BOTH LEGS SEVERED

Jap Run Over by Work Train at Three Valley. — Verdict of Accidental Death.

A fatal accident occurred on Thursday morning two miles west of Three Valley, on the C. P. R. main line, when a Jap laborer was run over by a work train and killed. It appears that the Japs were operating the hand cars on the track when a work train backing up, came round a curve towards them. The Japs, thinking that they would have no time to get the cars clear before the train came up, jumped clear. One man, however, ran back to the hand car to get a bag of rice which he had left—the car knocking him down. Unable to regain his feet quick enough, the legs of the unfortunate man were both severed under the wheels of the train. The injured Jap was conveyed to Revelstoke, but died before the city was reached. The coroner, Dr. Cross, held an inquest the same night in the City Hall on the deceased, the jury bringing in a verdict of "accidental death." The funeral arrangements were in charge of the Canadian Nippon Society and took place from Howson's undertaking parlors.

REWARD FOR BILL MINER

Dominion Government Has Taken Action.

VANCOUVER, Aug. 16.—Chief of Police Chamberlain received a telegram last night from Lieutenant Colonel A. P. Sherwood of Ottawa, Commissioner of Police for the Dominion, offering a reward of $500 for the arrest and detention of Bill Miner.

When it is conceded that the reward is insignificant and would not tempt any one outside of the regular officers to take active measures to locate "Bill" or even to give him up were he in seclusion among some of his "friends," it is recalled that Miner has already cost the Dominion government $5,000 in rewards in addition to the expense of outfitting search parties and trackers while he was in hiding after his robbery of the C. P. R. train in 1904.

No mention is made in the telegram of McCluskey or the other escaped convicts, and it is evident that whatever strenuous efforts are directed toward the capture of the outlaws must be concentrated upon Miner.

What appears to have been a camp of the convicts has been discovered on Lulu Island. Prison clothing was cast off there, and evidently two men stayed there for the night.

A PINT OF NATURAL GAS

MEDICINE HAT, Aug. 16.—Natural gas is now being bottled up in tanks and will be exported to take the place of gasoline as a commercial commodity. Some difficulty is being experienced in obtaining a suitable material for these tanks which will be at once sufficiently strong to withstand the pressure, and at the same time light enough to keep the freight rates within bounds. Experiments are now being carried on with considerable success upon aluminum and it is expected that this material will prove adequate in every particular.

The gas is taken directly from the ground in its crude state and confined It is estimated that when once placed upon the market it will take the place of gasoline in several of the lines in which that by-product is employed, especially in motor cars and engines, for if the tanks now being experimented will prove satisfactory, the new commodity can be placed upon the market at a price less than one-quarter that of gasoline.

IMPORTANT MINE DEAL.

Consolidated Purchase Interest of Phoenix Amalgamated.

TORONTO, Ont., Aug. 16.—An important deal has just been closed by which the Consolidated Mining and Smelting Company of Canada has purchased the property, mining claims and assets of the Phoenix Amalgamated Copper Mines, Limited, located at Phoenix, B. C., which includes the following claims: War Eagle, Red Rock, Dandy, Dandy Fraction, Pin hook, Lulu, World's Fair, Missing Link and Bald Eagle. The company has also purchased the Keystone. No time has been lost in commencing operations and a large force of men is at work on the properties.

SHOULD NOT CONTRIBUTE

To Maintenance of British Navy says Earl Grey---Other Directions more Important for Canada's Surplus Energies.

ST. JOHN, N.B., Aug. 16.—Speaking before the St. John Canadian Club, Earl Grey said:

"I have good reason for my view that Canada should not make any immediate contribution to the fleet. There are other directions in which it is more important in Imperial interests that Canada should expend her present energies.

"Canada and the Empire are necessary to each other. Without the support and strength which Canada enjoys as a portion of the British Empire, Canada might soon lose her national existence. On the other hand the British Empire without Canada might soon cease to be an empire.

"So it is of the first importance to the Empire that Canada should be strong and that consequently all her surplus energies should be concentrated on what will increase her strength. The fact that the Dominion Government is not prepared to undertake obligations which these steps will involve until she is financially stronger than she is today is conclusive reason against her undertaking an expenditure which should follow and not precede those steps to which I have referred."

Earl Grey's remarks were heartily cheered.

MANUFACTURED IN KOOTENAY

Important Announcement of Development of Iron Mines

VANCOUVER, Aug. 17.—Within two years we shall be supplying steel rails to all points on the continent west of the Rockies and the Orient. Ideal conditions for the creation of a great iron industry exist in East Kootenay owing to the proximity of iron and coal, said Mr. C. P. Hill, general manager of the Hillcrest coal mines of Hillcrest, Alta. Mr. Hill is here on a holiday trip.

Mr. Hill was the original locator of the famous hematite iron deposits, eighteen miles west of Kootenay Landing. Several years ago he disposed of a controlling interest to prominent eastern officials of the Canadian Pacific Railway, including Sir Thomas Shaughnessy and Mr. Charles Hosmer.

On a recent trip east Mr. Hill was authorized by the members of the syndicate to lay out a comprenensive plan of development involving an expenditure of several million dollars. It is understood that a large blast furnace will be erected on Kootenay Lake next year. The plans will be drawn by a well known Pittsburg expert.

"The iron veins on our properties have been traced and prospected for a distance of seven miles," said Mr. Hill to a Province reporter today. They are ten in number, the widest having a thickness of twenty-three feet. We have all kinds of fluxes in close proximity to the iron deposits.

In connection with this industry we purpose developing water power on the Elk and Goat Rivers. The deposits are within three miles of the Canadian Pacific Railway line and we have a down grade. The ore will be handled by retarded conveyors with a capacity of three thousand tons every twenty-four hours. With coal in close proximity there is no reason why the steel and iron business of the west and the Orient should not be controlled by Canadians within the next five years. We have the advantage of location as compared with our eastern competitors."

ASTORIA A CLOSED TOWN.

ASTORIA, Ore., Aug. 16—With the gambling dens gone, the dance halls closed and a Sunday closing law, Astoria is enjoying for the first time this moral distinction

Under instructions from the prosecuting attorney to the county officials all gambling ceased in Clatsop county last night at midnight. To this order there will be a tacit obedience and no contest will arise over it. All the gambling devices will be placed out of sight and dismantled so that there can be no suspicion that they will be operated and many of them will be shipped to other places.

Rhubarb, cauliflower, cabbage, peas, beets and all other green vegetables at C. B. Hume & Co's.

THE LATEST TELEGRAMS

No Strike — Fatal Collapse—Sea Tragedy —White Canada ---$600,000 Robbery---Other Wirings.

CHICAGO, Aug. 17.—At the conference held here last night between President S. J. Small of the Commercial Telegraphers' Union of America, Secretary Kussell, President Gompers of the American Federation of Labor, and several other labor leaders, it was decided definitely that there should be no strike of the forty-seven thousand railroad telegraphers of the United States.

CHICAGO, Aug. 17.—Five persons were killed and eleven others were injured, three seriously, early today in the collapse of a two-storey frame building at 55 Fry street, occupied as a boarding house Four of the victims were instantly killed and the fifth died a few minutes after being taken to a hospital.

VANCOUVER, Aug. 17.—Four fishing boats with nets, sails, and gear attached, but completely wrecked and piled up on the beach at Point Grey, bear mute evidence that the last has not been heard of possible fatalities from the blow on the gulf on Tuesday night. Although no definite news can be had from Steveston that fishermen are missing, the finding of the four boats at Point Grey would seem to indicate that it is almost certain that lives have been lost.

WINNIPEG, Man., Aug. 17.—Western Canada will produce this year from ninety to ninety-five million bushels of wheat.

WINNIPEG, Aug. 17.—A "White Canada" is to be the cry of Winnipeg trades unions on the question of Asiatic labor for the Dominion. This was demonstrated at a meeting of the Trades and Labor Council at Winnipeg last night.

HALIFAX, Aug. 17.—Sir Charles Hibbert Tupper in addressing a meeting here yesterday, announced that when the election came and it might come soon, he would choose as his fighting ground the good old Province of Nova Scotia.

ST. PETERSBURG, Aug. 17—The police of Odessa are searching for the author of a robbery of $600,000, which has taken place on the Kharkov-Odessa line, near Lubotin.

NEW JUDICIAL SYSTEM

Proclamation to Issue Shortly Putting Act in Force.

REGINA, Aug. 16—It is understood a proclamation will be issued shortly to bring into force certain acts passed at the last session of the legislature.

By the terms of the acts their coming into force was postponed, but probably they will become operative from September 16th next. The effect of the principle of these assures a model judicial system for Saskatchewan. They comprise acts respecting the establishment of district courts and practice and procedure therein respecting establishing of supreme court for province; establishment of district courts and practice and procedure therein respecting surrogate courts; jurors and juries, certain officers of courts, legal profession and law society of Saskatchewan; liens of mechanics, wage earners and others. The supreme court act, otherwise known as Judiciary Act, provides for a supreme court of Saskatchewan and so far as the province is concerned abolishes the supreme court of Northwest territories. It provides for judges of whom four no doubt will be judges of the supreme court of the Northwest territories who now reside in the province, namely Justices Wettmore, Prendergast, Newlands and Johnstone. A fifth judge has not yet been appointed and it remains, also to select a chief justice. Judges are required to reside at the capital of the province and will go on circuit. In all the jurisdiction of the court is transferred to the new province with certain alterations which after ripe consideration have been thought to be advantageous. There will be no break in the continuity of the legal system in the province nor in the procedure of the courts pending the making of rules which judges of the new court are given power to make. The district courts act provides for new departure in legal system. District courts are given large jurisdictions but causes which their judges can try have money limit of $300.

SATURDAY, AUGUST 17, 1907

THE WEIGHT OF NUMBERS.

The second meeting of the Citizens' League organization has been held and the same interest was again evinced as on the previous occasion. That this movement, although indirectly the outcome of the events of the past few weeks, has, nevertheless, been afoot for some considerable time, is generally recognised, but there was that unanimity of purpose and spirit of initiative necessary amongst the citizens before the scheme could be properly set in motion. For a corporation of this kind to be of any material use, its members must be always ready to meet when called upon to do so, since matters of public interest crop up at all times, and in many cases undue delay may mean the destroying of the good for which the League is arriving. On the other hand the League would be unwise in rushing into every matter which may be considered of public moment, without taking all things into consideration and thoroughly studying every phase of the situation For the best results to be obtained and results which will have most weight, the public should respond to any call that may be made for their presence and not leave decisions too much in the hands of a few, who may perhaps do what was in accordance with the general feeling and perhaps not. While the interest in the work is there the League will have more weight in carrying out what they have proved to be for public benefit and so long as the idea aimed at by the formation of this League, is carried out the popularity in the movement will never diminish. There should be no hint at party faction, but the citizens as a body should conduct all proceedings for mutual interest.

CANADA IN ITS TRUE LIGHT.

Many and conflicting are the reports being circulated in England and, indeed, in all Europe regarding Canada as a field for prosperous immigration. It seems hardly creditable that some of these reports circulated in England can be vouched for as the truth, and such being the case, it is scarcely to be wondered at that those intending to settle in Canada are doubtful and skeptical of what Canada can do for them. Until Canada is represented in the true light there will be dissatisfaction, and the presence of British newspaper men in the country making a personal inspection and study of its resources will bring to the surface the real existing conditions as offered to intending homeseekers in Canada and the report brought back by some of England's reliable writers will bring blessings for this country and scarcely less for the thousands in the home land who will be influenced by such reports as will undoubtedly be published in their respective journals, either to remain where they are or to make a home out here. The Winnipeg Free Press in dilating on the growing interest in Canada by the Imperial authorities says:

"Canadians never realized better than they do now that it is very important that the people of Great Britain should have correct information concerning the dominion, and the motherland itself is also taking steps to get more and fuller information regarding Canada. Of all the colonies of the empire perhaps Canada has, during the last decade, been most persistent in her efforts to place correct information regarding the advantages she offers for homemaking before the British people. There appears to be no diminution of her zeal in this respect. The dominion government has done its share; but private enterprise has also been active, the most noticeable instance of which has been the present visit, upon the invitation of Sir Thomas Shaughnessy, of some eminent British journalists. None of the gentlemen who form the party have previously visited Western Canada. They are seeing for themselves what the country is like and what it is capable of producing. This is much more satisfactory than getting information second hand and from "letters to the editor" emanating from dissatisfied immigrants who find that the country will not adapt itself to them. In bringing so intelligent a group of newspaper men holding responsible positions upon some of the leading journals of Britain and Ireland, the West is especially indebted to the Canadian Pacific Railway.

When matters affecting Canada come up for public discussion these men will be in a position to deal with them intelligently, or at any rate with the great advantage of having seen the country. The influence of their pens, as a result of their visit, will have great effect in bringing the English people into a more intimate relationship with the Canadian people. Although the Canadian Pacific Railway acted upon business motives only, nevertheless in doing so, it is doing an important public service in taking these gentlemen across the Dominion

VICTORIA EXHIBITION.

The provincial exhibition which is held in Victoria on September 24th to 28th promises to be the biggest and best ever undertaken in British Columbia and every effort is being made to make it a grand success. The committee is now completing an extensive improvement to the grounds, which cover an expenditure of $50,000. On the race track over $3,000 was expended and it has been kept in such condition until now it is recognized as the best half-mile track in this part of the country. The prize list has been increased nearly fifty per cent. in the stock divisions, while the other departments have also been added to until the amount of cash prizes totals nearly $40,000. In the commercial fruit exhibit two prizes of $125 each are given while other smaller awards will also be competed for. In addition to this several cups are in competition in this class. A decided step forward has been made by the committee when arrangements were concluded with the Canadian Pacific Railway for half rates from all points on their lines west of Calgary. This includes freight as well as passenger traffic. Four days of the exhibition will be devoted to horse racing for which prizes amounting to $5,000 will be given. Among the other attractions will be a broncho busting contest for the championship of British Columbia. The feature this year however will be a blood hound chase. In this event, a stage will be held up in full view of the spectators and after the bandit is given an opportunity to escape the bloodhounds will be brought in and sent in pursuit. Any further information required will be given on application to Secretary Smart. Entries close Sept. 16th.

NO INCREASED CHEQUES.

OTTAWA, Aug. 13.—Although a press despatch announces that the royal assent has been given to the British North America Amendment Act, the finance department has not received any word to that effect from London.

It is officially announced that no steps will be taken to send out cheques for increased subsidies to the various provinces until the text of the bill has been received, in order that the Dominion may be sure that its interests have been duly safeguarded, so the provincial treasurers will have to possess their souls in patience for some weeks.—Daily Province.

CITIZENS' LEAGUE

Discuss Important Questions Affecting the Civic Welfare —Adoption of By-laws— Much Interest Manifested.

A meeting of the Citizens League was held on Thursday night in the City Hall when a large number of citizens attended. This was the second meeting since the organization of the league and the chief business on this occasion was to receive the report of the bylaw committee.

C. B. Hume, as president, took the chair. The minutes of the previous meeting were read and adopted. The report of the by-law committee was then received and the draft of the by-laws read. Each article was read and discussed separately, the whole being finally passed after the necessary alterations had been made, as follows:

1. The Citizens League of Revelstoke.

2. To conserve and promote the best interests of the city and adjacent country. To unite and educate public opinion on all questions, including the commercial, industrial and moral interests of the community, and acting as an advisory board to aid and support the civic authorities in requiring a faithful observance and enforcement of the laws enacted by the civic and provincial authorities.

3. All persons resident in the city who subscribe to Article 2 will be entitled to full membership.

4. Nine members, including officers, shall constitute a quorum for the transaction of business.

5. The officers of the League shall be four in number, and shall constitute the executive, viz, president, vice-president, secretary and treasurer.

6. President, C. B. Hume; Vice-President, J. M. Kellie; Secretary, W. Bews; Treasurer, R. Howson.

7. The election of officers shall take place on the first Thursday of each December.

8. Order of business.—Opening by president and roll call of officers. Reading minutes of previous session, correction and approval of same. Reports of officers and committees. Unfinished business. New business. Notices of motion. Adjournment.

9. Regulation and management of the League. The presence of at least nine registered members shall be necessary for the discussion of business. The president shall act as chairman at all meetings. In the absence of the president, the vice-president shall take the chair, and in the absence of both said officers the members may appoint a chairman to act by an expression of the votes present.

10. That no motion dealing with a matter of public interest be passed at any meeting unless previous notice of intention to introduce such motion shall have been given at a previous meeting or unless with the unanimous approval of the members present at such first mentioned meeting, and not in the event of any member present objecting to such motion passing at such first mentioned meeting. The said motion shall be dealt with at a subsequent special or general meeting of which due notice shall be given according to the by-laws, and such notice shall specify the special business to be transacted.

11. Every member desiring to speak to the meeting shall rise in their place and address the chairman.

12. When two or more members rise to speak at the same time, the chairman shall decide which one is entitled to the floor. But a motion may be made that any one member who has risen, be now heard.

13. All motions must be seconded, otherwise the chairman shall not put the motion to the meeting.

14. A member called to order by the chairman shall subside but will be allowed to speak before the close of business.

15. The League if appealed to shall decide on the case without debate. If there is no appeal the decision of the chair shall be final.

16. That general meetings shall be held on first Thursday of each month at 8 p.m. and that special meetings may be called at three days' notice by the executive by their own motion, or on a requisition signed by at least five members, and that notice of special meetings shall be given by advertisement in local press or by using dodgers.

17. That by-laws may be altered or amended at any general or special meeting on one month's notice.

E. A. Haggen said that the police magistrate should be put on a regular salary and would make a motion to that effect, but since he would not be present at the next meeting the motion was dropped.

The question as to how matters regarding the improving of the city moral standing was discussed and G. S. McCarter said that if the police were left alone the results attained would be more satisfactory and that the police commissioners should let them alone. He said that several of the tinhorn element had taken tickets for out of town and that things were going along very well.

At this juncture a collection was taken to defray all incidental expenses.

Moved Rev. J. R. Robertson and seconded F. B. Lewis, that the question of Sunday closing be taken up at the next meeting. Carried.

H. N. Coursier said that there was a matter of much importance for the League to take up, although it was a delicate one. He said that the children going to and from the school had to pass through a very bad element which was a coarse and detrimental example to the young.

J. M. Kellie said that this was a very important subject and one which the League should carefully consider. He said that there was too much freedom of certain classes in the city and that a strict limit of where they should be allowed to go put on them. If this class had to come up to town they should be made to come up in closed conveyances.

H. N. Coursier made notice of motion that this subject be taken up at the next meeting, and the question of undesirable residents and their effect on the school children passing through that locality to and from school, dealt with.

E. A. Haggen introduced the subject of licencing of hack drivers.

R. Howson said that the city council had obtained copies of the Vancouver by-laws on this subject, and that they would be discussed at the next meeting. He added that the drivers of hacks should be made to pay the licence themselves and that a price schedule was necessary.

G. S. McCarter pointed out that it was not a question of money but of the man.

H. N. Coursier said that before granting a licence to a hack driver the man's character should be looked into and that the driver should be made to pay for the licence himself.

The meeting unanimously agreed that licences should be personal to the drivers and be only granted with full approval of the chairman and committee of licence and by-laws. The meeting then adjourned.

Revelstoke Cigars—Union Made—Our Special, The Union, and Marca Vuelta are ahead of all others.

NEGLECTED EYES

Improperly fitted glasses are worse than no glasses and neglected eyes often means blindness.

Our Optical Department is in charge of Mr. M. S. Hastings, Ref. D., and positively guarantee satisfaction.

It has been proven that 90 per cent. of headaches are caused by defective eyes and it does not follow that because you have good eyesight that your eyes are not defective.

Have your eyes attended to now and save trouble and expense.

KOOTENAY CENTRAL

Official Announcement Expected in Winnipeg Shortly—Construction to be Soon Started.

WINNIPEG, Aug. 16.—Official announcement of the intention of the C. P. R. to undertake the construction of the Kootenay Central Railway this *year is expected in the course of a few* days. A decision to build the line has been reached as a consequence of a trip made recently over the projected route by Mr. William Whyte, second vice-president of the C.P.R. He covered the ground in an automobile, and was so favorably impressed that immediately upon his return to Winnipeg he took up the question of construction with Sir Thos. Shaughnessy. *Arrangements preliminary to the letting* of contracts for construction are now proceeding.

The line will connect Golden, on the main transcontinental line, with Fort Steele, on the northern bank of the Kootenay River, and thence to Fort Steele Junction, on the Crow's Nest Pass line. The road will follow the *north eastern bank of the Kootenay river* from Fort Steele to Canal Flat, where it will cross the river and run along the west shore of Upper Columbia Lake, crossing again at the foot of the lake and following the eastern bank of the Columbia River to Golden. About ten miles of the road was built last year out from Golden.

C. P. R. ROLLING STOCK.

Two Hundred Engines a Year Being Added.

Mr. D. McNicholl, vice-president and general manager of the C. P. R., returning to Montreal after his visit to the west, said: "The wheat crop promises well," he said. It may be a little later than usual on account of the unusually late summer, but from what I have seen there is no reason for alarm."

"How about the supply of cars to handle it?" was asked.

"With business growing as it is in *this country*," said Mr. McNicholl, "cars are always short, but I do not think there will be any particular difficulty in handling the Western harvest, as we have greatly increased our rolling stock since last year. At the Angus shops we are turning out twenty-eight freight cars a day. This year there will be 6,000 new cars available for use when the season for movement of crops arrives. The company has spent something like $10,000,000, in rolling stock for the movement of passengers and freight. By the fall we should have 200 new locomotives in use. That includes seventy which will have been built at our own shops, where we are building a new locomotive every five days, in addition to repairs that are always in progress.

"Two hundred locomotives per year we are now adding to the system. I do not think the record is bad."

GIFT TO Y. M. C. A.

Railway Company Donates $30,000 to Organization.

KENORA, Man., August 16.—Announcement was made here today of the first gift made by the Canadian Pacific Railway to the Young Men's Christian Association of $30,000, with which sum an excellent structure will be put up here. The building will have a large number of dormitory rooms, a restaurant, bath rooms, and possibly a gymnasium. It will be four stories in height and will embody all features considered valuable in work among railway men. The present grant of $30,000 is the first to be made to the Association by the Canadian Pacific, with the exception of a grant of $100 per month for current expenses to Revelstoke. It is anticipated that other large gifts may follow, and that the Company may aid in erecting buildings at other points where large numbers of their men are employed.

ANOTHER BIG SURPLUS

Federal Business Exceeds $14,000,000.

OTTAWA, Aug. 13.—The financial statement of the Dominion for the first quarter of the present fiscal year shows a total revenue of $32,291,888, with a total expenditure of $17,191,663 on consolidated fund account, and $4,511,641 on capital account.

For the four months ending July 30 the surplus of ordinary revenue over ordinary expenditure is $19,100,223, and the surplus over the total expenditure both on consolidated and capital accounts is $14,538,582.

The Customs revenue for four months totals the record amount of $30,451,915.

Dated July 20th, 1907. Rupert Williams Haggen.

NOTICE

Notice is hereby given that the undersigned has *applied to His Honour the Lieutenant-Governor* in Council under the previsions of the Rivers and Streams Act, to clear and remove obstructions from Frisby Creek in the District of West Kootenay, British Columbia, from a point where it empties into the Columbia River to a point on said creek about 4 miles from the Columbia River and to construct and maintain booms at or about the mouth of said creek and in the Columbia River adjacent thereto, and to attach booms to *the shore of Frisby Creek* and said Columbia River at said points, for holding, sorting and delivering logs and timber brought down said creek.

The lands to be affected by the said work are Crown lands and the tolls that are proposed to be charged are such as may be fixed by a Judge of the County Court of West Kootenay.
Dated this 15th day of June, 1907.
wed jne 19-60d H. DONNELLY.

NOTICE

Notice is hereby given that 60 days after date I intend to apply to *the Chief Commissioner* of Lands and Works for permission to purchase the following described lands, situate in West Kootenay district:

Commencing at a post planted 40 chains north of south-east corner of T.L. 7016 and marked "J. E. Johnson's north-west corner post," thence east 80 chains, south 80 chains, west 80 chains, north 80 chains to point of commencement.
Dated June 6th, 1907.
wed jun 12 J. E. JOHNSON.

WEATHER FORECAST

Saturday, Aug. 17, for 24 hours.—Unsettled, showery with bright intervals. Stormy with moderate westerly winds. Indications of fair change. Temp., Max. 61 degrees, Min. 49½ degrees.

Local and General.

Several of the directors of the Fruit & Produce Exchange of B. C. are in town today.

Thursday night a business meeting will be held in the Y. M. C. A. for election of six directors and other business.

The B. C. Gazette announces the close season for prairie chicken within the Kamloops electoral district until August 31, 1908.

Rev. J. A. L. Romig will conduct the service in the Mission Hall, First Street, tonight at 8 o'clock. Come and hear the good news.

Mr. Smith, newly arrived in the city, died suddenly at his home on the Adair ranch this morning. Deceased is the father of Mrs. Fletcher.

Thursday night a meeting for the election of six directors of the Y. M. C. A. will be held. Active members are asked to attend this meeting.

The junior lacrosse boys are endeavoring to get a game with an outside team on Labor Day and are looking to citizens to help them out.

Three good looking race horses came in from Medicine Hat this week the property of Mr. Robt. Emmett, and will train here till the meeting on Sept. 12 and 13.

Constable Terry returned this morning from the Coast with Chas. Turnross who has been arrested on a warrant for suspicion of being implicated in the recent hold-up case here.

The Scandinavian Methodist people had an enjoyable and profitable afternoon and evening yesterday at the home of Mr. Charles Lindmark, notwithstanding the downpour of rain.

A handsome collection was made from the citizens and merchants yesterday by the Turf Association for prizes for the annual race meet to be held here Thursday and Friday, Sept. 12-13, and some good sport is promised.

A number of young people of the city drove out on Thursday evening to Mr. and Mrs. H. F. Hays', to celebrate the anniversary of Miss Mabel's birthday. A most enjoyable time was spent in music and dancing, the party returning home in the early hours of the morning.

POPULAR PERFUMES

One reason why we sell so much perfume is because we carefully watch our trade and make it a point to always have on hand the particular perfumes which are popular in this locality.

Mail Orders promptly attended to at this Store.

There will be a meeting of St. Peter's church committee this evening at the Rectory at half-past seven.

R. L. Borden, leader of the Conservative party in the Dominion, will deliver seven andresses during his visit to the province at Vancouver, Victoria, New Westminster, Kamloops, Nelson, Grand Forks and Cranbrook.

Another wire has been received from Wolf Island, Kingston, Ont., from Murphy, whose disappearance has caused much local disturbance. Murphy has written to the local police, but as yet the letter has not been received.

The city council have donated $200 each to the Turf Association for the race meet on September 12 and 13, and for the Labor Day sports on Sept. 2nd. The report of the council meeting last night will be reserved till Wednesday next.

Survey parties report the discovery of an extensive ledge of quartz, carrying galena and in all probability gold on the north shore of Seymour Arm, Shuswap Lake. The samples appear to be rich ore and will it is claimed assay high in silver.

Dr. Fagan, provincial medical health officer, in company with Dr. William Stephen has arrived at Kamloops from the coast, in order to complete arrangements for the transfer of the fine site near Kamloops for the erection of the tuberculosis sanitarium.

The Turf Association have arranged a very interesting programme of track events for Sept. 12-13. A purse of $1,500 will be hung out and divided up liberally between the events. Local horses will also have an opportunity to distinguish themselves.

E. C. Fromey has contracts for the building of a modern seven room house on First Street and Pearce St., two tenement houses of seven rooms each near the same corner, and a business block of one storey on First St. near Government St., the latter for A. McRae.

Mrs. H. A. Brown, M. E. C. for the local temple of Pythian Sisters, will hold an installation ceremony at Arrowhead on Monday night of a Pythian temple in that town. The movement has been very popular both at Arrowhead and at Revelstoke and it is to be hoped that at the inauguration of the new temple to be named Purity Temple No. 3. all who can will attend.

The Lee Lumber Company has been incorporated by Fred Robinson and associates, with a capital of $50,000. The company are building a saw mill near Wigwam on the Arrow Lake branch of the C. P. R., and will get their timber supply from their limits in the vicinity of the mill and in the Big Bend. Mr. Robinson is the father of the saw mill business in this locality and has been so successful in the past that it may be taken for granted that the new industry will be a prosperous one.

No. 2 eastbound ran into a heavy rock and mud slide near Clanwilliam shortly before 11 o'clock last night. The engine was derailed and thrown into the gully, but fortunately no injuries were sustained by any of the crew or passengers with the exception of one man who was thrown out of his berth and sustained several cuts on his head. When the news of the accident was received here a wrecking train was immediately despatched, and after several hours work the track was cleared and the train, closely followed by No. 96, arrived at 10:15 this morning.

Blackberries, peaches, pears, plums, blue grapes, bananas and oranges at C. B. Hume & Co's.

Social and Personal

H. A. Brown left for the south this morning.

G. Sumner returned from the coast this morning.

Mrs. H. N. Coursier will not receive on Tuesday the 20th.

Miss E. Paget returned yesterday morning from the coast.

Mr. and Mrs. R. M. Smythe have returned from a visit to the coast.

T. Sturdy has returned from Manitoba to rejoin the local police force.

Dr. Graham left on Thursday night for Vancouver where he will take up a practice.

Mrs. J. H. Jackson and family returned from the Okanagan Landing on Wednesday.

T. Aitken of Notch Hill is spending a few days in town the guest of Mr and Mrs. H. Cunningham Morris.

WEDDING-BELLS

A very pretty wedding was celebrated on Wednesday last at 9 o'clock in the evening at the residence of Mr. and Mrs. McNiven, McKenzie Avenue. The contracting parties being Edwina only daughter of Mr. and Mrs. McNiven and William A. Chambers, both of this city. The Rev. Father Pecoul performed the ceremony.

The bride, who was attired in a handsome gown of blue voile trimmed with velvet and pointe de spray and carried a magnificent bouquet of carnations pinks and roses, was attended by Miss Wade, Charles Latham being best man. Only a few intimate friends of the family were present. After the ceremony a banquet was held when the health of the newly married couple was heartily toasted. The bride's gift to the bridegroom was a handsome gold signet ring; the bridegrooms' gift to the bride was a travelling and dressing case. The bride wore a handsome travelling dress of champagne linen, and the happy couple left the same night on No. 1 for a fortnight's honeymoon at the coast cities, after which they will return and make their home in Revelstoke. The presents were handsome and numerous. Mr. and Mrs. Chambers are popular here, and the MAIL-HERALD extend congratulations and many wishes for their future happiness.

Preserving peaches and plums are expected to arrive next week, so leave your orders early. C. B Hume & Co.

A COOL REQUEST—Come in and offer us 25 per cent off our refrigerators. We have a few left and don't want to store them, and if you can see a bargain in this we will stand the loss. Lawrence Hardware Co. Ltd.

COUNTY COURT

At the sittings of the County Court Thursday, Judge Forin presiding, a case of some local interest was tried. Mr. and Mrs. D. Taylor sued the city of Revelstoke for $269 for damages for turning their lodging house into a pest house on April last and omitting to provide a suitable isolation hospital to treat a case of diphtheria that developed in the lodging house.

It was shown that plaintiff had protested against the action of the city officials and asked to have the patient removed, also that the man could have been safely removed, but the mayor and health officer when applied to did nothing towards removing him.

The judge held that the city was liable for part of the damage claimed and gave judgment against the city for $131.50 and costs. He held that it was the duty of the Council to provide a proper isolation hospital for such cases and that they failed to perform their duties by omitting to provide one.

Messrs. Harvey, McCarter & Pinkham represented the plaintiffs and Messrs. Scott & Briggs appeared for the city,

King v. Cochrane—Guthrow, Chisholm and Beaty, charged with rolling Captain Kidd.

The evidence showed two of the men kept guard while the other two went through Kidd's pockets when he was sitting asleep at the Windsor Hotel, but it so happened at the time that Scottie McGurlie and John Gale were on the other side of the street and saw the whole performance. The accused were found guilty and Beaty sentenced to two years and the other three to three months each.

J. M. Scott for the Crown; C. E. Gillan for the defence.

ACTIVITY IN THE BIG BEND.

Considerable activity will be seen in the Big Bend and Canoe River districts this autumn and next year if present plans are carried out. Several mining camps are pushing operations there and several new logging camps are to be opened up.

A company is being incorporated to build a tramway around Death Rapids to connect with the steamer Revelstoke and another steamer to be placed on the river above Death Rapids and on Canoe River. Navigation facilities will then be such as to reach 50 miles up Canoe River and around the Bend of the Columbia to a point near the mica mines located on the divide opposite the mouth of Canoe River.

The trail up the Columbia from Goldstream to the mouth of Canoe River is also to be completed at once.

The construction of the tramway will be commenced as soon as right of way has been secured. This development will add much to the prosperity of Revelstoke.

OPERA HOUSE.

The Howard-Dorset Co. now playing in the Opera House here have produced two highly amusing and well staged plays. "Christopher Jr." was put on on Thursday night and much appreciated by a fair sized audience, the laughable circumstances surrounding Christopher being well portrayed. The company work well together and without the least hitch or awkwardness. Last night "The Nominee" was put on and kept the audience in a state of hilarity from beginning to end. The tangled situation of the candidate who, while having a "hot time" in New York, is supposed to be electioneering hundreds of miles away, and finally finds himself elected to the wrong party, is well brought out. "The Nominee" is certainly one of the funniest plays ever seen in Revelstoke. Mr. Howard is a comedian of rare ability, possessing all the qualifications of humor as well as pathos. The whole company work in harmony with the leading part and as an aggregation of talent can hold their own anywhere. Tonight "Arabian Nights," a well known English comedy-drama will be produced.

BREEDS TUBERCULOSIS.

Opinion of Eminent Toronto Physician Expressed.

LONDON, Aug. 16.—Speaking at the International Congress of School Hygiene, Dr. Oldright of Toronto University dealt with the question of the schoolroom as a factor in tuberculosis. He referred to the lamentably prominent position held by the teachers of Ontario in the death list from consumption, and suggested that the causes were foul conditions of air in the older schools, and the inhalation of chalk dust from blackboards.

A new line of French soaps at Bews' Drug Store.

Magnificent display of Fall Rain Coats, our new skirts have arrived, don't buy your coat or skirt without looking over the lines we are showing. —Cressman & Morrison.

McLENNAN'S

ARROWHEAD

From our own correspondent.

Mrs. F. Fox returned on Sunday from Vancouver.

Mr. J. Whitebread, of Calgary, spent a few days at his home here.

Gold Commissioner Fraser was in town this week.

Mr. and Mrs. J. Salley left on Monday for Vancouver.

Dr. Hamilton spent Wednesday here.

Dr. and Mrs. Morrison, of Revelstoke, were in town Thursday and Friday.

E. McGaghran is in Kamloops.

Miss Whitebread has resigned her position as assistant in the post office.

L. Bentley left Wednesday for his home at the coast.

Mr. J. Bull is opening up a branch store in Nakusp. Mr. Broadbent will be in charge.

Mr. C. A. Lucas, who has for sometime been stenographer for the Lamb-Watson Lumber Co., left on Friday for Chicago where he has accepted a position with the Edward Hynes Lumber Co.

Mr. O. Lachmund went to Vancouver on Thursday.

On Wednesday evening next a social will be held in Lightburnes hall, in honor of Mr. and Mrs. Warner, who will leave shortly for Seattle. An invitation ie extended to everyone.

SHORTAGE OF TEACHERS.

VANCOUVER, Aug. 17.—The provincial authorities have been forced to adopt extraordinary measures to combat the shortage of teachers, which it is thought will exist with the beginning of the next school year next month. For one year from June 30th, 1907, regular certificates of the Education Department of British Columbia may be issued to those holding first class certificates from other provinces of the Dominion and who have received professional training at approved Normal schools, such teachers to be granted the regular first class certificates from the local department without further examination. The usual fee of $5 will be exacted.

The shortage of teachers has been annually growing greater. Last year eighty-four temporary permits to teach were granted by the department to non-qualified persons in order to cope with the demand. Those temporary permits are good only for one year in which they are granted, and all of the eighty-four expired last first of July and cannot be renewed, so that the situation is a serious one,

It is thought that the new provision which by an order-in-council takes effect immediately, will, however, relieve the situation. Qualified teachers from the east holding, though they might, certificates from normal schools in other provinces, were compelled to take the non-professional examination here, though they were relieved of the necessity of taking the Normal course in this province.

CHURCHES.

CATHOLIC.—Rev. Father R. Pecoul, O.M.I., pastor. Services every Sunday at the following hours: 8 a.m. Communion Mass; 10:30 a.m. High Mass and Sermon; 2 p.m. Baptisms; 2:30 p.m. Sunday School; 7:30 p.m. Rosary, Instruction and Benediction.

ST. PETER'S ANGLICAN—Trinity XII. Holy communion at 8 a. m.; matins and Litany at 11 a. m. and evensong 7 30 p. m. Sunday school, 2:30 p.m.

ST ANDREW'S PRESBYTERIAN—Rev. W. C. Calder, pastor. Services 11 a.m. 7:30 p.m., Sunday School and Pastor's Bible Class, 2.30 p.m. Morning subject, "The Atonement." Evening subject, "China and some of its Missionaries." Young People's Meeting, Monday 8 p.m. Prayer Meeting, Wednesday 8 p.m. Choir practice and Teachers' meeting, Friday 8 p.m.

KNOX PRESBYTERIAN—J. R. Robertson, B. D., minister. The usual services at 11 a.m. and 7:30 p.m. Sunday school at 2:30 p.m. Mr. P. McKenzie will conduct both services in the absence of the pastor, who is conducting communion services in Mr. McKenzie's Mission, Field. A cordial welcome is given to all, and strangers are specially invited.

BAPTIST—In Mission Hall, First Street. Services for Sunday, August 18th. Morning service at 11 o'clock conducted by Rev. W. P. Freeman. Sunday School 2:30 p.m. Evening service at 7:30, Rev. J. A. L. Romig preaches. The Misses Cave will sing at all the services. These services are very interesting and full of power.

METHODIST — Rev. T. W. Hall, pastor. Services at 11 o'clock a.m. and 7:30 p.m. Prayer meeting and Epworth League united for summer months. Morning, sermon particularly addressed to Sunday School teachers and pupils. Evening, third sermon on "The Tragedy of Job." All welcome.

We have a splendid assortment of lace and tapestry curtains. Call and see them, C. B. Hume & Co.

BETTER CLASS IMMIGRANTS.

OTTAWA, Aug. 16.—The condition of the immigrants now arriving in Canada is far better than ever before. This is due to the rigid Immigration Act passed a few years ago, and to the manner in which it is being enforced. The steamship companies knowing that they will have to bear the cost of deporting, are refusing diseased immigrants, and exercising the greatest care at English and continental ports, and are refusing to carry any person likely to be rejected on arrival in Canada.

While the Quebec Quarantine Hospital a few years ago had several hundred immigrants under treatment, at present, with a very much larger volume of immigration, there are only sixty persons in the hospital. Dr. Bryce says that the majority of cases detained for treatment or deportation come from the continent. The best physical types coming to Canada are the Galicians. Out of 201 persons deported last year 169 were of English origin. Out of 1600 Galicians only one person was sent back as physically or mentally unfit.
