THREE WITNESSES CONTRADICT ORCHARD

Malich Swore That Orchard, and Not He, Suggested Blowing up a House Full of Non-Union Smeltermen---Orchard Declared He Would Kill Steunenberg---Others Deny Story Told by Prosecution's Chief Witness Implicating Them in Plots.

(Special to The Daily News)

Boise, July 2.—In the Haywood case today the defense devoted its time to refuting statements made by Orchard, especially as to events about Globeville, and as to participation by Geo. Mehelich and Max Malich with him in criminal enterprises, also to introducing further proof of the conspiracy upon which they really depended and to showing that Orchard had threatened to kill Steunenberg. The day's proceedings were rather prosy.

A feature was the testimony of former Attorney-General Engiee, of Colorado, who told of conditions at Telluride. He proclaimed himself a Debs socialist.

Max Malich was the first witness. Orchard had said that Malich had asked him to blow up a non-union hotel at Globeville and also to kill a rival storekeeper there. Malich's testimony was devoted to denying those statements and to the further statement that Orchard himself proposed such crimes and also told him he intended to kill Governor Stuenenberg.

Speaking of Orchard, he said: "I was introduced to him in February, 1905, as Tom Hogan. He was introduced to me by Mr. Gatlas, a Pinkerton detective, who belonged to the union. I did not know he was a detective." Then Malich said, Orchard hung around the saloon a good deal at first. He played cards a great deal, but there was no regular poker game going on. He told about a conversation he had with Orchard: "One night Orchard pulled me out of the store. He said, 'scabs' were getting the best of us. I told him it might look like it. He said, what's the matter with blowing up the hotel? He meant the Globe hotel, Tom, I said, I wouldn't stand for it and if you do something I will denounce it. Then he told me not to say anything he was only joking. So we took two or three more drinks together."

The witness denied that he knew of any powder being procured to blow up the hotel. He said he read of Orchard's confession and said the latter had lied. Malich said the Globe Co. had a big store there. I was running in opposition to him. There had been some feeling between the company's non-union men and the union men who patronized him. The witness was once a member of the city council of Globeville. He declared that two attempts had been made to burn his place of busines, the last of which occurred on April 25, 1905, after Orchard had left Globeville. "I had gone to my bedroom to retire," said Malich, "when some body threw a bottle of acid, or something through the window. The bottle burst about three feet in front of me and some of the fluid splashed on my wrist, burning through to the bone. I grabbed up my three-year-old boy, who was asleep in the bed and ran out of the place with him. When we went back the room was filled with smoke from the carpet which was smouldering." Malich declared he was never able to find out who attempted the outrage.

He saw Orchard in the month following. This time Orchard told him the smelter company's store was taking all his trade away from him. He offered to "do up" William McDonald, the proprietor of the store for $100. Malich said he told Orchard he had all the trade he wanted and would not have anybody killed on his account. On a subsequent occasion Orchard renewed the proposition to kill McDonald, but Malich would not listen to it.

The witnessed continued, "he then got talking to me about Governor Steunenberg and called him vile names saying, if it had not been for him he would have been a millionaire. He said he had to sell his share in the Hercules mine for $500 and get out of the country. I told him it did not make any difference how much money he had, he would lose it at faro anyway." Malich said his store and saloon at Globeville was burned down on June 21, 1905. He was on his ranch in Montrose county, 435 miles from Denver at the time.

Asked if he had ever talked to Orchard with regard to, or assisted him making bombs for Judges Orchard and Gabbert or anybody else, Malich called out a ripple of laughter by replying, "I never saw a bomb in my life yet."

On cross-examination he said he had $5,800 insurance on his property. His place was burned on June 21, 1905. At that time he was on his ranch. He had not seen Orchard just before he left for his ranch. He said, he was not aware that any goods had, before the fire, been removed from the saloon to Pettibone's store in Denver. Malich said he heard from several persons after he got back that the fire broke out again the next day. Malich again told of how his hand was burned by acid from a bottle thrown through the window of his bedroom.

"And you came out of Pettibone's store with your hand bandaged?"

"I don't think so."

"Didn't Pettibone laugh at your bandaged hand? Didn't you get rather mad and tell him it wasn't so damned funny and he said you don't want to monkey with my dope unless you can handle it carefully?"

"No sire, I never had any talk with Mr. Pettibone about my hand."

"Now when Steve Adams and his wife moved away from Globeville, didn't they bring some bottles over to your place and leave them in your bedroom and you thought it had come through the window?" asked Borah.

"Senator, do you honestly think I would leave anything like that in my room after the doctor told me what it was ?" asked Malich in reply and in an injured tone.

"No, not after you once got hold of it," said Borah.

Witness got badly mixed as to how he got the news of the burning of his place. He declared he had started back in the morning on hearing of it, but a little later it was shown there was no way in which he could have received the information. He admitted he believed Orchard would have killed McDonald for $100 and in response to the next question, he also admitted that he had agreed to back Orchard in the saloon business after the latter had threatened Steunenburg and assassinated McDonald. He denied he had offered to establish an alibi for Orchard were the latter arrested for the Gregory murder.

Joe. Mehelich, who like Malich, is a native of Austria, then took the stand.

He said, "Orchard came to me one day and asked me if I could tell him how the hotel was situated. I had worked there two months and told him what I knew. He then asked if I did not want to come along and help him blow it up. I told him no, that I wouldn't stick my fingers in it as I never intended to kill anybody."

On cross-examination by Borah, the witness denied all that Orchard had said about him in connection with the proposed blowing up of the hotel at Globeville. He said he had never talked with Orchard about stealing powder for that purpose from the Union Pacific magazine.

Edward McPharland, brother of James McPharland, the detective, testified to being arrested at Cripple Creek at the time of the trouble and to being deported. His examination was brief. McPharland said he was a shoemaker and had been conducting a shoe shop at Cripple Creek at the time.

Billy Aikman, who Orchard had said had assisted him in preparing the Vindicator bomb, next took the stand, having come here from Wonder, Nevada. He was asked:

"Did you know Harry Orchard?"

"Yes, I got acquainted with him in 1903 or 1904. I worked two shifts with him once."

The witness said he once worked a short time in the Vindicator mine about two months and that later he had worked there for five months in 1905 or 1906.

"Did you go to the mine in 1903 with Orchard and place a bomb?"

"No, sir."

"Did you ever know of any such thing?"

"No sir, I never heard of such a thing."

The witness swore he had never heard ofthe plan to blow up the mill nor to blow up the depot at Independence. Witness was arrested and on being released left the district. He knew Steve Adams also Aikman claimed he never furnished any powder for any exploit Orchard was engaged in. He said he had never heard of any attempt to kill Peabody. The first time he had ever seen Joe Mehelich was in the court room here. He said he never was in a livery rig in Denver. He swore he never participated with Orchard or Adams or any one else in acts or schemes of violence. He declared that he had gone to work at street cleaning in Denver for a contractor. In February, 1906, he said, he went to Nevada to work. He had always gone under his own name.

On the cross-examination the following occurred:

"After you went to Denver you lived with Steve Adams and you met Orchard there. At what time was that?"

"It seems like it was along in December, 1904.

"You were all together there?"

"Yes."

"How did you put in your time?"

"I was being doctor."

"What name was Adams going under then?"

"I think I called him Adams all the time. He had gone by the name of Dixon, but I don't think he was then. Orchard went by the name of Hogan."

The witness said he had no talk with him as to how he come to change his name. He could not be certain as to whether or not Adams was going by the name of Dixon or not. He had heard that he had once gone by the name of Dixon. Aikman said that he and Steve Adams were always good friends. He was also friendly with Owney Barmes. He denied that he knew where Governor Peabody, Justice Goddard, Justice Gabbert or General Sherman Bell lived in Denver. He knew Pettibone quite well and went to his store quite often.

Thomas C. Foster, of Arizona, a bartender, testified to being arrested at Cripple Creek and afterwards of leaving the district. The witness told of being taken out of the union hall in October, 1903, by the militia during the time he was attending a regular meeting. He said that about 5 or 6 others and himself were taken by the officers to the bull pen. "We were kept there 18 days and myself and a man by the name of Paddy Malone, were told to get out of the office and get to the guard line. After we got outside the guard line I went home. The next month I was told I was wanted for wrecking a train at the Florence and Cripple Creek railroad and I immediately gave myself up to the civil authorities."

The witness said he was later tried on the charge and acquitted. He was discharged on bail from the jail in February. He was tried about ten days later. After being discharged by the jury the witness said he had remained in the district.

Cross-examined, the witness said he was a member of the Burke Miners' union in 1891. He was not in Burke in 1892, however, having gone to Butler to work.

"Where were you when the train was supposed to have been wrecked," asked Borah.

"I was drunk in Altman."

He testified that you were drunk that night and that they helped you home at Telluride. He told of the organization of "Emil Johnson and Chas. Murphy."

The witness could not remember whether Easterly testified to helping to take him home. He could not remember that Bill Easterly was with him but said he was pretty drunk and Easterly might have been along. The witness said Horace Hawkins of Denver and J. W. Bangs of Cripple Creek defended him and that they were paid for doing so by the Western Federation of Miners.

The last witness of the day was Eugene Engell who was attorney general of Colorado during the Waite administration. General Engell said he had been called upon by Haywood to defend some members of the Western Federation of Miners at Telluride. He told the organization of the citizens' alliance and the mine owners association and the bringing of the gunmen into the district. More or less trouble followed the arrival of the gunmen and the militia. Proceeding he told of the habeas corpus proceedings. The prisoners were brought to the court house by the militia, a Gattling gun was mounted in the court house square and sharp shooters were placed in commanding positions, the prisoners were brought into court surrounded by soldiers with fixed bayonets. "I refused to proceed with the argument on a constitutional question while I was surrounded with bayonets and I walked out of the court house, followed by Mr. Murphy, general counsel of the Western Federation of Miners."

"What was ultimately done about the habeas corpus?"

"The military refused to obey the orders of the court and refused to release the prisoners."

General Engell said that when he went to Telluride to defend some of the miners the first man he met was George W. Riddel, then posing as a miner and president of the local union, but afterwards he posed as Pinkerton detective No. 36. "Riddel asked me if I was a socialist," said the witness. "I told him that I was. He said, 'Socialism is no good; they are anarchists out here.' I talked with Riddel for a while but I soon found out that he knew nothing about philosophy or anarchism. I spoke to some of the leaders about the matter, but I learned that Riddel was already suspected on account of his lavish expenditure of money."

Engell told of being deported from the district. He got a rifle and went back, after which he was not interfered with. He occupied a long time in his testimony, being disposed to make a stump speech in answer to each question and being reminded several times by judge Wood to confine himself to facts.

When on cross examination, he was asked if he were a socialist, general Engell launched into a lengthy discussion of the subject, ending with the statement: "If you mean that I favor the restoration to the human family of a planet now largely confiscated by a few, I am a socialist."

Senator Borah was about to ask another question when the witness proceeded: "I might add that I am not riding around in the golden chariot of the republican party or bumping about in the garbage cart of the democracy."

"Are you on the band wagon with Eugene V. Debs?" asked Borah.

"Well, I guess I will have to answer that question in the affirmative," was the reply.

ZEALAYA'S LATEST PLOT

CONSOLIDATION OF CENTRAL AMERICAN REPUBLICS

HONDURAS IS OBJECTING TO THE PROPOSED PROJECT

Puerto Cortes Honduras, June 27, via New Orleans, July 2.—Within the last few days a new combination has appeared on the Central American checkerboard whereon, President Zealaya has been manoeuvring for several months by means of revolutionary plots to consolidate the five republics under one government. The new combination is reported to be Honduras, Guatemala and Salvador. Their understanding was reached at Tegucigalpa, the Honduras capital, where the aim is to defeat the consolidation.

ANOTHER RUSSIAN PLOT

ASSASSINATION OF COUNT WITTE PLANNED BY MOSCOW

REACTIONARY TACTICS OF CZAR ARE STRONGLY RESENTED

St. Petersburg, July 2—From revolutionary sources has been learned and published the full details of a sensational reactionary plot to compass the murder of count Witte, the former Russian premier, who represented his country at the peace negotiations at Portsmouth in 1905.

This assassination was planned by the Moscow branch of the Union of Russian people. To Moscow the emperor sent a communication on June 17, conveying his blessing to the ultra reactionary party, and his hopes for the success of its purposes.

PORT ARTHUR SHOOTING

Port Arthur, July 2.—Another serious shooting affair took place at 2 o'clock this morning, and as a result a young man, named Carman, is now in the tolls, charged with shooting a Canadian Northern constable, Albert Grant. Officer Grant was in the act of arresting an intoxicated man on the street. Carman came along and interferred, stating he would shoot the officer. Both pulled revolvers, Carman shot first, the bullet entering Grant's cheeck, coming out through his neck, Police Officer Hein, of the city police force, was immediately on the scene and arrested Carman.

SCHMITZ WILL RUN

San Francisco, July 2—Mayor Eugene Schmitz, who is awaiting sentence under conviction of extrotion, in an interview this afternoon, authorized the Associated Press to say that he would again be a candidate for election for a fourth term and has begun the work of campaign. Another announcement by the mayor was that he would bring proceedings against judge Dunne, if his sentence is not forthcoming on Monday as promised. Until judgment is passed the mayor cannot carry his appeal to the higher courts to help establish an alibi.

OTTAWA'S NEW BUILDINGS

Ottawa, July 2.—Thirty designs have been received from architects all over Canada for competition for new, government, three million dollar departmental building and new justice building, which closed today. The judges wil go to work at once, and the award will be announced in a few weeks. The competition was limited to Canadian architects.

CRICKETERS COMING

London, July 2.—The Marylebone cricket team, which is to go to Canada and America in the fall will include H. K. Pritchard, P. W. Sherwell, J. Stooke and R. O. Schwarz, Stooke and Sherwell are from South Africa and are members of the South African cricket team, now playing a remarkable series of matches in Great Britain.

ROBBED AT MONTREAL

Toronto, July 2.—New York advices say that Sidney Moss, a manufacturers' agent of Toronto, may have been robbed and murdered in New York. His coat and vest and empty wallet have been found in an apartment house. He was to have sailed for England, but steamship people say he did not.

MONTREAL ROBBERY

Montreal, July 2.—The information was given out that Gerald Murray, messenger of the Allan Line office, was jostled and robbed of $1,500 as he was entering the company's office. There were three in the gang and all escaped. Murray had just drawn the money from the Merchant's bank.

WRESTLING CHAMPIONSHIP

Kansas City, July 2—William D. Scoville, rpesident of the Missouri athletic club, today received an acceptance from Charles B. Cochrane of London, England of his offer of a purse of $10,000 for a match in Kansas City in May next, between Hackenschmidt and Goch for the world's wrestling championship.

MATTHEW GILBERT DEAD

St. Thomas, July 2.—The death occurred of Matthew Gilbert in his 86th year at the home he has occupied for the past 76 years. He survived his five sons, although all attained manhood. He had been councillor and reeve, and from 1861 acted as magistrate.

WHYTE COMING WEST

Winnipeg, July 2—William Whyte, second vice-president of the C.P.R., left last night for a trip through the west as far as British Columbia. He expects to be away a couple of weeks on this inspection trip.

LIBERAL CANDIDATES

Brantford, July 2.—Today the reform convention for Brant unanimously chose Lloyd Harris as their candidate for the commons in Brantford and W. B. Wood for the legislature in the riding of South Brant.

CELEBRATION ENDS IN BLAZE OF GLORY

Illuminated Procession of Water Craft Attracts Hundreds of Spectators to Lake Front---Lacrosse Match Draws Enthusiastic Crowd While Football and Horse Racing Are Enjoyed---Good Form Shown in Athletics ---Seventeenth Celebration the Best on Record.

If "a thing of beauty is a joy for ever" then the closing scene of Nelson's seventeenth celebration of Dominion Day will certainly linger long in the memory of all that viewed it. It was a fitting ending to so successful a holiday and an ending which no other city in the interior of the province could have attempted and so was characteristic of the city in a way that nothing else could have been.

The influx of visitors was greater than ever has been the case before and the sports were carried out more extensively than has been done heretofore. The best drawing card on the program was the lacrosse match on either day, but the most beautiful thing was the illuminations of last night, while the water sports on the first day proved almost as great an attraction as the lacrosse match and possibly would have been as great could the necessary accommodation have been provided. That this shall be done is one of the problems of the future, but one which is not at all likely to prove insuperable. Any city can provide a lacrosse match, only Nelson a regatta on the scale and with the scenery that is here attendant. The horse race also was good and its only drawback was the smallness of the grounds, something also that might yet be remedied. Of the other sports football drew a good crowd and the admirable form displayed by the winner of the athletic contests yesterday was also greatly appreciated.

Appended is an account in detail of the day's doings.

LACROSSE GAME

Enthusiastic spectators yesterday declared that the return lacrosse match between Nelson and Vancouver was the best contested that they had ever witnessed in the Nelson ball grounds. And there were hundreds of spectators. Not only was the grand stand filled, but long lines of people lined the terrace and punctuated the play by vociferous cheering. The afternoon was hot, an ideal day for the game and as the Nelson boys made a better show than they did on the previous day, hopes ran high that after all the home team might win. The excitement grew intense when at the end of the second and third quarters the scores were even. But the final result was that the Vancouvers got away with the game by a score of eight to five. Following is the line up:

Nelson		Vancouver
	GOAL	
Miller		Gibbons
	POINT	
Jeffs		West
	COVER	
Jeffs, C		Clarkson
	DEFENCE	
Springer		Ritchie
Deacon		Burns
Williamson		Fowler
	CENTER	
Thompson		Cameron
	HOME	
McQueen		Cowan
Steel		Jamieson
Burns		Kirk
	OUTSIDE	
Matthews		Douglas
	INSIDE	
Debeck		Godfrey

The referee was Dudley Blackwood, with B. F. Armstrong and Charles Walmsley as timekeepers and D. E. McCutcheon and Blake Wilson as penalty timekeepers.

The general opinion formed of the match, even by the opponents, was that the Nelson players merely wanted practice to develop a magnificent game. Lack of combination was the worst fault of the home men. It is possible that the visitors were not playing quite as strongly as they did on the first day, but it is certain that the Nelsons played much better lacrosse than upon Dominion Day. With a team whose chief practice must necessarily be among themselves until such time as they have sufficient opponents in the field, coming from rival organizations, to keep them upon their metal the whole of the time, it is inevitable that the combination play must suffer and that practices will be but weakly attended and perfunctorily carried out. When new men are imported at the last minute, to say nothing of the ethics of such a practice, the combination must suffer even more and the spirit of patriotism is also weakened. Taken on the whole, however, Nelson has nothing to be ashamed of in losing to the team that defeated them. The Vancouvers played clean and good lacrosse and had already proved themselves victors over some noted teams. It was also to be remarked that the strict ruling of Dudley Blackwood kept the game clean, far cleaner that it was on the previous day. Offences were quickly visited by suspension from the game. There was only one man hurt and he not badly, the accident not being the result of dirty play.

The first quarter, time not being called till 4:33, nearly an hour late, began badly for Nelson, Godfrey scoring for the visitors within one minute of play. Nelson picked up heart, the goal being somewhat unexpected and maintained the ball in the middle of the field for some time when some clever passing ended at 4:30 with another goal for the Vancouvers, shot by Douglas. Nothing daunted the Nelson men played harder than ever, Springer, Thompson, Deacon and Williamson rallying down the field and keeping the Vancouver men busy. Gibbons saved three goals in quick succession and then Vancouver, getting the ball, passed it clear over the country and Godfrey shot yet another goal; time, 2 minutes. The Nelson men, however played as strongly as ever and at last succeeded in getting their first goal, shot by DeBeck; time 4 minutes. Four minutes more play, mostly in favor of the home aggregation, resulted in no further scores, the first quarter ending 3-1 in favor of Vancouver.

After five minutes rest the teams come out for their second quarter of an hour, with a hard game being played on both sides. The first men to offend were Cowan and Deacon and both were ruled off at 4:49 for three minutes and Clarkson was sent to decorate the fence for five minutes, one minute later. This left the visitors with one man less than their opponents, and the Vancouvers were badly crowded in goal. Nevertheless their defense was sound and it was not until a minute past 5 o'clock that Nelson managed to get the fifth goal, it being shot by Matthews after some pretty play. The time was 9 1-2 minutes. But at 5 o'clock Cowan again offended and was sent off for two minutes, Nelson scoring thus in his absence. Within a minute and a half of the fifth goal, Nelson secured a sixth, the old war horse Thompson streaking down the field and after some good passing between him and Deacon and Williamson, putting in the shot that tied the game, the score then being three all. Four minutes elapsed before the close of the quarter and when half time was called there was nothing further gained by either side. The game had become exceedingly fast and it was evident that the boys of the Queen City had the heels of their opponents when both were extended. During the quarter Kirk fell over his stick near the north fence and was laid out for four minutes, the mishap, however, being an accident.

The third quarter was as fast lacrosse as has ever been played in this city. However there was little rough play, DeBeck being sent off toward the middle for encroaching upon the goal keeper's ground and remaining away three minutes. At first Nelson had it mostly their own way and at 5:21 scored the seventh goal, within a minute and a half of the opening of the second half, Matthews shooting. There ensued some very fierce lacrosse for the next eight minutes, both sides striving hard and Nelson again scored, Matthews again shooting. The score now stood 5-4 in favor of Nelson, and the hopes of the excited spectators rose again and some betting was heard. Burns, Cowan, Cameron and Kirk were playing hard for their side, and finally wore down their opponents to some extent, the game, however, being still extremely fast. Eventually Godfrey scored for Vancouver at 5:35, and again a minute and a half later, half a minute before time was called, thus again making the score level, five all.

The last quarter opened at 5:43 1-2, Vancouver rushing the ball to the Nelson goal, Kirk scoring the 11th goal at 5:45. Nelson played up in return and kept the ball down at the Vancouver end, shooting at the opponent goal and failing. The ball was picked up behind the goal and brought back right across the field, Godfrey scoring at 5:48, that is to say within three minutes. The Vancouvers were then two ahead and Nelson tried its best to again get even. The next seven minutes of play was indeed hot and Nelson played in hard luck. At first the ball was sent into Vancouver territory and kept there, but Nelson's shot was a failure. Nelson again made a strong attack upon Vancouver's goal but was neatly stopped by Gibbons. There then ensued one of the fiercest rallys of the game, the Vancouvers pouring down on Nelson goal, but after an exciting struggle Thompson was seen to emerge with the ball, amid tumultous applause. Neither side for a minute or so seemed to be playing up, both being spent by the fierce onslaught, but shortly some fine passing put Vancouver in possession of the ball, and during a mixup in front of Nelson's goal Godfrey scored again for the Vancouvers; time six minutes. Seven minutes had yet to run before time could be called but the minutes were too few and both sides too spent to effect any material change in the game. Nelson played with zest up to the very end but failed to score on its shots and the same was true of the Vancouver team. The game thus ended with the score of 8-5 in favor of the visitors.

KOOTENAY'S VENICE

"Nothing that I have seen west of New York," said one of the judges of the illuminations last night, himself a new arrival in this city, "at all equals this scene. Chicago makes an attempt but cannot compete with the taste and patriotism displayed nor is the background there anything like as effective. Even New York itself can do no better." In this opinion another judge from the coast, concurred and declared that Vancouver had never done anything which was its peer in beauty.

The lake at dusk last evening, as the numerous launches, rowboats and canoes began to light up their lanterns, was as pretty a scene as could well have been created in this city. The numerous spectators who thronged the pier, the steamers which had accommodatingly been backed up to the wharf so as to permit a greater number of people to view the unparalleled sight, the boat club, every colgn of vantage and every available boat, alike were unstinted in their praises and as the visitors began to exclaim loudly in their delight many a benighted Nelson man, who has not so far appreciated the tremendous asset which the lake can be made to the city, commenced to proudly swell his chest and proclaim his dwellling place. If he had never known it before he was a convert now.

The whole stretch of water between the city wharf and the opposite shore and for a mile up and down the lake was close dotted with small craft, most of them carrying lanterns, those in the show bearing as many lights as could well be crowded on to them. The steamers threw their powerful searchlights glancing across the placid lake and the C.P.R. had lit every post on their wharves while from the snow at the lower end was stationed a pyrotechnic station from which came tumbling out all sorts of fire works, which lit the scene almost continually with variegated lights. Add to this the music provided by vocal and instrumental choirs on many a vessel and it can well be believed that Kootenay has shown something which can only be equalled by poetic Venice and then only by reason of its hoary historic associations.

The various craft were towed up and down the lake past the boathouse where the three judges sat. The three were captain Gore of this city, J. Langan of Winnipeg and J. T. Fife of Vancouver. The awards were as follows: Best decorated launch, S. M. Brydges, who also captured second prize for music. Best musical launch, C. W. Buck, also capturing second prize for decorations. T. G. Procter won the prize for the best rowboat, while J. Hayes took that for the best canoe.

ATHLETIC SPORTS

The chief feature of the athletic sports in the morning program at the recreation grounds was the victory of J. M. Macdonald, a young athlete who was ahead of every competitor who tried conclusions with him. Macdonald was not only good but his shaping showed that he would also be good in fast company.

The first event was the 50 yards race. For this there were the following entries: Hand, Macdonald, Paris and Brett. Meadonald won easily, with Paris second. Then followed the 100 yards, with the same entries and exactly the same result. In

(Continued on Page Five)

FERNIE'S CELEBRATION

Fernie, July 2.—Nicer weather could not have been desired than that with which this section was favored yesterdey, and as a result, the sports which were held on the recreation grounds in Fernie, were a great success. From early morning till late in the afternoon, visitors poured into town and it is seldom that so large a number have been in the city at on time. Everything passed off without a hitch and no accidents occurred to mar the day, while everybody apparently enjoyed the holiday to the full.

The first train on the new service between St. Paul and Spokane over the Crow's Nest branch of the C.P.R. and the Corbin road, passed through here last night on time.

MAY BE A WESTERNER

LIBERAL WHIP'S VIEWS ON THE CABINET VACANCY

NO APPEAL TO THE ELECTORS IS LIKELY THIS FALL

Toronto, July 2—That Ontario stands to lose a portfolio in the coming arrangement at Ottawa is included in a statement made here by W. S. Calvert, M.P. of Strathroy, chief liberal whip in the house of commons.

From his statement it would seem that the cabinet vacancy caused by the resignation of Hon. C. S. Hyman, will not be filled by the appointment of an Ontarioan, and that it will be given to a westerner, possibly to a man from one of the new provinces, perhaps from Manitoba. What Mr. Calvert said was, in the first place, that though there had been talk of a number of men, nothing would be done until the return of the premier. Mr. Calvert then suggested that a westerner may be appointed.

"I think," he said, "that the west deserves some consideration, that would be my opinion, Ontario would still have Mr. Paterson." The whip did not enlarge upon the Ontario cabinet reserves. Mr. Calvert repeated his statement made some weeks ago that there would be no election this fall and added that there might not be any next year. Discussing the succession to the railways portfolio, he said that the question of a successor to Mr. Emmerson had not been decided.

Prospectors', Lumbermen's, Miners' and all Campers' Supplies

TENTS in all sizes and weights.
RUBBERS and OIL SKIN CLOTHING.

CELEBRATION DAYS

The success of the past two days' celebration of Dominion Day should convince everyone that there is still plenty of room for a July first celebration, as well as the exhibition days in September. There has been some slight division of opinion in the past, those diffectly interested in the continued success of the fall fair, fearing lest too much local energy and means, expended on the Dominion Day celebration might, to some extent at least, work against the success of the exhibition. The latter event, however, is nearly three months off, and it is generally admitted now that it would be an unwise move to drop the celebrations after so many successful years, and further that the celebration will in no way interfere with the exhibition. As noted yesterday, Nelson is now the center of a fairly large and rapidly growing rural population, and addition there are many miners in nearby properties who can always be counted upon on festive occasions and in addition to these, any really good attraction, is certain to bring many here from a still wider circle, so that with good management, future Dominion Day celebrations and the ever popular fair days in the fall should find the city crowded with well satisfied visitors.

There is plenty of room for improvement in the way of managing the various events on celebration programs in the future, but hereafter, every one will agree that a water carnival and water sports generally, must occupy a leading position in any list of popular sports and pastimes.

A word of commendation is due those citizens who have given unstintedly their time and attention to arranging all the various details of the celebration just over.

From a strictly business point of view the keeping of Dominion Day and the upholding of the exhibition should be maintained and supported loyally by every resident of the city.

EDITORIAL NOTES

Toronto investors are said to be saying very unkind things of Cobalt mining stocks, but as the Telegram points out, investors will put their money on the wrong side of every mining craze. Cobalt, the Telegram thinks, should be held strictly accountable for the money that was put into the development of its mining properties, but not for the cash invested in mining stocks. "Cobalt or no other camp can ever pay dividends on the money that was thrown at the empty head and brazen cheek of every exploiter of its name and fame."

The irrigation convention that meets at Calgary this month should not be overlooked locally and if at all possibe a couple of representatives from Kootenay should be in attendance. Experts who have gone over the district in the past two years have repeatedly urged that the benefits to be obtained from the irrigation of fruit lands be not disregarded. One of the distinct advantages claimed for the lake district was the ease with which the lands could be equipped for irrigation purposes at small cost. A single dry season would probably impress fruit growers of the advisability of considering the irrigation question very carefully and doubtless important information on many details could be obtained from attending the Calgary convention.

Home for Sale

AFFRAY AT CALGARY

Six Norwegians Fight With Knives—Two Are Likely to Die
(Special to The Daily News)

Calgary, July 2.—Early this morning six Norwegians fought with knives in the east end of the city. Two were badly stabbed, one had a six inch knife wound in his chest and his nose cut and the other had a stab under the left shoulder blade. The two are now in the hospital in a critical condition.

Two men are held on the charge of what may be murder. The two suspects arrtsted are Souther and Wesmuson. A third man the police have a description of but, he is not yet apprehended. The fight was the most brutal incident that ever occurred in this city. All of the men were very drunk. The victims refuse to divulge the names of their assailants. Their recovery is very doubtful. The man with a wound in his chest, walked half a mile to the police station.

McDERMID & McHARDY

JAPAN GETTING UNEASY
WANTS SOME TANGIBLE PROOF OF AMERICAN FRIENDSHIP.

ACTS OF 'FRISCO AUTHORITIES ARE UNBEARABLE

Tokio, July 2—The Nichi Nichi, in a leader, regrets the necessity of being compelled to write again on the American question in defense of the rights of Japanese compatriots in San Francisco.

"Developments in the anti-Japanese sentiments," says the Nichi Nichi, "show signs of progressive and systematic movements aiming at the deprivation of the sources of livelihood of our compatriots. The last clause of article 2 of the treaty can properly be called into operation only after a law has been passed but no legal steps have been taken by the federal government disabling the Japanese from engaging in the employment agency business. The action of the San Francisco authorities is unbearable, neither Washington nor Tokio government can remain inactive in view of the latest action of the San Francisco authorities against the Japanese. The time has come when the traditional friendship between the two nations shall be demonstrated in some concerted form."

The Nichi Nichi is owned by Kato, viscount Hayashi's predecessor in the foreign office. He is a tried diplomat of more than ordinary calibre and is one of the trusted lieutenants of marquis Ito. Diplomatic questions that find expression in the Nich Nichi form one of the most important indications of Japanese sentiment.

THROWN INTO JAIL

Cabrera Arrests 160 Citizens of Guatemale—Many Sentenced to Death

Mexico City, July 2.—Word has been received in Mexico City that President Cabrera in Guatemala, has caused the arrest of 160 citizens of that republic on the charge of alleged complicity in the recent attempt to assassinate him. All were thrown into prison and later herded in squares of 20, and tried in groups and many sentenced to death. Among the prisoners are some of the most wealthy and prominent men in the country.

The statement is made that these men have long been on Cabrera's blacklist and the charges against them were trumped up for political reasons. When the news of the wholesale arrests was generally known the diplomatic representatives, with the exception of Philip A. Brown, the United States charge d' affaires, protested. No attention was paid to these protests by President Cabrera. The British minister was thereupon charged with drawing up a note detailing the incidents of the trial, which was characterized as a farce. This note is to be sent to the powers.

The despatch states that absolute chaos reigns in Guetemala. Farm hands are pressed for military service, and crops are rotting in the fields. The rich are threatened with ruin unless they contribue to the war fund. Troops are hurriedly rushing to the Mexican frontier and the Honduras-San Salvador bordess. Special trains of artillery have been sent to the frontier. The legations are besieged by relatives and friends of the imprisoned men who fear that they will be unceremoniously put to death. The report has caused excitement among Central American residents in this city and at a mass meeting held Sunday the matter was discussed.

AUTO GRAND PRIX

An Italian Captures Prize and Breaks the World's Auto Record

Dieppe, July 2—With a wonderful display of coolness, nerve and endurance, Nazarro, the Italian champion, today captured the auto grand prix at an average speed of 103 kilometers, 600 meters per hour, breaking the world's record.

The pace was killing from the start, leaving a number of cars hopelessly beaten before the second round was made. The only serious accident reported was that of a man who was dangerously injured by the explosion of a tire of Jenatzy's car.

The race was full of surprises. Nazarro was not prominent early in the contest. Lancia took the first three laps but when he broke down at the third and surrendered the lead to Duray, the latter as he reeled off lap after lap under 40 minutes, looked an easy winner, but on entering the ninth round a broken bearing put his car out of action and he was forced to retire. In the meantime Nazarro, riding like a demon, but cool and steady, overhauled Lancia and when Duray dropped out he continued unheeded to the finish. Seiss came up from the ruck and made a gallant but unavailable effort during the last two laps to overtake the flying leader. Lancia gave up in the final round permitting Baras to finish third.

TRAIL BEAT REFINERY

Cricket Match Played at the Smelter City on Dominion Day
(Special to The Daily News)

Trail, July 2.—The Trail cricket club, disappointed of their game at the Nelson celebration had a game during the holiday themselves. A match was got up between the Refinery and the town, the latter winning by 65 runs against 46. The club is considering the offer of the Nelson players to play a game at Nelson on July 11, next.

EMMERSON INTERVIEWED

LIBEL CHARGES WHERE WHOLLY A POLITICAL MOVE

JUST A FEATURE OF SCANDAL CAMPAIGN

Hon. H. R. Emmerson, ex-minister of railways and canals, in passing through Toronto last week, en route to West Verginia, where he will remain for a few weeks, was interviewed at length by the Toronto Press.

To the Globe representative Mr. Emmerson said: "My fight has been simply for the vindication of my honor as a man, and I have never made it the fight of the Liberal party."

Referring to the case against Mr. James H. Crocket, the editor of The Fredericton Gleaner, Mr. Emmerson said: "It has been wholly dealt with by the Conservative press of Canada from a political standpoint, which convinces one that there is no high moral aim in view. That the moral of the question is not at all the moving feature impelling those who indulged in the defamatory words seems quite clear. They have no high moral purpose to serve.

"It was a plot conceived for political purposes, and the Liberal party must strike back. I see that Hon. A. B. Aylesworth has been indulging in some little reminders to some of the party's assailants. It is what they may expect. They clearly could not assail me in the administration of my department ,so they undertook to throw muck, in order that my usefulness as a public servant might be destroyed.

"My evidence at the preliminary examination was voluntary. I needed only to prove publication to establish my case, but I was desirous that the facts should be presented to the public. I made my statement not knowing what the evidence of the defence would be, something that was not at all necessary for me to do.

"The mere fact of my presence in Toronto is being distorted into the belief that I am leaving to escape giving evidence. The case cannot now come up until next January, and I am in no way responsible for the Judge's decision. The charge, being a criminal one, is in the hands of the crown, and, like the other witnesses for the prosecution, I am in their hands.

"This whole matter has been treated from a political standpoint, as if my now personal feelings and those of my family were not to be considered in any way. The truth is that my personal honor and the good name of those dear to me has been the first consideration with me. I feel that the evidence adduced at the preliminary examination removed the stigma contained in the defamatory statement from which the reader would infer that I had been ejected from a hotel with women of low character. The evidence as adduced by the defense themselves showed conclusively that there had been no ejection, particularly so far as I was concerned for not even a servant of the hotel intimated anything of the kind to me. Nor were the ladies referred to ejected. I have shown conclusively that they were ladies of the highest respectability and move in the best social circles even to this day in the province of New Brunswick or where ever they are known.

"Of course, having commenced the preliminary examination, I would naturally carry it to its final conclusion in the supreme court. Mr. Justice Landry, however, in his interpretation of the law relating to defamatory libel, decided that it was in the public interest that statements such as that, whether true or false, should be published, providing the writer or publisher believed them to be true when published. His decision removed all consideration as to the truth or falsity of the allegation, that being a very material feature of my case. This legal bar made it absolutely fruitless for me to proceed further, and until the law of libel is differently interpreted by the courts, it would be a waste of time to proceed with the case, the accused being entitled to acquittal under any statement of the facts.

"The decision of the question is of paramount importance to the general public, and particularly to those engaged in public life. The case at Fredericton is not a private prosecution. The crown claims the right to have a decisive interpretation of the law before wasting its energies in inquiring into the facts.

"The comments of some of the Toronto newspapers indicate that they consider it my political defeat as if that were the main consideration. It may seem so to them, but my political destruction certainly will not in any way help the Conservative party in New Brunswick, because the vitality of the Liberal party is there, and in my small way I will always fight for its success as I have done since 1878. I think the animus shown me will be an incentive to greater activity on my part than ever before.

"I have reason to believe," said Mr. Emmerson, in conclusion, "that the defamatory statements against me originated in Montreal, and certainly the headquarters of the defence is to be found in that city. The whole thing has been originated as a feature of the campaign of scandal directed against the Liberal party. As I have said, however, my fight has been simply for the vindication of my honor as a man, and I have never made it the fight of the Liberal party."

Keep Minard's Liniment in the house

THE DOCTOR AWAY FROM HOME WHEN MOST NEEDED

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp colic and cholera morbus require prompt treatment and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep on hand a bottle of Chamberlain's Colic, cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save your life. For sale by all druggists and dealers.

You will know why when You use it

"Could the consumptives of any given community be seen at one time, or pass in panorama before the people, public consciousness of the magnitude of the affliction might be aroused. A physical disaster shocks the world and lets loose the sympathy of millions. A few thousand deaths are nothing as compared with the deaths from consumption." LAWRENCE F. FLICK, M D.,
Medical Director of Henry Phipps Institute for the Study, Treatment and Prevention of Tuberculosis.

Many reasons surely must influence men and women to help in the great work being carried on by the

MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES.

Other hospitals refuse the consumptive. This institution cares for them.

Not a single applicant has ever been refused admission to the Muskoka Free Hospital for Consumptives because of his or her poverty.

Seven hundred and thirty-eight patients have been cared for since the Free Hospital was opened in 1902. Take a week's record:

63 patients in residence; 37 absolutely free, not paying a copper toward their maintenance; 15 paying 50 cents a day or less; 5 paying $4.00 a week; 4 paying $5.00; one paying $7.00.

These figures tell plainly of a large deficit on maintenance account each month. To cover this the trustees are dependent upon the contributions that come to them from friends in all parts of Canada.

Not since the days of George Muller has so great a work of faith been carried on.

ADMINISTRATION BUILDING, MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES.

WILL YOU HELP DIVIDE THIS LOAD WITH THE TRUSTEES?

Contributions may be sent to SIR WM. R. MEREDITH, Kt., Chief Justice, Osgoode Hall, Toronto, or W. J. Gage, Esq., 54 Front Street, W., Toronto.

Applications for admission and all information from J. S. ROBERTSON, Secretary National Sanitarium Association, (Saturday Night Building), 28 Adelaide Street, W., Toronto, Canada.

RANCH AND FRUIT LANDS, IRON ORE, COAL LANDS
900 Million Feet Standing Timber
Box 863 Cranbrook, B.C.

WAY ARE WE HERE? WAY ARE WE HERE? WE'RE HERE BECAUSE THORPE'S GINGERALE IS HERE!

Kootenay Fruit Lands

Burton City and Fire Valley Fruit and Farm Lands are the best sellers now.

15 months ago I purchased from original locators about 5000 acres of Fruit Lands near Burton City. Since then I have been getting the titles and having them subdivided into 10, 15 and 20 acre blocks. One month ago I began to advertise them and have disposed of nine 15 acre blocks and twenty-one 20 ac. blocks, averaging more than one block per day.

The reasons why Burton City lands sell so readily are as follows:

1—The land has a good surface loam with a clay subsoil.

2—It is free from stones.

3—It is nearly level and has a gentle slope, none of it being more than 100 feet above the lake.

4—The public know I can furnish a good title at once.

5—They know I have had a wide experience in fruit lands and am prepared to prove any statements mentioned here.

6—Because I am a practical fruit grower, having over 2500 fruit trees on my home farm, and buyers get the benefit of my experience.

7—I am also prepared to clear land, plant it and care for it until such time as my customers are prepared to take it over.

A SNAP

one improved 20 acre fruit farm for sale fronting on the lake, has a nice beech and in a good locality, 2 1-2 miles north of Burton City. 5 acres cleared and ploughed, 175 fruit trees, a nice creek runs through the property soil is good and no waste land. Daily boat service. This is one of the prettiest places on the Arrow Lakes and will make a nice home in the heart of the fruit growing district.

Price $100 per acre, 10 per cent. down, balance can be arranged

WANT FLOOD'S RELEASE

EFFORTS TO LIBERATE PLAYER WHO KILLED UMPIRE

TORONTO NEW'S COMMENT ON THE INCIDENT

Ottawa, July 2.—Tim Flood, Toronto's baseball player, who has achieved national notoriety through his assault on Umpire Conway at Toronto, last week, and subsequently sentenced to 15 days in jail by Magistrate Denision, celebrated Dominion Day quietly, performing his jail duties as usual.

Hon. A. B. Aylesworth, minister of justice, has forwarded a recommendation for Flood's release to Sir Charles Fitzpatrick, who is acting as deputy governor, during the absence of Earl Grey in the east and who is now at Three Rivers.

The Toronto News commenting on the Flood case says editorially:

"If a man walking upon the street were to run at an enemy and attempt to kick him in the abdomen he would be sent to jail, and rightly so. It is difficult to see wherein that case would differ from the case of Tim Flood, the baseball player, who attacked Umpire Conway in this very fashion. Yet Flood's friends are attempting to get a pardon for him on the ground that the Eastern league will punish him sufficiently. The Eastern league is not a court of competent jurisdiction in Canada. The police court of Toronto exists to preserve law and order within the city limits. Rowdyism at Diamond park is exactly the same as rowdyism in St. John's Ward, rather worse, if anything, for thousands of people pay to enter the park. They go to see baseball, not prize-fighting. Mr. Conway may or may not be a poor umpire, but he could not be poor enough to be subjected to bodily violence. The minister of justice would be well advised to allow the sentence of Col. Denison to stand. It would be a salutary warning to baseball, lacrosse and hockey players who cannot control their tempers.'"

JUST A FEW

One Hundred Million Dollars Carried Through New York Streets

New York, July 2.—One hundred million dollars in negotiable bonds were carted through the streets of New York yesterday afternoon by the Adams Express company.

The bonds were taken from the Forty-eighth street depot of the express company on Madison avenue to the French steamship line pier at the foot of Morton street. The bonds will be shipped to Paris today on La Savoie.

The transfer of the vast fortune was conducted with the greatest secrecy. It was the most valuable consignment ever handled by the express company.

It was impossible to learn who the consignee was. The bonds were sent to New York from New Haven, Conn., over the New York, New Haven and Hartford railroad, and arrived at the express depot at 1 p.m.

General Agent Amador Andrews had instructed the special inspectors of the company to be at the express depot fully armed and prepared for the most important duty of their lives.

The bonds were packed in tin boxes, which in turn were placed in large packing cases. There were 145 of the packing cases, and it required twelve trucks to remove them to the pier. On each truck rode several armed inspectors.

The boxes were consigned to "G. W., Paris," and will be handled on the other side of the ocean by the Morris European Express compay.

CRESTON'S DOMINION DAY

Creston, July 2—The Dominion day celebration here was a decided success. The town was crowded. Everybody in the istrict came in, and many strangers, including a large contingent from Cranbrook, were here attending the sports and generally looking over the sights. The day was an ideal one and the large crowd had plenty of fun. The ladies of the Presbyterian church provided excellent refreshments on the grounds, the proceeds going to the church funds.

The following races were run: 100 yards, 1st R. Reid, 2nd I. Haydon; 220 yards, 1st O. Arrowsmith, 2nd I. Haydon; half mile, 1st L. Plewis, 2nd I. McDonald; sack race, 1st M. Gusty; 2ndF. McDonald; potato race 1st A. McKittrick, 2nd W. Crosby; pony race 1st A. Hendron, 2nd R. Leamy.

The pony race was a specially interesting one, four competitors entering, Al Hendron on Dexter winning. Each pony had good friends and a considerable amount of money changed hands on the result of the race.

The logging contests, the baseball game Creston vs. Idaho, the children's games, the ladies races, tug of war, etc., came off this evening, followed by a grand ball.

Many outside supporters of Creston contributed handsome sums toward the prize list.

They have a rare relish and a fine delicate flavor. Put up in air tight germ proof tins. It is wise to insist on Clark's.

NOTICE OF DIVIDEND

NOTICE is hereby given that the International Coal and Coke Company, Limited, will upon Aug. 1, 1907, pay a dividend of one and one half (1½) per cent on its issued and outstanding capital stock. Said dividend will be paid to the persons in whose name the stock stands at the time of the close of the transfer books of the company. The transfer books will be closed from July 16, 1907, to Aug. 1, 1907, both days inclusive. Any person holding stock that has not been transferred to his name should send such stock, before the first mentioned date, to the secretary, at the office of the Company, Fernwell Building, Spokane, Washington.

Dated at Spokane, Wash., June 29, 1907.

Synopsis of Canadian Homestead Regulations

ANY available Dominion Lands within the Railway Belt of British Columbia may be homesteaded by any persons who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

1. At least six months' residence upon and cultivation of the land in each year for three years.

2. If the father (or mother, if the father is deceased) of the hosemsteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

3. If the seitler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing shou'd be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal lands may be purchased at $10 an acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of 10 cents per ton of 2000 pounds shall be collected on the gross output.

D. A. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

FOR SALE CHEAP

BOILER

One 60-inch diameter by 16 ft. 8 in. long underfired, return multi-tubular boiler, in fair condition. Eighty-two 2½-in. tubes 2 1-3 x 2 1-6 in. steam dome. Boiler is good for testing to 150 lbs. per square inch and a working pressure of 80 to 90 lbs. Mountings consist of safety valve, stop valve, water gauges, try cocks, sludge cock and check valve, set of fire bars and bearers.

ENGINE

One 9-in. diameter x 14-in. stroke high pressure, variable cut-off expansion, valve engine, with governor. BEST MEDICINE IN THE WORLD FOR COLIC AND DIARRHOEA

"I find Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best remedy in the world," says Mr. C. L. Carter of Skirum, Ala. "I am subject to colic and diarrhoea. Last spring it seemed as though I would die, and I think I would if I had not taken Chamberlain's Colic, Cholera and Diarrhoea Remedy. I haven't been troubled with it since until this week, when I had a very severe attack and took half a bottle of the twenty-five cent size Chamberlain's Colic, Cholera and Diarrhoea Remedy and this morning feel like a new man." For sale by all druggists and dealers.

JUST A CANARD

Oyster Bay, July 2—Published reports that 16 battleships of the Atlantic fleet of the United States navy are to be transferred to the Pacific coast because of anti-American feelings in Japan, were denied today by Wm. Loeb, president Roosevelt's secretary. Mr. Loeb said the report is without foundation in fact, that such a movement has never been considered by the president and that its consideration is not contemplated.

"No; Japan would not regard it as an unfriendly act if the American government saw fit to increase her navy in her territorial waters on the Pacific coast or even if she sent additional men of war to the Asiatic station. She would not look upon it as a menace or regard it with regret."

These were the words of viscount Aoki, the Japanese ambassador to the United States, when his attention was called today to published reports that the general board of the navy had recommended to the president that battleships of the American fleet be sent around to the Pacific coast. At the same time the ambassador expressed a great deal of interest in the stories printed and asked if they were true. He dishked, he said, to appear in the public prints when there was no occasion for it, but he felt at perfect liberty to say what he did on the subject.

IN THE MATTER OF "THE PLANS CANCELLATION ACT, 1906,"

And in the Matter of the Townsite of Robson, part of Lot Three Hundred and One (301), Group One (1), Kootenay, of Record in the Land Registry Office at Nelson as "626."

TAKE NOTICE that on the 25th day of July A.D., 1907, at the hour of 10:30 o'clock in the forenoon, at the Court House in the City of Nelson, in the Province of British Columbia, application will be made to the Judge of the County Court of West Kootenay, by the Columbia and Kootenay Railway and Navigation Company for an order that the plan of the said townsite of Robson, of record at Nelson, in the Province of British Columbia as "626" be cancelled, and that the applicant may enjoy the lands comprised within the said townsite free from any easements or rights of any person to open any land or lanes, street or streets, square or squares, park or parks across, within or upon said lands.

Dated at the City of Nelson, in the Province of British Columbia, this 27th day of June, A.D., 1907.

JUST ESCAPED DROWNING

Child Passenger of S.S. Slocan Fell into the Lake

(Special to The Daily News)

New Denver, July 2—What might have been a drowning accident at the wharf here this morning, when the steamer Slocan was making a landing, was only prevented by presence of mind and heroic action.

There was quite a breeze when the boat came in. As usual she had a heavily laden barge alongside, the end of which was pushed against the wharf and a slippery gang plank, without either cleats or guard rail, run out for the passengers, of whom there were several, to come aboard. As the barge was very low in the water the aplnk had a very dangerous angle and was made more dangerous by the rain. Some of the passengers who perhaps were more or less expert tight rope performers, made the perilous descent in safety. Mrs. Gills of New Denver, with her little granddaughter, Irene Ferguson, who is about four years of age, went forward to go aboard. Hoping to assist her, the mate took the child in his arms and started down, when the barge gave a lurch, throwing him down and the little girl clipped from his arms and went into the water between the wharf and the barge. In a moment all was confusion, but one of the boat hands, named James Bain, was equal to the occasion and without a moment's hesitation plunged to the rescue. Grasping the child he swam to the barge where willling hands quickly pulled the two to safety.

Mr. Bain has not only earned the heartfelt gratitude of the child's parents, but also that of every resident of the town for his prompt action.

It is somewhat surprising that it should be necessary for these cumbersome barges to be taken on passenger trips when the C.P.R. claims that business is so slack on Slocan lake that they can only give us a tri-weekly service. Perhaps it is also in line with their policy of economy that guard rails are not placed on gang planks for dangerous landings, or can it be that ehty would prefer passengers to Slocan lake points to swim so as not to hinder them in their rush of moving freight. People are thinking it might be well to revert to the old service of the early 90's, when Pete Angrignon handled the business with his bateaux.

FAST C.P.R. SERVICES

Vancouver, July 2—The C. P. R. today commenced the operation of a third transcontinental train. This train makes the run from Vancouver to Montreal in 87 hours.

On July 14 the C.P.R. inaugurated a 47-hour train service between Spokane and St. Paul, giving the fastest service between these two cities.

RAILROADS RAISE WAGES

Chicago, July 2—Wage advances aggregating $250,000, and affecting 500 freight handlers in the employ of the Chicago railroads were put into effect yesterday, the increase averaging 7 per cent. Clerks in freight sheds of both the St. Paul and Northwestern roads also received an increase amounting to 10 per cent.

NELSON'S CELEBRATION

(Continued From First Page)

the 220 yard race Paris dropped out but was replaced by Charboneau. This was also Macdonald's race, Brett coming in second and Charboneau third.

For the high jump the only entries were Brett, Macdonald and Hand. This Macdonald won by jumping 5 feet 2 1-2 inches, without having to exert himself. The pole vault followed. The bar was set at 7 feet which was easily cleared by Macdonald; Brett followed and got clear over on his second attempt. The third competitor, Charboneau failed to clear without touching the bar. This was then put up six inches, Macdonald clearing as easily as before, but Brett failed to do so, getting over the height, but his body touched and knocked down the bar. The event was then awarded to Macdonald who, at the request of the judges, made an exhibition vault of 9 feet, which he cleared with ease.

The broad jump also went to Macdonald who cleared 18 feet 9 inches on his first attempt. The best done by Brett in three trys was 18 feet 2 inches, and that by Hand who was the only other competitor, was 16 feet 9 inches. Hence Macdonald won, but being pressed, made an exhibition jump of 20 feet 2 inches.

The old man's race, 50 yards, was won by J .H. Wallace, with captaan Gore a good second, R. Read bringing up the rear and Reg. Webb left at the post.

HORSE RACES

The chief attraction yesterday morning was the horse races. This drew a large crowd and the grand stand was fairly well filled. There were only three entries, Les Steel's chestnut Mandy, ridden by Gilchrist; J. Broomfield's grey, Dolly McKinney of the Boundary and the Fire Valley Girl, chestnut, owned by G. Ferguson and ridden by Archie Williams. The race was the best two out of three heats, half a mile, meaning twice around the course. The starters and judges were as on the previous day.

There was a good deal of jockeying for the start, the grey hanging back and Fire Valley Girl bolting but finally they got off for the first heat, Mandy being badly left. A hundred yards from the start Les Steel's horse was at least 100 feet behind, het grey racing the Girl up the back track. At the home stretch coming in for the first lap, the grey bolted off the track up the bank, being out of the race henceforth. The Girl maintained the lead for some time, Mandy, however, quickly closing up the gap. At the home corner Mandy, clever on the turn, came to the front and won by a good length.

The second heat was much like the first as far as the jockeying was concerned, all the horses, however, getting an even startstart. The grey bolted up the bank at the first turn and Mandy made the running. The Girl raced and kept up well until the back stretch on the second lap was reached when it was easily seen that Mandy, gaining at every jump, and now ahlf a dozen lengths ahead, had the race, the Fire Valley horse being about all in. The finish was merely a processi n. Mandy thus won, Fire Valley Girl getting second. Les Steel was the recipient of many congratulations which were the more overwhelming inasmuch as the owner hardly expected to win the Nelson Blue Ribbon.

FOOTBALL MATCH

The first event of the afternoon was the football match, association rules, between Coal Creek and Nelson, resulting in a victory for the visitors by a score of 3-0. The result was never in doubt from the very beginning of play, the Coal Creek men keeping the ball in their adversaries' ground pretty well the whole time. The game, however, was a good one throughout, Nelson though evidently outclassed by the faster forwards and better combination play of their opponents, played with a vim to the very finish and often took the ball to the Coal Creek goal but was never able to score. Still the score was by no means large against them nor was it a score that could have been indefinitely enlarged, for the Nelson men kept their rivals busy. Emerson, Nelson's goal tender, was a tower of strength to his team and saved several goals.

The real trouble with the home boys was that they had not played suffficiently together, the old cry of lack of practice, to compete with the Crow's Nest men.

B. F. Armstrong, the president of the B.C. Association football organization, visiting Nelson from the coast, declared that the visitors were probably as good as anything at the coast and the Nelson men, with a little practice together, not much behind. There was some talk during the game of the Kootenay teams affiliating with the coast association. At present the mainland teams play off among their clubs, about seven in number and the winner plays the island teams, numbering five for the championship. If the Kootenays were to organize a league the teams of the east and west divisions could play off for the up country championship, the victor to play for the provincial championship at the coast and at Nelson in alternate years. At present there are merely the three Crow's Nest teams and Nelson, but Trail is getting up a team and Rossland Grand Forks and Greenwood have the material to form others. The league is therefore possible and in the course of the year may take definite shape.

Visitors and the local team alike played a good, clean game and there were no accidents to detract from the pleasure of witnessing the sport. The line up was as follows.

Coal Creek		Nelson
	GOAL	
Macdonald		Emerson
	BACKS	
Allan		Hall
McFagas		Bourke
	HALF-BACKS	
McGechie		Corry
Page		Gill
Kellock		Harper
	FORWARDS	
McGrew		Cox
Linton		Taylor
Banns		Burkman
Chambers		Sadler
Hanson		Brett

The goals kicked were by Banns, Mulgrew and Chambers.

TRAP SHOOTING

The second and final day of the Nelson gun club's ninth annual shooting tournament came to a conclusion at noon yesterday.

C. H. Ink, who carried off the Patenaude cup on the first day, succeeded in winning the Ink and Ward challenge cup for the highest aggregate, with 174.

The gold medal presented by G. P. Wells was won by Melrose, who made the highest consecutive score, without a miss, 19.

The Ashdown cup was won by Watson.

The scores in the seven events were as follows:

No. 1, 15 birds—Watson, 14; wins the Ashdown cup and added money; Ward 13; Ink, 12; Wells, 11; Desmond, 11; Monk, 11; Mawdsley, 11; Burden, 10; Steele, 10; Melrose, 9; Klosterman, 9; Blackwood, 5.

No. 2, 20 birds—Wells, 17; Watson, 16; Burden, 16; Melrose, 16; Burden, 16made Burden, 16; Melrose, 15; Blackwood, 14; Ward, 14; Klosterman, 14; Steele, 14; Mawdsley, 13; Overset, 12; Monk, 12; Desmond, 11.

No. 3, 10 birds—Ink, 10; Melrose, 10; Desmond, 9; Wells, 9; Mawdsley, 9; Monk, 7; Watson, 7; Steele, 6; Klosterman, 6; Burden, 5; Blackwood, 5; Ward, 4; Overset, 3.

No. 4, 15 birds—Melrose, 13; Desmond, 12; Monk, 11; Ink, 11; Burden, 11; Steele, 11; Klosterman, 10; Watson, 10; Blackwood, 8; Wells, 8; Mawdsley, 7; Ward, 3; Overset, 2.

No. 5, team shoot, 25 birds—The winning team was captained by Wells and won by six shots, the other members being Melrose, Blackwood, Steele, Desmond and Overset.

No. 6, 15 birds—Melrose, 13; Monk, 12; Overset, 11; Steele, 11; Mawdsley, 11; Watson, 11; Ink, 10; Wells, 10; Desmond, 10; Klosterman, 9; Burden, 8; Blackwood, 5; Ward 5.

No. 7, merchandise shoot, 10 birds—1st, Melrose, prize an automatic rifle; 2nd, Ink, Wells, Watson and Overset tied with 8, on shcotoff Wells won, prize set of deconters; 3rd, won by Burden, with 7, prize a fishing rod; 4th, Monk and Blackwood tied with 6, and Monk won on shootoff, prize, a Stetson hat.

LOG CHOPPING

Sandwiched between the lacrosse and football matches yesterday afternoon was a log chopping contest which resulted in some very pretty displays of axemanship. A 16-foot log was brought upon the ground and four men essayed to cut it through. The diameter at the smaller end was 15 1-2 and at the larger 17 1-2 inches. "Shorty" Dunn drew first and, taking the smaller end, cut through in 3 minutes 50 seconds. Next followed F. Sammons, cutting further up the log and taking 5:16 1-2. The third contestant was J. C. Murdoch who accomplished his task in 4:07 3-4, and the last man was George Watson, who had the thickest part of the log, yet cut through in 2:57, thus getting first prize, with Dunn second.

NELSON'S NEWS OF THE DAY

The Sons of England meet tomorrow evening for their regular monthly chapter.

G. S. Rees of captain Gore's office, is leaving shortly on a visit to his old home in London, England.

The temperature went up yesterday to 83 in the shade, two degrees below the record for the season.

Two would be holdups from Spokane were got next to by the police and promptly warned out of town. They took the hint.

The Ladies' Aid of the Presbyterian church will meet in the church parlor today at 3:30 p.m. A full attendance is requested.

The regular fortnightly meeting of the city council, which was postponed from Monday evening on account of the holiday, will be held tonight at 8 o'clock.

The Poole-Longhurst Co. yesterday morning treated the city band to ice cream, in appreciation of that organization's excellent service during the celebration.

The B. C. Fruit Growers' association will hold a meeting in the court house this evening at 7:30, by which time W. J. Brandrith, secretary, is expected to arrive from Kaslo.

John P. Bell of Erie brought a curiosity to The Daily News office yesterday in the shape of a double youk hen's egg of unusual size and weighing just 4 ounces. The egg has been placed on view in the office window.

At 8 o'clock last night a small boy was run over by an express wagon at the corner of Ward and Josephine streets. The youngster could not move when first picked up but limped off a few minutes later, none the worse for his accident, save a bruise or two.

At the manse on Tuesday, July 2, Rev. J. T. Ferguson united in marriage Miss Hilda Hagen and Albert Anderson, both of Creston.

One of the city hotels was so pressed for room during the celebration that it put guests into some unfinished rooms, guiltless, indeed, of window frames.

There was a smoking concert given last night at the Bartlett house by the Nelson football players to their victorious rivals from Coal Creek and an enjoyable time was spent.

The Presbyterian Ladies' Aid closed a successful second day with their lunch tent on the vacant lot adjoining the Queens hotel. On both celebration days the tent was largely patronized.

The dance at the armory last night was attended by not a few of the visitors to the city and thought the attendance was less than on the previous evening still the ball was much enjoyed.

A. J. Dandurand, captain of the Rossland hose team, begs to thank the Nelson celebration committee and chief Deasy in particular, for the reception which the Rossland men obtained in this city.

A. C. Garde is returning to the Argenta mine this morning and is taking up his family to spend the next few months among the beautiful mountains at the head of Kootenay lake, where the property is situated.

B. F. Armstrong, manager of the Vancouver lacrosse team, expressed himself delighted with the courtesy and attention he and his team received in this city and says that he will be delighted to repeat the experience.

By no means the least delightful of the many events yesterday was a concert by the city band from 7 to 8 in the evening at the corner of Baker and Ward streets. Visitors praised the musicians very highly for the performance.

The siren-like whistle of the Kuskanook, the chortle of the Kokanee and the mellifluous megaphone of the marshal all entered the musical competition at last night's water parade but the judges cruelly handed over the prize to the Flirt.

DEATH OF ITALIAN DIPLOMAT

Rome, July 1.—Count Constantine Nigra, dean of the Italian diplomatists, is dead. He was born in 1828, served as a volunteer in the war against Austria in 1848. He was secretary of Count Cavour at the congress of Paris in 1856. Subsequently he was appointed minister of Sardinia and later of Italy at Paris, and in September, 1870, he was one of the small number of friends of the court who gathered at the Tuileries for the protection of Empress Eugenie and *he did not leave her until she was safe* out of Paris. In 1876 he was appointed ambassador at St. Petersburg, in 1882 he represented Italy at the court of St. James, and in 1887 he was appointed ambassador to Austria, which post he held until 1903.

LAURIER'S HOME-COMING

Wires Quebec Committee That he Will Sail on July 12

Quebec, July 2.—Dr. Cote, president of the reception committee to Sir Wilfrid Laurier, has received the following cable: "Paris, June 28.—Dr. Cote: Entirely at the disposal of my friends. I sail from Liverpool on July 12th. "(Signed) LAURIER."
