JUDGE CASSEL'S ENQUIRY

BORDEN DECLARES THAT INVESTIGATION IS CONFESSEDLY INCOMPLETE—PREMIER REPLIES IN ANSWER TO THE CHARGES THUS MADE.

(Special to The Daily News)

Ottawa, April 30.—In the house this afternoon Dr. Roche commented on the fact that the session was well advanced and that no announcement had been made regarding the Manitoba boundary extension.

The premier said that the government was at present considering the bill and that it would be introduced this session.

Blain was informed that the order reducing the imperial pensions of men residing in Canada by three per cent came from the imperial government and that the dominion was in no way responsible.

On motion to go into supply, R. L. Borden precipitated a debate on civil service reform, concluding his speech with the following amendments: That the investigation conducted by the commission was confessedly partial and incomplete; that the proposed enquiry before Mr. justice Cassels would prove entirely unsatisfactory and incomplete, inasmuch it would be confined to one paragraph of the commission's report and touched but one portion of the administration of the department; that the house regrets the deplorable extravagance, waste, inefficiency and maladministration revealed by the commission and declares that immediate steps should be taken to reform and redress the same; that the public interest imperatively demands the appointment of an independent commission with full power to make a thorough, searching, investigation into the several departments of the public service. Borden remarked at the outset that certain portions of the report reminded him of the campaign literature issued by the liberals previous to 1896, particularly with reference to the demoralizing influences of protection. He declared his opinion that England was ruled wisely and well, due in a large measure to the training, education and character of British civil servants. There, each department was dominated by a permanent head, no matter how the ministers changed, and political influence did not play the part it does in Canada. Watson and Perron would decide what matters should be investigated and he had not much faith in the premier's argument that they would be uninfluenced by their political leanings. If a non-partisan service bill was introduced he would give it his support.

After brief speeches by Hon. Sydney Fisher and Broder, Dundas, Hon. L. P. Brodeur defended the government, declaring that the Hon. G. E. Foster made all kinds of insinuations but never dared to risk his seat by making direct charges. Regarding Borden's notion of voting for the first paragraph, he declared it would be voting against any investigation under Mr. Justice Cassels. He read figures to show that with the exception of a few all the chief clerks and agents in the department had been appointed by conservatives. He doubted if the opposition were anxious for the truth; if they were in power they would do as they did in 1891, when the commission was made up of three members of the government of that time. It was true that the department had spent a good deal of money, but that course was necessary by the failure of the conservatives to develop the country. He read a resolution of the Montreal board of trade and the shipping federation, approving of what the government had done to improve navigation.

Borden's resolution was defeated by 99 to 48 on a vote of 130 and the house adjourned.

In the house Borden read a telegram from Yorktown protesting against the return of the Doukhobors.

Laurier replied that all responsibility rested with the government of Saskatchewan.

Ottawa, April 30.—When the house of commons went into supply today Mr. Borden again brought up the question of the report of the civil service commission. He called the attention of the minister of customs to the expression used in the report regarding the existence under the present government of the "demoralising system of protection." Continuing, Mr. Borden said there was no reason why Canada should not have the best instead of the worst civil service in the world. He dwelt upon the evils of the party system and urged that the recommendation of the commission in favor of increased salaries be acted upon. The service at the present time was overmanned and underpaid. Mr. Borden concluded a lengthy and telling speech by moving a resolution to the effect that the investigation conducted by the commission was confessedly impartial and incomplete, that the proposed enquiry by judge Cassels was unsatisfactory and inefficient, that the house deplored the extravagant waste, inefficiency and maladministration revealed by the report, that the public interest demands the appointment of an independent commission with full powers of investigation into the several departments of the public service. Mr. Borden declared that he was quite willing that Messrs. Courtney, Fysche and Bazin should continue their work.

Sir Wilfrid followed. He declared that the first commission said either too much or too little. It should have gone further and put their hands on the guilty parties. Hence the appointment of Mr. justice Cassels. There was nothing to be gained by a garbled investigation. He thought that the best thing the could do was to proceed with the orders of the day and leave the matter in the hands of the government.

Mr. Foster taunted sir Wilfrid with not making an adequate reply to Mr. Borden. He seemed to shut his eyes to the real condition of affairs. The premier refused to take the report seriously. If judge Cassels were to continue the work where the commission had left off, the doors of every department at Ottawa could be flung open to him. The last thing that was wanted was the whole truth.

Hon. Sydney Fisher expressed the hope that before long the civil service would be removed.

Andrew Brodeur reiterated his claim to which the premier had taken exceptions, that the government was spending $11 on war to every dollar it was spending on agriculture.

Hon. Mr. Brodeur characterized Mr. Foster's attack upon him as uncalled for. Let him make any direct charges if he dared. He had not the courage to do that. Mr. Brodeur hotly denied the charge that in 1896 he had appealed to the fanaticism of the French Canadians on the question of armaments.

At 10:40 a. m. the house divided on Mr. Borden's resolution, which was lost on a straight party vote of 99 to 48.

FIRE AT SANDON

(Special to The Daily News.)

Sandon, April 30.—The New Brewry of this city, owned by Twogood & Bruder, was burned to the ground this afternoon. The fire started at 3 p. m. and it took only a short time for the complete destruction of the building. The origin of the fire is not stated. Loss $15,000. Insurance $6000.

DETAILS OF AGREEMENT

C. N. R. EMPLOYEES MAKE SOME CONCESSIONS

A NINE HOUR DAY AND UNION RECOGNITION

Winnipeg, April 30.—The wage and working schedules drawn up in accordance with the agreement reached by the officials of the Canadian Northern railway and the representatives of the company's shop employees have been signed. This agreement embodies concessions on both sides, one of the most interesting of which is a reduction of two cents an hour for some classes of work. The men having given away with respect to the wage scale, after fully considering the representations made by the officials, owing to the prevailing slackness of business, the men receiving quid pro quo in the way of time and classification. The nine hour day continues with recognition of the union.

In order to facilitate the handling of their western business, Peter Lyall & Sons, building contractors of Montreal, have organized a local company that will have complete control of all the firm's work and business interests west of the great lakes in this country. The officers of the company are Peter Lyall, Sr. president; George A. Mitchell, vice president and general manager; Peter Lyall, Jr., secretary and treasurer. The capital stock of the company is $250,000. While the official announcement has not yet been made it is rumored here that they will secure the contract for the Port Garry union depot here, which is to cost over a million dollars.

Alderman J. C. Gibson, of this city, in conjunction with Richard Hall, an eastern financier, has purchased the Eburne Shingle & Lumber Co. in South Vancouver and will remove it to the coast city.

ENGLISH SUFFRAGISTS

New York, April 30.—The World today says that Mrs. Norman Wells, the English suffragist, has complained to the police about the treatment she and a companion received in Harlem a night or two ago when they attempted to address a street crowd. Mrs. Wells demands police protection at her next Harlem meeting, set for the coming Monday night.

Mrs. Wells said: "The way we were treated in Harlem is a disgrace to the city. A dozen times I was moving about in the crowd and I was tripped or knocked down and kicked. I appealed to several men to protect us, but the only answer I received was jeers.

"I have addressed meetings in some of the worst parts of London but I have never had such an experience. We don't mind how much fun is made of us, but it is a disgrace to American manhood when a woman is permitted to be knocked down in a public street."

ATTELL DEFEATS SULLIVAN

San Francisco, April 30—Abe Attell and Brooklyn Tommy Sullivan met in the ring for the third time tonight. They fought a draw in September in Alton, Ill., about four years ago Sullivan is credited with knocking out Attell at St. Louis. The Attell-Sullivan match as originally made was at 122 pounds at 5 o'clock. This weight Sullivan later found he could not make and do justice to himself. He made this known and through an agreement with Attell the weight limit was raised to 124 pounds at 5 o'clock.

KOOTENAY CAUSE CELEBRE

ED DUPONT OF REVELSTOKE ASKS FOR A DIVORCE—REAL ESTATE TRANSFERS BREAK ALL RECORDS IN VANCOUVER—NEWS OF COAST.

(Special to The Daily News.)

Vancouver, April 30—Edward Dupont of Revelstoke has filed papers asking for divorce from his wife, who is a daughter of E. Corning of the Climax hotel, Revelstoke. Among alleged corespondents mentioned in the case is a prominent citizen of Kootenay and two eastern Canadians.

A. D. McPhee and W. Ross of Grand Forks, Jack Martin of Rossland and Geo. Macleod of Spokane are here outfitting for a trip to Findlay river, going via Ashcroft. If successful they will return by Bulkley valley. Their expedition is being backed by an American syndicate.

Building returns for Vancouver for April are nearly one and a half millions establishing a new record. Monthly total land registry office also shows more real estat transfers than ever before in the history of the city.

Vancouver, April 30—The Vancouver and Victoria Stevedoring company has been absorbed with the Washington Stevedoring company and McCabe and Hamilton, the last two of Seattle and Tacoma, by the International Investment company, with a capital of $500,000.

Louis Larsen, who leaves a wife and child in Norway, was crushed by a log rolling on him in the woods at Pitt lake. He was employed in the logging camp of E. J. Fader.

The steamer Kaga Maru brought news from Hongkong of an arrangement entered into by the Eng Hok Tong Steamship company, a Chinese concern, registered at Hongkong, for a new Trans-Pacific line of steamships to connect South China and Galveston, Texas by way of the Tehuantepec National railroad across the isthmus of Tehuantepec from Salina Cruz to Puerto Mexico. The new steamship service, which will commence operations about the end of May, will be operated on the Pacific by the Eng Hok Tong steamship company between Hongkong and Salina Cruz, and the Wolvin steamship line will operate a connecting service from Galveston and other gulf ports to Puerto Mexico, the Atlantic terminal of the Trans-Isthmian railway.

TO PROVE HIS DEATH

MYSTERIOUS DISAPPEARANCE OF A WESTERN FARMER

DEATH OF A BRILLIANT SCHOLAR AT EDMONTON

Edmonton, April 30—Eight years ago, Jos. Kirk, who resided on the northeast quarter of section 14, township 53, range 24 west, left the city for Spokane. He has not been heard of since. Action is now being taken that he be declared legally dead. The difficulty in this case, however, is that no proof can be obtained that the man is actually dead. He left here in 1900 after selling his farm for $1500 and went to Spokane. Arriving there he secured a boarding house. One evening he left his boarding house and did not return and no trace of him has since been found. About that time an unknown man was found dead, but the chief of police of Spokane stated that there was no resemblance between the man found and the description of Kirk.

One of the most brilliant scholars and linguists of Canada passed away in the city last night in the person of Charles Dew Macdonald of McKinnon and Cogswell, and a well known citizen of Edmonton for the past ten years. The late Mr. Macdonald, who was 54 years of age, had been in failing health for some time and during the past few weeks his end was expected at any time.

H. A. Conroy of Ottawa, superintendent of Indian agencies in northern Alberta, arrived in the city yesterday on his way to the north to pay his yearly visit to the Indian tribes. Mr. Conroy is at present outfitting his party an dpreparing for his six months' trip in the sparsely settled north country. He leaves on Saturday or Monday.

Two young scientists and explorers are at present in Edmonton. These are Vilhjaymur Stefannson and Capt R. M. Anderson of New York, who are on their way nor.h to study animal and bird life at the north of the Copper Mine river, in the frozen Arctic.

WITH THE POLITICIANS

Welland, April 30.—Thomas Marshall has been nominated by Monck liberals in place of Hon. H. Harcourt, retired.

Renfrew, April 30.—South Renfrew conservatives renominated T. W. McGarry, M. P. P., for the legislature.

Winnipeg, April 30.—J. Ernest Cyr, M. P., for Provencher, has tendered his resignation on the ground of ill-health as a candidate for that constituency in the forthcoming elections.

ETNA IN ERUPTION

Messina, April 30.—Mount Etna is now in active eruption. At night the contrast between the flames from its cone and the snow capped mountains is most picturesque.

VALEDICTORY

With this issue of The Daily News my connection therewith ceases. I have disposed of the business in its entirety, including book debts and good-will to Mr. W. G. McMorris, who for the past year or so has had charge of the business office.

In severing my connection with The Daily News I feel that some few words of explanation are due to the public that has so loyally and generously supported the paper since its inception six years ago.

In establishing The Daily News I was actuated by a desire to provide for southern British Columbia, what, at the time I believed to be an urgent requirement, a first class daily paper, that would provide a good news service and exercise its influence in the direction of making better known and advancing the development of the unrivalled resources of the territory which it would cover. I may say frankly that from the outset and throughout the past six years I was handicapped by a lack of capital. For several years the paper did not pay its way and my resources were taxed to the utmost limit to keep it going. By sacrificing property I held elsewhere I was able, some three years back, to satisfy the claims of my most pressing creditors and to place the business on a more stable basis. From that time on there was steady improvement and today it is self-supporting, but that is all. Consequently I found myself in this position: My resources were used up and no immediate prospect of the paper earning sufficient to provide a sinking fund for the liquidation of capital indebtedness and to make provision for maintenance of plant. Moreover, there were other conditions in the local newspaper field which made it abundantly evident to me that in the near future still greater demands would be made upon me if The Daily News were to maintain its leading position and single handed I could not, in fairness to my creditors, consider the continuance of the struggle, when opportunity offered whereby I could assure the permanent existence of The Daily News as a first class newspaper and at the same time fully safeguard my creditors.

I believe that the promises made on behalf of The Daily News at its inception have been in a large measure fulfilled. It was then stated:

"The management does not believe in lavish promises, but hopes that its achievements will be greater than such promises as it may make. The purpose of the management is to make it as good a paper as the conditions and the field will permit. All the news that is news will be published. A particularly earnest effort will be made to cover the district news, so as to keep its subscribers informed of the development and the progress underway in the several mining divisions of southern British Columbia.

"A house divided against itself is certain to fail, and the necessity for all sections of the community working together in harmony is obvious. Hence one of the important aims of this paper will be to bring all classes together on a common platform—the development of the country. The future of Nelson as well as of the other communities of southern British Columbia, depends on the way in which each reaches out and utilizes the natural resources which surround it. This can best be accomplished by unity of purpose and harmony of effort.

"It has been said that it is not mortal to command success, but at least we'll deserve it, if earnest, honest work in the interest of Nelson and the surrounding districts will achieve that end."

Under the new management The Daily News will from the outset be on a sound financial basis, conditions that have militated against the profitable conduct of this paper in the past will be removed and under the capable business management of Mr. W. G. McMorris I am very sure that a long and prosperous career is ahead of the newspaper I established in the city six years ago and whilst I shall not participate in the full fruition of my efforts I shall have the satisfaction of knowing that these efforts have secured to Kootenay a newspaper of which every resident may feel justly proud and which will be no mean factor in the development of the richest and fairest section of our great province. It is only right to add that whatever measure of success has attended my conduct of The Daily News has been largely due to the loyal cooperation of my staff, many of whom have worked with me from the date of its first issue until today.

F. J. DEANE.

Border Tribe Sickened by Late Defeat

NOW PRAYING FOR PEACE

AMIR OF AFGHANISTAN REFUSES TO ACKNOWLEDGE THE CAUSE OF THE PREDATORY TRIBESMEN WHO NOW PROFESS THEIR LOYALTY.

Peshawur, India, April 30—The Mohammedan tribes, who have been quiescent since their defeat six days ago by a British force under the command of sir James Wilcox, are sending in delegates to confer with the British authorities. If the tribesmen accept the terms offered by the British officers the necessity of sending a strong expedition against the Mohammedan borderers will be avoided.

In obedience to an order issued by the Amir of Afghanistan, many of the Afghans who joined the tribesmen, are returning to their own country.

LIGHT AND POWER

Light was turned on yesterday at noon and at midnight, as mayor Taylor stated in yesterday's issue of The Daily News, the full power of the city plant was available as far as the lighting system of the city was concerned. This was done through two of the four transformers, the oil for the other two arriving last night from Spokane. The Allis-Chalmers-Bullock officials of the power plant are confident that a test will be able to be made in the early part of next week when they are prepared, on a competent test, to hand over charge of the whole plant to the city.

ACCIDENTALLY KILLED

VERDICT OF PHOENIX JURY ON RECENT FATALITY

FUNERAL WAS THE LARGEST EVER SEEN IN THE CITY

(Special to The Daily News.)

Phoenix, April 30—No little interest has been taken in the coroners inquest to inquire into the cause of the death of Christopher B. Martin and Kingsley G. Smith, who were killed by falling in the Granby mines on Sunday last. The jury was empanelled yesterday morning by coroner A. S. Black, consisting of the following: Andrew Johnson, Joseph Trombley, Murdock McIntyre, J. L. Martin, C. H. Flood and W. B. Wilcox. The scene of the acident in stope No. 61 on the 300 foot level was visited, and testimony was taken for about six hours. The company was represented by David Whiteside of Grand Forks and the widow of Martin by J. P. McLeod of Greenwood.

The men had been working on Sunday afternoon on a bench, some 25 feet above the muck pile below, and in some way had evidently lost their balance and been precipitated below, possibly one dragging the other down. There were no witnesses to the fatality, but the shiftboss, Wm. Tatham, and muckerboss Charles Nelson, who had found the remains, were called among others to tell what they could about the matter. Mine inspector James McGregor, who is here, was also called, and G. B. Larsen and Murdock Campbell, barmen who worked on the opposite shift from the deceased in the same locality.

The last two thought the bench had disappeared and fallen since they had worked there on Saturday, but their shiftboss, H. W. Heidman, stated that, while there may have been some rock coming down, the bench on which the deceased worked was still there. The jury brought in a verdict of death from accidentally falling at the place referred to.

Yesterday afternoon the funeral was held of Martin and Smith and it was the largest funeral ever held in this city. The Granby mines were closed and nearly every business concern in the city. Rev. J. Leech Porter, the Anglican clergyman, officiated, the services being held in the Miners' union opera house, no other place being large enough. The auspices took place under the Fraternal Order of Eagles, of which Martin was a member and of the Miners' union, to which both men belonged, and there were about 750 persons in the funeral cortege as it wound its way to the Eagles' cemetery and the city cemetery, located a mile or two below Phoenix. Members of both orders turned out in large numbers.

Martin had been a resident of this and neighboring camps for five or six years. He was married about five years ago in Fairview camp, and leaves a widow, still in her teens. He was well known all over the district and both he and Smith were regarded as thoroughly competent miners by their employers and shiftbosses and foremen. Martin was a native of New Zealand and was 40 years of age. Smith was a native of England and was 40 years of age. The men died almost instantly from their injuries, a few groans being heard by fellow workmen some distance away, but which had died out before the men could be reached.

POINT AT ISSUE

Asquith Endorses Home Rule for Ireland

POLICY OF LIBERAL PARTY

GREAT BRITAIN'S PREMIER UTTERS A HALTING APPROVAL OF THE ATTITUDE OF HIS DEFEATED MINISTER WINSTON CHURCHILL.

London, April 30.—Speaking in the house of commons this afternoon premier Asquith rectified his omission to mention Home Rule in his speech at the liberal meeting held in the reform club this morning, and gave a somewhat roundabout, although practically complete, adhesion to the Home Rule pledge, given by Winston Churchill during the recent electoral campaign at Manchester.

The subject was brought up by Walter Long, conservative, who asked the premier if Mr. Churchill's pledge had his sanction and authority and, if so, whether he would give the house an opportunity of discussing this change in the government's policy.

Mr. Asquith replied: "There has been no change in the policy of the government, which was all fully explained by the chief secretary for Ireland and myself on March 30. I did not authorize Mr. Churchill to make, and I am quite satisfied he has not made, any statements inconsistent with the previous declarations of the government. He did not say anything which I have not said expressly or by plain implication in my speech."

Pressed to explain why, if this were so, the speeches of himself and chief secretary for Ireland Birrell, haid failed to satisfy the Irish party, while Mr. Churchill's utterances have been quite satisfactory to them, Mr. Asquith muttered in reply a quite inaudible but somewhat halting endorsement of Mr. Churchill.

SPLENDID PLAY

"Friends" at Theatre Last Night—Same Bill for This Evening

Those who attended the opera house last night to see the National Stock company in "Friends" had the pleasure of witnessing one of the best plays ever seen in this city, and acted in a manner that created hand after hand of applause and won many a good hearty laugh. The play is by the celebrated author Edwin Milton Royle, the author of the Squaw Man, but the play produced last night unquestionably is his masterpiece.

The play deals with two struggling artists, one a musician, the other a poet, and each in love with a celebrated opera singer. The struggles of the two young men to overcome their poverty, and the efforts of the father of the poet to get his son to stop writing poetry and settle down, afford enough amusement to keep the audience laughing throughout the action of the piece. Mr. Lloyd gave one of the finest pieces of acting seen here in many a day, as the dope fiend, and received round after round of well merited applause. Ray Brandon and N. Cogley handled the comedy scenes in a manner that left nothing to be desired and Miss Jeanne Russell added to her reputation as a versatile actress by the pleasing and convincing manner in which she handled the role of Marguarite.

This play will be produced again this evening and there is no reason why the opera house should not be packed to the doors as the play is certainly well worth seeing.

SYNOD OF ALBERTA

Second Annual Session Opens at Edmonton —Dr. Shearer's Address

Edmonton, April 30—The second annual session of the synod of the Presbyterian church in Alberta, opened its first sitting in the Presbyterian church last night, a large number of Presbyterian ministers and elders from all parts of the province being present. Principal Patrick of Manitoba college, delivered a very eloquent address. At its conclusion some preliminary business of the synod was transacted. Rev. Mr. White of Lacombe, was elected moderator of the synod for the ensuing year and a committee was appointed to arrange a program for the meetings of the synod.

This morning the Synod held its first session, Rev. Mr. White, the moderator presiding. Rev. Gavin Hamilton of Cowley was appointed secretary.

Rev. Dr. Shearer of Toronto, was the first speaker, delivering an address upon the vital need that exists for churchmen to take a more active leadership in labor affairs and to let the working man know of the church's sympathy with him in solving his problems. He also spoke on the question of temperance.

The home mission society, composed of the ladies of the Presbyterian church, is holding its second annual convention in the First Presbyterian church.

N. B. LEGISLATURE

Fredericton, April 30.—The provincial legislature was opened this afternoon by lieutenant governor Tweedie, who, in his speech from the throne, referred to the great increase in exports from St. John during the winter and the visit of earl Grey to the province. Outlining government legislation, he said an act would be introduced providing for an independent audit and complete investigation of provincial railways, a new highway act and a workmen's copensation act.

A KOOTENAY PAPER

The announcement, contained elsewhere in this issue to the effect that The Daily News has passed into other hands will be read with considerable interest by the many patrons of this paper. The announcement is an important one inasmuch as it contains the assurance that the financial difficulties under which this paper has struggled in the past have been removed and that there is now every prospect of The Daily News being maintained at the high standard, which has all along been the aim of those responsible for its production.

Improvements long contemplated can now be effected and, as never before, The Daily News can serve the Kootenay country.

The value to a community of a really first-class, clean, independent newspaper cannot be overestimated and it will be the aim of the new management to fill this bill.

Generous support has come to The Daily News in the past from both subscribers and advertisers and, we think we may fairly say, that good value has been given—at least we have received abundant assurances to that effect. In the future The Daily News will continue to give its readers the best possible news service and to devote space to keeping the outside world well informed as to the resources of Kootenay, its progress and the opportunities its offers for safe investment of capital and to the home seeker.

Our aim will be to make The Daily News a great Kootenay paper and with a continuance of the generous support received in the past, we have no fear of failure in this regard.

MINARD'S LINIMENT CO., Ltd.

Gentlemen—In January last Francis Leclare, one of the men employed by me, working in the lumber woods, had a tree fall on him, crushing him fearfully. He was, when found, placed on a sled and taken home, where grave fears were entertained for his recovery, his hips being badly bruised and his body turned black from his ribs to his feet. We used MINARD'S LINIMENT on him freely to deaden the pain and with the use of three bottles he was completely cured and able to return to his work.

EDITORIAL NOTES

Perhaps no better illustration of the value of the Lemieux Act can be furnished than its invocation by the Canadian Pacific workmen at the present juncture of their negotiations with the company, says the Winnipeg Free Press. From day to day, reports have been furnished to the public which indicated the possibility of a struggle that would have resulted in very serious interruption to ordinary railroad traffic and, consequently, business as a whole. With all the men usually employed in the various repair shops located at different points on the Canadian Pacific and Canadian Northern railway systems locked out, if only for a short period, the results could not be otherwise than very serious. The men in question have been working under collective agreements with the company, subject to termination upon 30 days' notice being given by either contracting party. The company took advantage of this condition and served notice upon all the unions, on April 1, intimating that the agreements would not be recognized by them after April 30. In place of the various working schedules which existed under the agreements, the company posted new regulations to become effective on May 1. These new rules are practically a declaration of an "open shop" policy and also a policy of paying men according to the company's estimate of their value and not the uniform rate established by the agreements. Apparently the men are opposed to accepting work under these conditions. It is a very radical change. In their well-organized state it was not probable that they would have elected to abandon without a struggle the schedules they had succeeded in making the company agree to after the past expenditure of no inconsiderable amount of time and money in organizing and negotiating.

As to the merits of the issue raised between the men and the company, the public, although the party most vitally interested, has no means, except through the operation of the Lemieux Act, of knowing. Under this measure, the minister of labor has power to step in, upon his own initiative, and compel the parties to the dispute to continue their existing relations to each other for 30 days, pending investigation by a commission of three, composed of representatives appointed by each of the representatives of the disputants, and, in case these two representatives fail to agree upon a third party, the minister of labor making the appointment. To the credit of the leaders of the men, rather than precipitately enter into a struggle with the company, they have wisely invoked the Lemieux Act. Whatever is the decision awarded, as a result of this action, the public will insist upon its being respected, whether it be favorable to the men or to the company. There is no reason, however, to believe that either party will be otherwise than loyal to a decision from an independant tribunal.

McCARTHY RETIRES

Colin Harbottle in Police Court—Troops for Quebec Tercentenary

Toronto, April 30—Leighton G. McCarthy, liberal member of parliament for North Simcoe, will not seek re-election again for the commons. He will give reasons for his retirement at a convention to be called. It is understood that Mr. McCarthy's decision to retire is solely to personal and family reasons.

Rev. E. B. Wilcox has resigned the pastorate of Zion Congregational church to become, it is understood, superintendent of a Toronto Jewish mission.

The roof of a portion of the water works tunnel being constructed in the bay collapsed today and two men, Captain McMahon and a unknown Belgian, were badly crushed. The accident took place at the island end of the tunnel and the men had to be carried across to this city.

After five months of wandering over the world with detectives at his heels Capt. Colin C. Harbottle, former secretary of the Toronto club, and at one time one of society's favorites, was before police magistrate Denison today to answer to the charge of embezzlement. The principal charge is the embezzlement of $14,596 from the Toronto club but there are a number of other counts against him for smaller amounts. The absconding secretary did not either elect or plead and was remanded.

C. J. Harris, 12 Dennison avenue, fears that Albert Harris, 20 years old, his brother is among the drowned crew of the Gladiator which was sunk in collision with the American liner St. Paul.

Unless the decision of the militia council to withhold the annual pay of city corps attending the Quebec tercentenary celebration is wholly withdrawn or materially modified, the chances are that the city corps of the Canadian militia will be conspicuous by their absence from Quebec in July. This is said to be the decision of the Toronto officers and reports from Hamilton, London, St. Thomas, St. Catherines, Brantford and Kingston are the same. The commanding officers are willing to take their regiments to Quebec without extra pay for the trip, providing the annual pay is forthcoming.

STAY AWAY

John Houston's Advice to Those Who Would Go North Now

(Prince Rupert Empire)

During the week ending today, more than two dozen people who came to Prince Rupert in the hope of securing a location on which to do business left disappointed. More will come every week and will go away disappointed. Until lots in the townsite are surveyed it is not possible for the Grand Trunk Pacific to give anyone locations for either business or other buildings. The owners of the Grand Turk fraction and Cariboo mineral claims are not dealing in real estate and have allowed people who needed shelter to erect tent cabins for temporary use. They have also allowed a few individuals to erect temporary boarding houses and bunk houses in which people who come here expecting to find hotel accommodations are fed and sheltered. No one need come to Prince Rupert expecting to get a business location on a mineral claim as a right. The owners of these claims are under no obligation to anyone and what they have done so far has been merely in the interests of common humanity. Were it to be done over again, they would not go so far as they have gone, for the meanness and petty greed of some of those who have been helped does not tend to make them "love their neighbors." The Empire can only repeat its weekly warning: "Stay away from Prince Rupert until lots in the townsite can be purchased, which will not be earlier than September."

PARTY LOVE FEAST

British Liberals Greet Their New Leader—Retain Free Trade

London, April 30—The liberals held a party love feast at the reform club this morning to welcome their new chief, premier Asquith and gave him an opportunity of publishing a declaration of his policy. Resolutions of loyalty to Mr. Asquith were adopted by acclamation after which the premier proceeded to outline his program. He nailed to the mast the flags of free trade, education, licensing and old age pensions, but he fought shy of home rule. This is considered as confirmation of the rumors following the defeat of Winston Churchill in the northwest division of Manchester that the premier had notified him of his disapproval of Mr. Churchill's pledges to the Nationalists regarding home rule.

FIRST OCEAN BOAT

Montreal, April 30.—The first ocean boat of the season is the Allan liner Corsican, which arrived in port this morning, followed shortly afterwards by the dominion liner Dominion. Thirty-five hundred immigrants are now on they way to Montreal on the Allan liner Corinthian, Dominion liner Ottawa and Canadian Pacific liners Lake Erie and Montreal.

CUSTOMS RECEIPTS

Ottawa, April 30.—Customs receipts for the dominion for April totalled $3,449,947, a decrease of $1,018,446, as compared with April of last year.

FINANCIAL MEN COME

SPECIAL FEATURE OF COBALT CAMP THIS WEEK

CLAIM JUMPING IS CAUSING MUCH TROUBLE

(Special to The Daily News.)

North Bay, Ont., April 29.—A special feature of the Cobalt camp, from a general standpoint during the past two weeks has been the large increase of incoming financial men, the majority of whom are from the United States. This was the initial trip for a large percentage of these men. They went in for the purpose of investing money for they believe that Cobalt, as an investment, offers better chances than any other camp on the continent, and yet 90 per cent of these investors returned home without investing a cent. A portion of them journeyed to the Montreal river, others to Lorraine, whilst the remainder inspected properties in the camp proper. As far as could be learned all these investors returned quite satisfied with the showing of mineral but what eventually resulted in their quick return was the indefiniteness of the deed of tile to a number of the properties.

So many claims have been jumped and the whole condition of affairs are in such an indecisive and indefinite state that these men, rather than fight a law suit, preferred to return home and wait until such time that the government of Ontario, which is responsible for the condition of affairs, sees fit to make an alteration.

It is reported that the attorney general for Ontario has entered action against the Temiskaming and Hudson's Bay Mining company concerning the deed of title to the property the company is now working. This action has been brought against the company through the attorney general by private parties. This action has been pending for some time and now it is proposed to bring the matter to a head. The news of this action has revived speculation in Cobalt and is another instance of the many that go toward proving that the mining laws of Ontario are indeed in a very poor state. Aside from the Temiskaming and Hudson's Bay Co.'s case, which it is not fair to use as a weight in the balance until it has been further investigated, the Ontario government has been mixed up in several cases which have caused considerable excitement throughout Cobalt. The majority of these cases have arisen over the rights of ownership. The Cobalt Lake, the O'Brien and several other properties were greatly hindered during the many months the cases were in court.

Mining men claim that the recent act representing the mining industry is even worse than those passed previously. Until a proper act is enforced, an act that is strong within itself and will give a definite and satisfactory view to all sides of the question, hindrances and obstacles in the pathway of the progress of the camp may be expected.

JAPAN'S DISASTER

Boiler Explodes on Cruiser and Heavy Loss of Life Results

Tokio, April 30.—Admiral Yoshimatsu, commander of the training squadron, reports that an explosion occurred in the stock magazine of the cruiser Matsuhima at 4:08 o'clock this morning while anchoring at Makanga, a harbor on the Pescadores islands. The Matsuhima immediately sank, until only the bridge was visible. Efforts at rescue by boats from the cruisers Hashaidate and Itsukushima continued until 9: a m., saving the lives of 42 men, including some officers. The majority of the officers were not saved. At the time of the admiral's report, the cadets aboard numbered 58 out of a complement of 300. It is feared all are lost. The sons of baron Chinda, vice minister of foreign affairs, prince Oyamajo, field marshall, are among the men. Captains Yokimori and Yasbrio are also thought to be lost. The cause of the explosion is unknown.

The Pescadores islands, the scene of the catastrophe, are a low island group between Formosa and China. They belonged to China until 1895 when they were ceded to Japan. The Matsuhima is a protected cruiser. She was built in 1900. Her displacement is 423 7tons, length 290 feet. She has two decks and 12 gun positions. Her armament consisted of one 12.6 inch gun, 26 quick firing guns and six machine guns. She had also four torpedo tubes. Her complement is given in the books of record as 350 men. The cruiser had 300 men on board at the time of the accident; 195 lost their lives. The Matsuhima took part in the Russo-Japanese war. She was instrumental, in November, 1904, in sending Russian torpedo boats that were attempting to escape from Port Arthur to the bottom.

Accidents in the Japanese navy have been rare. There was an explosion of powder on the battleship Kashima last September, in which 27men were killed, and in September, 1905, the battleship Mikasa, which was admiral Togo's flagship in the Russo-Japan war, was partially destroyed by fire and the explosion of her magazine at Sasebo. No men lost their lives in this accident.

BAD ATTACK OF DYSENTERY CURED

"An honored citizen of this town was suffering from a severe attack of dysentery. He told a friend if he could obtain a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, he felt confident of being cured, he having used this remedy in the west. He was told that I kept it in stock and lost no time in obtaining it and was promptly cured," says M. J. Leach, druggist of Wellcott, Vt. For sale by all druggists and dealers.

POLICY OF EXPANSION

WISE ADMINISTRATION OF LIBERALS BEARING FRUIT

COUNTRY AT LARGE SATISFIED WITH EXISTING CONDITIONS

Ottawa, April 30—That Canadians may reap the greatest benefit from the material and advancement and prosperity of the country at large, and avail themselves of their natural advantages and opportunities the government has entered into great public works in the general interest. Railways have been assisted, wharfs built, canals deepened, harbors dredged and public buildings erected, all of this for the general advantage of the people and to meet the requirements of expanding trade.

Public money is being wisely expended not to enrich the few, but for the benefit of all the people. This is the surest test of honest and wise administration that public money is expended in the public interest and for the general good.

The government, with many problems in the older part of Canada is not unmindful of the west. The building of the Grand Trunk Pacific is being pushed on with all possible speed. Everything that the government can do to further this enterprise is being done in response to the mandate of the people expressed in the elections of 1904.

The dominion is of great extent and needs from various points are diversified. To solve the problems presented and meet the desires of the people from the Atlantic to the Pacific is the object of the present government.

In the years to come the result of wise administration during the growing days will be apparent. What is done now will bear fruit in the future and for that reason the liberal government strong in the possession of the people's confidence will continue to administer public affairs equitably wisely and well.

This being the case, what reason is there to make changes in the administration? The people of the country are satisfied. There has been no breach of faith, nothing to warrant a withdrawal of public confidence therefore it must be assumed that the liberals will continue in office for many years yet to come.

It does not appear that the people want any change. Nothing could be improved, no person advantaged (except the needy politicians) and it will require something more substantial than biting sarcasm of the Foster type to cause the people to withdraw confidence from sir Wilfrid Laurier and repose it in Foster, Sproule, Bennett, Fowler, etc.

The late spring has not been without effect upon the business and commercial interests of the dominion, but from all directions the testimony is the same, that the good times enjoyed for many years past may be confidently anticipated during the coming season.

It is asking too much of an intelligent people to throw over a government that has done so much and install in its place untrained and inexperienced men who have outlined no necessary changes in the policy that should govern the country, and who have suggested no improved methods of conducting public business. Until something is formulated by the conservatives to take the place of the enlightened policy which now distinguishes the administration of sir Wilfrid Laurier, there will be no change made, because there will be no necessity for change. Before the people of Canada surrender the government they have, they must be shown something better to take its place. The fact that a few trifling affairs in the bulk of the people's business may be susceptible to criticism, will not justify a wholesale condemnation of the liberal party or a reversal of the policy of the government.

No reasonable man would expect to conduct a business involving the expenditure of $100,000,000 a year and not find something to criticize. The government depends upon the honesty and good faith of its servants just the same as a private individual does and should these fail in their duty, the government is in the same position as the business man. Sir Wilfrid Laurier has already said that any corrupt official will be discharged and sir Wilfrid may be counted upon to keep his word in this respect.

KOOTENAY

Electoral District

A convention of the Liberals of Kootenay will be held at Nelson, B. C., on

Thursday, June 4, '08

For the purpose of selecting a candidate to contest the riding in the next Dominion election in the interests of the Liberal party.

The convention will open at 2 p. m., and all Liberals are invited to attend, but only accredited delegates will be allowed to vote.

The basis of representation will be one delegate for every 50 votes, or fraction thereof, polled at the last dominion election. Properly accredited proxies will be recognized.

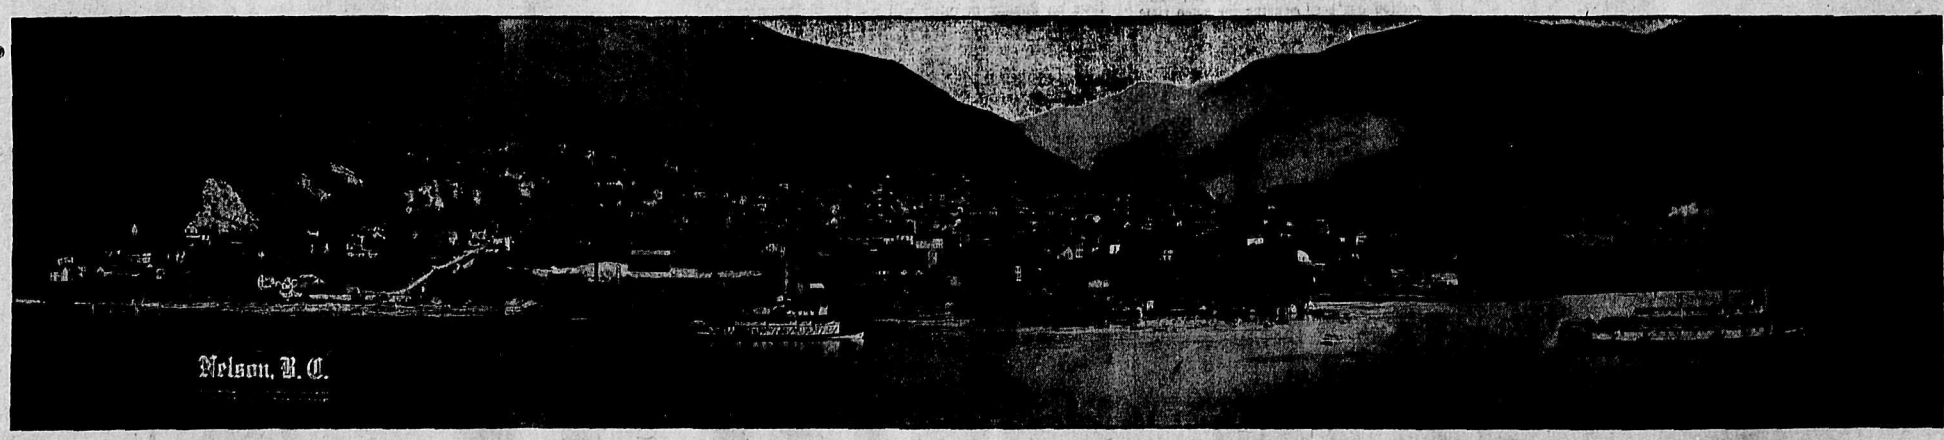
THE HOME CITY OF THE DAILY NEWS



NICE PLACE, ISN'T IT? ALWAYS ROOM FOR MORE ENTERPRISING CITIZENS

SOME FACTS ABOUT NELSON, B. C.

NELSON, the capital city of the Kootenays, situated on the West Arm of Kootenay Lake, is the commercial and judicial center of Southeastern British Columbia, and is a clean, prosperous, healthy city with a population of between six and seven thousand people.

Nelson is the trading center of one of the finest fruit growing districts in British Columbia.

The mining and smelting industries of the Kootenays are equal to the best, and Nelson gets a large share of the business connected therewith.

Nelson is the most important manufacturing and industrial center in the Kootenays.

Nelson has lacrosse and hockey, tennis, cricket, football, baseball, rowing, launching and shooting clubs, and the citizens go in for all outdoor sports, while the fishing is superb, and second to none in British Columbia.

Nelson has six churches, a Salvation Army citadel; public and high schools, private schools and kindergartens.

Nelson is the wholesale center of Southeastern British Columbia.

Nelson has four chartered banks; and the best general stores between Calgary and Vancouver.

The postal revenue of the Nelson post office is over $21,000 annually, making Nelson rank as the third city in British Columbia.

Nelson has the best hotels in the interior of British Columbia.

Nelson owns and operates its own electric light and power plant, having, during the past year, completed at a cost of about $250,000 a hydro-electric plant on Kootenay river, nine miles below Nelson, and at present have installed one unit with a capacity of 1250 horse power, but have made provision for the developing 6000 h. p. when needed. Incidentally, Nelson is the best lighted city in British Columbia.

Nelson has leased and operates two decimal five miles of street railway.

Nelson owns and operates its waterworks system, and has fifteen miles of water mains.

Nelson has eighteen miles of sidewalks.

Nelson has ten miles of sewers and on account of the gradual slope the drainage is perfect.

Nelson has a paid fire department, with a central hall and three sub-stations, with the Gamewell fire alarm system installed.

And with these Nelson has scenic attractions which make it the best residential city in British Columbia today

The Daily News has a telegraph service equal, if not better, than any paper published in British Columbia. Maintains special correspondents at all important points in Canada and contains the announcements of representative city manufacturing firms, merchants and real estate firms of the city.

NELSON NEWS OF THE DAY

The thermometer yesterday varied between 3 and 68 degrees.

J. W. Cockle will lecture today for the Farmers' Institute in Creston on "Insects."

Born, in this city on Thursday, April 30, to the wife of W. Waldie, Carbonate street, a son.

Commencing this evening the curfew bell will ring at 8:45 p.m. and at 9 o'clock all children of 15 years and under must be off the streets unless accompanied by the parents or guardians.

The Squaw Man, which was so favorably received at the opera house last Friday and Saturday will be repeated by the National Stock company tomorrow afternoon as a special matinee bill.

At St. Saviour's church, Nelson, B.C. on Thursday, April 30, 1908, Alexander James Watson of Slocan City, B.C., was married by the Rev. Fred H. Graham, rector, to Miss Maude Holegreaves of Ebberston, Yorks, England.

Before police magistrate Crease yesterday John Grant, aged 14, was charged with an infraction of the curfew law. Grant pleaded guilty and was remanded on suspended sentence. Mr. Crease informed the youngster that if he offended again he would bt punished. The police have instructions to see that the curfew law is obeyed and will carry out their instructions, so all children of 15 or under are duly warned.

A 19-pound rainbow trout was brought in by J. W. Cockle of Kaslo yesterday which he is presenting to the publicity department of the board of trade for the exhibit at Calgary next month. The fish was caught at the mouth of the Lardo river by Steve Morgan. It was on view yesterday afternoon at the Hume hotel and it was interesting to hear the views of the different experts as to its species.

G. Motion has received word that two carloads of oil were shipped from Winnipeg on April 27, one for the C.P.R. and the other for the city. The railway officials are rushing the freight through and it should be here today or tomorrow.

THREE CENT FARES

Cleveland, April 30—Three cents was the fare on the street car lines within the city today. The first day of low fares under the new deal in which the local street railway situation also brought forth the first law suit against the municipal traction company, the holding or operating concern. Mayor McQuaigg personally refused to pay more than three cents for a ride into the city and was put off the cars, the suit followed. The hearing upon the application for an injunction was passed until Tuesday.

FERNIE HAPPENINGS

Fernie, April 30.—Though well supplied with most of the attractions which make town life desirable, Fernie still lacks several institutions which are generally to be found in communities of this size and importance. At the present time it possesses no public library, Y. M. C. A. gymnasium or swimming baths, and the absence of such conveniences is keenly felt by a large class who have grown to appreciate the necessity and usefulness of such places. A large proportion of the population is made up of young men who are compelled to live in boarding houses or hotels and in the long winter months when outdoor recreation is impssble have little opportunity for mental or physical improvement. An effort is now being made to interest some of the citizens in the organization of a branch of the Young Men's Christian Association and it is to be hoped that this laudable object will meet with the hearty support it deserves, and before the close of the summer will be an accomplished fact.

Mr. and Mrs. R. W. Wood entertained a number of their friends with a most enjoyable Bridge party last night.

J. R. Wilson, of the Bank of Commerce staff, has been removed to the Penticton branch. He wil be much missed in amateur sports here, being one of best all-round athletes in Fernie.

Crooked Work Somewhere

We would not like to go so far as to make the above remark in connection with the late fires in Nelson, but we certainly did make some such remark a few days ago when we opened a shipment of Fit-Reform clothing and found but one suit left in the case.

This Label — FIT-REFORM CLOTHING — This Label

Looked Good to Those Fellows

who went through that case, for it is printed on every Fit-Reform shipment as well as being on the inside breast pocket of each coat, they simply had to have Fit-Reform clothes and stealing them seemed the simplest way. You can get them easier than that. Come and see. Fit-Reform clothing is always fairly priced—looks well and lasts long and if you'll take note of the fact, you will see that our customers are better dressed and get a little better value than the other fellows. We are never too busy to wait on you, and are always at your service.

THE MOST COMMON CAUSE OF SUFFERING

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills and it is certainly gratifying to sufferers to know that Chamberlain's Pain Balm will afford relief, and make rest and sleep possible. In many cases the relief from pain, which is at first temporary, has become permanent, while in old people subject to chronic rheumatism, often brought on by dampness or changes in the weather, a permanent cure cannot be expected; the relief from pain which this liniment affords is alone worth many times its cost; 25 and 50 cent sizes for sale by all druggists and dealers.

NOTICE OF APPLICATION FOR RENEWAL OF LIQUOR LICENSE

I, G. T. Snow, of the Outlet Hotel of Procter, B.C., hereby give notice that I intend, one month after publication of this notice, to apply to the Superintendent of Provincial Police for a renewal of a retail liquor license to sell intoxicating liquors under the provisions of the Statutes in that behalf, the premises known and described as the Outlet hotel, situated at Procter, B.C., to commence on the 1st day of July, 1908.

My postoffice address is Procter, B.C.,

The name and address of the owner of the premises for which the renewal of license is proposed are, G. T. Snow, Procter, B.C.

Dated thi 1st day of May, 1908.

Synopsis of Canadian Homestead Regulation

ANY available Dominion Lands within the Railway Belt of British Columbia may be homesteaded by any persons who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is ituate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother, or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

1. At least six months' residence upon and cultivation of the land in each year for three years.

2. If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

3. If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

Ten Acre Blocks of Fine Rich Fruit Land

With river and railroad frontage, situated close to Slocan Junction, 35 minutes ride from Nelson. These lots are practically cleared now and can with very little work be put in shape for plowing. They contain fine level land, almost free from stone, only one-quarter of a mile from railroad platform—four passenger trains and wayfreight daily.

We recommend these blocks as being particularly choice in quality; they will stand close inspection; the exposure is excellent.

Free Inspection Given to Intending Purchasers

You leave Nelson on the 10:45 A. M. train, have plenty of time to see these lots and be back to the city again by 9:45 o'clock See plan in our window.

Price $75.00 Per Acre

U. S. FLEET AT SEATTLE

ELABORATE PREPARATIONS ARE BEING MADE

LAND PARADE WILL BE ONE OF THE FEATURES

(Special to The Daily News.)

Seattle, April 30.—Elaborate preparations are being made by the chamber of commerce reception and entertainment committee to care for properly the large crowd of visitors expected in this city during the coming reception and entertainment in Seattle harbor of the officers and men of the Atlantic battleship fleet.

By the time the fleet arrives here on May 23, the Seattle chamber of commerce will have on hand a complete list of all the available rooms in the city for transient guests, in addition to a thorough list of all hotels, their accomodation and rates.

These lists, together with information of all the various points of interest in the city, street car routes, complete data as to the location in the harbor of the various battleships, and such information as will permit visitors to reach the ships without confusion, and all other matters that will be of interest to visitors, will be at the command of the out-of-town sightseers, free of charge, at an information bureau to be opened and maintained during the stay of the fleet, in Pioneer Place.

One of the greatest events of the program of entertainment for the public will be the aquatic sports on the bay. *These will include boat races by crews* from the battleships, launch races by the swifest tenders from the warships, and other events of like character. In order that the public may have opportunity to view these races in comfort, not only will many barges be provided by private parties for carrying visitors to the scene but permission will be obtained from the admiral of the fleet for persons to view the races from the decks of the warships.

The battleships will be moored in huge horseshoe formation around the bay, and as the races and other aquatic events will take place within this horseshoe the spacious decks of the war vessels will provide room for thousands who desire to enjoy the spectacle.

Announcements have already been made by the Great Northern Pacific, Oregon Railway & Navigation Co., and the Canadian Pacific Railway companies for special round trip rates of a fare and a third, to be granted to Seattle during the stay of the fleet from every point in the northwest. These tickets will give a ten day return privilege, so there will be no unnecessary crowding of trains and those who wish to take a lengthy holiday will have an opportunity to gratify their desire.

The great land parade that will be one of the features of the celebration will take place on the morning of Monday, May 25. That day will furnish the *greatest military spectacle* ever offered the people of the northwest. There will be 10,000 men in line, including sailors and marines from the battleships, 14 companies of coast artillery from Puget Sound forts, companies of infantry from Fort Lawton, national guardsmen and *many uniformed fraternal organizations.*

Elaborate preparations are being made for decorating the city and the line of march of the parade will be literally covered with flags, bunting and other hangings that will make a splendid background for the brilliant pageant to pass before the thousands of persons who will crowd every point of vantage.

The hotels and restaurants are making unusual preparations to care for the thousands of visitors, and all have agreed not only to refrain from raising prices during the stay of the fleet, but have signified their intention of setting forth special menus as an indication of their share of the hospitality Seattle will extend toward her guests.

SUPERIORITY Is the Mark that Distinguishes

Ridgways TEA

From All Others

Unexcelled in Purity, Strength and Flavor. Sold by leading grocers. From 50c lb.

AN ECONOMICAL TEA

Blue Ribbon

Tea selling at 25c or 30c a pound is not really cheap, but is extravagantly dear.

Because so much of it is usually required that the cost per cup is actually more than if a good tea like Blue Ribbon were used.

A pound of Blue Ribbon Tea will make 250 cups of good rich tea, so, even at 50c a pound you would get four or five cups for one cent.

Not a very dear drink, is it?

And as for flavor, there is simply no comparison between Blue Ribbon and the "cheap" teas.

Just try a pound, and see.

Any good tailor can give you a better suit for $40 than you can get in Progress Brand Clothing for $20.

But—

Compare the tailor's $20 suit with a Progress Brand $20 Suit.

Then you'll see for yourself that Progress Brand, at its price, is incomparably the greatest value in Canada. 5

ALKS TO NO PURPOSE

ANDAL-MONGER FOSTER'S USEFULNESS ENTIRELY GONE

RY OPPOSITION NOW COMPLETELY INNOCUOUS

ttawa, April 30—Having no scandals and hing upon which slander can be found, opposition has become listless. Mr. den appeared in the house on Tuesday for the first time in two weeks and which demonstrated no existing condition. The deceit practiced in the house of commons was on a par with the deceit practiced on the members of the I.O.F. when he speculated with their funds under the cloak of the Union Trust company. A man who would embark upon a system of gambling and speculation with trust funds and receive commission from a customer when doing business for which he was paid a salary, might reasonably be expected to juggle with figures, when bolstering up a criticism against a government he desires to displace.

It would be almost impossible to examine a charge brought against the liberal government by Mr. Foster of which he himself has not been guilty.

He says the figures printed in the trade and navigation returns are doctored and consequently misleading. Foster's figures are erroneous, are misleading and doctored to suit the circumstances of the moment.

He says the government gave timber berths to friends and supporters. Foster applied for timber limits for himself and friends when he was in power.

He says the minister of marine and fisheries took money from one vote and used it for a different purpose. Foster took money from the commercial agency fund and used it for a jaunt to the West Indies, and excused it by saying that it came out of the same pocket any how.

He says members use their influence to get land. Foster used his influence as a member to get land from the C.P.R.

He says a minister should not take a private secretary when representing Canada abroad. Foster under the same circumstance took a private secretary and a messenger.

He claimed that the expense per man of $1.03 on the Arctic was criminal extravagance. When he was minister of marine and fisheries, he fitted up a vessel for precisely the same purpose at a cost of $1.30 per man. The former was extravagance and the latter economy.

He complains of the expense incurred when the minister of marine takes his friends on board a government vessel. The difference is that the present minister pays out of his pocket the expenses of his friends on such occasions and when Mr. Foster was minister he charged such expenses to the country.

He criticized the government for paying money for services that were never rendered. Yet he accepted a pension of $3500 a year for which he gave no services.

He attaches great weight and constantly refers to the royal commission's report on the civil service, which condemns certain government methods, but he does not attach any weight to the royal commission's report on insurance which condemns himself.

He condemns the middleman who makes profit but he was willing to make a profit of 25 cents an acre on the lands sold by Roblin to the company of which he, Foster, was manager.

Can it be regarded as remarkable or unreasenable that the house is tired of listening to lectures on political or any other kind of morality from this man? It is strange that he has no influence whatever upon the members? Is it at all surprising that no one takes him seriously.

This is the man who is worshipped by the leading conservative organ and held up as the Moses whose criticisms will have the effect of leading the faithful into the promied land of office. He occupies an undue proportion of the time of the house. He has something to say upon every subject that arises, but it brings no results, has no effect at all upon the ultimate decision and may as well have been unsaid.

If the conservative party hopes to secure power through the instrumentality of anything that George E. Foster may do or say, then the party is due to remain many years in the shades of opposition.

GOLD FACTORY

Chicago, April 30.—The Record-Herald today says that 19 months hence R. W. Hunter says he will be manufacturing 24 carat gold at the rate of $100,000,000 annually. Transumption of silver and baser metals into gold is his secret and he declares he can produce the finer metal in quality to defy the government experts as to its origin and in quantity to keep the Philadelphia mint busy the year round.

Mr. Hunter is in Chicago attending to the final details of getting a huge plant at Philadelphia into operation. Behind rock walls, without windows and with a single door to the turreted and tuedal-like castle in which he is to house a half million dollars worth of delicately tuned machinery, this modern wizard promises to revolutionize the gold crop of the world.

"We are at the point of putting into commercial execution the result of years of toil. We are through the experimenting," said Mr. Hunter last night. "The last demonstration has been given that is necessary to prove that my invention is scientifically and commercially correct and the completion of the plant, which is to begin at once, will mark the beginning of a new epoch in the commercial history of the world."

Mr. Hunter is an inventor and engineer of standing in the scientific world. His patents cover the trolley conduit and electric accumulator system of traction now in use.

The inventor came to Chicago, he said, to submit his building plans to a select coterie of Chicago business men, two of whom are bank presidents who, with New York and Philadelphia financiers are furnishing the erection of the building and apparatus which is to turn out a flood of gold into the government mint at an original cost of ten cents on the dollar.

for a greater part of that time Mr. Foster was absent. The latter gentleman has not appeared since the Easter recess. Hugh Guthrie exposed the unreliable character of the figures presented by Mr. Foster on the budget debate and since then the man who is known more because of the Royal Insurance commission report which condemned him, than for any public service he ever rendered, has thought it discreet to keep away from the house until the incident is partially forgotten.

The figures given by Mr. Foster were misleading and he made a deliberate attempt to deceive the house and the country by conjuring up a set of comparative figures

NELSON NEWS OF THE DAY

Nap Mallette took over charge of the Lakeview hotel last night.

Mrs. A. W. Dyer leaves this morning for a summer trip to the eastern states.

Born, in this city, on April 30, to the wife of George Skelton, a son.

Born, on April 27, to the wife of Albert D. Edwards, Fairview, a son.

According to the Toronto Globe, Mrs. and Miss Forin of Nelson are visiting in that city.

D. A. McFarland leaves this morning for the Blue Bell mine near Ainsworth, where he has secured a good position.

The Western Canada Turf association will hold a race meet at Blairmore on May 21 and 22. About $2000 in prizes are offered for the six races each day.

Today being the festival of St. Phillip and St. James there will be a celebration of the holy communion in St. Saviour's church at 10:30 a.m.

Col. Holmes, D.O.C., arrived in the city last evening and tonight will inspect No. 2 company R.M.R. at the armory. The members of the company will parade at 7:45 this evening, and everyone must be in attendance.

A football enthusiast writes The Daily News urging that a match be arranged between the two city clubs, the United and the Nelson city, before the match between Nelson and Kaslo at Kaslo on May 25. The city club, the writer states, has been asked to lend Kaslo some of their players for the match on the 24th and he thinks a match here on say Saturday, May 9 between the two local clubs would be much appreciated.

The regular meeting of Nest 15, Order of Owls, will be held in their lodge room to night at 8 o'clock. A full attendance is requested as there will be an initiation and some important matters of business are to be taken up.

At the Methodist church Nelson on Thursday, April 30, Mary Jane Slee of Staithwaite, Broughton-in-Furness, England, was married to David Tyson of Phoenix, B.C., formerly of Kirby-inFurness, England. Rev. C. Wellesley Whittaker, Phoenix, was the officiating minister.

The farewell smoker to John A. Kirkpatrick in the dining room of the Alice ring will be held this evening at 9 o'clock. Although held under the auspices of the conservative association, all are heartily invited to attend. There will be no admission fee charged.

Number 13 is not always unlucky, at least that is H. C. Hall's experience. With that number he won the launch raffled last night which formerly belonged to H. E. McDonell, C.P.R. district freight agent. The raffle was decided by shaking the dice and E. H. Sheppard threw 45 for H. C. Hall, which shake won the launch. Mr. Hall drew ticket 13 in the raffle and paid 15 cents for it, so that he secures a launch at the lowest price probably on record.

DECLINE IN TRAFFIC

Chicago, April 30.—A startling decline in railroad traffic in April is shown in the bi-weekly statement of car surplusages and shortage issued yesterday. The statement, which is regarded as an excellent business barometer, portrays conditions upon to April 15 on 153 railroads of the United States and Canada. During the fortnight following April 1 the number of idle cars suddenly mounted from 307,507 to 375,770, the greatest total in the history of American railroads.

MAYOR HALIFAX

Halifax, N. S., April 29.—Crosby, conservative, was elected mayor of Halifax by more than 900 majority over Hawkins, liberal, today. In every ward of the city conservative aldermen were elected.

EDITOR SAYS FAREWELL

STAFF OF THE DAILY NEWS IS ENTERTAINED

LUNCHEON AT THE HUME HOTEL YESTERDAY

On the invitation of F. J. Deane, proprietor and editor of The Daily News, the employees of this newspaper assembled in the dining room of the Hume hotel yesterday afternoon at 2 o'clock and were entertained to a tastefully gotten up and well served luncheon.

Mr. Deane occupied the chair and around the table were: W. G. McMorris, C. H. Ink, W. J. Hill, L. W. Ackley, Wm. Peck, J. W. Gorle, G. H. Fraser, T. Nute, Vernon Chapman, H. Overland, H. Harding, T. Cummins, A. W. Dyer and Fred C. Moffatt. C. V. Dake, W. Helgon and J. Wells were unavoidably absent.

The gathering was ostensibly called to celebrate the sixth birthday of The Daily News, but after the good things were disposed of, Mr. Deane in a brief little speech announced the fact that he had transferred his interest in The Daily News, as proprietor and that the gathering was really a farewell function. He went on to speak of his six years newspaper work in Nelson and of the loyal support he had always received from the staff, dwelling on the fact that at all times the best of good feeling had always prevailed. He recalled the many fights against the difficulties met with and declared that it was mainly through the sympathetic support he had received from the staff, that The Daily News had weathered the storms of the past. He concluded by expressing the hope that the paper would continue to grow and flourish and be a credit to Nelson and the Kootenays.

Suitable replies were made on behalf of the staff echoing Mr. Deane's good wishes, expressing sincere regret at his departure, and wishing him the best of good luck along whatever road he might travel in the future.

QUEEN'S UNIVERSITY

Kingston, April 30.—Queen's university trustees are still debating the proposal for a change of constitution so that professors can be eligible for the Carnegie foundation fund. Those opposed declare the changes would undoubtedly separate Queen's from the Presbyterian church in spite of the assertion from members of the senate, who hold that the influence of the church would still remain.

The trustees with practical unanimity agree to send the proposal to the general assembly for advice in view of the fact that they had agreed at the request of the assembly "to maintain present relations between church and university."

HORSE THIEVES

Becoming Very Bold in Wood Mountain Country—Ranchers Protest

Regina, April 30.—The house sat only one hour yesterday afternoon and considered non-contentious legislation during that time. A number of private bills were introduced and advanced various stages.

The ravages of an organized gang of horse thieves in the Wood mountain district are a source of continual worry to the ranchers in that district and although the mounted police do their best to keep robberies down, there were a large number of horses stolen from ranchers there last year, and the robbers are daily becoming bold. So alarming have conditions become now that the matter is being brought to the attention of the provincial government by the residents of that district and unless there is some relief for the present situation one, at least, of the ranchers will move out of the district.

TRUSTEES FINED

Lethbridge, April 30.—The school trustees for Pincher city were fined $25 and costs for a prairie fire caused by a pupil emptying ashes containing live coals.

NEW CHANCELLOR

Winnipeg, April 30.—At a meeting of the provincial cabinet ministers yesterday, his grace archbishop Matheson, of Rupert's Land, was appointed chancellor of the University of Manitoba.
