THE LATEST TELEGRAMS

Provincial Appointments—Hon. Borden Succeeds Strathcona —Provincial University— —Oriental Exclusion.

VICTORIA, March 27.—W. J. Manson was elected by acclamation in Dewdney to-day, to fill the seat left vacant by the resignation of Premier McBride who decided to sit for Victoria.

Harry Wright has been appointed government agent at Nelson. He returns to Nelson at the end of the week.

OTTAWA, March 27.—It can be now stated on the very best authority that Sir Frederick Borden, minister of militia and defence, will in the very near future, succeed Lord Strathcona as Canadian High Commissioner in London. It should be added, however, that a l this is conditional

VICTORIA, March 27.—A bill to aid the University of B. C. by a grant of land, was presented yesterday to the legislature by special message and read for the first time.

VICTORIA, March 27—Formal notice was given to the House by Mr. W. J. Bowser yesterday of his inteution to ask leave to introduce on Tuesday an act which will aim at the exclusion of the cheap foreign labor for the Grand Trunk Pacific, including Mr. Goto and his fifty thousand Japanese. This will be done by applying the educational test as in the Natal Act.

LONDON, March 27.—The Lord Chancellor in the House of Lords last night said it was written in the pages of destiny that home rule for Ireland must come. He, however, would not recognize home rule in the independent form of parliament.

LONDON, March 27.—Strong opposition will probably be offered to a renewal of the Hong Kong-Liverpool mail contract which involves subsidizing a Canadian steamship line to the extent of £45,000. It is alleged that the Suez canal route is much quicker.

FIELD.

From our own correspondent.

A big slide occurred on the hill just above the third switch, on Saturday morning, which kept 97 at Laggan for eight hours It was found necessary to bring the rotary snow plow over from Rogers Pass before an opening could be made. They say it is the biggest lide that has taken place on the hill for seven years.

Mrs. J. D. Carlin's sister, Mrs. Towey and her boy Raymond, have come from their home in Minneapolis to spend the summer with Mr and Mrs. Carlin.

Our teacher, Miss Field, had the misfortune to get a little husk of corn caught in her throat, which made it necessary for her to go first to Dr. Taylor, of Golden and then to Dr. Blow, a throat specialist in Calgary. We are glad to see her back with the cause of the trouble removed. Mrs. M. A. McMillan accompanied her to Calgary.

Dr. Elmore Harris and his wife, of Toronto, spent last Friday at the Mount Stephen House. They visited Mr. and Mrs. Miller at the Manse, during the day. Dr. Harris, who is a member of the Massy Harris firm, was for some years pastor of Walmer Road Baptist church and is now president of the Canadian Bible training Institute in Toronto.

Mr. Wm. Lyness has returned from his timber hunting expedition and is looking none the worse for his outing.

MILLINERY OPENING

Messrs. C. B. Hume & Co's. Spring Fashions a Marvel of Dainty Novelties.

C. B. Hume & Co. held their spring millinery opening yesterday morning, afternoon and evening, and the entire staff were busy all day in attending to the wants of the continual stream of customers that filed through the building. New and charming models are shown and the latest styles are decidedly becoming to our Revelstoke fair sex. A full description of the opening will be given in our Saturday's issue.

Easter cards and Easter novelties at Bews' Drug Store.

ANNUAL MEETING

Fruit-Growers' Association hold Annual Meeting—Decide to hold Exhibition and Fair—Officers Elected.

The annual meeting of the Fruit-Growers' Association of Revelstoke was held in the City Hall on Saturday. As the president, Willis Armstrong, had to leave before the business was gone into, E. A. Haggen acted as chairman. Several new members were enrolled.

The secretary, H. E. R. Smythe, read the minutes and balance sheet, which were adopted.

The following were elected officers for the ensuing year:

President—Willis Armstrong.

Vice President—H. F. Hay.

Secretary-Treasurer — H. E. R. Smythe.

Directors—B. A. Lawson and W. J. Law.

It was resolved to endorse the resolution of the Kamloops Fruit-Growers' Association, asking the government to establish a fumigation station at Revelstoke for fumigation of all imported trees for distribution in the interior and that a competent official be placed in charge.

It appears from the schedule of meeting of the B. C. Fruit-Growers' that Revelstoke has been omitted from the list of points at which meetings were to be held, and it was decided to ask the Association to include Revelstoke in the list.

The meeting decided on holding monthly meetings (on the second Monday in each month) at which the members should read papers and discuss various matters affecting the development of fruit culture in Revelstoke. The secretary will read the first paper at next meeting on "spraying fruit-trees," and at the following meeting E. A. Haggen will give an address on the development of fruit-growing in interior British Columbia.

A long and interesting discussion took place on pruning and other matters, Vice-president Hay stating he was satisfied the methods recommended hitherto would not apply to Revelstoke, and he advocated pruning trees to high standards, the lowest branch at least three feet above the ground. It appeared fruit trees which had been pruned low had sustained great damage throughout the district this season because of the deep snow breaking down the branches, whereas the high standards or those which were tied up had not suffered. Several members endorsed Mr. Hay's views.

It was decided to hold an exhibition and fair in September and a committee was appointed to arrange the programme and prize list, and make the necessary arrangements. The exhibition will be in the nature of a fair at which not only fruit and vegetables will be exhibited, but flowers, ladies needle and fancy work, products of local industries, etc., and the committee intend to spare no effort to make this the nucleus of an annual fair, which will add to the attractions of Revelstoke and advertise the fruit-growing and agricultural resources of the district.

In the discussion on fruit-growing it was stated one of the most profitable crops that could be grown here is the black raspberry which brings $4.80 a crate, does well and is a prolific bearer.

A SECOND ULTIMATUM

May be Given Operators by the Coal Miners.

CALGARY, Alta., March 26.—The miners and operators met again yesterday afternoon in secret session, but remained only a very short time when the miners asked for an adjournment till 9 this morning. Everybody refuses to talk but all admit they are no further ahead and some hint of trouble again. So far only one clause of the general agreement has been agreed to. The feeling is that today will bring some fresh developments and one operator said he would not be surprised if another ultimatum were presented this morning. A committee of four from each ride will go over the general agreement again. This is the second time they have done so. Interesting developments are looked for.

BUCHAREST, Roumania, March 27.—Four thousand peasants from the districts of Telorman and St. Laihica, have joined forces and are now marching on Bucharest. A minor state of siege has been proclaimed here.

SHOOTING AFFRAY

Italian Murderer at Bay near Kootenay Landing

NELSON, March 26.—No further word has so far come to the city from the seat of war near Kootenay Landing, where yesterday Chief Bullock-Webster, with two constables, and a few other citizens were striving to arrest an Italian who had shot his comrade.

Messrs. Webster and Young left Nelson yesterday morning for Kootenay Landing, and it was surmised that a crime had been committed. No information came until the arrival of the Crow boat last night, and then many conflicting stories were told by the passengers.

Such information sifted out and condensed amounted to this: Two Italians had been shacking together. One shot the other with a rifle, got all the ammunition he could, took up a position at the window of a lone shack on a bare bluff, resisted arrest and threatened to kill constable Joe Wilson if he approached his stronghold. Wilson thereupon wired Chief Bulleck-Webster.

The Italian who was shot was found in his cabin and was taken to Cranbrook hospital. At last reports he was still living.

HEAD-ON COLLISION

Two Men Killed and Two Seriously Injured.

TORONTO, March 25.—A head-on collision this morning about 10:30 on the C.P.R., about two miles east of Myrtle, caused the death of two men and seriously injured two others. The dead men are fireman C. Jones and H. Howe, brakeman. Their bodies were taken from the wreck about two hours after the collision. Engineer Binns and brakeman C. Heise were seriously injured and engineer Kib was slightly injured. Eighteen cars were thrown off the track, five of them being completely demolished.

WANT INSPECTION HERE

Kootenay Fruit-Growers' Association Asks for Establishment in Nelson of Fumigating Station.

An important step in the progress of the fruit-growing industry in Kootenay has been resolved upon by the directors of the Kootenay Fruit Growers' Association. They ask for the immediate establishment of a fruit inspection and fumigation station at Nelson.

The Kamloops fruit growers have asked for such a station at Revelstoke. At present the only one is at Vancouver, an unfortunate arrangement since nearly all the nursery stock comes from the east or southeast, and has to go through the town to which it is consigned and then back from Vancouver, frequently involving the delay of a fortnight. All the interior fruit growers are agreed that such a station should be established at some interior point.

Revelstoke is generally considered to be in every way a desirable point for this purpose, being central for West and East Kootenay, Lardeau, Kaslo, Arrow Lakes and Columbia River. Besides, its communication by rail and steamer are so complete that detention of fruit and stock here would cause no delay beyond the time actually required for inspection.

WTNA DIRECT ANSWER

Trainmen of Western Roads Put Question Plainly to Managers.

CHICAGO, March 26.—Arbitration of the differences between the railroads and the trainmen on the western roads won't be accepted by the men, and they are strengthened in their position by the almost unanimous vote of the rank and file. The leaders of the trainmen's organizations will put the question squarely to the railroad managers. A further increase must be granted or there will be a strike. Fifty thousand employees and forty railway systems are directly affected.

THE GAMBLING INSTINCT.

That the gambling instinct is inherent in human nature and cannot be eliminated by the operation of law is a fact generally recognized. It is denied by those who would like to have the personal liberty of the people completely restricted, because their views differ from those of other folk. No two people can have the same ideas coinciding with one another and what one man thinks light of, another will condemn. It is one of the remarkable characteristics of some people that they consider themselves competent to judge what is good for others and make every effort to have the moral medicine they would like administered dispensed according to their own prescriptions. That gambling is a serious and harmful evil, just as anything else is when over indulged in, is certain, and rational people will not deny this, although there is no justification for seeking to interfere, too drastically with the amusements of the people. It is extremely difficult o know when to draw the line, but we assert that to protect the morals and clean living of our city, wise and prudent measures, leavened with severity must be employed both to put a stop to the present state of affairs and the growing tendency of this particular form of doubtful amusement in the community. There can be no objection to correcting the gambling evil where it is necessary, but few amongst us would openly declare his intention of taking up a campaign against it. Thus if the morals of the city are to abide and kept up to a high standard, the utmost tact and care will have to be exercised in dealing with the gambling evil, both by individuals and by the community at large.

BY DINT OF TOIL.

So we have found that hard work and intelligence are the ingredients which are required for the sound and steady growth of our city and British Columbia as a whole, and therefore all we can and should do is to induce industry in its widest sense by assisting it to find a proper outlet for its results and to enhance intelligence by offering to our future generation all the means possible of acquiring a sound and thorough education. Let us bring up our boys and girls to the idea that the future of their country is depending on them and that they can only gain victory in the strife for the honors of civilization by hard work with mind and body. Hard work alone is the devining rod by which we can reach the resources of our future greatness.

DROWNED IN KOOTENAY LAKE

Member of Crew of C. P. R. Tug Mysteriously Disappears

KASLO, B. C., March 26.—Roderick McKinnon, of the C. P. R. tug Ymir, was drowned last week under mysterious circumstances. He was in charge of a barge being towed by the tug to Kootenay Landing and not receiving an answer to signals, the tug slackened up to investigate. No trace of McKinnon could be found and the supposition is that while making a tour of inspection of the tow lines, he slipped off the barge and fell into the water, probably striking his head and rendering himself unconscious.

The Ymir patrolled the lake but no trace of McKinnon could be found.

SOLICITOR FOR GUGGENHEIMS

Turns Down Offer of Deputy Minister of Mines.

OTTAWA, March 35.—Mr. W. W. B. McInnes, late Commissioner of Yukon Territory, has declined the office of Deputy Minister of the Department of Mines. Mr. McInnes has struck a better thing, having entered into a four-year's contract with the Guggenheim of New York, to act as their Canadian representative, his salary to be $25,000 a year. The Guggenheims have acquired a vast area of mining territory in Yukon, and from this time forth will have much business with the Department of the Interior. It will be the duty of Mr. McInnes to act as an intermediary for the firm with the Government.

BURIED ALIVE

Four Men Killed Under Terrible Avalanche.

VANCOUVER, March 26.—By being buried beneath a huge avalanche o snow, 100 feet long and 10 feet deep four men were killed and four injured at the Britania mines on Saturday. The men were members of a logging party engaged to cut timber for use in the mine. The men had decided not to go out into the woods that morning owing to the depth of snow, and while they were near the engine house, without any warning a huge avalanche came tearing down the mountain side, demolishing the engine house and burying the party standing near. Four men were rescued alive but four perished.

RAIL AND STEAMER

The C. P. R. telegraph operators have petitioned the company for a 20 per cent. increase in salaries, with an eight hour day and seven hour night. This would bring the scale up to $32.50 minimum and $90 maximum. The G. N. W. operators have also filed a request for a 20 per cent. increase.

A snowslide of immense proportions occurred early this week a short distance east of Field, on the C.P.R. track, which delayed considerably the passenger and freight service. The slide was about half a mile in length and from ten to fifteen feet in depth, throughout the entire distance. Rotary snow ploughs were hurried to the scene, which bored a tunnel through the obstructing mass. Railway men expect that during this month and also in April, slides will be very frequent in the mountain sections.

In view of the fact that Mr. J. G Bury has resigned his position as assistant superintendent of the western district of the Canadian Pacific Railway, it is assumed that he has accepted the offer of the Chicago, Rock Island & Pacific to become its general manager. The salary is said to be $30,000 a year. The names of R. R. Jamieson and Alfred Price have been mentioned in connection with the vacancy left by Mr. Bury.

By reason of the extension to Portland of the business of the C. P. R., it is understood the following changes will be made. J. S. Carter, agent at Nelson, will be transferred to Spokane; J. Proctor, district agent at Calgary, will go to Nelson; Valentine, travelling passenger agent at Los Angeles, will take a similar position at Spokane; Johnson, general agent at Portland will look after the passenger business only.

CORPORATION OF THE CITY OF REVELSTOKE

By-Law No.

WHEREAS it is deemed necessary and expedient in the interest of the City of Revelstoke that the present water and electric light system of the City should be improved, extended and increased by the addition of an electric power dynamo and equipment and also by the construction of an auxiliary plant to insure a continuous service during shut downs of the present water power machinery through accident or other cause and by the construction of an additional water tank.

AND WHEREAS it will be necessary, in order to carry out such works to borrow the sum of Thirty Thousand ($30,000.00) Dollars to defray the cost thereof, which the Council proposes to raise by the issue of debentures secured upon the rates and charges which are chargeable and enforceable for the user of water and electric light under the "Water and Electric Light Regulation By-law, 1903," and the "Municipal Clauses Act."

And Whereas the estimated amount of the said rates and charges chargeable and enforceable for the year in which this by-law is passed is $32,000.00.

And Whereas no amount of money is now charged upon the said rates and charges.

And Whereas the debt thereby created is on the security of the said water and electric light rates and charges.

And Whereas for the payment of the said principal money and interest during the currency of the said debentures it is necessary to set aside and withdraw from the annual current revenue derived from said water and electric light rates and charges annually, the sum of $2322.84; the specific annual sum required for the payment of interest being $1500.00, and for the payment of the debt the sum of $822.84.

Be it therefore enacted by the Municipal Council of the Corporation of the City of Revelstoke, as follows:

1. The sum of $30,000.00 shall be expended in improving, extending, increasing and constructing the works aforesaid and it shall be lawful for the Mayor of the Corporation of the City of Revelstoke to borrow on the credit and security of the said rates and charges by way of debentures hereinafter mentioned from any person or persons, body or bodies corporate, who may be willing to advance the same, a sum not exceeding in the whole the sum of Thirty Thousand Dollars, and to cause all such sums so raised and received to be paid into the hands of the Treasurer of the said City, for the purposes and with the objects hereinbefore recited.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made, executed, and issued for such sum or sums as may be required for the purposes and objects aforementioned, not exceeding however the sum of $30,000.00, each of said debentures being of the denomination of One Thousand Dollars, and all such debentures shall be sealed with the seal of the Corporation of the City of Revelstoke and signed by the Mayor and Clerk thereof.

3. The said debentures shall bear date the First day of June, 1907, and shall be made payable in Twenty-five years from the said date in lawful money of Canada, at the office of the Molsons Bank at Revelstoke aforesaid, which said place of payment shall be designated by said debentures, and shall have attached to them coupons for the payment of interest, and the signature to the coupons may be either written, printed, stamped, or lithographed.

4. The said debentures shall bear interest at the rate of Five (5) per centum per annum from the date thereof which interest shall be payable semi-annually at the office of the Molsons Bank at Revelstoke aforesaid in lawful money of Canada on the First day of June and the First day of December respectively in each and every year during the currency thereof, and it shall be expressed in said debentures and coupons to be so payable.

5. It shall be lawful for the said Mayor to negotiate and sell the said debentures, or any of them, for less than par, but in no case shall the said debentures, or any of them be sold for less than ninety-five per centum of their face value, including the cost of negotiating and sale, brokerage and other necessary expenses.

6. For the payment of the said debt there shall be set aside and withdrawn each year during the currency of said debentures from the annual current revenue of the municipality as derived from the said water and electric light rates and charges the sum of $822.84, and such sum shall be transferred from the annual current revenue account and paid into a special account to form a sinking fund for the purpose mentioned herein.

7. For the purpose of paying the interest upon the said debentures as same becomes due and payable, there shall be set aside and withdrawn each year from the annual revenue of the municipality as derived from said water and electric light rates and charges the sum of $1,500.00, which sum shall be transferred from the annual current revenue account and paid into a special account for such purpose and to be disbursed as and when the instalments of interest become due.

8. During the currency of said debentures the said rates and charges to the extent aforesaid shall not form municipality.

9. It shall be lawful for the Municipal Council from time to time to repurchase any of the said debentures at such price or prices as may be mutually agreed upon and all debentures so repurchased shall forthwith be cancelled and no re-issue of any such debenture or debentures shall be made in consequence of such repurchase.

10 This By law shall come into force and take effect on the First day of June, 1907.

ADDITIONAL
LICENCE TO AN EXTRA-PROVINCIAL COMPANY.

"COMPANIES ACT, 1897."

CANADA:
Province of British Columbia. } No. 369.

THIS IS TO CERTIFY that the "British Columbia Timbers" Limited) which on the 17th day of December, 1906, was authorised and licensed to carry on business within the Province of British Columbia, is hereby authorised and licensed to carry out or effect all or any of the additional objects of the Company to which the legislative authority of the Legislature of British Columbia extends.

The head office of the company is situate at the City of Montreal in the Province of Quebec.

The amount of the capital of the Company is by an increase of capital of two hundred thousand dollars divided into two thousand shares of one hundred dollars each.

The head office of the Company in this Province is situate on First Street, Revelstoke, and William Irving Briggs, Barrister-at-law whose address is the same, is the attorney for the Company.

Given under my hand and Seal of Office at Victoria, Province of British Columbia, this Nineteenth day of March, one thousand nine hundred and seven.

L. S. S. Y. WOOTTON,
Registrar of Joint Stock Companies.

The additional objects for which this Company has been established and lincensed are:—

(1). To acquire by purchase, lease or otherwise, and own, build, maintain and utilize saw mills, dams in any streams and rivers, booms and boom privileges, on any such rivers or water-ways on the property of the Company or elsewhere, and to charge boom charges in connection therewith, to create construct, build and operate water-powers, hydraulic powers, electric powers and instal such plant and machinery as may be necessary for the generation, production, development, distribution and manufacture of electricity and electrical and other power, and create light, heat and power, and to use sell or otherwise dispose of electricit and electric light, power and heat for the purposes of the Company and to buy, sell or lease the said power as may be incidental to the works and objects of the Company on the lands of the company:—provided always that the rights and privileges hereby conferred upon the company to generate electrical energy for light, heat and power, when exercised outside the property of the Company, shall be subject to all provincial and municipal laws and regulations in that behalf.

(2). To acquire by purchase, lease or otherwise and own, utilize mineral rights, mineral licenses and operate and dispose of the same in whatever way may be in the best interests of the Company and to quarry or work such mines or minerals on lands so acquired, or on lands already acquired and on which same be found, and develop the same and to use, deal in, sell, barter, exchange or dispose of the said lands and the products and by-products thereof for the benefit of the company.

(3). To construct, own, utilize and maintain on the lands of the Company such electrical trains or railways or other means of locomotion for the purposes of transporting such timber, minerals or other products derived from the said lands of the Company and which may be necessary or useful for the purposes of carrying out on the Company's lands the objects of the Company.

NOTICE

Notice is hereby given that thirty days after date I intend to apply to the Chief Commissioner of Lands and Works for a special license to cut and carry away timber from the following described lands in West Kootenay district:

WEATHER FORECAST

Wednesday, March 27.—For 24 hours, light to moderate northeast winds, cloudy, with possible light snowfall; milder with commencement of higher temperature. Temperature max. 40 degrees; min. 34 degrees.

Local and General.

The first spring flowers of the season, snowdrops, put in an appearance yesterday.

J. D. McCormack, new manager of the Columbia River Lumber Co., Golden, has taken up his duties.

The event of next week will be the Woodmen's big dance to be held in the Opera House on Easter Monday.

Rev. Mr. Woodsworth addressed a large number of the pupils of the public school on "Some Cities of Italy" on Friday afternoon last. The address was enlivened by many interesting anecdotes and was very instructive.

The Revelstoke branch of the B C. Fruit Growers Association will meet every second Monday in the month. Several members have been called upon to give addresses on fruit growing in West Kootenay.

Messrs. C. B. Hume and B. A. Lawson have arranged to plant out three thousand fruit trees this season on their ranch at Williamson's Lake, and the nucleus of several other orchards will be started this spring.

The erection of the proposed Baptist church will commence as soon as the snow has cleared away sufficiently to allow of excavation for foundations. A large sum of money has been subscribed in Vancouver for the establishment of a Baptist mission in Revelstoke.

The Washington Nursery company, of Toppenish, Wash., have just received a record order for fruit trees from the Spokane Irrigation Co. The order was for 1,000,000 trees to be delivered this spring. R. Tapping is the local agent for the Washington Nursery Co. and has secured a large number of orders in Revelstoke from enthusiastic fruit growers. This industry has taken a considerable leap ahead this year and it is to be hoped some tangible results will follow.

Complaints have been coming in from all parts of the Kootenays and Okanagon of the distruction to wild game and also stock in all districts by wolves and coyotes During the last year or two these animals have been increasing rapidly and have become a serious menace to the deer and other game of the province.

The Third Annual Convention of the Okanagan Sunday School Association meets this week at Enderby on Thursday and Friday. The Convention promises to be a good one. Rev. J. S. Woodsworth of the Methodist church is to give an address on "The Church and the Child," Miss Gillis of the Canada Drug & Book Co., will be in attendance as a delegate from Knox Church Sunday School.

Social and Personal

Mrs. Dugeon is spending a few days in town.

A. McRae has returned from a visit to the coast.

C. D. Morris, of Rogers Pass, spent a day or two in town this week en route for the coast.

Miss Alice Brown is visiting Mr. and Mrs. W. H. Pratt for the summer.

Largest assortment of souvenir cards and picture books yet shown here at the Canada Drug Store. Call and see them.

Really good coal—like that supplied by the Crow's Nest Pass Coal company—is the housewife's best friend. Send in your orders to the local agent, E. A. Haggen.

We have a lot of odd rolls of wall paper, enough for small rooms, which we are selling out very cheap to make room for the spring stock. Call and see the samples at Canada Drug store.

Never heard a "kick" about my methods of making real estate sales, did you? No, and you never will. I don't "drive sharp bargains" by misrepresentations.—E. A. Haggen, Real Estate and Insurance Agent, Revelstoke, B. C.

PALLISER

(From Our Own Correspondent)

A public school is about to be opened in Palliser. Inspector Gillis visited the place last week to look up the facts and found the conditions right for opening a school. There are already ten children of school age in sight and no doubt the opening of the school will induce other families to come. The school will be opened as soon as a teacher can be secured.

Church services are conducted here every Saturday evening at 7:30 o'clock by Rev. J. H. Miller, Presbyterian minister of Field.

The work of remodelling and extending the mill is progressing steadily. The capacity of the plant will be about doubled, then the mill is to run night and day this summer so that the cut will likely be three or four times as large as that of any previous season. Mr. Finn, the manager, expects that the mill will be ready for work as soon as the river is open.

The work in the woods has decreased much of late. A great many of the men have gone to their homesteads on the prairie. About 35 men are still at work. They have moved down to a new camp within nine miles of Palliser and are cutting logs and putting them right on the river.

Tom Tate, who went to Alberta to bury his brother, has returned.

Mrs. Buker's baby, who has been very ill with acute indigestion, is improving steadily.

Mrs. Thos. Beach and family have returned from the east where they have spent the winter.

Mrs. Bestwick and two of the children have gone for a trip to Vancouver.

CORRESPONDENCE

Editor MAIL-HERALD.

Mr. Editor,—I notice an article in your paper of 23rd, over the name of W. C. Calder, urging parents to keep their boys off the streets and away from the opera house at night. Now, Mr. Editor, as I have been striving for the past few years to accomplish this end, I am pleased to see that the Rev. Mr. Calder has come to the rescue at last, as it would be the greatest comfort to the patrons of the House and myself if the small boys were kept at home. For the interest one should take in the rising generation I would say that they should not be on the streets at midnight. Now, Mr. Editor, I thank you for space, and hoping my actions will be further endorsed, believe me, kind sir, to be yours very truly, R. TAPPING, Mgr.

Revelstoke, B. C.,
March 25th, 1907.

NOTICE

A lady wishes to do plain sewing by the day, for children. Address "K." in care of this office, m23-3t

CONCERT CO.

No better aggregation of musical talent has been heard in Revelstoke than that afforded the large audience on Monday night in the Opera House, by Miss Jeanie Fletcher, Paola Giorza, and L. J. Impala who are just concluding a tour of the world. Miss Fletcher has a rich and rare mezzo soprano of remarkable range and power and she was heard to advantage on Monday in the several Scotch numbers of which her repertoire is chiefly composed. She has the first essentials of good singing which captivated her audience completely and in rousing militant songs of Scottish gallantry to quaint yet pathetic little ballads she has a wonderful control of her voice which creates a lasting impression on her listeners. Miss Fletcher's best number perhaps was "Annie Laurie," which she rendered with rare sweetness. "Comin' Thro' the Rye," and the "Banks of Loch Lomon'," too, were well rendered. Chevalier Paola Giorza is a pianist and composer of world-wide repute and he certainly proved his reputation on Monday night in his masterly exhibition at the pianoforte. His music is used in all parts of the world and as a pianist he is unsurpassed. His playing and touch are marvellous, and in the number "I dreamt I Dwelt in Marble Halls," (Ball) the sweet melody held the audience spellbound. His many settings of famous composers are a distinct novelty in musical circles. "The Pilgrim's Chorus," from Tanhauser, was a fine and stirring production, and such music has rarely, if ever been heard in Revelstoke before. L. G. Impala is a talented cornetist, and has already made his name in the world. Suffering from indisposition on Monday night, he yet greatly impressed his audience, his repertoire being extensive and of large range. This talented concert company have delighted Revelstoke and their return engagement on Thursday, March 28th, when they will be assisted by local talent, will be eagerly looked forward to.

NOTICE.

Notice is hereby given that thirty days after date we intend to apply to the Hon. Chief Commissioner of Lands and Works for license to cut and carry away timber from the following described lands in the District of West Kootenay in the Province of British Columbia.
