STEAMER OVERDUE

Has Over One Hundred Passengers and Forty of Crew on Board

Twenty-two Days Out From the Azores and Not Sighted by any Vessel Arriving From Mediterranean Points

New York, July 3.—No news of any kind has yet been received of the Fabre line steamer, America, which sailed from Marseilles June 3rd for this city carrying 150 souls, 110 of whom were passengers, and 40 comprising the crew. Apprehensions for the safety of the steamer was expressed in shipping circles today. Relatives and friends of those aboard the belated steamship for days have been making inquiries at the offices of the agent of the ship, but no information concerning the vessel has been given them. The hope has not been abandoned by the steamer's agent, who explains that she likely has become disabled by a breakdown of her machinery or by the loss of her propellor.

It was June 11 when the steamer left the Azores and she should have come into port here in nine days with good weather. Twenty-two days have passed and the vessels arriving from Mediterranean ports have not sighted the America. The Germania, of the same line, sailing from Marseilles and Palermo over the same track, reported on her arrival here last Friday that she had seen nothing of the America.

Today the Madonna, also of the same line, came into port from the Mediterranean, but nothing of the America was seen on the trip.

The anxiety as to the fate of the steam ship was increased today when it was learned from the hydrographical bureau that a derelict for some time had been directly in the path which the America would take after leaving the Azores. It is the dismantled schooner Lizzie Chadwick, which was reported in latitude 38, longitude 38 on June 7, a point about 400 miles due west of the Azores. The Maritime Register, in reporting her, said that she was "in a position dangerous to navigation."

VICTIMS OF TRAIN WRECK

Public Funeral to Rev. E. L. King—Whole City in Mourning

Salisbury, England, July 3.—The city today gave a public funeral to Rev. E. L. King, of Toronto, one of the victims of Sunday's disaster. All the shops put up their shutters and citizens lined the route to the ancient cathedral of Salisbury, where the first portion of the burial service was read. The mayor and corporation marched in the cortege as well as representatives of the American line and the Southwestern railway.

The bodies of all the other victims of the wreck were removed in the course of the day from the waiting room of the railway station, which has been used as a temporary motuary, and some of them were sent by train to Southampton, where they will remain until July 14, when the steamer New York, on which they came over on their fateful voyage will re-convey the bodies to America. Others have been taken to London, preparatory to ultimate transhipment to New York.

MAILS FOR ENGLAND.

Montreal Exporters Want a Twice-a-Week Service.

Montreal, July 3.—Not satisfied with Thursday's mail from Montreal for England, members of the Wholesale Produce association will petition the government for a supplementary mail via the Dominion line steamships, which leave Montreal Saturday morning in each week.

Large shippers between Canada and Great Britain claim that they are badly inconvenienced by mail proceeding from this side on the Thursday or even Friday, as the heavy portion of their shipments go out on vessels sailing from this port on Saturday, and invoices and other documents, which must arrive on the other side before cheese, butter and other commodities can be handled, cannot be mailed until the goods are on board ship.

EASTERN CANADIAN HAPPENINGS

Baby Killed on York Street, Toronto—Vengeance Upon a Chum.

Toronto, Ont., July 3.—The 18 months' old child of W. Billets, a second hand dealer on York street, was instantly killed this morning by a coal car. The baby was playing on the curb and was struck by the hoof of a horse and rolled under the wheels, which passed over it, killing it instantly.

Breslau, Ont., July 3.—Hermon Bregger, aged about 21 years, was drowned Sunday evening while bathing in Grand river.

Brampton, Ont., July 3.—Because he thought the evidence of his chum was directed more to conviction than to clear himself for having struck William Johnston, a barber of this place, on the head with a whiskey bottle, for which he had to serve a sentence of thirty days in jail, Scotty McDonald early yesterday morning attacked John McDonald (his chum) with a hammer and pocket knife, and then gave himself up to the police. The latter is now in a serious condition; the knife having penetrated his abdomen and lungs.

St. Hyancinthe, Que., July 3.—At the opening of the court of the king's bench this morning, Mr. justice St. Pierre pronounced sentence on LaPointe, alias DeSautels, found guilty of manslaughter for killing Mrs. Gendreaux, St. Pie, Bagot county, on the night of April 14, last. After a most caustic reprimand from the judge, LaPointe was sentenced to 20 years in the penitentiary.

It will be recalled that on the night of April 14, last, LaPointe met Mrs. Gendreaux in the village of St. Pie, between 9 and 10 o'clock at night, and in an altercation which followed, strangled her. The body was found in the morning lying in a highway about half a mile from the village.

ZULUS ON THE RAMPAGE

Johannesburg, Transvaal, July 3.—A series of native outrages culminating Monday night when a band of desperadoes, shouting the rebel Zulu chief Mambaata's name, and terrorizing the southern suburbs of Johannesburg, attacked a number of whites, stabbing them with assegais, and robbing them.

The whites included Mr. Maddison, a Wesleyan minister, who with some others, is in a precarious condition.

SAUSAGE TRADE INJURED

ONE OF EFFECTS OF AMERICAN TINNED FOOD SCARE.

VEGETARIAN RESTAURANTS DOING A ROARING TRADE.

London, July 3.—The American tinned food scare has had an extraordinary effect on all classes in London. Sausage makers who do as a rule a thriving trade all the year round, even in hot weather, are complaining bitterly of the absence of business. "Sausage and mash," price two pence, is the standing midday dish of thousands of workingmen and city clerks, but these now refuse to eat them, and ask for vegetable soup or bread and cheese. The sausage scare is only a temporary one, but the tinned meat panic is likely to last for many months, and has already affected some of the best packing houses in London. The most remarkable result of the scare is the fact that two more vegetarian restaurants have been added to the 20 already existing in London, and which are crowded to suffocation at luncheon daily. The restaurant opened recently by Eustace Miles, the tennis champion and vegetarian, is doing a roaring trade. Society people have taken to eating imitation chops, a la Miles, made according to his recipe, with fresh vegetables.

VAN HORNE OWNS IT ALL.

Sir William the Whole Thing Now in Cuban Railroads.

Montreal, July 3.—The Cuban senate has passed the Van Horne railway subsidy bill, appropriating $6000 a kilometre for the construction of twelve branch railway lines, with feeders for the Van Horne system. Subsidies will be paid at a rate not exceeding $500,000 annually until all roads are completed.

There has been considerable opposition to the bill, but it was taken up and passed in the absence of the strongest advocate of the amendment providing for public bidding.

The senate refused to amend the bill in this particular.

President Palma has decided to approve the bill on the ground that the country owes a debt of gratitude to sir William Van Horne for building the main line of the Cuban railway.

This measure gives the Van Horne people full control of the transportation situation in central and eastern Cuba.

TO LOCATE NORTH POLE.

Party Under Socialist Principle Expects To Travel in Harmony.

Copenhagen, July 3.—A daring Arctic expedition equipped with the most up-to-date appliances has left here for Greenland.

It is under the leadership of L. Mylius-Erichsen, who has already explored Greenland. The fund has been raised by public subscription aided by a government grant.

Landing on the east coast of Greenland as far north as possible, the expedition will travel in dog sleds to the northernmost point of that country, which Mylius-Erichsen considers the best jumping off place for the quest for the north pole.

The most important part of the expedition and the most daring is the plan of exploring the interior of Greenland with skis, dog sleds and automobiles after returning from the polar journey.

With a European companion and two Greenlanders, the intrepid explorer intends to penetrate the unknown "icedome" of the interior, which rises to 10,000 feet above sea level.

This ice-dome is supposed to be the coldest region in the north hemisphere, being entirely devoid of animal and vegetable life and man cannot live there in the coldest season.

March, April and May, 1908 have been chosen for this enterprise, so that the warmer season may be taken advantage of.

The Denmark, Mylius-Erichsen's ship, will be equipped with wireless appliances, motor boats and finest scientific instruments. Twenty-two Danes and two Germans compose the personnel of the expedition, which includes, besides the officers and crew, scientists, artists and members of former Greenland expeditions.

A novel feature of the organization is that every man will be on an equality with his fellows, and will receive the same pay, etc. This is, perhaps, the first time that socialistic ideas have been put in practice among the members of an exploring party.

FAMOUS CHURCH BURNED

ST. MICHAEL'S IN HAMBURG IS TOTALLY DESTROYED.

FALLING STEEPLE SET FIRE TO SCORES OF HOUSES.

Hamburg, July 3.—The great church of St. Michael, with its tower and spire, 426 feet high, was totally destroyed by fire today. The tower in falling crushed several neighboring houses, and they caught fire. Three workmen, who were repairing the church, were killed.

The fire broke out in the steeple where workmen were repairing the clock, and it is supposed to have been due to carelessness. It spread rapidly and the steeple fell in less than 40 minutes.

The firemen fought desperately to check the flames, and remove the inmates of the burning homes. A strong wind was blowing.

Few of the gold and silver treasures were saved. When the steeple fell, thousands of spectators gave vent to groans that were audible above the roar of the flames. A Baptist church was also destroyed. In all 120 houses were entirely destroyed. Twenty persons are missing. The firewatchman who lived in the steeple, sounded the electric alarm, but his retreat was cut off.

Thirty firemen were wounded, two of them dangerously.

Late tonight the fire was still burning, but it was under control.

DENIED GIRL OF CHOICE

MILLIONAIRE'S SON ENLISTS IN THE ARMY

THREATENED WITH DISINHERITANCE IF HE MARRIED HER

New York, July 3—The relatives and friends of Charles Rogers, son of W. J. Rogers, the millionaire president of the Borden Condensed Milk company, have received word from him informing them that he has enlisted in the United States army. He is serving as a private in the 15th cavalry, stationed at Fort Ethan Allen, Vermont.

He disappeared about two months ago and his unexplained absence alarmed his family and friends. But their astonishment to learn that he is serving as a private in the army at $13 a month, is surpassed only by their joy in knowing that he is alive and well.

A blasted romance, it is said, is the cause of the young man's forsaking the enjoyments of great wealth for the hard life of a common soldier. He is said to have been desperately in love with Miss May Leslie, an actress, and to have been determined to marry her. His father, it is said, threatened to disinherit him if he carried out that intention, and as a warning cut off his allowance. The young man said he would marry Miss Leslie in spite of parental objections, but for some reason unknown failed to do so. The engagement was broken and the young man, grieving over the blighting of his romantic hopes, vanished from ken.

So shaken was he by his disappointment that it was feared that he might have thought of making away with himself. Some of his friends ,however, thought he had gone on a long sea voyage and would return restored in health.

Members of the young man's family refused to discuss the affair. Miss Leslie, who is living with an aunt at east 125th street, said: "It is true that Mr. Rogers has joined the army, but I do not see why I should be questioned about him. We are no longer engaged and I do not feel that I have any right to discuss Mr. Rogers' affairs."

When only 17 years of age Miss Leslie was married to Mortimer W. Thompson. She heard, however, the "call of the stage" and joined a theatrical company. This did not meet with the aproval of her husband and his family and the result was that the couple separated. Then she obtained a divorce and she was a member of the Wonderland company, playing in the Majestic theatre, when she met Rogers.

The young man fell in love with her and soon after the meeting the engagement was announced. This came as a great shock to Rogers' parents and the father told his son that if he married the actress he would cast him off.

MISS BOOTH RECOVERING.

New York, July 3.—Commander, Miss Evangeline Booth, of the Salvation Army, who has recently been suffering from an attack of pleurisy is reported to be gaining rapidly, and it is said she will be strong enough in a few weeks to undertake a trip to England to consult with her father. She had intended to sail last week but the trip was deferred on account of her illness.

ANTI-USURY BILL

Ottawa, July 3.—The anti-usury bill passed through committee today and was reported.

The Yukon placer mining bill as received from the senate also passed. The senate amendment was adopted.

CONDITIONS IN CONGO

Subject of Strong Speech in House of Lords by Lansdowne

Claims of King Leopold of Belgium Said to be Humiliating to Other Nations.. Abuses Must be Stopped

London, July 3.—In the house of lords today, the question of the Congo Free State was discussed. Lords Fitzmaurice, Lansdowne and others complained that the recent decrees gave no real security for the effective administration of justice, and commented on the apparent apathy of the powers.

Lord Lansdowne, in a striking speech, said the attitude of the Congo independent state had been unsatisfactory throughout and could never be more unsatisfactory than now.

He scarcely could believe, he said, that the powers would acquiesce in the claims of sovereignty of the Congo independent states in the shape it has been recently presented. Nothing could be more humiliating to other nations.

"If the abuses are continued, we should claim our right to appoint consuls in the Congo," lord Lansdowne added. He said he thought the time opportune for the signatory powers at Berlin to act, and hold another conference to consider the whole question. Personally he should be delighted to see the Congo state transferred to the Belgian government.

The claim referred to by lord Lansdowne was contained in the recent statement made by king Leopold of Belgium in the official bulletin and which, in part, read as follows:

"The burden and responsibility for this state have fallen upon me alone and the constitution of the state is my personal achievement.

"The powers gave the birth of that state their blessing, but they can prove no right to intervene. I am proclaiming my rights aloud, so that they may not lapse. Belgium possesses no right to succession except those which emanate from me.

"It has been said at various times that atrocities of many kinds have taken place, but the reports which have appeared in sensational newspapers have all been maliciously exaggerated. I will not try to deny that the natives may have been subjected to injustice and sufferings but only such which are inseparable from all human work.

"I am doing and intend to do all that I can to benefit the welfare of the inhabitants of the Congo. It is my intention that the state shall be developed by railroads and other means, and for this purpose I will issue bonds as the necessity arises.

"I am determined that the sleeping sickness shall be stamped out and for the necessary investigation I will sign a credit of $600,000 and I will beside give a reward of $400,000 to the man who succeeds in doing it.

"Belgium shall not be able to annex the Congo, but when I die I shall leave the state to the kingdom of Belgium on the condition that all lands and state property are preserved."

C. P. R.'S NET PROFITS

Gain For Eleven Months is a Little Over $7,000,000

Montreal, July 3.—C. P. R. earnings for May showed a net increase of $799,727. The statement of earnings and expenses for the month of May, and for the eleven months of the company's fiscal year, July 1 to May 31, shows that the net profits for the month of May amounted to $2,187,662, as against $1,387,934 for May of last year, an increase of $799,727. The net profits for the eleven months ending May 31 amounted to $21,03o,262, as against $13,972,155 for the corresponding period of last year, an increase of $7,063,-107.. The figures in detail are:

	May, 1906	July 1st to May 31, 1906
Gross earn ..	$5,579,003.15	$56,192,409.53
Working exp	3,391,340.52	35,157,146.66
Net profits	$2,187,66263	$21,035,262.87

BACK TO NATURE.

Colony of Wealthy People Leading The Simple Life.

Geneva, July 3.—A colony of wealthy hermits is living the simple life near Locarno on the shores of lake Maggiore. Professors, army officers, priests and doctors live in caves, wear unconventional garments, subsist on vegetables and water, and are perfectly happy.

"Back to nature" is the motto, and they act on the axiom that "the height of wisdom and philosophy is to understand nature, that alone brings peace and happiness."

The colony is 125 strong, many of the members being wealthy, while all are well to do. Far from "guying" them, the villagers respect the simples livers, for they pay liberally for what they want and practice benevolence among the poor.

Men and women go about with arms, feet and legs bare and uncut hair flying in the breeze. Their only garments are line gowns and hoods. Their cult of nature includes daily sun baths and snow baths in winter.

One of the feminine colonists is a beautiful woman of 30 years, who was formerly a well known singer in the Berlin opera. Regarding money as the root of all evil, she refuses to touch it. When she wants anything with a price on it she offers to sing for it, and storekeepers are glad to give her necessaries in exchange for the privilege of hearing her beautiful voice.

QUESTIONS UNANSWERED

HAWTHORNTHWAITE'S ADDRESS TO FERNIE MINERS

WHY DID HE VOTE WITH "HOARY-HEADED OLD TORIES."

(Special to The Daily News)

Fernie, July 3.—J. H. Hawthornthwaite's address at the miners' celebration on Monday was but little appreciated by the large audience present. It consisted principally of abuse of the provincial government, whom he designated as "Hoary-Headed old Tories." He claimed that there was not a man in British Columbia who would dare meet him on the public platform, except Joseph Martin. He said that patriotism was nothing to the working man; told the miners of Fernie that they had done nothing towards securing the eight-hour legislation nor the Compensation Act, but had the men of Nanaimo to thank for both.

He failed to explain, however, why, with their socialistic representative at the coast, the Nanaimo men had never dared apply for compensation until the president of Fernie union went to Nanaimo and persuaded them to take up a compensation case.

Mr. Hawthornthwaite also failed to answer the following pertinent question put to him by W. M. Dicken, president of the local union:

Why did he vote with the "Hoary-Headed old Tories" during the last session in granting 800,000 acres of land to the C. P. R., also on the Kaien island deal, the Dewdney deal, and why did he vote against the liberals on the amendment to the Education bill and the amendment to the Assessment Act?

His Fernie audience are still awaiting his answer to these questions.

GOOD WHEAT WEATHER

GRAIN CROPS OF CANADIAN WEST NEVER LOOKED BETTER

EVERY INDICATION OF GREATEST HARVEST ON RECORD

Winnipeg, July 3—From one hundred and fifty points in the great Canadian west come specially prepared reports of correspondents to the effect that never in the history of the country has the crop prespect been so good at this date as it is today. Crops are two weeks earlier than last year and of the four and a half million acres in wheat, over two and a half millions are headed out. Plentiful moisture in June is being followed by ideally hot sun, tempered by cool breezes from the north.

Weather made to order for wheat.

The present outlook is bright for an average yield of 23 bushels to the acre. Oats, barley and flax are doing equally well. Should the present weather continue the song of the reapers will be general around August 10.

This year is the best ever.

SCHOOL OF DIPLOMACY

To be Established in Connection With Pekin Foreign Office

Shanghai, July 3—China is to open a school of diplomacy. This is a move far in advance of western ideas and must be ascribed to Japanese initiative. The Chinese, however, are already the most skilful diplomats in the world, as the powers know to their cost.

The school is to be instituted in connection with the Pekin foreign office, which will supply professors and frame the curriculum. The students will be chosen from among the most promising scholars of the high schools, who, on graduating will be paid a salary and be given appointments in the diplomatic service.

The course of training will be three years.

As the reorganization of the Chinese army involved the abolition of silken robes and pig tails, it is likely that this new departure in Chinese diplomacy will remove the picturesquely robed Chinese delegate from foreign capitals, replacing him by a silk hated and frock coated Celestial.

In any case the foundation of the school marks a new era in Chinese relations with the outer world.

ELEVEN MINERS KILLED

Were Returning Home When Run Into By a Runaway Car.

Altoona, Pa., July 3.—Eleven men who were returning from Portage to Puritan, both mining towns, were killed shortly before midnight on the Marlin branch, a short line running from Portage to Puritan, a distance of four miles, by a runaway car, which had been Started down the steep mountain grade by some unknown persons.

The miners had been to Portage, and were returning to their homes.

NOW IT'S NEW MEXICO

Severe Earthquake Shocks Extending Over Period of Eight Hours

Albuquerque, New Mexico, July 3—Beginning at 3:15 yesterday morning, Sorro, 75 miles south of this city, experienced a succession of severe earthquake shocks. There were two or three premonitory quivers, then came a subterranean rumble followed by rocking and swaying that awakened the inhabitants and sent them scurrying into the streets. Walls were cracked, plaster shaken from ceilings, doors, windows and dishes rattled and were broken.

The disturbance continued at intervals of a few minutes for half an hour and gradually died away, the last of not less than 20 distinct shocks, being felt about eight hours later.

SLAUGHTER OF ZULUS

Durban, Natal, July 3.—Further fighting between the native rebels, and the British columns occurred today. The latter came in contact with the enemy's vanguard killing 350 men, but the main Zulu force, numbering 8000, is still at large.

BIG TIME AT PHOENIX

CELEBRATION OF DOMINION DAY IN THE BOUNDARY

~~MACHINE ROCK DRILLING CONTESTS~~ SPECIAL FEATURE

(Special to The Daily News)

Phoenix, July 3 — Boundary's Dominion day celebration was held this year at Phoenix, and with perfect weather, a long list of sports for which generous prizes were hung up, and a large attendance from the outside, the occasion was a big success. Music was furnished by the recently organized Phoenix fire brigade band and the first day's events concluded with a dance given in the new hall of the Miners' union, which had an immense attendance.

One of the most interesting features of the celebration was the machine rock drilling contest, held in the Great Northern cut, and in which no less than ten teams entered from the several mines. The same machine was used for all teams, being a Rand drill of standard pattern, elevated on a platform. The first prize was $150 and the second $75. A large number of spectators watched the drilling, which continued nearly all day. Each team used a 2 1-2 inch bit to start, with a decrease of an eighth of an inch to the foot, and had 15 minutes to set up and drill.

Following are the results:

Matheson and McQuoid, Gold Drop, 9 ft. 1 1-2 in.

McDonald and Rankin, Brooklyn, 8 ft. 6 in.

Rutherford and McLean, Gold Drop, 8 ft. 4 3-4 in.

Bliss and Neill, Brooklyn, 7 ft. 4 in.

Olson and Peterson, Granby, 7 ft. 11 1-2.

Mitchell and Rae, Granby, 7 ft. 9 1-2 in.

Granger and Newton, Brooklyn, 8 ft. 1 1-8 in.

Black and Anderson, Granby, 7 ft. 10 in.

Vichari and Hughes, Granby, 7 ft. 6 3-4 in.

Cook and Mason, Granby, 8 ft. 2 1-4 in.

In the baseball game between Greenwood and Phoenix, the latter won by a score of 5-3.

The hose reel racing had $400 in prizes hung up, but no outside teams mustered up the courage to enter. Consequently the races in this event were run off between th regular Phoenix team and a team of the Eagles. In the hub and hub race the Phoenix team won first money, while in the wet test the Eagles took first prize in 26 1-2 seconds, the Phoenix team failing to secure water in the first trial.

Horse racing took place on Dominion avenue, and in the free for all, owners up, Joe Ritcher took first money, with Chas. Buber's Lady May second; pony race, Chas Buber took first, with Ole Berg, second; slow race, Harold Bell, first and Eddie Swanson second. There were four entries in the quarter mile running, free for all, in which Joe Ritcher took first money, and Charles Buber of Midway, second, followed by E. Lanneau and Ole Berg.

Following are the results in the Caledonian sports held yesterday, the rest of the program being pulled off this afternoon: 100 yard dash, H. A. Munro, 1st; W. M. McBeath, 2nd; 220 yard dash, H. A. Munro, 1st; W. M. McBeath 2nd. Miners' race, Harry Jackson, 1st; W. Murray, 2nd; P. Cook, 3rd. Fat man's race, over 200 pounds, James Murdock, 1st; A. O.Boterious, 2nd.

This afternoon on the arrival of the C.P.R. train, a baseball match took place between Trail and Phoenix teams, each being the champions in their respective districts. Tomorrow the Trail club expects to play ball at Chesaw at the 4th of July celebration in that town, while the Phoenix club may go to Republic to take part in a similar game, a special train being run from Phoenix to Republic.

CHOLERA IN MANILA.

Manila, July 3.—Cholera of a virulent type has been discovered among the natives of Manila and surrounding districts. Four Americans in Manila have been stricken to date and one American has died. His name is Charles Sheehan. Twenty-one cases and sixteen deaths were reported today. The provinces report 26 cases and 25 deaths. The disease is one of the most deadly type.

KEATS-SHELLEY MEMORIAL

London, July 3.—The British committee having in charge the Anglo-American project for the purchase of the house in Rome in which the poet Keats died, as a Keats and Shelley memorial, has issued an appeal for donations, intimating that the money raised privately has been contributed on a much more generous scale in the United States than in Great Britain.

JUMPED TO HIS DEATH.

Chicago, July 3.—An unidentified man today committed suicide by jumping from the 13th floor of the Stewart building into an airway in the center of the building. Nothing was found in the clothing to indicate who he was, or where he came from. A watch and railway ticket were found on the body.

BIALYSTOK EXCESSES

Reports by Baron Frisch and Parliamentary Commission Issued

Goremykin Cabinet Preparing to Retire.. Constitutional Democrats Will Not Accept Coalition Ministry

St. Petersburg, July 4.—(4.40 a.m.)—A meeting of the cabinet called by premier Goremykin after his return from his visit to emperor Nicholas at Peterhof, began at 10 o'clock last night, and continued until late into the night. There is little doubt bu that the calling of this extraordinary midnight conference is connected with the change in the ministry.

St. Petersburg, July 3.—While it is generally assumed that the emperor communicated yesterday to premier Goremykin his decision to bow to the demand of parliament for the dismissal of the cabinet, and that the premier expressed his willingness to retire, no official announcement on the subject has yet been made.

The hitch apparently is over the resolution of the constitutional democrats not to accept office in a coalition ministry. This is said to have disconcerted the emperor's plans.

While declining to admit that the constitutional democrats have ever been in direct communication with the emperor, president Muljoff, one of the leaders of the party, informed the Associated Press today that he knew the retirement of the Goremykin ministry had been decided upon, and that he expected the next three days would determine whetner the emperor would persist in his efforts to form a coalition ministry or surrender on the principle of a responsible ministry in harmony with the majority in parliament.

The lower house of parliament today, by a vote of 286 to 262 quashed the elections of seven members from the province of Kalkoq, who are alleged to have been elected through the intervention of the local authorities.

St. Petersburg, July 3.—The seal and documents of an organized military revolutionary league were found today during the search of soldiers attached to staff headquarters at Vilna. War minister Rudiger has ordered a strict investigation.

Martial law was proclaimed today at Odessa, because of the ferment among the troops there.

Administrative and parliamentary views of Bialystok excesses were published tonight. The first was the report of baron Frisch, president of the council of the empire, and the latter the report of the parliamentary commission. They unite in holding certain officers guilty of inciting and participating in excesses. It is significant that Shirmietieff, prefect of police of Bialystok, has been summoned hither. According to the report of baron Frisch, 82 were killed, of whom 75 were Jews, and 85 were wounded of whom 60 were Jews, while property loss is placed at $100,000, whereas the parliamentary commission reports 82 Jews and 6 Christians killed and approximately the same number wounded.

The minister of war has received telegrams that a serious mutiny has broken out in the second and third batteries of Trailleurs and the first railway battalion at Askabad. Infantry, Cossacks and artillery have been despatched to Akabad from Merv. Agrarian disorders continue in the central and southern provinces. A desperate encounter occurred between the police and a crowd at the public garden in Tulla, and many women and children were among the victims. At Mataviefkr there was an engagement between Cossacks and peasants, in which several persons were killed or wounded.

Warsaw, July 3—Another policeman was killed tonight. A patrol which hurried to the scene of the murder fired a volley, killing a passerby. Every policeman now has ben withdrawn from the streets. The police demand the dismissal of the authorities.

PROGRESS OF THAW CASE

New York, July 3—Former judge Olcott, Thaw's chief counsel, had a conference with his client late this afternoon. He was accompanied by Mr. Kook, who is the attorney for the Thaw family at Pittsburg.

Assistant district atorney Gorman today secured possession of reports of three detectives who were employed by Thaw to watch the movements of Stanford White.

WANT MORE PAY AND LESS WORK

Philadelphia, July 3.—One hundred splicers and linemen, comprising the entire force of the Bell Telephone company in this section and Delaware, are on strike to secure more pay and shorter hours.

BRYAN IN LONDON

London, July 3—William Jennings Bryan arrived here today from Norway, a day ahead of the time his friends expected him. He will be the principal orator at the American society's Fourth of July banquet tomorrow evening.

C. & W. LAND SUBSIDY

In socialist leader, Hawthornthwaite's recent public address in this city special attention was devoted to his attitude on the bill to amend the Columbia & Western Railway Subsidy Act of 1896, whereby that railway was granted 800,000 acres of valuable lands in the Yale district.

The socialist leader defended his course on two grounds. In the first place he contended that the Columbia & Western Railway company, or the C. P. R., were equitably entitled to these lands and therefore, as an honorable man he could do not otherwise than vote for the bill.

In the second place he claimed that he voted for the bill in order to save the government from defeat, because the defeat of the government meant the defeat of certain measures in which he, as the representative of the wage earning classes, was especially concerned, measures that were of more concern to wage earners than the alienation of several hundred thousand acres of the public domain, in which, as a matter of fact, the wage earners had no interest whatever.

We can dispose of the second ground first. By turning to the votes and proceedings of the legislature it will be seen that the second reading of this bill was carried by a vote of 20 to 14. Price Ellison, conservative, voted with the opposition, and Davidson, labor, did not vote. There was therefore a majority of six in favor of the principle of the bill. The majority vote included Hawthornthwaite and Parker Williams, socialists. Had these bitter opponents of the capitalistic system, land subsidies, etc., not voted with the government, the bill would still have been carried by a majority of four. Had they for once voted in accordance with their professed principles, the vote would have stood 18 to 16, the government would not have been defeated and those bills in the interests of wage earners, for which Mr. Hawthornthwaite was so solicitous would not have suffered any harm. Consequently it is as clear as a pike staff that the socialist leader did not have to vote for the C. & W. land subsidy in order either to save the government or to safeguard special measures in the passage of which wage earners were particularly concerned.

Now as to the claim that the C. P. R. were equitably entitled to this land subsidy. In the first place let it be distinctly understood that the C. P. R. did not profess to have any legal claim to the lands. The mere fact of their asking for special legislation showed conclusively that they knew they had no claim upon the lands that they could enforce in the courts.

Before going into the facts of this case it is interesting to turn aside a moment to note a seeming inconsistency on the socialist leader's part in regard to the interests of the C. P. R. The other night Mr. Hawthornthwaite ridiculed the idea of compensation for capitalists when the socialist regime was inaugurated and the means of production and distribution were seized for the common good. Generally speaking the capitalist of today has amassed his wealth, whether in the shape of land, machinery, mercantile stocks, investments in industrial enuterprises, or cash in hand or in the banks, in accordance with the laws of the land and upon the well understood principle that the state would guarantee him in the undisturbed possession of his lawfully gained accumulations. Under the socialist regime this condition is to be entirely abolished. What the capitalist has is to be taken from him without compensation and used for the common good, in which use, of course, the former capitalist would share equally with the former wage slaves. There is something frankly honest, or dishonest, as you please, about this proposal, and for the time being we can dismiss it without comment. But what we cannot understand, in view of the professions of the socialist leader, is how he comes to be so solicitous for the interests of the great C. P. R. corporation. He contended in the house and later, on the public platform, that a bargain had been entered into with the C. P. R., that the latter had fulfilled their part of the contract and consequently the province must fulfil its part. Has the province entered into no contract, express or implied, with the farmers, mineowners, prospectors, lumbermen, et al, who are to be despoiled when a majority of the electors place the control of affairs in the hands of J. H. Hawthornthwaite and his followers?

To return to the alleged grounds of equity upon which the Columbia & Western Railway company, the C. P. R., were entitled to this land subsidy of 800,000 acres.

The legislation originally incorporating the C. & W. and granting a land subsidy was enacted by the Turner government in 1896. Briefly told the scheme was that the C. P. R. should build a line of railway from Trail to Penticton, in consideration of which they should receive certain land grants, said land to be deeded over upon the completion of specific portions of the road. This contract was never carried out in its entirety. As everyone knows the portion of the proposed road from Midway to Penticton is not yet built. It was a condition of the contract that the proposed road should be built and the lands included in the subsidy designated and surveyed within seven years of the passage of the bill of 1896. Not only has the road not been completed, but at the time of the introduction of the bill to amend the Subsidy Act last session, the lands had neither been designated nor surveyed. It will therefore be clear at once to everyone why the C. P. R. did not seek to enforce their claim to this additional 800,000 acres of public land in the courts. They had no legal status. But it was advanced in behalf of the C. P. R. that failure to complete their part of the contract was due to the government of the province, which upon one occasion and another had sought to modify the contract. It is in this connection that the Semlin government is dragged into the controversy. But whatever may have been the course pursued by the Semlin government in this matter the facts are that absolutely nothing came of its negotiations by reason of its defeat and that subsequent to the defeat of that administration, in the year 1901, the C. P. R., through its president, sir Thomas Shaughnessy, petitioned to have the Columbia & Western contract reinstated in its original form, as established by the legislation of 1896, and that this request was complied with. Consequently in 1901 it was up to the C. P. R. to complete the line from Midway to Penticton before they could advance any claim to this land subsidy. They did not complete the line. The line is not yet completed. In 1902 came the negotiations to rob the province of the rich coal and oil lands in southeast Kootenay. Negotiations that ended in disgrace, cost the government of the day its tenure of office and again re-established the status quo of 1896. Without anything further having been done, for the portion of the railway from Midway to Penticton is still an unaccomplished fact, the C. P. R. advanced the claim last session that they were entitled to this 800,000 acres of land. The McBride government acquiesced in the demand and introduced legislation to authorize the grant being made. For this legislation every conservative in the house voted, except attorney general Wilson, who had opportunely gone east, and Price Ellison, who could not stomach the bill, and, in addition, we find that the two socialist members voted for the bill, J. H. Hawthornthwaite and Parker Williams. Davidson, the labor member, like Price Ellison, could not stomach the bill, and retired to the lobby when the vote was taken.

This article is already sufficiently long and it will be necessary on another occasion to deal more in detail with the various chapters in the history of the Columbia & Western Railway Subsidy. Enough is here disclosed to give our readers a general understanding of the case and to show beyond quibble of any kind that neither in law nor in equity had the C. P. R. the slightest claim to this 800,000 acres of land, and, further, that socialist leader Hawthornthwaite was simply jollying the boys when he said that he had to vote for the bill in ored to avert the defeat of the government.

EDITORIAL NOTES

Every visitor to Nelson declares that whatever other attractions this city may possess it must be freely conceded that in Kootenay lake Nelson possesses an attraction unrivalled anywhere in the west. Is the attraction properly appreciated by Nelsonites? Do we make the most of this splendid sheet of water? These are questions that must frequently occur to those who have lived in other places not nearly as well situated in regard to lake, river or sea facilities, but where the keenest interest is taken in all kinds of aquatic sports. The explanation of this apparent apathy or lack of appreciation is, we believe, that insufficient effort is made to interest the boys in aquatic sports. The youngsters play baseball, lacrosse or football, and quickly enter the games with zest and skill, but notwithstanding that they have access to as fine a sheet of water as any in the world, very few Nelson boys indulge to any extent in rowing, canoeing, or even swimming. Something should be done to popularize aquatic sports and in a very little while we should be making something like proper use of a splendid asset.

Hundreds of people enjoyed the band concert in the cool of the evening yesterday. Would it not be a move in the right direction to endeavor to arrange for more frequent evening concerts during the summer months? We believe that in no direction could money be better spent than in arranging for the city band to play at some specified spot at least three evenings in the week. At the city park, on the water front, or in the recreation grounds, would be excellent places. Promenade concerts in the recreation grounds might be made very attractive. It would probably be a good move on the part of the management of the grounds to erect a dancing pavilion for open air dances during the hot weather. We commend these matters to the serious consideration of the 20,000 club at its next meeting.

What will the casualty list be in today's celebration of the glorious Fourth on the other side of the line? Firecrackers will, as usual, be the main feature of the celebration and there will be the customary number of deaths, maimings and conflagrations. Still, whilst our American cousins do indulge a little too exuberantly in dangerous pastimes upon their great anniversary, one cannot but admire the patriotic fervor displayed and wish that similar enthusiasm might be aroused in the children of Canada. We might well dispense with the firecrackers, but some additional indulgence in patriotic exercises, not even omitting the patriotic orations, would not come amiss and would certainly tend to awaken in the youth of the dominion a keener interest in Canadian history and Canada's place in the great British empire.

Now for the Agricultural and Industrial exhibition. The directors are out to beat all previous records and the hearty co-operation of the entire southern portion of British Columbia is confidently anticipated. From now on there must be a strong pull and a pull together to make this year's exhibition the greatest that has been.

Synopsis of Regulations Governing the Disposal of Dominion Lands Within the Railway Belt in the Province of British Columbia.

A license to cut timber can be acquired only at public competition. A rental of $5 per square mile is charged for all timber berths, excepting those situated west of Yale, for which the rental is at the rate of 5 cents per acre per annum.

In addition to the rental, dues at the following rates are charged:

Sawn lumber, 50 cents per thousand feet B. M.

Railway ties, 8 and 9 feet long, 1 1-2 and 1 3-4 cents each.

Shingle bolts, 25 cents a cord.

All other products, 5 per cent. on the sales.

A license is issued so soon as a berth is granted, but in unsurveyed territory no timber can be cut on a berth until the licensee has made a survey thereof.

Permits to cut timber are also granted at public competition, except in the case of actual settlers, who require the timber for their own use.

Settlers and others may also obtain permits to cut up 100 cords of wood for sale without competition.

The dues payable under a permit are $1.50 per thousand feet B.M., for square timber and sawlogs of any wood except oak; from 1-3 to 1 1-3 cents per lineal foot for building logs; from 12 1-2 to 25 cents per cord for wood; 1 cent for fence posts; 3 cents for railway ties, and 50 cents per cord on shingle bolts.

Leases for grazing purposes are issued for a term of 21 years at a rental of 2 cents per acre per annum.

Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres may be acquired by one individual or company.

Royalty at the rate of 10 cents per ton of 2,000 pounds is collected on the gross output.

Entries for land for homestead purposes may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the minister of the interior at Ottawa, the commissioner of immigration at Winnipeg, or the local agent for the district within which the land is situated, receive authority for some one to make entry for him.

A fee of $10 is charged for a homestead entry.

A settler who has received an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

It is the practice of the department to require a settler to bring 15 acres under cultivation, but if he prefers he may substitute stock; and 20 head of cattle, to be actually his own property, with buildings for their accommodation, will be accepted instead of the cultivation.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of the Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of the Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of the Act as to residence may be satisfied by residence upon the said land.

Application for a patent should be made at the end of three years before the local agent, sub-agent or a homestead inspector.

Before making an application for a patent, the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior.

Ottawa, February 14th, 1906.

LAND NOTICES

NOTICE is hereby given that 60 days after date we intend to apply to the Hon. the Chief Commissioner of Lands and Works for permission to purchase the following described lands, situate in West Kootenay district: Commencing at a post marked "U. S. T. Ross' and C. B. Archibald's northwest corner," situated one mile south of Sidney N. Ross' initial post, on the east side of the Nelson & Fort Sheppard railway, about 100 yards east of the N. & F. S. railway, thence 60 chains east; thence 40 chains south; thence 60 chains west; thence 40 chains north to place of commencement, containing 240 acres more or less.

Dated, June 9th, 1906.

U. S. T. ROSS.
C. B. ARCHIBALD 6-23

NOTICE is hereby given that 60 days after date I intend to apply to the Hon. the Chief Commissioner of Lands and Works for permission to purchase the following described lands situated in the West Kootenay district: Commencing at a post planted about three-quarters of a mile west of the mouth of Dog creek on the Lower Arrow lake and marked "A.N.W. S.E. corner," thence west along the bank of the west fork of Dog creek for 160 chains; thence north 20 chains; thence east 160 chains; thence south 20 chains to the point of commencement, containing 320 acres, more or less.

Located May 18, 1906.

RUSSIAN AGRARIAN BILL

MEASURE NOW BEFORE THE LOWER HOUSE OF PARLIAMENT

DISLOYALTY OF THE ARMY CANNOT BE SUPPRESSED

St. Petersburg, July 3—The government's agrarian bill has finally been approved, introduced in the lower house of parliament and also published in the Official Messenger, accompanied by a sort of proclamation to the peasants glorifying the emperor's constant solicitude for them. It attempts to show that the realisation of the socialistic schemes for the nationalization of the lands, with which the country has been deluded, instead of improving the lot of the peasants, would result in inevitable misery as the distribution of all the arable state lands in European Russia would give each peasant less than one additional declatine, which has been subject to constant diminution owing to increases in the population. Besides it would deprive the peasants of the opportunity to obtain work from the landlords, from whom a large percentage of their income is derived. As finally submitted the government's solution makes the following propositions:

First — To distribute upon "favorable terms" all the arable lands in European Russia to the peasants who have not sufficient land.

Second—To purchase for the account of the state the land which private owners are willing to sell.

Third—To sell such land to the peasants on reasonable terms, even if this involves the assumption by the state of the difference in the cost and the selling price.

Fourth—To establish the principle that new as well as old peasants' lands are not saleable to persons not belonging to the peasant class, besides exempting the land from seizure for debt.

Fifth—To assist immigrants to reach Siberia and Central Asia, and to help them in installing themselves there, not only by allowances of land, but by building public roads.

Sixth—To make arrangements for the sale of the lands the immigrants leave behind them for the benefit of immigrants; the rigorous improvement of agriculture, correcting the inequalities in plots of land and the right of the distribution of the lands severally where desired.

The statement accompanying the publication of the government agrarian measure, gives figures to prove that the peasants' dream that a universal distribution would give ample land to all is fallacious.

Interior minister Stolypin has sent a circular letter to the governors of the provinces and prefects of the cities warning them that they will be held responsible should anti-Jewish outbreaks occur.

General Peterhof, commander of the Vladimir dragoons at Bialystok, in his report to the emperor, printed in the Russky Invalid today, charges the Jews with throwing bombs and firing revolvers during the recent disturbances there. He claims that the troops did not fire except in reply to such provocation.

An incipient riot is reported to have occurred among the cuirassiers of the guard at Tsarkoe-Selo because they had been ordered not to read the newspapers. Officers of the guard, who were questioned on the subject, declare that the severity of the measures taken to prevent the spread of the revolt among the troops is arousing such intense resentment among the men that the lives of the officers themselves are endangered. They speak pessimistically of the spread of disloyalty in the army.

The trial of M. Krustaloff, president of executive committee of the workmen's council and 52 members of the workmen's council, on the charge of preparing an armed uprising last autumn, began here today. The corridors surrounding the court were packed with police and gendarmes in spite of which the proceedings were interrupted by the witnesses, who were in a room adjoining the court, singing the Marseillaise, at the top of their voices. It was with great difficulty that they were quieted.

A motion of the lawyers for the defenants to postpone the trial was overruled.

Minard's Liniment Cures Colds, etc.

SAVED HIS COMRADE'S LIFE

"While returning from the Grand Army encampment at Washington City, a comrade from Elgin, Ill., was taken with cholera morbus and was in a critical condition," says J. E. Houghland of Eldon, Iowa. "I gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy and believe saved his life. I have been engaged for ten years in immigration work and conducted many parties through the south and west. I always carry this remedy and have used it successfully on many occasions. For sale by all druggists and dealers.

MARKED FOR DEATH

Warsaw Policeman's Lot is not a Happy One—More Assassinations

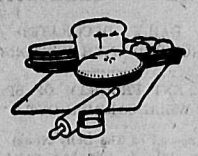
Warsaw, July 3—The terrorists' determination to exterminate the police force shows no signs of wavering. Before noon today two more police sergeants were added to the already long death roll. Both men were shot and killed in the streets, and in each case the assassins escaped.

Berlin, July 3—A despatch to the Lokal Anzeiger today from Warsaw, says that the murders of policemen there are regarded as being part of a systematic plan of the terrorists, instituted out of revenge for the recent executions as the result of trial by court martial. Many policemen have received anonymous letters to the effect that they are marked for death unless they resign on or before today. Some of these thereupon resigned and were arrested by order of the authorities.

Minard's Liniment Cures Diphtheria

MODEST CLAIMS OFTEN CARRY THE MOST CONVICTION

When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise, instead of a disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will do, but prefer to let the users of it make the statements. What they do claim is that it will positively cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by all druggists and dealers.



Whether your bread is good or bad, the cost of baking is the same. You pay a few cents more for

BOVRIL

Every ounce of BOVRIL is prepared under the most hygienic conditions as required by the laws of Great Britain.

In the preparation of BOVRIL absolutely nothing but the choicest lean beef is used, our main source of supply being the Argentine Republic, where cattle are so plentiful and the consuming population so small that the best parts of the beef can be obtained by us at a very reasonable cost.

BOVRIL is a specialty, not merely a bye-product of a packing house like many meat extracts.

TWO CENT POSTAGE RATE

ASQUITH SAYS U. S. GOVERNMENT NOT DESIROUS OF CHANGE

EDUCATION BILL PLAYS HAVOC WITH GOVERNMENT'S MAJORITY

London, July 3.—"There is no nation with which we would rather see the facilities of communication extended than with the great republic on the other side of the Atlantic," said chancellor of the exchequer Asquith this afternoon to a deputation of members of parliament, who called on him and postmaster general Sidney Buxton, relative to the proposition to establish an Anglo-American two cent postage rate. Mr. Asquith added frankly that he had no money to give for the purpose and that there was no evidence that the United States government was desirous of making the proposed change.

Mr. Buxton remarked that it was entirely a question of money so far as he was concerned. It would cost $5,000,000 yearly to make the change.

The discussion of the sixth clause of the education bill, which makes the attendance of children at elementary schools compulsory only during the hours of secular instruction, occupied much time in the house of commons yesterday. The government succeeded in defeating the hostile amendment by the small majority of 16 votes and carried the clause by a majority of only 47 votes. The Irish members prostested strongly against so important a point being settled by such a small majority. The small majorities were partly due to the government giving to the house a free hand, with the result that about 40 liberals, including James Bryce, chief secretary for Ireland, and sir Henry Fowler, chancellor of Lancaster, voted against the clause.

In the house of commons yesterday the bill giving the port sanitary authorities of Manchester special powers for the inspection of all food products conveyed to Manchester by the ship canal passed its second reading.

John Burns, president of the local government board, pointed out that the bill was necessary in order that the people might be protected from foreign importers of bad meat.

The recent Chicago meat packing scandals were urged by Mr. Burns as a further argument in favor of the bill.

Thorpe's Lithia cures and prevents rheumatism.

FERNIE'S CELEBRATION

TOWN GAILY DECORATED AND CROWDED WITH VISITORS

EXCELLENT PROGRAM OF SPORTS WELL CARRIED OUT.

(Special to The Daily News)

Fernie, July 3.—Canada's natal day was ushered in with blue skies and brilliant sunshine, and a more ideal one could not be desired for the grand celebration which took place. Never did the town present a more attractive and animated appearance and from early morning till late at night the tastefully decorated streets were thronged with happy and prosperous looking holiday makers, while the ubiquitous small boy made his presence felt by the lavish expenditure of giant fire crackers and other juvenile delights.

The morning trains brought in large delegations from the surrounding towns and it is doubtful if Fernie ever before was called upon to entertain so many visitors.

The citizens vied with each other in beautifying their residences, and the display of bunting on the streets and the strings of electric lights everywhere in evidence added a most artistic effect to the naturally picturesque surroundings of the town.

The sports of the day opened with the horse races on Victoria avenue, after which a procession was formed and marched to the recreation grounds to the music of the Italian band, where the long program of sports was successfully carried out.

One of the most interesting features of the morning was the football match between teams from Fernie and Coal Creek, for the prize of $100, and which resulted in a victory for the former by the score of 6 to 0. It was a well contested game and added much to the enjoyment of the morning program.

At 4 o'clock in the afternoon speeches were delivered by W. R. Ross, M.P.P., L. P. Eckstein, and J. H. Hawthornthwaite, M. P. P., to a very large audience and the remarks were listened to with close attention.

The principal event of the evening was the display of fireworks and garden party at the residence of G. G. S. Lindsay, K.C., which was thoroughly enjoyed by a large party of invited guests. The grounds were beautifully decorated and artistically lighted by numerous Chinese lanterns and altogether presented a very picturesque appearance while the proverbial hospitality of Mr. and Mrs. Lindsey made the guests feel perfectly at home.

BAPTIST CONVENTION.

Important Gathering at Winnipeg—Whole Dominion Represented.

(Special to The Daily News)

Winnipeg, July 3—The 25th annual convention of the Baptists of Manitoba and the Northwest convened in the First Baptist church this afternoon at 3 o'clock.

In point of interest and attendance it is the most important in the history of the denomination in the northwest, embracing delegates from all parts of the dominion. The reason so many eastern delegates are in attendance is the proposal to form a Canadian Baptist convention. The idea has been discussed very thoroughly by Baptists in the east and leading clergymen and laymen from eastern Canada are attending this convention for the purpose of thoroughly discussing this proposal. Already 300 delegates are here and others are expected. Among the eastern delegates attending the convention are the following: Rev. G. R. White, Charlottetown, P.E.I., president of the Baptist convention of the Maritime provinces; Rev. D. Hutchison, St. John, N. B.; Rev. A. C. Newcombe, Yarmouth, N. S.,; chancellor A. C. Mackay, McMaster university, Toronto; Rev. W. E. Norton, Toronto, secretary of foreign missions; Rev. W. J. Mackay, Toronto, editor of the Canadian Baptist; Rev. W. J. Scott, Toronto; Rev. H. F. Laflamme, Toronto, secretary of the Students' Volunteer movement; Rev. J. R. Webb, Rev. A. J. Gordon, D.D., and Rev. E. Bosworth, Montreal.

The closing session of the convention will be held Friday afternoon.

INFERNAL MACHINE PLANT

Discovered in Seattle Bricklayer's House—Has Left For Germany.

Seattle, July 3.—In a building occupied until May 1st by August Rosenberg, a German bricklayer, the Seattle police have found a plant equipped for making bombs and infernal machines. Rosenberg, who was mysterious in all his doings and was known as a man of anarchistic tendencies, left Seattle May 1st for Hamburg, Germany.

At about that time the German government received from a man in Seattle, who was an acquaintance of Rosenberg, a warning that an attempt would be made to assassinate the German emperor.

Herr Geissler, German consul in Seattle, subsequently received a cable from Hamburg, instructing him to investigate Rosenberg's record here. The Seattle police who were called upon to assist found the plant mentioned in the basement of Rosenberg's house. The articles seized included more than 200 bottles of acids and explosives, crucibles, mortars, moulds, a furnace and a large quantity of scrap iron. Rosenberg had lived in Seattle nearly fifteen years.

Minard's Liniment Cures Colds, etc.

BOWEL COMPLAINT IN CHILDREN

During the summer months children are subject to disorders of the bowels which should receive careful attention as soon as the first unnatural looseness of the bowels appears. The best medicine in use for bowel complaint is Chamberlain's Colic, Cholera and Diarrhoea Remedy, as it very promptly controls any unnatural looseness of the bowels. For sale by all druggists and dealers.

Spraying materials and insecticides for both animal and vegetable kingdom. Canada Drug & Book company.

Bowel Troubles of Childhood

It is impossible to exaggerate the value of FRUIT-A-TIVES as a medicine for children. They contain no alcohol — no morphine or cocaine—no dangerous drugs of any kind.

Fruit-a-tives are fruit juices—concentrated and combined with the most valuable tonics and internal antiseptics known to medicine.

Fruit-a-tives are free of calomel, cascara, senna and the host of violent purgatives that simply act by irritating the bowels. Fruit-a-tives are made from fruit and tonics and are pleasant to take, and so mild in their action that they never gripe or pain.

During the summer, when children are so apt to eat improperly, mothers should have a box of Fruit-a-tives always handy.

At the first sign of Diarrhoea, Indigestion, Headaches, Biliousness, Peevishness, Vomiting — give Fruit-a-tives according to directions. These splendid fruit liver tablets will instantly correct faulty digestion—clean and sweeten the stomach—regulate the bowels, kidneys and skin — and so invigorate and strengthen the whole system, that the little ones can quickly throw off the temporary illness.

Get a box now—to-day. 50c. a box or 6 for $2.50 Sent on receipt of price, if your druggist does not handle them.

FRUIT-A-TIVES LIMITED, OTTAWA.

CLOSE OF CELEBRATION

ANOTHER DAY OF SUNSHINE AND GOOD SPORT.

RESULTS IN VARIOUS GAMES AND ATHLETIC EVENTS

Entirely satisfactory and under exceedingly pleasant conditions the local celebration of Canada's natal day came to a successful conclusion last evening.

Baker street, from 7 until 9 o'clock last night made a very pretty and thoroughly enjoyable scene for everyone who took part in it. The cool, moonlit night, the gaily illuminated street, with its crowd of well dressed, happy-looking people promenading up and down listening to the melodious strains of the city band, combined to make a not easily forgotten picture. Indeed, the street band concert last evening proved one of the most enjoyable events of the two days' celebration and emphasized the strong desirability of having the concert repeated weekly during July and August if at all possible. For its share in the two days' celebration the band is entitled to all kinds of credit. The members of the organization worked steadily and faithfully and rendered excellent music. They should be encouraged and induced to render the citizens still further service.

During the morning the log rolling contest and the Caledonian sports were successfully carried out, and in future events, log rolling as a sport will probably take a more prominent position. In the Caledonian sports H. M. Fullerton's victory in the fat men's race was most popular.

Blackwood distinguished himself at the second and closing day of the Gun club tournament by winning the high average trophy, the Ink and Ward cup, coming within two of Forbes, the Spokane expert, for the day's shooting.

Nelson won a well contested football match with Coleman by a score of 2 to 1 and the Colville baseballers turned the tables on the local players, who defeated them the previous day, by winning out with a score of 9 to 3.

The drilling contest was handily won by the Fauld brothers of Greenwood, who drilled 35 inches in the 15 minutes, just about what they won by here last year.

In the evening the basket ball match, the band concert on Baker stret accompanied by a display of fireworks, and the dance at Fraternity hall completed the festivities.

One of the pleasing features yesterday and one of which Nelson people never seem to tire, was the children's parades on Baker street about 5 o'clock and again later in the evening. To the inspiring airs of the band the youngsters marched and counter marched up and down the street under the direction of marshal Waterman, and it is difficult to say whether the children or the onlookers, who warmly applauded them, enjoyed the proceedings most.

The time was when Nelson depended on the balance of the Kootenays to help her celebrate Dominion Day successfully. Yesterday and the day before there were elaborate celebrations east and west of the territory from which the crowds used to flock here as a matter of course, and yet no one will gainsay that this year's celebration has been most successful in every possible way. It is clear, therefore, that on celebration days now we have a territory all our own which can be counted upon to loyally support local effort, and Nelson can count upon having the streets crowded with pleased sightseers and the recreation grounds filled with enthusiastic audiences whenever a good program of sports is announced.

The financial returns for the celebration are not all in yet but there is certain to be a substantial balance on hand for the N. P. A. A. O. regatta, which takes place here on July 27 and 28.

Nothwithstanding the large crowds that have been in the city since last Saturday night, it is worthy of note that not a single arrest was made by the police.

The results of the sports yesterday in detail are appended:

CALEDONIAN AND OTHER SPORTS

The second day of the celebration opened with fine weather and a good crowd at the first event—the log rolling contest in front of the city wharf.

Only two contestants were entered, but they put up an interesting exhibition and displayed marvellous activity while on that fast revolving log. George Broderick of Creston found the pace to hot for him after a few minutes and dropped into the water. He soon put in an appearance on the log for a second heat, but once more S. A. Mullen of Phoenix, proved the better man.

The contest consisted of two men on an ordinary log. The men stood on the log until the word to start was given and then they started it rolling. The one who could keep his feet the longest was the winner of the heat. While it did not last long the contest furnished plenty of amusement and it is expected that there will be many more entries the next time a like contest is pulled off in Nelson..

Headed by the city band the crowd then adjourned from the waterfront to the recreation grounds where the Caledonian sports were pulled off under the management of Harry Wright, M.L.A..

There was a good variety of events and some interesting contests were witnessed. The only easy win was that of Herb Fullerton in the 50 yard fat man's race. Fullerton lit out at an express race from the start and Charlie Maglio made a good second. Had they been running the other way Bill Gosnell would have won for he was in the lead at the wrong end.

Carroll made quite a sweep of the running events and showed good form in his racing. Brett was his closest competitor, but Carroll easily had the best of it. Considering the fact that the 220 yard race was run with a turn, the time of 24 1-2 seconds, was remarkably good.

The greasy pig race caused quite a bit of excitement, but the porker was not game for a long race and the six indians who started in pursuit soon caught him.

The full list of events during the morning was as follows:

100 yard dash—Four entries, Carroll, 1st; Brett, 2nd. Time 11 1-4 seconds.

Putting the shot—Five entries, Fraser, 1st, 35 ft. 7 inches; Minnes, 2nd, 33 ft. 7 inches.

Three-legged race—Two entries, Marshall and Jonas, 1st; Carroll and Brett, 2nd.

Fat man's race—Five entries, Fullerton, 1st; Maglio, 2nd.

220 yard dash—Three entries, Carrol, 1st; Brett, 2nd; time, 24 1-2 seconds.

Sack race — Five entries, Carroll, 1st; Brett, 2nd.

Prospector's race, with 50 pound packs—six entries, Marshall, 1st; Steele, 2nd.

The log chopping contest finished the sports at the ground for the afternoon. Three choppers entered and gave an excellent exhibition. A 16-inch log was used and the first man to tackle it was John Dunn, whose axe cut its way through in the quick time of four minutes and thirty seconds. S. A. Mullen of Phoenix, came next, but he misjudged matters a little and it required five minutes and fifty-two seconds for him to cut off his piece. Fred Summons chopped through in five minutes and six seconds and won second place, Dunn getting first.

The junior basketball match at the recreation grounds last evening was a far better exhibition than that put up the previous evening. The contesting teams were the high school and R.M.R. juniors. After a close and exciting game the students again won out, the score being six points to two in their favor.

GUN CLUB TOURNAMENT

Blackwood Wins Ink & Ward Cup and Snyder the Ashdown Cup

The closing shoot of the Nelson gun club tournament came off yesterday morning, commencing sharply at 9 o'clock. Chingren and Forbes of Spokane led in the second day's shooting, being first and second respectively, as they were on Monday. Chingren made two possibles and only missed 7 birds out of 150. Forbes did some excellent shooting also, knocking down 135 out of 150. Blackwood improved greatly on his first day's shooting, being only 2 behind Forbes for the day and winning the high average trophy, the Ink & Ward cup, with a total of 247 out of 300, shooting, as the terms called for, in every event.

In event No. 9, the first shot yesterday Burden and Snyder tied for the Ashdown cup, with 18 each. In the shoot off Snyder won the trophy.

Clarence Goepel shot yesterday and made a possible in the first event of the day.

Appended are the scores in detail.

	9	10	11	12	13	14	15	16—T
	20	20	20	20	20	20	15	15—150

VICTORY FOR VISITORS

Colville Baseball Team Redeem Themselves in Yesterday's Match

Colville, 9; Nelson, 3.

Four errors at critical times combined with an inability to land on Wright's benders, proved too much for the Nelson team yesterday and they lost the baseball match to the Colville nine.

The local boys had a couple of changes in their lineup which did not materially strengthen them. Blanchard was behind the bat and his poor throwing to second gave the visitors several chances to get on the keystone sack, when they should have been nailed before they reached it. Gilpatrick was playing short and made three errors which proved exceedingly costly, coming as they did well bunched together.

Harrington was at the firing end of the battery and pitched a neat game although lacking a little in control. Wright again officiated for the visitors and was more effective than on Monday and allowed but six safe hits. Shroeder landed on him for one which he placed in the left garden and managed to beat it to the home plate, making the only home run of the series.

The two McPhee boys covered themselves with glory yesterday. In the sixth G. McPhee made the prettiest catch of the day. Ryan sent a high one away out near the fence and McPhee managed to get under it after a stiff run and made a pretty catch. L. McPhee made a neat underhand catch of a fast ball in the second innings.

The detailed score is as follows:

Colville	AB	R	BH	PO	A	E
Phillips	5	1	2	5	2	0
Hurd, 1b	5	1	2	10	0	0
Sharr, rf	5	0	0	7	3	0
Townsend, c	5	0	1	0	0	0
Ryan, lf	5	1	2	1	0	0
J. Wright, ss	4	2	1	2	5	1
Jonas, cf	5	2	1	1	0	0
Roy Wright, p	4	1	1	1	3	0
Reimer, 3b	4	1	1	0	1	0
Totals	42	9	11	27	14	1

Nelson	AB	R	BH	PO	A	E
Harrington, p	4	1	1	2	3	0
Gilpatrick, ss	4	0	0	2	5	3
L. McPhee, 2b	4	1	1	1	1	0
Shroeder, 1b	4	1	2	9	0	0
G. McPhee, c.f	4	0	1	2	0	0
A. Bishop, 3b	4	0	0	1	0	1
H. Bishop, lf	4	0	1	1	0	0
Blanchard, c	3	0	0	6	0	0
Briggs, rf	3	0	0	3	0	0
Totals	34	3	6	27	9	4

Three base hit, Sharr; home run, Schroeder; double play, J. Wright to Phillips to Hard; bases on called balls, Roy Wright, H. Bishop; struck out, by Wright, 7, by Harrington, 6; time of game 1 hour and 40 minutes; umpire, Harry Wright, M.L.A.

Innings	1	2	3	4	5	6	7	8	9—T
Colville	0	3	0	5	0	0	0	1	0—9
Nelson	0	1	2	0	0	0	0	0	0—3

GOOD FOOTBALL

Closely Contested Game Between Coleman and Nelson, Won by Home Team

Coleman, 1; Nelson, 2.

"One of the prettiest, cleanest and best football matches ever played in Nelson," is the way a soccer enthusiast summed up yesterday afternoon's big attraction at the recreation grounds.

The attendance was not as large as that of Monday, but the crowd was sufficient to pack the grand stand. They were very enthusiastic and impartially cheered both teams. A good play—no matter by what team—met with just appreciation and as a result the visitors are all well pleased with Nelson even though they did not win.

The game started at 1:30 and from the kick off the players worked with a will. Nelson early settled down to business and two goals were kicked in the first half by Cox and Taylor. The visitors did not seem to be showing their proper form up to half time.

On resuming play the Coleman players showed better form and for a time they outplayed the home team, which was kept on the defensive. Sharples was given opportunity after opportunity to make spectacular plays and he did all that was expected of him. The pressure of the visitors' forwards became too great and they finally scored, Barnes doing the trick. Spurred on by this gain they went at it again but Nelson rallied and sent the pigskin up the field. It did not stay there long for the visitors sent it back in short order and so strongly did they press matters that at one time 21 players were within fifteen yards of the Nelson goal. Time was called before the visitors could tie the score.

Excellent combination work and tactics were displayed by both teams and there were no individual weak players. Everybody seemed on a par and to be there with the intention of doing his very best. Nelson won the game, but it kept the local boys hustling at their very best gait.

The teams lined up for the kickoff as follows:

NELSON GOAL
Emerson
BACKS
Sharples Kissack
HALF BACKS
Warren Harper, Capt. Corry
FORWARDS
Gill Berkshaw Taylor
Sadler Cox
* * * * *
Jack Hunter O'Neill
McFarlane Hutton Smith
FORWARDS
K. McFarlane Smith Frazer
HALF BACKS
Hailstone Scott
BACKS
Johnstone
COLEMAN GOAL
Referee—F. B. Hawthorne.

DRILLING CONTEST

Foulds Brothers of Greenwood Win—Drilled 35 Inches

As the brilliant summer sun started to sink down behind the hills last evening all interest centered in the rock drilling contest and a great crowd gathered along the east end of Baker street, where upon the vacant lot adjoining the Queen's hotel a newly hewn block of granite had been put in place under the direction of Frank Phillips. Numerous rock drilling contests have taken place here and around the drilling platform on the grass lay seven other drilled blocks of granite used in former celebrations.

Frank Brewer was official time keeper and Jakey Dover shouted the changes, while Frank Phillips looked after the arrangements.

Just two teams finally entered, one from Rossland hesitating and finally withdrawing. Jim and George Foulds of Greenwood were first on the ground and they were quickly followed by Robert Walters and A. J. McGillivray of Silverton. The former drew the start and about 7 o'clock Brewer shouted "start," and off went the human machine amid aplause and the drills commenced sinking down little by little. The Faulds brothers are well known in the Kootenays and have drilled here at many previous celebrations. They won last year with 35 inches to their credit and they were looked upon as winners last night before the contest started. The crowd applauded the teams good work particularly in the good changes made, and as the 15 minuites was drawing to a close, friends and supporters urged the men on, shouting and cheering them enthusiastically. Both men are splendid specimens of muscular development and were in fine form. When time was called Phillips measured and announced 35 inches flat, whereat there was more cheering.

Then the Silverton men got ready. They were a lighter built team but had plenty of supporters in the crowd and were very warmly applauded when they got to work and all during the 15 minutes. When time was called it was announced that they had driven 31 1-2 inches, so the Fauld Bros. won with a good margin.

Why Low-Priced Teas Are Really Extravagant

Because so much more of them is required to the cup than of a high-grade tea like

Blue Ribbon

As a rule it takes about a third more cheap tea than of Blue Ribbon. In other words, three pounds of Blue Ribbon Tea will go about as far as four pounds of the 30c or 35c tea. So Blue Ribbon Tea is really the most economical.

And as for flavor, there is no comparison. Cheap inferior teas can never have the rich, smooth flavor and refreshing fragrance of Blue Ribbon Tea. If you have been using "cheap tea" try one pound of Blue Ribbon and notice the difference. Lead packets, and 50c a pound

NELSON'S NEWS OF THE DAY

E. M. Sandilands was down from Sandon yesterday.

It is time you were thinking about your exhibits at the Nelson big fall fair.

Born, in this city, on Dominion day, to the wife of John G. Devlin, a son.

Miss E. DesBrisay of the Home hospital, has gone to Victoria for a six weeks' well earned vacation.

R. W. and Mrs. Grigor of Rossland, have been enjoying the celebration, guests at the Strathcona hotel.

Mrs. George Hunter and children leave this morning for Carleton Place, Ont., where they will spend the summer.

This hot weather it will pay to read over the ads to see what bargains in cool things to wear, eat and drink are being offered by Nelson's enterprising merchants.

F. E. Simpson, editor of the Cranbrook Herald, was in town last evening on a hurried business trip. He returns home this morning.

There will be an ice cream social at the residence of Rev. E. H. Shanks this evening. The proceeds go to the general fund of the Baptist church.

Miss Pauline Annable left yesterday morning for Moose Jaw, where she will join her sister, Nellie, and spend the summer holidays there, returning to this city in September.

The Great Northern railway has commenced an express delivery in this city aside from the Dominion Express company's service. The new cart was on the street yesterday for the first time.

Mrs. David B. Brown, Mrs. M. Wisdom and Winifred E. Brown of Bellingham, arrived in the city last night and will spend the summer in the Lardeau at the Old Gold and Primrose mine, the guests of manager J. M. Brown.

Some of the Hume hotel guests had a celebration all their own about 11 o'clock last night. There was a doctor, several mining men, and a lot of local politicians in the crowd and they sent up three balloons, with strings of fire crackers attached, most successfully. Then they set off some mines and scored the dogs for a mile around; further fireworks followed and then an adjournment was taken for

J. H. Ashdown Hardware Co., Ltd.
Sole Agents for Kootenay District.

Messrs. The J. H. Ashdown Hardware Co., Ltd.,

After considering the matter of roofing for the buildings in connection with the new power plant for the city of Nelson, I have decided that the Malthoid Roofing is the best and only roofing to meet all the conditions contingent upon the situation and elements to which these buildings are subjected, as this roofing not only is fireproof, but will withstand dampness and heat. Yours truly,

W. G. GILLETT, Mayor.

firewater. While it lasted the fun was fast and furious and afforded great amusement for a crowd of onlookers.

The following were the respective cash winnings of the successful competitors in the gun club tournament: Chingren, $85.41; Forbes, $70.26; Blackwood, $43.10; Ink, $32.47; Watson, $14.74; Burden, $25.63; Snyder, $28.33; Wells, $6.70; Desmond, $4.80; Melrose, $36.63; Goepel, $26.43; total, $384.48.

According to the representative of the dominion weather bureau in this city, yesterday was the hottest day of the year so far, the official glass reaching 87. Yesterday a year ago it was 94. According to a registered thermometer in the shade on Baker street, it was 89 at 3 p.m. yesterday, about the same as the day previous by the same glass.

Messrs. Chingren and Forbes, the two Spokane shooters, who came out first and second in the Nelson gun club's tournament, are delighted with Nelson. They went out launching yesterday after the shooting was over, will go home this morning and will return here for the regatta at the end of this month, and spend some days up the lake fishing. Mr. Forbes is a native of Hamilton, Ont., and was a member of the Canadian Bisley team some years ago.

T. A. Brydon of Victoria, president of the B. C. Fruit Growers' association; J. C. Metcalfe, Hammond, and Maxwell Smith, Vancouver, arrived at the Hume last evening and today will go to Kaslo to address the local fruit growers there. On Thursday evening Mr. Brydon will preside over the quarterly meeting of the association to be held in the board of trade rooms here when special papers will be read on the culture and care of orchards. On Friday evening Messrs. Brydon, Metcalfe and Maxwell Smith will address a meting of fruit growers at Creston and on Saturday evening they will attend a similar meeting at Cranbrook.

A visitor from out of town went into the Silver Grill Cafe about 7 o'clock last night and proceeded to fall asleep over his meal. According to the story of one of the cafe waiters, the man was jollied along for over an hour until he became abusive and wanted to fight. It is claimed he struck at one of the waiters while the latter was going out of the dining room with his arms loaded with dishes. The waiter took a plate and threw it at the man cutting his head badly from the right ear around to over the right eye. The man bled profusely and a crowd gathered in front of the place threatening to create trouble. The man was finally taken over to Dr. Hall and had his wound dressed. He is not dangerously wounded but will carry the scar made for the rest of his life. It is probable that no further notice will be taken of the incident.
