The Weavers' Strike at Fall River Ended,

AND THE WEAVERS GO TO WORK.

Murder and Arson in a Nebraska Town —A Chinaman Contesting the Validity of the Restriction Act.

THE CHINESE RESTRICTION ACT.

Washington, March 29.—The Supreme Court will take up to-morrow the case of Chae Chan Ping, appellant vs. the United States. This case involves the constitutionalit of the Scott Exclusion Act approved October 1, 1888. Chae Chan Ping was a laborer, and on his departure from the United States June 2, 1887, received from the collector at San Francisco a return certificate as provided for in the law of June 2, 1887. On his return October 7, 1888, he was refused admission to this country on the ground that under the Scott law his certificate had become void. Ex-Gov Hoadley, of Ohio, and James C Carter, of New York, will appear for the appellant to-morrow, and Solicitor-General Jenks for the United States, while Hon. John F Swift, S. M. White and Attorney-General Johnson, of the state of California, will appear to guard the interest of that state.

AN ASSASSINATION.

Leavenworth, Kan., March 27.—Chas Gordon, grocer, about 45 years of age, was murdered on Fifth avenue near his store last evening. The assassin was an unknown colored man, who escaped. He walked quickly up to Gordon and plunged a knife into his side, and, withdrawing it slashed his victim across the throat, severing the jugular vein and horribly mutilating his face.

MURDER AND ARSON.

Omaha, Neb., March 27.—John Rosenberger, a farmer, shot dead Andrew Castaline in a row over a trivial matter, near Creighton, yesterday, then burned his own house to the ground and shot himself dead.

THE RAILWAY DEAL.

New York, March 27.—The Northern Pacific Railway directors met to-day to receive a report of the executive committee on the proposition to make a traffic agreement with the Wisconsin Central, but no report was received, and after being in session five hours the directors adjourned subject to call of the chair. The executive committee was in session five hours Tuesday and five hours to-day, discussing the agreement, but no vote was taken, and the subject remains in the same position as it was before the proposition was considered.

THE WEAVERS STRIKE ENDED.

Fall River, March 27.—The strike of the weavers in this city ended this morning, and operatives will return to work at the old basis to-morrow. At a mass meeting, which was attended by thousands of operatives, the executive committee of the Weavers' Association advised giving under protest and submitting their case to the State Board of Arbitration. This result had been reached at two meetings of the board held yesterday afternoon and this morning. Secretary Connolly stated that the majority of the committee realized that there were no funds in the treasury upon which so large a number could rely, and thought it best to yield before there was any suffering. Contributions expected from outside quarters had fallen below expectations, and under the circumstances it would be wiser for all concerned to resume their places. Rev. John Brown advised this course, and it was voted to return to work to-morrow. The gain in the number of operatives employed to-day had been very light, and manufacturers were surprised when the result was announced.

PANAMA AFFAIRS.

Washington, March 27.—The secretary of state has received a report from the United States consul at Colon, stating that work along the Panama canal has entirely ceased, and that West India negroes were returning to their homes. Up to March 16th fully 5,000 of the latter had left. The consul reports great depression in business. The Panama Railroad Co., is suffering from the crisis owing to the loss of local traffic. It appears that two unsuccessful attempts had been made to burn Colon.

A FATAL FIRE.

Pittsburg, Pa, March 27.—The foundry of McIntosh Hemphill & Co, was entirely destroyed by fire this morning, causing a loss of $110'000. Fireman Harvey was fatally injured by a falling wall.

REPUBLICAN CAUCUS.

Washington, March 27.—Republican senators held a caucus this morning ostensibly to fill the vacancy on the commission resulting from the resignation of Senator Chase. It was found on assembling that the caucus had full authority to fill these vacancies so no action was taken. The question of adjournment was discussed and it was stated by senators who had talked with the president that he could not say definitely when he could let the senate go. The general impression was the adjournment would be had within seven days.

EXCURSIONISTS DROWNED.

City of Mexico, March 27.—The steamship Oculan foundered on Lake Chapola, near Jusdalagarr. A large excursion party was on board at the time. Fifty bodies have been recovered. Many more are known to be in the wreck. Efforts are being made to raise the steamer when it expected additional bodies will be secured.

FIRE RAVAGES.

Scranton, Pa., March 27.—A massive stone building on Wyoming avenue known as Library Block, occupied by Clellan, Simpson & Taylor and a number of lawyers and insurance agents, was gutted by fire to-night. Clellan, Simpson & Taylor's stock of goods was valued at $300,000, but their loss is probably covered by an insurance of $160,000 on the building and contents. The loss to other occupants of the building will aggregate about $20,000. The carpet and wall paper establishment of Williams & McNulty, adjoining the burned building was badly damaged by fire and water. The Library Block is owned by Clelland, Simpson & Taylor and the H. S. Prince estate.

OPINIONS ON BOB LINCOLN.

Chicago, March 27.—The Tribune (rep) commenting on Robert Lincoln's nomination as Minister to England says: "He possesses in a large measure the unostentation, good judgment and strong common sense and tact of his father, and we believe that he will win his spurs in diplomacy with brilliant success."

The Inter-Ocean, (rep) says: "The nomination is a just recognition of the fact that throughout the country there is a general feeling that so worthy a son of so illustrious a father deserves a warm place in every patriotic heart."

The News, (Ind. rep) believes that Mr. Lincoln is thoroughly competent to discharge acceptably the duties of the mission."

The Herald, (dem) says: "Mr. Lincoln goes to fill a place such as was entrusted to the Adams', Franklin's, and Jefferson's when the republic was feeble. The idea must be that in its might this nation needs a lower type of ability."

The Globe, (dem) says: "He was appointed solely because "he is the son of his father."

UNITED STATES SENATE.

Washington, March 27—Evarts offered the following resolution: Resolved that it is competent for the senate to elect a president protempore who shall hold the office during the pleasure of the senate and until another is elected and shall execute the duties thereof whenever the vice president is absent. There was a discussion after which the resolutions of Butler and Evarts were referred to the committee on privileges and elections. Mr. Allison moved a resolution which was referred, reciting that an appropriation of $160,000 was made in 1885 to acquire a valid title to the Ft. Brown military reservation in Texas, the evidence was on file in the war department showing that $50,000 would be a large price for the property and ordering inquiry into the matter and withholding payment of any part of the sum. Adjourned.

JOLLY GOOD FELLOWS.

The Rovers Entertain the Comox Football Club at Dinner--A Thoroughly Good Time.

After the match yesterday the Rovers entertained the Comox team at Peck's Hotel, East Wellington. They were taken out by teams furnished by Mr. Peck.

Great praise must be given to the excellent supper supplied by Mr. Peck, at which about forty guests sat down, among whom were Messrs. Chandler, Dr. Walkem, of East Wellington, Beveridge (Free Press), Porter, Wilcox, Williams (Courier) and the contending teams.

After supper the health of the Queen was proposed and heartily responded to. Afterwards Mr. Honeyman proposed the health of the United States President coupled with the name of Mr. Hawthornthwaite.

Mr. Hawthornthwaite, in reply, said that he thought that Americans pure and simple were of British extraction, and that combined they were invincible, even in football.

The health of Comox was proposed by Capt. Hawthornthwaite coupled with the name of Capt. Honeyman, who responded in suitable terms and commented on yesterday's play. He thanked the Rovers on behalf of his team, and for the princely way in which they had been entertained. It was the first match they had played and no doubt by practice they might show a better fight. They were comprised of a lot of men fresh to the game and had not so many chances of meeting together as the Rovers. No doubt both teams played their best, but the faults were on both sides, but the Rovers were good and for the effort and energy in the way Hawthornthwaite has worked football up in Nanaimo, he was deserving of the thanks of all. In conclusion, he said that Comox, with practice, would undoubtedly give the Rovers a tougher fight next year.

The health of Messrs. Chandler and Walkem was drunk with enthusiasm by all present.

Capt. Hawthornthwaite proposed the health of the press coupled with the Free Press and the Courier, and it was responded to in appropriate terms.

The health of the umpires was proposed and Messrs. Morrison and Roe responded.

Mr. Croker replied to the health of Ireland in glowing terms. Having played three years for Ireland in the International matches he was able to say with truth that he had never seen better play than some of the members exhibited yesterday at the match.

The health of the Rovers was proposed by Capt. Honeyman and responded to by Capt. Hawthornthwaite.

During the evening songs were given by Messrs. Derbyshire, Fitzgerald Norris, Harvey, Edmunds, and Williams.

Mr. Peck's health having been drunk, the guests departed and were taken back to town by mine host Peck's teams.

John Bright Passes Peacefully Away After

A LONG AND SEVERE ILLNESS.

Great Regret Expressed at His Death by Friends and Foes Who Greatly Cherish His Sterling Qualities.

DEATH OF JOHN BRIGHT.

London, March 27.—John Bright died at 8:30 this morning. Mr. Bright's end was peaceful, and his physicians say it was painless. He had remained in a comatose condition since yesterday afternoon, and died without regaining consciousness. All his family were present at his death.

JOHN BRIGHT'S FUNERAL.

London, March 27.—The funeral of John Bright will take place at Rochdale on Saturday. It will be conducted as privately as possible and the body will be interred in the Quaker Burying Grounds. Flags of both the Liberal and Tory clubs were flying at half-mast to-day in honor of the memory of John Bright, each party claiming the dead statesman as its own. Every evening newspaper, even the Star, printed a leader eulogizing the famous Birmingham commoner. The home rulers one and all have forgotten Mr. Bright's unionist sentiments and all strongly express their admiration of the sterling quality of the man.

EULOGIUMS ON BRIGHT.

London, March 27—Jos. Chamberlain addressed a note to Wm. Henry Hurlbert to-day in which he said: "By John Bright's death we have lost the most unique figure among English statesmen and one of the foremost leaders of the present generation. The consistency and the completeness of his career and the massive simplicity of his character mark him out from all others now living and having fought his last fight he is a universal loss to both his party and his country." Mr. Hurlbert in an interview this evening said "What Chamberlain says will apply also to America. As a genuine free trader Bright was a friend to America. When General Simon Cameron, the only survivor of Lincoln's cabinet visited England he was eager to meet Mr. Bright. I asked Mr. Bright to dine with Cameron and he replied, "certainly, perhaps we may bring him to a better state of mind. Although I abhor your American protection I shall be glad to meet a man who helped Lincoln save the union against slavery."

THE LINCOLN MEETING.

London, March 27.—The Lincoln handicap was won to-day at the Lincoln spring meeting by Wiseman. Acme was second and Baron third.

AN ARMISTICE GRANTED.

Zanzibar, March 27—The Arab leader Bushert has been granted an armistice about Bagomoyo in view of Capt. Wissman's arrival.

EAST AFRICAN EXPEDITION.

Berlin. March 27.—The last of the officers belonging to Capt. Wissman's East African expedition sailed from Hamburg this morning to join the captain at Zanzibar. Steam launches also remaining here were sent to Zanzibar.

REINITZ THE FORGER.

London, March 27.—The court of Queens bench rendered a decision to-day in the case of Reinitz, the American forger, captured some weeks ago on the steamer from New York. The court decided that in filling up the checks with sums exceeding the authorized amounts Reintiz committed forgery. Application for habeas corpus was refused.

ELABORATE PREPARATIONS.

Constantinople, March 27—The sultan has ordered extensive preparations for the approaching visit of the Emperor William. A special kiosk will be built at Yildiz for the Kaiser's use.

THE REPORT DENIED.

London, March 26.—Houston emphatically denies the report that he is to sever his connection with the Irish Loyal and Patriotic Union. Rumor had it that his associates in the organization desired his resignation in consequence of the failure of his attempts to ruin Parnell through his transactions with Pigott.

AFTER THE NIHILISTS.

St. Petersburg, March 27.—Detectives have been sent to Switzerland to negotiate for the extradition of Nihilists who have taken refuge in that country.

HENRY GEORGE'S TOUR.

London, March 27.—Michael Davitt will preside at a meeting which Henry George is to address in Dublin in the course of that gentleman's present tour of England, Ireland and Scotland.

MEETINGS OF SYMPATHY.

London, March 27.—The celebrated sculptor, Prince Joy, took a plaster cast of the face of John Bright this afternoon. Meetings of sympathy were held throughout the country this evening. It is said no greater power than Bright had ever adorned political life in England.

A VOICE FROM IRELAND.

Dublin, March 27.—"United Ireland," in its obituary notice of John Bright, says: "Ireland forgets her grievances against him at the open grave, and remembers only his priceless services of the old days. The real John Bright died three years ago."

RECEPTION OF THE QUEEN IN MADRID.

Madrid, March 27.—Queen Victoria was met at Trun to-day by Mr. Ford, British Ambassador to Spain, and representatives of the Queen Regent Christina, and escorted in state to San Sebastain where she was awaited by the Queen Regent, the Duchess of Bailen and the Countess of Sastago. Queen Victoria advanced to meet Christina and kissed her on both cheeks. The Queen Regent's attendants, including Senor Segasta, were presented to Her Britannic Majesty, and the party afterward took luncheon at the castle and were received by the Mayor at the Town hall. The military escort was conspicuously brilliant. The Queen Regent accompanied the visiting party on their return as far as Trun, holding an animated conversation with Victoria.

THE LEGISLATURE.

The House met at 2:15 p.m. on Tuesday.

REPORT.

Mr. Cowan presented the second report of the standing committee on Mines, recommending certain amendments to the Mineral Act. The report was received and ordered to be printed.

LICENSES AMENDMENT BILL.

The Hon. Mr. Davie moved the second reading of a bill to amend the "Licenses Act." Bill read a second time and the House went into committee thereupon with Mr. Allen in the chair.

The committee rose and reported the bill complete with amendments.

Report received, to be considered at the next sitting of the House.

QUARTZ MINE BILL.

On motion the bill to extend aid in the development of quartz mines by Mr. Higgins, was read a second time and committed with Mr. Martin in the chair. The bill was reported complete with amendments, the report to be considered at the next session of the House.

ATHLETIC CLUB BILL.

The bill to incorporate the Brocton Point Athletic club was on motion read a third time and passed.

VICTORIA LUMBER CO.

Mr. Fry moved to read the bill a third time to incorporate the Victoria Lumber and Manufacturing Company. Bill read a third time and passed.

Columbia & Kootenay R. & N. Co. Mr. Higgins moved to insert in this bill after the word direct in clause 8, the following words: "and such fares and tools shall be approved by the Lieutenant-Governor-in-council before coming into effect. Also a new clause as follows: "Nothing within this Act shall be construed to interfere with free miners entering upon and searching for precious metals and acquiring claims in accordance with the mining laws of this province."

Col. Baker opposed the amendment offered which he contended would kill it.

The Hon. Mr. Humphreys, Mr. Bole, and Mr. Grant in turn coincided with Col. Baker's remarks.

Hon. Mr. Dunsmuir requested Mr. Higgins to withdraw his amendmend.

Mr. T. Davie also wished it withdrawn.

Mr. Higgins withdrew his amendment.

The House adjourned at six o'clock.

EVENING SESSION.

The House met at 7:40 p. m.

PRIVILEGE.

Mr. Higgins rose to a question of privilege. He said he had yet another amendment to offer to the Columbia and Kootenay R. and N. Bill as follows: Nothing contained within this act shall be construed to interfere with free miners entering upon and searching for precious metals and acquiring claims in accordance with the mining laws of the province. He wished to protect the free miner.

Mr Dunsmuir—What good is it? This is not a miner's act, it is a railway bill.

The amendment was lost by 6 to 14.

JUROR'S BILL.

Mr. Ladner moved the second reading of the Juror's bill. He proposed to reduce the number drawn from 36 to 44. Men summoned as jurors were often compelled to come a long distance and should receive some compensation. The bill was read a second time and committed, with Mr. Grant in the chair.

COUNTY COURTS ACT.

Mr. T. Davie moved the second reading of the County Courts Act Amendment Bill. His object was to extend the jurisdiction and usefulness of the judges.

Mr Martin moved in amendment, seconded by Mr. Allen, that it be necessary for judges to reside in the district over which they have jurisdiction.

Hon. Mr. Dunsmuir said it was impossible for the Provincial government to control the actions of the judges as long as the paying of the judges remained out of their hands. The resolution was carried.

The House adjourned.

Letters From the People.

EDITOR COURIER:—If all the ladies of this city were of the same mind as myself we would take the old "Man of the Mountain," give him a mustard bath and then tar and feather him. He still continues his base insinuations against the respectable white ladies of this community. From the fact of his being the "Old Man of the Mountain", I suppose he has tired with the siwashes previous to the arrival of white people and consequently must be excused for his peculiar proclivities.

WORDS OF WISDOM.

The Columbian, which is one of the most fearless and progressive of our provincial exchanges says "the heart of the COURIER man of the city of Black Diamonds is sad within him, and he is moved to indite the following mournful truths:"

* * * * *

And it goes on to say "The COURIER has got a rather tough field for a newspaper with patriotic, go-ahead instincts, but as the continual dropping of water does wear away in time, the hardest of stones, so we predict that our indefatigable and public-spirited contemporary will yet be a most important means in reanimating the "dry bones" in the "city of coals." There is no reason why Nanaimo should take a "back seat" among the galaxy of coming cities in the "gem of the west." Just how near the front she gets and how soon "gets there" must depend very much on the discernment, patriotism, and shrewdness of her citizens Westminster, Vancouver, Victoria Nanaimo, and Kamloops, we look upon as each and all cities of promise—every one having their own peculiar elements of greatness, and each enfolding the pregnant germ of a metropolis. British Columbia, it is well to remember occasionally, is an empire in extent and resources, and almost a virgin empire as yet; but the fair maid of the western seas is being sought and wooed by the wealth and people of other lands; the banns have been published; the espousals are at hand; the fruition shall be great. Each of the cities of British Columbia should be stirring—should be up and doing—should be sloughing off the coat of sackcloth and ashes and MOSS, which has adorned (?) some of them for years, and be preparing to reap the harvest which has been long waited for, but which now "whitens the fields"—should, in short, be putting themselves in the way of developing into cities in reality as well as in name, What are our cities now? What is the population of the largest compared with what that of the smallest will be. say five years hence? As a matter of fact we have no cities, except by courtesy—merely some very healthy embryos. But the embryos are ripening. Events move swiftly in "these last days" of the nineteenth century, and in five years time we shall not be able to recognize ourselves. So much the more encouragement and necessity to "gird up our loins" and "rustle." This is our "critical period;" the various cities of the province are in "their 'teens" as it were. Those that recognize these facts and act energetically and promptly will "arrive there" those that do not will "get left," comparatively speaking, at any rate. Buckle up, then, brethren, for the race. If we all do our best the chances are that we shall all pass the "judge's stand" at about the same time and "with both feet!"

EDITORIAL NOTES.

THERE are three thousand postmasters in the United States, and a contemporary says that postal cards have grown so brazen that they no longer flush painfully when stared out of countenance.

THE clause added to the municipalities bill, by which the price of retail liquor license will be raised to $500 per annum is a move in the right direction and it is to be hoped that the bill will become law.

Now that the Prohibition Amendment has been defeated in New Hampshire, perhaps the champions of temperance have awakened to the fact that it takes something besides heavy clothing to keep a New Hampshire man warm.

WE notice that Mr. D. E. Brown, district and passenger agent of the C. P. R., has completed arrangements with the steamer Robert Dunsmuir for a tri-weekly service between this city and Vancouver. We are thankful for small favors, and hope that the volume of business will soon be so great that a daily service worthy of the name will be inaugurated.

OUR cable despatches last evening brought the information that the good old man, John Bright, had crossed the bourne, to rest from his life-long labors of Love, Peace and Good Will. There are many who will drop a silent tear over the grave of him, who was never first in war, but always first in peace and who stood second to none in the hearts of his countrymen.

DOES Nanaimo intend to observe the Queen's birthday? The other cities of the province are making preparations for an extensive celebration. Victoria will make a grand splash in the way of showing her loyalty and attachment to England's greatest Queen. While the utility of these celebrations may be questioned, after all they perhaps do no harm; the people enjoy a holiday and find some recreation apart from the daily avocations of life. We are as loyal to the existing order of things as is necessary, and we would like to see our city observe the day in some fitting and appropriate manner. England's Queen and England's prestige are dear to every Saxon heart.

The Bank of British Columbia.

The British Columbia Tanning Company is formed for the purpose of carrying on the business of manufacturing all kinds of leather, belting, trunks, and the manufacturing of all kinds of leather goods and goods in which leather forms any part.

Any number of hides can be procured at a reasonable price here and in other parts of the province.

Fuel can be procured here cheaper than in any other town in the province.

The shipping facilities here are of the best.

Any amount of bark for tanning purposes can be procured in the vicinity.

A large proportion of the heavy leather now used in this Province is brought from the United States.

The hides in this Province are better adapted for heavy leather than the Eastern hides.

Now most of the heavy leather manufactured in the Eastern Provinces is made out of hides brought from Chicago, Northwest Territories and British Columbia.

Besides supplying this Province, a market for these goods can readily be found as far East as Montreal.

Owing to the largely increased demand for these goods as compared with any previous period and the facilities which this city affords for manufacturing them, a large profit can be assured.

It is also proposed to manufacture buckskin gloves, as there is an unlimited supply of deer hides, and the hides can be tanned and made into gloves at a good profit.

It is proposed to erect buildings in the City of Nanaimo for the manufacturing of said articles; the buildings and machinery will cost about $15,000.

The calls on the stock will not exceed ten per cent. at any onetime and will not be made oftener than once a month.

Dr. J. Collis Browne's
CHLORODYNE.

THE ORIGINAL and ONLY GENUINE.

Advice to invalids—If you wish to obtain quiet refreshing sleep, free from headache, relief from pain and anguish, to calm and assuage the weary achings of protracted disease, invigorate the nervous media, and regulate the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by Dr. J. Collis Browne (late Army Medical Staff), to which he gave the name of CHLORODYNE, and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis, Asthma.

CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, &c., &c.

From Symes & Co., Pharmaceutical Chemists Medical Hall, Simla, January 5th, 1880: To J. T. Davenport, Esq., 33 Great Russell Street, Bloomsbury, London, Dear Sir:—We embrace this opportunity of congratulating you upon the wide-spread reputation this justly esteemed medicine, Dr. J. Collis Browne's Chlorodyne, has earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility, we much question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are happy to say, are now relegated to the native bazaars, and judging from their sale, we fancy their sojurn there will be but evanescent. We could multiply instances ad finitum of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhœa and 2nd Dysentery Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy, and as general Sedative, that have occurred under our personal observation during many years. In Choleraic Diarrhœa, and even in the more terrible forms of Cholera itself, we have witnessed its controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of the opinion that the substitution of any other than Collis Browne's, is A DELIBERATE BREACH OF FAITH ON THE PART OF THE CHEMIST TO PRESCRIBE AND PATIENT ALIKE. We are sir, faithfully yours, Symes & Co., Members of the Pharm. Society of Great Britain, His Excellancy the Viceroy's Chemists.

CAUTION.—Vice-Chancellor Sir W. Page Wood stated that Dr. J. Collis Browne was, undoubtedly, the inventor of Chlorodyne; that the story of the defendant, Freeman, was deliberately untrue, which, he regretted to say, had been sworn to.—See "The Times," July 13, 1884.

Sold in bottles at 1s. 1½d., 2s. 9d., 4s. 6d., and 11s. each. None is genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government stamp. Overwhelming medical testimony accompanies each bottle.

Caution—Beware of Piracy and Imitations.

NANAIMO-VANCOUVER SERVICE.

Arrangements Concluded Whereby the Dunsmuir Will Make Tri-Weekly Trips.

Arrangments have at length been completed for a tri-weekly service between Vancouver and Nanaimo. Mr. D. E Brown, district freight and passenger agent of the C. P. R. concluded an arrangement yesterday with the steamer Dunsmuir. By the understanding arrived at the Dunsmuir will arrive here on Mondays from New Westminster to connect with the Pacific express and take those passengers going to Nanaimo. On Thursdays and Fridays the steamer will arrive from Nanaimo at 11 o'clock in the morning, connecting with both the Pacific and Atlantic trains.

All Nanaimo freight will be transhipped here for Nanaimo instead of at New Westminster as heretofore.

Yesterday afternoon Mr. Brown went over to Nanaimo, taking the Princess Louise from New Westminster. He will make final arrangements at Nanaimo and return about Saturday.—News-Advertiser.

A WARNING.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the Throat and Lungs than any other. It is probable that everyone, without exception receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing Consumption and to the head, causing Catarrh. Now all is dangerous, and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may lose life. As soon as you feel that something is wrong with your Throat, Lungs or Nasal Organs obtain a bottle of Boschee's German Syrup. It will give you immediate relief.

FROM NEW WESTMINSTER.

The steamer Robert Dunsmuir, Capt. Rogers, arrived here yesterday from New Westminster with the following passengers: J. Porter, T. Thorwood, E. J. Morgan and Lieut. Shelvey, of the S. A.

TIME EXTENDED.

As will be seen by reference to our advertising columns, the time for tenders for building Dr. Praeger's house is extended to noon Saturday next. Those wishing to tender will govern themselves accordingly.

FROM COMOX.

The steamer Amelia arrived last night from Comox with the following passengers: Mr. Ingley, Messrs. Grant, Matthewson, Thompson and Dewan. One of the passengers said there was a crazy Chinaman on board.

RE-ARRESTED.

Frank McQuillon, who a few weeks ago was given a preliminary trial in this city on a charge of arson, and discharged has been again arrested on the same charge and will be brought up to-day before Justice Huff at Alberni to answer to the same charge. It is claimed that fresh evidence has been secured against him.

"ECCE CALFO."

"That the old man a month ago said in the Free Press that friend Hamilton, of Nanoose, had a calf three weeks old for sale. It is a standing, 'living monument,' for it has not got any older yet."—Free Press. We fancy that the calf referred to would not be found very far away from our e. c.'s office.

FROM TEXADA.

The steamer Muriel arrived yesterday about 2:30 p. m., from Texada, with the following passengers: A. Easson, R. Evans, T. Bradley, W. Williams, E. Priest, J. Stirtan, R. Dugdale, Tippett, Prouse, Kirke, Tree and McKee, of Vancouver. Mr. McKee will leave for Vancouver by the Muriel.

VANCOUVER WATER WORKS.

The water from the Capilano river was turned through the mains of the Vancouver Water Works Company in Vancouver on Monday night Vancouver is now in possession of a water supply unsurpassed in both purity and abundance by that of any other city on the Continent, says the News-Advertiser.

COMOX NEWS.

Messrs. Grant and Matthewson looked in on our office last night and supplied us with the following news: The Union mines are working steadily and the saw mill business is booming. The saw mill was only warranted to cut 15,000 per day, but has proved that it can cut 20,000 easily and is giving great satisfaction. Mr. Grant has about finished his contract for the twenty houses at the Union mines. Mr. Matthewson is on his way to Victoria to purchase some imported stock cattle, also sheep and horses. Mr. Matthewson, in company with Messrs. Cairns, Crawford and Urquhart, owns a large tract of land known as the "Flats" which land they are intending to dyke, and otherwise protect against the inroads of the water. Mr. Matthewson expects to return in about a fortnight.

ROCKS ON THE STREETS.

Since the Muriel arrived yesterday afternoon a stranger would have received the impression that the city was in a state of terror on account of dogs, Fenians or some wild animals, as every other person one meets has either a small rock in his pocket or a large one tucked under his arm. An undertaker was first descried with a chunk of rock about the size of a cottage loaf. On being asked to point out his enemy he only remarked: "Isn't it a dandy? Look at the free gold in it." Then he passed on. Soon after him came Mr. J. W. Rudd with a piece only a slight degree smaller. His greeting was, "What do you think of this? It is from the Jessie." We inquired what Jessie wanted with an ugly rock like that, and received the information that Jessie was a mine that Mr. Rudd was interested in. It was indeed a fine piece of quartz, at least to our unmitiated eyes, and we wish the Jessie may bring her friends luck.

THE NTW THEATRE.

We understand that Ald. Mahrer has awarded the contract for the building of his theatre to Mr. H. McAdie of this city. We admire the genial alderman for encouraging local enterprise, while always being ready to welcome new faces we prefer to see local workmen employed. Work will be commenced at once and Nanaimo will not have to wait long till she will have a theatre that she can invite theatrical troupes to act in without being ashamed of it. At present good troupes refuse to come here owing to the want of space on the stage and in the body of the Institute hall. A few more enterprising citizens among us like the alderman and our town will take its proper place among the cities of the Pacific province. Mr. Mahrer informs us that he will have the theatre properly finished by the 1st July, about which time he expects the first troupe to arrive.

A PORK PIE PARTY.

A well known sheep rancher close to Nanaimo had a very fine pig, which for some time he had gloated over and scratched on the back while feeding him. One day a party of ladies and gentlemen called to see him, and duly admired his pet. An idea struck him. "Come next Sunday and we will have pork pie," he said, "this pig has lived long enough." The offer was accepted with beams of satisfaction. The following day the porker was led out to execution. Then the question arose as to who would do the deed? One at last volunteered and stuck the knife into the pig just sufficient to make him wish to escape, which he did; and was seen grazing around contentedly. Then a council of war was held and a rifle brought out and fired at the pig with disastrous results, as the animal left and has not been seen since. He can't escape as the farmer lives on an island It is dangerous to talk pork to some people now. N. B--The pig was heard from minus his front teeth, but the party is off.

SPRING.

Spring is coming on; many things tend to convince one that the much-praised season of the year is upon us. Flowers are blooming in the gardens, vegetables are seen peeping above the soil, and the smell from the gulch under the Long Bridge increases under the strong rays of the sun. The increased activity among the boat owners and boarding men also betrays a blind faith in the constancy of "Old Sol." A faith, alas! often doomed to disappointment, yet which "bobs up serenely" again with the least show of relenting on the part of the weather. Yet it annoys the enthusiastic amateur gardener who, with coat off and dripping brow, has dug his garden, prunned his fruit trees and generally put things in order for the coming summer, to find that, as has happened here the last two nights, a chilling frost has nipped his hopes in the bud, and that he has to start over again. This is also the season of the spring poet, but though one appeared in the editorial rooms yesterday, he found the "undertaking" too much for him.

TEXADA.

Reports from Texada continue to be satisfactory. The syndicate which has bonded the claims of the Texada company will immediately begin the work of development and other improvements necessary to a successful working of the claims will be begun. Quite a number of prospectors and others arrived down by the Muriel yesterday.

ACCIDENT AT OYSTER HARBOR.

A man working at Oyster harbor, in connection with the boring operations being carried on there, received a severe axe wound in his foot and ancle yesterday morning. He was brought to the city and the wound was dressed by Dr. Davis.

FOOTBALL.

Nanaimo Rovers vs. Comox — The Rovers Win.

The above football clubs met yesterday at the small swamp on Albert street above the railway track and played a hard and fast game before some 300 or 400 people. Hawthornthwaite, captain of the home team, won the toss and decided to play from the south goal. At 4:07 p.m., Honeyman, captain of the Comox team, kicked off and from then until half-time was called the Rovers pressed the Comox team close to their goal line, but no points were scored Hawthornthwaite made two fine runs, while Dixon, Evans and A. Potts played well for the Rovers. Honeyman played spendidly for Comox and was ably assisted by Croker, Bair and Derbyshire. On time being called, Norton kicked off for the Rovers, and shortly afterwards Hawthornthwaite got the ball and secured a try, but Cotton failed to convert it into a goal. Arthur Potts soon after secured another try but Cotton again failed to kick a goal. A third try was got but Hawthornthwaite did not convert it into a goal. Shortly before time was called a fourth try was obtained by Evans and successfully turned into a goal by Cotton, which made the Rovers victors of a hard played game by one goal and three tries to nothing. Edward Potts played well as full-back for the home team and Hawthornthwaite, Langley, Evans and Dixon a hard game throughout. The Comox boys played well and when they have more practice will play together better, and next time they meet the Rovers will be tougher opponents. Harvey, the full-back for Comox, had the misfortune to severely injure his knee.

The teams were comprised as follows:

COMOX—Back, E. Harvey; three-quarter backs, Roe, Curtis and Bruce; halfbacks, Derbyshire and Baird; forwards, Fitzgerald, Thomas, Millar, Croker, Scharschmidt, Honeyman, (captain,) Halliday, Swenarton and Cook. Mr. George Roe acted as umpire.

ROVERS—Back, E. Potts; three-quarter backs, Hawthornthwaite, (captain,) Watson and Langley; one-half backs, Dixon and A. Potts; forwards, Armfelt, Hovelaque, Norton, Gibbs, Edmunds, Neens, Lester, Cotton and Evans. Mr. P. J. Morrison ably filled the post of umpire and Mr. R. Heyland kindly acted as referee.

THIS AND THAT.

A bill sticker—A determined collector.

Wating for a convenient season.--Interviewer—You are the man who was going to dramatize "Robert Elsmere," I believe. Dramatist—yes. sir; but I have postponed it for the present. Interviewer—May I ask why? Dramatist—Certainly. I am waiting to see if I can put President Harrison's inaugural address on the stage to advantage.

The Art of War—"What were you in civil life?" "An Artist." "Landscape or figure?" "Landscape," "Then you take this whitewash and give the commanding officer's palings a lick."

"Don't be in such an awful hurry," said Uncle Tobias to his nephews and nieces. "You lose a great deal by being in such an awful hurry. Lightnin' might do a great deal more if it wasn't always in such an awful hurry."

Mrs! Gushington—"Why, Julia, what makes you look so down-hearted?" Julia—"My servant has left me, and my poor old mother, who has just barely recovered from an attack of rheumatism, is compelled to do all the housework.

Little Juliet, who is attending confirmation service with her nurse, regards the bishop with eyes full of wonder, and then whispers: "Maggie, what is it?" Nurse—"That is the bishop." Juliet—"Pat, say, where does he sleep? He's got on his nightie."

Crimsonbeak—"Can't you tell me the difference between the Zulu chiefs and the New Yorkers?" Yeast—"Well, no; the answer doesn't occur to me at present." "Why, the Zulu chiefs live with rings in their noses, while the New Yorkers live with 'rings right under their noses.'"

The First Lesson.—Mistress—"Mercy on me, what a kitchen! Every pot, pan and dish is dirty, the table looks like a junk shop, and—why it will take you a week to get things cleared up! What have you been doing?" Servant—"Sure, mum, the young laddies has just been down here showing me how they roast a potato at the cooking school!
