VOL. 6 NELSON, B. C., SUNDAY, AUGUST 4, 1907. NO. 90

FOR INQUIRY

Alberta to Present Case ou Lumber Combine

A JUDICIAL INVESTIGATION

CO-OPERATION OF BRITISH COLUMBIA IS ESSENTIAL IN ORDER TO SUCCESSFULLY PROSECUTE CHARGES OF AN UNLAWFUL COMBINATION.

Edmonton, Aug. 3.—Alberta's attorney-general, speaking of the lumber investigation today, said:

"Since the receipt of the evidence the deputy attorney-general has been continuously engaged in sifting and analyzing it so as to be in a position to advise the government as to what action should be taken in the premises. As a result of the examination of the evidence so made the government has concluded that the facts disclosed call for judicial investigation. It is impossible for the government of this province acting alone to indict the Alberta retail lumber association as a body for conspiracy with the lumber manufacturers' association of British Columbia, because the latter association is not within their jurisdiction and it must rest with the government of British Columbia to take action against them if they consider it their duty to do so.

"By reason of the fact that all the exhibits, including the list of the members of the Alberta lumber dealers association were handed back to the witnesses by the special committee of parliament and were not printed in the report of the evidence, the government is not at present in possession of evidence as to what firms compose the association. The matter will be taken up immediately and a charge laid."

ORE SHIPMENTS OF WEEK

SMELTER FACILITIES ARE BEING INCREASED

SHIPMENTS ARE SLIGHTLY BELOW USUAL AVERAGE

The shipments for the past week are slightly lower than the average which has been maintained for some time past, a deficiency which has been caused through a temporary shortage of cars in the Boundary. This has now been remedied and the mines are shipping as usual. Noteworthy mining features of the week are the increased activity in the Slocan, an activity, however, which is not at present making much difference to the shipments from those districts. In every direction the smelters are preparing to treat the ore in larger quantities and on more favorable terms, and improvements in this direction in Trail and in the Boundary smelters is most marked.

Appended will be found the ore shipments and smelter receipts in detail for the past week and year to date in tons.

BOUNDARY SHIPMENTS

Mine	Week	Year
Granby	13 649	363,582
Mother Lode	7 040	135,830

MARYSVILLE SMELTER RECEIPTS
Marysville, B. C.

Sullivan	600	18 600

The total amount of receipts reported from the local and foreign mines for the past week were 36,765 tons and for the year to date 882,636 tons.

Rossland, Aug. 3—Shortage of coke has kept down the tonnage at the mines and smelters here and elsewhere in this district. The trouble is that collieries and coke manufacturers have not kept pace with the mines and smelters. The excuse of the coal and coke companies is that since the strike ended they have been unable to get as many men as needed, and this, they allege is the cause of the shortage of coke. The Northport smelter has closed down one furnace and has only a small supply of fuel on hand. The Granby plant at Grand Forks has closed down three furnaces and is running close on coke. Trail plant has only a small supply. The situation should be remedied. Smelter managers recently visited Fernie and obtained promises of betterment in future from the management of the Crow's Nest Pass Coal company.

PERMANENT COURT.

Peace Scores Another Victory at The Hague.

The Hague, Aug. 3.—Another American proposition for the establishment of a permanent court of arbitration at The Hague ,and one that will occupy a place in history, today obtained a splendid success in the peace conference sub-committee that had the matter in hand. Twenty-seven voted affirmatively and twelve abstained. This means that the proposal was unanimously approved.

The sitting ,however, was not without its surprises. These were due to sir Edward Fry (Great Britain) and M. Bourgeois (France) suggesting that the new permanent court should not interfere in anyway with the court established in 1899.

In the opening sitting Joseph H. Choate of the American delegation, urged that the Russian proposition be taken by the editing committee together with the American proposition.

M. Beernaert (Belgium) then made a long speech in which he in no sense opposed the idea of arbitration, but contended that the permanent bureau of the present court had the advantage of permitting the assembling of the court at will and constituting it in accordance with the particular conditions of the litigation in hand. The question to decide, he said, was whether the proposal of the United States really constituted progress. If a permanent tribunal were established litigation would be created outside the sphere of the sovereignity of the state. The permanent tribunal therefore must be a tribunal of arbitration, the countries remaining free to appeal to other arbitrations. Continuing, M. Beernaert said he was not sure they would be able to find 17 first-class jurists to act as judges who would be willing to expatriate themselves and moreover all people would not be represented on the tribunal which might be suspected of not being fully impartial.

Senor Esteseze (Mexico) proposed an amendment providing that the permanent court should accept the judicial procedure of the appellant nations. This amendment was accepted by Mr. Choate.

The vote was taken after an explanatory speech by James Brown Scott, of the American delegation, and a stirring appeal from M. Burgeois, France, who after summarizing the discussion warmly supported the American proposal. The French statesman declared that the United States deserved the gratitude of the civilized world for having brought forward a proposal to constitute an institution that might prove to be the glory of the present century. M. Beernaert, Belgium, opposed the American proposition and sir Edward Fry (Great Britain) pointed out that nothing prevented the court established in 1899 from simultaneously conferring with the new institution and that litigants would thus be able to go before the judges of their choice. Addresses were then made by delegates from Venezuela, Chili, Brazil and Argentine. Mexico proposed an amendment, acknowledging the right of the countries submitting a case to the court to have their own method of judicial procedure adopted. This proposal was approved by Choate of the American delegation in a speech in which he warmly praised the Mexican delegates.

CANADIAN HENLEY

Results in Yesterday's Rowing Events at St. Catherines

St. Catherines ,Aug. 3—The races of the Canadian association of amateur oarsmen were continued here today. all were a mile and a half with a turn, with the exception of the eight oar, which were one mile and 555 yards straightaway. The results were:

Junior fours, final, Argonaut R.C., Toronto won; Winnipeg R.C., 2nd; Toronto R.C. 3rd.

Senior doubles, Don. R.C., Toronto, won; Metropolitan R.C., New York, 2nd; time 9:31.

Junior fours, 140 pounds, Don R.C., won; Argonaut R.C. 2nd; Ottawa R.C., 3rd; time 9:21.

Canoe singles, Toronto C.C. won; Lachine B. and C.C. and Island A A. tied for 2nd; no time taken.

Junior singles, Celtic R.C., Buffalo, won; Mutual R.C., Buffalo, 2nd; Don R.C., 3rd; time 9:50.

Intermediate fours, semi-finals, Toronto R.C. won; Fort William R.C., 2nd; time 9:30.

Senior eight, Argonaut R.C. No. 2, won; Winnipeg R.C., 2nd; Argonaut R.C. No. 1, 3rd. Time 6:42.

Intermediate fours, final, Argonauts won; Dons, 2nd; time 9:16.

Intermediate singles, final, J. W. Craigh, Detroit, won; N. Cosgrove, Argonauts, 2nd; time 10:21.

Senior fours, Argonauts won; Winnipeg R.C., 2nd. Time 9:11.

HAWTHORNTHWAITE REBUKED.

(Special to The Daily News)

Vancouver, Aug. 3.—The closing moments of Keir arHdie's mass meeting last night were marred by a vicious attack by Hawthornthwaite on Macpherson, who he called a humbug as well as a liberal. Keir Hardie gave a dramatic touch to the incident, when after Hawthornthwaite's speech, he addressed the crowd, expressing deep regret at Hawthornthwaite's abuse and openly rebuking the socialist leader for his expressions.

MAPLE LEAF CHAMPIONS.

Vancouver, Aug. 3.—The Maple Leaf lacrosse team today won from the Westministers in a championship match by twelve goals to ten.

The rifle team of the second regiment of the Washington National guard won the match for the international trophy from a team of the sixth regiment D. C. O. R. at Richmond range today by an aggregate at all ranges of 1919 to 1878.

DEATH OF ST. GAUDENS

Cornish, N.H., Aug. 3—August St. Gaudens, LL.D., L.H.D., the sculptor, died at his home at Cornish at 6:35 this evening after a long illness. Death was due to a general break down of the system.

Last year Mr. St. Gaudens was operated on for a minor trouble and although he was temporarily relieved he continued in poor health. Last month his decline was rapid. Until the first part of July he visited his study nearly every day but as he grew weaker he had to be assisted in his work. Since the middle of July he has been obliged to remain in bed. For two days before his death he was unconscious the greater part of the time and his physicians saw it was but a question of hours before the end.

FORGET RESIGNS

Montreal, Aug. 3—The announcement is made that L. J. Forget, M.P., for Charlevoix, and president of the Montreal stock exchange has retired from the firm of L. J. Forget and company, after 32 years. Forget will start a new firm later on. His championing of the peace treaty in the coal and steel difficulty was not a stranger to the change.

PEARY'S SHIP READY

Portland, Me., Aug. 3—The announcement that the steamer Roosevelt was ready to sail was received by commander R. E. Peary at Earle Island today and the commander announced he would leave Portland for New York tonight. He said the Roosevelt would sail as soon as he reached New York.

SITUATION MORE SERIOUS.

Mob Attacks Police Patrol to Rescue Prisoners.

Belfast, Aug. 3.—The situation in Belfast proved to be more serious today and several acts of violence are recorded through the city.

In one instance a mob attacked a van loaded with bags of sugar and set it on fire. They threw the wreckage off the docks. A number of other wagons were overturned.

This evening a mob attacked a police patrol and attempted to rescue a prisoner. The police at first were driven back but reinforcements arrived and a series of close charges were necessary before the crowd dispersed. Several civilians were injured.

Beginning next Monday the authorities have decided to use soldiers to protect vans and wagons

Itis said that the negotiations to bring an end to the carters' strike will terminate satisfactorily on Monday. Telegrams received from various parts of Ireland relate that the day has passed quietly.

The disaffected members of the constabulary apparently have been overawed by the transferring of men from Belfast and the fact that no strike was declared here, while the more sober minded have been influenced by the advice of the inspector general that it would be inopportune to discuss their grievances at present.

HEAVY FINES

Standard Oil Mulcted in Sum of $29,240,000

NO BETTER THAN THIEVES

JUDGE LANDIS IS MERCILESS IN CRITICIZING METHODS OF THE DEFENDANT COMPANY — APPEAL WILL BE TAKEN FOR YET OTHER FINES ARE PENDING.

Chicago, Aug. 3.—Judge Kensaw Landis in the United States district court, fined the Standard Oil Co. of Indiana $29,240,000 for violations of the law against accepting rebates from railroads. The fine is the largest ever assessed against any corporation in the history of American criminal jurisprudence and is slightly more than 131 times as great as the amount received by the company through its rebating operations. The case will be carried to the higher court by the defendant company. The penalty imposed upon the company is the maximum permitted under the law and it was announced at the end of a long opinion in which the methods and practices of the Standard Oil company were mercilessly scored .The judge declared, in fact, in his opinion that the officials of the Standard Oil company who were responsible for the practices of which the corporation was found guilty, were no better than counterfeiters and thieves ,his exact language being.

"We may as well look at this situation squarely, the men who deliberately violate this law, wound society more deeply than does he who counterfeits the coin ,or steals letters from the mails."

Judge Landis commenced reading his decision at 10 o'clock and occupied one hour in its delivery. He reviewed the facts in the case and then passed judgment upon the company which he declared violated the law for the sole purpose of swelling its dividends. At the conclusion of his opinion, judge Landis directed that a special grand jury be called for the purpose of inquiring into the acts of the Chicago & Alton railway company ,it accepted rebates from that corporation. The jury is summoned for August 14. During the reading of the opinion when the court said something especially stinging against the company or its methods, spectators would laugh loudly and the bailiffs were compelled repeatedly to rap for order. After some debate it was agreed that the attornys for the defense should be given sixty days in which to file a bill of exceptions. It is expected that the case will be heard during the January term of the United States court of appeals.

Under the seven indictments still pending against the Standard Oil company, an additional fine amounting to $88,440,000 may be levied should the company be found guilty.

BOWSER'S WALKOVER.

Vancouver ,Aug. 3.—Bowser was elected at today's bye-election with a vote of 2,345 against Kingsley's (socialist) 517. Bowser's vote last February was 3,153. The conservatives made desperate efforts to get their full vote out to make the socialist defeat pronounced. The liberals as a rule refrained from voting.

SIR ADOLPHE IS SORE.

(Special to The Daily News.)

Ottawa, Aug. 3.—In a review of his dealings in behalf of the Transcontinental Exploration Syndicate, Limited, with Green, sir Adolphe Caron is unable to find the least warrant for the strictures upon himself which fell from the lips of Mr. justice Clement. Caron absolutely denies that the issue of stock to McKay was in the nature of a bribe, and says the syndicate applied for the lands in the ordinary way and paid for them. The transaction was concluded before he himself ever addressed Green.

INTERNATIONAL C. & C. DIVIDEND.

Operations Hindered by Failure of C. P. R. to Provide Cars.

Spokane, Aug. 3.—International Coal & Coke paid its fourth quarterly dividend of $42,000 yesterday, 1 1-2 cents a share being disbursed among the stockholders. The company is capitalized at $3,000,000 and has 2,800,000 outstanding shares on which dividends are paid at the rate of 1 cent per share. Yesterday's payment brought the total dividends paid to $98,000. The mine was originally owned by Dan Schultz and A. Paulson of Spokane and is at Coleman, Alberta.

Local manager E. E P. McMain of the International company has received advices from H. N. Galer, general manager of the company, which tell of the closing down of the mine July 28 temporarily awaiting the arrival of cars. Several months ago the Canadian Pacific railroad made extensive contracts with the company for the entire output. On the strength of these advices the working forces of themine were doubled and additional expenditures made to insure the moving of coal at the proper time, the manager believing that no car shortage would be encountered. Reports state that unless the car shortage is immediately remedied, the west will find itself in the grip of a fuel shortage worse than that of last year .

RAILWAY BOARD'S RULING.

Reasons Why Vancouver's Discrimination Plea Was Overruled.

Ottawa, Aug. 3.— In the judgment handed down by the board of railway commissioners relative to the alleged discrimination of the C. P. R. against Vancouver, and in favor of Winnipeg on trade into the Calgary, Lethbridge and Edmonton districts ,some interesting facts are found .

Figures given by the railway officials are based upon evidence of the cost of operation and maintenance of the different sections of the main line railway, and show the rates for Vancouver to Calgary to be really lower compared with those from Winnipeg to Calgary, than if they were based upon proportional expenses of operation, etc. The report of the traffic officer showed the rates from Vancouver eastward to be lower than those of United States lines. Chairman Killam says as a result of the Crow's Nest Pass Railway Act, the tariffs on certain westbound merchandise are reduced by the C. P. R. from Fort William and points east thereof.

"When the statute was passed," says chairman Killam, "the law provided for unjust discrimination between local cities, and while parliament did not stipulate for similar reduction over the western portion of the company's railway, it should not be considered as having authority that would,, if done otherwise have produced unjust discrimination. We are justified in inferring that in respect to the classes of merchandise to which these tariffs relate, the reductions did result in such discrimination and that rates from Vancouver eastward upon similar traffic carried under similar circumstances should be proportionally reduced."

Commissioner Mills, in his dissent from some portions of the judgment of the majority, emphasizes the fact that under the Crow's Nest Railway Act the C. P. R. reduced its rates on the prairie section without any corresponding reductions on the British Columbia section. The balance was thus disturbed and has remained so although no evidence was given to prove that the traffic of the British Columbia section had then become, or now is, relatively, less than it was under the old schedules. He therefore recommends that the rate between Vancouver and Calgary should be reduced so as to preserve the same relative proportions as indicated.

RAILWAY COMMISSION.

S. S. Taylor has received a letter from the Railway Commission who say they will come to Nelson to look into the matter of the grievances alleged by the board of trade but cannot at present set any particular date. Mr. Taylor is of theopinion that the new tariff which is being got out for the C. P. R. may do away with some of the discriminations objected to. The chief one, however, that of charging an arbitrary back from Vancouver, will still remain, and it is the excessive proportion of this arbitrary to the original terminal rate that brings up the cost of goods to Nelson buyers.

TO IMPROVE NAVIGATION.

Edmonton, Aug. 3.—William Darling of the department of public works of the dominion has left for Lesser Slave lake with a number of men to commence work on the improvement of the bed of the river so that there may be an uninterrupted passage for steamers between Athabasca river and the Lesser Slave lake. At present there is a portion of the river from the point where it empties into the Athabasca ,nineteen miles up stream, that is very shallow and blocked by boulders and gravel bars. The greater portion of the machinery necessary for this work has been sent up.

FIRE DAMP EXPLOSION.

Homburg, Prussia, Aug. 3.—An explosion of fire damp today in a mine at Mittle Bexbach, six miles northwest of here, resulted in the circulation of a report that 18 men had been killed. A rescuing party was organized and the missing men were soon found alive although unconscious. A large number of men were injured but no one lost his life.

NEARLY WRECKED TOWN.

Dynamite Explosion at Winona Kills and Wounds Many.

Spokane, Aug. 3.—Fire followed an explosinon in the Oregon Railroad & Navigation company's coal shed at Winona, Washington, killed R. E. Buchanan, acar inspector, injured twenty persons and almost wiped the town out of existence. Several residents claim the explosion was caused by the ignition of dynamite which was stored by the company last fall.

The sparks from a nengine set fire to the depot and the explosion occurred in the shed adjoining. The company denies there was dynamite in the shed. A coroner's inquest is in progress.

PILGRIMS SEE THE POPE

Rome, Aug. 3—The pope today received a representative pilgrimage of over 100 Americans from all pats of the United States. The pilgrimage is being conducted by J. J. McGrane of Brooklyn. The pilgrims were presented by Mgr. Kennedy ector of the American college here. The pope geeted the visitors in a speech of welcome. As a special mark of favor the pontiff permitted the taking of a photograph of himself with the pilgrims. He was also photographed with the Knights of Columbus. In spite of the great heat the pope seems to be in the best of health.

HE TALKED TOO MUCH.

Philadelphia, Aug. 3.—Because her fiance twitted her about her age, Miss Emma Perth, of Reading, broke off her engagement with Harry Bissell of the same city, at the marriage license bureau in th ecity hall yesterday. Miss Perth indignantly told Bissell that he talked too much for her and that he could go and find someone else to marry. All went well until clerk Smith began to ask the couple the customary questions. Bissell stated that he was 25 years old, while the bride to be, admitted to 29 summers.

UNRAVELLING CONSPIRACY

NEW YORK POLICE ON TRACK OF ARMENIAN ASSASSINS.

MAN NOW UNDER ARREST MAY MAKE FULL CONFESSION.

New York, Aug. 3.—Bit by bit the police and the district atorney's office are gathering the threads of what they believe to be one of the most gigantic conspiracies eve rdiscovered in New York and which was brought to light by the assassination a short time ago of H. H. Tavshanjian, the wealthy Armenian rug importer, who was shot down in Union square by an Armenian named Hampartzoomian. Today it was declared that the assassin, through his attorney, made overtures to district attorney Jerome that may lead to a full confession on his part. Mr. Jerome replied that he could promise nothing in the way of clemency but urged the prisoner to expose the plot and those who are responsible for it. The assassin believed that in the killing of Tavshanjian he was doing a patriotic act, but as he gradually become convinced that he was only the tool of a band of blackmailers, it is believed he will divulge the entire plan. Garabed Boghoosian, of Lynn, Mass. ,cousin o fthe assassin came to New York today nad spent several hours with assistant attorney Manley .He went to the tombs and tried to induce his cousin to make a full confession. He also saw father Martoogessian, whom the police believe was at the head of the blackmailing band and identified him as the man he had seen in conference with his cousin five of six times in Massachusetts cities. Mr. Boghoosian added another name to the two by which his cousin had been known to thepolice, saying that his real name was Bedors Hogopian.

Among the pominent Armenians against whom death threats have been made are Armen P. Aleon of East Orange, whose place of business is in New York; Badros Kasanjian of New Rochille, who has an office in New York and a rug factory.

The threatening letters that they have received announces they would be killed on Monday. They are guarded by detectives. The families of M. Kalaigessoon, another Armenian, whose life was threatened, were hastily summond from Europe where they were tarvelling and they arrived today. M. Galaghessian when he met them at the station, was accompanied by two detectives who were bevily armed. He recalled the family from Europe he said because he thought it was safer for the family to be together.

RECOVER CHIPMAN CUP.

Winnipeg Lacrosse Team Beat St. Paul Players 10 to 4.

St. Paul, Aug. 3.—Playing the best lacrosse ever seen in St. Paul the Winnipeg lacrosse team, champions of western Canada, today added th etitle of western international champions to their list, by defeating the St .Pau lteam by 10 to 4. As a result of their victory, the Winnipeggers will carry back with them the Chipman cup which was held by the local team and is emblematical of the western championship. The Canadians played a remarkable game and won on their merits. They showed the Saints up in great style during the first half o fthe game, outplaying them in every department ,but in the last two quarters the Saints took a great brace and played the visitors even.

SALE OF ZION CITY PROPERTY.

Chicago, Aug. 3.—Announcement was made yesterday in Zion City that an arrangemnt has practically been completed for the sale of the lace factory to a well known local dry goods firm for approximately $265,000. It was said that the papers will be signed before judge Landis of the United States court on Monday.

The reputed sale carries with it the restrictions prohibiting liquor or tobacco on the premises or the use of profane language by the employees. Receiver Hately, it is said ,will apply the necessary portion of the proceeds of the sale, to removing the mortgages in Zion City, aggregating $145,000.

HIBERNIANS ALARMED.

New York, Aug. 3.—News from Scotland that the archbishop of St. Andrews has ordered a circular read in all the churches under his jusdiction condemning the ancient order of Hibernians has caused considerable anxiety among members of the organization here. Catholic clergymen, however, stated that there was no indication that such a movement would occur here.

EASTERN LACROSSE

Toronto, Aug. 3—Following are eastern lacrosse scores: Shamrocks, 8; Montreal, 4; Cornwall, 7; Toronto, 6; Tecumsehs, 6; Capitals, 3.

PANIC REIGNS

Situation at Casa Blanca Is Growing Worse

BLOOD IS ALREADY SHED

FRENCH AWAIT REINFORCEMENTS BEFORE LANDING IN FORCE—TOWN IS STILL IN THE HANDS OF THE NATIVES—NEWS IS UNCERTAIN.

Paris, Aug. 3.—A semi-official note issued tonight announced that in view of the absolute powerlessness of the Moroccan government to repress the disorders at Casa Blanca, France and Spain are negotiating on the matter to send enough men to Casa Blanca to assure all citizens of the punishment of the guilty. The note adds that the proposed occupation "which would be temporary," is quite in conformity with the spirit of the Algeciras agreement.

Toulon, Aug. 3.—It is announced that the cruisers Gloire, Jeanne d'Arc and Guyden, comprising the second naval division, are to leave tonight for Morocco.

Algeria, Aug. 3.—French troops are being massed here and at points in the interior in readiness to embark for Morocco.

Tangier, Aug. 3.—The latest news received here from Casa Blanca is that a terrible panic reigns there. All Europeans are leaving the town and the guards have had several skirmishes with the tribesmen. The French marines are awaiting reinforcements from Algeria before landing.

Another steamer has arrived here bringing 400 refugees from Casa Blanca. These refugees were not permitted by the natives to leave in peace. In spite of the presence in th eharbor of the French cruiser Galilee, a large body of Moors attacked the Europeans as they were embarking. The Moors appeared, however, to fear reprisals, for they soon desisted and proceeding to the Christian cemetery dragged out a number of corpses from the vaults and began to burn them .

A body of troops arrived and opened fire on the Moors. A number of them were killed and the band was dispersed. At the request of the consular corps here the Galilee desisted from bombarding thevillages and re-embarked her landing party, the consuls fearing reprisals .

Tangier, Aug. 3—The situation at Casa Blanca grows steadily worse. Two steamers arrived here today bringing refugees. They were the Constantine, carrying 250 Jewish and a number of French refugees, and another steamer with 400 people on board, including many Europeans. All these arriving here report the situation as most alarming, the town still being in the power of the natives.

All the Europeans at Casa Blanca have been taken on board the stemers in the harbor and panic reigns in town. There have been numerous skirmishes between the guards and the tribesmen and a number of Moors have been killed. The French cruiser Galilee arrived at Casa Blanca on Wednesday morning and is awaiting reinforcements before making a landing. So many conflicting reports from various sources are reaching here that it is difficult to give an exact statement of the situation at Casa Blanca.

BRITAIN'S HOME FLEET

MAGNIFICENT PAGEANT AT OPENING OF COWES REGATTA.

TWO HUNDRED SHIPS OF WAR PARADE BEFORE KING.

Portsmouth, Eng., Aug. 3.—The 200 ships of war constituting Great Britain's home fleet, paraded before king Edward and queen Alexandra on the Solent today and incidentally furnished a magnificent pageant for the opening of the Cowes regatta week. Spread out in seven long lines between the Isle of Wight and the Hampshire shore, this splendid array of vessels, great and small, formed a floating steel city which had a population of 35,000 officers and men. Never before have so many British men-of-war been seen together under the control of a single admiral. From the battleship Dreadnaught down to the smallest submarine, every vessel was decked from stern to stem with flags.

The gathering of warships forms the recently organized home guard section of the British navy, and the government and the admiralty are so proud of the assemblage that they departed from the usual rule about visitors and threw the entire fleet open to the critical inspection of the public.

BIG RAILWAY STRIKE

Denver, Aug. 3—About 260 railway men in this city went out at noon and it is said that freight traffic will be tied up and the passenger service disarranged. The strike order calls out every member of the organization from Greeley and Silver Pain to the Texas line. From 500 to 1000 men are affected, including engineers, firemen, conductors, and baggagemen.

We are now opening up a large shipment of

OPENING FOR THE PRESS.

The Canadian Pacific Railway company recently administered a very severe blow to the newspapers of British Columbia by arbitrarily increasing telegraphic rates several hundred per cent, a blow that will likely prove a "knock out" one to several publications. It has been suggested that the nwespapers should endeavor to have the C. P. R. telegraphs brought under the control of the Railway Commission in the same way as the express business has been. This may be a good move and the Daily News has already started wires working in that direction, but there is a far more effective method of getting after the big corporation than the one suggested above and one, too, that will materially benefit the whole province if successful.

We beg leave to suggest to our provincial contemporaries that they unite in an agitation to compel the Canadian Pacific Railway company to pay into the provincial treasury the taxes it is legally bound to pay, but which because of the complacency of the McBride government, it has not paid in the past and is not paying today. The C. P. R. is in arrears several hundred thousand dollars of taxes, whic hwould prove a welcome addition to finance minister Tatlow's boasted surplus and provide funds for the carrying out of several greatly needed public works in various portions of the province.

We appreciate the fact that it will be unpleasant for some of our contemporaries to take the stand that the C.P.R. should pay its taxes the same as the ordinary farmer, store keeper, mechanic and miner ,but the C. P. R. is not worrying any over the anxiety it has occasioned the publishers of newspapers in B. C. by its new exactions and the big railroad corporation can far better afford to pay the taxes it legally owes than can most of the newspaper proprietors afford to pay the recently arbitrarily increased telegraph tolls.

On its B .C. Southern and C. & W. land grants, the C. P. R. owes hundreds of thousands of dollars of arrears of taxes. This is well known to every newspaper publisher in the province. If for once unanimous action could be secured on the part of these publishers and a united effort made to impress upon the government and the people of the province the necessity of compelling the C. P. R. to pay up or forfeit the lands, there can be no question that there would soon be something doing.

With W. J. Bowser as attorney-general there is some little hope of action being taken to make the C. P. R. conform to the statute law of the province. What is necessary is to show him conclusively that the people of the province mean that there shall be no discrimination in favor of the railroad company in the matter of taxation. Once Bowser fairly grasps the sentiment of the people in this regard he may be expected to act. Bowser is not a C. P. R. solicitor like his predecessor in the office, Hon. F. J. Fulton.

A united vigorous campaign on the part of the press of B .C. could not fail to force even the C. P. R. to obey the laws of the province and such an outcome would be a splendid achievement for the province.

W eshall look forward to reading some stirring articles in the Vancouver Province and the Victoria Colonist on this subject and doubtless there will be a paragraph or two to the point in the Rossland Miner.

EDITORIAL NOTES.

The imposition of a fine of $29,000;000 upon a Standard Oil subsidary company cannot be regarded with unqualified satisfaction, for it means, if the decision be sustained ,that oil will shortly take a rapid rise. John D. Rockefeller never allows fines or gifts to universities to affect his income. If he be fined for illegal procedure or if he hand out a million or two to his Baptist friends, the result is always the same, an increase in the price of oil that nets him a nice little profit on the transaction.

PHILIPPINES ELECTION.

Returns Still Incomplete but Nationalists Have Majority.

Manila, Aug. 3.—The election returns are still incomplete but sufficient returns are in to insure a safe majority for the nationalists. It is estimated that over ninety per cent of those registered voted.

The leaders are already discussing the policy to be followed and the demands that will be made of the assembly. They want independence, freedom to carry arms and jury trials and demand a readjustment of the native members of the Philippines commission. Guerrero will probably be elected one of the delegates to the United States. The other delegates have not been named. Ortega of Cebu, who is regarded as a strong conservative, will probably be the speaker of the assembly. Indications are that the conservative nationalists will fight the Gomez faction for control of the party. The leaders declare that Gomez was elected by the American negro vote and not by Filipinos. Gomez's majority is 34 but his election will be contested. The latter has called upon his supporters to support the American government.

Rota, the fighting leader of the Eulajanes, in the isinad of Leyta, has been sentenced to death. One companion was sentenced to life imprisonment and four others were given 35 years.

CHICAGO AMERICANS LEAD.

New York, Aug. 3.—The Chicago American league champions regained the lead in the pennant race today by winning two games from New York.

TO RELEASE KAID McLEAN.

Tangier, Aug. 3.—The statement has been obtained from a high native source that general sir Harry McLean, who has been a prisoner in the hands of bandit Raisuli for about a month, probably will be released the end of next week.

Minard's Liniment Cures Distemper

WIRE WOUNDS

My mare, a very valuable one, was badly bruised and cut by being caught in a wire fence. Some of the wounds would not heal although I tried many different kinds of medicine. Dr. Bell advised me to use MINARD'S LINIMENT, diluted at first, then stronger as the sores began to look better, until after three weeks the sores healed and best of all the hair is growing well, and is NOT WHITE as is most always the case in horse wounds.

NEW YORK FASHION LETTER

New York, August 3.—Embroidery plays an important part on the new linen frocks, but it need not always be of an elaborate and intricate sort. Any clever woman, for example, might achieve the hand work which gave cachet to a very knowing linen model for which one New York importer asks a small fortune.

The material is linen of one of the new weaves and the color coral. The skirt is of the flare variety, gored, and untrimmed except for white dots an inch in diameter forming a border around the bottom half way to the knees. These dots are done in heavy white linen that stands well out from the goods. The bolero is covered with these dots and bordered with a stitched band of these dots. The collar is of sheer white batiste and Valenciennes lace. The blouse is one of lingerie, the parasol is of the linen, lined with white kid, and white stockings are also worn.

It is not only on the white linens and the colored goods of the same material that embroideries are now being used. Woolens are now embroidered in a self color or have laces dyed to match the color of the gown. A pretty costume that illustrated this mode was constructed from silk viole of a delicate lavender shade. The gown consisted of two parts, the skirt and the waist. The Japanese effect was sought for in this style and gave a most picturesque air to the whole. The waist was cut with a deep V outline at the front and back, the arrangement of the tucks over the shoulders disposing the fulness in an effective manner. A broad belt arranged at the bottom finishes the waist suitably. The salient features which bring out the Japanese suggestion are the sleeves, which are cut with the waist and form a full kimono cap which falls over the lower and under sleeve. Inside the V's and this sleeve cap is an edge of dyed embroidery which exactly matches the goods, which in the original garment was white embroidered voile which the dyer made to look as if made for the material itself. The guimpe of creamy Bruges lace was made without superfluous fulness at the back, that at the waist line being collected in gathers. The neck was finished with a standing collar. The skirt was developed from a very fetching design for a summer skirt anr shaped so the lower edge is straight all round and therefore quite suitable for flouncing or bordering goods. The pleats round the skirt were stitched to yoke depth and the upper edge finished with a narrow belt. About half way to the knees is put on a slightly flouncing edging of the dyed embroidery, which gives a very striking finish. This idea would work out particularly well with white lawn, linen, batiste, in connection with white flouncing. If one wished to use colored linens or mills, it is easy to get the white flouncings dyed to match, and it is said that these dyed goods wash quite as well as those of the manufacturers.

Lace is nearly always a part of the jumper suit. It is preferably made of all-over lace, when used for the blouse, as is usually the case. A good design is to have no fulness at the top, to insure the good set of the outer or jumper waist ,and those gathers at the waist line are regulated by a drawstring. The neck may be fininshed with a standing collar or may be out in Dutch, round or square outline, if preferred. The sleeve may be full length, but more often is of the elbow variety. Guimpes and slips in general are in great demand, being constantly worn beneath the jumper blouses which are worn so extensively .These guimpes are made entirely of one material, sometimes of two, as when linen or lawn and lace are used, the latter for yoke and collar and cuffs, or as a simple trimming to the blouse. The similar fabric is used for parts not seen.

There is no portion of the dress where lace or embroidery is more effectively used than in the bolero. This bolero, while not at all new, is yet such a graceful addition to any waist that many women have several of these dainty little garmeunts. One was made of plain net with allover Irish croshet lace for the yoke, collars and cuffs, and the bolero was of white satin hand embroidered all over. The waist had a deep oval-shaped yoke and finished with a standing collar. The sleeve was a puff model, finished with a band cuff in elbow length. The bolero follows the lines of the blouse yoke toward a deep V and outlined with a deep scallop of heavy embroidery, as are the cap sleevs, which are cut in one with the little jacket. The belt was of emproidered satin. The skirt was a white voile, having a white lace and lawn underskirt.

A most effective waist was made from a lace having a stripe running through it. It was made from the model showing the Gibson plait at the shoulders. The blouse closes at the front, and straps are applied at the front and back. The salient feature was the cutting of the material on the bias, the fronths running one way and the straps in the opposite direction, giving a herring-bone effect, while the sleeves had the stripes running downward in straight lines. All sorts of such combinations are used today, with the thought of the effect under the overblouse or jumper or bolero.

Overblouses of allover lace are used with light weight woolens, cotton or inexpensive silks, and more elaborate ones of the handmades with the dressier materials. These as a rule are made deep enough in the neckandback to be slipped over the head. The capsleeves are cut with the body part, which falls in deep points back and front, but not with too much fullness. In a not too expensive waist of lace they are very handy to aid out a silk underwaiste that has seen better days.

Hand embroidery is lavished without stint upon silk materials of all kinds. It would seem as if the last word of extravagance had been said when these blouses go,wns and frocks of all sorts are finished, but still the elaboration goes on, yet all is kept within the bounds of good taste. Harmony is found in the most extravagant combinations of laces and embroideries, whether hand made or of the finest machine work. Some of the imported embroidered batistes are so faultlessly made that it is almost impossible to tell the difierence between them and the hand-made ones.

The separate berthas of lace or embroidery or a combination of both have become great favorites. A pretty full mull flounce slipped over a plain shirt waist will transform the latter into a dressy and elaborate waist. The same idea may be carried out with a fitted separate yoke to be worn with a low or high necked dress for a change. Half sleeves may accompany it, but again some girls like the pointed or rounded cuffs or frills to match, which they adjust with gold safety pins to the sleeves. Then there are the wide front pieces to add to a plain blouse, with little frils on each side, or tiny pleatings edged with a very narrow lace, and there should be cuffs to match. These are such simple little affairs, depending upon the beauty of the materials used, that any handy woman can make a few of these accessories of dress and will find herself well repaid for her trouble in the many dainty and fetching changes she can thus achieve. A change of this sort gives the effect of an altogether different or new costume.

Bodices are sometimes made entirely of laces in the form of fancy scrolls, diamonds or wheel effects that require endless yards of materials to fashion them. Skirts are full and decorated with rows and rows of inserted lace edged with frills of lace to match. Last year the princess was most popular in the lact and embroidery modes, and there seems to be no diminution in their vogue this season . Dainty Swisses, plain and figured batistes, mulls, organdies, thin silks and other materials are extensively used for these gowns .

HAD AN AWFUL TIME
But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him
It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now stronger and well. I have written the above through simple gratitude and I shall speak a good word for this remedy always—Sam H. Gwin, Concord, Ga. For sale by all druggists and dealers.

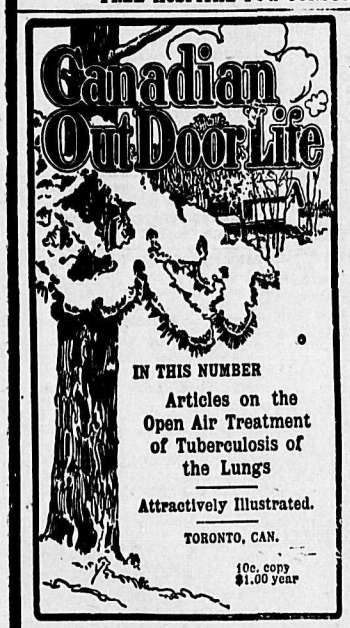
NOT A SINGLE APPLICANT HAS EVER BEEN REFUSED ADMISSION TO THE MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES BECAUSE OF HIS OR HER POVERTY



Facsimile Cover Page (reduced in size) new Monthly Magazine of The National Sanitarium Association. Full size of page 10 x 7.

FORWARD STEP

IN THE INTERESTS OF

Muskoka Free Hospital for Consumptives

The National Sanitarium Association of Canada has undertaken to publish a monthly magazine devoted to the Outdoor Treatment of Tuberculosis, and the inculcation of Hygienic Methods of Living for the people generally. The first number was issued in November, 1906.

All profits from this magazine — from subscriptions and advertising—will go to the maintenance of patients at the Muskoka Free Hospital for Consumptives.

Any one contributing one dollar a year, or more, to the funds of the Hospital will become a subscriber to CANADIAN OUT-DOOR LIFE for one year.

No Father, No Mother, No Home — Worse Than a Prisoner

GARFIELD BRACEY, BERLIN, ONT.: Enclosed please find doctor's certificate and examination papers. Hope you will secure me a place in your Sanatorium. You will notice that my circumstances is a hard one; no father, no mother, no home—worse than a prisoner. Nobody wants me on account of my disease. Hoping you will have the charity and consider my position, and give me a position at once in your Sanatorium, I ever pray.

An Orphan, without Home or Means

DR. A. E. HANNA, PERTH: I have a patient here, a young fellow in whom I am greatly interested. He has tuberculosis. He is a poor young fellow, an orphan, out of home, without any means. If we sent him up would you take him in and do the best you can for him? I know how difficult it is to accommodate all who require treatment, but this is a special case.

It is always encouraging to have a letter from friends who kindly contribute. For the convenience of those who have not time to write, the following blank may be used:

Carnefac Stock Food IS THE BEST

NELSON NEWS OF THE DAY

The thermometer yesterday varied between 85 and 60 degrees.

There will be a meeting of the Sons of England tomorrow evening at 8 o'clock in the K.P. hall.

The strawberry season being over the Kuskanook will now leave at 6 instead of 5 o'clock in the morning beginning tomorrow.

Carpenters start tomorrow morning fixing up a 24-foot stage in the center of the fair building fo the promenade concert on Thursday night.

The busiest man in the city offices just at present is assistant Irwin who, in the absence of his chief, W. E. Wasson, combines many offices in one.

During the next six weeks, with the exception of Sept. 1, when a flower service will be held, the series of 20 minute addresses on Bible characters is being continued in the Methodist church.

Put it down in you pocketbook, says the Sandon Mining Review, that Sandon will celebrate Labor day in a lavish manner. The full program will be announced shortly.

C. Shannon has a number of men employed completing the road between his ranch and that of J. J. Campbell at 6 Mile. When completed there will be about three miles of road on the north shore of the Arm at this point.

The 90-acre ranch of John Bangs of Five Valley, situated about six miles from the lake, has been purchased by J. Beggs of Calgary for $9000. The ranch is only partly improved, about 30 acres being cleared, most of which is in hay. The purchaser intends to put in a sawmill to cut the timber higher up the valley.

W. T. Choate, C.P.R. train dispatcher, accompanied by Mrs. Choate and Iva, left on the Kuskanook this morning for their old home in Hamilton. Mrs. Choate, who has been in rather ill health for some time returns to the east to undergo special medical treatment and her many friends in Nelson will rejoice in her restoration to health and early return to the city.

WINDSOR SALT is made in Canada. Costs no more than the cheap imported salt — and is much more economical because it is pure. Get WINDSOR.

BIG BOOST FOR KOOTENAY

20,000 CLUBS EXHIBIT AT THE PRAIRIE FAIRS.

BRANDON PEOPLE PARTICULARLY WELL PLEASED.

That it was an eminently sound move on the part of the 20,000 Club to organize a series of exhibits, representative of the resources of the Kootenay district, for display at the chief Manitoba and Alberta fairs is clearly demonstrated by the impression these exhibits have created and the fine press notice everywhere received. The latest notice to reach this office is from the Brandon Daily Times and it will be seen therefrom that the objects of this kind of publicity are being secured. The Times notice reads:

One of the most interesting exhibits in the main building at the Brandon fair of last week was the exhibit of the Kootenay district which was prepared under the auspices of the board of trade and the 20,000 club of the city of Nelson, B. C. This exhibit was in charge of Jas. McPhee and W. R. Campion, and consisted of fresh and preserved fruits, minerals, grains and grasses, fish, fruits and furs. The exhibit was of more than passing importance and those who were instrumental in getting it up, in addition to advertising the great possibilities of the Kootenay district, were performing a genuine service to the whole country, because very few indeed of the people who attended Western Manitoba's big fair were aware that to the west of us, there was a land capable of producing wealth in such diversified forms.

This is one of the ways in which Canada is fast becoming conscious of her nationhood, and that within the borders of this vast Dominion there is to be found almost everything required by people; and also encourages the interchange of products in different sections of the country. For example, the three prairie provinces of western Canada afford a most excellent market when proper transportations are available for all the fresh fruit, timber, and so forth that the great Pacific coast province has to offer, and in return, the province of British Columbia has to import from us hard wheat, meat and other food products in addition to th eimmense quantities of manufactured goods obtained from eastern Canada.

Those who saw the exhibit on the second floor of the main building, were greatly impressed with the soil and climate capable of producing such magnificent branches loaded with prime, ripe cherries, and also apple branches laden with fruit which was rapidly maturing.

Nelson has a charming climate, and seems particularly adapted for the culture of all kinds of fruits, as was amply demonstrated by the exhibit made. The fruit raising industry is rapidly coming to the front, and there is a splendid opening in the Nelson district for a cannery. Strawberries that are raised in the Kootenay district are fully equal to the celebrated Hood River strawberries, and the problem seems to be to encourage a small variety of berries, capable of being shipped to a great distance, rather than a large berry. Some who have raised a large variety for curiosity have had berries so large that four made a pound, and these, though perfect in quality and flavor, were found to be unsuited for shipping purposes. For such fruits as gooseberries, red, white anr black currants, the Kootenay country is capable of producing an immense quantity and successfully competing with eastern Canada for this market as soon as adequate transportation facilities can be secured from the railway companies.

The exhibit was one of the best possible object lessons as to the capabilities of the district from which it came, and will do much to stimulate the growing interest in the province of British Columbia.

CHURCH SERVICES TODAY

The services announced for today in the churches of Nelson are as follows:

ANGLICAN—St. Saviour's church, corner of Ward and Silica streets. Tenth Sunday after Trinity. Morning prayer and holy communion, 11 a.m.; Sunday school 9:45 a.m.; evensong, 7:30 p.m. Rev. F. H. Gaham, rector.

CATHOLIC—Church of Mary Immaculate, corner of Ward and Mill streets. Low mass, 8 a.m.; high mass, 10:30 a.m.; evening service 7:30, Rev. Father Althoff, priest.

SALVATION ARMY—Barracks on Victoria street, west of Josephine. Special services will be held today. Knee drill, 7 a.m.; holiness meeting, 11 a.m.; praise meeting, 3 p.m.; evening meeting 8 o'clock.

BAPTIST — Stanley street, near Mill. Morning service, 11 a.m.; evening service at 7:30; Sunday school, 9:45 a.m.. Rev. E. H. Shanks, pastor. Morning subject, "The Reign of His Glory," communion of the Lord's Supper; evening subject, "The Undesirable Citizen." Illustrated song, "Jesus, Saviour, Pilot Me," and a solo, "Calvary," by Mrs. Shanks.

PRESBYTERIAN—St. Paul's, corner of Victoria and Kootenay streets. Morning service, 11 a.m.; Sunday school, 12:30 p.m.; evening service, 7:30 p.m. Rev. J. T. Ferguson, pastor.

METHODIST—Corner of Silica and Josephine streets. Morning service, 11 a.m.; Sunday school and pastor's bible class, 230 p.m.; evening service, 7:30. Rev. R. Newton, Powell, pastor. Morning topic, "The Baptism of Jesus"; evening, "Balaam—the Prophet Reproved by an Ass." The sacrament of the Lord's Supper will be dispensed at the morning service.

HE TALKED TOO MUCH.

Philadelphia, Aug. 3.—Because her fiance twitted her about her age, Miss Emma Perth, of Reading, broke off her engagement with Harry Bissell of the same city, at the marriage license bureau in th ecity hall yesterday. Miss Perth indignantly told Bissell that he talked too much for her and that he could go and find someone else to marry. All went well until clerk Smith began to ask the couple the customary questions. Bissell stated that he was 25 years old, while the bride to be, admitted to 29 summers.

COAL STOCKS MAY MAKE YOU RICH

We believe if you will invest all that you can spare in any of the following stocks, they will bring you in more money than any other class of investment.

ALBERTA COAL AND COKE

The company is capitalized for $2,500,000, divided into 2,500,000 shares of the par value of $1. The company controls over 6000 acres of valuable coal lands situate at Lundbreck, Alberta. At the present time they are shipping about 100 tons per day, which will shortly be increased to 500 tons per day. We are advised that the company has about $100,000 in the treasury. As the company has the highest grade of domestic coal that has yet been found in the Crow's Nest district, we believe that the Alberta Coal company will be paying handsome dividends within a year.

Clients buying this stock at present prices are making no mistake. This stock is tipped to sell at 75c. before Jan. 1, 1908. We have a special offering of 5000 shares that we will sell in blocks to suit purchasers at 45 cents.

GALBRAITH COAL COMPANY, LIMITED

This stock has only been listed on the Spokane exchange a short time, but is attracting a good deal of attention.

This company is capitalized for $250,000, divided into 1,000,000 shares of a par value of 25 cents. At the present time they are shipping about 400 tons per day. We estimate the profit at $300 per day. Figuring on the basis of 300 working days, it would seem to us that this company is capable of earning at least $90,000 per year. This would be a dividend of almost 30 per cent on the par value.

The property lies just west of the Alberta Coal and Coke Company's property and adjoins, on the north and south the Breckenridge-Lund coal mines. The management is in very strong hands and we feel satisfied that Galbraith Coal will be a success. We will sell any part of 5000 shares in lots to suit the purchaser at 27 1-2 cents per share.

As we only have a limited amount of the above stocks for sale at these prices, we advise our clients to wire us at once, stating the number of shares that they wish us to hold for them, then remit by bank draft or express order.

For further information write or wire us immediately.

PURCHASE OF PEERAGES

MEMBER OF BRITISH HOUSE OF COMMONS RAISES SCANDAL.

CLAIMS THAT POLITICAL PARTIES TRAFFIC IN TITLES.

London, Aug. 3.—Hugh Cecil Lea, M. P., is vigorously pursuing his campaign against the traffic in titles and his demand for a parliamentary inquiry into the circumstances under which certain peerages have been conferred ,notably on lord Michelham and lord Northcliffe.

"I have no sympathy, under any circumstances, with men who yearn for titles," said Mr. Lea in the course of an interview. "But, I contend that it would be far better to frankly publish a price list of such honors than to confer titles on persons who have no distinction, nor, in fact, anything to recommend them for the peerage except that they have paid certain sums of money to their parties' campaign funds or into the bank accounts of persons of social distinction or of special power at court.

"If such a price list were frankly published any man able to pay down the sum fixed could go into any postoffice and take out a license to use a title just as he now takes out a license to keep a dog. Then the state would benefit financially, we would know where we are and title-hunting snobs would be placed on the proper footing. For, under the present system the acquisition of titles is associated with corruption and intrigue and persons unfitted in every respect to legislate are made irresponsible igislators.

"Talk about political graft in America," exclaimed the radical member, "what could be more scandalous than the recognized party system here by which men who have never rendered any public service, never shown the slightest capacity for public duties, can buy the privilege of voting in the house of lords against the representative chamber and so destroking its work

"Lord Northcliffe tried to get elected to the house of commons and failed," Mr. Lea continued. "Now he is a member of the house of lords. How did he earn the right to become a hereditary legislator? Arthur Balfour can tell, for Mr. Balfour was prime minister at that time. So with baron de Stern ,now lord Michelham, of whom the public never even heard until they saw him created a peer.

"I am determined to keep on demanding the appointing of a parliamentary committee to investigate this sale and purchase of titles. You ask on what evidence I would proceed before such a committee, should it be granted. I would summon before it Mr. Balfour and the chief tory whip and ask them to produce the books of the tory campaign fund at the last elections. I would summon witnesses from the banks where these funds were kept. I would put the new peers themselves under oath in the witness box and would order them to produce their bank pass books. By this chain of testimony the transit and passage of any money paid for titles would soon be traced.

"When I committed a breach of privilege in the house of commons the other day by making the charges that titles are being sold, it was I who demanded an inquiry, and it was the present government and Mr. Ba four who combined to refuse it. A few days ago I handed in a notice of question to the prime minister asking on what groud one Enrico Caruso, a tenor, was granted a member of the Victorian Order of the fifth class, and whether he is the same Enrico Caruso who was convicted of an indecent offense in New York. a conviction upheld on appeal. But the question was ruled out of order.

"However, I am determined not to be put off by obstacles of that kind," continued Mr. Lea, determinedly. "When, at the next session, I bring forward a motion for inquiry into the title traffic as a whole, I will be supported by a considerable body of radicals as well as the entire Irish and labor parties. If we could only get a depabte, to refuse an inquiry would be difficult, if not impossible, in the face of the way in which we could formulate our demand.

"No, the money power is not so rampant in politics here as in America, but still money plays a part far too large and debasing in our political life. I am attacking one of the worst activities of this power and I intend to go through with the attack at whatever risk."

SALE OF ZION CITY PROPERTY.

Chicago, Aug. 3.—Announcement was made yesterday in Zion City that an arrangemnt has practically been completed for the sale of the lace factory to a well known local dry goods firm for approximately $265,000. It was said that the papers will be signed before judge Landis of the United States court on Monday.

The reputed sale carries with it the restrictions prohibiting liquor or tobacco on the premises or the use of profane language by the employees. Receiver Hately, it is said ,will apply the necessary portion of the proceeds of the sale, to removing the mortgages in Zion City, aggregating $145,000.

HIBERNIANS ALARMED.

New York, Aug. 3.—News from Scotland that the archbishop of St. Andrews has ordered a circular read in all the churches under his juisdiction condemning the ancient order of Hibernians has caused considerable anxiety among members of the organization here. Catholic clergymen, however, stated that there was no indication that such a movement would occur here.

STOCKS FOR THE WEEK

TRADING FAIRLY ACTIVE AND THE PRICES REMAINED FIRM

REVIVAL IN NORTH STAR — GALBRIATH COAL IN DEMAND

(Reported By B. B. Mighton & Co.)

Tradings in stocks locally for the past week were fairly active with prices firm and but slightly changed throughout.

Alberta Coal and Coke remained firm with more tradings than usual recorded. Diamond Vale Coal weakened again and with very little business offered.

Galbraith coal, which is a new organization, attracted a great deal of attention and sold largely. International Coal remained almost unchanged, with almost no business offered. Nicola Coal Mines caused a few inquiries at very low prices. Western Oil and Coal attracted less attention than usual, prices ruling a little below the average.

B. C. Copper opened firm, but weakened with each day's trading, until it sold off at about $1 a share at the close. Dominion Copper remained unchanged, fluctuations of only one point taking place. Jumbo, Rossland caused a few inquiries but at prices too low to have result.

North Star, after several months' inactivity, revived again, with a few purchasers in evidence, at a little better prices. Sullivan gained a point or two, with quite a large volume of business handled.

Rambler-Cariboo dropped from 3 to 4 cents during the middle of the week but became strong at the close, and sold back 2 1-2 cents per share. White Bear caused some inquiries at slightly better prices than usual.

Following are the approximate quotations for the week ending yesterday.

	Asked	Bid
Alberta Coal	$ .45	$ .43
Alameda	.8½	.7
B. C. Copper	9.70	9.25
Bullion	.8½	.7
Con. Smelters	115.00	107.00
Canadian Goldfields	.6½	.5¼
Cariboo-McKinney	.4	.3
Copper King	.7½	.7
Dominion Copper	6.12	5.87
Diamond Vale Coal	.20	.18
Granby	130.00	115.00
Galbraith Coal	.27	.25
International Coal	.54	.50
Jumbo	.1	.8
North Star	.13	.11
Rambler-Cariboo	.27	.24
Sullivan	.14	.13
Tel-Kwa Mines	.17	.13
White Bear	.6	.5

NOVEL TEST OF ENDURANCE.

New York, Aug. 3.—Dancing for six hours with but a single stop, whirling over a wax floor from 10 o'clock at night until daylight the following day, is the record held jointly by Miss E. Martin and Fred Newman. This terpischorean feat was performed by the couple at North Beach and had as its reward a diamond medal offered to the winner of the contest .

SURVEY LINE TO FRANKLIN.

(Special to The Daily News)

Grand Forks, August 3.—McNeil and Henniger, who some time ago took over the flour and feed business formerly carried on here by Norman McClellan, have now purchased the premises from the former owner. The property is situated on Bridge street running back to Third street, upon which the new line of the Kettle Valley railway runs. The firm will build additional warehouse room on the premises and do away with a portion of their storage buildings at the C. P. R. station.

J .W. Logan, of New Westminster, arrived in town yesterday to take the position in the Royal bank vacated by J. K. Shaw who has been transferred to the branch of the Royal bank in Vancouver.

The finishing work in the way of painting, etc., is now being done on the pretty station o fthe Kettle Valley lines, on Third street and superintendent Warrington expects that the officials will move into their new quarters from the old depot across the river in about ten days. The bridge over the North Fork at Eagle city will be completed in a week and the work of laying steel will then be resumed to Lynch creek,twenty miles from this city. Meanwhile the engineers are continuing the revision of the surveyed line to Franklin which will occupy them at least for the balance of the month. Officials of the road are reticent as to the plans for the immediate future and it seems doubtful whether further grading will be accomplished this year. Eight miles of the right-of-way north of Lynch creek have been cleared, and it is possible that this portion may yet be graded this fall.

REMEDY FOR DIARRHOEA NEVER KNOWN TO FAIL

I want to say a few words for Chamberlain's Colic, Cholera and Darrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I cannot say too much for the best remedy of the kind in the world." —S. Pemison, Spring Grove, York Co., Pa. This remedy is for sale by all druggists and dealers.

PRINTERS AND PUBLISHERS

NO FUEL FAMINE.

C. P. R. Officials Claim Everything is Lovely and no Lack of Cars.

Winnipeg, Aug. 3.—The car shortage and coal famine which some persons have forecasted is not nearly as critical as they would have people believe. The Lethbridge and Tabor mines are shipping from 1,000 to 1,200 tons of coal per day just now. This is not up to their full capacity, as the big coal men are storing up now for the winter. By the beginning of the cold season it is estimated that there will be 100,000 more tons of coal stored up than at the same time last year. The C. P. R. officials are keeping close tab on the conditions on the Crow's Nest and throughout the west generally and during the last three weeks the cars supplied have been entirly adequate for handling all traffic.

CAMBORNE CELEBRATES

Camborne, August 3.—The Camborne Miners' Union, No. 194, of the Western Federation of Miners, celebrated the liberation of Wm. D. Haywood by a torch light procession, after which a smoker was given in McDowell's hall. The procession was headed by the Camborne band, the members of the union following with banners bearing inscriptions suitable to the occasion, and as the procession wended its way through the principal streets the various outbursts of cheers showed plainly that the citizens were heartily in accord with the occasion and the verdict rendered. Upon reaching the hall a few selections were rendered by the band, after which the crowd adjourned to the smoker where a lengthy programme consisting of speeches, songs, musical selections, etc., was followed out. Some of the speeches were remarkable for the excellent points brought forth and the manner in which they were delivered, while the vocal and musical selections established the fact that Camborne possesses talent in that line that would do credit to a town of much larger size T.he children were provided with candies and they too did their mite in making the occasion a festive one. The affair was one of the best of its kind ever held in Camborne and was notable for the unanimity displayed by all clases and professions. In order to allow the ladies to celebrate the event the members of the union propose to give a dance in a few days, an dspecial efforts will be put forth to make it a nunqualified success.

NELSON LAND DISTRICT, DISTRICT OF WEST KOOTENAY.

TAKE NOTICE that I, Patrick Mullins, of Winnipeg, Man., occupation, gentleman, intend to apply for permission to purchase the following described land:

Commencing at a post planted on the west shore of Upper Arrow lake, adjoining Thomas McKim's on the north, thence north 40 chains; thence west 40 chains; thence south 40 chains; thence east 40 chains to point of commencement.

PATRICK MULLINS.

the finest lot ever offered for sale or hire in B.C., are at Lindsay's Boathouse, foot of Josephine street.

WE SELL THE SAME GOODS FOR LESS MONEY

Store opens daily at 8 a.m. **MEAGHER'S** Store closes at 6 p.m.

ONE PRICE FOR EVERYBODY AND THAT THE LOWEST

Clearing Sale in the Suit Section

$15.00 to $30.00 Suits for $5.00

Apart from the fact that we never carry anything over that we can possibly dispose of, no matter what the price, we have another very strong reason for this sale and that is that we need every inch of room in the ready-to-wear section for the immense stock of new fall goods already in transit. Come early to-morrow morning prepared to see the best values in ready-made suits you'll see this season.

Twenty only ladies' suits; colors, brown, grey, green and navy; sizes 32 to 38 good quality cheviots and serges; regular prices $18 to $30 each; your choice today $5 each.

An Extraordinary Bargain in Misses Tweed Skirts

For the same reason that we are sacrificing suits we are giving these skirt values today; 15 only Misses skirts in the lot; some were $5.50, some $6, but the majority were $6.50 each, made of good wearing tweed in light or dark colors; your choice at $3.50 each.

Synopsis of Canadian Homestead Regulations

ANY available Dominion Lands within the Railway Belt of British Columbia may be homesteaded by any persons who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother, or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

1. At least six months' residence upon and cultivation of the land in each year for three years.

2. If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

3. If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy Minister of the Interior.

TO BE BROUGHT BACK

Winnipeg Authorities will Send to England For Robinson

Winnipeg, Aug. 3—James A. Robinson, wanted by the Manitoba police for alleged fraud and who was arrested yesterday at Queenstown, Ireland, on board the Lucania by Scotland Yard detectives, left Winnipeg on July 3, with $1000 the property of Barry Cummings, one of his partners, and with another $1000, the property of George Edwards. It is alleged that the accused carried on his business in the Ashdown block in an irregular manner and it is expected that he will have to meet a number of charges in connection with his business when he returns to the country to stand his trial. The accused man sailed from New York on July 27 and was arrested as soon as the boat reached Queenstown. The arrest was made on the request of the attorney general's department. On enquiry at the office of the attorney general this morning it was learned that Robinson will be brought back to Winnipeg to stand trial. It is expected that the government will bear the expense of bringing him back and that the police officer will leave for England next week to secure his return.

The prisoner was brought to London to await extradition proceedings. It is expected that the claims against Robinson will amount to many thousands.

LONDON BUILDING COLLAPSE

London, Aug. 3—"That the said William Thomas Tambling came to his death in the city of London in Brewster's store, in the said city of London, on the 16th day of July, 1907, by the east wall of what is known as the Crystal Hall building falling eastward on the said Brewster store and destroying it, thus causing the death of the said William T. Tambling. We further find from the evidence tha tthe collapse of the said Crystal Hall building was caused by a portion of the east wall of the ground floor of the said building giving way as a result of certain alterations that had recently been made in the said wall on the floor above."

The above was the verdict rendered by the jury inquiring into the case.

DEATH OF OLD RESIDENT

Belleville, Aug. 3—Ms. Margaret Helfern is dead at the age of 87. She was 60 years a resident of Belleville and claimed to have danced with king Edward when he was in Canada 47 years ago.

JUDGE CLEMENT RESIGNS

Windsor, Aug. 3 — The resignation of Judge Clement, junior judge of Essex Co., was today forwarded to the minister of justice at Ottawa. Judge Clement's intention is to move back to his old home at Berlin to assume the vice-presidency of the Mutual Life Assurance Co.

NELSON NEWS OF THE DAY

Mrs. John Moe and children came in last night from Cranbrook.

R. D. Graves of the C.P.R. shops, has gone east to spend a six weeks' vacation.

Misses Martha and Alice Ebbs leave this morning for Calgary on a month's vacation.

A meeting of the Nelson boat club is called for 10 o'clock this morning at the club house.

Miss Adams and Miss Mabel Macdonald leave this morning on a two weeks' visit to the coast.

There will be a meeting of the Ladies' Aid of the Baptist church at the church tomorrow afternoon at 3:30.

A meeting of the cricket club will be held on Tuesday evening to select a team for the return match with Castlegar to be played at the latter's grounds.

There was a large crowd listening to last night's band concert. Today the band will play at the park and a double service of cars will be put on in the afternoon for the convenience of the public.

The last Gazette contains notice of the following appointments: Capt. Paddon of Crawford Bay, to be a justice of the peace; Cory Menhenick of Camborne, to be acting mining recorder of the Lardeau mining division, during the absence of B. E. Drew; A. S. Hood of Phoenix to be a member of the board of license and police commissioners of the city of Phoenix; P. J. Glazier of Nelson, to be deputy assessor and collector for the Nelson assessment district.

The board of trade officials are already planning for the entertainment of the newspaper men from the old country on their arrival here this month. It is suggested that they be taken up the lake and allowed to do some fishing and look at some of the principal ranches, having a luncheon on the trip.

Colin Murray, who was given one hour on Thursday last to get out of the city went first into a well known hotel and purloined a suit of clothes belonging to E. K. Kerr. He was promptly arrested and the clothes recovered and he was yesterday sentenced to three months imprisonment in the local gaol.

Secretary Ebbuts got a fine showing of flowers yesterday for the fair at Moyie Jaw, the contributors being H. Selous, W Rutherford, W. G. McMorris, P. G. Ebbutt and Mrs. Anderson. Some fine fruit on branches was also given by J. Williams of Slocan Junction, while quantities of fruit have been purchased from various ranchers, altogether making up quite a creditable exhibit.

We venture to assert that of all the newspapers which find their way to the desk of the B.C. editors, the first to be reached for is the Nelson Daily News. No, gentle reader, this is not "taffy." In or out of season—that is particularly—the News has a charm peculiarly its own. Its utterances are powerful and cardial, perhaps too much of the latter thrown in to suit us at times, and withal to the point and influential.—Sandon Mining Review.

Prof. Brock of the dominion geological survey arrived in the city last night on his return from the east. Mr. Brock has been engaged in looking over the Cobalt and Lardeau lake country during the early part of the present season and says he thinks Cobalt a good camp. The rest of the season he will spend in the Kootenays, first going to the Lardeau and then returning to Rossland to complete the extensive geological survey there, which has been going on for some time past. Mr. Brock said he was delighted to get back to British Columbia, which he now regards as his home.
