Four Thousand Five Hundred Dollars for Mattress Work

Work will Start in Next Few Weeks—Successful Outcome of Efforts of R. F. Green, Member for Kootenay—Starts at End of Wharf and Extends Down Stream—Announcement to President of Board of Trade.

Four thousand five hundred dollars will be spent by the Dominion government this winter on mattress work for the protection of the bank of the Columbia river near the wharf This fact is announced in letters from R.F. Green, M.P., to T. Kilpatrick, president of the Revelstoke board of trade, and A. E. Kincaid, president of the Revelstoke Conservative association.

Mr. Green has taken much interest in the matter, has personally inspected the location where the work will be done and it is due to his efforts that the appropriation necessary for the work has been secured. Much pleasure has been expressed by those who have heard of Mr. Green's announcement to Mr. Kilpatrick and Mr. Kincaid at the satisfactory outcome of his efforts. "The work is very necessary" said one business man yesterday and the expenditure on the work will be particularly valuable to the city as it will be almost entirely spent on labor."

J. P. Forde, Dominion government engineer, was in the city yesterday making preparations for beginning the work. "The work will start within the next few weeks,' he said, "as soon as the water has fallen sufficiently." The mattressing will start at the end of the wharf and will extend 400 yards down stream.

Mr. Green's letter to Mr. Kilpatrick is as follows:

T. Kilpatrick, Esq.

President of the board of trade,

Revelstoke, B.C.

Dear Sir,—You will be glad, no doubt, to learn that I was able to arrange to divert some $1,500 of the general appropriation for the Columbia and Kootenay rivers for the purpose of doing some protection work below the wharf, where you were good enough to show me how badly the banks were being cut away by the stream. The work will be undertaken just as soon as conditions are right.

I remain,

Yours faithfully,

R. F. GREEN

Mr. Kilpatrick has replied as follows:

Mr. R. F. Green, M.P.,

Victoria, B. C.

Dear Sir,—Your esteemed favour of the 13th, inst, re protection work at wharf here received. We are much pleased to hear this and heartily thank you for your successful efforts in diverting this money to do this very necessary work to protect the wharf before further damage is done by high water.

Yours very truly,

T. KILPATRICK

Chairman, Board of Trade

WESLEY TO TEACH ARTS

To Establish Boys and Girls Schools Under Auspices of Methodist Church

Rev. W. Lashley Hall returned to the city on Saturday night from Winnipeg where he had been attending a special session of the Methodist board of education called to discuss the Western educational policy of the church, over which Dr. Chown presided.

One matter earnestly discussed was secondary education in relation to the church. There is a movement toward establishing boys schools and ladies colleges separately under the auspices of the church.

It was decided that Wesley college, Winnipeg should resume the teaching of arts in affiliation with Manitoba University and a new college in Saskatoon in affiliation with the University of Saskatchewan is projected. The church already has colleges in Edmonton, Calgary, Regina, Winnipeg, Vancouver and New Westminster.

LIFT ALOFT THE FLAG

Stirring Finale to Patriotic Concert on Friday—Much Interest Being Taken

The concluding solo and chorus of the patriotic concert to be held at the opera house on Friday evening will form a fitting finale to stirring entertainment. Ralph Lawrence will sing "Lift Aloft the Flag of England" and the chorus on the stage with him will be the complete caste of the concert all in the costumes in which they have appeared. The effect is brilliant and the song and chorus go with a vim.

All the other principals and choruses have been given thorough training and it is expected that, unlike many amateur performances, there will not be a single unlucky coutretemps during the whole evening. Much interest is being taken in the affair and tickets are being quickly disposed of.

Work Starts on New Wharf at Hall's Landing

Cost will be Five Thousand Dollars—Member for Kootenay Secures Accommodation for Growing Needs of Prosperous Farming Community—Pile and Timber Structure Thirty Feet Wide

The construction of a new wharf at Hall's Landing, 30 feet wide by 280 feet long, costing $5,000, was started yesterday by the Dominion government under the supervision of J. P. Forde, Dominion government engineer The work has been undertaken at the urgent request of R. F. Green, member for Kootenay,

The settlement of Hall's Landing, on the west side of the Columbia river, between Revelstoke and Arrowhead, is one of the most prosperous farming districts in Kootenay and rapid strides have been made lately in the clearing of land and other improvement work. So great has been the progress made and so large are the shipments of farm produce that it has been found necessary to build and operate a steamer for the purpose, which makes regular trips between the Landing and Arrowhead during the season of navigation. In addition to this steamer a number of the residents own and operate boats of various classes for their own use and so large have the shipments, both inward and outward, become lately that a wharf has become an absolute necessity.

This matter was taken up with R. F. Green, M.P., this summer, and on investigating the needs of the district he decided that, on account of there being no special vote for the purpose it would have to be provided for out of the general vote for the district, and strongly recommended to the minister of public works at Ottawa that the sum of $5000 be devoted to the work. His recommendation was approved after due consideration, and as a result the actual construction of the wharf was begun yesterday. It will be a pile and timber structure, 30 feet wide and 280 ft. long, and is being built on plans made by the district engineer of the department of public works. It is expected that the work will be completed in about six weeks, and this, with the excellent system of roads already provided by the provincial government, will aid very considerably in the progress of the district.

SITE FOR NEW HOTEL

Vicinity of Recreation Grounds Suggested—General Supt. Meets Civic Committee

F. W. Peters, general superintendent of the British Columbia division of the Canadian Pacific railway, with J.M. McKay, superintendent of district No. 1, held a conference this morning with the fire, water and light committee of the city council in which a readjustment of the contract for power and water between the city and the railway company was discussed.

The advantages of Revelstoke as a tourist centre were also incidentally discussed. Mr. McKay declared that he believed Revelstoke was one of the most attractive centres on the line from a tourist standpoint in view of the many side trips available, but that the present was not a favorable time to urge upon the company any new undertakings for the accommodation of tourists. He thought that the city should prepare for the equipment of tourists and mentioned saddles and guides as among the requisites. In the event of a new Canadian Pacific railway hotel being built he said that personally be believed that a site near the recreation grounds would be the most desirable.

Mr. Peters remarked that next year he expected that a decided increase in the tourist traffic would be noticeable on account of the San Francisco exhibition and the opening of the Panama canal.

This afternoon Mr. Peters with A. E. Stevens, assistant general superintendent, will meet the medical staff and directors of the Queen Victoria hospital to discuss medical and hospital arrangements.

Three Aldermen Now in Field for Re-Election

Aldermen Bourne and Needham in Ward Three and Alderman Smythe in Ward Two will be Candidates at January Election—Two Vacancies for School Trustee—Mayoralty Election.

Three of the members of the present council announce that they are definitely in the field for re-election next January.

In ward 3, Alds. F. Bourne and S. Needham will again offer themselves. In ward 2, Ald., Smythe will also be in the field.

Ald. Bell in ward 2, and in ward 1 Alds. McSorley and Pradolini are not yet prepared to announce their intentions.

For the mayoralty contest there are at present no candidates definitely in the field. Mayor H. McKinnon is considering the question of offering himself for re-election but has not yet reached a final decision. Several persons have approached W. I. Briggs asking that he be again a candidate, but Mr. Briggs is not yet prepared to make an announcement.

The present members of the school board are H. Manning, W.A. Sturdy, E. Tremble, T.E.L. Taylor and A. Kenward. Of these Messrs. Sturdy and Kenward were at the last election elected for one year, the others for two years. The term of Messrs. Sturdy and Kenward will accordingly expire at the end of the present year. Mr. Sturdy will offer himself for re-election and Mr. Kenward is expected to do so also.

LARGE SUM FROM SALE

Hundred and Thirty-Six Dollars for Relief Society—Sale Well Patronized

The patriotic sale for the benefit of the Revelstoke relief society held at C.B. Hume & Co's. store on Friday and Saturday was a thorough success and netted $136.70 to the relief society. Notwithstanding the talk of hard times, well over $1000 was taken in by the ladies who took charge of the store. The tea room under the management of Mrs. Cormier and Mrs. Wallace was well patronized and brought in nearly $30 to the society. The general manager of the store for the two days was Mrs. T. Kilpatrick department managers being Mrs. Hugh Bruce, Mrs. George S. McCarter, Mrs. Thomas Downs, Mrs. S. G. Robbins, Mrs. Fred Cormier, Mrs. E. H. S. McLean, Mrs. John Purvis and Mrs. Charles Holten. A number of girls acted as assistants.

The finances of the undertaking were as follows:

Returns from patriotic sale for benefit of relief society held at store of C.B. Hume & Co., November 13, and 14, 1914.

Grocery sales, ...	$168.00
Dry Goods, Men's Goods, etc,	906.40
Total	$1074.40
10 per cent on above, ...	$107.45
Proceeds of Tea Table, ...	29.25
Total	$136.70

Audited and found correct.

S. FOOTE.

BARBARITIES OF GERMANS

Eyes Gouged Out, Tongue and Hands Cut Off—Limbert is Sergeant

The following interesting letter from Charles Limbert, formerly Canadian Pacific railway constable in Revelstoke has been received in the city.

58th Brigade R. F. A.

October, 29th, 1914

Dear Pals—Just a line to let you know we arrived in the Old Country O.K. after a very long and tiresome journey, lasting three weeks.

Well I found the Old Country quite calm and and collected under the severe strain which is being put upon her, and it is quite a sight to see thousands of men, wearing arm bands instead of uniforms.

You will be interested to hear I have joined the R.F.A., and that have started with the rank of sergeant so it is now up to me to fight my way up or fall.

Well from latest reports I see the "Huns" are getting a little more than they bargained for around Calais and I really think the time is not far distant when they will be completely driven out of France and Belgium. There are some terrible cases here of German brutality, one man's both eyes gone tongue cut out and both hands cut off, another with his eyes put out and all manner of outraged women and children, Belgians of course, and then we have a German camp a couple of miles away they look quite happy "poor devils." "Hock der Kaiser."

I will try to let you have a full detail later, I am very busy now and have little chance of getting any authentic information. So good bye for the present. Best wishes to the P.M. yourself and all my old comrades of the city force.

Yours sincerely,

(Sergt.) CHAS. LIMBERT

HOW TO TELL OFFICER'S RANK

British officers in khaki (besides the bands of braid on their caps) wear the following badges on the front of both cuffs:

Second-Lieutenant.—One Star.

Lieutenant.—Two stars.

Captain.—Three stars.

Major,—Crown.

Lieut.-Col.—One crown, one star.

Colonel.—One crown, two stars.

Non-Commissioned officers wear (in line regiments) the following badges:

Lance-Corporal.—One stripe on the upper arm, both sides.

Corporal.—Two stripes.

Sergeant.—Three stripes.

Color-Sergeant.—Three stripes and crossed flags.

Warrant officer wear a crown above the front cuff, but no braiding on it, nor do they wear stripes.

REVELSTOKE FOURTEEN YEARS AGO

(FROM THE KOOTENAY MAIL, NOV. 15, 1900)

Sheriff Redgrave came in from Golden, Tuesday evening as escort to Fred Collins, charged with the murder of Arthur Dando at Canterbury, who is being taken to Nelson jail for safe keeping.

H. W. Jackson, manager of the Wide West and Black Bear mining companies, set 18 men to work on these claims last week. The Nelson Syndicate, operating the Eva, Highland, Mary and Imperial on Pool creek, a tributary of Fish river, are employing 16 men. From a test made some time ago of the ore of the Metropolitan results have been obtained which strengthens the belief that it is one of the most important discoveries made this season. The results from tests give a silver return per ton of 701 ozs., copper 22 per cent, lead 42.2 per cent.

R. F. Green, M.P.P., was a visitor to Revelstoke yesterday. C. J. Aman left yesterday morning on an extended trip to the old country. Last evening Rev. Calder commenced a series of half-hour lectures on the "Shorter Catechism," to be continued at the weekly prayer meetings. Work on the Big Bend road commenced Saturday with Ham Donelly as foreman. A camp has been built a short distance above the canyon slide.. F. McCarty returned Sunday morning from a business trip to the Okanagan. The Elite shaving parlor has been reopened by J. B. Cressman with J. McDonald in charge. Mayor Smith returned Saturday evening from his eastern trip. F. T. Abey came up from Trout Lake on Thursday and left for Okotoks, Alta., the following morning. J. W. Bennett has bought out Chas. J. Aman, tobacconist. T. Taylor, M. P. P., was in town this week and visited the scene of operations on the Big Bend road Tuesday. H.W. Edwards has moved his taxidermist shop to the premises recently occupied by Field and Bews, on Second street. Mrs. J. Parker spent a few days this week in town visiting relatives before leaving for Rossland to join her husband. The death occurred at Kamloops on Monday morning of the wife of Rev. E. P. Flewelling, vicar of St. Paul's church of that city. H. P. Parson was in town a few days ago. J. T. Robinson of Kamloops, was in town yesterday. Chas. Carey, locomotive foreman at Field, was in town Monday. Asa and Charlie Hillman came up from Trout Lake last evening. A.V. Stewart returned from Kamloops on Saturday accompanied by Mrs. Stewart. A number of young people spent a pleasant evening, Tuesday, at a party given by Mr. and Mrs. Ed Adair. Miss McIntyre entertained the children of her Sunday school class at a party Tuesday evening, the occasion being the celebration of her birthday.

(Continued on Page Four.)

NOT RUNNING INTO DEBT

Monthly Meeting of Board of Directors of Y.M.C.A.—Debate on Saturday

The regular monthly meeting of the board of directors of the Y.M.C.A. was held last evening. The following members were present: R. Howson, W.M. Lawrence, W.H. Pratt, W. L. Crawford, J. Gordon, W. Bews, W. H. Wallace. L. Stewart, Robert Gordon, C. Sommerville and A. Thomson, secretary.

Reports of the financial statistical, physical, religious, educational, social and membership committees and that of the general secretary were read. The reports show that everything is in good order, and that the institution is breaking even financially, thus keeping the association out of debt. A quiet but effective membership campaign is going on continually with the help of the board and members.

The regular weekly meeting of the Literary and Debating club will be held at 7 p.m., instead of 8, so as to allow those present to attend the patriotic concert. The subject for debate is "Which Cause the Most Crimes, Wealth or Poverty." All men are cordially invited.

Last evening one of the closest bowling games was played the Fire Hall B. against the Junior Bible Class. The Junior Bible Class won the second game by 9 pins, but the fire fighters came out victorious, 2 to 1. The score was:

Fire Hall,			
Mulholland,	169	136	137
Carpenter,	176	127	197
McDonald,	127	141	138
McLeod,	148	185	147
Woodland,	146	137	164
Totals	766	726	783
J. B. C.			
McRae,	161	135	145
Dow,	167	150	175
Sommerville,	125	134	104
Somes, G.	110	130	119
Dupont,	150	186	150
Totals	721	735	693

In the billiard tournament the following byes are to be played off:

J. H. Lyons vs A. Webster.

H. Burridge vs F. Hinds.

N. McLeod, vs L. Dupont.

W. Crawford, vs C. Newsome.

A letter has been sent by the municipal authorities to the Attorney-general, asking for advice as what to do in the case of registered Austrians residing within the city limits who refuse to report monthly. Advice is also asked as to what is to be done in case of residents of other nationalities who are siding with the enemy and openly preaching sedition. —Kaslo Kootenaian.

German Force Bombarded by British Fleet

London, Nov. 18.—(Special to the Mail Herald). The British fleet is bombarding the German base north of Ostend with heavy losses to the enemy.

Turkish forts fire on the Tennessee, under the American flag.

Petrograd says that the Austrians are advancing rapidly. The Austrians again bombard Belgrade. Generals Von Lepel and Von Urien killed.

The German forces keep battering at the allied lines to the south and east of Ypres but the French claim to be satisfactorily impressed with the present situation. The allies, according to the official communication have been delivering attacks from Yser to the heights of the Meuse and claim progress at all points along the line.

In the eastern arena a decisive action is not reported but one may be expected soon in Russian Poland where the Russian advance has come in contact with a heavy German contingent. The Austrians are moving against the Russian army in Galecia but against the Servians and Montenegrons the Austrians are apparently making marked progress and are again threatening Belgrade. The Germans have captured in the battle of Kutno Von Kprff governor of Warsaw and his entire staff.

The British Prime Minister, Mr. Asquith, has announced that the British government has decided to declare the whole of the North Sea to be in a military area and therefore all subjects of the enemy found on neutral vessels in those waters will be taken as prisoners. Oil and copper he said, further will be declared contraband of war.

The Prince of Wales who is now at the front in France has been made an Aide De Camp to Field Marshall Sir John French.

WESTERN FLOAT

By R. T. LOWERY

There is a poker game in Coalmont.

The hospital at Oroville is overcrowded.

This year game is scarce in east Kootenay.

Porch lights have become common in Kaslo.

There are 130 pupils at the school in Abbotsford.

Roses were still blooming last week in Creston.

Burglars began operations last month in Chilliwack.

Several farms near Chilliwack have recently changed hands.

A carload of apples were recently shipped from Kaslo to Lethbridge.

The Jews of Vancouver, are making plans to leave the city, and go farming.

Placer gold has been discovered on the Big Horn creek, about 200 miles from Whitehorse.

After an absence of 40 years Donald McGregor is visiting Barkerville and Keithley Creek.

In this province the Canadian Pacific railway has double tracked more than 140 miles of its road.

It is reported that a small oil gusher has been struck near Fort Norman, on Old Slave lake.

It is reported that all the hotels in Vancouver will have to employ all white labor or lose their licences.

The Jewish colony at Republic is building a barn that will cost $3,000 It will house 150 cows and 120 tons of hay.

There is considerable mining activity at Rich Bar on the Similkameen river, half way between Oroville and Nighthawk.

This fall, Flood and Davis of Grand Forks have shipped several carloads of hogs and cattle from Curlew to Spokane.

The Grand Forks Sun is 14 years old, and no spots on it. Its rays help to decrease the use of coal in the city of sharpshooters.

The Broken Hill mine near Lillooet will employ a force of men all winter. It promises to be one of the largest mines in British Columbia.

An extra amount of fall wheat has been planted around Bridesville, Chesaw and Molson. This great wheat belt is a few miles west of Greenwood.

The famous petroleum springs of Greece, described by a historian four centuries before Christ, are to be exploited by local capitalists after being regarded merely as curiosities for more than 2300 years.

The farmers in the Fraser Valley have been advised to hold their potatoes until they get $20 a ton. That looks cheap in the Boundary where spuds are already $35 a ton. Potatoes will be shipped from the east if the price goes much higher.

In an Ontario town a burglar recently broke into a newspaper at night and found three cents. It is not known who left the money in the building, as the majority of eastern editors do not allow their bank rolls to lie around in a loose manner. They usually keep their coin under the ink keg.

The Cranbrook Prospector published since 1895 has suspended publication and amalgamated its business with the Cranbrook Herald. Before the roses bloom again many more papers will drop off the earth as few editors can live upon ozone and scenery. Patriotism to local newspapers is a rare quality in hard times.

At a point 20 miles from Peace River Crossing, tomatoes by the ton are going to waste for lack of a market. In the Peace River district there are enormous stocks of grain that cannot be marketed for lack of transportation. One man at Grand Prairie has 100,000 bushels of oats, and has not yet threshed his crop grown for this year.

General Mike Shick and Major Jack Lucy may go to the front with a brigade of Irish terrors, armed with hot ozone and solidified snowballs. Mike is of the opinion that the entire German army would soon surrender if they were attacked with beer, pretzels and Bologna sausage, instead of shot, shell and bayonet. Mike is willing to fight a personal duel with the Kaiser for the supremacy of Europe, provided the weapons used are links of adult sausage and hunks of unadulterated limburger cheese.

GIANT FORT-WRECKER

This is one of the big German siege guns, its bursting projectiles are called "Jack Johnsons," "Black Marias" and "Coal Boxes." The siege guns weigh 100 tons and must be divided into sections in order to facilitate transportation. The photograph shows the gun team complete. The motor wagon carrying the artillery is in front (right). In the centre is the gun carriage with its powerful recoil apparatus. To the left follows the huge gun of immense calibre. It is short and squat, looking something like an elongated mortar. Its Krupp sliding breech opens sideways and is distinctly visible in the picture.

WORLD NEWS TERSELY TOLD

The death is announced in London of Tom Gallon, the English novelist and dramatist. He was born in 1866.

The Canadian embargo against the importatian of cattle, fodder, straw, etc., from Michigan and Indiana on account of the outbreak of foot and mouth disease in these two states last month has been enlarged to include the states of Illinois and Pennsylvania.

Milicent Duchess of Sutherland, who recently went to the war zone as head of a Red Cross hospital, and Major Percy Desmond Fitzgerald, of the Eleventh Hussars, were quietly married at Roehampton. The Duchess has returned to her Red Cross work in France.

Last week the Hon. Price Ellison, minister of finance, forwarded to R. H. Swinerton, secretary-treasurer of the Victoria Patriotic Aid fund, a cheque for $75. This amount was won at the International Irrigation Congress held in Calgary recently by a joint exhibit of the provincial government and the Canadian Pacific railway, and rather than accept a trophy, the provincial government requested that its portion of the prize should be given to the Patriotic fund.

A naval aeroplane collapsed over the Canadian camp on Salisbury Plain last Thursday and the pilot, Flight-Lieutenant David Murray, fell with the wreck of his machine several hundred feet, landing within a few feet of an Ontario infantry regiment manoeuvering. Canadian Army Medical Corps men rushed him to their field hospital, where he died almost immediately. There was some alarm throughout the Canadian camp, as it was rumored that 20 Canadians had been killed by the debris of the falling aeroplane.

Great Britain has formally annexed the island of Cyprus, in the Mediterranean, which nominally formed a part of the Turkish empire. The defensive alliance between Great Britain and Turkey has become annulled by the outbreak of war, and the British government decided it was necessary to appropriate the island in order that proper provision may be made for its government and protection. Since the Anglo-Turkish convention of 1878 Cyprus has been occupied and administered by Great Britain, although it still remained under the nominal suzeranity of the Sultan.

The new Admiralty mine regulations for the North Sea will cause a diversion of all vessels carrying food supplies for the relief of the people of Belgium through the English channel, but as several of these relief ships expected to take this latter rout, comparatively little delay in delivery of supplies will result. These relief steamers will be escorted through the mine fields by British ships, and the British authorities have promised every assistance to expedite their passage.

Reviewing the situation on the eastern battlefront, the Daily Mail's Petrograd correspondent says: "Difficulty in living in the trenches in the bitter weather has already begun. Cases of men being frozen to death among the German troops have occurred because the trenches were dug in marshy soil and are now filled with ice. With such experiences, the Germans are far less able to endure the winter than the Russians."

The political science club of Queen's University, which had invited Henri Bourassa to give an address on November 30, has withdrawn the invitation owing to objections being registered. Mr. Bourassa was to have spoken on the "National Duty and Responsibilities of Canada." In the present crisis Prof. W. L. Grant says it was felt inadvisable for the university to appear in any way to countenance Mr. Bourassa's views.

If the Western German papers which have been publishing pro-German articles and articles with a seditious tinge continue, this policy will be suppressed by the government. The military authorities at Winnipeg, Regina, Calgary and Edmonton have been given instructions to notify any papers in their districts that the publication of any article intending to incite feeling against Great Britain would be followed by suppression. There has been considerable complaint as to the nature of the matter in several papers, and it was claimed that it was tending to keep the Germans and Austrians in a state of unrest.

To scull from Savanah, Ga., to the Pacific coast by way of the Panama canal is the ambition of Harry Bennett of Springfield, former national champion. He represents a boat building firm and is having a wherry specially constructed in which to make his unique sculling effort. His wife is a sculler, too, and their craft will be about 20 feet long, 30 inches wide amidship and 10 inches deep. It will be decked over with canvas at each end, and the bottoms are clinker built, or lapped, so that they will bear up much better in heavy weather. The equipment will include a racing shell, camping outfit, and other necessaries.

RAILWAY TIME TABLE

No. 1 from Montreal to Vancouver, arrive at 6.05 p.m., leave 6.25 p.m.

No. 2, from Vancouver to Montreal, arrive at 11.05 a.m., leave at 11.25 a.m.

No. 3. from Toronto to Vancouver, arrive at 7.05 a.m., leave at 7;20 a.m.

No. 4 from Vancouver to Toronto, arrive at 12.45 a. m., leave at 1.05 a.m.

No. 804, from Revelstoke to Arrowhead, leave 7.30 a.m.

No. 803, from Arrowhead to Revelstoke, arrive 4.40 p.m.

No. 3 makes connection with the Okanagan line at Sicamous, returning leaves Sicamous at 11.50 p.m.

Trains Nos. 1 and 2, make all local stops between Revelstoke and Sicamous.

Trains Nos. 3 and 4, make local stops between Sicamous and Kamloops.

SAILING FROM MONTREAL:
S.S. Missanabie.....November 19th

Special Christmas Sailing

St. John to Liverpool

S. S. Missanabie, December 15

Palatial new (1914) One-Class Cabin and Third-Class Steamship. Incomparable Appointments, including a complete Orchestra. Further Fall and Winter Sailings will be announced later.

Attention is called to the S.S. "Missanabie," which made her maiden voyage from Liverpool, October 7th. She is the last word in shipbuilding and should prove an attractive acquisition to the Canadian trade. Dimensions are: length 520 feet; beam 64 feet; gross registered tonnage 13,000. Capacity, 520 cabin, 1,200 third class. There are spacious promenade decks, verandah cafe, drawing room, lounge gymnasium, smoking room, card room and orchestra. All the latest and most approved devices for safety at sea are employed, and special attention has been paid to the ventilation system.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia, may be issued for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to the Agent or Sub-Agent of Dominion Lands.

A WELCOME WORK

The announcement that four thousand five hundred dollars will be expended by the Dominion government this winter on protection of the bank of the Columbia river is particularly good news at the present time, and much gratification will be felt at the success that Mr. R. F. Green has met with in his efforts to convince the government of the necessity of undertaking the work without delay.

The successful result of Mr. Green's efforts is especially gratifying in view of the fact that the present is a period of retrenchment and economy. The Dominion government in common with other administrations is avoiding expenditure upon any but the most necessary works and Mr. Green must not only have prepared a strong case in favor of the undertaking but must have urged his plea with persistency and ability. His success is another evidence of the keen interest which he takes in the requirements of his constitutency and of the readiness of the government to meet his views whenever possible.

The work to be undertaken is necessary and the result will be beneficial. The expenditure of a considerable sum of money, the great proportion of which go directly into the pockets of workingmen in the form of wages, will also be very welcome this winter. With unemployment more general than usual, the work which will be provided will be particularly valuable and will go far to relieve the situation. The money will be put into speedy circulation and not only those directly employed but business generally will be benefitted.

Revelstoke has good reason to appreciate the advantage of being represented at Ottawa by a member who studies the needs of his constituency, urges its case with vigor and meets with exceptional success in securing the co-operation of the government.

THE ANTWERP EXPEDITION

Following the opening of the British House, Mr. Asquith made a strong defence of his government against the attacks that have been made upon it, and on Mr. Churchill, especially, for the steps taken to help Antwerp. He made it clear that the whole cabinet, including Lord Kitchener, assumed full responsibility for the Admiralty's action. Evidently the government was not in a position to render very effective aid, but the call from the Belgian authorities was such that the best available forces had to be sent. The character of the expedition is indicated by this extract from the powerful description of the siege which appears from the pen of Arthur Ruhl in the current issue of Collier's, one of the finest bits of work in the history of war correspondence:

"They were brand-new soldiers, some of them, boys from the London streets who had answered the thrilling posters and signs, 'Your King and Country Need You,' and been sent on this ill-fated expedition for their first sight of war. The London papers are talking about it as I am writing this—how this handful of nine thousand men, part of them recruits, who scarcely knew one end of a rifle from another, were flung across the channel on Sunday night and rushed up to the front to be shot at and rushed back again. I did not know this then, but wondered if this was what they had dreamed of—squatting helplessly in a ditch until another order came to retire—when they swung through the London streets singing 'It's a long, long way to Tipperary' two months ago."

That they gave a good account of themselves is unquestioned, and it is doubtful if even seasoned veterans could have accomplished much more under the circumstances.

From a purely military standpoint it may look like a waste of good lives to have thrown this force into the beleaguered city in the hour of its extremity. But the moral effect in showing the Belgian people that Great Britain was prepared to do everything in its power to resist the further inroads of the invader and to secure ultimate redress for the wrongs they have suffered, where redress is in any measure possible, was of incalculable benefit. It is a pity that such a baptism of fire had to be given to raw recruits, but it was better that they should go rather than that no response whatever should be made to the Belgian appeal.

It will be recalled that Mr. Asquith's own son was one of the naval volunteers dispatched to Antwerp.

THE WHARF AT HALL'S LANDING

The new wharf at Halls Landing, construction of which began yesterday, will be a convenience much appreciated by the settlers of what is one of the most progressive and prosperous settlements in the neighborhood of Revelstoke, and, like the work to be undertaken in protecting the bank of the Columbia river, affords another instance of the attention with which the member for Kootenay studies the requirements of every section of his constituency.

Public works at the present time are difficult to secure, but are more welcome than is generally the case, not only because of the purpose which they serve in themselves, but also because of the employment afforded by their construction at a time when employment is not easy to obtain and money unusually scarce. The building of the wharf at Hall's Landing will involve the expenditure of five thousand dollars and will distribute in the community a very respectable sum at a time when the money will be more valuable than a considerably larger sum when work is plentiful and boom times prevail.

FROM THE SANCTUMS

KING ALBERT PARK

Vancouver Sun: Edmonton purposes naming one of its new parks "King Albert" in honor of the Belgian king and another "Tipperary," where the grass will be always green.

A SURPRISE FOR GERMANY

Manchester Guardian: Above all, there is the immense satisfactoriness of Gen. Botha's appointment as a symbol of the unity and strength of an empire decently and humanely ruled. To German critics this evidently continues to be an insoluble and amazing conundrum. Some foreign observers could never understand how it was that Wellington did not seize the throne of England after Waterloo. The loyalty of Gen. Botha, and of the Boers generally, has the same enduring power to astonish the German press and, probably, the German government.

TIME FOR ENERGY

Montreal News: The shrewd businessman, during trade dullness or hard times, when he is in sore straits will bring his affairs into the greatest possible economy and system, improve the discipline of his employes, redouble his energy, give extra care to his advertising, cover all evidences of weakness, or his credit is questioned, if he really is weak, he is in imminent danger of going to pieces. When everybody is talking "hard times," the shrewd man closes his ears and turns his attention strictly to business to work, to keener study of his conditions, to sane and substantial pushing, to everything which keep him from succumbing to the theory of hard times. Persistency of purpose is a power at all times of distress and doubt. It generates confidence in the man himself and creates it in others. Everybody believes in the determined, undaunted man.

PRESERVE THE WILD FLOWERS

Chicago Tribune: Out in Iowa, where farm land is at a premium, a champion of the disappearing wild flowers has arisen. Frank C. Pellet sees with regret the passing of unplowed tracts on which at one time blossomed in all their beauty the varied flora indigenous to American soil. His plea will not be read without response. We awake almost too late to the fact that our wild birds were being exterminated. The buffalo had nearly become extinct before we intervened to save a few specimens of the animal which figures so often in our early history. There is yet time to conserve the wild flowers. It is scarcely probable that special reservations will be set aside for this purpose, as in the case of our forests, but there is no reason why our national parks and the forest reserves should not be made natural conservatories for the American flora.

AT THE THEATRES

Tonight the Empress theatre is showing a three reel picture "Discord and Harmony," There will also be shown some excellent war pictures showing the taking of prisoners of war. Tomorrow night "Weights and Measures", "Greatest of Three" and "Sofie of the Films" will be seen. On Friday, "The Enemys Spy," "The Tango," "Universal Ike and His Ma-in-law" and some splendid war pictures will be presented. On Saturday the feature will be "The Lure of the Geisha" with three other pictures, "Symphony of Souls," "Joys of a Chaperon," "A Lifes Flirtation" and more war pictures. On Monday will be seen a return of the "Mary Pickford" series and on Tuesday the Famous Players.

Revelstoke Fourteen Years

(Continued from Page One.)

W.B. Pool is up from the Nettie L. A. M. Sharp, of Glacier, was in town this week. G. B. Nagle returned Friday from Boyd's ranch. Jas. Hathaway was down from 19-Mile this week The belfry of St. Peter's church is being enclosed. J. D. Boyd brought the Big Bend mail in on Thursday last. S. Sutherland, of Ferguson, was a visitor to the city this week. The Kootenay Cigar Manufacturing Co., of Nelson has assigned. H. McPherson, of Trout Lake, was a visitor to Revelstoke the end of last week.

TEN THOUSAND TONS OF ORE FROM SURPRISE

Slocan City, B. C., Nov. 13.—Malcolm Cameron has returned from Sandon. Mr. Cameron has several teams engaged at the Surprise mine, Sandon, where he has a contract for the hauling of 10,000 tons of ore.

Hunter & Glaspie have taken out 2,000 telegraph poles north of Nakusp for the National Pole company.

Robert A. Bell, a sawmill operator at Blueberry Creek, on the Rossland-Nelson line, was struck and killed by a train. He was a British army veteran of 21 years' service, which included the first Boer war and the Zulu and Soudan campaigns. Bell was deaf and did not hear the train's approach.

CITY ROADWAY CONSTRUCTION

Reinforcing of Pavement on Recently Excavated Streets —Wire Fence Used

An innovation in the construction of permanent pavements has been adopted on a section of roadway recently laid in an eastern city. The policy of the city's engineering department had been to lay all underground services—such as sewers and water and gas mains one year previous to the laying of the pavement, to allow the filling in of the excavations to become fully settled and to give a firm foundation.

To provide work for the unemployed it was decided to lay the pavement on a street shortly after the construction of the underground services, which included a sewer in the centre of the street.

In the construction of the new pavement, after the excavation of the full width of the roadway had been completed, a trench six inches deep and four feet wide was taken out in the centre of the roadway. In laying the concrete this centre trench was first filled to the depth of six inches. Laid on top of this and embedded between the two layers of concrete was a reinforcement of fence wire of the full width of the lower panel of concrete. This extra depth of reinforced concrete, extending beyond the edges of the sewer excavation, acts as a bridge, and precludes any possibility of the roadway sinking or breaking through, owing to the settling of the earth over the sewer.

It is claimed that the additional cost of the reinforcing was fully offset by the security afforded and also by the work provided for the needy, when other employment was not obtainable.

To kill a man in a modern war costs four thousand dollars. This is the calculation of a statistician after a long computation of what wars have cost the human race in lives and treasure since authentic history.

The President of France has bestowed the cross of an officer of the Legion of Honor on 19 British officers, and the cross of the chevalier on 100 others for gallantry during the operations between August 21 and August 30.

Lisbon newspapers assert that Portuguese troops, numbering over 25,000 men, are aiding the French and British forces in the battle line in Belgium and France. The position of the troops is kept from the papers by the censorship.

It is announced that the following colonels have been promoted to be major-generals, as a reward for gallant conduct in the field: Sir David Henderson, Henry F. Wilson, James A. L. Haldane, Henry S. Horne, Frederick D. V. Wing, Bulfin and A. Hunter Weston.

A survey of conditions of unemployment in the various cities of Canada is being made by the department of labor under the direction of Hon. T.W. Crothers. A report has already been made as to the conditions in Montreal, while a report in Toronto is being prepared.

The post office department has again consented to the issue of Christmas stamps in aid of charitable institutions, etc., but these will not be allowed to be affixed to the address side. There is no objection to their being on the other side. Letters bearing stamps on the address side will be returned to the sender.

LUMBER SIGNS BREED OPTIMISM

Return to Normal Transportation Conditions and Large Shipments Expected

A feeling of optimism, in comparison with the depression of the past few weeks, is becoming apparent among those identified with the lumber industry of British Columbia. With the capture of the German cruiser Emden, which has removed a serious menace to trading vessels in the Indian seas, and the announcement by the Admiralty that strong measures are being taken against the German fleet last heard of on the Western coast of South America, the managements of the large provincial mills are beginning to look forward to an early revival of business. Already the Genoa Bay plant, which is situated a short distance from Duncan has reopened, and others are expected to do so shortly. Several large foreign orders have been placed with Vancouver Island concerns and the situation is considered appreciably brighter than it was some days ago.

Yesterday an American capitalist, who is prominently and actively connected with one of the largest of the island's mills stated that the prospect had improved materially. His particular company has now at tide water about ten million feet in logs. Actual logging operations have not been under way since a short time after the outbreak of hostilities. Plans now are being considered, however, for the resuming of business. The chief difficulty with which the merchants have had to contend, it is pointed out, has been that of transportation. The knowledge that there were belligerent war vessels on the high seas, and that cargoes ran the chance of seizure has made the rates of insurance excessive and so handicapped trade that it has been impossible to continue. Now that there is an immediate prospect of this pressure being removed the authority referred to is of the opinion that the industry may be expected to developed marked actibity.

New markets, it is said, are likely to be available as soon as the trade conditions are anything like normal. That to which the companies are looking to particularly is that of the Eastern United States. The influence of the opening of the Panama canal, it is believed, will be the means of stimulating the shipment of the natural products of the northwest to these centres.

COURT OF REVISION UNDER LOCAL IMPROVEMENT ACT

NOTICE is hereby given that on Monday, the 30th day of November, 1914, at the hour of 8 p.m., at the Council Chamber, City Hall, Revelstoke, B. C., there will be held a Court of Revision under the Local Improvement Act for the purpose of hearing complaints against the proposed assessments or the accuracy of frontage measurements made in respect of the following works constructed by the Corporation of the City of Revelstoke as a Local Improvement.:

(1). A 33 foot bitulithic pavement with cement curb and gutter on First Street from Orton Avenue to Government Road;

(2). A 53 foot bitulithic pavement with cement gutter on McKenzie Avenue from Victoria Road to Second Street, and a 52 foot bitulithic pavement with gutter between Second Street and Third Street;

(3). A 30 foot bitulithic pavement with cement curb and gutter between Third Street and Eighth Street.

The assessment roll for the above is open for inspection at the City Hall from this date and any complaint which persons interested may desire to make and which is by law cognizable, will be heard at the Court of Revision.

Dated the 14th day of November, 1914

W. A. GORDON,
City Clerk.

TIMBER SALE X 292

Sealed tenders will be received by the Minister of Lands not later than noon on the 7th day of December 1914, for the purchase of Licence X 292, being 2,000,000 feet of timber at present in the Duncan river between Howser Lake and Kootenay Lake, and in the Lardeau River between Duncan River and Trout Lake.

Two years will be allowed for the removal of the timber.

SOCIAL AND PERSONAL

EDITED BY MISS FLORENCE LAWRENCE

Those having items for publication in the Mail-Herald social and personal column are requested to call up phone 62.

Those receiving this week are:
Thursday.
Mrs. J. P. Hume.
Mrs. E. A. Dixon,
Friday.
Mrs. Robert Squarebriggs.

Mr. Herbert Cassidy of Rogers Pass spent yesterday in town.

Mr. W.H. Bohannan of Chase was a visitor in town for a couple of days.

Mrs. N.R. Brown returned on Monday from a visit to New Westminster

Mr. King, principal of the Arrowhead school spent Saturday in town.

Mr. Southworth is home again, having undergone an operation for appendicitis.

Mr. Sidney Holmes of the Forest Mills staff is in Edmonton on business for the company.

Mr. B. O. Smalley of Seattle, who has been in town for a week, left for Seattle last evening.

Mr. Jack Calvin, representing John Leckie & Co., of Victoria is a guest at the Hotel Revelstoke.

The Children of Mary of St. Francis church are planning a play to be put on in the near future.

Mrs. Augus MacLean will not receive on Friday, November 21, nor again until the third Friday in January.

Mr. and Mrs. George Berland of Spokane, Wash., were the guests of Mrs. C. McKellar on Monday, enroute to the coast cities.

Eric Coursier came in from Ashcroft last week. Eric will put in the winter studying, as he will go up for his examination in May, for Dominion land surveyor.

Capt. McKenzie, cousin of J. B. McKenzie of Revelstoke is in town, Capt. McKenzie fought in the South African war and is one of the three survivors of Majuba Hill.

Mrs. Harry Cooke of Arrowhead, returned home on Tuesday, having spent the past three weeks in town. Mr. Cooke who has been in the hospital for some time, is improving rapidly.

Little Oscar Forsland, son of Capt. Forsland of the steamer Revelstoke, returned on Monday to his home in Arrowhead. Oscar has been under treatment at the Queen Victoria hospital.

Mrs. C. A. Procunier and Miss Irene Procunier left for Taft on Monday morning, Miss Procunier is the new teacher of the school now opened there. Mrs. Procunier will remain a couple of days.

The members of the Women's Canadian club are asked to have their donations of socks for the soldiers ready and left at the home of Mrs. Ernest H. S. McLean, not later than November 25, as the executive is anxious to get the parcel off in sufficient time to reach England for Christmas. Already several donations have been received. Each member is asked to add a small pot of Borated Vaseline to each pair of socks. Any other gifts that could add to the comfort of the boys at the front will be gladly received and added to the shipment to be sent.

Mr. J.P. Forde is spending a few days in town a guest at the Hotel Revelstoke.

Twins were born on Monday, a boy and a girl, to the wife of Mr. Cold of Malakwa.

Mrs. W. H. Roberts, who was operated on at the hospital on Monday, is doing well.

Mrs. A. Hobson will not receive on Thursday, nor again until the third Thursday in January.

A tea was held on Monday afternoon at the home of Mrs. C. Fossett. This was one in the chain of teas in connection with the bazaar to be given by the ladies of St. John's church in Smythe's hall tomorrow.

Mr. McLaurin formerly a principal of the high school and more recently acting as high school inspector throughout the province, has been given a distinguished promotion. He is appointed principal of the new normal school now nearing completion in Victoria. At present Mr. McLaurin is away in the eastern cities studying the newest and most efficient normal school systems. His new duties are expected to commence at the New Year.

The bazaar under the auspices of the Ladies Auxiliary of St. John's church will open promptly at three o'clock on Thursday afternoon in Smythe's hall. Many dainty and useful articles will be on sale, also growing bulbs and flowers, candy and home cooking. There will be a Japanese tea room, where afternoon tea may be enjoyed. No admission fee is to be charged for the afternoon. In the evening a concert and social will be held for which the admission is 25 cents. The program commencing at 8.15 o'clock will consist of the following numbers: piano duet Misses Brown and Crowe; recitation, "I'm Feeling Fine," Miss Bond; vocal solo, "Forgotten," Miss Penzer; recitation, "Vat you Please," Mr. W. A. Bell; song, Mrs. Squarebriggs; cornet solo, Mr. E. Bond; solo, Mr. Buck; recitation, "Old Ace," Mrs. J. Armstrong; vocal duet, "Hunting Tower," Miss Jordon and Mr. Hay; reading, Mr. J. Gordon; piano duet, Misses Abrahamson; solo, Mr. A. Thomson. There will be other interesting features of entertainment in which all who wish may participate. After the concert refreshments will be served without extra cost. The public are cordially invited to attend both afternoon and evening.

The sale conducted last Friday and Saturday in C.B. Hume's department store by the ladies of the Relief society was a success from every point of view. The weather man, who had apparently handed out his worst sample for the opening day, was really a big assisting partner, for the "gent's furnishings" went like the proverbal hot cakes, sweatercoats, rubber boots, macintoshes, ulsters, etc., were in great demand. Upstairs, in the general drygoods department, a smiling company of well known ladies disposed of their wares with evidently as much enjoyment to themselves as to their customers. Every sale was spot cash and no reductions asked. Convenient to the entrance a charming little tea booth was arranged with daintily set tables, pretty China and tempting refreshments. There Mrs. Wallace, Mrs. Cormier, Mrs. Geo. Moth, Mrs. Knox and Mrs. McPherson succeeded in adding $28 in clear profit to the enterprise. A piano placed close by was seldom silent, some of our best pianists being indefatigable in entertaining with popular and classical selections. Miss Irene Procunier, Miss Doris McCarter, Miss Bertha Hobbs, Miss Gladys Urquhart and Miss Lauretta Dupont deserve hearty thanks for their share in this program. On Saturday evening orchestra selections were rendered by Misses Wilson, Dickey and Myrtle Howson. Mr. George Hawker and Mr. Buck also contributed several splendidly sung solos mostly patriotic. The committee's thanks are gratefully tendered, first, to the C. B. Hume management and staff for the endless amount of extra work entailed to each of them and for their unfailing courtesy and assistance during the sale; and secondly, to the public of Revelstoke for their generous patronage, many persons making special efforts to assist the cause by purchasing their supplies for Christmas at this time. Mrs. Kilpatrick, president of the Relief society worked with her accustomed order and was ably aided by her several department managers and their staff of assistants. Mrs. Holten and Mrs. Downs in the "gents furnishings," had helping them the Misses Borden, Haggen, Hughs, Eaton, Dickey, McCarty, Marjorie Fleetham, Mae Whittaker, and Marjorie Lee. Mrs. Harry Bews disposed of candies and biscuits. The grocery department naturally did not do the rush business noticeable in the upstairs lines but this was not the fault of Mrs. Hugh Bruce, Mrs. E.H.S. McLean and their willing helpers, Mesdames. Laing, Kincaid, G. Donaldson, R. Gordon, Colpitts, Blacklock, Burfield, N. R. Brown and the Misses Bruce, Ina Brown, Hobbs and Lillian Lee. Upstairs were Mrs. McCarter, Mrs. Robbins, Mrs. Purvis and Mrs. McCleneghan while a bevy of high school girls were both useful and ornamental, Misses Olga Coursier, Lilly Abrahamson, May Whittaker, Mabel Simmons, Kathleen Field, Agnes McGiven, Enid Bradshaw, Elvira Johnson, Marion Lawrence, Grace Jackson and Margaret Matz. The total profits realized by the sale were in the neighborhood of $135.

FROM SALISBURY PLAIN

The following post card has been received by Willis Armstrong from R. A. Reid who is at present with the Canadian volunteers at Salisbury Plain.

Mr. Reid is well known here. He was chairman of the B. of L. E. and was a close personal friend of Mr. Armstrong who is chairman of the B. of L. E. Mr Reid was firing for some time for Mr. Armstrong. The post card is as follows:

Hello Willis,—How is everything around Revelstoke, pretty dead I guess. Well all the C.P.R. boys are getting along fine, We are all getting five days leave before we go to the front, but I don't think we will be going until after Christmas, unless the British have a big reverse. Well, so long Willis, if I ever get to Germany I'll send you a souvenir.

R. A. REID.

Violin lake, six miles from Rossland which was stocked with trout about four years ago, is yielding good results of late. Rossland anglers have made some fine catches one trout weighing 4½ pounds.

The Dominion Government has decided to prohibit the export of nickel from Canada except to the United States and is making arrangements to prevent any of the Canadian metal which is reduced in the refineries of that country from reaching the countries with which the British Empire is at war.

"An Apple a Day Keeps the Doctor Away

This is hard on the medicine man, but good for the rest of us. Canada has a million and a half barrels of apples to eat this year that always went to Germany. How will you have yours, baked, stewed or in pie. Personally, I prefer the old fashioned "Apple Sass."

By holding off buying we have avoided all the poor quality apples and light weight boxes. We have now a car, each box of which has passed our personal inspection. We paid a good price for these, but we have FRUIT that we can guarantee to our customers. Every box perfect and we might say over weight, all perfect B. C. apples.

SPYS
BALDWINS
WAGNERS
RUSSETS

Notes from the Mines

Seven leins for wages, so it is reported were plastered on the dredge at Goldhill on Monday.

The Ivanhoe mill, at Sandon, is to be used for the treatment of the Surprise ore, according to information from Sandon.

Malcolm Cameron, of Slocan City, has been awarded a contract for the hauling of 10,000 tons of ore from the Surprise mine, Sandon.

The 300-foot crosscut tunnel at the Noonday, at Sandon, has tapped an excellent ore body at a depth of 250 feet. It is likely that work will be continued on the property during the winter months.

It is reported from Moyie that the St. Eugene will again resume work on an extensive scale in the spring and that the Consolidated Company has encouraged many of the married miners to stay on at Kimberly during the winter, with the promise of work at Moyie when the St. Eugene resumes in the spring.

It is reported that the London metal market has resumed trading. If this should be the case the effect should be favorable on Canadian lead mining, as the lead bounty, based on London quotations, would make up for low prices. Silver has shown a slight improvement lately, being quoted at New York as hovering a little over 49 cents per ounce.

A syndicate of Portland, Oregon, capitalists have made a deal for the Echo mine, which adjoins the Standard, at Silverton, the vendor being J. H. Thompson, who has been operating the property since Patric Clark, of Spokane, threw up a bond on it at the beginning of the war. The Echo is a silver-lead property and the report is that development will be actively maintained during the winter.

Last week all details of a deal were completed which marked the removal of the Moyle interests from the Utica mine. Moyle and Caldwell were originally the largest shareholders in the company, but differences arose between the West Superior and the Kaslo man which ended in a lawsuit last fall, with a terrific scrap for control. When it appeared as if Caldwell might be laid low, a truce was patched up and a deal arranged whereby Moyle, who held a $29,000 mortgage against the property, in addition to his stock holdings, agreed to dispose of the mortgage and the stock he held for a lump sum of approximately $37,000. This amount Caldwell set out to raise, as it was a good deal, and one which would result in the saving of the property to the shareholders, as well as his own mutton. Several of the leading Consolidated M. & S. men were interested, and they interested their Eastern friends, and among these a large portion of the Moyle stock found a market at 5 cents per share.

The popular idea that war causes a large consumption of lead is an error, according to a well posted mining man. This impression arises from the idea that lead enters largely into the composition of bullets. The modern military rifle, however, is made up mostly of steel and nickel, with very little lead, and shrapnel is made of iron. In different countries the proportion of lead used in the manufacture of a modern rifle bullet varies, but the hated dum-dum is about the only bullet that carries a majority of its weight in lead. In times of peace, according to this authority, lead has its best innings, and at the times of greatest prosperity and development lead reaches its highest price. About 70 per cent of the lead product of the world is used in the manufacture of paint, so that in times of depression and uncertainty, as now exists, paint is not used to any extent, which naturally causes a falling off in the demand for lead. After the war, there will be quite likely a rush to catch up for past neglect, which together with the requirements for repairs of ruined cities and buildings may cause lead prices to advance to a high figure.

Hazleton Country Rich in Mineral

P. J. Higgins, who recently returned to Rossland from his mining claims in the north country, has an interesting story to tell of the mining development of the country around New Hazelton.

"The development on Rocher de Boule mountain, by mining men from Butte, Montana, has advanced particularly this summer," said Mr. Higgins, "and with great success. They have now reached a depth on the ore bodies of about 700 feet. The Standard mine is to the north of Rocher de Boule about 10 miles, and last year's development has shown up the ore bodies there well. Progress was held up on this property when word came from the smelter people that no more ore could be accepted from that part of the country, the company, therefore shutting down.

"The Harris mines did not do anything this summer. The owners were about to turn the property over to a company, when the war broke out, and the deal did not go through. The boys are going to go ahead this winter, however, and ship out ore, if they can get any price for silver.

"James Cronin, of Spokane, did great development work on his property, in the Babine mountains, this summer. He has one of the best lead and silver properties in the Hazelton district, and it gives promise of developing into one of the best mines in that country. To the south of Mr. Cronin's properties is the Last Chance group of claims, owned by W. P.O. Pemberton, of Victoria, and myself. This is a lead and silver property, and the assays have shown up well all along the vein. These assays have run as follows: 117 ounces silver, 70 per cent. lead. Not a great deal of development work has been done, so if it is hard to know how things will look after it is opened up.

"From my property, on Driftwood Creek, about three miles to the west of Cronin's, I have got good returns After developing this summer, the assays have averaged $75 per ton. It is only sixteen miles from the railway. I have another property on Dome mountain that shows up well, the assays running $68 gold, $5 silver and six per cent copper.

"There are several other promising properties on this hill that have a good deal of work on them, with a large quantity of ore ready to ship, which has shown up well. They are gold, silver and copper.

"Husbay Mountain is on the north side of the Bulkley river, and about 30 miles west of the Babine mountains. There are some fine showings here. All these properties are taking out ore this winter to ship in the spring. The ores will all run about $100 per ton.

"Hazelton district has not many large veins but lots of good producers, and the country is an excellent one for leasing."

Eighty Dollar Nugget From Tulameen River

Princeton, B.C., Nov. 13.—The British Columbia Copper company continues to haul large quantities of freight to Princess camp from Princeton. With the construction of its smelter and active mining operations a payroll of 500 employees at least will result.

W. Yolen Williams, mining expert, of Spokene, was here recently examining mining interests on Bear creek. He speaks in very high praise of the ore mining conditions and prevalence of minerals of this district and is likely to introduce capital for development and operating purposes.

Joe Diott is showing a beautiful gold nugget worth $80 which he recovered while placer mining about six miles above Tulameen on the river. There are a number of placer men on the river and Granite creek who during the low water made good pay.

J. H. Jackson of Tulameen is driving a tunnel on some placer ground near the town and is now in about 70 ft.

FINE SHOWING OF ORE.

This week ten inches of clean ore was uncovered in the face of the incline drift on the California mine. Alex. Ferguson, who brought the news to town, says the vein is clean galena, and is widening as development proceeds. The California is at present under lease to J. C. Winter and Martin Jacobson. They decided to throw up the lease a couple of weeks ago, but friends in town persuaded them to continue, with the probable result that they will now pull out with enough money to take life easy. Some years ago Martin Jacobson and A. O. Ostby netted about $10,000 from a lease on the California. It is hoped that this lease will prove equally profitable, and the chances are that it will be much more so.—Slocan Record.

Toys! Toys! For Girls and Boys

Never before have we had so large an assortment of Toys and Christmas Goods. Everything to delight and amuse the Children, and useful Gifts for the older folk, and NEVER BEFORE have they been marked so reasonable. Prices are fully 20 per cent lower than were last years.

We bought our Toys early in the season, before any advance in prices, and were fortunate in securing two large sets of Travellers Samples, at 25 per cent, below Cost, all of which we have marked at Prices that means QUICK SELLING.

Military Tactics

The wise military commander changes his plan of campaign to fit conditions as the progress of events dictates. The wise business commander does the same.

Firms that have never before seen the tremendous power of well directed, skilfully-prepared advertising based on a plan that is fundamentally right, will make use of this modern merchandising force now; old advertisers, wise and experienced, will expand along new lines—by means of advertising.

Canada is face to face today with enormous opportunities. new markets are opening, new opportunities are unrolling before established business. What is required is quick re-adjustment, a change of the plan of campaign to fit the new conditions.

Newspaper advertising will be the right-hand assistant of those who forge ahead in this crisis, not ordinary advertising however; the efficiency will have to be high, the plan and copy carefully laid out and skilfully prepared.

No expense nor obligation attaches to a friendly discussion of the new opportunities either in person or by mail. The fate of YOUR business may rest on your decision to act on this suggestion.

What is Doing in the Province

A mission band has been organized at Robson.

There are about 100 bee keepers in the Kootenays..

There are 22 men working at the Carmi mine and mill.

An auto with a P.E.I. licence number was observed in Fernie recently.

J. H. Doyle is taking over the King George, Creston's leading hotel.

The Fernie curling skips have already picked their rinks for the coming winter.

Fernie is going to celebrate the depression by holding a "hard times ball" shortly.

Two hundred and eleven voters registered on the Rossland city voters' list last month.

The Grand Forks company of sharpshooters is again being recruited to its full strength.

The Canadian Pacific railway wants the Greenwood city council to reduce its water rate.

Notice of incorporation of the Nakusp Co-operative society appears in the British Columbia Gazette.

Relief work has been started in Nelson by the municipal authorities for the benefit of those in need.

A game of tennis was played at Phoenix last week. The copper camp has an altitude of about 5,000 feet.

Rossland aliens who are required to register and report monthly are said to be backward about the latter duty.

Extremely wet weather has been delaying the contractors engaged in installing Cranbrook's new water works system.

The sum of $799.98 was recently paid into the Greenwood city treasury in one bunch, being for taxes on property of outside owners.

$21.50, the amount realized from the raffle of a cushion at Greenwood last week was used to purchase 63 pairs of socks for fighting men.

A bad cave-in has occurred on the "loop" tunnel on the Crow line, necessitating the construction around the tunnel of about 900 feet of track.

The Greenwood Ledge says that it is rumored that the Consolidated M. & S. Co., will buy all the smelters in the Boundary and install a copper refinery at Trail.

S. E. Bradley, who for the past two years has held the position of manager of the Creston Fruit Growers' Union, has resigned, and is succeeded by George Harld.

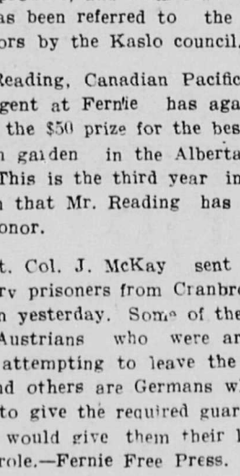
The liability of outside ranchers having to pay a license for selling wood produce, and team labor in the city has been referred to the city solicitors by the Kaslo council.

R. Reading, Canadian Pacific railway agent at Fernie has again received the $50 prize for the best kept station garden in the Alberta division. This is the third year in succession that Mr. Reading has won this honor.

Lieut. Col. J. McKay sent nine military prisoners from Cranbrook to Vernon yesterday. Some of the men were Austrians who were arrested while attempting to leave the country and others are Germans who refused to give the required guarantees which would give them their liberty on parole.—Fernie Free Press.

Notwithstanding the dry season which nearly cut the production in half, 42 carloads of fruit have been shipped from Grand Forks this season to date and it is expected that about eight or ten more carloads will be shipped, making a total of at least 50 cars, with an approximate value of $33,000.

NO ALUM



Vernon will have 25 volunteers in the second contingent.

Fall wheat throughout the district is in fine shape.—Nernon News.

Laws governing the measuring of wood and selling of milk have been passed at Kelowna.

Travel on the S. & O. railway has not been so slack for years past as it is at present.—Vernon News.

About $70 was the amount cleared at the dance on Friday night for the Belgian Relief Fund.—Chase Tribune.

Rossland has already shipped to 183 pairs of sox, 36 dozen handkerchiefs, and many other articles of the sort.

The death occurred at Penticton last week of J. W. Sutherland, assistant inspector of weights and measures.

Construction commenced Monday on the new extension of the government telephone line from Lumby to Shuswap Falls.

The work of reconstructing the government telephone system connecting Invermere with Golden on the north is being pushed ahead.

The Dominion Experimental Farm at Summerland is rapidly taking shape and plowing is expected to be in full swing in a few days.

In Rossland the number of alien enemies reporting to the police once a month according to their undertaking is very much smaller than the number residing there.

Within a month the wives and children of men who are on the way to the front from Fernie will be receiving upwards of $240 per month from the Patriotic fund.

Vernon council has refused an offer of a Vancouver concern to tender on sewerage work, on the understanding that they would accept city debentures at 85 in payment, because the price of the bonds is not considered high enough.

The Kaslo and district Patriotic Fund contribution has now reached the total of $1,272.25 for the month of October with promises of $133.00 monthly. Donations from both north and south have helped to make up this very satisfactory total.

The total amount paid into the Canadian Patriotic Fund in the Okanagan Valley, up to October 31, was $2804.70, which includes monthly contributions. which now total about $330, and $1.35 interest allowed on the money previously in deposit.

Already a legislative program for the forthcoming session of the provincial legislature is being arranged. Hon. W. J. Bowser states that the most important matters to be dealt with will be land settlement and aids to agricultural development. The legislation in these regards will be based on the recommendations of the agricultural commission which presented its report at the last session.

RUNNING 'PHONE LINE

The government telephone line from Princeton to Copper Mountain is to be built at once. Work will be begun next week under the supervision of Dan Miner. Already most of the poles are cut and in place. The line will cross the railway at the Similkameen bridge. W. H. Stevens, district superintendent of government telephones, was here this week and perfected arrangements for the new work.—Similkameen Star, Princeton.

IS UP TO OROVILLE

The British Columbia authorities have set the poles and stretched wires from Fairview to the international line near Osoyoos custom house, and now it is up to the people if this place to cover the gap between Oroville and British Columbia, terminus. Arrangements are being perfected to do this, and before long Oroville will be in telephone communication with various points across the line, which will prove to be a great convenience.—Oroville Gazette.

PRINCETON WILL HAVE PAYROLL

The railway contractors in the vicinity of Princeton are getting their forces organized to rush the completion of the unfinished portion of the Kettle Valley line. The Glavin Yungbluth company have established a camp at East Princeton and are using the townsite office as a business office. Quite a number of extra men have already been put to work and more will be put on in a few days when the steamshovel will be in operation on the heavy cuts between the cement plant and town. The timber for the several bridges is being hauled to different places required. Local men are of the opinion that it will take at least three or four months to complete the grading, which means that Princeton will have a large payroll from the railway all winter. Merchants report an increase in business already. The number of idle men in town has decreased materially within the past week.—Similkameen Star, Princeton.

PHONE LINE "LOOPED IN"

The "looping-in" necessary to make the government telephone lines both north and south available at the same time was done this morning. Henceforth a person talking with a southern point will not prevent a northern connection.—Summerland Review.

TO KELOWNA VIA PENTICTON

There is a strong probability of telegraphic connection being afforded direct from Kelowna to Nelson at an early date via Penticton and the Kettle Valley railway, along the track of which the poles have now been erected and the necessary wire is at Penticton awaiting orders for its erection.—Kelowna Courier.

HAS SPRING "COME"?

"What's this country coming to next?" was the query propounded to The Gazette by A. W. Johnson and A. Chimento, who brought a branch of pussy willows in bloom which they had secured at Lynch Creek. Tree budding at this season of the year has been most unusual until now, but it is reported to be quite a general thing this fall. An authority states that it has been occasioned by the long dry spell, during which growth was practically dormant, being followed by the warm damp weather which has started, growth again —Grand Forks Gazette.

IDAHO MINE

Mr. J. M. Robinson and his associates have met with most unusual good fortune in the acquiring and developing of a mining proposition near Silver City, Idaho, which now seems a certainty. On Friday last a telegram was received bringing the news of the striking of ore of paying qualities. Fred A. Gerling, a mining engineer who is associated with Mr. Robinson, has with him at the mine R. C. Robinson, and it was from him that the good news was received last Friday telling of the striking of ore.—Summerland Review.

MONEY FOR MATT WILSON

Noted in a recent issue of the province, the following few words will have great significance for at least one rancher of the district, well-known about town. By the will of James Reid Wilson, Montreal, his brother, Matthew Gemmill Wilson of Summerland, B. C., receives $5,000." The will of the late James Reid Wilson of Montreal, who died suddenly in London during the summer, has been filed for probate at Toronto. The estate totals $1,697,807. In addition to the legacy mentioned above a nephew and niece, children of Matthew G. Wilson, each receive $5,000.—Summerland Review.

DULL AGAIN NEXT YEAR

Last Saturday the second drill at Camp Clifton closed down, the full season's work laid out by the projectors having been completed. During the summer holes have been shot down in several directions from both sides of the canyon to deths varying from seven hundred to nearly two thousand feet. Traces of mineral have been found, but we believe no great ore body has been encountered. While nothing definite has been decided as yet, there are excellent prospects that the drills will be running next year at a little different locations.—Hedley Gazette.

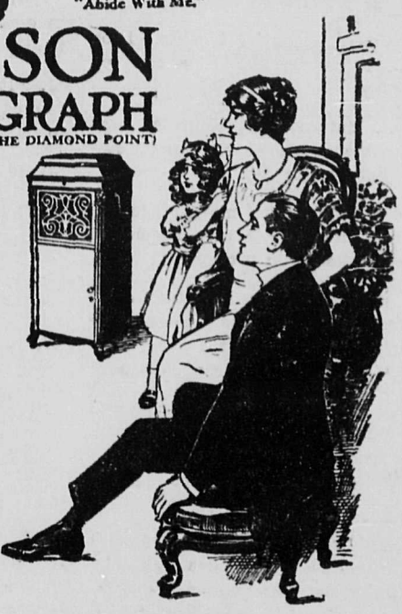
More than 70 Quartettes, too

WHEN you rely on the EDISON PHONOGRAPH for your winter's entertainment, you are not confined to Grand Opera Singers or Tango Dancing.

For instance; there are more than seventy Quartette Records; from the frivolous "Great Big Blue Eyed Baby," and tender melodies like "Old Black Joe" to the magnificent quartette from "Rigoletto," Mozart's Twelfth Mass and beautiful sacred hymns as "Lead, Kindly Light" and "Abide With Me."

The new EDISON PHONOGRAPH
(THE INSTRUMENT WITH THE DIAMOND POINT)



If you like music that thrills — just come in and let us play some of the rousing selections made expressly for the Edison Phonograph by the British Male Quartette — Knickerbocker Quartette—and Manhattan Ladies Quartette.

Then, you'll be able to examine the Edison for yourself — the diamond reproducing point, unbreakable and long playing records, superior motors and construction, concealed horns, and Cabinets made in true Period styles, in perfect harmony with the finest furniture.

AMERICAN-FRENCH RESERVISTS AFTER TWO WEEKS IN THE TRENCHES

BRIEF LOCAL NEWS

James Anderson of Kaslo is at the Hotel Revelstoke.

J. Austin Elliott of Nelson is at the Hotel Revelstoke.

J. F. Supon of Lytton was at the King Edward on Monday.

Capt. Petar of Kamloops was at the King Edward on Saturday.

M. Grady, proprietor of St. Leon Hot Springs, arrived in the city on Saturday.

J. A. Matheson of Cambie was among the guests at the King Edward hotel yesterday.

The seventh annual masquerade ball of No. 1 fire brigade will be held in the opera house on December 2.

All members of the B of L.F. & E. are requested to attend a meeting in Selkirk hall, tonight at 8 o'clock to meet H. H. Lynch, general chairman.

There has already been a brisk sale of tickets for the Patriotic concert to be held next Friday under the auspices of the Revelstoke Refief society.

A new fire-place is being installed in the Imperial Bank mess on McKenzie avenue, the roof is being reshingled and other improvements are being made.

Charged with vagrancy before J.H. Hamilton, police magistrate, on Monday, Min Sacchette was ordered to leave town or in default to pay a fine of $50 and costs or three months

The Canadian Pacific railway is collecting statistics of decreases in rents of stores or houses, of the number of houses or stores unoccupied and of any unemployment caused by the war.

According to a letter from J. Scruton to H.V. Morgan, R. G. Scuton is now business manager of the Nanaimo News, a new Liberal paper. Jesse Scruton is a reporter for the Daily Mail in Montreal.

A court of revision of the provincial voters list for the Revelstoke riding was held on Monday at the court house by R. Gordon. There was no attendance in person, but 36 names were added to the list and eight names of persons deceased were struck off the list.

A musical program and social, fish pond, Japanese tea room, fancy work, handkerchief, home cooking and candy tables and other features will be included in the bazaar, to be held by St. John's auxiliary in Smythe's hall tomorrow. The ladies who will have charge of the stalls have arranged to have for sale many useful articles suitable for Christmas gifts.

One hundred volunteers from among the members of the second Kootenay Boundary contingent of the second Canadian Overseas expeditionary force have in response to a call from the district officer commanding at Victoria volunteered for service in an eastern detachment according to information which has reached the city. In this number are included some of those from Nelson, Slocan and adjacent districts, the entire Rossland and Trail quota, one from Creston, the Golden and Athalmer representatives and the remainder was made up from men from East Kootenay. The members of this detachment were still at Victoria, being equipped. On Sunday some of the men had received their uniforms while the remainder expected theirs in a day or two.

S. Hunter left for Spokane on Monday.

H. Bourne of Glacier is registered at the Hotel Revelstoke.

W. J. Fraser of Okanagan Landing registered at the King Edward on Monday.

W. L. Armstrong of Armstrong was a visitor to the city on Monday and registered at the King Edward.

W. G. Laird and A. E. Foster of Calgary, inspectors of the Imperial bank of Canada are guests at the Hotel Revelstoke.

The Kettle Valley train made its last appearance in Carmi and Beaverdell on Friday last. The officials stated that there would be no more trains until the Canadian Pacific railway took the road over.

W. Gibbard came in on Sunday on a short visit to his family, returning on Tuesday. Col.-Sergt. Gibbard has charge of the guard stationed at the bridge at Revelstoke, and looks as though the life agreed with him.—Salmon Arm Observer.

A severe windstorm visited Golden at midnight on Sunday last. Considerable damage was done to property in different parts of the town. The force of the storm can be judged from the fact that it blew in one of the thick plate glass windows in the H.G. Parson, Ltd., store. Constable F. Gallagher was attracted by the crash, and assisted in protecting the store until temporary repairs were made.—Golden Star.

C. Hoddinott, of Spillimachene, met with a painful accident while hunting in that district. He and a companion were descending Spillimachene mountain after a good day's sport, when he stumbled over a ledge, causing his gun to discharge, the bullet entering his left wrist. He received first aid treatment from Mrs. F. Glover and later had the injury dressed by Dr. J.N. Taylor at the hospital here.—Golden Star.

The following appointments are given in the current issue of the British Columbia Gazette: William Alvin Angstadt, of Aspen Grove, to be a justice of the peace. Ernest T. W. Pearse, government agent at Kamloops, to be a court of revision and appeal for the Kamloops, Nicola, and Princeton assessment districts, in the place of F. Temple Cornwall, resigned. Reginald C. S. Belgian Consul Thanks Revelstoke Relief Society

The following letter of thanks from the Belgian consul in Montreal has been received.

The President,
Of the Revelstoke Ladies Relief Society,
Revelstoke, B. C.

Dear Madam,—I wish to sincerely thank you and your fellow-officers and also all the members of your society for your generous contribution of nine cases of clothing for the relief of Belgian victims of the war, and I can assure you that this evidence of your sympathy for the suffering Belgians is very much appreciated, particularly as we understand that most of the articles were made by the ladies of your society themselves.

We officers of the Belgian Relief committee here will see that your gift is forwarded to the desired destination and distributed among the Belgians, so badly in need of same.

I remain,
Very faithfully yours,
CLARENCE I. de SOLA
Belgian Consul

Gifts for Soldiers Worked by Ladies

The following articles have been handed in to the Relief society since last issue:

Mrs. Joliffe, 2 shirts.
Mrs. Brown, 1 pair mittens.
Mrs. Robbins, 1 shirt, 1 pair wristlets.
Mrs. Burfield, 1 shirt.
Mrs. Wells, 1 pair wristlets.
Mrs. Barrett, 2 pairs wristlets.
Mrs. Wallace, 1 belt.
Mrs. Pratt, 1 belt.
Mrs. Miller, 2 shirts.
Miss Doris McCarter, 1 pair wristlets.
Mrs. W.H. Sutherland, 1 belt.
Mrs. Atkins, 1 belt.
Mrs. L. W. Wood, 1 belt.

Also the following donations for the soldiers Christmas:

Miss L. MacKinnon, socks and cigarettes.
Walter Cormier, cigarettes.
Mrs. Wallace, wristlets.
Mrs. Porter, 1 belt.
Mrs. Madden, knitting wool.
W. Bews, cardboard.

LARDO NOTES

Lardo, November 17.—M. Skaar has finished the carpenter work on the Alexander residence at Cooper Gardens.

The Banfield ranch at Cooper Gardens was sold last week to a party from Calgary, who have already settled on the place. Mr. Banfield will reside here for the present, then he intends leaving for the coast and will likely settle in Portland, Ore.

A crew of men has started clearing five acres of land on the Ulvin ranch at Cooper Gardens.

Erick Strand, the Poplar mining magnate passed throhgh town last week on his way south. Mr. Strand stated that the mining outlook was very dull, but the syndicate that is operating is working steadily and is employing about sixteen men. Mr. Strand and Ben Lawson have been operating the Tenderfoot property but have shut down on account of the snow.

'ALIEN ENEMIES' SIGNING

Over 300 'alien enemies' have signed the undertaking prescribed by the militia department in the provincial police district of South East Kootenay. Up to the present the police have not found it necessary to resort to any other means of having these subjects of belligerent nations report, other than posting notices in conspicuous places.—Creston Review.

THIEVES IN KELOWNA

On Tuesday morning the Chief of Police received three complaints from householders of washing having been stolen from the line during the night. All the cases were well within the city, being mostly in the neighborhood of Bernard avenue. In addition to this, there were three cases of chickens having been stolen a few nights before, Mr. Weeks having lost twenty-seven birds.—Kelowna Courier.

STRIKES NEAR PRINCETON

At Voigt's camp a large body of high-grade copper-gold ore has been struck at a depth of 300 feet during the past 10 days. The ore carries iron and is of first-class smelting quality. This strike was made from the lower tunnel on the No. 18. On the Duke of York mineral claim, drifting south of the main tunnel, a very fine quality of ore running heavily in iron has been struck. Continuous work on this drift since July has revealed no change in the high-grade character of the ore. On the No. 3 and Verde group a new ore body on the surface has been struck, showing good copper values an excellent indication.—Smilkameen Star, Princeton.

W. R. Wilson, manager of the Crow's Nest Pass Coal company, presented each of the Fernie volunteers with a pipe and pouch of tobacco.

During the month of August, September and October, no less than 108 new post offices have been opened at various points in the Dominion. Of these 28 were in Saskatchewan, 15 in Alberta, 13 in Manitoba, 17 in British Columbia, 15 in Quebec, 8 in Ontario, 6 in New Brunswick, 5 in Nova Scotia, and one in the Yukon.

BIRTHS

COLD.—At the Queen Victoria hospital on Monday, November 16, to the wife of P. C. Cold of Malakwa, twins, boy and girl.

Greenwood's donations to the Patriotic Fund are in excess of expectations.

The German army is suffering from a shortage of officers. The Berliner Nachrichten makes the following comment in this connection: "Uninterrupted and exhausting marches, attended with heavy losses have greatly decreased the corps of our officers. Officers are subject to nervous stress and frequently turn out to be unsuitable for service. Things went so far in many places on the western front that one lieutenant has command of two or three battalions. The war office is making heroic efforts to fill gaps created in officers' corps. The Emperor has issued a decree according to which all persons who have had higher education will be promoted to be officers after three months service."

TELEPHONE CONSTRUCTION APPRECIATED AT CHASE

No public work that has been undertaken by the dominion government in this district has been more generally welcomed than the long distance telephone line now under construction, says the Chase Tribune. A large gang of men are at work under the superintendence of W. H. Stevens. The poles are all set for a long distance past Chase including up to Adams Lake, and the wire for this district has arrived at Pritchard and Chase. The work is being carried through promptly, and incidently a number of the home-steaders in the district has received a benefit by being employed on contract for supply and delivery of the poles needed along the route. With a local exchange at Chace (which may be installed in the near future) and connection with most of the outlying districts, the system should be of great advantage to the neighborhood. It is expected the work will be completed before the end of the year.

Geo. Higgie of Vernon is selling his Angora goats by auction and giving the money to the Belgian relief work.

Commander R. A. Norton, late of H.M.S. Hogue, and the chaplain of H.M.S. Cressy are aboard a British warship now in Halifax. It was Commander Norton who submitted the report of the sinking of the Hogue to the Admiralty, which report concluded: "I have the honor to submit that I may be appointed to another ship as soon as I can get a kit." His request was answered soon, as he is now in command of a warship."

CHEER UP!...

The Allies are Winning on the French frontier, driving the Germans out of France and Belgium, back into Germany.

The Russians are Sweeping the Enemy before them and are within 175 miles of Berlin.

Berlin is in a panic, as the enemy gets ready to meet them on their own soil.

The Admiralty of Great Britain announce the sinking of that little terror, the German Cruiser Emden.

Kitchener and Fisher are on the job.

We were never better prepared to meet the demands of the citizens of Revelstoke for winter clothing.
