VOL. 8 NELSON B. C., TUESDAY MORNING, AUGUST 3, 1909 NO. 89

HUGE FIGURES

Emigration to Canada This Year Will be Record

MANY TO CROSS ROCKIES

DOMINION AGENTS PREDICT NUMBER FOR 1909 WILL REACH 180,000—FIFTY THOUSAND FROM STATES—STRICT MEASURES TO SECURE BEST CLASS

(Special to The Daily News.)

VANCOUVER, Aug. 2—W. D. Scott, dominion immigration agent, here today en route to Prince Rupert, says that the indications are that 180,000 people will settle in the dominion during the fiscal year starting April 1 last. That 50,000 Americans will come is suggested by the records of April and May when 23,316 persons crossed the line as settlers. The department was instituting strict measures to secure the best class of immigrants and nearly half the arrivals from the states are taking up homesteads. Mr. Scott says as the prairie country is becoming filled up that inquiries concerning British Columbia are coming in and the appearances indicate a rush over the Rockies in the near future.

The Japanese are reported to be faithfully observing the immigration restrictions in that country.

(Canadian Associated Press.)

LONDON, Aug. 2—The emigrants to Canada from England last June were 5115, as against 7768 in June last year.

The Canadian Associated Press learns that in order to confirm the official status of the Canadian government appointees in foreign countries and in order to place them beyond the restrictive influence of British resident officials, as was attempted in the recent Preston controversy in Japan, which might have seriously affected Canadian trade prospects, the colonial office has consented to be the medium through which notification shall be given foreign governments of the appointment of Canadian officials to foreign countries. This is the result of recent strong representations made by the Canadian government to the colonial office.

REFER TO BIG FIRE

Fernie Pastors Take Note of Anniversary of Conflagration

(Special to The Daily News.)

FERNIE, B. C., Aug. 2—The citizens' band gave another delightful open air concert last evening, which, as usual, was attended by an enormous crowd who very much appreciated the excellent program rendered by the talented musicians.

Special reference was made in the sermons at the different churches yesterday to the terrible calamity that overtook the city on the first of August last year and prayers of thanksgiving were offered for the blessings that have been enjoyed by the community since that date and for the successful rebuilding of the city.

The coal company are at present carrying on extensive operations in opening up more mines at their colliery at Coal creek. They are reopening old No. 1 mine again, where a large coal area exists which has not been touched. Repairs are being made to the tunnel and new tracks are being laid. Seams are also being opened up on the opposite side of the valley and it is confidently expected that the tonnage will shortly be much increased.

Quite a number of prominent representatives from neighboring towns arrived in the city tonight in order to be present at the board of trade banquet tonight. Several came in from Cranbrook, Fort Steele, Moyie and Spokane.

As no census of the city's population has been taken for some time the council has decided to order the same to be taken by the police department, and the force will be busy for some days securing the desired information. There has been a large influx of mechanics connected with the building trade during the last 12 months, and the birth rate has also increased considerably, and it is expected that the census will show a much larger population than the city is generally given credit for.

QUAKE AT COAST

Slight Shock was Felt on Vancouver Island Yesterday

VICTORIA, Aug. 2—A slight shock of earthquake was experienced at Bamfield creek, Barkley sound, this morning. The news was brought by the steamer Queen City, which returned today from River Inlet. Engineers are locating the railroad wharves and bunkers for a new colliery to be established at Suquash, near the northeast end of Vancouver island, where the Pacific Coast Mines company is developing a coal area. The steamer brought shipments of coal from the mines there for exhibition at the Seattle fair.

OWNER FOUND

Loser of Bag Containing Much Wealth Claims Her Property

NEW YORK, Aug. 2—The wealth-laden handbag bearing the initials "G. L. W.," which was found on the excursion steamer City of Worcester on July 9, was claimed today by Mrs. Grace Livingstone Wheeler of Philadelphia. The bag contained $2,755 in new bills, two gold watches, two diamond rings and other valuables. Mrs. Wheeler was given possession of the bag and its contents after she had told the amount of money it contained, the numbers of the watches and other details. George Washington Lincoln, the colored porter on the steamer, who found the handbag, was rewarded with a present of one of the new $100 bills.

FIGHT FOR HIS FREEDOM

HARRY THAW'S ATTEMPTS TO PROVE HIMSELF RATIONAL

WHAT HE SAID OF HIS ACQUITTAL AT MURDER TRIAL

WHITE PLAINS, Aug. 2—How Harry K. Thaw conducted himself at the Matteawan asylum for the criminally insane, a phase of his life not gone into before, was described today by Dr. Amos B. Baker, first assistant physician to the institution, the only witness called by district attorney Jerome at the continuation of the hearing by which Thaw hopes to obtain his release. The examination of Dr. Baker had not been finished when adjournment was taken.

Aside from his testimony a two foot stack of canvas bound books labelled "The People vs. Harry K. Thaw," records of the murder trials, furnished all the evidence introduced by Mr. Jerome today. Mr. Jerome expects to be through with the state alienist tomorrow when Charles Morchauser, Thaw's lawyer will put his client on the stand, probably late in the afternoon.

Mrs. Mary Copley Thaw, as she sat in court today, saw Mr. Jerome introduce against her son testimony she had willingly given heretofore to save his life. It included her accounts of his nervous temperament as a child materially valuable to Thaw when he was in danger of the electric chair, but now menacing to his hope of proving himself a sane man. One thing quoted by the district attorney was her statement concerning Harry Thaw, that his body was too puny for his head and that before and after the measles he had St. Vitus dance.

Dr. Baker's testimony was read by himself from his "case book," and described Thaw's condition as both abnormal and queer on many occasions from Feb. 1, 1908, the date of his commitment, until June 25 of the present year. While some of these notes described the patient's actions as "silly" and while the witness said in his belief that Thaw was irrational now, Thaw's attorney made him admit that during the patient's stay at Matteawan he observed no signs of paranoia. After that Thaw, by his counsel's advice refused to let himself be examined or answer questions asked by the hospital physicians. When Thaw reached Matteawan on the day the jury acquitted him of the murder of Stanford White, on the grounds of insanity, almost his first statements, according to Dr. Baker were "expressions of amazement at the clever work of his lawyers." He said frankly, according to Dr. Baker, that his acquittal was obtained by exaggerating certain incidents and putting in testimony Jerome was unable to refute because he had not the facts.

ON TRIP OF INSPECTION

HEAD OF C. P. R. MECHANICAL DEPARTMENT VISITS KOOTENAY

IS MAKING THOROUGH INSPECTION OF THIS DISTRICT

H. H. Vaughan of Montreal assistant to the vice-president and head of the mechanical department of the C. P. R., accompanied by Grant Hall of Winnipeg, superintendent of motive power, and party, arrived in the city on the coast and Boundary train on Sunday evening having travelled down the Arrow lakes from Arrowhead that afternoon.

The members of the party are all officials of the mechanical department and are in Kootenay on a tour of inspection. They were guests at the Strathcona over night and left yesterday morning in Mr. Vaughan's private car, the Lethbridge, for Rhoit and Phoenix, inspecting the company's shops at the former place and visiting the mines at Phoenix. They will return this morning to Trail where they will visit the smelter of the Consolidated company, and will reach Nelson on their return at 3 o'clock this afternoon.

Leaving here at 7 o'clock this evening the party will proceed east via Procter from which place their car will be taken on board a barge for transference to Kootenay Landing, from where they will be taken by special train to Cranbrook where they will visit the company's shops and roundhouses and will then return east.

In addition to Mr. Vaughan and Mr. Hall the following officials are members of the party: C. H. Temple, master mechanic at Winnipeg, and E. H. Eaton and H. C. Kennedy, also at Winnipeg; W. E. Woodhouse, master mechanic at Calgary; R. W. Burnett of Montreal and S. Phipps, master mechanic of the Pacific division.

This is Mr. Vaughan's first visit to Kootenay and he stated on Sunday evening that he was very much impressed with the grandeur of Kootenay's scenery. The trip from Arrowhead to Robson was, from a scenic standpoint, one of the best he had ever made and he would not have missed it for anything. He is very much interested in the mining and smelting industries throughout Kootenay.

ATHABASCA ELECTION

Owing to Government Neglect Former Member is Defeated

(Western Associated Press.)

EDMONTON, Aug. 2—Official declaration of the result of the poll at the provincial election at Athabasca constituency gives J. L. Coles a majority of 81 over ... F. Bredin, the former member. Both are liberals but the need for roads and the neglect of the government was the cause of the defeat of the government candidate.

IS VERY GRAVE

Situation in Spain Grows Little Brighter

GENERAL STRIKE IN NORTH

GOVERNMENT HAS SEIZED ALL TELEGRAPH AND TELEPHONE SERVICES TO PREVENT STRIKE LEADERS COMMUNICATING—KING ALFONSO DEPRESSED

BAYONNE, France, Aug. 2 — Cable news regarding the situation in Spain received here this morning from San Sebastian represent the situation as very grave throughout the northern part of the country where all the trade unions have given notice of the beginning of a general strike today. The government has seized all the telegraph and telephone wires in the affected districts to prevent the leaders of the strike movement from communicating with each other. The transmission of newspaper dispatches has been stopped entirely, forcing a suspension of a majority of the journals. The greatest excitement reigns among the working classes.

Reports received here direct from Madrid say that king Alfonso is greatly depressed over the interior situation. He desired to throw his personal popularity in the scale and it was with difficulty that he could be dissuaded from going to Barcelona in person. Premier Maura told him it would be equivalent to suicide to enter that stronghold of anarchy. Some of the highest officials of the army and navy are protesting vigorously against the maintenance of the censorship.

PARIS, Aug. 2—Judging from the reports received here the position in Barcelona still remains somewhat shrouded as no correspondent yet has reached the city, which is isolated by land sea. The censored reports coming out of Madrid are suspected of being over optimistic. Nevertheless it appears certain that general Sandiago has succeeded in restoring a semblance of order in the city and today a serious effort to cause a resumption of work will be made.

CERBERE, France, Aug. 2—The first train out of Barcelona since the troubles began there arrived here tonight, bringing copies of La Publi Cidada and other newspapers. After pointing out that the accounts of the fighting at Barcelona had been censored the papers publish a list of 35 churches and convents, which were burned between July 26 and July 30. After July 26 civil governor Gallardo resigned, turning over his power to captain general Santiago.

DETERMINED SUICIDE

Buffalo Banker Takes Life on Ocean Liner Vaderland

ANTWERP, Aug. 2—Charles Brown, who is said to have been a banker of Buffalo, committed suicide by cutting his throat on board the steamer Vaderland as the vessel was nearing Antwerp today. Mr. Brown, who was suffering from melancholia, the effects of a nervous breakdown, previously had made an unsuccessful attempt to kill himself by jumping into the sea when the Vaderland was at Dover.

He sailed from New York on July 24 on the Vaderland and throughout the voyage his strange actions were the subject of comment by the saloon passengers. When the Vaderland put into Dover, Brown suddenly mounted the railing of the steamer and leaped into the sea. Passengers sounded the alarm however and the small boats were manned and Mr. Brown rescued. He was immediately put in his cabin and thereafter on the voyage to Antwerp was under the care of the ship's doctor

He was left alone for a moment today, half an hour before the steamer arrived at Antwerp, and seizing a knife he slashed his throat, dying soon afterwards. The tragedy caused deep gloom among his fellow passengers. The passenger list of the steamer Vaderland gives the name of C H. Brown as a first cabin passenger.

PLAYING WITH FIRE

Three-Year-Old Lad Suffered Terrible Death Yesterday

CANSO, N. S., Aug. 2—A distressing accident occurred here this afternoon when a 3-year-old boy, Clarence, son of Harry Fanning, was burned to death. The boy was out walking with his mother this afternoon. The latter returned to prepare the evening meal, and leaving the little boy with some other children playing about the door, went to the well nearby for water. In their play some of the older ones kindled a fire, and while the children were playing about it, little Clarence's dress caught fire and was quickly in a blaze. The frantic screams of the lad were heard at a great distance, but help arrived too late to save the little fellow's life.

Good Crops

WINNIPEG, Aug. 2—The Canadian Northern railway crop report issued today is very optimistic, stating that all crops are in fine condition. Barley cutting has started and will be in full swing in a few days. Wheat cutting in southern Manitoba will start about the tenth of this month.

EARL GREY AT REGINA

VICEROY AND PARTY ON WAY TO YUKON

WAS WELCOMED BY SEVERAL PROMINENT OFFICIALS

REGINA, Aug. 2—Very quietly and with little ostentation his excellency earl Grey passed through the city shortly after noon today. Lieutenant governor Forget received a wire from Indian Head at noon notifying him of the vice-regal arrival, while the R...C.M.P. had been notified from Winnipeg earlier in the day. The train arrived at 12:15 and there were but few persons on the platform when it steamed in. Among them were his honor lieutenant governor Forget, attorney general Turgeon, inspector Church of the mounted police, Col D. McGregor and Col. C. E. D. Wood.

His excellency looked the picture of health and his daughter, lady Sibyl Grey, who was one of the party, also appeared to have quite recovered from her recent illness. Almost as soon as he stepped on the platform and had greeted the gentlemen awaiting him, earl Grey, saying: "I wish to have a word with you," took premier Scott along the platform to an isolated spot and there ensued a conversation, which to judge from the expression on both faces, was of some importance and in which the governor general did most of the talking. This occupied about 10 minutes at the end of which time the couple returned to the group at the car and his excellency conversed with inspector Church and several other gentlemen and introduced his daughter to the party.

The earl was very much interested in Col. McGregor's remarks upon the Yukon and expressed his expectation of seeing great changes from the conditions prevailing at the time of the visit of his predecessor, lord Minto, to that territory in 1900. The party stayed in Regina for a little more than half an hour and then resumed their journey. They are making for the Yukon territory which has not been visited by a governor general since lord Minto made the trip. At that time the country was in the throes of dissatisfaction, relations were strained between the governing officials and a people's and citizen's committee had been formed in Dawson with members throughout the district. It is generally thought by persons conversant with the affairs of the Yukon at that time, that but for the efforts of lord Minto and his assistance to this committee, an outbreak might have happened.

DELAY PASSAGE OF BILL

TEDIOUS DAY'S SITTING IN UNITED STATES SENATE

DENOUNCED AS VIOLATION OF REPUBLICANISM

WASHINGTON, Aug. 2—Beginning its consideration of the conference report on the tariff bill by a tedious reading of that document which was insisted upon by senators who proposed to see that undue haste is not exercised in the final passage of the measure, the senate dragged along during nearly seven hours today without accomplishing anything important. Numerous conferences were held among the senators on both sides of the chamber for the purpose of advancing or hindering the final passage of the bill. The developments which have occurred in respect to the framing of the leather schedule in conference called forth more interest than did the proceedings of the day. The senators spent much time in discussing the language and effect of that schedule.

The debate on the conference report was opened by senator Daniel who claimed that the democratic senators on the finance committee had been dealt with unfairly in not being permitted to vote in committee on the adoption of the report. He remarked that the agreement for that purpose entered into by the chairman, Mr. Aldrich, had been violated. Any intention criticism was disavowed by Mr. Aldrich, who said he could not agree with Mr. Daniel as to what had occurred between them.

Senator Bristow denounced the tariff bill as a violation of republican principles and announced that he would not vote for it. In order to clearly fix the responsibility to parties in the passage of the bill and the framing of its schedules, senator Jackson presented an analysis of the 127 yea and nay votes that had been taken in its consideration. This list of votes the senate agreed to print in the record.

The senate adjourned at 4:46 p.m. until 10 a.m. tomorrow.

11,000 DWELLINGS BURNT

Japanese Imperial City Wiped Out by Huge Blaze

TOKIO, Aug. 2—An official report on the damage done by the great fire at Osaka places the number of dwellings destroyed at 11,348, including 11 office buildings, 8 schools, 4 banks, 10 business blocks and 20 temples. There was but one death, due to illness caused by the fire. Three persons were seriously injured.

MANCHURIAN FLOOD

Elements Take High Toll of Life and Property

TOKIO, Aug. 2—Further advices received here regarding the flood situation in the province of Chank Chun, Manchuria, are to the effect that owing to the damage done by water, traffic ... the Antung-Mukden railroad has been tied up for 50 days. According to previous dispatches 1000 lives were lost in the city of Kieran and 700 houses were submerged.

KING'S MEET

Edward of England and Nicholas of Russia

GREAT TRIPLE ENTENTE

DIPLOMATIC SIGNIFICANCE OF VISIT—IMPERIAL DEFENCE COMMETTEE ON AVIATION GIVES OUT DECISION—WAR OFFICE BUILDING FIVE AEROPLANES

COWES, Aug. 2—The first official visit of the Russian emperor Nicholas to England was one of the most impressive and spectacular events that Cowes, accustomed to naval pageantry, ever witnessed. King Edward, with most of the members of the royal family, put out this morning on the royal yacht Victoria and Albert, and met the Russian imperial yacht Standart, and the squadron of war ships accompanied it off Spithead at noon. Emperor Nicholas immediately went on board the British royal yacht, where he was greeted by King Edward, and after the monarchs had partaken of luncheon the Russian squadron, with the Victoria and Albert leading the way, reviewed the British fleet.

The British had 150 ships aligned in three fleets between Cowes and Spithead. There were 26 battleships, of which two were Dreadnoughts, 16 armored cruisers and 8 of them cruisers, 48 torpedo boat destroyers and shoals of submarines. There were hundreds of decorated yachts of all types at anchor. The Russian squadron was made up of the imperial yacht Standart and its consort, the Polar Star and the big lead-colored cruisers, Admiral Makkaroff and Rurik, and two torpedo boat destroyers. The British sailors and marines manned ship as the inspection squadron passed through the lines. All the British bands played the Russian national anthem. King Edward, Emperor Nicholas and the Prince of Wales and Admiral Sir John Fisher, chief naval aide to King Edward; Reginald McKenna, first lord of the admiralty, and a number of lesser officers were on the bridge of the Standart. The measures taken to safeguard Emperor Nicholas make him seem like a prisoner of state when compared with other royal personages who have visited Cowes during regatta week. The Standart dropped anchor between two battleships of the Dreadnought type, which were surrounded by other naval vessels, while small boats patrolled about the visitor constantly. Scotland Yard had a hundred detectives at Cowes and the Russian police department had a large representation.

The emperor will remain aboard ship during his visit except for a brief trip ashore to the Cowes naval school on Wednesday morning. Tonight the Russian emperor and empress dined with King Edward and Queen Alexandria and the members of the British royal household on board the Victoria and Albert. All the ships in the harbor were illuminated tonight. The dinner was a brilliant function. The dining room was beautifully decorated with red roses and on the table was a display of gold plate. Besides the king and queen and the emperor and empress, the guests were the crown prince and crown princess of Sweden, the prince and princess of Wales, the duke and duchess of Connaught, premier Asquith, Sir Edward Grey, Reginald McKenna and M. Iswolsky.

King Edward, in proposing the toast to the Russian monarch, said: "I am glad that you have had the opportunity of seeing the most powerful and largest fleet ever assembled, but I trust your majesty will never look upon these ships as a symbol of war, but on the contrary as a protection to our coasts and commerce, and also as a means of upholding the interests of peace." The king also referred to his pleasure at recently meeting a number of members of the Russian duma, and made allusion to Emperor Nicholas former visit to England.

In responding Emperor Nicholas said that the magnificent naval review he had witnessed here fell testimony to England's greatness. His majesty said he always would remember the days he had spent with the beloved and venerated Queen Victoria. In concluding the emperor said: "May the friendly welcome given by your majesty and the queen and the people to the members of the duma and in the winter to my squadron be a token of the cordial relationship between our two countries, founded on common interest and mutual esteem."

COWES, Aug. 2—The Russian imperial yacht Standart, bringing the emperor and empress from Cherbourg to Cowes on a visit to King Edward, anchored in the Cowes roadstead shortly before 1 o'clock today. Their majesties were given an official welcome. Not only were King Edward and Queen Alexandria, but also the Prince and Princess of Wales and a large gathering of other members of the royal family present to greet their guests. One hundred and fifty of the pick of the British war fleet, dressed in flags from stem to stern and flying Russian ensigns, the presence of the English foreign secretary, Sir Edward Grey, M. Iswolsky, the Russian minister of foreign affairs and count von Beckendorf, the Russian ambassador to Great Britain, further emphasized the significance attached in the diplomatic world to this visit of the Russian emperor to England.

The unusual welcome of this morning was arranged designedly for the double purpose of helping to strengthen the links in the chain binding Great Britain, France and Russia in a triple entente and to dispel any ill feeling endangered by the harsh denunciations of Emperor Nicholas and his methods so frequently vented by the members of the labor party, both in and out of parliament since the coming of the emperor was first announced. The function, however, was distinctly official in character, and so strongly were spectators entrenched behind the cordon of steel walls that there was no chance for a popular demonstration either for or against Emperor Nicholas.

King Edward and Queen Alexandria went on board the royal yacht Victoria and Albert and met the Standart outside of Spithead. King Edward went over to the Standart and welcomed his guests and then escorted them to the Victoria and Albert, where luncheon was served. After this repast the two sovereigns reviewed the assembled fleets from the Victoria and Albert.

CHERBOURG, Aug. 2—Empress Nicholas of Russia left here today on board the imperial yacht Standart for Cowes to visit king Edward. The Standart and the Russian warship conveying her cleared at 6 o'clock this morning and were escorted to the middle of the channel by a number of French warships. Foreign minister Iswolsky today confirmed the reported intention of Emperor Nicholas of going to Italy and Turkey, but said that these visits would not occur until the fall. The emperor will go to these countries direct from the Crimea.

LONDON, Aug. 2—The subcommittee of the imperial Defence committee appointed to consider matters of aviation has given a verdict of rigid dirigible balloons for naval purposes and non-rigid balloons for the army. The aeroplane committee considers that these machines possibly may become valuable to the army, but say that they must be able to ascend to a much greater height than yet has been achieved before they will be useful for reconnoitering purposes.

War secretary Haldane announced in the house of commons this afternoon that in consequence of this report the admiralty had ordered a rigid dirigible aeroplane of the largest type from the Vickers-Maxim company and that the government factories at Aldershot were busy with the construction of three non-rigid balloons and two aeroplanes for experimental purposes. Mr. Haldane said in addition: "The remarkable event of recent days, M. Blériot's flight across the channel and the flights in America, all point to the fact that some time in the future the aeroplane will be capable of bringing about great results."

(Canadian Associated Press)

LONDON, Aug. 2—Speaking to a Canadian Associated Press representative in reference to the suggestion of The Times that a cruiser squadron be stationed in the Pacific, Hon. L. P. Brodeur was emphatic in asserting that if it was aimed at the formation of an imperial squadron it was losing time, as Canada would never consent to such control.

TO INCREASE SHIPMENTS

SNOWSHOE WILL SEND 700 DAILY DAILY TO SMELTER

LARGE BODY OF ORE HAS RECENTLY BEEN STRUCK

(Special to The Daily News.)

PHOENIX, Aug. 2—The Snowshoe mine, operated by the Canadian Consolidated company of Trail, is preparing to increase its shipments to 600 or 700 tons daily. This increased production will start this week. It is about two years since the Snowshoe shipped above 500 tons daily and prospects are bright for the total tonnage for 1909 considerably exceeding that of any previous twelve months. Nearly a hundred men are employed on the property; mining is largely on the surface, a large body of ore having recently been cleared by an electric stripper. The ore passes down through chutes to its cars in the tunnel, which convey it to the C. P. R. All the Snowshoe ore is now treated at the Consolidated company's smelter at Trail, the smelting capacity of which has recently been increased by the blowing in of a new furnace.

Rails arrived last week to complete the tramway in the Phoenix Amalgamated, also operated by the Canadian Consolidated company. The company are now awaiting authority from the Dominion railway commission to construct a spur from Hartford Junction to the Phoenix Amalgamated.

ERRORS DISCOVERED

Owing to Changes Grand Forks Girl Wins Medal

(Special to The Daily News.)

VANCOUVER, Aug. 2—A. Robinson, superintendent of education, states that errors were made in the high school entrance awards owing to the examiners not taking into account the midwinter examinations last December. One of the resultant changes is the award of the governor general's bronze medal for Grand Forks to Harriet Harris.

The well known Ikeda mines, on Queen Charlotte islands, have been bonded to an English syndicate for $200,000 on a two months' option.

CITY COUNCIL

Civic Fathers Held Short Session Last Night

SMITH, KERRY & CHACE

SEVERAL MATTERS OF GENERAL ROUTINE DISCUSSED — GOOD PROGRESS IN LAYING DOWN NEW CEMENT SIDEWALKS—REPORT OF CITY ELECTRICIAN

The business at the usual weekly meeting of the city council last night was almost purely of a routine nature, the only matter of importance brought up being the question of the payment of fees and commissions to Smith, Kerry & Chase for work in connection with the power plant construction. In regard to this a letter was submitted to the council in which Messrs. Smith, Kerry & Chace were informed that an arrangement had been made with Cecil B. Smith whereby the total amount to be paid by the city should be $2250. The request for a further $1000 on account was acceded to.

The following reports from the city engineer and city electrician were read:

"I herewith beg to submit the public works department parroll for the fortnight, ending July 31, amounting to $2024.95, which is distributed as follows: Plank sidewalks, $135; streets and sewers, $184.95; grading Latimer street, $24.30; for cement sidewalks, flume and mixer, $22.50; Ward street, from Baker to post office, $263.40; Silica street, $145.25; Baker, Stanley to Ward street, $718; Baker, Stanley to Kootenay street, $532.

"With regard to the cement sidewalks we have opened up the following blocks between Ward and Stanley, Stanley and Kootenay, Kootenay and Falls and Josephine and Eagles' block, on Baker street; between Baker and Vernon on Josephine and between the postoffice and Josephine on Vernon. The portion of Baker street between Ward and Stanley is nearly fully completed and I hope to be able to start another cement gang some time this week. I am going fully into the cost of each block and will let you have a detailed report as soon as possible.

"The culvert on Vernon street is completed and the street gravelled. The man-holes on Ward street, near Mill, are brought up to grade.

"(Signed) G. C. MACKAY."

The following is the report of the city electrician:

"Herewith I beg to hand you power plant construction payroll amounting to $1177.20, together with distributors of same: Line construction, $622; brick work, $455.20; cable cutters, $60; power house roof, $10.

"Owing to the shortage of line materials we have been unable to complete the second line; it has, however, been completed from the power house to the gas works. The material necessary to complete the line is now on order and we expect the delivery of the same about the end of August.

"We are experiencing a little difficulty in securing proper grounds for the lightning wire, owing to the earth being very dry in many places along the line, and I believe it will be necessary to heat coke and bed the ground plates in it.

"The brick work has been completed and the building is now ready to receive the roof. The timbers for the roof are on the ground and are being framed.

"Gutters for the exciter cable conduits are being cut and are now well under way.

"(Signed) R. A. BROWN."

These reports were received and adopted.

The question of the best way of fixing water hydrants in the new cement sidewalks was raised and Mr. Mackay explained that they were being wrapped round with heavy paper so that there would be little danger of them rising during the winter frosts and bursting the cement.

A letter from James Johnstone was read in which Mr. Johnstone called attention to the new cement sidewalk in front of the K. W. C. Block on Baker street. The writer thought that it was impossible to make a durable sidewalk there so soon after the filling had been completed. He suggested that the laying of the cement should be left over until next spring.

Mr. Mackay stated that the soft earth had been made solid by laying down a quantity of rock which had afterwards been steam rolled. He thought that no difficulty would be experienced in this case.

Ald. Kerry brought up the question of of using stone as a protection to the curb of sidewalks in front of buildings where it was customary for heavy wagons to be backed up against. It was decided that boards should be put in where necessary.

At the suggestion of the mayor it was decided that a telephone should be installed in the engineer's house.

Thieves Caught

BRANDON, Aug. 2—A gang of thieves who have been responsible for a long series of robberies from C.P.R. cars were rounded up today. They gave their names as D. Lambert, C. Hunter and J. A. Cardell. Many hundred dollars worth of goods were found at the homes of the men.

National Holiday

WINNIPEG, Aug. 2—Four thousand Icelanders of the city celebrated their national holiday at a picnic in River Park today.

SUNLIGHT SOAP

HALF THE TOIL

of household work is taken away when Sunlight Soap is brought into the home.
For thoroughly cleansing floors, metal-work, walls and woodwork, Sunlight is the most economical both in time and money. ...

IN IRRIGATION CONGRESS

BIG EVENT TO TAKE PLACE IN SPOKANE NEXT WEEK

DELEGATES FROM ALL OVER CANADA AND STATES

SPOKANE, Aug. 2—Everything is in readiness for the 17th session of the National Irrigation congress in Spokane on August 9 to 14, when experts will discuss problems of reclaiming arid and swamp lands, forestry, deep waterways, good roads, home building and the conservation of the natural resources of the continent. George E. Harstow of Texas, will preside and among the 1000 delegates will be representatives of every state and territory in the union and the provinces of Canada, 30 delegates from Europe, the southern republics and the orient, also several cabinet officers, officials of the United States forestry and reclamation services, railroad presidents, bankers, engineers, farmers, orchardists and truck gardeners.

The various stages of the development of the Pacific northwest will be shown by elaborate floats and other devices in two parades of progress and a march in review of the industrial and irrigation army, 10,000 men and 35 bands of music, in Riverside avenue on Aug. 10, 11 and 12, when the electrical illuminations and decorations will be the most pretentious ever attempted in this part of the west. There will also be demonstrations of 14 different methods of supplying moisture to the ground by artificial means and exhibits of products. One of the entertainment features will be a public initiation of the delegates to the congress into the mysterious order of E-Nak-Ops and the installation of the supreme officers under the direction of Imperial Kousano Seabury Merritt and his staff on the evening of Friday, Aug. ... There will also be a series of receptions, banquets and excursions to nearby lakes and resorts. L. G. Monroe, secretary of the Spokane chamber of commerce, has received voluntary pledges from 140 hotel keepers and restaurants that there will be no advance in rates and in addition he has offers from 530 members of the organization who will each entertain from one to four delegates at their homes. Fifteen hundred high school students will also be at the disposal of the delegates as secretaries.

MAY HAVE GONE DOWN

All Trace of Vessel Carrying 3000 Souls is Lost

DURBAN, Natal, Aug. 2—Three thousand persons are aboard the British steamer Warratah, en route from Sydney for London and failure to hear any report of the vessel since she sailed from here on July 24, has resulted in some alarm. A search is being made for the steamer.

ON IRRIGATION

One of the Greatest Authorities Will Speak at Lethbridge Convention

(Special to The Daily News.)

LETHBRIDGE, Aug. 2—Mr. Camplit, one of the most important men in the Alsaskic Land Reclamation company, which is doing great work in Egypt, has been prevailed upon to give an address at the convention of the Western Canada Irrigation association here on Thursday and Friday, Aug. 5 and 6. He will speak on irrigation in Egypt. As Mr. Camplit is one of the greatest authorities on this subject his address will be a distinct feature of the convention.

THE NEWS' DAILY PATTERN

LADIES' ONE PIECE APRON AND CUFFS
Paris Pattern No. 1833
All Seams Allowed

This new design is a one-piece apron offers utility as well as beauty in that important overgarment which is so indispensable to neatness. Open under the arms and widened out over the shoulders in a square bretelle effect, it is cut to cover the entire dress, both back and front and is slipped on over the head. The pattern is in four sizes, 32, 36, 40 and 44 inches bust measure. For 36 bust the garment needs 5 1-2 yards of material 27 inches wide or 4 1-2 yards 36 inches wide; 3 yards of insertion to trim.

Patterns may be secured through The Daily News. Price 10c.

AN INEXPENSIVE WAY

The reader of a newspaper will readily agree that it is necessary for a merchant, with any pretension of aggressiveness, to advertise. Merchants are also aware of this fact. Therefore it would seem that it is simply a question as to what form the advertising will follow.

Newspaper Advertising is the Most Inexpensive Way and Brings Larger Direct Results than Any Other Form of Advertising

The Daily News

has an average daily circulation of 3,000 copies distributed on the day of publication in the cities of Nelson, Rossland, the Boundary country, the Slocan Valley and East Kootenay district, covering the line of the C. P. R. from Pincher Creek, Alberta, to Midway, B. C., and there is not in B. C. a more progressive section of country than that in which The Daily News circulates; the varied industries consisting of farming, fruit growing, lumbering, metalliferous mining, coal mining, and smelting, making it an extremely favorable field for advertising articles of every description suitable for a purchasing public engaged in the above mentioned industries.

Kootenay's Publicity Medium

Will Place Your Story in the Hands of 3000 Subscribers Every Day at the Rate of 2-3 of a Cent per Inch per 100 Circulation

Mr. Advertiser you cannot circularize or personally canvas the field for that amount, so be progressive and use the means and resources at your hand to increase your business.

For advertising rates or further information phone 141 or address News Publishing Company, Limited, P. O. Drawer 1119, Nelson, B. C.

Town Lots for Sale in Nelson

It Takes TWO--Are You One of Them?

If, of the two people it takes to make a bargain, you are ONE, how much would it be worth to you to find the other one. Would it be worth the cost of a classified ad? Would it be worth the cost of a small —but determined— 'campaign of want advertising?"

The "other one" necessary to "make a bargain" is found, in nine cases out of ten, through advertising —often through want advertising, and, in this city, USUALLY through want advertising in THIS newspaper.

"The other one" watches the want ads. pretty closely—but, of course, has to be convinced. If your offer is "right," that will be an easy task.

One cent a word will tell your story to readers of

"THE DAILY NEWS"

A ten-word classified advertisement costs only 40 cents for six insertions, when paid in advance.

LAING IS BADLY BEATEN

VANCOUVER MAN COMES IN LAST AT ST. CATHARINES

RESULTS OF OTHER EVENTS OF THE CANADIAN HENLEY

ST. CATHARINES, Ont., Aug. 2—Immense crowds were present the second day of the annual meet of the Canadian Henley on Saturday. The water was calm and conditions were favorable for an even better day's racing than Friday. Referee C. J. Mulqueen started the finals in the intermediate singles at 1:45, so that the first race of the program was run off at 2 o'clock.

In the final of the senior singles were Sheppard of the Harlem club, New York; Laing of the Vancouver Rowing club, Vancouver; Cosgrove of the Argonauts, Toronto, and Gordon of the Vespers, Philadelphia. Gordon and Sheppard were the favorites. They started off well together until Cosgrove got ahead. Sheppard, the Harlem man, ran a zigzag course, but kept ahead by three lengths. Gordon of the Vespers came second and Sheppard third, with the Vancouver man last. Cosgrove kept up his lead, though Sheppard gained some. Cosgrove's win was exceedingly popular and people went wild when he came in first, about six lengths ahead. The result was an agreeable surprise.

The results in detail were:

Intermediate single finals—First, Cosgrove, Argonaut Rowing club; second, N. B. Jacques, Argonaut Rowing club. Time 10:28.

Junior fours, 140 pounds, first heat—First, Argonaut Rowing club, D. R. Kertland, F. Aulton, K. F. Dixon, M. Parsons; second, Ottawa Rowing club, P. K. Baskerville, H. G. McCormick, R. B. Viety, Dr. R. H. Ellis; third, Lachine Boat club, B. Crombie, P. Whitehead, C. Fulton, B. Watson. Time, 9:40.

Junior fours, 140 pounds, second heat—First, Don Rowing club, Toronto; T. Carson, W. Carson, A. Carter, J. Neiler; second, St. Catharines Rowing club, K. House, M. Gordon, W. Pickering, R. Adie; third, Brockville Rowing club, W. Rowe, Charles Price, A. Gillertaw, Fred Walthusen. Time, 9:32.

Junior fours, 140 pounds, final—First, Dons; second, Argonauts. Time, 8:15.

Junior fours, working boats—First, Hamilton Boat club No. 1, K. Mahoney, Ed Skelly, C. H. Sloan, C. O. Pilgrim; second, Hamilton Rowing club No. 2, J. W. McAllister, N. Clark, M. Sinclair, C. Athews; third, St. Catharines Rowing club, H. Edmonson, F. Hole, E. Read, A. Kerr. Time, 9:42, the record for the course.

Junior eights, final—First, Argonaut Rowing club, A. C. Thorner, R. C. Bickery, K. Tyom Livingstone, W. H. Green, L. B. Lyall, H. B. Nightingale, A. N. Dunlop; second, Ottawa Rowing club, J. C. McCuaig, L. F. Kolliffe, R. E. Green, D. K. O'Donoghue, M. J. Kilt, F. M. Sowden, Dr. S. Nagle, F. Delante Cox. Time, 7:20.

Senior doubles, final—First, Harlem Boat club, New York, F. Fussel, F. S. Sheppard; second, Don Rowing club No. 1, H. Jacob, W. Bowler; third, Argonaut Rowing club, S. G. Kackes, E. B. Butler; fourth, Don Rowing club No. 2, W. Crawford, H. Laing. Time, 7:59.

Intermediate fours, final—First, Ottawa Rowing club, J. C. McCuaig, F. L. Jolliffe, M. J. Kilt, T. M. Sowden; second, Don Rowing club, Toronto, H. Laing, J. Bowskill, W. C. Crawford, W. Bowler; third, Lachine Boat club, Montreal; R. J. Magog, J. Scully, R. Howard, S. A. Aulton; fourth, St. Catharines Rowing club, A. R. Grace, A. Greenwood, E. Corbett, A. Kirkwood. Time, 7:39.

Senior eights, final—First, Detroit Boat club; second, Argonaut Juniors; third, Argonaut Seniors. Time, 7:21.

Senior fours, final—First, Ottawa Rowing club, A. H. Pulford, W. J. Harrison, Eddie Phillips, O. B. Haycock; second, Detroit Boat club, F. E. Wernken, D. B. Duffield, H. E. Emmons, R. E. Pingree; third, Argonaut Boat club, J. Spence, W. A. Kent, J. Spragge. Time, 7:52.

Senior singles, final—First, Argonaut Rowing club, K. Cosgrove; second, Harlem Boat club, New York, F. Sheppard; third, Vesper Boat club, Philadelphia, S. F. Gordon; fourth, Vancouver Boat club, C. C. Laing. Time, 8:57.

American Players Sweep Boards

VICTORIA, Aug. 2—The American players swept the boards in the championships and finals at the tennis tournament which came to a conclusion Saturday. Joe Tyler, the Spokane crack, wrested the men's title from B. Schwengers of Victoria after a titanic struggle, which went the full five sets, the score being 5-6, 6-4, 2-6, 6-4, 6-3.

Miss Hazel Hotchkiss of Berkeley, Cal., had an easy victory over Miss M. Pitts of Victoria and retained the British Columbia championship by a score of 6-0, 6-2.

The final of the men's doubles was won by Tyler of Spokane and McRae of Vancouver, who defeated B. Schwengers and Goward of Victoria by 2-6, 6-0, 6-2, 7-5.

In the final of the ladies' doubles Miss Hotchkiss was again seen in triumphant vein, when, partnered by Miss K. Ryan of Santa Monica, she defeated Mrs. Talbot and Miss M. Pitts of Victoria by 8-6, 6-4.

The mixed doubles went to Hopper and Miss Hotchkiss, who defeated MacRae and Mrs. Talbot of Victoria 6-1, 8-6.

Nationals Lose to Tecumsehs

MONTREAL, Aug. 2—The Nationals lost to the Tecumsehs Saturday by a score of 4 to 3. The weather was ideal and the attendance about 3000. The teams were evenly matched in the first quarters and the cheering was very close. The score was 2 all at half time.

N. L. U. Standing

	Won.	Lost.	—Goals— For.	Agst.	Pts.
Shamrocks	5	1	29	25	
Tecumsehs	5	1	24	20	
Montreal	4	2	41	34

Long Baseball Throw

NEW ORLEANS, La., Aug. 2—Joe Martina Saturday broke the world's record for throwing the baseball, his best throw being 138 yards, 2 feet and 2 inches. The former record was held by Larry Twitchell at 135 2-3 yards, made in 1888.

For Jeffries-Johnson Fight

VASALIA, Cal., Aug. 2—An offer for a match between James J. Jeffries and Jack Johnson has been made by the directors of the Tulare County Agricultural association, whose officers claim to be backed by 50 business men willing to subscribe a purse of $50,000 for the fight if it can be held on Sept. 16, during the annual fair. The directors assert that the money will be deposited in any bank designated as soon as pugilists agree on the terms.

Coast Cricket

(Special to The Daily News.)

VICTORIA, Aug. 2—In an all-day cricket match at the Jubilee grounds here Saturday the Vancouver Cricket club defeated the Victoria club by 88 runs. Vancouver went in bat first and were retired for 145 runs, of which Armitage made 38 and Hodges 35. Victoria quickly fell victims to the deadly trumbling of Rigley and Crossfield, being all out for 57. Victoria went to bat again, and when stumps were pulled had amassed 93 for four wickets.

Cornwalls Beat Capitals

CORNWALL, Ont., Aug. 2—Cornwall defeated the Capitals in their lacrosse game here Saturday by a score of 8 to 1. Only about 1,000 people attended the game. The score at half time was 8 to 1 for Cornwall. The Cornwalls were without the services of the veteran John White, whose nose was broken in the Shamrock match in Montreal a week ago.

Automobile Record

DETROIT, July 31—At the Grosse Pointe track today, Walter Christie, driving a car of his own design, covered a mile in 54 3-5 seconds. This breaks Christie's previous record of 57.

Hop, Step and Jump Record

BOSTON, Aug. 2—A new world's record in the hop, step and jump was made at the annual field day of the Knights of Columbus at the Locust street grounds Saturday, by Daniel F. Ahearn of the Irish-American Athletic club of New York, who made the distance of 50 feet 27-10 inches. The best previous record was 48 feet 6, made by E. B. Bloss, Chicago, in 1893.

All-Jamaica Team Wins

PITTSBURG, Pa., Aug. 2—The All-Jamaica cricket team, which is making a tour of the United States and Canada, defeated the eleven of the Pittsburg club here Saturday by a score of 139 to 124.

Youth Wins Golf Championship

HOMEWOOD COUNTY CLUB, Flossmoor, Aug. 2—Charles Evans, Jr., of Exmoor, 18 years old, the youngest player who entered the tournament, won the western amateur golf championship Saturday by defeating Albert Seckel of Riverside by 1 up in a 36-hole match. A field of 124 started.

CLOSE GAME SEASON

Provincial Regulations for Year Announced in Gazette

Notice is given in last week's issue of the B. C. Gazette of the order of the lieutenant governor:

That the hunting, killing or taking of elk or wapiti in the Columbia, Cranbrook and Fernie electoral districts shall be prohibited until the 31st day of August, 1911.

And on Vancouver island south of the following described line: "Commencing at the Little Qualicum river; thence following that stream westerly to its junction with the Alberni road; thence following the Alberni road to the Alberni canal," the hunting, killing or taking of elk or wapiti shall be prohibited until the 31st day of August, 1914.

The hunting killing or taking of moose south of the 52nd parallel of latitude in the province except in Columbia district, shall be prohibited until the 31st day of August, 1914.

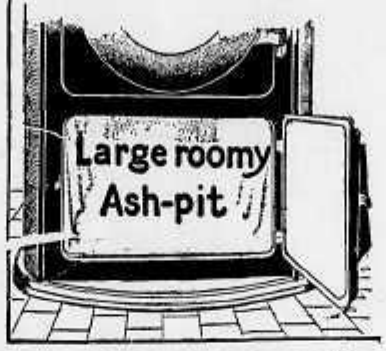
That the hunting, killing or taking of mountain sheep in the counties of Yale and Westminster, shall be prohibited until the 31st day of August, 1911.

McClary's Magnet Furnace

Nothing mean or stingy about the ash-pit of the "MAGNET" Furnace. It's the entire width of the Furnace. Good and deep, too. Easy to remove the ashes from such a commodious receptacle.

And this large, roomy pit affords lots of space for the air to circulate. Gives the drafts a chance to draw well—work perfectly. Furnace burns the fuel to a fine ash. Grates don't get clogged with partially burned pieces of wood—a fault common to furnaces with small ash-pits.

For all-round satisfaction, buy the "MAGNET."



Built for wood, but will also burn coal.

Sold by enterprising dealers everywhere.

ADVERTISING THE PROVINCE

In keeping with its efforts to advance the interests of the province in every way within its means is the decision of the provincial government to make a display of British Columbia's resources at the big fall fairs in eastern Canada. Last year, and in other years, the government did much to assist settlement in the province by sending exhibits to the old country. There is no question but what equally favorable results will follow its efforts along the same lines in eastern Canada. As The News has before pointed out, this is a field to which up to the present British Columbia has not paid enough attention in her search for settlers.

It is the intention of the government to give each district in the province an opportunity to show what it can do in the way of fruit growing and agriculture generally and also its resources in the way of forest wealth and fisheries, etc. To get a representative showing from the various districts is a work which will require an immense amount of painstaking labor and the government very properly has asked the support and assistance of the various boards of trade and, in places where there is none, the fruit growers' associations in collecting the exhibits. Already arrangements have been made in this way for collecting exhibits from Vancouver island, the lower mainland and the Okanagan, and Mr. W. R. Scott, who has been appointed exhibition commissioner by the government, is in Nelson with a view to interesting the various boards of trade, and where necessary, the fruit growers' associations in the Kootenays and Boundary, in the matter of the exhibits from this part of the province.

It can be taken for granted that Mr. Scott will everywhere be afforded the assistance for which he is asking in paying all cost in connection with these exhibits and sending a man east with them to place them and look after them the government is doing its part. Any assistance that boards of trade or the fruit growers' associations can give should be freely rendered.

This applies to Nelson as well as to the boards of trade or fruit growers' associations, as the case may be, of the other towns and cities of the Kootenays and the Boundary. The local board of trade is arranging for an exhibit of its own for the Toronto fair and intends to send a man east with it, but at the same time there is no reason why it should not also assist the government and Kootenay by securing a good showing from this district, which will not only be displayed at Toronto, but also at Ottawa and possibly at other eastern Canadian fairs, as well as in the old country, where it is the intention, those parts of the collections now being secured that are suitable for the purpose are to be sent as part of this year's British Columbia exhibit at the various English and Scotch fairs.

It is, therefore, highly important that this part of the province should be well represented in the government's exhibits, and if the various boards of trades in the Kootenays and the Boundary are alive to their duty it will be.

EDITORIAL NOTES

The Victoria Daily Post says: "The Kootenay is sustaining its reputation as a mining and smelter centre. Probably few people have paid much heed to the annual report of the Consolidated Mining and Smelting company, which shows that the Trail smelter last year produced gold, silver, copper and lead to the value of $5,566,609, an increase in values over the year of $77,500 in spite of the low prices prevailing. The most striking feature of this product is that half of it is accounted for by the electrolytic refinery, the only one in Canada, which was established a few years ago in the face of much hostile criticism, and under the able direction of Mr. W. H. Aldridge has achieved a remarkable success."

Without desiring to criticise the city works department, nor to pose as an authority on street and sidewalk construction, The News would suggest that something be done to obviate the necessity for having electric light, telegraph, telephone and other such poles in the new concrete sidewalks on Baker street. It will be a matter of only a few years until the present poles have to be renewed when, if the sidewalk is not to be interfered with, the poles will have to be placed in the roadway and the old ones probably sawed off at the level of the sidewalk. This will not by any means improve the sidewalk, but trouble of this kind in the future can be prevented by moving the poles before the sidewalks are completed.

If Nelson's publicity campaign has had no other result it has shown people on the outside that the city is very much alive and has stimulated in one quarter, at least, a desire to emulate what is being done here. The Rossland Miner says: "Nelson has raised $6,000 for advertising purposes which is to be expended in placing the merits of Nelson and the Kootenays before the world. It is an admitted fact that there is some fine land in the valley of the Kootenay in which Nelson is located. As a result of a judicious system of advertising, there are now 500 small farms and orchards within a radius of 25 miles of Nelson. Rossland has fruit land in its vicinity that is said to be fully equal to that of Nelson and by some it is thought to be better. Rossland's possibilities in the way of fruit raising and small farming should be made known more widely than they are. In order that this may be accomplished a campaign of publicity, on lines similar to that of Nelson, should be inaugurated. It will not do to have one town in the Kootenays secure all of the advantages of the fruit land exploitation. Rossland could, with much advantage to its residents, carry on a campaign of publicity. It pays Nelson to do this and it would yield like results if Rossland would do likewise. A start in the direction indicated should be made at once."

Young Thaw, the man who shot down a fellow degenerate named Stanford White and escaped paying the penalty of his crime by establishing a plea of insanity, is now trying to prove that he is sane and should therefore be released from the asylum in which he has been confined since his acquittal. The facts brought out at Thaw's trial for murder were so disgusting as to be unprintable, but those which have became public as a result of the hearing of his present application for release from the asylum are even more so. At the time of the murder trial people generally had some pity for the young woman who has the legal right to call herself Thaw's wife and also for Thaw as the so-called avenger of the young woman's wrongs, but in the present hearing the "innocent" lady has shown herself to be, to say the very least, a hardened and unprincipled woman of the world, and Thaw has been shown to have been, if anything, a more degraded character than the man he shot. The sooner this sweet-scented pair sink into to oblivion from which they should never have emerged the better it will be.

Minard's Liniment cures Distemper.

Rainier Beer is the Best Beer.

Despair and Despondency

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. The tortures so bravely endured completely upset the nerves if long continued.

Dr. Pierce's Favorite Prescription is a positive cure for weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It fits for wifehood and motherhood. Honest medicine dealers sell it, and have nothing to urge upon you as "just as good." It is non-secret, non-alcoholic and has a record of forty years of cures. Ask Your Neighbors. They probably know of some of its many cures.

If you want a book that tells all about women's diseases, and how to cure them at home, send 31 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to date edition, in paper covers. In handsome cloth-binding, 50 stamps. Address Dr. R.V. Pierce, Buffalo, N.Y.

ROUGH and DRESSED LUMBER

Doors, Windows, Mouldings, Shingles, Turned Works and Brackets. Complete and up to date stock always on hand. Mail orders promptly attended to.

A. G. LAMBERT & CO.

This is to certify that I have used Minard's Liniment in my family for years, and consider it the best liniment on the market. I have found it excellent for horse flesh.

Signed, W. S. PINEO.

BUSY WEEK

Much Doing at Mining Recorder's Office at Grand Forks

(Special to The Daily News.)

GRAND FORKS, Aug. 2.—The past week was a busy one in the mining recorder's office in this city. Only four new locations were recorded, while the certificates of work show that nineteen claims had the necessary work done on them in order to hold them for another year, of these thirteen claims were in the North Fork district. The conveyances for the week were: All of the Idaho claim, Franklin camp, M. Bellefontaine to L. Johnson; all of the Franklin and Copper claims, Franklin camp, J. Burns to J. Gelinas and P. Santoro; all of the Riverside claim, Franklin camp, E. Larsen to J. Gelinas and P. Santoro; one-half of the Crackerjack and Arcade claims, Franklin camp, A. J. Stewart to R. Lepsome; seven-sixteenths of the Millie Pritchard claim, Wellington camp, M. R. Nelson to W. S. Page; seven-sixteenths of the Athlestan Fraction, Wellington camp, M. R. Nelson to W. S. Page; one-third of the Paper Dollar Fraction, Gloucester camp, P. Maginnis to L. Johnson. Crown grants were issued for seven claims, as follows: R. Birts, for the Excelsior, Pass Creek camp; P. W. McGregor and S. Birch for the Exchange, Pass Creek camp; Granby company, for the Monarch Fraction, Greenwood camp; J. Mulligan and J. E. Cunningham, for the Ore Denora Fraction; Summit camp; S. Birt, for the Montana, Gloucester camp; W. T. Williams and W. S. Harris, for the Summit, Worcester camp; T. H. Richards and W. Allen, for the Helston, Wellington camp.

The golden Eagle mine, up the North Fork, last week shipped two cars of ore. This will likely be the last shipment from the Golden for five or six weeks, as the working force has been cut down to a few men, but will be increased again the latter end of the month, when larger weekly shipments will be made.

The ladies of Holy Trinity church held a very successful garden party on the beautiful grounds of J. B. Henderson, Winnipeg avenue, Friday evening. A fine musical program was the feature of the event, while light refreshments were served during the evening.

IS BASEBALL PRESIDENT

John Heydler is Chosen as Successor to Harry Pulliam

LOUISVILLE, Aug. 2—About an hour after Harry C. Pulliam, late president of the National League of Baseball clubs, was buried today in Cave Hill Cemetery, John Heydler of Cincinnati, of Cincinnati, secretary of the league, was chosen president at a special meeting of the directors. There was some feeling that it was indelicate to name Mr. Pulliam's successor at this time but the league's immediate need of a qualified president overcame the qualm. Besides electing Mr. Heydler to fill the unexpired term of Mr. Pulliam, the directors concerned themselves only with paying tribute to Mr. Pulliam's memory. They gave the remainder of his salary for 1909 to his estate and they appointed Garry Herman of Cincinnati; Barney Dreyfus of Pittsburg, and Charles Murphy of Chicago, as a committee to select and have erected in Cave Hill, a suitable monument to Mr. Pulliam. They provided that all players in the National league should wear crape for 30 days.

The meeting was attended by four of the five league directors. Messrs. Murphy, Dreyfus Ebbetts and John Dovey. Garry Herman will reach Cincinnati tomorrow from the west. Though there was no set eulogy prepared by the committee, each director spoke of Mr. Pulliam as the squarest man in baseball, and one who had wielded an influence for the better over the national game.

Brought in to Hospital

The ambulance was called into commission early this morning to convey A. E. Escrigze of 13-mile to the Kootenay Lake General hospital from Lindsay's boat house. Mr. Escrigze was taken seriously ill at his ranch at 13-mile last evening and was brought into the city in a launch.

THE HOME PHYSICIAN

Some Hints to Keep People Well.

Ninety-nine per cent. of the ordinary sicknesses are caused by the bowels, the kidneys or the skin.

As you know, these organs are the great purifiers of the human system. They filter impurities from the blood and pass them from the body. If the kidneys, bowels or skin weaken or get tired out or fail to do their regular work—then the blood becomes laden with impurities and poisoned. If it be the fault of the kidneys, then the skin is overworked in its efforts to throw off the excess of urea or waste matter. The glands become inflamed and enlarged—pimples break out—and there may be a rash or eczema of the skin. If it is the fault of the skin, then the kidneys are strained by overwork and there is constant pain in the back, dizziness, neuralgia, headaches and rheumatism. If it be the fault of the bowels, the blood is poisoned, the skin and kidneys weakened, the stomach upset—and, of course, there is Constipation and Biliousness.

How easy it is, then, to be free of all these troubles!

"Fruit-a-tives" is not merely a remedy for any one of these troubles but a cure for all. "Fruit-a-tives" acts on the skin, the liver, and the kidneys. "Fruit-a-tives" keeps all these great organs well and strong, and thus insures the blood being always pure and rich. Why "Fruit-a-tives" in the house to take at the first sign of not feeling well, you need not have a day's sickness. 50c a box, 6 for $2.50, or trial box, 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

NEWS OF THE DOMINION

ST. CATHERINES, Aug. 2—The Erie canning factory here was destroyed by fire today. The loss is heavy.

OTTAWA, Aug. 2—The seismograph at the dominion observatory here, recorded the Mexican earthquake, the tremors commencing at 5:09 and lasting two hours.

MONTREAL, August 2—Montreal is to have another carnival and ice palace next winter, according to its promoters, who are already at work soliciting subscriptions.

OTTAWA, Aug. 2—There are a considerable amount of typhoid cases developing around Ottawa at present and quite a number of cases have resulted fatally. Polluted water is chiefly suspected as the cause.

SHERBROOKE, Aug. 2—Grass hoppers are doing great damage in several sections of the eastern townships. In some parts of Stanfield county many farmers have been obliged to cut their grain green as the grasshoppers were destroying it.

VICTORIA, Aug. 2—Detected in the act of pocketing letters and parcels from the local postoffice P. Baggage, a street box collector and letter sorter, pursued by two postal clerks, jumped through the window of the postmaster's office and nearly made his escape. He was arrested. Baggage is a married man and has a family. He has been employed in the local office for 15 years.

OTTAWA, Aug. 2—One Chinaman was murdered by an Italian in the King Edward restaurant on Main street at 10 o'clock last night and another was badly stabbed in the hands. About 9:45 a well dressed Italian about 30 years of age, entered the restaurant, the proprietor of which is a Chinaman. After he had finished eating he commenced to pocket the forks and spoons on the table, and not content with that began to stow away the salt cellars. An altercation followed, the Italian refusing to give up what he had taken, resulting in the Italian drawing a stiletto he had concealed, and stabbing the Chinaman under the left arm. The blow went straight to the heart and the Chinaman dropped dead. The murderer was captured and taken to jail.

MONTREAL, Aug. 2—F. A. Mackenzie, special foreign correspondent of the London Daily mail, who has been sent to Canada by his paper to ascertain why Britain is not doing more trade with the dominion, in an interview here today declared that British manufacturers were keen on doing more business with Canada. "Do you thing Canada will develop at a rapid rate, commercially?" he was asked. "Undoubtedly; our purpose is to capture trade and when your country is possessed with millions of people, the British manufacturers, which are the soundest and safest, will see a fair field to develop." Mr. Mackenzie said another object of his mission was to investigate the immigration question. Mr. Mackenzie is going to Calgary, Edmonton, Vancouver and Victoria.

SHOW FURTHER GAINS

CANADIAN BUILDING RETURNS FOR JUNE GRATIFYING

EVERY CANADIAN CITY REPORTED SHOWS INCREASE

From a standpoint of building progress, June was a month of universal gains and no decreases. Extraordinary high percentages were attained in all sections of the country and the average increase for the month, 102 per cent, as based on the comparative figures supplied Construction, by 17 of the 20 cities reported, exceeds any of the big successive gains made heretofore this year, and is probably the greatest advance ever recorded in the building history of the dominion. Two cities exceed the two million mark, and another had over half that amount, and ten additional places registered totals varying from one to six hundred thousand dollars, for permits issued during the month.

Winnipeg shows the largest volume of new work undertaken, her total being $2,041,545, as against $802,096 for the previous June. Toronto is second in this respect and Montreal next, their figures being $2,011,545 and $1,170,700, in the order named, as compared with $1,055,405 and $559,972, for the corresponding period of last year; the relative increase in all three cases being 154 per cent, 90 per cent and 109 per cent, respectively. The remarkable rapidity with which these three cities are growing, while clearly seen in the comparative amounts of the past few months, can more fully be realized when compared with the growth of the larger cities in the United States. None, in fact, aside from New York and Chicago and one or two other large cities, are making greater headway and even these places are not showing a greater proportionate increase.

The largest increase per cent for the month has been reported from Moose Jaw, which comes to the crest of the wave with a striking gain of 1056 per cent. This place, it will be noted, was one of the three shewing a falling off last month, her loss being 19 per cent.

Regina, of the same province shows an advance of 61.53 per cent, while Saskatoon's enormous total, that of $149,000, although no figures for June, 1908 were submitted, makes it quite plain that this thriving city has met with no reversal.

In Alberta, Calgary and Edmonton still continue to forge ahead, each adding to their former increases by another relative advance of 37 per cent and 107 per cent.

The second largest increase for the month is noted in the case of Brandon, which over-reaches last year's figures for the corresponding period by 157 per cent; while other yesters cities of much larger magnitude, which show a decided advance, are Vancouver and Victoria, both augmenting the aggregate amount of their previous consecutive monthly gains by a further gain of 104 and 21 per cent respectively.

Reports from various centres throughout Ontario indicate plainly that building operations are going on at a tremendous rate. In addition to Toronto's increase, Fort William reclaimed herself from her decrease of 5 per cent in May, by a gain of 94 per cent. Peterboro made a gain of 119 per cent; London, 106; Berlin, 56, and Hamilton 5 per cent. Windsor's total investment for the month was $48,550, while the value of the permits for Port Arthur amounted to $17,600. Fort William's aggregate total for the first six months of this year, that of $2,000,000, is one-third again as great as she recorded for the whole of 1908, and equally as good a showing has been made in several of the other cities of the province.

Rapid strides forward are also being made in the extreme eastern section. But the reports from Halifax and Sydney show a most wholesome condition of affairs. The former's gain for the month is 7 per cent while the latter's increase of 130 per cent after the unusually active month in May, is really remarkable.

All the cities in the list send in encouraging reports which express the outlook as being decidedly favorable.

	Permits June, '09	Permits Increase June, '08 Per Cent

OUTDOOR SPORT AND ZAM BUK

Every athlete, every ball-player, every swimmer, every canoeist, every man or woman who loves outdoor life and exercise, should keep a box of Zam-Buk handy.

Zam-Buk is a purely herbal preparation which, as soon as applied to cuts, bruises, burns, sprains, blisters, etc., sets up highly beneficial operations. First, its antiseptic properties render the wound free from all danger from blood-poisoning. Next, its soothing properties relieve and ease the pain. Then its rich herbal balms penetrate the tissue, and set up the wonderful process of healing. Barbed wire scratches, insect stings, skin diseases, such as eczema, heat rashes, ringworm, babies' heat sores, chafed places, sore feet—all come within Zam-Buk's power. It also eases and cures piles. All druggists and stores.

Blue Ribbon
TEA
Is Most Carefully Selected

Of all the countries in the world, Ceylon and India have proved the best adapted for producing good tea. So Indian and Ceylon teas are exclusively used for Blue Ribbon.

And as hill-grown leaf is superior to the coarse, rank growth of the lowlands, only "hill" tea is allowed in Blue Ribbon.

Of the hill plantations, a certain number of estates are especially noted for the unusual and uniform excellence of their product.

From these celebrated hill estates, the very choicest of the crop is selected and reserved for blending Blue Ribbon Tea. So it is unusually delicious and fragrant, with none of the woodiness or bitterness that spoils so many teas.

Just get a pound of Blue Ribbon Tea and see for yourself how good it is.

NELSON NEWS OF THE DAY

The Knights of Pythias meet this evening.

C. H. Heale of Proctor was a guest at the Home yesterday.

There will be a meeting of the executive of the Nelson Cricket club this evening at 8 o'clock.

The temperature yesterday varied between 47 and 75 degrees, and on Sunday between 50 and 78.

C. Yada, Japanese consul at Vancouver, reached the city on Sunday evening and is a guest at the Strathcona.

The customs returns at the Nelson port of entry for the month of July amounted to $8,485.39 as compared with $2,951.20 for the previous month.

Dr. F. H. Hicks, an eminent specialist, arrived from London, England, on Saturday night. Dr. Hicks expresses himself as greatly pleased with the magnificent scenery of the Kootenays.

Edward Kladunde was arraigned in the city police court yesterday morning before Mayor Selous, on a charge of being drunk and disorderly and was sentenced to 30 days' imprisonment without the option of a fine.

Kenneth Kettlewell and Walter Kettlewell were charged in the city police court yesterday morning with setting out a fire in the city limits without having secured a permit from the fire chief. The cases were dismissed with a warning.

Allan Purvis, divisional superintendent of the C. P. R., who, accompanied by Mrs Purvis, is in Vancouver attending the funeral of Mrs. C. A. Baker, mother of Mrs. Purvis, will return to the city this morning while Mrs. Purvis will remain in the terminal city for some time.

The secretary of the Kootenay Lake General hospital acknowledges with thanks the receipt of the following donations during the month of July: Mrs. A. M. Johnson, fruit; Messrs. Hallett and Farrow, strawberries and vegetables; J. I. Campbell, E. C. Cantrell and A. L. Bell, Mrs. Fitzmore Taylor, Mrs. Find, strawberries; H. Anna cherries for staff; A. Larsen, fruit; Stanford Pontin, cucumber, basket roses; W. R. Jarvis, vegetables; Mrs. J. Johnstone, fruit, onions and flowers from the following: R. F. Gland, W. R. Jarvis, Mrs. J. Patrick, the Presbyterian church, Mrs. George McBride, the Women's Hospital Aid society, Mrs. Bowser at Rhondel, and Mrs. Fred Aris of Wardner.

The caribou head now in the Queen's hotel will be raffled off Saturday next. Subscribers will be found for those who cannot be at the raffle. 93-2

Fresh shipment Stars at the Nelson hoof hut.

JAPAN AND CHINA

Manchuria Continues Bone of Contention in Far East

TOKIO, Aug. 2—After long consideration of the differences between Japan and China as to the status of the former nation in Manchuria, foreign minister Komura submitted the entire matter to the emperor this morning. Advices received are to the effect that China is sending a large body of troops secretly into Chientu, but this report is not credited here.

NATIONAL MISSIONARY CAMPAIGN

Laymen's Movement to Conduct District Meetings Throughout Dominion

The Canadian Council of the Laymen's Missionary Movement, which has direction of the work throughout the Dominion, has just issued a statement as to its policy and plans for the immediate future.

The policy was adopted and then submitted to the different denominational committees and heartily endorsed by them. The denominational secretaries each agreed that the best results came to their work through the larger inter-denominational meetings, and will therefore all co-operate in the campaign of the fall and winter. This will include district meetings covering two days each, in every province in the Dominion, so hoped that every church may be able to send one or more delegates without great outlay of time or money.

It is expected that invitations will be received from different centres and the council will make selections with the best interests of the entire work in mind. The first few meetings will probably be held in Ontario in September, and those in the western provinces in October and November.

An earnest call to prayer for wisdom in boarding and planning these meetings has been issued to co-operating clergymen throughout the Dominion.

Will Honor Mr. Fulton

KAMLOOPS, Aug. 2—A public reception will be extended to Hon. F. J. Fulton and Mrs. Fulton in the K. of P. & A. A. hall on Tuesday evening next when the citizens of Kamloops generally will join in doing honor to the local esteemed representative and his bride. The occasion will be marked by the presentation of a beautiful and costly cabinet of silver which is being donated by the prominent citizens and business men of the city. Premier McBride will be present and participate in the festivities.

THERE IS RIVALRY NOW

Railways After Passes Through the Hope Mountains

For the past few days there have been reports of a race between the C.P.R. and Canadian Northern surveyors for a route down the Fraser, where it appears that the C.P.R. wants the south bank as well as the north, says the Hedley Gazette.

Now comes an apparently well authenticated report that engineer Bassett, who it will be remembered was in here in the spring and early summer of 1905, heading the V., V. & E. from Hedley both ways, is now in the Coquihalla with a large force of men and the belief is that it is the C.P.R. he is working for.

Should this be so and the C.P.R. wants business there will be high jinks in the Coquihalla for the G.N.R. will have to throw on the high gear if they expect to keep the C.P.R. from beating them hollow in the race. With the link from Midway to Nicola connected up and a route down the Coquihalla to Hope the C.P.R. would have a clinch on the Boundary-Coast passenger traffic.

This it resembles bit by bit that the snail's pace maintained in building the V., V. & E. during the past four years has been the means of handing up numerous difficulties that would never have been heard of if their work had been pushed vigorously to completion.

With the cherished scheme of a joint route down the Coquihalla for the V., V. & E. and the C.N.R. that valley was to be a veritable vale of unity suggestive of the millennium itself; but the V., V. & E. tarried too long and Don Mann' men were seeing down the Fraser and as a result of the insurrection we have Bassett's C.P.R. braves in war paint.

Train Delayed

(Western Associated Press.)

EDMONTON, Aug. 2—The C.N.R. Alberta Express, due this morning will not arrive until between 5 and 6 o'clock this evening, having been held up by a derailed freight train near Kamsack.

You'll feel like a new man if you will let us fit you out with one of our comfortable suits.

We would call your special attention to the tailoring of our clothing which is so highly essential. You can tell our clothing from the "other kind" at a glance. Always pleased to show you through.

Walter T. Haines of Fernie has been appointed a justice of the peace for the province of British Columbia.

William Harold Duncan Haig-Smedley of Proctor has been appointed a justice of the peace for the province of British Columbia.

Mr. and Mrs. J. Brown left last night for the coast cities. They intend taking in the Seattle exposition before returning to Nelson.

John P. Bell of Erie reached the city last evening and is a guest at the Strathcona. Mr. Bell will return to Erie tomorrow morning.

Arthur A. Hale, mining broker of Rossland, left on the Crow steamer on Sunday morning for a two week's visit to Crow's Nest points and Alberta.

A good sized party of capitalists and mining men from Idaho visited Poplar last week and inspected the Marquis and Gilbert group and other properties in that locality.

Notice is given in last week's issue of the British Columbia Gazette of the assignment of the Moyie Foothills Co-operative Association, Limited, to Edward Blake McDermid of Nelson.

The regular meeting of Queen City Rebekah lodge, No. 16, I. O. O. F., takes place in the lodge rooms this evening at 8 o'clock. A full attendance of the officers and members is requested.

Notice is given in last week's issue of the British Columbia Gazette of the incorporation of the Natural Resources Security Company, Limited, the offices of which are located at Nakusp.

Last week's issue of the British Columbia Gazette gives notice of the dissolution of partnership heretofore subsisting between E. B. McDermid and C. F. McHardy, real estate agents, of this city.

G. I. Thornton of Promontory, Chilliwack, deputy minister of agriculture, Victoria, is a commissioner to collect and bottle fruits and grains for use by the provincial government. He will collect from four different districts of the province, namely: Vancouver island, lower Fraser valley, Okanagan and the Kootenay district. The products of each district will be labelled with their names and the name of the district in which they are grown.

In last week's issue of the British Columbia Gazette notice is given of the incorporation of a company to be known as Goodeve Bros., Limited, with a capital of $50,000, to take over the business of Goodeve Bros., druggists, of Rossland.

Good progress is being made by the committee in charge of the arrangements for the dance to be given in the armory on Monday evening next by the members of the Nelson Cricket club and the affair is already assured of being a big success.

Last week's issue of the British Columbia Gazette gives notice of the registration of the Fort Steele Mining & Smelting company, with a capital of $1,000,000. This is the company which bought in the Sullivan group's properties at the recent sheriff's sale.

The subjects to be shown at the Empire theatre tonight are entitled "The Bohemian Girl," a splendid colored film, "The Suspicious Fencing Master," "A Faithful Fool" and a very humorous film "Every Lass a Queen," in which a young fellow meets his affinity in eve.; female he sees.

The members of the Nelson Eagles' baseball team returned to the city on Sunday morning from Cranbrook, where they played two games with the Cranbrook nine. They say that while they met defeat in both games they were given the time of their lives by the Cranbrook boys. Regret was expressed by the manager of the Nelson team at the disappointment caused the Moyie aggregation at the inability of the Nelson men to play in Moyie after having arranged a game, but he said their calling off the game was absolutely unavoidable.

The gold dredge at Goldhill, owned by a Philadelphia company, is to be launched at last, says the Rossland Miner. It is now about two years and since the dredge was constructed and since that time, one delay after another, principally due to the unsettled state of the American money market, have prevented the beginning of operations. The experiment will be watched with great interest by local mining men, as it is the first attempt at gold dredging in the Kootenays. W. P. Steed, who is in full charge, and well experienced in gold dredging, is very confident of the success of the venture, and experts endorse his opinions.

F. W. Peters assistant to the second vice-president of the C. P. R., is at the Strathcona.

A fine chestnut Shetland pony was brought in on the Crow steamer on Sunday evening, having been shipped from Brandon to R. S. Lennie of this city.

Mrs. Bath was called suddenly to Hoquiem, Wash., on account of the illness of her mother who is touring the United States, but her sister, Miss Tyrrell, is still in the city.

The Tacoma Ledger says: "Frank Ehlel, a well known trap shooter, has also left the city for the north. He is scheduled to take part in the shoot to be held Monday and Tuesday at Nelson, B. C. Ehlel will not be the only one to take part. Seattle, Spokane, Vancouver and Victoria all have teams entered.

Rykerts, B. C., has been declared a pass of entry for live stock. This will greatly assist residents of Creston and the valley to the south of that place as it will allow of live stock being brought in from across the line from Port Hill, Idaho, without the necessity of having to be taken by way of Kingsgate, B. C., which has heretofore been the only place in that district and which is 32 miles from Port Hill. Kenneth Chester, Dominion veterinary, now located at Kingsgate, will have charge of the new port.

The death took place at the residence of Mr. and Mrs. W. T. Oliver, 88 edgewood avenue, on Sunday morning, of Mrs. Frank Broughton, wife of Frank Broughton, R. N. R., to whom she was married on April 12 last, and sister of Mrs. C. H. Reynolds of Harrop. The late Mrs. Broughton had resided in Knowney for about three years coming here from India. She was for some time a nurse at the Home hospital. The funeral took place yesterday from St. Saviour's church, Rev. C. H. Reynolds officiating.

Jack Allsman returned to the city last evening from a trip to Spokane, Seattle and Tacoma. Mr. Allsman visited his former home in the latter city and spent three days taking in the Seattle exposition which time, he says, is too short to see all that is going. He says that for amusement the Pay-street excels anything he had ever before seen and that no opportunity should be lost by residents of the west to visit the exhibition. Mr. Allsman saw the Canadian exhibit and says that Canada's mineral display is away ahead of anything else at the fair in that line. He saw the two large chunks of ore from the St. Eugene mine, each of which weighs over two tons and which are as well displayed as any mineral at the exposition. He also saw the large samples from the Blue Bell, which, along with the St. Eugene exhibit, is the main feature of Kootenay's display. Mr. Allsman says that about 25,000 people are visiting the exposition daily.

As a result of its agitation to protect the sprawning grounds at Bernard of the great Kootenay lake trout, the executive of the Kaslo Rod & Gun club has received a communication from C. B. Sword, provincial inspector of fisheries, stating that the matter has received attention and a warden will be placed at the head of the lake during the sprawning season in future. Mr. Sword was here some time ago and the matters thoroughly explained to him, with the subsequent action taken.—Kaslo Kootenaian.

P. LAMONT

Just Received

Part of a bankrupt stock, Japanese Cups, Saucers and Plates. One hundred dozen to choose from and values never before equalled, less than half price.

Old Curiosity Shop

NOTICE

A special meeting of the board of trade will be held this evening at the board of trade rooms at 8.30 p. m. for the purpose of meeting Mr. F. W. Peters and receiving his proposals and the report of the president and secretary upon the negotiations with the Canadian Pacific railway that have been carried on.

E. K. BEESTON,
Secretary.

BOARD OF TRADE CALLED

F. W. PETERS OF C. P. R. TO ADDRESS MEMBERS

EXPECTED HE WILL MAKE IMPORTANT ANNOUNCEMENT

F. W. Peters, assistant to the second vice-president of the Canadian Pacific Railway company, arrived in Nelson last evening by the Crow boat and passed the evening in company with F. A. Starkey, president, and E. K. Beeston, secretary, of the Nelson board of trade. As a result of the intention which took place a general meeting of the board of trade has been called for this evening at 8.30 and, while the proposals that Mr. Peters is expected to make are not yet given out, it is said that they will be of such a nature that, if accepted, the general interests not only of Nelson but of the whole district of Kootenay will be much benefited.

Mr. Peters has come back at the earliest possible moment with proposals he is prepared to submit, and it is necessary to call a meeting of the members of the board of trade at short notice because he is compelled to return to Winnipeg by Wednesday morning's boat and it is though better he should have the opportunity of giving personal explanations. It is expected that there will undoubtedly be a large attendance, as the matters to be discussed must necessarily be highly interesting.

RAGING GALE

Steamer Lost in Gulf of St. Lawrence Near Burgeo

NORTH SYDNEY, N. S., Aug. 2—The Newfoundland schooner Jubilee has been lost near Burgeo, Newfoundland. The crew were saved. No particulars are known. The Jubilee left here Thursday last with coal and was evidently caught in a heavy southeast gale, which raged in a section of the gulf of St. Lawrence that night. She was built at Exploits, Newfoundland, 22 years ago.

The steamer Alexander, Capt Blackmore, who left here last week with a cargo of coal for the fog alarm station at St. Paul's island, returned here today after a hard experience in the gulf. After landing 35 tons of her cargo at St. Paul's island when the gale sprung up she was obliged to put to sea to avoid being driven on the rocks.

Minard's Liniment cures Diphtheria.

FULL OF PROSPECTORS

SHEEP CREEK IS MECCA OF SEARCHERS FOR GOLD

BETWEEN FIVE AND SIX HUNDRED THERE NOW

George D. Bell, who is at present operating the Bonanza mine, a property situated above the Queen on the slope of wolf creek, reached the city last evening from Salmo and is at the Hume.

He has a number of men at work on the Bonanza and has recently encountered a new shoot of ore about 400 feet west of the old lead. The new shoot has a remarkably fine showing and the operators of the mine are confident that it will excel anything they have heretofore encountered. The mine is not shipping yet, considerable development work being necessary before the ore can be taken out.

Mr. Bell, speaking of the Sheep creek country generally, says that considerable activity is shown. Roughly estimating, he would say that at present there are at least between 500 and 600 prospectors in the hills in that country from all points in the west.

"A new strike has recently been made on the Queen," said Mr. Bell to a representative of The Daily News last evening, "while strikes of much importance have recently been made on several other properties around Salmo."

Large staffs of men are employed at the Queen, Mother Lode, Kootenay Belle and Nugget, and many of the other properties in the district are being worked on a more extensive scale than heretofore.

Mr. Bell, on Sunday morning, witnessed the panning of some ore which had been brought into Salmo from a group of four claims situated on Wolf lake and which proved very rich.

He returns to Salmo tomorrow morning.

INTERSTATE FAIR

There Will Be a Big Display of Live Stock at Spokane

SPOKANE, Aug. 2—The live stock parade at the Spokane Interstate fair this year, Sept. 20 to 25, popular as that feature of the fair has grown, will probably open the eyes of every visitor to the enormous stock industry of the northwest; this, for the reason that there will be more live stock entered, according to present indications, than seen in former years at the interstate fair.

That is but one feature—though, from the standpoint of the picturesque, one of the most interesting of all at the fair, to the casual spectator and stockmen alike.

But in every department, stock, fruit and vegetable, mineral, manufacturers, industrial and art, the same promise seems to hold of a fair even bigger than that of last year. Stock, fruit and grain and vegetables, and horse races, of course, make the bone and bottom of all great fairs; and in the latter feature, also, 1909 promises to offer a better harness and running program than ever seen before in the northwest.

There are good reasons for this. This is a big fair year all over the west and northwest. And the Spokane interstate fair, the biggest fair held annually west of the Missouri, will be visited this year by strings of race horses from all over Washington, from Idaho, and —ontana, California and Oregon. From the Minnesota state fair, the greatest state fair in the United States, will come the prize-winning livestock, three special trains in all, to compete with the best of the Inland Empire. The interstate fair management is offering an extraordinarily generous list of premiums this year, full information of which may be obtained by writing to Robert H. Cosgrove, secretary.

Moose Jaw Man Suicides

(Western Associated Press.)

EDMONTON, Aug. 2—A case of suicide occurred at Lesser Slave lake settlement last week, when Frank H. Parsons, formerly of Moose Jaw, shot himself through the heart with a revolver between 11 and 12 o'clock Monday morning. Previously to going to Lesser Slave lake he was in the employ of Rev. Robert Holmes at Poach River Crossing. Owing to the absence of the coroner no inquest was held. Melancholia is supposed to be the cause of the act.

ARE STILL AT LARGE

Mounted Police Abandon Chase of Men from Edmonton Pen.

(Western Associated Press.)

EDMONTON, Aug. 2—The chase of convicts Atkinson and Johnson, now three weeks at liberty from Edmonton penitentiary, has been abandoned by the R.N.W.M.P. and the men have disappeared from view as if they had been swallowed by the earth. A week ago tracker Williams gave up the chase but later a report was received that a negro and a white man had crossed the Saskatchewan above Edmonton and were then in the district west of Stoney Plains. The police were immediately put on the trail and succeeded in running down the men. It turned out that, though answering the general description of the escaped convicts, that they were not the men wanted.
