HEAD-ON COLLISION

Two Firemen Meet Death in the Wreck-Engines Badly Smashed

Accident on Main Line C. P. R. at Downie --Freight Engineer McNab Misunderstood His Orders

(Special to The Daily News)

Revelstoke, May 1.—Saturday night, about 7:30 o'clock, a head-on collision occurred on the main line of the C. P. R. near Downie, a siding 22 miles west of this city, between a west-bound passenger train and an extra freight, whereby firemen Scott and Eastwood, both of Revelstoke, were killed, engineer Mosscroft of Revelstoke badly injured, engineer W. McNab, of Kamloops, slightly scalded and six emigrants slightly bruised and shaken.

The regular passenger train, No. 1, was in two sections, the first running on time, the second one and a half hours late. The first section left here at the regular time with engineer Mosscroft and fireman Eastwood on the engine, and consisted of a dead head sleeper, all the baggage and four cars of emigrants, principally foreigners. The train had left Griffin Lake and was no doubt proceeding at a fair rate down grade when the accident occurred. The east freight, with engineer W. McNab, fireman Scott and conductor Joe McCrum, received orders at Sicamous to the effect that No. 1 was in two sections, the first of which was on time and the second one and a half hours late.

The engineer overlooked the first section entirely and was running to make a crossing with the second section. After leaving Downie, conductor McCrum realized they were running on No. 1's time and pulled the air on the train. Before the train came to a dead stop the passenger was on them with the above disastrous results.

The trains met on a short curve with the result that the collision was unavoidable.

As soon as the news reached Revelstoke a train was ordered out with all the available doctors on board, as reports were very conflicting as to the number of the dead and injured. The train made good time and all that could possibly be done by the railroad officials and others was done to relieve the suffering of the unfortunate victims. Fireman Scott was alive when found, but died in the hospital here at 6 o'clock Sunday morning.

Engineer Mosscroft was temporarily deranged, owing to his injuries, but has since completely recovered. He had but recently arrived in Revelstoke from Nelson and this was his second trip out. On his first trip, on Thursday last, he only got two miles out of the city when he ran into a drunken man lying on the track who was instantly killed. The train came back to Revelstoke and the engine crew were detained for the inquest and had just gone on the second trip, which was with the passenger train meeting with the accident.

Revelstoke, May 1st, (later).—An inquest into the deaths of firemen Eastwood and Scott was held here today, the jury finding that the men came to their death in a collision caused by a misunderstanding of orders by freight engineer McNab.

[Special to The Daily News]

Kamloops, May 1.—A head-on collision between a freight train, Joe McCrum, conductor, W. McNab, engineer, and the first section of No. 1., Lee Anderson, conductor, with freight crew and Dick Mosscroft, engineer, occurred a quarter mile east of Downie, at 7:15 Saturday night.

Fireman Percy Eastwood, on the passenger, was killed outright, being pinned against the boiler head. Engineer Mosscroft was cut about the head, but not seriously injured.

Freight fireman Lance Scott was pinned between the engine and the tender, one leg and one arm being amputated. He was in a dying condition when removed from the wreck and expired at the hospital in Revelstoke early Sunday morning. Freight engineer McNab was slightly cut about the head. Front brakeman Thomas Smith was badly shaken up. Several passengers were also shaken up and bruised, but none suffered serious injury.

Two hoboes, stealing a free ride on the freight, were badly hurt, one of them, Kid McDonald, is a notorious character.

W. Miles, the baggageman, was hurt about the hips.

One dead head sleeper, the Yokohama, was telescoped. Four freight cars were smashed and the pilots and fronts of both engines were badly used up. Fortunately the passenger was going slow and the freight almost slowed up or the loss of life would have been very serious.

The bodies of the dead firemen will be shipped east to Ontario on Tuesday's No. 2.

ALBERTA'S BRIGHT OUTLOOK.

Winnipeg, May 1.—Rain is falling throughout Alberta. Agricultural prospects are the best in many years, and farmers are jubilant. Ranchmen are greatly stimulated by the sudden advance in cattle to four cents for export. The stream of western immigration has become so heavy that difficulty is experienced at different points in caring for all immigrants. Many homesteads are being taken up and real estate purchases in large blocks are numerous. Trade conditions generally are improving.

SUICIDE THEORY URGED

SHOW-GIRL'S COUNSEL WANTS NO COMPROMISE VERDICT.

CASE WILL PROBABLY GO TO JURY TODAY.

New York, May 1.—"This case is one of deliberate murder or suicide. There can be no manslaughter about it. There should be no compromise verdict. She is either guilty of murder in the first degree or not at all."

With these significant words, Abraham Levy, counsel for Nan Patterson, brought to a close tonight his 5-hour argument in defense of the girl charged with the murder of Caesar Young.

During the long argument Miss Patterson faced the jury unflinchingly and watched every movement of the men who are to determine her fate. Mr. Levy reviewed all the testimony in detail and declared not a word had been introduced which showed any purpose on the part of Miss Patterson or her brother-in-law and sister, Mr. and Mrs. J. Morgan Smith, to threaten the life of Caesar Young. The suicide theory was strongly emphasized by Mr. Levy, who contended that the stains on Young's fingers proved he had shot himself. Mr. Levy scouted the idea that the girl would be able to make such an assault on a trained athelete like Young. He also ridiculed the idea that Miss Patterson should have chosen a crowded public street as a place for murder, when she had so many opportunities to attack Young where there would have been little danger of detection. It is probable the case will go to the jury tomorrow afternoon.

SHOW-GIRY IS HOPEFUL.

Believes She Will be Acquitted and Set Free Today.

New York, May 1.—Nan Patterson probably will know her fate within 36 hours. Today there remained only the closing scenes in the trial to be enacted. That there would be no defense had already been announced before the court convened today. Her counsel were satisfied that the state had signally failed in its efforts to prove that she murdered Caesar Young, her lover, they said, and were content to stand or fall by what evidence had been submitted. The defendant agreed fully with her attorneys and expressed the firmest faith that her troubles were rapidly nearing an end.

"I feel that I have spent my last Sunday in the tombs," she said today while making ready to go to court. "Tomorrow I will go home, I want freedom."

SALMO MONGOLIAN TROUBLE.

Hawthornthwaite Appears to Have Been Gold-Bricked by McBride.

(Special to The Daily News)

Ymir, May 1.—Referring to the dispatch from Victoria re Salmo Mongolian trouble in Sunday's paper, the following letter and telegram from Richard McBride, premier and J. H. Hawthornthwaite will prove of interest.

Premier's Office.

Victoria, B. C., April 20th, 1905.

W. B. McIsaac, Secretary Ymir Miners' Union, Ymir B. C.

Sir: I beg to acknowledge the receipt of a petition signed by the residents of the Salmon river valley, including Ymir, Salmo, Erie and the surrounding country, regarding the introduction of foreign labor by the Kootenay Shingle Co. at Salmo.

The same will have my consideration.

I have the honor to be, sir,

Your obedient servant,

(Signed) RICHARD McBRIDE.

Telegram.

Victoria, B. C., April 21st, 1905.

W. B. McIsaac, secretary Ymir Miners' Union, Ymir, B. C.

Presented petition to government. Commission to enquire has been granted. It will sit next Thursday.

(Signed)

J. H. HAWTHORNTHWAITE.

CHIEF CLERK JOHNS TO GO.

Reform in Lands and Works Department in Progress.

(Special to The Daily News)

Victoria, May 1.—Chief clerk of the lands and works department, B. H. Johns, is likely to retire from the public service. Johns has held the position for over twenty years. The government, it is understood, has asked for his resignation, the reason for it not being made public. It is denied, however, that this course was taken as a result of the Kitimaat lands investigation.

INVITING BLOODSHED.

Non-Union Teamsters in Chicago to Be Armed With Rifles.

Chicago, May 1.—Chicago is to witness the spectacle tomorrow of 1,000 non-union teamsters armed with Winchester rifles. It was admitted this afternoon by superintendent Reed, of the Employers' Teaming Company, that arrangements were being made to procure the first installment of the rifles, which, being unconcealed, may be carried without infringement of the law. Chief of police O'Neill says that he would make no attempt to remove this bristling martial effect from Chicago's streets, saying:

"We will not seek to prevent what appears to be legal."

Practically the first victory for the strikers came from Fuller & Fuller's drug house. Manager Peters announced that his firm had employed 25 union teamsters and would do its hauling with their aid.

The city council tonight passed a resolution directing the chief of police to enforce that portion of the state statutes which prohibits the carrying of rifles in the streets by unauthorized persons.

President Shea of the teamsters' union said tonight that if the employers' teaming association armed its drivers with rifles, they would do the same with the union drivers. "If it is legal for non-union men to arm themselves," he said, "it is certainly no illegal for us to do likewise."

Today's list of the firms effected brought the number of strikers up to a total of 3,555.

CITY'S RIGHTS SECURED

W. K. P. AND L. CO. GRANTED WATER RECORD ASKED FOR.

SUBJECT TO RIGHTS OF NELSON AND GOVERNMENTS' APPROVAL.

The West Kootenay Power and Light Company was granted a record yesterday at Kaslo to 112,000 inches of water from Kootenay river. Commissioners Chipman and Renwick granted the application on precisely the terms on which they offered it at the hearing in Nelson. It is granted under Part 4 of the Water Clauses Act, subject to the rights and privileges granted to the city of Nelson, and to the approval of the lieutenant-governor-in-council.

The company was represented by J. D. McDonald and A. H. MacNeill; mayor Houston represented Nelson. Mr. MacNeill applied for the record, stating that the company had obtained from the government a certificate of approval of its plans.

Mayor Houston stated that the company had asked the executive council to amend the certificate issued to Nelson so as to oblige the city to connect with the W. K. P. and L. Company's dam. Mayor Houston said that the cost of such connection would be about $50,000.

Mr. MacNeill wanted the record granted without restrictions other than those contained in the certificate being prepared in Victoria. The commissioners held that, as such certificate should be in their hands before the application, they could issue a grant only with certain restrictions. Mr. MacNeill argued at length but could get no concessions.

The record issued is under part 4 of the act, covering water rights for industrial purposes. The point of diversion is to be 1,000 feet east of the upper Bonnington falls; the water is to be returned immediately below the fall; the means of diversion are to be those approved by the lieutenant-governor-in council. The annual rental is to be $2,306. The record is "subject to the rights and privileges granted to the city of Nelson. The company's operations are limited to the area described in its act of incorporation. The plans are subject to the approval of the lieutenant-governor-in-council."

A. H. MacNeill, seen last evening, expressed himself as perfectly satisfied with the grant.

GIRL'S FATAL MISTAKE

AIMS REVOLVER AT EMPLOYER AND PULLS TRIGGER

GUN WAS LOADED AND BULLET PIERCED HIS BRAIN

Albany, May 1—Franklin Havens, secretary of the Albany board of fire insurance underwriters, was shot by Miss Julia Craver, a clerk in his employ, late this afternoon in his office, and died soon after in the Albany hospital. Miss Craver, who is under arrest, claims that the shooting was accidental and the police say they have found no evidence to cast doubt upon her story.

Havens was unconscious until the end, and consequently made no statement. Miss Craver, who is almost prostrated over the affair, is confined tonight in the house of detention of the local humane society. She claims that she pointed the revolver, which was the property of Havens, and which had been in a pigeon hole in Havens' desk for a long time, at him in a spirit of fun, as he was entering the room in which she stood, commanding him to throw up his hands. He had told her, she asserts, that the weapon was not loaded, and she declares that she pulled the trigger three times before the weapon exploded. In examination of the pistol this statement is confirmed. It contained six cartridges, and two of them, in addition to the one discharged, had indications from the hammer. The bullet entered Mr. Havens' right temple and penetrated the brain. Mr. Havens was 35 years old, comes of a well known family, is married and the father of two children. Miss Craver, who is 22, is also well connected, and bears an excellent reputation. She has been employed in Havens' office for more than a year.

CASHIER GALT WANTED.

Milwaukee, May 1.—A reward of $1,000 has been offered for the arrest of H. G. Galt, former assistant cashier of the First National Bank of Milwaukee.

Galt disappeared on the day the defalcation of Frank G. Bigelow became known, and up to this time he has succeeded in eluding arrest.

KING EDWARD AT THE RACES

Paris, May 1—King Edward made an auto tour of Marseilles today, and after an informal lunch at a restaurant, attended the races at Saint Cloud.

WHOLESALE SLAUGHTER

Men and Women Shot Down in Streets of Warsaw

Troops Were Uncontrollable and Fired Recklessly Into Fleeing Mob-Several Bombs Thrown

Warsaw, May 1.—Nearly one hundred people were killed or injured in disturbances in various quarters of Warsaw today. The troops apparently were uncontrollable and violated all orders to act with moderation. They fired into crowds of demonstrators and workmen, in retaliation, resorted to the use of fire arms and bombs. What approaches a reign of terror exists tonight. The city presents a most gloomy aspect and the temper of the entire community augurs ill. The presence of numerous patrols of Cossack cavalry and infantry were the only reminder of lurking danger.

The first disturbances occurred between 1 and 2 p. m., when a procession of several thousand workmen, carrying red flags marched along Helasna street. Suddenly several squadrons of Uhlans appeared, but without interfering with the procession and took up a position along the sidewalks while the workmen passed through the lines. Then a company of infantry approached from the front and immediately the cavalry charged into the procession, driving it with the flats of their swords into a disorganized mass. When the cavalry withdrew the infantry fired a volley, whereupon the demonstrators turned and fled. The infantry continued to discharge volleys into the retreating, shrieking multitude. Thirty-one persons were killed and many wounded, and of the latter, it is believed that fifteen will die. The shooting is discribed as having been quite unprovoked.

Many of those who were killed or wounded were shot in the back, showing that they were running away when they were struck.

A terrible scene was enacted at 5 o'clock p. m., at the corner of Zolota and Zosnore streets, when workmen fired from behind a wall at a patrol, which immediately opened fire on the passing crowds, killing or wounding twenty persons.

The first bomb throwing occurred at 9:35 o'clock tonight when a bomb was thrown into a Cossack patrol near the Vienna station. Three Cossacks and one policeman were killed, and two ladies, who were leaving the station at the time, were severely wounded by the explosion of the bomb.

Cossacks and infantry fired a couple of volleys and it is reported that many persons were killed or wounded.

Troops surrounded the whole neighborhood. It has been impossible up to the present time to secure accurate information as to the casualties.

At 10 p. m. disturbances broke out at the Zombokowska gate of the suburb of Praga, across the Vistula river. A great crowd had assembled there, threatening the troops, when Hussars fired upon the crowd and killed four and wounded many others. In Jerosolini street, a man fired into a patrol from the roof of a house, but without result.

It was reported by telephone from Lodz this afternoon that a crowd there had stoned a military patrol, whereupon the soldiers fired and killed two men and wounded many. Later a scene occurred in Balucki square in Lodz when two persons were killed.

In Lodz at 9 o'clock tonight, a bomb was thrown at a patrol but it was not effective. The patrol fired into the crowd and killed three and wounded two persons.

A student, who was distributing proclamations in Wola, a suburb of Warsaw tonight, was killed by a patrol.

In Nawrot street, Warsaw, tonight, a patrol killed a woman.

Today's bloodshed is likely to become serious and may cause a general strike. The temper of the people is at white heat, and there is much apprehension regarding the possible events of May 5th, the 144th anniversary of the proclamation of the Polish constitution. Tonight there is every indication of trouble. The ground that had been gained since the disturbances of last January has been lost. Only passenger trains are leaving Warsaw tonight, and these are crowded with refugees and manned by officials of the engineering department. All the engineers, firemen, and porters have quit work.

WITTE EXONERATED.

Not Responsible in Any Way for Manchurian Crisis.

St. Petersburg, May 1.—M. Anguiriff, formerly an assistant of M. Witte, president of the committee of ministers, undertakes the defense of his former chief against the charges that he was in any manner responsible for the Manchurian adventure or the events which brought on the war. On the contrary, M. Anguiriff proves, by means of hitherto unpublished documents, that M. Witte opposed the Manchurian plans throughout in the most energetic manner, intimating in fact that it was really his opposition to the schemes in the far east which led to his downfall as finance minister. M. Anguiriff says that Witte was opposed to the seizure of Port Arthur in 1898 but was overruled by the advice of count Muravieff, the minister of foreign affairs, who submitted alleged proofs that Great Britain intended to seize the port if Russia did not. Subsequently he opposed the retention of Manchuria. After the Boxer uprising M. Witte presented a memorandum to the emperor pointing out that Russian occupation of Manchuria and Korea was bound to lead to protest and eventually to war.

M. Witte advised the immediate construction of the circum-Baikal railroad for strategical purposes in preparation for the conflict which he saw ahead. Later, when the situation became acute, seeing that Russia was not prepared, M. Witte agreed to the temporary withdrawal of Russian froces from Manchuria. He then wrote the emperor as follows:

"Instead of making an enemy of Japan we should win her friendship. I strongly advise a friendly solution. We need to populate our eastern provinces and have vital interests to defend in the eventual war with the Yellow race in order that the peasants of Russia may understand what they are fighting for."

All M. Witte's warnings were unheeded and he was no longer consulted. The Korean timber concession was obtained without his knowledge.

RESULT OF REFERENDUM

MORRISSEY UNION UNANIMOUSLY ENDORSE AGREEMENT.

MICHEL AND FERNIE ASK FOR SLIGHT ALTERATIONS.

(Special to The Daily News)

Fernie, May 1.—Mention was made in Sunday's issue of a contemplated new haulage plant for No. 8 mine, Michel. Your correspondent is now in a position to state that two contracts in connection with this plant have been awarded. The Rand Drill Manufacturing Co., of Sherbrooke, Quebec, has been awarded the supplying of a "Duplex, four-stage air compressor," capable of compressing air to 1,000 pounds to the square inch.

The H. K. Porter Co., of Pittsburg, Pennsylvania, have the contract for supplying two air locomotives and pipe connection. The total value of the plant to be installed is $25,000, and it is to be in working order in the mine in sixty days. It will be capable of handling 1,500 tons of coal in eight hours.

The referendum vote in connection with the recent agreement between the committee of the various unions and the company, which was considered satisfactory by both parties concerned in drawing it up, was voted on yesterday. The agreement was endorsed by the Morrissey union by a vote of 147—0 (unanimously). Michel rejected the agreement as it stood and appointed a committee to ascertain if some alterations could not be made. Fernie union, after a long session, practically came to the same determination as Michel. It is, however, believed that the alterations asked for will not lead to any serious results.

Colonel Tracey, of Vancouver, is here in connection with the water system.

GREENWOOD BAND'S BENEFIT

Splendid Concert Given in the Auditorium Last Night

(Special to The Daily News)

Greenwood, May 1.—On Sunday evening the members of Boundary Valley lodge, No. 38, I.O.O.F., paraded in a body to attend divine worship at St. Jude's (Anglican) church. About 70 members joined the procession which was headed by the Greenwood city band in full uniform, the whole making a very imposing array. The rector, Rev. Lawrence Amor, preached a sermon thoroughly in accord with the occasion dealing with the principles of the order. The service was full choral and much enjoyed by a very large congregation. The I.O.O.F. is a very flourishing lodge here and has upwards of 100 members in good standing.

Tonight the benefit concert advertised under the auspices of the city band was given in the auditorium. The house was packed and the greatest enthusiasm prevailed. The band was particularly happy in the choice of vocalists. The band has practised steadily for the event and the rendition of the large and varied program undertaken as their portion, showed signs of faithful practice and careful rehearsal. It is doubtful if another city exists in the west owning such a creditable aggregation of bandsmen as Greenwood does. While Mrs. McCutcheon's name appeared but once on the program, a great deal of the credit of the success of the concert from a vocalist's point of view, is due to the unfailing support of the accompaniments most of which were undertaken by Mrs. McCutcheon and Mrs. Sidney Oliver.

BRITISH NAVAL GUNS

London Daily Graphic Reiterates Charge That They are Worthless

London, May 2—The Daily Graphic this morning, citing as confirmation of its allegation that the heavy guns of the British battleships are practically worthless, the news from Hong Kong that the 12 inch guns on the Ocean and Vengeance will have to be replaced speedily, returns to the charge against the admiralty and gives a list of 13 first class battleships, all of which have had to send for repairs for one or more guns. The Daily Graphic says: "Since the total reserve of guns for ships is only one apiece, the whole reserve must at the present moment be either utilized or bespoken."

The paper further adds that the inefficien of these guns has been known to the admiralty for six months past and to all the admiralties of the world for six weeks, whilst the navy estimates have made no provisions for replacing defects in armament.

TO SUPPORT FRENCH POLICY

Object of British Minister Lowther's Visit to Fez

Paris, May 1—The British minister to Morocco, Gerhard A. Lowther, in the course of an interview with the Temps' correspondent at Tangier today, made the first official declaration that the purpose of his in Morocco. He said: "When I first arrived in Tangier, I did not expect to present my credentials to the sultan before the autumn, but under the present conditions I start for Fez in three weeks. My mission will not be merely to draw up a protocol. It will also embrace the questions under that clause of the Franco-British agreement in which the two governments mutually engage to lend their diplomatic support to the execution of that convention.

"My government is all the more desirous to fulfill this duty since the French proposition submitted to the sultan of Morocco strictly conforms to the spirit of the accord of April 8th, threatening the interest of no third power, guaranteeing the security of Morocco and providing for the gradual development of the country, without sudden transition."

Mr. Lowther's statement controverts the view of the German press that he goes to Fez merely to present his credentials.

FAMOUS KENTUCKY CASE

FOURTH TRIAL OF CALEB POWERS FOR MURDER OF GOEBEL

SENSATIONAL CRIME COMMITTED IN DECEMBER, 1900.

Georgetown, May 1—The celebrated case of Caleb Powers, former secretary of state of Kentucky and thrice sentenced to death for the murder of governor Goebel, came up for hearing in the district court here today and the fourth trial will proceed without delay. The fourth trial promises to be even more interesting than its predecessors. Former governor Black of New York, recognized as one of the foremost criminal lawyers in America, has been retained to conduct the defence and he will be assisted by former governor Yates of Illinois, and several other attorneys of prominence.

THE MURDER OF GOEBEL

William Goebel was shot on December 30, 1900, as he was approaching the state house in Frankfort, a few hours before arguments were to begin on his contest for the governorship of the state. Ten persons were arrested for the crime, including some of the most prominent republicans in the state. Ex-governor Taylor, who was suspected of being a party to the plot, fled the state, and has ever since remained a fugitive from justice. Another suspect was sergeant N. Wharton Golden, of the state militia, who confessed, implicating Caleb Powers, republican secretary of state; captain John Davis, W. H. Culton, Harland Whittaker. It was Golden who finaaly implicated James Howard who was indicted in April, 1901, along with "Tallow Dick" Coombs, Whittaker, Berry Howard, Powers, Culton, Charles E. Finley and Golden.

Powers was the first one tried and he was sentenced to life imprisonment, but obtained a new trial on the ground that the jury was unfair. After being convicted he was granted another trial, and in December, 1902 he made a public appeal for funds to carry on the third trial, which resulted in his conviction and sentence to death.

James B. Howard was found guilty in September, 1900, and sentenced to death. He received two new trials and the third time was seatenced to life imprisonment. Harry Youngsey, another of those implicated in the plot, was given a life sentence.

Just before the shooting of Goebel, W. S. Taylor had been declared elected governor of Kentucky, but Goebel entered a protest, and the state legislature, which under the Goebel law was the proper body to decide the matter, declared in his favor.

Thousands flocked to the scene of the shooting. Friends of the murdered man did not hesitate to implicate governor Taylor in the shooting. For days before Goebel was shot Frankfort was filling up with men from the mountains. Fearing bloodshed the governor called out the state militia, an act which further inflamed the anger of his enemies.

Frequent attempts were made by the democratic members of the legislature to meet and declare Goebel elected, but governor Taylor frustrated every move. Finally they went to Louisville and held a secret meeting, making Goebel the chief executive and J. W. G. Beckham, the lieutenant governor, governor. After Goebel's death Beckham succeeded to his claim, which was finally upheld by the United States supreme court.

Caleb Powers, whose fourth trial is now on, is about 35 years old. He was born on a farm in Knox county and was educated in the county schools. He was elected secretary of state by the republicans, and it was from his office that Goebel was shot.

SPOKANE'S MAYORALTY CONTEST

Spokane, Washington, May 1.—An unusually exciting municipal campaign closes today. The election is tomorrow. There are four candidates in the field for mayor, W. M. Acuff, republican, F. L. Daggett, democrat, H. L. Lilienthal, independent, C. H. Bungay, socialist. Acuff seems to have the best chances but great uncertainty exists, especially as to the strength of Lilienthal.

HOIST WITH OWN PETARD

St. Petersburg, May 1—A bomb exploded early this morning in an apartment house room occupied by two men. Both men were injured, one seriously. It is believed that the men were preparing the bomb for use when it exploded. An inquiry into the cause of the explosion is being made. A Russian mining student named Donbinner, who arrived in St. Petersburg two days ago, occupied the room. He received a visitor Sunday who spent the night with him. The visitor is in a hospital and Donbinner is under arrest. The evening papers do not mention the affair, and the police are trying to keep it secret.

ALASKAN BOUNDARY SURVEY.

Victoria, May 1.—The Canadian boundary survey party, which is to delineate the boundary as stated in the Alaskan boundary award, will leave for the north on Thursday, landing at the head of navigation on Portland canal and working thence northeast and north, following the line.

SEWING MACHINE PLANT BURNED.

Providence, R. I., May 1.—Fire early today damaged the plant of the Household Sewing Machine Company to the extent of about $1,000,000. The plant is owned by the Siegel, Cooper Co., of new York.

GEORGE GODDERHAM DEAD

Montreal, May 1—George Gooderham, died at his home here this afternoon. Death was caused by an attack of acute bronchitis.

CARONIA'S PRECIOUS CARGO.

London, May 1.—Sir Thomas G. Shaughnessy, sir Charles Rivers-Wilson and sir William Mather will be passengers on the steamer Caronia, sailing from Liverpool tomorrow for New York.

JUNO MINE TO RESUME

Negotiations Completed for Use of Athabasca Mill and Venus Tram

Mining Operations Commence Next Monday and Mill Will Likely be Running the Following Week

The Juno mine will be reopened next Monday. Another week will see the Athabasca mill at work. These statements were made last evening by M. S. Logan, manager of the Juno mine. J. J. Campbell, receiver for the Athabasca-Venus Company, reurned from the east last evening. He immediately communicated to M. S. Logan the fact that questions that had been the subject of negotiations were settled, and that nothing remained but to sign necessary documents. Feeling at length at liberty to speak, as the Juno company's plans are no longer in doubt, Mr. Logan said:

"The long delay in commencing operations has been due chiefly to the number of interests that had to be consulted. We wanted the Athabasca mill, and we wanted to use the tunnels and tram on the Venus ground. We had to negotiate with three different parties, the receiver for the Athabasca, Hon. R. G. Tatlow, the directors of the Venus in Toronto, and J. J. Campbell, receiver for the Athabasca-Venus.

"On my recent trip to the coast I conferred with Hon. R. G. Tatlow and secured the mill. J. J. Campbell, who was going east on other business, saw the Venus directors in Toronto, and I got some of the Juno directors to go from Montreal to Toronto to confer with them. Everything was satisfactorily arranged and every obstacle to the operation of the Juno mine is now removed.

"Yes, I can tell you our plans now. Work at the mine will begin next Monday. I'm not quite sure how many men will be employed at first; between 20 and 25. We have the privilege of using the tunnels of the Venus mine and that part of the tram line which is on Venus ground.

"I think it is safe to say also that by Monday, the 15th of May, there will be enough ore in the bins to warrant the operation of the mill to treat the ore."

VOLCANIC TO BE WORKED

Sunset Mine, Financed by Underwood Duncan to Start up

(Special to The Daily News)

Greenwood, May 1—"Crazy" Brown, the owner of the famous Volcanic mine on the north fork of the Kettle river, about 12 miles above Grand Forks, is in the city today. To your correspondent he said that he expected to have all arrangements completed soon whereby the big showing can be worked and thoroughly proved. He also said that the Sunset mine on Copper mountain in the Similkameen country, in which he is also interested, had been heavily financed by Mr. Underwood, president of the B. C. Copper company, and associates, and that they had agreed to start work on this property on or before June 1st next.

Dr. Averill of Grand Forks, is also interested, and the news of the successful conclusion of the deal will be learned with much pleasure by his friends.

In conversation with the bonders of the Duncan, the details of which appeared in Sunday's issue, your correspondent was informed that they had to get to work on the property by the 12th instant. They intend leaving at once for the claim to start active development work. It appears that the Sally lead and the Bounty lead, which as already stated, are both on the Duncan, parallel each other and are dipping towards each other so rapidly that Mr. Henderson says he thinks that it is really one vein at depth. An assay of some of the rock, picked at random, gave values of $790 to the ton. The ore is argentite and very rich.

CHIEF COMMISSIONER ON TOUR

Hon. R. F. Green, chief commissioner of lands and works, arrived from the coast last evening and leaves for Kaslo this morning. He informed a reporter of The Daily News that his trip was not a special mission in any sense, but that he intended to visit all parts of Kootenay and keep himself informed as to the needs of the district. After a few days at home he will visit Trail and Rossland and then go to East Kootenay.

The only news the minister had to divulge was a retirement from and an appointment to the service of his department. B. H. John, chief clerk of the lands and works department for many years, has resigned. E. A. Wilmot, former city engineer of Victoria, lately in the service of the department at Chilliwack, has been appointed inspector of dykes under the new dyking act, and will assume his duties at once.

JUSTIFIABLE HOMICIDE

Lancaster, May 1—The inquest on the dead bank robber was concluded today when the jury brought in the following verdict: "We find that the deceased, an unknown man, came to his death from a bullet wound fired from a revolver, presumably in the hands of teller Von Metzk in the discharge of his duty, and we find that he was perfectly justified in firing the shot or shots."

FOREST PRESERVATION.

"Not the least important and urgent of the questions before the provincial government is the establishment of a proper system of forest protection and administration. Although vast potential wealth has already been dissipated, partly in consequence of the exigencies of early pioneer life, and latterly and chiefly by the foolish and wasteful method of disposing of timber limits, much yet remains, which, if wisely and prudently conserved, will be an enduring source of revenue to the province. The value of forest lands was never greater than it is today, in great measure owing to the deforestation which, for centuries, has proceeded unchecked."

The above paragraph was clipped from an editorial in the Toronto World on the subject of "Forest Administration Reform," and refers, of course, to the Ontario provincial government, but both the strictures and the recommendations therein contained are equally applicable to our own provincial government.

If the system in vogue in Ontario of disposing of timber limits can fairly be said to have been foolish and wasteful, what language strong enough can be found to characterise the methods in force in this province?

The Toronto World, in the same article, commenting upon the amended license regulations in Ontario, says:

"Renewals are now limited to 10 or 15 years, with a ground rent of from $3 to $5 per mile, and dues of $2 per thousand feet in logs, and on square timber, from $20 to $50 per thousand feet cubic. The lessees are thus encouraged towards the end of their licences to cut everything on the limit worth $2, with the result that it is left on the hands of the province ruined. If the price were fixed at $7 per thousand feet cut, the lessees would not cut anything worth less than $7. The simple fact is, the matter of forest administration has never been tackled in a comprehensive and businesslike way under the guidance of experts who thoroughly understand the subject, who are conversant with the systems in force in other countries, and who can adapt them to local conditions. Reformation is emphatically required, in the best interests of the province and of the lumbermen themselves, and it demands the immediate attention of the government."

The timber license regulations of this province have recently been amended and the amendments neither make for the conservation of forest wealth nor the enrichment of the provincial treasury. We can re-echo the remarks of the Toronto World and say, "Reformation is emphatically required, in the best interests of the province and of lumbermen themselves, and it demands the immediate attention of the government."

EDITORIAL NOTES

Earl Grey, our new governor-general, is keen to see the scheme of municipal saloons inaugurated by him in England given a trial in Canada. Replying to an address from a delegation of Methodist ministers at Toronto the other day, lord Grey said: "With regard to strong drink, I presume all you gentlemen are teetotalers, so I need not mince words. I want to say that I think you will make little headway against the evil until you succeed in eliminating the element of personal profit from the liquor traffic. Make your saloons clubs, as is done with the greatest success in parts of England. If the law in this country is that you give a common license to a man to make all he can out of the sale of liquor, you members of the ministry ought to work to bring about a change of method, and make it impossible for any man to try to push the sale of liquor for profit. In other words, legalize liquor; let the government or the municipality take hold of the saloons and make clubs out of them, and future generations will be grateful to you."

Earl Grey is alive to other matters of moment to Canada besides the liquor question. He recognizes the enormous possibilities of Canada's future trade with the Orient and in reference to one phase of this prospective trade his remarks do credit to his foresight. "I would ask you," he said, "to consider how the results of the Japanese experiments with bread affect the future of Canada. The question of importance for Canada is whether a diet composed of wheaten bread or rice is most nourishing. I am informed that the government of Japan has arrived at the conclusion that wheaten breat is a more vigor-producing and health-sustaining food than rice, and orders have been given that the sailors of the Japanese navy and the soldiers shall in future be given the equivalent of half their rice rations in the shape of bread. You may thus, I think, take it for granted that we are on the eve of a growing demand for flour and wheat, which will grow to enormous dimensions at first from Japan, and later on from the great continent of which Japan is only the porch. Now, as Canada produces the best wheat that is grown on the North American continent, it is in her power to secure for the farmers the privilege of supplying an apparently immeasurable market, and Japan in return for your wheat will give you tea and silk and other products. It must be obvious, if what I say is correct, and it cannot be disputed, the potential markets which you command across the Pacific, for the products of your wheat fields mean an increase in value of every acre of your land."

A GOOD FAMILY LINIMENT

Every family should be supplied with a bottle of *Chamberlain's Pain Balm.* For cuts, bruises, burns, scalds and similar injuries, which are of frequent occurrence, it is the best. It soothes the wound and not only gives instant relief from pain, but causes the parts to heal in about one-third the time required by the usual treatment. As it is an antiseptic all danger from blood poisoning is avoided. Sold by all druggists and dealers.

LUMBERMTN'S MEETING

The regular monthly meeting of the Mountain Lumbermen's association was held in Nelson yesterday afternoon at the Strathcona hotel. There were present C. V. *Jones, Golden, president;* W. F. Gurd of Cranbrook, secretary; T. Ludgate, W. Armstrong, Arrowhead; J. W. Fenton, A. Leitch, Cranbrook; A. Shields, Enderby; W. C. Wells, Palliser; J. Deschamps, Rossland.

The secretary and many other members stated afterwards that the matters discussed were all of a routine nature. Complaints of dealers were heard and dealt with. Prices were considered, but no changes were made. *Many subjects of* interest to the lumbermen were disscused at length, but no definite action was taken. The association will meet in Nelson regularly every month hereafter.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal *suit of hair. Sold by leading druggists.* Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

WORKING WOMEN

Their Hard Struggle Made Easier—Interesting Statements by a Young Lady in Quebec and One in Beauport, Que.

All women work; some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are *on the never-ceasing treadmill,* earning their daily bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties, in many cases, quickly drifts them into the horrors of all kinds of female complaints, ovarian troubles, ulceration, falling and displacements of the womb, leucorrhœa, or perhaps irregularity or suppression of "monthly periods," causing backache, nervousness, irritability and lassitude.

Women who stand on their feet all day are more susceptible to these troubles than others.

They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to *some derangement of the female organism.*

Mlle. Alma Robitaille of 78 rue St. Francois, Quebec, Que., writes:

Dear Mrs. Pinkham:—

"Overwork and long hours at the office, together with a neglected cold, brought on a very serious female trouble until finally I was unable to go to work. I then thought of a friend who had taken Lydia E. Pinkham's Vegetable Compound when her health was in the same condition that mine was, and *straightway sent out for a bottle.* I finished that and took two more before I really began to improve, but after that my recovery was very rapid, and I was soon well and able to go back to work again. I certainly think *your medicine for sick women worthy of* praise, and am indeed glad to indorse it."

Miss Clara Beaubien of Beauport, Quebec, writes:

Dear Mrs. Pinkham:—

"For several years I have suffered with Leucorrhœa, which has been a serious drain on my vitality, sapping my strength and causing severe headaches, bearing down pains *and a general worn out feeling,* until I really had no desire to live. I tried many medicines, but did not get permanent relief until I took Lydia E. Pinkham's Vegetable Compound. In two months I was very much better and *stronger, and in four months* I was well, no more disagreeable discharge, no more pain. So I have every reason to praise the Vegetable Compound, and I consider it without equal for the ills of women."

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for all these troubles. It strengthens the proper muscles, and displacement with all its horrors will *no more crush you.*

Backache, dizziness, fainting, bearing down pains, disordered stomach, moodiness, dislike of friends and society—all symptoms of the one cause—will be quickly dispelled, and it will make you strong and well.

You can tell the story of your sufferings to a woman, and receive helpful advice free of cost. Address Mrs. Pinkham, Lynn, Mass.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

It's the Kidneys

Close the sewers of a city and an epidemic rages. The kidneys are the sewers of the body. Let these vital organs become diseased and the whole system is affected, dizziness, headache, dull, listless feeling, shooting pains in the back, tell that the kidneys are in trouble, and a neglect of nature's warning means uric acid poisoning and dreaded Bright's disease.

GIN PILLS

make kidneys healthy. They instantly relieve all Kidney Troubles—clear, heal, purify, strengthen—put the Kidneys in perfect condition to perform their work as nature intends.

We have such implicit confidence in the virtues of Gin Pills that we authorize druggists to refund the money if they fail to cure.

At all druggists, 50c box, 6 boxes for $2.50 —or direct from

The BOLE DRUG CO., Winnipeg, Man.

CHARGED WITH ROBBERY

JOHN REGAN COMMITTED FOR TRIAL AT NEXT ASSIZES

POLICE MAGISTRATE'S BUSY DAY—MINOR CASES

After two sittings of the police magistrate's court yesterday John Regan was committed for trial at the next court of competent jurisdiction on the serious charge of robbery. The circumstances attending the alleged commission of the offence are peculiar. The complainant, Alex. Dawson, and the prisoner, had been drinking together Friday afternoon, after their meeting for the first time. They strolled down the C.P.R. track below the station to take a free bed in a box car. There the trouble began and there begins the conflict of evidence. Dawson alleges that during successive scuffles he was robbed by Regan of a purse containing at least $5. His evidence is corroborated only by the signs of a scuffle seen by chief of police Jarvis when he accompanied Dawson to the scene of the alleged robbery. Regan declined to make any statement before his trial and has not chosen between a speedy trial and the next assizes.

The court sat first at 10 o'clock in the morning. A woman charged with being an inmate of a disorderly house, pleaded guilty and was sentenced to 60 days.

One Miglio, accussed of assault, was remanded to this afternoon to 2 o'clock. Regan, charged with robbery was then called. He pleaded not guilty and asked for an adjournment to give him an opportunity to secure legal assistance. An adjournment was accordingly granted until 2 o'clock.

When the session was resumed, Regan appeared, still without counsel, and conducted his own case. Chief Jarvis conducted the prosecution and called Alex. Dawson, the complainant, as witness.

Dawson told his story with some hesitation but adhered to all his statements. He said that he first met Regan Friday afternoon, April 28, about 4:30, on Vernon street, near the Klondyke hotel. There were three others present whose names he does not know. They went over near the Grand View hotel and the five of them drank two and a half pints of beer. Then they went down the C.P.R. track and walked towards the railway station. He and Regan were ahead. They lost track of the others and he has not seen them since. From the station they walked up to the Sherbrooke hotel and got a 50 cent flask of whiskey. Returning to the railway track they entered a box car and tried to sleep.

There a scuffle began. According to the witness, Regan took his watch, but he got it back later. Regan tried also to search his pockets but did not succeed in taking anything. He, the witness, got out of the car and they went past the cattle enclosure and down to the river. Witness wished to return to the city but was prevented by Regan, who dragged him towards the river. They sat down by a tree. Regan drank and offered the flask to Dawson, who put it to his lips but did not drink. He was again assaulted. Regan then took out a coin and offered it to witness who accused him of taking a loose 50 cent piece from his pocket. Regan gave him the coin, which was produced in court. It was a copper penny. They then retured to the city and Dawson informed the first policeman he met of what had occurred. His purse was gone, he was sure he had it before the last struggle and that it contined at least a $5 bill. He thought it also contained a $1 and a $2 bill, but was not certain.

The prisoner then undertook a cross-examination and showed himself quite at home at the task. His questions made the witness hesitate but did not shake his evidence. To him, Dawson admitted telling the crowd at the beginning that he had only enough money to pay his board until Monday, and explained that he did not wish to tell strangers how much money he had. He denied intending to catch a train for Fernie, though he admitted that the plan had been discussed. His motive in going to the station was Regan's suggestion that they could find there a "good bed for nothing."

He remembered handing Regan $1 to get the flask of whiskey but denied the receipt of 50 cents change. He admitted that the origin of the disagreement was that he became sick in the box car with consequences unpleasant to Regan. He maintained that during the scuffle Regan searched some of his pockets. He denied any attempt on his part at a reconciliation and repeated that he had gone to the river under compulsion. He adhered to his statement that Regan had searched his pockets and said that he had no money left but the penny that had been given to him for a 50 cent piece.

To the magistrate he said he was from Scotland and had been in Nelson less than a fortnight, he is a laborer by occupation.

Chief Jarvis told of Dawson's complaint to him, and his visit to the scenes of the alleged robbery. He found unmistakeable signs of a man having been rolled on the ground.

Regan declined to make any statement, and was committed for trial.

GRAIN AND STOCKS

Slight Improvement in Prices Marked Yesterday's Trading

There was a slight improvement in prices today over Saturday's close. Quotations were from 1-2 to 1 point higher than Saturday's close and continued upward. Although the market looks stronger and better, dealers feel that the market is a sale on any rally. Of course there has been considerable of a break and it will be natural to expect that prices would go much higher, but in view of the fact that there is trouble between the Hill-Morgan and Harriman interests, it is more than probable that there will be a clash on or before May 5, consequently we do not look for higher prices to continue for any length of time. St. Paul opened at 171 and closed at 173 1-4; Union Pacific, 119, 121; L. & N., 14-1421.35 fllw e shdrl s dhrulmyfpwc fiiffi 145 1-2; C.P.R., 146 5-8, 149 1-4; Pennsylvania, 137, 139 1-4; and in fact the whole market increased in value to about the same extent as these prices.

The grain market was stronger today than it has been for some time. July wheat opened at 82 and closed at 83 1-4; September wheat opened at 78 7-8 and closed at 79 3-4. Corn, oats and provisions were strong.

WHY SUFFER FROM RHEUMATISM

Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett of Yum Yum, Tennessee, writes: "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by all druggists and dealers.

CARD OF THANKS

To the members of St. Paul's Sunday school, the Epworth League and the Nelson High and Public schools, as well as all other friends who have shown kindness and respect to our daughter, Ida Teresa, and sympathy to us in our bereavement, we wish to express our sincere and heartfelt thanks,

MR. AND MRS. E. RAMMELMEYER

CHAMBERLAIN'S COUGH REMEDY THE VERY BEST

I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cold or cough in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by all druggists and dealers.

TARBELL STAYS

M. S. Parry, who began his duties yesterday as manager for the Equitable Life Assurance company in British Columbia and Alberta, has received the following telegram: "The published report that I am contemplating resigning from the Equitable and forming a new company is absolutely false,

"GAGE E. TARBELL.

A GOOD SUGGESTION

Mr. C. B. Wainwright of Lemon City, Fla., writes the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pains in the stomach, colic, cholera morbus by taking it in water as hot as can be drank. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly. For sale by all druggists and dealers.

COUNTY COURT TODAY

List of Cases—Motions in Chambers and Examinations

In chambers yesterday morning his honor judge Forin heard and granted two applications for letters of administration in the estates of deceased intestates.

E. C. Wragge asked for the appointment of an official administrator for the estate of Josiah Fletcher, deceased. The value was sworn to as follows: Personal estate, $700; mortgage, $100; cash $77.85, a total of $877.85, and small household effects. An order was made accordingly.

In the matter of the estate of John Carey who died intestate, P. E. Wilson applied for letters of administration for Charles A. Prosser for a hotel at Poplar owned by the deceased. Patrick Carey and wife, parents of the deceased, concurred in the application, which was granted.

In the afternoon William Campion and Leonard Goley, employees on the street railway were examined in connection with the action of Paul Nipou for damages against the Nelson Electric Tramway Co. Both testified that the gong was rung many times. The case will be in the civil list at the assizes.

Many applications will come up within the next few days in connection with the spring assizes. S. S. Taylor, K.C., has given notice of application for juries in six civil cases.

Sittings of the county court open this morning before his honor judge Forin. The docket is a very lengthy one. It includes four applications for naturalization, four judgment summonses, four interpleader cases, eight adjourned cases and five new cases. The interpleader cases are all by R. M. Perdue, and in each case S. F. McKay is the original defendant. The new cases are: John Keen vs. S. F. McKay, S. A. Kelly vs. Louisa, Elizabeth and M. J. McPeak, W. S. Porney vs. the Rathmullen Mines, Limited, McClure and others vs the Athabasca-Venus and J. Chism vs. B. Crilley.

Monkey Brand Soap removes all stains, rust, dirt or tarnish—but won't wash clothes. 26

Fruit and Farm Lands

For Sale
In the
Famous Kootenay Valleys

I can sell you choice fruit lands in 10, 20, 40, 80 or 160 acre blocks at

Ground Floor Prices

I do not offer for sale any fruit land that I have not personally examined. I guarantee every block to be as good as represented, and having sold a large portion of the land now being brought under fruit culture in this district, I would be safe in offering any man his money back with 10 per cent interest, who is not satisfied with his purchase. Not one would do it, because they can double their money.

I have nice fruit lands across the lake from Nelson only one mile from the city. I have choice lands in the famous

Crawford Bay District

On Kootenay Lake
On Kootenay River
On Slocan River
On Slocan Lake
On Arrow Lakes
On Columbia River

In Fire Valley and Creston

districts, and several partly improved farms. Wild land suitable for stock ranges, and timber lands that I have cruised myself. Write me for free pamphlet and terms of payment, and

NELSON'S NEWS OF THE DAY

Born last evening, to the wife of J. E. Annable, a son.

A. H. Gracey and Mrs. Gracey arrived from Spokane last evening and are at the Strathcona.

A. B. Docksteader of this city, has been appointed Kootenay correspondent of the dominion government Labor Gazette.

Dr. J. H. Hamilton left last evening, after a brief visit to his home in Nelson, to return to his duties at Arowhead.

James McDonald and W. C. McLean returned last evening from their trip through the Nicola valley and Similkameen.

Ben Hur Sanctorum of the order of Humility and Perfection, meets in the lodge room of the I.O.O.F. tomorrow evening.

The Nelson band gives a dance this evening in Fraternity hall. It is a continuation of a series that was dropped during Lent.

J. T. O'Connor reported to chief Sargent at the fire hall yesterday at noon. He takes the place of Samuel Coulter, who has been discharged.

Mrs. P. H. DuMoulin left last evening by the C.P.R. for Kelowna, where Mr. DuMoulin is manager of the branch of the bank of Montreal.

A special meeting of the city council will be held this morning at 10:30 to discuss the payment of interest on the electric light debentures.

C. D. Blackwood, registrar of votes, held a court of revision yesterday. Several names were added to the provincial voters' list. No objections were made.

The number of passengers carried on the city's street railway last week was 1698; the receipts were $91.70. Receipts to date for the year are $1613.06.

J. E. Annable sold a 40 acre block of fruit land near Creston yesterday to F. C. Hunt of Wichita, Kansas. The price was $700.

The only mining records made yesterday were certificates of work to William Allen on the Black Hawke, and to Annie Moore, through her agent, William Moore, on the Cliff.

At the regular meeting of Nelson lodge K. of P. in the hall this evening, after the conferring of degrees on several new members, business of importance will be considered.

Robert Walmesley has been chosen by the local trainmen to represent them at the annual convention of the order, which will meet in Buffalo, on the 15th of the month.

A great deal of interest is being taken in the Gun club this season and the membership roll is growing apace. Hereafter the club will hold weekly shoots on Saturdays, weather permitting.

Wilmot B. Steed, son of George Steed of this city, and an ex-pupil of the Nelson high school, has returned from Toronto, where he has finished his second year in the Ontario dental college.

Kootenay lodge, I.O.O.F. turned out in force Sunday morning for parade to St. Paul's Presbyterian church, where Rev. J. T. Ferguson preached to them, praising their ideals of friendship, love and truth.

F. S. Roberts, late janitor of the Methodist church, and an old resident of Nelson, died last night at 9 o'clock at the Kootenay Lake general hospital. He had been taken there Sunday.

At the meeting of Kootenay lodge, I.O.O.F. last evening, George Motion and R. McLean were appointed delegates to the grand lodge which meets in June at Ladysmith. W. H. Smyth and F. J. Squire are alternate delegates.

The opera house was crowded last evening for the May day festival. The program as published was given in full with the exception of the quartette. Every feature was well received and the affair was a brilliant success. After the concert Success club hall was crowded with dancers for several hours. Irwin's orchestra furnished acceptable music.

The funeral of Miss Ida Rammelmeyer took place yesterday afternoon at 2 o'clock. The pall bearers were chosen to represent the high school, the Presbyterian Sunday school and the Epworth League. The pupils of the high school and the senior divisions of the public school attended in a body. The floral tributes were very numerous and beautiful.

Percy Godenrath, representing the the Victoria Week, is in the city. He is touring the whole of the province in the interests of that paper, writing up all matters and places of interest. He will devote some space to the beauties and attractions of Nelson and will give special attention to the fruit industry of the Kootenay country. After a short stay here Mr. Godenrath will visit the Boundary district.
