VOL. 6 NELSON, B. C., SATURDAY, FEBRUARY 1, 1908 NO. 242

HOLD MEETING

Directors Elected for Dominion Copper Co.

NO CHANGE ANTICIPATED

DATE OF RESUMPTION OF OPERATIONS NOT AS YET DECIDED—GRANBY MINES AND SMELTER NOW WORKING A FULL SHIFT OF MEN.

(Special to The Daily News)

Phoenix, B. C., Jan. 31.—Last Monday the annual general meeting of the Dominion Copper Co., Ltd., was scheduled to be held at the companys office in Phoenx for the purpose of receiving reports and electing directors for the ensuing year. Owing to the illness of the company's solicitor, John D. Spence, the meeting was adjourned to Greenwood where it was held on Wednesday at Mr. Spence's office.

The following new directors were chosen for the year: Warner Miller, Leopold Herrmann, John M. Shaw and A. M. Wickwire, of New York; H. H. Melville, of Boston; Samuel Newhouse, of Salt Lake City, and C. J. Cull, of England, the latter representing the English shareholders, who have recently acquired a considerable interest in the company. It is presumed that the officers will be much the same as last year, namely, president, Warner Miller; vice president, H. H. Melville; secretary-treasurer, Leopold Herrmann; managing director, Samuel Newhouse; consulting engineer, M. M. Johnson.

The annual report of the company and financial statement of operations for the yearing ending July 31, 1907, was read at the meeting and approved. General manager W. C. Thomas and P. F. Roosa, the chief accountant for the company, were among those present at the meeting. Nothing was stated as to when the company would resume operations at its mines and smelter.

With its full battery of eight furnaces now finally in operation at fullest capacity, eating up over 3000 tons of ore from the company's Phoenix mines, the Granby Co. is today employing, it is understood, about as many men as at any previous time in its history, somewhere between 850 and 1000 men being on the payrolls of the company. Of this number over 500 are employed at the company's mines in this camp.

Four trains are run out of here every day, two by the C. P. R. and two by the Great Northern, the C. P. R. taking out about 32 cars daily and the Great Northern about 38 cars each 24 hours. The standing order for ore now is 3200 tons per day. Almost every day a carload of blister copper is sent out from the smelter at Grand Forks, its destination being the refinery in New Jersey.

TIMBER LIMITS SALE

LAKE AND AMES ATTACK THE GOVERNMENT

TURRIFF REPLIES AND ISSUES A CHALLENGE

Ottawa, Jan. 31.—(Delayed in transmission) In the house yesterday Dr. Roche was informed by the minister of the interior that the government's attention had been drawn to the fact that Indians were disposing of their rights to lands under settlement in the St. Peter's reserve. The agent at Selkirk had received full instructions.

Replying to Hon. G. E. Foster regarding the reported sale of their cattle and of distress among the Doukhobors, Hon. Frank Oliver said that the Doukhobors had been seven years in the country and were no longer immigrants, but were in the same position as other people.

R. S. Lake (Qu 'Appelle), moved for a committee to investigate the sale, rental, lease or licensing of all timber berths or public timber lands since July 1, 1898, giving as his reason the dealing with such berths had been made without enquiry is to value, reserve or upset price; that large areas were put up for sale where, owing to lack of transportation facilities, the lands fell into the hands of speculators. A selection was permitted of small blocks out of large areas, rendering the balance of little value, except to the original lessees, to whom they would fall at their own price. Many of the tenders for limits were insufficiently advertised and in some cases the time between the advertising and the opening of the tenders was insufficient to permit inspection to any but the original applicant. In other cases the season of the year prevented examination and effective competition was thereby destroyed and valuable reserves were alienated for little consideration. In some cases timber tracts at considerable distance from each other were included in one tender, rendering more difficult competition with those who had previously acquired information. Tenders were being opened by a single official and awarded in a private office, detrimental to the public interest. Timber limit No. 1108 shows two tenders widely apart in figures in the same handwriting, the figures in the higher apparently having been added after the document had been drawn up. Many coincidences in close bidding and other circumstances lead to the conclusion that the amount of the tender must have leaked out.

H. B. Ames (Montreal) followed, the chief features of his speech being allusions that repeatdly called Burrows (Dauphin) to his feet.

"Does Mr. Ames say I got timber without competition," he asked.

"Under a form that was not competition," was the reply.

Ames said he had nothing against Burrows personally, but it was a pernicious system by which Burrows, among others, profited immensely. Again Ames charged that Adamson (Humbolt) was interested with A. E. Hitchcock in a big river lumber company holding limits at Couer lake.

Adamson rose and denied this, saying he had disposed of his holdings to a company without a cent of profit, moreover the limits were being worked.

Ames dealt with a Moose lake limit, wherein the tenders were in the same handwriting and said the bid in the third tender was filled in later. Was it filled in before or after reaching the department? If before, how did Frazer know $7000 was necessary; if after, who who is Frazer's friend in the department? At the time of the transaction Turriff was land commissioner and his relations with Nolan needed to be explained.

Turriff made the government's defense, at the outset acknowledging all responsibility, and declared it was false that there was anything wrong with the tenders and challenged the oppsition to make a charge. In answer to an interpellation from Ames, he said he would be the first to demand an investigation to give an opportunity to the opposition to make good their charges. The words of the two preceding gentlemen were ten times great condemnation of the opposition. During the Stanstead election he had challenged the opposition members to discuss this question, but they could not make the people believe that the timber lands were being misadministered. The conservative government had been forced to take back limits on which there was not the quantity of timber advertised. Dealing with the statement made by Ames, he said they cannot get a limit in the west with five or more million feet to the mile. Lake was a little late with his resolution asking for a change in these regulations, because the minister had already changed them. He did not think Ames knew much of western lumbering. Millmen knew values and if the prices were small it was because the limits were not worth much money and because the cost of handling and the risk from fire are such that it did not pay to bid higher prices. The price on a prospectus and the actual value was a different thing. More to the point were instances given during the McKenzie regime, when 310 square miles were parted with for an average of a little over $23 per mile. The conservatives parted with 29,322, of which he claimed 23,987 went for nothing, practically in every case to politicians and friends of the tory administration and for the entire 29,000 square miles received only $4.13 per square mile. The present government had disposed of 6356 miles at an average bonus of $89.92 per square mile and in addition there is a ground rent from which the government is receiving $30,000 annually, besides a bonus, and also stumpage dues at the rate of 50 cents per thousand feet.

Turriff then read a list of 200 odd names which he said consisted of members and friends of the tory party who had been given 10,326 miles as a free prize packet.

The reading of the names brought a protest from Col. Harry Ward (Durham), who said that no license had been issued to him.

Several other interruptions occasioned a protest from Turriff, who repeated his challenge to the opposition to make a charge against him, and concluded by stating that all the cases where the names were read out from orders in council, passed without public competition.

WEATHER DURING JANUARY

Meteorological Conditions Prevailing During Past Month

According to the observations recorded at the Nelson branch office of the dominion meteorological bureau the month of January has been much milder than is usually the case. The mean day temperature for the month was 34.3 degrees or 3.4 above the average of the previous four years. The mean night temperature was 22.51 or 1.53 degrees above the average record. The average temperature for the 24 hours was 28.40 or 2.46 above the average. The range between high and low during each 24 hours averaged 11.59 or 1.67 above the four previous years. The greatest range was on Jan. 31, 23 degrees, between 22 above 22 above and 1 degree below zero. The least range was four degrees, on Jan. 1, between 31 and 27 degrees. The highest temperature observed during the month occurred on Jan. 29, 41 degrees. The record high for January is 47, observed in 1907. The lowest during the past month was 1 below, observed yesterday; the record is 3 below, observed last year.

There were only 97 hours last month in which either rain or snow fell, being 40.2 hours below the average. The precipitation of snow was 20.9 inches or 5.81 inches below the average. The rain fall was 1.2 inch, or .66 inch more than the average. Sleighing was good throughout the month. There were 16 days on which the sun was visible, 2.7 below the average and there were only 12 days on which there was precipitation, or 3.5 below the average.

INTENSELY COLD

Montreal, Jan. 31—Intense cold prevails today from Quebec westward. It was 20 below zero at Montreal this morning, 29 below at the experimental farm, Ottawa and according to reports from different parts of the Ottawa valley, 30 to 40 below wes recorded.

SUTTON WON

Detroit, Jan. 31—George Sutton of Chicago defeated Jake Schaffer of Chicago tonight at the Detroit athletic club in 18.2 balk line billiards, 400 to 176.

BACK TO WORK

(Special to The Daily News.)

Fernie, B. C., Jan. 31.—The miners at the Coal Creek collieries did not report for work yesterday owing to a difference with the coal company on some small matters. A meeting of the men was held this morning, and in the afternoon they returned to work.

The grievances complained of where in connection with the running of the mine train, timbering and the lighting of the wash house.

LOCKOUT IS THREATENED

NEWCASTLE SHIPYARDS ARE AFFECTED

FORTY THOUSAND MEN WILL BE WITHOUT WORK

Newcastle-on-Tyne, Jan. 31.—Lockout notices will be issued tomorrow announcing the closing of all the ship building yards on the northeast coast unless the strikers, who left their work here January 22, after refusing to accept a reduction in wages, do not return to work in the meantime.

The employers, when the strike occurred, declared that the reduction was a necessity, owing to the depression in the industry. It was stated tonight that the shipbuilding plants on the northwest coast also were affected.

Should the lockout notices be posted between 30,000 and 40,000 workmen will be affected.

GET BOYCOTTING FEVER

IRISH SCHOOL CHILDREN ARE BECOMING INFECTED

PUPILS OF NATIONAL SCHOOL WALK OUT

Dublin, Jan. 31.—The children of the members o fthe United Irish league in the west of Ireland, who are carrying on an anti-grazing land campaign, are rapidly becoming infected with a violent form of the boycotting fever and are threatening to close up the national schools if the children of the hated occupants of the grazing lands are permitted to attend the schools.

As on earnest example of their determination to do this, 60 pupils attending a national school near Boyle, County Roscommon, today walked out in a body, because the teachers refused to dismiss four small sons and daughters of men who have been boycotted.

TORNADO'S WORK

Six Killed, Many Injured and Much damage oDne to Property

Jackson, Miss., Jan. 31—Advices from Hazelhurst, report considerable damage to property and some loss of life as a result of a tornado which passed a few miles south of that place this afternoon.

Missengers reached Hazelhurst late this afternoon from the region swept by the storm in quest of physicians, all those available at that point going to the scene. Considerable damage is reported at Millsap, 12 miles southeast of Hazelhurst.

A negro who arrive dabout dark brought news of the tornado and an appeal for assistance. Physicians started in carriages for the stricken district. According to the negro siz are dead, three fatall yinjured and sevtral badly hurt. It is feared there may have been other fatalities than those reported by the negro. The tornado struck here about 4 o'clock th's afternoon, and spent its force for 20 miles in a northeasterly direction, sweeping a pathway nearly a mile wide and damaging or destroying nearly every building in this city. Scores of dead farm anmials l ttered the tornado's track. Surrounding towns not in the direct path of the tornado suffered damage during the tornado's duration. Darkness settled down so quickly after the tornado that only an incomplete estimate of the destruction is obtainable tonight.

BRITISH INTERVENTION

Congo Independent State Referred to in Speech from the Throne

Paris, Jan. 31—King Leopold of Belgium has had several conferences here with premier Clemenceau and foreign minister Pichon and this afternoon he visited president Failleres at the palace. The president and king talked for an hour and it is believed they discussed the Congo independent state and the preferential rights of France in that territory.

Brussels, Jan. 31—It is believed here that the reference made yesterday by king Edward of England to the Congo independent state in his speech from the throne at the opening of parliament foreshadows British intervention in the Congo if the present plans for the annexation of the state to Belgium should fall through.

SKATING CHAMPIONSHIPS

Montreal, Jan. 31—The indoor skating championship races were brought off in the Arena tonight. Carl Ahlroth of Duluth carried off the honors of the evening, winning the half mile, and the two mile events, while the 220 yards went to Fred Logan of St. John and the mile to Fred Robson of Toronto. Bush, the Vancouver ehtry, qualified in the second heat of the 220 yard event. But that was the best he could do.

WANDERERS AND OTTAWAS

Sherbrooke, Jan. 31—An exhibition game of hockey between the Wanderers of Montreal and the Ottawas, resulted in a tie, the score being 6 all.

TORY HINTERS

Vague Innuendo on Western Timber Limits

DEBATE IN PARLIAMENT

SBARRETTI APPROVES SCHEME REGARDING BATTLEFIELDS OF QUEBEC—ANNUAL DELEGATION OF THE DOMINION TRADES AND LABOR COUNCIL.

Ottawa, Jan. 31 — After the routine business in the house had been finished J. H. Perley resumed the debate on Lake's motion as to the disposal of western timber limits. After general criticism he dealt with what he considered unfair conditions, first taking up the limits in the vicinity of Goose, Namiew, and Amiak lakes, about 100 miles north of Lepas, the present terminus of the C. N. R. Berths, consisting of 125 square miles, were disposed of in the dead of winter. After giving the instances, which he declared were such as to create suspicion, Perley said the leases were virtually perpetual, or as long as the timbe remain. Dealing with Turriff's statements that the conservatives had alienated large tracts, he said, of the timber licenses at present in force there were only 56 granted by conservatives. Months should be allowed intending purchasers to examine berths, and he compared the policy with Quebec and Ontario, where four berths were allowed for inspection in comparatively small berths.

Dr. McIntyre replied that the conservatives were unfortunate in their subject for criticism. Comparisons were naturally made between the two administrations, to the disadvantage of the conservatives. The fact that tenders were often about the same figure was no proof of wrong doing. Timber cruisers often arrived at the same conclusion. The opposition dealt with nothing but innuendo. If they made definite charges he would be the first to move for a committee of enquiry. He instanced a case when a friend of his own paid $3100 for a limit and subsequently found it to be worth nothing, and had evidently tried to get his money back. With regard to Moose lake berths, McIntyre said there was nothing to prevent an attorney putting in half a dozen tenders for his clients, nor could any suspicion be attached to the fact that the figures had been filled in with different ink.

Earl Grey has received a letter from monsignor Sbarreti, the papal delegate, warmy endorsing his proposal to convert the Quebec battlefields into national parks, and assuring his excellency he is cordially with him and will heartily support the project.

The annual deputation of the Dominion Trades and Labor congress waited on Laurier and Lemieux this morning. It included A. Verville, M. P., James Simpson, Toronto, vice president; J. G. O'Donahue, counsel, and P. M. Darper, Ottawa, secretary. A number of requests for legislation were placed before the ministers, including the abolition of immigration bonuses and the Hindu invasion. With regard to the Japanese agreement effected by Lemieux the delegation stated that organized labor was willing to judge by practical results.

The main reply to the demands was made by Lemieux, but sir Wilfrid also spoke. The minister said labor interests are at present well looked after but in event of a re-arrangement of the cabinet portfolios, a minister of labor might be appointed. Lemieux said the claims of the letter carriers will be dealt with effectively by the civil service commission, which will make its report soon. Sir Wilfrid was not enthusiastic for old age pensions. He did not think the time ripe for them in Canada. They would induce undesirable people of foreign countries to come to Canada to qualify for the pensions.

VICTORIA NEWS

Owing to trouble with the heating supply last night, The Daily News is unable to publish its special Victoria despatch this morning concerning the legislative session yesterday, but this account will appear in tomorrow's issue.

FOUR ONTARIO DEATHS

Belleville, Jan. 31—Street surveyor Hume, died suddenly last night from a stroke of paralysis. He was 75 years old. Three sons and daughters survive.

Windsor, Jan. 31—James Cottock, former contractor, is dead at his Detroit home. He was born in 1840. Deceased built part of the old Great Western railway.

Comber, Jan. 31—The flue of a boiler of a Michigan Central locomotive, blew out at Ruscombe last night, frightfully scalding fireman McNish, death ensuing shortly afterwards.

Prescott, Jan. 31—Rev. Dr. Stuart, pastor of the Presbyterian church here, died this afternoon.

THIRTY-SIX BELOW

Omemee, Ont., Jan. 31—It was 36 degrees below zero last night, the coldest in the history of Omemee.

NEED THE MONEY

Winnipeg, Jan. 31.—Today in committee the local legislature unanimously decided upon an increase of the sessional indemnity from $700 to $1000 and an increase of all cabinet ministers by $2000.

CRITICISMS OE INDIA

JOHN MORLEY DENOUNCES THE "IMPERIAL DUMAS"

CARRINGTON ON EXCLUSION OF CANADIAN CATTLE

London, Jan. 31.—John Morley, secretary of state for India, replied in the house in committee today to the criticism of the Indian government. He said the great mass of perplexing troubles in India must be regarded on a common plane and that it was not common sense to talk of "Imperial Dumas," but the government was ready when occasion offered to consider the conclusions of India on the viceroy's counsel.

The debate arose o nan amendment to the address in a reply to the speech from the throne proposed by Mr. Rutherford, who declared that the present state of affairs in India demanded the serious attention of the government, that the present proposals were inadequate to allay the existing and growing discontent, and that measures, to give the Indians the conduct of their own affairs were necessary.

The earl of Carrington, president of the board of agriculture, speaking tonight at Lincoln, referred to the agitation of protectionists against the supply of American and other imported beef to the army. He strongly dissented from the claims of the protectionists, and declared that the feeding of an army on home-bred meat would mean an annual increase of $750,000 in the army budget.

The earl of Carrington also said that he never would consent to any alteration in the law excluding Canadian cattle from the country. The cattle interests of this country, he declared, were so phenomenally large that it would be a crime to run the risk of infecting British herds with disease.

HUGHES FOR PRESIDENT

Given an Ovation at Republican Club in New York Last Night

New York, Jan. 31—Governor Charles E. Hughes, whose nomination for the presidency by the republican national convention in Chicago next June, is being urged by the New York county committee and other republican county committees on national issues and principles, was given a great reception tonight.

Until tonight, when he was welcomed by scores of well known republicans at a reception tendered him at the republican club governor Hughes has maintained a sphinx-like silence on all questions affecting the country and the definition of his position on federal issues has consequently been expectantly awaited.

Governor Hughes told his hearers that he did not come before them out of rivalry or self-seeking. The governor was given an ovation when he concluded his speech declaring the republican party was a party of progress and stability. Hughes in his speech commented on the administration of president Roosevelt as one which "to a degree almost unparalleled, has impressed the popular imagination and won the confidence of the people."

Th country, he said, was under lasting obligations to president Roosevelt for his vigorous opposition to abuses and the impetus he has given to the movement for their correction. In the solution of these difficult problems he declared differences of opinion, as always, exist with regard to the best means of solving them.

Governor Hughes asserted his unqualified opposition to government ownership of railroads but said that the regulation of interstate transportation was essential to protect the people from unjust discriminations. As a means of railroad supervision, the governor suggested an administrative board. The governor declared that the Sherman anti-trust act should be clarified and made more explicit, that the law may be made stronger and more effective.

Governor Hughes declared that he did not believe in arbitrary action and that the rule of the people must be a rule of reason and every move must be dominated by a sense of justice. "We must be patient and impartial and thorough investigation must precede action, good will must displace passion, and the sole motive must be to seek the truth and to do the right," said governor Hughes.

The speech was frequently punctuated by applause and cheers from the large gathering of club members and their guests, who were packed in an immoveable body on the floor of the reception hall for over an hour. A reception followed the address.

GRAND FORKS NOTES

Big Blaze is Narrowly Averted by Promptness of Local Brigade

(Special to The Daily News)

Grand Forks, Jan. 31—At a meeting of the Grand Forks labor union held last evening the sum of $500 was appropriated by the union to form a fund to aid any members of the union who are married men and who are out of work. It is stated that the union headquarters in Denver sanctioned the action of the local union.

At 6 o'clock this morning by the prompt action of the fire department a $15,000 fire was narrowly averted in the big brick public school building; as it was a portion of the stairway was slightly damaged to an extent not exceeding $100. Several different reports are current as to the origin of the fire.

Mr. Knappen of the Hansel, Langan, Knappen company of Chicago, accompanied by a party of American capitalists, arrived here yesterday and left immediately for the upper North Fork district for the purpose of inspecting a large acreage of land. This Chicago company has already acquired some ten thousand acres of unimproved orchard land on the north fork of Kettle river and it is reported today that they will open an office in Grand Forks at once and will do a general real estate business as well as handling their own lands.

ANOTHER DISAGREEMENT

PROBABLE ENDING OF THE SECOND THAW TRIAL

COURT WILL MEET THIS MORNING AT 10:30

New York, Jan. 31—After waiting for nearly 12 hours for the jury in the Thaw case to report, justice Dowling shortly after 11 o'clock tonight ordered the doors of the jury room locked for the night and adjourned the court until 10:30 tomorrow morning, when he will hear any report they have to make.

A rumor was persistent throughout the evening that the jurors were hopelessly divided, eight to four. Mr. Littleton of the defense, expressed the belief that the majority were in favor of a verdict of not guilty on the ground of insanity and when he left for his home was still hopeful that a decision eventually would be arrived at.

District attorney Jerome said: "No one can tell what a jury will do; so what is the use of speculating?"

Thaw retired disconsolately to his cell in the Tombs. He expressed the fear that a third trial would be necessary. This was the general opinion held by the court attaches. The attorneys in the case were deeply disappointed by the trend of affairs as everyone had hoped that some definite conclusion might this time be reached. Mr. Jerome would not discuss the probability of a third trial but said if there was one it might be in some other jurisdiction of the state than New York county.

After the jury went silently to dinner and returned, the guards at the doors heard no sounds of arguments from the jury room. The jury called for all exhibits in the case before it retired and is evidently determined to reach its verdict without asking for information or further instructions from the court.

Harry Thaw sat up late in his cell at the Tombs, hoping to hear some encouraging word, but his attorneys could offer him no hope of anything better than another disagreement. Martin W. Littleton, the chief counsel of the defense, insisted late tonight that he was still of the opinion that a favorable verdict would be reached, but his associates were sure there would be no decision.

Evelyn Nesbit Thaw remained at the court building waiting for the jury to come in, but Mrs. Wm. Thaw, the mother, and Mrs. Carnegie, the sister of the defendant, went home at noon, after having listened crowd remained in the court house corridors anxious to witness the closing scenes of the noted trial.

District attorney Jerome would not say what his course would be in case of another disagreement, but it is expected he will demand a third trial.

In closing his charge today, justice Dowling impressed upon the jury the responsibility which was theirs, telling them that they should bear in mind that upon their verdict depended the life and liberty of the prisoner. "Your verdict must not be influenced by any matter outside of the record," said he, "neither passion nor sympathy should sway in your deliberations. You must decide the issue solely upon your calm, dispassionate judgment as to the weight, credibility and meaning of the testimony. Nor are you concerned with the punishment that may follow a verdict of guilty at your hands. Your sole function is to determine whether any crime has been committed, its grade, and leave the question of punishment to those responsible for its imposition."

Judge Dowling told the jurors they should bear in mind that the prisoner is presumed to be innocent until the jury has been convinced beyond a reasonable doubt that he is guilty, and that the burden of proof rests upon the prosecution throughout. He told them, however, that this did not mean that the district attorney must prove his case beyond every possible doubt but that he must prove every material element in his case. It was for the jurors themselves to judge of the credibility of witnesses and it was within their power to accept or reject the testimony of any witness, in whole or in part.

OTAAWA NOTES

Ottawa, Jan. 31—F. D. Monk gives notice of a resolution that in the execution of public works requiring technical knowledge, the government should, as far as possible, utilize the services of young men engaged in the pursuit of technical studies in Canadian institutions, so as to permit of their applying with profit during vacations, knowledge acquired by them during periods of tuition.

Dr. Reid gives notice of a bill to amend the passenger ticket act providing for the issuance of 500 and 1000 mile tickets at a rate not exceeding two cents a mile.

A business representative of the London Times came before the board of control today with a proposition to advertise the city in a series of announcements in that journal. The proposal is not likely to be accepted.

WANT LEMIEUX ACT

Halifax, Jan. 31—The provincial workingmes' association has been notified that the department of labor has granted their application for a conciliation board to deal with questions now at issue between the men and the Dominion Coal company. The representative of the men is Dr. Kendall, M.L.A.

KAY IS ANGRY

Syracuse's Chancellor Assails Roosevelt

USES HIS PRESIDENTIAL OFFICE TO ATTACK ROCKEFELLER, WHO IS YET ON TRIAL BEFORE THE HIGHEST COURTS OF THE COUNTRY.

Syracuse, N. Y., Jan. 31.—Chancellor James R. Kay, of Syracuse university, discussing president Roosevelt's message, said today: "Of the president's message, if I am entirely honest and frank, I am compelled to say that much of it reads like the ravings of a disordered mind, and other portions in which appeal is made to class prejudice and excitement, are large with the suggestion of the adroit and cunning, the shrewd but reckless demagogue.

"The whole message is his familiar ranting against what he calls criminal wealth and it proceeds upon the slanderous assumption that so great a percent of the corporation business of this country is so corrupt as to demand a special message to congress. Popular harangues by the president and the entire time, ability and effort of congress in a volume of corrective legislation such as the world has never seen.

"It is wrong, a great wickedness for the Standard Oil company to defend itself, but there is no impropriety in the president's assailing this corporation by name and assailing it and slandering it with all the envemoned influence of his great office while its cause is still under consideration in the highest courts. The 'square deal' has so long been a farce that this inconsistency seems to have escaped Mr. Roosevelt's ethical standard of which he makes so much.

"As I am one of those hired book writers referred to, a personal word may be permitted. Not a nickel or a dime was ever offered me by any person, company or corporation for a sentence or paragraph in print in any shape or form whatever. No such party knew a syllable collected in my book until it was published.

"I was warned that if I wrote my opinions, my word would be assailed by the president and every unworthy motive charged against me. I have been accused of personal pique and revenge. I am now charged with selling my character and bartering my reputation for pay to a cause that I know to be corrupt. When one considers the high source of such a slander, can one imagine a much lower descent of vituperation or a more astounding use of the prerogative of the highest office and influence of our land.

"These are strange times and if American citizens are to be assailed under cover of a message to congress for exercising their inallenable right for the discussion of the policies and acts of the administration of the country, if this liberty is to be taken away from the people, what is there left for democracy of which we boast. What better are we than Russia?

"When a president of the United States will descend to such an indecent slander and other assaults by innuendo upon the honor of his fellow citizens, whose reputation for honor and high morality are as firmly established as his own, we are left to one of several possible inferences. We will try to take the one that is the most charitable."

TRADE AND INDUSTRIES

WEEKLY SUMMARY OF CANADIAN CONDITIONS

COLD WEATHER HAS STIMULATED BUSINESS

Montreal, Jan. 31—Bradstreet's tomorrow will say:

In Canada colder weather has stimulated retail trade in winter goods slightly and given hope of reducing the retailers' stocks somewhat. Country trade especially looks beteter and collections feel the benefit. In wholesale and jobbing lines there is considerable caution exhibited in ordering for spring. Ready made clothing trade is dull but there are fewer cancellations. Grain is moving quite freely in the northwest and there is a notable absence of talk of car shortage, so common in other years. Trade and industry is quiet in B.C.. There were 44 failures in Canada this week, as against 51 last week and 26 in this week a year ago.

The weekly bank clearings are as follows:

		Inc.	Dec.
Montreal	$23,250,000	....	3.8
Toronto	18,976,000	....	14.0
Winnipeg	9,976,000	8.8	....
Ottawa	2,457,000	8.2	....
Vancouver	2,8.5,000	7.3	....
Halifax	1,378,000	....	24.3
Quebec	1,178,000	1.4	....
St. John	1,902,000	5.0	....
London	929,000	....	5.1
Victoria	954,000	22.4	....
Calgary	1,113,000	....	....
Edmonton	583,000	....	....

LIBERAL NOMINATIONS

Sarnia, Jan. 31—West Lambton liberals yesterday nominated reeve David Milne as a candidate for the legislature and F. F. Pardee, M.P. for the commons.

THE HUDSON'S BAY STORES

A Large Shipment of the

Celebrated Stetson Hats

In the Latest Styles

MADE EXPRESSLY FOR THE HUDSON'S BAY STORES

Has been received direct from the factory. It is unnecessary to dwell upon the quality of these hats—the name of STETSON is sufficient to warrant their superiority.

We have SOFT HATS in black, fawn, brown and pearl shades, and in different shapes.

Stiff Hats are in black only. We would draw special attention to the

Flexible Stiff Hats

Which adjust themselves to the shape of the head, and prevent that unpleasant feeling of tightness which makes some people dislike hard hats.

We carry also a large assortment of Winter Caps.

An inspection of these goods is respectfully invited.

Imperial Bank of Canada

HEAD OFFICE, TORONTO

TRAMWAY SERVICE

It is to be hoped that when the council meets on Monday evening, the report of the street railway committee, in addition to recommending the continuance of the system, as indicated in the report of their meeting published today, will give all necessary details showing how the deficit of $7000 last year was made up. The city supplied its own power, in place of having to pay for it as in the previous year, when the loss was $3000, and a comparison of figures for the two periods would make interesting reading.

The citizens undoubtely desire that the tramway should be continued if at all possible and it would seem desirable that the committee's report should deal very fully with the whole subject. At the first meeting of the council and indeed, when he first announced his willness to become a candidate for the mayoralty, Mr. Taylor made a point of insisting that the aldermen should take their full share of work, particularly committee work, and in the present instance, the street railway committee has an opportunity of doing their work thoroughly and setting before the council, and the public at large, all of the details of the system so that the ratepayers can readily grasp the situation, and this applies equally to any proposed extension of the existing line, which the committee may see their way clear to recommend. A comprehensive report will lighten the labors of the council, shorten the debate on the matter and enable the public to appreciate the difficulties to be encountered.

EDITORIAL NOTES

Sir John Macdonald, at a public meeting in Quebec years ago, praised the work of the priests of the Roman Catholic church and declared that the priesthood was "a mighty moral police force." At San Francisco yesterday, during the first inter-denominational missionary conference ever held on the Pacific coast, bishop John Waldon of the New York Methodist church, after declaring that the condition of the city is better for the making of citizens than rural life, paid a high tribute to the Roman Catholic church, "aside from any consideration of the religious value of the Roman church," said he, "its priests are a mighty police power for the preservation of order, particularly among the alien population of American cities."

According to a London despatch yesterday, John Burns, president of the local government board and labor leader in the house, participating in the debate in the commons on the question of the unemployed, denounced the distribution of religious, philanthropic and private charity, which, he declared, was usually misapplied and diverted. Mr. Burns admitted that pauperism in London is on the increase, and said that it would continue to grow as long as indiscriminate charity prevailed. Turning to the tariff reformers, who, he said, were accustomed to compare the prosperity of Germany under protection with the condition of free trade in England, to the detriment of the latter, the labor leader declared that there was less percentage of pauperism in London than in Berlin; that the health of the people here is better, and that Berlin beat London in nothing but measles.

The conservatives have again gone down to defeat in the federal bye elections of two constituencies—Stanstead, Quebec, and South Huron, Ontario. In Quebec, the personality of sir Wilfrid Laurier is so pervading that the conservatives would have slight chances of success evey if they had a definite attractive policy. Their policy, however, is a thing of shreds and patches, about which hardly two of the more prominent among them agree. There is one prominent section denouncing the trusts and declaring for public ownership of public utilities, and there is another prominent section to which such views are anathema. The party as a whole, indeed ,may be said to advocate almost everything, but to be quite devoid of a coherent policy. In addition to that, the Fowler and other discreditable incidents are not forgotten. Members of the liberal government have suffered from charges which have practically been proved against them and driving them from office and inflence, but those who have made the accusations have also been besmirched. And through it all the people have shown faith in the purity and statesmanship of the leader of the government and his chief lieutenants. It is eminently desirable that the opposition should be a strong one—much stronger than it is now both in numbers and personnel. But the material seems to be lacking and the people appear to be disposed to bear with the party in power until much better conditions are found on the other side.—Montreal Witness.

The publisher of the best farmers' paper in the Maritims provinces in writing to us states:

"I would say that I do not know of a medicine that has stood the test of time like MINARD'S LINIMENT. It has been an unfailing remedy in our household ever since I can remember and has outlived dozens of would be competitors.

Purifies Your Blood

Price 60 cents per bottle. Sold Everywhere. A. J. WHITE & Co., Montreal.

SAYS THIS IS BEST

A leading health journal in answering the question, "What is the best prescription to clean and purify the blood?" prints in a recent issue the following:

Fluid Extract Dandelion one ounce;

Compound Salatone, one ounce;

Compound Syrup Sarsaparilla, four ounces.

Shake well and use in teaspoonful doses after each meal and at bedtime.

A well-known physician states that these are harmless vegetable ingredients, which can be obtained from any good prescription pharmacy.

This mixture will clean the blood of all impurities. In just a few days the skin begins to clear of sores, boils and pimples. It puts vigor and energy into run-down debilitated men and women. For many years Sarsaparilla alone has been considered a good blood medicine. But while it built up and made new blood, the impurities remained within and the good accomplished was only temporary. Sarsaparilla, however, when used in combination with Compound Salatone and Extract Dandelion, works wonders. This combination puts the kidneys to work to filter and sift out the waste matter, uric acid, and other impurities that cause disease. It makes new blood and relieves rheumatism and lame back and bladder troubles.

GREENWOOD NOTES

Return of the Victorious Curlers—Shareholders' Yearly Meeting

(Special to The Daily News)

Greenwood, Jan. 31.—The Kettle River Fish and Game Protective association intends holding a meeting on February 4 at the city hall for the purpose of preparing plans of operation for the coming season.

A special meeting of the Royal Victoria Gold Mining Co. was held in the offices of A. H. Whiteside for the purpose of considering an offer from Spokane parties to buy the property.

As Thursday's train from Nelson pulled into the station the strains of "On the Bonnie Bonnie Banks of Loch Lomond" were heard coming from the car occupied by the successful curlers, who were just returning from the Nelson bonspiel. The Greenwood curlers have certainly done well this year. McMynn's rink having captured the Grand Challenge and Association cups and Dill's rink getting the Walkerville cup. The boys are high in their praises of the reception accorded them by the Nelson people. The Greenwood club has issued an invitation to the curlers to a smoker on Saturday night in the club rooms.

Last night the Greenwood Rebekah lodge gave a basket social, which was well attended. The band boys gave a few selections that were well received and after a few speeches and songs the evening terminated with an enjoyable dance.

A HOME MADE HAPPY BY CHAMBERLAIN'S COUGH REMEDY

About two months ago our baby girl had measles which setttled on her lungs and at last resulted in a severe atttack of bronchitis. We had two doctors but no relief was obtained. Everybody thought she would die. I went to eight different store to find a certain remedy which had been recommended to me and failed to get it, when one of the storekeepers insisted that I should try Chamberlain's Cough Remedy. I did so and our baby is alive and well today.—George Spence, Holdly Springs, N.C.. For sale by all druggists and dealers.

A Woman's Back

Has many aches and pains caused by weaknesses and falling, or other displacement, of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness.

If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cures. It is the most potent invigorating tonic and strengthening nervine known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful, or habit-forming drugs. Its ingredients are all printed on the bottle-wrapper and attested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of woman's ills.

You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy OF KNOWN COMPOSITION, even though the dealer may make a little more profit thereby. *Your* interest in regaining health is paramount to any selfish interest *of his* and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for.

Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put up by old Dr. Pierce over forty years ago, much imitated but never equaled. Little sugar-coated granules—easy to take as candy.

MANY NAKUSP SETTLERS

RENEWED VITALITY ALL OVER THE DISTRICT

HAVE DECIDED TO ORGANIZE A COMMERCIAL CLUB

(Special to The Daily News)

Nakusp, B. C., Jan. 31.—The steady flow of settlers still continues into Nakusp, the latest arrivals being Mr. Shandly and three daughters, recently from England, who reached here a few days ago.

This makes about 75 new settlers on the fruit land adjoining the townsite within the past few months, with a large number to follow during the spring. This condition brings renewed vitality into the district and as a result, many schemes are on the tapis for the improvement of the own, bring it up to date.

Among the most important is the formation of a "Commercial Club" on lines resembling the boards of trade of larger cities. The intention of the club is to foster any local improvements and bring the resources of the district to intending settlers, capitalists, etc.

The necessity for a resident physician at Nakusp is a live issue at the present time, and that there is a good opening here is beyond question. The nearest doctor is 35 miles away, while some support medical men 100 miles off with most unsatisfactory results.

A meeting of house and property owners was held a few days ago at which were 46 present, to give their views as to whether it was advisable to ask the government to erect new government buildings for its offices or purchase an existing building. It was decided to recommend the construction of a new building.

The farmers' institute is very strongly supported here, meetings are held at regular periods and the discussions are very helpful to old and new settlers. It is full time that the Nakusp institute be an independent and not subsidiary to the Kootenay institute, as at present.

Promises of a liberal nature have been made by the government for the building of roads this coming season, which means the improvement of Box lake road, and the starting of a trunk road down the lake toward Burton.

The repairs to and changes in the C. P. R. steamer Rossland are going on at a lively pace and a large gang of joiners and machinists are employed. Electric lights have been installed at the shipyard in order to work full time. mild, not a particle of ice having been mild, not a particle o fice having been formed in any portion of the lake so far.

The Dramatic society gives a grand ball on St. Valentines Day and promises to be the event of the season.

Mr. Abriel is a heavy shipper of piling and ties from this point to the territories, giving employment to a large gang of men.

HOW DIPHTHERIA IS CONTRACTED

One often hears the expression "my child caught a severe cold which developed into diphtheria," when the truth was that the cold had left the little one particularly susceptible to the wandering diphtheria germ. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or an yother germ disease being contracted. For sale by all druggists and dealers.

Minard's Liniment Cures Colds, etc.

Opposite Queen's Hotel, Baker St.

POINTERS

A good many people think of a drug store simply as a place where one may buy any article not found elsewhere. As a sort of "everything else" store. This store is all that—but more, too. Many things, besides drugs which you can get at other places, you can get to a better advantage HERE

Our Idea

Of a drug store is that it should, more than any other store whatever, be actually devoted to the public service.
And to sell a stamp amiably, to answer a night bell amiably, to give information amiably, is to enhance the public usefulness of a store.

Toilet Articles

For people of exacting tastes and ideas! "Exclusive" sort of things—things that were made by people who had ideas—and pride in their work—and conscience!

If

You can't get what you want here it's because it's not on the market.

The Compounding of Prescriptions

Is work not only for a man who KNOWS, but for a man who CARES!
WE KNOW AND CARE

Keep

It it in your minds that the Popular store is here for you—for we keep it in OUR minds.

NELSON NEWS OF THE DAY

The Granite mine yesterday shipped 30 tons of concentrates to the Trail smelter.

W. A. Calder has disposed of his interest in the Lightning Peak to C. B. Hittle.

Write it about the way you would write a telegram or a memorandum—that want ad. of yours.

"The brute circumstance" tyrannizes over and rules a good many people, but it is a more docile beast after you learn to advertise.

The thermometer yesterday varied between 22 degrees above and and 1 degree below zero, the coldest day as yet of the winter.

The "Bloods," "Sanguinaries" or "By'r ladies" have changed their name, under due advisement, to the "Rivers" and announce that they will play the Lakes on Monday night next and teach that team that they have forgotten all they ever knew about hockey. Naturally the Lakes are wroth. This will be the second game in the News cup series.

G. Ens, M.P.P., Rosthern, Sask., is a guest at the Queen's hotel. He is here looking over the business and land situation generally.

The moving pictures at the theatre are drawing fair houses and are up to date as to their choice of subjects. They will be kept here as long as well patronized by the public. A change of program is made thrice weekly. Today there will be matinees at 3 o'clock and at 4:15 in the afternoon.

A ten round boxing contest will take place in the skating rink at Slocan City tonight at 9 o'clock between Kid Harris and Jack Crow Terrible.)

Hunt for work if you want work—and do not imagine that you are really hunting unless you are advertising, as well as reading and answering the ads.

Constable Joe Wilson came in from Creston last night, having in charge John LeClair of Creston, sentenced to two months in the provincial gaol here for vagrancy.

The inland revenue collection for Nelson for the month of January, 1908 were: Spirits, $2866.29; malt, $300; leaf tobacco, $91.32; cigars, ex-factory, $88.50; cigars, ex-warehouse, $121.86; total, $3470.91.

Superintendent Coleman of the C.P.R. has no official intimation of the arrival of Allan Purvis here on transfer. He has been assured that no definite arrangements have as yet been made.

Eugene A. McNeil, infant son of John McNeil, formerly of Nelson, died at Trail on Thursday, Jan. 30, and was buried from the Catholic church in Nelson cemetery yesterday.

There was once upon a time, a store that spent too much money in newspaper advertising—to suit the people who had freak advertising schemes to sell. Nowadays most stores earn the disapproval of these gentry. Else they would soon cease to be stores. They would be "store buildings to let."

E. O. Windsor, the well known expert piano tuner and regulator, is in town. Leave orders at Canada Drug and Book Co.'s Store. 216-tf

Insure yourself against hard times. Learn millinery at the Boston Millinery School and be ready for the spring season. Positions guaranteed those finishing before April 1st. For particulars apply 422 4th avenue, Spokane, Wash. Save this ad. it will apply the same as $5 on tuition.

IS SPLENDID TO USE

PRESCRIPTION WHICH ELDERLY PEOPLE SHOULD VALUE.

PROMPTLY RELIEVES KIDNEY TROUBLE AND RHEUMATISM.

The great majority of men and women at the age of 50 years begin to feel the first signs of advancing age in some form of kidney trouble and bladder weakness. Few are entirely free from that torturous disease, rheumatism, which is not a disease in itself, btu a symptom of deranged function of the kidneys which have become clogged and sluggish, failing in their duty of sifting and straining the poisonous waste matter, uric acid, etc., from the blood, permitting it to remain and decompose, settling about the joints and muscles, causing intense pain and suffering.

The bladder, however, causes the old folks the most annoyance, especially at night and early morning.

A noted authority in a recent article stated that he has wonderful success with the old-time "vegetable treatment." He states: "Of sixteen cases of bladder troubles and rheumatism which have been treated with this treatment only one very complicated case failed to fully yield to its remarkable influence. It is the most harmless treatment I have ever found to clean the system of rheumatic poisons; remove irritation of the bladder and relieve urinary difficulties of the old people. It is a true vitalizing tonic to the entire kidney and urinary structure, reinvigorating the entire system."

What he terms "old vegetable treatment" consists of the following simple prescription, the ingredients which can be obtained from any good pharmacy at small cost: Compound Kargon, one ounce; Fluid Extract Dandelion, one-half ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and upon going to bed, also drink plenty of water. This prescriptiono, though simple, is always effective in the diseases and afflictions of the kidneys and bladder.

OUR WINTER STOCK IS FAST REDUCING BECAUSE THE PEOPLE OF NELSON KNOW THAT WHEN WE SAY WE HAMMER PRICES WE DO HAMMER PRICES DOWN ON LEGITIMATE, REGULAR MERCHANDISE.

WE DO NOT WANT TO CARRY OVER ONE OVERCOAT SO WE HAVE GIVEN THEM ORDERS TO VACATE AND HAVE PUT THE PRICES DOWN TO ROCK BOTTOM. THEY ARE ALL THIS SEASON'S STYLES AND EVERY COAT IS WORTH ITS FORMER PRICE.

25 TO 30 PER CENT. OFF ALL WINTER CAPS, 25 PER CENT. OFF ALL FLANNEL SHIRTS. DISCOUNTS ON ALL WINTER GOODS.

Synopsis of Canadian Homestead Regulation

ANY available Dominion Lands within the Railway Belt of British Columbia may be homesteaded by any persons who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.
Entry must be made personally at the local land office for the district in which the land is ituate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother, or sister of an intending homesteader.
The homesteader is required to perform the conditions connected therewith under one of the following plans:
1. At least six months' reidence upon and cultivation of the land in each year for three years.
2. If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.
3. If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.
Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.
COAL—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.
W. W. CORY,
Deputy Minister of the Interior.
N.B.—Unauthorized publication of this advertisement will not be paid for.

Farm Wanted

ATTENDANCE AT SCHOOL

RETURNS FOR MONTH THE JUST COMPLETED

LIST OF SCHOLARS WHO HAVE ATTENDED REGULARLY

The division of the public school having the best average attendance during the month was the first, with a percentage of 95.5. There are a large number of pupils enrolled and now there are eleven instead of ten divisions. The improvements made to the heating system during the Christmas holidays have meant that the school has been much warmer and even during the cold of yesterday the class rooms were warm.

HIGH SCHOOL

	Enrol	Att.	P.C
Division 1	21	18.25	86.90
Division 2	19	16.50	86.54
Total	40	34.75	86.88

PUBLIC SCHOOL

	Enrol	Att.	P.C.
Division 1	30	28.65	95.50
Division 2	34	31.18	91.71
Division 3	38	34.05	89.61
Division 4	44	41.13	93.48
Division 5	44	38.27	86.97
Division 6	43	34.80	80.93
Division 7	35	31.92	88.67
Division 8	41	34.07	83.09
Division 9	40	37.67	94.19
Division 10	48	43.92	85.25
Division 11	33	28.22	85.51
Total	431	380.88	88.37

HUME SCHOOL

	Enrol	Att.	P.C.
Division 1	32	30	93.75
Division 2	52		

The list of those who attended perfectly throughout January is as follows:

Division 1, A. Sullivan, principal—Lottie Annable, Bertha Barker, Bella Campbell, Mary Donaldson, Beatrice Ebbs, Hugh Etter, Enid Etter, Hugh Fletcher, Harry Gibbs, Arthur Gilker, Hugh Gunn, Willie Gunn, Anna Palmquist, Mabel Steele, Bina Taylor.

ALMOST GIVEN UP

"FRUIT-A-TIVES" SAVED HIS LIFE

Mr. Dingwall was Superintendent of St. Andrews Sunday School in Williams town for nine years and License Commissioner for Glengarry — and Tax Collector for Charlottenburg—for fourteen years continuously. Read how strongly Mr. Dingwall comes out in favor of "Fruit-a-tives."

Williamstown, Ont., April 5th., 1907.

I have much pleasure in testifying to the almost marvellous benefit I have derived from taking "Fruit-a-tives." I was a life long sufferer from Chronic Constipation and the only medicine I ever secured to do me any real good was "Fruit-a-tives." This medicine cured me when everything else failed. Also, last spring, I had a severe attack of bladder trouble with kidney trouble, and "Fruit-a-tives" cured these complaints for me, when the physician attending me had practically given me up. I am now over eighty years of age and I can stronghly recommend "Fruit-a-tives" for Chronic Constipation and bladder and kidney trouble. This medicine is mild like fruit, is easy to take, but most effective in action. 147

Sgd) JAMES DINGWALL.

"Fruit-a-tives" — or "Fruit Liver Tablets" are sold by dealers at 50c a box —6 for $2.50—or will be sent on receipt of price. Fruit-a-tives Limited, Ottawa.

HARROP NOTES

(Special to The Daily News)

Harrop, B. C., Jan. 31.—While it is yet early to make any predictions it is generally conceded that the coming season will be an unusually busy one among the ranchers along the West Arm| Several residences are now under construction and it is estimated that no less than 20 substantial structures will be erected during the next couple of months.

A large amount of clearing has been done this winter and considerable planting will have to be done in the spring.

George Smith is getting out logs for the Nelson shingle mill.

It is understood that the sawmill at Procter will shortly resume operations. The mill has now a good number of logs on hand and a long season is looked for.

Mrs. Fred Chapman and children of Nelson are visiting here.

WHEN TO GO HOME

From the Bluffton, Ind., Banner: "When tired out go home. When you want consolation, go home. When you want fun, go home. When you want to show others that you have reformed, go home and let your family get acquainted with the fact. When you want to show yourself at your best, go home and do the act there. When you feel like being extra liberal, go home and practice on your wife and children first. When you want to shine with extra brilliancy, go home and light up the whole household." To which we add, when you have a bad cold go home and take Chamberlain's Cough Remedy and a quick cure is certain. For sale by all druggists and dealers.

ONE Insertion OF A Want Ad

DOES NOT ALWAYS CONSTITUTE A COMPLETE CLASSIFIED ADVERTISING CAMPAIGN — ALTHOUGH SOMETIMES IT DOES!

The first "try," in any line of effort, is not usually enough. "Try again" is a slogan as old as—experience of human affairs.

There is probably nothing else in which the first "try" is so often rewarded as in WANT ADVERTISING.

And there is surely nothing else in which reasonable persistence is so certain of a reward!

THE WINNING WINDOWS

During the holiday season, just before Christmas The Daily News offered three prizes for the best displayed shop windows on Baker street and one condition was that the prize windows should be photographed, cuts made the same inserted in these columns. The prize winners were: P. Burns and company, the Poole Drug company and Emory and Walley. A prize was also awarded A. S. Horswill.

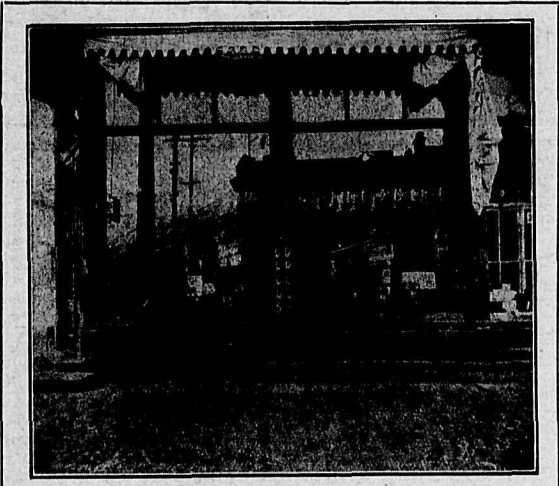
As their windows did not lend themselves to photograph, Burns and company waived their right to a cut being made, but the cuts of the other two window have just arrived and are given this morning.

The description given hereunder appeared in The Daily News on Christmas morning:

P. Burns and company have gone to an infinite amount of trouble in getting togeth er a display. In one window are a dozen terrapin turtles, crawling alive, unfrighted by the weird and deservedly rare Puget Sound monkey above, while just behind is hanging a halibut of 200 pounds weight. In the other window are live and boiled lobsters and crabs, shrimps, scallops, frog legs and blue point oysters. Fronting the door is a stand on which are a pair of geese and a lamb modelled in leaf lard, while sucking pigs, head cheese and sausage make up a toothsome display.

Emory and Walley's windows were especially notable from a design of the rising sun in green and white rays. In the foreground were placed large Christmas bells and around and about, happily grouped were all the appurtenances of a well dressed man. Many were the gifts bought for lucky bachelors by their "sisters and their cousins and their aunts."

The Poole-Longhurst company's windows were superb with choice fruits and chocolates got up in atistic forms and grouped together so as to display them to the utmost advantage. The numberless forms in which chocolate and candied fruits are nowadays prepared for the public, all of which are admirable and many of which show much refined taste, have made it easy, when their arrangement has been placed in capable hands, to make a very effective display indeed.



POOLE DRUG COMPANY

EMORY & WALLEY

THOSE STOLEN JEWELS

ULSTER KING OF ARMS HELD RESPONSIBLE

SIR A. E. VICARS SUSPENDED FROM OFFICE

London, Jan. 31.—The report of the commission which has been investigating the disappearance last summer from Dublin Castle of Jewels valued at $250,000 belonging to the regalia of the Order of St. Patrick, was presented to parliament today.

It finds that the safe from which the jewels were taken must have been opened with a key, and concluded with the words, "We cannot acquit sir Arthur Edward Vicars of want of proper care in his custody of the keys to the safe." Sir Arthur is Ulster king of arms and he was custodian of the jewels. It is reported that the chief secretary of Ireland, Austin Birrell has given directions that sir Arthur be suspended from office.

The Gazette today announced the appointment of captain Nevill Wilkinson to succeed sir Arthur Edward Vicars as Ulster king of arms. Sir Arthur has issued an appeal to all Irishmen to support his demand for a public enquiry into all the circumstances attending the loss of the regalia jewels.

HINCHEY ACQUITTED

C. P. R. Engineer Found Not Guilty in Fushimi Collision Case

Regina, Jan. 31—A verdict of not guilty in the case of the King v. Hinchey, was returned last night b ythe jury. The jury reached their decision after some hours of deliberation and after the cases of the defense and the crown were placed exhaustively before them. The crown produced evidence similar to that in the case of the King v. Alexander and showed that Hinchey, who was the engineer of the east bound C.P.R. local on the morning of Oct. 30, received an order to wait at Fushimi siding until 8 o'clock for freight extra No. 1413. At four minutes to eight the collision occurred between the freight and the passenger, a mile and a quarter east of the siding. All the witnesses of the crown agreed as to the time but the defense built up a case on expert evidence to the effect that standard watches with stem wind set, are unreliable and liable to jump many minutes. The accused went on the stand and stated that his watch was 20 seconds out leaving Moose Jaw. At Fushimi siding his time was half a minute past eight and he ran through, thinking that the freight had stopped at Pilot Butte. He had a new engine and the packing around the inspirator blew out. While fixing this the wreck occurred. Other railroad men testified that their watches often gained as much as two minutes within a mile run and were generally unreliable. A baggage man testified that after the wreck he had looked at Hinchey's watch which was eight minutes fast.

The verdict is a popular one here as much sympathy was aroused because of injuries Hinchey sustained in the wreck.

NELSON NEWS OF THE DAY

The Young men of the Baptist church

The competition for the president v. vice-president, started last evening.

are planning something good in the way of a concert for Feb. 13.

S. G. Blaylock, formerly of the Hall Mines smelter, has gone to the St. Eugene mine at Moyie.

There were many tasteful costumes at the masquerade last night in the Alice rink and the dancers enjoyed themselves thoroughly.

A part of the machinery in use at the new court house, and belonging to the city, was shipped back to the power plant yesterday afternoon.

Owing to the masquerade of last night the laying of the maple floor in the roller rink has been deferred until today. Every thing is expected to be finished by Monday night.

All curlers who desire the complete score of the bonspiel may have the same by writing and asking for a copy of the Weekly News of Feb. 1.

The lower end of the lake was entirely covered by a thin sheet of ice yesterday morning. If the cold snap continues for a few days, which seems likely, there ought to be good skating.

In the description given yesterday of the Methodist church trip round the world, it should have been stated that the piper who played at Scotland, C. F. McHardy's house, was Mr. McLeary.

An incomer from Midway last evening said the temperature yesterday dropped to 25 below and at Greenwood three degrees lower. He wrapped himself up accordingly and found himself prespiring freely when landing in bare zero weather in Nelson.

The customs returns for the month of Janunary were $27,444.30 as against $12,501.77 for January of last year. The increase is largelly due to the imports of machinery by the new coal mines opening up in the Crow district. At the Hosmer mines alone an expenditure of over $2,000,000 is being incurred in the building of some 200 coke ovens, the erection of a tipple and in the general work incident upon opening the mines in November next.

According to the Province of Wednesday last Bob Brechin, well known in sporting circles here, is in trouble. The Province says: "Suspected of having had some connection with the recent holdups in this city and having in his posses ion a letter which showed that he was procuring or attempting to procure women for a house of ill-fame in Nelson, Robert Brechin was arrested last night and this morning was sentenced to six months in jail with hard labor. Some time ago Brechin served one year for implication in a holdup and he has been wandering about town without work for several weeks. Brechin pleaded that he had written the letter for a man named Rogers, but he could not give the address of the latter ex epting that he was from Spokane. In the letter Brechin said he was going to Seattle and Portland. The charge upon which he was convicted was vagrancy.

SIR HENRY TYLER DEAD

Former President of Grand Trunk Railway for Many Years

London, Jan. 31—Sir Henry W. Tyler, chairman of the Westinghouse Brake company and deputy chairman of the Great Eastern railway company, died last night. He was born in 1827. From 1877 to 1895 he was president of the Grand Trunk railway of Canada.

ABE WON

Attell Defeated Frankie Neill in the Thirteenth Round at 'Frisco

San Francisco, Jan. 31—Abe Attell of Chicago, tonight won a fight from Frankie Neill of San Francisco, the latter's seconds throwing the sponge in the 13th round.

STILL UNSETTLED

Tok'o, Jan. 31—Since the report from Washington of the last reply to the Japanese memorandum of Dec. 31, on the immigration question, the Japanese government has been busy on the cabinet and the bombardment of interpellations on the diet. The storm is apparently over and the foreign office will now give prompt attention to the American negotiations. It is authoritatively stated that the American reply is eminently satisfactory.

An official of the foreign office today said: "The entire emigration question might almost be called a "res adjudicata,' only minor details remain before everything will be concluded satisfactorily to Japan."

WRECKED BY DYNAMITE

Trinidad, Col., Jan. 31—The residence of A. Alexander, superintendent of the Frederick mine of the Colorado Fuel and Iron company, 20 miles from here was partly wrecked by an explosion of dynamite today. The explosive had been placed under a bedroom in which the children were sleeping. All the inmates of the house escaped with few injuries. It is believed the explosion was caused by discharged miners.

FIRED THE LOT

Moose Jaw, Jan. 31—All engineers and fire men with the electrician in charge in the city power plant have been discharged by the city council. Civic investigation developed the fact that the staff was jealous of the chief engineer, lacked confidence in his ability and apparently would interfere wit hthe operation of the plant to injure him.

FOR TORONTO'S POOR

Toronto, Jan. 31—The board of control today appropriated $8000 for relieving distress amongst families of the unemployed.

Minard's Liniment Cures Distemper

WILL REPORT IN FAVOR

TRAMWAY COMMITTEE HELD MEETING

EXTENSION OF TRAMWAY MEANS INCREASE OF INCOME

At a meeting of the standing committee on tramways of the city council, after a three hour session in which the whole details of the expendiure of the tramway was entered upon, the committee came to the conclusion that the tramway had better be continued for the present.

The reason of the matter being taken up was the report made by the city clerk that the loss on the tramway for the past year had been $7000 and for the year previous $3000. The argument also had been used that the tramway was for the benefit of a few people on Stanley street hill and for the residents in Bogustown, who were not taxpayers.

Going first into the question of expenditures, it transpired that the bulk of the expenditures would have been upon capital account if the tramway had belonged to the city. There was an item last year of nearly $2500 for repair of track. This seems for one year but, it was urged, by one member of the committee, that that expenditure should rather be regarded as spread over eight years, the term of the tramway's existence. It was admitted, however, that almost as large an expenditure, really upon capital account, would have to be made during the current year for repairs to cars, armature, carbarn and track. But from this the city could not get away inasmuch as it was bound to turn over to the tramway company at the end of 1908, the system in good repair. In other words, whether the tramway were operated there would be a certain income coming in to offset this expenditure, which could not be got away from. If the tramway were not operated there would be almost the same expenditure but there would be no income. Hence on these grounds alone it was to be seen that it would pay the city to make the lesser loss in running the tram.

But loss there would be in any case. Can the city afford the loss? It must afford it this year, but must it do so in years to come? The committee came to the conclusion that there might be a saving in operation by looking more closely to the scherule of time and to the payment of fares in tickets and not by cash and in other details. Another point was that of the loss, over $2000 was charged to power, which is supplied by the city but which would be wasted if not utilized on the tramway. There was also the cost of the substation, which proved on investigation, to be trifling because, whether the tramway were or were not run, the staff at the substation would not be materially altered.

It was on these conclusions that the committee has arrived at its decision. As far as the argument is concerned about Bogustown residents it was considered that this was amply offset by the custom got by local merchants from Bogustown.

It must be remembered in this connection the motion brought up by Ald. McMorris last May, in which he asked for an extension of the tramway so as to properly serve the residents. This was by bringing the tram on its return trip down Stanley along Robson street to Hendryx, along Hendryx to Mill, along Mill to Cedar, along Cedar to Carr Park to Silica and then along Silica to Stanley or to Baker street via Ward. This would bring the tram within two blocks of any resident, and would not cost more than $9000. On the other hand this expenditure would be more than offset by the greatly enhanced customers of the tram service. There should be, it was calculated, at least four times the number of people served.

On the other hand it must be remembered that the lease with the tramway company expires with the end of 1908, and any action taken must be taken with proper regard to this fact. These were the matters considered by the committee in arriving at their conclusion to recommend to the council that the running of the tramway be continued.

WE HAVE TAKEN THE BULL BY THE HORNS

And we are at it hard. It has been our policy that when we do anything we do it quickly and effectively and the results are showing, for the numerous lines in which we are offering bargains are quickly disappearing.

There are a few Clocks and Electric Lamps, and a number of articles suitable for Prizes for all purposes, and a number of Watches, which we will dispose of at exceedingly low prices.

GETTING WORSE

Empress of Russia is Suffering from Nervous Debility Again

St. Petersburg, Jan. 31—After a period of slight gains, the condition of the empress Alexandra again has taken a turn for the worse. The nervous debility which is baffling the skill of the specialists is now complicated by an affliction of the eyes, which is of such a painful character that an operation probably will be required.

The empress is being strongly urged to try a change of climate in an endeavor to restore her health and she may go to Germany with her sister Irene, the wife of prince Henry of Prussia.

WANT BETTER WAGES

Halifax, Jan. 31—The I.C.R. clerks here and at St. John hmave formed a union called the I.C.R. clerks' union, the main of ject of which is to secure better wages They want $75 for first class clerks; $60 for second and $50 for third.

Have You Sprayed Your Trees?

You have only a short time left in which to use a WINTER SPRAY. Better send us your order for a 15 lb. or a 50 lb. tin of LIME-SULPHUR-SALT Winter Spray.

The Brackman-Ker Milling Company Ltd.

SMART EFFECTS

It was no fool who said that "clothes makes the man." You know yourself that he was pretty near right. If they don't make him, they go a long way towards doing it, whether it be in a business or social sense. We are builders up of your reputation so far as dress goes, and we clothe you fit for the best kind of company. Let us have the pleasure of a call, and we will show you how neatly and correctly we can clothe you in the most fashionable garments for a comparatively small sum.
