J. P. MORGAN REFUSES TERMS

Will Not Re-Open Conference Where It Was Broken Off.

Nominating Democratic Candidate—More Lynching in South.

Pittsburg, Pa., Aug. 1.—The Commecial Gazette tomorrow will say: "The Amalgamated executive board last evening received by telegraph a flat refusal from J. Pierpont Morgan to reopen the wage conference where it was broken off at the Hotel Lincoln, nearly three weeks ago. The powers of the steel combine insist in this communication that the only basis of settlement would be on terms which the financial backer of the combine, President C. M. Schwab and Chairman Elbert H. Gary laid down at the meeting with the Amalgamated executive in New York last Saturday. A member of the executive board of the association, last night said: "These terms are denominated by those who have the best interests of the organization of steel workers at heart, as the most unfair, the most unjust ever proposed to any body of working men by a set of employers or a corporation. The terms are such that the executive board of the Amalgamated association cannot accept and have already gone on record to that effect."

Tomorrow the answer of Mr. Morgan is expected by mail. There is scarcely a fragment of a hope that the Amalgamated Association will back down from its well known position. The leaders of the workers will in reply, outline their plans to the steel corporation for a continuation of the great struggle. They will include the stopping of every wheel possible in the works of the combine and the extension of the strike in all possible directions by the Amalgamated Association. Today may develop much, but if the combine cannot be made to waver through the influence that will be brought to bear, the great conflict will probably be fought to the bitter end.

Baltimore, Md., Aug. 1.—The Democratic state convention which met here today declared that the purpose of the party if successful in the coming elections to eliminate the negro from politics in Maryland if such a thing be possible under the constitution of the state. Upon this, the paramount issue of the campaign, will stand the candidates nominated today for state offices and those chosen in the various county and district conventions as candidates for places in the legislature of 1902 which body will elect a United States senator to succeed George L. Wellington. That his successor in the event of Democratic victory will be Arthur German is probable. The real business of the convention was the formulation and adoption of a platform upon which the Democrats could go before the people of the state with a reasonable show of winning. The combined sagacity of all the Democratic leaders in the state was called into requisition for this this purpose and under the advice and guidance of Mr. Gorman, the following declaration upon the chief issue was involved: The Democratic party represents more than 40,000 majority of the white people of Maryland. They, in common with their brethren of other states in which large masses of colored voters have been injected into the body of politics, recognize that the peace, good order, personal safety and proper development of our material interests depends upon the control of the commonwealth by its intelligent white residents. Without the aid of the sixty thousand colored voters the Republican party in Maryland would be a hopeless minority.

We, therefore, without hesitation proclaim that the success of the Democratic party will mean that while we shall deal with perfect fairness in securing all the benefits of good government and full of free opportunities for education to all classes, such action must be taken as to prevent the control of the state government from passing into the hands of those who have neither the ability nor the interest to manage public affairs wisely and well.

New Orleans, Aug. 1.—A special to the Picayune says: "Three persons, a woman and two men, were lynched here today. A mob took the prisoners from the jail and hanged them. These three persons were remanded to the jail by the coroner's jury that investigated the murder of Mr. and Mrs. Talifferre who were brutally killed at their home on the night of July 30. Governor Lorino, who passed through here this afternoon was taken to Carroltown by an extra train, but it is supposed he arrived too late There was a rumor that troops were ordered to Carroltown but they did not arrive prior to the lynching. There are reports that others may be lynched.

SYMPATHETIC STRIKE.

Longshoremen Refuse to Handle Freight of Anchor Line Boats.

Buffalo, N. Y., Aug. 1.—An action, that as its effects now stands, influences the entire lake traffic, went into effect today, when the 900 men of the local No. 109, International Longshoremen's Association, in obedience to a letter from President Daniel J. O'Keefe decided to refuse to handle the freight of any Anchor line boats out of sympathy with the striking longshoremen of Erie, Pa. The locals at every point reached by Anchor line boats have received similar letters from President O'Keefe of the Longshoremen's Association. The Anchor line being a member of the Lake Carriers' Association, an organization which includes the entire fresh water fleet, it is said will be backed up in their position. All the branches here are affected, scoopers, oilers, firemen and freight handlers and coal passers. The branch of the tugmen's association in this port will hold a meeting tomorrow night to consider the question and it is said similar meetings have been called at every port on the great lakes where the Anchor line boats touch.

NO RESULTS AT CONFERENCE.

Pittsburg, Pa., Aug. 1.—The statement was given out by the Amalgamated board this afternoon that there was nothing to report and that another session will be held tomorrow morning. The conference was still in progress but the guard said this statement was final for the day. It is said that V. Preston, Jos. Schwab, and W. E. Corey of the steel combine, were in telephonic conversation with the Amalgamated board at frequent intervals all day. But what passed over the wires is not known. It indicates, however, that all hope of settlement is not abandoned by either side. The conference adjourned at 5 p. m.

ANOTHER CONFERENCE WANTED

Pittsburg, Pa., Aug. 1.—The Amalgamated Journal, the organ of the Amalgamated Association, editorially says today the result of the deliberations of the board on Tuesday was sent to the United States Steel Corporation officials. The board desires another conference with the representatives of the constituent companies and will remain in the city until an answer is received. Upon the result of the answer, it says, will depend whether the strike will be prolonged indefinitely.

JUMPED FROM A TRAIN.

Elmira. N. Y., Aug. 1.—H. B. Longacre, a Philadelphian, leaped through the window of a swiftly moving Lehigh Valley train near Etter, N. Y., last night and suffered fatal injuries. It is thought that he was temporarily insane. He was returning from the Pan-American exposition with a friend, Stewart Wyckoff. Mr. Longacre was taken to the Packer hospital at Sayrept.

BASEBALL GAMES.

The results of yesterday's baseball games were:

National League—

New York 9, Boston 5; Philadelphia 2, Brooklyn 1; St. Louis 1, Chicago 5.

American League—

Detroit 50, Chicago 4; Boston 6, Philadelphia 8; Washington 5, Baltimore 6, Washington 8, Baltimore 4.

Toronto 11, Buffalo 10.

AFTER TWENTY ROUNDS.

Muncie, Ind., Aug. 1.—Kid Ashe, of Cincinnati, won the decision over Young Wolcott, of Chicago, in twenty rounds of hard fighting before the Interurban club here tonight.

WAR EXPENSES MOUNTING UP

Cost to British of the South African War Since 1st of April.

Departure of Warships From Hong Kong Had No Significance.

London, Aug. 1.—In the House of Commons today Lord Stanley, the financial secretary of the war office, replying to a question said the cost of the war in South Africa from April 1 to July 31, was £35,750,000, partly chargeable against the deficit of last year. The actual cost in July was 1,250,000 weekly. The statement was greeted with ironical Irish cheers. The Chancellor of the Exchequer, Sir M. Hicks-Beach said if the war continued at the same cost for the next three months it would necessitate spending the whole of the reserve he had provided for financing the third quarter but he had reason to hope that this would not be necessary.

London, Aug. 1.—The Lord Mayor, Frank Green, has received through J. P. Morgan & Co., of London, a contribution of £5,000 to the Queen Victoria memorial fund. The contribution is made by the delegates of the New York Chamber of Commerce who recently visited London.

London, Aug. 1.—The admiralty officials here say the departure of the three war ships from Hong Kong has no significance. They sailed in the ordinary course of duty. The battleship Glory is not ashore.

NEWS FROM OTTAWA.

Arrangements For the Reception of the Royal Visitors.

Ottawa, Aug. 1.—Major Maude, military secretary, has written the department of militia, requisitioning 12 horses, eight for the use of the royal visitors and four for the use of His Excellency at Quebec, Montreal, Ottawa, Toronto and Halifax, and six for use at Winnipeg, Vancouver, Victoria, Niagara, Hamilton and St. John. This will entail the attachment of several horse boxes to the royal train, which will have to accommodate 80 people with living, eating and sleeping accommodation. If these horses are carried all over the Dominion it will entail a large amount of trouble.

Escorts of 96 non-commissioned officers and troopers and five officers will be provided wherever the royal visitors stay, and guards of honor of 100 men, with a captain and other officers. As in many places two or three escorts and guards will be wanted daily, the endurance of the local troops will be pretty well tried.

The shooting of the slides here by the royal party will be unique. The raft with a railing around it will start from Britannia and come down the chute. It will be followed by a flotilla of bark canoes manned by river men, singing backwoods songs; when the main river is reached another square raft will be ready, on which pork and beans will be served to royal visitors in shanty style.

The minister of public works has caused notices to be stuck all over the parliament grounds and Major's Hill Park, warning people to "Keep off the grass." Mr. Tarte was strolling in the park the other evening, and was caught by a Dominion policeman disregarding his own order. The "bobby" politely but firmly told the minister to get off the grass, whereupon Mr. Tarte put the awe-inspiring question to the man in blue: "Do you know who I am?" "I don't know and I don't care a continental who you are," said the constable, who happened to be a new man on the force. "All I know is you must keep off the grass." Mr. Tarte had to continue his walk by using the paths.

MAJOR TAYLOR DEFEATED.

Syracuse, N. Y., Aug. 1.—Four thousand people saw Major Taylor defeated in the four trial heat for the half mile circuit championship here tonight. Howard B. Freeman and Ivor Lawson were the riders to do the trick. Lawson made his debut on the grand circuit and showed amazingly good form.

HEAVENER IS REINSTATED

He Is Reprimanded for Conduct—Excused Because of Provocation.

Lawyers Defeat Team of Government Office Employees.

The investigation into the suspenion of P. C. Heavener was held yesterday morning at the police court before Police Commisioner Mayor Fletcher and Alderman Selous, and the result of the proceedings is that Heavener has been reinstated. The investigation was thoroughly conducted and all the evidence on each side of the case was gone into with painstaking care, and while the commissioners found it necessary to administer a stern rebuke for the cause which led up to the investigation, the extremity of the provocation was regarded as sufficient to warrant the decision arrived at. The first witness to be examined was Sheriff S. P. Tuck, who on being sworn testified that he was a witness of the last part of the dispute between Heavener and Cunningham. His attention was first attracted to the occurrence by hearing a noise from his room. He went to the scene of the conflict and saw two men in a fight and ran in between them. Heavener then related the origin of the affair, which was practically as has arleady been stated in the columns of The Miner.

The next witness sworn was S. C. Hendryx, who was in the employ of the ice company. He was standing at the corner near the Grand Central hotel and saw the encounter. Cunningham struck at the officer with the left hand, when Heavener struck at him, knocking him against the fence, where he fell. While Cunningham was on the ground the officer struck at him but Cunningham's arm was over his face and he could not be hit. He then arose and peeled off his coat and struck at Heavener again, who tripped him and threw him down. He did not think that Heavener struck him while he was on the ground and did not see any kicking, and would certainly have seen it had there been any.

Chief of Police Jarvis was the next witness called and stated that on Monday last Heavener reported that he had been having trouble with Cunningham and from what he learned suspended him, pending an investigation. He looked upon him as an efficient and attentive officer and from what he had heard of the case he believed that the officer had been insulted and irritated by Cunningham.

Heavener was next called and his evidence went to show that on Friday the 26th he went to serve a writ on Cunningham at his house but did not see him. He went again on Saturday but did not find him in his shack the second time. On Monday, on coming up Baker street, he met Cunningham, near the express office, when Cunningham asked him if he had been down to his shack and received an affirmative reply. An altercation ensued in which the police officer was called by names too vile to publish, and was also branded as a coward. Heavener tried to reason the matter with his assailant, but to no purpose. Cunningham stated that he could do Heavener the best day that he had ever seen. Heavener replied that he did not feel inclined to take all the abuse he was receiving, so agreed to go with him and give him an opportunity to do so, if he could, as he thought that he was off duty, and had the same privilege as any other citizen to resent being insulted. He then started to go down to the lake front. While on Ward street Cunningham tapped a man on the shoulder and asked him to come along as "we are going down to have a little dispute by ourselves." As they went by the Hume hotel, Cunningham made the remark that he (the witness) was taking advantage of him while he was drunk.

LAWYERS WIN THE DAY.

Yesterday's Baseball Match Enjoyed by Numerous Citizens.

There was a fairly good crowd turned out yesterday to witness the baseball match between teams representing the lawyers and employees of the Government here. The lawyers had much the best team, and after the first two innings had no difficulty in winning. Only six innings were played, when the score standing 18 to 6 in favor of the lawyers the game was declared finished, although the opposing team were anxious to play the remaining three innings, still hoping for victory. On the winning side there were several very good plays made the team showing up well. W. Galliher distinguished himself by his fine hitting and catches in long field. W. A. Macdonald played a strong game, while Judge Forin was good on first base.

Elliott and O'Shea also made some good plays, the later evidently having had considerable experience. On the other team, the absence of John A. Turner, no doubt, handicapped them considerably, and outside of Henderson and Laing who played a fairly strong battery for the losers, the play was weak after the first two innings.

WANT PURSE SEINES.

Canadian Fishermen Ask Permission to Head Off Salmon.

(SPECIAL TO THE MINER.)

Vancouver, B. C., July 31.—According to a member of the Canners' Association executive purse seines will be used to capture the millions of sockeye salmon before they reach the American traps, when the Provincial Government of British Columbia get control of the administration. Then it will be a serious business for Puget Sound canners. There are 40 miles of water between Otter Point and Discovery Island, British Columbia, that the sockeyes travel on their way to the spawning beds in the Fraser, before they reach the multitude of American traps at Blaine, Point Roberts and Anacortes. The water in this 40 miles of Canadian territory is, however, so clear that gill nets are useless and the fish swim so far from shore that drag nets cannot be used. With purse seines, however, the vast harvest of fish could be gathered in before they reached the American traps. The Federal authorities, however, refuse to allow purse nets to be used. All sorts of influence have been brought to bear on the Fisheries Department of Canada to persuade them to permit B. C. canners to thus head off the fish from the American traps. The department has ever replied that Canada cannot be a party to the extermination of the sockeye. That what policy the United States adopts is another question. The canners' combine say that the Ottawa government is too far away from the base of operations where other influences antagonstic to the west prevail. This season the Province made an attempt to seize control of the fisheries and grant the request of the canners to change the administration entirely and adopt plans to corral the salmon before they reached American waters. Better counsel appeared to prevail, however, and it was decided to await the case presented by Quebec to the Privy Council regarding their right of jurisdiction of tide waters. If Quebec wins British Columbia wins and the tide waters from Otter Point to Discovery Island will be converted into one huge fish trap while the Fraser river will also be controlled by the Province who will erect a number of hatcheries too, in an endeavor to keep up the supply of fish in the rivers of British Columbia.

WAS NOT A CORPSE.

Victoria, B. C., Aug 1.—Officer Calbeck of the Provincial police who went to Mud Bay to investigate the murder reported from there returned late yesterday afternoon and stated no murder was committed as he saw both men alive who were mixed up in the affair. It seems that Thompson, the man who was supposed to have been killed had got away from Springer before help arrived and ran to the woods for safety and stayed there all night. They had a fight and although Thompon was badly used up he was far from being a corpse. Telephone message received from Mud Bay yesterday stating that Thompson's body had been found, was sent by some unknown person who evidently wanted to create a sensation.

CLARKSVILLE BURNING UP.

St. Louis, Mo., Aug. 1.—News has just reached here that Clarksville Mo., is burning up. Two business blocks have been wiped out and the fire is still spreading. Clarksville is 112 miles from St. Louis, on the Chicago, Burlington & Quincy Railroad.

VENEZUELA AND COLOMBIA

Contradictory Reports From Government Troops and Rebels.

Both Sides Claim to Have Won the Battle of San Cristobal.

Washington, Aug. 1.—The break in the Venezuelan cabinet caused by the resignation of Senor Pulido, the war minister, caused considerable surprise in diplomatic circles here. The real situation apparently is not understood and especially the proposition to deliver his passports to Senor Rico, the Colombian minister. This act ordinarily is regarded by diplomats as tantamount to a casus belli, and officials here are at a loss to understand the reason for the consideration of such a step as it is said that the relations of the governments of Venezuelan and Colombia are cordial. There appears to be some inconsistency in the reports of the battle which has taken place near San Cristobal between the government troops and the rebels, the despatches from Port of Spain declaring that the government troops sustained a defeat while a telegram received at the Venezuelan legation here today from the consul general of that country at New York, announced the defeat of the revolutionists in the San Cristobal encounter.

SOUTH AMERICAN BATTLES.

Colombian Rebels Capture Three Stations in Fight—Woman Shot.

Colon, Colombia, Aug. 1.—(Via Galveston)—The report that the rebels have captured three towns is an exaggeration. The facts are as follows. The rebels, Friday, Saturday and Monday, raided at night time Cautun, Boico and Bascobispo, three small railway stations without military protection towards Colon, looting the Chinese shops of provisions, clothing, etc., and kidnapping several persons, withdrawing immediately afterwards. One woman was shot. The government has since garrisoned the three stations mentioned and is pursuing the rebels closely. Four trains are crossing the road daily as usual.

FEARS FOR AERONAUT.

Easton, Pa., Aug. 1.—Prof. A. S. King, the veteran aeronaut, accompanied by John Chalmers, captain of last year's Lafayette football team and Fred Laubach, son of William Laubach one of Easton's foremost merchants ascended from here yesterday afternoon and no tidings have been received from them since 6 o'clock last evening when the balloon was seen over Schooley mountain, near Hackettstown, N. J., 20 miles from Easton. It was the intention of Prof. King to descend within an hour. Fears are entertained for the safety of the occupants.

Easton, Pa., Aug. 1.—Prof. King and Messrs. Chalmers and Laubach walked into town safe and sound tonight. They landed at Irona, N. J., about fifty miles from here last evening.

STEAMSHIP ARRIVALS.

New York, Aug. 1.—Arrived—Deutschland, Hamburg, Southampton and Cherbourg; Pennsylvania, Hamburg, Boulogne and Plymouth; Germanic, Liverpool and Queenstown; State of Nebraska, Glasgow and Moville.

Hamburg, Aug. 1.—Arrived—Patricia, New York.

Liverpool, Aug. 1.—Arrived—Georgian, New York.

Plymouth, Aug. 1.—Arrived.—Columbia, New York.

Genoa, Aug. 1.—Arrived—Trave, New York.

COMMITTED FOR TRIAL.

Vancouver, B. C., Aug. 1.—Capt. Anderson, one of the leaders in the recent strike charged with cutting Japanese nets has been committed for trial without bail. Anderson told a witness his union had concluded to cut the nets of the Japs.

The C. P. R. are to put a new 20-knot steamer on the run between Victoria and Vancouver.

FREIGHT RATES.

A mass of evidence is being placed before the Commission appointed by he Dominion Government to enquire into the question of freight rates in Canada and it is more than substantiating the charges of discrimination that have appeared in the press for the past few years. Nelson wholesalers have complained, and with very good cause, of the treatment accorded them by the C. P. R. It has not been with the assistance of the C. P. R., but in spite of it that Nelson has become the wholesale centre of Southern British Columbia.

If proper rates can be secured in any way Nelson will become the supply point for the whole tributary country on a much more extensive scale than at present. The time has now arrived for the wholesale men to strike out for their rights. In the past they have done their best to secure justice and no one can blame them for becoming discouraged for the non-fulfillment of promises so frequently made to them was calculated to make the most sanguine give up all hope of ever having the rates adjusted in a manner that would place this city on a footing with the Coast. When a car of plate glass can be brought to Nelson from the east via Vancouver cheaper than it can be brought here direct—when the rate on canned goods from any point in Ontario and Quebec is $1.05 to Vancouver and $1.55 to Nelson, there is something wrong.

The wholesalers of Canada have long complained of the treatment accorded them by Canadian lines and, as a result of representations made to him at the last session of the Dominion Parliament the Minister of Railways and Canals announced that at the coming session he would introduce a bill to provide for more effective control of the railway companies. It was then provided that the sum of $5,000 be set aside for the purpose of taking evidence and securing information necessary to form the basis of such legislation. In accordance with this the Government appointed S. J. McLean, Ph. D., a graduate of Toronto University and the professor of economics in the University of Arkansas, to obtain all available information on the rate question.

It will be seen that the Commission is a bona fide one, and when under the direction of such a staunch opponent of the C. P. R. as is Mr. Blair, the Minister of Railways and Canals, it will not be in any way dominated by that corporation, as some of the Nelson merchants seemed to think it would.

Prof. McLean has spent some weeks in Western Ontario and the wholesalers of the east are watching the proceedings with the keenest interest. The evidence being put in does not consist of speeches delivered by those who think they have a grievance; it consists in carefully prepared statements which are handed in and explained by the witnesses called. The documentary evidence is therefore always before the Commissioner and will no doubt be frequently referred to by him when he is preparing his report. The Nelson wholesalers should adopt the same course. It will do little good to make speeches to Prof. McLean. What is desired is a statement of figures—figures showing the rate on everything from needles to steam engines where Nelson is discriminated against. We wish to become a large distributing centre and nothing but freight rates will make us so. Prof. McLean understands the question thoroughly and will meet the business men of Nelson on a business basis The wholesalers here have their grievances and it remains with them to make the Commission think so too. In face of such a mass of evidence as is being accumulated, the government must take action. It is a question in which the citizens of Nelson are vitally interested and they should lend their support to whatever action the Board of Trades take.

Industrial Canada, a publication issued by the Canadian Manufacturer's Association, deals with the rate question at some length in its July issue It is pointed out that the rates via C. P. R. from United States points to the Territories and the Pacific coast (including the Kootenays) are materially lower than rates from Quebec or Toronto, and that the transportation companies will deliver goods shipped from Liverpool at the Pacific coast at a considerably lower rate than the same goods can be shipped from Ontario points, regardless of the fact that in the case of European products the railways are presumably compelled to divide with the ocean carriers. Enlarging on this line, Industrial Canada says:

"As an illustration we submit the following: The rate quoted on paper from Holyoke, Mass., by the C. P. R. Dispatch to Vancouver is $1.05 per 100 pounds, from East Angus to Vancouver $1.33 per 100 pounds and from Toronto to the same point $1.20 per hundred, both cases showing an immediate discrimination in favor of the United States paper mill. In the same way on a carload of mineral wool from New York to Nelson, B. C., we have the rate quoted of $1.38 per 100 pounds, whereas the rate from Toronto was $1.98."

The idea of a Commission on freight rates, which comes to this country to take the evidence of wholesalers, sitting in Rossland is ridiculous. Mr. Galliher should at once telegraph Mr. Blair to have the sitting here.

FROM NEW WESTMINSTER.

New Westminster, Aug. 1.—At the schedule lacrosse game for the junior championship of the city between the Sapperton and West End teams two of the players got into a fight and before they could be separated others from the fence had joined in the row and there was a free fight of no mean proportions during which several persons were severely injured. The chief of police, J. Carty, finally put in an appearance and threatened to arrest anyone that did not get off the field. This soon cleared the grounds and the game started again. The exhibition lacrosse game which was set to be played at Queen's Park in the city on Saturday afternoon was declared off as the Y. M. C. A. management insisted on playing Walter Miller, a professional baseball player. The match was to have been with the New Westminster team, but as they are all amateurs they refused to play the other team while there was a professional baseball player. The match was to have been with the New Westminster team, but as they are all amateurs they refused to play the other team while there was a professional in their ranks. Over two thousand people gathered at the grounds to see the game many of whom had travelled from Vancouver and other cities, but the Westminster team did not appear on the field at all. Yoko Yuchic, the Japanese convicted several days ago on charge of assisting other of his countrymen to enter Canada from the United States contrary to the immigration laws has been sentenced to two months imprisonment with hard labor.

Business has decidedly improved in New Westminster since the fishermen's strike has been declared off and the men have started to work. The catch on the river last night was very good being one hundred to the boat, while in several instances the catch was as high as three hundred. All the canneries are running full time.

SMALLPOX AMONG INDIANS.

Bonner's Ferry, Idaho, July 31.—Smallpox has made its appearance in the Indian camp two miles from here. So far one death is reported, which occurred yesterday. The Indian who died had just returned from Kalispell, Mont., where he had been visiting Indian acquaintances on the Flathead reservation. It is thought that he contracted the disease while there, and efforts are being made to prevent its spread among the Indians here. As there was some difference of opinion as to the cause of yesterday's death the town authorities sent Dr. G. E. Barker to the mission to make an investigation. He reported the case to be smallpox. Action was at once taken by the town trustees who declared that a quarantine existed against the Indians, and instructed the marshal to keep them out of town. There are not over 75 Indians at the mission, but their uncleanly habits and manner of living, as well as their ignorance of the care a patient should receive, make the treatment of the disease very difficult.

A POOR MILLIONAIRE

NOTICE TO CREDITORS.

In the matter of the Estate of William Thomas Beadles, late of the town of Salmo, British Columbia, deceased, intestate.

Notice is hereby given, pursuant to the "Trustees and Executors' Act," that all creditors and others having claims against the estate of the said William Thomas Beadles who died at Nelson, B. C., on the 17th day of April, 1901, are required on or before the 20th day of August, 1901, to send by post prepaid, or deliver to the undersigned, solicitors for the administrator of the estate of the said deceased at Nelson, B. C., their Christian names and surnames, addresses and descriptions, the full particulars of their claims, the statement of their accounts, and the nature of the securities if any, held by them.

And further take notice that after such last mentioned date the Administrator will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which he shall have then had notice, and that he will not be liable for the said assets or any part thereof, to any person or persons of whose claims notice shall not have been received by him at the time of such distribution.

Dated at Nelson, B.C., this 18th day of July, 1901.

MACDONALD & JOHNSON,
Solicitors for James Lawrence, administrator of the estate of the said deceased intestate.

And further take notice that action, under section 37, must be commenced before the issuance of such Certificate of Improvements.

Dated this 5th day of July, A. D. 1901.

J. D. ANDERSON.

THE CITY

The citizens, who have been for the last three evenings sitting in darkness owing to the delay caused by the repairs to the electric lights, are again rejoicing in the return of the electric current.

The Office Saloon changed hands yesterday, Clarke & Thompson, the new management, officially taking it over from Messrs. Neelands & Emerson. Mr. Thompson will personally superintend the business of the saloon, while his partner attends to their extensive business on the lakes, they being the lessees of the bars on the Columbia and Kootenay steamers.

The C. P. R. consolidated locomotive No. 319 is in the repair shop at Smelter Junction after a considerable period of service on the Rossland Boundary run. She will be off the road for a week and in the meantime Archie Davis, the veteran and popular engineer who handles 319's throttle, is taking a vacation. He is rusticating in Nelson at the present time. —Rossland Miner.

A large number of people were present at the sale of the Fronk estate, comprised in the second hand store on Baker street. Considerable disappointment was manifested by many when it was discovered that the stock of hardware, crockery, etc., was to be sold entire or in four or five blocks, instead of in separate lots. There were only three bids, the highest being $550. The auctioneer announced that he would inform the bidder later if this would be accepted. Before the sale the valuators estimate of the value of the whole was announced as $1,684.

A lady, residing on Baker street, was disturbed at 1 o'clock on Thursday morning, and had her babies disturbed from their evening slumbers, by an unearthly noise in front of the K. W. C. block. Arising from her bed she put her head out of the window and ascertained the cause of the disturbance was a number of the rising hope of the city, playing leaptrog and turning hand springs on the sidewalk, showing their enjoyment of the proceedings by sundry war whoops and cat calls. The policeman on his beat appearing, the nocturnal acrobats beat a hasty retreat.

WORK ON THE NEW ROAD.

Cascade, Aug. 1.—There is a force of men working on the 860 foot tunnel opposite Cascade City, on the Republic line of railway. This work will necessarily proceed slowly. Pat Welsh has the contract of cutting the tunnel. Thus far but few accidents are to be recorded. Yesterday a man whose name could not be ascertained was very seriously injured by a log rolling over his body. He was working for Twohey brothers. The injured man was removed to the hospital. Contractor Van Norman, who is building the culverts between Marcus and the boundary, is hard at work with a force. One of the Porter brothers has just returned from a trip along the line. This firm has the contract to build all the bridges except the big steel bridge over the Columbia. Mr. Porter said his firm would commence building the foundations for the false work and the permanent bridge soon. "We shall commence this work just as soon as the stage of water will allow. The river now is nearly 30 feet at the deepest place, but the water is going down constantly. We shall build the piers for the big bridge at the same time. This work will be pushed with all possible vigor. If there is no delay the false works can be completed within less than six weeks from the time we start and the temporary bridge be ready for use. Our work yard will be located not far from the present depot. As fast as the timber is prepared it can easily be run down to the river on the track. We shall have no trouble or delay in obtaining materials for the temporary bridge for we can draw from all quarters."

PUTTING IN A MILL.

Republic, Wash., Aug. 1.—A considerable portion of the machinery for the compressor and mill at Wauconda is at Midway, B. C.

The face of the Wauconda tunnel is still in good ore. A test was made of 38 feet of the ledge last Saturday by the process that will be used in the mill and the result showed a value of a little over $23 per ton. This test was a thorough one, and seems to show that there is an immense ledge of paying ore in the mine. The foundation of the compressor plant is laid, and within the present week the building will be up. There is a large force of carpenters at work there. Foundation for the big mill is nearly excavated. The mill will be located 800 feet from the mouth of the tunnel. The tram will be operated with a steel cable. A large reservoir is to be constructed a short distance north of the mill. This will be the supply point for the water used in the mill.

The Clackamas tunnel is in 74 feet. There are two shifts working. It is believed that the ledge will be cut inside of the next 40 feet as stringers of spar are coming in at the face of the tunnel, and some stringers of quartz, said to carry good values, are met.

COMING NEXT MONDAY.

The announcement of the coming of the Richards & Pringle's magnificent minstrel organization to the Nelson Opera House promises patrons of enjoyable amusement the best minstrel bill of the season, eclipsing every previous effort of this big company. It comes this season greatly augmented with an array of the most inviting up-to date novelties ever seen in minstrelsy, cleverly strung together for laughing purposes only. The roster includes fifty prime entertainers. The street parade, the big outside attraction, takes place at 2.30 p. m. In it can be seen two brass bands a number of stylish imported English dogcarts, drawn by Kentucky thoroughbred horses, all of which are carried by this organization especially for its magnificent street pageant. Nothing to equal it will be seen here again this season. Fifty royal colored minstrel entertainers appear at every performance and fun runs riot through the entire lengthy programme of varied acts—big hits every one of them. Study this list: The aerial wonder, the great Sheilds, James Moore, the funniest comedian in minstrelsy, the Housley brothers, emperors of music, Christian, the cycle skater, the military novelty, "The Black Watch Drill," the Alabama Quartette, in the latest song successes, Kid Langford and Dick Thomas, creative and original comedians, besides an elaborate first part, never equalled in this style of entertainment.

London Aug 1.—The Contantinople correspondent of the Standard in the course of a long review of Great Britain's diminishing trade in Turkey, says the United States is throwing in large quantities of machinery and leather, while Germany, Italy and even Spain are replacing British goods. He calls upon British merchants to show greater enterprise.

Rome, Aug. 1.—The frequent walks across the Swiss-Italian frontier of girls of a seminary near Maslianiaco aroused the suspicions of the customs officers, who finally stopped a procession of 40 walking two by two, and ascertained that each girl was smuggling cigars or cigarettes of the aggregate value of $30,000.

STEPPED INTO LIVE COALS.

"When a child I burned my foot frightfully," writes W. H. Eads, of Jonesville, Va., "which caused horrible leg sores for 30 years, but Bucklen's Arnica Salve wholly cured me after everything else failed." Infallible for Burns, Scalds, Cuts, Sores, Bruises and Piles. Sold by Canada Drug & Book Co. 25c.

A GOOD THING.

German Syrup is the special prescription of D. A. Boschee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in Medicine. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boschee's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough Price 75 cts. Get Green's Prize Almanac.

Fishermen Attention!

T. G. Procter's houseboat is now for rent by the day or week. Special rates for family parties. First-class cook and attendant in charge. Rates $2.50 per day. Parties can get off C. P. R. boats either going or returning from Kootenay Landing. The boat for the next two weeks will be stationed at the mouth of Midge and neighboring creeks, where a big catch of rainbows is assured. Apply to T. G. Procter, Baker street, for further information.

SILVER KING MIKE

Will pay the highest cash price for all kinds of second hand goods. Will buy or sell anything from an anchor to a needle. Furniture, stoves, carperts, cooking utensils, bought in household quantities. Also cast off clothing. Call and see me or write. Address Silver King Mike, Box 200. Hall Street, Nelson, B. C.

Certificates of Improvements

NOTICE.

JOHN ATSON, Secretary.

Books During the vacation months heavy reading seems out of the question. Holiday makers and stay-at-homes alike have given themselves over to the perusal of current fiction. To meet this demand our book tables are well filled with all that is best, among others the following;

Pro Patria, Max Pemberton.....75c.
The Helmet of Navarre, Bertha Runkle.....75c.
Work, Zola.....75c.
Good Red Earth, Boothy.....75c.
The Crisis, Winston Churchill.....75c.
Graustark, McCutcheon.....75c.
Your Uncle Lew, Sherlock.....75c.
Great Boer War, Conan Doyle.....75c.

Pianos to Rent at $7 per month.

THE CITY

A garden party was held at the residence of Mrs. W. A. Macdonald, on Wednesday evening, when a very enjoyable time was spent.

Ensign Andrews, of the Salvation Army, Vancouver, will give an entertainment in the Salvation Army barracks this evening, consisting of a phonographic concert. There will be the usual charge for admission.

A Chinaman on Lake street made a two by four bonfire yesterday afternoon and some of the people in the neighborhood called up the fire brigade. The chief went to the scene and extinguished the blaze with a pail of water.

New books in the public library are: Lone Star Rush, by E. Mitchell; Observations of Henry, by Jerome K. Jerome; Triple Entanglement, by Mrs. B. Harrison; Vicar of St. Luke's, by Sibyl Creed; Trinity Bells by A. E. Barr; Expatriates, by Lilian Bell.

The notice of the subject of the Rev. J. H. White's address at the Socialistic meeting for Sunday afternoon next, as announced in yesterday's issue of The Miner, should have read, "The Socialism of Jesus."

Joe Downes has recovered from the comatose condition in which he was found when taken to the lockup, and was made to appear before His Worship the Mayor, to give an account of his drowsiness. As he had no excuse to offer, he was fined $5 and costs, for being asleep when he ought to have been about his business.

The meeting of the Operatic Society which was called for Wednesday evening last was postponed on account of the number of garden parties which were held that evening, which prevented a number of the ladies of the society from being present. The meeting will be held in the opera house at 4.30 Tuesday afternoon August 6.

The Methodist Sunday School picnic yesterday was a great success in every way. The day was all that could be desired and the fishing was all that was represented, several good catches having been taken. There was a large programme of sports carried out for the benefit of the children, which were entered into with zest by the juveniles. There were about 300 took in the affair.

A well known resident of this city was attempting to prove to his companions yesterday, that he could paddle in a canoe while standing up and while in the act of demonstrating his ability to win the bet he had made that he could perform the feat, he suddenly took a header in the water much to the merriment of his friends on the shore, who are still of the opinion that the gentleman making the boast is unable to win his bet.

There are at present about 800 men at work on the new railroad that is being built from Jennings, Montana, to the Crow's Nest Pass coal fields. The North Star and the J. D. Farrell are kept busy handling supplies to the different camps along the river, and gangs of men are scattered all along the proposed route to the boundary line. The contractors are pushing the work as rapidly as possible and expect to have between three and four thousand men employed within a short time.

A Nelson citizen announced to a Miner reporter yesterday that he unkowingly overheard some of the negotiations made for the escape of the prisoner Tony Leyden, who skipped the Provincial jail, on Wednesday last. In the morning he had occasion to make a call at one of the wholesale houses on Vernon street when he overheard two men conversing when one of them dropped the remark that "he is not there." When he returned, about half an hour later the same two men were talking to one of the prisoners in the jail grounds. The circumstance made no impression on his mind until he heard of the prisoner's escape.

Those taking the leading parts in the operatic performance to be given in this city at an early date, have been apportioned their parts. The performance will be held in the opera house, under the direction of Herr Steiner, of Spokane, and late director of the Nelson Operatic Society. The ones taking the leading parts in the garden scene from Faust are as follows: Marguerite, Mrs. M. Parry (soprano); Martha, Mrs. M. Davys, (contralto); Faust, John Lochore, (tenor); Mephisto, Seignor Halt, of Spokane, (basso). The prison scene Miserere, from Il Trovatore, will be presented by a selected double quartette. Other operatic selections will be rendered by Miss Sutcliffe and Mr Robert Thompson, with cello solos by Herr Steiner. A small orchestra of six pieces will accompany the performers.

PERSONAL

Miss Miller, of Grand Forks, is in the city and is a guest of Mrs. Posser.

Robert Irving, Kaslo, manager of the K. & S. railway, is stopping at the Phair.

C. H. Prescott, of Spokane, master mechanic of the Great Northern, is in the city and at the Phair.

Robert Hamilton, Vancouver, of the firm of R. Hamilton & Co., is on a business visit to the city and is a guest at the Phair.

A. E. Rand, of New Westminster, and C. D. Rand, of Spokane, mining brokers and promoters, are in the city and are at the Phair.

A. D. Crandall, Spokane, traveling auditor of the Spokane & Great Northern railway, is in the city and is a guest at the Phair.

T. J. Scanlan, the Stanley street grocer, left on the afternoon train yesterday, for Greenwood, and will return to the city today.

C. E. Race, a well known mining agent and broker, of Rossland, is visiting the city, and is making his headquarter at the Phair Hotel.

Rev. E. P. Flewelling is taking the services at St. Saviour's again, as Rev. H. S. Akehurst has returned to Kamloops where he will remain for a month or more.

W. L. Messemer, manager of the Etna Insurance Co., is on a visit to the city in connection with the business of the company and is a guest at the Phair hotel.

Mr. H. R. Bellamy left on the afternoon train yesterday for Grand Forks to superintend the oil wells in that district where experimental boring is being undertaken, and of which he has charge.

Master Mechanic Cross, of Winnipeg' Frank Hall, master mechanic of the western division, and R. Mee, of Revelstoke, locomotive inspector of the Pacific division of the C. P. R., are in the city and are guests at the Phair Hotel.

Mr. Drew, of the C. P. R. service left last evening by the Crow's Nest boat for the east, on a six weeks' holiday. He will take a tour of eastern cities and will return by the Great Northern and will take in the Buffalo Exposition before his return. During his absence his place will be filled by J. H. Fox, the cashier, whose place will be taken by Mr. McMillan. Mr. Drew is accompanied by his wife and child.

MINING RECORDS.

The following mining records were made yesterday: Commander, at the head of Sproule creek, adjoining the Yellowstone on the east, formerly located as the Big Giant, located by P. A. Noberg; News Girl, on the headwaters of Five Mile creek, located by G. W. Taylor. The following certificates of work were granted: Yellowstone, to Peter A. Norberg; St. Anthony, to M. A. Langloes; Aurora, to Fred F. Meloche, et al No. 1 Aurora, to same Decimal Fraction, to C. C. Ladd; Dellsman, to Catherine De Maine; Dakota No. 1, and Maple Leaf, to Henri Mortellette. A transfer of the Vagabond was made from M. Egan to Robert Corlett.

GOT A COOL RECEPTION.

Lord and Lady Minto Visit Louisburg, Cape Breton.

Halitax, Aug. 1.—Not a hat was raised nor a cheer given when Lord and Lady Minto arrved at Louisburg, C. B. It was the coolest reception ever given to any public man. This came about through the fact that they came here as the guests of Rev. Mr. Draper, rector of Louisburg. On Tuesday the town was notified that the vice regal party would visit the town officially and preparations were made to receive them, but this morning when the citizens learned that he was coming as a guest of a private citizen, the town got mad. Their excellencies were met at the station by Rev. Mr. Draper, and driven to the old town. They were also met by a messenger from the town council who said that they would not be received officially, as they understood he was coming as the guest of Rev. Mr. Draper. Rev. Mr. Draper recived a message from their excellenc'es yesterday, asking him to meet them at the station for the purpose of escorting them to the old town. The town decided not to take part in a reception unless they remained their guest while being driven through the town. Once at the ruins, the town had no objection to the vice-regal party being taken charge of by Mr. Draper or any one else. Mayor Lewis and the council claim that if the Governor-General was visiting the town officially he should remain the guest of the town and not of private individuals. Mr. Sladen, Lord Minto's private secretary, speaking officially on the cool reception extended his excellency at Louisburg today, said that the Governor-General had not the remotest idea of slighting the town officials. He was to visit the town officially, and the ruins unofficially, the latter as the guest of Rev. Mr. Draper because of his knowledge of the place historically. He deplored the action of Mayor Lewis and the council on public grounds. His excellency was delighted with his visit to Louisburg. He said the mayor was absolutely rude in passing the Governor-General on the wharf on the latter's return from the ruins without noticing him in any way. Lord Minto left this evening for Port Hawkesbury. At Grand Narrows he will be joined by Countess of Minto, and the Misses Elliott, who sailed for there this morning in the cutter Acadia. The party will leave Hawkesbury tomorrow morning for Halifax.

WOULD NOT ENDORSE HIM.

Montreal, Aug. 1.—At a meeting of the Tailors' Union, held last evening, the question of sending delegates to the Trades and Labor Congress of Canada, was discussed. Vice President Cooperman said that no Labor organization making any pretention to honesty could conscientiously endorse the action of the president of the Congress, Ralph Smith, M. P., who, he claimed, at the last Federal elections, endeavored to secure a Conservative nomination, and is in his opinion, now a Liberal partizan. Therefore in view of the conduct of the official head of the Congress, the tailors should abstain from taking part in the deliberations of that body.

RHEUMATISM

For this painful trouble Griffiths' Liniment is an absolute pain destroyer—it penetrates and lubricates the joints, takes away all the stiffness and gives relief in a few minutes—works wonders in chronic rheumatism cases.

Mr. H. E. West of Water street, Vancouver, B. C., was a great sufferer from painful attacks of Rheumatism in his shoulders, so severe were the attacks that he could not raise his arms. He applied Griffiths' Menthol Liniment, the great pain reliever, and in less than four hours the pain had entirely left him. He says: "It certainly is a great pain reliever."
