## MR. SMITH'S REASONS

### Why Micheal Davitt Was Excluded From the Labor Commission.

### SHAMEIKIN'S CONFESSIONS

### Great Britain May Yet Be Compelled to Thrash Portugal

### FOR HER DOINGS IN AFRICA

### Decobain's Depravity So Great As to Be Unfit for Publication.

LONDON, April 20.—In the House of Commons this evening the Right Hon. W. H. Smith, government leader, replied to a request for information as to the reasons which influenced the government in declining to appoint Mr. Michael Davitt a member of the royal labor commission. Mr. Smith said that evidence which had been submitted to the special Parnell commission, in connection with Mr. Davitt's political antecedents and relations, coupled with the conviction of that gentleman in 1870 for treason felony, and his sentence to 15 years' penal servitude had convinced the government that he was a person unfitted to serve on the royal labor commission.

A VERY SMALL MINORITY.

The Land Bill is making slow progress. Nolan's amendment was defeated by 202 to 5 of whom two, it is said, voted with the minority by mistake. Loud laughter greeted the announcement of the vote. The result is said to have been planned by the McCarthyites in response to Parnell's charge on Sunday that they were opposing the bill.

WHERE HAS IT GONE?

General Booth has issued an appeal on behalf of the Salvation Army and his work. The General says that he is short twenty thousand pounds in his current expenses and fears that much of his work may have to be abandoned, as he has already gone as far as he cares to go without substantial assistance.

HIS SHOCKING DEPRAVITY.

All parties in Parliament are rather hoping that Decobain, the Irish Conservative member will not be brought to trial, as the developments will be of a nature to shock the country and could hardly fail to have a demoralizing influence. In the House of Commons today the Hon. W. H. Smith said a warrant had been issued for the arrest of Decobain, the Irish Conservative M. P. accused of unnatural crimes. Mr. Smith said he was not aware that Decobain had written to his friends that he would meet the charges if a proper interval should be allowed before the house proceeds to expel him. Mr. Saunderson, M. P., denied that Decobian was grand master of the Orangemen.

MAY WHIP PORTUGAL.

Lord Salisbury had a conference today with the Duke of Cambridge, commander-in-chief of the forces. It is rumored that the subject under discussion was the possibility of war with Portugal in case the reports of Portuguese aggressions in Mashonaland are confirmed by official advices. It is believed that the government has lost patience with the little monarchy, which has been annoying it in African matters and that no further temporizing will be done.

Advices from Capetown confirm the statement of a previous cable that the British settlers in Mashonaland and Manicaland are everywhere preparing for a fight with the Portuguese. Chief Gungunhama has sent messages repudiating allegiance to Portugal and asking to be taken under the protection of the British. The chief is said to be deeply enraged at the abduction by the Portuguese of two of his sons and one daughter as hostages. The sons were taken to Portugal to be educated and the daughter is detained at Mozambique. Gungunhama was frightened into submission at first, but a British trader has informed him that the Portuguese would not dare to injure the children and now he wants to fight. The young chief Umbat of Gungunhama's kraal to whom the daughter was to have been married shortly, has already started with a band of warriors to fight the Portuguese. The British South African companies' leading representatives in London held a meeting today to discuss the South African situation. The opinion was freely expressed that unless Portugal promptly ceased her high handed measures the company would have to take action in defense of its chartered rights.

CARELESS OF LIFE.

Samelkin, the would-be assassin of the Czar, is said to have implicated a number of Jews in his confession, and as a result 3,000 of that race have been expelled from Kieff, where the plot to murder the Czar had its origin. Shameikin it is now known is not a real Russian, but a Livonian in origin, and his family although once prominent had been reduced to poverty by unfortunate speculations. He has told the police that he did not care to live, as he had forfeited his life when he agreed to kill the Czar. He and his fellow conspirators pledged therefore that the one chosen for the task should die whether he succeeded in his mission or not.

A GREAT LEAGUE.

The annual business meeting of the Primrose League was more than usually secret, but it is learned that most of the speakers assumed that a general election would take place within a year, and advocated careful preparation for the event. This fact is important in view of the close connection of the League with the government, Lord Salisbury being its grandmaster, and the most active spirits in the organization prominent supporters of the ministry. The officers of the league complained at the meeting, that although the membership is increasing, being now 1,292,000, against less than 950,000 eighteen months ago, the receipts show a falling off. Only £8,270 was raised during 1890, most of which has been expended in the support of itinerant lecturers, and the dissemination of political literature. Two million leaflets were circulated during the year. Lord Salisbury delivers the grandmaster's annual address to the League at the Convent Garden Theatre tomorrow, and he is expected to say something of weight in connection with the future work of the body. The League is a very important factor in politics, and its progress is watched with great interest by all.

PREDICTS AN AFRICAN EMPIRE.

The St. James's Gazette today expresses the hope that Lord Randolph Churchill's journey to South Africa will have palpable results. The St. James's predicts the growth of a great Anglo-African empire in the southern part of that continent.

WILL HOLD TO THEIR LAND.

The German East African Company have coined an immense amount of silver for use in that colony and this week will see the new coinage on its way to Africa. The Germans declare that they will hold Damarland whether the English help them or not and that the country will be developed, both for its agricultural and mineral value. The announcement is a disappointment to an English syndicate that had been formed for the purpose of securing Damarland as soon as the Germans should give it up, and which has resorted to contemptible methods in order to rid Africa in that quarter of the Germans.

BOHEMIA'S KING.

A Vienna dispatch says that Count Taafe the Austrian Premier is accused of favoring the anti-Jewish movement in order to draw the anti-Semitics to his support. He has succeeded for the present in holding together a majority for the government in the Reichsrath. The young Czechs have presented their demands that the emperor shall be crowned King of Bohemia, another change effected in recognition of Bohemian nationality.

### Reed in Rome.

ROME, April 20.—Mr. Thomas Reed, ex-speaker of the House of Representatives of the United States, has arrived in Rome, where he will remain two weeks. On Saturday a dinner was given in his honor by the American consul, Mr. Augustus P. Bourn. United States Minister Porter and a number of prominent visiting Americans were among the guests.

### The West Indian in Trouble.

SAN FRANCISCO, April 20.—The captain of the British tramp steamer West Indian which is about to go into the coast trade found this morning that his entire crew had deserted his ship and he was left at the mercy of the Coast Seamens' Union. The ship carried men under contract for three years. They were paid $20 a month. The rate fixed by the Coast Seamen's Union is $45 a month. The union told the captain that he must pay union wages if he went into the coast trade. The captain refused on the ground that his men were under contract.

### Seattle's Protest.

WASHINGTON, D. C., April 20.—Secretary Blaine has received through the Treasury Department a memorial of the Chamber of Commerce of Seattle, protesting against discrimination in favor of foreigners in the Behring Sea fisheries. The memorial says: "The laws should be enforced and poaching prevented, but if the delicate position in which the government is placed, pending diplomatic negotiations, prevents the law's strict enforcement, any discrimination should be in favor of our own people. The memorial sums up the position of the Chamber of Commerce as follows: "This Chamber urges the thorough execution of the law, if possible; second, if impossible, it is non-enforcement as to all; third, that any discrimination on the part of the government in its enforcement shall be to the advantage of our own citizens.

## FAREWELL FESTIVITIES.

### The City Militia Extend the Hand of Fellowship to the Nymphe's Crew.

The bluejackets, marines and artillerymen of H. M. S. Nymphe were the guests of the Westminster Battery and Band last night in the drill shed. The old temple of Mars had been fixed up to look quite gay an festive with flags and banners and trophies of arms on the walls. At the upper end of the shed was the motto, "Welcome H. M. S. Nymphe." Tables ran along both sides and across the western end, well laden with toothsome viands and ornamented with flowers and evergreens. Near the door a row of burly looking ale barrels and a big table that did duty for a bar, showed that the meeting was not to be a dry one. There were also boxes of ginger ale and other "soft" lubricators for those who preferred them, and innumerable boxes of cigars for the smokers, and their name was legion. Among the prominent citizens noted in the throng were Captain Townley, Lieutenant E. H. Port, Lieutenant Cotton, Captain Peele, Lieuts. Adams and Musgrave, R. N., Paymaster Harris of the Nymphe, Messrs. James Leamy, John Reid, and later Acting Mayor D. S. Curtis and several of the aldermen. The proceedings opened with a dance by the sailors to the music of the band and piano. The bluejackets are very graceful dancers and tripped the light fantastic in grand style, to the great edification and amusement of those present. Meanwhile everybody had been smoking and there were numberless excursions to the beer barrels, and as the atmosphere got hazier the jolly tars and their friends got happier and laughed and joked and enjoyed themselves immensely. The band then played a carefully selected programme of popular music, which was received with enthusiastic applause. In one of the pieces a novel effect was produced by the tolling of a bell specially loaned for the occasion by H. T. Read & Co. Several of the sailors had brought along their banjos and accordeons and the music supplied by them was excellent. Mr. Harris, paymaster of the ship, took the chair and made a short and witty speech which evoked roars of laughter and applause. He referred warmly to the good feeling manifested by the citizens toward the man o' wars-men and in glowing terms acknowledged the kindness of Westminster's people. A toast list of interesting length was then commenced, and each toast was honored most heartily. There were frequent renditions of "He's a jolly good fellow" and cheers at the various patriotic sentiments. Among the speakers were Lieut. Musgrave, Acting Mayor Curtis, Captains Townley and Peele. After supper, a fine programme of songs was begun and among the principal specialists were Messrs. Cornber, Spriggen, H. T. Read and M. King, all of whom received the most enthusiastic plaudits for their clever songs. The jovial meeting broke up about 11:40 as the man o'warsmen were timed to be aboard by midnight. Column was formed and all singing "Rule Britannia" at the full strength of their lungs, the march to the boats was begun. There the bluejackets and their friends sang various songs, finishing up with "Auld Lang Syne," and cheers for the city and the ship. Thus ended one of the jolliest evenings ever passed in Westminster, and it will long be remembered by all who took part in the festivities.

### A Heavy Fine.

The Colonist reports that parties arriving from Port Angeles, last (Saturday) evening, state that Puget Sound tugmen having objected strongly a few days ago, to the action of the Victoria tug Lorne towing an American ship bound from San Francisco to Port Angeles from the Cape, the matter was taken in hand by Collector Bradshaw, who found that the Lorne had violated the custom's laws and announced that she would be placed under seizure should she again visit American waters. The Lorne did pay the visit and she was seized. At Port Angeles yesterday the detention was made and the tug only obtained her release upon payment of a fine of $844.

Referred to the Finance Committee with power to act.

REPORTS.

The Fire and Light Committee reported recommending the payment of the following account: R. C. P. M. Co., Electric Light, $778.33. Adopted.

The Finance Committee reported as follows: Respecting the application of the Westminster Cricket Club for the purchase of a piece of land from the city, on the Lulu Island reserve, recommending that five acres be sold to the club for $1,000; site and conditions to be arranged, one of the latter to be that the land be used for no other purpose than that of a cricket and recreation ground. Also reporting that the city solicitor's bill for $160.50 was ordered paid, being a disbursement re the Brighouse case; and also recommending that the account of S. J. Thompson, for photographs supplied to the British Farmers' Delegation, $3, be paid. Adopted.

The Special Committee reported that they had interviewed Mr. Gray, agent of the Telegraph company, and find that the system proposed would prove, if established, a convenience to the citizens and recommend that the company's application be granted and a bylaw similar to the one submitted by the company be introduced. Report adopted.

Ald Kennedy explained that this was something on the same plan as a telephone system, and provides for the calling of messenger boys, police or a fire alarm.

Acting Mayor Curtis made a verbal report as to the dangerous condition of the ruins of the Masonic block, and the Chief of Police was instructed to take proceedings.

Ald. Keary made a verbal report that he had accompanied Mr. G. E. Corbould to view the site of the proposed widening of Columbia Street opposite the house of the warden of the penitentiary.

Moved by Ald. Scoullar, seconded by Ald. Kennedy, that the clerk be instructed to request a return to the city engineer's office, all field notes and other property of the city which he may have in his possession. Carried.

Moved by Ald. Scoullar, seconded by Ald. Keary, that the Board of Works be requested to furnish plans and specifications for the widening of Columbia Street opposite the Penitentiary grounds, and place the same in the hands of G. E. Corbould, M. P., with the request that he will apply to the Dominion Government for the necessary permission and for an appropriation towards the work. Carried.

Ald. Sinclair asked if any further communication had been received in reference to the new C. P. N. steamer for the Westminster-Victoria route.

The mayor said that none had been received.

NOTICES OF MOTION.

Ald. Kennedy gave notice that he would introduce a bylaw to regulate the District Telegraph and Delivery Co.

The Council then adjourned.

## DELTA PROGRESS.

### Prosperity and Happiness Preside Over the Bounteous Garden of the Province.

LADNER'S LANDING, April 18.—Never in the by-gone days of this community has it enjoyed the confidence and activity of its people, in the wealth that lies in the fruitful bosom of the Delta agricultural lands as a reward of labor. Although the spring was a backward one seeding has been vigorously carried on. A prominent feature in this respect this year, owing chiefly to the surprisingly successful result of last year, is the sowing of large fields of wheat. A year ago the enterprising manager, Mr. Hall, of the Victoria Rice and Flour Mills Co., distributed free of cost a large amount of "Red Fife" wheat seed as an inducement to growers, and for practical proof of the flour producing capabilities of wheat grown on the Delta lands. The weight per bushel was 64 lbs, and the average yield per acre was rather more than a ton. The flour product, therefore, and which is already famous, is known as the "Delta" Brand. We take great pride in this comparatively new feature of our productions. There will be at least 750 acres of Red Fife wheat sown this year in this locality, besides a great deal of other kinds for other purposes.

It is also gratifying to see the very marked improvement in the class of farm stock in our midst, many following the worthy example of Mr. T. E. Ladner, who, it will be remembered, brought in a carload of splendid animals about a year ago.

With commendable enterprise the Council in the matter of expenditures on roads are moving in the right direction. We will soon have excellent roads, and nothing shall daunt us in maintaining the lead as the banner municipality of British Columbia.

The canneries, the great money circulating medium of these parts, are also actively preparing for the coming season's work. Some of our largely acred farms are being cut up in five and ten acre blocks, with a view to encouraging the better class of fishermen to locate with their families and make happy and prosperous homes for themselves. We want fewer wandering and shiftless foreigners in this branch of industry and the families of the fishermen to manipulate the canning process instead of the Mongolian class, as at present, and the more we can encourage this condition of things the nearer we get to solid progress and permanent stability. The limitation of licenses tends to do exactly the opposite to this, as newly arrived fishermen from the east are denied a license to fish, even at a cost of $20 a piece, and by not being allowed to enter freely as a good citizen of his native country, becomes disgusted and moves to American waters, where he can pursue his chosen avocation and earn money to bring all his family to the delightful Pacific clime.

Rumor has it that the Fisheries Department are hampering and interfering with the established canning institutions. We do not want it. We rejoice in their prosperity, inasmuch as their success means success all around, particularly so to the Lower Fraser district and New Westminster, and while keeping always in view the maintenance and permanence of this industry in the future, we do not want vexatious and needless meddling of some of Ottawa's arrant humbugs with matters that they do not understand the first thing about. We mean to live here and that our families shall live here and we are proud of our canning industry as of our farming lands, and would recommend you to send down as many sleepy Easterners as possible, to see a hive of industry with happy, prosperous and contented people.

### Our Gallant Sailor Guests.

EDITOR MORNING LEDGER: Sir,—It is with the greatest regret we leave your hospitable city, but before we go, we should like you to acknowledge in print our gratitude and heartfelt thanks for the great kindness and consideration shown to us, on this our second visit to your "Royal City. Royal it is and English, "quite English you know." Coming from where we did, the Sandwich Islands, a place where nothing went down but American talk, American patriotic airs, and American ways generally, and where we bid fair to become almost Americanized ourselves, it was quite refreshing to find ourselves in such a genial atmosphere as we did on arriving here. It seemed almost like another world, and was the nearest approach to home that we had seen since we left there. It is with a feeling of pride that we find ourselves so popular, and the more so, because it is by our own unaided efforts. If the accommodation and means of conveyance between the ship and the shore have seemed inadequate, rest assured it was not our fault. The only thing that troubles us is that there is no way of repaying you for your many little kindnesses to us, and I am sure I express everyone's feelings when I say we shall never forget you, and in after years the name of New Westminster will revive the pleasantest of our many pleasant memories. Again thanking you, sir, and hoping I have not encroached too much on your valuable space, believe me to remain, yours truly,

GRATEFUL LOWER DECK.

H. M. S. Nymphe, New Westminster, Monday evening, April 20, 1890.

### Mrs. Gough's Death.

WORCESTER, Mass., April 20.—Mrs. Mary E. Gough, widow of the late John B. Gough, the great teetotal lecturer, died at Hillside Farm in Boylston today, at the age of 71, from paralysis.

### Quebec's Premier in Paris.

PARIS, April 20.—M. Mercier, who has been in Paris in the interest of closer trade relations between this country and Canada was tendered a banquet this evening by the Alpine Club. He reports his mission as highly successful. He starts for Rome Wednesday for a brief visit and will stop in Paris again about the end of the month on his way home.

# The Ledger.

### THE ENABLING BILL.

A copy of this Bill, in its amended form, as finally enacted by the Legislature, is now to hand. It bears scarcely the slightest resemblance to the Bill as it originally appeared. Ratepayers generally will perhaps be surprised to learn that the amendments proposed by Mr. Brown to the effect (1) that a bylaw should be submitted to the ratepayers before the money be paid over for the electric light plant, and (2) that the act should not come in force until it has been voted on by the people, do not appear in the Act as passed. Those, however, who followed our reports of the discussion in the House, will have been aware of this, because there was no mention at all of Mr. Brown having proposed them in the House.

A very serious objection urged by The Ledger to the original Bill, was that it took out of the hands of the taxpayers and conferred on the Legislature the power and right to say whether or not the city should assume the indebtedness involved in the transaction. To meet this objection Mr. Brown at a public meeting in this city and afterwards at Victoria, promised to insert the amendments we have cited above. But, as we have said, it appears that he never proposed them in the House at all, and we submit that some explanation from him on that point is necessary. The circumstance, however, proves most conclusively, to our mind at all events, that the intention of the original bill, as we charged at the time, was to ignore the voice of the people wholly.

Our esteemed local contemporary threatens almost civil war as a result of the action of the Legislature with regard to this Bill, and would really seem to want people to believe that, in order to "get even," it had taken on the methods of a mild sort of Moonlighter. But it is mere silliness. Outside opinion is entirely against such a view of the matter. Mr. Cotton, of the News-Advertiser, a gentleman who is the reputed Fidus Achates of Mr. Brown, writes to his paper that the Legislature took a view of the case "which impartial "persons must admit was both dignified "and proper." The Victoria Colonist, in the course of a lengthy article on the subject, says Mr. Brown's original bill should "be called a bill to encourage "corporations to disregard the law and "to spend money without authority." And again: "It is of the very greatest "importance that [in the interest of the "ratepayers] members of City Councils "should be made to feel the responsi"bility of their acts. They must be "made to realize that if they do wrong "and act in defiance of law they must "bear all the consequences of their "wrong-doing."

The Colonist and the News-Advertiser are right, because if the law be not acted up to, and if the penalties of illegal acts may be avoided, there remains an open gap dangerous in the extreme, and through which corruption of the grossest and most flagrant kind may at any time creep in and debauch every function of our civic government.

There was a mild and almost momentary fall of hail yesterday morning, but happily not heavy enough to do any damage. Rain succeeded the hail and did much good to vegetation.

There was only one case in the police court yesterday morning, that of J. Smetherst, charged with being drunk and incapable. The accused not putting in an appearance, his honor made the usual order of bail forfeited.

Almost every description of property—City, Suburban and Country—has a place on the list to be disposed of at Trapp's auction on Friday, 24th inst.

Campbell & Anderson claim to carry the largest and best assorted stock of hardware etc. in the district. See new advertisement on 4th page.

More immigrants from England and other places are expected to arrive this week over the C. P. R. The immigration record for Westminster has been run up to a high notch this spring, and by all accounts the end is not yet by a long chalk.

G. A. Roedde, practical bookbinder, paper ruler and blank book manufacturer, Vancouver, B. C.

On Sunday morning a party of gay revellers to the number of 14 or 16 came down Columbia Street arm in arm singing for more than they were worth. At times the chorus became excruciating and might possibly have been heard at Fairhaven.

The great auction sale of real estate at Mission City on Tuesday, May 19th, will offer an opportunity to get in "on the ground floor" of what is bound to be at least the third city on the Mainland of British Columbia.

The directors of the Royal Columbian Hospital desire most heartily to thank the officers and men of H. M. S. Nymphe, the Artillery Band and all those who helped in the entertainment on Saturday evening, from which $100 was realised and presented to the Hospital.

"Ah, if I had only bought then!" That will be the burthen of the vain repinings of those who fail to accept the golden opportunity at Mission City next month.

The fishing season of 1891 opened on the Columbia river last Friday. The catch was light, many superstitious fishermen refusing to go out on Friday. As only a small number of boats went out it was difficult to make a comparison with the first day's catch of last year.

The Seattle people will continue the operation of the planing mill, and Johnson, Walker & Flett will erect a large sawmill on the premises adjoining it.

The Caledonian and St. Andrews Society of Westminster meet this evening in St. Leonard's Hall for the purpose of subjecting the affairs of the society to a complete and rigid review. Some very important changes, it is understood, will be made in the personnel of the officers, one, at least, of which will cause deep regret. The society extends a hearty invitation to every Scot in the city to be present.

The Hudson's Bay Co.'s new steamer, Caledonia, built by McPhee Bros. of the North Arm, Westminster, and which is expected to leave for the scene of her future labors, the Skeena, early in the week, made a trial run out as far as Cape Flattery on Saturday, in charge of Capt. **PERSONALS**

T. McNeeley of Ladners is in town on business.

Judge Bole goes over to Vancouver this morning to hold court in that city.

Mrs. D. W. Ferris is paying a visit to her daughter, Mrs. Thornber, in this city.

C. S. Douglas, the prominent real estate man of Vancouver, was in the city yesterday.

Mrs. W. N. Bole and family leave today for Kamloops on a visit to friends in the inland city. They will remain about a month.

Dr. R. H. Port, brother of Mr. E. H. Port of this city, returned home to Sumas City, Wash., on the noon train yesterday.

**A Washington Excursion.**

The Northern Pacific, Canadian Pacific and Spokane & Northern railroads are preparing a Washington excursion round trip for $30, to begin the first of May. The trip will be by steamer through Arrow Lakes and the Columbia river to Revelstoke.

**A Ghastly Sight.**

Yesterday afternoon foot passengers on the west Columbia street sidewalks were horrified to see a man very much under the influence of liquor staggering from side to side of the pavement, his face terribly gashed and his head and neck a mass of blood. The unfortunate wretch turned up Lorne street, watched by large crowds, who every moment expected to see him tumble into the blank windows of the Masonic block ruins. As he was going toward the city lockup, it is thought that the police intercepted the man and put him where he would do the least harm.

**The Coming Attraction.**

Lew Johnson's Black Baby Boy Minstrels played in Vallejo and Napa during the early part of the week and left a most favorable impression in both places, judging from their press notice. The Vallejo Times says that "they introduced considerable new business and give a performance that pleases everybody," and the Napa Reporter says that "their specialties were better than the Cleveland Minstrels, which appeared in Napa a short time ago." A great feature of the troupe is their uniformed brass band and their open-air concerts.—Music and Drama. This troupe will appear at Herring's Opera House, Wednesday 22nd inst. Seats at Herring's drug store.

**Back to Headquarters.**

The smart little war steamer H. M. S. Nymphe, whose presence has added so much to the appearance of the river and city during the past ten days, weighs anchor this morning at 10 o'clock for Esquimalt harbor. The departure of the Nymphe will be witnessed by our citizens with feelings of regret, while the hope is general and strong that she may return at no far distant date and remain for a much longer period than the present one has been. The gallant bluejackets and soldiers composing her crew have made many warm friends in the city, and the admirable conduct of both soldiers and sailors ashore has gained the approbation of everyone. The crew is composed of a more than usually excellent set of men, and no doubt if ever called upon to battle for England's rights they will bring their tight little ship through the action in a manner worthy the descendants of the men who fought under Blake, Rodney and Nelson. News of the Nymphe, wherever she may be, will always be read here with feelings of the deepest interest.

**South Westminster.**

Messrs. Woods & Gamble have been appointed special agents for the sale of subdivisions of lots 2 and 3, group 2, with frontage on Yale road and the Fraser River. The subdivision map is now in course of preparation, and the entire property will be placed on the market on Monday, March 16th.

These are splendid lots, all 66x132 feet, and prices and terms will be found of the easiest.

Intending investors will do well to wait until this choice property is open for sale, as the lots are bound to treble in value within a year. Apply on Monday, March 16th, to Woods & Gamble, General Agents.

**A Pointer to the Public.**

District Lot No. 28 lies immediately adjoining the city limits. The continuation of Mary Street goes directly through it, and the Electric Tramway will in a couple of months be running its cars every hour of the day through the centre of this property. The lot (No. 28) is composed of 124 acres of land as level as a table. Contracts have been let to clear and grub the ground, and leave it in perfect condition for building purposes. Already six citizens have decided to erect handsome residences there, ranging in price from $4,000 to $7,000 each. The whole of this splendid piece of property (except some limited portions already disposed of) will be put on the market in a few weeks. One great advantage in buying a lot and erecting a residence on this property is that the owner will avoid heavy municipal taxation. Make a note of it, and wait till the property is put on the market before buying.
