BRITISH COLUMBIA HAS BEST TIMBER POLICY ON CONTINENT

M. S. Logan Explains Goverment's Timber Policy -- Conservative Party Has Not Given Away One Stick of Timber — Country Should Not be Handed Over to Pluggers

In a speech in New Westminster on the timber laws and the timber policy of the Government, Mr. M. S. Logan said the Conservative government which came into power in 1903 had not given away one single stick of timber or one acre of timber lands and all the assertions to the contrary of the critics of this government were so much cheap talk to mislead the electorate. Instead, the government had entered into such a degree of partnership with the timber industry to secure a fair share of the value of the timber when cut that if the present mills of the province were cutting at their full capacity—and they would be today if the ship bottoms were available—and if timber were selling at $20 a thousand feet, and the day was coming when it would be, the timber industry of this province would in five years pay off British Columbia's present total indebtedness.

His interests in this province were in lumber and, if he knew anything, it was about the timber laws of this province, said Mr. Logan. There were three forms under which timber was held in this province, Crown granted, leases and licences, and they all went back to the early days of the province. All that was Crown granted, such as that in the E. & N. Railway belt, or that which was purchased prior to 1888 at $1 an acre, was before the McBride Government came into power in 1903 and a great deal of it was granted when Sir Richard McBride was a small boy. The timber leases were divided into the 30 and 21-year periods. The licensing system also went back to early years when a man could stake 100 acres for $100 a year and the license had to be renewed every year. It was the working out of the licensing system which the government had taken in hand. In 1903 when the McBride Government came into power, the province was in very poor financial condition and the government decided to make these licenses transferable and renewable, and advanced the yearly rental to 22 cents an acre, with 50 cents a thousand feet royalty when cut. One sanguine lumberman told the government they might expect to raise in that way from a quarter million to half a million dollars a year, but instead the government got in two million dollars. In 1907 the government established a reserve on timber and in that year the government was getting in $2,000,000 a year revenue.

The lumbermen found that to save themselves they would have to slaughter the timber and they went to the Hon. W. R. Ross for relief. Mr. Ross said he was willing to listen to proposals that would safeguard the interests of the people of the province in the unearned increment of the timber and still give the lumbermen measures which would mean the stability of the industry and would help them to finance it. Then began an enquiry under which all interests were consulted and the assistance of Mr. Overton Price, Washington, D.C., formerly adviser to Mr. Gifford Pinchot on timber conservation, was secured. In spite of the charge that all the legislation of the government had been hurried and ill-digested, the Timber Forest Act of British Columbia received the utmost consideration from all concerned. Mr. Ross wanted the royalty question settled on three principles and those were a base royalty, a base selling price, and just how much of the increased value the country was entitled to. The royalty was set at 85 cents on No. 1 and 2 qualities and 50 cents a thousand feet on hemlock and inferior grades. It was determined, after an examination of the books of the lumber interests to determine the cost of production that lumber must sell at over $18 before the government was entitled to a greater royalty than that named. How much of the increase over $18 was the government entitled to? This was worked out in periods of years and it was determined that for the first 10 years it would be 25 per cent of the increase; for the second 10 years 30 per cent; for the third 10 years 35 per cent, and for the fourth 10 years 40 per cent.

Everybody knew that an increase was coming in the selling price of lumber, and how did that work out in dollars and cents? The present mills of the province working at full capacity could cut two and a quarter billion feet; $20 a thousand feet for lumber was not a visionary price and the capacity cut of the mills at that price would bring the government in royalties and licence fees over four and a half million dollars a year. The lumber industry, with lumber at $20 dollars a thousand feet and the mills working a capacity would in five years pay the entire debt of this "bankrupt" province, as the Liberals called it, out of its revenue to the government. Finally, Mr. Logan quoted opinions of well known authorities that the province had the best timber policy of any province in Canada or state of the Union.

Mr. J. J. Miller expressed his appreciaton of the character of the address given which was to counteract the malignant reports which the Liberals had spread to all parts. The nest of British Columbia, of which all true Britishers should be proud, had been fouled by the men who wrote the "Crisis" pamphlet, by the Liberal politicians and the Liberal press. It was estimated the Province had forty thousand million tons of coal in its coal beds. Let the government get a cent a ton for it and it would receive four hundred million dollars. The province had already produced 400 million dollars worth of minerals and if it could do that during the infancy of the province, surely British Columbia had untold mineral wealth. Today the world cried out for steel and iron and British Columbia had vast quantities of the ingredients for making it. All that was wanted was the confidence and the nerve to make it go, not to lament, as the Liberals were doing, but spending of a little money trying to develop it. They were told all their lumber had been given away; experts told them the natural growth was five times greater than the present cut per year. Paper and pulp were now being exported to Australia and South Africa; the fisheries last year brought in fifteen million dollars worth of produce. Surely a country so full of wealth should not be handed over to "pluggers."

LOSES LIFE AT TUNNEL

Olandzo Dupont Victim of Accident—One of Revelstoke's Most Popular Young Men —Many Attend Funeral

An accident which cast a deep gloom over Revelstoke occurred at the East end of the Rogers Pass tunnel early Monday morning, when Olandzo Dupont, aged 19 years, lost his life. It appears that he attempted to board an engine and, missing his step, fell under it, receiving injuries which resulted in his death four hours later, despite the fact that two doctors were immediately in attendance.

Mr. and Mrs. E. Corning left for the scene of the accident as soon as the news was received, but were unable to reach the tunnel before his death occurred. His father, E. Dupont was out of town at the time of the accident and was unable to reach the city until Tuesday noon.

Olandzo was one of Revelstoke's most popular young men and had many friends in the district. He participated in all outdoor sports and was one of the most energetic members of the Y.M.C.A.

The funeral, which was largely attended and which was held from St. Francis church, took place on Wednesday afternoon, Rev. J. C. McKenzie officiating. The pallbearers, who were close friends of Olandzo's, were: Walter McRae, Chas. Cormier, Jas. Hay, Lorne McLeod, Donald McGregor and Kenneth Corning.

Numerous wreaths and floral offerings were in evidence.

MEASURES PUT THROUGH BY GOVERMENT

Session Was Strenuous — No Evidence of Wrong Doing —Goverment Has Clean Record

The thirteenth Session af the British Columbia Legislature came to an end on Wednesday. It had lasted practically three months, and with one exception was the longest on record. It opened in a dramatic manner due to the intensity of public feeling occasioned by the remarkable results of the bye-elections in Vancouver and Victoria. In the first flush of victory Liberal leaders claimed that at last the Nemesis which they had for years been predicting for the Conservative Government had overtaken it. They claimed that their prediction that the country was sick and tired of the Government and would hurl it from power at the first opportunity had been literally fulfilled. They declared that similar results would be attained throughout the Province. They began to make their Cabinet, and counted that only a few short months stood between them and power. There was another striking characteristic of this period, which must not be lost sight of, viz.: the explanation offered by the Liberal leaders for the defeat of the Government. It had been a Government of corruption. It had squandered the revenues of the Province; it had alienated the lands of the province; it had destroyed the credit of the Province, and we were in an absolutely bankrupt condition. They went further, and declared with the utmost assurance that if they were placed in Opposition and allowed to investigate the expenditures of the Government, they would unearth scandals and prove misappropriations which would justify even more drastic measures than the adverse vote of the constituencies. All this was three months ago, and surely never was a mountain of criticism launched, which with infinite labor produced such a ridiculous "mus." The Session did not open auspiciously for the Opposition, for instead of settling down at once to the business of investigating the alleged scandals, they tried to administer the "happy despatch" to the Legislature, and if they had succeeded, there could have been no enquiry into the very seriuos matters alleged. However, Parliaments are not destroyed on a technicality, and this one lived to work for three months. Never has there been a more strenuous Session, nor more to show for it. On the one hand the Government has put through no fewer than seventy new measures, of which at least half a dozen are of first rate importance. These include the Shipping Bill, the Workmen's Compensation Act, the Soldiers' Homestead Bill, the new Mining Bill, and viewed from the standpoint of the interest they have excted, and the grave issues involved, one must also include the Prohibition Act and the Woman's Suffrage Bill. While these have been carefully analyzed in the House and both debated and criticized to a degree uncommon during recent Sessions, special Committees have been at work probing the charges made by the Opposition. They completed their labors during the dying hours of the Session, and in the important matters of the Kitsilano Reserve, the Songhees Reserve, the Parliament Buildings, and the Victoria Election, the Committees found that there was no evidence pointing to wrong-doing on the part of any Minister or Government official. In the matter of the Victoria Election, nothing wrong was brought home to the Conservative Party, or any of its officials. Any independent judge would agree on the evidence submitted that the Opposition failed in every one of these charges, and that whatever mistakes the Conservative Government may have made, it has clean skirts so far as honesty is concerned. In one respect the charges of the Opposition have proved to be a boomerang, for in the one matter launched by the Government, that of an investigation into the conduct of the Vancouver Election, the findings of the Committee were of so serious a character that in view of the proceedings which are now being carried on in the Courts and others to follow, it is

IS MINISTER OF PUBLIC WORKS

Premier Bowser Announces Reconstruction of Cabinet— Hon. Thos. Taylor Minister of Public Works

Despite the face that Mr. H. C. Brewster has alleged that nothing worth talking about has happened in Victoria since March 15, Premier Bowser announced that he proposed to proceed with the country's business by the reconstruction of his cabinet.

Three important changes have occurred. Hon. William Manson, who has been president of the council, has been sworn in as minister of agriculture. Mr. Ernest Miller, member for Grand Forks, has been appointed president of the council, and Dr. A. G. McGuire will be the new provincial secretary.

In view of the separation of the portfolios of Agriculture and finance Hon. Lorne Campbell was today sworn in as acting minister of finance and he is still, of course, the minister of mines. The cabinet now stands as follows:

Premier and attorney-general—Hon W. J. Bowser.

Minister of public works—Hon. Thomas Taylor.

Minister of lands—Hon. W. R. Ross

Minister of mines and acting minister of finance—Hon. Lorne Campbell.

Provincial Secretary and minister of education—Hon. A. G. McGuire.

Minister of Agriculture—Hon. Wm Manson.

President of the council—Hon. Ernest Miller.

Thus for the first time in many years no representative of the city of Victoria is today sitting in the cabinet. There is still open the permanent appointment of minister of finance, and it is well known that some weeks ago Mr. Henry Thomson, the tall member for Victoria, had the refusal of this portfolio. Since then a number of names have been suggested for the vacancy. Apparently the Premier has decided not to make any appointment at present.

The return of Dr. McGuire to the realm of active politics is probably the most interesting event of today's cabinet changes. A year ago Dr. McGuire announced with Mr. H. H. Watson that he intended to retire but today he is back and with a cabinet position. It goes without saying that he will be a representative of the Terminal city.

Again Appeal For Old Linen

The Red Cross society held its business meeting Wednesday, June 7th, in the library of the Y.M.C.A. In the absence of the president, Mrs. Kilpatrick, the chair was taken by Mrs. T. Downs. The minutes were read and adopted and the usual work despatched. To the many voluntary workers the Association feel most grateful, and splendid work from week to week is being handed in. The following is the list for the current week.

Mrs. Foote, Sr., 10 pairs socks.

Mrs. Flockhart, 3 pairs socks.

Mrs. W. Morris, Mrs. Stanley Pearse (Monte Creek), Mrs. Copeland, Mrs. Downs, 2 pairs socks each.

Left at Mrs. Kilpatrick's (no name) Mrs. Soames, Mrs. Roberts, Mrs. F. Paulding, Mrs. A. J. Jones, Misses Beatrice and Eva Jolliffe, 1 pair socks each.

Mrs. Young (Glacier), 12 shirts; Miss M. Morgan, 2 shirts; voluntary sewing.

From the Naomi Rebekah Lodge 25½ pairs convalescent shoes were received.

Mrs. Foote, Sr., has once more handed in a welcome contribution of socks and the local Red Cross wishes to thank her for these much needed articles. It is a source of pleasure to all concerned to know that she still continues to take such an active interest in the good work.

An urgent appeal is again put forth for old linen to furnish the great demand for surgical and hospital supplies. Will all who have same at their disposal kindly inform the committee when it will be called for, or send direct to St. Francis Hall where the work is carried on.

HANNAH BLACKLOCK,
Secretary.

SPLENDID ANNUAL REPORT OF WOMEN'S CANADIAN CLUB

Mrs. H. N. Coursier Re-elected President by Acclamation—Many New Members During Past Year—Many Meetings Held and Many Celebrities Brought to the City

There was a large attendance of members at the annual meeting of the Women's Canadian Club which was held in the High Sch ol on Monday, the 5th inst., Mrs. Coursier, President, in the chair. The meeting opened with the National Anthem.

The minutes of the previous meeting were read and adopted. The minutes of the last annual meeting were then read, followed by the reports of the secretary and treasurer, and the president's address. The resume of the year's work given in these reports shows most gratifying results, due to the untiring efforts and energy of the president and officers and the various committees, who worked harmoniously and unceasingly for the advancement of the club and furtherance of its aims.

SECRETARY'S REPORT

Madam President and Ladies of the Woman's Canadian Club of Revelstoke.

I have the honor to present to you the third annual report of the Women's Canadian Club for the year ending April 30th, 1916.

In making the report it is a keen pleasure to be able to tell you the story of success in every part of the club's activity. One marked feature of the year's record is the largely increased membership, an evidence of the success and progress of the club. At the beginning of the year we had fifty-one members. During the year thirty new names have been added to the membership roll but nine of our members have gone to reside in other parts leaving a total membership of seventy one.

Twenty-one executive meetings, ten of which were special meetings were held at which a great deal of work was accomplished. The resignation of three members of the executive, Mrs. Moth, Mrs. L. W. Sutherland and Miss McKay were accepted with regret, the places of the first two mentioned being filled by Mrs. Telfer and Miss Creelman. Eighteen general meetings were held during the year, and through the efforts of the excutive the club had the pleasure of listening to some very interesting and instructive addresses some of the speakers being of world-wide repute.

Of these general meetings there were included the following: On June 7th the club held an informal reception in the High School on which occasion the guest of the evening was Sophia Blake Betts, ex-President of the London Women's Canadian Club. Mrs. Betts delivered a most pleasing interesting and attractive address on the Changed Color Scheme in England since the outbreak of the war.

On July 5th the club had a very distinguished visitor in the persons of Mrs. Ruth Kezie Wood Thompson and Mr. Thompson. This celebrated couple are known the world over for their various books on travel and are now engaged on a book presenting the claims of the North West and the Yukon to the travelling world. Mrs. Thompson gave a most delightful talk to the club on the subject of Revelstoke for the Tourist, and promised in their new book to put forth the charms of Revelstoke.

The next treat for the club was on July 19th when F. M. Bell Smith the celebrated Canadian artist whose pictures have a world-wide reputation, spoke to the club in the High School on Canadian Art. After his address he kindly gave a reading from Dickens in his excellent and inimitable manner.

On July 29th our club joined forces with the Red Cross to do honor to our nurses, Nurses Matheson, Hamilton and Frey, who were soon to leave for overseas duty for their country by helping to alleviate the sufferings of the sick and wounded. Accordingly a farewell tea was given in honor of these ladies on the lawn of Mrs. W.H. Sutherland kindly given for the event.

We were especially privileged on August 30th to have as our guest our own Canadian authoress and speaker, Mrs. Nellie McClung. On this occasion the Masonic Hall was secured and to a large and enthusiastic audience she delivered a most inspiring address on Canadian Ideals. Previous to the commencement of her address, Mrs. McClung was presented with a boquet of roses on behalf of the club by Mrs. Robbins. That same day Mrs. McClung was the guest of the executive at a picnic luncheon to Eight-Mile Falls.

On Oct. 19th one of the eminent divines of the Anglican church the Very Rev. Dean Paget delighted the members and visitors with a scholarly and able address on the Ideals of a Canadian Club..

Miss McKay kindly gave her home for the reception of the Right Rev. H. J. Hamilton, Bishop of Japan and Mrs. Hamilton when they were the guests of the Canadian club on December 7th. At an afternoon meeting Bishop Hamilton greatly delighted the large number present by his most interesting 7th a reception was tendered to Pte. talk on the Women of Japan.

On January 7th a reception was tendered to Pte. Eric Robbins the first of our boys to return from the front. During the evening short addresses were given by the guest of the evening, the president, the local clergymen as well as several prominent citizens. A good musical program was also provided and later on an informal reception in which Pte. Robbins received a hearty hand shake and heartiest best wishes from his many friends present.

In March the club gave a reception to the recruits and home service men of the 102nd, who were soon to leave Revelstoke. This was held in theScandinavian hall. A good musical program and refreshments were provided and a very pleasant evening was enjoyed by all.

On March 31st Mrs. Burrington-Ham, president of the Traveller's Aid Department of the Y.W.C.A. spoke to the club on Friday afternoon at the residence of Mrs. E. H. S. McLean. She spoke on the immigration question and told what was being done for the immigrant on his arrival in Canada, and showed that this problem would be much more serious after the war if not dealt with in the proper way. She brought the question home to us saying that if we would try to get in touch with strangers coming to our town we would not only aid the person, but ourselves and the Dominion in the best way possible .

On April 10th one of the most delightful evenings of the year was enjoyed by the club when eight of the High School pupils entertained the club in a lively and spirited debate on Womens' Suffrage. Too much credit cannot be accorded these boys and girls for the manner in which they conducted the debate and handled the points each had to prove. The deepness of the research and the way the facts were hurled at the audience delighted every one present and might have been copied by some older and mor experienced debaters.

As members of the Canadian club As members om the Canadian club we believe in working for the welfare and progress of the Dominion as may be desirable or expedient.

This year, as never before, Canada is at war and is passing through the severest struggle in her existence. Consequently this has been a very busy year for the club trying to do their part towards the many demands made as a result of this war. The following statements will show to some extent what has been done by the club along these lines:

On May 26th a Garden Party was held on the beautiful grounds of Mr. and Mrs. Coursier, it being the 25th anniversary of their marriage. The proceeds from this amounted to $62.25 of which $30 was given to the Canadian Red Cross Drug fund. During the summer months $222 was realised from the sale of flowers, badges, ice cream, etc., at the station.

In July a sacred concert was given in the Rex theatre from which $30 was realised. This with $20 added was sent to a University base hospital. On August 4th, the anniversary of the declaration of war a patriotic demonstration was held in the open air, program consisting of speeches and music. A collection was taken and the sum of $27.50 was realised to be given towards a machine gun.

On October 21st, Trafalgar Day, the club went in a body to the Rex theatre and received as their share of the proceeds $11 which was donated to the wounded soldiers and sailors fund. Belgian relief boxes were placed at different places from which were collected $7.95.

On October 28th an Xmas stocking party was held at the home of Mrs. W. M. Lawrence. As a result 256 parcels each containing several gifts was collected and sent through the Fields Comfort Commission to the B. C. soldiers at the front.

About this time $15 was sent to Lieut. Jean Arnoldi of the Fields Comfort Commission, Shorncliffe, to provide Xmas gifts for B. C. soldiers.

On October 11th the club decided to adopt one prisoner of war which can be done for $5 per month. This amount has been forwarded to Miss C. Pelly, secretary of the Prisoners of War Fund, Vancouver, every month, and a special donation of $27.50 has also been sent to that fund. The club also bought wool and has undertaken to provide every soldier leaving Revelstoke with a pair of socks.

So far 111 pair of socks have been given out to the soldiers, 46 pair are yet on hand and also 56 pounds of wool.

THE LIBERALS FUTILE ENDEAVOR

Misrepresentation of fact and distortion of adduced evidence, has become a common feature of the Liberal organs of this province since the socialist-liberal opposition commenced its search for some small peg, upon which to hang its promiscuous charges against the Bowser administration, but they reach the limits of mendacity, in the futile endeavor to place the responsibility for the Vancouver "plugging" campaign upon the Conservative organization. It is the last despairing effort of a thoroughly discredited coterie of election manipulators, and as such will bring its due reward. Even if Mr. Brewster, as leader of the opposition, and Mr. Macdonald as his lieutanant, knew nothing of the crooked work planned in the Vancouver bye-election, the evidence taken, both in the Annance case and before the parliamentary committee, shows beyond the shadow of a doubt, that the liberal party organization was at the bottom of the barefaced attempt to steal the franchises of the electors of Vancouver. The most glaring political immorality has been brought home to the provaincial organization, and the party itself must be held to account for the crimes of its political benchmen.

MILITARY TRAINING IN SCHOOLS

Statements made recently by the publicity department of the League of National Defence show the true meaning of universal military training which is advocated for the public schools. Universal military training training does not mean conscription, nor has it any relation thereto, but it does mean the establishing of a system whereby every boy will be taught drill and will receive the advantage of camp life for a short period every summer. He will also learn to shoot, swim, use an axe and will be drilled under proper discipline during the greater part of the year, with advantage to themselves at all times and to their country in case of need. The question of national defence is a very important one, as the present war has shown, and many men of affairs in military and business circles of Canada believe in universal military training after the lines of the system which prevails in Australia, and are anxious that it should be brought into operation without delay.

J. J. HILL

James J. Hill, whose death is reported in the news dispatches, was probably the oldest railway magnate on the continent, for he was born September 16, 1838 and was therefore 78 years of age. Until he was stricken down recently, he was virile and vigorous, and although nominally he relinquished some of his important posts years ago, actually he was still in the harness and was the controlling factor in a number of big concerns, notably the Great Northern railway.

Mr. Hill was born in Guelph, Ontario, and educated in Rockwood academy. He left the farm for business life in Minnesota, and from 1856 until 1865 he was in a steamboat office in St. Paul. In 1870 he established the Red River Transportation company, which was the first to open communication between Winnipeg and St. Paul. He became interested in several fuel companies and organized a syndicate which secured control of the St. Paul and Pacific railway. This was his first venture into the railway realm, and he evidently liked the experience for it was not long until he reorganized this system into the St. Paul, Minneapolis and Manitoba railway and became in turn its general manager, its vice-president and president. For ten years, 1883-1893, he was occupied in building the Great Northern to the Pacific coast, and became president of the entire system in 1893, retiring in 1907 and becoming chairman of the board of directors, his son, Louis J., taking the presidency.

Mr. Hill was very wealthy and had big interests in railways other than the Great Northern, in steamship companies, in banks and in securities companies.

Naturally he had a kindly feeling toward Canada, and all his life he endeavored to strengthen the friendly ties that link this country to the United States. He was a man of simple tastes, democratic and industrious in his habits and inclinations and fond of home life.

FROM THE SANCTUMS

BOOK LEARNING IS NOT ALL.

It is a curious commentary on the quality of human understanding that so many writers should have laid so much emphasis upon the fact that Shakespeare's only "education" was secured within the wall of the Stratford grammar school. What a world of nonsense there is in the superstition that a knowledge of books means a knowledge of nature and mankind cannot be secured except through the perusal of many books.—Outlook New York.

No more shillyshallying for Greece. The land that owes its very existence to Britain and France has been told by these countries to declare herself unequivocally a friend or a foe. Secret agreements with Bulgaria will not be tolerated and the Bulgars will be driven from Greek soil just as soon as the Allies are ready. King Constantine, it would appear, has played a double game a little too long.

Splendid Annual Report

All of which is respectfully submitted by MAUDE TELFER, Treas.

PRESIDENT'S ADDRESS

Ladies:—Today we have reached another mile stone in the history of the Canadian Club of Revelstoke.

We have now completed our third year and it is with feelings of the greatest pride that I review the work of the past year. When elected to the presidency of the club last year, while feeling grateful to the members for the honor conferred on me I took the chair with fear and trembling realizing I was accepting a heavy responsibility in so doing. The annual reports which have just been read by the secretary and treasurer show that we have been steadily increasing in numbers and in interest. The increase is one of 28 new members for this year but we are going to lose a number of former members through removal from town.

We have endeavored to show our readiness to do our little part in cheerfully and loyally assisting in the various war funds and thus we have been able to do some practical good.

The Canadian Club as you are all aware is first of all an educational club and I think has made its influence felt in many ways and has made a good start in its career in the educational life of our city.

We have aimed at keeping up a high standard for our meetings and we feel in a great measure we have been very sucessful in this. We have had some splendid addresses from very prominent speakers with the pleasing variety of travel, art, literary and other interesting topics.

There is one thing however we appear to be getting away from and which is rather a pity, but the various demands on the members as regards war work of many kinds is largely responsible for this I am sure. I refer now to the preparation and reading of papers dealing with the history, arts, literature and resources of Canada. I think if we could encourage this in conection with our club it would be of inestimable benefit to the members for two reasons: that of the development of the individual taking part and that of the great fund of knowledge that is given to our members by the research on the assigned subject.

We women of the Canadian Club should see that our young people (in so far as we are able) be given the things that are highest and best and if we can only succeed in cultivating a taste for such things we are accomplishing good work for the intellectual life of the country.

I feel the club as well as myself are very much indebted to many, whose services have been greatly appreciated.

A great deal of heavy work has necessarily fallen on our secretaries, Mrs. W. H. Sutherland, Miss Creelman and Mrs. McIntyre, and on our treasurers, Mrs. Moth and Mrs. Telfer. All of these ladies have certainly been most cheerful and efficient workers, as you all know and we thank them for their able work.

The executive committee, the movers and seconders of the votes of thank those who have helped with our local programs, those who have helped entertain our speakers as their guests, those who have been so generous with the use of their motor cars, the refreshment committee, all the special committees appointed during the year have all fulfilled their duty in a most praiseworthy manner and we very much appreciate their faithfulness and kindness.

May I also express the club's appreciation to the local press in publishing our announcements and the reports of our meetings and we are also very thankful to the school board for the use of the room in the high school. In conducting the affairs of the club we have endeavored to do so without in any way conflicting with the Red Cross and most of the working funds for war work, etc., were made from the sale of flowers and ice cream at the station. This work had two worthy features in connection with it. The first was it took no money from the city but from tourists passing through. The second feature and perhaps the most praiseworthy was the advertising it gave the city. A great many notable people among them being H.R.H. the Duke of Connaught, ex-president Roosevelt, Marquis and Marchioness of Aberdeen and Temain, Mrs. Taft, the wife and daughters of ex-president Taft, the principal of a college in Iowa with his bride, Mrs. Nellie McClung, Ohio bankers and wives, New York bankers and wives, Mr. Levy, manager of the St. Louis R. R. and party, and several others, were presented with flowers and fruit bearing a card with the following inscription: "Greetings from the Women's Canadian Club," and on the other side of the card were the words: "Grown in Revelstoke."

Much has been accomplished that can never be recorded, but I think the showing of the year's work should be gratifying and incouraging to us all, and if I might venture a prophecy I would say that in the coming year better and greater things will be accomplished both from a national and Imperial standpoint.

It is useless to attempt to estimate or judge the vast events of this year. The issues are too tremendous, the events are too near, the outcome too darkly shrouded for us to comprehend but the smallest part of what we have experienced.

To others in years to come must be left the task; for us remains the insistent call of the present, the call to us as an organization and as individuals to do that which is our duty.

You will now be called upon to elect officers for the coming year and we look to the incoming executive to safeguard the interests of the club by their faithful attention and by their devotion to their duties.

There is no club organization where the responsibility of the individual is greater than in the Canadian Club and for success we must have the interest, co-operation and energy of the whole membership. Let us cultivate the two outstanding traits of character (that count most in personal influence) the spirit of joy and the spirit of appreciation, avoiding criticism that warps and is not constructive, realising and believing that each member taking part is doing her best for the welfare of the club. We have been in our infancy and we must learn by our mistakes and our experience.

I feel sure I can bespeak for the incoming executive the hearty support and responsiveness of the whole membership.

Ladies, I thank you all, from the bottom of my heart for your splendid and loyal support during my term of office, and it is needless for me to say that the work has been a great pleasure and I know it has been good for me.

Hearty votes of thanks were presented to the retiring officers. The retiring president then left the chair and called Mrs. W. H. Sutherland, convener of the nominating committee, to preside with election of officers. The following were elected:

President—Mrs. Coulter (acel.)
1st Vice President—Mrs. Robbins.
2nd Vice President—Mrs. Laing
3rd Vice President—Mrs. W. Bews
Secretary—Mrs. C. B. Hume
Treasurer—Mrs. B. A. Lawson
Corr. Secretary—Miss Hardie.
Executive—Mesdames Corning, W. H. Sutherland, Briggs, McLean and J. Hume.

After a short address by the president in which she spoke of the work to be undertaken during the year, refreshments were served by the hostesses for the evening Mesdames J. Lyons, Travis and Murray Hume.

The meeting closed with the singing of "O Canada."

Clean to handle. Sold by all Druggists, Grocers and General Stores.

Measures Put Through

(Continued from Page One)

not permissible to enlarge upon those findings. They declare briefly that disreputable persons were hired and paid by the Provincial Organization of the Liberal Party to personate or "plug." The chief operator was engaged by a Committee of which Mr. M. A. Macdonald, the Member, is Chairman. The most significant feature in connection with this disreputable affair is that the Leader of the Opposition allowed the report to pass the House without a word of protest, or even the raising of his hand for an adverse vote. It is only simple justice to Mr. Brewster to say that everyone acquits him of personal knowledge of what was done by his party in Vancouver, and the Chairman of the Investigation Committee Mr. Neil McKay, who handled the enquiry with extreme delicacy, more than once openly assured Mr. Brewster of this. A Session of good legislation, if we except what Mr. Thompson called the "faked" Prohibition Bill, a Session of exploded charges and a Session at the end of which the accusers were "hoist with their own petard," is a fair and accurate characterization of the one which has just ended. We are within a few months of a General Election; the political fight will be strenuous. In spite of the tendency of public opinion to veer towards a change of Government in times of depressed trade it is doubtful whether in view of the complete breakdown of their charges the Opposition will be able to impress the country with the wisdom of placing them in power. The best thing that could happen to British Columbia would be the return of the Conservative Party with a moderate working majority.

COLLECTING WASTE MATERIALS FOR THE RED CROSS.

Many speakers have preached the necessity of national economy in the present crisis. It has remained for the Red Cross to devise a practical means for carrying out retrenchment. It has inaugurated "Superfluity Sales," and campaigns for collection of waste materials such as paper, old rags and rubber.

The "Superfluity" sale originated in Victoria and met unparalleled success. All manner of articles from steam yachts to gramophones have been donated to the Red Cross and sold in their auction rooms.

The credit for first placing the collection of waste materials on an organized basis must be given to the Hamilton Red Cross. In the first week of its campaign it realized $800 by the sale of 20,000 pounds of paper, old rags and rubber. The prices offered for these articles are as follows: newspapers $8 to $10 per ton, magazines, ledgers, etc., $30 per ton, rags $80 to $100 per ton, old rubbers $150 to $200 per ton. This idea has been taken up by the Toronto Red Cross, by Saskatoon and by numerous smaller places such as Lucknow, Dunville, and Oakville in Ontario.

There is little doubt that the movement will spread throughout Canada, and in addition to providing a very welcome increase to Red Cross revenue will create a very desirable habit of national thrift. One thing is certain, there is no form of patriotic endeavor which is more deserving than the Red Cross. Its ministrations to the wounded give it an irresistable claim to public support.

Gin Pills FOR THE KIDNEYS

What They Cured

Here's the remarkable experience of a Nova Scotian:—

"I was once a terrible sufferer with kidney and bladder troubles, and at times I would lose the use of my legs, and could not go away from home without some one with me. I was treated by different doctors for 3 years, and only got temporary relief. My son advised me to take Gin Pills, and after taking the first 2 or 3 doses I got relief. I continued to take them until I got completely cured. I owe my life to Gin Pills.

Yours very truly,
P. M. KEMPTON,
Port Medway, N. S.

GIN PILLS are 50c. a box or 6 boxes for $2.50 at all druggists. Sample treatment free if requested.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon territory, the North West territories and in a portion of the province of British Columbia, may be leased for a term of twenty-one years renewal for a further term of 21 years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, rescinded by Chap. 27 of 4-5 George V. assented to 12th June, 1914.

For full information application should be made to the secretary of the department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

The wedding was solemnized on Saturday at the home of Mr. and Mrs. Harold Burridge of Mr. Fred Fleetham and Miss Doris Warner, formerly of Repton, Derbyshire, England. Miss Muriel Fleetham acted as bridesmaid, and H. Parker as best groomsman, the bride being given away by H. Burridge. Rev. C. A. Procunier officiated.

In the Police court, before A. E. Kincaid, J.P., Joseph Bushwatz received a sentence of 30 days hard labor for obtaining money under false pretences. It appears that Bushwatz was soliciting money on the plea that he was a returned soldier. He was successful in one or two instances but it was not until he approached Chief of Police Cleland that he realized his error.

Great credit is due to the Women's Canadian Club for its enterprise in inducing Mrs. Pankhurst to break her journey and lecture in Revelstoke. Unfortunately today is the only date she has free, but in order to give the business people a chance to be present the meeting will not commence until nine o'clock. After expenses are paid the proceeds will be equally divided between Mrs. Pankhurst's war work and war or patriotic work undertaken by the local Canadian Club. This famous speaker, who has a truly wonderful magnetic personality and an amazing gift of oratory, is beginning a new tour of the West in which her mission is to stimulate recruiting.

"Much sickness would be prevented if the public would remember that constipation is one of the first causes." "Rexall Orderlies" is the best remedy for men, women, or children 15c and 25c, exclusively at Rexall Drug Stores.—W. Bews.

J. Sibbald, Jr., made a business trip to Arrowhead on Wednesday.

Invitations are out for the tenth annual banquet of the Railroad Young Men's Christian Association to be held in the gymnasium, on June 12, at 7.30 p.m.

Mayor H. McKinnon has received a letter from Leo stating that he had been wounded in the back and the shrapnel had penetrated one of his lungs. Leo says however, that he expects to be in the trenches again very shortly.

Pvte. Albert Robbins of the signalling corps, 102nd Regiment, C.E.F. spent Wednesday in Revelstoke visiting his parents, Mr. and Mrs. S. G. Robbins. He left on Wednesday night for Calgary where he will visit his brother for a few days.

According to a letter which appears in another column, Mrs. B. A. Lawson's efforts on behalf of the destitute children of Belgium is appreciated. Great assistance can be given Mrs. Lawson if the citizens at large will save old paper, rubbers, etc.

The wedding was solemnized on Wednesday at the home of the bride's parents, of V. Segur and Miss Gertrude Anne Burridge, of Revelstoke, daughter of Mr. and Mrs. E. G. Burridge. Rev. G. Larder performed the ceremony. Mr. and Mrs. Segur left on the afternoon train for Seattle and Coast cities.

Capt. MacAlpine inspected the Cadet Corps on Wednesday at the Cricket grounds. The lads were at a disadvantage, having their captain sick and their lieutenant absent. Despite this difficulty they drilled extremely well. Captain McAlpine complimented them on their smart appearance and stated that the corps was a credit to the town.

A farewell tea will be given under the auspices of the Political Equality League at the home of Mrs. Walter Bews on Tuesday afternoon, June 13, in honor of Mrs. W. Lashley Hall. Mrs. Hall has just returned from the Provincial Convention at the Coast and has consented to explain the view taken by the leading women of the Province on the very vital question of the suffrage referendum.

Mike Anderson and Sam Shonski appeared before A. E. Kincaid, J.P., on Friday, charged with vagrancy and using bad language in a public place. Evidence was also given to show that they were in the habit of making insulting remarks to young ladies. They were found guilty and were sentenced to six months with hard labor in the Kamloops jail. After giving them a severe lecture the J.P. suspended the sentence but gave them until midnight to leave town.

It is stated that Their Royal Highnesses the Duke and Duchess of Connaught and the Princess Patricia will travel through Western Canada this summer. The tour will start near the end of the present month, when the Royal party will leave for Western Canada. The Duchess and party will stop at Banff and will remain there for some time. In the meantime the Governor-General will go on to the Pacific Coast and will make a thorough inspection of all the corps training for overseas service.

An innovation in Revelstoke is the action of the Canadian Pacific Railway in putting an open observation car on train No. 2, from Revelstoke to Field, and which returns on No. 1. The car is splendidly equipped and an attendant is in charge who is specially qualified and will draw attention and explain all points of interest with reference to the scenery on the main line. This is the only car of its kind in use on the Canadian Pacific Railway system, and is a marked tribute to the wonderful scenery around Revelstoke and on the main line of the Canadian Pacific Railway.

CARD OF THANKS.

We beg to thank all friends for kindness and sympathy extended to us during our recent sad bereavement, alo for the many beautiful floral offerings.

Mr. E. DUPONT
Mr. and Mrs. E. CORNING AND FAMILY.

Unique Gift is Appreciated

The following letter of acknowledgement has been received by Mrs. B. A. Lawson from the Belgian consul at Vancouver.

Mrs. B. A. Lawson,

The "Antlers," Revelstoke, B.C.

Dear Madam: I beg to acknowledge with sincere thanks your handsome and unique gift of $26.47 for relief of the destitute children of Belgium, and shall have much pleasure in forwarding this to Belgian Orphan's Fund.

I will request the Consul General for Belgium at London to send official acknowledgement direct to you and I am sure this novel and kindly work of yourself and the children of Revelstoke will be greatly appreciated at Headquarters, and gratefully received by the little ones of Belgium. I am, Madam,

Respectfully Yours,
JOHN W. WHITEHEAD,
Consul for Belgium at Vancouver.

Gay Scene at Tennis Courts

The scene at the tennis courts on the King's birthday was one of gaiety and pleasure, the occasion being the opening of the new and attractive club house by W. A. Anstie, the President. The club house and grounds were bedecked with flags and bunting befitting the occasion. Tea was served by the ladies interested in the club and to them is due, almost entirely, the credit for the success of the afternoon.

Miss Hardie and Miss Lawson sold ice cream for the Prisoners of War Fund, and realized eleven dollars. A programme of sports was arranged, the most interesting event being a doubles—W. M. Lawrence and J. Guy Barber against H. N. Coursier and W. B. Robertson. The former pair were too strong for the latter and it gladdened one's heart to see those war scarred veterans exhibit flashes of their old time form. Everything points to this year being the most successful in the history of the club.

J. Cleland is New Chief

At a meeting of the Police Commissioners held on Saturday, Sgt. J. Cleland was appointed Chief of Police for the City of Revelstoke. The promotion is one that will be popular with the citizens of Revelstoke.

Chief Cleland, who has been acting chief for several months, has had much experience. He joined the Revelstoke police force in 1907 and five years ago was made Sergeant. Before coming to Revelstoke he was for seven years a police constable in plain clothes in Edinburgh, and his past experience will probably stand him in good stead. He assumed his new duty on June 3.

Steam Shovel at Three Valley

The Rev. Mr. Phillips, Presbyterian minister, of Taft, held services here last Freday and expects to be here at least every other week. The address was very interesting and a good crowd turned out to service.

A. Rutherford was a business visitor to Revelstoke last week.

J. W. Mayhew of Malakwa visited at the Rutherford home Monday.

Mrs. Falls of Taft, accompanied by Mrs. Jaques, the teacher, visited friends here last week end.

Mrs. S. E. Houston and Miss Milly Mowat spent last week end in Revelstoke.

It begins to look like old times again here, the steam shovel has been at work for two weeks or more, and there are many more people about than has been the case for over a year.

Messrs. Stonex, Halvorson and Baskerville came out last Sunday on No. 3 to fish but returned on No. 2, as the rain made fishing impossible.

In Vancouver over 60 per cent. of the meal tickets issued by the relief bureaus, are being used at Chinese restaurants.
