

MATTRESS WORK TO PROTECT COLUMBIA RIVER WHARF

Member For Kootenay Obtains Authorization for Protection at Wharf—Work Will Be Completed Before Rise of Water in River—Rockwork and Mattressing to Protect Piling

While passing through Revelstoke on his way to Ottawa recently the condition of the wharf at Revelstoke was drawn to the attention of R. F. Green, M.P. and the necessity for putting in mattressing and rockwork to prevent the piling at the lower end from scouring out altogether was urged upon him. He at once urged J. P. Forde, the district

engineer to take the matter up, and on Mr. Green's recommendation to Ottawa the engineer has received authority to proceed with the necessary work.

Mr. Forde, arrived in Revelstoke on Monday to make the arrangements, and work will at once be begun and rushed to completion before the water in the river begins to rise.

MUNRO ACTS AS PLUMBER

Has His Troubles—Troops Leave Victoria For Front This Week

The following letter from Hart Munro written at the Willow's Camp on Sunday has been received by W. Barton:

Dear Bill,—Just a short letter this morning to let you know that we shall see you soon again as we are to leave here between next Thursday and Sunday and contrary to our expectations of a trip across the Pacific to Egypt we are going across Canada to Halifax where we will board the C. P.R., S.S. Missarabia for England (or possibly Bermuda). The entire 3rd class accommodation on the boat which is the latest and largest of the C.P.R. fleet has been reserved for the 30th, and we are looking forward to a much quicker voyage than that enjoyed by the first contingent. It is a matter of great pride to the officers and men of the 30th, that we have been selected after inspection by Major Gen. Sam Hughes to join the vanguard of the Second contingent which will probably be sent forward at interval of a week or ten days one battalion at a time. We have all been vaccinated for small pox during the past few days (some of the boys twice, as one of the doctors unthinkingly painted their arms with iodine as was done when inoculating and the bacilli in the vaccine were killed. Very few of us are feeling any ill effects as yet but we will probably have some sore arms very shortly. Our new rifles have arrived by express and they are meeting with considerable approbation being a vast improvement on the old Ross and although much heavier I don't think anyone will object to carrying the extra weight when they know they have a gun which can be depended upon under any circumstances I have been appointed plumber extraordinary to the battalion during this past week and may be seen carrying a couple of stilson wrenches and a length of galvanized pipe most anywhere in camp. I had been getting along nicely and was flattered myself that some people didn't know the difference between yours truly and a real plumber when I tackled a job yesterday morning putting an extension to a water pipe in the kitchen yard. In attempting to bend a pipe to suit this new requirement I broke it off just under ground where there was a coupling instead of 20 feet away as I had figured, and it didn't take that water (with about 200 pounds to the square inch pressure) very long to find out what I had done. I didn't lose any time in locating the caretaker of the grounds who is the only man who is supposed to know where the water shuts off, and after prospecting around out in the middle of a much used road he unearthed the shut off valve which I didn't hesitate to use. My troubles were then only commencing, however as by this move I had shut the water off the entire lower half of the camp including the cook houses of the entire 30th and the B.C. Horse cook-house and stables. Immediately I had the sergeant, cook, the stable boss and all their satellites on my trail and you may depend I shed some drops of perspiration before I had with the assistance of a couple of swamper uncovered about 30 feet of pipe line, removed it, repaired and

replaced the same and had the water back again under control, just in time to allow dinner to be cooked for about 1600 hungry men. Next time before I monkey with a similar job I shall see they get all the water they want first and probably save myself a lynching.

We are enjoying the usual fine weather and I find it hard to realize that it is winter time. When I think of the snow-shoeing, it makes me wish I were back in Revelstoke again and some days when the mountains on the American side of the sound show up distinctly I can imagine I see the snow covered Selkirk.

Stils and I were at the rink yesterday and had the pleasure of skating with four old Revelstoke girls.

We will not be told until the last moment when we are leaving and may not be allowed to send a telegram. In the meantime will close this scribble with best wishes to all the boys from,

"HART"

CRAIGELLACHIE HOME BURNED

Handsome House Burned in Absence of Owners—No Insurance

(Special to the Mail Herald)
Malakwa, B. C., Feb. 9.—The most disastrous fire in the history of the valley occurred between the hours of 11 and 12 on Sunday morning when the beautiful home of A. Boileau was destroyed.

The fire occurred while the family was away and apparently in 30 minutes the fine home was a total loss.

The two boys, Fred and Albert left home for Malakwa about 10.45 and Mr. and Mrs. Boileau went to Craigellachie, about a mile distant, for the mail. Mr. and Mrs. Boileau left the house about 11.15 and on their return about 12 o'clock the house was a total ruin. For some time previous to their departure there had been no fire in the house.

The house itself contained 14 rooms and was as near modern as it was possible to make it. It was handsomely furnished throughout and was only completely finished a few days before it was burned. In addition to their home, the family lost all their clothes, a years provisions, jewelry and \$100 in cash.

The Boileau home has long been known as an excellent place of hospitality. Mr. and Mrs. Boileau have spared nothing to make their visitors feel at home and have left nothing undone to entertain them. Their many friends throughout the country will feel the loss almost as much as the owners and extend to them sincere sympathy.

The loss is about \$6000 with no insurance.

COMMISSIONERS MAKE ANOTHER REDUCTION IN POLICE FORCE

Services of Night Jailor Dispensed With—Closing Hours for Bars to be Strictly Enforced—Hotel Keepers Required to Assist in Suppression of "Rolling"—Abolition of "Snake" Rooms Discussed

The police commissioners at their first meeting for the present year held on Monday, decided upon another reduction in the police force, a resolution being passed to dispense with the services of Constable Terry on March 1. At the last previous meeting of the police commissioners, held in November last, Constables Donald Ross and John Beazly were dismissed in order to effect economy. The police force now consists of H. M. Parry, chief, Sergt. Cleland and Constable Garnett with T. Bain jailor.

Mayor Foote in opening the meeting said that he was a new member of the commission, and the other commissioners probably knew more about the work than he did, but there were several matters which in his opinion might be improved. There were now two jailors one drawing \$97.50 and the other \$90, a month. He thought this was an imposition upon the city.

A motion was carried that the services of Constable Terry, who has been acting as night jailor since last November, be dispensed with from March 1 and that Sergt. Cleland and Constable Garnett relieve Thomas Bain three nights a week.

It was also decided that Chief Parry should keep a book showing the distribution of all supplies and a record of all prisoners' work performed. The commissioners were of the opinion that the police department should be credited with work performed by the prisoners. Last year work to the value of over \$1000 was performed and no credit was given for this to the police department.

The question of prisoners' rations was discussed and W. A. Gordon, secretary of the board, was instructed to write to Kamloops, Vernon and Nelson for information as to the food supplied there for prisoners.

The mayor said that the city council had decided that all civic supplies should be purchased through the city clerk. The object was to obtain a check upon purchasing and also to secure a fair distribution of orders among merchants. The clerk would not buy from merchants whose charges were too high.

The council's decision as announced by the mayor was concurred in by the commission.

The board passed a resolution recommending that the chief of police be appointed health inspector, at the former salary of \$20 a month, the clerk producing statistics showing that the salary of the chief of police was the lowest of any similar town in British Columbia. Last year the plumbing inspector was appointed health inspector, a position formerly held by the chief of police, and since the council dispensed with the services of the plumbing inspector the chief of police has been acting as health inspector.

It was also decided to instruct the police to see that the closing hour for hotel bars was strictly enforced, and that blinds were removed during hours during which the bars should be closed.

An application from Oliver Jones for appointment as police constable was filed.

The commissioners present were: the mayor and commissioners G. W. Bell and E. Trimble.

The commissioners held another meeting yesterday morning, the chief of police being present.

The minutes of the previous meeting were read and the mayor explained to the chief of police the reasons for reducing the force. The city was suffering from the financial stringency, he said, and the commissioners thought that \$90 a month was too much to pay a night jailor. He was sorry to dismiss a man with a family, but it was necessary to curtail expenses. The commissioners wanted the chief's help in their efforts to eliminate every unnecessary expense. It was reported that some hotels sold liquor after the closing hour. He did not know if this was correct but the commissioners desired the police to see that all bars were open to the view of the public after closing hours.

PRIZES WON AT CARNIVAL

Many Attractive Costumes at Ice Carnival at Y.M.C.A. Rink

What was probably the most numerous attended and most picturesque ice carnival ever held in Revelstoke took place on the Y.M.C.A. rink on Monday evening. Notwithstanding the mild weather the ice was in fair condition and to the music of the city band the skaters spent an enjoyable evening and hundreds of onlookers gathered to enjoy the music and admire the costumes, which represented every age and every clime and included artistic elaborate, comic and historic representations.

On Tuesday the skaters again gathered and several moving picture films were taken. The winners of the handsome prizes were announced by A. E. Kincaid to the interested crowd and were as follows:

Best dressed lady,—Miss Janet McIntyre as a Flower Girl.

Best dressed gentlemen,—R. Marcus as Blue Beard.

Best dressed couple,—Miss George as Red Wing, and Mr. Gensel as an Indian chief.

Best dressed boy under 12,—Sam Needham as a Hudson's Bay Indian.

Best dressed girl under 12,—Margaret McInnis as a Turkish girl.

Best lady skater,—Mrs. Megett.

Best skating couple,—Miss Phillips and A. M. Harding.

Best dressed couple under 12,—Elaine Robbins and Evat McEneghan.

The best comic was won by Jack McCarty, F. Fleming and Dick Lawrence representing an elephant.

Fifty Thousand for City Public Buildings

The main estimates for the coming fiscal year were tabled in the house of commons last night. They included for public buildings:

Revelstoke,	\$50,000
Golden,	20,000
Fernie, (drill hall)	20,000
Grand Forks,	5,000
Greenwood,	10,000
Kamloops, (drill hall)	29,000
Kamloops, new pub. bldg.	75,000
Kelowna,	30,000
Penticton,	20,000
Trail,	20,000

SINGS PRAISES OF REVELSTOKE'S CLIMATE

Eloquent Address By Mayor Foote at Dedication of Snow King

The following is the full text of Mayor W. A. Foote's speech at the unveiling of the Snow King on Saturday.

"Kipling has sung the praises of our Lady of the Snows, I speak the praises of her Consort, the Snow King of the Mountains. Just as these grand old hills by which we are surrounded, are the roof of this continent, the backbone of our country, so is the snow king the winter blessing of our Canada. Think what the people of other states, and indeed parts of this very province would give for the privilege you and I have today of assisting in the dedication of such a statue representative of blessings direct and without charge from Heaven itself. Why, fellow citizens, there are millions of people, thousands of places to which this snow king would be worth his price in gold. There are millions of acres of land depending upon the free blessings he represents to us; and there are millions of acres without his blessings, which pay millions of dollars to secure the moisture and irrigated lands that he freely gives to us. He stands to us therefore for all the blessings of Heaven's own irrigation system, for our grand forest system, for our great white-coal or electric energy system, and for in large part the

attractiveness and scenic beauty of this favored mountain-home of ours. "He stands, too, for the vigour and health and joy of our Canadian people, old and young. They say the Scotchman can live and thrive anywhere because coming from "Caledonia stern and wild" where it means energy and thrift to succeed, he finds it easier in other countries than his own. For the same reason we know that the necessity of carving out a habitation and dwelling place of our own from the great lap of nature in Canada, where the frost goes deep, and the ice grows thick, and the snow falls heavily has made and is making us a race that refuses anywhere to pay seconds to the people at any climate. From the Yukon to the Line, and from gray old Atlantic to shining Pacific we are children of the snow king and we hail him as father of the finest and most vigorous people on the earth.

He stands too, boys and girls, for the sports and the games in keeping with the race and vigour of your parents. No sports can compare in strenuousness and resourcefulness, requiring such endurance, skill and courage as our mountain water sports and their practice and enjoyment will make you, surely, fit and worthy sons and daughters of worthy ancestors and pioneers.

(Continued on Page Three.)

EXCITING RACES AT FIRST WINTER SPORTS CARNIVAL

Jumping, and Races Watched By Large Crowd—Big Procession

Revelstoke's first winter carnival held yesterday attracted much attention and those who climbed the mountain at the back of the hospital to watch the events were well repaid by seeing some excellent exhibitions of ski running and jumping. Good snow-shoe races were also included in the program and were especially interesting.

Among the spectators was Grant Hall, vice-president and general manager of Canadian Pacific railway lines, with Mrs. Hall and J.M. Cameron, assistant general superintendent. Mr. Hall and party arrived in the city in the morning and left at 4.30 in the afternoon.

The proceedings opened in the morning with a long distance race which was keenly contested, there being 10 entries. The course started from the hospital, thence through lower town as far as Maley's ranch and from there up the auto road and back by the ski jump to the hospital, a distance of nearly eight miles. The shortest time taken was 1 hour, 14 minutes and 12 seconds and the longest 1 hour, 24 minutes and 52 seconds. The contestants started at intervals of one minute apart and the awards were made according to the time. The first prize, a silver cup presented by the Revelstoke Wine and Spirit company, with a gold medal given by the Revelstoke Ski club was won by E. Engin of Phoenix, who holds the jumping championship for Canada. The second prize, given by P. Burns & company, was won by Nels J. Nelson of Revelstoke, the third prize presented by Bourne Bros., being captured by A. Nel. Snaev of Revelstoke and the fourth, donated by W. Bews by Nels Simpson of Malakwa. The contest was very close some of the contestants coming in within a second of one another.

At 1.30 a parade of skiers and snow-shoers left Scandanavian hall. It was headed by Mayor Foote who was followed by the Ski club. Then came the Snow-show club numbering about 100, carrying a banner with the inscription "Revelstoke Snow Shoe club."

At the mountain the first event was the jump for boys under 15 years and some good jumps were made, Tom Maley winning the first

prize given by His Worship W. A. Foote. The second prize given by the Lawrence Hardware company was won by Ivan Nelson, and the third prize presented by R. Gordon was won by R. Granstrom.

In the mens ski jumping contest for the championship of British Columbia, Nelson J. Nelson of Revelstoke and E. Engin of Phoenix, champion of Canada were the favorites with the spectators. The first prize, a sterling silver cup presented by C.B. Hume & Co. was won by Nelson, the second prize, presented by F. B. Wells, was won by E. Engin of Phoenix; A. O. Maland of Camrose won the third prize presented by the Lawrence Hardware company.

In the run for beginners much merit was caused. In the contest for ladies the first prize, presented by G. W. Bell, was won by Mrs. Halvorsen, and the second and third prizes donated by C. R. Macdonald were won by Miss R. Halvorsen and Miss T. Hughes, Miss Isabel Coursier being honorably mentioned.

Leonard Maley won the first prize in the mens contest, donated by S. Halvorsen, and the second prize, given by F. B. Wells, was won by F. Lefaux.

In the ladies (open) ski run some splendid exhibitions were given, the first prize a gold medal given by B. R. Atkins, being captured by Mrs. Gunderson; the second prize, presented by Reid and Young, was won by Miss E. Nelson, and the winner of the third prize, given by the Manning Candy company, was Mrs. S. Carlson.

The mens (open) longest standing jump proved exciting and the prize given by Dr. W. H. Sutherland was won by N. Nelson of Revelstoke, with a jump of 99 feet.

A double jump, hand-in-hand was given as an exhibition and was most interesting.

Announcements were made by A.E. Kincaid and B. R. Atkins, W. H. Pratt and T. Iversen acted as judges. The snow-shoe races, under the auspices of the Revelstoke Snow Shoe club followed.

The ladies race was won by Mrs. Megett with Mrs. Briery second and L. W. Wood captured the first prize for the men's race with Mr. Carter second.

WEDNESDAY, FEBRUARY 10, 1915

THE SWITZERLAND OF AMERICA

The success of Revelstoke's first winter sports carnival must have convinced even those who have hitherto harbored scepticism on the subject, that the snow clad mountains which surround the city offer the enjoyment in perfection of a great variety of health giving and interesting pastimes which well deserve to be more widely appreciated and more generally taken advantage of. The climate which creates the sports is, as the mayor eloquently pointed out at the unveiling of the snow king, Revelstoke's richest boon. It breeds a hearty, healthy race, engenders prosperity and offers the keenest joys of life.

The pleasures to which Revelstoke's winter climate gives rise are not available to the people of Revelstoke only, but to all in search of health giving enjoyment, and the more they are taken advantage of the better do they become. Revelstoke has something to offer for which millions are in search, the problem is how best to bring its attractions to the attention of those who might be induced to take advantage of them. It is worth a serious effort, for the tourist industry is one of the city's chief and least developed resources.

Revelstoke's problem in this respect is one which in greater or less degree concerns all Canada, and one which in the east as in the west is now being given considerable attention. The Toronto Globe advocates organization and persistent and systematic advertising, and nothing is likely to be more effective. Concerning this the Globe says:

A special endeavor is being made by the transportation interests of Canada to attract to the Dominion during the coming season some part of the vast army of American tourists who spend hundreds of millions of dollars in Europe every year, and who will find almost every European country practically closed to them when spring opens. The Canadian Rockies, the long trips possible upon the Great Lakes, the wonders of Niagara, the charms of the Muskoka region, the beauties of the Thousand Islands, old world Quebec, and the summer resorts of the Maritime provinces will be advertised as they have never been before. The results will undoubtedly be worth while, for the habit of travel is incurable, and a great many people who have hitherto neglected the injunction to see America first will take it to heart this year.

But while Canada will unquestionably attract more tourists this year than usual, the volume of business will not be anything like what it would be were the Dominion and provincial governments and the cities tourists frequent to join together in a well-considered campaign to divert the Dominion permanently some part of the stream of European travel. The globe-trotter does not always seek world-famous pictures or statuary. Mediaeval castles become a bore after a while. The greatest holiday region in the world today is Switzerland, and the charm of Switzerland consists in the fact that there men and women can live outdoors under novel conditions and play games in which snow and ice have a considerable part.

Switzerland first attracted tourists because of its mountains. The Alpine club gave the country its vogue. Then followed people whose lungs were benefited by altitude and the dry atmosphere. It was not until recent years that Switzerland became the winter playground of Europe. Tobogganing, skating, hockey, curling, skiing, and many other sports such as we in Canada regard as everyday

winter pastimes for our own people, were introduced by the Swiss to tempt the tourist. The result is that the Swiss winter season is far more popular even than the season of mountaineering. It may seem unduly optimistic to suppose that people would crowd to the vicinity of Banff in the Rockies for mountain climbing or for winter sports, or that there is any virtue in the High Park toboggan chutes to tempt the jaded New York palate, but there are in Canada quite as great summer and winter sporting facilities as Switzerland has. It needs only organization and persistent and systematic advertising, such as the governments of Switzerland and Italy undertake, to make Canada known throughout the world as not only a country of great opportunity for the settler, but as the Switzerland of America—the playground of the continent.

AT THE THEATRES

Tonight "The Aztecs Treasure" will be shown at the Empress theatre with two other good pictures. Tomorrow night the two exciting and interesting serials will be shown, "The Million Dollar Mystery" and "Trey of Hearts" as well as two other good films. On Friday Zudora will be shown being episode No. 9, and for Saturday another splendid program has been arranged.

Mutt and Jeff in Mexico will be seen at the Opera house on Feb. 15. The company includes 50 people and carries two cars.

Price of Sago and Sugar Advance

Sugar has gone up 45 cents per barrel this week and is now selling at \$8.50 per 100 lbs. as compared with \$8.25 last week. Flour remains the same. Cereals are beginning to advance. Tapioca and sago have increased in price 2 cents per pound.

Mrs. R. H. Urquhart.
Mrs. Roydon Smythe.

Friday.
Mrs. W. H. Sutherland.
Mrs. W. J. Coulthard.

Saturday.
Mrs. Ernest H. S. McLean.

Mrs. Boileau of Craigellachie was a visitor in town this week.

Mr. Ben Dickie of Vancouver, is spending a few days in town.

Mr. W. A. Anstie left on Sunday for Winnipeg and eastern points.

Mr. Frank McIntyre returned last week from a two weeks vacation spent at Cascade.

Mrs. R. Z. Crawford, and her brother, Dave Berg from Malakwa, are spending a couple of days in town.

Mrs. Jack Stuart and Mr. and Mrs. Roy Neil have returned from Cascade where they have been attending the Bachelor-McIntyre nuptials.

Mr. and Mrs. W.M. Lawrence are among the latest victims of la grippe. Mr. Lawrence is improving slowly, while Mrs. Lawrence is still quite ill.

Mrs. and Miss Campbell of Alberta are visiting Mrs. Campbell's daughter, Mrs. F. P. Creech of this city. Miss Campbell will make an extended visit, while her mother intends remaining about a month.

Mrs. E. G. Hadow received for the first time since her marriage on Tuesday afternoon, at her mother's home on McKenzie avenue. Mrs. Marshall received with her, and a great many ladies called during the afternoon.

Lots of excitement, as well as great enjoyment was witnessed on Saturday afternoon, when 132 school boys entered the snow-ball fight. Tommy Lee and Leo Goodwin were the captains of the competing teams, 51 boys on each side. After a hard fought battle, lasting the greater part of the afternoon, Tommy Lee won. The referees were Messrs. Manning and Sturdy, but report states they left long before the game was finished.

Members of the choir and the quarterly official board of the Methodist church, met after the regular choir practice on Friday evening in the church parlors, and presented Capt. R. Sawyer with a gold wrist watch, in recognition of his services as choir instructor. Appreciative remarks were made by Rev. Lashley Hall, C. F. Lindmark and Walter Bews. Refreshments were served, and the choir sang, "For he's a Jolly Good Fellow."

Miss Edna Corson, who is substituting for Mrs. Kennedy at the Central school gave a delightful surprise to her pupils on Friday afternoon, taking them for a sleigh drive. There were about 45 children, and Miss Corson was assisted on the drive by Miss Clair Fraser. A very jolly time was spent until the supper hour, when they all drove to the home of Mrs. Whitby, McKenzie avenue for supper. During the evening games were played and a number of songs by Mr. Walter Hardman were very much enjoyed.

Mrs. Hadow entertained at the 'tea' hour on Saturday afternoon, when a number of her young friends were invited to spend a social hour.

On Friday evening a very enjoyable dance was given at Taft, when a large number of guests were invited from Revelstoke, Malakwa and Craigellachie. Splendid music was given by one of the guests, the instrument being an accordion. A big supper was served at midnight, and one again at four o'clock. The guests from Revelstoke were: the Misses Lillian Pettipiece, Lillian Lee, Boileau, and the Messrs. Jones and White.

Mrs. Fitzgerald of Field is the guest of Mrs. Willard for a week.

Mr. J. P. Forde, of Nelson, arrived from the south on Monday, and left for the coast on Tuesday night.

Mr. Markstrum, superintendent of the Forest Mills, stationed at Taft spent Tuesday in town.

Mr. Gordon Sutherland of Comaplix is among the out of town guests attending the winter carnival here.

Mrs. Lashley Hall is spending a week or two with friends at Summerland, B.C., and other lake points.

Miss Sibbald has returned from the coast, and is the guest of her sister, Mrs. C. B. Paget, Government street.

Mr. Andrew Clarke of Victoria, B. C., is the guest of Mr. and Mrs. J. M. Paterson, Sixth street for a few days en route to the east.

The next tea given by the Altar society will be given on Shrove Tuesday in St. Francis hall. Miss McKenzie will be the hostess.

Mrs. Campbell, Third street west, entertained a few friends on Monday afternoon to a "Thimble party." Dainty refreshments were served.

On account of the Relief tea to be held on Feb. 17, the Frances Willard tea, given by the W.C.T.U. will be postponed to Friday, Feb. 19.

Dr. J. H. Hamilton left on the midnight train on Sunday for Guelph Ontario, whither he had been called on account of the death of an uncle.

Peter Standridge of San Francisco was the guest of Mr. and Mrs. A.J. Collision for the past 10 days. Mr. Standridge was pitcher for a base ball team in San Francisco, and is on his way east to pitch for the Chicago Nationals this year.

Mrs. W. H. Pratt gave a couple of 'teas' last week, one on Tuesday afternoon, and one on Friday, when a number of ladies were invited to sew for the Relief society. About 19 dressing gowns and eight shirts were the result of the busy workers, and a most enjoyable time was spent.

The Relief society are asking for donations of old sheets, pillow cases and table cloths to be left at the Y.M.C.A., or at the homes of Mrs. Kilpatrick, McKenzie avenue or Mrs. W.H. Pratt, 70 Second street. This linen is to be made into bandages to be sent to the front with the next parcel of clothing.

Mr. and Mrs. Hay entertained a large number of friends on Saturday evening at a delightful dance. A sleigh load of guests drove out from town, and were most royally received by the genial host and hostess. About 12 o'clock delicious coffee and tea, sandwiches and cake were served, Mrs. Hay being assisted in the serving by Mrs. William Leslie, Mrs. H.G. Garner, and the Misses Hay. A new turkey-trot was presented by one of the guests, causing considerable comment as to the ingenuity of the inventor.

Never has a more picturesque assembly appeared than that which congregated at the Y.M.C.A. rink in the first carnival of the year on Monday night. Looking at the scene from above the spectator would gather that representatives had come from the four corners of the earth, dressed in their native garb. The assembly was a motley one, and there seemed no dividing line between nationality or caste. Against the white background of the ice the variety of color and outline showed up to good advantage, and it was no easy task for the judges to decide upon whom to bestow the prizes amid the many characters suing for favor before the eyes of the large audience. Music was furnished by the City Band. From the patronage accorded this event it is apparent that more of these carnivals, so common in eastern rinks would be acceptable here.

A very jolly termination of the winter sports carnival was held last night when the members of the Revelstoke Ski club and a large crowd of guests attended the dance at Masonic hall. The hall was very nicely decorated for the occasion with flags, the walls, being panelled with crossed skis, snow-shoes and draped with red, white and blue bunting and yards and yards of the British ensign. Below the gallery was a large sign on red back ground with large white lettering reading 'welcome.' The city band furnished splendid music, under the able leadership of Mr. Ansil Hillier. There were 12 instruments in this band, a B flat base two altos, trombone, tenor, baritone, two cornets, two clarinets, two drums. Just before supper was served the prizes for the two days

sports were awarded. These prizes were announced by Dr. Sutherland, and presented by Mrs. C.B. Hume. Speeches were made by Mayor Foote, Mr. Thorlief Iversen, president of the National Ski association of Canada, Mr. S. Halversen, president of Ski club, and C. F. Lindmark.

Sings Praises

(Continued from Page One.)

Recall the value of Switzerland and its winter sports to Europe, for a year—\$550,000,000—and think that we in our mountains have 50 Switzerlands in one, and I ask you if in this tribute to our snow king we are doing even all we should, paying all the homage we ought as good loyal and happy subjects.

Here we are on the main-line of, perhaps, the world's greatest travel highway,—the Canadian Pacific railway. Here around us is the finest scenery in the world, the greatest feast for mortal eyes, the sweetest breezes, the grandest peaks, the most inviting travel-field to be anywhere found and I ask you again, are we doing enough with it? It is because all these blessings, this land of promise, which is ours by free gift of Providence, birthright and nationality, that we are content to let it lie in our sight and to our hands, undeveloped and unknown. I think it sinful! It is time we awoke, time to think and act together, to sing and speak and talk and write of all these great gifts, and here and now, on this occasion, I most seriously invite your hearty, enthusiastic cooperation.

Let us make a beginning now! Please, bring your cameras and kodaks along, all you, who have one, or can get one, and take pictures of our sports and send them to your friends, your newspapers and magazines without stint.

We intend, too, to have printed, procurable at the book stores, scenic letterheads, to write your letters abroad. Then we will start a letter writing week, telling of the summer and winter beauties and joys, of our scenic glorious and commercial advantages, to all our friends and their friends and invite them to come first opportunity to see and enjoy for themselves and with us.

We intend, too, to give cash prizes to our schools, for essays by the scholars on all publicity, subjects; beginning, say, with the value of this statue.

He has set me thinking and working. I take off my hat to him, whom I recognize and thank for the blessings and pleasures and joys he represents our country. And I declare him now, and while he lives, dedicated to the advertisement of Revelstoke—capital of Canada's Alps,—I call on you all, to join with me in giving "Three Cheers" for the 'snow king.'

A Milton, a Mirror Creek rancher has just imported a carload of alfalfa hay.

J. D. Caverhill of Vancouver is at the Hotel Revelstoke.

F. Parry of Toronto was at the Hotel Revelstoke yesterday.

A. C. Yoder of Nakusp registered at the King Edward on Sunday.

Miss Hazel Faulds of New Glasgow was at the King Edward on Monday.

Among the guests at the Hotel Revelstoke on Monday was E. L. Goodspeed of Chicago.

J. P. Forde, Dominion government engineer arrived in the city on Monday afternoon and left yesterday for Golden.

The annual St. Valentines dance given by the Girl's Hospital auxiliary will be held on Friday, Feb. 12, in the Masonic hall.

The annual meeting of the Revelstoke Liberal association will be held in Smythe's hall on Wednesday, February 17, at 8 o'clock.

In the Y.M.C.A. on Friday evening at 8 o'clock there will be a debate to which all men interested are invited to attend. The subject will be "Resolved that the United States should enter the war on the side of the allies." The debaters are: affirmative, A. Bell, J.L. Hay, F. LeFeaux Negative, A. Ross, A.C. Haddon and H. Gordon.

The death took place at Vancouver on February 1, at the general hospital after a short illness, of Anna, wife of Morris Anderson, Canadian Pacific railway foreman of the Vancouver division. Deceased was a native of Norway and 43 years of age. She came to British Columbia 11 years ago and lived 7 years in Revelstoke. The funeral took place last Wednesday at 1.30 p.m. from the T. Edwards Cos. chapel to Mountain View cemetery. Rev. E.L. Nanthrup officiated at the chapel and grave.

It is confidently expected that the Reverend Canon Plumtre, rector of St. James' Cathedral, Toronto, will be the special preacher at the consecration service of Dean Doull, bishop-elect of the Diocese of Kootenay, which is to take place in the Cathedral at Victoria on the 24th inst. (St. Matthias' Day). The Dean of Columbia and Canon Plumtre were students together at Oxford. It is expected that among those who take part in the consecration service will be: Archbishop Matheson, of Rupert's Land, Primate of all Canada; Bishop Penkham, of Calgary; Bishop Du Venet, of Caledonia; Bishop de Pender, of New Westminster; Bishop Keaton, of Olympia, Wash., and Bishop Roper, of Columbia.

Notice of the following appointments is given in the current issue of The B. C. Gazette: To be notaries public, Thomas Munroe Miller, Victoria; and Robert Cameron, Babine Portage; Herbert S. Pringle, of Victoria; and Cyril Alport Bate, of Nanaimo. To be veterinary inspectors, D. H. Chilliwick, M. Sparrow, of Nanaimo; and W. Thurlay Brookes, of Ladysmith. Frank Chalmers Raney, police magistrate of Point Grey, to have jurisdiction under the Small Debts Act within the limits of the municipality; John Jex Woods, of North Vancouver to be police magistrate in and for the municipality of North Vancouver; George O'Brien, of the city of Fernie, to be an inspector of coal mines and metalliferous mines; Charles O'Brien, of Coal Creek, to be instructor and caretaker of the Mines Rescue and Training Station in the city of Fernie, in the place of George O'Brien. To be fence viewers for the Northern Okanagan district, W. J. Fenton, H. Twigg and W. Jones, all of Enderby; and W. Owens, of Mara. Walter Noel of Smithers, to be deputy mining recorder for the Omineca mining division, with sub-recording office at Smithers. To be members of the board of directors of the Vancouver General Hospital: A. P. Proctor, C. Gatewood and S. Kerrighan. Gerald A. King, of Vancouver, barrister at law, to be a notary public and a commissioner for taking affidavits within the province.

Revelstoke Centre of Winter Sports

The following open letter has been received for publication:

Citizens of Revelstoke—Allow me to thank you for the kind and courteous treatment accorded myself and fellow visitors to your first Winter Sports carnival.

We are unanimous that Revelstoke will become the hub and centre of winter sports for all North America. Your scenic attractions, your National Park, your geographical situation and your other natural advantages

are overwhelmingly in your favor.

You have in your abundance of snow an asset which if properly advertised, can become a greater wealth producer than gold mines.

It is now an open book the Capital Switzerland and the Scandinavian countries have made out of their scenery, and how they have commercialized their snow, and it only remains for you citizens to realize the immense value of your stock in trade.

There are other towns in British Columbia quite awake to these same possibilities and unless you are alive to your own interests they will surely reap the reward that is by right yours.

Again thanking you,
THORLEIF IVERSEN
President of National Ski association of Canada.

Revelstoke, Feb. 8, 1915.

Exciting Bowling Matches at Y. M. C. A. Alleys

On Wednesday evening the Fire Hall A. bowler off against the C.P.R. and won out by three straight games. C. Newsome for the Fire Hall bowled strong all the way through, averaging 174 pins for the three games. He has now bowled 27 league games, with an average of 169 pins per game.

Great Excitement at Volley Ball Games

On Wednesday evening a number of volleyball ball enthusiasts turned out to witness the second league matches. The crack French Recruits took the floor against the Businessmen. During the week Capt. LeGallais, of the French Recruits, had been scouring the country for a player that could give assurance of bringing them a victory, so that when the two teams faced each other, the French Recruits were fortunate in having the old reliable J. Purvis, to support them.

The first game was fast until both teams evened up at about 8 points each. By this time the Recruits had their lightning combination down to a science and almost quicker than it takes time to record, they had for outstripped their opponents. The result of the first game was 21 to 12 in favor of the French Recruits.

The second game was much the same as the first. The Business men were at a loss without the help of their strong forward T.E.L. Taylor, and it is the firm belief of those who witnessed the game that had he been there the result would have been different. However the Recruits maintained their usual standard of play and won out by 21 points as against 14.

The second game of the evening, the Newcomers vs Scotch Reserves, was the fastest and most spectacular game played in the gymnasium this winter. Capt. Hay of the New Comers, was unable to play his six men, on account of C. Newsome bowling off in a league game the same evening. N. R. Brown of the Scotch Reserves being out of town, it was mutually arranged to play off with five men aside.

From the commencement the New Comers meant business, and from the manner in which the ball was passed from one to the other, it revealed the understanding of the game by the

players. The New Comers carried off the first game with a score of 21 to 5.

In the second game, the score was exactly the same 21 to 5, but this time in favor of the Scotchmen. J.S. Ross, played well for his brother Scots, scoring several points for his team, with his light touch of the ball over the net. In their team work and serving, they picked up wonderfully. While the score shows the New Comers went to pieces. Both teams having now a game each to their credit it was necessary to play off a third game. With the spectators rooting, first for the one side and then for the other, the game started off at a fast pace. Both teams were evenly matched, and the scoring remained throughout the game with only a point or two difference. Near the finish, the score stood at 18 all, and with only three points to go, the excitement was intense. First one side made a point, then the other until the score stood at 20 all. Then Scotty Veith gave a quick touch over the net, which proved too fast for Ainslie, and the Newcomers went down to defeat, score 21 to 20.

Following are the teams:

New Comers—J.L. Hay, C. Field, A. E. Rose, O. Ainslie, W. Bews.

Scotch Reserves—J. S. Ross, W. Veith, A. Thomson, D. Twiss, J. Little.

French Recruits—W. Le Gallais, J. Purvis, Dr. Heard, A. Ross, A. Woodland, T. Copeland.

Businessmen—W. H. Wallace, L.W. Wood, Dr. Dent, R. Marcus, R. D. Colpitts, J. Q. McKinnon.

Tonights games, New Comers' vs. French Recruits; Businessmen vs. Scotch Reserves.

Commissioners Make

(Continued from Page One.)

close the "snake" rooms. Commissioner Bell suggested putting up notices warning men to beware of being "rolled", and advising them to put their money in the bank as notices to beware of pickpockets were posted in other cities.

Commissioner Trimble said that there was talk to the effect that the mayor had been blocked last year in his efforts to reduce the police force.

This was not the fact. The board early last summer had decided that a reduction in the force should be made but the resolution had not been put into effect. Why the reduction was not made he did not know.

Commissioner Bell said that it was not their fault that the reduction was not made earlier. The city council had asked the commissioners to reduce expenses and the board had decided to reduce the force but nothing was done.

The mayor said that under present conditions it was necessary for the force to work harder, the only alternative being a reduction in salaries.

The chief said the policemen now worked 12 hours a day for seven days a week and Commissioner Trimble said that he believed the force was doing good work.

Police and License Commissioners Appointed

The current issue of the British Columbia Gazette gives notification of the appointment of the following police and license commissioners.

POLICE COMMISSIONERS

Municipal of Salmon Arm,—Councilor D. H. Leech, F. D. Nicholson. City of Vancouver,—Ald. Charles Edwin Mahon, Albert Caleb James Weeks. City of New Westminster,—Ald. Walter Dodd, A.P.G. Macdonald. This weather promotes Coughs

Those who have trouble in shaking off a cough should note that Mathieu's Syrup of Tar and Cod Liver Oil not only soothes the irritation of the bronchial tubes, and promptly stops the cough, but being a splendid tonic and healer it soon enables the system to permanently throw off the cold and restores the mucous membranes to their normal healthy condition.

Mathieu's Syrup of Tar and Cod Liver Oil has won, by its merit, the largest sale in Canada of any medicine for coughs—35c large bottle, sold everywhere.

J. L. MATHIEU, Prop., Sherbrooke, P.Q. If your cold is feverish use Mathieu's Nervous Powders in connection with Mathieu's Syrup. The fever will soon be dispelled and the patient well again. 25c Box (10 Powders).

Hurlbut Welt Cushion Sole

THE IDEAL SHOE FOR CHILDREN

A child could go barefoot in a Hurlbut Welt Shoe and never miss the stocking. Smooth inside, no tacks nor threads to hurt the most tender feet.
