AID PROMISED

C. P. R. Company Will Help to Repair Wharf

RAILWAYS MAY PAY BILL

CONFERENCE BETWEEN COUNCIL AND REPRESENTATIVES OF ROADS INDICATE SETTLEMENT —FINAL TEST AT THE POWER PLANT NEXT SUNDAY.

The city council had a two hours' session last night dealing with the city wharf, the power plant, sewers, sidewalks and the recreation grounds. Representatives of the C.P.R. and G.N.R. companies promised assistance in repairing and maintaining the city wharf. Mr. Kensit of the Smith, Kerry & Chace company, promised a final test at the power plant next Sunday. Negotiations were begun with Capt. Gore towards a settlement of the city's claim for water supplied to the C.P.R. shipyard.

The council was called to order at 8 o'clock, with mayor Selous in the chair and aldermen McMorris, Hale, Steed, Matthew and Kilby also present. The minutes of the last meeting were read and adopted.

J. O'Shea by permission addressed the council on behalf of B. C. Travis, asking that a lease promised in 1903, but never drafted, be now issued to the Kootenay Engineering Works. He reminded the council that it was understood in 1903 between the council and Mr. Travis that it should be renewed at the end of the five years for which it was promised.

The mayor explained that the idea of successive councils in granting leases to encourage industries had been that all were perpetual so long as such industries were conducted continuously and in good faith, that all such leases should be arranged to expire simultaneously, and that as the industries hould be firmly established the city should derive an increasing revenue from such leases of the waterfront.

At the mayor's suggestion the application was referred to the finance committee.

The letter received from A. Purvis, C.P.R. superintendent, read at the last meeting of the council and published in full in that connection, was then read by the city clerk.

Mr. Purvis, who was present accompanied by Capt. J. C. Gore and Mr. Moss, resident engineer, H. E. Douglas of the G.N.R. also being present, asked if the council had an estimate of the cost of putting the city wharf in a safe condition.

The mayor replied: "Yes; $3000, including stringers, planking and piles."

Mr. Purvis—What proposition have the council to make? The company has made no appropriation this year for the building of a new wharf but we might co-operate in repairing the present one.

The mayor thought a proposition was due from the companies in view of the fact that the city had borne the whole burden since its incorporation.

H. E. Douglas had no proposition to make. He expected Mr. Morgan, the divisional superintendent, to be present but he had been unable to come.

Mr. Purvis said that he was authorized by F. F. Busteed, general superintendent of the Pacific division, to state that the company would deal fairly and liberally with the city in any plan of co-operation for rendering and keeping the wharf safe. He then read a report made by the C.P.R. engineer, giving the cost at $2456.25.

City engineer Craufurd gave his estimate as about $3000.

H. E. Douglas, though speaking without authority, said he was certain that the G.N.R. company would do whatever might be agreed upon as fair in the matter.

The mayor thought that as the city had borne the whole cost for ten years the two railway companies should pay all that is needed now for repairs.

Messrs Purvis and Douglas agreed that the question of proportionate shares of the cost be left to them.

The matter was then left over to the next meeting.

The railway men then withdrew except Capt. Gore, who remained on the mayor's invitation to discuss the dispute as to payment for the supply of water to the C.P.R. shipyard.

Capt. Gore explained that his promise of $50 per month was conditional on the supply of power as well as water for fire protection. Since then he had installed electric power which cost about $38 per month. He could not afford $50 per month for fire protection only.

The mayor replied that the city's only justification in spending $6000 in laying the main, was the prospective revenue of $600 a year.

Ald. Hale asked if the company would pay the difference between $50 per month and the cost of electric power. Capt. Gore assented and the matter was referred to the fire, water and light committee for a report and recommendation on that basis.

The finance committe reported two payrolls amounting to $401.25 and in connection with them the clerk read the following report of the city electrical superintendent:

To the Mayor and Aldermen of the City of Nelson.

Gentlemen—Herewith I beg to hand you the power plant construction pay roll for March, amounting to $336.50, together with the distribution of same:

Sand and gravel	$ 54.50
Wheel pit No. 1	77.00
Cleaning and storing machinery	24.00
Electric crane	38.00
Electric pump	14.00
New governor	129.00
	$336.50

Sand and Gravel—It being apparent at the first of the month that there was not sufficient gravel to complete the concreting, a team was set to work and from 50 to 60 yards was hauled. also 80 yards of sand which is to be used for brick mortar, cement floors, switch cells, etc.

Wheel Pit No. 1—In the early part of the month considerable work was done, preparing the pit for the installing of a separate driven exciter, but it was decided after Mr. Smith's visit to the plant to substitute the separate driven exciter with a belt driven one. Hence the work in this direction was discontinued.

Storing Machinery—The machinery used for the pumping out of the pit while the draft tube was being installed, has been taken up, cleaned and stored away.

Electric Crane—On the 28th March the electric crane and the brick for the power house superstructure was put in the side track, and work was immediately started to unload same. The heaviest parts of the crane have been unloaded and taken across the river and I expect that by Sunday noon we will be started to unload the brick.

Electric Pump—A sump hole for the receipt of the foot valve of the electric pump has been cut in the turbine floor of Pit No. 2 it being decided to instal the pump in No. 2 pit on the first steady bearing floor necessitates the placing of a steel post from the turbine floor to carry the weight of the pump. The post for this purpose need not be purchased as there are some 15 "I" beams at the plant that can be used.

New Governor—The new governor has been installed and is now in operation. While this work was being done it was necessary to put on one extra operator on each shift as the speed of the unit had to be regulated by hand. The cost of the extra operators ha been charged up to the installing of the new governor. There is also to be charged to the new governor account the following: Levers and pulley blocks for hand operating, $54.77; cartage of governor to power plant, $30; one idler pulley, $7.00; total, $91.77.

R. A. BROWN

The following report from H. E. N. Kensit was also read:

W. E. Wasson, Esq., City Clerk.

Dear Sir—We beg to inform you that as we were advised that the new Lombard-Replogle governor at your power station would be ready for test on Saturday last, the writer arrived here on Friday night and spent Saturday and Sunday at the power house making some preliminary tests—the work of fitting and adjusting this governor is, however, not complete and the test so far made cannot be considered as sufficient or complete.

Mr. Replogle states that he can have everything ready for next Sunday.

The writer is therefore returning to Lethbridge where we have some urgent work in hand and proposes to return to Nelson and carry out the tests next Sunday.

We trust this will meet your council's convenience. Should it not do so the writer's address during the week will be Lethbridge hotel, Lethbridge.

We are, sir, yours truly,

H. E. N. KENSIT,

For Smith, Kerry & Chace.

Fire chief Guthrie reported 11 alarms for the month, two of which were false. W. Stone has been appointed to the permanent force. There had been the usual drills, well attended and the conduct of the brigade was good. One call man had been dropped. The report was referred to the fire, water and light committee.

A letter from Mrs. E. B. Hawthorne asked permission for teamsters to cross the sidewalk to her residence promising to repair any damage. The petition was referred to the board of works.

A letter from Mrs. E. Baillie asking that the alley between Mill and Carbonate treets be opened east from Cedar street, was referred to the board of works.

A letter from C. S. Scott asking for permission to plant shade trees, was referred to the board of works.

A letter from A.D. Emory on behalf of the Methodist church asked that a concrete sidewalk be built in front of the church, the city advancing the money and the church bearing the cost. The matter was referred to the finance committee.

A letter from Green Bros. & Burden asked permission to remove buildings from Ward street to put up their new building. Permission was granted.

The mayor suggested that some agreement should be reached as to putting the recreation grounds in order for the various athletic organizations. Governor Jarvis of the gaol was willing to do the work as soon as it was agreed upon.

Ald. Matthew said a gang could also be secured to work at the city park if the city would pay for a guard.

The matter of the roadway to the Kootenay Jam factory was left to the board of works with power to act.

The mayor reported the purchase of timbers for the Baker street crib.

The court of revision was constituted, the mayor and aldermen Hale, Kerr, Matthew and Steed, to sit on June 10 at 10 a.m.

Ald. Matthew brought up the question of J. T. Pierre's sewer which he complains is a source of expense to

(Continued on Page Four.)

NO PROGRESS

All Red Route Still Only a Conception

WOMEN'S SUFFRAGE BILL

BRITAIN WAKING UP TO FACT THAT OTHER NATIONS ARE LEADING IN ATTEMPTED CONQUEST OF AIR—BIG MEETING IN LONDON.

(Canadian Associated Press)

LONDON, April 5—In parliament today, A. Fell, Conservative member for Yarmouth, asked the president of the board of trade whether any progress had been made towards the establishment of the All Red route.

Mr. H. J. Tennant, replying, referred Fell to the reply given on March 8 to F. E. Smith.

Fell then remarked: "I take it that no progress is being made."

Tennant said: "That is substantially accurate."

A private bill was introduced in the House of Commons today which if enacted will give the women of the United Kingdom the right to vote in parliamentary elections.

Great Britain seems to be wakening up to the fact that the other nations of the world are leaving her behind in the race for command of the air. While the members of the House of Commons were this afternoon drawing the attention of the government to the fate that Germany has built or is building a dozen dirigible airships, and urging the government to take up with energy the construction of a British air fleet, there was being held at the same time a meeting in the Mansion House, under the chairmanship of the Lord Mayor of London in support of the same object. Among those present were Admiral Lord Charles Beresford, Prince Louis of Battenburg, Lord Curzon, Sir Hiram Maxim and Admiral Sir Percy Scott, all of whom heartily supported energetic action. Admiral Scott advocated a new two power standard in airships, as well as in Dreadnoughts, and he mentioned incidentally that the navy has designed a gun, which at a distance of six thousand feet could be exceedingly destructive to airships.

PRINCE RUPERT REALTY

SALE OF TOWNSITE LOTS WILL BE HELD IN VANCOUVER

PROOVINCE AND G. T. P. COMPANY TO SHARE EQUALLY

VANCOUVER, April 5—The important announcement was made today by Mr. C. D. Rand, government sale agent, that the government of British Columbia and the Grand Trunk Pacific railway company will hold a joint auction sale of Prince Rupert townsite lots in Vancouver from May 25 to 29. Mr. Rand will control the placing of the Prince Rupert property on the market, directing the big affair for the railway interests as well as for the government. According to the statement made by Mr. Rand, it is the intention of the government and railway to put up for sale between 2,000 and 2,400 lots, half of which will belong to each of the interested parties. The lots will be selected from practically every portion of the townsite, business as wel las residential districts being represented. It will be the act of Mr. Rand to offer some lots from every block of townsite lands which have been divided between the province and the railway company. While the railway owns three fourths of the lots in the townsite, it is sharing half and half with the government at the opening sale, that is the province will sell as many lots as the railway company. The terms of sale are declared by real estate men to be remarkably liberal, much more than expected. One quarter of the purchase price of lots must be paid down at the time of the auction and the balance will fall due in one, two and three years, with interest at six per cent. per annum. Maps of the townsite for use at the auction are now being purchased by the Grand Trunk Pacific in Montreal, and will, it is eexpcted, be ready for distribution by April 25, so that intending purchasers will have one full month's time in which to study the townsite on the spot. It is the desire of the vendors that the public shall have ample time in which to look over the ground.

Veteran Lasting Well.

YOUNGSTOWN, April 5—After a rest of thirty six hours Edward Payson Weston, the veteran pedestrian, resumed his journey to the Pacific coast at 10.05 o'clock this morning. He was in good condition and expects to reach Canton tonight.

Died on Duty.

LINCOLN, April 5—W. A. Pointer, former governor of Nebraska, while making a speech in the office of the governor at the hearing of the daylight saloon petition today was stricken by apoplexy and died within a few minutes.

COWAN'S FLYING TRIP

VANCOUVER'S MEMBER CONSULTING BOARD OF TRADE.

WANTS DEFINITE INSTRUCTIONS ON HARBOR BILL.

VANCOUVER, April 5—G. H. Cowan M. P., arrived from Ottawa today. In an interview he said: "I want to get a good harbor act for Vancouver through this session and I propose to test the feeling of the board of trade and the other public bodies before my return to Ottawa. The minister of marine and his departmnet are keen on this point and I think it is the right attitude, too. When I saw Mr. Bus combe in the east he seemed to suggest that the boaard of trade was not in favor of a harbor commission and I hear from Mayor Douglas that he has become a convert to the scheme.

"The session has been a fairly productive one. The committees have worked very hard and faithfully and the bills passed have contained good legislation. They have been sort of non-contentious measures.

"The government dredge, I see, is being operated at New Westminster. I think that there will be a row regarding that before the matter ends. The ministry declared that it was for Vancouver's benefit and they can scarcely get behind that."

REBUILDING AT FERNIE

TEMPORARY STRUCTURES BEING REPLACED BY PERMANENT

EVANGELISTIC CAMPAIGN OPENS WITH LARGE ATTENDANCE

(Special to The Daily News.)

FERNIE, April 5—The work of moving the temporary buildings to make room for the permanent structures, is going on apace. Three large buildings were taken to new sites today and the contracts have been given for the removal of several others in the immediate future.

The investigation into an alleged shortage in the funds of the Fire Relief committee, was continued today, and will probably last for several days.

The first mud slide of the season occurred yesterday on the C.P.R. line between here and Morrissey. Traffic, however, was not delayed for any length of time a the trains were sent around the obstruction over the Great Northern tracks.

Miss T. M. Wright of Calgary, is in town to do the stenographic work in connection with the relief investigation.

Elliott Kirkpatrick has been promoted to the position of head bookkeeper in the coal company's office in succession to J. G. Cochrane who has resigned to accept an important position with the Hillcrest Mines company.

C. Beckett of Waterloo, Ont., has accepted the position of manager of the Fernie Brick works and will assume the duties of the position at once.

The much anticipated evangelistic campaign was opened here this afternoon in Bruce's hall by the holding of a service for adults only. The hall was comfortably filled by a congregation of men in all walks of life, who joined heartily in the service and listened attentively to the discourses of the evangelists in charge. In the evening the hall was crowded gy an enormous congregation, and it is evident already before the campaign is over the capacity of the building will be taxed to its utmost to find accommodation for those desirous of attending the meetings. A notable feature of the evening services was the excellent singing of the combined choirs which showed careful and painstaking practice. Widespread and growing interest in being manifested in the campaign and it is confidently expected that grand results will be obtained from the movement and the churches strengthened.

The provincial police have been on the lookout for unlicensed vendors of liquor near the city, and this week apprehended two foreigners named S. Vesik and Adam Wiczvik. They were brought before the magistrate, found guilty of the charge and fined $50 and costs each.

The machinery has been installed in the new Fort Steele Brewing company buildings and it is expected that operations will be resumed this week.

The bright prospects of a busy season in the building trade are having the result of attracting a great any mechanics to the city. If the rush should continue it is probable that many will be unable to secure work.

The new school building is progressing rapidly, the second storey being already reached. When completed it will be one of the best and most modern in the Kootenays.

O. Leigh Spencer and D. Kelly of the Calgary Herald were in town today enquiring into the coal situation for their paper. They left tonight for Coleman, Bellevue, Frank and other coal towns.

John Briggs, William Stockwell and E. Ruthlede, have resigned their positions as fire bosses at the Coal creek mins.

The Fremen's Relief society have elected the following officers: President, chief McDougall; vice-president, assistant chief Wilkes; secretary, T. B. Howden, treasurer, J. Lowe.

PARISIANS ALARMED.

Insurrection is Threatened by Many Labor Groups.

PARIS, April 5—The newspapers of Paris show general alarm this morning at the violent character of the addresses delivered at the workmen's meeting yesterday under the auspices of the revolutionary labor organization to formulate a plan of campaign against the government. They refer particularly to the agreement of a large section of the state employees to make common cause with the trades unionists and the appointment of a secret committee empowered to call strikes. Public opinion is rapidly becoming terrified, the papers declare, at the belief that a bloody insurrection is imminent and the statements of some of the speakers that the proletariate would rather fight than work in the event of war is regarded as a particularly alarming prediction.

CHEAP LABOR

Russians Being Shipped to Prince Rupert

J. D. TAYLOR'S PROTEST

WESTERN LIBERALS OPPOSE RENEWAL OF CHARTER FOR C. P. R. BRANCH LINE—LAURIER DEFENDS RULING OF RAILWAY COMMISSION.

(Western Associatid Press.)

OTTAWA, April 5—In the House of Commons the Hon. Wm. Templeman introduced a bill respecting commercial feeding stuff. Its object is to compel manufacturers to register their products and put on every package a guaranteed analysis of the contents.

Mr. J. D. Taylor, New Westminster, drew attention of the ministers of railways and labor to a press report of the arrival at Vancouver of the Mont eagle with a number of Russian laborers who are being sent to Prince Rupert to work on the G. T. P., also that the foreigners are working under an arrangement somewhat similar to the Italian padrone system. Taylor remarked that if the despatch is correct it means that a degraded form of labor is being imported to work under contract.

Dr. Clark, Red Deer, and D. B. Neely, Humboldt, took exception to and denied the reports in the Toronto World of altercations with John Stanfield, Colchester.

D. B. Neely, Humboldt, renewed the fight over the Manitoba and North western Branch Lines Bill, moving to strike out the clause renewing the charter of the line from Soho to Prince Albert. W. D. Rutan, Prince Albert, and Turriff, Assiniboia, supported the amendment as they are convinced that the C. P. R. has no immediate intention of construction. The charter has been in existence 28 years Dr. E. L. Cash who was in charge was confident that construction would commence in two years. Sir Wilfrid Laurier, in closing the discussion thought the decision of the railway committee should be adhered to unless there was some great reason to the contrary. Argument had been advanced that the people wanted the charter cancelled but there was apparent doubt as to the people's wish in the matter. On the whole the premier thought it better to trust the C. P. R. to build.

Replying to H. B. Ames, Sir Frederick Borden said the volunteer bounty act would not apply to Canadian volunteer teachers during the South African troubles nor to any one in civil capacity.

Hon. Mr. Oliver answering Mr. Ames said that W. T. R. Preston, trade commissioner, had not been requested to return, but the government is contemplating his tranference to Northern Europe.

This was the last private members' day in the House as Sir Wilfrid Laurier will on Tuesday give notice that the government will take Mondays hereafter. The premier said, however, that for a time bills of private members will have precedence on Mondays Today's discussion in the House was chiefly confined to western topics. The Manitoba and Nortnwestern railway Branch Lines bill took up two hours and then followed a short fight on James Conmee's Superior and Western Ontario railway bill. Both were given third readings without amendment. The evening was well advanced before Dr. Schaffner's resolution, calling for government ownership of terminals and transfer elevators, was reached. Schaffner's resolution received the support of the Conservatives, who spoke, while Liberals took the view that the system of government inspection inaugurated last year should be given a fair trial, Martin, of Regina, moving an amendment to that effect. Adjournment of the debate was moved without any ministerial statement being made.

VICTORIA'S NEW HOPES

TRADE WITH MEXICO THROUGH COLONIZATION SCHEME

BLUE FUNNEL LINE WILL ENGAGE IN PASSENGER TRAFFIC

VICTORIA, B. C., April 5—The B. C. Salvage company has offered the services of its salvage steamer Salvor to proceed to Magdalena Bay to salve the wrecked steamer Indiana on the usual Lloyds salvage agreement of "no cure, no pay."

To make surveys for an extensive colonization scheme for the coast of Mexico where big concessions have been obtained, chiefly along the Pacific shore line in the province of Guerrero, Wm. L. Bond of the firm of Bond & Clark, with a party of ten will leave Friday by the steamer Ella F. Gibson of the Ostrander line, from the outer wharf, bound to Gihuantanejo, at which place the liner will make a special call to land the party of surveyors from this city. Messrs. Bond and Clark have concessions covering all the unoccupied lands in the province and have blocked out many sections, chiefly on salt water, from which they will choose the lands to be colonized within two years. It is proposed to take farmers and others to settle the areas secured, and with the development of the lands a large travel from this city is expected. One man alone has arranged to take 100 families, chiefly from the northwest territories to settle in the new colonies on the Mexican coast. It is announced that before a year has passed the travel to this section will be large. The concesions will probably arrange for the building of wharves at Potosi, north of Acaulco, where, with two outlying islands, there is a comparatively sheltered roadstead. Messrs. Bond and Clark expect to ship fruits, fibre suitable for making the best of cordage, rope, etc., ramie and many other Mexican products and it is anticipated that a large trade will be worked up.

Bringing the salvage recovered from the wrecked four masted schooner Soquel, fast on Sea Bird rocks for J. C. Newbury, collector of customs, who is the receiver of wrecks, charts, and some other movable gear, the steamer Tees reached port today from the west coast of Vancouveer Islan .dTautruat coast of Vancouver Island. Two men sent out from Alberni recovered the sails, blocks, etc., from the Soquel and they had an interesting time. When they went out to the wreck some weeks ago the launch which took them left them marooned on the rocks and before they could be taken off the launch went adrift with some boats recovered from the Soquel. It was re covered by a party from Bamfield and the salvors were taken off soon after ward. The wreck is gradually breaking up.

That the Blue Funnel line is preparing to enter the trans-Pacific trade is the report current here. The big British shipping firm, Alfred Holt & Company, is building four new liners, and in each of these passenger accommodatin is to be a feature. The Blue Funnel line has heretofore confined itself mostly to freight, the only ventures in the passenger trade being the carrying of pilgrims and steeerag pasesngers from Hongkong and Japanese ports.

Chief officer Scott of German bark Schurbek, now in the Royal Roads discharging her sand ballast, had a narrow escape from serious injury if not death, when he fell into th hold of the bark from between decks. The officer tumbled about fifty feet into the hold. Fortunately for him the bark carried sand as ballast instead of stone, and he fell into the softer sand. The fall did not injure him, but the hatch covers tumbling in on top of him, bruised him and inflicted a serious scalp wound.

The sealing schooner Eva Marie is to be added to the Bering Sea sealing fleet by Capt. Victor Jacobson. Capt. Deloucnrey took out articles this morning to a sealing voyage to Bering Sea and will leave on Wednesday by the steamer Tees for the west coast to ship an Indian crew.

WHOLE PROVINCE GOOD

NO PART NOT FIT FOR FRUIT GROWING.

PROF. MACOUN WRITES TO PRINCIPAL FRASER.

Strikang testimony to the possibilities of British Columbia in the line of fruit growing and agriculture generally is offered by Prof. John Macoun, curator of the Canadian geological museum, Ottawa, in a letter to C. McLean Fraser, principal of the High school. While mountain climbing last October, Mr. Fraser found some remarkably fine specimens of huckleberries as well as strawberries and raspberries. Some of the huckleberries were three-quarters of an inch in diameter and two and an eighth inches in circumference.

Mr. Fraser wrote to Prof. Macoun of his finds setting forth the facts and received a letter in reply of which the following formed part.

"Your description of the berries that you found on your mountain in October shows what I learned for myself when at Rossland last autumn, that it is all nonsense to talk about special localities in British Columbia as being sections to grow fruit. I maintain that the whole of British Columbia is well suited for fruit growing, some parts of it it is true being better than others but British Columbia will always be a fruit and vegetable growing region and later when the country gets more opened you will likely have a large amout of dairying in the country.

"The huckleberries you speak of were larger than any I have seen. Strawberries and raspberries late in October certainly belong to a district that has dry weather in September and intense heat in October. These conditions produce a second crop of fruit."

Prof. Macoun, it may be said, visited this part of British Columbia 10 years ago and has also visited practically every part of the province. In addition he probably knows more about plants of the Dominion than any other living man. His testimony is therefore all the more worthy of attention.

Duty on Petroleum.

WASHINGTON, April 5—The house rules committee today reported amendments to the Payne tariff bill to those which the ways and means committee will report, and those on lumber and hides.

WASHINGTON, Apr. 5—The rule to be reported today by the government recommends that the Payne tariff bill provide 25 per cent. advalorem duty on petroleum in place of the present countervailing duty and will permit a vote on the question of free lumber.

Collided With Derelict.

LONDON, April 5—A despatch to Lloyds from Punta Arenas, Chili, says that the steamer Oakbranch struck what is supposed to have been a derelict in the Straits of Magellan and was abandoned in a sinking condition. The first officer and 18 of the crew and passengers were landed safely, but the captain and twenty persons are missing.

TO KEEP FAITH

President Lewis' Message to Operators

WILL RATIFY AGREEMENT

HEAD OF U. M. W. A. TELEGRAPHS PROMISE THAT WAGE SCALE ACCEPTED BY MINERS IN REFERENDUM WILL STAND—SHERMAN IS OVERRULED.

(Special to The Daily News.)

HOSMER MINES, B. C., April 5—T. L. Lewis of Indianapolis, president of the United Mine Workers of America, authorizes publication of his telegram to the Albertan and British Columbia coal operators whose mines have been closed down by orders from Frank Sherman, of Fernie, president of the local branch of the United Mine Workers. Following is the exchange of messages:

"MacLeod, Alberta, March 31.

T. L. Lewis, president United Mine Workers of America, Indianapolis, Indiana, U. S. A.

Dear Sir,—After negotiations extending over two weeks at MacLeod and at which national board member Morgan was present as your representative, the scale committee arrived at an agreement and disbanded. The conference adjourned to enable a referendum vote of miners to be taken. A substantial majority voted to adopt the agreement but at a meeting today arranged for by the president of district No. 18 and the president of the Western Coal Operators' Association, for the purpose of completing the agreement as arranged for before adjournment, President Sherman admitted that the referendum vote was in favor of the agreement but declined to complete the same, alleging that he had in the meantime made a different agreement with the Crow's Nest Pass Coal company who are not members of our association, he [illegible] have that agreement and that he no other and thereupon without the meeting with his associates, action was a complete surprise to the operators whose representatives were present to execute the agreement.

We rely upon you to protect the reputation of your organization and prevent the repudiation of an agreement by its local officers.

(Signed) LEWIS STOCKETT,

President Western Coal Operator's Association, Hosmer, B. C.

The wage contract agreed upon will be signed by our representative. We expect at all times the representatives of the United Mine Workers to comply with any agreement that is made and especially so when ratified by referendum vote of our members. Officers of District No. 18 will be notified immediately.

(Signed) T. L. LEWIS.

It is reported here that international board member Morgan is en route for this district with instruction from Lewis to terminate the strike. There is a more hopeful feeling among the men now and they expect a speedy settlement. The meeting held here on Saturday night did not result in any action being taken as Sherman failed to attend and Slav organizer Susnar gave an address on Socialism.

KEATS SHELLEY MEMORIAL

House in Rome to Commemorate English Poets

ROME, April 5—The Keats-Shelley memorial house, which is situated in the Piazza dei Spagni in this city, the house in which Keats died, was inaugurated today and opened to the public. King Victor Emmanuel, the British ambassador and the American ambassador, were among those who officiated at the ceremonies. The king showed great appreciation of the efforts of the committee which was instrumental in providing the memorial to the great poets and inspected each room minutely.

Among others present were Arthur Severs, son of Keats' friend; Joseph Severs, the noted English portrait painter, who was devoted to the poet; Rev. E. S. Dall, a relative of Shelley's; Mrs. Edward A. MacDowell, widow of the American composer, whose music was inspired by Keats; Mrs. Stone Benedict, of Cooperstown, a descendant of J. Fenimoore Cooper; Rudyard Kipling and John W. Garrett.

The British ambassador welcomed the king and thanked him for his presence. All the English speaking poets of the 19th century, he said, had been inspired by Italy. Nelson Gay of Boston, told of the great interest in the United States in Keats and Shelley, who had inspired Lowell and MacDowell. Former minister Martini expressed thanks on behalf of Italy.

Must Not Change Allegiance.

PEKING, April 5—A new law of naturalization was promulgated today. It provides that Chinamen no longer may adopt foreign citizenship and it declares that Chinamen who in the past have become subjects or citizens of other countries are still Chinese. Many Chinamen are affected by this ruling, especially those who have registered themselves in Hongkong as British subjects as also a number of high Chinese officials at home and abroad.

The Tenderfoot Farmer

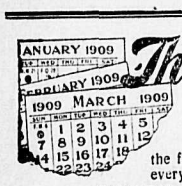
It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations.

It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds *himself* regardless of digestion and nutrition. He might almost as well eat shavings for all the good he gets out of his food. The result is that the stomach grows "weak" the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Pierce's Golden Medical Discovery. It is an unfailing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use.

In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper.

Don't let a dealer delude you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."



Three Months gone!

Three months of this year have gone and you are run right down! If you are "played out" in 3 months how can you hope to keep up for the rest of the year? Read the following story from B C. and receive the hope it gives to every weary, worn and played-out man and woman.

COULD SCARCELY GET AROUND

"Mrs. Worden has taken four bottles of PSYCHINE and it has made a new woman of her. Before she started to take PSYCHINE she could scarcely get around to do her work, and now she can do it without feeling the least fatigue. I will strongly recommend PSYCHINE to any one. It will relieve their suffering."
W. J. WORDEN, Works Point Barracks, Victoria, B.C.

This is just what PSYCHINE was intended to do. Thousands of weary toilers have prayed God for PSYCHINE, the Great est of Tonics, and many were on the verge of decline before they heard of it. But no matter how far gone, PSYCHINE has proved their friend and wrought deliverance. PSYCHINE goes to the seat of the trouble, and while it is creating Rich, Red Blood, it attacks any diseased parts of the Throat, Lungs, Chest and Stomach. PSYCHINE rightly merits the title given it by thousands, viz., the "Great Tonic Healer." PSYCHINE is highly recommended by the Medical Profession because of its great Tonic properties. It creates an appetite and gives new life when all else has failed.

All Druggists and Stores sell PSYCHINE at 50c and $1.00 a bottle. Send to Dr. T. A. SLOCUM, Limited, Toronto, for a FREE TRIAL.

CRICKET AT THE COAST

GAME WILL BOOM THERE THIS YEAR

PRAIRIE TEAMS TO GO AFTER TROPHIES.

Cricket is to boom here this summer says the Victoria Times. Winnipeg and Calgary will send out strong teams to try for all the British Columbia trophies. That is the information given out here recently and talked of in Vancouver as well. Visitors to Victoria during the winter, who were members of both the cricket clubs of the towns stated, went thoroughly into the question of what sort of games they could get here if they sent teams out during July or August. There will be plenty of material for them to try conclusions with both in Victoria and Vancouver. The two teams will probably come about the same time and play each other here besides playing against the local clubs. It is intended that they will take part in the cricket tournament for the challenge cup now held by the Victoria cricket club. The tournament this year will take place in Vancouver. The Seattle team bid for the tournament last year at the close of the matches here and was promised it. They, however, had to stand down as they are unable to get a sufficient number of grounds, three at least being required. The Calgary and Winnipeg teams intend touring the coast and will go south as far as Portland for matches if that club does not come to the tournament. Portland, however, with the preparations being made, can safely be relied on to be in the tournament. The engagement of a professional coach which the Rose city club is making, is proof that they intend to foster the English game to the utmost. Victoria cricket club will have a much stronger team to select the eleven this year than last, and ought to be able to defend the challenge cup against all comers. Vernon will have a strong eleven. The fruit town last year picked up a team at a few days' notice, and did remarkably here. They went home with the determination to bring a well selected eleven out in 1909.

In Vancouver, it is reported that Harry Senkler will not keep wickets for the Terminal city club this year. He intends to stand out of the team and give some of the coming batsmen a chance. The Vancouver captain, after some twenty years of cricket, says it is time he took a seat in the pavilion and watched the young ones play the game. There is now about a month before the first ball will be bowled in local matches, and new teams are beginning to organize. There is talk of a new league being formed but no definite action has been taken.

WILL BE NO CHANGE

New Westminster Team Same as Last Year.

NEW WESTMINSTER, April 5—Captain Tommy Gifford of the champion lacrosse team of the world will call out his men for the first time this season some time this week, when it is expected that every member of last year's team will be on the field. The players it is expected will turn out in senior company are Alex. Gray, Tom Gifford, Charles Galbraith, George Rennie, Jimmy Gifford, Tom Rennie, Pat Feeney, Will Turnbull, I. Wintemute, Alex. Turnbull, L. Turnbull, J. Bryson, G. Spring and C. Spring.

It will be seen from the above that every member of last year's league team will be in uniform again, while the two Spring brothers, who did not play regularly in senior company, will also be out, and it is almost certain that one, if not both of them, will get a regular position on the team. The fourteen players named will turn out to regular practice from the first of the season on, but Captain Gifford will not make the final selection for hi steam until the opening of the season, although the extra two players will be kept on as spares throughout the year.

Captain Gifford, in speaking of the reports from Regina and Toronto of good players being gathered together by the Regina and Tecumseh teams for the Minto cup matches in this city, stated that the local team did not care how many good players they sent, as they felt confident that they could defeat the best twelve that could be brought to New Westminster. In fact he remarked that the harder the position they had to tackle the better they liked it.

OLD COUNTRY FOOTBALL

Additional Results of Saturday's Soccer and Rugby Games.

(Canadian Associated Press)

LONDON, April 5—The following are additional results of Saturday's football games:

Rugby.

Richmond 22, London Scottish 10.
Devenport 34, Blackheath 0.
Newport 6, Bristol 0.
Cardiff 6, Glouchester 0.
Neath 8, Swansea 4.

Scottish League.

Celtic 1, St. Mirene 0.
Queensport 1, Third Lanark 0.
Dundee 3, Hamilton 0.
Port Glasgow 0, Motherwell 0.
Airdrieonias 4, Thistles 0.
Aberdeen 4, Hibernians 0.
Clyde 4, Morton 1.
E. Falkirk 3, Kimarnock 1.
Hearts 0, Rangers 0.

In the first division of the English league Sheffield United defeated Bristol City by 3 goals to 1, while in the Southern League Millwall and Bright on and Hove drew the score being one goal each.

Eskimo Wins Marathon.

NOME, Alaska, April 5—Running with a beautiful stride, Oogruk, a Kougarkk Eskimo, won the Eagle Marathon race March 27 in three hours, el even minutes and twenty seconds. He ran in beautiful form and he clearly outclassed his white competitors.

The weather prospects for the Alaska sweepstakes, which will be run today, are excellent, and the owners of dog teams entered in the Alaska classic are jubilant. Betting continues heavy and thousands of dollars will change hands on the result. The winning team will receive $8000. Four teen teams will start.

ANOTHER WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Gardiner, Maine.—"I have been a great sufferer from organic troubles and a severe female weakness. The doctor said I would have to go to the hospital for an operation, but I could not bear to think of it. I decided to try Lydia E. Pinkham's Vegetable Compound and Sanative Wash—and was entirely cured after three months' use of them."—Mrs. S. A. WILLIAMS, R. F. D. No. 14, Box 39, Gardiner, Me.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial.

This famous medicine for women has for thirty years proved to be the most valuable tonic and renewer of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills, and creates radiant, buoyant female health. If you are ill, for your own sake as well as those you love, give it a trial.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

AN INEXPENSIVE WAY

The reader of a newspaper will readily agree that it is necessary for a merchant, with any pretension of agressiveness, to advertise. Merchants are also aware of this fact. Therefore it would seem that it is simply a question as to what form the advertising will follow.

Newspaper Advertising is the Most Inexpensive Way and Brings Larger Direct Results than Any Other Form of Advertising

The Daily News

has an average daily circulation of 3,000 copies distributed on the day of publication in the cities of Nelson, Rossland, the Boundary country, the Slocan Valley and East Kootenay district, covering the line of the C. P. R. from Pincher Creek, Alberta, to Midway, B. C., and there is not in B. C. a more progressive section of country than that in which The Daily News circulates; the varied industries consisting of farming, fruit growing, lumbering, metalliferous mining, coal mining, and smelting, making it an extremely favorable field for advertising articles of every description suitable for a purchasing public engaged in the above mentioned industries.

Kootenay's Publicity Medium

Will Place Your Story in the Hands of 3000 Subscribers Every Day at the Rate of 2-3 of a Cent. per Inch per 100 Circulation

Mr. Advertiser you cannot circularize or personally canvas the field for that amount, so be progressive and use the means and resources at your hand to increase your business.

For advertising rates or further information phone 144 or address News Publishing Company, Limited, P. O. Drawer 1119, Nelson, B. C.

OLD COUNTRY RACING

Oversight Wins the Littlejohn Plate at Nottingham.

NOTTINGHAM, April 5—The Littlejohn plate of 100 sovereigns, for two year olds, distance four furlongs, was run here today and won by Harry Whitney's Oversight, ridden by J. H. Martin. Salve was second and Dovecott third. Twenty five horses ran. Oversight's victory is the first time an American horse has won in the present season.

The Elavaston Castle selling plate of 106 sovereigns for all ages, distance five furlongs, was won by Stillingfleet. Salute Damour was second and Preclude third. Eight horses ran among them Mr. Whitney's Queen of Hearts.

Fulfils Freak Bet.

TORONTO, April 5—F. Budway, a nine year old youth, fulfilled a freak bet over the Derby Marathon this morning to the amusement of several hundred people who followed him throughout. Budway is a Longboat enthusiast and, because the Indian lost the race, he had to roll a peanut from Labor temple on Church street to the bay and there deposit the peanut on the ice. He was allowed to use any amount of peanuts and tooth picks so long as he did not use more than one at a time. In the performance of the feat which was accomplished in twenty minutes, Budway hit a woman in the eye with a peanut and used 25 toothpicks, most of which he broke, and eighteen peanuts.

Frank Gotch to Retire.

CHICAGO, April 5—Frank Gotch, the champion wrestler of the world, stated here Saturday that next winter would be his last season upon the mat. The only reason he remained in the game for that length of time he said, was because he wanted to have a final clash with Hackenschmidt. He expects to accept the offer of the Melbourne promoter for a $13,000 end of the purse as his share to meet Hackenschmidt next November.

Knockout Fight.

PHILADELPHIA, April 5—Sam Langford, the negro middleweight of Boston knocked out John Willie of Chicago, Saturday night in the second round of what was to have been a six round bout, at the National Athletic club. The Boston man had the better of both rounds, hitting where he pleased.

Wins Bicycle Race.

ATLANTA, Ga., April 5—Leading his only rival by a wheel's length, Eddie Root of Boston won the six day bicycle race here Saturday night from Bobby Walthour of Atlanta. The three teams were on even terms at the close of the long grind and covered 995 miles and two laps.

Knockout in Two Minutes.

NEW ORLEANS, April 5—Jimmie C. Labby of Milwaukee knocked out Dave Barry of Chicago two minutes after the opening of the bout scheduled to go ten rounds before the Royal A. C. Saturday night. A right hook to the jaw did the work.

Vanderbilt Horse Wins.

ST. CLOUD, April 5—W. K. Vanderbilt's Prestissimo II. won the third race here today. Silver Streak, one of Mr. Vanderbilt's horses, got a place in the last race.

Amusing the Octopus.

ST. LOUIS, April 5—Special assistant to the United States attorney general Frank H. Kellogg, filed his brief with the clerk of the United States circuit court of this city today and commenced his argument after two years of evidence taking in the government's suit to dissolve the Standard Oil corporation of New Jersey for for alleged violations of the Sherman act.

Afraid of Drought.

OMAHA, April 5—A special train of 15 coaches carrying nearly a thousand Omaha business men left here today for Lincoln. They go to appeal to the governor to veto the bill passed by the legislature limiting the sale of liquor in the state to the hours between 7 a. m. and 8 p. m. Two hundred and fifty men headed by Mayor Dahlman are already in Lincoln in the same interest. Large delegations favoring the signing of the law are also there.

Unequaled as a Cure for Croup.

"Besides being an excellent remedy for colds and throat troubles, Chamberlain's Cough Remedy is unequaled as a cure for croup," says Harry Wilson of Waynetown, Ind. When given as soon as the croupy cough appears, this remedy will prevent the attack. It is used successfully in many thousands of homes. For sale by all druggists and dealers.

Minard's Liniment for sale everywhere.

Knitted into its Perfect Shape—Not Stretched

Long after it is purchased —after numerous trips to the Laundry—Pen-Angle Underwear still retains its graceful, perfect glove-fitting shape, and looks as if it were donned but yesterday. Ask your dealer to show you Pen-Angle. Examine it—feel it, note its soft, smooth texture; stretch it, and see its wonderful elasticity—it cannot shrink.

Pen-Angle Underwear is vastly different. It is knitted, not woven—comfortable, not irritating.

Pen-Angle is an individual, exclusive Underwear creation. It is knitted into its snug, perfect shape— not stretched. The variety of styles, sizes and weights (for any climate) is almost unlimited.

Look for the Pen-Angle label—it's a guarantee of complete satisfaction, or your money refunded. It means quality—removes the last straw between you and Underwear satisfaction.

Remember the Watchword:

PEN ANGLE Underwear

TO CONSULT WAR OFFICE

CANADIAN MINISTERS ARE TO VISIT LONDON

OBJECT IS TO PREPARE COAST DEFENCE SCHEME.

OTTAWA, April 5—The adoption of the resolution asserting the determination of the Canadian parliament to enter upon the construction at an early date of a Canadian navy does not mean that any plans either as to the size of the navy or the annual expenditure, have been discussed by the Canadian ministers. As a matter of fact, sir Wilfrid Laurier, in the course of his speech yesterday made it quite clear that, in taking up the question of coast defence, the government would be bound to pursue the same course which has been followed in connection with the development of the Canadian auxiliary to the imperial army. In other words, the government, instead of taking up the matter with the council of imperial defence, will confer with the war office and proceed on lines agreed upon and which would result in a force being created which could operate effectively in conjunction with the imperial navy.

It is probable that after the session closes, a delegation representing the cabinet will visit London to confer with the imperial authorities on this subject. This delegation is certain to include sir Frederick Borden, minister of militia, and Hon. L. P. Brodeur, minister of marine and fisheries, with, probably, another.

As pointed out in Mr. Foster's able analysis of the situation, Canada will probably have to make a start by the construction of one vessel, which will be built and manned in Great Britain. This will constitute the nucleus from which the Canadian navy will develop. Later on a number of smaller coast defence and submarine vessels will probably be added but of this it is not possible to speak with certainty, for, as the premier pointed out in his address, the ideas of the admiralty as to the proper type of vessel to build changes very rapidly. It will all be a matter for future consideration.

SUNLIGHT SOAP

No trouble with Sunlight Soap. Just follow the directions on the wrapper and Sunlight does the rest. Costs little—does much—never injures hands or clothes.

A Woman's Sympathy

Are you discouraged? Is your doctor's bill a heavy financial load? Is your pain a heavy physical burden? I know what these mean to delicate women—I have been discouraged, too; but learned how to cure myself. I want to relieve your burdens. Why not end the pain and stop the doctor's bill? I can do this for you and will if you will assist me.

All you need do is to write for a free box of the remedy which has been placed in my hands to be given away. Perhaps this one box will cure you—it has done so for others. If so, I shall be happy and you will be cured for 2c (the cost of a postage stamp). Your letters held confidentially. Write to-day for my free treatment. MRS. F. E CURRAH, Windsor, Ont.

Flour Mill Burned.

ROCHESTER, April 5—A fire, claimed to be of incendiary nature, broke out at 4.10 today in the flour mill of J. A. Hinds & Co., the second largest flour mill in the city. An employee of the city, James Morgan, states that just before the flames broke out he saw a man poke oily waste between the clapboards of the rear of the mill, ignite them and run away. The mill was soon totally destroyed. It had a capacity of 500 barrels a day and was a five storey structure valued at $50,000. About nine years ago the Hinds mill caught fire and was totally destroyed.

Royalty Visits Ruined Cities.

ROME, April 5—King Victor Emmanuel and Queen Helena left here today by automobile for Anio where they will embark on a battleship to visit Messina and Reggio, the cities that were devastated by the recent earthquake.

Minard's Liniment Cures Diphtheria.

NEWS OF THE DOMINION

TORONTO, April 5—Cobalt ore shipments for last week totalled over 645 tons.

HALIFAX, April 5 — Capt. W. H. Kent, commander of the government cruiser Petrel, is dead.

HAMILTON, April 5—Prof. Darville, well known all over Canada, was fined $200 this morning for telling fortunes contrary to law.

TORONTO, April 5—Chris Holland, charged with forgery by the bank of Toronto, was sentenced this afternoon to five years in the penitentiary.

BELLEVILLE, April 5—E. V. Sills, a former member of the legislature for West Hastings, died last night after a short illness, aged 73 years.

TORONTO, April 5—Freddie, the 5-year-old son of George Stewart, fell into a tub of water yesterday and died in the hospital this morning.

OTTAWA, April 5 — The postoffice revenue from the sale of stamps for the year ending March 31 was $9,215,862 as compared with $8,685,370 for last year.

BELLEVILLE, April 5 — J. Doran, who weighed over 400 pounds, and was regarded as the heaviest man in Hasting county, is dead at his home in Marysville, aged 73.

WINNIPEG, April 5 — The school board will endeavor to secure provincial legislation providing for compulsory education of children until they are 15 years of age.

WINNIPEG, April 5— Fred Haines, a young man of this city, disappeared last fall and today the mystery was cleared up by the finding of the body floating in the Red river.

OTTAWA, April 5—Canadian trade commissioner Bickerdike, at Belfast, says that Belfast buiness men complain of carelessness and delay on the part of Canadian firms in replying to communications.

TORONTO, April 5—W. T. Hamer, manager of the eastern branch of the Metropolitan bank, died suddenly yesterday of heart failure following an attack of grippe. He was 43 years of age.

MONTREAL, April 5—C.P.R. traffic earnings for the period ending March 31st increased $360,000 over the same period a year ago. G.T.R. earnings for the same period increased $85,021 as compared with last year.

OTTAWA, April 5 — Sir Frederick Borden today received lord Strathcona's cheque for $250,000 for the endowment fund from which $100,000 per annum will be devoted to to the encouragement of military and physical training.

OTTAWA, April 5—W. W. B. McInnes, former commissioner of the Yukon, and defeated liberal candidate in Vancouver at the last general election, has been appointed county court judge of British Columbia at a salary of $3000.

TORONTO, April 5—The court of appeals today dismissed the conviction of Dr. E. M. Cook, on the charge of procuring an abortion. Cook was convicted some time ago, but the sentence was deferred pending the hearing of a reserved case.

WINDSOR, April 5—A strike among the shield workers at the Windsor end of the Detroit river tunnel, being built by the Michigan Central railway, was declared this morning and 75 men, representing the day staff, walked out. It is likely that the night shift, composed of another 75 men will strike. A wage dispute is the cause of the trouble.

WINNIPEG, April 5—It is now learned that four lives were lost in the fire which destroyed the home of R. Ttirritt, a well to do farmer at Emo last Wednesday morning. Mr. Stirritt, his two daughters and a son being the victims. Mrs. Stirritt and the other three children managed to escape in their night clothes. The cause of the fire was an overheated stovepipe.

REGINA, April 5—The two year old baby girl of Albert Krienks of Sothern, met an awful death late Saturday night or early Sunday morning. The details of the fatality which have reached Regina are meagre. It appears Mrs. Krienks wa about two blocks away from home staying with a sick sister-in-law Saturday night and her husband put the 2-year-old baby to bed about 9 o'clock. He left the child in charge of an elder sister and went out to get a shave. About midnight he returned to the house with his wife and found the little girl was gone. A search was immediately instituted and the whole town turned out to help to find the baby. After some hours they came across the body of the child on the tracks, the arm cut off and the body horribly mangled. A train had evidently struck the infant and caused instant death. The body was removed to the home and the coroner informed.

HAS NOT DECLINED.

Ex president of Harvard May Yet Go to London.

BOSTON, April 5 — On his return from his southern trip yesterday Chas. W. Eliot, president of Harvard university, declared that he had not declined the post of United States ambassador to Great Britain.

"Some of the newspapers that I have seen," he said, "have stated that it is all decided that I have declined. I would like to know on what ground such stories have been printed, as I have not said a single word on the subject to anyone. I have not declined. I have not said that I declined. Nothing has been decided yet."

WEIR'S SHOE STORE

Headquarters for the INVICTUS Shoes
Made by Geo. A. Slater, Ltd., Montreal

Why it Will Pay You To Buy INVICTUS SHOES

You'll know the difference betwen good and bad leather only when you have worn it. It's then that the inferior leather shows its defects, both in looks and wearing qualities. When you buy a pair of Shoes you are at the mercy of the maker. If he puts inferior leather into them he is going to lose your trade. But if he uses good high-grade selected leather it means that your purchases won't stop with the one pair—you'll become a permanent buyer. Men who buy one pair of Invictus Shoes keep on using them from year to year, because Invictus Shoes are made of the best selected leathers and by skilled workmen, on modern machinery, over stylish and up to date lasts. They are made with the object of giving the maximum of wear, style and comfort that any Shoes can give.

The Daily News Annual Review

This number contains comprehensive reviews of the

Fruit-Growing, Mining, and Lumbering Industries

of Kootenay and Yale for the year just closed, and is illustrated by 77 half-tone reproductions dealing with the mining, smelting, lumbering, fruit growing and industrial operations in these districts.

The total edition was 6,500 copies, and while the demand for them has been very gratifying, these 200 unsold copies will do good if circulated amongst your friends in other parts of the country by bringing to their attention the wonderful natural resources of this "treasure" province of the Dominion.

We will mail copies to any address in Canada, Great Britain, or the United States for

PHONE LINE TO SALMO.

The question of the construction of a telephone line from Nelson to Salmo has now taken definite form by the offer of Mr. G. C. Hodge to undertake the work for $2700. This is a somewhat higher figure than was mentioned by the News some little time ago, but The News at that time did not pretend to speak with authority on the matter. It merely used the figures supplied it by Mr. S. Ross of Salmo. The reason for the difference in the coast, however, is that Mr. Hodge proposes the stringing of two lines of metallic wire, which would give a service second to none, while Mr. Ross' were for a single wire.

It is understood that the Great Northern railway are prepared to allow the stringing of the wires along their poles at a cost of $5 per mile, which would not mean an onerous charge. but would at the same time time protect the company's interests. It is also understood that the B. C. Telephone company is willing to undertake the operation of the local end of the line on reasonable terms, while Mr. Ross will do the same at Salmo. Mr. Hodge's offer gives a pretty clear idea of the cost of construction, so that all that is now required is definite action by those interested.

The first step, as has already been pointed out in The News, should be to approach the Great Northern company in regard to securing the right to string the necessary wires on the company's poles. The making of an arrangement with the B. C. Telephone company is another matter that should be attended to at once. This could easily be done tomorrow or the following day, for Mr. G. H. Halse, general manager of the B. C. Telephone company is expected to arrive in Nelson son tomorrow evening from the Boundary where he is at present. Then there is the all-important matter to be taken up of securing the necessary capital. In this there should be no dificulty, but someone should make a move in the matter at once. Following this there would, of coure, be the question of making a contract for the construction of a line to be considered by those who had invested money in the project.

The line of action is simple. The question is who is going to take the matter up and see that it is carried through successfully. This is the question that those directly interested in Sheep Creek development must answer.

COMPLAINS WITHOUT REASON

The Revelstoke Observer, a recent recruit to journalism in British Columbia, acquits itself of the following: "The tinpot action of the Nelson board of trade in knocking the construction of the Arrowhead & Kootenay railway has naturally aroused the indignation of the business men of the Lardeau, with the result that they are determined to make Revelstoke their business centre in lieu of Nelson. The attitude taken in the board's discussion by Mr. Lay, manager of the Imperial bank at Nelson, meets with strong condemnation."

Judging by these remarks, it cannot be said that The Observer brings with it into the newspaper field any great breadth of view or sense of fairness. The Nelson board of trade has not done anything to "knock" the Arrowhead & Kootenay railway, but has taken action, as it was in duty bound to do, towards securing the construction of the Crow's Nest Pass line between Procter and Kootenay Landing. In the discussion of this matter, Mr. J. M. Lay pointed out the importance to Nelson of direct rail connection with the east. In taking the action it has in this matter the Nelson board of trade has been actuated only by the best of motives, the building of a line that would be of the greatest benefit not only to Nelson but also to the whole of southern British Columbia.

The building of the line in question has not been asked in opposition to the Arrowhead & Kootenay line, with which the Nelson board of trade is not concerned. What the Nelson board of trade is asking is that the C.P.R. be forced to carry out the agreement which it made twelve years ago to build the Crow's Nest line into this city. How The Observer, even in its youth and inexperience, can see any desire on the part of the Nelson board of trade to "knock" the building of the Arrowhead & Kootenay line is hard to imagine.

EDITORIAL NOTES.

It is gratifying to note that there is every indication of the city council and the Canadian Pacific and Great Northern railways getting together in regard to the repairing of the city wharf. Of the necessity of these repairs there can be no two minds, and it is to be hoped that no further hitch will now occur to prevent their being undertaken at once.

The Victoria board of trade at a meeting held on Thursday last pronounced strongly on the question of Canadian contribution to the imperial navy. It declared for the establishment of a Canadian navy as a branch of the imperial navy, the contribution to the imperial authorities by the dominion of the cost of one or more Dreadnoughts and the immediate purchase from the admiralty of warships suitable for the training of Canadian seamen. This is one of the most sweeping resolutions yet passed by any board of trade on this subject.

The current issue of Cassell's magazine contains an interesting article by Mr. J. S. Willison, editor of the Toronto News, on Mr. Goldwin Smith, whose name as a writer is known so well in every part of Canada, especially by the passing generation. In the years gone by Mr. Smith took a prominent part in Canada's affairs and although his views were not shared by the vast majority of Canadians, the ability and the earnestness with which he set them forth always commanded admiration. To all Canadians Mr. Willison's article will prove interesting.

The News is in receipt of the first number of The Evening Post, the new daily started in Victoria by The Colonish Printing & Publishing company with Mr. Willam Blakemore, formerly of Nelson, as editor. The Post, which makes the second evening paper in Victoria, is in every way a credit to the publishers. It is bright and clean throughout and has an individuality of its own, being entirely different in style and make-up from the Colonist, the morning paper published by the same company. It is the intention of the management to keep the two papers absolutely distinct, Mr. Blakemore having complete control of the editorial department of The Evening Post as Mr. C. H. Lugrin has of The Colonist.

AID PROMISED

(Continued From First Page.)

him from which he asks to be relieved.

The city engineer explained that Mr. Pierre wants $34 and to be relieved from future liability.

The matter was referred to the board of works.

The city engineer reported that Mr. Reed asked for sewer connection two blocks away. He was willing to do the digging and refilling. Mr. Craufurd estimated the cost to the city of pipes and connections at $60 to $70.

Permission was granted.

Mr. Craufurd suggested some amendments to the plumbing bylaw, including provision for periodical house inspection to insure sanitary conditions. The matter was referred to the board of works.

The council then discussed the assurances of Messrs Purvis and Douglas in regard to the city wharf. It was resolved to adhere to the request that the two companies bear the whole cost.

The council then adjourned to Monday, April 12.

THE MEN OF THE NORTH

Words and music by H. H. Godfrey.

Come, if you dare! to the Northman's lair,
The tramp of your armies shall not shake us;
Shout if ye will, we are freemen still;
Words cannot break us;
For we have the brain and the brawn and the blood
Of the Saxon and the Celt and the Gaul;
And we fear not any man but we'll do the best we can
When we march at our country's call.

We are the men of the fair, far north,
The land of the maple spreads around us;
Here shall we live, not an inch we give;
None shall confound us;
For we have the land and the grain and the gold,
And should foes for these e'er wish to try a fall,
Why they'll find that we can fight when we know we're in the right
And we march at our country's call.

Men of the North! if to war we go forth,
Let our trust never lie in martial unmbers,
But in that spark blest in each man's breast,
The fire that never slumbers;
That hatred of wrong and that pride in the right,
And the freedom that our forefather won.
No! we'll never yield a jot, but just keep what we have got
If we fight till the day is done.

CHORUS.

Canada, dear Canada, men of the north are we;
For thee we live and for thee we'll die,
But aye thou shalt be free;
Canada, dear Canada, men of the north are we;
For thee we will and for thee we'll die,
But ever-more thou shalt be free.

Sampson Trial Begun.

LYONS, April 5—Calmly asserting her innocence and belief in her ultimate acquittal, Mrs. Georgia Allyn Sampson was placed on trial today on a charge of shooting and killing her husband, Harry Sampson, a nephew of Admiral Sampson, at the Allyn homestead near Macedon, N. Y., on November 1st last.

WILL HAVE FIELD DAY.

Local Companies of 102nd Regiment Will Exercise on Friday.

Following the precedent of last year the local companies of the 102nd regiment will spend Good Friday afternoon in field manoeuvres.

Last year the single company was divided into three sections, commanded respectively by lieutenants Carrie and Partington and Sergt. Steel. Lieut. Carrie took up a defensive position on the slope of the mountain east of the city, from which he was driven by the attacking party with the loss of a large proportion of his command. The honors of the day fell to Sergt. Steel, whose flank attack decided the issue. The total number of men engaged was less than 50.

This year somewhat similar exercises will be held, but the conditions have greatly improved. There are now 150 men available in the two local companies. The three officers who directed the operations last Good Friday have now all attained the rank of captain, and there are seven lieutenants to assist. It is probable that the Maxim gun detachment will take part in the day's events.

The program will be definitely settled by the commissioned officers early this week.

Amnesty for Spaniards.

MADRID, April 5—The cabinet has decided to introduce in the Cortex a bill granting general amnesty to political offenders.

GRAND SUCCESS

Wonderful Growth in Sales During 1908.

The year just passed will long be remembered for the financial and commercial depression. Business houses all over Canada were affected. Most of them show a loss over 1907. Some did about as much business last year as in the preceeding one. A few—a very few—show substantial gains. In spite of "hard times" and "financial depression" the sales of "Fruit-a-tives" doubled in 1908 over 1907.

The National Drug & Chemical Co. of Canada Limited bought "Fruit-a-tives" in 100 gross lots (14,000 boxes). Lyman Sons & Company of Montreal, and Lyman Brothers in Toronto, also ordered "Fruit-a-tives" by the hundred gross lots. These big wholesalers bought such big orders simply because the retail dealers ordered so many boxes of "Fruit-a-tives"—and the dealers had to keep "Fruit-a-tives" always in stock to supply the constantly growing demand of people in every section of Canada.

To-day, "Fruit-a-tives" are the most *popular family medicine in the Dominion*. In the big cities, in the smaller towns, on farms and ranches, "Fruit-a-tives" are the standby in curing all forms of Stomach, Liver, Bowel, Skin and Kidney Trouble, Rheumatism, Headaches and Neuralgia.

Are you a sufferer from any of the diseases? Don't hesitate a moment. Get a box of "Fruit-a-tives" — take them according to directions—and they will cure without fail. 50c a box, 6 for $2.50, or trial size, 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

CAMPAIGN UNDER WAY

SPECIAL EVANGELISTIC SERVICES START IN NELSON.

FIRST HELD SUNDAY AND ONE LAST EVENING.

The workers who had arrived in Nelson in time for the opening of the Kootenay evangelistic campaign had a busy day last Sunday. Professor Kilpatrick took part in the forenoon communion service in the Presbyterian church, and at the evening service gave a brief address conveying the good wishes of the church in Eastern Canada, in which he dwelt on this campaign as a means of bridging the long distance between east and west, and of expressing the unity of the national life of the Dominion. He also took part in the afternoon meeting at the Salvation Army headquarters. Rev. J. M. Millar, Nanaimo, preached in the Baptist church in the forenoon and the Methodist church in the evening, and gave a brief address in the Presbyterian Sunday school. Mr. T. A. Woods sang a solo at the Presbyterian church in the forenoon and visited several Sunday schools where his musical talent and pleasant manner captivated the children and set them singing with him. He also took part in the mass meeting of men held in the Presbyterian church in the afternoon where to a large audience Prof. Klipat rick delivered an address of remarkable eloquence and power on a Man's Religion, unfolding with unusual lucidity and freshness of explanation and appeal the virile side of Christianity. None could listen to this address without being convinced that the speaker was a master both of the human heart and of the grand truths of the Christian faith. The audience were evidently impressed.

Judge Forin in introducing the professor referred to his distinguished career in Scotland and in Canada and expressed his regret that Nelson was at present receiving only a small part of his service in Kootenay.

There were between 800 and 900 people at the opening service of the Kootenay Evangelistic campaign held on Sunday night at the Alice roller rink which had been prettily decorated in red, white and blue and suitably furnished for the occasion.

The proceedings opened with the singing of several hymns under the direction of E. F. Pugh.

Judge Forin presided and opened the ceremony by expressing his pleasure in being able to welcome the band of evangelical workers before such a splendid audience. His Honor continued that he did not think that such a large gathering of a religious character had ever been previously seen in the Kootenays. Speaking of the work of the evangelists His Honor remarked that the ceremonies to be held during the campaign here could not be of *permanent value except for the* work of the resident ministers. He spoke of the struggles of the clergy men in Nelson who had worked so faithfully and well since the town was first laid out as a place of residence. The evangelists who were laymen, had come to Kootenay to teach the laymen of the district how best to carry on their Christian work. It was the first revivalist campaign that he had been connected with but he was prepared to place all his energies under the direction of the evangelists. He trusted that the work would be just as effective here as it had been in larger *cities. His Honor concluded* by extending a hearty expression of welcome to the visitors.

E. G. Chapman told the audience that they must not look upon the band of workers of which he was the leader as having supernatural powers; they were ordinary men engaged upon the mighty work of God. He supposed that the audience consisted chiefly of Christian people and exhorted them to take an interest not only in their own spiritual condition but in that of those around them. The revivalists would succeed if the Christian people wanted them to. He spoke of the great wave of *moral reform* which was sweeping over the continent and of the interest which was being taken in the missionary and temperance movements. The speaker here paid a tribute to the work of the ministers of the churches. It was only through their efforts that such a revival had been possible.

Rev. Dr. Kilpatrick made one of the most effective oratorical efforts that has been heard in Kootenay. He spoke of the glorious country and brilliant prospects of British Columbia, of its splendid mines and industries and said that he thought God had never before given such a magnificent gift to any nation. The great cry was "Canada for Canadians." He would reverse that and say "Canadians for Canada." True patriots desired the best for their country and it was only through the building up of a population of clean, wholesome and unselfish people in the country that they could be attained.

Rev. J. M. Millar, moderator of the synod of British Columbia, spoke of the many problems which had to be faced in the west and said that the important thing was that all should work as one church. He trusted that the people of Kootenay would be moved mightily and make a great effort to assist the revival.

Rev. J. T. Ferguson thanked all the executive for the great work they had done in making preparations for the services and paid a special tribute to Joseph Patrick for his work in decorating the hall.

The acoustic properties of the building, furnished and decorated as it was, were not of the best on Sunday night and a little time will be necessary for the speakers to acustom themselves to the peculiarities of the hall.

The roller rink last night for the second of the series of revivalist services was well filled. The proceedings were opened as on Sunday by the singing of some of the Chapman-Alexander hymns in which the associated choirs of the Nelson churches again showed themselves to have been excellently trained.

Rev. J. T. Ferguson who presided publicly welcomed Dr. Granstaff who, owing to the vicissitudes of travel, had been unable to be present on the previous evening. Rev. Mr. Ferguson next pointed out to the audience that there were heavy expenses in connection with the campaign and said that he hoped that everyone would assist the work by contributing as far as their means permitted.

The fire chief and city engineer had both inspected the building and had *stated that it was perfectly* safe for 1200 people. There therefore need be no anxiety as to the safety of the rink He had made the announcement because he had heard some people discussing the question.

Dr. Granstaff on rising to speak said that he would speak next evening, to night, on "Does God Answer Prayer?" and asked them to bring with them written requests for prayer which might be as personal or impersonal as they wished.

Commencing his address the speaker said that the words of Christ had always been imperative. Christ must reign until his enemies were subdued If they were not saved when the days of triumph came His foot would be on their necks. He spoke of the words of Christ to Thomas when the apostle had doubted that the Master had risen from the dead. These facts of the prints in the hands and the wound in the side were as indisputable facts today as they were then. They proved him to be Son of God Divine. People today were not dealing with a far off Christ but with a Saviour of today. Jesus Christ was the one up to date man. Jesus Christ was not a human output; Jesus Christ was matchless, He stood solitary and alone, He had never been equalled.

Scientists were said to have discovered everything. Perhaps they had. If they would rather think their ancestors came from monkeys than from the Garden of Eden they might do so, but the speaker preferred to retain his own belief. Was Jesus a man of the hour in which he lived? If so why did Judas crucify Him? If he were a creation of an idealist, Matthew, or Mark, or Luke or John, that idealist was greater than the Master and he, being the creator was greater than the Christ created by his imagination. There was only one solution to the question. That was that Christ was the Immanuel. There was only one answer and that was "Thou Art the Christ, the Son of the Living God." People must then say what they were going to do with the Christ. Having admitted that he was the Son of God, the great question before the people of America and all the world was the attainment of a Christlike character It would be the question all through their lives and the last to comfort them as they passed from life to death Their bodies were not "you" but "yours," the bodies were but temporary houses, but in eternity they were building houses in which they would live for ever. These houses were houses of character, they would be built out of what they said and did during their present life.

INDIAN MOTHER'S DEVOTION

Fed Starving Children on Her Own Flesh.

DETROIT, April 5—A horrible story, almost incredible in its barbarity and gruesomeness, was told by Hilton George, who has been in charge of an *important post of the Hudson's Bay* company near Lake Nipigon, and who arrived in the city on Saturday on a visit to relatives. He was notified that an Indian family, living in an out of the way spot was in imminent danger of starving and when he arrived with assistance a terrible sight greeted him. The mother, knowing that assistance was on the way, had given out provisions carefully, but the delay was too long and the children were crying for food. Taking a hunting knife, the devoted mother cut several strips of flesh from her own body and on this fed the little ones. George immediately had the suffering mother and the family conveyed to the nearest post, where the woman is now making a brave fight for life. The children are well and strong.

Minard's Liniment for sale everywhere.

OFFERS TO BUILD LINE

NELSON SALMO PROPOSITION IS TAKING DEFINITE FORM

G. C. HODGE READY TO UNDERTAKE THE WORK

That he is willing to undertake the contract of building a first class telephone line between Nelson and Salmo *equipped and ready for use for $2700* is the statement made by G. C. Hodge, for many years superintendent of construction for the B. C. Telephone company, and who perhaps knows more about this class of work than any other man in the province. All that Mr. Hodge desires is that the contract be given him by responsible parties and he will, he says, have the line ready for operation in 30 days, providing there are no unforeseen delays. Mr. Hodge's figures, it may be said are for a double metallic line strung on the poles of the Great Northern railway.

Discussing the matter with a representative of The Daily News yesterday, Mr. Hodge said that a line so constructed would be in every way a success. As far as its telephonic qualities were concerned they would be of the best, while it could also be made a paying proposition from the start. He thought there would be no trouble in arranging with the B. C. Telephone company to handle the business on this end, while Mr. Ross of Salmo already offered to undertake similar duties on the Salmo end. There would therefore be no difficulty over operation.

Concerning the construction of the line Mr. Hodge said that he was ready to commence the work at any time that he was awarded the contract at the price stated. A line such as he proposed would be first class in every particular and would include three transmitting machines, one at Nelson, another at Ymir and the third at Salmo. These would be of the very type.

EXPECTS LARGE INFLUX

C. E. McPHERSON OF C. P. R. ON YEAR'S RAILWAY TRAFFIC

PREDICTS MANY SETTLERS FOR BRITISH COLUMBIA

C. E. McPherson of Winnipeg, general passenger agent for the C.P.R. western lines, spent Sunday in the city. Interviewed at the Strathcona by a representative of The Daily News, Mr. cPherson stated that he had come west on one of his periodical tours of inspection and that he was paying special attention to making arrangements for changes in the summer schedule. He expects that the tourist and incoming settler traffic this summer will be unusually heavy and is already making preparations to deal with it.

The number of settlers who are pouring into the prairie country already is without precedent in the history of the railway for the time of year. Most of these settlers are coming in from the United States and are in most cases well provided with ready money for the purpose of properly equipping their homesteads. Mr. McPherson expects that there will shortly commence the usual influx of settlers into British Columbia, *attracted by the fruit* growing and mining advantages of the country.

A new feature of the trains that will be used by the C. P. R. on their main lines this summer will be the library observation car which will be thoroughly equipped, in addition to the windows so arranged that passengers can enjoy the scenery of the country through which they are passing. The cars will be provided with a selection of the latest and most interesting books and with daily newspapers and magazines.

Again referring to the traffic for the coming summer season Mr. McPherson said that reports were being received from agents all over the world giving particulars of advance bookings over the railway and that these reports almost without exception pointed to the year 1909 as being likely to be one of the busiest in the annals of the railway.

MEAGHER & CO.

Easter Millinery

Only a week now to Easter Sunday, so if you want your new hat for that occasion, leave your orders at once so as not to be disappointed.

Our stock of New York and Paris pattern hats is running low, but this week we will offer what are left at cost price, that is from $7.50 to $15. There are some very choice creations amongst these so come early if you want one.

We have a fine line of Sailor Hats from $1 to $4, and some of the prettiest Children's and Infants' headwear you ever saw.

Cigarette Fiend's Work.

PHILADELPHIA, April 5—Fire today badly damaged the buildings occupied by the N. Stetson Piano company and the Columbia Phonograph company in the center of the city. Adjoining places were damaged by water and the total losses are estimated at $200,000. Five music teachers who occupied apartments in the upper floors of the buildings were assisted to the street by the firemen. The fire is believed to have been caused by a lighted cigarette thrown through a grating into the basement of one of the buildings by a pedestrian.

MORTGAGE SALE.

Under and by virtue of a power of sale contained in a certain Mortgage which will be produced at the time of sale there will be offered for sale by public auction on Wednesday, the 14th day of April, 1909, at 11 o'clock in the forenoon, at the Court House, Rossland, B. C., that certain tract of land and premises in the City of Rossland, being lot nineteen (19) in block twenty-nine (29) in the Paris Belle Addition to the City of Rossland, according to plan 616A deposited in the land registry office at the City of Nelson.

For further particulars and conditions of sale apply to the undersigned at their offices in the Schofield Block, Rossland, B. C.

Dated March 27th, 1909.

BAKER STREET—NELSON, B. C.

VANCOUVER AMBITIOUS

BOARD OF TRADE RECOMMENDATION TO GOVERNMENT

WANT VIGOROUS POLICY TO AID IN LOCATING IMMIGRANTS

VANCOUVER, April 5—The Vancouver board of trade may launch a big movement for the encouragement of capitalists to establish manufacturing industries in British Columbia and the adoption of a vigorous policy respecting the location of immigrants on unoccupied crown lands. These two subjects will be embodied in a resolution which Mr. H. A. Stone, president of the board, will introduce at the monthly meeting to be held tonight. The resolution will especially urge the provincial government to take the initiative in these matters. It is likely to be adopted. Mr. Stone has given both questions very careful consideration and an interesting debate is expected.

In competition with the great United States rail mills, controlled by the steel trust, the Dominion Iron & Steel company has just been successful in securing the contract for supplying the rails for the 100 mile section of the Grand Trunk Pacific railway between Prince Rupert and Copper River. This was the interesting announcement made today by J. T. Dalrymple, assistant freight traffic manager of the Grand Trunk Pacific railway company, with headquarters in Winnipeg.

Rumors of the sale of the Black property at Hastings, comprising 27 lots, with a 2700 foot water frontage on the small bay just below Hastings park, and including the property on which the old Hastings hotel still tands, were confirmed this morning by S. A. Jones who states that he has purchased the property on behalf of English capitalists, and that the deal is closed and the transfer signed. The price paid by Jones was $100,000 and in view of the demand for water front and the increased value in the neighborhood of Hastings park since the definite decision to establish the exhibition there, the deal is generally considered to be most advantageous to the purchasers.

Mr. Jones states that it is the intention of the purchasers to establish a large system of wharves and docks on the water front, the conformation of the land and water at this point making it an ideal site for the purpose. He states that his principals have already made extensive plans, which will be announced in due time, and that they will expend a large sum of money on the property.

CERVERA DEAD.

Famous Spanish Admiral Succumbs at Puerto Real.

PUERTO REAL, Spain, April 5—Vice admiral Pascual Cervera, who commanded the Spanish navy in the bay of Santiago, Cuba, died here on Saturday.

Vice-admiral Cervera was released from the active list of the Spanish navy on Dec. 14 last at his own request on account of failing health.

Admiral Cervera was born on Feb. 19, 1839. He was graduated from the naval academy of San Fernando and he was commissioned to foreign service in 1859. He served in Morocco and in the Cuban rebellion and was recalled from Cuba to hold the office of minister of marine. On the outbreak of the war with the United States he sailed from the Cape Verde islands with four cruisers and three torpedo boat destroyers on April 29, 1898, entered the harbor at Santiago de Cuba on May 19, and lost his entire fleet off that port on July 3, in an attempt to force his way through admiral Sampson's fleet.

EVANGELIZE DOMINION

PLAN OF CAMPAIGN OUTLINED AT TORONTO CONGRESS

DECLARATION OF PRACTICAL DUTY OF CANADIAN LAYMEN.

TORONTO, April 5—The practical result of the great national missionary congress which concluded here yesterday, was the unanimous and enthusiastic adoption of a report defining the missionary policy and the responsibility of every denomination in the Protestant churches throughout the length and breadth of the dominion and of Newfoundland. This report which is bound to rank among the most important of historic documents relating to the Christian church, puts on record the belief that representatives of all the Protestant churches:

That the church of this generation should undertake to obey the literal command of Christ to preach the gospel to every creature.

That every layman of the church is actually responsible with every minister to work to the full measure of his ability in this cause.

That the clear duty of the churches of Canada is to evangelize all residents and immigrants in the dominion and to provide for the evangelization of forty millions of heathen.

That $1,300,000 annually must be provided for home mission work and $2,200,000 annually for foreign missions.

That a permanent secretary be engaged to superintend the work and the collection of money.

In addition to adopting this policy, the delegates themselves put in promises of subscriptions to the amount of $4500 annually for three years to defray the expenses of the movement, one delegate who promised $200 per annum, said he would give as much more as was needed.

The tangible results as embodied in this report, however, by no means tell the whole story of what has been accomplished by this congress. The great gathering has been a revelation to the power of religious belief among men in every walk of life and it has given an immense impetus to the recognition of the common brotherhood of men. Well might one ask whether any other cause under the sun could bring together such a combination of men on one platform as was to be seen at the congress. Here is a platform noted at one of the meetings: A Baptist preacher, an Anglican bishop, the head of the Canadian Methodist church, the captain of a great Canadian industry, a young Washington business man, a leader of the New York bar, two wealthy philanthropists, the provost of an Anglican university, a noted Presbyterian divine, a consul general who has represented the United States in the Barbados and in Singapore, a noted scientist, a great pro-consul of the empire with a record of 40 years of high administrative service under the crown and all presided over by one of the leading king's counsel of Toronto. The platform was composed of different delegates at every meeting but there was not a single occasion on which it was not as representative as the one outlined.

NEARLY SECURED PRIZE

Russian Pirates Foiled at Last Minute by Police.

BAKU, Russia, April 5—A band of Georgian revolutionists failed by the narrowest margin yesterday successfully to carry out a carefully arranged plan to seize the treasure on board a steamer trading on the Caspian, and make their escape with it into the Caucasus.

The steamer Czarevitch, with $600,000 in specie on board, was about to sail from Krasnovodsk yesterday morning when the police appeared on board and searched all the passengers. Among them they discovered and arrested the Georgian band, consisting of 20 armed men, under the leadership of a lieutenant, an officer of the reserves. It was the intention of the pirates to overpower the crew at sea, rob the treasure room and land with the gold on the sparsely inhabited Caucasian coast. The steamer proceeded after a delay of five hours.

For Sale

An eight roomed house and lot, having fruit trees in bearing, recently renovated. No hills to climb. A rare chance to secure a home at very little cost and very easy terms. Price $1,500; terms $200 cash, balance $25 per month with interest at 7 per cent. Ful particulars of

Czar Will Go Visiting.

ST. PETERSBURG, April 5—Preliminary preparations are being made for a round of state visits by the emperor to Scandinavia and possibly to London in the early summer. According to the plans, his majesty will leave in June on board the imperial yacht, Standard, escorted by a division of the Baltic fleet and torpedo boats, and will go to Stockholm, Christiania and Copenhagen and perhaps thence to London to return king Edward's visit during the summer. In any event it is regarded as a certainty that this is the first extensive imperial trip projected since 1901.

Good Liniment.

You will hunt a good while before you find a preparation that is equal to Chamberlain's Liniment as a cure for muscular and rheumatic pains, for the cure of sprains and soreness of the muscles. It is equally valuable for lame back and all deep seated muscular pains. 25 and 50 cent sizes for sale by all druggists and dealers.

Minard's Liniment Cures Dandruff.

SHERIFF'S SALE.

By virtue of several executions issued out of the Supreme Court of British Columbia, and the County Court of East Kootenay, holden at Cranbrook against the goods and chattels of the Sullivan Group Mining Company, I have seized and taken in execution all the right, title and interest of the said Sullivan Group Mining Company in and to, a quantity of raw and roasted ore now in the yard of the smelter of the said Company at Marysville, B. C., and also in a large quantity of mining tools and mining machinery, assay materials, supplies and implements, fire brick and fire clay, Vancouver cement Allis and Chambers ore crushers and various other articles and supplies for mining and smelting, office furniture, cooking utensils, and other goods and chattels, a full inventory of which may be seen at my office in the Court House at Nelson, and the various goods and chattels may be seen upon application to John F. Adams, bailiff, in possession at the smelter at Marysville, and at the Sullivan mine.

I shall offer all of the said goods for sale at public auction at Marysville, B. C., on Thursday the 22nd day of April, A. D. 1909.

S. P. TUCK,
292-tf. Sheriff of South Kootenay.
Dated at Nelson, B. C., 2nd April, 1909.

FRUIT LANDS FOR SALE.

TOYE TAYLOR & McQUARRIE.

NO. 1—RIVER FRONTAGE—314 ACRES with good river frontage; 61 acres fine bottom land, balance first class fruit land, well watered. Some improvements. The location is good; would subdivide to advantage. A snap for quick sale, $17.00 per acre; $2000 cash. Ask for plan and description.

NO. 2—BURTON CITY 10 ACRE FARM. Finely situated in Burton Valley, we are offering some extra choice lots; land is level, easy to clear, free from stone, close to store, post office school and steamboat landing; good wagon roads. The best fruit land in the district. Price $100 per acre, very easy terms arranged. See plan and photos.

NO. 3—SLOCAN VALLEY: 156 ACRES no waste, close to R. R. station, store, school, mill, and post office at Winlaw Siding in Slocan Valley. 20 acres cleared, house and barn. Land is level and free from stone. Would subdivide to make six good farms. Price $35.00 per acre, terms given. Get plan and complete description.

NO. 4—RIVER FRONTAGE. 164 ACRES 8 miles west of Nelson on railroad with frontage on Kootenay river. 40 acres cleared and ready for planting. Rich soil and excellent location. Would subdivide to advantage. Price $50 per acre, clear title and easy terms.

NO. 5—AN IDEAL LOCATION. Improved fruit farm of 13 acres situated on railroad 14 miles from Nelson. Has a beautiful river frontage on two sides. Government wagon road passes farm with R. R station 100 yards distant; school and post office close by. Beautifly rich soil, and four acres cleared, bearing fruit trees. Price $3000, terms arranged.

NO. 6—KOOTENAY LAKE FRONTAGE—7 acres, inmproved, fine lake frontage; 1¼ miles from Nelson. Comfortable dwelling, bearing fruit trees, strawberries, raspberries, currants, gooseberries, etc. Well watered. See plan and photos. Price $3500.00.

NO. 7—IMPROVED FARM—275 ACRES fronting on Slocan river, 1½ miles from Slocan City. Fine two storey frame dwelling in good repair, barns and outhouses; 18 acres of land cltured and improved, good creek running through farm. Contains about 40 acres of choice bottom land, with meadow; balance fine bench land suitable for fruit growing purposes. First class government wagon road passes through the property. One of the best general farming propositions on out list. Plans and full particulars furnished. Price $35 per acre, Terms given.

NO. 9—OUR SUBDIVISION OF 10 ACRE lots at Edgewood, is the best that has yet been placed on the market. Every lot contains 10 acres of first class fruit land. Now government dock built in front of property. Government wagon road passes through it. Some very choice lake frontage in this subdivision. Write for plans, complete description and illustrated booklet. Prices from $100 to $150 per acre.

NO. 10—SLOCAN JUNCTION LANDS—At Slocan Junction, 18 miles west of Nelson, we have for sale some very fine 10 acre blocks of unimproved fruit land. The quality of the soil is No. 1 for fruit growing and the land is fairly easy to clear. There is no timber or underbrush on the property, but generally speaking it is fairly open. The location is good. These farms front on the river and railroad and are within ¼ of a mile of a school, post office and Lancaster station. Daily freight and passenger service. Government wagon road passes this property and farmers living there will be able very shortly to drive right into the city. On account of its very fine location, beautiful view of the Kootenay and Slocan rivers surrounded by good settlement and general all round good quality of the land it is good buying at the price, $100.00 per acre. Terms ¼ cash, balance 1, 2 and 3 years, 7 per cent interest.

NO. 11—20 ACRES AT PROCTER—Close to lake shore and steamboat landing, would make a first class fruit farm. Price $1500, terms to suit purchaser.

NO. 12—640 ACRES—A SURE MONEY maker for the buyer. 4 adjoining quarter sections situated in the heart of Pire Valley. First class land, well watered and beautifully timbered. Good proposition for subdividing. See our complete report. Price $20 per acre. Terms arranged to suit purchaser.

NO. 13—IMPROVED 10 ACRE FRUIT farms—2 adjoining 10 acre farms at Lancaster, 14 miles from Nelson Railway station at your gate. fine river frontage. 3 acres on each farm cleared and planted to orchard, land is level and free from stone, rich soil, school and post office 1½ miles distant. Price $2000 each, on east terms.

NO. 14—FOR SALE. CLOSE TO NELson—2 first class 10 acre blocks situated on wagon road, 4 miles from Nelson. Surrounded by improved properties. Make fine fruit and poultry farms. Price $100 per acre, on easy terms.

NELSON NEWS OF THE DAY

The Knights of Pythias will congregate in the hall of the order this evening.

I. O. O. F., Queen City Rebekah lodge No. 16, will meet in Fraternity hall tonight.

In last week's British Columbia Gazette the formation of the Prince Rupert Land registration is announced.

William George Smith of Arrowhead has been appointed to be a justice of the peace in the province of British Columbia.

The usual monthly meeting of the board of trade will take place in the rooms of the publicity bureau on Thursday night next.

The Sandon Mines, limited, with a capital of $25,000 has been granted a certificate of incorporation under the Companies Act of 1897.

The seats for the assembly room of the public school. A piano will be secured today and practice for the Empire day concert will begin at once.

The post office at Moyie will be moved about May 1 into a more commodious building which will be built shortly by Calder Bros. The new structure will be 40 by 18 feet.

Miss Eleanor Shackleton, sister of the famous Lieut. Shackleton who was in command of the late successful polar expedition, is living in Winnipeg as a nurse at the newly instituted Children's hospital in that city.

The Moyie Leader announces that the much needed wagon road from Yahk to Kingsgate is to be built this spring by the government and that work will probably be started within the next few days. The distance is about nine miles and the road will pass through some excellent farming country.

His honor judge Forin held a chamber session of the county court yesterday morning and disposed of the following matters: In Peters vs. Peters, J. O'Shea applied for settlement of order, H. A. Stewart, contra, order made. In re overholding Tenants Act, Sanderson vs. Glenn, J. O'Shea obtained an order for writ of possession.

The government has decided to establish on May 15 a supreme court registry at Prince Rupert and for the present the incumbent of the office will be Herbert Young, the present registrar of the county court at Atlin. Arrangements have also been made whereby bills of sale may be registered at Prince Rupert. Hitherto these documents have been sent to Vancouver to be placed on the files. The land registry office at the proposed G. T. P. terminus will also open on May 15.

The Empire day concert committee met in the public school building yesterday afternoon at 4:10. The report of the program committee, outlined in Sunday morning's issue, was received and adopted. The concert will be held Friday evening, May 21. The program will include solos, addresses, choruses and drills. The following committees were appointed: Choruses, Misses Thom, McVicar, Scanlan and DeBou; drills, Misses Wade, Smith, Grant and A. Sullivan; general, Misses Ross, Taylor, Thomas and Middleton; high school features, the high school staff.

"The Red Mouse" by William Hamilton Osborne and the "Bronze Bell" by Louis Joseph Vance, author of the "Brass Bowl", etc., are two of the new books just to hand at W. G. Thomson's. They are regarded as two of the strong books of the year. The price of both is $1.25 each.

For the Easter Holidays the Canadian Pacific Railway Company announce a rate of fare and one-third for the round trip. Tickets will be on sale April 8th to April 12th, inclusive, good to return until April 13th. 293-7

The cheapest tea to use is not the lowest priced. You can buy tea a few cents a pound cheaper that will make a drink, but if you want an absolutely pure, healthful, cleanly prepared tea use "Salada". It is infinitely more delicious and decidedly more economical than other teas because it goes further. 134.

SPRING STYLES

This cool weather is just a breathing spell for spring to gather strength.

Get away with you new Spring Suit before the other fellows pick out the smartest and best fabrics.

Select your Suit, while you have the choice of the greatest variety of exclusive patterns that will be shown this season.

The most attractive Suits are the first to go. Get a good start—select you Suit today.

See the new fabrics in Blues, Olives, Browns. See the new stripes—the handsomely cut Coats with broad collar and lapels—the concave shoulders—the splendid tailoring—the ease and graceful hang of the trousers.

Suits at $18.00, $20.00, $22.00, $25.00 to $30.00

You'll find nothing excedingly striking about these prices—but if you will drop in for a look, you'll discover many striking things about the fit and tailoring of all our clothes.

If you buy clothes here once, you'll do it again and again. We've a whole army of patrons who have met with this experience and never think of going elsewhere.

We guarantee every garment we sell, for the reason that we will sell no garments we can not guarantee. You're safe here.

Nelson, B. C.

MISS OLIVIA DAHL

She Will Give Concert in Opera House This Evening.

Miss Olivia Dahl will give a concert recital in the opera house tonight under the auspices of the Scandinavian and Fellowship society. The Spokane Chronicle speaks in the following eulogistic terms of Miss Dahl's singing:

"The artist's concert given last evening at Masonic temple under the auspices of the Wagner club was a decided success. Miss Olivia Dahl, the Norwegian song bird, proved to be all the club had claimed of her, and more. She has a voice of splendid range and clearness, but it is in her power of expression rather than anything else that Miss Dahl excels. Whether in the rugged compositions of Grieg or in the sweet "Allah" by Chadwick, or in the rare little "Lullaby" with which she closed her program, she seemed to interpret fully the intention of the composers and to have the power of expressing their feelings in a way that her hearers could not but appreciate. While it would be difficult to say which of the number was the most effective, there seemed little doubt that the best work of the evening was done in her series of Swedish and Norwegian folk songs which closed the program."

FRUITVALE CONSERVATIVES

Association Formed and Officers Are Elected.

(Special to The Daily News.)

FRUITVALE, April 5.—A public meeting was called at Fruitvale on April 3 by H. J. Bush to consider the advisability of forming a conservative association in Fruitvale. Over 40 residents were present and Mr. Bush was elected to take the chair. In a short speech he explained that he had been in communication with the member of the government house, Mr. Schofield and that Mr. Schofield heartily approved of the object of the meeting and had sent him a book of specimen bylaws for the guidance of the meeting.

It was decided to form the Fruitvale Conservative association forthwith, and Mr. Schofield was chosen as honorary president, John Muir as president, J. Beemer as vice-president, H. Davis as secretary-treasurer and Messrs Bush, Hyslop Hagarth and Page as an executive.

Thirty-nine gave in their names as willing to become members and the proceedings terminated with a vote of thanks to Mr. Bush.

There is no doubt that the new association will be of great asistance to the conservative party in this district and great credit is due Mr. Bush for his enterprise in calling the meeting.

Prof. H. A. Powell of Havana, Cuba, Recommends Chamberlain's Cough Remedy.

"As long ago as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I recalled its true value until now," writes Prof. H. A. Howell, of Howell's American school, Havana, Cuba. "On the night of February 3rd our baby was taken sick with a very severe cold; the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not bink he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now, three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only saved the life of our dear little boy." For sale by all druggists and dealers.

for the best essay of not more than 150 words on our Ideal Friendship or Love Ring. The competition is open to all and it will facilitate the work to see the ring and have a few words of explanation. The ring will be in the window today and this week, and our staff will be at your disposal. It will give us as much pleasure to show the ring as it will give you to look at it.

All correspondence will be strictly confidential and in case of the essay not carrying off a prize it will be returned to the writer if desired.

All should try it. It will do you good to think of an ideal.

NELSON NEWS OF THE DAY

Alex Lucas, assessor, of Kaslo is at the Hume.

The I. W. W. meet this evening in Miners' hall.

S. Ross of Salmo came in last night and is staying at the Hume.

Mr. and Mrs. William Clark of Ymir are guests at the Hume.

Born, at the Home hospital, on April 5, to the wife of H. C. Benest, a son.

Born, at Lethbridge, on Friday, April 2, to the wife of G. P. Player, a son.

R. Hamilton Jameson, a well known tea merchant of Victoria, is a guest at the Strathcona.

G. A. Woodside of Owen Sound, Ont., is at the Strathcona. Mr. Woodside is interested in mining.

A meeting of th Nelson Lacrosse club will be held in Alex Fife's barber shop at 8 o'clock tonight. Among other business will be the appointing of delegates to the meeting to be held at Cranbrook next Friday for the purpose of forming a league.

Mrs. J. H. Taylor left last night for Kamloops where she will visit her sister.

Born, on Saturday, April 3, to the wife of F. C. Green, Kootenay street, a daughter.

The program at the Arcade tonight comprises seven subjects and is chiefly of a comical character.

There will be a special practice of the choir of St. Saviour's church in the church at 8 p. m .tonight.

A new tailoring establishment has been opened at 403 Baker street under the firm name of Dave Small & Co.

The services in St. Saviour's church today will be: Holy Communion 10:30 a. m., evensong and address, 5 p. m.

John Matheson was sentenced by police magistrate E. A. Crease yesterday to three months' imprisonment for vagrancy.

Rev. Frank Granstaff, of Minorca Lake, Ohio, one of the leaders of the Kootenay Evangelistic campaign is staying at the Strathcona.

The executive of the Nelson Cricket club are requested to attend a meeting which will be held at 516 Kootenay street at 8 o'clock tonight.

Miss Olivia Dahl, the famous Norwegian singer who is to sing this evening at the opera house reached the city last evening and is a guest at the Hume.

G. H. Wright of Vancouver reports that he has taken one year's bond on the Majestic group of claims on Payne mountain at Sandon from F. H. Bourne of Revelstoke, and Charles French of Vancouver, and that a staff of 10 men will be at once put to work on the property which is near the well known Payne mine at that place.

During the absence of Percy J. Gleazer, W. W. Bradley has been appointed acting mining recorder and registrar of voters, births, marriages and deaths.

The local lodge of the Scandinavian Aid and Fellowship society of America held a successful meeting last evening in the K. of P. hall at which there were several initiations.

In the list of names of licentiates of the British Columbia Pharmaceutical association published in last week's British Columbia Gazette are W. Rutherford and Dr. W. O. Ross.

Mr. and Mrs. A. D. Wheeler and sons of Ainsworth, came in yesterday and are guests at the Strathcona. Mr. and Mrs. Wheeler are taking their two sons to a boarding school at Spokane.

Mrs. W. S. Riblet and Mrs. A. L. McCulloch will hold a reception at the Strathcona hotel on Thursday afternoon next from 3 to 5:30 in aid of St. Paul's Presbyterian church.

Rev. Dr. Kilpatrick, principal of Knox college, Toronto, will address the pupils of the senior and intermediate grades of the public school in the assembly room this afternoon at 2 o'clock.

At St. Saviour's church, Nelson, B. C., on Monday, April 5, 1909, by Rev F. H. Graham, rector, Arthur Maurice Harvey of Fernie, B. C., was married to Margaret Ellen Taylor Dudley of Rossland, B. C.

Wilkinson orchestra have been engaged to play at Miss Dahl's concert at the opera house tonight. While one or two songs will be sung by Miss Dahl during the evening in Swedish and Norwegian the majority will be in English.

A court of revision for the Ymir electoral district will be held in the court house, Trail, at 7 p. m. on May 3 for the purpose of hearing objections to the retention of any names on the voters' list for that constituency.

A. Carney, timber inspector of East Kootenay, was in the city yesterday on a flying trip from Kaslo. He reports that East Kootenay lumbermen generally predict a better season now than for several years past consequent on the improving demand for lumber from the prairies.

The meetings today in connection with the Kootenay evangelistic campaign are as follows: 12 o'clock noon, short meeting at Nelson Iron Works conducted by J. Thomson; 12:30 to 1 p. m., praise service for business men and women, conducted by O. F. Pugh; 4:30 p. m. stereoptican meeting for boys and girls of eight years of age and upwards in the Alice roller rink conducted by J. Lowe; 8 p. m., mass meeting in the Alice roller rink, speaker Dr. F. Granstaff.

The Kaslo yesterday brought down 50 tons of ore from the Whitewater mine and 23 passengers.

A. E. Boyle, western representative of the Toronto Globe, is in Nelson at the present time and is a guest at the Hume.

The funeral of H. Fisher, who dropped dead at Koch's Siding last Thursday, will take place from the parlors of the Standard Furniture company of Friday next. The time of the ceremony and the officiating minister will be announced later.

Capt. Moore of the steamer Kaslo brought word yesterday that a new ranch is being started four miles on this side of Kaslo, the name of which will be Gravenstein, after the apple that is making the district famous. The ranch which consists of about 50 acres is owned by J. Archer of Kaslo.

Queen City Rebekah Lodge No. 16, I. O. O. F., will confer the initiation degree at their regular meeting this evening at 8 o'clock in the lodge room. At the close of the business session refreshments will be served and the remainder of the evening will be spent socially. A full attendance of the officers and members is requested.

Great preparations are being made for the coming social and dance which is to be given by the Churchman's club on Tuesday next. The lady's first prize for whist will be donated by Will Irvine; the gentleman's first prize by R. G. Joy, secretary of the club; and the prize for the basket obtaining the highest bid will be given by the president, W. Cutler.

Percy J. Gleazer, mining recorder and registrar of births and marriages and deaths, leaves this morning over the Great Northern railway for New York, whence he will proceed on board the Cunard liner Mauretania to England. Mr. Gleazer expectes to arrive in the old country about April 20 and will be absent three months. On his return trip he will visit Salt Lake City and Denver. Mrs. Gleazer and son and Miss McBeth during Mr. Gleazer's absence will pay a visit to friends at Vancouver, leaving by way of Spokane and Seattle this morning.

A special meeting of the Woman's Hospital Aid society will be held tomorrow afternoon at 3 o'clock in the parlors of St. Paul's Presbyterian church.

The Woman's Hospital Aid society has arranged to hold their annual dance in the armory on Monday evening next, and hope to make it the most successful event of the kind yet given by them, and to this end will spare no pains. The aid supplies all the linen required by the hospital and also provides all extra comforts for the public ward patients. Following the recent carnival, the aid presented the hospital with a handsome leather couch and a table for the convalescent ward. The proceeds of the dance to be given on Monday will go toward the half yearly supply of linen for the hospital. As this is the first dance after Lent and owing to the worthiness of the cause, the ladies expect a large attendance and assure their patrons of a thoroughly enjoyable evening. Tickets may be secured at Fred Irvine & Co's. and the Canada Drug and Book company's store and also from any member of the Woman's Hospital Aid society.

SALMO NOTES.

(Special to The Daily News.)

SALMO, April 5.—T. P. Wallis of Nelson was in town on Saturday.

G. J. Hansch, Lethbridge, was a visitor on Saturday last.

A. J. Widdifield, Kaslo, is starting up a bakery in town.

W. H. Cauley, has secured a large contract for shingle bolts, to be shipped to a Nelson shingle mill.

Caddy Donaldson and John Benson are improving their residences with a new coat of shingles.

G. A. Kennington has three men working at his mine which, he reports, is showing up well.

Mr. John Waldbeser returned on Saturday from his mine, the Emerald, and he says the mine never looked better.

A special freight train came to town on Sunday fith empties for the shingle company's mills.

Several new discoveries have been made on Sheep creek the last few days; the specimens brought down are fine looking samples.

SLOCAN NOTES.

(Special to The Daily News.)

SLOCAN, April 5.—Rev. S. Kenmure is leaving Slocan for the coast next Wednesday. During his stay here he has done much to strengthen this Presbyterian church, and has shown a special interest in the Sunday school. His departure is much regretted.

On Friday last at a special meeting in the Oddfellows' hall by the ladies' aid, the lights went out, which created some confusion, but all kept their seats.

An alarm of fire at the Arlington hotel which fortunately was checked in time, caused everyone to go out but on their returning the remaining part of the program was given.

On Friday Mrs. Anderson held an "At Home".

Mr. McNeish is in Nelson where he expects to stay on business for a week.

WANETA NOTES.

(Special to The Daily News.)

WANETA, April 5.—Work both for horses and men is plentiful this year on the ranches and suitable workhorses are scarce.

More clearing will be done and more feed raised than usual.

Amongst some of the new crops to be tried are broom corn, tobacco, alfalfa, and the wonderberry.

In this very early situation some of the earliest varieties of potatoes are being planted.

Orchard spraying is about finished and good crops are anticipated.

MISSIONARIES AT CRANBROOK

Evangelistic Campaign Opened Sunday Night.

CRANBROOK, April 5.—The auditorium house was crowded to the doors on Sunday night on the occasion of the opening of the revival campaign. Rev. Dr. Toy of Winona Lake, Indiana, preached a strong and impressive sermon which was listened to by the largest audience that ever filled the building. A choir of 90 voices was most ably led by Mr. J. W. Reynolds. Rev. D. S. Reid of Montreal, and Rev. C. A. Woodside of Owen Sound, were also on the platform with the local ministers.

LOCAL OPTION IN MICHIGAN

Twenty Seven Countries to Vote on Saloon Question.

DETROIT, April 5—"Wet" or "dry" is the question in 27 counties in the lower peninsula of Michigan which are voting on local option. There are upwards of 11,000 saloons and 14 breweries and wholesale liquor houses in these counties which will be driven out of business if the campaign of the anti-saloon league during the past two month results in success in all the counties.

Confronted by the most ambitious campaign which the anti-saloon league has ever undertaken against them in Michigan, the liquor interests have made a hard fight. Leaders on both sides expressed confidence but it was generally conceded that local option is sure to carry in a number of counties.

Minard's Liniment Cures Diphtheria.
