WINNIPEG WINS ROWING HONORS

Western Men Successful in Two Races Yesterday.

Best Oarsmen of the Continent Now Assembled at Philadelphia.

Philadelphia Pa., July 19.—Under condition that could not be improved upon. the first day's races of the 29th annual regatta of the National Association of Amateur Oarsmen was held on the Schuylkill river, in Fairmount this afternoon and the initial day's sport was in every way a success. Winnipeg carried off the honors, winning two events while St. Louis, Worcester, Toronto, Philadelphia, Detroit and New York. each won one race. The race of the day was that between Detroit and Vesper of Philadelphia in the senior four-oared event in which the latter won by a nose, and the surprise of the afternoon was the defeat of the Vesper senior four, composed of members of the world's champion crew, by the St. Louis four. Another fine contest was the final in the intermediate eights which was captured by the husky crew from Winnipeg. Ten Eyck and Lewis had no trouble in the senior doubles. All of today's races were a mile and a half with a turn, with the exception of the eights, which were rowed straight away for the same distance. In the heats the first two qualified. In the intermediate eights, final heat, the result was as follows: Winnipeg Rowing Club, of Canada, 1st; Malta Boat Club, of Philadelphia, 2nd; Fairmount Rowing Club, Philadelphia, 3rd. Time of 7.56¼. Johnston, of Winnipeg, won the singles.

INTERESTING SUIT.

An interesting and important case will come for hearing at the next sitting of the court in this city, which will be in September next, in which one of Nelson's leading firms will appear as the defendants in. the suit. Yesterday a suit was entered by Patrick A. George against the Wallace-Miller Co., retail clothiers of this city. The plaintiff in the suit, is one of Nelson's old timers and was one of the locators of the Molly Gibson property in which he was largely interested before selling out. He claims to be a shareholder in the company and asks to have a receiver appointed to take over the management of the business and an injunction restraining the meeting members of the firm, from interfering in the business of the company. His claims that the business of the company has not been properly conducted, as no notices had been served of annual meetings nor any annual statements published. He also claims that there has been no audit of the accounts or the statements of the company and claims that he has been made the victim of a fraud on the part of the other four members of the company who are charged with collusion, in preventing him from exercising his legal rights in respect to the affairs of the company. The firm have a branch establishment at Greenwood and the head store in this city.

TO BE HELD IN NELSON.

Rev. Mr. Morgan Returns From the Baptist Convention at Victoria.

Rev. J. Burt Morgan, the pastor of the Nelson Baptist church, of this city, returned from the coast the other day, and when asked by a Miner reporter yesterday if the people in Victoria knew there was such a place as Nelson, replied: "Indeed, yes, and the B. C. Baptists decide to meet in Nelson next year about this time." Asked to give an account of the trip and the nature of the proceedings, he stated that on the journey out they were tied up at Revelstoke for 12 hours and as the trains were all the time late the inland delegates to the convention, returned by the way of Spokane. The representatives from the Kootenays were Rev. Mr. Morgan, Nelson; Rev. Mr. Halford, Cranbrook, and the Rev. Mr. Davies, Trail. The newly elected officers for the year are, President, Rev. R. G. Matthews, New Westminster; Vice-President, Rev. M. Van Sickle, Nanaimo; 2nd Vice-President, Mrs. P. H. McEwen, New Westminster; Secretary, Rev. J. G. Hastings, Victoria; Treasurer, E. H. Morgan, Vancouver.

Mr. Morgan reported that the Baptists were erecting two new churches in the Kootenays, one at Cranbrook and the other at Fernie, the former of which will be opened in a few weeks free of debt. Referring to the educational work of the church, he stated that a western school of correspondence had been organized, covering the academic work and the two first years in arts. They have also made a move towards establishing a residential worker to stop the gap in the home mission work. Rev. P. H. McEwen of New Westminster, was appointed by the convention to raise the necessary funds, this year, towards paying the salary and expenses of a man of continental reputation, who will be placed in the field to secure the endowments towards the work of the correspondence school. Last year there were sixteen members enrolled.

The local contributions to the churches in the Province exceeded that of the previous year, but owing to the fact that the subscriptions of the eastern churches for the western work showing a decrease, the home mission fund showed a small deficit. Their missionary labor chiefly consisted in work among the Japanese and renewed efforts are being made to push the work along more vigorously than in the past. Rev. Mr. Morgan was appointed the Kootenay representative on the mission board of the convention.

BANQUET AT EHOLT.

Mr. and Mrs. Becker Honored on Departure.

Eholt, July 19.—Mr. Becker, late C. P. R. agent, has been promoted to the office of contracting freight agent at Nelson, and was given a hearty farewell by the citizens of Eholt on Tuesday evening, in the form of a banquet and dance, which was very largely attended, more than 40 couples being present.

Dancing was kept up for some time and then the guests adjourned to partake of a hearty repast, Mr. A. B. Ripley acting as toastmaster. After making a few very appropriate remarks he introduced the toast list.

The King was duly honored by singing the national anthem and a very appropriate little speech by Mr. Fox. The balance of the toast list, with the gentlemen who responded was as follows: "Our Guests," Mr. V. H. Backer; Canada," Mr. M. Tibo and Z. A. McAlpine; C. P. R. Officials," A. G. Burnett; The Modern Railroader," R. Collie; "Our Town," J. M. Scrafford; The Ladies," W. S. Torney.

Mr. and Mrs. Becker left on Wednesday's train for Nelson with the good will and best wishes of all the citizens of Eholt.

NEWS OF THE NORTH.

Victoria, July 19.—The tug Pilot arrived here this afternoon from St. Michael to which port she towed a couple of scows loaded with coal. Capt. Cutler reports that Indians had arrived at St. Michael with the news that the bodies of five white men had been found 20 miles from that place towards the Yukon. They had evidently been frozen to death during the winter. A party had been sent out to investigate. On the way down, a schooner, evidently an otter hunter, was sighted aground, near Unmick Pass. Two thousand people had arrived down the river from Dawson on the way to Nome.

RIFLE SCORES.

The latest scores made at the rifle range were:

	200	500	600	Tot'l
H. J. Robie	28	29	27	84
J. G. Simpson	18	29	24	71
H. A. Langford	27	21	21	69
J. McKenzie	20	20	23	63
F. E. Weir	29	25	—	54

D. Bruce, Kaslo, is a guest at the Royal hotel.

W. H. Lewis, Toronto; Jno. D. Sullivan, Trail; R. J. Bealey, California; B. H. Jameson, Victoria, and A. McInnes, New Denver, are guests at the Phair hotel.

The following are the guests at the Hotel Hume: Taylor Webb, Montreal; Mrs. J. E. Harris, Mr. and Mrs. C. F. Caldwell, Wm. Hastie Adams, Kaslo; Phil J. Joubert, Seattle, Wash.; R. J. Hamilton, Fernie; J. J. Southcote, Victoria; Jas. Beveridge, Vancouver; M. Carlin, Golden; E. E. Vincent, Calgary; H. J. Johnson, Greenwood; E. G. Duncan, Toronto; H. B. de Ford, Spokane.

THEY CANNOT SUPPLY IT

Tramway Company Refuses to Light Up Baker Street.

The Following Letter Sent to the Mayor and Council.

In explaining its inability to light up Baker street as it was during the celebration the Tramway company has written the following letter to the City Council:

Gentlemen,—In accordance with the request of the Mayor, that we should quote for the supplying the power for 400 odd lights that it is proposed to erect on Baker street, and light on holidays and Saurdays, we beg to say that in the position we now find ourselves, we cannot make you an offer, for as stated in our interview with the Mayor and city clerk we are not in the same position with regard to supplying outside power as we were in October last, when bidding for the street lighting. If the Council in office after favorably considering our proposal had acted upon their resolution then, we would now also be able to quote you, I think, favorable terms. The proposition at that time we would remind you was to supply 50 arc lamps in the chief streets of the city on about the same terms as in Eastern States. This would have helped meet the large deficit we are now incurring daily in running expenses, by using a larger gross amount of power, thereby bringing about a reduction to our Tramway coats and a firmer basis of understanding with the power company, and at the same time enabling the city to supply power to private consumers, which is well known to be more profitable than that of street lighting.

However, the Council at that time did not act upon their own resolution and we were therefore unable to keep the agreement open with the power company. This result, we at the time deeply regretted and more so now, for we hoped then or should say, anticipated, that some future council would, as you have done, appreciate our investment, realize our position and large losses, which are necessarily concurrent with the running of our street railway, and step in, offering us inducements in the shape of supplying power in some shape or form

But the day we now find has apparently gone by when you can help us in this manner and we must add that at the present moment we are despondent of our undertaking, and how we are going to keep the losing proposition favorably in the eyes of our London investors we at present do not know.

Thanking you for your favor and wishing that we were in a position to lay before you terms which we are certain would be accepted and beneficial to all concerned We are, gentlemen, yours truly,

A. V. MASON,
Secretary.

STILL AT WORK.

Wilkesbarre, Pa., July 19.—More mines were in operation and more coal was hoisted in the Wyoming valley today than any day since the stationary firemen's strike began.

THE CITY

The meeting of the Socialistic Educational Club, which will be held in the Miners' Union Hall on Sunday afternoon, will be addressed by Elder W. C. Young, of Spokane. The subject will be "Capitalism from a Bible Standpoint." There will be free discussion and all are invited to attend.

There was a good turn out of the lacrosse boys last evening at their practice and a number of new players were on hand, who are calculated to materially strengthen the team. But there were a number of the prominent players belonging to the team who were conspicuous by their absence.

The total gate receipts of the baseball match on Saturday last, amounted to the sum of $43.25. When the expenses of the affair had been deducted, the balance of $30 was handed to the treasurer of the Nelson Public Library.

ONE STRIKE IS ENDED

Fishermen on the Fraser to Return to Work This Morning.

Meeting Yesterday at Which Canners' Terms Were Accepted by Men.

(SPECIALS TO THE MINER.)

Victoria, July 19.—The fishermen's strike on the Fraser was practically settled today through the efforts of a committee of citizens. The Grand Lodge this morning agreed to a settlement on a basis of 12½ cent for 25 per cent. of the pack, and 10 cents for the remainder. All that remains to be done is for Vancouver lodge to ratify the action. An official announcement is expected tomorrow and all the men are likely to start work on Sunday night. Fifty or sixty fish to the boat were taken last night.

Pat Hayes was run over and cut to pieces by the C. P. R. freight train, running out early this morning from Hastings.

Victoria, July 19.—The Scandinavian settlement at Cape Scott, on the northwest coast of Vancouver Island, is establishing a creamery and cannery, both to be run on co-operative principles.

Gold has also been discovered on the beaches of the Cape similar to that at Wreck Bay and C. B. Christenson, the school teacher there, is now in the city with seventy dollars of dust as the result of the labor of one man. A dyke is being built across a large lagoon, thus reclaiming it for pasture lands. The work is being carried out similar to that in Holland.

Dr Fagan, secretary of the Provincial board of health, pronounces the Province free of smallpox now with the exception of a few cases in the Crow's Nest.

Victoria, July 19.—At a council meeting yesterday the Cabinet decided to send two survey parties to find a route, if possible, through the Hope Mountains.

Vancouver, B. C., July 19.—The fishermen's strike was settled tonight. A committee of citizens acted as intermediaries and suggested that the fishermen offer to take 12½ cents for quarter of the pack and 10 cents for the remaining three-quatrers. The grand lodge accepted the suggestion, and made the offer subject to the ratification of the Vancouver Union, who had not empowered their delegates to act. The Vancouver Union ratified the offer tonight and the canners have accepted the proposition. Salmon have commenced to run.

BISLEY SCORES.

Toronto, July 19.—The Evening Telegram's Bisley cable says that the Canadian's score in Kolapore Cup match today, was a disappointing to Canadians. The Mother Country again won by a score of 795 to Canada's 743, Jersey's 705, and Guernsey's 704. The Canadians fell off badly at the 600 yards range, only scoring 225 to the Mother Country's 245. In the other two ranges Canada was only six points behind.

The team made up and scores as follows: Sergeant Bodeley, Victoria, 98; Staff-Sergeant. Crowe Guelph, 87; Gunner Fleming, Victoria, 90; Lieutenant Gilchrist, Guelph, 93; Private Graham, Dundas, 96; Sergeant-Major McDougall, British Columbia, 87; Color-Sergeant Richardson, Victoria, 92; Sergeant Swaine, Kingston, 90. Scores of 90 obtained admission into the second stage, King's Prize, and in consequence three Canadians in addition to those already announced took part in the second stage today. Sergeant Bodeley, Gunner Fleming and Private Graham, making 11 Canucks who qualified for second stage, of these four went into the third stage. Of the hundred who will shoot for the King's Prize by scores made today in the second stage, there are some Canadians. Gunner Fleming, Sergeant Major McDougall of British Columbia, Lieutenant Ogg, Guelph and Sergeant Wilson, Ottawa, while Sergeant Crowe, Guelph has the chance of having to shoot off with twenty-six others for three vacant places in the hundred.

In the Golden Penny, Lieutenant Murphy won 30s., Private Spencer and Private W. Masters, £1 each. In St. Georges, first stage, Private Mason, Lieutenant Ogg, Color Sergeant Richardson, Sergeant Swaine and Sergeant Wilson, each won £2.

ON MORNING MOUNTAIN.

J. H. Nickerson has some good samples from the group of claims on Sandy Creek, Morning mountain in which he is interested. The work on the property that has already been done is proving that there undoubtedly is a large body of ore, and although what has been sampled so far only averages from $6 to $9 it is improving with depth and will very likely prove to be a good proposition. The first ledge uncovered was 37 feet in width and since then another, 80 feet wide, has been discovered and traced for a considerable distance. The ore is composed of iron pyrites, carrying gold with a little galena occasionally. Two men are going up Monday to start work on the second ledge, and strip a portion of it to see how the values run. The owners consider they have made a valuable find. Sandy Creek on which the property is situated runs into the Kootenay about three miles below town, a Government trail following the course of the creek from the 49-trail for several miles.

MINING RECORDS.

The following are the mining records of yesterday: Two transfers were recorded, the Alma, from D. M. Clark, Rossland to J. R. Simpson, Nelson; Dorval, from Philomene Desireau to Azilda Gascon, Nelson. Three locations were recorded, This tle Blend, on Deer creek, being a relocation of the Ferndale, located by Jno. M. Ross; Oregon Fractional, on Sandy creek of Morning mountain, bounded on north by Oregon, on south by Springfield, on east by Niagara, on west by Mary Tudor, located by John Phillips; Ida Fractional, on Morning mountain, near Sandy creek, bounded on north by Butterfly, on south by Astral, on east by Ida, on west by Rebecca, located by Neil McColeman. Certificates of work were granted to Sydney to W. G. Sevyer; Armor Plate and Ollie, N. N. Nattstead; Copper King, to Joseph Duhamel; Oregon to Neil McColeman.

QUOIT CLUB DRAWS.

A Sport That Has a Great Many Adherents in Nelson.

Quoit as a pastime has been steadily gaining ground in Nelson, the club now has 47 members all of whom are keenly interested in the game and take an active part in the matches.

So far this season there have been three draws completed, and on the fourth, two games have been played. The scores stand at present: J. H. Wallace 8, W. Telfer 3, Purdy 2, Chief Lillie 2, Hedley 1, E. Smith 1, and G. Nunn 1. The series of playing is continued nearly every day, and is developing some expert players.

In the two games of the draw now on that were played Telfer defeated F. L. Irwin and J. H. Wallace defeated J. Watson.

Considerable numbers of spectators are attracted by the games, some of which prove most interesting.

ENGLISH CONSUL DEAD.

San Francisco, Cal., July 19.—W. Clayton Pickersgill, H. B. M. consul-general for the Pacific coast states and territories, died today at a sanitarium in Alamesa to which he was conveyed on Sunday last from his summer residence in the Santa Cruz mountains. Mr. Pickersgill had been seriously ill for some months past as the result of long residence in the malarial regions of Africa as a consular representative of the British Government.

SITUATION UNCHANGED.

Pittsburg, Pa., July 19.—The strike situation tonight cannot be termed materially changed although many rumors are in the air to the effect that a settlement of the troubles is imminent. President Shaffer of the Amalgamated Association expresses his entire satisfaction with the progress of the battle and says the workers have gained steadily while the manufacturers have lost continually since last Monday.

IN THE GOOD CITY.

Toronto, July 19.—As a result of complaints that the police were not as energetic as might be in the suppression of gambling, Toronto is to have an inquiry which promises interesting developments.

BUDGET OF RUSSIAN NEWS

Delegation From Thibet to Open Friendly Relations With Czar's People.

Papers Beginning to Treat Finns With a Little More Consideration.

(Correspondence of the Associated Press.)

St. Petersburg, July 19.—A burial from Transbaikalia, named Akhoram-boat Chwan Dorshieff, who has gained the favor of Dalai Lama of Thibet, came to Lividia last October and was received by the Emperor. He returned to Thibet and succeeded in persuading the Dalai Lama to send a special mission to St. Petersburg to open friendly negotiations relations with this country. This mission has arrived under the guidance of Dorshieff and has been received by Count Lamsdorff. It consists of four persons, one of whom is the Daloao Lama, second secretary. The Russian newspapers attach much importance to this journey and no doubt properly it marks another step in the extension of Russian influence towards the Indo-Chinese possessions of France. The Russians regard the establishment of a chain of communication across the Indian empire and the permanent isolation of India from Yang Tse Kiang as practically assured. The Novoe Vremya regards the sending of this mission as proof that the prowess of Russia in Manchuria has penetrated to Thibet and there is no reason to doubt that active communications are maintained between Urga in Mongolia where another Dalai Lama sits as regent in Thibet.

This journal thinks it only natural that Thibet should seek in Russia a protector against the "greed of England," or that other outlying territories of China should turn their faces toward the "white Czar." A good part of this and much more of the same sort in other papers is no doubt written for the Thibetan visitors.

Women will in future be admitted to the University of Helsingfors on equal terms with men. In Russia women are not yet admitted to the universities but there are many women colleges, some of which are similar in plan and organization to the Harvard annex.

The Russian press as a whole has recently displayed more moderation and benevolence in its treatment of the Finnish question than at any time since certain elements in Russia conjured up this spectre of Finnish separation. It is no secret that the views of the highest circles in Russia have undergone a change in regard to Finland. While there is no reason to believe there will be a restoration of Finnish liberties prominently, the policy of antagonizing this peaceful and cultivated people will not be pursued further.

If all rapid transit plans which have been launched into publicity during the last six months were executed, St. Petersburg would lead the procession. The latest are electric railroads to Schlusselbourg and a system of underground railroads. It is alleged a syndicate of foreign capitalists are seeking a franchise for the underground roads.

INRCREASED THEIR CAPITAL.

New York, July 19.—At a meeting of the stockholders of the First National Bank today it was voted to increase the capital of the bank to $10,000,000. In addition the bank will have a surplus of $10,000,000. There are now only two banks in the United States with a capital so large. They are the National City and National Bank of Commerce, both of this city.

RHODES AND JAMESON.

London, July 19.—Cecil Rhodes and Dr. Jameson landed at Southampton this afternoon from Cape Colony. They were met by Alfred Beit, the financier and B. A. Hawksley, counsel for the British Chartered South Africa Company and other friends. Messrs. Rhodes and Jameson declined to discuss the African question, saying they were no longer public men.

FOR THE THOUGHTFUL ONLY.

In the four divisions of the Canadian Northwest, Manitoba, Assiniboia, Alberta, and Saskatchewan, there are 242,168,000 acres of land, nearly all of which is arable. There are large areas of arable land in the Northwest outside of these divisions. Ontario and Quebec have still millions of fertile acres that have never been touched by the hand of man. British Columbia can grow its own breadstuffs, whatever its population may become. There is thus an enormous area of rich lands still to be cultivated in this favored Dominion of ours.

Half the acreage of Manitoba, Alberta, Saskatchewan, and Assiniboia would grow wheat enough to produce all the white flour consumed on earth. Canada, which now produces less than five per cent. of the world's wheat supply and exports less than one per cent. on an average, could be made the granary of the world. The four divisions mentioned could easily sustain a population of ten millions; they have at present a good deal less than half a million. The other cultivable areas of Canada that are now lying waste could support another ten millions. Some time in the distant future those waste regions will be occupied, but we have to look forward a hundred or two hundred years, before we can imagine this expectation to be fulfilled. The world's population will not increase as rapidly the next hundred years as it did the last hundred, for it is observed that as the nations become more advanced in civilisation the birth rate declines. If, then, we are to wait for the operation of the political and social forces that are at present existing, two centuries will probably elapse before the waste places of Canada are filled with their prosperous millions of people.

The individual does not bother, for that is a period far beyond the limit of his reckoning. But the nation should bother. People come and people go, but the nation goes on forever. Why should Canada have to wait two centuries, or one, before she can hope to see her fertile acres occupied and under cultivation? Is it not the business of the men who set up as statesmen to devise methods that will facilitate development as much as possible? Is not that the one duty to which all others are subordinate? The growth of the country, of the Dominion, of the Empire, in population, in enlightenment, in material prosperity. That is the business of those who engage in statecraft. The United Kingdom is the largst purchaser of foodstuffs of all the nations of the world. She is also the centre of the British Empire, and is chiefly responsible for whatever fortunes may befall it. If the United Kingdom were to impose the small duty of a shilling or a shilling and a half on every quarter of wheat imported from foreign countries, the period during which we might hope to see the wheat lands of Canada occupied would be reduced to fifty years at the most. That would be good statecraft, for it would be building up the Empire, making it prosperous and self-sustaining and therefore better able to take care of itself in the bustle and push and struggle for supremacy. A British manufacturer objects because he is afraid this small corn duty will increase the cost of living and put up wages. It is not believed that the duty would have any appreciable effect on the cost of living, and if it did the experience of Canada under its present fiscal policy would encourage the hope that the evil would turn out to be a blessing. And in any case, why should the interest of British traders be allowed to rank as superior to the interests of the British Empire? Such a duty would put a premium on farming in Canada, and from the United States, from the United Kingdom, and from the farming countries of Europe settlers would come trooping in, until the whole of those two hundred and forty million acres in the Northwest would be taken up. Can we in British Columbia realise what it would mean to us to have four, six, or eight millions of fellow subjects scattered over the rich plains to the east of us?

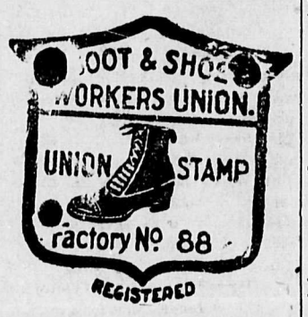
UNION LABOR.

Buy Only Union - Made Shoes.



This stamp used by the JOHN McPHERSON CO., Limited, of Hamilton, the only Union Factory in Canada.

In last Wednesday's issue of Mr. Houston's paper, and in the editorial column, there appeared the following sentence: "Individuals should not be subject to newspaper abuse and mud-throwing merely because they are not friends of the editor." Most of his readers doubtless smiled as their eyes traversed these few lines, and some of them probably thougnt the writer was repenting and had determined to mend his ways. In his paper of yesterday's date he returns to the "abuse and mud-throwing" to which he has been treating Mr. Bernard Macdonald and Mr. Kirby so liberally during these past few months. These gentlemen may not be friends of Mr. Houston's, but neither that circumstance nor any other can justify the coarse and abusive language applied to them through his paper. They are private gentlemen, engaged in looking after the private interests of the companies that employ them, and while those interests may be subject to criticism under the circumstances of the present strike, no respectable newspaper would think of dragging them into the discussion as individuals and, in true ruffianly terms denounce their actions and impugn their motives. We are afraid the editor of Mr. Houston's paper has not yet obtained the grace of the converted.

Float from an exchange: "Professor Macoun, who went to the Pribilofs to investigate the habits of the seals on behalf of the Canadian Government some years ago, said in Vancouver that he had written to Rudyard Kipling a short time ago, pointing out how, by a coincidence, one of the fictions of the Anglo-Saxon writer had been borne out by the fact. In the Jungle Book there is a tale of 'the White Seal,' who wandered off from the rookeries on Otter Island, in Behring Sea, to look for rookeries where hunters never came. During his investigations, Professor Macoun found one, and only one, family of white seals, and these were on Otter Island."

Last year the 260,000 miles of railway in the United States carried 576,865,230 passengers, and of these 249 were killed through accidents of various kinds, and 4,128 injured. This is one death to less than two millions of passengers. We are safer in travelling on railways than in walking the streets.

A mislaid letter from a correspondent at Vancouver takes The Miner to task for its criticism of the Canadian customs official at Skagway. We have pleasure in inserting it.:

"In your issue of 6th inst. you devote a paragraph to a criticism of Mr. Busby, Canadian customs officer at Skagway. Now, Mr. Editor, have you ever passed through Skagway? I fancy not or you would not have allowed the paragraph in question to be put into print. I have the testimonies of thousands of poor belated travellers, who 'call him blessed.' He is without question the most courteous and painstaking official it has ever been the pleasure of the writer to meet, and a credit to his country, and the saddest thing that could possibly happen would be to act upon your suggestion and remove Mr. Busby to some quiet spot in his own country. Mr. Busby is the right man in the right place, and should you one day take a trip north you will no doubt fully realize the truth of my remark."

PUBLICLY DISGRACED.

London, July 19.—Count Gabriel Kepesey, a first lieutenant in one of the Hon. Ved. Hussar regiments, says a despatch to the Daily Mail from Buda Pest, was formally degraded in Szegedin before the whole regiment. He made a dining bet that he would cut off the right ear of one of his best friends, Caspar Kanyo, with his sabre. He then approached the unsuspecting Kanyo and slashed off the ear. Kanyo shot at him with his revolver but missed him. Then turning to the mirror and seeing himself without the ear, he turned his revolver against himself and fell dead. The colonel in degrading Kepesey warned the officers of the regiment against debauchery and drunkenness.

FATAL STORM.

Grove City, Pa., July 19.—A fierce electrical storm here today resulted in four deaths and the severe injury of three others. The dead men were laborers on railroad construction work.

A GOOD THING.

German Syrup is the special prescription of D. A. Boschee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in Medicine. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boschee's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough Price 75 cts. Get Green's Prize Almanac.

Certificate of Improvements

NOTICE.

"Dora" Mineral Claim, situate in the Nelson Mining Division of West Kootenay District.

Where located: on Craig Mountain, near Craigtown.

Take notice that I, John D. Anderson, P. L. S., of Trail, B. C., agent for Herbert Porter, Free Miner's certificate No. B 50139, intend 60 days from the date hereof, to apply to the Mining Recorder for a certificate of improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 37 must be commenced before the issuance of such Certificate of Improvements.

Dated this 1st day of July A. D., 1901.

J. D. ANDERSON.

J. C. GWILLIM, B., Sc.,

MINING ENGINEER.

Late of Geological Survey of Canada. Six years experience in B. C. mining districts.

Baker Street Nelson, B. C.

THOMPSON RIVER DREDGING.

F. J. Tytler of Vancouver Talks of Its Value.

The following, taken from the Vancouver World of July 16th, will be of particular interest to a number of the citizens of Nelson who have interests in the districts where the statement of Mr. Tytler has reference to. The property referred to as being owned by the Boyd company is the same as that owned by the James River and Thompson River Syndicate, which property was disposed of recently, to the company now owing it. This company was originally floated by Mr. H. Bellamy, of this city (who, by the way was the first to locate claims in the Thompson River district) and controlled by Nelson investors.

Mr. Tytler is the representative of the Boyd company, of London, Eng., and has just returned from a trip of inspection of the propery on the Thompson river and on Jameson creek.

The following is the story as told by the Vancouver World:

"The properties consist of river, creek and bench claims, and the surface indications have given from five cents to $150 per cubic yard. The other day a particular spot on one of the benches panned out $5 to the yard, which is very high, and if such localities were abundant, great money would be made. The company has at present a dredge of the true New Zealand type, slightly modified to suit the conditions of this Province. It will cost $50,000 net and was designed by F. Satchell Clarke, mining engineer of Vancouver, and formerly of New Zealand, who is superintending the work of construction. The dredge was manufactured by the Wm. Hamilton Co., of Vancouver and Peterboro. The capacity of the machine will be 2,000 cubic yards every 24 hours, and will be operated night and day, with three eight hour shifts. Mr. Boyd has erected very comfortable camp quarters for the men, and the work is proceeding satisfactorily.

The dredge is of the bucket ladder style, specimens of which can be seen in any harbor, and will reach to a depth of 45 feet under the surface of the water. The buckets bring up the gold bearing gravel and deposit it in revolving screens, 24 feet long and five feet in diameter. The coarser passes down the screen and is carried off by the taling elevator to a point far in the stern. The finer materials containing the precious metals of gold and platinum passes through the screens and is caught on New Zealand tables. The dredge is 100 feet by 35 feet.

"The Thompson is one of the richest rivers in the Province," Mr. Tytler said, "and every claim is taken up on the North Thompson for a distance of 80 miles from Kamloops. On the South Thompson the claims are taken up from Deadman's creek to Spence's Bridge, about 40 miles. The claims in which Mr. Boyd is interested are situated about 18 miles from Kamloops on the North Thompson, and are reached by two good roads, one on each side of the river.

"The operations which are now being conducted by us are being watched with interest by all those who own properties on the river and if we are successful you may look for a boom in dredging in that district. The operations in the Province, so far, have been failures, owing to the work of amateurs, and much experimental work being done with dredges. The ground is rich and all that is required is the right kind of machinery. Mr. Boyd is acting upon my recommendations, and as I said, if successful all the other companies will immediately install plants."

SOME BEAR FACTS.

A Mountain Comedy That Was Precipitated By an Owl.

Two of Nelson's ultra fashionable people went up the hill the other day to pick raspberries and wild flowers. As can be readily imagined the couple represented both sexes. The excursion proceeded most amiably up to a certain point where a prospector was wending his way up the trail. He met the two people coming down. The man was away ahead and the lady was getting along as well as skirts allowed her to. Each was in a very great hurry, the man being so busy that he ran past the prospector without hailing him. The lady was more considerate. She most heroically stopped and implored the man to go back as a bear was chasing them. They discussed the matter for a moment and the lady substantiated her statement by directing the mining man's attention to the "horrible roar" the bear made as he was crashing through the underbrush. "Bear?" said the man in the overalls, "I think you are slightly mixed up. The thing making that noise is a hoot owl." By that time the man who was deserting the lady and leaving her to the terrible fate of being assassinated by the owl, collected himself and came back. They talked the matter over for a few minutes and then went back and found the owl. It was an owl and no bear.

Mickey Hayes, Kaslo, and P. J. Nichols, Slocan City, are guests at the Madden House.

SAVES TWO FROM DEATH.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but when all other remedies failed, we saved her life with Dr. King's New Discovery. Our neice, who had Consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds. 50c and $1.00 bottles guaranteed by Canada Drug & Book Co. Trial bottles free.

If you don't like Blue Ribbon Tea it's because you never tasted it.

TENDERS.

Tenders will be received by the undersigned up to the 20th day of August, 1901, for the purchase of the stock in trade of general merchandise, book debts, business and good will of the late William Thomas Beadles, of Salmo, and Erie, B. C., storekeeper. The property consists of a two-storey frame building at Erie, with a stock of general merchandise, and a stock of general merchandise at Salmo.

Intending purchasers may bid for the whole or either of the stocks.

Stock lists and inventories can be seen on application to James Bannerman at Erie, B. C.

Dated this 18th day of July, 1901.

MACDONALD & JOHNSON,
Solicitors for James Lawrence, Administrator of the estate of William Thomas Beadles.

NOTICE TO CREDITORS.

In the matter of the Estate of William Thomas Beadles, late of the town of Salmo, British Columbia, deceased, intestate.

Notice is hereby given, pursuant to the "Trustees and Executors' Act," that all creditors and others having claims against the estate of the said William Thomas Beadles who died at Nelson, B. C., on the 17th day of April, 1901, are required on or before the 20th day of August, 1901, to send by post prepaid, or deliver to the undersigned, solicitors for the administrator of the estate of the said deceased at Nelson, B. C., their Christian, names and surnames, addresses and descriptions, the full particulars of their claims, the statement of their accounts, and the nature of the securities if any, held by them.

And further take notice that after such last mentioned date the Administrator will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which he shall have then had notice, and that he will not be liable for the said assets or any part thereof, to any person or persons of whose claims notice shall not have been received by him at the time of such distribution.

Dated at Nelson, B.C., this 18th day of July, 1901.

MACDONALD & JOHNSON,

SHERIFF'S SALE.

Province of British Columbia, Nelson, West Kootenay: To Wit:

By virtue of two writs of Fieri Facias issued out of the Supreme Court of British Columbia, at the suits of The Merchants Bank of Halifax, and Miller & Richard, Plaintiffs, and to me directed against the goods and chattels of the Nelson Publishing Company, Limited, Defendants, I have seized and taken in execution all the right, title and interest of the said Defendant, the Nelson Publishing Company, Limited, in one Thorne Type Setting Machine, one Cottrell Press, one Pony Press, three Gordon presses, one wire stitcher, one ruling machine, one standing press, one paging machine, book debts, subscription list, office furniture, stationery, stock in trade and all other goods and chattels now in the building occupied by the said Nelson Publishing Company, Limited, on Ward Street in the City of Nelson, B. C., to recover the sum of five thousand four hundred and thirteen dollars and eleven cents ($5,413.11) and also interest on thirteen hundred and forty-six dollars and thirty-four cents ($1,346.34) from the 3rd of May, 1901, until payment, and also interest on four thousand and fifty nine dollars and seventy-seven cents ($4,059.77) from the 3rd of July, 1901, until payment, both at the rate of five per centum per annum; besides Sheriff's poundage, officers' fees and all other legal incidental expenses; all of which I shall expose for sale, or sufficient thereof to satisfy said judgments, debts and costs, at my office next to the Court House in the City of Nelson, B. C., on Tuesday the 23rd day of July, 1901, at the hour of 11 o'clock in the forenoon.

An inventory of the goods and chattels to be sold may be seen at my office on and after the 18th instant until day of sale.

Note.—Intending purchasers will satisfy themselves as to interest and title of the said defendants.

Dated at Nelson, B. C.,
15th July, 1901.

S. P. TUCK,
Sheriff of South Kootenay.

Certificate of Improvements

NOTICE.

Certificate of Improvements

NOTICE.

"Vancouver" Mineral Claim, situate in the Nelson Mining Division of West Kootenay District.

Where located: On the N. & F. S. Railway, 9 miles from the international boundary.

Take notice that I, J. D. Anderson, P. L. S., of Trail, B. C., agent for Charles A. Calzin, Free Miner's certificate No. B50,917, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 37, must be commenced before the issuance of such Certificate of Improvements.

Dated this 5th day of July, 1901.

J. D. ANDERSON.

ESTIMATES GIVEN FOR ALL KINDS OF Construction Work

W. H. BROWN & CO., NELSON.

If there is anything you require, ask for it in the columns of the Miner.

Correspondence Papers We have several correspondence papers that are being more and more largely used by critical people as their real merits become better known. Among others we mention "Olde Dorchester Bond" and "Crown Parchment." These are put up in the various fashionable sizes. Their quality is the highest, style the most attractive, manufacture the most perfect, and they are always satisfactory. That's why exclusive people like them and why they ask for them. Other high-grade papers are: "Foreign Mail" and "Old Parchment Bond." Insist on having these names on the box. There is nothing else "just as good."

THOMSON STATIONERY Co. Ltd
NELSON. B. C.

Pianos to Rent at $7 per month.

THE CITY

Machinery for the new stamp mill on the Referendum is being packed up to the mine this week.

An exhibitions of handsome pictures in the window of the Canada Drug & Book Co., has been attracting many spectators during the last few days.

Five miners and a blacksmith leave for the Lardeau this morning to work on one of the Rosenberger syndicate properties in the Fish creek camp.

Very few of the striking trackmen of this division are now left in town, railway construction in the Lardeau having absorbed most of them.

Shipments of large fine gooseberries and other small fruits are being received by local dealers from the various ranches along the river. Morley's ranch is turning out some excellent specimens showing what can be done in fruit culture in this vicinity.

Despite the higher rates promised to men going to work on railway construction it is becoming very difficult to procure laborers. The demand for men for the harvest fields of Manitoba and Minnesota is taking large numbers of men from British Columbia.

Work has commenced on the location of the city weigh scales in the neighborhood of the C. P. R. freight sheds. A gang of men were at work yesterday on the excavations and a team has already commenced the work of removing the frame work and the scales.

The members of the R. M. R. band turned out last evening in their new military suits and took the cars to the Park, where they had their first parade and drill. They have quite a soldierly appearance in their regalia and will for the next few weeks undergo training for military service.

In the cases of Harris vs. Pitts, a well known Sandon suit between J. H. Harris and the ex-mayor of Sandon in which the former was granted judgment, on a dispute arising out of an alleged trespass on the public thoroughfare in the matter of the erection of a house, another chapter was enacted yesterday at the registry office when the defendant, Pitts, was examined on the matter in regard to costs.

A small sized accident occurred at the work of the postoffice and inland revenue building yesterday to one of the employes whose name is John Gagnon. His finger became entangled in one of the cogs of the machine which drives the crane employed in the hoisting of the rock for the masons. The nail was removed from the finger and the end of the injured member badly disfigured. A doctor was soon found and the wound speedily dressed.

By permission of Captain Macdonnell, the R. M. R. band will give the second of their series of summer concerts at the corner of Ward and Baker streets tonight. This band will appear in full military uniform under the direction of Mr. J. B. Pollard. The programme is as follows: March, "Olympic," Clark; Medley "Sweet Old Songs" Dalby; Schottische "Don't Forget to Tell Me" Harriss; Overture, "Scotland Gems," Coffin; March, "Thunderer," Sousa; by request "The Wayside Chapel"; Valse, "Lady Alice" Doof; Medley Overture "Night in Chinatown," Weber; "God Save the King."

There will be a concert by a local orchestra on the balcony of the Club hotel next Tuesday evening.

Business at Grand Forks has picked up a good deal during the past week, owing to the number of men arriving to work on the Marcus-Republic road.

The water in the lake is now nearly as warm as it will be during the summer, and many boys and men are taking advantage of the opportunity to go swimming. One of the things that Nelson needs is a swimming bath where the water could be kept at a comfortable temperature.

No word has yet been received by contractors on the Crow's Nest Southern as to when the work on the new road will start. It was expected that some intimation would have been received ere this, as it is said the construction will be pushed through as rapidly as possible after it is once started.

The services at the Congregational church on Sunday evening will take the form of a musical service. A special musical programme has been arranged by the choir and the greater part of the service will be devoted to this form of worship. A short address will be given on "The Ministry of Music.

The fire brigade had a run yesterday afternoon about three o'clock, when they were called out to the Nelson Saw & Planing mills, where a small blaze had started in the neighborhood of the engine room. Before the brigade arrived the blaze had been extinguished. In the meantime a crowd had arrived and lined the whole of the block between the Lakeview hotel and La-Pointe's boarding house.

PERSONAL

D. F. Strobeck, Spokane, is a guest at the Queens Hotel.

W. H. Lowering, Winnipeg, is a guest at the Waverley hotel.

W. R. Seatle and G. A. Hunter left for Balfour yesterday afternoon and will remain over for a day's fishing.

T. Morley was the proud captor of a magnificent trout weighing four pounds, two ounces, yesterday.

Mr. and Mrs. P. Lamont are expected to arrive in Nelson today. They had a pleasant trip along the St. Lawrence river from Quebec and after visiting various cities of Ontario spent a week in Winnipeg from which latter point they are now en route to Nelson.

McFarland & Brockman, of the China shop on Baker street west, have just completed the painting and decoration of their store in the C. P. R. block which has completely changed the interior of the establishment. In addition to the handsome stock of crockery they have there has also been added a line of staple and fancy groceries.

Steve Sherlock and wife left yesterday morning for Dawson City, where they will in future reside Mr. Sherlock has been employed during the last few years as The Miner pressman and will in future be employed in that capacity by the Dawson City Sun.

Pastor J. B. Morgan has returned from Victoria where he has been in attendance upon the fifth annual session of the B. C. Baptist convention, and will occupy the pulpit of the Baptist church as usual tomorrow. "Convention Echoes," will be the morning subject, while the evening discourse will be upon "Co-operative Labor." The public is cordially invited.

Walter S. Lee, general manager, and W. H. Beatty, vice-president, Toronto, of the Canada Permanent Loan & Mortgage Company, passed through the city yesterday on a trip of inspection of the west in general, and of this city in particular as a field of investment, and also to examine the investments they already possess here. Mr. G. L Smelley, of Vancouver, the inspector of the above company for the Province of British Columbia, was in the city to meet the officials of the company he represents and remained over to consult with the local agent in regard to business of the company in the city of Nelson.

HARD TO BREAK.

But the Coffee Habit Can Be Put Off.

"I was a coffee user from early childhood but it finally made me so nervous that I spent a great many sleepless night, starting at every sound I heard and suffering with a continual dull headache. My hands trembled and I was also troubled with shortness of breath and palpitation of the heart. The whole system showed a poisoned condition and I was told to leave off coffee, for that was the cause of it. I was unable to break myself of the habit until some one induced me to try Postum Food Coffee.

The first trial, the Food Coffee was flat and tasteless and I thought it was horrid stuff, but my friend urged me to try again and let it boil longer. This time I had a very delightful beverage and have been enjoying it ever since, and am now in a very greatly improved condition of health.

My brother is also using Postum instead of coffee and a friend of ours, Mr. W., who was a great coffee user, found himself growing more and more nervous and was troubled at times with dizzy spells. His wife suffered with nausea and indigestion, also from coffee,. They left it off and have been using Postum Food Coffee for some time and are now in a perfect condition of health." Grace C. M., Cuyahoga Falls, Ohio.

Put a piece of butter in the pot, the size of two peas to prevent boiling over.

WHITE MAN TURNED YELLOW.

Great consternation was felt by the friends of M. A. Hogarty, of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 25c. Sold by Canada Drug & Book Co.

Fishermen Attention!

T. G. Procter's houseboat is now for rent by the day or week. Special rates for family parties. First-class cook and attendant in charge. Rates $2.50 per day. Parties can get off C. P. R. boats either going or returning from Kootenay Landing. The boat for the next two weeks will be stationed at the mouth of Midge and neighboring creeks, where a big catch of rainbows is assured. Apply to T. G. Procter, Baker street, for further information.

IT'S THE OLD STORY.

A well known Toronto gentleman tried all the catarrh cures heard of for years; at last Japanese Catarrh Cure removed every symptom of the disease. It cures permanently.

Mr. W. B. Williams, 254 Church street, Toronto, writes: "I have used Japanese Catarrh Cure for catarrh, and believe it to be an article of superior merit. It has given me immediate relief, and cured me completely of acute catarrh, which had troubled me for years. I believe I have tried every other remedy known for catarrh, but in each instance my catarrh returned. It is now some time since being cured with Japanese Catarrh Cure, and I have since been free from every symptom of the disease. I can highly recommend this remedy." Price, 50 cents, by all druggists.

SECRETARY-TREASURER.
H. C. R. Cannon, Esq., Vancouver, B. C

In following the practice of other Life Companies, this stock will be sold at a premium of 25 per cent. to prevent an impairment of capital at the close of the first year. This will give an immediate surplus sufficient for organizing and other expenses.

There is no inside track in procuring this stock, the promoters and others paying exactly the same price for all stock held.

2,500 shares are now offered to the public, the other 2,500 shares will not be disposed of at the present, as the money will not be required, the capital stock being simply a guarantee fund to the policy holders, $50,000 or over being at once deposited with the Dominion Government as an evidence of good faith and sound financial standing. As the Company grows, a yearly sworn statement has to be made to the Government Insurance Department, and a proper reserve held in approved securities or cash to cover all outstanding liabilities to its policy holders. The investment in any speculative sense is not allowed of the Company's funds.

Applications for shares may be made to C. A Lett, Managing Director pro tem, Vancouver, B. C., and H. C. H. Cannon, Secretary-Treasurer, or to any branch of the Bank of Montreal in British Columbia, and should be accompanied by a remittance for the amount as explained below.

It is intended to make but one call of 25 per cent of the amount subscribed, with its share of the premium, thus:

1 Share, $100. Amount $25.00; Premium, $6.25; Total, $31.25.

Any number of shares will be a multiple of this. 10 per cent to be paid on application and the other 15 per cent on allotment.
