VOL. 6 NELSON, B. C., TUESDAY, OCTOBER 8, 1907 NO. 145

GET NO SALARY

Wageless Condition of the New Police

SMITH LOSES WEEK'S PAY

MAYOR GILLETT HAS STORMY SESSION WITH HIS ALDERMEN—IS ONLY SUPPORTED WHOLE-HEARTEDLY BY ALDERMAN ANNABLE.

At the reading of the minutes at the opening of the council the only aldermen present were aldermen Selous, Annable and McMorris who, with mayor Gillett in the chair, constituted a quorum. There were a large number of spectators present, the little council chamber being crowded to its utmost limits by a large number of citizens, interested in the result of the proceedings, sitting and standing, finding room in various coigns all round the room. There were altogether nearly a hundred people present.

Directly after the reading and adoption of the minutes alderman Rose took his seat. The presence of the crowd so unusual in the history of the meetings of the council in this city, eloquently showed the interest that is being taken, for and against, in the recent actions of the mayor, with reference to the government of the city. Those present by no means were of any one section nor were they in any way representative of any one interest, but were, on the other hand generally a representative gathering of the citizens of Nelson.

During the whole of the interesting and momentuous discussion as to the payment of the new police, apparently the only method of testing the legality or good sense of the recent proceedings of the police commissioners, the large number of people present, now greatly augumented, behaved very quietly, nothing but a low murmur of approval marking the passage of the motion practically censuring the police board, depriving the new police of their salary and making a deadlock in the police affairs.

After the adoption of the minutes and of the report of the finance committee that of police commissioners was read. This set forth that two of the old force had been discharged, two had resigned, and three new men had been appointed, one man, the sergeant, getting $10 more than his predecessor.

Alderman Selous asked it it was up to the council to criticize the action of the commissioners and was told that it was open to him as a private citizen but not as a member of thecouncil.

Ald. Selous dissented—the council paid the salary and therefore had a right to criticize.

Ald. McMorris asked if this were really the case.

Mayor Gillett said that the police commissioners could appoint as many policemen as they thought fit at whatsoever salary they might select and the council could do nothing.

Ald. Selous thought that such a state of affairs was lamentable were it the case, both in point of view of the council and of the large majority of the citizens.

The law being read in the matter, giving the council a right to protest to the lieutenant-governor in council, Ald. Selous moved that the council do not pay the police salaries.

Ald. Rose seconded.

Ald. McMorris said that the salaries ought to be paid until the governor decides.

Ald. Selous said he moved as he did to bring up the whole question.

Ald. Rose said that the action taken so far, was repugnant to the great majority of the citizens.

Ald. McMorris said that if Ald. Selous motion carried the city would be without a police force.

Ald. Selous: "That force, apparently, is easy to change."

On the question being put to a vote Ald. Selous and Rose voted "ave" and Ald. Annable "nay". Ald. McMorris thought the motion wrongly put and urged that it should be on the question of whether the sergeant should get the extra ten dollars. On the question again being put Ald. McMorris voted "aye" and the motion carried—the council refusing to pay the salaries of the police, pending an appeal to the lieutenant-governor.

There was a formal report from the fire department as to the placing of new hydrants which was referred to the fire, water and light committee.

Captain Gore wanted new lights for the shipyard, which request was also referred to the proper committee.

Charles Mitchell, who was recently held up here by three bunco steerers at the C. P. R. depot, who were subsequently sentenced to one year's imprisonment each, presented a bill to the city for his expenses.

The request was filed, alderman Rose suggesting that the C. P. R. might feel disposed to meet the bill.

The city engineer reported on the repairs to the Whitewater flume, and as to the cost of the extension to the Baker street sewer, the estimates aggregating $800. Th matter was referred to the board of works.

The council was authorized on the motion of Ald. Selous and Ald. Annable to sign a note to the Bank of Montreal covering the city's overdraft.

Mayor Gillett announced that on the request of four of the aldermen he had reinstated city electrician Smith and therefore referred the motion accepting his resignation for reconsideration. He had not vetoed that resolution.

Alderman Rose asked as to the powers of the mayor in the matter.

The mayor thought he had the power to do as he did—temporarily appointing Smith pending the action of the council.

Ald. Selous recited that by unanimous vote L. Steel had been placed in charge of the electric plant.

Mayor Gilett said that he had never placed L. Steel in charge. He had never suspended Mr. Steel.

Ald .Selous said that the mayor was not a despot.

The mayor claimed that as soon as the council adjourned the only man having any control over civic affairs was himself.

Ald. Selous said that the mayor had no power to appoint any other than Mr. Steel unless he first suspended him, which he had not done. Hence there were two men now in charge, one of whom, Mr. Smith, had illegally been appointed by the mayor.

Ald. Annable said that a deputation had waited upon him saying that three other aldermen had consented to the reinstatement of Mr. Smith. He therefore moved that the acceptance of Mr. Smith be reconsidered.

Ald. McMorris said that he had been informed that the city work could not be carried on and therefore Mr. Smith ought to be reinstated. He had consented to this being done temporarily but that Mr. Smith would have to apply regularly if he still wanted the position permanently. Therefore he could not support Ald. Annable's motion.

Ald. Rose said the mayor should have vetoed the resolution appointing Mr. Smith, That gentleman had not faced an enquiry, had resigned.

Ald. Selous declared that he had been trying to convince the mayor that the council, not the mayor, had the power of appointment.

The mayor acquiesced and incontinently informed the Daily News that there was no one man rule.

The reporter—"The Daily News is thankful." (Laughter.)

Ald. Selous—"In my opinion L. Steel is a far more competent man than Mr. Smith." (Hear, hear and laughter.)

The mayor—"Gentlemen I will have to ask you to retire if you cannot keep order."

Jules Reisterer wished to address the council but his request was refused by the mayor.

Ald. Selous moved that the resolution accepting the resignation of Mr. Smith and appointing L. Steel be not reconsidered. Mr. Selous pointed ou that the original resolution appointed Mr. Steel in conjunction with the city engineer and that he was empowered to get outside help if during his temporary appointment he was in need of help.

On the motion of not reconsidering being put Ald. Selous and Rose vote "aye" and Ald. Annable and Ald. McMorris voted "nay," the mayor declaring the resolution lost.

Ald. Annable then moved the motion be reconsidered and Ald. McMorris seconded.

Ald. Selous asked whether this meant that Mr. Smith be reinstated temporarily until he could be reinstated permanently. (Laughter.)

The mayor—"I know what you are afraid of, but the motion does not mean that."

Ald. Annable—"It does not mean even that. That involves yet another motion."

The mayor wished the question to be put but Ald. Selous said that Mr. Smith was drunk, that fact had been attested to by chief Pitchford and sergeant Wightman; that he had been interfering with a woman of the show on the attestation of Mr. and Mrs. N. Reiss and that he had put out the lights of the city for a matter of spite. Ald. Selous did not kwow how Mr. Smith had got his appointment and how he retained it. Whether it was by pull or by relatives he did not know (Hear, hear.)

The question was then put and carried, Ald. Annable and Ald. McMorris voting with the mayor.

Ald. Annable moved that F. A. Smith be appointed temporarily until the receipt of applications for the appointment of his successor.

Ald. McMorris seconded.

Ald. Selous—"From this date?"

The mayor—"The aldermen's pleasure."

Ald. Rose—"You can't make the resolution retroactive."

Ald. Annable—"From this date."

The motion was then put and carried, Aldermen Selous and Rose voting "nay."

Ald. Rose asked for the report of the finance committee.

The notes of this meeting were then read, after demur, and were found to contain a request for a special meeting of the council to pass the finance accounts, to deal with the resignation of Mr. Smith and to deal with the matter of city property being used by the mayor and to have an account of the moneys paid by the mayor to the city.

The mayor asked why the special meeting was not called.

Clerk Wasson said that the mayor had refused to call the meeting on the ground that it was not necessary.

Mayor Gilett said the majority of the council could not attend and that no special meeting should be called unless there were a request made by three of the aldermen.

Ald. Selous wanted to know how the city accounts had been passed except that the finance had again met and recommended the payment of the salaries.

Mayor Gilett replied that the finance committee could meet a thousand times but the only body that could do anything in the matter was the council.

Ald. Selous—"Quite so, we did all we could. We were anxious to act legally which apparently your worship is not." (Hear, hear and laughter.)

The question of the hoisting plant being then gone into the clerk read a resolution, dated March 25, moved by Ald. Rose and seconded by Ald. Annable, that the mayor be instructed the hoisting plant of the city, power plant on condition that the city electrician and city engineer approved and fixed a rate for the rent. There was no report as to this extant from either the city engineer or the city electrician.

The mayor explained that the former city engineer had been asked for a report. The new city engineer was present at that conversation.

City engineer Lawrence remembered that Mr. McCulloch had been asked for a report by mayor and had replied, as far as his recollection served, that he would make such a report.

The mayor—"Do you recollect any figure mentioned?"

Mr. Lawrence—"I think $15 per month."

Ald. Annable—"Are you using more machinery than you asked for?"

The mayor replied that he had meant to include everything.

Ald. Selous asked for an inventory.

Clerk Wasson read out: "One hoisting engine, two boilers (one of which had had to be fitted with new flues at a cost of $66) one mixer, one mixer engine, one boom, one bucket, two rock skids and some derrick fittings unspecified."

Mayor Gilett explained this was all third class machinery and had been used at Vancouver and Rossland before being used at the city power plant.

Ald. Rose asked if the mixer was at the power plant at the time of the mayor taking it.

The mayor—"It was at the zinc works."

Ald. Rose—"How did it get there Was it with the consent of the council?"

The mayor—No! The city engineer knew all about it. I have been accused of taking the city's steel. Why don't you ask me about that?"

Ald. Selous—"Is this a conundrum" Will the clerk give an estimate of the value of this plant?"

The city clerk read out D. McBeath's estimate which figured the hoisting engine and boiler at $1243, the other boiler at $297.50, mixer $617, mixer engine, $225, boom $70, concrete bucket $112, rock skids $10, or a total of $2574.50.

The mayor claimed that he could duplicate the machinery at much less cost. It had cost $210 to bring it to the city.

Ald. Selous—"But we will have to take it back to the plant, when we wish to increase its capacity.

Mayor Gilett—"That will be some years and it would be better to buy a new plant."

Ald. Rose—"Mr. McCulloch said to me that he had never made a report on the matter because he did not believe in shipping the plant unless it were sold."

Ald. Selous—"I think, Mr. Mayor, you are getting a very good bargain. The depreciation on machinery valued at $2500 must be more than $15 a month.

The mayor denied this. It would have paid him to have bought new machinery in the first place. He had really done the city a favor in renting from it this machinery. He did not wish to keep the machinery for five minutes against the wish of the council or of its citizens. If the council thought $15 was not a sufficient rental they should signify their desires.

Ald. Annable thought a dollar a day little enough.

The mayor thought his repairs to the plant, which he was bound to return to the city in the same condition in which he found it, ought to be taken into consideration. The boiler would be worth more when he returned it than when he received it. The other part of the plant would be worth less. If the council wanted the machinery returned to the electric power plant he would have to do so. All the machinery was at the new court house with the exception of the boiler which was at the quarry.

Ald. Annable thought the plant should be sold and that he considered a fair valuation would be $1500.

Ald. Selous thought the matter should stand over.

Ald Rose ventured that Mr. McCulloch should report on the value of the machinery and made a resolution to this effect.

This Ald. Annable seconded and the motion carried.

Ald. Selous then brought up the question of building permits which he said were not being issued and requested that a notice be put in the papers to all people wishing to make alterations that a permit was first necessary.

Ald. McMorris seconded and the motion carried.

Ald. Rose asked for a lighton Railway street.

Mayor Gilett said that instructions had been issued to Mr. Smith.

Ald. Selous complained as to the lighting of the city wharf.

Ald. Rose asked as to the repairs to the wharf.

Engineer Lawrence reported he was still in negotiations with the railways concerned.

Ald. Rose called the attention of the city engineer to the condition of the sidewalk near the Home hospital.

The mayor answered that this had been attended to.

The council adjourned at 10.15 p.m for October 21.

IS INDIGNANT

Globe's Editorial on Telegraph Scandal

"INTOLERABLE AUTOCRAT"

DECLARES TIME HAS ARRIVED FOR INTERFERENCE — RIGHT TO A. P. REPORT CANNOT BE QUESTIONED — EXCESSIVE TOLLS CONDEMNED.

Toronto, Oct. 7.—The Globe says editorially: "An editor has been confronted by the demand that he cease to criticise the Canadian Pacific Railway Telegraph company, on pain of having his news service discontinued. The victim of the punishment for lese majesty is the editor of the Nelson, B. C., Daily News. Yesterday his newspaper had been without a telegraphic service for two days, and he was told that it would not be renewed unless he entered into a written agreement not to criticise publicly the course of the telegraph company. These facts have been telegraphed to the Globe, by way of Chicago, by a gentleman in Vancouver. He is of the highest standing in the public life of the coast province.

Judging by the Globe's experience in having the telegraphed news of a railway accident suppressed, it would be useless to telegraph to Nelson, B. C., for confirmation. But that is fortunately unnnecessary, owing to the absolutely trustworthy source of the Globe's information. The situation revealed is intolerable and it is the duty of the government to afford relief at once. The telegraph company was chartered to do commercial business in Canada, not merely for the profit of its owners and organizers, but for the benefit of the public. The charter implies the obligation to serve the public and when this obligation is disregarded and the service is treated as a favor to be bestowed on the acceptance of undignified and impossible conditions, it at once becomes incumbent on the government to grant all the relief necessary to make the company serve the purpose for which it was created.

"The Nelson Daily News has been deprived of a service because it criticised therecent sharp advances in our western telegraph rates. These advances, according to dispatches from Winnipeg published yesterday, are from 66 to over 200 per cent. Just how far these recent increases in Ontario are justified is a matter that cannot be decided without an impartial investigation. Even with inquiry by the railway commission the possibilities of corporate bookkeeping are such that it may be impossible to determine or approximate fair and reasonable rates. But such rate regulation, imperfect as it must be, is infinitely preferable to dictation by a company which has determined, foolishly, to play the part of an intolerable autocrat.

"If the company were allowed arbitrarily to grant or to withhold a service which a charter enables it to render, and of which it may have a monopoly, it would be in control of a large portion of the newspapers of the Dominion. Need of immediate control by the railway commission could not be more clearly demonstrated. Extension of the commission's authority is a necessary but a temporary device to make conditions tolerable, till the telegraph service can be made a branch of the post office department."

WHO IS HE?

Kootenay Man Wants an English Wife Sent Him.

A special to the Montreal Star dated, London, September 28, says: Girls are scarce in British Columbia, so scarce indeed that a colonist in Gerrard has sent home to England a plaintive letter begging that a wife may be found for him. The eager benedict addressed his letter to the Guildford Board of Guardians, and it has just been read to that body. The letter is as follows: "I guess you will be kinder suprised at me writing to you, as you don't know me or I you; but I want you to help me, if you can, and I think you can. Well, I come right to the point. I am in want of a wife—women are scarce out here and I know there are plenty in the Old Country, and I guess some of you gentlemen knows of some nice girl who would like a husband. I am in a position to live comfortable, but I ain't a millionaire. I am a tradesman and I've got a good job and earning five dollars a day, or in English money, about a pound; and if I got a good helpmate I am going to start a business of my own.

"I am an Englishman. I came out to this country about five years ago. My home was in a Midland county I am the son of a respectable tradesman. I am 26 years of age and big and strong; stand six feet in my socks, weigh 13 stones, am a dark complexion, and ain't bad looking. Sounds like selling a horse, don't it Well, I kinder guess I am putting myself up for sale all right. Well, if you know of a nice girl who stands anything over 5 ft 6 in. up to 6 ft., and who ain't bad-looking, and who has got nice ways and dispositions—I don't want an angel—but a sensible girl about 20 to 23 years old. Don't care whether she be dark or fair. I know I am asking a lot for you gentlemen to do, but perhaps you know some girl who wants to change her name, and if you let me know I will pay the expenses. I am sending an envelope for a reply with a Canadian stamp, but I guess that ain't much good in England. If you would carry out this little order for me I should be very much obliged.

"It is a nice climate here—just like England. No cold winters here, beautiful scenery, and is not far from the Kootenay Valley; town of Nelson is not far off. If you put this in the paper you need put my name. I guess I'll close now, hoping to get a deply from you, or some nice girl."

A SAD DEATH

Dave Booth Killed Accidentally on Sunday

UNEXPECTED EXPLOSION

GUN GOES OFF SUDDENLY UNDER PECULIAR CONDITIONS—IMMEDIATE HELP WAS AT HAND BUT VICTIM DIES IN HOSPITAL OF SHOCK.

A most regrettable fatality occurred on Sunday afternoon last through a shooting misadventure whereby Dave Booth came to his death through the accidental discharge of a gun in the hands of Joe Thompson. Thompson is one of the best known all-round sportsmen in the community and one who has always gone in for clean sport all through his long residence in this city, while Dave Booth was equally well and favorably known. So clear are the facts of the unfortunate accident that the coroner, Dr. Arthur, has thought it unnecessary to hold any inquest and the interment of the remains of the deceased is delayed only until word has been received from his relatives.

Shortly the matter happened in the following manner: J. Thompson, Dave Booth, G. Hughes and J. Costigan were engaged on a shooting expedition on Sunday last just above West's landing, about six miles east of the city on the north shore of the lake. At about a quarter of 2 o'clock on Sunday afternoon the four men were at a point about a half mile on the road leading to the ranch of J. J. Campbell. The four were bunched together. A covey of grouse flew up and Thompson snapped his gun at them. He found that the gun was already discharged and, stepping back instantly proceeded to reload it. He put in two fresh cartridges and snapped the breech together when it exploded. The only reason Thompson can assign for the unexpected explosion was that the snapping of the gun just previously on an empty cartridge had left the plunger, which fires the cartridge from the impact of the hammer, projecting. Hence when the breech was closed the projecting plunger must have fired the cartridge.

In the meantime when Booth had seen Thompson's shot had misfired he stepped in front and fired at one of the birds. He succeeded in wounding it and made another step to the front to discharge the second barrel at the wounded bird when Thompson's gun, immediately behind, went off. The distance between the two men could not have been more than six feet. The charge from Thompson's gun, No. 4 shot, tore right through the outside of Booth's right arm, lacerating the whole of the circumflex arteries in that region, near the top of th earm, and breaking the bone in several places, making altogether a most ghastly looking wound. Yet the main artery, which is situated on the inside of the arm, was untouched.

Booth shouted and said he was shot. Thompson secured a handkerchief from one of the party and bound up the wound. Booth was walked back directly to West's landing something less than a mile away. There Mr. West put on a tourniquet to stop the bleeding and C. E. Miller's launch was lent to bring the unfortunate man into the city where he was placed in the Home hospital at 4:30 o'clock. Dr. Hawkey, Wilson and Hartin were inattendance and did their best to save the patient and indeed had hopes of saving the arm as no vital injury had been done, apparently. It was intended to have an operation tomorrow morning and splice the bone which had been injured by the gunshot. However the patient was very weak. He had lost some blood and was chilled on his way down to West's landing and although the tourniquet applied by Mr. West was efficient, yet there had been a good deal of blood lost from the circumflex arteries on Booth's way from the scene of the accident to Wests landing. Moreover it was necessary to take away all foreign substances from the wound for fear of subsequent blood poisoning. In the meantime stimulants were administered to keep up the system but Booth, who was in an anaemic condition, had been unwell for some months and was then suffering from an acute attack of indigestion, could not rally and, failing asleep passed away in that condition at about 10 o'clock on Sunday night, barely more than five hours after his admission to the hospital. The cause of death is assigned to shock coupled with loss of blood.

The deceased was born in Haslingden, Lancashire, England, and came out to Ontario at an early age. His family moved when he was but a young man, to Seattle and from Seattle Dave Booth came here some eight or nine years ago. Mr. Booth was a prospector and timber locator. Word has been sent to his brother, who is keeping an hotel upon Texada island and to his sister, Mrs. Grundy of Fremont street, Seattle, but so far no reply has been received.

Great public sympathy is felt for Joe Thompson, whose unusually kindly disposition has made him feel the unfortunate affair most keenly. It was a striking instance of the regard with which Mr. Thompson is held here and of how thoroughly his natural kindness of heart is understood that, as brief word of the accident was passed around on Sunday evening, every one's first thought was for Joe.

FOR LOCAL FARMERS.

Slaughter Requirements Under New Meat Inspection Act.

(Special to The Daily News)

Ottawa, Oct. 7.—The custom prevailing among farmers throughout Canada of slaughtering animals, particularly swine, upon their own premises and selling the dressed carcasses on the local market, is one which entails more or less loss to the producer. Before the advent of packing establishments, the domestic trade was supplied by the local butchers, who were necessarily compelled to provide for future supplies, and, as a result, the local markets were created. Conditions have changed however, the local dealers no longer supplying the domestic trade, which has passed into the hands of the packing houses, which are now the distributing centers for meats. Packers can afford to, and actually do pay higher prices and sell at lower values than the local butchers for reasons which are obvious when one considers that profits are represented by the by-products. The packers are adverse to buying dressed carcasses as they represent smaller profits in by-products; again dressed carcasses are imperfectly handled by the farmer, the meat in many cases being bruised and unsightly, this, as well as improper chilling being deterrnet to good prices. Animals, especially hogs, require scientific chilling, otherwise those parts which enter into the process of curing become sour and unfit for market. Packers prefer to buy their meats on the hoof, and for the reasons set forth above, are able to pay higher prices for the same.

In view, however, of the large trade carried on in some parts of Canada, more particularly during the fall and winter, in dressed pork, as well as in other dressed meatas, attention may be directed to one of the requirements of the regulations made under the new Meat Inspect on Act, which is likely to have a considerable effect on the business above referred to. The Department of Agriculture at Ottawa having assumed the responsibility of inspecting and particularly guaranteeing the healthfulness of all meats and meat products sent out by the packing houses, must, of necessity, protect itself by making sure that no diseased carcases are permitted to enter these establishments. The mose effective way of preventing the entry of such diseased meat is, of course, the careful ante-mortem inspection provided for by the regulations, but, in view of the large trade carried on in dressed carcasses, and of the fact that both farmers and packers have been in the habit of handling meats in this way, the officials in charge of the enforcement of the Act have decided to admit to the establishments under inspection, dressed carcasses under such conditions as will enable them to judge with reasonable certainty as to whether the aminal, prior to slaughter, was free from disease. Provision has therefore, been made for the admission on inspection, of dressed carcases with the head, heart, lungs and liver held by their natural attachments, such carcases to be inspected before entering the establishment, and if found fit for good food to be so marked and admitted for packing purposes, while if found to be diseased, to be condemned and tanked.

This being the case it is incumbent upon every farmer bringing dressed hogs or other animals to market to remember that unless the carcases are dressed in accordance with the regulation mentioned above, namely, with those organs left in their proper positions, it will not be possible for the representatives of the packing houses to buy such carcases for use in any of the establishments coming under the operation of the Meat and Canned Foods Act.

The presence of the buyers or agents of these establishments on our local markets has always been, at least to some extent, a safeguard against possible attempts by local combinations of butchers and others to depress the price of dressed meats, and it will be well for producers to bear in mind the new conditions and when, for any reason, unable to market their stock on hoof as they should undoubtedly do whenever possible, dress their hogs, as well as other animals in such a way as to meet the requirements of the new Act.

CABINET MEETING TODAY

LEMIEUX WILL BE APPOINTED ENVOY TO CHINA.

WILL SAIL FROM VANCOUVER ON OCTOBER 20.

(Special to The Daily News)

Otawa, Oct. 7.—Laurier returned today from Quebec. Fielding, who has just returned from England, was busy at his department all day. Mr. Brodeur is expected here tomorrow. Dr. Pugsley and Lemieux arrived today. A meeting of the cabinet will be held shortly, when Lemieux will be appointed as the Canadian representative to Japan to interview the Mikados government and to make a definite settlement re Japanese immigration. He will be accompanied by prominent officials, including probably MacKenzie King. They will sail from Vancouver on the 20th instant. Counsel general Nosse goes by the same steamer.

PRAIRIE FIRE.

(Special to The Daily News)

Halbrite, Sask., Oct. 7.—A prairie fire has caused a big loss to the farmers of this district the last few days. The heaviest losers are J. Williams, who lost his 140 acres of wheat, and F. Stockman, who lost all his crop and farm buildings. A number of other farmers lost a portion of their grain.

WANT CHINKS

Nicola Man Desires Them For the Land

MEETING OF ANTI-ASIATICS

RUDYARD KIPLING MAKES FINE SPEECH AT CANADIAN CLUB—GRAND TRUNK WILL APPLY FOR AN EXTENSION OF TIME ON COAST LINE.

(Special to The Daily News)

Vancouver, Oct. 7.—It is stated here on good authority that the Grand Trunk Pacific will apply at the next session of parliament for an extension of time for the completion of their line through to the coast.

The Canadian club greeted Rudyard Kipling this afternoon with one of the largest attended luncheons in its history. The famous author spoke briefly, but his address was one of the best yet delivered in Canada. He avoided all mention of the Oriental question but, speaking of the future of the province and the city, he compared it to the head of an army issuing through a mountain pass. Such a scene was impressive but even more wonderful was the thought of a steady stream of men plowing through the mountains and in that light he viewed the future. If he had not his own great faith in the blood and make up of the race, he would tremble at the responsibility of the province. It was its task to build stable and unshakable civilization on the edge of the eastern sea. He had lived in lands of greater difficulties and fewer men, had seen them borne down for the time by circumstances, but they never lost their hearts or heads. British Columbians should so bear themselves that their children and children's children might thank them for the goodly land and heritage they had secured for them.

A. E. Howse, Nicola, this morning made strong pro-Asiatic representations to immigration commissioner Scott. He declared that the white labor coming from the old country was not suitable for clearing land, digging irrigation ditches and pioneer work generally. This class soon found work at better wages in the mines and in other employment. British Columbia would suffer a severe setback in the next few years unless some arrangement was made whereby a limited Oriental admission policy was adopted. The Chinese would clear up the country land for from fifteen to twenty dollars per acre before the head tax was imposed, now they ask seventy dollars per acre. On the other hand actual experience showed that white men received a hundred dollars per acre. Generally speaking, Howse advocated a policy of lifting the head tax and admitting a limited number of selected Orientals during the next few years.

Fred Berube, a logger, suddenly went insane near Rock Bay, and seizing an axe started to clean out the camp. He attacked a negro, but his intended victim's skull resisted a heavy glancing blow which merely stunned the man. The men then grabbed the crazy man and bound him until constable Armstrong could arrive. He was brought to the New Westminster asylum in a strait jacket this morning, having fought viciously all the way down the coast.

Lord Hindlip has just returned after several weeks hunting big game near Telegraph Creek. He reports that the Indians of the section are recklessly slaughtering animals and that the province must take immediate steps to ensure the repute of the district as a good hunting ground.

At a mass meeting of the Anti-Asiatic League tonight, speeches were made by W. W. B. McInnes, G. H. Cowan, J. D. Taylor of New Westminster, Rev, Dr. Fraser and other local speakers. McInnes denounced the treaty with Japan, showing that Canada's export trade to that country had decreased since it had been in force, and called on the Dominion government to have it abrogated. Cowan and Taylor spoke along the same lines. At the end of the meeting a resolution was passed endorsing the Trades and Labor congress at Winnipeg and that of the provincial liberal convention for their action, and calling on the provincial government to at once summon a session of the legislature and have the Natal Act repassed. The meeting also protested against sending a commissioner to Japan as it would likely only delay a settlement of the question.

STOLE $500,000.

Masked Robbers Kill Sheriff and Loot an Alabama Bank.

(Special to The Daily News)

Seddon, Ala., Oct .7.—A daring crime was committed here on Saturday night when four masked robbers looted the First National Bank of $575,000. murdered sheriff John Williams of this county, who endeavored to stop them, and escaped with their booty. Just as the sheriff arrived, the robbers threw open the door and dashed out, all holding revolvers. "Stop," shouted the sheriff and fell dead, his body pierced by two bullets. The robbers then dashed down to the yards of the southern railway and got away on a handcar.

The Hudson's Bay Stores

Our New Stock of

Clothing, Gents' Furnishings, and Boots and Shoes

Is Beginning to Arrive

In about another week we will be able to offer full lines in these goods, and can promise you the best values ever offered in the city.

We will tell you more about them later on. In the meantime it will pay you to wait their arrival before making your purchase.

OUR TELEGRAPHIC SERVICE

At the meeting of the western newspaper men to be held at Regina tomorrow to consider the new schedule of press charges, insisted upon by the Canadian Pacific Telegraph company, the action of the company in cutting off this newspaper from the Associated Press report, because of our audacity in criticising the service supplied, will come up for consideration.

The matter has been dealt wth by the Toronto Globe and the Winnipeg Free Press in plain, unmistakable language, and it is possible that as an outcome of the company's unfair treatment of The Daily News, a decent service at a reasonable charge, may yet be obtained, somthing that this paper has been demanding for the past six years.

At present we are still without the A. P. report and are obliged to special *correspondents for the news published* this moning.

CIVIC AFFAIRS.

Possibly, after the hint given them by thecity council last evening, the police commissioners may see their way to reconsider their action in dismissing two policemen for what, in the opinion of the commissioners, was an error of judgment on the part of one of the officials. The olive branch was held out two weeks ago but so far from acting upon alderman Selous' suggestion the commissioners busied themselves only with hunting for new policemen. The Daily News ventured the suggestion that public opinion was strongly arrayed against the commissioners' ruling and that a reconsideration was almost unanimously demanded, that admitting the whole case as put by the commissioners themselves, a reprimand, at the most, was all the case required, and that the punishment meted out, peremptory dismissal, was out of all reason. This view, we think, finds ready acceptance throughout the city today, and unless the commissioners, mayor Gillett, alderman Annable and William Irvine, are prepared to fly in the face of practically this whole community, they will reconsider their former action. It can hardly fail to strike the commissioners, that being human, they have been guilty of the act they charge against the policemen. An error of judgement, is, after all, not a very serious matter. Supreme court judges often make mistakes and their decisions are not infrequently set aside on appeal, so why should police commissioners think it beneath their dignity to reconsider a decision, possibly made under mistaken vews of the whole question involved.

The reinstatement of electrical engineer Smith, viewed in the light of what came out at the council meeing last night, can only be regarded as a very unsatisfactory temporary settlement of an unpleasant occurrence. When the matter comes up again for final adjudication it is tobe hoped that all the members of the council will be in their places and that a straight vote will show the ratepayers where their representatives stand. What was disclosed last night clearly calls for no further comment.

the council's proceedings last night is th ecouncil's proceedings last night is significant and may be taken as a healthy indication that the ratepayers are fully aware of the seriousness of the situation.

MINARD'S LINIMENT CO., LIMITED.

Gents,—A customer of our's cured a very had case of distemper in a valuable horse by the use of MINARD'S LINIMENT.

Yours truly,
VILANDIE FRERES.

A CERTAIN CURE FOR CROUP—USED FOR TEN YEARS WITHOUT A FAILURE.

Mr. W. C. Bott, a Star City, Ind., hardware merchant, is enthusiastic in his praise of Chamberlain's Cough Remedy. His children had all been subject to croup and he has used this remedy for the past ten years, and though they much feared the croup, his wife and he always felt safe upon retiring when a bottle of Chamberlain's Cough Remedy was in the house. His oldest child was subject to severe attacks of croup, but this remedy never failed to effect a speedy cure. He has recommended it to friends and neighbors and all who have used it say that it is unequalled for croup and whooping cough. For sale by all druggists and dealers.

JIMMY BRITT A FALLEN IDOL.

San Francisco, Oct. 5.—James Edward Britt, California's fallen pugilistic idol, who was recently retired from the ring by Joe Gans, is today celebrating his 28the birthday. Popular opinion, which once made a hero of the "native son," has now turned against him, owing to the widespread belief that he deliberately quit in his battle with the negro.

Britt was born in San Francisco, October 5th, 1879. He began his professional career in 1903 by defeating Toby Irwin. Among his victims were Kid Lavinge, Frank Erne, Willie Fitzgerald, Jack O'Keefe, Charlie Sieger, Battling Nelson, Martin Canole, Young Corbett, Jabez White and Kid Sullivan. In 1905 he met his Waterloo in Battling Nelson, but recovered his lost laurels this summer by defeating the Battler, only to have them snatched away by Joe Gans.

KNOWN HERE.

(Special to The Daily News)

Spokane, Oct. 7.—Seven thousand men, women and children showered rice and confetti, coins and old shoes and cheered and aplauded two couples publicly married at the Spokane interstate fair grounds last week. The first to step under the floral wedding bell were Carl Erickson of Douglas, Alaska, leader of Nat Reiss' carnival band, and Pansy Smi-Latta, of Olney, Ill., who were joined by Rev. George Selberger. They met at Wallace, Idaho, in the heart of the Coeur d'Alene mining district, east of Spokane, and it was a case of love at first sight. The aprticipants in the second wedding were Mattie Latittee and her brave, Chi-Midelare of the Kalispell tribe of Montana, the Indian rites being eprformed by chief Smoi-Kee. The Indians were in their picturesque garb, the aged chieftain paying special attention to his toilet. Chi-Midelare is one of the riders in the Indian relay races occupying 10 days. Following the ceremonies the merrymakers took possession of the Pike, continuing the festivities till after midnight.

IN THE INTERESTS OF

Muskoka Free Hospital for Consumptives

The National Sanitarium Association of Canada has undertaken to publish a monthly magazine devoted to the Outdoor Treatment of Tuberculosis, and the inculcation of Hygienic Methods of Living for the people generally. The first number was issued in November, 1906.

All profits from this magazine — from subscriptions and advertising—will go to the maintenance of patients at the Muskoka Free Hospital for Consumptives.

Any one contributing one dollar a year, or more, to the funds of the Hospital will become a subscriber to CANADIAN OUT-DOOR LIFE for one year.

No Father, No Mother, No Home—Worse Than a Prisoner

GARFIELD BRACEY, BERLIN, ONT.: Enclosed please find doctor's certificate and examination papers. Hope you will secure me a place in your Sanatorium. You will notice that my circumstances is a hard one; no father, no mother, no home—worse than a prisoner. Nobody wants me on account of my disease. Hoping you will have the charity and consider my position, and give me a position at once in your Sanatorium, I ever pray.

An Orphan, without Home or Means

DR. A. E. HANNA, PERTH: I have a patient here, a young fellow in whom I am greatly interested. He has tuberculosis. He is a poor young fellow, an orphan, out of home, without any means. If we sent him up would you take him in and do the best you can for him? I know how difficult it is to accommodate all who require treatment, but this is a special case.

It is always encouraging to have a letter from friends who kindly contribute. For the convenience of those who have not time to write, the following blank may be used:

"DO IT NOW"

Is a business motto of this strenuous age that applies with tremendous force when it is a good act you should do.

"A child's kiss set on thy sighing lips shall make thee glad.

"A sick man helped by thee shall make thee strong.

"Thou shalt be served thyself in every sense of service which thou renderest."

"DO IT NOW"

All Subscriptions received will be acknowledged in the Toronto "Globe" and "News." Anyone subscribing one dollar or more becomes a subscriber to the Canadian Outdoor Life for one year.

"I WAS SPECIALLY PLEASED WITH THE ATTENTION PAID TO CONDUCT THE INSTITUTION CAREFULLY AND ECONOMICALLY."—Dr. R. W. Bruce-Smith, Government Inspector Hospitals and Charities.

were much after the order of a vaudville performance for they chanted weird prayers alternately on their hands and feet. When the first party arrived here some six weeks ago a large number of people turned out to see these strange people who cannot speak a word of English so their open air exhibitions of so-called religion resulted in a good sum being collected when they passed round hats at each stop. Since then several bands have passed through here but each party finds the venture less profitable as the novelty of the entertainment has worn off. It was expected expected they would be arrested here as vagrants but neither the city police nor the provincial authorities considered it their duty to interfere so they were allowed to go. At Kenora the Canadian Pacific authorities caused their arrest for trespass but after being in jail for a short time they were allowed to continue their journey and the first party is now in the vicinity of Lake Superior and the Doukhobors hope to get round the bleak north shore before the full rigors of winter set in. The railroad company claims many of them will die from exposure during the coming winter if they are allowed to continue their march and an appeal has been sent to premier Laurier to interfere in the matter, the immigration authorities claiming they have been in Canada too long for that department to interfere.

NECK, BREAST AND HANDS COVERED WITH ECZEMA.

Miss Katherine M. Bartlett, of 73 McGill College Avenue, Montreal, has been cured of an obstinate case of dry eczema of 4 years standing by Zam-Buk when all other remedies had failed to give her relief. She says:

"Four years ago my face broke out in rough, red blotches which burned, smarted and itched terribly. When the disease was at its worst my face, neck, breast and hands would swell terribly.

I consulted doctors, but got no relief. A lady friend who saw my sad plight recommended Zam-Buk. I procured a supply and within a few weeks from commencing with Zam-Buk my skin was as smooth and white as before the dread eczema came to trouble me. I can hardly find words to express my gratitude for the wonderful cure made by Zam-Buk.

Zam-Buk cures blood poison, cuts, bruises, old wounds, running sores, ulcers, boils, eruptions, scalp sores, eczema, itch, barber's rash, burns, scalds, and all skin injuries and diseases. Best cure for piles yet known. All druggists and stores at 50c a box, or from Zam-Buk Co., Toronto, 3 boxes $1.25. Send 1 cent stamp for sample.

The Burlington's Diverse Routes

In planning your trip, you don't want to be confined to one gateway. If your ticket reads "Burlington," your route may be

Via St Paul,

the Mississippi River Scenic way, three trains daily, or

Via Billings

the direct way to the Southeast with complete trains all the way through or

Via Denver

and either the Billings direct way, or else through Scenic Colorado.

Get hold of a Burlington folder; the map shows what a desirable portion of the through route the Burlington trunk lines form. An intelligent inquiry by you as to the Burlington routes and services will add to the comfort of your journey east or southeast.

Let me help you.

BOX 51 NELSON, B. C.

BOUND FOR PHILADELPHIA

END OF PRESENT DOUKHOBOR PILGRIMAGE.

MANY MAY DIE ON THE LONG MARCH EAST.

(Special to The Daily News)

Winnipeg, Oct. 7.—Philadelphia appears to be the destination of the fanatical Doukhobors who are now marching eastward. Since they commenced their tramp some three months ago they have given various reasons for their strange pilgrimages, looking for the Messiah and a warmer climate being amongst the number. Now, however, it is believed from remarks made to interpreters that they are all bound for Philadelphia to seek aid of certain philanthropists there who have aided them financially in the past. Both men, women and children clothed in loose hanging garments of blue homespun have attracted considerable attention in the cities, towns and villages they have passed through and their actions here

TIMBER NOTICES

NELSON LAND DISTRICT, DISTRICT OF WEST KOOTENAY

TAKE NOTIEC that James Thomas Burgess of Kitchener, B.C., occupation, railway agent, intends to apply for a special timber license over the following described lands:

No. 1—Commencing at a post planted at the southwest corner of timber license 8546, thence west 80 chains; thence south 80 chains; thence east 80 chains; thence north 80 chains to the point of commmencement and containing 640 acres, more or less

JAMES THOMAS BURGESS
JOHN WILLIAM COLBURN, Agt.
Dated July 22, 1907.

No. 2—Commencing at a post planted at the southeast boundary of application No. 1, thence east 80 chains; thence north 80 chains; thence west 80 chains; thence south 80 chains to the point commencement, and containing 640 acres more or les.

STRIKING BOILERMAKERS

NON-UNION MEN TURNED OUT OF LODGING HOUSES.

OPEN BOYCOTT IS DECLARED AT HILLYARD.

Spokane, Oct. 7.—People in Hillyard are so much in sympathy with the striking boilermakers of the Great Northern that it was said yesterday the lodging houses would not furnish rooms or board to strikebreakers and the merchants would not sell them goods.

The only strikebreaker who has ventured to go on the streets of the town, it is said by sympathizers, was one who left the stockade Saturday to find a boarding house more to his liking. He went to several boarding houses, but as notice of his identity had preceded him at every place where he inquired, he was denied the hospitality of any of them. It is claimed by the boilermakers, who watched the movements of the strikebreaker, that, after finding that he could not get room and board outside of the stockade he quit town and made his way westward.

Following the ousting of half a dozen guards and detectives from one of the boarding houses in Hillyard on Saturday all the other hosteiries in the town have closed their doors to every one connected with the strike in opposition to the boilermakers, the proprietors declaring that the guards and detectives as well as the instructor sent along with the strikebreakers will either have to sleep and eat in the corral or find food and shelter in Spokane.

All the stores in Hillyard are alleged to have joined in the boycott against the strikebreakers, guards and detectives. It is openly declared that nothing can be bought in the stores for use by the strikebreakers or those who are watching over them. Tobacco as well as the edibles consumed within the stockade are purchased in Spokane.

Machinists working in the roundhouse at nights say they are convinced that there are not enough competent men among the strikebreakers to do the ordinary reapir work. There is but one man doing boiler work in the roundhouse at night, they assert, and he is a "handy man," who was working in the boilershop at the time the boilermakers walked out three weeks ago yesterday. He, the machinists say works under a guard of three of the detectives, who accompany him wherever he goes.

The machinists declare that there are 15 dead engines in the roundhouse and many engines out of commission on the east and west ends of the Spokane division. They say that an engineer refused Saturday to pull the westbound No. 3 passenger train to Leavenworth with the locomotive assigned to make the trip, on account of the flues leaking so badly that steam could not be raised in the engine while it was standing in the roundhouse.

HOW TO CURE A COLD.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less danger of pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe in Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by all druggists and dealers.

Kootenay Steel Range

Fresh air is introduced into the Kootenay oven through a series of vents at the bottom of the oven door, and the cooking fumes carried out through another series of vents at the back of the oven. (Arrows in illustration show method of ventilation.) The air in the oven is always kept pure. The natural flavor of every article is completely retained. Everything tastes most delicious.

FREE Booklet on request.

NELSON NEWS OF THE DAY

Frank Porter Patterson, M.D., of Trail, has been gazetted a coroner. William Manson of Nanaimo has been gazetted government agent, gold commissioner, etc., for the Skeena river and Bella Coola mining divisions, vice John Flewine, resigned.

The Toronto Mail and Empire announces the death in that city on October 1st at 115 Madison Avenue, of Mrs. Edmund Wragge, in her 63rd year. The deceased lady was the mother of E. C. Wragge, barrister, of this city.

E. A. Crease is moving his law office to those formerly occupied by Dr. Rose in the Griffin block at the north-west corner of Baker and Ward streets, Stipendiary magistrate W. H. Bullock-Webster's office will also be in Mr. Crease's new quarters.

Sunday's Rossland Miner states: Silas Ledell, charged with having stolen goods in his possession, knowing them to be stolen, when brought before the police magistrate yesterday for summary trial, asked for a postponement till he could consult his attorney in Vancouver. The trial was therefore postponed till Thursday next.

The Granite Siding assisted school district is defined in the last issue of the provincial Gazette as follows: Commencing at the north-west corner of Lot 3,333, West Kootenay, being a point on the southern bank of Kootenay river; thence due south to the northern boundary line of Lot 1,239; thence due east along said boundary line to point where the eastern boundary line of Lot 5,665, extended southward cuts this line; thence due north to north-east corner of Lot 5,665; thence westward, following the southern bank of Kootenay river to opoint of commencement.

KINDERGARTEN.

Private School: Music, Languages, etc. Evening classes. For terms apply to Mrs. Frank J. Field, 520 Silica street, Nelson.

WE MUST DRESS WARMLY.

Noted Authority Gives a Simple Home Prescription—Recommended Highly in Kidney and Bladder Trouble.

Now is the time when the doctor gets busy, and the patent medicine manufacturers reap the harvest, unless great care is taken to dress warmly and keep the feet dry. This is the advice of an old eminent authority, who says that Rheumatism and Kidney trouble weather is here, and also tells what to do in case of an attack.

Get from any good prescription pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Mix by shaking in a bottle and take a teaspoonful after meals and at bedtime.

Just try this simple home-made mixture at the first sign of Rheumatism, or if your back aches or you feel that the kidneys are not acting just right. This is said to be a splendid remedy for all forms of Rheumatism, which is caused by uric acid in the blood, which the kidneys fail to filter out. Any one can easily prepare this at home and at small cost.

MINING RECORDS.

Certificates of work have been granted on the Harvey Joy, and Maggie to J. R. Cranston for the recorded owners; on the Willow Grouse to R. B. Kuh; on the Blue Grouse, for work performed on the Willow Grouse, to R. B. Kuh for the recorded owners; on the Shamrock to J. Hubbard for the recorded owner; on La Esperanza to A. L. McCulloch, work to apply for three years; on the Gordon to J. McEvoy for the recorded owner; on the Snowstorm to W. Waldie for the recorded owner, work to apply for three years; on the Foghorn Fractional and Bullion to F. C. Green for the recorded owner; on the Clift to W. Moore for the recorded owner; on the Lilly Jose, Florence Nightingale, Creole and Minnie Davis, for work done on the Lilly Jose, to W. H. Bogan.

Record has been made of the location of the L. J. H. on Duck Creek by L. J. Hunner; of the Toronto on Sheep creek by H. L. Reinhardt; of the White Eagle on Sheep creek by Sidney Ross; of the Rabbit on Sheep creek by Bella Devlin.

THE NEW YORK SUNDAY WORLD IS MOTHER EARTH'S FIRST NEWSPAPER.

It costs but a trifle, yet supplies one with fascinating reading for every afternoon and evening of the week. Its writers and artists are paid the highest salaries, and the result is: You Should order next Sunday's World at once.

DOES THIS INTEREST YOU?

A prominent physician, famous for his success in the treatment of kidney and bladder diseases, attributes a great deal of his success to the following simple vegetable prescription:—

One ounce Fluid Extract Dandelion;

One ounce Compound Salatone;

Four ounces Compound Syrup Sarsaparilla;

Mix, shake well, and take in teaspoonful doses after each meal and again at bedtime.

Your druggist can supply the ingredients, and the mixture can be prepared at home at very little expense.

This, the doctor says, acts directly on the kidneys, assisting them to filter the poisons from the blood and expel same in the urine, at the same time restoring the kidneys to healthy, normal action.

We feel that a great many readers will be pleased to learn of this simple prescription, and knowing the ability of the physician whose formula it is, we do not hesitate to recommend it to any sufferer.

NOTICE TO DELINQUENT CO-OWNER

To James Livingstone, or any other person or persons to whom he may have transferred his interest in the Alberta Mineral claim, situated on the First North Fork of Lemon Creek, in the Slocan City Mining Division of West Kootenay district, and recorded in the Mining Recorder's office at Slocan, B.C.

You, and each of you, are hereby notified that I have expended the sum of four hundred and ten dollars ($410.00) in labor and recording fees upon the above named mineral claim in order to hold the same under the provisions of Sec. 34 of the Mineral Act; and that if, within 90 days from the date of this notice, you fail or refuse to contribute your proportion of the aforesaid expenditure, which is two hundred and five dollars ($205.00) for the four years ending the 12th day of July, 1907, together with all costs of advertising, your interest in the said claim will become vested in the undersigned, under Sec. 4 of the Mineral Act, Amendment Act, 1900.

Dated at Slocan, B.C., this 15th day of July, 1907.

J. T. BEAUCHESNE.

Synopsis of Canadian Homestead Regulation

ANY available Dominion Lands within the Railway Belt of British Columbia may be homesteaded by any persons who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother, or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

1. At least six months' residence upon and cultivation of the land in each year for three years.

2. If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

3. If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

FARMERS' FALL MEETINGS

INSTITUTE ADDRESSES TO BE MADE HERE.

T. A. BRYDON AND MISS L. ROSE CHIEF SPEAKERS.

(Special to The Daily News)

Victoria, Oct. 7.—The regular fall meetings of the Farmers' Institute will be held at Nelson on Monday and Tuesday, October 28th and 29th, and at Kaslo on Wednesday and Thursday, October 30th and 31st. The speakers at both these meetings will include T. A. Bryden of Victoria and Miss Laura Rose of Guelph, Ontario. Other meetings of the institute at the coast will be addressed by J. W. Cockle of Kaslo and others.

Thos. A. Bryden has shown himself to be a man who has attained by thought and experience, a high position in horticulture. He is a thoughtful and convincing speaker on fruit growing, and having thoroughly mastered the details by practical experience, is able to speak with confidence on the subject. He is, furthermore, a pleasing speaker, and as his addresses are couched in the plainest of language, no difficulty is experienced in following him. Mr. Brydon's particularly good in demonstrations in the field, and it is therefore asked that every opportunity be afforded him in that direction.

Miss Rose is well and favorably known to most agricultural audiences of the province of Ontario. She has charge of the home dairy department at the Agricultural College, and has in the Guelph dairy instructed thousands of farmers' daughters in the art of making butter. For three years Miss Rose had charge of the travelling dairy in Nova Scotia, with market success.

The subjects dealt with by Miss Rose include:

How to make the dairy bring in larger profits. Defects we find in butter, their cause and remedy. Butter making on the farm. The dairy cow. Cheese, its food value and simple receipts. The making of bread and buns. As others see us. The womanly sphere of woman. The head, and hand, the heart, the tripod of successful work. One eye in the town—the other in the field.

J. W. Cockle of Kaslo, is an entomologist of no mean reputation, and inasmuch as his address will be illustrated with lantern slides of injurious and beneficial insects this is an opportunity which everyone engaged in agricultural pursuits should not fail to avail themselves of. Mr. Cockle will, also be available for practical for practical instruction in the field.

WANTS DAMAGES.

Expectant Bride Brings Strange Action Against Estate.

(Special to The Daily News)

Spokane, Oct. 7.—Probably the strangest legal action ever instituted in the northwest is that just filed in the Yakima county superior court by Anna Lonquist of Chicago against the estate of Carl T. Johnson of North Yakima, to recover $600 expended on trousseau and travelling expenses incident to her expected marriage with Johnson, who was injured in a harvest field last June and died a few hours before the arrival of his bride, who was to wed the following day. The suit is against Alfred D. Johnson, administrator of the estate, and in her complaint Miss Lonquist has incorporated the contract of her marriage as embodied in a letter she received from Johnson asking her to come west and marry him. Miss Lonquist says she was employed as a dressmaker in Chicago and that her trip and preparations for the wedding cost $600, which amount she asks to be paid to her out of Johnson's estate.

Commencing at a post planted about one mile south of the Kootenay river, about one mile east of Bird creek, thence east 80 chain; thence south 80 chains; thence west 80 chains; thence north 80 chains to point of commencement, and containing 640 acres more or less.

THOMAS POWELL.
JAMES McKIERNAN, Agent.
Dated July 12, 1907.

A Choice Improved Fruit Farm

Containing 41 acres on the east shore of Kootenay lake, not far from Earl Grey's ranch. The soil is a deep red loam with clay subsoil, practically free from rock and can be cleared thoroughly for $20 an acre.

A fine stream is running through the property, with water right of 12 inches. The neighborhood is well settled. As a commercial proposition this is cheap when compared with other land that has been sold nearby.

Eight acres are cleared, there being 500 apple trees, some cherry, plum and walnut trees planted. Also five acres partly cleared. The above description also applies to a ten and twenty acre block adjoining, except that the water record is three and six inches respectively.

Price of ten acre block $100 per acre and for the 20 acre block $80 per acre. Price for 41 acre block, $3500; terms to suit..

NELSON NEWS OF THE DAY

C. P. R. conductor Wm. Jewell has returned to the Boundary and resumed his duties there.

H. H. Spicer, manager of the Export Lumber and Shingle company of Vancouver, was in the city yesterday.

The next event at the opera house will be a comedy entitled "The Messenger Boy," showing on October 18 and 19 next.

There will be a meeting of the entertainment committee of the 20,000 club this evening at eight o'clock at the Hume hotel.

Jurors of the grand and petit juries of the assize are requested to call today upon P. J. Gleazer at the government offices for their fees.

Count Maxy Crow, cigar merchant, formerly of Rossland, and now doing a large business in Spokane, was a guest at the Strathcona yesterday.

James Johnstone requests that all fruit to be shewn in England must be left with J. A. Irving today. There should be six specimens of each variety each warpped in double paper.

The shooting party headed by R. Noble, who went to Kootenay Landing for Coat river on Saturday last, are extending their trip over today. One of the party reluctantly returned yesterday.

The ladies of the Altar Guild of St. Saviour's church desire to thank very warmly the kind friends who by their work or their gifts assisted them in decorating the church for the Harvest Festival.

The Nelson Young People's Union will meet in the Presbyterian church this evening at 8 o'clock. Rev. F. H. Graham will give an address on "Character," and Geo. Playle will speak on recent C. E. International convention at Seattle.

The overflowing congregation at St. Saviour's church on Sunday night when something over 50 extra seats had to be provided, blocking the aisles, has demonstrated afresh the necessity of the enlargement on which the building committee is now working.

S. S. Taylor, K.C., leaves this morning for Moyie, where the arbitration proceedings between the lead miners and the consolidated M. and S. company will commence today. The arbitrators are judge P. S. Wilson, chairman; S. S. Taylor, for the men, and J. A. Harvey, for the company.

On October 7, 1907, at St. Saviour's church, Nelson, B. C., by the rector, Rev. Fred H. Graham, Basil Austin Jordan, of *Grand Forks, B. C.*, was married to Miss Kate Florence Dixon of Toronto, Ontario. Bride and groom were originally of Newport, Wales, making acquaintance on the steamer cdossing the Atlantic to Canada.

Mrs. A. Irwin of *Kamloops, is visiting* her sister, Mrs. J. Irwin of the Hume addition.

Judge Forin yesterday heard the assault case of Wallace vs. Buuock. Bullock was found guilty and sentenced to a term of imprisonment beginning with the date of his incarceration in gaol and ending yesterday with his appearance in court, the court thinking this imprisonment to have been sufficient for the offence.

HARVEST SERVICES.

Special Services at the Methodist Church on Sunday.

The Annual Harvest Festival was held in the Methodist Church last Sunday, morning and evening. The church was made exceedingly beautiful with its decorations of fruit, flowers and other symbols of the harvest. The general plan of the decorations was original and very striking. The platform in front of the choir, had tiers of fruit and flowers, effectively arranged on a white background, while at either side of the platform was a pyramid of vegetables, and fruit, rising to a height of ten feet, and standing like majestic pillars, framing the wealth of decoration between. Beside the large congregations that assembled morning and evening, many visitors came to see the beauty of the display.

Special and appropriate music was rendered by the choir of over twenty voices, at both services. In the morning, the anthem, "Praise ye the Father," Gounod. In the evening, Stainer's "Yea shall dwell in the land," and Caleb Simper's anthem, "And He shall reign," were sung.

The sermons of the day were also on the theme of the harvest. The pastor, Rev. R. Newton Powell, occupied the pulpit, and in the morning spoke on the subject, "The incense of the Harvest," basing his remarks on the first harvest festival in history, when Abel offered a sacrifice *unto the Lord that was a thank offering* for the increase that had been given him. The sermon was an appeal to be in right *relation to the things given to us of God*, and of which we are but the stewards.

The evening service was largely musical in character, the place of the sermon being taken with three short talks on the subject, "The Tree, a parable of the perfect man." The three divisions were, the source of life, the growth, and the fruit.

The church was crowded at the evening service, many having to be turned away.

HARD LUCK INDEED.

Personal Jewels of Late Sovereign to be Sold by Auction.

(Special to The Daily News)

Brussels, Oct. 7.—The jewels of the late queen of Belgium will be sold by auction to pay the debts of her daughter, princess Louise, who was divorced last year by prince Phillip of Saxe Coburg. Among the jewels to e sold is a diadem presented to the queen by the people of Belgium on the occasion of her silver wedding anniversary, which is valued at $30,000.

DID GOOD SERCVIE.

Canadian Stowaways Come to Rescue of Helpless Ship's Crew.

(Special to The Daily News)

Boston. Oct. 7.—Ten stowaways arrived here today on the ship Rhine, from Cardiff, including P. McAubrey of Winnipeg, as well men from Nova Scotia. They had a hard time of it before they were discovered in the chain lockers, from hunger, but they turned to and rendered valiant service when the crew of eighteen men were rendered almost helpless by the constant strain of the terrific storms met all the way across.
