westminster, June 17—Mr. John A. Lee, president of the New Westminster Board of Trade and three times mayor of New Westminster died this evening of heart failure in his car on the River Road, within the city limits. Mr. Lee was alone in his car at the time, which was found at the side of the road, the body having slipped off the seat and leaning against the steering gear.

Death took place about 10:30, and the news will come as a great shock to the people of New Westminster, by whom he was generally regarded as the city's most progressive champion. He always appeared to be in possession of the most vigorous health, and there has been no warnings of the trouble.

Mr. Lee was forty-five years of age, He was born in Mount Forest, Ont., and came to British Columbia in 1890 Except for a few years which he spent in Nevada and California, he has lived since in New Westminster. He established a furniture business in 1903, which has since grown into a large department store. He married a daughter of Mr. C.J. Major in 1897 and he has one son and daughter.

Mr. Lee was mayor of Westminster in 1910, 1911 and 1912, when he retired from office. While in office he did tremendous work in making the city's resources better known.

When he retired from the office of mayor he was pressed to accept the chairmanship of the Board of Trade. He was elected president of the B. C. Conservative Association at the last convention and was a prominent Mason and a member of the Methodist church. He was a man to show wonderful enthusiasm for any project that had its basis in the natural resources of the Fraser Valley.

A Jew travelling man was not feeling well and said to the hotel clerk. "Where can I find a doctor?" "On the next corner," replied the clerk. "What are his charges?" asked the travelling man. "Ten dollars for the first visit and $2 for the second," the clerk replied. So the Jew went up to the doctor's office and when shown into the doctor's private room said, "Well, here I am again, doctor."

The exercises will begin at 10 o'clock in the forenoon.

Y. M. C. A. WHIRLWIND CAMPAIGN

The campaign fund will close June 30th, we are now on the last lap and we take this opportunity of appealing to all citizens interested in local amateur sport and clean living to send in their subscriptions not later than June 23rd. Over 500 persons have been canvassed, yet there are a large number we have not been able to solicit from, and we are given this space in the Public press to interest you.

All those who have been working energetically for the campaign are requested to hand in all their cards before the close of the month. Address lettersY.M.C.A., Box 468.

$4,000 now subscribed, we have only eight more days to raise the remaining $1,000, and we appeal to those who have not as yet contributed to assist us in getting the desired amount.

Many are enquiring what the money is to be used for, we are delighted to give the answer to the query. Sev en years ago at the inception of the work two notes were placed in the Banks amounting to $3,500, since that time it has been accumulating in interest, as no reduction has been made on the notes, and we are confident that the citizens of Revelstoke want the "Y" clear of debt.

To have our Association clean and up-to-date many improvements have yet to be made, such as: Painting of gym ceiling and oiling floor, roof of present building to be repaired, larger hot water capacity for shower baths, steel lockers and cleaning of basement; also placing bowling alleys into shape for the coming season. thus the extra thousand dollars. A word to the wise is sufficient. Don't knock, boost. Subscriptions to be paid within one year.

PASSERS-BY AT OPERA HOUSE

A cabby, a tramp, a mother and her loving child, a wealthy bachelor, a man servant, the pampered daughter of an historic English family and the careful chaperon of a well regulated English household, are some of the characters presented in C. Hadden Chambers four act comedy drama—"Passers By" which will be the attraction at the Opera House, Revelstoke on Saturday, June 28th, 1913

No play of recent years has attracted more comment from critics and public than this latest work from the pen of the man who gave us a decade ago "The Tyranny of Tears." ...

"Passers By" was first seen in London at the Wyndham theatre, where it ran for over a year and a half and was the reigning success in New York all last season at the Criterion theatre, where it was presented by Chas. Frohman

C.M. Shore of Vancouver, is in the city.

F.J. Tonkin of Toronto, is in the city.

C.B. Mills of Minneapolis, is in the city.

Y.M.C.A. WEEKLY NOTES

On July 1st there will be one of the greatest fun-making days ever put on in Revelstoke. Instead of the regular athletic events the program will consist of comical stunts. The following is the list of stunts:

No. 1—Climbing greasy pole, two events, one for men and one for boys.

No. 2—Obstacle saces, for those 17 years and over.

No. 3—Three-legged race, for those age 17 years and over.

No. 4—Pillow fight, open, two poles one for men one for boys.

No. 5—Two mile (8 laps) bicycle race, open.

No. 6—Relay bicycle race, 4 men to a team, 2 laps for each man, each team using same bicycle, two teams necessary or no race.

No. 7—Human wheelbarrow race, open for men and boys.

No. 8—Changing boot race, boys 14 and under.

No. 9—Sack Race, 2 events, one for men, one for boys 16 and under.

No. 10—Bucket tilt, open to men and boys.

For Nos. 1,2,3,4, an entry fee of 25c is asked to be in by June 28th. For Nos. 5,6 an entry fee of 50c. is asked to be in by June 28th. Three entries or no race in Nos. 1,2,3,4,7,8,9,10. All entries and fees to be in the hands of the Secretary of Sports committee, Mr. D.W. Cowan, by June 28thf

In connection with the above events there will be a good game of baseball to be played by the boys. A good representative team has been selected, and a good game is assured.

A good tug-of-war is in course of preparation between the city and the C. P. R.

The Ladies' Auxiliary of the Y. M. C.A. are serving refreshments and they are too well known to need any introduction, they will provide all the things that are nice.

Admission to the grounds will be 50c. for adults, and 25c. for children, including grandstand.

Reserve this date, stay in town and enjoy yourself.

BASEBALL.

The standing of the Y.M.C.A. league is as follows:

	P.	W.	L.
Pirates	6	5	1

C. P. R.	6	1	5

BOYS' BIBLE CLASS.

The Boys' Bible Class will meet in the grandstand of the recreation park at 10 o'clock on Sunday morning. Rev Lashley Hall the newly appointed minister of the Methodist church will address the boys. All members are invited.

COMING EVENTS

June 23, one week—The Frank Rich Musical Comedy Co., at the Empress theatre.

June —?—"Uncle Tom's Cabin" Empress theatre.

August 25—The Making of the Panama Canal and Balkan War, Kinemacolor Pictures, Empress theatre.

When, the Stefansson exploration party sails north next week, one woman will be on board, the wife of Dr. Anderson, zoologist of the expedition. Mrs. Anderson will accompany the party to Nome, where she will say good bye to her husband for three years.

CABINET WILL TOUR THE WEST

Ottawa, June 19—The west this summer will get more attention than ever before, according to the present plans of the cabinet ministers. It isthe west that will play the prominent part in the next session of Parliament when redistribution and the probable tariff reductions affecting that district will be two of the principal issues. It is believed also that the ministers' explanation of the government's attitude on the Naval Aid Bill, which will come up again next session, will result in a greater measure of support from the middle western provinces.

Those who have definitely decided to travel as far as the Pacific Coast, this summer, are Premier Borden, Hon. W.T. White, Hon. Robert Rogers, Colonel Sam Hughes, Hon. L.P. Pelletier, Hon. Louis Coderre, Hon. Thomas W. Crothers and Hon. Frank Cochrane. Each of these ministers will have important business in British Columbia.

Colonel Sam Hughes' visit may result in important changes and decidedly more encouragement being given the militia, especially in the line of service corps and batteries. Several drill halls will also be arranged for in the smaller towns.

Hon. L.P. Pelletier will look into the question of more mail routes, especially in the rapidly developing interior districts and will also gather details that will assist him in making special provisions in the new Parcels Post Act.

Hon. Thomas Crothers will investigate, at first hand, the labor situation, especially regarding railway construction and the differences between miners and mine operators.

Hon. Louis Coderre, as minister of mines, will visit the Boundary and also hopes to investigate propositions on Texeda Island and the Queen Charlottes. All these ministers, according to present plans will be at the coast during July and August.

As far as is known now, only one minister will visit Europe—Hon. Martin Burrell—who will visit the Ghent exhibition and watch especially the exhibit of British Columbia fruit, which is now being prepared. He will represent the Dominion Government there and will also confer with W. H. Hutchison regarding the extent to which Canada will participate in the Panama Exposition gt San Francisco. He will visit England, not as a representative of the government but in a personal way, the intention of the government being not to allow any hint of collusion regarding the naval policy between the Conservative party and the Asquith Government, to be made by the opposition during the time before the next session when the Naval Aid Bill will be presentedagain in its present form.

DRAMATIC CANTATA REBECCA

The Methodist church choir, ably assisted by friends from choirs in the other places of worship in the city, are now busy rehearsing and making splendid progress with the "Rebecca" cantata, and the public may look forward to an excellent production in the early part of July. Great credit is due to Mr. Richard Sawyer for the able manner in which he is handling and training the voices. He has undertaken a strenuous task with his jovial manner. The Personations in "Rebecca" are Rebecca, Isaac Abraham, Eliezer, Seba, Obed, Joel, Laban, Bethel, Achsa and Edna, together with Herdsmen, Damsels, hand maidens, Servants, etc., which comprises a chorus of some thirty-five voices.

The production is divided into seven scenes depicting the desert and country of the East. All members of the choir, both soloists and chorus are urgently requested to attend rehearsals on Sunday evening after divine service, and on Wednesday 25th inst., at 8:45 p.m. at the Methodist church.

Choice Attractions

Manager W.A. Smythe of the Empress theatre announces that he has booked a string of choice attractions for the next few months.

The Frank Rich company appearing at the Empress theatre for five nights commencing on Monday next the 23rd is a famous aggregation of actors. This campany is this week playing to crowded house at Nelson. They will present a change of bill nightly, besides this, other attractions of a high order will appear from time to time, Manager Smythe refusing to book any shows that are not among the best touring the West.

Revelstoke theatre goers can rest assured of really good attractions at the Empress. ...

Manager Smythe in securing only such good attractions has justly earned the title jokingly bestowed on him by the Western theatrical circuit, as "the theatrical Wizard of the Interior."

SOCIAL and PERSONAL

Mr. Joe Howson returned the first of the week to Calgary.

Rev. W.C. Calder will conduct both selvices in St. John's church tomorrow.

Mrs. P.C. Ainstie will not receive on Wednesday, June 25th, or again this season.

Rev. Father McKenzie left for Golden this morning. There will be no mass in St. Francis church tomorrow

Mrs. McKinney's farewell concert will be given in the Empress theatre on Monday evening, June 30th. Remember the date.

Mr. and Mrs. Walter Bews, who left for a holiday trip on the 12th, to Vancouver and Victoria, are expected home again Monday.

Mr. and Mrs. Neil A. Ross have returned from their wedding trip and commenced housekeeping in their new home on Seventh street.

Mr. Everett Cameron returned yesterday from New Westminster, where he has been in attendance all winter at the Y.M.C.A. training college.

Owing to the continued wet weather the strawberry festival set for next Tuesday on St. Francis church ground has been postponed until July 16th.

In the Methodist church tomorrow morning Rev. Lashley Hall will speak on "The Face of God," at the evening service the subject will be "Life's Meaning."

Miss Janet Munro, stenographer in the Superintendent's office, left last week to visit her sister Mrs. Matheson in New Westminster. She is expected back on Thursday next.

The Methodist parsonage is undergoing a complete renovation this month. Kalsominers, papershangers, and painters are busy from attic to basement and the residence is rapidly assuming a highly improved appearance.

Archbishop Casey is expected to arrive in this city on Tuesday evening and will remain a week with Rev. Father McKenzie. On Sunday June 29th the Archbishop will administer confirmation service in St. Francis church.

By some mistake last week mention was omitted of the ward fitted up in the new hospital, by the Ladies' Auxiliary. This ward is one of the prettiest, a cheerful color scheme of rose and white, predominating, while the fittings are complete.

On Thursday evening, June 19th, in St. Peter's rectory, Mr. Stanley Reginald Clark of Kamloops, B.C., was wedded to Miss Margaret Isabella Weatherhead, of Willow Bunch, Sask., Mr. and Mrs. Clark left for the west by the midnight train.

The Tennis Club held another of their jolly dances last evening in St. Francis hall, with some sixty or more present and the Revelstoke Orchestra in attendance. A committee of Miss Pearl Robinson and Miss Hardie arranged for the refreshments, which were served shortly after midnight.

A wedding ceremony at the early hour of 7:30 a.m. was performed in St. Peter's church on Wednesday, June 18th, by Rev. C. A. Procunier, when Roy Donald Hearn of Trail B.C., was united in marriage to Miss Phyllis Rabone, of Barnet Green, Worchestershire, England. The happy couple left immediately on the south train for their home in Trail.

As Mrs. McKinney is leaving on July 1st to make her home in Vancouver, plans are under way among the musicians of our city to give a big farewell concert to this talented instructor, as an expression of the general regret felt in losing a teacher of such high ability. Every musician in the city and both orchestras will be asked to take part, so a program of exceptional merit may be expected. Monday evening, June 30th, is the date fixed. The program will be published next issue.

In Portland, Oregon from June 29 to July 5th, will be held one of the most important assemblages the world has ever seen, when the second meeting of World's Christian Citizenship, with delegates to the number of 10,000 will gather from all over the world. The subjects to be considered will cover the whole range of civic life with all its social problems. President Taft will be one of thespeakers. Rev. Lashley Hall of our city is the British Columbia delegate and will leave here the middle of next week, to return again for the first Sabbath in July.

Miss Lee has taken the position as pianist at the Star theatre. She is regarded as one of the best musicians in the interior.
