

IS APPOINTED

W. C. Wells to be Made Lieutenant-Governor

ORDER-IN-COUNCIL PASSED

IS WELL KNOWN IN B.C. POLITICS—HAS RESIDED NEAR NELSON SINCE 1907—MR. J. D. WELLS WILL BE HOSTESS AT GOVERNMENT HOUSE

"An order in council appointing Wilmer C. Wells to be lieutenant governor, vice Hon. James Danahue, resigned, has been passed by the federal government and only awaits the governor general's signature on his return from the north. Mr. Wells is expected here on Monday to assume office."

The above was the substance of a wire received last night from a special correspondent of The Daily News at Victoria stating that the news of the appointment of W. C. Wells of Nelson as lieutenant governor of British Columbia had been confirmed by an order in council passed by the dominion government at Ottawa.

Rumors have been rife for some time as to the person who was likely to be chosen to fill this important position and on Friday morning The Daily News published a dispatch stating that Mr. Wells had been appointed. This was in a measure substantiated when it was learned that he had left on the previous evening in response to a telegram from the capital city. Mr. Wells was yesterday in Vancouver and, may be, here today, will reach Victoria tomorrow.

The new lieutenant governor is well known in political circles in this province. For some years he was a resident of Palliser, near Golden, where he was the proprietor of some large lumber mills and timber limits. In the provincial election of 1898 he contested the Columbia riding and was defeated by 16 votes by W. G. Neilson, who, however, did not live to take his seat in the house. Mr. Wells in the bye-election which followed, was elected and was again successful in 1903. Mr. Wells was elected by acclamation.

He was given rank as a cabinet minister under the Danahue regime in June, 1902, as chief commissioner of lands and works and continued in that position under the Prior ministry, which was formed in November of the same year. He resigned in May, 1903.

From that time until about 18 months ago the new lieutenant governor lived at Palliser, managing his lumber business. He sold this, together with his timber limits and in 1907 came to the government house at Victoria, where Mrs. Wells will act as hostess.

18 UNSUCCESSFUL

Zeppelin Falls on 240 Mile Journey—Progress of Flight

BERLIN, Aug. 28.—A series of accidents to motors and propellers and contrary winds combined to keep count Zeppelin from fulfillment of his promised visit to Berlin in his airship on Aug. 28. The Zeppelin III is now at Bitterfeld, having started from Friedrichshafen at 4:30 Friday morning. The delay, however, will only last one day as the count tonight announced his intention to leave Bitterfeld about 6 o'clock tomorrow, arriving at the capital at noon in the airship. The eventful flight from Nuremberg ended this evening and the crippled craft landed in the presence of many thousands of spectators.

Crown prince Frederick William and count Zeppelin were together at the anchorage and immediately telegraphed to the emperor requesting instructions as to when his majesty desired the vessel to come to Berlin. The emperor replied: "Come early tomorrow."

The emperor had been constantly informed as to the ship's progress and was prepared throughout the day to proceed to the Temple Field to witness the arrival.

BEYRUUTH, Aug. 28.—The Zeppelin airship which left Hamburg at 2:30 this morning passed here at 7:03. The airship was laboring against severe winds. The engineer threw out a card saying that the machinery was running smoothly and that all on board the vessel were well.

ALTENBURG, Aug. 28.—The Zeppelin airship lost one of its propellers near Ronneburg. It passed here at 3:33 this afternoon but was proceeding at a reduced rate of speed. This accident will delay the arrival in Berlin.

CANADIAN WHEAT BEST

American Growers Obtain Seed for Propagation From Dominion

CALGARY, Aug. 28.—United States agriculturists now acknowledge that pure seed is more easily obtained in western Canada than elsewhere. This statement is borne out by the fact that Prof. Shaw, the dozen of American agriculturists, is now arranging to secure pure seed from Bow river agriculturists for the purpose of distribution

LORD BERESFORD TALKS OF OBJECT OF VISIT

SPEAKS OF HIS ADMIRATION FOR DOMINION'S SPIRIT

MONTREAL, Aug. 28.—In an interview this morning, prior to his departure for Toronto, Lord Charles Beresford said that in regard to the question of naval defence he was not here to criticize the imperial government. "That would be had taste," he continued, "but I do say that in years past our naval questions were beyond politics, but that now naval officers tend to politicians in the admiralty. In time of war we require one imperial navy working for the empire. That is the gospel I am here to preach. But I admire Canada, South Africa and Australia wishing for separate navies. They have a right to resent anything else."

FALSE PROPHETS ARISE

Two South African Natives Come to Blows With Police

CAPE TOWN, Aug. 28.—A remarkable incident at Tanga, Bechuanaland, has just been revealed.

A fortnight ago two natives, one a kitchen boy from Mafeking, entered the native village adjoining Tanga, one proclaiming himself the Saviour and the other His prophet. The leader addressed a large gathering of the Batlapin tribe, numbering 1,500, ending in an exhortation by indicating the European quarter of Tanga and declaring: "Before the sun sets tonight not a white person must remain alive."

Inspector Gordon Turner, who was present, arrested both men with the assistance of one policeman, and after a scuffle took them to the magistrate's court. The crowd of 1,500 natives followed with menacing demeanour. They swarmed into the magistrate's court, insulted the magistrate, and refused to disperse. The magistrate was powerless, as he had only the two police officers at his command.

Eventually Molah, the Batlapin chief, arrived, and dispersed the crowd with a horsewhip. The two men arrested were committed for trial.

There have been no further disturbances, but the incident is officially regarded as serious. It is the first occasion on which the Bechuanaland tribes have shown gross disrespect for the magistracy. Moreover, Molah's influence has been unduly strengthened at the expense of white authority. The men arrested belonged to the Ethiopian church.

SNOW ON MARS

Photographs Show Planet Enjoying Varied and Regular Seasons

BERLIN, Aug. 28.—Some important changes on the surface of Mars, strongly tending to confirm the theory that the planet enjoys changes of seasons similar to those experienced on the earth, have been detected by Dr. Friedrich Archenhold, director of the Trepow observatory in Berlin.

The alterations, which occur in the vicinity of the Martian south pole, were first discovered as the result of a series of highly successful photographic experiments in 1894. The white spot known as the polar cap on the southern half of Mars disappeared from view. It has been conjectured that since that time a period of summer had been prevailing there, for the white spot has now again become visible, as is shown by Dr. Archenhold's photographs, which reveal at the polar axis a well-defined white area bearing a strong resemblance to the ice fields at the terrestrial poles.

REACHES NEW YORK

Sir Joseph Ward, Who is to Travel Through B. C.

NEW YORK, Aug. 28.—Returning from the Imperial Defence conference, which closed recently in London, Sir Joseph G. Ward, premier of New Zealand, and Sir Edward Morris, premier of Newfoundland, arrived here today on the steamer Campana from England on their way home.

IMMIGRATION FIGURES

More Settlers From British Isles to States Than Canada

LONDON, Aug. 28.—The number of immigrants from the British Isles to Canada during the first seven months of the present year was 53,925, while the immigration to the United States was 59,433.

FOR ONE EMPIRE NAVY

LORD BERESFORD TALKS OF OBJECT OF VISIT

SPEAKS OF HIS ADMIRATION FOR DOMINION'S SPIRIT

(Special to The Daily News.) VANCOUVER, Aug. 28.—The Westminster lacrosse team showed Minto cup form this afternoon in the league game with Vancouver by smothering the latter team by a score of 11-4. This is the first decisive beating the champions have given Vancouver this year, the other games they won having been by close margins. This afternoon, however, the Westminsters showed clear superiority, outclassing Vancouver in every quarter save the second. In the champions' famous third quarter sport they blanked Vancouver and ran up six goals in quick succession. In the last quarter, however, honors were about even.

The score by quarters was: New Westminsters, 3, 1, 6, 1; Vancouver, 0, 3, 0, 1. The result of this game means that the Vancouverers have lost all hope of getting the Minto cup through the league series, as Westminster has now won the majority of the games.

C. P. R. officials have just awarded a contract which will mean the building of its plant here in readiness to handle grain shipments this season. The order includes complete equipment, hand, line machinery, bins, scaling machinery, etc., sufficient to handle a cargo of wheat every two minutes.

The Vancouver ministerial association this afternoon appealed to Hon. W. J. Bowser, attorney general, to interfere in the alleged gambling going on at the Minto race track on Lulu Island. Hon. Mr. Bowser replied that regularly an inquiry should be made by the municipality affected. He would, however, consult with his colleagues as to the provincial authorities stepping in to interfere.

New Westminster city council has awarded a contract for a large amount of pipe for the extension of the city water system to J. C. McDonald of Grand Forks, one stipulation of the contract being that the contractor shall remove his business to New Westminster and put up a heavy bond. Mr. McDonald was present at the meeting with his solicitor, and promised to accept the demand. The contract covers a 24 inch main from Lake Quilich to New Westminster, and a 12 inch main to supply the Richmond municipality.

BEARS OUT CONFESSION

BODY OF INDIAN ANTOINE BATISTE IS RECOVERED

EVERYTHING CONFIRMS KOOTENAY FRANK'S STORY

The body of Antoine Batiste, the Indian who was murdered at a point between Grassy Point and Neskon, in the Arrow lake, on Sunday morning, the 24th inst., has been recovered yesterday. The body was recovered yesterday from the lake near the point at which Frank Kootenay admitted having thrown the body. The news was brought to the city last evening by Constable Jensen, who has just returned from an official call to the Flat Valley district.

The story is that on Sunday, August 24, two hunters of an almost entire tribe of Indians departed from Frank's ranch and, after securing two bottles of whiskey from a Chinaman, proceeded in a row boat toward Neskon. Only one arrived there, however, and he told that his partner had returned to Neskon by the shore. F. G. Paupelle had occasion to go to Neskon and finding that neither of the two Indians arrived, went in Nakum and reported the matter to the police who have since been working on the case.

Chief Devitt immediately started on the hunt and very soon after he arrived at Frank Kootenay, the deceased's partner, between Thrana and Castanet, on a charge of murder. He and another Indian had purchased changes of clothing and a canoe from Frank Kootenay, because, when he reached Neskon, he was without funds and later Constable Devitt discovered that he was spending \$9 daily.

TO SALVE OHIO

VICTORIA, B. C., Aug. 28.—The steamer Salvor of the British Columbia Salvage company left at noon with H. F. Bullen and a party of wreckers on board to engage in the work of raising the wrecked steamer Ohio on the usual Lloyd's "No cure, no pay" arrangement. The Ohio lies in six fathoms forward, twelve fathoms aft, is damaged on the port side and a bulkhead is gone.

THROWN FROM SKIDDING AUTO

PHILADELPHIA, Pa., Aug. 28.—While skidding around a sharp bend in a Fairmont park driveway an automobile, carrying three women and two men, sped along for a short distance on two wheels and then turned over, ejecting Miss Mitchell, 26 years old, with such force that she died in a hospital in a few hours. None of the others were injured.

Icebreaker is Success

LARGEST IN THE EMPIRE

THAT IS WHAT GRANBY SMELTER SOON WILL BE

MANAGER HODGES TELLS OF THE COMPANY'S PLANS

"I have heard so much about the mine of resources of the Queen Charlotte Islands that I am going to make a personal investigation on my own account. If half the stories I hear are true the islands will be one many years to the centre of extensive mining and smelting operations," said A. W. Hodges, manager of the Granby Consolidated Mining & Smelting company in an interview given to the Vancouver Province recently on the eve of his departure for the north. He expects to devote several weeks to an inspection of various properties near Jukaby, Lockport and Tasso harbor, and if time permits may take a run up as far as the Portland canal mining district on the mainland.

Mr. Hodges is probably the best known mining man and metallurgist in the Dominion. He designed and built the Granby smelter at Grand Forks and for the past five years has been in charge of all the mining and smelting operations of that company.

The reduction plant is now being enlarged to a capacity of four thousand tons daily. It will begin treating ore on October 1. The Granby smelter is the largest smelter in the British empire and the third largest smelter on the continent.

"At the beginning of the present year we took advantage of the low price of copper to start work on the enlargement of our smelter to a capacity of 4,000 tons daily, or 1,000 tons in excess of our present daily capacity. The work is nearing completion."

The improvements will cost about \$250,000. Six of the eight furnaces have been enlarged from 15 to 22 feet in length, with an additional depth of four feet, thus increasing economies in operation and cost considerably. The new furnaces are now running full blast. Two others are also being enlarged. When the entire work is completed, about October 1, the Granby company, it is likely, will be able to treat about 10,000 tons of copper ore daily.

"The smelter plant has been remodelled to take care of the mill tailings, and the latest improved electricity has been installed. The plant is now well as having complete of the latest types. The old wooden building has been torn down and new, in the case of the furnace room, built of steel and fireproof structure. The new building is being built to the enlargement of the smelter the year ending June 30, produced about 2,300,000 pounds of copper, in addition to about 100,000 pounds of silver and 100,000 pounds of gold."

BIG DISASTER

Appalling Loss of Life and Property in Texas

DELUGE CAUSES FLOOD

PORTION OF CITY OF MONTEREY IS DEVASTATED—TELEPHONES AND TELEGRAPH ARE OUT OF BUSINESS—HUNDREDS OF MORE KILLED—HUGE MONEY LOSS

LAREDO, Texas, Aug. 28.—Reports reached here this evening of one of the most disastrous floods that has ever been experienced in northern Mexico, caused by the overflow of the Santa Catarina river. According to the reports there has been a great loss of life, estimated from 100 to 300 persons, and the financial damage is estimated at anywhere from \$1,000,000 to \$2,000,000.

For the past 48 hours a veritable deluge of rain has been falling, which, together with the flow of water from the adjacent mountains into the Santa Catarina river, has swelled that stream that it completely overflowed certain portions of the city of Monterey, wrecking houses and causing the loss of life.

Not a train reached this city today and telegraph communication is crippled. In the city of Monterey telephone communication is impossible, the electric plant is half under water and out of commission, and the entire street car service is paralyzed.

Monterey, which is a city of approximately 75,000 inhabitants, is in a valley between huge mountains and is traversed by the Santa Catarina river.

MEXICO CITY, Aug. 28.—Scores are reported dead, several thousands are homeless, and part of the city of Monterey was washed away by a cyclone and food early this morning. There is no direct communication with that point and the extent of the loss cannot yet be definitely ascertained.

The storm struck inland from off the Gulf, after devastating part of the isthmus of Tehuantepec. It is reported that the city of Aguascalientes, in the state of Guanajuato, has been badly damaged. Many bridges and more than 50 miles of track have been washed away on the Pan-American railway. Two Indian villages in Tamaulipas have been wiped out and the lighthouse at Tampico was swept away. No damage was done to the shipping in the harbors of Vera Cruz and Tampico. The telegraph lines have been crippled in the states of Guanajuato, Coahuila, Vera Cruz, Nuevo Leon and Tamaulipas. The Sanabria Carles river at Monterey in several feet above the flood level and is still rising. The storm is the most disastrous that Mexico has experienced in recent years. Latest reports state that 125 miles of track of the Mexican National railway has been washed out in Nuevo Leon and Coahuila.

A message to the railway officials says that there are no light facilities and no water at Monterey, the water mains having burst, and that the city is in darkness. The river divides the city proper from the suburb of San Luisito and the latter probably has been destroyed. The bridge is now under a torrent of water. Several blocks of houses occupied by the poor were carried away while the spectators upon the opposite side of the river watched helplessly.

MEXICO CITY, Aug. 28.—Later.—The Associated Press correspondent at Monterey wires that 100 people have been drowned as a result of the floods which still continue. Fourteen thousand people are homeless and the damage is not less than \$12,000,000. The entire suburb of San Luisito has been swept away.

The city of Monterey is in darkness and without drinking water. Among the losses are the Monterey Steel company, \$1,000,000; The Mexican Smelter & Lead company, \$3,000,000. The city has assistance from the United States.

A dispatch to the Herald says that more than 10,000 persons are homeless and that hundreds have been drowned. Thousands are sleeping in the public squares tonight. The deluge of rain still continues and the river is rising. The flood is the greatest since 1823. The steel works and the big smelters have been destroyed or badly damaged.

There will be no railway communication for at least a week. The society of the American colony held a meeting tonight at which resolutions were adopted to appeal to the United States and other powers for aid.

The scene in the flood swept section of Monterey is one of desolation. Four city blocks on the south side have completely disappeared. For seven hours rain has fallen in unprecedented volume throughout this section and the Santa Catarina river rose gradually all day Friday, the crest of the flood reaching Monterey early today.

The electric lights went out last night and the complete darkness was an added terror. Cries of the drowning could be heard but the onlookers were powerless to render aid. When daylight came the scene was undecipherable. All through the flooded district groups could be seen huddled upon the tops of two story buildings, entirely surrounded by a tumbling sea of water. On the roofs of these houses disappeared their human freight. Nothing could live in the wild current of the Santa Catarina river, which was running at the rate of 20 miles an hour. During the early morning hours the depth of water remained stationary and it was noon before a fall of four feet began. By 4 o'clock this afternoon the river was back in its banks only to get out again at 6 o'clock owing to the continued fall of rain.

LARGE OUTPUT

Mining Activity Now General Throughout District

PAST WEEK'S SHIPMENTS

TRAIL SMELTER RECEIPTS SECOND LARGEST IN YEAR—ARRANGEMENTS BEING MADE TO INCREASE DEVELOPMENT OF SHEEP CREEK MINES

The mining shipments for the Kootenay and Boundary districts are again well above the average this week and a steady increase in the output of a good number of properties is noticeable. The total shipments for the week from the mines of the Sheep Creek, Kootenay, Boundary and Boundary districts amounted to 23,154 tons, an increase of 2,000 tons over last week's total.

The Mother Lode at Greenwood is steadily increasing its output, 15,000 tons being shipped nearly 1,000 tons more last week than in the previous week and the Granby is maintaining its large output. The mines in the Boundary camp are making large shipments, while those of the Sheep Creek-Kootenay shipped over 900 tons more last week than in the previous week. The receipts of the Consolidated company's smelter at Trail during the week amounted to 13,114 tons, which total has only been exceeded once during the year.

The Queen and the Mother Lode mines at Salmon are being operated on an extensive scale while several other properties in the Sheep Creek country are making arrangements to increase their output in the immediate future.

J. L. Warner, who returned last night from a trip of inspection to Sheep Creek, mentioned to a representative of The Daily News that the output of the Kootenay-Boundary would be increased to 30 on September 1. The past week's output, which has been undergoing development during the past few months, was looking extremely well. Already sufficient tonnage to keep a full steam mill in operation for six months was ready for shipment. Not only, said Mr. Warner, was the output of the Kootenay-Boundary looking extremely well, but it ran just over double the value in gold of that shipped previously.

The following are the mine shipments for the last week and year to date:

GRANBY SMELTER RECEIPTS.
Granby 15,600 62,400
Mother Lode 7,102 32,728

117.78 miles, in 3:44:24, has been officially protested on the grounds that he entered with a Vivian motor, but substituted a Gnome motor, and that he violated article 8 of the regulations, which provides that all material employed on the ground be approved by the committee before Aug. 20, two days before the contest opened.

BETHANY, Aug. 28.—The committee rendered a decision favorable to Farman when the Englishman produced written authority from three members of the sports committee to use the Gnome motor.

FIERCER LACROSSE

One Player Has Jaw Broken, Another Head Cut at Victoria

VICTORIA, Aug. 28.—New Westminster defeated Victoria in a rough game of lacrosse here today by 10 goals to 7. W. Paton of the Victoria twelve had his jaw broken by a blow of the ball and Fitzgerald of New Westminster had his head laid open in a scrimmage by Sid Graves. Little attention was paid to the rough work by either side and the penalties were few.

Lajolo for New York

NEW YORK, Aug. 28.—No confirmation was obtained today of a well defined statement that Napoleon Lajolo, the star second baseman of the Cleveland American League club, would be traded to the local club of the American league for outfielder William Keeler, pitcher Joe Lala and a cash consideration. Lajolo, it is said, will play out the season with Cleveland and join the local club in the spring. Lajolo recently resigned as manager for Cleveland and Frank Farrell immediately took steps to secure him.

Murphy Enters Protest

CHICAGO, Ill., Aug. 28.—President Murphy of the Cubs yesterday protested to President Heydler of the National league against the arbitrating of Empire Klein, whose decisions cost the Cubs their final game at Philadelphia. President Murphy says it is the first time in his career that he has filed a protest against an umpire.

Kling Out for Good

KANSAS CITY, Mo., Aug. 28.—Further evidence that John Kling intends to settle down and engage in business instead of battling for his livelihood on the diamonds of the major leagues was produced yesterday when he incorporated a boxball supply company bearing his name and with a capital of \$500.00.

Lancashire Beats Somerset

LONDON, Aug. 28.—The cricket match yesterday between Lancashire and Somerset ended in a victory for the former by 94 runs.

CANADA GETTING TRADE

New York Grain Men Fight to Regain Lost Business

NEW YORK, Aug. 28.—The Times today says: As a last resource, the members of the grain committee of the New York produce exchange intend to appeal to the interest of the consumer commission on the ground of water competition in their fight with the railroads to get a reduced rate of freight, so that this port may again obtain its share of export grain trade.

At present, they say, eight in the middle of the open season, when grain should be moving outward, heavy steamships are going fully laden with grain from Montreal, while those from New York are practically empty. Canadian ship brokers are obtaining 6 cents a bushel freight to United Kingdom ports, while ships here cannot obtain cargoes on grain at 2 cents a bushel.

The members admit that the railroads are willing to give them a preferential rate east of Buffalo to compete with the through rates on the Canadian lines, but they are afraid of the central and western traffic associations diverting other freight from them. In retaliation, the loss of the grain trade from this port has been seriously felt along the river front, where at least 15 big grain elevators are declared to be standing idle.

Brandes' Cry of Woe

LONDON, Aug. 28.—George Brandes, the famous Danish writer, has an interesting lament in an interview published yesterday. Brandes is the author of 40 volumes of history and literary criticism. But he declares that nobody reads him. He says: "I am famous, but that is of no avail if nobody reads me. My publishers never sell more than 40 copies. Of the British edition of the memoirs only two copies were actually sold. Some time ago I was inquired in France and yet I knew that none of the people who sold sweet things to me had read my books. All my books published in the English language earn less than \$40 per annum."

Poor Old Europe

LONDON, Aug. 28.—The public events of Europe during the past week have been of the most trivial nature and nobody has any fault to find with the prevalent summer dulness. There

is a war of sorts in Morocco, but it excites no interest. The great powers, by a united and solemn effort, have chopped down a flagstaff at Canen and the crisis between Turkey and Greece was mitigated, if not dissolved, by this simple expedient. In England the budget discussion has become a bore and the public finds far more human interest in the hearings of the committee, which is considering the question of the dramatic censorship.

THE NEW DAILY PATTERN

LADIES' BACK APRON

Paris Pattern No. 1824

All Seams Allowed

Striped gingham or percale has been used for this serviceable garment, which is equally adaptable to gingham, chambray, linen, duck or denim. It may be developed with high neck and band collar, or with Dutch round or square neck. The full sleeves are gathered into narrow cuffs of the material. Two square pockets ornament the front. The pattern is in four sizes, 32, 34, 36 and 44 inches, bust measure. For 36 inch bust the apron requires 1 3/4 yards of material 27 inches wide, or 5 1/2 yards 36 inches wide; 1 1/4 yards of edging.

Price of pattern 10 cents. Please send the above mentioned pattern as per directions given below, to Name _____ Street _____ No. _____ Province _____ Measurement—Waist _____ Bust _____ Age (if child or girl) _____ Pattern _____ Caution—Be careful to enclose photo illustration and send size of pattern desired. When the pattern is sent measure you need only mark 32, 34, or whatever it may be. When the waist measure, 32, 34, 36 or whatever it may be, if a skirt give waist and length measure. When skirt or child's pattern write only the figure representing the age. It is not necessary to write inches or yards. Patterns cannot reach you in less than five or six days from the date of order. The price of each pattern is 10 cents in cash or postal order. Do not send stamps. Address: The Daily News Pattern Dept., Nelson, B.C.

SHOT BY POLICEMAN

Escaped Convict Robber is Mortally Wounded at Harrisburg

HARRISBURG, Aug. 28.—George Graham, who escaped from the Carlisle gaol yesterday, was shot and killed by a Harrisburg policeman today. Late last night the police were informed that Graham was hiding in a house here. The place was watched and this morning a number of policemen were sent to seek him.

Graham saw them coming and dashed from the house. Three shots were fired over his head but when he continued to run, policeman Scott fired a Graham's legs. The ball went through his right leg. He died an hour later in the hospital. Graham was arrested two weeks ago charged with robbing a store in Carlisle.

GLENN CURTISS WINS CUP

BREAKS ALL RECORDS AT RHEIMS AVIATION RACES

HE COMPETED AGAINST INTERNATIONAL FLYERS

BETHANY AVIATION FIELD, Rheims, Aug. 28.—Glenn H. Curtiss, the American aviator, today won the international cup of aviation, the most important event of aviation week. He covered the two laps of the course, 20 kilometres, or 12.42 miles, in 15 minutes 56.35 seconds. This is at the rate of 47.65 miles an hour. Bleriot, his most formidable competitor, made the distance in 16 minutes 54.15 seconds. Latham did not start.

Curtiss took advantage of the favorable weather conditions this morning, and after a trial lap, which he covered in 7 minutes 55.15 seconds, he made his official record. He did the first lap in 7 minutes 57.35 seconds and the second in 7 minutes 53.15 seconds. Each lap measures 6.21 miles and Curtiss broke all previous records.

Curtiss' competitors showed plainly

their astonishment at his remarkable performance and hastily prepared to compete with him. Bleriot made a trial with his big machine, but his time was 7 minutes 58.15 seconds, slower than any one of Curtiss' rounds. Shortly after 11 o'clock Lefebvre, with a Wright biplane, made an effort, but his speed was manifestly inferior. His total time for the distance was 20 minutes 33.25 seconds, almost 5 minutes slower than Curtiss.

The pilots and the representatives of the English, French

FORESTRY ASSOCIATION

One of the most interesting publications to hand for some time is the report of the tenth annual meeting of the Canadian Forestry Association, which has just been issued. It is in the shape of a booklet of some 160 pages, containing a report of the addresses delivered and the business transacted, the former being illustrated by excellent half tone engravings.

While the annual report of this association is always interesting this one is especially so, among the speakers having been Earl Grey, who, in a clear and forcible address, impressed upon his hearers the necessity for the adoption by Canadians of a policy of conservation of the country's natural resources in general and of forests in particular. In addition addresses were delivered by a number of well known experts and others interested in forestry. The report should be of especial interest to the people of British Columbia and should have a large circulation in this province. There is information and instruction in it for every one interested in forestry and nowhere should people be more interested in the question than in British Columbia.

While referring to the report mentioned it is only right that tribute should be paid to the excellent work which the association is doing in calling the attention of the people to the necessity for protecting their forest wealth and in encouraging a policy of afforestation. In this connection the aims and objects of the association may be mentioned as showing the scope of its work. They are as follows:

1. The exploration of the public domain, so that the lands unsuitable for agricultural purposes may be reserved for timber production.
2. The preservation of the forests for their influence on climate, soil and water supply.
3. The promotion of judicious methods in dealing with forests and woodlands.
4. Reforestation where advisable.
5. Tree planting on the plains, and on streets and highways.
6. The collection and publication of information bearing on the forestry problem in general.

Any association with aims and objects such as these deserves the hearty support of the people of British Columbia, where the natural timber wealth is perhaps a more important factor in the country's prosperity and future than in any other part of this continent.

EDITORIAL NOTES

The Coleman Miner says: "Blairmore has arisen again to the point where she requires a weekly." There's a chance for someone with ambitions.

The Old Man of the Cranbrook Herald says: "The Nelson fruit fair this year promises to be one of the best ever held by that organization. The

people of Nelson are great hostlers for their community and district and the fair is one of the best." And why shouldn't the people of Nelson be great hostlers for their community? There's no better anywhere.

The Kask Kootenian's little hammer is busy these days and Nelson in the forefront of its love taps. However, Nelson will likely survive the shock and in the meantime someone has been amused.

Judging by last night's dispatch there can no longer be any question of Mr. W. C. Wells' appointment to the position of lieutenant governor. Congratulations are, therefore, now in order, and The News hastens to extend them.

The Toronto Star repeats an oft-told truth thus: "All that is done by opportunity is to knock at a man's door early enough to wake him in time to get there. He must rise, dress, and do the bustling himself." It may be remarked that what is true of individuals is also true of communities.

The Dominion government has advertised the conditions under which our people can secure the government bonds which Mr. Fielding recommended were Canadian a chance to get as the result of much pressure and agitation, says the Montreal Star. To begin with, they must be deposited in the government savings banks. If they have deposited their savings in the much more convenient savings banks attached to the regular banking institutions, they are shut out—unless they forthwith get their money, deposit it with the government and leave it there three months. Even that will not do, unless they give notice, one month before the three months expires, of their intention to convert their deposit into bonds. The Ontario government offered its bonds at a reasonable rate—4 per cent practically—and established no annoying restrictions; and the result was that it sold a lot of them. If it had had agencies in every town and city as the Dominion government has in the postoffice, it would have sold them all. Apparently, Mr. Fielding does not want to give Canadian money a chance to share in the borrowing he is doing. It is enough for Canadians to pay the interest on Mr. Fielding's loans.

PHOENIX NEWS

J. L. Martin Leaves for Spokane to Manage Carney Mine

(Special to The Daily News.)
PHOENIX, Aug. 28.—At the election on Thursday to fill the vacancy caused by the declining vacant of the seat of A. M. P. J. Cook in the East Ward James P. McKeown was elected over John McIntosh by a majority of 12 votes. Only a small percentage of votes were cast.

J. L. Martin, for several years manager of the Phoenix Electric Light and Power company, and family leave in a few days for Spokane, where he will reside permanently. Mr. Martin is also president of the Carney Copper company, whose mine is at Mullin, Idaho. The property has now reached an advanced stage of development and he has resigned his position here with the electric company and will move to Spokane to give his entire attention to the mine. The shareholders of the Carney company in Phoenix, numbering about 150, gave a complimentary dance in Miners' union hall last night to Mr. Martin and his family. It was one of the most brilliant events of its kind ever held in this city, some 200 guests being present.

The Phoenix Laundry company has made an assignment to Albin Almqvist for the benefit of its creditors.

The appeal of the V. V. & E. railway

company against the decision of the court of revision on the assessment roll of the city of Phoenix, which was to have come up before Judge Brown in Greenwood yesterday, was withdrawn by the company before being heard.

David Oxley left this week on an extended visit to England.

The Phoenix Miners' union is making elaborate preparations for a big celebration here on Labor day. A long list of sports and other attractions has been prepared and committees are getting the new park in road shape for the day. A purse of \$115 has been hung up for baseball to be divided into two series. William Oxley, who has been master mechanic at the Granby mines for about ten years, leaves shortly to reside in Lehigh. On Monday evening officials and others connected with the mines met at his home and presented him with a gold watch and chain and Masonic emblems locked. The presentation was made by W. X. Macdonald, who expressed the regret of those present in the departure of Mr. Fraser. The Ladies' Aid of the Presbyterian church and friends presented Mrs. Fraser with a beautiful silver chafing dish.

Charles H. Rindberg, who has been superintendent of the Dominion Copper company's mines for the past two years, has resigned and will move to Spokane where he is interested in real estate. Long lake has been stocked with 500 trout from Boundary creek and a close season for fishing has been declared until 1918.

NEW HOSPITAL

Building of Cement Blocks to Be Erected at Grand Forks

(Special to The Daily News.)
GRAND FORKS, Aug. 28.—A new organization, known as the Citizens' Reform League, has been formed in the city, and includes the Local Option League, the Lord's Day Alliance and the Social and Moral Reform Council. The president of the organization is George H. Bell, the vice-presidents are the former presidents of the other three organizations which are merged into this new one. Dr. J. H. Bell, secretary, P. W. Ayre, treasurer, John Hamilton. The objects for which the league is formed are best set out in the following resolution which was unanimously passed at the organization meeting: "Whereas the Citizens' Reform League of Grand Forks is a non-political organization desirous of securing legislation conducive to the best interests of the home, community and province; and whereas it is the intention of this society and those in sympathy with its aims, irrespective of party affiliations, to take an active and energetic part in the election of a representative to the local legislature from among the citizens of this city; and whereas, in our opinion, it is in the best interests of this district that a group of sterling qualities, honest intentions and uncompromising character, be selected to represent the people in the legislature; and whereas, it is the duty of every citizen to support such a man in nomination and to vote for him in the election; therefore, be it resolved, that if the respective parties nominate such a man in nomination we will refrain from placing an independent man in the field."

The several small band fairs, which have been burning in this section for the past week or two days, are now practically extinguished. Fire Warden Charles M. Hill will cover all the ground which has been except by fire in his district, in order to make his report to the provincial government on the amount of damage done by standing timber, etc.

A. B. W. Rogers, general manager of the Granby Consolidated, left this week for a two weeks' trip to the Great Canadian islands, where he has some very pressing mining claims under bond. He was accompanied by R. Williams of Rossland, the party being joined at the coast by Hon. Thomas Taylor.

Thomas Cook, who for the past few years has been engaged by Woodland & Co.'s drug store in the receipt of clerk, leaves today for Toronto, Ont., where he will enter the college of pharmacy.

Harry Mann has secured the lease of W. K. O. Martin, taking the position made vacant by the departure shortly for Lehigh of Mr. Oxley.

A machine shop is being erected by the Phoenix & Boundary railway in this city, its estimated with their roadhouse.

The new hospital, to be erected in Grand Forks by Dr. C. M. Kingston, is to be of cement blocks, the contract for the manufacture of which was let this week to the local firm, Laidley & Callahan.

Grand Forks volunteer fire department

To Young Men

Are You Looking Ahead? Do You Realise What the Next Ten Years Mean to You?

Rudyard Kipling says:—"I hear in the passion of your morning a great and mighty rushing sound of the advance guard of the thousands of the world's best people who are coming to settle in your midst."

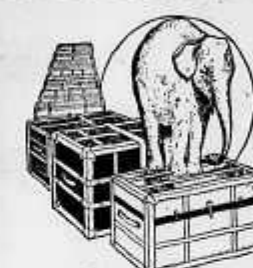

WHAT ARE COMING, the dream of the earth, with enthusiasm, energy, millions of capital and a determination to enter in and possess the land.

ARE YOU GOING TO HAVE SOMETHING TO OFFER THEM, OR ARE YOU SATISFIED WITH WHAT YOU CAN SAVE BY LABOR ALONE?

Cast your mind forward with us ten years. We have a great country. Our government is advertising at the World's Fair, Seattle, that it is the most profitable field for investment in the known world. The Canadian Pacific Railway Company are spending \$20,000,000 this year in advertising Western Canada. Very soon we will have two more great railway systems doing their utmost to develop our resources; before ten years we will have railways to the Yukon, the Peace river and the Mackenzie; we have the assurance now that three more American railway systems will build to Vancouver. Hundreds of millions will be poured into this province to develop its timber, mines, fisheries, manufacturing, railways, cultivation of land, etc. During that time Vancouver will be growing five times as fast as the rest of the province, as it has in the past. Lands that are now worth hundreds will be worth thousands. We are on the eve of a period of wonderful development and prosperity.

Now is the time to invest. Put every dollar you can spare right in between Vancouver and New Westminster and watch it grow. Get our free monthly report and keep posted on values. We have had twenty-three years' experience in Vancouver real estate. We have one member of our firm out all the time looking for maps. We can place you in any part you prefer and will post you on where the railway and street car lines, docks, power plants, manufacturing plants, etc., are going in. If you cannot call on us write to 401 Baker St., Nelson.

Wholesale and Retail

LEATHER GOODS J. M. Ludwig BAKER STREET

will hold a meeting in No. 1 hall on Tuesday evening next at 8 o'clock.

Invitation are out announcing the marriage of Miss Mamie A. Barrett, daughter of Rev. Mr. Barrett, to J. A. McQuinn of this city, at the Catholic church on Wednesday morning next, September 1.

Rev. P. W. Ayre, of Grand Forks will conduct the anniversary services in the Methodist Baptist church on Sunday and Monday.

The Misses Demuth, who have been spending their holidays at Butte, returned home yesterday, accompanied by their father, Superintendent Demuth of the Spokane & British Columbia railway.

Mr. Hamilton, a graduate of the Colorado School of Mines, who has been working at the ender in this city for some little time, getting practical experience, left this week for Phoenix where he will enter the employ of the Granby company, in order to gain an insight into the practical side of mining low grade ores.

Paddle Caught in Weeds

TORONTO, Aug. 28.—Bertha Petrie, 15 years of age, second daughter of H. W. Petrie of the Petrie Machinery company, was drowned at Center Island last night by the upsetting of a canoe. She had gone to meet her sister on the ferry, but the latter did not come and she was returning to the island when the paddle of the canoe is supposed to

have caught in the weeds and turned the boat over. She was in the water only 20 minutes, but all efforts to resuscitate the girl failed.

Lured to Death

NEW YORK, Aug. 28.—A St. Louis dispatch to the Times says that Louis Dennis, a well-to-do manufacturer, president of a bottling works and a lifelong resident of St. Louis, was shot yesterday and mortally wounded by George Snider. Dennis was shot twice just over the heart after he had been lured from his office by a telephone call. Physicians say that Dennis cannot live.

I bought a horse with a supposedly valuable pedigree for \$25. Cured him with 2000 worth of MINARD'S LINIMENT and sold him for \$500. Profit on Liniment \$480. MOORE, DEARBORN, Hotel Keeper, St. Phillips, Que.

MINING RECORDS

Much Activity in Nelson and Sheep Creek Districts

A notable feature in the mining records for the past week was the activity in the district immediately adjacent to Nelson. This sheep creek country was again made in evidence.

The new intentions were: The Amnash, on Stagnan mountain, near the south fork of the Salmo river, by W. S. Heald; the Amnash, on Stagnan mountain, by P. E. Peters; the Williams, on Stagnan mountain, by A. G. Larson; the Black Lead and the Black Ore, on the west fork of Salmon creek, by J. Gray, W. Maher and A. L. Stewart; the Silver Queen, near Erie, by H. Haglund and S. L. Myers; the Heather, on Haymont mountain, by Angus Carter; the Erin, on Salmon creek, by W. Maher; the Giant, on the west fork of Kootenay creek, by H. Reider; the First, on Morning mountain, by Neil W. Coleman; the Harry Wilson, on Morning mountain, by A. G. Shaw; the Phoenix, near Trout Junction, by C. H. Davidson; the Crown, on Lost creek, by O. S. Van; the Tule, on Sheep creek, by J. A. Tye; the Ross, on Sheep creek, by H. B. Morrison; the Eli, on Sheep creek, by Frank Morrison.

A half interest in the Delaware Station, on Salmon creek, was transferred from A. L. Stewart to Fred W. Convey; the Maple Leaf, on Wild Horse creek, from J. Stewart to L. J. Windsor; a half interest in the Belt, on Sheep creek, from W. C. Morrison to J. G. Davis.

Church Services Today.

All changes for church services announcements must be handed in or printed to The Daily News before 6 o'clock on Saturday. If not received by this time the notices will be omitted from Sunday's issue.

The services announced for today in the churches of Nelson are as follows: ANGLICAN—St. Andrew's church, seventh Ward and Sillia streets. Sunday school after Vespers, 8 a.m. Holy Communion, 9:30 a.m. Sunday school, 10 a.m. Matins and Holy Communion, 12:30 p.m. Rector, Rev. P. H. Graham.

ROMAN CATHOLIC—Church of Mary Immaculate, corner Ward and Mill streets. Low Mass, 8 a.m.; High Mass, 10 a.m.; evening service, 7:30 p.m. Father Altieri, officiating.

METHODIST—Morning service, 10 a.m.; evening service, 7:30 p.m. Sunday school, 12:30 p.m. W. J. Stappell, D. D., will preach both morning and evening. Rev. H. Newton Powell, pastor.

Christie's Biscuits—How their quality is guarded—

The Butter Tester Says:

"I'M A CRANK about butter. I've got to be."

"I realize thoroughly that Quality has built up this big business, and made 'Christie' a household word from ocean to ocean—first of all, Quality in the butter, flour, milk and other raw materials."

"I've been testing butter for thirty years, and I've never heard of any other firm exercising the same care as Christie, Brown & Co. do."

"All our butter is purchased by a well-known butter authority. He buys for export from the best creameries in Canada, and sends the pick to us."

"You would be surprised if you knew what butter—good butter, according to all ordinary standards—we reject. Most of it ninety-nine people out of a hundred would taste and accept as excellent table quality."

"It's not a matter of price with us. We pay a little better than the best market price, and the butter must be in accordance."

"We have a high standard for butter, the same as for all other raw materials. Anything that doesn't measure right up to that standard is rejected."

"The basis of the delicious goodness which you enjoy in Christie's Biscuits is the unvarying goodness of the raw materials that go into them."

"When I see how our orders for butter have to be steadily increased, to keep pace with the demand for Christie's Biscuits, I have the best kind of evidence that our jealous guarding of Christie Quality brings results."

You can taste Quality in every morsel of Christie's Biscuits. Sold in bulk, by the pound, or in moisture and dust-proof packages,

Application for Water Right

Notice is hereby given that I, John

DeKlader, rancher, of Nelson, B. C., intend

to apply to the Gold Commissioner at

Nelson, B. C., for right to take water for

irrigation and domestic purposes, thirty

days from date hereof, for one cubic foot

of water per second from Snellier creek,

about 90 feet above Lot 229, crossing Lot

284.

JOHN DEKLADER.

Nelson, Aug. 13, 1929. 12-5-29-4v.

Application for Water Right

Notice is hereby given that I, M. A.

Burns, of Thorne, B. C., intend to ap-

ply to the Gold Commissioner, Nelson, B.

C., thirty days from the date hereof, for

four cubic feet of water per second from

a small spring located about 90 feet north

and 250 feet west of C. P. R. station at

Thorne, for irrigation and domestic pur-

poses on Block 5, Sublot 3, Lot 362.

M. A. BURNS.

Thorne, B. C., Aug. 28, 1929. 25-5-29-4v.

NOTICE

TO WHOM IT MAY CONCERN:

A person is hereby forbidden from

picking up or in any way taking or han-

dling any of our logs which are now in or

on the shores of Kootenay Lake, as we

have arranged to handle all of said logs

ourselves.

Blue Ribbon

TEA

Is Most Carefully Selected

Of all the countries in the world, Ceylon and India have proved

the best adapted for producing good tea. So Indian and Ceylon teas

are exclusively used for Blue Ribbon.

And as hill-grown leaf is superior to the coarse, rank growth of the

lowlands, only "hill" tea is allowed in Blue Ribbon.

Of the hill plantations, a certain number of estates are especially

noted for the unusual and uniform excellence of their product.

From these celebrated hill estates, the very choicest of the crop is

selected and reserved for blending Blue Ribbon Tea. So it is unusually

delicious and fragrant, with none of the woodiness or bitterness that

spoils so many teas.

Just get a pound of Blue Ribbon

Tea and see for yourself

how good it is.

Lead-Packets

Don't accept anything else.

RICH, STRONG, FRAGRANT

BLUE RIBBON TEA CO.,

NELSON NEWS OF THE DAY

Miss Agnes Allen is visiting relatives in Rossland.

Judge Foran returned last evening from the coast.

The winning number in the drawing at Weir's shoe store last evening was 1411.

Kostany lodge No. 24, I. O. O. F., meets tomorrow evening in Oddfellows' hall.

P. Larson, 71 Baker street, left last evening to spend a few days at Halcyon Hot Springs.

Miss Hazel Hall, of the local staff of the C. E. R. telegraph is spending a couple of days in Grand Forks.

J. D. Spence, lawyer, of Greenwood, reached the city last evening and is registered at the Strathcona.

W. B. Shaw of Red Deer, Alta., who was recently appointed principal of the Home school, reached the city by the Crow steamer last evening and is a guest at the House. Mr. Shaw will commence his duties tomorrow morning.

The smoker and social, which was to have been held on Thursday evening next by the members of the local lodge of the Bene of England, has been postponed until September 15. The regular meeting will, however, be held this week as usual.

Dr. Spence, principal of Columbia college, New Westminster, will occupy the pulpit of Trinity Methodist church both this morning and evening. Dr. Spence is one of the foremost preachers of Canadian Methodism as well as a great educationalist. Visitors will be heartily welcomed.

William Haldane, of the firm of Hagg & Haldane, came to the Crow hotel on Friday night from Fernie. Mr. Hagg, who has been confined to the General hospital for the past three weeks with pleurisy,

WHOLESALE

RETAIL

next few days, and after a couple of weeks' vacation will return to business.

Mr. and Mrs. A. McInnes of Toronto are guests at the Strathcona.

J. C. Moen, foreman at the Hatcher Lode mine at Selkirk, is spending a few days in the city.

The music classes and shorthand, typewriting and bookkeeping classes will resume at St. Joseph's school on Wednesday next.

There will be a meeting tomorrow in the vest house at which Prof. Craig of Columbia university will deliver a lecture on "Intelligence."

Mr. H. Sullivan of Trail is a guest at the Strathcona. Mr. Sullivan is one of the staff of the Consolidated Mining and Smelting company.

The person who found a post office key at the corner of Baker and Josephine streets Friday evening is asked to return it to the post office.

W. K. Fricker, manager of the Greenwood branch of the Bank of Montreal, finished the city last evening and is a guest at the Strathcona.

There will be a special meeting of the executive committee of the Canadian club at 8 o'clock tomorrow evening in the club's room in the city house. At the meeting arrangements in connection with the visit of Sir J. P. Wain, premier of New Zealand, will be discussed.

All members of the Eagles basketball team are requested to turn out at 7:30 this morning for a practice game with a side composed of commercial travellers at present in Nelson. This match will be in anticipation of the ball game with Rossland at 8 p.m. at the latter city.

A shipment of Kostany fruit is being sent forward by the board of trade on the Crow steamer this morning for Toronto to be added to the Kostany exhibit at the Toronto fair. The shipment consists of apples and pears produced in Kostany territory, but the board is of the opinion that Kostany is not yet fully represented in the fruit display. While the shipment of apples and pears produced in Kostany territory, but the board is of the opinion that Kostany is not yet fully represented in the fruit display.

It is therefore requested that these persons having well formed, good covered apples and pears will please place them at the disposal of the board. A good price will be paid for them and even if only a dozen good specimens are obtainable by individual fruit growers the board will be glad to receive them. Buy

in a game of baseball in which a real old time score was run up by the Young Eagles team yesterday defeated the Independents, the tally at the close standing 24 to 11. The winners were managed by Murphy and captained by Monte Garrison, while J. Hanna captained the losers. The lineup of the two teams was as follows: Young Eagles—M. Garrison, c.; W. Richard, p.; R. Whitehead, 1b.; J. Henry, 2b.; W. Nelson, 3b.; Victor Martineau, s.; J. Foster, r. f.; S. Norburn, l. f.; J. Amerson, c. f. Independents—S. Jackson, c.; D. Gilman, p.; C. Bradshaw 1b.

Private sale of household furniture, including handsome polished oak dining cabinet with three drawers, also china cabinet and one dozen small drawers, also typewriter desk. Call Monday between 10 a.m. and 2 p.m. Mrs. V. W. O'Brien, 109 Silica St.

Mrs. James Poupore and family leave tomorrow evening for the coast. W. Poupore will remain at New Westminster to resume his studies at Columbian college while Mrs. Poupore and the remainder of the family will, after spending a short holiday at the coast, leave for Montreal where they will reside in future.

The main feature of it was the splendid playing of the Caladonians half back line, but their play was neutralized by the weakness of the forwards.

Famous Bridge Widened
LONDON, Aug. 28.—The widening of Blackfriars bridge is now all but completed, and it is expected, will be quite finished in the early part of September. This will be four months in rear of the time specified in the contract for completion—the beginning of next year. The city corporation having agreed to pay a bonus of £20 for each day after completion in advance of time, the contractors estimate that they will be entitled to an amount of between £2,000 and £3,000.
