M. A. MACDON.. D AND HIS LEADER. RECEIVE REPORTS IN SILENCE

Neither Had a Word to Say When Investigating Committee Report was Turned In — Press Was Excluded From Meeting

With big scare headlines the Liberal organ announced that the Liberal executive had voted a resolution of absolute confidence in M. A. Macdonald. The press was excluded and the story was beautifully doped up to suit the occasion. Macdonafd is said to have made a fiery speech on his own behalf. It is submitted that no speech of his, no matter how fiery, could be half so eloquent as the silence with which he and his leader received the report of the investigating committee in the legislature. But neither of them had a word to say. That was the time when if Macdonald had a defense, he could have set the bells ringing and the heather afire. That was the time when, if he and Brewster were as conscience clear as they profess to be, they could have made the dying hours of the legislature memorable for their indignant disclaimers of the findings of the committee. But instead of telling the whole people from their places in the legislature that Macdonald was innocent, that the plugging conspiracy was a Tory plot, that there was no wrong doing in the Liberal party; and instead of hurling in the teeth of their detractors their righteous fury, they sat dumb, with not a word to say. Mr. Brewster merely looked pained or bored, while Macdonald twiddled his thumbs and tried to look unconscious when the clerk of the house read the report of the committee.

Now we are told through the banal Sun that Macdonald made a fiery speech and was unanimously endorsed by the executive. There wasn't a dry eye in the gathering when Macdonald told how the wicked tories had plotted against his political life, how he had been beset with spies and hired detectives, how the pluggers had hounded him for their pay, how Scott on the long distance telephone harassed him daily for money, and his voice broke when he told of the faithful, doglike fidelity of Jerry Finch, the discredited one-time lawyer of Seattle.

And his audience rose and cheered when he told them he didn't know where the money came from that Scott used to hire the pluggers. He didn't believe Scott had any money, so how could he have hired the pluggers, and if he couldn't hire the pluggers how could they have plugged, and if the pluggers didn't plug then the election was a clean one and the Liberal party was as pure as the driven snow. So they voted unbounded confidence in Macdonald and the Wade-Yukon-Sifton plugger gang chortled with joy.—J.P.'s Weekly.

TUNNEL SUIT AGAIN BEFORE SUPREME COURT

Plaintiffs Have Already Obtained Judgement—Claim Would Have Made $800,000.00 Profit

Before Mr. Justice Morrison, in the Supreme Court, the re-trial has commenced of the Rogers Tunnel case, in which Messrs. J. A. McIlwee & Sons are the plaintiffs, and Messrs. Foley, Welch & Stewart are the defendants. The plaintiffs had already obtained a privy council judgment deciding that they are entitled to whatever profit it can be shown they might have made in building the centre heading and pioneer bores in the Rogers Pass tunnel. The previous trial in the British Columbia courts lasted for many weeks, and arose out of the cancellation by the defendants of a contract the plaintiffs had for the construction of a section of the tunnel. Mr. Justice Clement, who then heard the case, decided in favor of the plaintiffs for $30,000, whereas the claim amounted to nearly half a million. It was against this judgment that permission was given for a re-trial.

The questions which the court has now to consider are what the company would have made had they been permitted to complete the contract, and also if they would have been able to earn a bonus of $250,000, which was to have been given as a condition of the completion of the contract within a given period. Defendants contended at the previous trial that the plaintiffs could not possibly have made any money if they had gone on with the contract, because they would have met with a formation which would have been much harder than that in which they had been working. This contention the plaintiffs now say has been disproved by the completion of the work, which has shown that the formation was not found any harder than the formation in which they had been working, and in which they had been making money.

The court room is crowded with large diagrams showing the geology of Mount Sir Donald, the section under dispute, and some hundreds of samples of the rock taken from the great bore under the mountain, and also other diagrams showing the progress of the work on the bores month by month, and the cost and profits made by the two firms. Mr. S. S. Taylor, K.C., who is appearing for the plaintiffs, estimated the profits his clients would have made on the work at over $800,000. The hearing, it is expected, will again claim the attention of the court for many days. Mr. R. P. Stockton is assisting Mr. Taylor for the plaintiffs, while the defendants are represented by Messrs. E. P. Davis, K.C., and Mr. E. V. Bodwell, K.C.

THREE VALLEY PRESENTATION

Mrs. S. E. Houston Honored on Her Departure For Toronto

(Special to the Mail-Herald.)

THREE VALLEY, B. C., June 29.—A surprise party and presentation in honor of Mrs. S. E. Houston, was held last Wednesday afternoon at the Bell house. There forty-two guests had assembled to make merry and to say goodbye to Mrs. Houston. Mr. Rutherford had arranged outdoor sports for the children, giving prizes to the winners in the different races. Mrs. Archie Rutherford in a few well chosen words made the presentation speech and Mrs. Houston was then presented with a handsome traveling bag. Mrs. Houston has resigned her position as teacher here, as she expects to go to Toronto to join a class at Toronto University for the summer session, and will not return to British Columbia until Christmas, when she expects to take up teaching at the coast. Mrs. Houston will be missed here in many ways. Her hospitality during the long winter has made living here more pleasant, she having entertained a number of times and the people of Three Valley all wish her every success in anything she may attempt in the future.

Miss Bessie Kelch of Craigellachie is the guest of Mrs. Rutherford this week.

Mrs. Houston and Miss Mildred Mowat spent last week end in Revelstoke, the guest of Mrs. Geo. Simpron and other friends.

Farmer Bossley and family, of Soldqua, will spend Sunday with Mr. and Mrs. Haycock.

Mrs. W. S. Stewart shopped in Revelstoke Saturday.

Mayor Uphill of Fernie has been chosen Conservative candidate in that constituency.

For the first four months of this year 19 new telephones were installed at Trail, 10 at Rossland and 4 at Kaslo.

Parson Bridge, the English church rector at Cranbrook, is now ministering to the spiritual needs of some six other places as well as his home town.

NO TRUTH IN RUMORS ABOUT REVELSTOKE MEMBER

Hon. Thos. Taylor Will Represent Revelstoke at the Polls in the Next Elections — Addresses Audience at Smoker

The Conservative Association of Revelstoke held a smoker on Saturday night in the Star Theatre. Hon. Thomas Taylor, who was in Revelstoke, was present and addressed a large audience for a short while.

Mr. Taylor informed the gathering that he did not intend to make a political speech, as Premier Bowser and his party would be here early in July and would lay before the electors the plans of the Government. Mr. Bowser had to date won a warm reception from the people.

"Rumors which have no foundation have been persistently spread, stating that I will not represent the Conservatives of Revelstoke at the elections but I am here to state that I have represented Revelstoke for sixteen years and I will run in Revelstoke as long as my constituents require my services. I have always labored conscientiously in the interests of my constituency and the Province at large and I believe my efforts have been appreciated and that the great majority will stand by me at the polls when another trial comes," said Mr. Taylor.

Mr. Taylor also touched on the Farmers' Loan Bill, Workmen's Compensation Act and the mining legislation. Several other speeches were made and musical selections were given during the evening.

Tunnel Nearing Completion

Much progress has been made toward the completion of Rogers Pass tunnel in connection with the C.P.R. line which is under construction. The distance which was completed at the west end of the tunnel up to May 13 was 11,296 feet, and at the east end 12,049 feet. Making a total of 23,345 feet or over four and three-quarter miles. As the length of the tunnel will be 26,400 feet when completed, this leaves only 3,055 feet, or between two and three months' work at the present rate of progress.

The new line made by the tunnel will eliminate a large curvature and many snowsheds which are features of the road now in use.

At some places on the trail between Rossland and Sheep Creek the snow is still six feet deep!

Rossland's school contribution to Belgian relief averaged a little over 2½ cents per scholar in May.

Although Rossland has $50,000 available for a new school it finds this is not sufficient to erect a brick structure of the size required, so it has been decided to proceed with the building of a frame school.

KOOTENAY MEMBER URGES UPON SUPERINTENDENT OF PARKS NECESSITY OF CAMP

City Council Receives Letter From R. F. Green M. P. — Cannot See Way Clear to a Reduction of Amount of Hotel Licenses—Rebate of Taxes to Farmers Market—But Must Move Building

The regular meeting of the City Council was held on Wednesday. All the aldermen were present and some lively discussions were the feature of the evening.

URGES NECESSITY OF INTERNMENT CAMP.

A letter was received from R. F. Green, M.P., who is urging on the Superintendent of Public Parks the necessity of establishing again this season an internment camp. The following is the letter received which once again shows the keen interest the member for Kootenay takes in this district.

W. A. Gordon, Esq.,
City Clerk, Revelstoke, B.C.

Dear Sir: I have your communication of the 18th which was forwarded to me here and in reply would say that I will today write to the Superintendent of Parks at Ottawa urging upon him the necessity of establishing again this season an Alien Internment Camp within the boundaries of the Park and I would suggest that it might be well if you were to communicate directly with Mr. J. B. Harkin, Superintendent Dominion Parks, Interior Department, Ottawa. I will be returning to Canada very shortly and will stay a day ot two at Ottawa, when I will discuss the matter personally with the authorities there.

I remain, Yours faithfully,
R. F. GREEN.

PETITION REFUSED.

The petition of the local hotelkeepers which was presented at the last meeting was taken up and the council found that under the circumstances it was impossible to grant the reduction in license fees asked for. The city clerk read letters from six different municipalities in B.C. Fernie at the request of the hotelkeepers reduced the license fee from $400 per year to $300 year. Grand Forks with a license fee of $500 per year had received no application for a reduction. North Vancouver with a license fee of $200 per year received no application. Kamloops, whose license fee is $400 per year, has received no application. South Vancouver refused to renew the only license in the city. Kelowna has reduced the license from $500 a year to $300.

Ald. S. Needham came out strongly against a reduction and moved that the fee remain as it is at present.

Ald. Smythe thought that if the council could see its way clear to grant the reduction that it should be done, but could not see how the council could reduce the fee now that the estimates had been passed and the tax rate set. If the petition had been presented earlier something might have been done. He then stated that some of the hotels were not living up to the law in respect to the hours they were supposed to be closed. The Mayor said that it was the first he had heard about it but that he thought as Ald. Smythe was a Police Commissioner it was his place to inform the other authorities.

Ald. Bourne felt that at present the city could not afford to lose the revenue at the present time but that he would hardly like to second Mr. Needham's motion.

Ald. Robbins thought that if at any time the hotelkeepers needed a reduction of their license fees that it was at present, but that since the estimates had been already passed he did not see what the council could do

Ald. Barber stated that he much regretted that the council could not meet the views of the hotel keepers as they had always been good supporters of the city. The hotelkeepers, he stated, had put in many years trying to make the business a success and that they had a certain amount of consideration coming to them. He would have liked to have seen the matter gone into and see if reduction of licenses could not be made.

Ald. Smythe then said that he would second Ald. Needhams motion and wanted a clause added giving the foregoing opinions as to the reason for not granting the reductions.

Ald. Needham would not agree to the clause being added to his motion. Ald. Smythe then refused to second the motion.

No other motion was made and on the Mayor taking a vote Alds. Smythe, Bourne, Hobson and Robbins were in favor of not granting the reduction for these reasons and Ald. Barber voted for a reduction. The matter was left in this position.

His Worship then brought up the matter of the city finances and asked the aldermen for their views of a tax sale. Ald. Needham was in favor of a sale; Ald. Bourne did not give an opinion; Ald. Robbins said that he thought that it was arranged at a former meeting that if the taxes did not come in by a certain date a sale would be held. Ald. Hobson did not give his opinion. Ald. Barber did not think that it was a good plan to bring one on at present. The Mayor asked the finance committee where the matter was going to stop, stating that some people would not pay their taxes until forced to do so, and others should get consideration. The finance committee was instructed to hold a meeting and bring in a report with reference to financing the city for the balance of the year.

REBATE TAXES ON MARKET.

The public works committee brought in their report on the matter of a rebate of taxes asked for by the farmers institute at the last meeting of the council. The promoters of the farmers market were given to understand last year that their taxes would be rebated. The aldermen agreed unanimously that the market was a great benefit to the city and had become a necessity but thought that the owners of the property should not insist on such a high rental as the taxes amount to, which is $86 per year. It was finally agreed to rebate the taxes for this year on condition that the market looks after itself in future.

A request was received from J. C. Tapping asking for a five month's rebate of taxes on his property which was burnt in 1913. If found to be legal the request will be granted.

A letter was read from the Kelowna Board of Trade with reference to the advisability of holding tax sales; the matter will be brought up later.

The City Clerk was informed by the Provincial Secretary that A. E. Kincaid had been appointed acting police magistrate, at a salary of $500 per year, in the absence of Dr. J. H. Hamilton. The letter was filed.

DRAWS MONTH FOR THEFT

Stole From trainman — Will Also Face Charge in Golden —Five Vagrants

Carlo Grassi appeared before R. Gordon, J. P., on Monday morning, charged with the theft of personal effects from a valise belonging to a trainman running on No. 13. The theft occurred some place between Golden and Revelstoke. R. Hornsey, Canadian Pacific Railway constable at Revelstoke was advised and arrested the accused as he was walking into town, he having jumped off the train before it reached the city. He was found guilty and sentenced to one month's imprisonment in Golden, where at the expiration of his sentence he will face a charge of stealing clothing in that city.

Five men appeared before Police Magistrate A. E. Kincaid on Monday morning, charged with begging. John Elder pleaded not guilty but was informed that one of the citizens he had approached on MacKenzie Avenue was the Police Magistrate. He was given fifteen minutes to leave the city. The other four, Edward Drew, W. H. Jones, John Richie and Alex. McKay, were given until noon to leave the town.

Kaslo hospital has raised its rates for treatment 25 per cent.

SATURDAY, JULY 1, 1916;

THE POLITICS OF MR. BREWSTER

There is still no retraction from Mr. H. C. Brewster of the slanders he levelled against the Government and the Province; no views expressed dissociating himself from the plugging methods employed to elect Mr. M. A. Macdonald at Vancouver It would be interesting to know if the Liberal leader intends to support Mr. Macdonald if the latter should again run for the Provincial Legislature. There are still a lot of points to be cleared up respecting the organization of the Liberal machine and public guarantees to be made that personation will not again be attempted. It is the plain duty of Mr. Brewster to define his attitude towards Mr. Macdonald and those who worked with the latter during the by-election campaign. The ex-member for Vancouver, if he chooses the path of again seeking the suffrages of the people will do so under a cloud that the Liberal leader would do well to dissipate before the general election is held.

Mr. Brewster has waxed very voluble in explaining his action in commencing a suit to prove the constitutionality of the acts of the Legislature after March 14. Supposing they are found to be unconstitutional, then we must assume that the select committee which inquired into the Vancouver election frauds had no official status, so that another committee will have to be appointed, and the work of enlightening the public on the methohs of the Liberal machine commenced all over again. Then again, if the committee had no official status, it was impossible for perjury to have been committed before it, so that Mr. Macdonald's meant nothing. These are mere sidelights on the possibilities that may develop from Mr. Brewster's suit, charge against the witness Gosden but they are ludicrous ones inasmuch as they may be the means of resuscitating what the Liberal leader wishes buried for ever, namely, the political depravity indulged in by certain supporters of Mr. M. A. Macdonald.

It is easy to make charges in terms of generalities, and when these are disproved proceed to fresh charges equally unsubstantial. It is easy to claim that high-minded citizenship dictates a course of action, but it will be difficult to excite such a belief when the course outlined has aroused a feeling of disgust among the people of British Columbia. In a campaign of opportunism, we suppose the course of procedure is from sensation to sensation, in the hope that some of the mud slung will adhere. The Vancouver and Victoria by-elections were won because the people believed that some of the charges levelled against the Government were true. The inquiries of the past session proved them all false, and yet neither Mr. Brewster nor any of his supporters have had the manliness to admit they were mistaken in the course they pursued. A frank avowal by the Liberal leader that he unwittingly was the head and front of a campaign of misrepresentation would raise him immeasurably in the public esteem. His political career could not suffer by adopting a manly course. Instead, we find him, at the instigation of Mr. M. A. Macdonald, taking action which may not inconceivably plunge the affairs of British Columbia into a chaos which would stay the wheels of progress for an indefinite period. And while he is for ever impugning the actions and motives of the Government, there is not a word of censure for the despicable methods employed by his own party during the Vancouver election campaign. In truth, it seems as if Mr. Brewster belongs to that band of politicians who will strain at a gnat and swallow a camel.

MR. BOWSER IN THE NORTH

When Mr. Bowser set out on his tour of consultation and inquiry he did not propose to make a campaign journey. But he has found the people of every settlement or community anxious to hear him. Therefore he has held meetings nearly every day, and some days two or three. He and his colleagues have no reason to complain of their reception. They have found the people interested in provincial questions, appreciative of recent legislation, and anxious to learn the details of the measures of last session. The collapse of the Brewster-Macdonald scandal campaign, when these two leaders got into a place where they had to make good their charges, is a theme of interest at Prince Rupert and Fort George, as well as in Vancouver and Victoria.

FROM THE SANCTUMS

A KITCHENER TRIBUTE.

A silent tribute was paid to Earl Kitchener last night by a large audience at the Lyceum theatre, where the film, "How England Prepared," is being exhibited. When a large picture of the British military organizer was thrown on the screen the orchestra struck up "God Save the King" and those in the theatre arose.—New York Sun.

THE SOBER BRITISH ARMY.

It is stated in the annual report of the Royal Army Temperance association that the sale of beer in the canteens today is 50 per cent less than compared with 20 years ago. Nineteen detention barracks have been closed and the inmates of the remaining ones are extremely few, being little more than two per 1000 of the average strength of the army.—Daily Mail, London.

The Victoria "Week" points out that Mr. H. F. Gadsby's brilliant Ottawa letters to the Victoria "Times," the Vancouver "Sun" and other Liberal papers, are quite unfair and highly partisan. This is true enough, but "The Week" may be wrong in attributing this bias to the fact that "H.F.G." is a Liberal. "The Week" should read the Ottawa letters from the same author to Conservative papers. They are quite different.—Vancouver News Advertiser.

COMMUNICATIONS

REQUEST TO CLEAN UP.

To the Editor of the Mail-Herald,

Sir: Owing to the financial stringency prevailing at the present time and the action of the council in cutting the tax rate and doing everything possible to economize it is thought advisable, in order to keep up the reputation of the city in regard to appearance and cleanliness, to declare a holiday in accordance with the announcement elsewhere in this paper, for the purpose of cutting weeds and a general cleaning up. A day spent by everyone in this manner will tend to make a favorable impression on all our visitors this summer, and earn for the city the reputation of the prettiest and neatest little city in the province of B. C. Requesting everyone to kindly give this their hearty support, I am,

Yours for a tidy city,
H. F. McKINNON,
Mayor.

Berry Pickers Are Cause of Fires

Many causes are responsible for Canada's heavy forest fire losses. Some of the erstwhile greatest offenders have come to realize the destruction which their negligence was causing and have adopted systematic measures to overcome the loss.

Several causes of forest fires have not, however, received sufficient attention. Dr. C. D. Howe, in "Forest Protection in Canada, 1913-1914," states that in the settled areas, one of the chief classes of persons responsible for fires are berry-pickers. Smouldering camp fires, or sparks caused by smoking, fall into dry grass or brush, starting small fires; fanned by a high wind the fires rapidly become uncontrollable, spreading from the berry patches to the larger timber.

With the berry season at hand, it should surely be necessary only to draw the attention of berry-pickers to the destruction which their carelessness or indifference is causing to secure an immediate reduction in the number of forest fires for which they are directly or indirectly responsible.

No warping, bulging or breaking at the centre of heat—the strain is taken up by the two-piece fire-pot which permits no ashes to cling or clog.

Information Wanted of Sir Claud James Rivett-Carnac—Refused to Take up His Rank

The Editor, Mail-Herald,
Revelstoke, B.C.

Sir: Will you kindly insert the attached local notice in the columns of your paper. The man I am trying to locate, Sir Claud James Rivett-Carnac, simply refused to take up his rank and estate in the old country because there was not enough money for him to maintain it with the dignity necessary and therefore chose to paddle his own canoe.

Now I am able to inform him that there is abundant money on hand and a large sum awaits him. I am rather afraid he might not own his identity unless he was fully aware there was sufficient.

Yours sincerely,
E. SIMS,
Social Secretary, Salvation Army.
Winnipeg, Man., June 23, 1916.

News is urgently desired of the whereabouts of Sir Claud James Rivett-Carnac, Bart. He might be going under the name of Jack Rivett. Was last heard of from Bassano, Alta., six years ago, previous to which he was in San Francisco.

In all probability he has enlisted in a cavalry regiment, as he served in the South African war as a galloper to Colonel Lucan.

His description is as follows: Age 38, height 5 feet 7 inches, brown hair, blue eyes, very fair complexion, prominent Wellington nose.

Information of great interest and a large sum of money await him. Will anyone knowing his present whereabouts notify Staff-Captain Sims, 259 Fountain Street, Winnipeg, who will pass on the information.

ALLOW FOREST MILLS APPEAL

Forest Mills of British Columbia and Canadian Bank of Commerce vs. Adams River Lumber Company

Victoria, June 14.—The Court of Appeal heard arguments yesterday afternoon and this forenoon in the appeals of the Forest Mills Lumber Company and Canadian Bank of Commerce vs. Adams River Lumber Company, and the Forest Mills Limited vs. same defendants, in which the plaintiff companies are appellants and the defendant company is respondent. Judgment was given allowing the appeal. The appeal was from a judgment of Mr. Justice Macdonald, dismissing the plaintiff companies' motion for a discontinuance of the action begun by them to enforce a contract of insurance on premises and lumber burned on April 24, 1915. The appeal was argued by E. P. Davis, K.C., for the appellants, and by S. S. Taylor, K.C., and G. B. Housser for the respondent company.

Chief Justice Macdonald, in announcing the decision of the court, said the appeal should be allowed and leave to discontinue be granted without any terms. This was not in any sense a reversal of the judge below on the question of discretion, but it was not in the interests of justice that the plaintiff companies should be prevented from having a trial of their action entered in the State of Washington.

The Adams River Lumber Company is one of about a hundred and fifty member's of the Lumberman's Indemnity Exchange, an insurance organization of Lumber interests in this province and across the line, in which the Forest Mills Limited carried insurance. A clause in the contracts of insurance states that in the event of legal proceedings being necessary a test case may be brought against one member of the exchange and the judgment will be held good against all. For this reason, following refusal to pay on the policies, the Forest Mills sued the Adams River Company as a British Columbia member of the organization but for reasons which were thought sound it later began an action in the Seattle courts on the same policies against another member, the St. Paul & Tacoma Lumber Company.

After the fire rumors of incendiarism were heard and an investigation was held by Col. E. F. Gunther, superintendent of insurance in the provincial department of finance. No evidence of incendiarism was found, but this is one of the defences raised as against the Forest Mills suit. For the respondents, it was stated by Mr. Taylor, that this was the third incendiary fire in the premises and that the insurance companies had paid $200,000 in losses on them. He argued that the case should be dealt with in the Canadian courts and that the judge below had acted properly within his discretion.

It was alleged at the hearing before Mr. Justice Macdonald that the plaintiff wished to discontinue against the Adams River Lumber Company in the British Columbia courts owing to a discovery that the Lumbermen's Indemnity Exchange was not licensed to carry on insurance business in this province and the action here would be foredoomed to failure.

Larry Early, a workman on the Rogers Pass Tunnel who was crippled by the fall of a two-ton rock from the roof of the tunnel on February 4 of this year, and who has not yet recovered from his injuries, was yesterday awarded $3000 damages by a special jury in the Supreme Court. The suit was against Messrs. Foley, Welch and Stewart. According to Earley's evidence he was kneeling on a heap of broken rock engaged in drilling into the roof of the tunnel when the big rock fell without warning. The shock paralysed his sense of speech but he could hear his mates talking as they got bars and lifted the rock from his leg and chest. The rock had fallen three feet in the narrow tunnel. Messrs. J. A. Harvey, K.C., and Robt. Smith appeared on behalf of the plaintiff and Mr. W. B. Farris of Revelstoke for the defendant company. The trial was presided over by Mr. Justice Morrison.
