MRS. A. G. CRICK
First Street - Opposite Windsor Hotel

PROVINCIAL PARAGRAPHS

Happenings Throughout Week in British Columbia

A party of C.P.R. surveyors is at work surveying the line which is to connect the Arrowhead branch of that railway with the Crow's Nest line at Kootenay Landing.

The citizens of Greenwood will, on April 7th, vote on a by-law to authorize debentures amounting to $50,000 for the burrowing of a tunnel under the mountain between Phoenix and that city. The tunnel will be for the accommodation of a tram line to carry ore to the smelter.

Mrs. Kate Groscutt is dead at Nanaimo as a result of burns which she suffered from the explosion of a lamp in which she was burning wood alcohol. She lingered in great agony several days.

For a week past the stevedores at the port of Vancouver have been on strike with a demand for higher wages and as a result the unloading and reloading of the big ocean liners has been seriously delayed. At the last report there was some modification in their demands, but no settlement.

Mystery surrounds the death of young Thomas Allan, of Nanaimo, whose body was found drowned floating in the harbor on Wednesday. He was a native of Cumberland, England.

The artificial lake, in Beacon Hill Park, at Victoria, was the scene of a suicide on Thursday, David A. Connor, a young barber of that city taking the water route to eternity at his own hads.

The Council of the Board of Trade at Vernon has resolved to raise the sum of $2,000 to pay the expense of engaging a competent expert to superintend the development of the Okanagan fruit exhibits this year. The expert will select the trees from which the iruit is to be taken and then watch the growth from the bud to maturity, picking, packing and shipping. Whatever may be the result as far as excelling in fruit qualities may be the experiment will at least demonstrate what is the actual value of careful oversight of fruit during the formative period.

James S. Raney, a B. C. electric railway conductor, is dead, having been crushed between two work cars loaded with earth on the Interurban Vancouver-Westminster line at Collingwood station.

The International Federation of Miners has ordered a strike of all the operetives in Eastern British Columbia and Alberta, owing to a failure to come to terms with the managers on the question of wages. The miners at Fernie and in the Crow's Nest Pass are not affected, as since J. J. Hill acquired contrel of these mines he has paid satisfactory wages.

Dr. A. P. Proctor, of Vancouver, has been appointed chief surgeon to the C.P.R. with jurisdiction from Vancouver to Laggan including the Kootenays. His appointment took effect on the first of the month.

SNOW SHOE DANCE

Pleasant Wind-Up to a Jolly Season

A fitting climax to a winter's first-rate sport on the snowshoes was brought about on Wednesday night when the Snowshoe Club entertained their friends at a "snowslide" dance in the Selkirk Hall. The Ski and Snowshoe Club formed this winter has proved one of the jolliest and most successful ventures of its kind. During the months of deep snow it was almost a nightly occurrence to see the members of the club with their shoes on their feet, arrayed in more or less picturesque garb, speeding over the gleaming surface of the snow, the sweep of the shoes creating pleasant music. As a social institution the club has had no equal, its members being each and every one full of life and buoyant spirits, and after each tramp many a pleasant hour has been spent at the homes of the various members. On Wednesday the club determined to have the time of their lives and incidentally to wind up the recreation for the winter. The Selkirk hall has seen many dances of various sorts, but none has been so full of fun and light-hearted pleasure as on this occasion. The walls were tastefully decorated with trophies of snowshoes, skis, etc, characteristic of the club. Dancing was kept up until midnight, when excellent refreshments were served, the many delicacies (including the claret cup) receiving full justice. Such dancing has been rarely seen, but yet the merry throng enjoyed the romp and broke up in the "wee sma' hours," after a delightful time. Messrs. Veith and Aldridge furnished the music.

THE LATEST TELEGRAMS

Bowser on Furlough.—Servian Crisis.—Interesting Developments re Stevedores' Strike.—Oxford Wins Boat Race.

VANCOUVER, April 3.—Hon. W. J. Bowser, Attorney-General, arrived in the city from Victoria yesterday, and on Sunday will leave with Mrs. Bowser for a five months' trip to Europe. Mr. Bowser, while he well deserves a holiday, will combine a certain amount of business with pleasure.

LONDON, April 2.—Circumstantial reports continue concerning the probable fall of the Servian dynasty. It is alledged that King Peter has informed the British Minister at Belgrade of his intention to abdicate if he is guaranted a yearly allhwance of $50,000.

VANCOUVER, April 3.—Further interesting developments in the strike situation took place yesterday. Fifty men left Winnipeg for this point under contract to the C. P. R and one hundred more have been telegraphed for. It is stated that these men will be housed either in the detention shed or somewhere along the waterfront, and will be engaged, specially, in loading the Monteagle and discharging the Empress of India.

LONDON, April 3.—After a very exciting contest, the Oxford boat pulled in a winner over Cambridge this morning by three lengths, in the historical Inter-University boat race. Large and enthusiastic crowds witnessed the race.

GYMNASTIC DISPLAY

Fine Performance By Y.M.C.A.—Prize Giving

A gymnastic exhibition at the Y.M.C.A. will always attract a large and interested crowd of spectators, so popular has the physical side of the Association become. The exhibition on Thursday night was perhaps the best of its kind that the boys have ever put on, and the large gathering of visitors were given a highly typical demonstration of the abilities of our boys in physical culture. A happy feature of the gymnastic displays is the introduction of the comic element into the programme. Space will not permit of going at length into describing the many varied items carried out, but the really excellent work of seniors and juniors alike must not be passed without some mention. The junior tumbling by the Public school boys was very creditable as were also the exercises on the parallel bars, mat pyramids by juniors and seniors. A pleasant diversion was caused by the presentation of the Lindmark shield by the Mayor to H. Mulholland Captain of the Gym Basketball team winners of the shield this year. The road team, it may be remembered, won the trophy last year. Mayor Lindmark also presented a handsome cup to Bert McEachern, captain of the Star basketball team, winners of the intermediate championship league. R. N. Doyle presented the Citizens' trophy to H. Scott, captain of the baseball league. Wrestling is but a recent innovation in the work of the Y.M.C.A. and has proved a popular sport for the boys. The match between S. Carmichael and A. Doyle resulted in a win for Sammy, who has never yet been downed. Ladder pyramids by the Intermediates showed clever training. Sharp shooting by W. Veith and heavy weight lifting by C. F. Norris caused considerable amusement and few of the audience saw through the deception. Morris Anderson and Don Calder put up a hot wrestling match resulting in a win for the former. A novel feature of the evening was a pillow fight between Bert McEachern and Cashato, causing endless fun and laughter. Illuminated club swinging and pyramid tableauxs brought a really excellent display to a close.

Mention must be made of Niel Lee's fine exhibition of special tumbling acts. The raised platform on which the exhibition took place was a great improvement on the old method of putting on the work on the floor. The boys have improved wonderfully and much credit is due to Mr. Alldritt, physical director, for his successful scheme of training. Mr. Alldritt has devoted his whole attention to the development of our city youth and the present physical stamina in our boys to-day is largely due to his conscientious work. The exhibition was the windup of the indoor sporting season and from now onward outdoor recreation will be the order of the day.

A BROWN OFFENDER

Jap Fined $150 for Selling Beer Without License

We are glad to see that the Chinese and Japs, who are, unfortunately, allowed to rub shoulders in this city with white men, are being taught that Revelstoke is no place wherein they can do as they please and defy the law. It is bad enough to have to tolerate these people in our midst without giving them unlimited freedom and allowing them to break the laws of the community. One of these brown gentry by the name of Skimura, who lives at the Shanghai restaurant, on First street, east, was hauled up on Wednesday before the authorities on the charge of selling beer without a license on Saturday last. The culprit fell nicely into the trap which the police laid for him and was found guilty. The Jap was fined $150 and costs. A few summary convictions of this sort will tend to make them yellow and brown members of this community see that they cannot with impunity take the law into their own hands. While we will have to leave the Chink or the Jap if they do not offend yet on the other hand Revelstoke will not stand any nonsense and will keep these undesirables in their right place and so long as they do not assert themselves, they will not be interfered with.

Willing Workers' At Home

The Willing Workers of St. Andrew's church had their annual "at home" in the church on Tuesday evening last. The church was tastefully decorated, being made to resemble a drawingroom as far as possible. The young hostesses were on hand to receive their guests and gave them a hearty reception. Some 200 invitations had been sent out and quite a large number were present at this unique function. An excellent program of music had been prepared and a number of games provided for the entertainment of the guests. The Willing Workers were a busy and happy lot of girls in striving to make this function a pleasant one for all present. Mrs. Creelman sang with feeling one of the latest of Scotch song, "My Ain' Folk," Messrs. Le Feaux and Arman, as usual, gave great pleasure in their singing. Mr. H. Cooke sang "Rocked in the Cradle of the Deep" in good voice. The young organist of the church, Miss Pagdon, gave considerable aid in a piano duett with Miss Bertha Hobbs, also a piano solo. The young lady has a fine soprano voice capable of reaching easily high notes and gives promise of doing good work. Her song was greatly enjoyed. Refreshments were served at 10:30, the company breaking up at 11:30, and all present seemed to enjoy themselves. The Willing Workers are to be congratulated on the success of their "at home," especially as it was the first effort of a younger lot of girls who have to take the place of those who have outgrown the work or been scattered abroad.

Power House Report

Supt. Duck has submitted the following report for March for the power house:

Lighting plant, 36,764.5k.w. Hours run, 475.

Power plant, 3,402.5 k.w. Hours run, 450.

Water plant working satisfactorily.

Railwaymen to Vote Any Place

Mr. James Conmee has introduced a bill into the Federal House to permit employees of railways to vote in any constituency in which they happened to be on duty on election day. The bill has been read for the first time. The Calgary Herald commenting on this bill says: "If that bill goes through, in which it is proposed that a railway man can vote in any constituency in which he happens to be, it will be the greatest assistance to the 'vote early and often' plan that was ever put through.

By Gum

Josh Billing hits the right nail on the head in his following trite remarks

We are told "that an honest man is the noblest work by"—but the demand for the work has been so limited that i have thought a large share ov the fust edishun must still be in the author's hands.

I never bet enny stamps on the man who iz always telling what he would have did if he had bin thare; I hav notised that this kind never git thare.

Success in life is verry apt tew make us forget the time when we wasn't mutch. It is jist so with the frog on the jump.

Have you tried any of our Labrador salt herring. If not get a half dozen and give them a trial, also Holland herrings in kegs at $1.25. All new. C. B. Hume & Co.

REVELSTOKE BRANCH—A. H. ALLEN, MGR.

Edison Parlor Theatre

A large crowd attended both performances of the moving pictures at the Edison Parlor Theatre last night. The programme was particularly interesting and included some splendid films. "Fire Scenes in Paris" were especially fine and realistic, showing the Fire Brigade at work. The military airship and its manoeuvres was perhaps the finest picture yet seen in Revelstoke, and is particularly interesting on account of the recent marvellous developments in aviation. An Indian drama, good comedy, illustrated songs and music make up a first-rate bill. The performances will be repeated to-night.

Easter High Tea

The Ladies' Aid of the Methodist Church will give an Easter high tea on Easter Monday in the Y.M.C.A. Many will remember with pleasure the Easter Tea given by these ladies last year, which was considered the very best and prettiest ever given in this city. This year they will strive to surpass their former efforts, and give a splendid supper to all who will patronize them. Come and have your tea in the Y.M.C.A. Easter Monday instead of troubling with making it at home, and have a social time in pleasant converse with friends.

A nice assortment of Japanese matting and mats. C. B. Hume & Co.

UNION LABEL

There is so much bad in the best of us,
And so much good in the worst of us,
That it hardly behooves any of us,
To talk about the rest of us.

SATURDAY, APRIL 3, 1909

UNIFICATION OF EMPIRE

One of the significant signs of the times is the almost universal movement among the colonies of the British empire with a view to sharing the military burdens of the Mother country and the enormou cost of the navy for the protection of its commerce and its dependencies. New Zealand and Australia have already gone far afield in their practical demonstration of their willingness to share these burdens by offering to lay down a Dreadnaught each as additions to the naval strength of England. Though Canada has not yet gone so far the sentiment is in the air and from the House of Commons down through the press of the country into the homes of the loyal millions of the Dominion every phase of the subject is being brought under discussion.

These things would seem to indicate that there is a growing consciousners on the part of the colonies that a unification of the empire is one of the things which must be brought about in the near future. While there can be no doubt of the loyalty of the three dependencies mentioned, nor of the fact that any proposal for their severance from Great Britain would be received with disdain, it cannot be denied that the ties which have bound these integral parts of the empire to the Motherland have been sentimental rather than such as involve the broader and more binding considerations of material interest. Moreover, all the colonies have felt at times that, in matters affecting their colonial rights and privileges they have not received he fullest and fairest consideration from Downing street. Now, it would appear that the sentimental dream of a land on which the sun never sets must give place to the more practical relation of the part to the whole and a recognition of the responsibility of each integral part, in the evolution of such conditions, seems to have seized, not only the statesmen but the people of the various parts of the empire. As we have said, Canada has not yet gone so far as to commit herself to the building of warships for the imperial navy but the matter was projected in the House of Commons by a resolution, introduced by Hon. Geo. E. Foster, expressing the conviction that in view of the resources, the prosperity and the financial ability of Canada the time had arrived for the Dominion to pay its tribute to the cost of protection at home and upon the high seas. This was briefly debated during the week but the action of the House was inaction.

While we are not of those who can see no good in the administration of Sir Wilfrid Laurier and belong not to the partisan class who discover in every action of his some covert determination to loosen the ties which bind Canada to England, we think it a pity that he should have muzzled his followers in the House by the submission of a series of resolutions which practically forced procrastination, both of the fullest consideration of the question and of action in the premises. The last clause in Sir Wilfrid's set of resolutions reads:

"The House expresses its firm conviction that whenever the need arises the Canadian people will be found ready and willing to make any sacrifice necessary to give the Imperial authorities the most loyal and hearty co-operation in every movement for the maintenance and the honor of the British empire."

It would appear therefore, that Sir Wilfrid has not yet caught the spirit of the other colonies. We can conceive that it is in no militant spirit that Australia and New Zealand have tendered their assistance in such a practical form. There is neither the suggestion of vanity, bombast or belligerency in their tenders but an apparent recognition of the fact that the time is fast approaching when the various parts of the empire must share proportionate responsibility for its existence or disintegration may result. That the surest way to secure this cohesion is by sharing the burdens of mutual defence is apparent at a glance, especially as, under strained relations with another country these defences could, and would be strengthened at any time by the cheerful co-operation of the colonies. The prospects associating themselves with the awakening of the Far East are probably more clearly in the perspective of the vision of the Antipodean Britishers than they would appear to Canadians but it is a pity that these should have distanced Canada in what evidences a spirit of determination to conserve the solidarity of empire at any cost and the acceptance of the necessary evil of the machinery of militarism. There is no probability that the matter will be allowed to drop from the attention of the House of Commons and it is now before the home-lovers of the country in the fullest sense for consideration in all that it involves.

Revelstoke General Agencies

FOR COMMON DECENCY

The policy of all civic administrations should be that of having the future in view and the possible development of the city. The lack of this is particularly noticeable in the size and accommodation of the present city police station. The last council would have been wise if they had listened to advice on the matter of the construction of this building, and although we do not by any means insinuate that crime is so rampant here that a large gaol is necessary yet at the same time better judgment on the plans approved by the city for this gaol would have resulted in a more suitable building and one which would be more in accordance with the requirements of a growing city. At the present time there is absolutely no accommodation for female prisoners, and although the calls for a female cell are but few, yet it frequently happens that the necessity for one arises. A woman even though a prisoner requires privacy, and even in a prison the code of morals must be considered and the female offender segregated from the men by more than a cell door or a window that has no shutter. It is not right that men and women should be herded together in one common cell corridor, and the city police commissioner and the city council should at once take steps to provide a special apartment in the city gaol where women can be lodged without the ever curious eye of man being upon them. Common decency, if nothing else, should appeal to the authorities in this case and the addition mentioned above provided. This could have very well been done at the first and the plans arranged to include it, whereas now an addition will be necessary and perhaps more costly.

GAME HOG NUISANCE

For the benefit of those who are ignorant of the game regulations, and those who wilfully break them we again remind fishermen of both these classes, that owing to the changes in the Dominion Government regulations, the season for trout fishing not open this year until May 1st, instead of March 25th as previously. There is a heavy fine for the infraction of this law, and if some of our local sportsmen, if they can be called such, are not very careful they will find themselves entangled with the law to their cost. Another new regulation is that no trout weighing less than three pounds can be bought, sold or exposed for sale and that all trout under eight inches in length must be returned to the water after being caught. Some local anglers have been guilty of infractions of these laws and will be summarily dealt with if convicted. A true sportsman will not go out of his way to help in the destruction of what is a great asset to the country, and this practice of shooting or fishing out of season should be stopped and the game hog put where he belongs.

Prayer For Landlords

Sir John Benn in the House of Commons on Monday questioned the prime minister upon the advisability of restoring to the prayer book the following prayer from the liturgy of Edward VI.:

"The earth is Thine (O Lord) and all that is contained therein.

We heartily pray Thee to send Thy Holy Spirit into the hearts of them that possess the grounds, pastures and dwelling places of the earth, that they remembering themselves to be Thy tenants, may not rack and stretch out the rents of their houses and lands, nor yet take unreasonable fines and incomes after the manner of covetous worldlings, but so let them out to others that the inhabitants thereof may both be able to pay the rents and also honestly live to nourish their families and to relieve the poor . . . not to join house to house, nor couple land to land, to the improverishment of others, but so behave themselves in letting out their tenements, lands and pastures, that after this life they may be received into everlasting dwelling places, through Jesus Christ our Lord, Amen."

Mr Asquith, in reply, said his hon. friend had, he thought, done a public service by reviving the recollection of this remarkable prayer, but he did not think any advantage would be gained by his taking the steps suggested.

The matter then dropped.

C. P. R. IMPROVEMENTS

Busteed Will Inspect Kootenay Branches of C.P.R.

On a week's inspection tour of the Kootenay lines of the Canadian Pacific Railway, Mr. F. F. Busteed, general superintendent of the Pacific division, left Vancouver yesterday for the interior. His first stop will be at Nelson where he will confer with the divisional engineer respecting various improvements to be carried out during the coming summer. These improvements will involve the expenditure of a great many hundreds of thousands of dollars and, besides new bridges, will comprise a great deal of filling in of trestles.

It is announced that the large circular bore or tunnel to overcome the big hill near Field will be completed about June 1st by the contractors, Messrs. Macdonell, Gzowski & Co., of Vancouver. The tunnel will then be lined with cement and it is unlikely that it will be taken over by the operating department until about the beginning of September.

Florence Roberts Coming

The famous artist Florence Roberts, in the most suitable role she has yet played, and surrounded by the most competent support she has yet enjoyed, is enough to interest en masse the theatre-goers of this city, says the advance agent. Miss Roberts will appear at the opera house on April 14 as "Joan," in Seymour Obermer's play, "The House of Bondage," which now comes heralded by words of praise that indicate the dramatic treat of years. Miss Roberts is said to have appeared in no previous role that so suited her exceptional and varied abilities.

Notice of Dissolution

Notice is hereby given that the partnership heretofore existing between the undersigned as merchants at Revelstoke, B. C., under the name and style of Hobson & Bell, has this day been dissolved by mutual consent. The business will in the future be carried on by Alexander Hobson, who assumes all liabilities of the partnership and who is entitled to receive payment of all sums due and payable to the partnership.

Dated March 23rd, 1909.

ALEXANDER HOBSON,
G. W. BELL.

SYNOPSIS OF REGULATIONS GOVERNING THE DISPOSAL OF DOMINION LANDS WITHIN THE RAILWAY BELT IN THE PROVINCE OF BRITISH COLUMBIA.

A LICENSE to cut timber can be acquired only at public competition. A rental of $6 per square mile is charged for all timber berths except those situated west of Yale for which the rental is at the rate of 5 cents per acre per annum.

In addition to the rental, dues at the following rates are charged:—

Sawn timber, 50 cents per thousand feet B.M.

Railway ties, eight and nine feet long, 1 1-2 and 1 3-4 cents each.

Shingle bolts, 25 cents a cord.

All other products, 5 per cent on the sales.

A license is issued as soon as a berth is granted, but in surveyed territory no timber can be cut on a berth until the licensee has made a survey thereof.

Permits to cut timber are also granted at public competition, except in the case of actual settlers, who require the timber for their own use.

Settlers and others may also obtain permits to cut up to 100 cords of wood for sale without competition.

The dues payable under a permit are $1.50 per thousand feet B.M., for square timber and sawlogs of any wood except oak; from 1-2 to 1 1-2 cents per lineal foot for building logs; from 12 1-2 to 25 cents per cord for wood; 1 cent for fence posts; 3 cents for railway ties; and 50 cents per cord for shingle bolts.

Leases for grazing purposes are issued for a term of twenty-one years, at a rental of two cents per acre per annum.

Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres may be acquired by one individual or company.

Royalty at the rate of 10 cents per ton of 2000 pounds is collected on the gross output.

Entries for land for agricultural purposes may be made personally at the local land office for the district in which the land to be taken up is situated, or if the homesteader desires, he may, on application to the Minister of the Interior at Ottawa, the Commissioner of Immigration at Winnipeg, or the local agent for the District, within which the land is situated, receive authority for some one to make entry for him.

A fee of $10 is charged for homestead entry.

A settler who has received an entry for a homestead, is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

It is the practice of the Department to require a settler to bring 15 acres under cultivation, but if he prefers he may substitute stock; and 20 head of cattle, to be actually his own property, with buildings for their accommodation, will be required instead of cultivation.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of the Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of the Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of the Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years before the local agent, sub-agent or a homestead inspector.

Before making application for a patent, the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

W. W. CORY,
Deputy Minister of the Interior

FEDERAL BUILDING

Revelstoke Petitions for Immediate Construction.— Board of Trade Favor B. C. Dreadnaught.

The regular monthly meeting of the Board of Trade was held on Thursday night in the City Hall. W. M. Lawrence, as president, took the chair.

The minutes of the last meeting were read and adopted.

COMMUNICATIONS

From the Vancouver Board of Trade enclosing a copy of a resolution passed at their last meeting. The substance of the resolution was that the Board is of opinion that the Dominion of Canada should at once offer to the Imperial authorities a sufficient sum to build a modern "Dreadnaught" of the strongest type, and that the resolution be telegraphed to Sir Wilfrid Laurier. Supplementing this, a telegram was received and read, couched in the following terms. Referring to *a recent resolution of this Board,* "does your board favor some contribution by British Columbia to a Imperial navy, independently of Dominion." After considerable discussion over *the subject, the feeling of* the Board being that B. C. should assist in bearing the burden of the Empire, it was moved by F. Fraser, and seconded by F. E. Sine; that the Revelstoke Board of Trade is in favor of B. C. making a substantial grant to the Imperial Government for naval purposes. The motion was carried and a telegram was despatched yesterday to Vancouver embodying the resolution.

From W. S. Kidder, Port Henry, N.Y, asking for information regarding Revelstoke and its advantages. The secretary was instructed to write and furnish the required information.

From R. Gordon, Government Agent in connection with the mineral exhibit from Revelstoke at Seattle Fair. Mr. Gordon, who was present, stated that he had written to several points such as Golden, Camborne, Trout Lake, etc., asking for specimens of minerals which would be sent to the Fair through Revelstoke and the Board of Trade. He also said that he had recommended to the Government that a sum of money be appropriated to the Board for the purpose of defraying all expenses. As regards the actual transportation from the city to Seattle, the Dominion Government would look after that.

The following were appointed a committee to take up the matter and make all arrangements for collection, to act in conjunction with Mr. Gordon, E. A. Bradley, E. A. Haggen and H. Cunningham-Morris, (Sec.)

From A. S. Goodeve, M.P., Ottawa, stating that he had taken up the question of experimental farms in B C, advocating the special claims of Kootenay. He pointed out that he would take every opportunity of pressing our claims on the Federal government and do all in his power to urge the Provincial government to assist. Filed.

From Sydney Fisher, Minister of Agriculture, Ottawa, stating that the Dominion Fair grant had been given to every province in the Dominion except Saskatchewan and New Brunswick. It is arranged, however, that the two provinces shall receive it in 1911 and 1912. The Government have not as yet given any consideration as to the advisability of extending the grant for another round and therefore he could not hold out any hopes for Revelstoke. Filed.

From Hon. W. Templeman in reply to a number of requests from the Board regarding matters affecting Revelstoke. Principal among these, he said, that the A. & K. R R. charter extension bill had received its second reading and had been referred to the R.R. Commission. He hoped to have a great deal done during the next few years in the way of geological work in B C., especially in Big Bend, if the mining prospects will warrant it. Mr Templeman stated that there would be no appropriation for the Revelstoke public building this year, in view of the decision of the government to reduce expenditure by some 10,000,000 and no new work will be started. The erection of this building is not abandoned but postponed. He did not hold out the slightest prospect of Revelstoke getting an appropriation for the Dominion exhibition, saying that Revelstoke did not have an association strong enough to meet the conditions, and he advised the Board not to press further. Dealing with the G.T.P., he said that construction was being carried on as fast as possible.

In discussing the letter the Board felt that Mr. Templeman seemed anxious to throw cold water on Revelstoke generally.

A free debate arose on the Federal building matter, the feeling being that Revelstoke was being treated fairly in this respect. A strong resolution was made up as follows: Moved by A. H Allen, seconded by C. F. Lindmark, that in view of the fact that the matter of the Federal building for Revelstoke has been hanging fire for so long and that a site has been chosen that is satisfactory, that a committee be appointed to circulate a petition for immediate construction of the Federal building for Revelstoke, that copies of this resolution be sent to Mr. Templeman and the Minister of Public Works at Ottawa. The motion was carried unanimously.

The petition will be circulated round the city by the following committee appointed for the purpose; F. E. Sine, A. H. Allen, E. A. Haggen and when filled will be sent to the Minister of Public Works at Ottawa.

The meeting then adjourned.

FRUIT EXCHANGE

Co-operation Will Ensure Ultimate Success

The following is the report of the late directors of the Fruit & Produce Exchange of B. C. Limited regarding the closing up of the business of the Exchange, and states concisely the reasons as to why the business was forced to assign:

The directors of the Fruit & Produce Exchange of B. C. Limited, beg to inform those interested in the co-operative movement throughout the Province that they have found it necessary to close out the business of the *Exchange for the following reasons:*

At the meeting of the Exchange held in Revelstoke, Feb. 3rd, 1909, the following members present gave their personal guarantees to the Imperial Bank for a sum sufficient to pay off the debts due shippers on fruit and produce shipped, as at that time everything pointed to the probability of the Exchange being able to continue business successfully with at least the moral support of the B. C. Government, J. Johnston, C. J. Clarence, C. S. Hendesron, O. Sult, H. E. R. Smythe, L. M. Hagar, W. B. Robertson.

Mr. Johnstone spent two weeks in Victoria but found that the pressure brought to bear on the Government by persons in high places interested in the formation of joint stock companies was too strong and no aid could be obtained for the co-operative movement. The Government was petitioned by the Central Farmers' Institute then in session, to withhold all assistance from the Fruit & Produce Exchange of B. C. This circumstance alone prevented any promise of financial or moral support to the co operative movement and that being the case the Exchange could not secure the required confidence of the growers and shippers of produce and had no course open but to close up their business in the near future. The personal security was therefore withdrawn from the bank, and the Coldstream Valley Fruit Packing Co., and the Okanagan Produce Association instructed the sheriff to seize the office effects and disposed of same to cover a small debt.

Growers all over the province are alive to the necessity of a central distributing agency in order to prevent the speculators from securing control of the fruit output and to put a stop to the cutthroat competition of past years.

We consider the lack of support from our members and the desire of individuals to sell outside in order to save commission, and by so doing, not contributing to the support of the Central, is the cause of our failure. We consider that the Government having appointed inspectors on the prairies who will examine into claims for rebates, will eliminate largely a cause of dissatisfaction, and we see no reason why, if growers will contract their produce to their l cal Exchanges with the privilage of selling outside if they so desire by paying the commission, the Central Exchange shou'd not be a complete success, as this has been the main cause of our difficulties in the past year. No concern can possibly be successful which has not the support of its own members, and except for one or two cases for adjustment, at no time during the past year has any complaint as to the management or running of the Central been laid before the Directors of that institution.

When the growers are ready to do as *outlined above,* then and then *only* can a Central Exchange be made a success. Two ways lie open to the growers to-day—to combine together in the co-operative plan before it is too *late, or to be in the future* as the Ontario growers are to-day in the hands of the trusts and no way out.

I have nearly one thousand nice calendars for photographs, and from now until they are gone, I will give one complete with every dozen any size photos taken by me. Come either on clear or cloudy days. E. F. Tucker. 15-tf

Moving Pictures tonight.

THE CITY BEAUTIFUL

Many Atrocities Laid Bare by the Melting Snows.

Snow, like the scriptural purple cloak, covers a multitude of sins, and the sins of Revelstoke happen to be chiefly composed of paper and other rubbish, scattered round the streets. This is particularly noticeable just now. There is one public nuisance who deserves newspaper castigation and that one is the fellow who persists in throwing paper around the streets. This habit is a very bad one and keeps the streets dirty. We beg to remind all and sundry, the people of Revelstoke, beginning with the city authorities, and going up or down as the case may be, that the street is primarily not a place for the deposit of rubbish, old waggons orn out stove pipe, paper, cans and other things of that kind. Of course the presence of such bric-a-brac in our leading thoroughfares is a sign of the degree of freedom that is enjoyed by the citizensf of this burg. It also shows a sense e superiority over trifles, which bespeaks the existence of a mind basking in a serene atmosphere composed chiefly of its own self conceit. It demonstrates to strangers that the people of Revelstoke have souls above the grovelling things of the earth. Our heads are among the stars and we cannot be expected to think of sublunary things, such as rotted planks, discarded lumber, broken water pipes, rags, pieces of fire wood, old shoes, tins, paper and broken boxes, and wretched things of this kind. We scorn and ignore them and the meek and lowly stranger who thinks they are disfigurements, ought to know better and ought to think of more noble matters. We in this fair city of Revelstoke have risen to such a plane of superiority to things which are merely of the earth, earthy, that we only notice them when some misguided visitor points them out to us.

District Registrar.

Land Registry Office,
Nelson, B. C., March 24, 1909.

Notice of Assignment.

NOTICE is hereby given that pursuant to the "Creditors Trust Deeds Act, 1801," and amending acts, The Fruit and Produce Exchange of British Columbia, Limited, a corporation having their head office at the City of Revelstoke, B. C., Commission Agents, did on the 24th day of March, 1909, assign all their personal estate, credits and effects, which may be seized and sold under execution to *William Blair Robertson, of the said* City of Revelstoke, Accountant, for the benefit of their creditors.

And notice is hereby given that a meeting of the creditors of the said debtors will be held in the office of W. B. Robertson, First street, Revelstoke, B. C., *on the Seventh day of April,* 1909, at the hour of 2:30 o'clock in the afternoon.

All persons having any claims against the said debtors are required to forward particulars of the same duly verified, to the assignee at Revelstoke, B. C., on or before the 1st day of May, 1909.

And notice is hereby given that after that date, the assignee will proceed to distribute the proceeds of the estate, having regard only to the claims of which he shall have received notice and he will not be responsible for the assets, or any part thereof so distributed to any person or persons of whose debt he shall not then have received notice.

Dated this 25th day of March, 1909.

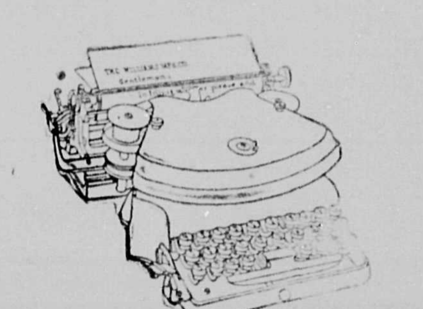
"THE EMPIRE"



VISIBLE TYPEWRITER

A Canadian Made Writing Machine

For ease of operation and perfection in the results produced the "EMPIRE" TYPEWRITER is unsurpassed.

The "EMPIRE" embodies no complicated movements, while its manifolding alignment, marginal facilities, automatic conveniences, durability, visible writing, minimum of noise in operation make it the typewriter par excellence.

The "EMPIRE" needs less care than any other machine because there are fewer parts to be cared for also due to the strong lines of simplicity that are part of the machine.

The C.P.R. began using the EMPIRE Typewriter in 1895, continued to add to the number, and now have in constant use more than 700 of these machines.

The decorations on Easter Monday in the Y.M.C.A. will be worth seeing, the ladies having sent to the coast for Easter flowers. Flowers will be for sale for a small charge after tea is over.

Mrs. Corley has given a contract for a fine modern villa to J. Anderson, to be erected at the corner of Boyle avenue and Third street. The house will be fitted with all the latest improvements.

Monday, April 5th, is the last day on which names can be placed on the provincial voters' list. This privilege will not be granted again for six months. All those who desire to have their names on the list and receive the privilege of the franchise should take notice before it is too late.

H. H. Morris, Inspector of the Canadian Banks of Commerce, visited the local branch on Thursday and expressed himself much pleased at the progress the bank had made since opening up here. The inspection showed excellent business and steady increase. There are now 195 branches of the Bank of Commerce in Canada, United States and Great Britain.

The Ladies' Aid of the Methodist church expect to serve "High Tea" on Easter Monday, afternoon and evening, in the gymnasium of the Y.M.C.A. Those who patronized our last Easter Monday tea will be able to remember the beautiful tables and tasty viands served at that time, and will naturally expect as good this year. Look out for ad. next week.

The new "auditorium" now under construction by the Amateur Dramatic Club, near the skating rink, is progressing very rapidly and will soon be in readiness to take the large stock of valuable scenery belonging to the club. R. R. Copeland has charge of the work. The amateurs' next production will be staged in the Opera House on May 24th in aid of the Ladies' Hospital Guild.

The handsome prizes supporting the Calgary Brewing Cup curling trophy are now on view in Guy Barber's store and consist of fine cut glass bowls. The winners of this cup are: A. E. Rose, J. Ringer, Vic. Woodland, W. W. Foster. As yet the prizes supporting the Burns' and the Equitable cups have not yet been donated, but it is anticipated that the donors of these handsome cups will, as usual, come along with them.

Don't fail to hear Sacred Concert in opera house Good Friday.

The city council are considering the purchase of a rock crusher for street macadamizing.

Excellent programme of vocal and instrumental music, opera house, Good Friday evening.

PROTECT YOUR TREES

These destroyers cannot live where trees have been treated with

WARNOCK'S TREE PAINT

Pear Blight, Rabbits, Mice, Borers, Canker Worm, San Jose Scale, Oyster Shell, Bark Louse and Sun Scald. THE COST IS VERY SMALL. It will not wash off. One application protects for two years. Warnock's Tree Paint is not an experiment, It has stood the test for six years in all parts of the United States. It is an absolute preventative and cure for Pear Blight. We invite investigation. The Arkansas Experimental Station has used this tree paint for three years. November, 1907; they purchased 50 gallons for free distribution among leading orchards. Send for 16-page free booklet to
