VOL. 7 NELSON, B. C., THURSDAY MORNING, FEBRUARY 4, 1909 NO. 242

ELECTION ACT

Changes are Introduced in Victoria House

MANY OTHER MEASURES

SEVERAL IMPORTANT BILLS ARE ADVANCED A STAGE—OVER FOURTEEN THOUSAND ACRES OF LAND IN KOOTENAY TAKEN BY SOUTH AFRICAN VETERANS

(Special to The Daily News.)

VICTORIA, Feb. 3.—In a short session this afternoon the house disposed of a good deal of routine business, several bills being introdumed and progress made with several others on the order paper. Among the bills introduced were four by Hon. W. J. Bowser, attorney general, act to amend the Provincial Elections act, act to amend the Municipal Clauses act, act to amend the Fire Insurance Policy act and an act to amend the Supreme Court act.

The amendments to the Provincial Elections act are important, particularly the last clause, which provides that names may be stricken from the list on the ground that an elector has ceased to reside in the electoral district. The provisions of this bill follow.

Paragraph C of section 10 of chapter 17 of statutes of 1903-04 being the Provincial Elections act is amended by striking out the words "last Monday in March and September" where they occur therein, and by substituting therefor "the second Monday in April and October."

Paragraph C of said? section 10 is amended by striking out the words "two months' notice" in the third line thereof and by substituting therefor words "one month's notice."

Paragraph E of said section 10 is amended by inserting after the word "voters", in the third line thereof, the words "in any electoral district"; by inserting after the word "court" in the fourteenth line thereof the words "and shall have posted up in his office notice of said objection within one week after the objection has been received," and by striking out the words "the province of British Columbia" in the 18th and 20th lines thereof, and by substituting therefor the words "such electoral district."

A motion by John Oliver for return of all copies of leases, correspondence, etc., in reference to pulp land leases was adopted after a brief explanation by the premier.

In reply to a question by Mr. Oliver as to the number of liquor licenses issued during the year 1903 Hon. J. W. Bowser, attorney general, said six.

In reply to further questions by Mr. Oliver, Hon. F. J. Fulton, commissioner of lands, presented a return showing the number of acres of land granted in each land district to holders of South African war scrip and the number of scrip applied to the purchase of land. In Kootenay land district 14,400 acres were granted in this way, and the total number of scrip thus applied was given as 766.

The following bills were read a second time without division: Act to Amend the Magistrate's act, Act to Authorize a Revision of the Statutes, Act to License Clubs to Sell Intoxicating Liquors.

H. C. Brewster, Alberni, moved the second reading of his bill for the better securing of certain mine workers wages, and the attorney general moved the adjournment of the debate.

John McInnes, Grand Forks, introduced a bill to amend the Inspection of Metalliferous Mines Act, 1889, providing that the interpretation of the word "underground" in section 4 of said act should be as follows: "Underground, for the purpose of this section, shall mean and include any shaft, tunnel, quarry, glory-hole, or any opening from which ore, rock or mineral is broken or extracted in carrying on ining operations."

The bill to amend the Horticultural Board act was also read a second time.

J. H. Hawthornthwaite, Nanaimo, has introduced a bill to amend the Coal Mines Regulation act by adding the following provision to rule 24 of section 138 R. S. 1897: "There shall be attached to every cage used for lowering and raising persons in any shaft a proper and automatic safety clutch, which will effectually prevent the falling of any cage upon the breaking of the rope or the failure of the brake to operate. This act shall come into force upon the 11th day of January, 1910."

ARE NOT UNANIMOUS.

All Powers Not Agreed Regarding Bulgarian Settlement.

LONDON, Feb. 3.—Turkey, Austria-Hungary and Germany appear reluctant to express approval of the Russian financial scheme to settle the Turko-Bulgarian differences, because, it is feared, it will lead to a return of Russian influence in the Balkans. Continental journals are commenting on th escheme as a decided victory for M. Iswolsky over Baron Von Ahrenthal, giving Russia a strong hold on Bulgaria. It is semi-officially stated from Vienna that Austria-Hungary's approval depends on whether it can be shown that the interests of the creditors of the Oriental railway, who are mostly Austrians, are sufficiently protected, while Germany is waiting the porte's acceptance.

ST. PETERSBURG, Feb. 3.—Because of suggestions abroad that Russia, by her mediation between Bulgaria and Turkey, is aiming at the realization of political plans such as a solution of the Dardanelles question in Russia's favor a semi-official statement was issued today repudiating such aims and declaring that Russia's sole object is the maintenance of European peace.

AFTER TRAIL COUNCIL

ACTION TAKEN TO UNSEAT MAY OR AND ALDERMEN.

COMES UP BEFORE JUDGE MORRISON AT VANCOUVER

TRAIL, Feb. 3.—The Trail city council, which was elected by acclamation, was today served with quo-warrant proceedings at the instance of William Mitchell, a smelter man who was on the nomination papers of Abraham Chenoweth for mayor, who was disqualified by returning officer DesBarres because his property qualifications were not stated; D. C. McGregor, sub-customs officer, who was on the nomination papers of Camille Lauriente for alderman; who was rejected for the same reason; James Street Brandon, insurance agent and student-at-law, who was present at the close of the nomination and heard returning DesBarres say that, as Chenoweth, Lauriente and Priori, another candidate, had no property qualifications, their nominations were rejected and says that Mr. DesBarres then declared Veorge F. Weir elected mayor, and Eric Harkness, D. Gillis, A. N. Skill, F. E. Dockrill and J. E. Robillard elected as aldermen; James Dawson, hotel keeper, in connection with the abolition of the wards, and W. Merritt Brandon, barrister, who takes objection to the city bylaws regarding the wards and also because the motion of his brother, James Street Brandon, ex-alderman, appointing H. DesBarres returning officer did not specify the place where the poll was to be held.

It is said by those immediately interested that the same procedure was taken as in former years. The case is expected to be heard by judge Morrison of the supreme court at Vancouver on Feb. 5. Russell & Russell of Vancouver are acting for the plaintiffs and Joseph Martin, K. C., for the defendants.

READY FOR HER SHARE.

Australia Prepared to Undertake Duty of its Own Defence.

(Canadian Associated Press)

LONDON, Feb. 3.—Gen. Hood of Australia, speaking before the Canada club today, said that a better understanding and better results would follow the inauguration of an imperial general staff. The efforts of Great Britain in connection with the territorial force was being watched with the greatest interest in Australia, where the citizens accepted the responsibility of the country's defense.

Sir Gilbert Parker, referring to the conference of the empire's newspaper men, each member of which he characterized as a minister of education, said the conference was bound to lead to a larger understanding and bring nearer the goal of inter-dependence, co-operation and high ideals tending for the advancement of civilization.

THREE CENTRES.

United South Africa Will Not Have a Capital.

(Canadian Associated Press)

CAPE TOWN, Feb. 3.—The result of the union conference is that Bloemfontein will be the headquarters of the judiciary. A draft of the construction is to be published Feb. 10 and will be considered by the various South African legisitures on March 30. The balance of opinion at the present time seems averse to the arrangement dividing the legislative executive and judiciary among the widely separated cities. It is believed it will make the government costly and cumbersome if not unworkable. Its supports say it is the only alternative to the failure of the convention.

Want the Duty Raised.

TORONTO, Feb. 3.—The Dominion Swine Breeders at their annual meeting today appointed a deputation to appear before the Dominion government with a request that the tariff on hogs from the United States be increased from two to four cents a pound to offset the duty of five cents a pound that Canadian farmers have to pay on hogs going into the United States. The president of the association declared that one-half of the cured pork consumed in Toronto and other Canadian cities was imported by the trainload from the United States.

Farmers' University.

VALLEYFIELD, Feb. 3.—At the annual convention of the Huntingdon Dairymen's association today Hon. J. DeCarle, minister of agriculture of this province, promised to agitate for a farmers' university.

From Cotton to Smelting.

MONTREAL, Feb. 3.—Louis Simpson, for twenty years or more manager of the Valleyfield cotton mills, has resigned and will go into the electric smelting business.

BIG SUCCESS

Rossland Carnival Going Ahead Well

ROSSLAND BEATS MOYIE

CAPTURES FIRST GAME IN HOCKEY SERIES BY SCORE OF TWO TO ONE—NELSON WILL PLAY THE WINNERS TONIGHT — NOREN RETAINS SKI CHAMPIONSHIP.

(Special to The Daily News.)

ROSSLAND, Feb. 3.—The great feature of today's programme of the winter carnival was the ski jumping contest for the Canadian championship and incidentally, if possible, a new Canadian record. Trogel Noren, whose last year's record was 101 feet, still retains the title, winning the shield presented by Sullivan & Seagram, Toronto, and the gold medal. His jump was 92 feet. Owing to the bad weather conditions it was impossible for him to break his previous record, but under the circumstances this jump was a splendid one. John A. Johnson won second, jumping 72 1-2 feet, and Ole Savill, third, with 68 feet. John A. Johnson won first in the ski jumping for boys under 16, jumping 25 1-2 feet.

The second important event of the day was the pony racing, one-quarter mile. "Happy," owned by McLeod & Carr, won first; "Buttons," owned by the same parties, being first. It was impossible to obtain correct time, but considering the condition of the roads the race was very fast and much enthusiasm was shown by the spectators.

This evening witnessed one of the fastest hockey matches ever played on Rossland ice, with an attendance of at least 800, when Moyie and Rossland crossed sticks, the result being 2 to 1 in favor of the home team. Play started fast and furious. Rossland scored first goal in 13 minutes, followed by Moyie scoring in 10 minutes, leaving the score at half time 1-1. The second half started briskly, Rossland having rather the best of the play. Dixon, after making a brilliant dart down the ice, scored in 18 minutes after play began. An unfortunate accident happened in the second half, when Sherman of Moyie was rather severely hurt in a scramble and was crippled for the remainder of the game. After 21 minutes of play in the second half the crush of spectators in their endeavors to see the game was so great that they knocked down a portion of the fence, delaying the game about 8 minutes.

Goals scored—Rossland, Dixon, 2; Moyie, Sherman 1.

The following was the line-up of the teams:

Rossland		Moyie
McCreary	goal	Grady
Jost	point	Donahue
Allen	cover point	Kelly
Dixon	left wing	Dimock
McQueen	right wing	Langille
Keating	centre	Clothier
Neill	rover	Sherman

The stars of the evening for Rossland were Dixon, Neill, Jost, McCreary and McQueen, and for Moyie Grady, Sherman and Langille.

The amateur skating championship of the province was postponed until tomorrow on account of the softness of the ice.

Rossland's victory tonight leaves Rossland and Nelson to play tomorrow night.

NOW GOES TO COURTS.

Montreal Police Scandal May Be Cleared Up.

MONTREAL, Feb. 3.—The charges and counter-charges with regard to the administration of the Montreal police department have at last spread to the courts, and will be thoroughly investigated if the cases go ahead. Ald. Proulx, chairman of the police committee, today entered suit for $5000 for libel against E. W. Villeneuve, the most presistent producer of charges against that department and another for $10,000 against La Patrie for editorial comments in which, it is alleged, the paper said the police department was rotten to the core. Chief of police Campneau has also entered a libel suit against La Patrie for the same editorial utterances.

GRUESOME CARGO SAILS.

Five Thousand Bodies of Dead Celestials Leave for China.

NEW YORK, Feb. 3.—Five thousand Chinese corpses bound for their final resting places in the flowery kingdom will leave Brooklyn next Wednesday on the Maemer Shimosa. The bodies of the dead celestials were disinterred from burying grounds all over the United States and placed in sealed caskets which in turn were enclose in pine boxes, each labelled with the name and history of the silent occupant and stored on the decks of the ship.

Wants No Hurried Action.

TORONTO, Feb. 3.—A delegation of members of the Ontario Bar association waited on the government this afternoon in reference to the proposed measure of law reform limiting appeals. The deputation submitted a number of cases tending towards conservation in changing the legal procedure. A commission of judges was recommended to consider the whole matter before it was submitted to the legislature. The deputation declared themselves unanimous as to the retention of the present court of appeals, the right of higher appeal in the establishment of the permanent divisional court.

BOOSTS THIS PROVINCE

WHAT DENVER MINING PAPER SAYS REGARDING IT.

HAS COMMON INTERESTS WITH THE WESTERN STATES.

SPOKANE, Feb. 3.—The Daily Mining Record of Denver, Colo., has the following editorial in a recent issue:

"British Columbia, according to its recently compiled figures, has produced, all told, the sum of $23,000,000 in mineral wealth beginning with its earliest placer discoveries and continuing to the end of 1908.

"British Columbia, we must bear in mind is a comparatively new field, and has progressed purely on the value of its mineral deposits, never having had the boom spirit that has been shown in so many American camps. The province is growing and the time will come when its annual output is far in excess of what it is today.

"Of all foreign lands, British Columbia has more in common with the United States than any of the rest of them. The miners who work in the properties of the camps of that province, are largely American miners, and there is a continuous change from those districts to the mineral regions of the States. The problems of British Columbia, apart from mining, are also very similar to the riddles our own Pacific coast has to solve—particularly when it comes to the exclusion of foreign labor—the oriental type of labor, admitted to be demoralizing to any section, and impossible to mining camps.

"In copper, the province is becoming more and more important, with plenty of capital awaiting the opportunity to find activity in the mines and in reduction works—and the world market looking toward conditions in the red metal as outlined largely by North America.

"The province is also becoming a factor in the yellow metal production, while some of the British possessions far outclass it in output, the sum contributed by the camps of British Columbia is of consequence.

"It is noted that nothing in common appears between the district of Cobalt and the camps of the coast province, while very much in common exists between our western districts and those across the border, north of Washington. Our interest, therefore, in the northern camps is always fresh, and we believe the progress of mining in British Columbia will materially assist operations in our own northern sections."

CHILD BURNED TO DEATH

FATAL ACCIDENT TO BOY OCCURS AT SALMO.

SON OF WILLIAM GRAY LOSES HIS LIFE.

(Special to The Daily News.)

YMIR, Feb. 3.—Willie, the five year old son of William Gray of Salmo, was fatally burned at his home yesterday morning. It appears that the little fellow was playing with matches which in some way set his clothing on fire and before the flames could be extinguished he was horribly burned about the body and face. The child had on at the time only a nightdress of some light material and when first seen was entirely enveloped in flames. Frantic efforts were made by one of his older sisters to save the child by throwing water over him but it was impossible to put out the flames until he had been burned as mentioned above.

Dr. Foote of Ymir was hastily notified by wire but the summons reached him too late for him to catch the south bound train that day. The little fellow was consequently taken to Northport by his parents where, in spite of every advantage in the way of medical attendance the poor little fellow's sufferings were relieved by death today. Mr. Gray and his family have the heartfelt sympathy of the citizens of Salmo and Ymir in their terrible affliction.

NEGROES IN TROUBLE.

Over One Hundred Are Arrested on Charges of Molesting Ladies.

PITTSBURG, Feb. 3.—At the Central police station here today 125 negroes who were arrested late last night and early this morning, following a series of attacks upon white girls in the Herron hill district recently, were given hearings before magistrate Brady. Forty-three proved they had honest employment, and were discharged. 42 were fined in amounts varying from $5 to $25 and 41 were held pending further investigation.

From now on large forces of officers will be stationed over the Herron hill district and strenuous efforts will be made to stamp out assaults. Some of the women now go armed, others carry police whistles and a majority of them positively threaten to shoot the first negro caught molesting a woman.

In spite of many threats of armed resistance upon the part of the negroes, the police continue their wholesale arrests of members of their race, without employment, in the Herron hill district. No out break of any kind has occurred up to late tonight. Following the arrest last night of 126 negroes, the police force in the district have been trebled an devery patrolman has orders to arrest every suspicious negro. No further attacks upon women or girls have been reported since last night and should one occur the temper of the citizens is such that violence very probably would be meted out to the assailant, if caught. Men as well as women throughout the section involved are carrying revolvers an the negroes, who local orators are inflaming to resistance, are said to be well armed also.

DANCED WITH THE KING.

Ottawa Woman Who Had Honor Dies at Ripe Age.

OTTAWA, Feb. 3.—There passed away in the city a vererable lady in the person of Mrs. George Taylor, who had the honor of dancing with king Edward VII., when as Prince of Wales, he visited Canada in 1860. Her maiden name was Mary Boswell, daughter of the late Judge G. M. Boswell of Cobourg and the ball at which she danced with the prince, marked the opening of the Cobourg town hall. It was an important event in Mrs. Taylor's life for it was her first ball and the one at which she took her position as a young girl in the social world. The royal visitor was at the time accompanied by the duke of Newcastle and general Bruce.

The late Mrs. Taylor was the wife of Mr. Taylor, I. S. O., clerk of the English journals of the house of commons.

Authority on Farming.

CHEYENNE, Feb. 3.—Secretary John T. Burns, of the transMissouri dry farming congress has been notified by cable that sir William MacDonald of Pretoria, one of the most noted agronomists in the world, has left London to attend the meeting of the congress which opens in Cheyenne on Feb. 23, as a representative of the Transvaal. For many years sir William has studied the problems of arid land forming with a view to producing in the Transvaal not only a food to meet local demands but also enough grain for export in England. He will address the congress on dry farming in South Africa.

ARE REJECTED

No Anti-Japanese Laws in California

LAND MEASURE THE FIRST

BILL PREVENTING ALIENS FROM HOLDING LAND DEFEATED AND SAME WILL HAPPEN OTHERS PRESIDENT ROOSEVELT INTERESTS HIMSELF.

SACRAMENTO, Feb. 3.—After the debate, extending from 11 o'clock this morning until 6 p. m., the assembly by a vote of 48 to 28 rejected the bill drawn by A. M. Drew against aliens holding land in California. The bill had been amended at the request of president Roosevelt and secretary of state Root so that the clauses applying to Japanese only was eliminated, making the bill apply to all aliens, but the measure aroused such a storm of opposition that long before the debate was closed by Mr. Drew, it was apparent that the measure would be defeated. The result of today's contest is considered a fair test of the relative strength of the two factions in the assembly and as forshadowing the defeat of all measures that would tend to embarass the national government in its relations with Japan.

CARSON, Feb. 3—The anti-Japanese resolution that was amended yesterday did not come up in the assembly this morning but has been ordered engrossed as amended. In the amended form it is believed it will pass the assembly unanimously.

WASHINGTON, Feb. 3.—President Roosevelt today sent for senators Nixon of Nevada and Borrah of Idaho and talked over the Japanese situation with them. The president yesterday felt that he would not take any action relative to the work of the lower house of the Nevada legislature in denouncing the Japanese, but, despite the fact that the two Nevada senators would not talk, it is understood that they took away with them requests to get in touch at once with the members of the Nevada state senate and stop further progress of the resolution now before that body. The fact that senator Newlands is a democrat and Nixon a republican makes it possible to influence the state senate to the extent of holding up the resolution that has gone through the house. Senator Borrah's visit was to tell the president that he did not look for any outbreak in his state such as that in Nevada.

After leaving the White House senator Nixon sent the following telegram to the president of the Nevada senate and to the speaker of the assembly: "The Japanese question, like the Chinese question, is non-partizan to all Nevada citizens. I take it that the object of the resolution now before the Nevada legislature is a serious one and was introduced for the purpose of securing beneficial results. Personally, I have no desire to inject views, but after a conversation with the president this morning, I feel that it is my duty as a representative of the people of Nevada to suggest to the legislature through you, gentlemen, that the very object of the resolution may be injured by radical legislation at this time."

The president assured the Nevada senators that his only desire in the Japanese matter was to promote the general welfare and he urged the necessity of avoiding complications if possible.

MAY NOW BE VOTED ON

FERNIE PEOPLE CONSIDERING DISPOSAL OF RELIEF FUND.

NEW CHIEF OF POLICE IS APPOINTED—OTHER NEWS.

(Special to The Daily News.)

FERNIE, Feb. 3.—The relief fund is still causing a considerable amount of friction, and the meeting which was held Sunday to discuss the question was not a harmonious one. The meeting was called by the miners' officials and the mayor and members of the executive committee of the Fernie district fire relief fund were invited to be present, which invitation was accepted. A great deal of ill feeling was exhibited throughout the discussion. The principal bone of contention is the question as to whether those who have received lumber and material from the fund to rebuild their homes shall be compelled to repay the loan, they having given a pledge to do so when they received the assistance. Another point that is causing trouble is the ultimate disposition that shall be made of the fund, and no definite solution of the difficulty has been arrived at. The meeting yesterday failed to solve the problems, and it is now likely that the citizens will be called upon to vote on the matter at an early date.

An exciting runaway accurred on Baker avenue Monday afternoon when a team of horses attached to a heavy delivery sleigh became frightened at a passing engine and made a dash for liberty. Before being captured they spread the contents of the sleigh along the roadside and badly damaged the latter. Several pedestrians had narrow escapes from being knocked down by the terrified animals.

The new premises of the Fernie club in the Johnston block on Victoria avenue is being tastefully decorated, painted and luxuriously furnished. One billiard table has already been installed and another will be added in the spring.

His honor Judge Wilson of Cranbrook was a visitor in town Monday.

The board of police and fire commissioners Saturday opened the applications for the position of chief of police for the city of Fernie. There were twenty-one aspirants for the office and as the list contained many suitable ones it was difficult to make a selection. The choice, however, ultimately fell to Sergeant Major Burroughs of the Royal Northwest mounted police. This officer has a splendid record for service, having been a member of the royal Irish constabulary, Royal Northwest mounted police, Natal police and of Colonel Steele's constabulary in South Africa, and is strongly recommended by the officers under whom he has served.

The police commissioners have determined to suppress all gambling in the city and to rid the city of the gambling element. Public houses have been notified that the law is going to be strictly enforced and that no more games will be permitted. There is also no more liquor to be sold on Sunday and the law in this respect is to be vigorously enforced, the police having been instructed to be particularly vigilant in this regard.

The usual dog sleigh races were held on Saturday afternoon and were the best this season. A very large crowd of spectators turned out to enjoy the sport and the different events were evenly contested.

The Canadian Bank of Commerce staff moved into their new permanent premises on Victoria avenue on Saturday afternoon. The new building is a very handsome one and contains comfortable living quarters for the staff.

The congregation of the Anglican church have secured the Fernie opera house in which to hold services until a new church can be erected in the spring. Large congregations attended the services Sunday and the music was of a high order.

Several changes were made this week in the management of the mines at Coal Creek. R. H. Nesbitt, outside superintendent, has resigned and will be succeeded by W. Alexander; T. Spruston, pit boss at No. 5 mine, has been promoted to the position of assistant superintendent at Michel colliery; David Martin will succeed him at Coal Creek, and Thomas Williams has been appointed pit boss at No. 9 mine.

Great improvement was made in the postoffice on Saturday by the addition of many new boxes and the rearrangement of the old ones.

The new premises of the P. Burns company have been completed. The store is a large one and most conveniently arranged and one of the best in town.

Preliminary steps have been taken to organize a workingmen's club here. It is proposed to have a reading room, billiards, pool and other games and to sell intoxicants at a lower rate than at the bars of the city.

HUNTER BADLY FROZEN

CAUGHT IN COLD IN NORTHERN BRITISH COLUMBIA.

BROTHER OF EARL OF SUFFOLK IS VICTIM.

NEW YORK, Feb. 3.—Hon. Jas. Knyvet Estcourt Howard, 22 years old brother of the earl of Suffolk is lying at the point of death at the Waldorf-Astoria as the result of a terrible experience while hunting in the frozen wilderness of British Columbia. Physicians state that one of his feet and several fingers will have to be amputated.

He was accompanied on his hunt for moose by baron Schaffer, a German nobleman. They were overcome by cold and when they were brought back to Banff, physicians said that they were dying. Howard insisted that if he was going to die, he wanted to go at once to London. Passage was booked but on his arrival here his condition made a continuation of the journey impossible. Howard is the only brother of the earl of Suffolk, who married Miss Daisy Leiter, sister of Joseph Leiter, of Chicago.

CALLS FOR DEPOSITS.

United States Government Demands Return of Money.

WASHINGTON, Feb. 3.—Secretary Cortelyou today announced that he had made a call on the more than 10,000 national bank depositors for about $10,000,000 government deposits to be paid on or before Feb. 24. The call will leave exactly $10,000 in each. Calls hitherto made on the regular depository banks have practically exhausted their holding above the amounts actually needed to meet disbursing officers checks. These aggregate about $55,000,000. The call for $4,500,000 made by the secretary early in January has been responded to by all the banks except a few of the far west. Remittances are already on the way.

Goes Trough the Ice.

QUEBEC, Jan. 3.—Daniel Lemay, of this city was drowned today at St. Nicholas. The horse and carriage in which he was crossing the river at St. Nicholas on the ice bridge, went through the ice precipitating himself, the carriage and horse into the icy water, where the current swept them beneath the ice. He leaves a twife and two children.

Governor is Indicted.

MUSKOGEE, Feb. 3.—Eight indictments were returned today by the grand jury town lots alleged frauds. Among those indicted is governor Haskell.

STATE SECRET

Amount of Money to be Spent at Esquimalt

WHAT SIR FREDERICK SAYS

MINISTER OF MILITIA IS NOT AT LIBERTY TO GIVE INFORMATION ASKED, BUT ADMITS FORCE MORE THAN CUT IN TWO—PROCEEDINGS IN HOUSE

OTTAWA, Feb. 3.—Nova Scotia fisheries and level crossings constituted the business before the house of commons today, which was private members' day. The former question came up on a resolution given by J. H. Sinclair of Guysboro, to the effect that it was advisable to appoint a select standing committee of the house to deal with questions relating to marine and fisheries. In support of his resolution Mr. Sinclair said the Nova Scotia fishermen wanted better transportation facilities and better markets. Clarence Jameson, Digby, supported the resolution, as did W. F. McLean, Centre York, who suggested that the senate might do something along this line; A. B. Crosby, Halifax; A. K. McLean, Lunenburg; G. W. Kyte, Richmond; D. D. McKenzie, Cape Breton, North; J. W. Maddin, Cape Breton, South, who said the Americans laughed at the three-mile limit, and Dr. J. W. Daniel, St. John, and Honore Gervais, St. James.

Hon. L. P. Brodeur replied for the government and stated the government accepted the resolution of Mr. Sinclair and would name the committee asked for.

G. H. Barnard, Victoria, B. C., asked what was the expenditure in connection with the naval station at Esquimalt, authorized by the Canadian government or, to its knowledge, by the Imperial government.

Sir Frederick Borden stated that this was a confidential matter and could not be divulged. There were 456 men at Esquimalt before the British force was withdrawn; now there was 142.

In answer to a question by Lieutenant Colonel Worthington, Sherbrooke, Sir Frederick Borden stated that the department intended to adopt the principle observed by the imperial war office and reserve the right in the public interest to withhold confidential details regard ng militia matters.

When the level crossing bill of E. A. Lancaster, Lincoln, came before its third reading Hon. George P. Graham, minister of railways, asked that it stand over, as he was consulting with the chairman of the railway commission with a view to coming to some tangible decision. This did not meet with Mr. Lancaster's approval and he charged Mr. Graham with attempting to block the bill.

Sir Wilfrid Laurier came to Mr. Graham's assistance and, on his promise that the bill would not lose its place on the order paper, Mr. Lancaster consented to allow it to stand over.

The conservative members of the house and the senate are to tender a banquet to Mr. R. L. Borden on March 3.

Captain of Industry Dead.

NEW YORK, Feb. 3.—Jose Denavarro, the last surviving original director of the Equitable Life Assurance society, the father of Antonio Denavarro, husband of Mary Anderson, the former actress, died at his home in this city tonight. He was 71 years old and was born at Dan Sebastian, Spain. Mr. Denavarro built the first iron seagoing steamship that was constructed in the United States, brought about the construction of the first elevated railway lines in this city and created the Portland cement industry in this country.

Ferries are Running Again.

HALIFAX, Feb. 3.—The steamers Stanley and Minto, running between Pictou and Georgetown, are again clear of the ice. The Minto landed her passengers on the ice, three miles off Pictou light, and they drove to Pictou by teams yesterday. The wind changed yesterday and became favorable and the Minto got clear of the ice last night and arrived this morning. The Stanley sailed from Pictou this morning.

Damages for Wife's Death.

TORONTO, Feb. 3.—A settlement was reached this morning in the Shannon-Hogg automobile fatality suit before Mr. justice Latchford. Mr. Shannon, whose wife was killed, is to receive $1,800 and costs. He will retain $800 himself and their four children will get $350 each on coming of age.

Arnst is Going to England.

(Canadian Associated Press)

WELLINGTON, N. Z., Feb. 3.—Arnst, the oarsman, says he is going to meet Barry in England this year. He is waiting a reply from Eddie Durnan respecting a match at Toronto.

Will Meet at Seattle.

KANSAS CITY, Feb. 3.—Seattle will be the scene of the fourth annual convention of the National Editorial association on July 19.

BEWARE OF LA GRIPPE

At this season of the year La Grippe is more than usually busy and its victims are to be found everywhere. PSYCHINE, the greatest of tonics, should therefore be in every home.

The after effects of this terrible scourge are even worse than the malady itself, leaving the patient utterly prostrated and too often leading to consumption.

PSYCHINE strengthens the whole system and brings back health and vigor. Weakness cannot exist where this powerful remedy is taken.

Mr. G. D Colwell, of Walkerville, Ont., was stricken down with *La Grippe in 1908 and it left him in very bad condition.* He says: "I was all run down and bordering on Consumption. I could not sleep at nights, had awful sweats, and coughed nearly the whole time. This is how I was when I began to take PSYCHINE, in a low nervous state; but from the first bottle I began to improve. It did marvels for me and brought me back to health in no time, making a new man of me.

"It fortifies the body against the attacks of La Grippe and is a sure preventative. I always take **PSYCHINE** if I feel a cold coming on and it puts me right in no time."

TRY PSYCHINE **FREE**

This Coupon entitles you to a Free Trial of Psychine, the greatest of Tonics. Mail to Dr. T. A. Slocum, Limited, Toronto.

A WONDERFUL TONIC!

PREVENTION IS BETTER THAN CURE

If you use Psychine regularly it will ward off La Grippe. Psychine tones the system and keeps the body in good physical condition. No one can afford to be without it. All Druggists and Stores sell at 50c. and $1.00. Prepared only by Dr. T. A. Slocum, Limited, Slocum Bldg., Spadina Ave., Toronto.

For Cough, Colds, Throat, Lung and Stomach Trouble take Psychine.

LONGBOAT'S DISCOVERY

HOW INDIAN RUNNER LEAPED IN TO FAME.

HIS FIRST RUN WAS TO SAVE HIMSELF TROUBLE.

The story of Longboat's leap into fame is known to but few, and, at a time when he appears to be the greatest long distance runner of the world it may not be out of place.

Two years ago last summer the Onandaga, for Tom Longboat belongs to that tribe of the Iroquois, which with the other five, under the leadership of Joseph Brant, came to Canada from New York state, about the time of the signing of the treaty of Versailles in 1783, was in Hamilton on a marketing trip with his uncle and aunt, who have a small farm in the Indian reservation about fifteen miles from *the Ambitious City. He was given* a couple of hours' leisure by the uncle, but was ordered to be ready to make the trip back home at 4 o'clock in the afternoon, and that on no account was he to keep them waiting. Tom went along the streets of the city looking at the sights and among them he chanced to see a number of big prints in a bookstore, depicting the famous victory of Billy Sherring in the Marathon at Athens in the spring of 1906. Tom became so wrapped in the picture of the historic contest coming into the stadium the recipient of cheers that he forgot all about the passing of time and when he discovered it was nearly five o'clock and that he would be an hour late for the journey home, he decided to hoof it.

He broke away and ran all the dis*tance to the starting place, only to find* that his people had tired of waiting and left him to get home as best he could. This latter would not have caused him any concern only that he had some chores to do that would not wait for darkness, and there would be trouble in store for him at the hands of his irascible uncle. There was nothing to it then but to run the distance and get home as soon as possible.

A few minutes he was out in the the country pelting the pike at a twelve mile an hour gait. And he kept it up, for he determined, by taking a short cut, to beat his relatives home, and *that is exactly what he did. He went* straight to work at his chores, and when a few minutes later his uncle arrived, imagine his surprise, to see Tom hard at work as if a fifteen-mile run were nothing at all.

Of course young Longboat's feat was noised about the neighborhood, and when a half-breed runner named Davis, *who had entered in the Hamilton, On*tario, "Herald" Marathon, was at the reservation for a few weeks' stay he heard of the fast time Tom had made from Hamilton to his home. Davis immediately tried the young Redskin out, with the result that he knew he had discovered a wonder. Keeping his discovery to himself, the halfbreed tried his new found prodigy in the Herald race set for the next Thanksgiving Day around Burlington Bay.

On the day of the race Davis and his Indian, the latter attired in an old bathing suit, appeared at the starting line. The Indian was a hundred to one shot, and Davis took advantage *of the price to lay down a few on his* man. It is history that Longboat won the race in such good time that he at once was picked as the runner of the world. And since then, with the exception of his performances in London last summer, he certainly has proved the contention.—Ottawa Free Press.

HOCKEY AT NEW DENVER.

Fine Cup Presented for Competition by Slocan Teams.

Special to The Daily News.

NEW DENVER, Feb. 3.—The New Denver hockey club has received challenges from the Slocan City and Na*kusp hockey teams to play matches* for the possession of a fine silver cup presented to the first named club by J. E. Cornwall, late of this city, and *now of the Bank of Montreal, Spokane.* This trophy is this year to be played for as a challenge cup and next year it is intended to form a hockey league in the Slocan district. This Cornwall cup is not in any way hedged in by rules and any team in the Slocan district, providing that all its members have lived in the town represented for two months previous to the match may compete. Two games have to be played for the cup and both have to be played in the town holding the cup, though it is understood that this city is willing to play home and away games.

CURLING AT TRAIL.

Sommerville's Rink Win Prizes Donated by Mr. Aldridge.

The final of the novices curling match took place here Monday evening and resulted in a win for R. Sommerville's rink over R. Truswell's by a score of 11 to 2. The ice being in very bad condition good curling was out of the question, but Sommerville's team thoroughly deserved to win as *they were superior in every department* of the game. The winning team were afterwards presented with curling tobacco jars which were given by W. H. Aldridge. The rinks were as follows: R. Sommerville, skip; H. E. Wade, W. Turner, J. D. Anderson. R. Truswell, skip; F. Chapman, J. Walker, P. Dunkerly.

NO SEAWANHAKA RACES.

Canadians Postpone Challenge Until Next Year.

BOSTON, Feb. 3—Accepting the suggestion of the Manchester Yacht club, the Royal St. Lawrence Yacht club will not press its challenge this year for the Seawanhaka cup, but will challenge for the trophy in 1910, according to an announcement made her today.

The Canadians wished to race for the cup during the coming summer but it was pointed out to them that nearly all yachtsmen engaged in small *boats sailing in local waters would be* interested in the coming Sonder races with the Germans. The Canadians gracefully accepting the situation and *in return the Manchester yachtsmen* readily agreed to accept the challenge next year. The Seawanhaka cup was carried to Canada eleven years ago and won by the Manchester club in 1905, since which time there have been no races for it.

Canadians Are Beaten.

GLASGOW, Feb. 3.—The Canadian curlers were defeated today at Crossmyloof, by the Upper Straheran and Scotland players. The score was 180 to 149.

Will Prevent Prize Fights.

COLUMBUS, Feb. 3.—"There shall be no prize fighting in Ohio as long as I am governor," said governor Harmon today in discussing the proposed Dempsey-Rogers six-round bout, scheduled for tomorrow night.

No Pool Selling in Washington.

OLYMPIA, Feb. 3.—The anti-race track gambling bill passed the senate today. The bill passed the house last week. The bill makes pool selling, book making or conducting places where bets are made on horse races a felony and provides that the possession of gambling paraphrenalia is prima facie evidence of a violation of the act. *This will seriously affect the Meadows* track at Seattle.

Match Is Postponed.

(Special to The Daily News.)

TRAIL, Feb. 3.—The hockey match between Trail and Moyie has been postponed on account of the ice being in poor shape.

Will Allow Sunday Baseball.

INDIANAPOLIS, Feb. 3—The bill repealing the law that forbids Sunday baseball passed the Indiana house of representatives this afternoon by a vote of 51 to 41.

De Rouen Is Barred.

CHICAGO, Feb. 3.—Raoul de Rouen, a French giant who has been a great drawing card at wrestling shows in Chicago for some time past, was barred by the police yesterday from participating in any matches in Chicago hereafter. The prize fight tactics of de Rouen, exhibited in several matches, particularly Monday night with Mahmout, the Bulgarian, in which deRouen defeated him, are given as the reason for the barring of the Frenchman.

Beaten in First Heat.

ATLANTA, Ga., Feb. 3.—Willis defeated Bobby Balthour last night in the first five miles heat of the 15-mile bi*cycle race, his time being 8.15.* Walthour lost his pace in the third mile and was unable to regain it. Willis won by twelve yards.

Bonspiel at Saskatoon.

SASKATOON, Feb. 3.—The Saskatchewan annual bonspiel opened here yesterday with thirty-five rinks in the grand challenge, twenty-two are from outside points.

Fernie Hockey Club Officers.

(Special to The Daily News.)

FERNIE, Feb. 3—The Fernie hockey club have elected the following officers: Hon. president, W. R. Ross, M. P. P.; Hon. 1st vice-president, R. W. Wood; Hon. 2nd vice-president, Rev. H. R. Grant; Hon. 3rd vice-president, T. H. Whelan; Hon. 4th vice-president, W. G. Barclay; president, mayor Sherwood Herchmer; 1st vice-president, J. R. Pollock; 2nd vice-president, H. W. Trenholme; 3rd vice-president, W. C. B. Manson; secretary-treasurer, Chas. Fyfe; manager, Con. L. Whelan; executive committee, M. A. Kastner, F. C. Armstrong and J. H. Scott.

Anti-Race Track Law.

SACRAMENTO, Cal., Feb. 3.—The Walker anti-race track bill, which was read for the second time in the senate, has been referred in regular routine to the committee of engrossing. The final fight of its opponents, therefore, is not expected until the bill comes up for final passage.

Foley Gets Decision.

VICTORIA, Feb. 3.—Kid Foley, of Victoria, was last night given the de*cision in the eighth round of a fight* with Driver Miller, of Vancouver, scheduled to go 20 rounds. Foley put Miller to the mat twice and though he failed to take the count, the chief of police stopped the fight.

Bonspiel Is Postponed.

(Special to The Daily News.)

CRANBROOK, Feb. 3.—The bonspiel has been postponed on account of soft ice. No date has yet been set.

Beware of Frequent Colds.

A succession of colds or a protracted cold is almost certain to end in chronic catarrh, from which few persons ever wholly recover. Give every cold the attention it deserves and you may avoid this disagreeable disease. How can you cure a cold?

Woman's Power Over Man

Woman's most glorious endowment is the power to awaken and hold the pure and honest love of a worthy man. When she loses it and still loves on, no one in the wide world can know the heart agony she endures. The woman who suffers from weakness and derangement of her special womanly organism soon loses the power to sway the heart of a man. Her general health suffers and she loses *her good looks, her attractiveness, her amiability* and her power and prestige as a woman. Dr. R.V. Pierce, of Buffalo, N.Y., with the assistance of his staff of able physicians, has prescribed for and cured many thousands of women. He has devised a successful remedy for woman's ailments. It is known as Dr. Pierce's Favorite Prescription. It is a positive specific for the weaknesses and disorders peculiar to women. It purifies, regulates, strengthens and heals. Medicine dealers sell it. No *honest* dealer will advise you to accept a substitute in order to make a little larger profit.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

Dr. Pierce's Pleasant Pellets regulate and strengthen Stomach, Liver and Bowels.

NEW ERA OPENING.

It does not require a prophet to foresee that British Columbia is on the eve of an era of railway construction unprecedented in Canada, or, in fact, in any part of the world, and what is particularly gratifying about the work proposed is that it is not confined to any one part of the province but will reach practically every section of it. Not only are new roads coming, but the pioneer railway of the province, the Canadian Pacific, and its present rival, the Great Northern, are also planning extensions and improvements o ftheir system. The C. P. R. alone plans the expenditure of $2.000.000 in improvements this year, to say nothing of the extensions under consideration, the most important of which is the construction of the Kootenay Central from the Crow's Nest branch to Golden and of a line from the Boundary to the coast, while the Great Northern is also rushing work on a line to compete with the latter.

Among the new roads that are said to be coming are the Chicago, Milwaukee & St. Paul, the Harriman system, another branch of the Great Northen, and a line to be built by D. C. Corbin in connection with the C. P. R., all of which desire to connect the coal fields of East Kootenay with the American market. The construction of these lines would mean an activity in coal mining the extent of which it is impossible to conceive.

But there are two other railways, the construction of which is being awaited more eagerly by the people of British Columbia generally than any of these. They are the Grand Trunk Pacific and the Canadian Northern, both of which will serve largely the northern part of the province and will also serve as further connecting links between British Columbia and the rest of Canada. Construction on the Grand Trunk Pacific is already well under way and it is only a question of time until it is in operation.

With the Canadian Northern it is different. That company is only now maturing its plans for its invasion of this province. As a measure of assistance, the company is asking the provincial government, it is said, to guarantee its bonds up to the cost of the line, as the Dominion, Ontario, Manitoba, Saskatchewan and Alberta governments have already done for various parts of the system. Whether or not the government of British Columbia will follow this example is not at present known. It is a question that time must decide.

Whether, however, this line is built through the province with or without government assistance, the people of British Columbia will welcome its coming, for the Canadian Northern railway system is an enterprise in which they, as Canadians, can well take pride. Started in a modest way about 15 years ago, the Canadian Northern now has lines in six of the nine provinces of the Dominion. The exceptions are British Columbia, New Brunswick and Prince Edward Island. The total mileage owned by the company is well over 5,000 and it is the proud boast of the promoters, William MacKenzie and Donald D. Mann, that, since they commenced on their system, they have built a mile of track every day. At the present time the different parts of the system are separate units and the task on which Messrs. MacKenzie & Mann is now engaged is the linking up of these and reaching the Pacific seaboard. When this has been accomplished they will have a line of railway extending from ocean to ocean. This has been the ambition of these two enterprising Canadians for some years past and its fulfillment appears to be in sight.

That the building of these railways will prove an immense factor in the development of this province there is no one who will attempt to gainsay, but there are few who realize what the extent of this development will be. It will undoubtedly mark a new era in the history of the province in which the hopes of the most sanguine well-wishers of British Columbia will be easily exceeded.

EDITORIAL NOTES.

According to the latest returns, Toronto's population is now 365,923. Muddy York has grown into quite a fair sized town.

All over the world the fight against the white plague goes on. In Great Britain tuberculosis has been placed on the list of contagious diseases and a regulation has been passed requiring medical practitioners to notify the authorities of all cases in which poor persons are found to be suffering from pulmonary consumption. It is hoped that by care and attention to the regulations the ravages of this disease may be reduced to a minimum.

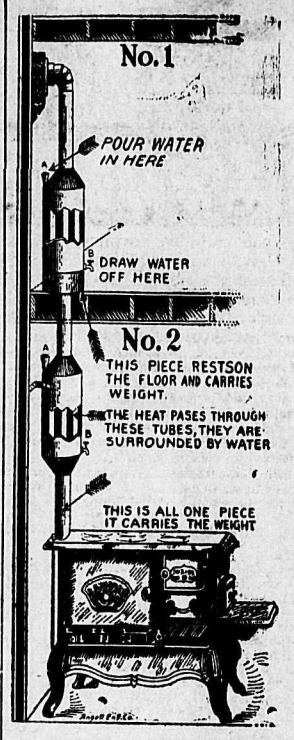
The Ottawa Journal says: "The conservative delegation from British Columbia has already, at a notably early stage in the career of the new parliament, demonstrated that it brings to the house a strikingly superior measure of brains, character and general parliamentary fitness."

The charges against Mr. George McAvity and Hon. Dr. Pugsley, minister of public works, made by George S. Mayes of St. John, N. B., during the Dominion campaign of last fall and which created such a sensation at the time, have been brought up in the house of commons, which leads the Montreal Star to say regarding the episode and Mr. Paugsley's stand in parliament: "Hon. Dr. Pugsley complains that he cannot get the original copy of the Mayes affidavit and that he does not know whether it is signed. But this need not hinder Dr. Pugsley from taking action to vindicate his character. The affidavit, be it signed or not, was 'published' by premier Hazen of New Brunswick at a public meeting and Dr .Pugsley has good grounds for action against Mr. Hazen if the affidavit was not true. Let him take action against the premier of New Brunswick and the public will soon be in possession of all the facts of the case. Such an action ought to make it either very uncomfortable for Hon. Mr. Hazen and very dangerous for Mr. Mayes, or else it should drive Dr. Pugsley out of public life."

The Montreal Star truthfully remarks: "It is difficult to decide which is the greatest menace to a man's Christianity—slush or ice-caked pavements."

For some reason best known to its members the Dominion government objects to tenders for supplies and public works being opened in public. The other day Dr. Reid, member for Grenville, moved that in future all tenders should be opened in the presence of three officials of the department calling for them as well as any of the bidders who might desire to be present, but the government refused to make any change from its regulations adopted in November last which provides that all tenders must be opened in the presence of two officials of the department, the bidders being rigorously excluded. It is difficult to see what public interest is served by the government's policy of secrecy in this matter, while Dr. Reid's proposal has the merit of tending toward honest and fair dealing in the public service.

THE WESTERN HEATER



YOU HAVE GOT TO HAVE ONE

If you want to get all the comforts of the city in your country home; or in the logging or mining camp. Think of always having all you want of hot water; why its worth the price alone of the Western heater. Then too, the solid comfort of having a warm upper story, at no additional expense.

YOU DON'T REALIZE

What the Western heater really is, just simply this; the principle of the tubular boiler applied to your stove pipe. The tubular boiler is the best method known for heating water. Why not have this convenience now. The cost is small when the saving is considered. $12 f.o.b. Vancouver, or $15 on time, $5 down and $5 a month until paid

BANDITS ARE CAPTURED

MEN GUILTY OF BRIDESVILLE HOLD-UP CAPTURED.

MAY ALSO BE PERPETRATORS OF MIDWAY OUTRAGE.

(Special to The Daily News.)

PHOENIX, B. C., February 3.—A sensational capture of the Bridesville hold-ups was made Sunday when Bill and Cleve Newman and Bert Hart were landed behind the bars. They were arrested by Chief Constable Bunbury and Constable Bocksteader of Phoenix, assisted by the deputy sheriff of Okanagan county, Washington, at Oreville, Washington, a town close to the boundary line, some 70 miles west of here. The trio are all characters of a bad record and in their arrest and the police believe that they have not only the Bridesville bandits landed, but the desperadoes who held up Charlie Thomet's hotel at Midway and murdered the proprietor some months ago, and also the perpetrators of a series of hold-ups along the boundary line west of here during the past year.

The Canadian police rounded up the bandits at Oroville, but on account of being on American terriacry were unable to arrest them. By a clever ruse, however, the constable got Hart fleeing in the direction of the Canadian boundary and once across the line quickly made the capture, though not without an exciting passage of guns. Hart being armed with an automatic Colt's revolver, and defying capture. The Newman brothers were taken at Oroville by the Okanagan deputy sheriff, one having a 45 Colt's double action gun and the other a 38 Smith and Wesson.

Hart was brought to the Greenwood jail and since turned king's evidence, confessing to constable Bunbury and Docksteader his guilt of the Bridesville holdup, and implicting the two Newmans. The trio answering the description of the Midway bandits. Constable Docksteader left today to arrange for the extradition of the Newmans.

On January 2, Bridesville, an isolated hamlet on the boundary line was visited by highwaymen and the Great Northern agent and the storekeeper were held up. The Great Northern company offered a big reward for the capture of the holdup men. On the night of August 25 last, Thomet's hotel, Midway, was held up, the proprietor being fatally wounded, and shortly an Anaconda hotel was held up. The police believe they have a desperate trio now in the toils.

TWELVE STORIES HIGH.

Huge Skyscraper to Be Erected for G. T. P. in Winnipeg.

WINNIPEG, Feb. 3.—Next month the G. T. P. railway will commence the erection of a 12 storey block at the corner of Portage avenue and Main street, the property having been recently required for the company under the name of J. D. McArthur, a railroad contractor, who has several large grading contracts with the company. On the ground floor of this building the company will have its ticket, telegraph and freight offices while the upstairs will be used as offices for the company and those not being required will be rented.

J. H. G. Russell, the architect who is preparing the plans for the structure is now in the east conferring with the officials of the company regarding the building. When the announcement was made a few days ago that J. D. McArthur had purchased one of the most valuable sites in Winnipeg upon which to erect an office building, it caused his friends some surprise as his many other interests keep his time fully occupied without having large business blocks on his hands.

The Hotel Allan, Rossland, has engaged the services of the leading pianist and violinist of Nelson for the carnival.

SORE THROAT, COLDS ON THE CHEST, & CATARRH.

Wherever there is soreness, irritation, inflammation, Zam-Buk will give you ease. In cases of sore throat it is without equal. Place a layer of Zam-Buk on the sides of the throat as near the seat of pain as possible, and then gently rub it well in. Don't press too hard, but rub with a circular motion of the fingers. The healing essences will sink into the tissues, become absorbed, and then commences at once a soothing, healing process. Next spread on a piece of undyed flannel another layer of Zam-Buk and wrap this round the throat, taking care that while it 'sits' well on the neck it is not too tight.

Mothers who do this as soon as the children complain of sore throat will be amply repaid for their trouble. The little ones get ease very speedily, and generally when this treatment is followed at night, by next morning the sore throat is pretty nearly cured. In stubborn cases two or three applications of Zam-Buk should be made.

In cases of colds on the chest, "tightness," and difficulty of breathing, rub Zam-Buk well into the skin of the chest.

For Catarrh also, Zam-Buk is a perfect cure, as the following cases illustrate. Every home should have its box of Zam-Buk always handy for there is nothing like it for the diseases of and injuries to the skin and subjectal tissue.

DID YOU KNOW THIS?

That Zam-Buk is now used as the leading family balm throughout four continents, and that the majority of the population of the globe use it, and prefer it! Surely, to gain this eminence it must have unusual merit! That unusual excellence lies in the fact that it is nothing more nor less than Nature's own healer. Compounded as it is of pure herbal extracts and juices, it may be said to be independent of human knowledge. The human element in Zam-Buk is merely the putting together of the component parts. Nature merely provides the curative properties. The proprietors of Zam-Buk merely hand them out in concentrated handy form. In using Zam-Buk, therefore, you are "going back to mother Nature"—the kindest, wisest, and the only "never-failing nurse" *in creation.*

ZAM-BUK IS A SURE CURE FOR CATARRH.

The following are but a few out of thousands of similar statements made by grateful patients who have tested the merits of Zam-Buk in cases of catarrh, colds on the chest, etc.

Mrs. B. Gorie, 76, Berkeley St., Toronto, writes:—"I cannot speak too highly of Zam-Buk. I have used it for some time and find it an excellent remedy for colds in the throat chest, and rheumatism in the limbs. A few weeks ago I was suffering from a bad cold, which had settled in my throat, chest, and limbs. I tried all kinds of remedies, new and old, but yet found very little relief until I used Zam-Buk. On rubbing some well into my throat and chest I found such ease and relief from the tightness and soreness, that I determined to use only Zam-Buk. I also rubbed this balm on my limbs whenever I felt the rheumatic pains to which I was subject. In 3 days from the time I first began applying Zam-Buk I was free from the cold in throat and chest, and afterwards the rheumatism was driven by it from my limbs. I have the greatest faith in Zam-Buk and will always use it to prevent colds getting deep-seated."

Miss Ruth V. Carr, of Grantley (Ont.), says:—"Recently I had a sore on the inside of my nostril, and at the same time was suffering with catarrh. I put some Zam-Buk inside my nose to cure the sore, and was surprised how the evaporating healing essences gave me ease from the catarrh."

WHAT ZAM-BUK CURES.

Zam-Buk is a certain cure for piles, festering sores, blood poisoning, cuts, burns, bruises, ulcers, scalds, chapped hands, cold cracks, eczema, scalp sores, ringworm, bad leg, and all skin injuries and diseases. Rubbed well into the parts affected it cures neuralgia, rheumatism, and sciatica. All druggists and stores sell it, 50c. box; three for $1.25, or post free from Zam-Buk Co., Toronto.

Voices from many Homes.

Here are a few expressions from homes in various parts of the dominion showing how universal is the adoption of Zam-Buk, and how wide its uses. Keep a box always handy!

"My hand was crushed by a heavy mould falling on to it, and for some days I could not use it. We bandaged it in Zam-Buk, which reduced the swelling and healed the serious wounds." So says Mr. Wm. Burdett, of 198, Simcoe Street, Hamilton (Ont.)

Mr. E. Jasper, of Hartney (Man.), says:—"I had some very troublesome cold-sores, which defied all ordinary treatment. Zam-Buk healed them."

Mrs. Plastow, of High River (Alta.), says:—"Zam-Buk healed my hands, which were frost-bitten and covered with cold-cracks." Similar testimony is borne by Mr. A. Redmond, of Kimberley (B.C.)

Mr. J. Parkinson, of East Clifton (Que.), says:—"I had an ulcerated leg for six years. All the remedies I tried during that period proved unable to heal the sore, but I am delighted to say that Zam-Buk proved successful."

Mr. Alf Hy. Orth, of Shipley (Ont.), ran a rusty nail into his finger. Blood poisoning ensued, and he had a frightfully bad hand. "I was told nothing would do me good but Zam-Buk," he said "so tried this balm. The advice was sound enough, and in a week my hand was quite cured. I think Zam-Buk a really wonderful healer."

PHOENIX WINS AGAIN.

Springs Surprise by Defeating Grand Forks at Hockey.

(Special to The Daily News.)

PHOENIX, Feb. 3.—Greenwood defeated Grand Forks at hockey last night by a score of 4-3, on the former's ice. The result was a surprise and the match was somewhat sensational in the splendid form exhibited by the Greenwood team, which until last night had not won a game this season, while Grand Forks rivalled Phoenix for the Boundary league championship. Dill, point and Russell, forward, were the heros of the Greenwood win, the former being a stonewall defence while the latter's "rush like" were responsible for three goals. At half time the score was 3-1 in Greenwood's favor, and when time was called it was a tie—3 all. In overtime play Russell scored the winning goal for the home team. W. Tees of Greenwood was referee and J. R. Grant of Phoenix acted as judge of play.

As a result of this game the Phoenix team again tops the heap for the Boundary league championship honors. The following schedule indicates the games won and lost to date.

	Played	Won	Lost.
Phoenix	6	4	1
Grand Forks	6	4	2
Greenwood	6	1	5

To Stop Consumption.

HARRISBURG, Feb. 3.—Among the bills introduced in the Pennsylvania legislature today was one which provides that all applicants for marriage licenses must present certificates showing whether they are affected with tuberculosis or other diseases.

Insurance Companies That Did Not Pay Losses Punished.

SAN FRANCISCO, Feb. 3.—Judge Van Vleet has assessed judgments aggregating more than $500,000 against insurance companies which refused to pay in full the insurance carried by their San Francisco policy holders at the time of the big of 1906.

In all 104 cases were on the calendar of the United States circuit court and 88 of them were decided adversely to the insurance companies. The other suits were allotted more time on the pleas of attorneys for the defendant companies that they had not had time to prepare for final representation of their cases. The cases remaining undecided involve $250,000.

No Further Aid Required.

NEW YORK, Feb. 3.—It was announced tonight by the New York state branch of the National Red Cross society that further funds are not required for the earthquake sufferers in Italy at this time. Over $900,000 has been contributed to the American Red Cross society and of this $312,000 was contributed by this state.

Acquitted of Theft.

CHICAGO, Ill., Feb. 3.—Mrs. Martha Mabelle Dunphy, wife of Dr. John Dunphy of Boston, today was acquitted by a jury of the charge of having stolen $8,000 worth of jewelry and securities from Charles E. Giles of Dorchester, Mass., a money lender.

Sacramento on Rampage.

RED BLUFF, Cal., Feb. 3.—The Sacramento river, swollen by the rains of this week, has reached the 30-foot 6-inch mark, two feet higher than ever before since a record has been kept, and it is still rising. The stream, which now is cutting out a new channel east of this town, has carried away over $25,000 worth ow lumber and uprooted sycamore trees two feet in diameter. The large warehouses at the steamboat landing have been anchored to the shore by ropes. The east approach to the Southern Pacific bridge across the Sacramento river at Tehama has been carried away, impeding railroad traffic between San Francisco and Oregon.

Buys New Navy.

MADRID, Feb. 3.—The cabinet has decided to accept the tender of Vickers Sons & Maxim, the English shipbuilders, for the construction of the new Spanish squadron on condition that the firm consents to certain modifications. The terms of the contract is $40,000,000.

THE PICTURE AND THE LOVER

By Lester Grey.

(Copyrighted.)

To begin with, she was not a mother, but it had pleased the young artist to give the picture that name because it was his ideal of what his mother would have been had she lived.

In real life she was a quiet little person, just over the brow of the highway of years, journeying softly, placidly down the smooth path, for the winter of existence lay hidden beyond turns in the road and she had not glimpsed it yet.

It was not one of the large canvases, of the exhibition, nor was it hung in the most desirable lights reserved for the great, yet it was well placed, for Dean Carroll, though young, had in a measure been recognized, and there were people of discernment who looked for his work.

The composition had been cleverly conceived. It showed a veranda corner of what was evidently an old ruin of a country house of half a century ago. The big French window, the half of an old colonial pillar and a general air of shabby gentility made a fitting frame for the sweet faced woman who sat in a modern wicker porch chair, a magazine on her lap, and who looked straight out of the picture.

To one content to revel in the delight of it all it showed a happy mother speaking to some stalwart son who had brought her good news, or, perhaps, just himself, with a hearty greeting of love.

To the critic who sought to know why it pleased him, the greatest charm seemed to be in the eyes. Carroll had done wonders there, and they seemed to carry a message of a mother-love that had known no anxieties, no sleepless nights of wondering where some wandering boy was resting and pray-that God might watch over him.

They were big, brown, expressive eyes, with the slightest of wrinkled corners, a hint of age further carried out here and there in the hair by a touch of time's silver strands showing through the soft-hued brown.

It attracted some attention from the writers, and friends told Carroll it was distinctly good. Otherwise it created no stir. It was one of a half hundred others equally creditable to the artists and would probably bring a decent enough sum when placed on sale.

Yet, somehow, Carroll liked to look at it, probably because it brought back to him memories of that Virginia summer where he feared he was close to. death and of the. gentle spinster who had nursed him pass the crisis and mothered him. through a happy convelescence.

His own mother had died when he was very young, and as he lay on his bed of illness watching her sweet face as she moved about the room, it gave him joy to pretend that he was really her son, and it grieved him to think that perhaps years to come might be both lonely to her and full of trouble.

One afternoon, when he stood half in a reverie of remembrance before the picture, he was conscious that an elderly man near him. was evincing more than usual interest.

He fumbled for his glasses, turned the leaves of the catalogue until he came to the number, then the eagerness died out of his face and he turned away. But he came back and looked upon it with no concealment of his appreciation.

The stranger noticed Carroll when he started away the second time and stopped to ask him:

"Do you know anything about the picture?"

"Why yes, naturally; I painted it."

"You are Mr. Carroll, then. I was going to hunt you up. Is it for sale?" the older man inquired.

"Well, you know we artists have to live. Few of us paint for fame alone, so it is like the rest. Only I hope it goes to some one who will appreciate it. The circumstances of its painting are dear memories."

"Are you—are—you her—son? Tell me," and the questioner put a trembling hand on the artists shoulders.

"No," replied Carroll, "I wish I was or rather if my mother had lived I think she would have been like her."

"Can you spare me the time to tell me the circumstances you speak of—that is, if you will. Thank you, but not here. Let us go to my house. I live near," and he led the way out.

"It isn't much of a story except in its personal appeal to me," began Carroll a few moments later. "But I presume it reminds you of some one, and if the two women are alike I know you understand how fond I am of her.

"Last spring I was threatened with fever and was told to get out of the city. I found a quiet place owned by the original of the portrait and she took me in. Unfortunately, I did not escape soon enough and the fever caught me. There was no one with her but an old servant, and I asked to be moved into the nearest town.

"She would not hear of it, and nursed me on a journey to death's door and back again to the sunshine, to the trees and the birds—and life. It is something that one cannot explain, her tenderness, her motherliness and the sense of comfort, of love, even for a stranger, that she gave to me.

"Her entrance would light up my sick room, her presence was better than all the medicine in the world; frankly, she is the dearest, sweetest woman I have ever known. I was only two when my mother died. That's about all, I think."

"Mr. Carroll," his host began, " I have never met you, but am perhaps better known to you. I am judge Johnson Lee Carter, and I am from Virginia. When I was a hot-headed young man I was in love with a girl who is probably the double of the lady in your picture. I loved her devoutly, madly, sir, and she loved me. But I was headstrong, sir, and I quarrelled with her one night and came north.

"All my life the years have been loveless, except my love for her. Three, four, five years passed, and I knew she was probably married, so I have never inquired, but the picture, sir, brought it all back to me, all the years I have missed that might have been crowned with happiness, for they would have been happy ones. Mr. Carroll,, sir, she was the finest lady on earth. Now you know why I want to buy your picture, and——"

"Judge Carter, there can be no talk of buying and selling that picture, after what you have told me. There, then, no oneels e will get it. The exhibition will last another month; you can get back from Albemarle county before that——"

"What are you saying, boy? Albemarle county? Why, that's where I lived. Is it Ruth? Is she a widow? Is she free and is it——"

"Ruth Cressley, and she is not a widow," said Carroll, quietly. "She has never married."

"Honest, boy? Honest? Forgive me, forgive me Mr. Carroll—then she didn't forget?"

"She is the sort who love once—for always, I think," and Carroll extended his hand.

"And the picture?" asked the judge.

"Will be my wedding present."

"God bless you, sir. God bless you," and there were tears in his eyes as he showed Carroll the door.

Carroll is famous now, and a few years older. Ask him the best thing he ever did and he will tell you "Mother." Perhaps you won't understand him, but judge Carter knows and Mrs. Johnson Lee Carter shares the knowledge.

Great Powers Agree

PARIS, Feb. 3.—Foreign minister Pichon informed the members of the French cabinet yesterday that Russia, Great Britain and France are in complete accord on the Russian proposal to end the differences between Bulgaria and Turkey by herself indemnifying Turkey for secession of Bulgaria and collecting the money thus credited to Turkey in periodic terms from Bulgaria.

Writer Commits Suicide.

Mendhan, N. J., Feb. 3.—Gilmer Speed, the author and journalist, committed suicide by shooting himself in the head while in his bedroom in the Phoenix house yesterday. He left no explanation of his act. He leaves a daughter, Mrs. Dudley Gray of Morristown. Mr. Speed was a grand nephew of Keats, the poet.

Shoots Himself in Head.

NEW YORK, Feb. 3.—Horace Butler, a member of one of the oldest families on Manhattan, died in Flower hospital yesterday from a bullet wound in the right temple, inflicted by himself with suicidal intent in a room at the hotel Holland where he had registered, under the name of H. M. Bird.

AN ECONOMICAL TEA

Blue Ribbon

Tea selling at 25c or 30c a pound is not really cheap, but is extravagantly dear.

Because so much of it is usually required that the cost per cup is actually more than if a good tea like Blue Ribbon were used.

A pound of Blue Ribbon Tea will make 250 cups of good rich tea, so, even at 50c a pound you would get four or five cups for one cent.

Not a very dear drink, is it?

And as for flavor, there is simply no comparison between Blue Ribbon and the "cheap" teas.

Just try a pound, and see.

NELSON NEWS OF THE DAY

The Sons of England meet tonight in K. of P. hall.

The Machinists meet this evening in Miners' hall.

Judge Forin will hold chambers tomorrow morning.

Lent commences on Wednesday fortnight, which is Ash Wednesday.

The regular sittings of the supreme court commence in this city on Tuesday next.

The young people of St. Saviour's church are making preparations for a concert which is to be held immediately after Easter.

Rehearsals of "Confusion", which is to be presented by Nelson amateurs at the *opera house on February 18 and 19, are* proceeding satisfactorily and th production promised to be the most successful.

The regular monthly meting of the 102nd regimental association will be held in the armory tonight at 7:30 o'cleg. At 8 p. m. B. company will parade. Tomorrow night at 9 p. m. after the parade of company C. company the regular weekly dance will take place.

On Sunday next the boys' class conducted by W. F. Clapham in the Methodist church parlors will be treated to an address on "The Religion of a Clean Body." *As this is to be a special occasion it is* hoped that every member will be present and a hearty welcome is extended to other boys who are not connected with the Sunday school.

It has been published in certain papers in Canada and in Washington that Frank A. Ross, managing director of the Daly Reduction company, limited, at Hedley, had resigned and that he would be superseded immediately. The Daily News has been asked to state that the report is without foundation. The Nickle Plate mines and mills at Hedley which are owned by the above company will recommence operations *when weather conditions permit.*

TOO WEAK TO WORK

Wm. Brosseau of Waterloo, Quebec, Suffered From Indigestion, No Appetite, Headaches and Backaches.

MADE WELL BY VINOL.

"Vinol is a wonderful medicine. I had no appetite; my digestion was bad; was suffering from headache; I was so weak that I had not been able to work for months when a friend advised me to take Vinol. After I had taken one bottle I noticed my health was improving. I continued its use and today *am perfectly well. It is with* pleasure that I recommend Vinol to all those who need a flesh, nerve or tissue builder." Wm. Brosseau, Waterloo, Quebec.

This is because Vinol is the best cod liver and iron tonic in the world. It creates a hearty appetite, strengthens the digestive organs, makes rich, red blood and replaces weakness with strength. The beneficial effect of Vinol in cases of weak-run-down conditions or the feeble old people is simply *remarkable.*

We invite all old people, delicate children, weak, run-down persons, convalescents, or those suffering from colds, coughs or bronchitis in this vicinity to try Vinol on our offer to return their money if it does no good. We make this offer to show our faith in Vinol. Wm Rutherford, Druggist, Nelson.

Good Cough Medicine for Children.

The season for coughs and colds is now at hand and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when he has a cold. The quicker you cure his cold the less the risk. Chamberlain's Cough Remedy is the sole reliance of many mothers, and few of those who have tried it are willing to use any other. Mrs. F. F. Starcher, of Ripley, W. Va., says: "I have never used any other than Chamberlain's Cough Remedy for my children and it has always given good satisfaction." This remedy contains no opium or other narcotic, and may be given as confidently to *a child as to an adult.* For sale by all druggists and dealers.

SURVIVORS SUFFER.

People of Calabria Undergo Hardships Following Earthquake.

ROME, Feb. 3.—Such distressing reports have been received here concerning the suffering in the mountains and the villages of Calabria which have been inadequately reached by the work of the large relief committees, that United States ambassador Griscom has decided to send a small relief party to those regions for the purpose of alleviating the distress as far as possible. The party will include Nelson Gay of Boston and Earl Dodge, Mr. Griscom's secretary, and it has been given $6,000 for distribution, together with an abundance of supplies. Other supplies will be forwarded from Rome, according to the need.

Prince Scalea, who has just returned from Calabria, brings reports of some telluric phenomena, which seems almost incredible. One of the villages, he says, was carried 250 feet under the ground by the opening of the earth and the subsequent land slides.

Calls on Foreign Office.

LONDON, Feb. 3.—Tang-shai-yi, the commissioner of the Chinese government who is on his way around the world and who arrived here recently *from the United States, paid his first* visit to the foreign office yesterday and was received by foreign secretary Grey. The call was not made in the official capacity of the commission as Tang-shai-yi has not yet received his exact instructions from the new administration in China.

French Aeronaut's Success.

BERLIN, Feb. 3.—Armand Zeypfelix, the French navigator, made four successful aeroplane flights yesterday. Each time he covered a distance of nearly a mile at a height of from 20 to 40 feet. He did not, however, succeed in making turns on his course.

NELSON NEWS OF THE DAY

Mrs. A. E. Keffer of Arrow Park is staying at the Hume.

J. D. McDonald of Rossland is a guest at the Strathcona.

H. J. Jorand, barrister of Slocan is a guest at the Hume.

The Launch club will hold a meeting at the Hume hotel on Tuesday next at 8 p. m.

Miss Morris of the Home hospital has returned after a very pleasant trip to southern California.

The council of the board of trade will meet this afternoon in the offices of the association at 4:30 o'clock.

The Cinderella club are holding a dance at Fraternity hall tonight. Refreshments will be supplied by the ladies.

Mrs. W. T. Nelson of Edmonton is visiting her daughter and son-in-law Mrs. and Mr. O. C. Walker and will stay in the city until the end of the summer.

The meeting of the Young Conservative club arranged for this evening has been postponed until next Thursday on account of the number of members who will be away tonight at the Rossland carnival.

R. Bishop of Nelson and W. Baker of Rossland have been chosen by mutual consent as officials in all hockey games at the Rossland carnival. In the match with the Rossland team tonight the Nelson lineup will be chosen from H. Bishop, F. Patrick, T. Dunne, L. Patrick, A. Bishop, L. Steele, J. Thompson, A. L. Horswill and Belrose.

Allan Purvis and other district superintendents of the C. P. R. in east and west Kootenay together with R. E. Larmour, general freight agent, and J. E. Procter of Calgary, general superintendent of the passenger department, will meet at Cranbrook on Saturday next to discuss matters generally affecting the passenger and freight traffic in the Kootenays.

Posters are now out announcing the hockey games between Nelson and Edmonton which as previously stated in The Daily News are to be played off at the new rink on February 15 and 17. This will undoubtedly be the hockey event of the year in British Columbia. It will be a match between two champion teams, the former of British Columbia and the latter of western Canada. Reserved seats will be on sale February 10 at the Poole Drug company's store.

Dr. Martin of Nelson was summoned by wire to Salmo but informed a reporter of The Daily News last night that by the time time he reached there the unfortunate boy had been taken to Northport. The doctor stated that the child was left in an upstairs room by his mother while she went down to prepare breakfast for the family. Finding a box of matches he succeeded in striking one which set fire to his clothes with tragic results.

The Daily News has received a wire from Thomas H. Whelan of Fernie stating that he would accept the challenge published in Sunday's issue with reference to the dog sleigh races. It will be remembered that the committee in charge of these events in Nelson offered to pay the transportation and hotel expenses of the owner of the fastest dog in Fernie if he were sent over here with his animal in order to compete against the local champions. This wire will be placed in the proper hands today and a date for the great race decided upon.

The Churchman's club held one of the most successful of their series of socials in the parish hall of St. Saviour's church last night. Progressive whist was the chief event of the evening and was followed by light refreshments which were served by the ladies. Contrary to the usual custom, points in the whist games were scored after the English system, by tricks instead of by games. This innovation was much appreciated and will be followed for the rest of the season. The winners were: First prizes, Miss J. McLaughlin and R. A. Howe; booby prizes, Mrs. Vicars and Percy Grizzelle. Miss McLaughlin with 137 made the highest score of the evening.

The Stuttz opera company will be here three evenings next week.

D. K. Book, one of the best known commercial men who come into Nelson is registered at the Hume.

Dr. L. E. Borden, accompanied by his bride, arrived in Nelson last night from the coast where he was married, and registered at the Strathcona hotel.

The San Francisco Opera company will play at the opera house on March 1, 2 and 3. "The Strollers" will be produced on the opening night and the other two bills will be filled with "Dolly Varden" and "The Wizard of the Nile."

The marriage of Miss Minnie Myers, formerly of Nelson, to J. W. McMorran of Vancouver, took place at Seattle on Wednesday, January 27. Mr. and Mrs. McMorran have taken up their residence in Vancouver.

R. M. Halpenny, superintendent of the Grand Trunk Pacific material and supply yard at Wainwright, Sask., with Mrs. Halpenny, is a guest at the Hume. Mr. Halpenny was married at Grand Forks recently and he and his bride are now on their way to their home on the prairies.

The large front room in the basement of the Baptist church, formerly occupied by a class of the public school, has recently been completely repaired and partly furnished. Many people have remarked upon the admirable suitability of this room for a public reading and recreation parlor. It is conveniently located, easy of access, well lighted and heated, bright and would accommodate 150 persons for lectures or socials. There are many young men in need of a quiet room where they can have a quiet game of cards or read, write, listen to a debate or spend a social hour. In view of this a meeting has been called for Friday night at 8 o'clock in the lecture room of the Baptist church and will be open to all young men interested, irrespective of creed or nationality, to discuss the question and, if advisable, organize for the work. In addition to the discussion there will be special music and refreshments.

The Edmonton chapters of the Brotherhood of St. Andrew are making good progress towards insuring the success of the conference to be held in their city. They are outlining a good provisional program and have the different sessions and list of speakers completed. The Edmonton opera house has been secured for a mass meeting which is to be held on Sunday afternoon, February 21, and the All Saints' church school room, which has recently been considerably enlarged will be used for the different sessions.

EMPEROR RETURNS SAFE.

Korean Natives Are Turning Their Faces Towards Civilization.

SEOUL, Feb. 3.—The Korean emperor, prince Ito, the Japanese resident general in Korea, and the emperor's suite, returned today from an extended tour of the northern portions of Korea. The tour is declared to have been a success in every way and not to have been marred by any serious accidents or untoward incident. Positive assurances are given that the attitude of the Koreans as observed during the trip did not show that any pronounced anti-Japanese sentiment was entertained by the people at large.

The emperor's tour has been tremendously effective in securing to him the loyalty of his people. Heretofore they had looked upon their ruler more as a divinity than as a human being. Since his personal appearance among this attitude is steadily changing and thousands of Koreans are following set by the emperor and cutting off their top knots.

Americans Flocking In.

OTTAWA, Feb. 3.—Figures compiled by the interior department show that during the 10 months of 1908, 31,558 homestead entries were recorded in the west, an increase of 6,273 over the same period of 1907. Americans headed the list with 1485 entries and English came second with 725.

C.P.R. PLANS FOR YEAR

TWO MILLION TO BE SPENT IN PROVINCE.

CONSIDERABLE WORK PLANNED FOR INTERIOR.

Word was received yesterday by Mr. F. F. Busteed, general superintendent of the Pacific division of the C. P. R., that appropriations totalling over $2,000,000 were passed at the head office in Montreal for work on this division. This includes several large bridges in different parts of the province, yard improvements at various points, and general improvements without taking into account any construction work. A number of large propositions for Vancouver are still under consideration, although the list passed includes some minor work in this city.

Perhaps the most important of the improvements this year will be the replacing of the bridge at Cisco, on the main line between North Bend and Lytton with either a steel arch bridge or a Pratt truss, which will entail an expenditure of a quarter of a million dollars. This will be an extensive undertaking and is interesting in that is shows the cost that is involved in making that part of the road able to bear the heavy locomotives. The present bridge is the weak spot in the system, and the big locomotives which are in use on the western end of the division are not regularly run over it. While danger is not apprehended as the bridge could be used for years, it has been deemed advisable to put in a bridge that will bear any strain that may be put upon it, as the saving in hauling traffic with larger engines will more than pay the interest on the money laid out. The plans for the new structure are not yet fully completed, but there will be no more delay than necessary.

One or two large bridges will also be constructed in the Kootenay, the cost of which will be over $100,000 each. The large trestle at Porcupine creek, on the Columbia and Western, will be filled after building a curvert nearly 500 feet in length. A structure near Grand Forks will be replaced with an embankment and culvert, and a trestle at Greenwood will also be replaced with an embankment and steel spans.

Work on reconstructing the bridge over the Fraser river at Mission will be continued, but will not be completed this year. When high water starts about the first of May the work has to be stopped and connot be resumed again until about August. Masonry piers and steel spanes are being put in here.

Between Vancouver and Kamloops 26 masonry or concrete arches and culverts will be constructed. Between Kamloops and Laggan the bridge work will not be extensive, as so much has been done in the last few years that the bridge work on this section has been practically completed. A number of culverts, however, will be rebuilt in concrete. Ten or more bridges will have concrete abutments, replacing piles, and four steel and masonry bridges will be built on the Eagle river.

Special attention will be paid to the yards and special improvements will be made in those at Mission Junction, Spence's Bridge and Kamloops, while the North Bend yards will also be enlarged.

With the development of the fruit growing industry in the Okanagan the railway company will make extensions to the wharves and buildings at Okanagan Landing and Kelowna to facilitate the handling of fruit traffic.

At Field a new boiler and engine house will be erected, and at Revelstoke and Nelson extensions and repairs will be made to the shops.

Among the principal of the minor improvements will be improvements in the handling of freight traffic in this city, increasing fire protection, etc., a station at Merritt, the new coal town on the Nicola branch;; ice houses at Vancouver and North Bend; enlargement of the station at Hanley, and a number of small freight sheds, section houses and bunk houses at various points.

Several proposals have already been made for improvements on a large scale in the city, but the head officials do not think the time is opportune to go on with them. One is the doubling of the station capacity, but as rush of passengers is expected this year to pass through to the Alaska-Yukon-Pacific Exposition at Seattle it was thought better to defer this work.

Dr. Angell's Resignation.

DETROIT, Feb. 3.—A special despatch to the News from Ann Arbor says: "It is known that the resignation of James B. Angell, as president of the University of Michigan is imminent. Dr. Angell's present plan is to present his resignation at the next meeting of the board of regents on Feb. 17.

WELSH OUTPOINTS MEMSIC.

Latter Was Aggressive but Englishman Too Clever for Him.

LOS ANGELES, Feb. 3.—Fred Welsh, lightweight champion of England outpointed George Memsic of Streator, Illinois, in a 10 round bout at the Pacific athletic club last night. Memsic was on the aggressive pushing the Englishman to the ropes several times but was unable to land a knockout blow. Welsh used his cleverness to advantage to avoid the blows of Memsic. He contented himself by landing light lefts to the face and rights to the body. The Englishman did not appear to be exerting himself at any time and seldom did any damage.

Governor's Veto Ineffective.

NASHVILLE, Feb. 3.—Governor Patterson today sent to the state senate a message vetoing the bill prohibiting the manufacture of intoxicants in Tennessee after January 1910, and the senate immediately passed the bill over the governor's veto of 20 to 12. The governor's veto message will not reach the house before tomorrow.

You cannot make a mistake when in Rossland if you dine at the Allan.

The Allan, Rossland, for supper parties will be the vogue during the carnival.
