TAMMANY DEFEATED

Fusionists Elect Almost Full Ticket in Greater New York.

Republicans Carry Almost Everything in the State.

New York, Nov. 5.—Seth Low, the former president of Columbia university, and four years ago the citizen's union candidate for the mayor of Greater New York was today elected the second mayor of Greater New York, by a plurality ranging anywhere from 30,000 to 40,000, defeating Edward Sheppard, of Brooklyn, the Democrat nominee. The campaign was an exciting one and the vote was the largest ever polled in a municipal contest in this county.

In addition to the canvass for mayor, public interest centered in the nomination by the Fusionists of Wm. Travers Jerome, for district attorney and Mayor Robt A. Van Wyck by the Democrats for justice of the supreme court. Both the candidate for district attorney and justice of the supreme court were voted for only in the territory contained in New York country. Returns up to 11 p. m. indicate that Jerome has been elected by a comfortable plurality and that Mayor Van Wyck has been defeated. The latter ran behind his ticket from 15,000 to 20,000. Returns also indicate the complete triumph of the Greater New York fusion ticket, Chas. Vincent Fornes, the nominee of the Citizen's union and the Republicans defeating George Vanhoozen, the Democratic nominee. E. M. Grout for the past four years Democratic president of the borough of Brooklyn, now the Fusionist nominee for comptroller, has also defeated W. W. Ladd, Democrat.

Reports as received from the various sections of New York state show that the Republicans will retain control of the lower house of state legislature. In the various municipal contests reported from up the state the most interesting elections noted were those of Albany, Troy, Rochester, Syracuse, and Buffalo. The city of Albany will be carried by the Republicans. Senator David B. Hill is taking no active part in the local canvas. The election in Troy was lively, a number of arrests for illegal voting being made. Former United States Senator Murphy headed the fight for the candidate of the Democrats while former Governor Black managed the campaign for the progressive Democrat - Republican ticket. In Buffalo the entire Republican city and county ticket was elected, Erastus C. Knight, the state comptroller being chosen mayor. The result in Rochester was close but Mayor Warner's friends claim his election over the Republican candidate. In Syracuse Mayor McGuire, for a number of years past the Democratic mayor of the city, was defeated by Kline, the Republican nominee.

New York, Nov. 5.—Sheppard, Tammany's candidate for mayor of Greater New York has been defeated; 285 election districts out of 1,537 in the city of New York giving Low (Fusionist) 54,695; Sheppard 44,571, and 190 election districts out of 526 in Brooklyn give Low 40.069, Sheppard 30,842.

The following papers concede the election of Low (Fusion candidate for mayor) by a plurality anywhere from 30,000 to 55,000: Brooklyn Daily Eagle, The Evening and Morning World, The Evening Journal, The Times, The Herald, and the Press.

New York, Nov. 5.—About 11 o'clock Mr. Low gave out a formal statement in which he said: The outcome of this election is a splendid vindication of universal suffrage. From all points of the city have come the votes that have rebuked the Tammany orgie of the last four years. All the patronage of city and limitless money have not availed against the aroused indignation of people and it is safe to say that absentee government and government for private gain will not be seen again in New York city for many a day. This is no man's triumph, but is the people's victory. The agencies that have brought it about are many. Those who labored so long to bring about the successful fusion so loyally are entitled to the greatest credit. For myself, I ask for the generous and constant support of community in the great task to which it has summoned me. And I dedicate every power that I have to its loyal service.

Richard Croker at 8.45 tonight conceded the election of Seth Low, the Fusion candidate for mayor, but Mr. Croker was not willing at that time to give up the county ticket. He said he was much disappointed at the Brooklyn vote, as he had expected Sheppard to make a good showing there, it being his home borough. As to the cause for the defeat of the democratic ticket, Mr. Croker said he was inclined to ascribe it to the large silent vote, and the fact that the people sometimes feel that they want a change.

CURLING CLUB.

Annual Meeting Held For the Election of Officers

There were upward of forty members of the Curling club present at the annual meeting held last night in the board of trade rooms, the largest attendance at any annual meeting yet held, and there was an enthusiasm which augurs well for a good winter's sport. The club was found in such good financial condition and with so many members that it was decided during the meeting to reduce the membership fee to $6.

The election of officers resulted as follows: Hon.-president, A. H. Buchanan; president, F. A. Tamblyn; vice-president, John Rae; secretary-treasurer, Stuart G. Campbell; official umpire, Alex. Carrie; executive committee, G. E. McLaughlin, C. Morrison, and Judge Forin.

Judge Forin, A. H. Buchanan and John Rae were appointed representatives to the Kootenay Curling association and F. A. Tamblyn and W. W. Beer were appointed a committee on membership.

There was some discussion as to holding the annual bonspiel of the association at Nelson and it was pointed out that for two years in succession Rossland had given Nelson to understand that when this club wished to have the bonspiel that that club would give way to Nelson. The members therefore expected that there would be no difficulty in arranging for the bonspiel here.

The executive committee of the association is expected to meet within ten days though the day has not yet been fixed.

Woodburn Mills Burned.

Woodstock, Nov. 5.—The Woodburn Milling Co.'s premises were destroyed by fire last evening. The loss was $16,000; $8,000 insurance.

PREFERMENT FOR BOXER

A Former Leader Appointed to Chinese Foreign Office.

Ransom Must Be Paid Else Miss Stone Will Be Killed.

Pekin, Nov. 5.—Na Tung, former Boxer leader was appointed to the Chinese Foreign Office today by an edict. This appointment is considered a test of the attitude of the Chinese towards the restoration of Boxers to Imperial favor. Not long ago Japan sounded the powers regarding the propriety of another protest against the Manchurian convention between Russia and China and was disappointed by a lack of interest in the question on the part of the United States and Great Britain.

Fears for Miss Stone's Life.

London, Nov. 9.—It is stated here, says the Sofia correspondent of the Daily Telegraph, that the brigands will not abate the ransom originally demaned. In Macedonian circles it is maintained that Miss Stone will be murdered on that territory in order to remove all traces of the original Macedonian instigation of the capture.

MACDONALD'S SUCCESSOR.

A. McKeon to Have Charge of Le Roi After December 1st.

The Spokesman-Review of yesterday says: It is practically settled that A. McKeon will succeed Bernard MacDonald as manager of the Le Roi mine at Rossland. Mr. MacDonald will retire from the management of the big property on December 1st. William Thompson, his confidential adviser, will leave at the same date. It is expected that for the present they will retain their connection with the Rossland Great Western group of mines. It is not considered probable, however, that Mr. MacDonald will stay with the Rossland Great Western very long.

Mr McKeon, who will succeed Mr. MacDonald, has been in the camp a few days. His nominal mission has been to sample the mine, and he started at the bottom of the big property and is giving all the ore bodies a thorough test.

Jules LaBarthe, the superintendent of the Trail smelter, has accepted the post as manager of the Northport smelter to succeed Bela Kadish. Mr. La Barthe will leave for Northport this week. He will probably be succeeded at the Trail smelter by John Miller, who is at present assistant at the plant. With a new manager at the mine and a new manager at the smelter, it is expected that there will be considerable amelioration of the strained conditions that have existed between the Le Roi company and the strikers.

Guilty of Manslaughter.

Toronto, Nov. 5.—The jury in the case of Lewis, the Christian Scientist, returned a verdict of manslaughter. The case will go before the court of appeals. In charging the jury Chief Justice Falconbridge said he felt obliged to tell the jury that according to law, Christian Science treatment was not the treatment the law called for in such cases.

DEMOCRATS VANQUISHED

Poll Decreased Votes in All Parts of the Union.

Labor Unionists Leads All Competitors in San Francisco.

Louisville, Ky., Nov. 5.—The state has been carried by the Democrats; Louisville by 8,000 majority.

Richmond, Va., Nov. 5.—Col. J Hampton Hogge, because he objected to students of the polytechnic institute voting, was forcibly ejected from the polling booth at Blacksburg today.

Troy, Nov. 5.—Murphy, Republican, elected mayor of Cohoes.

Rochester, Nov. 5.—City complete, Mayor, Rodenback, (Rep.) 15,030; Warner, (Dem.) 14,952. Rodenback's plurality, 78.

Boston, Nov. 5.—Returns from 40 cities and towns give Crane (Republican) 8,214; Quinsey (Democrat) 3,615. This is a falling off from last vote, and indicates a Republican majority in the state of 70,000.

Jersey City, N. J., Nov. 5.—Murphy (Republican) has a majority of 8,000 for governor in Essex county and is forging ahead throughout the state. Probable vote, Murphy, 91,418; Seymour, 82,511.

New York, Nov. 5,—Results in 440 election districts for district attorney give Jerome (Fusion) 55,894; Unger (Democratic) 53,405.

San Francisco, Nov. 5. — Schmidt, Labor-Unionist, is elected mayor by at lerst 3,000 majority.

Des Moines, Iowa, Nov. 5.—Returns are slow in coming in. The Republicans have made large gains in the state, and Cummins, for governor, has a plurality of about 90,000.

Baltimore, Nov. 5.—The Republicans have carried the city by a majority of 8,000, and claim all the legislative districts of the city.

Salt Dake City, Utah, Nov. 5.—Thompson, Rep., has been elected mayor by about 500 plurality.

Lincoln. Neb., Nov. 5.—Returns seem to show that the Republicans have made gains of about four per per cent. over the vote of a year ago. Sedgwick, (Rep.) will carry the state for Supreme court judge by from 6,000 to 10,000.

New York, Nov. 6.—(1 a.m.)—Latest returns show that the Fusionists carried three of the presidencies of boroughs, the Democrats one with one in doubt. They also elected three justices of the Supreme court and will have control of the taxing machinery of the city and of the various boards concerned in the appropriation of public funds.

New York, Nov. 5.—Returns show that the lower house of the state legislature will be made up of, Republicans, 34; Democrats, 45; Fusionists, 21.

Sioux Falls, S. D., Nov. 5.—The Republicans have likely elected all eight judges though the Democrats claim the third and seventh districts.

New York, Nov. 6.—Mr. Croker has abdicated the leadership of Tammany and turned it over to Senator John F. Carroll.

LOYAL ORANGEMEN.

They Hold a Pleasant and Well Attended Banquet—The Toasts.

The Lodge 1692 of the Loyal Orange Association, of British North America, held a banquet last evening at the Victoria hotel. It was pleasant and well attended affair, about 60 ladies and gentlemen being in attendance. Two tables were arranged in the form of a horseshoe and completely filled the dining room. A splendid menu had been prepared to which the assemblage did full justice. Rev. Dr. Wright asked the blessing.

John Toye was chairman and Robert Weir was vice chairman. The guests of the evening were Mayor Frank Fletcher and Rev. Mr. White. After a short speech from Rev. W. W. Bradley the first toast of the evening was to the King, which was drunk standing. The next toast "Canada" was proposed by the chairman and after the orchestra had rendered the "Maple Leaf Forever," Rev. W Monroe, Rev. Dr. Wright eloquently responded. Among the good things said was a remark by Rev. Monroe on the difference between a patriot and a politician. The patriot wishes to do something for his country, while a politician wishes his country to do something for him. The toast "The Grand Lodge of B. C., and the Sister Grand Lodges" was responded to by W. W. Bradley, Worshipful Master and Mr. Evans, Grand Master for the Northwest Territories. The next toast, "The Nelson Lodge," was responded no ably by John Toye and Robert Weir. "The Sister Lodges" was responded to by Messrs. Stanley, Annable and Flatt. "The Day We Celebrate" was replied to by Rev. Dr. Morgan. He stated that the day was the 300th anniversary of the discovery of the Guy Fawkes plot to blow up the king and the commons and the speaker made many complimentary allusions to the members of the order. "The City of Nelson" was responded to by Mayor Fletcher and Alderman Irving. "The Ladies" was responded to gallantly and pleasantly by F. J. Bradley. The last toast of the evening was "The Host and Hostess of the Victoria Hotel," but the host and hostess were too modest to respond. It was one of most enjoyable gatherings ever held by the order in this city. The Milward orchestra, under the leadership of Professor Steiner, furnished excellent and appropriate music.

CRIME AT EXTENSION.

Murderous Assault---Attempt to Blow Up a House.

Nanaimo, Nov. 5.—An attempt was made last night to blow up a house in Extension by dynamite. The perpetrator was disturbed and threw the explosives into middle of the road where they went off with a loud concussion. Their identity was not established.

Today two foreigners, Pier and Leiter, quarrelled over money at Extension. Leiter attempted to kill Pier kicking him about the body most brutally, and reducing him to a terrible condition.

A Chinaman fell between two cars loaded with rock at Union this morning. The wheels passed over his body crushing the life out of him.

Street Car Blown Up.

Scranton, Pa., Nov. 5.—A street car on the Scranton and Carbondale line was blown up by dynamite today. The motorman, a non-union man, was hurled into the street and severely hurt. This is the first outrage of the kind since the strike began.

CANADIANS COME FIRST

President of Manufacturers' Association on Trade Preference.

Regiment at Halifax Volunteer Service for South Africa.

Montreal, Nov. 5.—At the afternoon session of the Manufacturers Association reports were received from different committees on yesterday's work. An open meeting was held in the evening when President Ellis delivered his annual address. The most striking paragraphs in it were devoted to British perference and reciprocity. The former, Mr. Ellis was not wholly disposed to discourage, if it gained any advantage for Canadian farmers, but pointed out that Canada's first duty was to Canadians. The report of Wm. Whyte, of the C. P. R., on his recent trip to Russia was read by Secretary Russel in Mr. Whyte's absence. It was devoted to a description of the country. James Cummings contributed a paper on South African trade and C. J. Alexander one on Canadian manufactures from a British view.

Government Says No.

Halifax, Nov. 5.—It is reported here that the Canadian regiment in garrison here has volunteered for service in South Africa, the offer being made to Colonel Biscoe, the British commander here.

Ottawa, Nov. 5.—It is officially denied here that the Royal Canadian regiment at Halifax will be sent to South Africa.

Sydney Railway Extension.

(SPECIAL TO THE MINER.)

Victoria, Nov. 5.—Two hundred tons of 65-pound steel rails were ordered by the terminal railway people today to be here by Saturday from Seattle. A cable has been sent by Capt. MacKenzie to England for the remainder and they will be brought out by sailing ship.

N. W. T. Lacrosse Champions.

Medicine Hat, Nov. 5.—A lacrosse match for the championship of the Western league and the Taafe cup was played here yesterday between the Medicine Hat and the Wolseley teams. The result was rather one sided, Medicine Hat winning by 9 goals to 0.

Manitoba Station Burned.

Winnipeg, Man., Nov. 5.—News reached the city today of a disasterous fire at Mariapolis, a station on the Morris-Brandon section of the Canadian-Northern railway between Greenway and Swan lake. The railway station was burned to the ground and all records destroyed.

Davin's Bad Example.

Jarvis, Ont., Nov. 5.—J. W. Rogers, editor and proprietor of the Jarvis Record, shot himself through the head with a rifle at noon today, the ball entering the mouth and passing out through the top of the head. It is supposed to be a case of suicide.

Steampipe Causes Death.

North Sydney, N.S., Nov. 5.—A steampipe burst on the last trip of steamer Bruce to Port au Basques, killing Dan McLean, of North Sydney, and fatally injuring three others.

WHIRLIGIG OF TIME.

A few years ago there were no smelters in British Columbia and all the ore reduced by the fire method had to be sent to the United States for treatment. Now, however, there are a number of smelters and the bulk of the ore is treated at home by home reduction companies and the money paid out for labor in the plants and for supplies remains at home aud is an aid to the commonwealth instead of going abroad to build up and enrich communities there. The first smelters procured their fuel from Washington, Pennsylvania and other states of the union. As a result of the development of the mining and smelting industries the coal measures of East Kootenay have been opened and the smelters of British Columbia now obtain their fuel from home collieries while the surplus is imported and sold to the smelters in Montana and elsewhere. The extracting of the coal and the manufacturing of it into coke gives employment to resident workers where formerly it went to workers in the United States.

As a result of its development what a change has been wrought in this section and where, a few years since, there were a few miners' shacks there are now many prosperous and growing towns.

Within a short time there will be a new and important change and the spectacle will be seen of Republic, the largest mining camp in the state of Washington with a number of important mines sending all of of its output, and also that of adjoining camps on the reservation, into British Columbia for reduction. There are tens of thousands of tons ready for stoping in and about Republic, but which is useless at present owing to lack of railway facilities and because the cyanide and other processes of reduction so far tried are not satisfactory and do not extract all of the values in the ores.

On Monday of this week the first spike was driven on the Republic and Grand Forks railway, which will give the miners of the Republic and surrounding camps transportation facilities to Grand Forks, Greenwood, Trail and Nelson smelters. This road, which will be finished in January, as the grading is now approaching completion, will bind the Republic camp and adjacent camps in Washington to the reduction plants of British Columbia and the people here will witness the spectacle of large quantities of ore produced in the United States coming into Canada for treatment and aiding in giving employment to home workers and in building up the communities in British Columbia. Thus the whirligig of time brings its compensations and British Columbia will get back what she has paid out for the ores which were sent to the plants in the United States for treatment.

In East Kootenay when the British Columbia Southern railway is completed and the Sullivan Mining Group is in operation there will be witnessed a similar spectacle. The smelter will need, in order to flux the wet ores of the Kootenays, some of the dry ore produced in northern Idaho and northern Montana and the mine owners have promised to furnish the necessary supply.

In the matter of smelters there was a need for them and as it is a profitable form of industrial enterprise to engage in, they have been built and there is already more ore available than they can handle, and still more will come to them, and, as a consequence, they are being enlarged to meet the requirements.

There is need for a lead refinery. It is a business which usually yields a large profit and there can be no doubt about the successful outcome for it as a promising proposition. It will do more to put silver-lead mining on a permanent and profitable basis than perhaps any other project that could be inaugurated. A little hitch has arisen between the mine owners and the parties who have the project in hand. This slight disagreement should be overcome by mutual concessions and the refinery should be built. Lead matte will come to it from the most unexpected places as ore is coming to the smelters at present. It is certain of success and no time should be lost in starting work on this most benefiial enterprise. In the matter of lead refining British Columbia wants to be able to rely on herself the same as she has in smelting. When the refining plant is a success the next thing will be a copper refinery and from the way the gold-copper mines are producing it will not be long before sufficient copper will be produced to keep a plant of this sort in profitable operation.

With plenty of smelters, a lead refinery, a copper refinery, the mining industry would, indeed, be in an independent position and could afford to snap its fingers at the American lead, smelting and copper trusts. We would then be perfectly independent of them.

We have a most wonderful mining country and it is large enough and rich enough to be independent and to stand on its own base. We must have the courage of our convictions take the initiative more, have self reliance, and not be cast down or think the world is coming to an end when obstacles are met, but meet them manfully and in a little while we will be able to show the world what the mining resources of British Columbia really are.

THANKSGIVING DAY.

Inquiries have been made of late as to the date of Thanksgiving Day this year. For a long time the habit had been in Canada of holding Thanksgiving Day on anyone of the Thursdays in November. As the weather is finer in October than in November and as the celebration in the latter month interfered considerably with lake and canal navigation during a period of the year just before the close of navigation on account of the ice it was thought expedient to put the holiday back about a month and last year it was celebrated on October 18th. What suited the transportation interests met with the objections of the grangers as they are busily engaged in late harvesting and in fall plowing in October the holiday lost for them a day at a time when it was of importance. This year it was at first determined to declare October 31st as the day but after careful consideration of all the interests affected it was decided that November 28th would offer the least inconvenience to those interested, and it is the same day which the Americans observe. For having the same day in the two countries there is a good reason brought forward. There are many thousands of Canadians in the United States and a number of these like to partake of the thanksgiving feast at home with their people. They see the announcement of Thanksgiving Day in the American papers and naturally conclude that it is held at about the same time in their native land. Last year a number came home to celebrate the day with their relatives only to find that they were a month behind time.

TELEPHONE NO. 13.

ASTHMA CURE FREE !

Asthmalene Brings Instant Relief and Permanent Cure in all Cases.

SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL.

WRITE YOUR NAME AND ADDRESS PLAINLY.

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. C F. WELLS, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sore throat and asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment the trial acted like a charm. Send me a full size bottle.

Rev. Dr. Morris Wechsler,
Rabbi of the Cong. Bnai Israel,
NEW YORK, Jan, 3, 1901

DR. TAFT BROS. MEDICINE CO.,
Gentlemen: Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all troubles which combine with Asthma. Its success is astonishing and wonderful.

After having it carefully analyzed, we can state that Asthmalene contains no opium, morphine, chloroform or ether. Very truly yours,
REV. DR. MORRIS WECHSLER.

AVON SPRINGS, N. Y, Feb. 1, 1901.

DRS. TAFT BROS. MEDICINE CO.
Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your windows on 130 th street, New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her Asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease.
Yours respectfully, O. D. PHELPS, M. D.

DR. TAFT BROS, MEDICINE CO, Feb. 5, 1901.
Gentlemen: I was troubled with Asthma for 22 years. I have tried numerous remedies, but they have all failed. I ran across your advertisement and started with a trial bottle. I found relief at once. I have since purchased your full sized bottle, and I am ever grateful. I have a family of four children, and for six years was unable to work. I am now in the best of health and am doing business every day. This testimony you can make such use of as you see fit.
Home address, 235 Rivington street, S. RAPHAEL,

TRIAL BOTTLE SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL.

Do not delay. Write at once, addressing DR. TAFT BROS. MEDICINE CO., 79 East 130th St., N. Y. City.

Sold by All Druggists.

A WISE SELECTION.

Though long delayed it is evident that British Columbia is soon to have a representative in the Dominion cabinet. The Ottawa Citizen, one of the foremost of the organs of the Federal government, in an article which is supposed to be inspired says it thinks that Hon. William Templeman, of Victoria, will go into the cabinet to succeed Sir Louis Davies, who is to be given a seat on the supreme bench. Mr. Templeman at present is senator from Westminster. For many years he has been proprietor and editor of the Victoria Times and in that capacity he has shown himself to be broad-minded, capable and energetic with a comprehensive grasp and liberal treatment of affairs from a newspaper standpoint Mr. Templeman is a pioneer of the province and in his capacity of journalist has kept in close touch with its industries and has watched them grow from small beginnings to their present size. Although he is a resident of the island and is, to a certain extent, an Island man still he has paid frequent visits to the interior and hence is in touch with its interests, its wants and its ambitions, and as he is too broad-minded a man to neglect one portion of the province in order to build up the other if he is made a cabinet minister there need be no apprehension that he would not look after our affairs fully as well as he would those of the Island and the Coast. The Federal government could scarcely select a man in the province who would give more general satisfaction than Mr. Templeman,

MINING NEWS.

At the Mining Recorder's office the following enteries were made yesterday:

Locations, Ella, two and one-half miles southwest of Ymir and joining the May Blossom by Robert Spencer. Certificates of work to Joseph Duhamel on Pelton, Republic and Republic Fraction; to Henry Reichart on Monarch. Transfers, J. L. Stamford, Neil McColeman, Frank Seaman, James Skene and B. B. Mighton to Roys ton Gold Mines, Ltd., the Royston, Royston Fraction, Nellie, Skenedow, Barrie, Adonis, Bruce, Lady Minto, Golden Queen mineral claims on Morning Mountain, known as the Royston Group, $1.00. D. T. Mowat to Frank Seaman all his interest in the above claims, also all his interest in the Roston Gold Mines, Ltd., N. Hartman to Moses St. Charles one fourth interest in the Aircastle on Stag Leap Mountain, C. Wilson to Moses St. Charles one-fourth interest in Silver Crest on Stag Leap Mountain.

Yesterday the Royston, Royston Fraction, Nellie, Skenedow, Barrie Adonis, Bruce, Lady Minto and Golden Minto and Golden Queen mineral claims were transferred to the Royston Gold Mines, Ltd. This transfer brings the holdings of the Royston company up to 16 claims making it the largest property holder on Morning mountain. Its holdings take in nearly all the north and west slope of mountain, and nearly surround the Athabasca and Juno and Venus groups and includes practically all the tunnel sites on the mountain.

On the Silver Hill mine tramway two-thirds of the supports for the cables have been put in and the terminals and ore bins completed. Eight horses were shipped yesterday from Nelson to be used on the work which is to be rushed on to completion as rapidly as possible. There is no snow on the level in the vicinity, but commences about half way up all the work, however, has been completed that the snow could interfere with.

The Kaslo yesterday brought down two cars of Rambler-Cariboo ore for the Selby smelter at San Francisco.

Laxative Bromo-Quinine Tablets cure a cold in one day. No Cure, No Pay. Price 25 cents

A meeting of those interested in the project of establishing a branch of the Young Men's Association in Nelson, was held Monday evening in the parlors of the Congregational church at which there was a large attendance, A committee was appointed, consisting of J. W. Nunn, B. James, J. Burgess, and W. A. Fraser, to canvass for subscriptions towards the association, and to ascertain what the sentiment towards forming the organization would be. It was felt by those who were instrumental in starting the movement that such an institution would provide an acceptable place for many young men to spend the evenings who were at present forced to uncongenial surroundings. Another meeting is to be held shortly when it will be decided whether the plan as at present figured out will be feasible and arrangements made for organization.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr C. G. Green's reliable remedies at W. F. Teetzel & Co.'s. Get Green's Special Almanac.

Corporation of the City of Nelson.

BY-LAW NO 101

A By-Law in Regard to Purchasing Certain Power from the West Kootenay Power and Light Company.

The Municipal Council of the Corporation of the City of Nelson in Council assembled enacts as follows:

1. Subject to the terms, conditions and provisions hereinafter contained, it is agreed that the Corporation shall take and the Company shall supply electric power at the sub station of the Company in the City of Nelson for the power and lighting purpose of the Corporation.

2. The quantity of power to be taken by the Corporation from the Company will not be less than 100 horse power, such horse power to be delivered at a pressure of 2200 volts.

3. The Company will supply all the regulating apparatus in their sub-station for regulating the power necessary for properly operating incandescent lights.

4. The Company shall supply power from 100 horse power to 150 horse power if required by the Corporation at the same rate as hereinafter agreed upon, without further notice. The excess of power over 100 horse power to be charged for according to the horse power used. In case of the Corporation requiring further power the Company will agree to supply the same upon 30 days notice upon the following basis: In case 150 to 200 horse power is required by the Corporation, the Company will agree to supply the same up to 200 horse power as required charging for a minimum of 15 horse power and for the excess of horse power over 150 according to the horse power used. In case 200 to 250 horse power is required by the Corporation the Company will agree to supply the same, charging for a minimum of 200 horse power and from that up to 250 horse power according to the power used In case 300 to 350 horse power is required by the Corporation the Company will agree to supply the same charging for a minimum of 300 horse power and from that up to 350 horse power according to the horse power used In case 350 to 400 horse power is required by the Corporation the Company will agree to supply the same charging for a minimum of 350 horse power and from that up to 400 horse power according to the horse power used. In case 400 to 450 horse power is required by the Corporation, the Company will agree to supply the same charging for a minimum of 400 horse power and from that up to 450 horse power according to the horse power used. In case of 450 to 500 horse power is required by the Corporation, the Company will agree to supply the same, charging for a minimum of 450 horse power and from that up to 500 horse power according to the horse power used. It being the intention that the Company will always keep in reserve 50 horse power over and above the minimum stated by the Corporation to be required, and shall charge for the said 50 horse power according only to the horse power used.

And it is understood that the highest minimum load for any month during the contract hereunder shall be the minimum load for each of the ensuing months during the contract, unless the minimum is increased by the Corporation.

5. Calculations of the quantity of power used by the Corporation are to be based upon the daily average peak load, such peak load to be arrived at by taking volt-ampere readings, and the calculations made from such readings, such readings shall be taken after the power has passed through the regulators.

6. The Corporation will pay to the Company monthly on the 29th day of each month for the power used (not being less than 100 horse power) during the preceding month at the following rate: For all horse power up to 300 horse power at the rate of $3.75 per horse power per month; and for all horse power in excess of 300 horse power at the rate of $3.33⅓ per horse power per month.

7. The power supplied by the Company shall be continuous as required during the whole twenty-four hours of each day.

8. If by reason of any accident or any cause whatever over which the Company shall have no control, a stoppage in the supply of power shall at any time occur, the Corporation shall be allowed a rebate from the price in this agreement provided, proportionate to the actual time of the said stoppage.

9. The duration of the agreement hereunder shall be for the period of one year from the date the Company shall commence the delivery of power to the Corporation, which date shall not be later than December 1st, 1901.

10. In the event of any dispute or difference arising between the Company and the Corporation in regard to the construction to be placed on this by-law or the contract to be executed embodying the provisions hereof, or the administration thereof, or any details of business between the Corporation and the Company in respect thereof, the same shall be referred to the arbitration of three arbitrators, one to be chosen by the Company and one by the Corporation and these two arbitrators so selected shall select a third, and any decision upon the point or points arrived at by the majority of such arbitrators shall be final and binding upon both the Corporation and company. Such arbitration otherwise shall be governed by the provisions of the Arbitration Act, being Chapter 9 of the Revised Statutes of British Columbia, and any amendment thereto now or hereafter made.

11 A contract embodying the provisions hereof and covenants on the part of the Company to conform to and fulfil all matters and provisions hereby required of it, shall be drawn and shall be executed by the Corporation and the Company within one month after the date on which this by-law shall take effect.

12. It is understood that nothing in this by-law contained shall be construed as conferring upon the Company any right or privilege to generate or distribute or dispose of electric light or electric power within the limits of the City of Nelson except to the Corporation.

13. In this by-law the expression "The Corporation" wherever used shall refer to and mean the Corporation of the City of Nelson, and the expression "The Company" wherever used shall refer to and mean the West Kootenay Power & Light Company, Limited, its successors and assigns.

14. This by-law shall take effect and be in force on and after the 26th day of November 1901.

15. This by-law may be cited as "The Power By-Law No. 101.

Done and passed in Council assembled this day of 1901.

NOTICE

TAKE NOTICE that the above is a true copy of the proposed by-law upon which the vote of the Municipality will be taken on Tuesday the 19th day of November instant between the hours of eight o'clock A.M. and 4 o'clock P.M. for the East Ward at the City Police Court on the east side of Josephine Street and for the West Ward at the office of Ward Brothers on the north side of Baker street between Stanley and Kootenay streets in the City of Nelson.

NELSON, B. C.

THE CITY

J. McBride, who came in from Robson on Sunday night suffering from erysipelas and delirium tremens died at the Kootenay Lake General hospital yesterday at noon. He was 53 years of age and as far as known had no relatives in this part of the country. He will be buried this afternoon.

Three cases of smallpox are reported from Bossburg as occurring among the railway men working near the town. The state authorities took immediate steps to isolate the cases and no further danger is anticipated from that quarter. The strictest inspection is still maintained on the Spokane Falls & Northern railway and will not probably be mitigated for some time. Medical men state that the outbreak of the past two years have been wider in the areas covered than they have ever known outbreaks in many years. The disease seems liable to appear in any part of the continent and a large proportion of the cases have been of a virulent type. They lay the cause of this to soldiers returning from the wars in Cuba and the Philippines

FOOD FOR GIRLS

Should Be Fed Just Right When Growing.

When parents are at a loss to know what kind of food to supply their boys and girls it will interest them to know of the experience of some mothers in the selection of food that actually does rebuild and nourish the young folks in their school duties.

A schoolgirl in Springfield, Mass. writes, "I wonder if you care to hear from schoolgirls, and I wonder, too, if you have any idea how many girls there are who are troubled as I was before I used Grape Nuts Food.

About a year ago I began to have severe headaches and could not sleep well. Was so nervous that I would cry at the least little thing, and finally began to have attacks of faintness. My parents were much alarmed and thought I would be obliged to give up studying. Our physician said my trouble was extreme nervousness and a disordered stomach.

I was tired all the time and rode home from school because I did not feel able to walk. Mother tried to tempt my appetite in every way. Breakfast I did not care for, meat I could not endure, and the different cereals I did not care for as a rule.

I attended the high school and we have an excellent lunch room in the building. As I kept getting worse Mamma said 'I am going to try this Grape-Nuts Food that I see advertised, but I am afraid you will not like it.' Well she got a package of it and it was so delicious in taste with a little cream poured over it that I liked it at once, and since then Grape-Nuts has formed the principal part of my breakfast. I have also a banana or orange with now and then an egg.

I wish you could see the difference in me. I cannot tell how much I have gained in weight for I do not know my weight when I was ill but the difference is great. As for strength, I walk both ways to school and do not feel at all weary from it.

I can study much better and am entirely free from headaches; I am so well, in fact, that I am very happy. I fall asleep almost as soon as my head touches the pillow and rest thoroughly.

I am afraid my letter is lengthy but my subject is Grape-Nuts of which I cannot say too much."—Clara L. Condon.

The mother adds to this letter, "I would like to add just a line expressing my gratitude also for the benefits which my daughter has derived from Grape-Nuts. Respectfully," Mrs. I. C. Condon.

Freight shipments of produce from the ranches along Kootenay lake have reached to a considerable amount this season, each steamer bringing in shipments. In another three years the ranchs in the neighborhood of the city should be able to supply all the vegetables and most of the fruit used in Nelson.

P. E. Johnson and A. Johnson arrived here yesterday from Moyie and are registered at the Queen's hotel. They brought with them the body of Thomas Johnson, their brother. The latter was drowned in Lake Moyie on Wednesday last by the overturning of a canoe, while he was crossing the lake en route for the Lamb creek placers, where he had a contract to sink a shaft to bedrock. The body was finally recovered from the water at a short distance from where the fatal accident took place. The Johnson Brothers leave today for Olympia, Wash., where the body of their brother will be taken for interment.

During the past season considerable lumbering has been done along the line of the Crow's Nest railway between Cranbrook and the border line of Alberta. The but in the Lardo, outside of that removed in clearing the railway right of way has not been very great, the demand not being strong enough for the Lardo timber to meet the difficulties encountered in getting it to a point of shipment. During the summer mills have been established at about a dozen different points in the territory on the Crow's Nest mentioned, and a large quantity of first class lumber got out but not enough to more than fill the local demand. In the Lardo the cedar especially is of excellent quality, and is claimed by experts to be the equal of any to be got in British Columbia. With the opening up of Lardo by the advent of the railway this timber will be made available and a flourishing lumbering trade will be built up in short order, the proximity of the Kootenays to the timberless country of the prairies, as well as the large demand for lumber locally creating first class markets.

PERSONAL

Col. W. N. Brayton, of Kaslo, is at the Hume.

Miss Gertrude Phair returned yesterday from a visit to Grand Forks.

A. B. M. Hodge, manager of the Granby smelter at Grand Forks is at the Phair.

David Simpson, assistant manager of the Bank of British North America, at Vancouver is at the Phair.

Mrs. Bruce White returned yesterday from a visit to Boston where she has been spending the summer.

Rev. J. H. White returned last evening from New Westminer where he has been in attendance at the meeting of the executive committee of the Methodist church of the province.

W. Hart McHarg, of Rossland, came in yesterday afternoon from being on a hunting trip with a party at Kitchener, as a guest of W. Blakemore, of the iron mines. They were after big game and under direction of a guide spent nearly a week in the mountains. Though Mr. McHarg and the guide went over the summit of the mountain and spent the night on the snow they had very bad luck.

SRORMS AT THE COAST.

Shipding Much Delayed—An Editor is in Trouble.

(SPECIAL TO THE MINER.)

Victoria, Nov. 5.—Heavy storms delayed shipping considerably today. Among the steamers delay- was the R. M. S. Empress of Japan bound for the Orient, which laid in the Roads all day waiting for the wind to subside. The N. P. R. Str. Queen Adelaide coming from the Orient is 17 days out and is no doubt being delayed by the storm which is general along the west coast of the island.

Information was sworn to today charging D. Falconer, editor of a weekly paper, with criminal libel. The information is sworn to by Mayor Hayward, charging the city officials with corruption.

Colombia Gains an Ally.

London, Nov. 5. — A secret treaty is said to have been arranged between Chili and Colombia whereby Chili will supply Colombia with arms against Venezuela in return for Colombia supporting Chili at the Pan-American congress in the city of Mexico.

Food Changed to Poision

Putrefying food in the intestines produces effects like those of arsenic, but Dr. King's New Life Pills expel the poison from clogged bowels, gently, easily but surely curing Constipation, Biliousness, Sick Headache, Fevers, all Liver, Kidney and Bowel Troubles. Only 25c. at the Canada Drug & Book Co.

Miss Sibbald, has returned to Nelson, after a three months trip east. She will take the place of Miss Dynes. Misses Irvine and Sibbald will be pleased to meet the ladies of Nelson, who kindly patronized the former dressmakers. Peters & Dynes. Broken Hill block.

L. S. Otis, piano tuner, having retuned from a vacation trip is again ready for business.
