VOL. 6 NELSON, B. C., WEDNESDAY, OCTOBER 2, 1907 NO. 140

COURT OPENS

Mr. Justice Morrison Upon the Bench

MURDER CHARGE REDUCED

GRAND JURY FIND A BILL FOR MANSLAUGHTER ONLY AGAINST BOUCHARD OF TRAIL—CHEATING CASE FROM ROSSLAND IS PARTLY HEARD.

The fall sitting of the supreme court opened its session yesterday with Mr. justice Morrison upon the bench, there being four cases on the criminal assize for the consideration of the grand jury.

Mr. justice Morrison took his seat at 11 o'clock and the following gentlemen were empanelled for the grand jury: J. E. Annable, J. L. Buchan, J. J. Campbell, D. M. Carley, J. A. Gilker, W. Irvine, P. Lamont, J. M. Lay, E. J. Travers, J. H. Wallace, w. C. Wells, all of Nelson and A. J. Curle of Kaslo and T. S. Gilmour of Rossland. After hearing of the charge by the court the grand jury retired and were in session for the greater part of the day finding true bills against Weston and Galligher for cheating, W. H. Beckett for sending a threatening letter, M. J. O'Connor for assault in resisting the police and G. Bouchard for manslaughter. In the last named case the grand jury reduced the charge from one of murder to the less serious crime of manslaughter.

In the meantime the following petit jury were called: C. I. Archibald, W. J. Astley, C. D. Blackwood, Alexander Cheyne, W. B. Clayton, P. G.Ebbutt, G. C. Egg ,D. J. Elvery, John Fraser, P. W. Gordon, G. M. Gunn, A. P. Hebden, Newlin Hoover, R. W. Hulbert, S. A. J. Kelly, L. K. Larsen, James Lilly, George Motion, Thomas Madden, B. B. Mighton, F. E. Morrison, H.McCausland, I. G. Nelson, E. Norman, V. W. Odlum, A. R. Poole, W. N. Poole, E. E. Robinson, W. Rutherford, Michael Scully, S. H. Seaney, A. P. Slade, G. W. Steele, Anthony Turner, W. H. Walmsley, W. A. Ward, Fred Weir, R. A. Weir.

Of these the following were empanelled as a jury to try the case of Weston and Galligher: G. C. Egg, E. E. Robinson, I. G. Nelson, B. B. Mighton, T. Madden, A. Cheyne, W. Rutherford, C. D. Blackwood, D. J. Elvery, N. Hoover, W. N. Poole and H. McCausland.

This case, which was for cheating on several specified occasions upon August 17 last in Rossland, occupied the remainder of the day, being unfinished when the court rose at 6 o'clock in the evening. W. A. Macdonald, K. C., appeared for the crown and S. S. Taylor, K. C., for the prisoners. The charge was preferred in several indictments as to the proper presentment of which there was considerable discussion. Eventually two were struck out and the case proceeded with. Several witnesses for the crown testified that the prisoners had come into their stores and had made small purchases in each case tendering a ten dollar bill in payment. When change was made invariably the prisoners wanted the ten dollar bill back and in the confusion of such a transaction a portion of the change, a five dollar bill, would disappear, the changer's attention being distracted by being asked the price of something in the store by the other one of the two.

Harry Weston testifying on his own behalf admitted having made many small purchases and having bought sundry drinks and of paying for them by producing a $10 bill for the return of which of which he seems to have invariably asked.

Charles Galligher, the other prisoner, was then called upon to testify in his own behalf. He had little to say inasmuch as the monetary transactions had all been conducted by Weston.

After hearing of this witness, the defence concluded its case. Argument by counsel will be heard on the opening of the court this morning at 10 o'clock.

Three of the petit jury on being called yesterday morning were found not to be in court. These were V. Odlum, R. W. Hulburt and another.

FRIGHTFUL TOLL IS TAKEN

NEW YORK CAR WHEELS TAKE A LIFE EVERY 15 HOURS.

FIFTY-FIVE HUNDRED KILLED OR HURT IN 15 DAYS.

New York, Oct. 1.—Every fifteen hours a life is ground out under the wheels of a passenger car, trolley, elevated or steam in this city. This fact was brought out yesterday when Secretary Travis H. Whitney, of the Public Service Commission presented a table showing a record he has kept of accidents from Aug. 5 to Sept. 1.

In those twenty-six days, of those surviving accidents with injuries, ten had fractured skulls, ten lost limbs, forty-four suffered fractured limbs and eighty-three were otherwise seriously injured.

In car collisions, 146 persons were hurt, and in collisions between cars and vehicles, 465 persons met injury.

In the twenty-six days some law-abiding citizen attending to his own affairs, was hit by a car once in each hour and twenty-nine minutes, making a total of 405. In that period 64 persons were injured boarding cars and 1,383 injured in alighting from them, which proves that the New Yorker has not yet learned to face forward when he gets off.

Employees to the number of 641 were hurt; thirty-three persons hurt in derailments, twenty-six prospective passengers fell down stairways and 1,881 persons were hurt in the unclassified ways. A total of 5,500 were either killed or injured in the twenty-six days, which means that an average of nine persons were hurt any hour of the day.

AMERICA'S CUP.

Meeting in Dublin Today to Consider Lipton's Challenge.

Dublin, Oct. 1.—A meeting of the challenge committee of the Royal Irish Yacht club will be held here tomorrow, when sir Thomas Lipton's challenge for the American cup will be considered. It is anticipated that the regulations to be decided on will permit of a more useful and less extraordinary type of vessel to be entered. The three previous challenges of sir Thomas were transmitted through the Royal Ulster Yacht club, and it is hoped that the baronet's new affiliation will result in a change of luck. The Royal Irish club is ancient as well as royal, having been organized in 1731. Its headquarters are located at Kingston, near Dublin, and it sails its races in the Irish sea. Its commodore, the Marquis of Ormonde, is also commodore of the Royal Yacht club, the premier yachting association of Europe.

The Queen's cup, now known as the America's cup, was won by the American yacht America from the British yacht Aurora, in a race around the Isle of Wight from Cowes, Aug. 22, 1851. Since 1870 the British have at intervals vainly attempted to recover the trophy, which, in 1887, was presented to the New York Yacht club by George L. Schuyler, the sole surviving winner of the trophy. It was successfully defended by the Columbia in 1871, by the Madeline in 1876, by the Mischief in 1881, by the Puritan in 1885 and by the Mayflower in 1886. In 1887 General Paine's Volunteer defended James Bell's Scotch cutter Thistle for the cup. In 1893 the Vigilant defeated Lord Dunraven's Valkyrie II, and in 1895 the Defender defeated Lord Dunraven's Valkyrie III. The Columbia in 1899 beat sir Thomas Lipton's Shamrock, and in 1901 again defeated Lipton's Shamrock II. In 1903 sir Thomas sent over the Shamrock III, which was defeated by the Reliance.

DENIES BEING A SPOTTER

DEFAMATORY LIBEL CASE AGAINST J. McKIAN.

NEW CITY POLICE AIR GRIEVANCES IN COURT.

James McKian was arrested on Monday night for publishing a defamatory libel on the early morning of the same day, on the complaint of the Nelson police. was kept in the lockup until yesterday morning, brought before police magistrate Crease for preliminary hearing, committed for trial, taken before Mr. Justice Morrison and by him released on his own recognizance.

These are the bare facts of a story which is exciting keen interest throughout the city owing the the nature and the truth or otherwise of the defamatory libel complained of.

The facts as disclosed by the complainants, who are chief O'Carroll, sergeant Wheeler and patrolman Ellis, before the police magistrate on the preliminary hearing, are as follows:

Patrolman Ellis said he was on duty at a few minutes past midnight on Monday morning on Baker street. He saw McKian leave the Madden house, look up and down the street, then go to a telephone pole and affix a piece of paper. Immediately on having done this McKian went back quickly to the Madden. Witness went up to the pole and took down the slip which was a small oblong piece of paper with a few words upon it in pencil. The whole was a notice of which the following is an exact copy:

FIRST-CLASS SCABS.

NELSON POLICE.

Spoters on the i. C. R.

This the witness put in his pocket and went into the Madden and saw McKian and asked him his name. Prisoner said it was "Pete" and did not remember the other part of it. This occurred at a few minutes after midnight. Witness then informed chief O'Carroll of the circumstance and next evening about 11 o'clock the prisoner was arrested.

Sergeant Wheeler testified as to the circumstances of the arrest.

Chief O'Carroll said he had shown the paper to several people, including the police commissioners. He was injured by the words of the libel. He was not a spotter. He belonged to the I. C. R. police but had sent in his resignation. A police officer on that road was not a spotter. A spotter is one who does not disclose his identity but spies on others.

J. McKian, who reserved his defence, was represented by J. O'Shea. Mayor Gillett was present throughout the preliminary investigation but took no active part.

Magistrate Crease committed the prisoner for trail. McKian was immediately taken down to the assive court where S. S. Taylor offered bail to $500. Mr. justice Morrison, however let the prisoner go on his own recognizance, to appear when called upon.

FULFILS END

Vancouver Liberal Convention a Success

PARTY TIE STRENGTHENED

HARMONIOUS AND ENTHUSIASTIC REORGANIZATION UNDER THE LEADERSHIP OF J. A. MACDONALD—TELEGRAPHIC GREETING SENT SIR WILFRID LAURIER.

(Special to The Daily News)

Vancouver, Oct. 1.—The convention of the liberal party of British Columbia called by leader J. A. Macdonald, M. P. P., K. C., of Rossland, met this afternoon at the liberal association rooms, this city. About three hundred delegates from all parts of the province were in attendance when Fred Peters, K. C., was invited to take the chair by an unanimous resolution, J. N. Ellis accepting the office of temporary secretary.

R. G. MacPherson, M. P., having given an address of welcome to the visitors. Mr. Macdonald, at the request of the chair, briefly stated the occasion and object of the gathering. The old provincial liberal association had lapsed and ther being no organization with power to call a convention he had done so himself. This would be the first convention of the party held since 1902. He suggested that a new provincial association be formed with subsidary district and local associations. Mr. Macdonald, who had been received with an ovation, resumed his seat amid loud applause.

The chairman appointed the following a committee on credentials: J. W. Deb Farris, Vancouver, M. Mcintosh, Victoria, W. Grigor, Rossland, Dr. M. S. Wade, Kamloops, W. Briggs, Revelstoke, W. Moore, Port Essington, and Dr. King, M. P. P., Cranbrook. He then suggested that committees on organization, resolutions and press reports be organized, but that as a preliminary, a striking committee of three be appointed to submit suitable names for the standing committees. This was agreed to and the credentials and striking committees withdrawing, an adjournment was made pending their report.

The striking committeemen appointed were W. Fraser, Victoria, John Oliver, M. P. P., Delta, and Dr. Hall, M. P. P., Nelson. When the meeting resumed the report's were received and adopted with slight amendments,

Hon. W. Templeman and J. A. Macdonald, M. P. P., were appointed exofficio members of all committees.

The meeting then adjorned until 8 o'clock in the evening.

Every riding in the province was represented except Columbia, most of them with full delegations. In addition to the duly elected delegates, most of the Dominion and provincial members are in attendance, also senator Bostock.

At the evening session the first business was the unanimous adoption of a proposed form of telegraphic greeting to sir Wilfrid Laurier.

Theconvention next took up the proposed constitution for the British Columbia liberal association which, after full discussion, was adopted.

The proposed terms of a constitution for district and local associations were also discussed and adopted subject to the approval of the district and local oragnizations.

The session adjourned at 11 p. m. to meet at 9:30 o'clock tomorrow morning.

Business is proceeding most harmoniously and expeditiously. The convention is far the largest and most representative and enthusiastic ever held in British Columbia.

CANADIAN MOTORIST LOST

DUGALD ROSS MOST MYSTERIOUSLY DISAPPEARS IN LONDON.

SAID TO BE WEALTHY AND FOND OF FAST AUTOS.

(Special to The Daily News)

London, Oct. 1.—Dugald Ross, a Canadian who came to Europe in search of a motor capable of covering one hundred miles an hour and who on September 20th purchased E. Lee Guiness' eight cylinder automobile on the Weybridge track for $10,000, after the car had covered one quarter of a mile in 7.8 seconds the fastest time made on the track, has not been seen by his friends for a week and anxiety is felt regarding him, as he left all his baggage at the hotel where he was stopping.

Ross, when he purchased the car said he intended to enter it in a twenty mile race in California for a stake of $25,000 and would also enter it in Florida beach races.

All Ross' luggage is left in his rooms and his bill has not been asked for. The enthusiastic motorist lived like a wealthy man, telling people he intended to train a large stud of race horses in England in 1908. Ross appears to have no acquaintances here beyond those made in motoring circles.

A FREEZE OUT

Some days ago, an abrupt telegram from J. Wilson, superintendent of C. P. R. telegraphs, was received by The Daily News, announcing "that as nothing seems to please you the Associated Press service will be discontinued at the end of the month."

Reply was made to Mr. Wilson that his message was not understandable and that it would be referred to Montreal.

The message in question, together with a general statement on the Associated Press service generally, was sent at once to the highest one in authority, sir Thomas Shaughnessy, and an explanation was asked.

Last evening the Daily News was informed that no Associated Press report would be supplied.

For over five years The Daily News has promptly paid for not only its Associated Press report, but also for a costly special service, handled over C. P. R. lines.

The Daily News is reliably informed that sir Thomas Shaughnessy some weeks ago personally interested himself in regard to the A. P. service supplied western papers, hence the appeal to him.

It is unbelievable that, without cause, the esteemed head of Canada's greatest railway corporation, would be a party to this latest act of the C. P. R. telegraphs.

The matter is being again taken up with Montreal by Mr. Deane, who is now in Vancouver.

The following significant message was received from our special correspondent at Winnipeg last night. "Am filing more matter for you with C. P. R., but will not assume responsibility for its reaching you."

So far as it is possible the C. P. R. will be compelled to deliver the goods ordered.

PLANS ACTIVE CAMPAIGN

20,000 CLUB WILL CONTINUE UNTIL END OF YEAR.

DEMAND GENERAL SUPPORT FROM MUNICIPALITY.

The adjourned monthly meeting of the 20,000 club was held last evening at eight o'clock in the club building. It was decided that the club should be carried on at all events until the end of the year and that at the expiration of that period a special effort should be made to carry on the institution on a more satisfactory financial basis.

There were present T. G. Proctor, in the chair, secretary Ebbutt, E. W. Widdowson, A. W. Dyer, E. K. Beeston, J. L. Langan, A. Lean, G. C. Egg, J. G. Taylor, F. Hammond, G. P. Wells, D. Moore, J. E. Annable, W. H. Jones and others.

T. G. Proctor opened the meeting by putting before those assembled the present state of the club's finances. If all moneys were collected and all debts discharged there would be a small balance in favor of the club. There was nothing to carry on the club to the end of the year which would entail an expenditure of about $400. Next year the club should make an effort to get a grant of $2,000 from the city.

Resolutions were passed embodying these views, continuing the club until the end of the year and making it a part of the program of the club to make a special effort to bring up the question of the municipal support of the club at the January election.

A resolution was then passed amending the constitution, after due notice having been given, and making a quorum at an executive meeting five instead of seven.

The financial statement was then presented. This was a statement of the last month's expenditures by E. K. Beeston, but was not a report of the finance committee. Some of the accounts upon it have been passed by that body but others have not.

The statement is as follows:

Cash Received—	
Bank balance Aug. 31	$ 105.39
Membership fees	3.00
Folders sold	25.25
Maps sold	.35
Donations and subscriptions	106.50
Board of Trade for Dec. 1-Aug. 1	20.00
Profits at fair	2.65
	$363.14
Cash Paid Out—	
Expenses—folder account	1.90
Stamps	1.00
Stationery	.50
Sundries	.75
	$ 4.15
Balance in bank and in hand	256.14
Petty cash	2.85
	$363.14
Assets—	
Balance cash in hand	258.99
Sundries—Folder account due	219.00
Donations promised	520.50
Subscriptions promised (5 months)	247.50
	$1,245.99
Liabilities—	
Unpaid accounts, as per list	1,039.69
Secretary's salary for September	100.00
	$1,139.69
Surplus	$106.30

SAVE TIMBER

Reserves of Forest Land to be Made

NELSON'S FRUIT AT COAST

MAKES GOOD SHOWING AT NEW WESTMINSTER EXHIBITION — TECUMSEHS OUTCLASS EASILY WESTERN TEAM AT LACROSSE MATCH.

(Special to The Daily News)

Vancouver, Oct. 1.—The Tecumseh lacrosse team of Toronto greatly outclassed the westerners this afternoon in the opening game in connection with the tournament at the New Westminster exhibition. Pitted against the Vancouver team, the easterners won with ease by a score of seventeen to seven.

The Toronto players and their positions were as follows:

H. Murton, home field; H. Pickering, first defence; D. Stewart, cover point; Dolly Durkin, outside home; L. Whitehead, home field; C. A. Anderson, inside home; Neil Felker, center; Fred Graydon, home field; Fred Roundtree, third defence; Ollie Davidson, defence field; Bun Clark, goal; Charlie Querrie, home field.

The exhibition was opened by lieutenant-governor Dunsmuir and is one of the best ever held, both in number and in character of the exhibits.

Nelson's exhibit of fruit and grains makes a good showing and Messrs. McPhee, Busk and Hyslop are busy chanting the praises of Kootenay prosepcts to all comers.

It is probable that large reserves of the Dominion timber lands in the province will be announced shortly as the result of the extended tour of inspection of superintendent of forestry Cameron and government agent Lemay. The reason for the action is to preserve natural conditions through the dry belt and to lay the foundation for irrigation workings. Another reason behind the move is said to be the conservation of the water supply on tributaries of the Fraser river so as to prevent the recurrence of floods. Definite districts of reserves are said to be mapped out but will not be made public until a report is made to the government.

COAST COPPER SMELTER.

Victoria, Oct. 1.—The Southern Cross Mining & Smelting company has prepared plans for the erection of a copper smelter near its properties at the mouth of Alberni canal. It is stated that £100,000 have already been subscribed in aid of the enterprise. Large ore reserves in the company's mines have been blocked up and a wharf for landing material for the smelter has already been constructed.

In this enterprise British capital is enlisted almost exclusively. Mr. Arthur Hebden of London, secretary of the company, made a recent visit to Victoria and in company with Mr. H. Cecil, who is locally interested, went over the company's holdings, and also had a look at some other copper propositions on the Island.

Mr. Cecil will leave for the old country in a few days to look after business there connected with the undertaking.

GOLD BULLION AT FAIR.

Helena, Oct. 1.—An unique feature of the Montana state fair, which opened today, will be the exhibition on Thursday and Friday of over $100,000 worth of gold bullion. A great display of valuable ores will also be shown. Three companies of United States troops will guard the exhibits. Nearly all the important mines of the west will be represented by samples of their metal and mineral wealth.

PROGRESS OF VANCOUVER

BANK CLEARANCES FOR MONTH MAKE NEW RECORD.

MORE BUILDING IS GOING ON THAN EVER BEFORE.

Vancouver, Oct. 1.—When the total of the local bank clearances for the month of September was computed this morning, it was found that a new record had been created, surpassing by over a quarter of a million the last recorded highwater in this line.

The figures for the month were $18,012,428, which notes an increase of $6,101,713 over the corresponding month last year, a gain of approximately 51 per cent. The total for September, 1905, was only $8,556,198.

The previous highwater mark in monthly bank clearances was $17,771,607, which was established only two months ago, covering the month of July.

The total recorded for this month in the civic building department up to noon today was $365,695. This brings the total up to $4,272,930, thus already surpassing the banner annual total noted for last year of $4,233,910. This showing makes every dollar of expenditure authorized by the building department for the balance of the year to be accounted as an excess over the best pervious annual record.

The monthly total in this department shows a slight decrease from the $411,565 noted for September of last year. This is explained as due to the fact that rainy Septembers have been the rule in this vicinity for the last few years and there has been an increasing tendency to start building earlier than heretofore. The truth of this assertion is borne out by the comparison of the annual figures as well as the previous monthly records, which, with one exception, note an advance over the corresponding months of last year.

FLOODS IN SPAIN.

Number of Victims Growing Daily—Bodies Carried Long Distances.

Malaga, Spain, Oct. 1.—The work of cleaning the city of mud, which in many places averages two feet deep, is progressing slowly today. The exact number of flood victims has not been established as corpses are being found buried in the slime and mud. Some of the bodies were carried across the Mediterranean and were washed up on the shore near Melilla on the north coast of Africa.

NEW RAILWAY OFFICIALS.

Several Changes at Montreal—Steamer Collision Enquiry.

Montreal, Oct. 1.—A. M. Tisdale, assistant to the general transportation manager of the G. T. P., has been appointed assistant to the vice president and general manager of the G. T. P. He will be succeede dby D. Cromble. William Blakelock, superintendent of the G. T. P. at Montreal, has been appointed engineer of maintenance of th eEastern division with headquarters at Montreal, and is succeeded by H. E. Willenberger.

By mutual agreement it was decided today that the investigation into the collision of the Thompson liner Hurona with the Allan liner Mongolian, should be transferred to the British wrecking courts, and the investigation will accordingly be held at Glasgow.

THE WINDSOR TUNNEL.

Windsor, Ont., Oct. 1.—The first section of the great tunnel for the Michigan railway under lake St. Clair, was successfully put in position this morning. The tube was filled with water and guided into position with chains.

KIPLING AT WINNIPEG.

Winnipeg, Oct. 1.—Rudyard Kipling will arrive in the city tomorrow and will speak at the Canadian club, proceeding west in the evening.

WINNIPEG CLEARINGS.

Winnipeg, Oct. 1.—Bank clearings for the month ending yesterday were $44,376,318. In 1906 they were $42,557,446.

BIG INCREASE OF LUNACY

STARTLING FIGURES PUBLISHED IN ENGLAND.

COMMISSIONERS SIMPLY SUBMIT STATEMENT.

London, Oct. 1.—While the lunatics in England and Wales have increased at a rate equivalent to 237.2 per cent., the general population has only increased at the rate of 77.5 per cent. This is the startling state of affairs disclosed in the annual report of the lunacy commissioners, which was issued on Monday. The annual average increase for the ten years ending Dec. 31, 1906, was 2,462, and that for the five years ending on the same date, 2,655.

The proportion of males and females in the insane community (those who are known to be under care on Jan. 1, 1907), was precisely the same as that obtaining in the previous year's returns—namely, males 46.1, females 53.9 per cent. But the average annual admission rate (1901 to 1905) gives 29.0 and 51.0 per cent., as the male and female distribution. The latter figures closely approximate to the relative distribution of the sexes in the general community, and the explanation of the disproportionate excess of females amongst the total insane under care is doubtless in great measure due to the lower death rate of the female insane as compared with males—males 11.55, females 8.63, being the average death rate for the past ten years.

Below the age of 35 years the males preponderate over the females, the numbers under care on Dec. 31, 1906, giving a proportion of the former to the latter sex at these ages at 53 to 47. Between 35 and 65 this proportion is reversed—namely, males, 45.4, to females, 54.4; whilst at 65 and upwards there is a still greater disproportion—viz., males, 38.7, to females, 61.3.

From the same source we learn that about one-fourth of both sexes were below the age of 35, and nearly one-eighth above that of 65, the actual percentage of those over 65 who were under care on that date—males, 11.0, and females, 14.3 per cent. The average admissions for the years 1901 to 1905 or persons of these advanced years was for both sexes 15.2 per 10,000 of population, which is in advance of the rate on the preceding five years.

As to marriage, the figures of the average annual admissions in the five years 1901—1905 show for those aged 20 and upwards—males 9,961, females 10,469—that the distribution is almost precisely the same as that given last year in the figures 1900—1904. There was a higher proportion of single and married persons amongst the males, and of widowed amongst the females, the ratios being: Males: single, 41.9 per cent; married, 47.6; widowed, 9.7. Females: single, 35.1 per cent; married, 55.0; widowed, 16.5.

NEW ASSEMBLY HALL.

Edmonton, Oct. 1.—The government of Alberta took out a permit today for a new temporary legislative assembly hall and offices. It will be seventy feet in frontage, 40 feet deep, 33 feet high, in two stories. It will be completed before the end of the year. The cost will be $10,000.

SCHOOL MEET

Trustees in Convention at Vancouver

LONGPROGRAMSCHEDULED

TWO HUNDRED DELEGATES FROM ALL OVER PROVINCE ARE IN ATTENDANCE — RECEPTION IS TENDERED IN ST. GEORGE'S HALL TO VISITORS.

New Westminster, Oct. 1.—The annual convention of the Association of British Columbia School Trustees is now in progress here. About 200 delegates are in attendance.

A reception was tendered the visitors in St. George's hall last evening.

The program includes the following:

Resolved: That this institute strongly favors, where practicable, the centralization of schools.

Resolved: That the provincial government be asked to allow a small sum yearly to assist all rural schools in securing a school library.

Resolved: That in the interests of public education the private schools should submit yearly or oftener the attendance of pupils in their roll.

Resolved: That the government be asked to provide for a flag for all rural schools.

Resolved: That the necessity be urged upon the government of a thorough and systematic medical examination of all public school children and teachers.

Resolved: That our educational interest would be best conserved by having reciprocity between the provinces in the matter of school teachers.

Resolved: That a uniform qualification for teachers and grading of pupils throughout the Dominion would be beneficial.

Resolved: That it would be in the interests of the empire to have one universal text book.

Address by Dr. Scott, city school superintendent, Calgary, Alta., subject: "The efficiency of the teacher and how to determine it."

Paper by J. C. Farran, M. D., subject: "Are hygiene and public health sufficiently taught in our public schools? Is our medical health inspection sufficient?"

Address by Rev. Dr. Fraser, subject: "What the child has a right to expect of the state."

Other subjects of debate during the convention will be the cheapening of the cost of school text books, the proposed increasing of government grants to small municipalities, a proposal to promote education along industrial and agricultural rather than along mercantile lines, thus directing youths towards rural rather than city life, and several other matters.

SUCCESSION DUTIES.

Ontario Treasury Will Get Nearly a Million This Year.

Toronto, Oct. 1.—When presenting his budget at the last session of the legislature for the year, provincial treasurer Matheson estimated that the succession duties for 1907 would amount to seven hundred thousand dollars. But this amount has been exceeded by fifty thousand dollars for the nine months ending September 30.

ABSCONDER ARRESTED.

Winnipeg, Oct. 1.—William Lee was arrested today at Regina, on the information from chief Macrae that he is wanted in Winnipeg for the theft of $300. He was employed by the J. J. McLaughlin company, and had held the position of bookkeeper. He is alleged to have stolen over $300 by making false entries in the books and also by falsifying genuine entries.

HELPING TO LECTURE.

Ottawa, Oct. 1.—Rudyard Kipling has promised to address the Canadian club here on his return from the Pacific coast.

PRICE OF WHEAT GOES UP

WOULD-BE SUICIDE MARRIES HER LOVER.

C. P. R. TO EXTEND ITS LINES THROUGH WHEAT LANDS.

Winnipeg, Oct. 1.—Wheat again started upwards this morning and at noon showed an advance of over a cent. October 104, May 108 5-8.

It is estimated that there are 3,294 people living in 1,098 tents at Edmonton.

Canadian furniture will sell better in Manchester and district if better polished, says the Canadian government's trade agent.

Miss Mabel Ayers, of Hamilton, who attempted to commit suicide a few weeks ago after a quarrel with her lover William Lewis, was married to him by Rev. Canon Wade today.

The C. P. R. western management is now considering the question of extending its lines from Lethbridge in a northeasterly direction towards Saskatoon through the heart of the wheat country. This it is said, is a reply to the invasion of its territory by the Canadian Northern, Grand Trunk Pacific and Hill lines.

The Hudson's Bay Stores

Our New Stock of

Clothing, Gents' Furnishings, and Boots and Shoes

Is Beginning to Arrive

In about another week we will be able to offer full lines in these goods, and can promise you the best values ever offered in the city.

We will tell you more about them later on. In the meantime it will pay you to wait their arrival before purchasing elsewhere.

TRADE WITH ASIA.

The Canadian Manufacturers' Association think that our trade with Japan and China should be conserved even at the cost of this province being overrun by Asiatic hordes.

The Toronto Telegram says Canadian trade with Asia, present and prospective, is not worth considering.

Asia, says the Telegram, is not and never will be a market for the produce of Canadian farms and the output of Canadian factories. Much nonsense has been talked and written about Japan and China as contributors to the future greatness of Canadian industry and agriculture.

Agriculture and industry in Canada could well stand the possible loss of the Japanese of Chinese markets in return for deliverance from the actual invasion of Asiatic labor on the Pacific coast.

A tariff that could transfer the manufacture of goods for the Canadian market from the United States to Canada would enlarge this country's home constituency of consumers and supply more customers than Canadian industry and agriculture will ever find in China or Japan.

EDITORIAL NOTES.

In his very valuable paper upon "The Growth of Canada in the Twentieth Century," read before the Canadian Manufacturers' Association at Toronto, Mr. Archibald Blue, the chief census officer, provided some striking statistics as to the betterments of the country

of the workers in the manufactories of Canada during the first five years of the new century. In 1900 the average salary of managers, officers, clerks, etc., was $833 for males and $317 for females, and in 1905 it was $925 for males and $362 for females. For wage earners employed in the works the average in 1900 was $334 for males and $176 for females, and in 1905 it was $417 for males and $219 for females. But for both sexes the average cost of salary per employee was $771 in 1901 and $849 in 1905, an increase of $78 while the cost of wages was $268 in 1900 and $379 in 1905, an increase of $93 per employee. But it is doubtful whether even this increase in pay has kept pace with the increase in the cost of living.

The number of householders already inquiring for particulars of how to register at the city hall in order that they may vote in the municipal elections next January is one of the hopeful signs of the hour. From now until the next municipal election day is over and well over, keen interest will be taken in the attitude adopted by the present and prospective aldermen. Elsewhere will be found a brief summary of the law on munipical registration for voting purposes which should be read carefully and promptly acted on. See that you are on the list before the close of October 30th.

Mayor Gillett is quoted as saying that he sees no occasion for a special meeting of the council. This in answer to the stated request of aldermen Selous and Rosé. As these two aldermen made it very clear that at least two of the matters they wanted discussed without delay, both concerned the mayor personally, is not very difficult to understand why his worship wants delay and why he can see no occasion for a special meeting being called.

On behalf of at least two members of the city council it is claimed that when the city electrician resigned the vacancy was filled by the council. Until the act of the council was vetoed no other appointment could be made. At the date of Smith's reappointment to office, the act of the council had not been vetoed and mayor Gillett's action was, and still is illegal.

It pays to be wicked some times. The city electrician was very naughty the last night of the fair. He did many things he should not have done. He was given the alternative of resigning or of facing the music. He resigned. He was then paid his full salary to the end of the month, September 30 and allowed to go. After having nearly a week's holiday on full pay he is reinstated. That is to say he was paid for being idle, got his money in advance and was finally put back, without investigation, and by the act of the mayor. It pays to be off color some times.

Carterhall, Nfld.

MINARD'S LINIMENT CO., Ltd.

Dear Sirs—While in the country last summer I was badly bitten by mosquitoes, so badly that I thought I would be disfigured for a couple of weeks. I was advised to try your liniment to allay the irritation and did so. The effect was more than I expected, a few applications completely curing irritation and preventing the bites from becoming sore. MINARD'S LINIMENT is also a good article to keep off the Mosquitoes. Yours truly,

W. A. V. R.

AVOID ELEVATORS.

Mine Accidents Reminds New Yorker of Daily Peril.

New York, Oct. 1.—Seven miners fell in a cage which they were descending to the bottom of a shaft at the Wharton mines, Upper Hibernia, N. J., today. All were seriously hurt. They lay helpless for hours, assisting each other as they best could, until a temporary cage was rigged and physicians went down to them.

Daniel Ryan, the engineer at the shaft's mouth, had collapsed suddenly and could not control the machinery.

The accident emphasizes to New Yorkers what must happen should an elevator man in a skyscraper or a motorman faint or die.

LUMBER COMPANY ASSIGNS.

Toronto, Oct. 1.—The Lake Huron Lumber company, with headquarters at Ottawa, has assigned, with liabilities of about $45,000 and assets nominally the same. The principal creditors are English firms.

FOR SALE

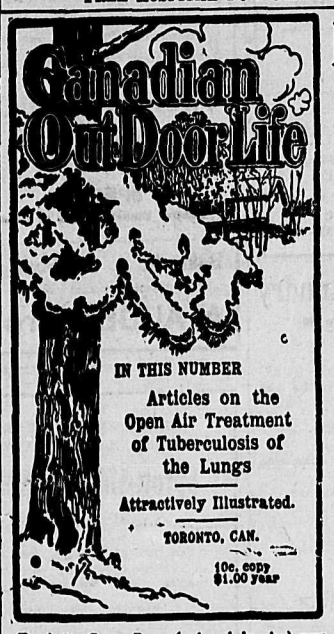
NOT A SINGLE APPLICANT HAS EVER BEEN REFUSED ADMISSION TO THE MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES BECAUSE OF HIS OR HER POVERTY



Facsimile Cover Page (reduced in size) new Monthly Magazine of The National Sanitarium Association. Full size of page 10x7.

FORWARD STEP

IN THE INTERESTS OF

Muskoka Free Hospital for Consumptives

The National Sanitarium Association of Canada has undertaken to publish a monthly magazine devoted to the Outdoor Treatment of Tuberculosis, and the inculcation of Hygienic Methods of Living for the people generally. The first number was issued in November, 1906.

All profits from this magazine — from subscriptions and advertising—will go to the maintenance of patients at the Muskoka Free Hospital for Consumptives.

Any one contributing one dollar a year, or more, to the funds of the Hospital will become a subscriber to CANADIAN OUT-DOOR LIFE for one year.

No Father, No Mother, No Home—Worse Than a Prisoner

GARFIELD BRACEY, BERLIN, ONT.: Enclosed please find doctor's certificate and examination papers. Hope you will secure me a place in your Sanatorium. You will notice that my circumstances is a hard one; no father, no mother, no home—worse than a prisoner. Nobody wants me on account of my disease. Hoping you will have the charity and consider my position, and give me a position at once in your Sanatorium, I ever pray.

An Orphan, without Home or Means

DR. A. E. HANNA, PERTH: I have a patient here, a *young fellow in whom I am greatly interested.* He has tuberculosis. He is a poor young fellow, an orphan, out of home, without any means. If we sent him up would you take him in and do the best you can for him? I know how difficult it is to accommodate all who require treatment, but this is a special case.

It is always encouraging to have a letter from friends who kindly contribute. For the convenience of those who have not time to write, the following blank may be used:

SUBSCRIPTION BLANK.

.....190....

Dear Sir,

I have pleasure in enclosing the sum of.....

.....($.....), as a contribution to the maintenance of the MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES.

Name.....

Address.....

CONTRIBUTIONS MAY BE SENT TO

HON. SIR W. R. MEREDITH, Kt., Chief Justice, Vice-President Nat. San. Association, Toronto, or W. J. GAGE, Esq., Chairman Executive Committee, Toronto.

"DO IT NOW"

Is a business motto of this strenuous age that applies with tremendous force when it is a good act you should do.

"A child's kiss set on thy sighing lips shall make thee glad.

"A sick man helped by thee shall make thee strong.

"Thou shalt be served thyself in every sense of service which thou renderest."

"DO IT NOW"

"I WAS SPECIALLY PLEASED WITH THE ATTENTION PAID TO CONDUCT THE INSTITUTION CAREFULLY AND ECONOMICALLY."—Dr. R. W. Bruce-Smith, Government Inspector Hospitals and Charities.

No. 1

HAVE YOU REGISTERED

HOUSEHOLDERS SHOULD RECORD NAMES AT ONCE.

CANNOT VOTE NEXT JANUARY UNLESS ON LIST.

The following are entitled to have their names inserted on the voters' list for the city for the year 1908.

Any British subject, male or female of the full age of 21 years, being,

1. An owner of real estate of the assessed value of not less than $100.
2. A resident authorized representative of an incorporated company which is the assessed owner of land or of improvements of lands within the municipality.
3. The owner of a trade license the annual fee of which is not less than $5.
4. A householder. "Householder" shall mean and include any person of full age of twenty-one years who occupies a dwelling tenement, hotel or boarding house, or any part or portion of a dwelling, tenement, hotel or boarding house and who shall, unless exempt by statute of municipal by-law, have paid directly to the municipality rates, taxes or fees of not less than two dollars for the current year.

The names of property owners, as above, will be taken from the assessment roll and inserted on the list.

Reperesentatives of incorporated companies must hand in their authority to the city clerk before their names can be inserted.

License holders and householders must make the statutory declaration during the month of October, and hand the same to the city clerk within 48 hours after it is made. All declarations must be handed in by 5 p. m. on Wednesday, October 30—the 31st being Thanksgiving day.

Forms of declaration can be obtained at the city clerk's office from now on until October 31st.

QUINSY, SPRAINS AND SWELLINGS CURED.

"In November, 1901, I caught cold and had the quinsy. My throat was swollen so I could hardly breathe. I applied Chamberlain's Pain Balm and it gave me relief in a short time. In two days I was all right," says Mrs. L. Cousins, Otterburn, Mich. *Chamberlain's Pain Balm is a liniment* and is especially valuable for sprains and swellings. For sale by all druggists and dealers.

Minard's Liniment for sale everywhere.

A capital chance at the hotel business. Long established, large patronage both local and foreign. Owner and proprietor wishes to retire from active life. Situated in the Boundary country amid smelters and other industries. Inquiries addressed H., Box 293, Daily News will have full information.

ARTHUR EVANS.

CERTIFICATE OF THE REGISTRATION OF AN EXTRA-PROVINCIAL COMPANY

"Companies Act, 1897"

I HEREBY CERTIFY that the Snowdrift Gold Mining Company, Limited, has this day been registered as an Extra-Provincial Company under the "Companies Act, 1897," to carry out or effect all or any of the objects of the Company to which the legislative authority of the legislature of British Columbia extends.

The head office of the Company is situate in the city of Spokane, state of Washington, U.S.A.

The amount of the capital of the company is twelve thousand five hundred dollars, divided into one million two hundred and fifty thousand shares of one cent each.

The head office of the company in this Province is situate at the town of Koch's Siding and Noah Eastman, lumberman, whose address is is the same, is the attorney for the company.

The time of the existence of the company is fifty years from the first day of June, ninteen hundred and seven.

The company is specially limited under section 56 of the above act and no liability beyond the amount actually paid upon shares or stock in the company by the subscribers thereto or holders thereof shall attach to such subscriber or holder.

Given under my hand and seal of office *at Victoria, Province of British Columbia,* this fifth day of July, one thousand nine hundred and seven.

S. Y. WOOTTON,
Registrar of Joint Stock Companies.

The objects for which the company has been established and registered are:

1. To own, purchase and otherwise acquire, mines and mining properties, and to sell and otherwise dispose of mines and mining properties, in any part of the state of Washington, United States of America, and in the Province of British Columbia. Canada.

2. To purchase, lease and otherwise own, control and sell such real and personal property as may be necessary to the due *prosecution of the business of this corporation.*

3. To purchase, appropriate and otherdise acquire and to sell and dispose of, and to maintain such water rights and water power as may be necessary to the due prosecution of the business of this corporation.

4. To develop and operate mines containing precious metals, and to sell the products thereof.

5. To *construct, maintain,* purchase and otherwise acquire any and all buildings, devices, structures, machinery and improvements essential to the due prosecution of the business of this corporation as above set forth.

6. To build and construct flumes, dams and other structures for the creation of water power and to maintain the same, such as may be essential to the conduct of the mining business of this corporation.

7. To mortgage and issue mortgage bonds upon any of the foregoing kinds, classes and *descriptions of property that may be* by this corporation owned and acquired.

Let Us Show You

That five room house with all mo dern conveniences, bath, electric light and gas, with a fine verandah, the whole well built and in good repair. Two lo ts with bearing fruit trees, small fruits, garden and chicken house; on car line and in splendid location; only $1550—good terms.

12 LOTS

Cleared, fenced and planted; 80 fruit tr ees; good water; fine location; a snap for someone; only $700.

A Good Selection of Houses for all

Have You Solved It?

We have had scores in to see how we can offer 10 acres of bearing trees, in such a beautiful location, with such good transportation facilities, for only $1000, and such easy terms. All are enthusiastic over the proposition. They say "it is the most practical method of obtaining a bearing orchard I have ever seen." Come in and let us explain to you.

GIGANTIC RAIL PROJECT

LINE FROM DAWSON CITY TO EDMONTON.

EXPECTED THAT CONSTRUCTION WILL START NEXT YEAR.

(Special to The Daily News)

Winnipeg, Oct. 1.—To construct a railway, which will penetrate a country as yet absolutely undeveloepd and unknown, reaching from Dawson city to Edmonton an aproximate distance of 1,500 miles, is the latest project which will come to the fore in the history of railway develomepnt in the Canadian northwest.

So far has the scheme progressed that promoters are now in New York in order to obtain the assurance of sufficient capital, which, by the way, will be contributed entirely by monied men of English financial centres. Within the next few days an attempt will be made to get the Dominion government to endorse thebonds and if the promoters are successful another year will see the commencement of actual construction which will bring the farthest corner of the Yukon within fourteen days communication of the British Isles and continental Europe.

R. A. Lawther, of the firm of Lawther, Latta & Co., London, England, is the representative of the financial interests which are devoting attention to the project. For several months he has been in the Yukon collecting the necessary data and his reports show the line perfectly feasible. Mr. Lawther is interested in the Klondyke Mines railway and the proposed railway will be a continuance of this line.

Promoters of the line have already sent prospectors through the country to be traversed and they report the land is inexhaustedly rich in all kinds of minerals which, at the present time, are practically worthless owing to the enormous distance they are located from civilization and the entire absence of transportation facilities. Coal, copper, iron ore, petroleum, asphaltum and other of the less valuable minerals, are said to exist along the route of this railway in enormous quantities. Added to the minerals are the valuable forests which are capable of supplying lumber for many years to come.

A CERTAIN CURE FOR CROUP—USED FOR TEN YEARS WITHOUT A FAILURE.

Mr. W. C. Bott, a Star City, Ind., hardware merchant, is enthusiastic in his praise of Chamberlain's Cough Remedy. His children had all been subject to croup and he has used this remedy for the past ten years, and though they much feared the croup, his wife and he always felt safe upon retiring when a bottle of Chamberlain's Cough Remedy was in the house. His oldest child was subject to severe attacks of croup, but this remedy never failed to effect a speedy cure. He has recommended it to friends and neighbors and all who have used it say that it is unequalled for croup and whooping cough. For sale by all druggists and dealers.

"The Serge of the Serges"

BLUNOZ CANADIAN Semi-ready

In the first place "Blunoz" serge is not made in Nova Scotia.

In the second place, it is not all a blue serge, for it is a freely woven Australian wool serge in both the navy blue and black colors. You have a choice of either.

To be sure they call the Nova Scotians "Blunoses"—but that is not the derivative of "Blunoz" serge.

Only two woollen mills in Canada can make the "Blunoz" Serge—and the Semi-ready Company control and absorb in their tailor shops the entire output.

This is the Canadian Serge which has made the British mills "sit up," and it is the Standard cloth by which the Government judge the tariff needs of this particular Canadian industry.

Semi-ready

Semi-ready "Blunoz" Suits, now $20, will cost $24 after January 1st, 1908.

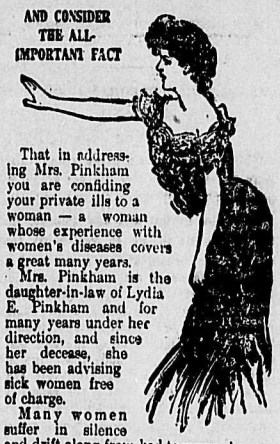
PRINTERS AND PUBLISHERS

STOP, WOMAN!

AND CONSIDER THE ALL-IMPORTANT FACT



That in addressing Mrs. Pinkham you are confiding your private ills to a woman — a woman whose experience with women's diseases covers a great many years.

Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham and for many years under her direction, and since her decease, she has been advising sick women free of charge.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice.

When a medicine has been successful in restoring to health so many women, you cannot well say, without trying it "I do not believe it will help me."

NELSON NEWS OF THE DAY

Born in this city on Tuesday, October 1, to the wife of Orlando Gramond, Stanley street, a son.

The I. O. O. F. will hold an open social this evening in K. of P. hall to which all friends and those interested are cordially invited. The program will commence at 8 o'clock.

Today J. Fred Hume leaves on his annual fall hunting trip, which will occupy about two weeks. With Mr. Hume goes Dr. Cline, and later, Dr. MacCollum, C. F. McHardy and John Teague. The camp this year will be in the Howser lake country in off the lake and up one of the many creeks that flow into the lake. The services of William Simpson as guide have been secured and good sport is expected.

Referring to the death of Mrs. Lennie of New Westminster, last week the Columbian of that city says: "The death occurred early this morning of Catherine, wife of Rev. R. Lennie, after an illness of short duration, having been stricken down two weeks ago. The deceased was born in Westray, Ockney, 64 years ago and came to British Columbia form Ontario in 1885. The immediate relatives are a sister, Mrs. Hamston, of Ayr, Scotland; two cousins, Wm. and Sinclair Harcus, of Vancouver; four sons, Robt. S., of Nelson, B. C., Henry, Ebenezer and Theodore, of this city, and four daughters, Mrs. Lusby, this city, Mrs. Burnett, Victoria, Mrs. McEwen, Cloverdale, and Mrs. Chapman, of Vancouver. The funeral will be conducted from the family residence, Royal avenue, Sunday afternoon at 3 o'clock to the cemetery at Sapperton.

HINTS TO ADVERTISERS.

Merchants Should Make Plain Readable Statements to Public.

When an advertisement draws inquiries it has demonstrated its worth. It is not necessary that the ad should bring actual orders, that is that the advertising of the average general store should bring buyers. It is up to the store to show the goods and to the salesman to dilate on their good points and close the sale—in other words, to complete the work of the advertisement. When a merchant spends good dollars for the purchase of space in a newspaper or for the purchase of paper and ink for a circular it is presumed that he has something to sell and that there is merit or value therein. Good value is necessary as the backing of an ad in order to make the sale to the party in need of the article. Some ad-writers are bright enough with their pens to prepare ads that are so clever that they will sell goods that are not actually wanted by the buyer. But where a merchant is in business in one town day after day, he does not want to sell things that the customers do not need. When a person finds that he has been cajoled into buying something for which he has no immediate use, he feels a resentment against the salesman that does not give promise for future business relations. The theory then is to sell the customers what they want, and to advertise seasonable things in season. Of course, this doesn't mean that you should not offer inducements in unseasonable goods, but when you do you should make the prices right in order that you may expect returns from your publicity.

Boomerangs are the things that the retailer wants to avoid. Every time you fail to do as you advertise, there will be a recoil that is dangerous to good merchandising.

Make your advertising plain. Advertising that is not immediately readable, is space wasted. If you daily is not generally circulated push your mailing list. Better push it anyway.

Honest advertising is generally good. The reputation of a good store is a help in business that is very valuable. Your advertising should be as carefully guarded against any misstatements as your store itself. Talk in "the language of your community." This means do not blow and don't use the out of sight language of the catalogue retailers.

You should soon begin to prepare your Christmas advertising, and in the meantime send out a general announcement on the fall and winter season. Invite an inspection of your stock early, before the lines have been broken. It might be well to invite your customers to place orders for goods not in stock that you could get and have in ample time for the holidays.

EMORY & WALLEY

Nelson, B. C.

cannot be realized under the Union Jack there will always be danger of an agitation to put British Columbia under another flag. Does British connection and Canadian citizenship imply the open door to Asiatics. If so British Colmubia may soon become a source of danger to both these great national ideals.

THE ASIATIC PERIL.

(Toronto Telegram.)

British Columbia is not an appropriate dwelling place for the Japanese any more than Japan would be an appropriate dwelling place for Canadians.

Whether British Columbia is to be a white or an Asiatic province is a question of life and death to the people whose civilization may be submerged by the tide of Orienatl immigration.

These people are entitled to fight and are entitled to the sympathy of all Canadians, east and west, in their battle to save Canada's Pacific slope for Anglo-Saxon civilization.

The anti-Asiatic cause is just and should prevail. Vital questions to western Canada can never be an academic question to eastern Canada. Good will come out of evil if the Vancouver riot stirs Canada and the British empire to perhaps the greatest danger that ever threatened the unity of this nation.

The elements that have tried to organize an agitation have shown that they could not organize a riot. The rioters proclaim the inferiority of the Japanese. They have displayed their own inferiority to the Japanese in the ordeal of mob violence.

The Asiatic peril remains the enemy in the gates of British Columbia. The ideal of "A White Man's British Columbia" will not be given up. If that ideal

Synopsis of Canadian Homestead Regulation

ANY available Dominion Lands within the Railway Belt of British Columbia may be homesteaded by any persons who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother, or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

1. At least six months' residence upon and cultivation of the land in each year for three years.

2. If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

3. If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

IS ITS OWN WORST ENEMY

IGNORANCE OF THE REAL STATE OF INDIA.

MISLEADING TELEGRAMS SENT TO ENGLAND.

Whilst the English press congratulate John Morley, secretary for India, on the promptness with which he has checked sedition in Bengal and the Punjab, and the cartoonist in Punch represents that minister as crushing the serpent whose poisonous fangs threaten the British lion, Indian unrest still continues. Mr. Morley has only scotched the snake. Iswar Saran, writing in the Hindustan Review, talks of "Mr. Morley's ignorance of the real state of the country." He adds that "the deportation of Lala Lajpat Rai," the seditious Indian editor, "and other repressive measures" carried out by Mr. Morley were instigated by "the exaggerated and misleading telegrams that have been sent to England." But neither Mr. Morley nor all the political doctors in the world can profitably minister to the "mind diseased" of India. The patient must minister to himself, writes another contributor to the Hindustan Review, who signs himself "A European Onlooker." The inhabitants of India are their own worst enemies. As represented by the men who clamor for *nationalism and for independence*, they are neither Orientals nor Occidentals. They hang midway between the glorious heroic traditions of their native land and the brand-new civilization of Europe. They have cast off their own religion without embracing the faith of Europe, whose fashions in dress and education they copy, and are neither Anglicized nor nationalized. Hence their feebleness in political action, their short-sightedness in political outlook, their imbecility in political organization. To quote this author's estimate of the modern Hindu progressist and nationalist, the "educated man":

"The so-called educated man—as if education meant nothing more than success in passing examinations—has shaken hands with his native style of dress, his native etquette, his native language, and most of all his native cast of thought, without imbibing the truly western spirit. Meet his where you will, he offers a wretched contrast to his glorious predecessors. In discarding all that he received from them he has been the most unscrupulous. He does not hesitate to talk irreverently of his ancients, which any westerner would shrink from doing. The links connecting the present with the past he has most mercilessly cut in twain, and with bated breath he follows foreign fashions, which, however, he imitates most ludicrously, having not the wherewithal to keep them up. He is a man of poor physique, looking little better than a skeleton or a consumptive.

The "educated man" thinks he is becoming westernized by forsaking his own temple and becoming a professed agnostic. But nationalism cannot flourish without some kind of a religion, and he fails to see what the Bible is to the race he is trying to copy. As this writer remarks of Hindus of this class:

"Their insight into English life, if it at all deserves the name, is superficial. The Bible has a pious significance for every cultured English man or woman, and never would he or she dispense with it in his or her business. What they see is the want of ostentation and thence they jump to the absurdity that culture and science cannot walk hand in hand with religion and piety. If they would only take the trouble to consult some responsible person—I mean one whose personality carries weight—they would be soon disabused of their absurd notions. Again, I would advise them to go to history and see for themselves whether any irreligious nation ever placed anything to its credit. Religion is the only incentive to noble deeds and lofty endeavor when all else totters; and the masses will resist to the death encroachments on religion even if they were dead to all political oppression. The frenzy of religion runs like wildfire, obstacles obviously the most insurmountable vanish into nothingness, and deeds are accomplished in the fury of the moment which would surprise the man in his sober moments. But once that the love of religion ceases to exist, liberty and progress desert the nation, and it may reconcile itself to its abject lot before it would strive against evil."

HOW TO CURE A COLD.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less danger of pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe in Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by all druggists and dealers.

GOVERNMENT WILL ACT.

Halifax, Oct. 1.—The strike at the Spring Hill mines has been on for two months and the government, will on Wednesday, take charge of the work hitherto been done by the members of the mechanics lodge at the collieries. This is in consequence of a resolution the lodge to close work at the pumps, engines, etc., tomorrow evening, the mechanics lodge having decided to stop. They later notified assistant general manager Stewart o ftheir intention.

POSITION VACANT.

This territory is open for an agent—either lady or gentleman—to represent us and handle our perfecting fitting, tailor-made-to-order skirts. A capable agent can make a large salary. Apply at once to DOMINION GARMENT CO., LIMITED, Box 258, Guelph, Ont.

The Right Kind of Clothes

You don't need to be told that a man's clothes help him to success or doom him to failure. If they're right, to the former; if they're wrong, to the latter.

The old saying, "it isn't the clothes that makes the man," doesn't hold good in the eyes of the world at the present day.

The most stylish clothes command the most attention. I can't promise you success, but I can give you the clothes that will help you to it.

RETIRING EDITOR.

Montreal, Oct. 1.—A complimentary dinner was tendered S. L. Kidd, managing editor of the Gazette at the Montreal club, by the directors, staff and friends of that paper tonight. The affair marked the completion by Mr. Kidd of a journalistic career of forty years.

EDGEWOOD NOTES.

(Special to The Daily News)

Edgewood, Oct. 1.—F. Findon of Ontario, has been visiting in the valley, and has gone to the coast.

Owing to the fine spell of weather the ranchers have been able to cut the second crop of hay and get it cured and in the barns.

The potato crop has turned out splendidly, some of the tubers weighing as much as 2¾ pounds each, and cabbage also have done well, some turning the scale at 16 pounds each, these were grown on the land that was broken last fall.

There will be a good many more acres under cultivation next spring, as most of the ranchers have been busy this summer clearing land for next season. Quite a few acres of fall wheat is being sown this fall, this has proved a great success in former years.

Fruit tree planting will be on a very extensive scale here next spring, orders having gone in from the valley to the nurseries for hundreds of trees to be shipped for planting.

MEAGHER & CO.

Agents for Standard Patterns — Madden Block, Baker and Ward St.

NELSON LAND DISTRICT, DISTRICT OF WEST KOOTENAY

TAKE NOTICE that I, W. C. Reed of Nelson, B.C., occupation machinist, intend to apply for permission to purchase the following described land:

Commencing at a post planted on the soutr bank of the Pend d'Oreille river, thence 20 chains south, thence 40 chains east, thence 20 chains more or less to the river bank, thence following the river bank 40 chains, more or less, to point of commencement, containing 80 acres, more or less.

W. C. REED.
J. W. FALLS, Agent.

Located 30th July, 1907.

NOTICE is hereby given that 60 days after date I intend to apply to the Hon. the Chief Commissioner of Lands and Works for permission to purchase the following described lands in West Kootenay district, British Columbia: Commencing at the center of the east boundary of Clark Marshall's (L. 8038 G -) pre-emption, thence north along east boundary of Marshall's, McCormick's and McDevitt's pre-emption claim 80 chains; thence east 40 chains; thence south 80 chains; thence west 40 chains to place of commencement, containing 320 acres more or less.

Dated this 24th day of April, 1907.

WILLIAM McDEVITT.

NELSON LAND DISTRICT, DISTRICT OF WEST KOOTENAY.

TAKE NOTICE that Emily Wenmoth, of Hayfield, England, occupation, farmer, intends to apply for permission to purchase the following described land:

Commencing at a post planted on the north boundary, and 20 chains from the N.W. corner post of lot 7740, Pend d'Oreille river, B.C., thence 40 chains north; thence west 40 chains; thence south 40 chains; thence east 40 chains to point of commencement, and containing 160 acres, more or less.

EMILY WENMOTH.
A. G. LANG, Agent.

Dated 15th June, 1907.

NELSON LAND DISTRICT, DISTRICT OF WEST KOOTENAY, B.C.

TAKE NOTICE that Thomas Powell of Nelson, B.C., occupation, bricklayer, intends to apply for permission to purchase the following described land:

Commencing at a post planted about one mile south of the Kootenay river, about one mile east of Bird creek, thence east 80 chain; thence south 80 chains; thence west 80 chains; thence north 80 chains to point of commencement, and containing 640 acres more or less.

THOMAS POWELL.
JAMES McKIERNAN, Agent.

Dated July 12, 1907.

A Choice Improved Fruit Farm

Containing 41 acres on the east shore of Kootenay lake, not far from Earl Grey's ranch. The soil is a deep red loam with clay subsoil, practically free from rock and can be cleared thoroughly for $20 an acre.

A fine stream is running through the property, with water right of 12 inches. The neighborhood is well settled. As a commercial proposition this is cheap when compared with other land that has been sold nearby.

Eight acres are cleared, there being 500 apple trees, some cherry, plum and walnut trees planted. Also five acres partly cleared. The above description also applies to a ten and twenty acre block adjjoining, except that the water record is three and six inches respectively.

Price of ten acre block $100 per acre and for the 20 acre block $80 per acre. Price for 41 acre block, $5500; terms to suit..

For further particulars see or write

Hudson's Bay Block Nelson, B.C.

K. L. & I. CO.

A Beautiful Nelson Residence and 6 Lots

can be secured by making a payment of

$600 in Cash

We admit it is a remarkable offer but our client is prepared to stand by it. The particulars are interesting:

The property consists of a large modern two storey house, newly constructed, containing eight rooms and bath room. It is substantially built and of good design, and in a most convenient part of the city. There are no hills to climb and the car line passes the door.

The lots are six in number, perfectly level, are all fenced and in a good state of cultivation.

After meeting the second payment in a year, which is not large, the balance will be accepted in small monthly installments.

We will be pleased to show a prospective purchaser over the house and grounds.

K. L. & I. CO.

An Opportunity for the Small Buyer

We have a ten acre tract of unimproved fruit land in the Crawford Bay District. It is choice and contains no poor land.

If You Are in the Market to Buy

we are certain this will interest you, for the price has been made exceedingly low, viz.:

$40.00

PER ACRE, TERMS TO SUIT.

NELSON NEWS OF THE DAY

There will be a meeting of the Sons of England tomorrow evening.

Born on October 1 to the wife of John Smith of Henry street, a daughter.

The Ladies Aid of St. Paul's Presbyterian church will meet today at 3: 30p.m.

Ed. McGregor, lately acting as a special police constable, has reverted to his ordinary duties as sanitary inspector.

A scheme is afoot for the construction of a rink to be used for hockey in the winter and as a roller rink in the summer.

There are letters at this office for advertisers: "N", "D.O.", "C.F.E.", "Cook, "F.D.", "Y", "S.H.A.", "Sawmill", "Box 1051", "A.Z.", and "G.M."

Mr. and Mrs. Harry Bird have returned from a three month's visit to the old country and all their friends tender them a hearty welcome.

The members of the Women's Auxiliary are reminded that the first meeting takes place on Thursday afternoon in the mission room, and all are requested to attend.

At St. Saviour's on October 1, Rupert Lewis Morris of Rock Creek, B. C., was married to Miss Florence Gepp of High Easter, Essex, England, the rector, the Rev. F. H. Graham, officiating.

The annual harvest festival services of St. Saviour's church will be held next Sunday. Donations of fruit, flowers, vegetables and grain are requested. These should be left at the church not later than 10 o'clock on Saturday morning next.

The weather yesterday was a little colder than has been the case so far this season. Rain fell from the previous evening until four o'clock in the morning and the precipitation was .24 for seven hours rain. In the afternoon the sun came out and the clearing skies of the evening gave a promise of a light frost. The thermometer varied between 42 and 60 degrees.

WEST INDIAN TRADE.

Imperial Commissioner Suggests Weekly Steamer Service.

Montreal, Oct. 1.—Increased trade between Canada and the West Indies was the theme of an address delivered by sir Daniel Morris, the imperial commissioner of agriculture to the West Indies in an address delivered in the reading room of the Board of Trade at noon today. Sir Daniel thought steps should be taken to make the service between Canada and the West Indies a weekly one as this would be a very large factor in increasing the trade. He also suggested that the board support the resolution that had been passed by various boards recommending the appointment of a commercial agent for Canada in the West Indies. This was agreed to later on.

CHOLERA IN RUSSIA.

St. Petersburg, Oct. 1.—The epidemic of cholera which broke out early in August, is spreading rapidly and already twelve provinces are affected. The disease is reported mostly along the Volga, but it has goten as far north as Archanger and made its appearance in Siberia. The deaths already reach into the thousands. The greatest mortality is in the towns. It has been found impossible, however, to check the scourge and every day it is appearing in new provinces.

THE PEACE CONFERENCE.

The Hague, Oct. 1.—The delegates to teh peace conference are beginning to disperse. The question of sending to president Roosevelt an expression of the appreciation of the conference for his initiative in bringing about the convocation of the second conference, has been privately discussed for some days but no definite action has yet been taken.

GREAT BALLOON TRIP.

Friedrischauen, Germany, Oct. 1.—Count Zeppelin made a most successful flight in his airship today. He was aloft for seven hours. The machine responded with splendid results to the will of the pilot. It came down on its voyage to take on board a representative of the minister of war. The trip included a long detour over the country.

HANG FOUR ON ONE GALLOWS.

Lancaster, Pa., Oct. 1.—Four Italians will be hanged from the same gallows here this week, unless executive clemency interferes with the carrying out of the sentence. The date of the execution has been set for Thursday. So far as known, this will be the first quadruple hanging ever held in Pennsylvania.

BROCKVILLE BYE-ELECTION.

Brockville, Ont., Oct. 1.—Nominations for the Ontario legislature for the seat vacated by Hno. G. P. Graham, for the portfolio of railways and canals in the dominion government, took place here today. W. A. Lewis, liberal, and A. F. Donovan, conservative, were nominated.

MORE BOXERISM.

Riots Against Worshippers of "Great White God."

Shanghai, Oct. 1.—Details were received here today in regard to the outbreak of Boxerism at Kang Chow Fu province of Kiang Si, last week, say that the buildings of the Catholic mission there were destroyed as the result of riots organized against the worshippers of the "Great White God."

A French priest was killed but the other missionaries, including the Americans, Messrs. Horne and Marshall and their families, are safe. The Chinese officials have sent detachments of soldiers to Kang Chow Fu to restore order and have taken steps to protect the missionaries.

The authorities announce that the cholera epidemic, which broke out here towards the end of August, has now been stamped out.

New York, Oct. 1.—No advices regarding the Boxer outbreak at Kang Chow Fu have been received here by Rev. Joseph Freeri, American director for the propogation of the faith.

"Doubtless the Catholic mission destroyed in Kang Chow Fu was a small building which was used by the missionary in periodical visits to that place," said he. "I doubt if there is a resident missionary in Kang Chow Fu, as we have no record that one has been established there."

CHURCH AND STATE.

Paris, Oct. 1.—An administrative decree issued today provides for the separation of church and state in Algeria from January 1st, 1908. The decree follows closely the terms of the French law on the subject but allows more latitude in its application as the movement recognizes the great civilizing work done by the missions in that part of Africa. Nevertheless it places Catholics. Israilites, Mussuelmans and Protestants on an equal footing.

The Eye

and its proper care. It is of the greatest importance that you should see to your eyes, and get perfect fitting Lenses that will correct the defect. This work is being done in our operating room in a most accurate manner, and the lenses are cut and ground by the same operator, ensuring a perfect fit.

We have enlarged our staff in this department and can now fill our prescriptions with greater dispatch.
