TRAIN TIMES WILL CHANGE

Train from Toronto Will Arrive Four o'clock at Night—Other Alterations

Starting at midnight on May 31 the times of arrival and departure at Revelstoke of many of the trains will be changed.

The Imperial Limited from the east which now arrives at 4 p.m. will after May 31 arrive 65 minutes earlier, at 2:55 p.m. No. 2, the Imperial limited from the west which at present arrives at 12:15 p.m. will be twenty minutes later arriving at 12:35.

No. 3 from Toronto now arriving at 7:05 a.m. will in future arrive at 4:05 a.m., three hours earlier. From Vancouver. No. 4 for Toronto, will arrive at midnight instead of 12:45 a.m. as at the present time.

The train from St. Paul to Seattle No. 13, now arriving 6:45 p.m. will arrive at 4:50 p.m. one hour and 55 minutes earlier. No. 14 from Seattle for St. Paul will arrive at 7:55 a.m. instead of 6:45 a.m. as at present, an hour and 10 minutes later.

The Revelstoke to Arrowhead train will leave at 8:20 a.m. instead of 7:30 a.m., 50 minutes later. The train from Arrowhead now arriving at 3:40 p.m. will arrive at 4:10 p.m.

This week's provincial gazette contains notice of the following appointments: Cecil Wixon Chiddy, of the city of Kamloops, to be a clerk in the government agency at Kamloops. George A. Kennington, of Salmo, to be a deputy mining recorder for the Nelson mining division, with subrecording office at Salmo. May G. Watkis to be operator in the office of the Censor of moving pictures. Harold Blanchford Kelly, to be clerk in the office of the censor of moving pictures. Frederick Thomas Hardwicke, Arthur Finlayson and Samuel Ferguson, to be janitors in the court house, Vancouver. Thomas Gamble Goodman and Robert Highet, to be elevator attendant and carpenter, respectively, in the court house, Vancouver.

EVERY TICKET FOR TRIP SOLD

Eagles' Excursion to Halcyon Well Patronised—Trip is Enjoyable

The Eagles excursion to Halcyon was one of the features of the Empire Day celebration and so great was the demand for tickets that the sale had to be stopped on Saturday on account of the boat accommodation being exhausted, and when the steamer Revelstoke left the wharf at 7:30 o'clock on Sunday morning scores anxious to join the expedition had to be left behind as the steamer's legal passenger limit had been reached. Of these some 15 made a dash to the station caught the south train and took the regular boat at Arrowhead for Halcyon.

The excursion carried with it the Italian band, 26 strong, which gave much good music during the trip. At Arrowhead a stop of some 15 minutes was made and the band gave a brief concert. Halcyon was reached well before noon and at the hot springs hotel an excellent chicken dinner was served to over 100 excursionists. Many of the Revelstoke people took the opportunity to enjoy the famous medicinal baths and many visits were paid to the hot springs. The band gave a concert of appropriate selections and at 3:30 the party reembarked for the homeward journey, Revelstoke being reached about 8 o'clock after a delightful trip up the lake and river.

So enjoyable and well patronized was the excursion that the Eagles are already considering giving another in the near future.

Our TEA, COFFEE, COCOA and other Hot Drinks, are delightful on a cold day.

LIGHT Lunch served with the above. Everything is Home-made at

MANNING'S.

The Hotel Palliser, Calgary

The Palace of the Prairies

THE PALLISER, the magnificent Canadian Pacific Railway Hotel at Calgary, which will be opened June 1. It is a $2,000,000 monument to the faith of the Canadian Pacific Railroad's management in the future of Western Canada, and is one of the finest establishments of its kind in all Canada. It comprises ten storeys, basement, ground, mezzanine and seven service floors, with roof garden and sun parlor on the roof. It is constructed of steel and reinforced concrete. Grey Tennessee marble walls, columns of Botticino marble, with Sylvan green marble for the bases, with fittings of fumed oak, comprise the scheme of the finish of the principal rooms on the first floor, and the plan of the decoration is simple but exquisitely beautiful.

The plan of ventilation is worthy of mention. Large fans draw the air from the roof. It is forced through cheese cloth screens, warmed, filtered through a sheet of falling water, warmed again, and then forced through registers into the various rooms.

On the first floor is a beautiful ball room, finished in green and white; and at either end are pergolas, extending to the side wings, and which will be specially delightful in the summer time with rustic furniture and flowers and creeping vines. There are 315 guests' rooms and 278 bath rooms. In every particular it is the latest word in hostelry, and it will constitute the show place of Calgary.

The hotel has been christened "The Palliser," in honor of Captain John Palliser, one of the earliest explorers of Western Canada.

TEN MILE WALK CARRYING BEAR

Remarkable Feat of Endurance —Skin Perfect Condition —Bought by Mayor

Carrying a black bear which had been caught in his trap 10 miles up the Jordan, J.H.S. Munro reached the city at 7 o'clock on Sunday evening, making the 10 mile trip with bear in 8 hours. He left the city for the trap on Saturday. The bear was trapped and shot on Cottonwood slide on the Jordan river. It measured over seven feet from tip to tip and weighed 163 pounds.

Mr. Munro packed the entire bear a distance of 10 miles over a rough trail on his back, a remarkable feat of endurance. He was accompanied on his trip by F. Tillman who securcured some good snapshots of the bear alive in the trap. The skin which is deep black and one of the most perfect ever secured in this vicinity has been purchased by Mayor McKinnon, who is having it mounted life size. The Revelstoke meat market purchased the bear meat which at this season of the year is a luxury.

Falls From Train Boy's Leg Amputated

John Winger the nine year old son of John Winger a rancher at Notch Hill attempted to board a moving freight train at Notch Hill while on his way to school. He slipped, with the result that his foot was badly crushed. He was brought to the Queen Victoria hospital on Friday by Dr. Macpherson of Salmon Arm, who amputated his leg between the knee and ankle.

SLOCAN MAN TO COLLECT ORE EXHIBIT

William Tomlinson has left New Denver for Vancouver. He has received an appointment from the Dominion government to secure specimens of minerals of the province for the Panama exposition at San Francisco

TRAINS TO EDGEWATER.

Arrangements are being made for the opening up for traffic of that section of the Kootenay Central between Spillimachene and Edgewater within the next few weeks and it is probable that trains will be operating between Golden and a station near Athalmer and Invermere in the early autumn. Grading has been done to a point south of Invermere and the entire line between Golden and Cranbrook will be opened up early next spring.

EMPIRE DAY CELEBRATED

Good Program of Amusements Provided—Day Generally Spent in Sports

Empire day was pleasantly spent in Revelstoke, excursions, baseball matches, rides and drives into the country and many other sports being included in the day's program, an enjoyable and well attended dance in the Masonic hall in aid of the hospital winding up the day.

The arrival of the Winnipeg businessmen's excursion on Sunday was an interesting incident of that day, as was also the Eagles excursion to Halcyon which drew a large crowd and provided a delightful trip. On Monday many went to Sicamous to attend the regatta there where some exciting races were provided. Many others left town on shooting and hunting expeditions.

The weather although showery was pleasant and the holiday was a success in every respect. Many of the stores displayed bunting and appropriate decorations and from every flagstaff in the city flew the Canadian or British flag.

The celebration commenced on Friday when the significance of the day and its origin were explained to the pupils of the public schools. Monday was observed as the holiday, the twenty-fourth being Sunday, and on Monday the stores and schools closed as well as the government and other offices.

Lunatic Committed to New Westminster

Found guilty on a charge of assault John Matson was this morning fined $20 and costs or 30 days by Police Magistrate Hamilton. He paid the fine.

It was a busy session of the court five cases appearing before the bench. David Peters certified as insane by Dr. W. H. Sutherland and Dr. A. D. Campbell was committed to the asylum at New Westminster.

J. C. Riley on a charge of drunk, was remanded for one week.

James McMillan on a vagrancy charge was given six weeks in jail. He had been annoying women in private houses.

William Taylor also on a vagrancy charge, was remanded for two days so that his statement that he had a job in the Big Bend might be investigated.

James M. Clark fined $5 and costs or 10 days for riding on a train without paying his fare, decided to take the 10 days. He is of a frugal term of mind for in addition to money he had in his possession certificates of oil stock in the Calgary oil field.

FIRE BURNS FARM HOUSE

Residence of Mrs. P. Moran and Contents Destroyed on Monday Night

The frame house belonging to Mrs. P. Moran situated about 1½ miles south of Revelstoke was completely destroyed by fire on Monday night. The piano was carried out of the house by neighbors but is much scorched. All the other furniture was destroyed.

At 2:20 a.m. Constable Ross noticed the blaze and turned in a fire alarm. The Revelstoke brigade turned out and with the hose wagon went to the fire but nothing could be done. The house was then almost completely destroyed and no water was available to fight the fire. The cattle were taken from the neighboring stables but these escaped damage. The cause of the fire is unknown.

There was $1000 insurance on the house $400 in the California Fire Insurance company placed through the Dominion Security company, Ltd. and $600 in the Royal Insurance company placed through the Revelstoke Agencies. There was also $325 insurance on the furniture in the Royal.

Mrs. Moran is a former resident of Revelstoke, a widow of Patrick Moran. She with her family will occupy a tent until a new house is built.

Amusement Company's Engagement Today

The special train of the Chapman Amnsement Co. is on the smelter spur line. The many new attractions have been unloaded and the company opens a four days engagement today. The company brings all new attractions including the world's fattest woman and will give a continuous show from 3:30 to 10:30 each day on the ground between First and Second streets one block west of McKenzie avenue. Lots of fun is promised all who attend the show.

The first annual general meeting of the Stock Growers' association of British Columbia will be held in the Ashcroft hall, Ashcroft, on Tuesday June 2, at 4 p.m.

Persons interested in the Tulameen creek district and who for years have held placer leases in hopes that some day a company strong enough would undertake to thoroughly prove the ground, were advised on Saturday by Charles F. Law, broker of Vancouver, who returned recently from a trip abroad, that he had got word that the B.C. Platinum, Ltd., a company backed by English capital, would start operations in June.

WINNIPEGGERS SEE CITY

Met at Station by Fleet of Automobiles—Delighted With City

The station presented a busy and metropolitan appearance on Sunday afternoon. Before the arrival of the south train which brought the visiting Winnipeg businessmen's excursion the platform was thronged with members of the board of trade and other citizens who were there for the purpose of greeting the visitors. In addition to the usual contingent of vehicles meeting the trains there were thirteen automobiles drawn up at the rear of the platform ready to take the visitors for a tour of the city.

The south train with the special cars belonging to the Winnipeg excursion pulled in a few minutes before 4 o'clock followed immediately afterwards by the train from the east and an unusual scene of bustle and animation presented itself.

The Winnipegers had been met at Arrowhead by J. M. McKay, superintendent of Division No. 1, and were under the guidance of F. E. Trautman, publicity expert for the Canadian Pacific railway. Each of the visitors wore a neat badge bearing the name and insignia of the city of Winnipeg and also the name of the wearer of the badge.

Immediately after the visitors had disembarked Capt. William Grassie, president of the Winnipeg Industrial bureau, mounted a sleeping car step and announced that much to the regret of the rest of the party three of its members M. Bull, A. C. Bulman and W. Herons would continue to the coast instead of returning east with the rest of the party. Each of the three made brief speeches expressing their satisfaction with the trip and the majority of the remainder of the party then entered the automobiles and were taken on a sight seeing trip through the town and into the suburbs. W. Bews took his party part of the way up the national park road but on account of the brief time available most of the other cars kept to the level roads. There was some dust and wind but the visitors expressed themselves as delighted with their visit and as being impressed with the city, the good roads and the fertile country surrounding Revstoke.

Those who provided automobiles for the visitors were:

F. McCarty, G, S, McCarter, A. McRae, W. A. Foote, A.B. McClenegan, Dr. Hamilton, E. Corning, A. J. McDonell, W. Bews, J. Abrahamson, A. E. Kincaid and C. Turnross.

The itinerary of the party is as follows:

Lv. Winnipeg 9.00 a.m. Tuesday May 19; Ar. Deloraine 4:10 p.m. Tuesday, May 19; Lv. Deloraine 4:55 p.m. Tuesday, May 19; Ar. Napinka 5:32 Tuesday, May 19; Lv. Napinka 6:20 Tuesday, May 19; Ar. Estevan 9:00 p.m. Tuesday, May 19; Lv. Estevan 12:00 night Tuesday, May 19; Ar. Weyburn 2:00 a. m. Wednesday, May 20; Lv. Weyburn 11:00 a.m. Wednesday May 20; Ar. TWO MORE MILES STAKED

Samples of Gas to be Analysed by British Expert—Prepare to Drill

On behalf of the Revelstoke syndicate which last week through R. Smith and W. Poupore staked 12 square miles of oil leases in the neighborhood of Arrowhead, Mr. Poupore at the beginning of this week staked two more square miles. The syndicate consisting of T. Kilpatrick, J. M. McKay, D. W. H. Sutherland, G. S. McCarter, W. A. Anstie, G. R. Lawrence, Dr. J. H. Hamilton, R. Smith and W. Poupore now have the oil rights over 14 square miles at the mouth of the Columbia river on both sides across the lake at Galena bay.

At both places indications of oil are abundant and gas bubbles briskly through the soil. Samples of the gas are to be taken by the syndicate and sent to the leading English oil expert, now in Canada, for analysis. If his report confirms other reports on the constitution of the gas, of which there is little doubt, the syndicate will immediately proceed with preparations for sinking a well.

In other parts of British Columbia oil prospects are bright.

IN BRITISH COLUMBIA.

Cunningham Craig, a British oil expert sent out to inspect the Western oil district for a British syndicate, said that it was a fine prospect and the strike at the Dingman well was one of the most phenomenal he had ever heard of. Mr. Craig was also of the opinion that the oil-bearing strata extended through to British Columbia and that the Fraser valley had splendid indications of oil.

OIL IN ABUNDANCE.

John F. Macintosh of the Fernie customs, who has been absent for the past two weeks attending to the entry of oil drilling machinery in the Flathead valley, has returned bringing samples of oil dipped from the ground in that territory. The oil will burn freely and without smoke or odor in its natural state and has been pronounced by experts to be excellent. If further investigation will guarantee quantity there are greater opportunities for speculation in the Flathead valley than in Calgary, it is said.

It is said that by driving a walking stick into the ground in certain parts of the new British Columbia oil field a flow of natural gas can be created. This when lighted will give a steady flame. Five shallow oil wells in that district have already produced oil in commercial quantities and the only drawback to the development of the field in the past is said to have been the lack of adequate transportation.

INVESTIGATING BRITISH COLUMBIA OIL.

A good deal of attention is being given to the investigation of the oil prospects of the Flathead valley, in South Kootenay. Two new syndicates have entered the field and propose drilling for oil. The Royal Canadian Oil company expects to resume work on Akamina Brook next month, its drilling rig being in place and ready for a start. The Peerless Oil company of Vancouver proposes to begin work next month. Another company will operate on the Kishenehna. The Sage Creek Oil company of Kamloops will also start. Oil has been found north, south and east of the Flathead though not yet proved in paying quantity.

Ralph Arnold, who is considered one of the highest authorities on oil on the continent, will arrive next month to begin his investigation of the section and future development will largely depend on his report. The discovery of oil at Black Diamond,

REID & YOUNG

Iron Industry for British Columbia

Before the Vancouver Chamber of Mines Nicol Thompson one of the eminent mining engineers of the province, drew attention in the course of a paper, to the enormous possibilities which British Columbia possesses in the development of the iron and steel industry.

There are great quantities of magnetite ore here, from which the highest quality of iron and steel can be manufactured, according to Mr. Thompson. In the hematite ores, which are now used the most extensively in the manufacture of pig iron, there is not such a large supply.

Engineers present were eager to gain knowledge as to the success of the electrical metallurgical furnace for the treatment of magnetite ores in various parts of the world, said the lecturer. With the success of the electrical furnace, British Columbia, with her abundant water power, could hope tho see established great blast furnaces and rolling mills.

One of the greatest needs in the establishment of the iron and steel industry here was a cheap fuel, said Mr. Sharp, who was for many years connected with mining interests on Vancouver island. He thought that in the Cumberland district there was a quality of coal suitable for making coke for blast furnaces which was not surpassed in any part of the world.

E. A. Hagen stated that some of the members of the Vancouver board of trade stood ready to invest capital in the iron and steel industry.

Nicol Thompson said there was a proposition on foot to establish an iron and steel industry in British Columbia and the State of Washington. It was proposed to have $5,000,000 in capital and to establish a pig iron plant somewhere in British Columbia and the rolling mill in Washington.

"But the greatest difficulty in the establishment of such an industry has been the apathy of the people," said Mr. Thompson.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia, may be issued for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion Lands.

W. W. CORY.

AUTOMOBILING INDIAN PASTIME.

Just because the Indians of the Okanagan have taken to automobiling as a tribal pastime, two of their number, a young woman and her stepdaughter, are now lying at death's door, at the Vernon hospital Dave Comeron, a full-blooded Indian, bought an auto for his wife. She was learning to drive, with her eleven-year-old stepdaughter seated in the tonneau. Mrs. Cameron was at the steering wheel, while her husband in true demonstrator style, stood on the running board. Mrs Cameron steered over a bank and when the pieces of the car were pulled away she and her stepdaughter were pulled out very badly bruised. Mrs. Cameron also sustained a broken shoulder and the girl has a fractured skull and a broken leg.

The real estate business has been quite brisk at Oyama lately and several fine properties have changed hands. One of the most recent sales is that of J. Beckleda's ranch fronting on Wood lake, which C. Becker of Vernon, who has a profound belief in the great future in store for this district, purchased at a price which works out at $845 per acre.

Stops Falling Hair

Hall's Hair Renewer certainly stops falling hair. No doubt about it whatever. You will surely be satisfied.

IT PAYS TO ADVERTISE

When the dimpled baby's hungry,
what does the baby do?
It doesn't lie serenely and merely
sweetly coo;
The hungry baby bellows with all
its little might
Till some one gives it something to
curb its appetite.
The infant with the bottle which
stills its fretful cries
A lessen plainly touches; It pays to
advertise.

The lamb lost on the hillside when
darkness closes round
Stands not in silence trembling and
waiting to be found;
Its plaintive bleeting echoes across
the vales and meads
Until the shepherd hearing it, and
hearing, kindly heeds,
And when its fears are ended, as on
its breast it lies,
The lamb has made this patent; It
pays to advertise.

The fair and gentle maiden who
loves the bashful boy,
Assumes when in his presence a
manner that is coy;
She blushes and she trembles till
he perceives at last.
And clasps her closely to him and
gladly holds her fast,
And as he bends to kiss her and as
she serenely sighs,
This fact is demonstrated; It pays
to advertise. Exchange.

TWENTY FIVE MILES TO LAY

Only 25 miles of steel remain to be laid on the Kettle Valley railway to connect up Midway and Penticton. On the remaining 25 miles practically all the grading has been done but delay in laying the steel will be occasioned through the many bridges which will have to be constructed. The steel is now laid for 87 miles west from Midway and ballasting has been completed to Carmi. Near the summit the construction of 18 bridges was necessary in 3¼ miles. It is expected the line to Penticton will be completed about the end of July.

Word nas lately been received in Smithers from G.U. Ryley, land commissioner for the Grand Trunk Pacific, stating that Smithers would be a divisional point on the Grand Trunk Pacific.

Archie Jardine, while working on a swinging scaffold Saturday at Kaslo on the new school fell a distance of 12 feet, breaking his leg above the knee. Joseph Guiseppe, an Italian workman, fell at the same time and is now in the hospital from bruises sustained.

The Mine Owners' association of New Hazelton has decided to ask the Dominion department of minerology to request R.G. McConnell to visit the important mining properties and prospects in this district while he is in the northern interior during the coming summer.

WORLD NEWS TERSELY TOLD

Reports received by Port Coquitlam were that the forest fires in that distract were gradually dying down.

Wm. O. Bradley, United States senator from Kentucky, died after a lingering illness that was aggravated by a fall.

The steamer Royal Edward of the Canadian Northern Steamship company collided with an iceberg 110 miles east of Cape Race, while on her voyage from Montreal to Avonmouth The captain in a wireless message to the owners described the iceberg as a very large one and said that the vessel struck it end-on while going "dead slow" in a dense fog.

Rt. Hon. C.F.G. Masterman again met defeat when F.J.C. Ganzoni won the by-election made necessary by the sudden death of Rev. Silvester Horne, M.P., the vote was F. J. C. Ganzoni (Conservative), 6406; Rt. Hon. C.F.G. Masterman (Liberal), 5874; and Mr. Scurr (Labor), 395. Mr Masterman met his first defeat when he failed to secure re-election for Bethnal Green.

A life-sized statue of Venus has been found by excavators near Cyrene, North Africa, which in the early centuries was the seat of Greek culture. The statue which dates back to the 6th century—the time of Praxiteles, the celebrated Greek sculptor—is of parian marble and once stood in the temple of Apollo. The head and arms are missing and the excavators are continuing their search in the hope that they will be found.

As a result of negotiations between the newspaper associations and the postmaster-general during the last month to secure a modification of the scale of charges which he proposed in consequence of the Canadian postmaster-general's refusal to stand the whole cost of sea carriage and delivery in Canada, without the contribution of one-half the cost of sea carriage by Great Britain, Postmaster-General Hobhouse has agreed to the following new schedule of magazine rates:—Six ounces, 1d; half pound, 1½d; 2 lbs., 2d; 3 lbs., 3d; 4 lbs., 4d; 5 lbs., 5d. The former rate was 1d per lb. It is not expected that any change will be made immediately in the newspaper rate now in force of 1d per lb.

The theft of a ton of dynamite from the government warehouse at Gatun has given rise to fears on the part of officials that an attempt to blow up the Gatun locks was contemplated.

Prince William of Albania is again in the palace of Durazzo, guarded by Italian marines. Outside the city the insurgent supporters of Essad Pasha, former minister of war who a few days ago was deported, are threatening the existence of the new regime.

A fierce northwester broke over Kiel during the Imperial Yacht club regatta for warship crews. Two cutters were capsized and five sailors were drowned. The main masts of the yachts Meteor, owned by the German Emperor, the Cecilie and Comet were broken.

The British Admiralty will obtain control of the Anglo-Persian Oil company, if Parliament sanctions the government's intention to subscribe £22,000,000 of new capital. The company has an oil concession for nearly the whole of Persia, on which it gets 16 per cent. profit.

The Dominion buffalo herd at Wainwright, Alberta, is increasing so rapidly that the government now has no less than 1,500 animals. When the herd was secured several years ago there were only half this number, and no less than 152 were added by natural increase during the past year alone.

A million torches and lanterns illuminated Tokio when the body of the Empress Dowager Haeuko was borne through the streets in a beautiful funeral car drawn by white oxen There had been no pageant of such solemn grandeur since the funeral of Emperor Mutsupito a year and a half ago.

Charles Becker for the second time was held responsible by a jury for the Rosenthal murder, which, nearly two years ago, awoke New York to a realization of corruption in the police department and opened a new era of police reforms. Becker, a former police lieutenant, was found guilty of murder in the first degree.

SHILOH CURES COUGHS & COLDS

Housekeeping Is Not the Task It Used to Be

MODERN invention has done away with much of the hard work. For instance, the cleaning and polishing of hardwood floors, the dusting of moldings, the tops of high furniture, the stairs, under the radiator, etc. These back-breaking tasks are now made easy with the

O-Cedar Polish Mop

With it you can dust, clean and polish a hardwood floor in the time it formerly took you to get ready to do it.

Besides, you do not have to get down on your hands and knees to dust under the bed or other hard-to-get-at places, or to stand on a chair to dust the top of the high furniture. All of the hard work is now made easy with the O-Cedar Polish Mop. It gathers all the dust or dirt from everywhere and holds it. The mop is easily cleaned by washing and then renewed by pouring on a few drops of O-Cedar Polish.

Try It at Our Risk Try it two whole days with this understanding: If you do not find it satisfactory in every respect we will return your money. The price is only $1.50 and it will save its price many times over in a short time.

By a mistake of our shippers we find we are overstocked with O-Cedar Mops for this week only. We are clearing these out at—**$1.25**

WHY NOT BUFFALO.

Dr. Roche, minister of the interior, in explaining his estimates to the House of Commons stated that there were now 1500 buffalo in the national part at Wainwright in Alberta. Since the buffalo were placed in the park a few years ago their number has doubled, and one hundred and fifty-two calves were born last year. Evidently the buffalo under favorable conditions will thrive in captivity, and this interesting indigenous animal is likely to be preserved among the fauna of Canada.

If the buffalo at Wainwright multiply as rapidly as they have done during the past few years the park at Wainwright will before long become overcrowded, and in any case the removal of some of the buffalo to another reservation would have the effect of creating a separate strain which would eventually strengthen the vitality of the herd. Why should not part of the Wainwright herd be removed to the Revelstoke national park? The climate would probably suit the animals admirably, and there are large areas of land which would afford excellent range. Of the ninety-five square miles of which the park consists part could well be spared as a feeding ground.

The buffalo would be one of the most interesting features of the park and would be a powerful attraction for tourists. They would do much to make the park generally known, and together with the unrivalled scenery, the vitalizing air and the unequalled opportunities for the enjoyment of the holiday maker would foster the stream of tourists which the park will in any case assuredly attract.

PROTECTION OF TIMBER.

No work performed by the provincial government deserves greater credit nor has been more profitable to British Columbia than the forestry protection service. The forests of British Columbia are one of the province's greatest natural assets. Under a system of careful conservation they will remain an inexhaustible source of wealth, left at the mercy of chance fires and the heedless logger a decade would see their value reduced to the vanishing point.

This the government has realized and in guarding the woods from fire and in ensuring a more scientific garnering of logs it has ensured for the province an inextinguishable source of wealth. In the matter of fire particularly a most valuable work has been begun. Fire wardens have been appointed, fire fighters organised, telephones installed and a policy of education pursued.

When it is remembered that a carelessly dropped match, or the embers from a pipe may result in a fire that may sweep millions of dollars worth of timber to destruction, the importance of the educational work that the government has adopted may be realized. It is the people themselves who must do most to protect their inheritance. No army of fire wardens can be sufficiently numerous to protect the forests from fire unless in their work they receive the co-operation of the public. And that co-operation consists chiefly of a recognitian of the peril of fire and a desire to guard against it.

The government by distribution of pictures, pamphlets, posters and other reminders has done much to awaken public attention. It has made plain the peril of fire and has shown how it may be guarded against. If every sportsman, if every woodsman, camper and miner bears in mind the precepts of the government and failthfully does his share in guarding against bush fires there will be little danger of heavy loss of timber during the dry season.

A SOUND POLICY.

When a newspaper of so ultra-Liberal a type as the Winnipeg Free Press, and so determined in its opposition to the Conservative government at Ottawa, finds it impossible to condemn a policy pursued by the Borden government it is a pretty clear indication that that policy offers no reasonable ground for attack. And this is the case with respect to the bargain with the Canadian Northern railway. The Free Press advocates scrutiny of details, but warns the opposition that the subject is not one for mere baseless and partisan attack. It says:

"The Opposition criticism, to be effective, however, must include recognition of the fact that action of some kind is imperatively demanded of the country. If a comparison is to be made between the government's arrangement and one favored by the Opposition, the latter must be one which, under the present circumstances, is feasible."

The "Free Press" grudgingly admits that the government has secured a good bargain, and has safeguarded the interest of the public. It concludes:

"The government, in the measure before the House, has apparently tried to safeguard, in some measure, the interests of the Canadian taxpayers. If the Opposition can point out defects in the agreement, or can make practicable recommendations to improve it, the public will be grateful and appreciate. But any attempt to exploit the undoubted difficulty in which the Borden government finds itself for purely partisan ends would be deprecated by the country."

The first number of the Daily Labor Telegram published in Nanaimo under the management of J. K. Johnson has been received. The paper according to its announcement "starts out with a bona fide circulation of 2034 subscribers." It solicits advertisements "from friends of the working man. Others need not apply."

FROM THE SANCTUMS

WHEN IS MAN OLD?

When is man old? This morning the World twice refers on its front page to a man of 56 as an "old man" Surely this must be set down as a schoolboy idea, and one that will amuse men in the prime of life. No man is old unless he is twenty years older than yourself.—Toronto Star.

THE BETTER PART.

The London omnibus driver who performed an act of bravery in a crowded street and then failed to mention the fact to his wife, is being commended for his modesty. Perhaps he is a philospher, and recognizes that it would be useless to tell his better half what a brave fellow he is. Many married men of experience will understand his silence.— Montreal Gazette.

PLENTY OF OIL

Some time ago a man who opened up some of the biggest oil producers in the eastern part of the continent made the statement that in the foot-hills of Alberta would be found the richest field in North America. The rest of the province may well join heartily in congratulations to the Calgary company which has secured such an indisputable initial success, for it means the active prosecution of operations elsewhere. There has been much more, for instance, to give rise to the belief that oil may be found along the Athabasca river than existed in Southern Alberta.—Edmonton Journal.

SPRING ON THE PRAIRIES

The dun-colored prairie has been covered with its spring cloak of green, and the earliest wildflower of the plains, the little woolly-coated crocus, has burst forth luxuriantly to enjoy the warm sunlight and stimulating breezes during its short two weeks of renewed life. The wild ducks are back to their old haunts in the sloughs, which are full to overflowing with the surface drainage from the surrounding land. An earthy smell is in the air, and the black, cultivated areas are steaming beneath the bright, radiating face of old Sol. Here and there, where an industrious sower has been at work in April, the tender shoots of the grain plant appear, like timid children of nature looking forth from their subterranean homes, and almost seeming afraid to face the boisterous weather of the west. Over all this scene of reawakening a filmy cloud hangs low and stretches dreamily to the far-off skyline, which is seen only faintly through the distant mistiness.—Norman Lambert in Toronto Globe.

FOREST FIRE PROTECTION.

Reports have just reached the Forestry department of the proceedings at the first annual fire protection convention of the forest branch of the Vernon forest district. Many useful ideas were exchanged. Some of the guards were responsible for suggestions which give promise of proving of great advantage. The names of the forest guards are to be published in the papers in their districts, for the information of those wanting permits, and so that everyone will know who to notify in case of fire. Stamps are to be prepared, and the names of guards printed on all posters through out the district, so that there will be no delay in reporting a fire to the proper authorities. One feature strongly emphasised was the necessity for further efforts to gain public interest and secure co-operation and support in the work of preventing disastrous forest fires.

Two More Miles Staked

(Continued from Page One.)

Alta., is stimulating a desire to prospect the British Columbia side of the divide, where admittedly favorable prospects are obtainable.

Arrangements are being made by British capital to put down several wells to test the possibilities of the Fraser valley for oil.

An oil seepage is reported from Rey lake, east of Mamette lake, within twelve miles of the town of Merritt. A.E. Collett of Merritt and R. Gillespie of Vernon have located several claims.

Some California oil men are looking into the possibilities of drilling for oil in the Fraser valley.

SAGE CREEK OIL PROPERTY

One of the two railway charters which were granted by the federal government some months ago will be used as a warrant to build a railway from Calgary through the rich coal country and the Flathead valley, where lies the Sage Creek oil field, British Columbia's oil field.

F. Crandall, Calgary, is the president of the Calgary-Fernie railway company, and DuCane Dutcher & company, 170 Granville street, are the engineers who will locate the line

The line will tap the Sage Creek oil field. No announcement has yet been made as to the present intentions of those who own the other railway charter for building into the Flathead valley. The intention of the Calgary-Fernie railway company to start construction was made prior to the discovery of oil in the Dingman oil well.

LACKED TRANSPORTATION

The Flathead valley has been known as an oil field and the Sage Creek country has for nine years been recognized as one of the best sections in that field. Up to the present time the only way of getting into the Flathead valley has been by way of Corbin, a fairly large coal mining camp on the Eastern British Columbia railway, which branches off from the Crow's Nest branch of the Canadian Pacific railway at McGillivary, B. C. A government wagon road out to Corbin down through the valley to the international boundary forty-six miles away. From the American side the valley can be reached through Belton, Montana, a town near the Glacier national park.

All changes of advertisements must positively be handed into this office by Monday evening in order that the change shall appear in Wednesday's issue, and any changes intended for Saturday's issue must be handed in not later than Thursday evening of each week.

THE HALCYON TRIP.

Another ode from the Revelstoke poet is as follows:

Last Sunday we had a trip down to
the Halcyon spring,
One man on board I did not see and
that was Fred Ewing;
We had a good time and enjoyed the
trip on deck,
And were very glad to see one there
whose name is Robert Beck.
But there's another man I know, I
think he was surely ill,
He was not on board, his name is
Jack Hamill.
We had a notable man on board it
was the Chinese cook,
But one man on board we mostly
missed, his name was Mr. Rooke.
We had a man on board that every-
body knew,
He is closely connected with the Rev-
elstoke Review,
His sirname I wont mention, but his
first name is Charlie,
He had a nice Panama on, it looked
quite swell you see.

Iska Bibble.

A FEW "DON'TS"

By Fire Brigade No. 2

"Don'ts" which every citizen would do well to remember and thus save loss to themselves and expense to the city.

DON'T pile kindling wood between the back of the stove and the wall, you will have a fire some day if you do.

DON'T have your heating stove sitting too close to the wall, you will go out some day and leave the drafts on and when you come back your house will be on fire.

DON'T leave a heating stove alone with drafts open more than 1 minute at a time it is as treacherous as a wild beast.

DON'T have the wall paper come to close to the stove pipe hole in the chimney cut it back two inches and spend 25c. for a tin collar and you may be hundreds of dollars ahead.

DON'T leave an oil stove burning alone but a few minutes. The Brigade have put out many fires caused by carelessness with these heaters.

DON'T forget to look at the brick chimney where it goes through the garret and roof. Sometimes there is abreak which will eventually cause trouble.

DON'T forget to have the stove pipes and chimneys cleaned when you know they are dirty.

DON'T forget to have a little insurance; this is useful if you should neglect any of the above.

HIS BLADDER WAS TERRIBLY INFLAMED

GIN PILLS Brought Relief

Larder Lake, Ont., March 26th.

"I had been suffering for some time with my Kidneys and Urine. I was constantly passing water, which was very scanty, sometimes as many as thirty times a day. Each time the pain was something awful, and no rest at night.

I heard of your GIN PILLS and decided to give them a trial at once. I sent my chum 60 miles to get them and I am pleased to inform you that in less than six hours, I felt relief.

In two days, the pain had left me entirely. I took about half a box and today I feel as well as ever and my kidneys are acting quite natural again."

SID CASTLEMAN.

GIN PILLS soothe the irritated bladder—heal the sick, weak, painful kidneys—and strengthen both these vital organs. Money back if they fail.

50c. a box, 6 for $2.50. Sample free if you write National Drug and Chemical Co., of Canada, Limited. Toronto. 179

SPORTING NEWS

KEEN RACES AT REGATTA

Congreve's Sicamous Wolf Wins Long Distance Race—Sculling and Swimming

The Shuswap Lake Boat club regatta at Sicamous on Monday was a great success and except for a brief squal in the morning the weather was thoroughly pleasant. The races were close and exciting. S. Sutherland of Revelstoke was the official handicapper for the long distance race and C. R. Macdonald and T. E. L. Taylor for the handicap races on Monday and their work was highly praised.

A large number from Revelstoke attended the regatta including Mr. and Mrs. C. R. Macdonald, T. E. L. Taylor, A. J. McDonell, J. G. Barber, M. Stortz, D. Leary, A. Brown, Miss Fraser and J. McSorley, Dr. and Mrs Macpherson of Salmon Arm were also present. Mr. Macdonald and Mr. Taylor were the official judges and time keepers. There was a large crowd of spectators, the ranchers along the lake turning out in great numbers.

The first race started on Sunday. It was the long distance event from Chase to Sicamous. L. H. Congreve was the winner with his powerful launch the Sicamous Wolf. H. A. Brown of Sicamous, formerly mayor of Revelstoke, was second in the Titania and William Finlayson third.

The long distance race was remarkably close only five minutes separating the first and second boats over a 50 mile course, with Finlayson a good third. Mr. Macdonald of Revelstoke accompanied Mr. Brown in his boat during the race.

The 10 mile scratch race was won by Congreve's Sicamous Wolf with Brown's Titania second and M. A. Gillis' Anavana third.

The five mile handicap launch race was particularly exciting the boats all finishing within 50 yards of each other, although some had 18 minutes start over scratch. Congreve's Sicamous Wolf beat Gillis' Anavana by six seconds for first place.

The 2½ mile local handicap was won by J. Richards of Salmon Arm, who beat T. Gregory by two lengths with W. Finlayson third obly 10 yards behind.

The hundred yards swimming race was won by J. Kendall. The one mile sculling race fell to J. Gregory with J. Kendall second and T. Gregory third.

Miss Tanqueray of Salmon Arm captured the ladies half mile sculling race.

BREAKS INTO POETRY
ON REVELSTOKE GAME.

The Revelstoke poet warbles as follows:

Last Monday afternoon, Revelstoke
took the bun,
They went right after Vernon and
beat them six to none;
And in the home team there's a man
you really cannot rattle,
His name is Carl Sprainger, he
comes from Seattle.

One remembers the game against
Kamloops, excitement was intense,
How Gibbie caught the ball right on
the barb wire fence;
The way he had to run, wasn't at all
slow to grab it,
He ran right across the field just
like a jack rabbit.

The way that Revelstoke won, was
really just fine,
They handed Vernon some of the
Revelstoke medicine;
The medicine was very strong, it
will help them on their way,
We hope to see you Vernon come
back another day.

The baseball club is very wise to
put up a canvas,
Now you will have to pay to go near
the grand stand grass,
To stop outside the fence now will be
very tame,
Because you wont see anything, cheap
sports, of the baseball game.

Plans have been prepared and the contract will be awarded within a few days for the erection of a hotel at Edgewater.

Notice is given warning the public that postmasters are being instructed to prevent enclosures of letters in parcel post. Fines are being imposed and collected for breaches of the regulations in this respect.

SQUALL MARS TRAP SHOOT

Guy Barber High Gun at Revelstoke Shoot—Armstrong Leads Telegraph

A trap shoot held at Sicamous on Monday was abandoned after 25 targets had been thrown on account of a squall of wind and rain which made shooting impossible. On account of weather conditions scores were low, A.J. McDonell being high gun with 19 birds. The scores were as follows:

Twenty-five targets unknown angles:—A.J. McDonell, 19; J.G. Barber, 15; R. Upper, 15; George Little, 14; F. Dean, 14; T. McLeod, 13.

At the Revelstoke weekly shoot Guy Barber was high gun breaking 45 birds one more than WfA. Foote and A.J. McDonell. Sturdy and Sage each broke 40. The scores were:

Barber	45
McDonell	44
Foote	44
Sturdy	40
Sage	40
Tremble	29

In the weekly telegraph shoot, 50 targets, three high guns, Armstrong was in the lead with 144 and Kamloops second with 142. The scores were as follows:

Kamloops:—
Armstrong:—

Tool	50
Evans	48
Stokes	46
	144
Bullman	48
J. Hall	47
W. Palmer	47
	142

Revelstoke:—

CITY LEAGUE BEGINS TODAY

Beavers Will Meet C.P.R.—Victory Scored by the Fire Hall Team

On Monday morning the Fire Hall team squared up with the Beavers, winning by a score of 15 to 5. A good crowd of fans were on hand, and as there was plenty of hitting they had a great time rooting. This makes one win each for these teams and the next game will be looked forward to with interest.

Now that the prefiminary series is over the regular league games will start tonight, when the C.P.R. meets the Beavers. Pitcher "Dolly" Gray of the C.P.R. team thinks he has got the game on ice as he has discovered a new brand of liniment for his arm. The game will start at 6:15 sharp.

BICYCLE RIDE UP
BIG BEND ROAD

On Saturday morning next there will be a bicycle hike up the Big Bend road, leaving the Y.M.C.A. at 9:30. All boys having bicycles are invited to come and bring their lunch

SECRETARY AT CAMP

Things are not quite so lively around the "Y" these days as the secretary left Saturday morning to spend a week at the military camp at Vernon where a temporary Y.M.C.A. has been established.

FIGHT CALLED OFF.

Owing to the attendance at the boxing contest billed to take place between Willie Mack and Bobbie Evans on Monday evening being too small to warrant a fight taking place the contest was called off.

REVELSTOKE ANGLERS HAVE
GOOD SPORT AT SICAMOUS.

Fishing at Sicamous is improving every day. On Monday among the anglers from Revelstoke in Shuswap lake were C. Urquhart, James Collison and R. Blair who all secured good creelsful.

TABLES TURNED ON VERNON

Revelstoke Plays Errorless Game—Six to Nothing Tells Tale

Playing errorless ball the Revelstoke team on Monday turned the tables on Vernon and by defeating the Okanagan team 6-0 secured complete revenge for their ill luck at Vernon on the previous Wednesday.

Though not sensational it was a sound game from beginning to end and the Revelstoke boys delighted their supporters as much by the good form they showed as by the fact that they had scored a victory. They have the makings of a crackerjack team and the fans are confident that they will yet climb to the top of the league.

Spranger moved from the field to first played a sterling game. At third base Parent gave a splendid exhibition of good fielding. Eddy pitched a steady game striking out eleven.

The box score is as follows:

Revelstoke:—

	ab	r	h	sh	sb	po	a	e
Parent 3b.	3	1	1	0	2	0	1	0
Fisher, l. f.	3	1	1	0	1	1	0	0
Oldfield, s. s	5	1	1	0	2	1	4	0
Pulley c.	2	1	1	0	1	11	0	0
Dudley, 2b,	2	0	0	0	0	3	1	0
Derr, c. f.	4	0	1	0	0	0	0	0
Spranger 1b	3	1	0	0	0	11	0	0
Tenny r. f.	3	0	0	0	0	0	0	0
Hall, r. f.	1	0	1	0	0	0	0	0
Eddy, p.	3	1	0	0	0	0	3	0
	29	6	6	0	6	27	9	0

Vernon:—

	ab	r	h	sh	sb	po	a	e
Fossas, s. s.	4	0	1	0	0	3	0	2
O'Neil, 3b.	3	0	0	0	0	3	0	1
Dale, c.	3	0	0	1	0	16	1	3
Knapp, c. f.	4	0	0	0	0	0	0	0
Kreke, 1b.	4	0	2	0	0	0	0	0
Eastman, r.f.	4	0	0	0	0	1	0	0
Smith, 2b.	2	0	0	0	0	0	1	0
Myers, l. f.	4	0	2	0	0	1	0	0
Williams, p.	3	0	0	0	0	0	2	0
	31	0	5	1	0	22	4	6

Two base hits, Derr, Myers; struck out by Eddy, 11; Williams, 15; bases on balls, Eddy 5; Williams 9; hit by pitched ball, Smith and Dudley; passed balls, Dale 5; umpire Wright. Time of game, 2 hours 40 minutes.

BOX SCORE OF GAME
PLAYED AT VERNON.

The following is the box score of last Wednesday's game at Vernon:

The first inning started with snappy play, and Revelstoke would have scored, had not Parent, in a run from second to home, run wide of third base. Parent opened the game with a hit, made first, then reached second base on a sacrifice by Fisher. Oldfield's fly to center field was caught by Knapp, and Pulley was out on a fly to Williams, who fielded a pretty game against the sun, and made several fine throws to the infield.

The score of Wednesday's game follows, in detail:

Vernon—	AB	R	H	PO	A	E
Fossas, ss	5	2	1	5	2	0
O'Neill, 2b	6	1	2	0	2	0
Dale, c	6	2	3	7	2	1
Kreke, 1b	4	3	2	6	1	2
Knapp, cf	4	3	2	1	0	0
Williams, lf	5	3	3	4	1	0
Eastman, rf	5	2	3	0	0	0
Kneelands, 3b	5	0	1	3	1	1
	42	17	18	26	11	4

Revelstoke—	AB	R	H	PO	A	E
Parent, cf	4	0	2	1	0	0
Fisser, rf	4	0	0	0	0	0
Oldfield, ss	4	0	0	0	3	1
Pulley, c	4	1	4	11	0	1
Dudley, 2b	3	1	0	0	1	0
Derr, 3b	4	2	3	0	3	4
Spanger, 1b	4	0	1	12	0	0
Eddy, lf	3	0	0	0	0	0
Webb, p	3	0	0	0	4	0
	33	4	9	24	11	5

Score by innings—
Vernon ..... 0 3 3 1 2 5 0 3 *—17
Revelstoke .. 0 0 0 0 2 0 0 0 2— 4

GROCERIES AND CROCKERY

In our Grocery Department you can get anything you may require in Staple or Fancy Groceries. We are making a specialty of Summer Goods just now and have some fine lines for picnics and camping parties. All our goods are new and fresh and the best quality we can buy. In tinned fruits nothing can touch our line of Hunt's California fruits. In Pickles we have Crosse & Blackwell's and Heinz. The names of these two firms are a guarantee of quality. For your breakfast in camp you will need either Swift's Premium Ham or Bacon—it's impossible to get anything better. Does this windy weather leave lots of dust in your house? Try Dustbane when sweeping and see how much easier it is. If the flies bother you we can supply you with Wilson's Fly Pads, Tanglefoot or some fly catchers. If the high cost of living is worrying you call in and see us and you won't need to worry.

WATCH OUR CORNER WINDOWS FRIDAY AND SATURDAY FOR OUR WEEKLY SPECIALS

WESTERN FLOAT

By R. T. LOWERY

Tom Devlin is a resident of Silverton.

A bowling alley has been opened in Princeton.

Wild geese are plentiful on the Okanagan river.

The brickyard at Castlegar has resumed operations.

In Merritt A.F. Rankin has enlarged his drug store.

Eggs retail for 30 cents a dozen in New Westminster.

The new bar is 40 feet long in the Savoy hotel at Rupe.

The Rossland mines are producing 6,000 tons of ore a week.

More tables will be put in the Hewitt mill near Silverton.

A cigar stand has been put in the Strathcona hotel at Nelson.

The drive is bringing 15,000,000 ft. of logs to the Comaplix mill.

Rooms are scarce in Silverton and all the hotels will be enlarged.

Bruce White has three men working on the Noonday mine at Cody.

In Quesnell bread has dropped in price from 25 to 20 cents a loaf.

No more, or very little more Sunday ball, will be played in Kaslo.

In California it is proposed to put a six cent duty upon Chinese eggs.

Buttermilk is 20 cents a gallon in Curlew, and 31 cents in Greenwood.

Sam Patterson has opened the Clareton billiard room in Rossland.

Dr. Gomm, of Sandon, has sold his pickle bottle, and bought a syrup can.

The opening of the Taghum bridge will increase the number autos in Nelson.

The tram from the Noble Five mine to the mill at Cody is being repaired.

Work will soon begin on a railway from Naas Harbor to the Groundhog coal region.

This year at Slocan City Anthony Madden will have a big crop of strawberries.

Andy Jacobson, of New Denver, has made the Newmarket the best hotel in the Slocan.

In search for gold at depth, Williams creek, near Barkerville, is being diamond drilled.

The merchants of Salmon Arm have adopted the spot cash system of selling goods.

Billy McClergue, the historian of Sandon, has not yet caught all the fish in Bear lake.

T. H. Lincoln, late of Mexico, has been appointed manager of the Noble Five mine in the Slocan.

Laborers on the Kettle Valley construction are getting $2.25 a day with board at 90 cents a day.

A two million dollar company has been formed, to work the Diamond Vale coal mine at Merritt.

The Eclipse Lumber company of Laidlaw, has made an assignment for the benefit of its creditors.

There are a million people in Canada who do not know that the Greenwood Ledge does job printing.

If all the men were like Hermann Clever of New Denver, Canada would soon have a hundred million people.

On his ranch near Three Forks, Henry Murhard expects to raise $2,000 worth of farm produce this year.

A squaw living on the Alaskan side of the Portland canal, recently killed a black bear and three cubs with an axe.

Sir George Doughty, who died in England this month was the chief promoter of the B. C. Fisheries company.

Tom Tobin, who set the first type on the first paper in the Slocan, is now a mining engineer in Butte, Montana.

Charles Walmsay has been elected honorary president of the Hope baseball team. At one time Charley played ball in Sandon.

George Aylard, formerly of New Denver, has bought $40,000 worth of property in Spokane. He made his money mining in Slocan.

Scenery is one of the great assets of British Columbia, and if properly advertised it would mean millions of dollars to this beautiful province.

Palma Augrignon has 28 horses teaming ore into Silverton. This June he will visit his old home in Ottawa. He will be accompanied by his wife and niece.

Fred Holten and Jim Thompson have combined their hotels in Sandon, and there are now only four licenses in Sandon. Mrs. McLeod has transferred her license from the Kootenay to the Palace hotel.

J. M. Harris has returned to Sandon from a trip to Cuba and Panama. He was seasick for seven days, and says that he saw no scenery that surpasses the silvery Slocan or the blue grass hills of old Virginia.

The Athalmar Times and the Nelson Independent have ceased publication. Unless you have a message, and can live on the vapor of a kitchen window it is not advisable to break into the newspaper business.

The third robber is dead who attempted to rob the Union bank in Hazelton last month, and two of the gang have been sent to jail for 20 years. The man who got away with the money has not yet been found, and is not likely to be, unless he presents himself to Prince Ruperts new provincial chief says the Omieca Herald.

Out of three applicants for the position of secretary to the Vernon board of trade, John Dillon was selected by ballot.

Sunlight Soap

cuts Monday's labor clean in half.

The Sunlight way is so easy --just note. First you soap the garment; then roll it up to soak. After a while you rinse it thoroughly and the dirt drops out *like magic.*

Why scrub, and rub, and wear and tear the clothes when the gentle strength of Sunlight Soap will do the work with never a hurt to fabric or hands.

Try it once—this Sunlight way.

At all grocers 5c.

What is Doing in the Province

A change took place last week in the police department of Kelowna, R. Sutherland having resigned from his position as chief, his place being filled by R. W. Thomas.

It is reported that diamonds have been discovered in the Tulameen district, which forms a part of the Similikameen . The economic minerals found in the Tulameen district include , diamonds, gold, platinum, copper, magnetite, asbestoes, coal and clay. In 1886 there was a big placer gold excitement in that country and the camp's production for that year amounted to $193,000.

The Slocan mine at Sandon is looking well, according to Bruce White, the well-known mining engineer, who is operating the Noonday mine at Sandon. Fifty men are at work at the Star, he said. Work was commenced at the Eureka mine, a force of 15 men having been engaged. At the Noble Five repairs are being made to the tramway, and the management of the mine has been assumed by T. H. Lincoln, M.E., who is the successor to T. L. McAllister, who has left for the coast.

The Arrow Lakes Produce & Canning association of Nakusp, is doing a large business in dealing with flour feed seeds and other produce as allowed by its charter under the new agricultural act. The share certificates are being prepared and it is expected that the scope of the association will be considerably enlarged in a short time. The local corporation was one of the first to take advantage of the new act, and an application is now made to the provincial government for the loan provided therein. The cannery will be built during 1915 to handle part of the fruit production of the district.

The route map of the Calgary & Fernie railway has been approved conditionally by Hon. Frank Cochrane, minister of railways. The location of the line from Fernie to a point about 18 miles from Calgary has been approved and from that point into the city the Calgary & Fernie railway is to be given running rights over the Western Dominion, which must start construction on its line from Calgary within the next three months. The Calgary & Fernie railway must also go ahead with the construction of its line to Kamanaskis pass. If the Western Dominion road is not completed by the time the Calgary & Fernie railway is ready to enter Calgary the latter is to be allowed to build its own line.

For an aggregate consideration of $113,000 three parcels of Nelson business property have been sold by the Nelson Investment company, limited, to Calgary and Winnipeg parties.

Two fur farming companies from the east have taken out licenses to trap foxes during the summer for black and silver fox breeding purposes. The companies are controlled by exderienced men who have made a success of fur farming on Prince Edward Island. A third company is being formed.

For the first four months of the year, ending April 30, the Standard mine at Silverton shipped in crude ore and concentrates approximately 5,000 tons, most of which was handled at the Trail Smelter. Besides a large amount of zinc ore and concentrates was shipped to Bartlettsville, Oklahoma.

Kelowna lost another of its old timers in the passing away of Arthur Gillard, at the age of 19 years. Deceased was a member of the French family of Gillards, well known to every old timer of the Okanagan who came over from their native country 30 years ago to the valley being amongst the first settlers.

It is announced by Hon. Dr. Young Minister of Education, that the Board of Governors of the provincial university has every hope of being able to secure the services of Professor Klinck, of Macdonald college, Quebec, as head of the school of agriculture of the university. The position has been tendered to Professor Klinck and an early decision in the matter is anticipated.

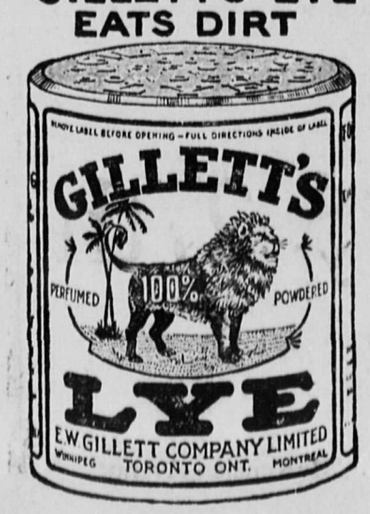
British Columbia Sunday school workers are now selecting delegates for the great International Sunday school convention in Chicago on June 23-29. This province is entitled to send 22 delegates and 12 have already asked for credentials. Although none but delegates can attend the regular sessions, as the convention hall only holds 5000 persons, it is expected that there will be at least 20,000 persons in attendance at the convention. Many prominent speakers are to give addresses during the progress of the convention. Following this convenion the twenty-fifth anniversary of the Epworth League of the Methodist church is to be held at Buffalo, July 1-7, and the two great gatherings can be conveniently taken together, Rev. I. W. Williamson, provincial Sunday school secretary, is making arrangements for the delegates' trips to Chicago.

EASTERN FIRMS BUYING LUMBER FROM B. C.

An order of 5,500,008 feet of lumber required for a new dock in Quebec, has been placed with Vancouver lumbering firms. The dock is being built for the Dominion government by N. P. & J.T. Davis, who placed the order for the lumber with Mason, Gordon & company, of Montreal. Mr. Gordon came to Vancouver to personally place the orders with British Columbia firms. Hitherto the eastern contracting firms have placed their orders with firms in the United States. Indications are that the future will find eastern firms turning to the West more and more for their supplies. Vancouver island firms secured a large order for Toronto harbor work.

Recent reports from the dry land farming stations at Nicola and Lillooet to the department of lands, show that good progress is being made in placing these upon a preliminary working basis. Having had to prepare the soil with a system of fall plowing, discing and trenching, peculiar to true dry farming principles, those in charge of the station have a busy time preparing for the trial seed and plant plots.

GILLETT'S LYE EATS DIRT



VERNON RECEIVES TENDERS FOR CONCRETE PIPE.

Three tenders for supplying the city with the concrete pipe which will be used in the underdrainage system were opened at Monday's meeting of the Vernon council. The total quantity of pipe needed will, it is estimated, cost about $15,00.

Specifications called for tenders on two classes of pipe, plain and re-inforced, and for sizes from 8 to 30 inches. The B. T. Little company's tender, for different sizes, per lineal foot, plain and re-inforced, follows: 8 in. 27c and 50c; 10 in. 37c and 55c; 14 in. 55c and 95c; 16 in. 70c and $1.20; 18 in. 80c and $1.30; 20 in. 95c and $1.45; 24 in. $1.20 and $1.75; 30 in. $1.80 and $2.80. The Dominion Glaze Cement Pipe company's tender for non-reinforced pipe only, was as follows: 8 in. 24c; 10 in. 30c; 14 in. 45c; 16 in. 60c; 18 in. 77c; 20 in. $1; 24 in. $1.25; and 30 in. $3.00 The company offered a guarantee that their non-reinforced pipe would stand all tests of the re-inforced variety. All the tenders were referred to the health committee, to examine and report upon.

Trouble has been experienced with the new bridge at Eagle creek, near Edgewood, the high water having undermined the abuttments. The road crew has been affecting repairs.

The contract for the building of a new school at Naramata has been let to B. C. Tootner of Walhachin, and it is expected that the building will be ready for occupancy at the beginning of the fall term. It is also understood A.B. Richardson will be the principal.

That Arrow lake is better stocked with fish that it has been for years is evidenced by the success attending sportsmen this month. The action of the government in compelling the installation of burners at the sawmills has had beneficial effect which can only be appreciated by those who tried to catch fish here a year or two ago.

Married in England Come to Revelstoke

The Baubury (Eng.) Guardian of May 23 gives the following account of the marriage of George Wady to Miss B. L. Knott, who will make their home in Revelstoke:

The wedding took place at the Parish church, Fenny Compton, on Wednesday week, of Mr. G. Wady, eldest son of the late T.O. Wady, of Warmington, and Miss Knott, eldest daughter of Mr. A.E. Knott, of Fenny Compton. The church had been nicely decorated by friends of the parties. There was a very large congregation at the ceremony. As voluntaries Mr. J.W. Sidwell (the organist) played Guilmant's Wedding March and the Bridal Chorus from Lohengrin. The hymn "Lead us, Heavenly Father, lead us," was sung as the bridal procession entered the church. The officiating clergy were Rev. J. R. Brown, of Fenny Compton and the Rev. R.P. Willock (Rector and Rural Dean, Warmington). The bride who was given away by her father, looked charming in an ivory satin dress, trimmed with pearls She wore a veil over a wreath of orange blossom, and carried a sheaf of lilies, the gift of the bridegroom. Her ornaments included a gold watch wristlet, the gift of the bridegroom. The bridesmaids were Miss M. Knott sister of the bride, and Miss Hughes, of Prescote, cousin of the bride. They were prettily attired in pale blue satin dresses, and wore wreaths of flowers on their heads. They carried baskets of flowers and their ornaments included lockets and chains, the gift of the bridegroom. Mr. T. Wady, of Calgary, Canada, brother of the bridegroom, acted as best man While the register was being signed, Mr. Sidwell played Mendelssohn's Wedding March, and when the happy pair left the church they were heartily greeted with confetti and rice, and a merry peal was rung upon the bells A reception was afterwards held at the Manor House, when a large number of relatives and friends attended. The newly married couple subsequently left for London en route for Brighton, where the honeymoon is being spent prior to the bride and bridegroom going to Canada to take up residence at Revelstoke, British Columbia. The bride travelled in a brown costume with hat to match.

Took Man's Money Sentence Six Months

Jas. McDonald, charged with taking some $30 from A Nukas a section man at Three Valley appeared on remand before Police Magistrate Hamilton on Thursday, was found guilty and on Friday was sentenced to six months in Kamloops jail. C. E. Gillan appeared for accused.

Nukas swore that McDonald with another man hustled him into the corner of a bar in which they were drinking and that McDonald took his money and handed it to another man. Ole Anderson and E. Peterson gave evidence that they saw the scuffle in the bar and saw Nukas thrown out of the door.

McDonald denied the theft and the scuffle in the bar. He said that Nukas complained of losing money that he merely took hold of him and pushed him up to the bar where he bought him a drink. Afterwards Nukas went out and came back with Constable Ross who arrested him.

Charles Gardiner, the bar tender, said that he saw no disturbance nor any theft. Other witnesses were Constable Ross who made the arrest, Chief of Police Parry and B. C. Tapping, the proprietor of the hotel.

In finding McDonald guilty Police Magistrate Hamilton said that two sober and independent witnesses had corroborated the accusation of the complainant and he had no doubt that a theft had been committed. In sentencing McDonald Dr. Hamilton said that the fact that another man got the money did not relive the prisoner of guilt but that the sentence would have been more severe if the money had been found on him.

After having been connected with St. Peter's, Cowichan, for 28 years, Canon Leakey is leaving to take over the charge at Ladysmith Anglican church. On Friday last the Canon and Mrs. Leakey and their little daughter were tendered a reception by the parishioners of St. Peter's and their friends.

The business section of Atlin is a mass of ruins. Fire broke out in the Kershaw hotel and spread with alarming rapidity, so quickly indeed that there was little or no time for the proprietor or any of the guests to save any of their belongings. Every effort was made to get the outbreak under control, but without avail and a high wind soon fanned the flames to adjacent buildings.

BIG AGRICULTURAL LAND OPENING

TWELVE HUNDRED AND FIFTY TRACTS of five and ten acres each to be granted to prospective settlers in throwing open **Twenty Thousand Acres of Rich, Southern Georgia Land,** which is admirably adapted to the growing of celery, sweet and Irish potatoes, canteloupes, water melons, corn, oats, cotton, hay—in fact, all staple crops grown in this fertile section, as well as a large variety of semi-tropical fruits, and the famous immensely profitable paper-shell pecans.

Providing you are eligible under the classifications prescribed by us, you are now offered an excellent opportunity to break away from the drudgery and toil of a small wage, or working for the benefit of landlords, and go back to a land of plenty, to which, if granted, you will hold a warranty deed and abstract.

The best security on earth is the earth itself, and land is the basis of all wealth, Owners of productive lands are benefiting by the increasing high cost of living, while others are suffering from it.

An Opportunity to Secure Rich, Productive Land Without Capital.

You will not be required to leave your present surroundings now. All we ask of those to whom we grant tracts is that they plant, or arrange to have planted, a crop of one of the above-mentioned products within three years, after which we will have it operated (harvested and replanted) for grantees, in consideration of 25 per cent. of the net profits derived from the sale of the crops, thereby allowing the grantee to pursue his or her present occupation until such time as they determine just what the yield of their acres amounts to. Consider what this may mean as a source of income, when statistics show that the yield of one acre of celery amounted to $1,288.45, and that one acre of well-cared for paper-shell pecans, in full bearing should net its owner as high as $500.00 per year. We are of the opinion that after it is proven by actual results obtained in operating the land that they will need no further urging, and waste time in locating in this land of plenty. We also require grantees to occupy the land within ten years, or sell it to some one who will occupy it; otherwise it reverts back to the grantor.

The land included in this opening is located directly on and adjoining the Atlanta, Birmingham and Atlantic Railroad, about 25 miles west of Brunswick, a thriving city of fifteen thousand, and having direct steamship service to New York and Boston, and excellent railroad transportation facilities to all points. The average temperature for six months of the year, from April to October, is 77 degrees; the climate is most healthful, and invigorating, and there is an ample rainfall of 50 inches per year.

OUR AIM IS FOR MUTUALLY BENEFICIAL RESULTS

As we are extremely desirous of having settlers locate on this property and assist in its development, and thereby greatly increase the value of surrounding and intervening property, which we will hold, and to increase the traffic along the Atlanta, Birmingham and Atlantic Railroad, and thus facilitate the service, we feel warranted in granting these tracts to those who register with us. We also have in mind business and residence plots which we will offer for sale after the opening, but which will not be included in it. We have **"money-making afterward"** considerations in this liberal-minded opening, similar to those of the Northern Pacific and other railroads when they granted their lands, and we expect to benefit thereby, as well as the ones who will receive the tracts

We have also planned to develop what is designed to be the best equipped, most up-to-date, scientific, commercial farm and orchard in existence. It will consist of six thousand acres and will be included in this opening. All who register and receive tracts will get the benefit of the experiments and scientific methods in vogue thereon. While we are arranging to prevent over-registration, we will avoid many disappointments, Such as occurded in other land openings conducted by the United States Government and railroads, by granting those who register in excess of the number of tracts to be granted, an interest in this commercial farm and orchard enterprize, in the hope that they may later locate in one of our town sites.

Examination of the land will cheerfully be permitted, and the opening will be held at Browntown, Wayne County, Georgia, one of the stations of the A. B. & A. Railroad, which is located on this property, and will occur as soon after registrations as arrangements can be made.

The presence of those registered will not be necessary at Browntown on the opening day, unless they wish to attend, for there will be no favoritism shown anyone. It will be conducted by a committee selected for the purpose, and those registered will be notified of what they have been granted, as soon as possible.

With the ever-increasing population of this country there is no corresponding increase in the area of land, and naturally as the population increases and seeks the land in pursuit of health, happiness and independence, it will continue to be harder to secure.

The prosperous and contented class in Europe today are the descendants of those who secured land there when it was plentiful, while the descendants of those who obtained no land are now the peasants and slaves. **You must realize that this may be your last chance to secure land in this country without a large outlay of capital,** so it should not be necessary to urge you to act at once by forwarding us the application for registration attached to this announcement.

SOUTHERN GEORGIA RAILROAD-LAND DEVELOPMENT BUREAU,
COLORADO BUILDING, WASHINGTON, D. C.

Southern Georgia Railroad-Land Development Bureau,
Washington, D. C.

Registration Department:

I hereby make application to register for Fruit and Agricultural Railroad-Land Opening, and furnish you with the correct answers to the following questions:

Name..... City .....

State..... Street or R. F. D. No. .....

Age.....Married or Single.....Widow, Widower or Orphan..... Occupation .....

Nationality.....Do you own over ten acres of land in the United States?.....

If my application for registration is accepted, please send me, without obligation, further and complete information and particulars, including maps of the land, showing exact location on the Atlanta, Birmingham and Atlantic Railroad, its transportation facilities, agricultural, fruit and nut-growing possibilities, etc.

Very truly yours,

.....
Signature.

THE LOCAL NEWSPAPER

Is the Pay Roll of the City of Revelstoke to increase or decrease? You will unhesitatingly acknowledge that a local Newspaper is essential to a growing city. It is the best advertiser for the city that it could possibly have. Have you, Mr. Revelstoke Merchant, realized the vast number of eastern catalogues that have arrived in your city since the advent of the parcels post system? Have you grasped the meaning of this attempt to kidnap the business which is rightfully yours?

What are you doing to counteract this encroachment of the man from the East? Your remedy lies in the local newspaper. Have you sufficient faith in the articles you sell to tell the people about them! Of course you have, therefore you must advertise your goods. Let the MAIL-HERALD perform the duties of a salesman—it will be a good investment for you!

IS A GREAT ASSET

Look after your own townspeople and those in the surrounding country. The MAIL-HERALD goes far and wide, is eagerly looked for, is positively demanded. The subscription list increases daily. Your announcements in the MAIL-HERALD will be looked upon with absolute dependence. It is your medium. Support the MAIL-HERALD and you will not find it wanting in its assistance to make Revelstoke a city of sound and remunerative business for its merchants. The MAIL-HERALD has a big pay roll—advertisements are the life blood of the paper. Keep that pay roll for Revelstoke, allow it to circulate here. Send your money away and it never comes back; spend it at the MAIL-HERALD office and you will get a dozen chances at it during the course of a year.

TO THE

CITY OF REVELSTOKE

BRIEF LOCAL NEWS

W.A. Anstie spent the week-end at Halcyon.

Jud Macguire registered at the Hotel Revelstoke on Monday.

J. E. Bland of Arrowhead, was at the King Edward on Monday.

Mr. and Mrs. C. M. Marter of Montreal, are at the Hotel Revelstoke.

At the King Edward on Monday, Mrs. H. Cook was among the guests.

Dr. Thomas went to the hospital on Monday suffering from slight illness.

N. F. MacMillan of Winnipeg, registered at the Hotel Revelstoke on Sunday.

Mr. and Mrs. W. H. Woodbury of Three Valley, spent Saturday at the Hotel Revelstoke.

Mrs. George Johnson of Nelson was among the guests at the King Edward on Monday.

E. Farr, superintendent of masonry of the Canadian Pacific railway, is at the Hotel Revelstoke.

J. W. Ainsworth of Three Valley, came to Revelstoke on Monday to attend the hospital dance.

The post office wicket was open only from 9 to 10 o'clock on Monday, on account of the public holiday.

Second street west of McKenzie avenue is being rolled and the stones covered with a dressing of gravel.

J. McDonald, sentenced on Friday to six months in Kamloops jail for robbery from the person was taken to Kamloops yesterday afternoon by Constable Terry.

The annual meeting of the British Columbia Political Equality league will be held in Vancouver on Friday, June 19 in the First Congregational church hall, to commence at 10 a.m.

In the window of the Arcade is a young eagle captured in a trap and brought to the city by members of the Canadian Pacific railway masonry gang about six miles from the city.

Owing to high water the steamer Revelstoke was unable to make her regular trip on Tuesday. It is expected that by Friday the water will have fallen sufficiently to enable her to negotiate the canyon.

J. V. Murphy, district passenger agent of Nelson, came to Revelstoke on Sunday with the Winnipeg business men's excursion and spent the night at the Hotel Revelstoke, returning to Nelson on Monday.

Carl Johnson, who had been serving a three months sentence at the city jail for theft from the person and whose sentence expired on Monday, was taken to the hospital on Saturday with a broken leg.

G. S. McCarter left yesterday for Nelson where he represents at the assizes W. A. Foote and A. Pradolini, in a suit regarding the marble supplied for the court house. Chief Justice Hunter is the presiding judge.

Charged with begging on the street John McHugh appeared before Police Magistrate Hamilton on Monday morning and was given until noon to leave town. Paddy Mathews, charged with being drunk, was ordered to leave town within one hour.

A bee was held at the Presbyterian church on Monday. The grass was cut, flower beds laid out and the grounds cleaned. Those who did the work were members of the board of management—Rev. J. W. Stevenson, W. M. Lawrence, F. Creech, J. P. Sutherland and Mr. Brown.

On the return of the steamer Revelstoke to her dock on Sunday from Halcyon the current at the foot of the dock carried the steamer against one of the piles with the result that the guard rail was slightly injured, but no further injury to the boat was done. A couple of carpenters repaired the damage in a few hours.

The Methodist reunion gathering takes place this (Wednesday) evening at 8 o'clock in the church, when speeches will be made, reports given and a program rendered. It was hoped that Rev. James Turner might be present, but the doctors forbade his leaving the coast. Rev. Charles Ladner is expected. C. F. Lindmark is staying over for the occasion. Light refreshments will be served.

The eighteenth general meeting of members of the Western branch of the Canadian Mining Institute will be opened at Nelson tomorrow morning, May 28. All members of the Canadian Mining Institute in good standing residing in British Columbia or the neighboring parts of the United States are, by virtue of such membership, also members of the Western branch.

C. E. Beacock of Winnipeg, was at the Revelstoke hotel on Monday.

Mrs. W. F. Lammers of Chase was at the Hotel Revelstoke yesterday.

C. H. Miller and H. L. Miller of Nakusp, arrived at the King Edward yesterday.

Mr. and Mrs. W. H. Knox of Three Valley, spent the Twenty-fourth at the Hotel Revelstoke.

Mrs. A. Genelle and Miss Irene Genelle of Nakusp, came in on the south train yesterday and are at the King Edward.

J. E. Annable, ex-mayor of Nelson, accompanied the Winnipeg business men as far as Revelstoke on his way to Vancouver.

John McHugh a one-armed man, who had been ordered to leave town when charged with vagrancy and who refused to do so, was again brought before Police Magistrate Hamilton yesterday and remanded for a week.

Joe Gallagher, John McDonald and J. Maher imbibed too freely on the holiday. "You boys get back to work as quick as you can" was Police Magistrate Hamilton's injunction when they appeared before him at the police court yesterday.

In response to a request from Norman Rankin publicity commissioner for the Canadian Pacific railway, an article descriptive of the Revelstoke national park prepared by B. R. Atkins was dispatched to Calgary last week accompanied by a series of photographs illustrating the beauties of the park.

It pays to advertise. Since last Saturday's issue of the Mail-Herald in which W. H. Horobin advertised the sale of shares in the Prudential Oil & Gas company, Ltd., he has disposed of 7,000 shares to people in Revelstoke. This has been accomplished in two days, one of which was a holiday. The best investment for the business man is evidently advertising space in the Mail-Herald.

SOCIAL AND PERSONAL

Edited by Mrs. W. A. Sturdy

Those having items for publication in the Mail-Herald social and personal column are requested to call up phone 235.

Miss Sadie Foote is spending the week at Nelson.

Mrs. Lashley Hall will not receive on Thursday, nor again this season.

Rev. Mr. Burton, representing the Westminster publications, is in town this week on business connected with his office.

Miss Esplain of the hospital staff, will remain east for a considerable time as she found her sister quite seriously ill.

Miss Christie went east on the late train Saturday but intends remaining over for some days at Calgary. The oil shares which Miss Christie purchased a few years ago are proving to be very fortunately located.

Rev. Mr. Ladner, a well beloved old timer of Revelstoke, arrives from the west today to assist at the anniversary social this evening in the Methodist church. While here he will be the guest of Mrs. Dickey, Third street.

Mrs. Sturdy and Mrs. Hay returned the first of the week from Malakwa where they had been engaged in settling up business affairs. They leave on Friday morning for Vancouver, where Mrs. Sturdy will spend the summer with Mrs. Hay.

A slight error occurred in our announcement last issue in regard to guests invited to the Women's Canadian club anniversary next Thursday. The notice should have read "each member will be allowed to invite one gentleman as her guest on this occasion."

Rev. Mr. Duncanson gave a talk in St. John's church on Chinese missions Monday evening from his own experience in South China for many years. The address was very interesting throughout, as first-hand experiences always are. Mr. Duncanson went to Kamloops yesterday on his way to the coast, but if his health permits he hopes to return for some mission work among the Chinese of this city as their language is quite familiar to him.

A little party given on Saturday evening by Mrs. Kennedy was one of the most charming of the week-end events. It was intended as a social send-off to Mrs. Lawson and Mrs. Robbins, who leave next week in diverse directions for an extended holiday. A number of out-of-town guests who are visiting here were also present, Miss Christie from Vancouver; also Miss Kay and Miss Grant of Winnipeg. After several games of auction bridge, in which the pretty prizes fell to Mrs. Lawson and Miss Grant, a very dainty supper was served by the hostess. Most of the party afterwards motored down to the station with Miss Christie, to wish her "bon voyage" as she went past on the midnight train.

The first dance to be given by the Ladies' hospital auxiliary since the very successful Valentine hop of Feb. 14, was held last Monday evening in the Masonic hall. So delightful was the affair from first to last as to quite atone for the fact that "queens weather" had not prevailed during Empire day nor made possible the usual schedule of enjoyable picnics and general out of doors festivities. Dancing began promptly at 9 o'clock to the inspiriting strains of Orr's orchestra which presented for the occasion almost an entire program of lovely new music. Fully 60 Cinderellas with a corresponding number of princes attended. Supper, served about 11:30 consisted of a bountiful spread of home cooking provided by the members of the auxiliary. After this interlude dancing was resumed for another hour or more. Much credit is due the ladies for the success achieved, and especially to a committee of Mrs. McLean and Mrs. McCarter on whom devolved most of the detail work. The financial returns were very satisfactory. It is understood that a "tea" figures in the plans of the auxiliary in the near future.

The main part of St. John's church was fairly well filled last evening with the young people's societies of both the Methodist and St. John's churches. Rev. J.W. Stevenson filled the chair in a very acceptable manner presenting the following excellent program, preceded as is customary, with opening exercises of a devotional nature: Instrumental duet Misses Ruth Brown and Viola Crowe; vocal duet, "Home to Our Mountains," Miss Gladys Urquhart and Mr. Jas. L. Hay; vocal solo, Miss Paulding; instrumental duet, Miss Eva Thompson and Mr. Harry Maxwell; reading Miss Alice Munro; vocal solo, Mr. Paul Samson; recitation, Miss Austin; vocal duet, Miss Millie Robertson and Mr. Haddon, "Oh, that we two were Maying." At the conclusion of this part of the entertainment Rev. Mr. Hall briefly addressed the meeting, after which everyone was invited down stairs and given a "warm-up" game of the old "Jolly Miller." A contest called a "shelf of Cans" then occupied the wits for a half-hour, but so expert have the young folks become in solving such conundrums that there were as many winners as in Alice's famous "Caucus Race," so Miss Edith Cooke was awarded the prize on a draw. After bountiful refreshments, not forgetting ice cream. Mr. Paterson on behalf of the Methodist Y.P.S. heartily thanked St. John's for the pleasant evening. "Auld Lang Syne" closed the program.

AT THE THEATRES

"Tae Good in the Worst of Us," a picture that everyone should see, will be on the boards tonight and Thursday at the Empress. Spiritualism exposed, in three big parts is for Thursday night. This big feature is said to be the finest foreign production exposing spiritualism that has ever been shown on a screen. On Saturday evening and matinee at 2:30 "Soldiers of Fortune" in five parts by the All Famous Players will be shown, this picture was produced in Cuba and is the best of its kind. "David Copperfield" in six parts, comes on Friday, June 12, at which all school children will be free.
