COL. NORTH WINS THE EPSOM

Secretary Wilson's Conviction a Huge Surprise to Himself and Friends.

LONDON, April 8.—A sensational scene occurred at a dinner given last evening by the Devon Congregational Union at Tavistock, Devonshire. The presiding minister, the Rev. Mr. Davis, when called upon to respond to the toast of "The Queen" said that he could not conscientiously do so, and that he would therefore ask the Rev. Mr. Johnson to perform the function. Mr. Davis was at trouble to explain to Mr. Johnson and the other guests present that the latter gentleman, Mr. Johnson, might, if he felt so disposed, also toast the Prince of Wales and all the members. The Rev. Mr. Johnson proved equal to the occasion, promptly proposing the toast of "The Queen," and in so doing took advantage of the opportunity to declare that Her Majesty had nowhere in her dominion subjects more loyal than they were. The assemblage thereupon rose to their feet and sang the National Anthem. The Rev. Mr. Davis and his wife, however, proved recalcitrant, obstinately maintaining a sitting position while the loyal hymn was being sung by the company.

THE EPSOM SPRING MEETING.

The principal event of the Epsom spring meeting, the race for the city and suburban handicap, took place today. It was won by Col. North's five-year-old bay horse Nunthorpe, with Mr. W. A. Hoare-Smith's four-year-old bay horse Bullion, second, and Mr. J. Lowther's five-year-old chestnut horse Workington, third. Fifteen horses started.

MURDER AND MYSTERY.

A dispatch from Sofia states that the government since announcing the arrest of the murderers of minister Beltcheff has refused all other information, both as to the facts of the crime and the methods of its detection. It is stated, however, on the authority of two of the persons who were arrested and have since been discharged that torture was resorted to in the case of several in order to extort a confession, and that one accused was not permitted to sleep until he had given all the knowledge of which the authorities believed him to be possessed. A Russian arrested in connection with the case has disappeared, and the authorities deny all knowledge of him, claiming that he was liberated on being found innocent of the charge. He has not been seen by any of his friends since the arrest, and they do not believe the statement as to his liberation; on the contrary there is thought to be little doubt that he perished in prison, either under torture or after being compelled in that way to give a clue to the guilty parties, of whom he was one. The Bulgarians may try Russians and other foreigners and convict and punish them, provided the government to which the foreigner owes allegiance does not interfere in his behalf and demand that he be delivered up. Several Russians engaged in the Raniza conspiracy were saved from punishment in this way, and Premier Stambouloff has declared no person concerned in the killing of Beltcheff will be permitted to escape.

PROMOTE SEDITION AND DISORDER.

The severe measures against the Socialists have extended to Marburg, Germany, and the authorities there have issued orders that no more meetings of the Socialists shall be permitted in that place, where the students of the university are said to be strongly tainted with ideas of social democracy. Of late the Marburg Socialists have become demonstrative and aggressive in their propagandism and the police assert that their assemblies tend to promote sedition and disorder.

BARNUM WAS A BENEFACTOR.

Every London newspaper has a long obituary notice of the late Showman Barnum. The notices are nearly all eulogistic, on the ground of his services in amusing and educating humanity, but some show a disposition to criticize the humbug part of his exhibitions. On the whole, however, the verdict is that he was a benefactor of mankind.

INCREASED MAIL SERVICE.

Postmaster General Rankes has started four weekly mails for China by way of the Canadian Pacific and Vancouver. The government is determined to spare no effort to build the new railway and water route between England and Asia.

PARNELLITE MANŒUVRES.

The Parnellite wing of the Irish party is vigorously preparing for a fight to the bitter end with the McCarthyites in the convention of the national league of Great Britain at Newcastle, and the latter faction, which comprises the majority, are making equally strong preparations to resist them. It is alleged that the Parnellites are endeavoring to set up spurious qualifications, in order to secure a controlling representation in the body of delegates, the election of which will take place next Sunday. One of the chief qualifications is that a delegate shall represent at least fifty members who have paid their dues in full within a prescribed time and are therefore in good standing. This qualification is very exacting, inasmuch as, since the enormous defection of leaguers from the Parnellite ranks since the split in the Irish party resulting from the O'Shea case, not one member in 200 has paid his dues. The Parnellites are endeavoring to get around these by making it appear that their adherents have regularly paid their dues, and are consequently accused by their opponents of having falsified their accounts. The report of the executive committee of the league on national federation, submitted today, though in polite terms, demands the dismissal from the organization of the Parnellite members of Parliament who are now members of the organization. It is claimed that the convention will represent two millions of electors, controlling sixty Irish seats in the House of Commons, and will virtually be solid against Mr. Parnell.

The result of the city and suburban handicap at the Epsom Downs spring meeting today was the greatest surprise to which turf goers have been treated for years. Col. North, the nitrate king, owner of the winner, and a few friends, including the Prince of Wales, backed Nunthorpe heavily and won enormously. They obtained 25 to 1 against the horse in almost every wager. Lord Randolph Churchill, Colonel North's most intimate friend, and almost inseparable companion, however, was not among the fortunate ones. Lord Randolph entertained grave doubts of Nunthorpe's ability to win, and backed L'abbesse Jouarre which he recently sold to Lord Dunraven. All the newspaper prophets and tipsters were out with their selections this morning, but not one of them named the first, second or third horse.

WILL PROMPTLY STOP IT.

It is stated that Premier Rudini of Italy has assured the British government that Italy will expel the Russian *mission from Abyssinia upon the first* proof of Russian intrigue to gain a foothold in that country.

SUSPICIOUS OF RUSSIA.

A Vienna despatch says that the Austrian government, not being reassured by Russia's denial of unfriendly designs, has already concentrated large bodies of troops at Tarnopolan, in Brody, to watch the Galician frontier. The 10th corps under Roinlander has been reinforced by a portion of the first corps and Prince Windisch Groetz of the 11th is watching the frontier with a large body of cavalry. Count Hartman, formerly Prince Alexander of Bulgaria, who is now an officer in the Austrian service, has, it is stated, been called into consultation at the war office with a view of utilizing his services in an important command. The Austrian authorities have great confidence in the abilities of the Prince which were proven in the war between Servia and Bulgaria. It is said that the Austrian Government has important secret information from Russia which is the basis of its war-like preparations.

PAVA GOING HOME.

Baron Fava, who a few days ago presented his letters of recall as Minister to the United States from Italy, arrived in this city last evening about 10:30 o'clock from Washington. He went directly to the Victoria Hotel where he is in the habit of staying. He did not register, however, and the people who called on him with the exception of intimate friends were not received. The hotel people even refused to send cards up to the Baron's room. Baron Fava was nervous and seemed to be depressed, and this may have been his reason for not caring to receive callers. He had been ill recently in Washington. It is understood that he will sail for Italy on Saturday, and it was said last night that he would be a passenger on one of the French steamers. Saturday is the day that the dispatches from Rome have announced for the departure of Baron Fava.

A COMPLETE SURPRISE.

LIVERPOOL, April 8.—The conviction of Secretary Wilson of the National Amalgamated Seamen's and Firemen's Union, and his sentence to imprisonment without hard labor, and practically solitary confinement, has created great excitement and consternation in labor circles. Wilson, who, by his aggressive and in some respects masterly management of the cause of sailors and firemen against the companies, proved to be the most dangerous enemy with whom the federation of ship owners had to deal, was prosecuted for boycotting and for interfering with nonunion men in the performance of their duties. His conviction was a complete surprise to himself and his associates, and the principle involved, which, by the verdict of the jury and judgment of the court is affirmed, is that in future strikers may not legally influence men who have taken their places, either by moral suasion or otherwise to the detriment of interests of those who have employed them. If this decision shall be sustained on appeal, which it is believed it will be, the conviction of many other labor agitators and leaders in violent movements against "blacklegs" is certain. The workingmen of London and many places in the provinces are organizing mass meetings to demand Wilson's release, but the success of the movement is generally doubted. Wilson himself implored the court to sentence him to hard labor instead of condemning him to the terrible monotony of prison life without work, but his appeal was in vain.

The Ameer's Queer Conduct.

CALCUTTA, April 8.—The conduct of the ameer of Afghanistan is suspicious and fears are entertained of his loyalty to Great Britain. The Mirazai disorders are spreading and the Afghans are excited.

The Manipur Disaster.

CALCUTTA, April 8.—A letter has been received at Simla from the chief of the Manipuris, which confirms the report that the chief commissioner, James W. Quinton, and all those who accompanied him on his visit to the hostile camp to secure terms of an arrangement after the recent disastrous engagement between the natives and the Goorkhas at Manipur had been put to death. The news is accepted at Simla as putting an end to all doubt as to the fate of the unfortunate gentleman. Further fighting has taken place in the vicinity of Manipur and another British officer has been killed. It is feared that the officer is Lieut. Grant who commanded the native troops which recently captured Port Thabet, near Manipur, or Captain Pressgrave who was sent to the relief of Lieut. Grant with a detachment of British troops. It is apprehended that the retreat of the large force of hostiles at Fort Thabet, before eighty Indian soldiers, was simply a ruse to draw the British into a position from which escape would be impossible. Fuller particulars of the situation in the insurrectionary district are looked for with the greatest solicitude.

Not for Naples.

ROME, April 8.—King Humbert's presumable indifference to popular clamor has at last broken down and he has come forth with a denial of the statement made some weeks ago that the Prince of Naples, the heir to the Italian throne, is to be betrothed to Archduchess Marguerite of Austria. This matter having been disposed of, it seems to be settled in the popular mind that the Prince will wed a Princess of the House of Bavaria.

MALA VITAS ON TRIAL.

A monster trial is in progress at Barrie, Italy. One hundred and seventy nine members of the Mala Vita society are accused of various crimes, all their trials being in progress at once. The accused occupy two galleries, secured by strong iron bars. They are mostly masons, coopers and others of mechanical occupations. They are young and well dressed, but the number includes many well known criminals. Order is preserved by a strong force of police and military. The witnesses for the prosecution number 307, and for the defense 423. The precincts of the court are thronged with soldiers prepared to deal summarily with any outbreak. The trial began last Monday. The majority plead absolute ignorance of the society. A few admit that they wounded certain persons by order of the society under fear of death. Two of the prisoners revealed the names of several officers of the society including the president. One described the society as divided into three branches. There has been great excitement and almost a riot in court.

BEDARD CONFESSES BRIBERY

Two Canadian Vessels Refused Bait by Newfoundland Authorities.

MONTREAL, April 8.—An usually large number of immigrants have arrived over the Canadian Pacific and Grand Trunk Railways from the steamer Parisian which has reached Halifax. The Canadian Pacific Railway had two special *trains, comprising nineteen cars, full of* men, women and children, in all nearly one thousand people. The Grand Trunk carried about two hundred, of whom a considerable number were children. They were mainly English and their destination was the North West Territories, British Columbia and the Western States.

UNDER THE LASH.

J. R. Roberge and Isaac Bastein, two men recently convicted of waylaying little girls and outraging them, and who were sentenced by the magistrate to three months' imprisonment with the addition of fifty lashes each, received the first instalment of the punishment this morning. The wretches were flogged in the usual manner and shrieked with pain.

CANADA'S METROPOLIS.

OTTAWA, April 7.—The government will introduce legislation next session prohibiting the use of purse seins for fishing in Canadian waters, and will endeavor to secure an international arrangement prohibiting their entire use.

The House of Commons rule requiring copies of private bills to be deposited with the clerk of the House eight days before the opening of the session, has been enforced this year.

The report that Police Inspector Dickens, son of Charles Dickens, died last week in the States is incorrect. He died five years ago.

Brock and Goodman, two young Ottawalites, sentenced for life for raping a girl five years ago, have had their sentence commuted for good behavior.

The customs department has been advised of a large seizure of jewelery from a Victoria firm.

Preston, the Grit organizer, is trying the work of election protests in Ontario, but without much success.

Hants, Antigonish and Cape Breton, where the local Grit members resigned to contest for the Dominion, elected Grits today for the legislature.

At a meeting of the Dominion Rifle Association tonight, it was arranged to hold the annual matches at Ottawa on August 31st. The annual business meeting will be held 20th May. The Bisley team has been instructed to report to the secretary before the 25th inst. It is understood that the appointment of the commanding officer and adjutant was left with the chairman of the council, Col. Gaimet. Weston and Blacklock are prominently spoken of as the probable appointees.

FEARS SERIOUS RESULTS.

United Canada, the Catholic paper, will publish an article tomorrow stating that the Government, not having disallowed the Manitoba School Bill and the Bill abolishing French in the Legislature and courts, will weaken the tie between Canada and Great Britain in its most tender part, and will cause trouble in the older Provinces such as Quebec, which may retaliate. It insinuates that the action of the Government in not disallowing these bills will lead to annexation.

RICH GOLD DISCOVERY.

MARMORA, Ont., April 8.—One of the richest gold mines that has been found has been opened up here on the property formerly owned by Colonel Brown of Belleville. Free gold as big as wheat can be found projecting through the rock. The vein is now twenty feet wide between the falls and is fifteen feet deep, and is widening out.

SEVEN YEARS' IMPRISONMENT.

LONDON, Ont., April 8.—Judge Falconbridge has pronounced sentence of seven years in the penitentiary upon Robert Murray, murderer of W. A. Rowe of Strathroy, Halifax.

GOVERNMENT VICTORIES.

Indications are that Government candidates were elected in all three counties in which local elections were held yesterday. Hants' election is close.

ADMITTED BRIBERY.

RICHMOND, Que., April 8.—Bedard, member of the local House for Richmond, admitted bribery by agents in court today and vacated his seat. This did not satisfy the petitioners, who will offer evidence with a view to disqualifying Bedard.

A USELESS APPENDAGE.

ST. JOHN, N. B., April 8.—A government bill for the abolition of the Upper House is announced. The measure will go into effect as soon as it is passed by both houses and receives the assent of the lieutenant-governor.

ONTARIO SCHOOLS.

TORONTO, April 8.—In moving the second reading of bills to amend and consolidate the school laws of Ontario, the Minister of education made a lengthy address explaining the various amendments proposed. One provision reads: "Trustees shall have power to collect at their discretion from the parents or guardians of pupils attending any school under their charge, a sum not exceeding 50 cents per month per pupil to defray the cost of text books, stationery and other school supplies at the expense of the corporation." This practically means free books to all pupils attending public schools. The bills passed their second reading.

AN AWFUL EXPLOSION.

PETROLIA, Ont., April 8.—Bradley's nitro-glycerine works at this place blew up about 6 o'clock this evening. Three workmen, Albert Bradley, Joseph Chambers and D. Desmond were instantly killed. Their remains were scattered over five acres of ground. How many more if any were in the building at the time of the explosion is at present unknown.

NO BAIT FOR CANADIANS.

HALIFAX, N. S. April 8.—The Yarmouth schooners Wapita and Hazel Dell arrived today for supplies of bait. Both vessels went to Newfoundland several weeks ago for supplies, but were unable to procure them owing to the law in force in that country, which prohibits the sale of bait to Canadian vessels, only Americans being allowed the privilege of buying it. Capt. Rider of the Hazel Dell reports that the fishermen were willing to sell them bait, but his vessel was boarded by Commander Sullivan of the steam cutter Tiona, who informed him that bait was strictly *refused to* all Canadians and ordered him to leave.

NEWFOUNDLAND'S EXTREMITY.

HALIFAX, April 8.—A dispatch from St. Johns, Nfld., says the publication of the convention between the colony and *the United States, arranged by Rond*, together with the correspondence, has completely turned public sentiment against the proposal, which is quite worthless to the colony. The Newfoundland government has instructed the officials to refuse licenses for bait to all *Canadian vessels and to* give them to Americans free. The Legislature was not consulted in the matter. Public sentiment condemns this policy.

Indications are that the Government candidates are elected in all three counties in which local elections were *held yesterday. Owing to* a heavy storm in Cape Breton and Antigonish, a number of places have not been heard from. In Hants County the contest was very close.

General Spinola Very Ill.

WASHINGTON, *April 9.*—At a late hour tonight General Spinola's condition was regarded as critical, and his physicians feel less hopeful of their patient's recovery than at any time during the past week. His chances for recovery now are regarded as almost hopeless.

Must Pay the Penalty.

FRESNO, Cal., April 8.—Dr. F. O. Vincent was today sentenced by Judge Holmes to be hanged for the murder of his wife.

JAPANESE DESPERADOES.

This morning at Herndon village, north of here, two Japanese stopped at the house of a Chinese laundryman and asked for money. Being refused they tried to kill the Chinaman. He fled and they shot his wife through the neck mortally wounding her.

Hidden Dangers.

SAN FRANCISCO, Cal., April 8.—Captain Delahanty, U. S. N., commanding the United States coast survey steamer Hassler, has received authority from Prof. Mendalhall, superintendent of the coast and geodetic survey, to make known his discovery of a dangerous rock lying in ten feet of water, a few miles south-eastward of Point Sur lighthouse. This danger has only ten feet of water upon it and lies a short distance northwestward of the north point of Twin Peaks Cove. It is possible there are other dangers in this vicinity and vessels should keep a sharp lookout.

The Tunnel Caved In.

HELENA, Mont., April 7.—The train on the main line of the Northern Pacific Railroad, due here at 10:40, encountered a cave-in in the great Mullen tunnel, eighteen miles west of here, that completely obstructed travel. No estimate of the extent of the cave-in can be made until tomorrow, as the blockade is complete. The tunnel is about one mile long, and is sixteen by thirty-two feet. A similar accident two years ago rendered the tunnel useless for two weeks. It is one of the great engineering feats of railroad building in the mountains. The cave-in is due to the action of the elements. No lives were lost, but the monetary estimate of the mishap will be very heavy. Trains will be compelled to go by way of Butte to Garrison, and then over the Butte and Bozeman branch.

Rough on Francis.

NAPLES, April 8.—Naples has recently been greatly agitated by rumors that the ex-King of the two Sicilies, Francis II, accompanied by two generals, all disguised as Jesuit priests, had arrived here with the intention of raising the standard of the King, and had taken up their *quarters in the convent della Canocchia.* The rumor became so wide spread that the authorities telegraphed to Rome for instruction as to taking official action in the matter. In due time a reply came from Rome, expressing the belief of the government officials that ex-King Francis was in Paris, but instructing the Neapolitans not to meddle with him if he should be in Naples as reported, as he was a harmless religious fanatic, altogether beneath contempt.

The Latest Attempt.

ST. PETERSBURG, April 8.—Advices tonight state that the city has been virtually in a state of siege during the past few days, and the police are ransacking every house where they suspect that evidence may be obtained of nihilist plottings. After the arrest of the would-be assassin, Shanikin, on Tuesday, the fact was communicated to the Czar, but not to the Czarina, and their majesties went through the review of the imperial guard as if nothing had happened. The Czar appeared as unconcerned as on any other parade and was more than usually gracious in manner. He has ordered that the Imperial thanks be conveyed to the police officers whose vigilance probably saved his life and has stated that he will take occasion to convey further marks of his appreciation.

Cave Canem.

Owners of valuable dogs would do well to keep them safe at home, or at least under their observation while foreign *ships are in port, as it is reported on* good authority that the crew of at least one vessel coming to this city are in the habit of smuggling on board any really good dogs they may see, and selling them at other ports. It is perfectly certain that many good dogs which have been unaccountably lost in this city and Vancouver have disappeared in this manner.

She Goes Armed.

The Colonist says that the Modlark's crew are proud of the fact that they carry heavy iron; the dredge now mounts the six-pounder recently picked up in the harbor, which has been restored to respectability by hard scouring. Now broad arrow has been brought to view, that the rust has been scraped, awar the together with the date that the piece was cast in Portsmouth—1810. It was perhaps one of the guns especially intended to play a prominent part of the great drama terminated by Waterloo. The men of the dredge set a high value on their find, and decline to send it to the museum unless well paid for recovering it. They say they have a customer in Vancouver if Victoria does'nt want the gun. The Modlark was taken to Vancouver last night by her tender, the Standard, and for the next few weeks she will be kept busy in preparing the C. P. R docks at the terminal city for the reception of the Empress of India and her sister empresses. The dredge has been working with such good advantage at the outer wharf here, that there will be no difficulty in docking the largest ocean ships, fully laden. The depth of water at low tide is 18 feet, and this is now the depth at the inner wharves at high tide.

The Ledger.

FISHING LICENSES.

In the report of the proceedings of Magistrate PITTENDRIGH'S court in another column are the details of a case which would appear to be one of hardship, although no doubt the decision of the court was strictly according to law. A fisherman applies to the Inspector of Fisheries for a license to fish for salmon in the Fraser. The number of licenses are limited by departmental regulation, and the man in question failed to get a license. But he had been a fisherman by occupation all his lifetime, and his boat and net being his whole stock and store, he undertook to catch fish without a license. He was arrested, and by the order of the court his boat and net were confiscated and he was also mulcted in a fine with costs. As a matter of abstract justice we do not believe this case will stand scrutiny. The peculiar fishing regulations on this river deprive not a few citizens of a means of livelihood of which they expected to avail themselves when they came here. On the Columbia river the fishery regulations allow any man to fish, and the salmon run would not seem to be destroyed thereby, for last season the run was larger than it had been for years, and the canneries are making preparations in expectation of an enormously increased pack this year. This would seem to raise the question whether the limitation of licenses on the Fraser is not vexatious rather than beneficent.

NOTES AND COMMENTS.

Public opinion is in Newfoundland naturally enough, condemning the policy of the government of the colony, in refusing licenses for bait to Canadian fishermen, whilst giving them freely to American applicants. Such an attitude is altogether unworthy of a British North American colony.

Vancouver will be en fete on the occasion of the arrival of the "Empress of India," after her round world voyage, the city being naturally anxious to celebrate fittingly the inauguration of the splendid Oriental steamship service. It, however, seems rather ludicrous to present the hundred tourists aboard that vessel, with a civic address of welcome, most of them being well to do English gentlemen and ladies enjoying a "globe trotting" excursion, and innocent of any intention to pose as public characters. The presentation of an address would no doubt amuse the visitors, but at the same time tend to remind them of the eager tourist hunting of English sea-side lodginghouse keepers keen on attracting "trippers." Vancouver should stand well on its dignity, as a great city of the early future, and whilst celebrating the occasion handsomely, be careful to avoid all fussy obsequiousness.

* * *

Calgary reports speak well of this year's prospects of immigration to the Northwest Territories, no less than 247 settlers, with effects valued at $47,000, having during last month reported themselves at the busy little Alberta city.

* * *

Steveston is decidedly ambitious. Not content with its boasted supply of ozone from the gulf, and "finest view of Mt. Baker in the Province," it thinks of entering the list of competitors for a dry dock. Nanaimo dreams of such a thing, why should not Steveston also thus indulge, quoth the editor of the "Enterprise. It is, however, to be feared that both Nanaimo and Steveston will have "to wait a little longer;" Vancouver will be the only city to secure a dry dock yet awhile, and even its project at present "hangs fire."

* * *

Mr. CHAMBERLAIN, M. P. has just propounded a plan to diminish pauperism in the United Kingdom and rumor says, that it is not unlikely to be adopted as a government measure. He suggests, the feasibility of the scheme being confirmed by actuarial calculation, that a working man should be offered, in return for a deposit of £10, gradually paid into a British post office prior to his attainment of the age of 25, an insurance policy guaranteeing him four shillings a week for life, after sixty-five. The £10 deposit would be sufficient, at five per cent interest, to secure the annuity to all who survived to sixty-five, those who failed to reach that age having no claims in respect of their deposits. The proposed annuity insurance scheme would therefore be on the tontine system; and though five per cent is high interest for a British government to pay, the extra grant would, it is thought, be more than compensated by the reduction in pauperism. British working men, of 65 and upwards would, with four shillings a week pensions, added to other easily possible savings, find themselves at least partly prepared for a comfortable old age the prices of all necessaries being very cheap in England. Mr. CHAMBERLAIN'S proposal has been received very favorably national insurance being now regarded by an increasing number of social reformers in Great Britain, and other populous countries as one of the best safeguards against pauperism.

Many Italian and other foreign would-be settlers in the United States are now being rejected by the New York immigration authorities, as either diseased or decrepit. Others are meanwhile detained as doubtful, for subjection to renewed medical inspection. The diseases of many of the rejected and doubtful immigrants are stated to be due to utter disregard of cleanliness, a fact which will cause future batches of intending immigrants of a like sort to cleanse and fumigate themselves thoroughly ere making for Castle Garden. The new immigration laws of the United States are already found to be doing much good though still capable of further amendment. One of their results, which patriotic Americans anticipate with satisfaction, will be a large diversion of unwholesome emigration to certain of the Spanish speaking republics of South America which are ready to receive all comers. No questions are there asked or deemed necessary, the worst arrivals being well on a par with natives who commit murder and massacre periodically in support of plundering adventurers seeking either to remain or become dictators, though miscalling themselves presidents.

The war cloud again hangs ominously over Eastern Europe, and it may be that the world will shortly see the most horribly destructive war of the century, raised by the hand of Russia's despot. It is however possible, that the threatened struggle may again be averted. If and when it does come, long and terrible though the contest must prove, Russia will be so powerfully opposed within and without, that her break up will be assured and her tyranny become happily for humanity a thing of the past. Russian despotism is certainly doomed, most probably by the breaking up of an empire, which contains so many oppressed races, ready and eager to struggle to be free. Constitutional reform might yet save Russia; but of this there seems no prospect, Russian civilization being merely eastern barbarism veneered by superficial culture.

The Matter of a PERFECT FIT is, more than even the quality of the material of which a suit of clothes is made, the most important consideration. The finest cloth badly conformed to the shape of the wearer is worse than shoddy.

guarantees a Perfect Fit. Homespun put together by a competent tailor is more elegant than misfitting broadcloth. The immortal Shakespeare says: *"The Apparel oft Proclaims the Man."* The Bard is right. Therefore order your clothing from **M. A. McRae**

SIR, One man is better than another, just in proportion as he dresses well. Talk as you will, it is the external appearance by which we judge a man at first sight, and first impressions are the most lasting. No man who can afford to buy a suit of clothes, can afford to have that suit ill fashioned. That is sound philosophy, and it can be lived up to only by ordering your garments from the Famous Westminster Tailor

After rounding the ...however, the remainder of the ...was made without incident, and ...Flattery was passed at 8 a. m. yesterday. The Archer made a quick run ...the straits, and sailed into Royal Roads, coming to anchor at 8 p. m. She will at once commence discharging cargo under the superintendence of Stevedore Yorke. This is Capt. Dawson's second visit to Victoria. Although the present trip was longer than he anticipated, the Archer is 10 days ahead of the Julia and 12 days ahead of the Martha Fisher, both of which are now fully due. Captain Dawson reports all well on board. The only serious mishap on the voyage was the loss of the carpenter, an Englishman, named Cain, which occurred on the first day out. The bark left port at 10 a. m., and Cain was then seen, apparently all right, but looking as if he had been drinking. Between 5 and 6 o'clock he took tea with the cook, but shortly before 7 p. m. he was missed, and is believed to have committed suicide by jumping overboard. Several minor circumstances tended to confirm this theory, and none of the crew attribute his death to accident. He was a quiet, inoffensive man, and was liked during the short time he was on the vessel.—Colonist.

Of Great Advantage.

There is in Mr. G. W. Grant's office a beautiful specimen of a stained glass window by Mr. Bloomfield of this city. It is a great advantage for the architects of Westminster to be able to order work of this kind from a master in the art who lives and works in the same town, and it is an advantage enjoyed by no other city in this Province and by very few in Canada. Mr. Bloomfield, who is intimate with every branch of this art, now has all appliances needful for the work and paints, fires and leads the glass on his own premises, having at considerable expense imported all the necessaries.

The Passenger List.

THE MORNING LEDGER is in receipt of an elegantly printed passenger list of the splendid Royal Mail steamship, Empress of India, now advancing across the Pacific from Hong Kong for Vancouver. There are 151 ladies and gentlemen, among them some very distinguished people; as, for instance, Lady Kathleen Alexander, Russell A. Alger Junr of Detroit, Michigan; Major General Cherry, Judge Douglas, Col. Egerton, Major Foster, Sir Charles Hunter, Lady Hunter, Henry Lubbock, Rev. Canon Tristram and others. Westminster is represented by Mr. W. B. Wilson, and will also have representatives on the two following Empresses. Westminster is better represented on the globe circling trips than either Victoria or Vancouver. The Terminal City has decided upon having a $2,000 jollification on the arrival of the big boat about the end of this month.

Nothing Wrong With Him.

Some of the Siwash boys have good hearty appetites. Yesterday a squat little Siwash about fourteen years old spent a dollar in assorted groceries and retired to a secluded spot below the Crescent for a good old-fashioned gorge, after the time honored manner of his aristocratic ancestors. He banged the end out of a tin of salmon with a small rock, drank all the gravy and then devoured the fish. Then he took a handful of prunes and plugged up his throat and mouth until he turned four shades darker in the face. Next came a hunk of cheese and some crackers; then he fractured the head of a can of peaches, ate and drank the contents to the uttermost drop and paused for breath. Next came a foot of bologna sausage and more crackers. Then he licked his fingers, fished a big orange out of his pocket, peeled it with his teeth, and soon had a yellow circle up to the eyebrows with orange juice. The witness of this edifying sight will save his meal tickets for a week.

RAND BROS., Agents

LIVERPOOL LAND AND IMPROVEMENT CO.

The Property of this Company

Will be placed on the market on the *1st MARCH* next, and consists of upwards of *400 Acres* of the most desirable land at the *New Town of Liverpool*, including the whole of the deep water frontage which extends one and a half miles on the Fraser River, from the N.W.S. Railway wharf east, and is the only really desirable location for Manufacturing and Shipping Industries near New Westminster.

Liverpool is the terminus of the New Westminster Southern Railway Company, who have bought 20 acres of the Company's land. Extensive buildings have been located at this point by the Railway Company. The Yale Road has been surveyed to this point and an excellent grade secured through sections 10 and 3, and profiles prepared for the work. This road will be opened up and graded as soon as permission can be secured. Streets running through the Company's property will also be cleared and graded, which work will be well under way before any of the property is offered for sale.

Sections 2, 3, 4 and 10 have been laid out and staked on the ground. The lots are all 66 feet wide and front on streets one chain wide. Every inducement will be offered to manufacturers and investors. Whoever has money to invest will do well to consider Liverpool before investing elsewhere.

REMEMBER MARCH 1st AND LIVERPOOL

REASONS FOR INVESTING IN LIVERPOOL

LIVERPOOL is considered by parties who are authorities on the subject to be *The Best Speculative Property* in sight today.

Liverpool is the terminus in B. C. of the American system of railways. In two years, if present arrangements are matured, three railways will terminate at Liverpool. In a few weeks all traffic for Sound points over the C. P. R. will go by way of Liverpool.

All material for the railway from Sedro to Seattle will be transferred in bulk by the Railway Company's Ferry at Liverpool.

Passengers and Freight from Seattle and Fa[illegible]haven for the East, per Great Northern, will be booked via Liv[illegible]pool, and New Westminster over the C. P. R. Seattle, in a fe[illegible] days, will be reached by an all-rail route in seven hours from [illegible] Westminster, via Liverpool, without the inconvenience of a s[illegible] voyage.

Freight for the Sound points, over the C. P. R., can be shipped by Liverpool without breaking bulk. Lumber and all manufactures can be shipped from mills at Liverpool to all points in the Northwest at the same rates as from New Westminster.

Capitalists have a better and surer chance of making money at Liverpool than at any other point.

A Sawmill and Shingle-mill will be erected at Liverpool immediately. The Company's property at Liverpool is excellent value; their lots are large and terms easy. All particulars of

A grand Charity Ball takes place this evening in Victoria under the auspices of the Married Ladies at home club in aid of the funds of the B. C. Benevolent Society. The affair gives promise of being the greatest social success of 1891.

The machinists at Chemainus struck work on Saturday owing to a disagreement with the foreman as to the way work should be carried on, he wishing to introduce some innovations that would, they claim, materially decrease earnings.

The spring meeting of the Victoria Jockey Club takes place at Victoria on the 1st and 2nd of May next. The list of events appears in an advertisement in today's issue. Substantial purses are offered, and it is probable the meeting will be a highly successful one.

The sky in the direction of Port Moody last night looked very much as if a big fire was in progress there. A rumor to the effect that the citizens were burning the mayor in effigy because of his request for an increase of salary, was generally discredited here.

Dan McLeod is paying great attention to the training of his new wrestler, Jack Stewart, and thinks he has a winner in him, but the Vancouver, Wash., men are just as confident of their man's staying powers. There will be plenty of money to back Thomas next Saturday.

Mrs. Crowther, Victoria, took by mistake a little too much aconite Tuesday night. A few minutes afterwards, she was seized with convulsions, and had not a doctor quickly arrived, death might have resulted. At midnight she was resting easily. The doctor says she will recover.

We are agents for Stalshmid & Co. office desks, call and see our samples. E. H. Port & Co., 615 Front Street. *

The auction sale of W. E. Dickinson's property by T. J. Trapp was held yesterday at the stables on Carnarvon street. The total price realized was $3,400, and the highest price paid for a team of horses was $350. Taking the sale as a whole the prices were satisfactory and the sale was well attended.

Complaint has been made to the Vancouver police that the little daughter of Mr. Hancock employed in the Sugar Refinery in that city, was severely bitten by a bull dog on the streets on Saturday last. A portion of the child's leg was almost bitten off. Unless the dog is destroyed there will likely be trouble for the owner.

Towle & Wilcox, architects and superintendents have opened an office over D. Lyal's book store, Columbia Street. Modern designs made promptly and practically. *

The Victoria Junior Lacrosse club have elected the following officers: Hon. president, R. Jamieson; president, C. B. Lockhart; vice-president, C. L. Cullin; captain, W. H. Clarke; secretary, J. G. Miller; treasurer, W. H. Wilkerson; committee—D. M. Patterson, C. L. Cullin, J. G. Miller, T. Johnson, W. H. Wilkerson, L. Netherby.

The James Bay Athletic Club, Victoria, has selected two four-oared crews from its members, who have already commenced practicing in anticipation of the annual regatta on May 24th. The club will own its own racing boats before that date, and some good races may be expected, as there is excellent material for first-class crews in the club.

Full sized lots on Tramway line, close to city, $150 and $200 each; ⅓ cash, balance 6 and 12 months. Cheapest thing on the market. Secure one at once. S. T. Mackintosh & Co. *

It is said that the Chilliwack Brass Band under the skilful management of Mr. C. Watson is making almost as wonderful progress as the city band has made. Mr. Watson might do worse than bring the clever Chilliwackers down to Westminster just to show the Royal City people that all the musical talent in the Province don't lodge right here.

In another column on this page will be found the advertisement of Messrs. Davidson Brothers, Watchmakers and Jewellers, who have begun business in this city, occupying a part of the store of H. Hird, the tailor, in the Powell Block. This firm has been carrying on business successfully for some years in Vancouver and Victoria, in both of which cities they still have large stores.

Herring's Drug Store, which was wiped out by the great fire, is now re-established in their new premises, 2 blocks behind the Postoffice, with a fine, new, fresh stock of Drugs, Chemicals, Medicines, Perfumery and Toilet articles. Call and see them. *

Butchers in Vancouver complain of the lack of facilities afforded for the weighing of cattle when brought in from the train. Nearly all British Columbia cattle are now weighed at some point inland, before being shipped down. One gentleman in Vancouver who gets cattle from Calgary said yesterday that he would be obliged to have the cattle weighed either at Kamloops or New Westminster. New scales for cattle have just been erected at Ashcroft.

It is reported that one of the most notorious "crooks" in the western states, accompanied by his "pal," are now in Victoria, having arrived there a day or two ago from Los Angeles, Cal. It is also stated that these gentlemen intend to tour the province in a select series of private sleight of hand entertainments and brilliant feats of a safe cracking and burglary extraordinary. Westminster citizens had better look out for those clever artists and foil their fun by the exercise of a little timely vigilance.

Some gentlemen in the city have mooted the subject of a dog show in connection with the Westminster Autumn Agricultural Exhibition. If the matter is energetically dealt with and brought forward as a fact there can be no doubt of its success. There are some fine dogs in this city and Vancouver, while in the district there are several well known first-class representatives of the canine species. This is merely mentioned in a cursory way, but if em-barked upon should be followed up with dogged perseverance as it is bound to be popular.

PERSONALS

W. H. Ladner is in town.

E. Hall, M. D., returned to town yesterday.

C. P. Shindler of Seattle is a guest at the Colonial.

H. McGee of North Arm is in the city on business.

John Jolly of Langley is down on a business trip.

J. C. Scarlett of Victoria is registered at the Colonial.

C. F. Green of Ladners is stopping at the Hotel Douglas.

Rev. T. S. Glassford of Ladners is registered at the Queens.

A. J. Bovill of Langley is spending a few days with Mr. W. Bovill.

E. A. Wadhams of Ladners was a passenger on the Louise yesterday.

J. M. Blakie who has been on a ten weeks' visit to California and his old home in Nova Scotia, returned yesterday, and was heartily greeted by his many old friends in this city. He says after all there is no place on this broad continent equal to the Pacific Coast, and he is very well pleased to be back again.

The Corner Stone Laid.

His Lordship, the Bishop of Columbia, with all the city clergy of his diocese, visited Victoria West, Tuesday afternoon, to lay the corner stone of the new St. Saviour's church, in charge of Rev. Mr. Barber. Construction of this cosy mission church, which was commenced none too soon to meet the demands of the fast growing congregation, is now rapidly proceeding, and the contractors, Messrs. Phillips & Parker, expect to complete their work about the middle of May. The church building proper is 72 feet long by 25 feet wide, well situated, at the corner of Henry and Catherine Streets.

Awoke Their Sympathies

A comely young woman with a baby carriage containing a small, bright-eyed and intelligent-looking infant, and playing not unskilfully on the accordeon, attracted a good deal of public attention yesterday afternoon on Front and Columbia Streets. At times the itinerant musician would sing, accompanying herself on the accordeon. She was evidently a student of human nature for she took her stand at places along the street where groups of workmen were standing about. Small silver, it was noted, flowed in upon the well worn coverlet protecting the infant in the baby carriage at a pretty steady rate, and principally from bronzed, horny hands bearing every mark of the daily battle with rough toil.

Business on the Rail.

Yesterday's train from the east was a particularly heavy one, both as to passengers and freight. A large number of immigrants arrived, and were destined to the following points: Vancouver, 31; Victoria, 12; Westminster, 9; Seattle, 8; Tacoma, 7; San Francisco, 5; Nanaimo, 3. Portland, 8; total 83. There also arrived four cars of cattle from Calgary for the B. C. Cattle Company, Victoria; four cars cattle from Ashcroft for Goodacre, Victoria; one car cattle for Reichenbach, city; one car machinery for the McLaren Lumber Company, Millside; one car nails from Montreal for Campbell & Anderson, city; three cars lumber from Port Moody for Alexander McKay, city. Today's train is reported on time and extra heavy, consisting of ten coaches—5 colonist, full; 2 tourist, one baggage, one sleeper and one mail. The tide of immigration is opening up this spring with unprecedented vigor, and the freights are also showing up wonderfully well.

SURREY LICENSING BOARD.

One of the Most Interesting Meetings Ever Held in Surrey Centre.

The Surrey Licensing Board met yesterday in the Town Hall, Surrey Centre, and the following license commissioners were present: Reeve Thrift in the chair, Messrs. Brown, Bamford, Parr and T. Shannon. Mr. Wade officiated as secretary. Applications for license were received from John George, George Falk, Philip Smith and J. Crossman. The applicants were represented by counsel, Mr. Aulay Morrison of the firm of Messrs. Corbould, McColl and Forin having charge of their case. The applications were opposed by several numerously signed petitions supplemented by verbal arguments by the Rev. Ebenezer Robson of Westminster, who entered into the matter at some length and brought up many reasons why the board should not grant these licenses. The discussion was taken up by Mr. Morrison in an able and vigorous manner, and for a time the law and the gospel were pretty evenly divided on the subject. The audience at one part of the discussion became quite excited and manifested the deepest interest. The wordy battle waged long and most animatedly, there seeming to be no end to the argument produced on both sides. The Board had intended to dispose of the matter peremptorily, and argued that the petitions for licenses had not the requisite number of signatures. Mr. Morrison, however, pointed out to the Board that as there was no means of ascertaining the number of qualified resident householders in the municipality until after the census, the Board could not refuse to grant the said licenses on that ground. Mr. Morrison was finally successful in obtaining an adjournment of the case until the June session of the Board. The petition of the applicants for licenses was signed by Messrs. Walworth, Ferris and Ferguson and other prominent residents of Surrey. Mr. Boothroyd made a vigorous harangue against it, presenting many telling points which evidently carried considerable weight with the Board.

There was a very large crowd present from all parts of the municipality, the largest audience, it was said that had ever filled the town hall, and throughout the hearing of the argument they betrayed the deepest interest.

After the adjournment of the Licensing Board a public meeting to discuss the Surrey dyking scheme bylaw was held, all those who had been present at the Licensing Court remaining. The meeting opened at 4 o'clock and was continued until about 6; an adjournment was then taken until today, when the matter, it is thought, will be thoroughly thrashed out.

From the Capital.

The steamer Princess Louise arrived from Victoria last evening with the following passengers: Mrs. Robinson, Mr. and Mrs. Pope, J. Heardman, J. Grisner, J. P. Walles, O. T. Southford, R. P. Allen, W. J. Dawson, E. A. Wadhams, J. D. Batchelor, M. M. English, D. Drysdale, Alex. Ferguson, G. Robertson. There was 10 tons of freight for the city and 28 for the C. P. R. She takes down today 105 head of cattle and two horses, 57 head of these cattle are for L. Goodacre and the remainder for the B. C. Cattle Company.

Miss Jane Longworth.

The many friends of Miss Jane Longworth, sister-in-law of Hon. John Robson, will be grieved to hear of her sudden death, which occurred yesterday morning at an early hour, says the Colonist. The immediate cause of her decease was a stroke of paralysis with which she was smitten on Monday, and from which there appeared to be no hope of recovery, her death having been merely the question of a few hours. She was a daughter of the late Major Longworth, who served with honor at Waterloo, and who was one of the early settlers on the shores of Lake Huron in the vicinity of what subsequently became the pretty little town of Goderich, Ont. Miss Longworth was a most amiable lady, was a great reader and was extremely well informed, her qualities having endeared her to a large circle of friends, although she had only been a resident of this city for a couple of years. She was a consistent member of the Church of England and an attendant at the Church of St. James.

South Westminster.

Messrs. Woods & Gamble have been appointed special agents for the sale of subdivisions of lots 2 and 3, group 2, with frontage on Yale road and the Fraser River. The subdivision map is now in course of preparation, and the entire property will be placed on the market on Monday, March 16th.

These are splendid lots, all 66x132 feet, and prices and terms will be found of the easiest.

Intending investors will do well to wait until this choice property is open for sale, as the lots are bound to treble in value within a year. Apply on Monday, March 16th, to Woods & Gamble, General Agents. *

A Pointer to the Public.

District Lot No. 28 lies immediately adjoining the city limits. The continuation of Mary Street goes directly through it, and the Electric Tramway will in a couple of months be running its cars every hour of the day through the centre of this property. The lot (No. 28) is composed of 128 acres of land as level as a table. Contracts have been let to clear and grub the ground, and leave it in perfect condition for building purposes. Already six citizens have decided to erect handsome residences there, ranging in price from $4,000 to $7,000 each. The whole of this splendid piece of property (except some limited portions already disposed of) will be put on the market in a few weeks. One great advantage in buying a lot and erecting a residence on this property is that the owner will avoid heavy municipal taxation. Make a note of it, and wait till the property is put on the market before buying. *

DOUGLAS & CO.
139 Cordova St., Vancouver
Offer the following as good, safe investments, some of them sure to yield a big profit in a very short time:
Northeast Quarter of District Lot 339—40 acres, situated on Westminster Road, about halfway between Vancouver and New Westminster, adjoining Public Park and only 19 chains of the route just selected for the Westminster and Vancouver Electric Tramway Co. This property is beautifully situated, and commands a fine view of Vancouver. Very little timber on it—$30 per acre would clear it fit for a garden. Price $150 per acre. Terms can be had if necessary. Adjoining land held at $250 per acre.
10 Acres in District Lot 327, on North Arm of Fraser River, 4 miles south of Vancouver, and about 6 miles from New Westminster. There is a good graded road from Vancouver, and a road is to be opened to New Westminster soon. There is a schoolhouse within a quarter of a mile. Land slopes gently from road to river, on which it has 10 chains frontage; is surrounded by market gardens. Steamers pass daily to New Westminster. Price $1,500—which is $50 per acre less than adjoining land.
North Half of District Lot 657—25 acres, for $2,500. Terms one-third cash, balance in 6 and 12 mos. Suitable for fruit ranch. Fine view of Fraser and straits of Georgia. Graded road past land.
9 Lots (including 2 corners) on New Westminster Avenue, Vancouver, for $2,250, ⅓ cash, balance in 6, 12 and 18 mos. Size of lots, 33x126, to lane. Vancouver Electric Railway runs to within a few blocks. This is a good buy.
Block 199, subdivision 172—C. P. R. Co.'s "Fairview" addition to Vancouver. Price, $4,000. Contains 24 lots, 33x132. Is cleared and commands magnificent view of English Bay, the city and Burrard Inlet.
9 Acres within the city limits of Vancouver in subdivision 264 "A," on line of Westminster-Vancouver Electric Tramway. Price, $6,500, ⅓ cash, balance in 6 and 12 mos. Surrounding land is subdivided into town lots. This piece can be subdivided into 72 lots, which should readily sell at $125 per lot, showing a profit of nearly $2,500 on the deal.
We have the largest list of city property in Vancouver, and a large list of acreage. Farms in every part of the Province. Homesteads located.
Our carriage is at the disposal of investors to view property in and around Vancouver.
It will pay investors to call upon us before buying.
