VOL. 7 NELSON, B. C., TUESDAY MORNING, JANUARY 19, 1909 NO. 228

## NELSON WINS

### Captures First League Game From Rossland

### MATCH IS INTERESTING

**DESPITE SCORE OF FOURTEEN TO ONE, GAME WAS FAST FROM START TO FINISH — LARGE CROWD WAS PRESENT TO SEE FIRST GAME IN NEW RINK**

In what was throughout a good clean game, and one that was also both fast and interesting from start to finish, the Nelson hockey team last evening defeated Rossland on the local rink by a score of 14-1. To those who did not see the game it may appear parodoxical to say that a hockey game in which the score was 14-1 was both fast and interesting throughout but it is a fact nevertheless, for even when they realized, near the end of the game, that they were hopelessly beaten the Rossland men kept up the pace and in the last few minutes made several determined attacks on the Nelson goal, which, however, good defence work prevented from being successful. It is only fair to the Rossland team to say such an exhibition of pluck is rarely seen in a hockey match as that displayed by them last evening. They were game to the end and when they were finally forced to admit defeat they took their medicine like men.

The game was the first league match to be played in the new rink and there was a crowd numbering close upon a thousand present to see it. From one and all of these were heard nothing but words of praise of the new rink. The seats are comfortable and from every one of them a good view of the game could at all times be obtained. There was, it is true, a little difficulty last night over the reserved seats but it was only such as might be expected in connection with a first night. The management, however, did all it could to make things right and it can be taken for granted that no trouble of the same kind will ever occur again.

The game throughout was free from roughness or unpleasantness of any kind, the Rossland men accepting their defeat without a murmur. After the game the Nelson Hockey club entertained the losers to a banquet at the Hume *hotel*.

It would be unfair to single out any one of the players for special praise for every man on the team did his very best but it is only fair to the Nelson team as a whole to say that they deserved their victory. They were faster and altogether put up a better article of hockey than did their opponents. That Rossland did not have a larger score *is due in a large measure to the work* of Harry Bishop in goal who turned aside many a shot that the Rossland forwards intended for the nets, while Frank Patrick and Dunne, at point and cover point respectively, spoiled others and both also assisted in the scoring, the former's rushes being of very material assistance to the Nelson forwards. Lester Patrick, at rover, showed that he *has lost neither any of his* knowledge of the game nor of his effectiveness on the ice. Archie Bishop at centre as usual did effective work, but especially was this so in the second half. He has as much speed as ever and can shoot in a way that counts. Joe Thompson on left wing is just as good a hockey player as he ever was, and that is saying a good deal, while Les Steel was as *industrious as a beaver* every minute he was on the ice.

The Rossland team as a whole are lighter than Nelson, but they are fair skaters and understand the game. Had they been able to shoot a little better, especially under unfavorable conditions, the score last evening would have been more even that it was. Carruthers in goal did good work and so did Griffis at point. Allen, who was at cover point, did good work on the defense and also at times lent the forwards valuable assistance. The defence as a whole, however, was not a match for Nelson's strong forward line, especially when it was backed up by Frank Patrick. Neil, who held down the position of rover enjoyed the distinction of being the only man ruled off during the evening. With the exception of the few minutes he was on the fence he put up a good hard game for his team. Keating at centre is fast but suffered in comparison from being pitted against Archie Bishop. Dixon who was on the left wing never let up from the start to the call of time, while Stenaway on the right wing rendered valuable service.

The game started promptly on time. From the face-off the puck was carried into Rossland territory but soon was at the opposite end of the ice and Allen had a shot on Nelson's goal but it went wide. Frank Patrick secured the puck and on a rush up the ice scored the first goal for Nelson. Time 2 minutes.

Rossland then went to work to even the score and for the next ten minutes the play was about as even as it was possible to be. Finally Dixon scored for Rossland on a side shot. Time 11 minutes.

From the face-off the puck went toward Nelson goal but Frank Patrick took it up the ice again and had a shot on Rossland goal which, however, did not result in a tally. Then Harry Bishop was called upon to stop a nice one and did so. Joe Thompson next had a try at the Rossland net but Carruthers spoiled his shot. Finally Archie Bishop got the puck on a pass and scored. Time 5 minutes.

Almost from the face-off Frank Patrick took the puck up but Carruthers and Griffis between them negotiated his shot but Archie Bishop was on hand and located the net. Time 1 minute.

The next goal was scored by Frank Patrick for Nelson on a rush after two minutes play. The first half ended 4-1 in favor of Nelson.

The second opened with both teams apparently in better shape than when they first went on the ice and some fast hockey was seen with attacks on both goals. Finally Lester Patrick and Thompson took the puck up into Rossland territory and the latter scored. Time 5 minutes.

Two minutes later Archie Bishop and Lester Patrick carried the puck away from the bunch and Patrick scored.

Thompson and Lester Patrick two minutes later repeated the trick, the former scoring.

Then Archie Bishop scored on an unaided rush. Time 2 minutes. He repeated the trick three minutes later.

Following this Rossland made several desperate efforts to locate Nelson net but each time unsuccessfully for its defence was of the stone wall variety. Dunne finally got the puck and made a dash down the ice and tallied another for Nelson. Time 4 minutes.

An unaided rush by Thompson a minute later added another still further to Nelson's score.

Following this Archie Bishop tallied twice. Time respectively 3 and 2 minutes.

Just previous to the call of time Frank Patrick dashed down the ice, Joe Thompson and Lester Patrick keeping him company in case of accident, and scored final tally of the game just as the whistle blew. Time 1 minute.

The game ended leaving the score 14-1 in favor of Nelson.

The teams lined up as follows:

| Rossland | | Nelson |
|---|---|---|
| Carruthers | goal | H. Bishop |
| C. Griffis | point | F. Patrick |
| K. C. Allen | cover point | T. Dunne |
| H. Neil | rover | L. Patrick |
| A. K. Keating | centre | A. Bishop |
| Stenaway | left wing | J. Thompson |
| Dixon | right wing | Steel |

Officials—Referee, A. A. Perrier; judge of play, A. S. Horswill; umpires, T. Belrose and Ouimette.

The goals were scored as follows:

First Half—
1—Nelson, Frank Patrick, 2 mins.
2—Rossland, Dixon, 11 mins.
3—Nelson, A. Bishop, 5 mins.
4—Nelson, A. Bishop, 1 min.
5—Nelson, F. Patrick, 2 mins.

Second Half—
6—Nelson, Thompson, 5 mins.
7—Nelson, L. Patrick, 2 mins.
8—Nelson, Thompson, 2 mins.
9—Nelson, A. Bishop, 2 mins.
10—Nelson, A. Bishop, 3 mins.
11—Nelson, Dunne, 4 mins.
12—Nelson, Thompson, 1 min.
13—Nelson, A. Bishop, 3 mins.
14—Nelson, A. Bishop, 2 mins.
15—Nelson, F. Patrick, 1 min.

### FRANCO-CANADIAN TREATY

**New French Senate is Expected to Settle the Matter.**

PARIS, Jan. 18—Now that the senatorial elections are over there is a strong demand for an immediate discussion of the Franco-Canadian treaty. It is pointed out that at present Franco-Canadian commercial relations are governed by a modus vivendi to which Canada agreed only when given some ground for hoping soon to see a special convention established in its place.

Thus the senate is taxed with something tantamount to a breach of faith in consequence. It is considered that the house is bound to declare its opinion very shortly unless it wishes to transgress against international policy. The danger that the advantages offered to France may fall to Germany is more insisted upon.

### Brandy in Chocolates.

MONTREAL, Jan. 18—The revenue police of Montreal have made seizure on premises of Lowrey company of a quantity of brandy and chocolate drops loaded with the same intoxicant. As a result of the seizure warrants have been served upon about thirty dealers charging them with selling liquor without a license. Each chocolate contained about half a teaspoonful of brandy and the drops ran about twenty-five to the pound. The sale was largely confined to young people and was heaviest in the neighborhood of the small theatres in the east end of the city.

### Mr. Aylesworth May Retire.

TORONTO, Jan. 18—It is stated in a special to the Evening News that a rumor in Newmarket says Hon. A. B. Aylesworth, minister of justice, will retire from the government at Ottawa to accept an important posititon in the gift of the government. In the event of his retirement, it is said, that T. C. Robinette of Toronto, will be the liberal candidate in North York.

### Foundation of Prosperity.

LONDON, Jan. 18.—The doctrine that temperance is the foundation of national prosperity and efficiency was endorsed by sir Victor Horsley Meritus, professor of clinical surgery and consulting surgeon at the College hospital, London at Whitefield's tabernacle yesterday. He also asserted the desirability and practicability of a high license which would most certainly reduce the number of public houses as he seen in Canada.

### Changes in Securities.

LONDON, Jan. 18—Changes in prices of Canadian securities this week include registered stocks, British Columbia, 1941, from 84 12s to 85 1-2s.

## C.P.R. PLANS

### Crow's Nest Railway to be Improved

### KOOTENAY CENTRAL LINE

**CONTRACT FOR THIRTY MILES WILL BE LET IN FEBRUARY OR MARCH AS FIRST STEP IN CONSTRUCTION OF ROAD TO MAIN LINE AT GOLDEN**

WINNIPEG, Jan. 18—The C. P. R. is laying plans for the reconstruction of that section of the Crow's Nest Pass line between Macleod and the summit of the Rockies, short distance east of Crow's Nest station, the work covering seventy miles. It is expected that the task will be undertaken during the present year and tenders called during February. The aim of the reconstruction is to better many points where the grades are adverse to eastbound traffic. This is rendered necessary by the development of the general eastbound traffic on the line and the growth of the SooSpokane business which, it is expected, will be shortly pushed through to the coast. Another factor is the development of the Hosmer coal fields as, it is expected, the prairies will be a great market for the product of these mines.

It is also stated that during February or March a contract will be let for the construction of thirty miles on the line of the Kootenay Central railway from some point on the Crow's Nest line between Cranbrook and Fernie to a point north as the initial step in the construction of this road to the main line at Golden.

It is probable that on Vancouver island the work of the company for the year will consist of laying steel for the extension from Nanaimo to Alberni, grading on which was started last year.

### CONSERVATIVES TO MEET

A meeting of the conservatives of Nelson will be held in the Young Conservative club in the K. W. C. block this evening to select delegates to the provincial convention to be held at Victoria Friday of this week. Following this meeting a joint session of the executives of the Nelson Conservative association and the Young Conservative club will be held.

## SASKATCHEWAN'S POLICY

**WILL GUARANTEE BONDS OF TWO RAILWAYS**

**CANADIAN NORTHERN AND GRAND TRUNK PACIFIC**

REGINA, Jan. 18—In presenting the railway resolutions to the house this evening, Hon. J. A. Calder, minister of railways, dealt at length with the propositions and outlined the history of transportation facilities in western Canada. The two lines which would be built without government assistance were the Canadian Pacific and the Great Northern and every persuasive effort of the government would be used to secure extensions of these lines throughout the west. With regard to the other two lines, the Canadian Northern and the Grand Trunk Pacific, however, it was necessary to guarantee bonds and for this purpose the government was introducing the measures now before the house and carrying out its pre-election pledges.

In regard to the future he said there were many other lines which were urgently needed and the government would be ever alive to the necessities of all districts. The plans for the next three years during which period the railways outlined would be built, were only limited by the facilities for construction.

Mr. Haultain made no criticism of the plans of the government beyond reiterating the argument regarding the ownership of the lands and depicting what the government might have done in the way of public ownership had these been given to Saskatchewan.

Mr. Scott in answer said that Saskatchewan was in as good position to borrow money as it would have been had the lands been handed over to the province at the time of the granting of autonomy.

A bill was brought down in the legislature today providing for a guarantee of bonds to the G. T. P. and Canadian Northern to the extent of $13,000 per mile. About seven hundred miles of new railway will be built in the province this year as a result of this policy.

### Winnipeg's Building Prospects.

WINNIPEG, Jan. 18—This will be one of the greatest years for building operations in the history of Winnipeg. Already two million dollars worth of new buildings are in sight and architects say plans are now being drawn for several large business and apartment buildings which will be started as soon as spring opens up.

### MENACE TO IMPERIAL TIE

LONDON, Jan. 18—J. J. Hill's threat that he will carry his railway lines north to Winnipeg is, says the Daily Mail, a menace to the imperial tie. Canadian Northwest is the cockpit of the empire, and the struggle now beginning there shows that Americans realise the fact, if Britain has not altogether grasped its significance.

## APOSTLE OF SQUARE DEAL

**ROOSEVELT IS INTRODUCED AT METHODIST GATHERING**

**MAKES LAST ADDRESS AS PRESIDENT IN WASHINGTON**

WASHINGTON, Jan. 18—Introduced by bishop Cranston as the "apostle of the square deal," president Roosevelt in an address tonight at the African diamond jubilee massmeeting held in the Methopolitan Memorial M. E. church, which the late president McKinley attended, declared that he would not come before a Methodist gathering if he had not attempted to give square deal.

"In addition to the square deal in our own country" he continued, "I want the Methodists and others to help to give a square deal to Japan. I will see to it that in doing this our own citizens are protected.

"You know I am not a mere sentimentalist. I am not in the least afraid of invoking the big stick if it is necessary but I want to say this, that while insisting on justice being done us, we should be careful to do justice to others. The national government, by agreement with the Japanese government and through the hearty and spontaneous initiative of the Japanese government, has been able to achieve a completely satisfactory conclusion of all possible difficulties of all possible questions that could be between our people and the Japanese people. It is only the federal government that can with wisdom and propriety deal with these questions and I ask all good Americans to see to it that unwise men, foolish men, do nothing to their own harm and the harm of their own locality, while there is an arrangement that is working so satisfactorily to the governments of the United States and Japan."

After concluding the president shook hands with bishop Cranston, who exclaimed "This is the true union of church and state, not organic relationship but sound, hand in hand, heart to heart, eye to eye, for the uplifting of humanity."

The president declared that the Methodists of the country had been an inspiration to him during the seven and a half years of his presidency. "In the crisis through which we have passed," he asserted "and during the time between crisis, I have found myself touching elbows with members of the Methodist church."

He referred to the fact that this was the last public speech which he would make in this city as president of the United States. The large congregation was singing when the president entered the church. As he mounted the platform, the audience arose and gave the "Chautauqua salute."

## PEOPLE ARE DEFRAUDED

**AN AMERICAN CABINET MINISTER MAKES SERIOUS CHARGE**

**SECRETARY GARFIELD SAYS PUBLIC LANDS HAVE BEEN LOOTED**

WASHINGTON, Jan. 18—Information of an alarming character of wholesale and astounding frauds upon the public funds has come to the possession of United States secretary of the interior Garfield through special agents in these fields.

The serious allegation is made that approximately $110,000,000 worth of lands in states principally west of the Mississippi river have been fraudulently acquired within the past two years by corporations and individuals. With a view of recovering these lands, secretary Garfield sent today letters to chairman Hale and Tawney of the senate and house appropriation committee, respectively, asking for an additional appropriation of $500,000 which, if granted, with that asked for, will give the department $1,000,000 for that purpose.

Secretary Garfield also submits a statement showing over 32,000 distinct cases of alleged land frauds demanding investigation but the names of the parties are omitted because it is stated to give them would embarrass further enquiry.

### Draft Agreement.

CONSTANTINFOPLE, Jan. 18—The draft of the agreement between Austria-Hungary and Turkey for the settlement of the situation arising out of the annexation of Bosnia and Herzogovnia was despatched from here today to Vienna by special messenger. It will be made public after it has been definitely accepted by the Austrian government.

### Timber Land Sold.

VICTORIA, Jan. 18—Three thousand acres of timber land in the E. & N. land grant has been purchased by Messrs. Cone and Blaine of Cedar Rapids, Iowa, for $100,000 from the C. P. R. The land is in the Sooke lake district.

## NEW COUNCIL

### First Meeting Was Held Last Night

### MANY MATTERS COME UP

**SCHOOL DEBENTURES ARE SOLD—A.M. JOHNSON IS OFFERED THE CITY SOLICITORSHIP—DOUBLE TIME QUESTION IS DISCUSSED —COMMITTEES APPOINTED**

The first meeting of the new city council took place last night. There were present his worship mayor Selous, and aldermen McMorris, Hale, Kerr, Kilby, Matthew and Steed. The proceedings commenced with an introductory speech from the mayor in which he pointed out that the fact that they had none of the opposition elected among them carried with it a certain heavy responsibility. The most important questions which came before the council were those of the sale of the school debentures, the city solicitorship which was offered to A. M. Johnson, the dual time in the city and the selection of members of standing committees.

Mayor Selous opened the meeting by saying that he was sure that it was a cause of congratulation to the council that they had been returned by the electors as a solid and friendly body; nevertheless while this was a matter of congratulation, it was also a heavy responsibility. They had the advantage and at the same time the disadvantage of having no opposititon and it behoved them to make every effort towards a careful administration of the city's business.

He had seen ex-mayor Taylor and from him had obtained an account of certain lines upon which the business of the municipality had been carried on during the past year. There was first the question of patronage in the purchase of supplies, which were those not included in the large general contracts. The practice during 1908 had been to divide the orders for these equally and fairly amongst the merchants of the town. With regard to the employment of labor the arrangement had been for the chief of each department to select, guided by certain broad rules, his own men. They were expected to employ residents of the city, preferably married men, to pay them, of course, union rates of wages and to select union men when possible.

The mayor then announced that he had decided to attend at the city offices from 11 until 12 o'clock every day for the purpose of transacting city business.

The report of returning officer Wasson concerning the passing of the two bylaws voted upon at the late election was then read, in which it was pointed out that the majority in each case had been one of over three fifths and that they were thus carried. It was moved by Ald. Kerr, seconded by Ald. Steed and carried that the report be accepted.

The report of ex-chief Deasy of the fire brigade was handed over to the fire and water committee to be considered and the report of the city engineer to the board of works committee.

Mayor Selous, in connection with the sale of the school debentures, stated that he had received on Friday last a wire from the Aemilius Jarvis company of Toronto who made a bid of 97 cents on the dollar. After consultation with S. S. Taylor and L. B. DeVeber he had wired back that he would accept 98 cents and interest. On Saturday he received a reply that the terms were agreed to and he instructed the city clerk to write confirming the telegram.

The following day, Sunday, he heard from one of the bank managers in the city that an offer of 99 cents had been made and yesterday morning C. F. McHardy met him on the street and said that he could make an offer of par. This was followed by a letter from the firm of McDermid & McHardy making an offer of 100 1-4 cents on the dollar. Personally he considered that by the acceptance of the tender of the Toronto firm the deal was closed. He had felt at the time that the city was certainly to be congratulated on receiving such a good offer as 98 cents on the dollar and it was even more pleasing to know that the credit of Nelson was so good that a buyer was forthcoming who was willing to pay over par for the debentures. Ald. Kerr, seconded by Ald. Kilby, moved that the mayor's action in accepting the offer of 98 cents be approved. The motion was carried unanimously.

Ald. McMorris, seconded by Ald. Hale, moved that the bylaws for the issue of the school debentures and the closing up of a portiton of Hoover and Falls streets be considered by the council and passed.

It was moved by Ald. McMorris and seconded by Ald. Steed that tenders should be called for city supplies which exceeded $25 in cost so that traders in the city might have an opportunity to make competitive bids. The motion was carried.

The city clerk read correspondence concerning the resignation of W. A. Macdonald as city solicitor and the mayor having read a list of the names of the lawyers in the city it was decided to vote by ballot as to whom should be offered the position. A ballot of the council was taken and A. M. Johnson was unanimously selected. The city clerk was instructed to notify Mr. Johnson and ask for his acceptance.

The question of the city auditor and medical officer was next raised and it was suggested by the mayor that it would be a good precedent if the city clerk were authorized to ask for applications for both posts, which should be handed in by noon on Monday next. A motion to this effect was proposed by Ald. McMorris and seconded by Ald. Matthew.

E. K. Beeston said that he wished to point out that there was a small portion of his work which had not yet been completed in connection with checking the inventories and he thought it advisable that he should complete that work even if not selected as auditor for the year. Mayor Selous pointed out that the motion was no reflection on the present officers. The idea was merely an endeavour to establish what he believed to be a good precedent.

Speaking of the dual time in use in the city the mayor said that the question become a rather personal one as far as he was concerned as at a meeting during the late election he had been asked what he would do in the matter if he became mayor and he had replied that he would put the matter to the public and let the majority decide.

Ald. McMorris said that he thought the council should remember that the time had only been altered after long and careful consideration and after a largely signed petition had been presented to the council. He considered that it would be only fair to those who had signed the petition that a petition from the people who wished for a return to C. P. R. time should be received before the council took any action in the matter. Ald. Matthew said he thought that when the time was changed a great many people did not fully appreciate the difficulties that the change would cause.

Ald. Kilby said that the C. P. R. could not change unless the other towns immediately to the west of Nelson also changed.

The mayor said that he thought the railway might possibly be able to alter the point at which the time changed from Mountain to Pacific time from Kootenay Landing to this city and so make Nelson the divisional point. He considered that the question was one which closely affected the lives of the citizens. He hoped that if it were decided to take a plebiscite that sufficient people would vote to decide definitely. After some more discussion it was moved by Ald. Steed, seconded by Ald. Kerr and carried that a committee consisting of the mayor, and aldermen Hale and McMorris should approach Allan Purvis, local superintendent of the C. P. R. with a view to finding out if the railway could make any proposals which would obviate the difficulty.

Ald. McMorris said that he would like to know with what success the thawing of the water pipes had met.

R. A. Brown, city electrician, replied that in cases of large pipes the plant had been most successful, the thawing out taking from 5 to 6 minutes only in each case. It has been necessary to expend more time on smaller pipes as for such work their voltage was small and the amperes high. The department was now thawing out seven or eight mains a day.

The mayor said that he had seen Harry Wright on Saturday last with reference to the old court house. Mr. Wright had stated that he hoped to be out of the building by the end of the present month. He, the mayor, had therefore instructed the city engineer to make an estimate of the plastering and other work which would have to be done before the council made use of it. He had done this in order that there should be as little delay as possible before they might use the building.

City engineer Craufurd stated that he had inspected the building and found the plaster in a bad state. Some 1200 square yards of repainting would have to be done in and out of the building and some 950 square feet of flooring would have to be relaid. He had thought that an office for the medical officer of health could be constructed in the upper part of the building and that a room where small police court cases could be dealt with might also be constructed so that the large room would not have to be heated every time a case was tried. The plumbing of the building was in a fair condition. Most of the pipes were at present frozen but were being thawed out. Ald. Hale moved, seconded by Ald. McMorris, that tenders for the work of renovating the old court house should be called for by the fire and water committee. The motion was carried.

The mayor said that ex-mayor Taylor had called his attention to the method by which a man was clearing away the snow off a part of the sidewalk on Baker street. This man was battering off the snow with the back of an axe, a very good method in the case of wooden sidewalks, but decidedly bad for the modern concrete ones. He would like to call the attention of the public to this matter. People did not quite realize the harm which might be done to concrete sidewalks by such methods.

The question of the periods at which future meetings should be held was next brought up and it was decided to adhere to the present regular weekly meeting.

The city electrician stated that the governor had been received and that tenders were being called for the machinery in connection with the second unit from firms in Canada, England, United States, Germany and Switzerland and that the tenders were to be handed in by Feb. 16.

The work on the second unit was recommenced after the cold weather

(Continued on Page Eight.)

## FLOCKING IN

### Members of Parliament Gather at Ottawa

### OPENING IS TOMORROW

**CIVIL SERVANTS ARE TO GET INCREASE ALL AROUND—PRISON RETURNS FOR LAST FISCAL YEAR—TRADE COMMISSIONERS WRITE—ELECTION FIGURES**

OTTAWA, Jan. 18 — The advance guard of members of parliament have arrived in the city and the bustle is beginning in the house of commons. Not much stock is taken in the Toronto rumor of opposition to Charles Marcil for the speakership.

The conservative senators and members hold their first caucus Wednesday following the first evening meeting of the new parliament. It is a foregone conclusion that R. L. Borden will again be chosen leader.

The parliamentary estimates this season are expected to contain provision for a substantial bonus to civil servants of all classes. The amount will be the same to those who receive $500 per year as to those who draw $3000.

The report for the department of justice for the year ending March 31, 1908, issued today, shows that the average daily population of the six penitentiaries during the year was 1418, a decrease of 15 as compared with 1907. There were 215 paroles granted during the year as compared with 157 in the previous year. The pardons numbered 29 as compared with the same number the previous year. The deaths totalled 14. The increase in the number of paroles was justified by the results, according to the report of the dominion parole officers.

The escapes all occurred in British Columbia and were due to a general lack of discipline and disregard of rules on regulations. The report shows that 17 per cent of the prisoners were total abstainers; 49 per cent were temperate drinkers and 34 per cent were intemperate. Of the prisoners 14 per cent could neither read or write, while 4 per cent could read but were unable to write. Sixty per cent of the prison population were Canadian born; 16 per cent were Britishers and 10 per cent came from the United States. They were divided as follows: Under 20 years of age, 181; between 20 and 30, 680; between 30 and 40, 3472; between 40 and 50, 163; between 50 and 60, 95; over 60, 35.

(Western Associated Press.)

OTTAWA, Jan 18—W. A. Mackinnon, Canadian trade commissioner at Bristol, reports to the trade and commerce department that several British dealers in Canadian butter are complaining that when the butter from this country is sent to England and is subsequently shipped back to Canada, it has to pay a duty of three cents per pound, and suggests that the customs law be so amended as to cover such a case.

W. T. R. Preston reports to the department that there is a considerable and growing market in Japan for mica. A considerable proportion of mica imported comes from United States and Mr. Preston is satisfied that much of this really is Canadian mica exported to United States, and by American dealers sent to Japan and credited to American ports. The same state of affairs, he states, prevails with regard to lead.

With the single exception of the Yukon the figures of the votes cast at the general elections are now all in. Owing to the number of independent candidates in the field an absolutely accurate classification of the vote is difficult to get at. The following table, however, indicates pretty fairly the trend of the voting.

| Prov. | Lib | Con. | Ind. |
|---|---|---|---|
| Ontario | 223,501 | 235,500 | 2,730 |
| Quebec | 150,844 | 126,424 | 10,750 |
| Nova Scotia | 56,588 | 54,500 | ..... |
| New Brunswick | 40,716 | 34,945 | ..... |
| P. E. Island | 14,496 | 14,986 | ..... |
| Manitoba | 30,915 | 35,071 | 2,078 |
| British Columbia | 13,412 | 17,503 | 6,463 |
| Alberta | 23,777 | 19,746 | 2,439 |
| Alberta | 23,777 | 19,746 | 4334 |
| Saskatchewan | 33,415 | 25,563 | ..... |
| Totals | 587,684 | 563,547 | 24,893 |

The independent column includes Alphonse Verville, labor; Maissoneuve, Joe Martin, Vancouver, all the socialist candidates in British Columbia and the independents, laborites and socialists elsewhere.

### MEAN HOAX ON WOMEN

**Thirty-five Women Visit Victoria in Reply to Fake Advertisement.**

VICTORIA, Jan. 18.—Thirty-five women have arrived in the city in the last few days in answer to an advertisement placed in a Seattle paper by some one giving the name of King and professing to be in need of a housekeeper. King claimed to be an ex-army officer and to have a country home near Victoria.

In answer to several replies to the advertisement letters were received telling women to apply in person to H. Maddock, Victoria. The women came but found no one here. A wire to H. Maddock, Vancouver, who has been registered at the Empress hotel, brought back a telegram to one of the women stating that the affair was a mistakee.

Interviewed in Vancouver, R. H. Maddock of the B .C. Sugar Refinery stated that it was all a hoax put up on him by friends in Seattle

## A Prime Roast

is one of the most nutritious and also the most economical of meats, for a good housewife can use every morsel; but it must be good, tender and savory, such as we handle. Or you may order poultry, fish, veal or lamb from us and be equally sure of getting satisfaction.

**P. Burns & Co.**

Nelson, B. C. and throughout Alberta, British Columbia and the Yukon.

## JOHN BURNS

**CONTRACTOR AND BUILDER**

## Unless It's a Good Store

## It Will Not Pay to Advertise It

Unless you know a person—unless that person comes into your life in some way—you are not greatly concerned about whether he is good or bad, desirable or objectionable.

It's so with a store. The people who never visit it care nothing about it one way or the other. It doesn't exist—for them. But—when they are persuaded to patronize it—when they come to turn the spotlight of their attention on it—when it comes to have a part in their lives, as some stores must have in all lives—then it's different, then it DOES matter whether it strives to win confidence; it does matter whether or not its price concessions are genuine, dependable.

If it meets all tests that a good store must stand when it is advertised—when it thus invites the critical attention of people—then advertising "makes" the store. If it fails in most of the vital things—if it proves, under the light of publicity, not to be much of a store, THEN ADVERTISING WILL NOT PAY—for it will emphasize shortcomings as well as merits.

For these same reasons it is generally assumed that the store which does not advertise is seeking to avoid close inspection and comparison, and that the store which does is courting them.

## The Daily News Is the Premier Publicity Medium

of the Kootenays and will bring results for your advertising appropriation.

## REDUCTION IN RATES

**NEW RAILWAY SCHEDULE TAKES EFFECT FEB. 1.**

**FRED STARKEY RECEIVES LETTER FROM MR. LANIGAN**

Fred. A. Starkey the president of the board of trade has received a communication from W. B. Lanigan, assistant general freight agent of the western lines of the C. P. R., announcing that the new schedule of freight charges for the Nelson district, reduced in accordance with the agreement made on Dec. 12 last with the board of trade will come into operation on Feb. 1. Mr. Lanigan also states in this letter that he has been able to make a reduction in the 6th class rates. This is in addition to the reductions promised at the meeting mentioned above.

The rates which Mr. Lanigan agreed, subject to ratification from headquarters and from the other railways affected, to make the greatest cuts in were the third, fourth, fifth and sixth class rates. There is to be an appreciable lowering of the charges for the first and last of these four clases and the average reduction for the fourth and fifth classes will work out at about $2.50 per ton. In the commodity rates, which affect canned goods, cheese, butter, eggs, cream, poultry, etc., the average reduction per ton will be about $3.75.

**Goes Against Moyer.**

WASHINGTON, Jan. 18—The supreme court of the United States today decided against former president Moyer of the Western Federation of Miners in the damage suit brought by him against former governor Peabody in Colorado on account of Moyer's imprisonment on the governor's orders on account of his alleged connections with the riots at Telluride, Colo., in 1904.

## THE FRUITS OF THE EARTH

**Seem To Be Nature's Provision For Keeping Man Healthy and Warding Off Disease.**

Cereals, vegetables and meat supply the elements needed for man's nourishment. Yet fruit — though it has very little food value—has proved to be absolutely necessary for perfect health.

Careful investigation has shown that all the common fruits act on the Liver, Kidneys, Bowels and Skin. These are the organs that rid the body of dead tissue and waste products, and the fruit juices stir them up to more vigorous action, thus keeping the whole body clean and healthy.

But few people eat enough fruit. Realizing this, after several years of experimenting, a prominent Canadian physician succeeded in combining the juices of apples, oranges, figs and prunes in such a way that the medicinal action is many times multiplied. Then he added valuable tonics and made the combination into tablets called "Fruit-a-tives." They are really Nature's cure for Constipation, Indigestion, Biliousness and Stomach Troubles. Mild as Nature itself — but more prompt and effective. Sold by dealers at 50c. a box—6 boxes for $2.50—trial size box 25c. Fruit-a-tives Limited, Ottawa.

## FISHING SCHOONER LOST

**POUNDS TO PIECES OFF THE ATLANTIC COAST**

**APPARENTLY HER WHOLE CREW WAS DROWNED**

NEW YORK, Jan. 18—When daylight today came to the assistance of the life savers, who were patrolling the beach east of Fire island searching for the bodies of the crew of the Newfoundland fishing schooner Swallow which was beaten to pieces early yesterday on the treacherous sands in that neighborhood, the hull of the wrecked fishermen, or what was left of it, was made out a mile west of Oak island. Of her crew of 12 men there was no sign.

It is believed that the storm would have made escape from the diminutive craft impossible for the men on board of her.

The vessel was loaded with salt herring which she was bringing from Newfoundland to New York. Today many barrels of these fish were washed ashore together with numerous articles of clothing. Nothing in the wearing apparel was found to give a clue to the identity of its owner.

BOSTON, Jan. 18—Capt. George G. Doggett who chartered the fishing schooner Swallow lost off Long Island yesterday, arrived here today on his way from St. John's to New York to meet the vessel. He stated that there were six men on board the Swallow and that she was in command of Capt. Francis Morris of Newfoundland.

Capt. Doggett said that the following were on board the Swallow when she was wrecked:

Capt. Francis Morris, 78 years old; Robertson, head mate; Charles Harnish, 25, Liverpool, N. S., cook; William Rice, Tilley's island, Newfoundland, seaman; Elihu Patrick, St. Anthony's, Newfoundland; two seamen, both foreigners, whose names Capt. Doggett did not know.

Capt. Doggett said that the vessel carried frozen herring and cod valued at $5000 and the schooner was valued at $45000. Both the cargo and vessel were well insured.

**THEIR FORCE IS SPENT**

**What Sir George Young Says of Tariff Reformers.**

TORONTO, Jan. 18—Sir George Young, who has been engaged on many important royal commissions, and who has been to Washington on a visit to his son, who is one of the attaches of the British embassy there, was in Toronto Saturday night and in an interview emphasized the fact that the tariff reformers no longer occupied the position they did in the old country. Other questions have loomed up and supplanted the tariff questions in the public mind and although the reformers had been victorious at by-elections, he did not attach great weight to the circumstances.

**Millionaire is Killed.**

SALT LAKE, Utah, Jan. 18—J. G. Wood of Salt Lake, a millionaire mine owner and perhaps the largest sheep owner in the west, was instantly killed by a Union Pacific engine on the Oregon short line railroad yards at 9.15 o'clock last evening. His body was discovered twenty minutes later, lying between the rails near a car. It is not known how the accident occurred, but it is presumed that Mr. Wood, who was intending to board a train for Ploche, was taking a walk about the yards and failed to hear the approaching train.

**For Railway Commission.**

WINNIPEG, Jan. 18—Andrew Strang, a pioneer merchant here, left for Ottawa last night. It is said he will receive an appointment on the railway commission, the Winnipeg board of trade having recommended him for the position.

**Loses an Arm.**

YORKTON, Sask., Jan. 18—William Meakin, a man 67 years of age, residing near Shoal Lake, while attempting to board Saturday's eastern express here, slipped and fell between the train and the station platform. Both trucks of the rear coach passed over his right arm near the shoulder and he was also badly injured on the face and body. It was found necessary to amputate his arm. It is not expected he will survive the shock.

**Must Carry Preservers.**

WASHINGTON, Jan. 18—The senate committee on commerce has reported favorably the bill introduced by senator Fry of Maine, requiring all motor vessels to carry life preservers. Violations of the act are punishable by a fine of $10 for each life preserver "lacking or improperly stowed." If the bill becomes law, it will take effect June 1 and apply to foreign vessels on Dec. 31 of this year.

**Has Been Over-subscribed.**

LONDON, Jan. 18—The subscriptions to the London portion of the new Russian loan of $280,000,000 were closed this afternoon. The amount has been over subscribed four or five times.

**Remains Are Picked up.**

VICTORIA, Jan. 18—The steamer Leebro recovered the wreck of the Bamfield creek lifeboat from Robbers island this morning and will bring it to Victoria to ascertain if repairs can be effected.

**Emma Eames to Sing.**

NEW YORK, Jan. 18—Emma Eames will commence in Boston on Feb. 20 a tour of twenty concerts. She will sing at Toronto, Montreal and other cities.

**Seven Burned to Death.**

JOHNSTON, Pa., Jan. 18—Seven foreigners were burned to death in a five today at Goodtown near here.

**Beware of Frequent Colds.**

A succession of colds or a protracted cold is almost certain to end in chronic catarrh, from which few persons ever wholly recover. Give every cold the attention it deserves and you may avoid this disagreeable disease. How can you cure a cold? Why not try Chamberlain's Cough Remedy? It is highly reccommended. Mrs. M. White, of Butler, Tenn., says: Several years ago I was bothered with my throat and lungs. Someone told me of Chamberlain's Cough Remedy. I began using it and it relieved me at once. Now my throat and lungs are sound and well." For sale by all druggists and dealers.

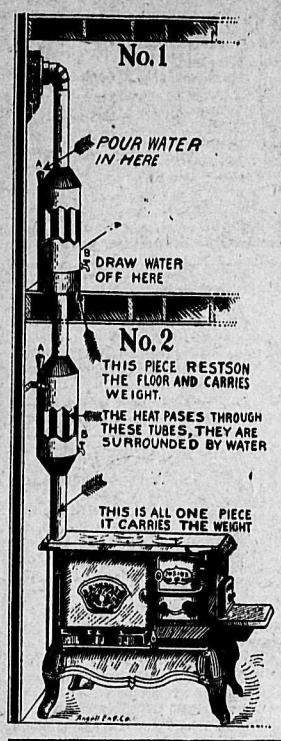
# THE WESTERN HEATER



## YOU HAVE GOT TO HAVE ONE

If you want to get all the comforts of the city in your country home; or in the logging or mining camp. Think of always having all you want of hot water; why its worth the price alone of the Western heater. Then too, the solid comfort of having a warm upper story, at no additional expense.

## YOU DON'T REALIZE

What the Western heater really is, just simply this; the principle of the tubular boiler applied to your stove pipe. The tubular boiler is the best method known for heating water. Why not have this convenience now. The cost is small when the saving is considered. $12 f.o.b. Vancouver, or $15 on time, $5 down and $5 a month until paid

**The Western Heater Co. of B. C.**
634 EIGHTH AVENUE WEST, VANCOUVER, B. C.
Owners of Patent Rights for B. C.

# The Arcade

## To-day's Programme

2 **An Exciting Ride,** extremely laughable.

3 **Comic Song.**

4 **Riderless Bicycle,** comical.

5 **Playing Truant,** realistic scene of boy's bird nesting.

6 **Comic Song.**

7 **The Villain Pursued** Her, very amusing picture.

8 **A Jealous Woman,** see what happens to her husband.

9 **Winter in the Country,** another extremely realistic and comical picture

**Admission 25c. :: Commencing at 7.30 p.m.**

BY GRACE OF GLADYS

By Carl Williams.

She was the child star, the youthful prodigy of the Little Gladys Dramatic company. What made it worse, her doting papa was the manager of the show which played a repertoire for a week in the smaller towns—always dramas in which the small star could shine to advantage.

As a stage attraction the child was a wonder. She could play little girls who like all the good, die young, and she also played rough soubrette parts with a dash that made more than one important manager with that there were no children's societies in the larger cities to prevent her appearance in the big theatres.

Her father, Joe Glidden, had tried the cities, but after a half season had reorganized his old company and took to the small western towns where the child was always a favorite and where children's societies were unknown.

There, among old friends, he felt safe once more. He swaggered about as he had done before he knew what it was to regard every stranger approaching the box office as a possible police officer.

Gladys, as though to make up for lost time, became more incorrigible than ever. Versatility, her precious dramatic gift, she displayed only on the stage. The members of her father's company never were treated to any private displays of the angel children that Gladys played to perfection on the stage.

In private life the child was steadily and consistently a torment. Jack Trent and Elvira Mordant, of her father's company, were her especial victims.

Gladys' sharp eyes had discovered the birth of love even before Elvira was certain of her own feelings and announced that fact to the rest of the company at supper one evening. Her shrill piping voice, trained to fill a theatre, reached to every corner of the dining room, and the gleeful statement that Miss Mordant is awfully gone on Jack Trent, set the room in a roar.

With flaming face Elvira sprang from her seat and rushed from the room, the laughter of the company and the other guests ringing in her ears long after she had reached her room.

Scalding tears stained her pillow, but she was at last certain that she did love Trent and—had he only known—he had cause to be grateful to the youngster. Instead he savagely suggested to Joe Glidden that a good spanking would be the salvation of the child.

Glidden knew better than to take the advice. Once, only once, had Gladys been spanked. It had happened on a Sunday and business had been bad all the following week, because the child played abominably in spite of all his threats. Not until the promise was made that she should not be spanked any more did she play at her best.

Glidden only smiled indulgently at Trent's suggestion, but Gladys hatted the man for it and thereafter she selected Jack and Elvira for her special victims.

It did not matter that on the trains they sat at opposite ends of the car, Gladys would discover Trent gazing intently into space and call attention to the fact that he could not keep his eyes off Elvira.

The company laughed at her pert remarks because they were selfishly glad that Gladys found some vent for her love of mischief that did not involve themselves.

Their laughter encouraged the child to fresh endeavors and since the two victims would not provide her with the material for jokes off the stage, she formed the habit of guying their performance on the stage.

Jack and Elvira were cast for lover's roles and it was disconcerting to hear a sibilant "Ah," as their lips met in a stage caress. Only in the theatre did they see each other now, so Gladys made these stage scenes moments of torture.

Not for a moment did the child relent, and her father only smiled indulgently at Trent's protests and threats to leave. Engagements were not easy to find in the middle of the season and Glidden knew that Trent would not take chances with a mother to support.

He had no wish to lose Trent who was a clever man and worth double what he was getting but there seemed small danger of his resigning and it was not an easy matter to control Gladys.

No one read better than the child the true state of affairs and she made the most of it. More than once Trent made up his mind to quit in the hope that Gladys might leave Elvira in peace, but Elvira would not hear of it. By suggesting that he would leave her to bear the brunt of the child's enmity she dissuaded him from his purpose.

But the crisis was bound to come. Gladys, with a senses of false security, passed all limit. The favorite play with the public was one of her "angel" parts and the big scene in the last act showed the child at her mother's knee, praying that her father—who had been estranged—might return.

He is lurking behind the curtains madly jealous and waiting to kill his wife when the child is put to bed. The naive plea wins him to a belief in his wife's innocence.

It was Saturday night and the little theatre was packed to the doors. Elvira and Trent had both been accorded tumultous applause and this roused the child's professional jealousy.

She was unusually quiet when of the stage and Trent wondered at her meekness. Just when the big scene was progressing finely and the petition from the child was being read as Gladys had never read it before, it happened.

In her white night robe, with her golden curls framing her earnest, baby face, she was an appealing little figure and as she made her plea that her father might return even men in the audience were moved to tears.

"And bring him back and make him good to mama and me again," pleaded the child. Trent roused himself ready for the spring that should bring him to the center of the stage, his arms round mother and child, but her next lines were not read. Instead she said slowly and deliberately:

"And please let Mr. Trent marry Miss Mordant so they'll stop being spoony—and—and bring my papa back."

Papa came with a promptness that startled Gladys. Jack knew that the salvation of the scene was to get the curtain down before the audience had realized the interpolation and laughed, so with an improvised line he led right into the cue which was the signal for the drop to descend.

But even as the curtain fell there rose a titter that deepened into a laugh and through the canvas came a shout of merriment as the audience caught the point. Elvira and Jack were so popular that the audience caught the allusion.

As the glitter of the footlights was shut out by the curtain, the arm that held Gladys for the stage picture tightened and though she struggled to escape Trent held her fast. A moment later he was administering a spanking that lost nothing through its long delay

The entire company crowded on the stage and applauded him to fresh efforts and it was several minutes before even Glidden interfered.

He soothed the child, even while he thanked Jack with his eyes for doing what he dared not do, and at last her mother led her off, still shrieking, to the dressing room. Glidden turned to Jack:

"I don't blame you. She deserved it," he said briefly. "All the same I can't keep you in the company any longer or Gladys will queer the show."

"I know that," was Trent's even reply. "It was worth it though. I suppose that I can get a chance somewhere after a while."

Glidden caught his arm.

"Don't be in such a hurry," he admonished. "I was going to suggest that you and Miss Mordant are favorites on this route. Suppose that I send you out at the head of your own show. It would be a money maker and you can have a bit of the profits."

"I'll see Miss Mordant," promised Trent rejoicingly, as he hurried toward her dressing room. He knew that she would be dressed by this time and could talk to him.

An hour later he tapped at Glidden's door at the hotel. Glidden was still up and answered in person.

It's all arranged," said Trent briefly.

"I'm rather grateful to Gladys."

"I should think you would be," said Glidden, for he could read in Trent's eyes that a double question had been asked and answered. Gladys had not prayed in vain.

Everybody smokes at the Old Chum Cigar Store. Len Matthew, proprietor.

# NEWS OF THE DOMINION

MONTREAL, Jan. 18—The Canadian Pacific and Grand Trunk railway companies respectively, have ordered 30 and 25 new locomotives from the Montreal locomotive works. The former are to be of the Pacific type andthe latter of a smaller type. The locomotives are to be delivered in the early spring.

MONTREAL, Hon. Raoul Dandurand, ex-speaker of the senate, who arrived home from Paris and other continental centers yesterday, is of the opinion that the Franco-Canadian treaty will shortly be passed by the customs commission of the French parliament and subsequently ratified by the senate.

MONTREAL, Jan. 18 — Angus W. Hooper, one of the most widely known and popular men in the city, president of the Dow Brewing company, died today after many weeks illness. He was born in 1857, and was consul for Denmark in Montreal.

RENFREW, Jan. 18 — The Baptist church here was badly damaged by fire and water yesterday.

MONTREAL, Jan. 18 — The Grand Trunk earnings for the week ending Jan. 14, shows an increase of $22,488.

CORNWALL, Jan. 18—Dan Macdonell, who jailer at Cornwall for over 30 years, retiring four years ago, died this morning aged 77.

REGINA, Jan. 18—Slight damage was caused at the C.P.R. stores and tool house this morning, supplies for round houses being chiefly destroyed. The cause of the blaze is unknown.

MONTREAL, Jan. 18—Fire ran from the cellar to the roof of the Royal Arthur school on Workman street this morning and the western end of the building, which contained six class rooms, was completely destroyed. The loss is estimated at between $5000 and $7000. The caretaker was the only one in the building when the fire broke out.

MONTREAL, Jan. 18—Justice Charbonneau today dismissed the petition to unseat and disqualify the members of the finance committee for having appropriated $3909 to pay the travelling expenses of mayor Payette and assistant city clerk Bausett, who represented the city at the celebration of the Champlain tercentenary in France last June. It was claimed that the action of the committee was illegal.

MONTREAL, Jan. 18—Ernest Lavigne one of Montreal's best known music ians, died this afternoon after a lingering illness. He was born in 1857.

MONTREAL, Jan. 18—The earnings of the Canadian Pacific railway for the second week in January increased $40,000 over the same week last year.

### White Plague's Ravages.

ALBANY, Jan. 15.—Despite the fight that is being waged against the white plague the monthly bulletin of the state department of health shows that during the month there were 1,101 deaths in the state from tuberculosis, an increase of 29 over the corresponding month last year. There were 10,306 deaths from various causes recorded for November giving an annual death rate of 14.5 per 1,000 persons. For the corresponding month last year the death rate was 13.2. The number of births reported was 16,075 making an annual birth rate of 22.6.

They are within the reach of all. Sent on receipt of price postpaid from DR. ROOT CO., Spadina Ave., Toronto. Six boxes for $1.25. Send today for free sample.

DR. ROOT'S 25 BOX KIDNEY & LIVER PILLS ALL DRUGGISTS AND STORES

## A Woman's Sympathy

Are you discouraged? Is your doctor's bill a heavy financial load? Is your pain a heavy physical burden? I know what these mean to delicate women—I have been discouraged, too; but learned how to cure myself. I want to relieve your burdens. Why not end the pain and stop the doctor's bill? I can do this for you and will if you will assist me.

All you need do is to write for a free box of the remedy which has been placed in my hands to be given away. Perhaps this one box will cure you—it has done so for others. If so, I shall be happy and you will be cured for 2c (the cost of a postage stamp). Your letters held confidentially. Write to-day for my free treatment. MRS. F. E CURRAH, Windsor, Ont.

And further take notice that action, under section 37, must be commenced before the issuance of such Certificates of Improvements.
Dated this 14th day of September, A. D. 1908.
F. C. GREEN,
Nelson, B. C.

## If It's Work for a Want Ad Let a Want Ad DO It

For most of your life, doubtless you have been trying to do a want ad.'s work—instead of letting the want ad. do it—and some of yours, besides.

You have been doing, or trying to do—and sometimes failing to do—at over-much expense of time, and money, and nerves, things which the want ads. do easily, readily, quickly—at small expense.

Perhaps you have tried to sell property—or to rent it—or to obtain some particular thing—trying, without facilities, to do things for which the want ads. are completely equipped.

Some people who have a pride in being "modern" in dress, in information, in home surroundings—still, for some unapparent reason, fail to make use, in their daily lives, of the most "modern" things in the world—the most "'up-to-date" convenience of nowadays life—the most tireless force that man has yet harnessed and impressed into his service—"want advertising."

You have "adopted" the street car, the telephone, the phonograph, the other aids to pleasure and convenience in modern life—SO WHY NOT ADOPT WANT ADVERTISING, and make it do the part of the day's work which is "WANT AD. WORK."

If you want to sell, buy, trade an article, rent a house or find a tenant for your vacant room, a want ad. in

### TRANSPORTATION RATES

It is hoped that before long the public will be fully enlightened as to the reductions recently obtained here in freight rates. Until the details are given out it is, of course, impossible to form an opinion of how far the general public has been benefitted by the changes agreed to last month at the conference held here with Mr. Lanigan and there is a very general desire that due publicity should be given to all details at as early a date as possible. It is said that the railway commissioners still intend visiting Nelson early this year and it is desirable that the new schedules agreed to at the conference referred to should be public property before the commissioners reach this city.

The question of express rates generally has not so far been touched on locally although some complaints have been made.

According to the despatches last week the railway commission took prompt and effective measures at Ottawa to protect the public against the increase in express rates all over Canada involved in the new classification, which went into effect on the first day of the year. Chief commissioner Mabee, after hearing further evidence from the companies and from shippers, handed out a judgment summarily cancelling the new classification and restoring the old rate in force prior to Jan. 1st. He explained that the board's order approving the new classification had been issued under a misconception as to the real effect of the changes applied for by the companies. It had been understood by the commissioners, he said, that the new classification would on the whole mean a general slight reduction in rates to the shipping public and they had relied on the companies keeping the agreement entered into with the late chief commissioner, judge Killam, that no radical changes would be made in the rates pending the result of the general enquiry into rates now proceeding, but now that it was made evident that the new classification involved serious changes and general increases, the board's plain duty was to recall the order of approval issued under a misconception. The companies were ordered to notify their agents at once to re the old rights.

If any adjustment of existing express rates, or of express arrangements are desired in Kootenay the matter should be taken up and put in good shape to lay before the commissioners when they visit this city in the near future, probably next month.

### EDITORIAL NOTES

The election of Hon. Thomas Taylor, the recently appointed provincial minister of public works at Revelstoke on Saturday, was a foregone conclusion. The liberals decided not to oppose the election of the minister but the socialists decided to put a man in the field. The socialist candidate lost his deposit, and if the Revelstoke socialists are now satisfied, we presume the rest of the electors in the Revelstoke riding are content. Beyond maintaining socialist principles in a perfectly hopeless fight, it is difficult to understand why the socialists should have opposed Hon. Mr. Taylor's election, or in what way they have improved their position by running a candidate. The conservative party did not oppose Mr. Hawthornthwaite's return to the provincial legislature at Nanaimo and the Revelstoke socialists would have done a graceful act and saved the province the expense of an election if they had allowed Hon. Mr. Taylor to be returned by acclamation.

The Hamilton, Ontario Times remarks that there appears to be an element in British Columbia that would rejoice in creating trouble for Great Britain in India if they could see the least partizan gain in pursuing their anti-British policy; this under the head of "B. C. Agitators," and referring to the Sikhs, and their inability to find suitable employment in this province. The Times should send a representative out here to locate the "element" referred to. No resident of British Columbia could hope to do so. It is to be hoped that the recently elected conservative members for Victoria, Vancouver, New Westminster, Kootenay and Yale-Cariboo, will educate the eastern Canadians, including the Hamilton Times, about the real situation in B.C. during the session of the dominion parliament which opens this week.

In different sections of the province meetings are being held and interesting addresses are being delivered on the commercial aspect of the fruit industry. Nothing particularly new has so far come to the front but it has been invariably pointed out that co-operation is essential to success. Individual efforts it is admitted, cannot hope to attain the same measure of success commercially however well directed, as those obtained by a duly organized, heartily supported and well managed growers' association. Mr. Maxwell Smith, of Vancouver, after declaring that the most successful fruit business just south of the international line, that of Hood River, has been wholly built up by the hearty co-operation of all directly concerned in the industry, went on ot say that the reason so much fruit from over the border was sold in Canada was that it was better packed and better graded. He mentioned that it was one of the laws of the country that every box of apples should have the growers' name on it, and for their own protection it was for the merchants and wholesalers of Canada to see that this regulation was complied with. This is sound advice that every fruit grower will appreciate and it should be acted on during the coming season.

The forty-first annual issue of Whitakers Almanack, Canadian edition, has been subjected to the double process of rearrangement and augmentation; but those subscribers who know the contents of every page and the accustomed position of every section will readily perceive that the change in method is the necessary corollary of the increase in matter. In order to minimize the inconvenience of the change special care has been taken in the compilation of the index, which now extends to thirty-six columns containing more than six thousand references; and although certain minor subsections may still lack a separate entry, it is possible to trace every item by direct reference or by implication. Many additions have been made to the statistical tables either by extending their scope or by the introduction of subjects not formerly considered. It is particularly noticeable that in the section devoted to the British empire, there is now provided a veritable storehouse of ready help and immediate information concerning every point on which reference is likely to be made. New articles deal with the land and sea forces of the crown, the navigation of the air, the radiotelegraphic convention, the new patent law and the old age pension regulations, while the financial result of the new death duties will be found under the heading of public and private wealth. The state of the drama is again considered, the names of the successful competitors at the Olympic games are duly published, and the progress of the motor industry in the British Isles is briefly chronicled.

It is satisfactory to note that Hon. G. P. Graham, minister of railways and canals, has at last made an official statement concerning the future of the Intercolonial railway. The minister now states that the government's plan concerning the road does not include leasing or selling it. All railroad companies, Mr. Graham says, are forever striving to to improve their lines, to increase their revenues and to cut down expenses where they can properly do so, and the government desires, if possible to make the Intercolonial a paying concern by adopting the most modern methods of management. If Mr. Graham has always been of his new expressed opinion it is a pity he did not sooner declare himself. For the past couple of months liberal newspapers, with one or two exceptions, have been hinting openly at a probable transfer of the intercolonial and it has generally come to be understood that the sale or lease of the system would form part of the government's program this coming session of parliament. Conservative papers all over the dominion have opposed the scheme of parting with the line and have insisted that the road should be run on business principles as the only way it could be made to pay. Mr. Graham has before him the result in Australia, where government owned railways operated by a commission, headed by Mr. Tait, a Canadian, and a former C.P.R. man, have been most successfully managed and made to pay. When the Intercolonial system is managed along the lines adopted in Australia, for a reasonable length of time, and it is found impossible to make it pay its way it will be time enough to consider some other proposal. No one ever imagined that the Intercolonial could be made a commercial success so long as it was run as a partizan political railroad conducted for the benefit of the party in power at Ottawa.

### NATURE NOT DISCLOSED

**American Government Cautious in Action Against Newspaper.**

NEW YORK, Jan. 18—The nature of the proceedings which have been instituted against the New York World and the Indianapolis News because of their criticisms of the method by which the Panama canaal was purchased was not disclosed in the brief hearing in court here today. Acting under instructions believed to have been issued by authority of the United Stataes government, United States district attorney Stimson, subpoenaed William McLaughlin, sporting editor of the World, and J. Angus Shaw, secretary of the Press Publishing company, to testify before a federal grand jury today in an action which was not described in the summonses. It is believed, however, to be the outcome of president Roosevelt's message to congress in which he protested against linking the name of C. P. Taft, a brother of the president elect, and J Douglas Robinson, the president's brother-in-law, in criticisms of the canal purchase.

The proceedings were halted by an order obtained by counsel for the editors of the World calling upon Mr. Stimson to show cause why the subpoenas should not be quashed. Brief argument was heard by United States circuit judge Ward today on the motion to quash the subpoenas after which an adjournment was taken until this afternoon when judge Ward heard further arguments.

# WINNIPEG MAN CURED OF RHEUMATISM

**Remarkable Case of Cure After Specialists Failed.**

Winnipeg, Man.—A prominent resident of this City, who for personal reasons does not wish his name mentioned publicly, but who permits us to show his letter to interested enquirers, writes to say that he was suddenly taken with excruciating pains in the back and side, which were pronounced by his physicians as Rheumatism. Hot applications were at once resorted to, the usual medicines administered, supplemented by electrical treatment, but all to no purpose. In his desperation he took Gin Pills on his own account, and in a few hours after taking the first Pill the pains commenced to subside. He continued taking them and in 48 hours he had not an ache or a pain left.

Gin Pills are sold at 50c a box—6 for $2.50. Send to us if your dealer does not handle them. Sample box free if you mention this paper.

# MURDER AND SUICIDE

**SEATTLE MAN KILLS WIFE, DAUGHTER AND HIMSELF**

**BODIES ARE DISCOVERED BY THE GIRL'S FIANCE**

SEATTLE, Wash., Jan. 18—With their heads submerged in water in a bath room a their home, W. L. Seeley, an attorney, his wife and daughter Miss Rene were found yesterday by E. B. Zibbel and Guy M. Smelzer. Smelzer was engaged to marry Miss Seeley and Zibbel was a friend of the family. Mrs. Seeley and daughter had been murdered with blows inflicted with some blunt instrument believed to have been a hammer. Seeley had been drowned, according to coroner Snyder.

Mr. Seeley and his family came here more than a year ago from St. Joseph, Mo. Previous to that time they had lived in Ottawa, Illinois, where Mr. Seeley was deputy United States marshall and a bank examiner during the administration of Grover Cleveland. Seeley was an uncle of M. F. Gose, of Pomeroy, recently appointed by the governor to the Washington supreme court bench. He has a brother Charles at Pomeroy, Washington, and another, Frank at Hood River. Charles discredited a story that his brother was in financial straits by saying that recently he had received $8000 from the settlement of his father's estate. His brother knows no motive for the crime and thinks that the man must have been insane. What has become of this money is not known.

Yesterday morning Smelzer and Zibbel, who discovered the bodies, went to the Seeley home determined to find out what was the matter. They tried doors and windows and finally climbed over a transom of the back door and got into the house. In the front bedroom, which was occupied by Mrs. Seeley, a great bloodstain was found on the bed. Another big bloodstain was on the bed in Miss Seeley's room but Smelzer and Zibbel did not see it. Going into the bathroom they found the three bodies the head of each being in the bathtub which was filled with water. Over the corpses of Seeley and his wife was a steamer trunk. The trunk did not touch the body of Miss Seeley but was a few inches above it.

An empty chloroform bottle was on the stand in the bath room. Clutched in one hand of Seeley, which was beneath the water, was a pocket handkerchief which, although soaked in water, still carried a faint trace of the odor of chloroform. There were three wounds on the head of Mrs. Seeley, one was over the left ear and others were on the forehead part of the head. The blow that evidently killed Miss Seeley was dealt her over the left eye. There were no marks on the man.

Seeley was 56 years old, his wife about 50 and his daughter 22. Seeley within the past few days, it is said, had borrowed money indicating that he was in financial straits.

### D. D. MANN SUBMITS TERMS

**Offers to Sell Winnipeg Electric System in the City.**

WINNIPEG, Jan. 18—A special meeting of the power committee of the city council was held yesterday afternoon to meet D. D. Mann of Mackenzie & Mann, representing the Winnipeg Electric Co. and hear the offer of terms on which the company was willing to dispose of its street railway system and electric light, power and gas plants, with all its holdings and franchises.

The city was willing to take over all the holdings of the company at their actual valuation, without the consideration of the value of the franchises. Mr. Mann said he could not without the consent of the directors, give a definite reply but he was sure the company would not consider the actual valuation without an allowance for the valuation of the franchises, and the company would insist upon a valuation of 5 or 6 per cent of the gross earnings. On a 6 per cent basis the value of the company's holdings rated on the earnings of 1907 would be $16,645,000 or about $19,000,000 according to the earnings of 1908.

In conclusion Mr. Mann stated that the rates charged for electric light here were lower than in Vancouver, where the rates are said to be the lowest in Canada. The company will make a definite proposal to the council tomorrow afternoon.

**Muscular Pains Cured.**

"During the summer of 1903 I was troubled with muscular pains in the instep of my foot," says Mr. S. Pedlar, of Toronto, Ont. "At times it was so painful I could hardly walk. Chamberlain's Pain Balm was recommended to me, so I tried it and was completely cured by one small bottle. I have since reccommended it to several of my friends, all of whom speak highly of it." For sale by all druggists and dealers.

## COMMUNICATIONS

**Letters to The Daily News on current topics are cordially invited, subject to the following terms:**

**The letters must be plainly written (typewritten preferred) on one side of the writing paper only, of reasonable length and must be signed by the writer for publication.**

**The Daily News is not responsible for the views expressed by correspondents.**

TO THE EDITOR THE DAILY NEWS.

SIR:—Your issue of January 7th contains notice of the selling of our recently authorized school debentures at 98 net, and editorially comments upon the same with some laudation.

Now, sir, Mr. Selous and the writer have been friends for many years, and the latter trusts the relation may continue; also the writer believes that no one knows better, or would more readily say, than Mr. Selous that the selling price of the municipal debentures depends, not upon the standing of any one person, but upon the ability to pay of the municipality issuing the debentures.

The city's general financial position has been proved to be excellent, and hard-headed capitalists with money to lend evidently appreciate the fact.

The writer has some reason for believing that our school debentures, to be issued on February 1st, may be sold for 100 net or rather above par. The difference in the amount realized over a sale at 98 net would only be some $300, but the writer believes that the effect upon the outside world of our being able to say "our 5 per cent debentures sell at par" should not be overlooked.

Why then such haste in selling below par if that price may be realized?

W. S. DREWRY.

### Casket Works Burn.

LONDON, Jan. 18—The Globe casket works, corner of Adelaide and Dundas streets, was almost totally destroyed by fire shortly after midnight tonight. Origin of fire and loss unknown at the present.

### Millionaire is Killed.

SALT LAKE, Utah, Jan. 18—J. G. Wood of Salt Lake, a millionaire mine owner and perhaps the largest sheep owner in the west, was instantly killed by a Union Pacific engine on the Oregon short line railroad yards at 9.15 o'clock last evening. His body was discovered twenty minutes later, lying between the rails near a car. It is not known how the accident occurred, but it is presumed that Mr. Wood, who was intending to board a train for Ploche, was taking a walk about the yards and failed to hear the approaching train.

### Has Been Over-subscribed.

LONDON, Jan. 18—The subscriptions to the London portion of the new Russian loan of $280,000,000 were closed this afternoon. The amount has been over subscribed four or five times.

### Emma Eames to Sing.

NEW YORK, Jan. 18—Emma Eames will commence in Boston on Feb. 20 a tour of twenty concerts. She will sing at Toronto, Montreal and other cities.

CERTIFICATE OF IMPROVEMENTS—NOTICE.

Kiruna, Kiruna Fraction and Butterfly Fraction mineral claims, situate in the Nelson mining division of West Kootenay district.

Where located: Adjoining the Queen Victoria mineral claim, near Beasley siding.

Take notice that I, Wm. S. Drewry, acting as agent for J. P. Swedberg, free miner's certificate No. B15614, intend, sixty days from the date hereof, to apply to the mining recorder for certificates of improvements for the purpose of obtaining a crown grant of each of the above claims.

And further take notice that action, under section 37, must be commenced before the issuance of such certificate of improvements.

Dated this 12th day of August, A. D. 1908.

12-8-8w W. S. DREWRY.

# WHAT WALKER HAS DONE

### LONDON SPORTING LIFE ON AUSTRALIAN RUNNER

### CRITICS AWAIT OFFICIAL REPORTS ON RECENT RECORDS

Says London Sporting Life: "But while the writer will admit of a considerable degree of scepticism upon the possibility of such times at 9 25 sec. for 100 yards and 11 25 sec. for 120 yards being accomplished under conditions which would satisfy, for instance, the A. A. A., it is another thing to denounce them as altogether impossible. There may be some feature in the track, or the climatic conditions (who said time-keeping?), which will put a different appearance on Walker's running.

"Walker, at any rate, has shown us a number of great performances. His 100 metres final running represented more than two yards inside evens. Next at Darlington he was credited with 11 35 sec. for 120 yards, simply running away with the handicap. At Glasgow Rangers' sports he won his heat in 9 3-5 sec., but getting badly away he lost by a foot in the second round in the same time. On the second day he won his heat in 9 4-5 sec. again, and won the final, two watches showing 9 45 sec., and another a yard slower. Next came the 9 3-5 sec. at Abergavenny, which has not been favorably regarded. Then on a rough course, distinctly down hill, at Halifax, he won in 9 3- 5sec.

"From the middle of July to the middle of August the South African crack was continually beating evens; to thoroughly capable watch-holders on level ground he showed 9 4-5 sec., and it is not outside the range of possibility that he would do better in his native country. But we had better await further particulars. After all, if anybody is to beat world's records, who should we expect to do it but the world's champion. The time of 11 3-5 for the 120 yards is not a whit more startling than some of the old professional recorls, and perhaps less remarkable than the 15 sec. deed of Forrest Smithson for 120.2 yards over 3 ft. 6 in. hurdles."

### OLD COUNTRY FOOTBALL

**Results of Saturday's Matches—Blizzard Interferes in Scotland.**

**(Canadian Associated Press)**

LONDON, Jan. 18—The following are Saturday's rugby results:

Australians 15, Plymouth 30.

London Hospital 16, London Scottish 8.

Guys Hospital 31, Blackheath 10.

Northampton 8, Richmond 3.

Yorkshire 13, Cheshire 5.

**Professional Rugby.**

Welsh 14, Australians 13.

**Scottish League.**

Owing to a blizzard raging over Scotland Saturday the only games played in the league were:

Fort Glasgow 0, Airdrieonians 1.

Hearts 3, Motherwell 2.

### MAY MEET ROLLER

**Vancouver Man Ready to Fight Seattle Progidy.**

VANCOUVER, Jan. 18—Arthur McLagien, the big heavyweight boxer, who just now is making Vancouver his home, may figure in a match with Dr. Roller, the wrestler-physician of Seattle, who is going to branch out as a boxer—providing the elongated Arthur can collect a side bet of $500.

Recently Roy Sheridan, who is managing McLaglen, wrote to Joe Carroll of Seattle, manager of Dr. Roller, asking for a bout. This was when it was loudly announced in the Seattle press that Roller was going to take up the white man's burden, stepping into the ring with the black smoke Jack Johnson, in an effort to retrieve the lost laurels of the palefaces.

Today Sheridan received this reply from Mr. Carroll:

"Your letter to Dr. Roller received, and in reply Dr. Roller wishes me to say that he would be pleased to box Mr. Arthur McLaglen in your city, providing you will make a side bet of $500 or $1000 and guarantee a good purse from the contest. Now, Mr. Sheridan, we would be pleased to hear from you at once as to what sized purse you would be able to guarantee over there, and how large a side bet you would be willing to make."

Sheridan thinks that his protege can trim the Seattle physician-wrestler-boxer, but that the side bet proposition may stop him. He hasn't got it handy.

**Boundary League Standing.**

(Special to The Daily News.)

GRAND FORKS, Jan. 18—The standing of the Boundary league at present is as follows:

| | Games | Won | Lost |
|---|---|---|---|
| Grand Forks ..... | 4 | 3 | 1 |
| Phoenix ..... ..... | 4 | 3 | 1 |
| Greenwood ..... ... | 4 | 0 | 4 |

**Jeffries Has Try-out.**

SAN FRANCISCO, Jan. 18—Jim J. Jeffries, for the first time in four years, sparred four one minute rounds yesterday. He boxed with Sam Berger before a great crowd of critical sports at a local theatre. Both men had poor wind but Jeffries showed such speed and accuracy and quickness on his feet that the general opinion was that he could easily get into condititon to fight Johnson.

**Cricket Players Object.**

There is a cricket trouble in Australia, which is reaching a serious deadlock. It has been caused by the bombshell dropped by the board of control on the players who are likely to accompany the team to England next summer. The board have decided to take all the Australians share of the profits of the tour, and after deducting 5 per cent. of the first $30,000 and 12 1-2 per cent. of the remainder, to divide the surplus among the members of the team. The decision has been received with general dissatisfaction in Australia, and under such conditions many of the leading players "down under" have refused to take part, amongst them being Noble and Hill. Cabling from Melbourne Reuter says: "The decision has been received with dissatisfaction there. Noble and Hill emphatically state that they will not accompany the team under the proposed conditions, while "Mid-On," writing in the Age, characterises the action of the board as unjustifiable, and declares it to be a breach of understanding which will not be tolerated by representative cricketers or the public. The Argus declares that the action of the board of control is neither moderate nor fair, and adds: "The board take no risks, and demand a substantial share in the proceeds. Should unpleasant consequences follow, the board, not the players, will be to blame."

Not enough money for them. A nice standard of amateurism.

**He Attacks Roosevelt.**

WASHINGTON, Jan. 18—Characterizing president Roosevelt as a cargoyle and as "this pigmy descendant of Dutch trades people" and charging him with having established a "court in the White House which would have delighted the heart of the admired Alexander Hamilton" Mr. Willette of New York in the house of representatives today, made one of the most bitter attacks on the chief executive ever heard in that body. Mr. Willette took for his theme, "The Passing of Roosevelt' 'and in a speech of great length dealt with numerous acts of the president since he came into office and scathingly denounced him.

**Root to Succeed Platt.**

ALBANY, Jan. 18—The name of Elihu Root, secretary of state, will be presented to the caucus of the republican legislators tonight as a candidate for United States senator to succeed Thomas C. Platt.

**Quarantined for Rabies.**

ALBANY, Jan. 18—Commissioner Pearson of the state department of agriculture today announced that he had ordered a quarantine of the town and village of Lowville, Lewis county, owing to the presence of rabies. It is expected that a quarantine will also be ordered in Chemung county. The department has been informed that rabies exist near Elmira and will act as soon as a report is received from the local officers.

**Largest Wedding Cake.**

CHICAGO, Jan. 18—What is said to be one of the largest wedding cakes ever made for actual use is receiving its finishing decorations today at a Chicago hotel. It will be sent by express to Hamilton, Ont. The cake is nearly six feet in height, five feet in diameter at the base and weighs practically a quarter of a ton. It will be served at the wedding of Charles P. McColm, of Muscatine, Iowa, to Miss Aileen Davis, of Hamilton, Jan. 27. There are to be six hundred guests at the wedding reception.

**Jesuit College Burns.**

MOBILE, Ala., Jan. 18—The famous Springfield college, the largest Jesuit institution in the south, is on fire. The college authorities gave out a statement soon after the fire stating that all persons connected with the college were safe. The greater part of the main building already has been destroyed. The fire, which is thought to have been caused by a crossed wire in the chapel, was discovered burning during the morning service.

**Fine is Sustained.**

WASHINGTON, Jan. 18—The supreme court of the United States today affirmed the decree of the state courts of Texas imposing a fine of $1,623,000 on the Waters-Pierce Oil company of St. Louis and ousting it from the state on the charge of violating the Texas Anti-trust law.

**Warships Will Remain.**

THE HAGUE, Jan. 18—The government of the Netherlands has decided to keep its warships in the West Indies, until the dispute between Venezuela and Holland is definitely disposed of.

**This Newspaper Aims to Render**

**Real Service to YOU**

IF BY some persistency in giving advice, this newspaper can convince every merchant of th wisdom of telling YOU all of his store news that is important—of using enough space in which to do it, and of telling as much of his store news in every issue as you would be interested in knowing—and—

If, at the risk of over-iter tion, this newspaper should convince you that this same store news is of real, live, palpitating importance to YOU, as fully worthy of you attention as politics, or base ball, or crowned heads, or elopements, murders, riots, fashions or functions of the rich—and—

If it should follow that th merchants should prosper in exact ratio to their energy in advert sing and that YOU should thrive in proportion to your intelligene in SPENDING YOUR INCOME—then this newspaper will feel that has accomplished so real a public service that this city will be a still better place in which to live and to do business!

**NELSON NEWS OF THE DAY**

The I. W. W. meet in Miners' hall tonight.

I. O. O. F., Queen City Rebekah Lodge No. 16, meet tonight in Fraternity hall.

The Knights of Pythias hold their usual weekly meeting in the hall of the order this evening.

James Henry Marshall and Gascoigne Garratt both of Fernie have been appointed to be notaries public for the province of British Columbia.

The British Columbia Gazette announces that Harry Wright, J. P., W. R. McLean and John A. Irving have been appointed to be directors of the Kootenay Lake general hospital.

F. J. Langworth of Greenwood and Frank E. Lathe of Grand Forks have received certificates of efficiency as a result of the examination of the assayers which took place on December 7th last at Victoria.

The next social in connection with the Churchman's club will take place tomorrow evening in the parish hall of St. Saviour's church. The features of the entertainment provided will be progressive whist and a fish pond. The ladies will supply the refreshments.

The ladies of St. Paul's Presbyterian church are arranging a series of interesting evenings during the year. The first of these gatherings will be in commemoration of the birth of Robert Burnes and will be held on January 25th which is the 150th anniversary of that event.

A company has been formed to acquire and take over the business of H. L. Lindsay of this city, boat and launch builder, with the title of the "Lindsay Boat and Launch Company, Limited." The capital of the company is $25,000 divided into 2,500 shares of $10 each.

The following have been appointed to be commissioners for taking affidavits in the supreme court in the Revelstoke electoral district: Albert J. Howe, Arthur Higgins, John Nixon, Osborne Mason, John R. Roders, Peter Campbell, Thomas Gillispie, James Armstrong, Edwin M. Clay, Jonathan McCarthy, F. E. Sine, Daniel S. Jackson, James G. Fulton, Edward Trimble, W. A. Sturdy, W. A. Chambers, E. A. Beal, Neil McEachern, Roy D. McDonald, John G. McLean, John K. McLean, B. R. Blacklock, Wentworth Smyth, Theo. J. Wadman, Frank H. Corson, Wm. H. Humphreys, John Hume, Robert Smith, Alex. W. McIntosh, all of Revelstoke; Geo. B. Campbell, Amos Perry, John R. Thompson, John G. Connick, Percy Scholer, Henry Cook, George Chapman, Wm. G. Smith, all of Arrowhead; Cory Menhinick, James A. Lade, John Thew, all of Cranborne; Elias J. Edge, Alex. D. McKay, Wm. Stuart, all of Beaton; Truman Wilson, Wm. S. Rennie, of Comeplix.

**COAL BUCKET FELL ON HIM.**

**Couldn't Walk for Two Months—Worker Owes His Restoration to Zam-Buk.**

Mr. Daniel Goddard, of Bay Street, Sault Ste Marie, Ont., says:—"While employed superintending the unloading of a coal vessel at Cohen's Coal Dock, a heavy coal bucket descending into the vessel to be refilled, suddenly overturned, grazing my left leg and scraping the flesh from the bone. I was compelled to discontinue work and go home for treatment, where I was confined for about two months.

"When able to get out again I got cold in the wound, inflammation started, and the wound opened again, for another month I was unable to move about. I tried all manner of things to get ease and get the wound to heal up, but nothing seemed able to do it. Not only did everything I tried seemed useless so far as healing went, but I could get no ease from the aching and the burning pains. At times I was just about crazy with the intense throbbing pains, and night after night got no sleep, whatever.

"Not until my wife began applying Zam-Buk did I find relief. When applied to the injured member this balm quickly soothed the pain, and as we continued using it each day brought an improvement. The throbbing pains were soon banished, the inflammation and soreness relieved, and the wound thoroughly cleansed of all poisonous and unhealthy matter.

"Healing then began, and in wonderfully short time—considering the seriousness of the wound—Zam-Buk effected a complete and lasting cure. I have since had no trouble with the limb at all, and it is as sound and strong as before the injury."

Zam-Buk is a sure cure for cuts, lacerations, burns eczema, ring-worm, cold-sores, chapped hands, poisoned wounds, festering sores, bad leg and all skin injuries and diseases. It is also a cure for piles. Druggists and stores everywhere sell at 50c. a box, or post free from Zam-Buk Co., Toronto, on receipt of price. You are warned against harmful imitations sometimes represented as "just as good and cheaper."

Minard's Liniment Cures Diphtheria.

Nelson, B. C.

**MANY ARE RELIEVED**

**TREMENDOUS POPULARITY OF SIMPLE HOME PRESCRIPTION**

**NO SUFFERER OF KIDNEY TROUBLE OR RHEUMATISM SHOULD LEAVE IT UNTRIED**

That the readers of this paper appreciate advice when given in good faith is plainly demonstrated by the fact that one well-known local pharmacy supplied the ingredients for the "vegetable preparation" many times within the past two weeks. The announcement of the simple, harmless mixture has certainly accomplished much in reducing the great many cases of kidney complaint and rheumatism here, relieving pain and misery, especially among the older population, who are always suffering more or less with bladder and urinary troubles, backache and particularly rheumatism.

Another well-known druggist asks to continue the announcement of the prescription. It is doing so much real good here, he continues, that it would be a crime not to do so. It cannot be repeated too often, and further states many cases of remarkable cures wrought.

The following is the prescription, of simple ingredients, making a harmless, inexpensive compound, which any person can prepare by shaking well in a bottle. Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Any first class drug store will sell this small amount of each ingredient, and the dose for adults in one teaspoonful to be taken after each meal and again at bedtime. There is enough here to last for one week, if taken according to directions. Good results will be apparent from the first few doses.

**Empire Theatre**

TONIGHT

PROGRAM:

Niagara Falls in Winter
The Doctor's Forgiveness
Accidents Will Happen
Adventures of a Roll of Linoleum
The Dog Cop

Mr. E. Lupton will sing.

Tonight will be amateur night when all amateurs are invited to compete for a $5 prize which will be donated to the singer securing the most applause and approval of the audience. No entrance fee. Don't miss this. Further particulars enquire at theatre.

ADMISSION:

Adults ..... 15c
Children ..... 10c

**WANT MORE MINERS**

**Royal Collieries at Lethbridge is Now in Operation.**

LETHBRIDGE, Jan. 18.—H. N. Galer, president of the Royal Collieries, limited, was in the city recently attending a meeting of the Western Coal Operators' association. Mr. Galer drove out to the mines and is very well pleased with the progress made. The work of development has been completed to the spur has been in operation for some time, and shipments are made regularly. The company would like to procure the services of 25 more miners at once.

D. McPhee, formerly of the Coleman Mercantile company, has opened a general store at Royal City. In the spring the company will greatly increase the output.

**Good Cough Medicine for Children.**

The season for coughs and colds is now at hand and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when he has a cold. The quicker you cure his cold the less the risk. Chamberlain's Cough Remedy is the sole reliance of many mothers, and few of those who have tried it are willing to use any other. Mrs. F. F. Starcher, of Ripley, W. Va., says: "I have never used any other than Chamberlain's Cough Remedy for my children and it has always given good satisfaction." This remedy contains no opium or other narcotic and may be given as confidently to a child as to an adult. For sale by all druggists and dealers.

The fragrant memory of a cup of delicious "Salada" Tea lingers with you. For seventeen years always of high and uniform quality. 111.

WHOLESALE RETAIL

very materially increased twring the past two years.

William Rawlins has opened a cafe at the new rink wheree light refreshments will be served Tables have also been placed in the ladies' dressing rooms where catering will be done.

Members of the Missionary society of the Methodist church will meet at the parsonage this afternoon at 3:30. Rev. R. N. Powell will give he address and Miss Annable will contribute a solo.

The mayor wishes attention drawn to the harm which can be done to concrete sidewalks by careless removal of snow by means of instruments as thee back of an axe.

Persons wishing to make use of the city electrical thawing outfit are requested to apply to R. A. Brown a the city hall. This apparatus will thaw frozen pipes without any danger of a burst occuring.

All the young people of the Methodist church are invited to be present at 7:45 tonight in order to receive the young people from other churches who will be attending the quarterly meeting of the Young People's union.

The first quarterly meeting for the year of the Nelson Young People's union will take place tonight in the Methodist church at 8 p. m. The principal address will be delivered by E. A. Crease. The subject of this address will be "Character."

A fund for the relief of the sufferers in the late earthquake disaster in southern Italy has been opened in Nelson and subscriptions are being received at the Nelson Hardware store, the Bell Trading company and Dr. A. N. Wolverton's office.

At a meeting of the board of directors of the Kootenay Fruit Growers' association yesterday it was decided to call for tenders for the handling of the season's crop through a commission agent. E. K. Beeston was appointed as acting secretary.

Tonight at the Empire a sentimental song competition will take place for the benefit of amateurs A cheque will be presented to the winner. The film at this popular moving picture theatre last night were "Niagara in Winter," "The Doctor's Forgiveness," "Accidents Will Happen" and "The Adventures of a Roll of Linoleum." E. Holloway who possesses a high tenor voice made a good impression with 'Mona.'

The following constitute the board of examiners of the Hosmer colliery during 1909: Appointed by the owners, Robert Anderson, alternates, A. W. Courtney and James McKelvie; appointed by the lieutenatn governor in council, John Wylie; elected by the miners, Harry Gregory, alternates, William Taylor and Thomas Johnstone. The alternates act as members of the board in the absence of those regularly appointed or elected.

Thirty-one scholars of the Baptist Sunday school were presented on Sunday morning with prizes of bibles and story books for regular attendance during the past year. All of these children had made 50 or more attendances during the year. Dr. A. N. Wolverton, superintendent of the school, presented the prizes and Rev. A. N. Frith gave a short address. A large number of parents and friends of the children were present. The names of the prize winners were: Agnes Lawson, Frances Wolverton, Violet Boyes, Annie Mastberg, Edna Ellis, Erith Manson, Jean Taylor, Julia Waters, Dora Wolverton, Cecily Elkington, Ada Helstrom, Lillian Oates, Mary Taylor, May, Manson, Gladys Pascoe, Fred Waters, Jasper Wolverton, Victor Mastberg, Rowley Frith, Eddie Boyes, Bessie Wolverton, May Pascoe, Louise Waters, Ruth Taylor, Dora Waters, Herdie Jordan, Wilbert Manson, Percy Jordan, Roy Hebden, Bertie Hebden and Jean Turner.

The Lee-McLennan company presented "The Battle of Life" at the opera house last night. The play was a stirring melodrama taking place under the shadow of the "dim Serrias." Tom Bolton, a fine specimen of a real old "forty niner" of the days when the great gold discoveries first made California famous, was well acted by Roy L. Butler who was careful not to lay on the color thicker than was justified by the demands of the stage. R. L. Bell as Paddy McCarey was successful in bringing out the humourous points of the character. Erine, a dainty maiden of 17

## NELSON NEWS OF THE DAY

The zinc smelter will recommence operations today.

All members and officers of the L. O. T. M. will meet in the K. of P. hall at 2:30 this afternoon for practice

Mayor Selous has decided to be at the city offices every morning from 11 to 12 for the transaction of civic business.

District N. 6, W. F. M., will hold its annual convention in this city today at 10 a. m. in Miners' Union hall. Charles Bunting of Grand Forks will preside.

It was rumored in the city last night that a serious snowslide had occurred in he neighborhood of Kaslo. It was impossible to obtain any definite particulars.

Owing to the softness of the ice the bonspiel at Rossland which was to have commenced today has been postponed until the weather becomes more propitious.

Quen City Rebekah Lodge No. 16, I. O. O. F. will confer the initiation degree at their regular meeting this evening at 8 o'clock city time. The recently elected officers will also be duly installed by the D. D. G. M. A full attendance of officers and members is requested.

The banks of this city have decided, as was proposed a short time ago, to organize a hockey team from amongst their staffs. The officers will be elected within a short time and the players are now practicing every Tuesday evening and Saturday afternoon in preparation for the matches which they hope to arrange later.

The regular weekly meeting of the Young People's society in connection with St. Paul's church will not be held this evening, but all members and friends are requested to be present at the quarterly union meeting to be held at 8 p. m. in the Methodist church, an announcement which appears elsewhere in these columns.

J. H. Lawrence, teller at the local branch of the Imperial bank of Canada, has severed his connection with that institution and accepted a position with McDermid and McHardy. Mr. Lawrence's duties will consist of principally of auditing, a branch of this firm's business which has

or thereabouts and upon whom the plot of the play largely hinged was attractively acted by Miss Raymond Bell as an outcast Mexican named Diaz played with care and success a somewhat difficult part and Miss Ann Cushman was all that could be desired as Violet Summers, a lady of uncertain age who took every possible opportunity of proposing to Tom Bolton, the forty niner. One of the successes of the evening was Miss Norman Yeager who took the part of Dolores, a much wronged woman, with strength and restraint. Her acting at times was almost superb in its depth of womanly passion and it was seldom that she became unnaturally dramatic. The scenery of the play and the makeup and costumes of the artists were excellent. Mrs. Coppen of Nelson acted as pianist and played a number of popular airs which were much appreciated by the audience. "Down East" will be presented this evening by the same company.

### COUNCIL A STRONG ONE

**Fernie's Affairs Are in Good Hands This Year.**

(Speecial to The Daily News.)

FERNIE, Jan. 18.—The municipal elections which took place on Thurday aroused more interest in the city than usual and were keenly contested The ratepayers realized that it was absolutely necessary to elect a council composed of the strongest material from among the successful business men, as the problems before the city at the present time are the most important than have ever presented themselves to a Fernie council for solution. That a strong council has been chosen is conceded by all and the affairs of the municipality are now in safe hands.

A pretty wedding was solemnized Friday evening at the residence of W. W. Brown, when Miss J. M. Clymont became the wife of J. P. Lowe, the popular local agent of the Dominion Express company. The ceremony was performed by Rev. H. R. Grant, and there were present a large gathering of the personal friends of the contracting parties. The happy couple were the recipients of many valuable presents, evidencing the esteem in which they are held here and in other parts of Canada.

Mr. and Mrs. Low left by the flyer on a trip for Spokane an dcoast cities.

A farewell banquet was tendered at the King Edward hotel Friday night to P. A. Hicks, accountant of the local branch of the Home bank, who has been transferred to the head office in Toronto. A pleasing feature of the evening was the presentation of some silver toilet articles. After the dinner speeches and vocal music were indulged in and a most enjoyable time spent. Among those present were: W. C. B. Manson, C E H Morton, F D. Finlayson, J. F. Rudrucki, S Malone, T. E. Miller, S. Barclay, J. S. Hamilton, F. F. Hannington, A. J.Burnside, R. Taylor, F. Ralph and S. Rees

# NEW COUNCIL

(Continued From First Page.)

yesterday and the two draft tubes would both be hauled out there by today.

The following are the special committees appointed:

Finance—Ald. McMorris, chairman, aldermen Hale and Kilby.

Fire and water—Ald. Hale, chairman, aldermen McMorris and Kilby.

Board of works—Ald. Kerr, chairman, aldermen Matthew and Steed.

Tramway—Ald. Steed, chairman, aldermen Kerr and Matthew.

Fire wardens—Fire chief Guthrie, city engineer Craufurd and aldermen Hale and Kerr.

Hospital director—Ald. McMorris.

### McQUAID DEAD

**Head of Diocese of Rochester Passes to His Reward.**

ROCHESTER, Jan. 16—Surrounded by many priests of his parish and without pain, Right Rev. Bernard J. McQuaid, bishop of Rochester, died at 9:09 this morning, after an eight months' illness, at the episcopal residence in this city. Yesterday was the 61st anniversary of the bishop's priesthood and it has usually been celebrated in all the churches of his diocese, but on account of his grave condition, Right Rev. Thomas F. Hickey, coadjutor bishop of his diocese, at the cathedral yesterday announced that no special services would be held.

The change for the worse came last Wednesday although for many months he has just been alive. He grew rapidly worse after Wednesday's change and last night became unconscious and died this morning.

Bishop McQuaid was born Dec. 15th, 1823 in New York city. He received his early training at Chambly hall, near Montreal and then at St. John's college, Fordham, from which institution he was graduated. After work in the preparatory seminaries of New York state, he was elevated to the priesthood on Jan. 16, 1848. On March 3, 1868 he has preconized bishop of the diocese of Rochester and on the 12th of the following June he was elevated to the episcopate.

Thomas F. Hickey Montgomery, coadjutor bishop, succeeds to the bishopric as the second bishop.
