VOL 8 NELSON B. C., THURSDAY MORNING, MAY 6, 909 NO. 12

BLOW FALLING

House Discusses Pugsley in Spite of Premier

TRIED TECHNICAL DEFENCE

CHARGES REACH COMMONS BY INDIRECT ROUTE— MINISTER ENTERS FLAT DENIAL AND DENOUNCES COMMISSION AS PARTIZAN.

OTTAWA, May 5—In the commons this morning Mr. Foster made an unsuccessful attempt to have laid on the table the report of the New Brunswick Central railway containing reflections on Pugsley. Mr. Foster moved for leave to lay on the table a copy of an order in council passed by the New Brunswick government appointing a commission and also the finding of the commission. He said his object was to place before the members the document on which the discussion would be based.

Sir Wilfrid Laurier said the motion was absolutely out of order as proper notice had not been given. There were several other reasons he might urge against the motion but would say no more than that it was out of order

R. L. Borden took issue with the premier. It was evident, he said, that the premier was afraid of the documents and took refuge behind the rules. Twould be a pity to set a precedent that a report which touches on the conduct of a member of the administration should not be laid on the table.

Spenker Marcil interrupted to say that Mr Borden must confine his remarks to the point of order.

Continuing, Mr. Borden said Mr. Foster had a right to make the motion as a matter of privilege.

Mr. Foster explained that he had on Tuesday given notice in a general way and subsequently he had given the clerk of the house notice of motion. While in point of time, it was true, the motion had to conform to the rules it would be a matter of convenience for the house to accept it.

Here Mr. Fielding remarked that it was unfortunate that Mr. Borden who so desired to discuss the point of order should begin with quite superfluous observations about a minister of the crown.

The speaker at this point put a stop to the discussion. He said the motion could not be discussed except by consent of the house and this had not been given. Later on the matter came up in another form on motion to go into supply. T. W. Cowthers, West Elgin, rose to move an amendment touching on the Central railway matter. He desired to direct attention to the matter reflecting on the dignity of parliament. Everyone regretted the necessity of bringing this matter to the attention of parliament. It was not agreeable to him but it was a strong sense of public duty which impelled him to move. Crowther noted the tender regard in which the reputatio nof public men is held in England. When a member of the government is reflected upon he did not wait but tendered his resignation. He asked: "Is the standard of the Canadian house lower than that of the British house?" Adding: "I trust not." Crowthers at the conclusion of his speech moved that in view of the serious matter touched in the report of the commision reflecting on the conduct of Mr. Pugsley, it deserves serious consideration of the house and demands such action as may be deemed necessary to enforce worthy and proper standards of public duty.

Resuming in the afternoon Crowthers read extracts from the Landry commission, the most grave charges being that as ex-officio director of the New Brunswick Coal & Railway company, Hon. Mr. Pugsley was negligent of the people's interests and to conceal the truth had adopted no system of bookkeeping for public information; that Mr. Pugsley as attorney general gave the New Brunswick legislature incorrect statements to avert suspicion; in stating that $180,000 was paid for the railway contract he was aware that there had been $30 000 rebate; that while Mr. Pugsley stated he did not receive much, he received $5000 under cover of salary, which he could not explain. Also that he was a party to the misappropriation of $134,035 and he engaged in illegal issue of bonds. Mr. Crowthers argued that in view of the standing of the commision making charges, the opposition was warranted in purging parliament from an unfortunate position in keeping in office a minister against whom there were such serious charges.

The statement that as attorney general, Mr. Pugsley had drawn money to which he was not entitled brought the minister to his feet, with a demand withdrawal, denying this absolutely.

R. L. Borden argued that Crowthers was reading from authorized reports of the legislature and if the matter were withdrawn on th mere word of the minister there would be no discussion at all. Hon. Mr. Pugsley said an attempt had been made to drive the house and coerce it. It would be an attempt to drive the house in a matter which was a complete surprise to him that it had been brought forward.

Mr. Borden said that if it was a surprise the matter could be brought up again and to this Crowthers agreed, remarking that he had not introduced the case of lieutenant governor Tweedie, which will be made the subject of a separate motion.

He then moved in effect that the constitutional advisers of his excellency should be free from the least reproach and reasonable suspicion in respect of their character and reputation and that the findings in so far as they impugn public acts or conduct of Hon. Mr. Pugsley deserve consideration and demand such action as may be necessary to enforce proper standards of public duty.

Hon. Mr. Pugsley regretted that matters of a provincial import were engaging the commons; he welcomed the opportunity to show that the report was not such as should be acted on, being of a discreditable and partisan character and wholly unreliable. In the interest account of the New Brunswick railway the commissioners included two items, leavin- out the interest upon total expenditures for 18 months, having neglected to include interest on $180,000 paid for on railway and $77,00 paid for improvements and taken no account for losses incurred in operation. Mr. Pugsley calculated inaterest charges left out would alone total $60,000.

Continuing Mr. Pugsley thought the mover should at least read the evidence before asking his resignation. Mr. Crothers had cited a British minister, who resigned, but that minister had confidence in the tribunal, which Mr. Pugsley had not altogether in the commission. Mr. Pugsley said no place does the report charge that he personally profited by one dollar. Mr. Pugsley said the commission neglected to examine bank managers, who could give complete details as to interest charges and the minister explained to A. E. Lancaster that as the commission had an accountant to go through all books, his counsel had not supposed that the commission would not find these things out. The commission came to the minister as a shocking surprise and evidence of gross carlessness and reckless desire to injure Mr. Pugsley and the government of which he is a member. As proof of partizanship, Mr. Pugsley pointed out that the accountant on authority of Secretary Powers of the commission published a statement of interest account twelve days after the general elections, for no other purpose than to injure Mr. Pugsley. The minister instanced comment of commissioners, that he received in connection with the sale of bonds, $2,200. That time, 1895, he was not in a government nor even in a legislature. Regarding the unexplained note marked F. P. T., they were the well known initials of Senator Thompson, and the senator if called could have explained the proceeds of this note placed to the credit of Jas. Barnes and company.

The bond issue is credited as $250,000 up to '93 whereas the total issue then was only $134,000. The minister declared there was no excuse for the mistake. Regarding lieutenant-governor Tweedie's commission of one per cent. on the sale of bonds, Mr. Pugsley explained that owing to the small salaries paid New Brunswick ministers it was customary for the provincial secretaries to continue practice of law while in office, as Premier Hazen does now. Therefore, there was no reason why Tweedie should not receive something for effecting an excellent arrangement.

The minister dealt with the charges for two hours in the evening, showing difficulty in getting evidence at this late hour, mentioned that secretary, solicitor, auditor, treasurer and vice-president had passed away.

He declared the personnel of the commission intensely partisan and also that Premier Hazen and one of his ministers are now directors of the company and as such could have called upon him for accounting, which he could easily have given. He declared that the legislature had taken no action, as to place the matter before the courts would prevent discussion in parliament He himself had taken action for reinstatement. The minister then asked permission to retire, leaving the House free to discuss the case.

O. S. Crockett renewed the attack for an hour, when the House adjourned at one-thirty.

"Emperor's' Palace Burned

RHEIMS, France, May 5—The magnificent residence near here of Jacques Lasundy, the eccentric Frenchman who has called himself "Emperor of the Sahara" was destroyed by fire today. For several years past the property and the vast farms adjoining have been almost abandoned. It became a refuge for tramps to whom the fire is attributed.

Cincinnati Wants Longer Days

CINCINNATI, May 5—Prominent Cincinnatians are interesting themselves in a national movement to change the business hours during the summer months, after the fashion in vogue in England which makes the day begin two hours earlier during the summer months than the remainder of the year.

Another American Ex-Princess

PARIS, May 5—Princess Debrogli who was a Miss Estelle Alexander of San Francisco was today granted a divorce from her husband on the ground of desertion. She was also given the custody of her child and alimony of $60 a month. The father is to see the child at stated intervals only. The prince and princess were married in Chicago in 1906.

NEW GRAND VIZIER BELIEVED TO BE IN ENTIRE SYMPATHY WITH PARTY OF REFORM— REGULAR SOLDIERS RESTORING ORDER IN ASIA MINOR.

CONSTANTINOPLE, May 5—Hilmi Pascha and Molla Sahib were today installed respectively as grand viezier of the empire and Sheik Ul Islam, or head of the faith. The former succeeds Tewfik Pasha and the latter Zia Eddin Effendi. The changes in office were made with the usual ceremony. In the imperial hall ordering the changes the sultan expressed his firm desire for the restoration and maintenance of order and tranquility, the welfare of the country and regularity of administration.

Molah Sahib is a distinguished theologian who in the past has suffered considerably on account of his liberal views. There have been some other slight changes in the cabinet as cabled yesterday. Nail Bey, member of the chamber of deputies for Sinope and an active worker of the committee of union and prgres, replaces Azmi Bey as minister of public instruction, and vice-admiral Arifhilmot Pasha replaces Riza Pasha as minister of marine. This sudden cabinet change is taken to indicate that a full understanding has been reached between the two groups of the unionist party to support Hilmi Pasha.

HADJIN, Asiatic Turkey, May 5—Notwithstanding the presence of troops here the situation is desperate on account of the lack of food and medical supplies. The troops which relieved the city came up from Mersian under the command of Loufi Bey. They arrived just in time, as the besiegers had succeeded in setting fie to a house on the edge of the city. The fire spread but as the wind was blowing from the city against the flames it was stopped at the walls. The assailants who apparently numbered many thousands pushed their attacks against the inhabitants, killing and wounding many. They were so eager to get inside the city and plunder the place, that they did not observe the approach of Loufi Bey and his men until they were close upon them whereupon the Mohammedans fled, carrying off all the cattle outside the city.

The Christians, clergy and the entire population welcomed the deliverers with great rejoicing. Col. Loufi placed guards at various points. Since then there has been no disorders but the famine increases daily and starvation faces the inhabitants.

MARASH, May 5—A letter says that every man there has been killed. Only women, girls and boys under ten have been left alive. The churches and houses were plundered and most of them were burned. The letter which is from the widow of a clergyman says "We have nothing to eat or ear. We are living on grass like animals. Worse than this the Moslems are trying to force the women and girls to become Mohammedans. Already some of the women have been carried away"

Lucius O. Teck, a missionary here says: "We are trying to send for food to Harni although it is dangerous, and to bring away the women as well."

Much excitement has been caused here by the attempts of the authorities to arrest some of those who have murdered Christians.

ADANAMAY, May 5—The French Jesuit girls' school was burned on Saturday night. Many persons are dying from exposure and relief measures are exceedingly pressing.

Japan Will Send Warships

VICTORIA, May 5 — Japanese warships are to be sent to Bering sea to protect apanese sealers who flock to Bering sea in growing numbers each year. This is the news from an authoritative source at Yokio. A letter received here says: "In view of the fact that Japanese sealers are seized every year in and about the Bering sea on charges of poaching, the Japanese government is considering a proposal to send warships there during the sealing season for the protection of the sealers. This appears a somewhat dangerous proceeding likely to involve the risk of international trouble and many prominent officials are of this opinion. The request that Japanese warships be sent is made by the sealing interests."

Killed by Rock Fall.

(Special to The Daily News.)

FERNIE, B. C., May 5—A fatal accident occurred at Carbonado mines at 12 o'clock last night by which Mike Kubic and John Planetta lost their lives. In attempting escape from a rock fall in the room in which they were working they were overcome by gas and perished before they could be rescued. Both are married men and leave families. Coroner Bleasdell will hold an inquest.

TARIFF AND FINANCE

PROBLEM IN AMERICA STILL FAR FROM SOLUTION

PRESIDENT DOES NOT FAVOR INCOME TAX UNLESS FORCED

WASHINGTON, May 5—The possibility of the passage of the tariff bill and the adjournment of the special session of congress before June 15 or July 1 seem to have vanished. This conclusion has been reached by the president as a result of recent talks with senators and representatives and he made it known today. The senate is not making the headway with the Aldrich measure that was expected and before the new tariff law can be presented to the president for his action there must ensue a long conference between the representatives of the two houses of congress. Among those who have followed the trend of important legislation of the tariff, there is a belief that the real revision remains to be framed in conference. Whatever influence President Taft feels he can bring to bear in securing a satisfactory measure will be exercised upon the conference. The president is averse to being drawn into the fight at this stage and there is no thought that he will be until the conference begins consideration of the two bills and they are passed by the house and senate.

In view of conflicting reports as to the president's attitude on the various special taxation propositions that have been suggested in connection with the new bill, with economies in the administration of the government will prove sufficient to prevent a deficit. If it should be shown that the government finances are in need of further support to meet the current expenditures the president will adhere to his original proposition that a graduated federal inheritance tax is the most just that could be levied and would prove the easiest to collect. If such a tax should not prove sufficient to meet the necessities of the government, or if it should not appeal to the majority of congress the president favors as a substitute or as an additional means of collecting revenue the imposition of an excise tax on the dividends of corporations. An income tax he believes and always has believed, should be levied only as a last resort. The president has endeavored to make his position clear on these points and is more amused than anything else at the attitude of of the advocates of the different measures to commit him absolutely to any one of the special tax propositions.

Statements were made to the senate late today by senator Aldrich representing the finance committee, and senator Culberson, the minority leader analyzing the tariff bill as it was reported to the senate and comparing it so far as increases and reductions are concerned with the Dingley law. Senator Culberson found the decreases to be 396 and the increases 316. He expressed surprise at the number of increases announced and declared that the statement must have been prepared by a "very wonderful man."

Mr. Aldrich retorted that they were prepared by an expert of the treasury department who is thoroughly competent. The principal schedules on which there have been increases according to Mr. Aldrich's summay of higher duties of the senate are on agricultural products and the various luxuries. Mr. Aldrich contended for these increased schedules which are largely on the preparations that were made for revenue purposes. The chief increased schedule according to the summary is the placing of zinc and antimony on the dutinble list and the advanced rates of products of zinc in propotion. Mr. Aldrich claimed that the redrafting of the cotton schedule was for the purpose of obtaining a more symmetrical classification of cotton yarns and the substitution of specific for ad valorem rates on certain classes of cotton cloth. The latter, he said, are the equivalent of the average rates imposed by the existing laws.

In support of his contention that increases are confined largely to luxuries, Mr. Aldrich called attention to the advances in the rates on ostrich and other feathers, articles of wearing apparel, composed of fur, fancy manufactures of leather, manufactures of cork and straw and on novelties and the finer fabrics of linen. The increase in the linen and silk schedules were also pointed out as having been made for revenue purposes. Mr. Aldrich stated that the lumber, sugar, tobacco and woollen schedules were not increased over the rates of the Dingley law. The finance committee also presented for the information of the senate a detailed statement giving an estimate of the reductions made by the senate bill in duties of the present law. In connection with each article upon which a lower duty has been placed the present rate na well as the proposed ate was given in addition to the percentage of the reduction in each case.

Streets for Cranbrook

(Special to The Daily News.)

CRANBROOK, May 5—The $10,000 improvement bylaw which went to the people yesterday was carried. This means that Cranbrook will have some of the best streets in the Kootenays. The vote stood 77 in favor and 24 opposed to the bylaw.

Russians to Learn to Fly.

ST. PETERSBURG, May 5—The All Russians aero club has placed an order for a Wright aeroplane in Paris. A member of the club will go to Paris for instructions in manipulating the machine.

INQUIRY HELD

Inquest Into Death of Wallace Milldren

EVIDENCE LAST EVENING

JURY'S VERDICT SAYS ACCIDENT WOULD HAVE BEEN PREVENTED BY PROPER SHORING—THE CROWD DID NOT CAUSE SECOND CAVE-IN.

The inquest on the body of Wallace E. Milldren who was killed on Tuesday by the caving in of soil in a trench on Ward street in which he was working, was held at the city hall last evening, Dr. W. O. Rose, coroner, presiding.

The following were chosen as a jury: E. H. Smith, W. Stubbs, Frank Phillips, T. A. Mills, foreman, C. D. Blackwood and J. D. McPherson. S. S. Taylor appeared for the wife and relatives of the deceased and A. M. Johnson, for the city.

The first witness called was J. A. Smith who stated that he was a tinner and plumber by trade and had worked as a master plumber for three years. He had on Saturday last engaged the deceased who had worked for him on several occasions previously. He considered him a man of experience. He, witness, had not superintended the work himself but had visited the scene about two hours before the accident. He had asked deceased how he thought the trench was and received the answer that it was all right but his father, J. T. Smith, had said that he thought it was dangerous. The question of putting in bracing to prevent caving in was discussed and Milldren had replied that he would put it in if it were needed. He had relied upon Milldren's opinion in the matter. He had not visited the trench again until after the cave-in had occurred and the only man left in was Milldren. Witnes had no experience in such excavation and had relied upon the deceased with whom, if he had not considered him a careful man, he would not have allowed his father to work.

Cross-examined by Mr. Taylor, witness said that he had paid deceased the regular wage of $3 per day. He had no arrangement with his father. He had no lumber for shoring up the sides of such excavations round his shop which was suitable. He had spoken, however, to W. G. Gillett about buying some. He considered that the soil in which his men had been working in the trench was partly clay. In figuring on the contract price he should charge for the work he had allowed for the shoring but he could not say what amount. In answer to a question from Mr. Johnson witness said that he believed that there was no shoring there at the time of the accident.

A. J. Gibson said that he had had considerable experience of plumbing but had had no supervision over the excavating work. When he arrived on the scene of the accident from Silica street he found Milldres completely entombed and Smith covered up to his shoulders. He had helped to get the latter out.

George M. Johnstone, gas fitter and pipe fitter, stated that he had had some experience in excavation work. He had seen deceased early on the morning of the accident and had made a remark to the effect that he thought the ditch looked pretty dangerous. The soil was sandy loam and, judging by experience, was treacherous. He thought the sides of the trench should have been supported by lagging.

A. Irwin, teamster, testified that he was on the scene soon after the cave-in. He had assisted to dig out the deceased who, when the second cave-in occurred, and completely buried him, had his head above the soil. He had not seen much of a crowd at this time. He had noticed that on the side which caved in there was a telegraph pole which was being moved backward and forward by the high wind. He thought that this pole was the cause of the second cave-in.

H. T. Aitken, miner and prospector, gave similar evidence. At the time of the second cave-in he was convinced that there were few if any people standing on the side of the trench. H. Wingfield and Mr. Smith had been caught in the second fall. He had assisted in getting them out and then went away. It was not until after he had gone that a crowd collected.

W. G. Gillett had lent the younger Mr. Smith lumber for, as far as he knew shoring up trenches and he had made an arrangement through which the latter could brorow lumber for such a purpose and return it after paying a small charge for the loan. If Milldren had come to him for lumber he would have honored the request.

Harry Wingfield said that he was a prospector and that at the time of the accident he was talking to two men at the corner of Baker street and had rushed to the trench. Witness then described how, while digging the second slide had occurred and he with Mr. Smith, Sr. had also been partially entombed. He had not seen any crowd until after the second cave-in.

W. J. Doyle described how he had also endeavored to free the deceased from the soil. It was about an hour from the first slide to the time when the deceased was finally taken out. He was not certain how many people were around the trench when the second fall came, but he thought three or four.

Chief C. W. Young told of arriving on the scene within a few minutes after the second cave-in. He then saw Mr. Boyle and went with him in order to obtain shovels. At the time of the second slide there were less than half a dozen people around the trench.

At this point the jury proceeded to view the body and then went to the Kootenay Lake general hospital for the purpose of hearing the evidence of J. T. Smith, who had received a broken arm and a rib in the second slide. Mr. Smith stated that he had previously worked at excavating. The deceased was in charge of the work and did most of the digging. He, witnes had only kept the soil back.

After the injured man had given an account of the fatality the jury adjourned to consider the verdict which was as follows: "That the deceased came to his death on Ward street, in the city of Nelson, on or about mid-day on Tuesday, May 4 from suffocation caused by a cave-in of the tunnel in which he was working and that in our opinion the said cave-in could have been prevented by proper timbering or shoring up of the sides of the said excavation."

LANGUISHING IN PRISON

CREW OF AMERICAN VESSEL SAID TO BE ALIVE BUT PRISONERS

VESSEL THOUGHT LOST LONG AGO—BRITISH INVESTIGATING

KINGSTON, St. Vincent, May 5—It may be that Capt. Colin Stephenson and the crew of an American whaling ship Carrie Knowles, long since supposed to have been lost at sea, are still alive in a Venezuelan prison. An American seaman who gives the name of Payne, an escaped prisoner from Venezuela has made his way to Kingston where he laid before the authorities an astonishing story of the seizure of the Carrie Knowles at a Venezuelan port where she arrived five years ago in distress and the incarceration by the Venezuelans of the captain and his men. So convinced are the authorities here that they have taken down his full statement and have already taken steps looking to a speedy and thorough investigation of the case.

On January 27, 1905, the Carrie Knowles sailed from Provincetown, Mass., on a whaling vopage. Her captain was Colin Stephenson and her first mate H. A. Martin. In addition she carried a crew of about a dozen men. These are the names as given by Payne to the authorities here, and as far as he could remember the names of the crew were: Wallace, Warner, Robertson, Hazel, Sant Pierre Grant, Lewis and John.

Payne asserts positively that all of these men are at present confined in a Venezuelan prison. The vessel was supposed to have been lost in a West Indian storm with all hands on board. Some of the men belonged to St. Vincent and after all hope was given up of their return, their relatives put on mourning garments, and the local insurance companies paid the claims against them, on the assumption that the sailors were dead.

The story which Payne told to the police authorities here today caused great excitement, not only because of the seriousness of the charges against the Venezuelan authorities but because of it adding another to the many tales which have reached St. Vincent concerning the high handed methods adopted by the Venezuelans under the administration of Castro. Payne declared that the whaler was disabled in a storm off the Venezuelan coast and had made port in distress. This was five years ago but the exact date he could not remember. She was at once seized and the captain and crew were made prisoners and thrown into the jail. He states that all the men are alive but are still closely confined. The details of Payne's escape from prison are not known as the police have him in charge and will detain him until the investigation of the authorities establish the truth or falsity of his assertion. It is possible, however, that he is one of the score or more prisoners who escaped from the penitentiary at Marcaibo about two weeks ago. Some of those men succeeded in making their way into Colombia and from that country it would not be difficult to reach St. Vincent.

Famous Trotter Dead

PHILADELPHIA, May 5—Sunol, the former queen of the trotting turf, with a record of 2.08¼, died yesterday at Newton Square, Pa., where she was being kept for breeding purposes. Sunol was foaled in 1886 at the Palo Alto California stock farm of Senator Leland Stanord, her sire being the famous Electioneer.

CONFERENCE IS INFORMAL

BRITISH OPINION STIRS CABINET TO ACTION—WRIGHT BROTHERS UNDERTAKE SPECIAL WORK FOR BRITISH GOVERNMENT—MARTIN DEFEATED.

LONDON, May 5—It is understood that the government has despatched telegrams to the Over Seas governments for a subsidiary conference on imperial defence on Friday, July 16 the date suggested. The Canadian resolution and Australian offers will naturally form the basis for discussion but it is not intended to propose a definite program. The proceedings will probably be private.

The Standard says that Lord Kitchener will leave Japan at Christmas for Vancouver. It is Lord Kitchener's intention to make a special study of the armies overseas. It also states it is believed re is to be appointed to imperial committee of defence.

The Stratford-on-Avon bye-election, polling for which took place yesterday, the result being announced today gave an overwhelming majority to the Unionist candidate Phillip S. Foster, who polled 5,247 votes, and Capt. Kincaid Smith, the late Liberal member, who resigned his seat for the purpose of testing public opinion on national defence, running as an independent candidate, polled but 478 votes.

Wilbur and Orville Wright, the aeroplanists, journeyed down to Southampton this morning and embarked on board the steamer Kron Prinzessin for New York. Orville Wright said he and his brother were going home to conduct further experiments of a secret nature. On their return to England they will carry out some important trials for the British goverament, the character of which he was not permitted to divulge.

The public meetings voicing widespread protests in the matter of the government's apathy in the field of aeronautics have had their effect and Premier Asquith has announced that the authorities were providing adequate funds to employ the highest scientific talent with the object of devising adn constructing dirigible balloons and aeroplanes and to carry on a continuous series of experiments adn investigations. The work has been divided between the navy and the army and a special comitte under the presidency of Lord Rayleigh, chancellor of Cambridge University, has been appointed to act as general advisers on the scientific problems involved.

At a meeting of the Calgary and Edmonton land company, the chairman anticipated that the demand for land by the bette rclass of settlers would be much greater in 1909, if not quite unprecedented.

LONDON BRIBERS FREE

Men Who Worked for C. S. Hyman Win By Technicality

TORONTO, May 5—The court of appeals today quashed the conviction of bribery imposed upon John O'Gorman Danle, Wylie, C. R. Reid and W. L. Maller in the famous London elections case. The court was unanimous and quashed the conviction on the grounds that Judge Winchester had no jurisdiction to try the case. Judge Garrow in his judgment says the only natural and proper place for the trial wa sat London and not Toronto and the opposition to a very reasonable motion to change the venue savors of unfairness and even oppression. Today's decision means that the case is ended and that the accused cannot be tried again for the same offence. The case had its origin in the Hyman-Gray bye-election in 1905 in which, according to a number of witnesses, bribery was rampant.

PUNISHING GRAFTERS

Blow Struck in Pittsburg for Clean Civic Administration

PITTSBURG, May 5—Sentences were imposed in the criminal court today by Judge Frasier on seven persons convicted within the last few weeks in the municipal graft cases. The sentences follow W. E. Ramsay, former National Bank president, convicted of bribery, one year and six months imprisonment and a fine of $1,000. Capt. John F. Klein, councilman, two years and a fine of $1,000 on the bribery conviction, and one year and six months on the conspiracy conviction. Joseph Wasson and Wm. Brand, former councilman, each one year and six months and a fine of $500 for conspiracy. Charles Colbert and John Colbert convicted of bribing a jury in the Ramsay bribery case, two years and a fine of $500 each. Former bank cashier A. A. Vilsack was not sentenced today and it is said will not be until after he has testified in several other cases which are likely to come up soon.

Zam-Buk Saved His Hand!

WHEN TORN BY TROLLEY ROPE.

WORKING men and women throughout the Dominion find that Zam-Buk is the greatest boon they can have as a healer of accidental cuts, burns, and bruises, as well as skin diseases. Mr. H. G. Purchase, conductor on the Toronto Street Railway, tells how this great herbal balm benefited him when he met with his accident.

The trolley pole of his car slipped off the live wire, and the rope was caught in the standard. Purchase held on to the rope until his hand was pulled up to the top of the car. There it was held, and the rope, pulled through his fingers by the force of the moving car, tore and lacerated to a shocking extent three fingers, tearing several pieces of flesh completely away. Zam-Buk was applied, and eased the pain very quickly. Writing to this effect, Mr. Purchase says:—

"I had previously had experience of the healing power of Zam-Buk, and the way it soothes cuts and injuries. I, therefore, bound the fingers in Zam-Buk, and it was most gratifying the way in which this balm soothed the pain. Two days after the accident the wounds were closed, and new skin was beginning to form over the top. Each day I dressed the wounds with Zam-Buk, and I am now back again at work with the hand as sound as ever. To look at it you would never know it had been so terribly torn and lacerated.

"I do not think there is anything to equal Zam-Buk as a healer of skin injuries and diseases."

DANGERS OF NECLECTING A SORE.

NEVER neglect a cut or sore, however trivial it may appear. Mrs. S. E. Bedwell, of 357, Provencher Avenue, St. Boniface, Winnipeg, had a small sore on the second finger of her left hand. She thought it would get right enabled, but it didn't. Instead, blood-poisoning set in. She says:—"I then tried poultices and an ordinary salve. These, however, did not have the desired effect, and, as the finger began to fester, I had to call in a doctor, who lanced it. Despite his care, however, it soon festered, and the ointments, liniments, and other preparations which the doctor gave me seemed absolutely unable to bring about any relief. We were told of a case similar to my own in which Zam-Buk had effected a cure when everything else had failed, and we, therefore, decided to give Zam-Buk a trial. It only needed a few days to show the efficacy of this balm. The blood-poisoning and all discomfort were reduced, and the pain became less acute. In under three weeks from the accident my finger with Zam-Buk the finger was entirely healed."

WHAT YOU SHOULD USE ZAM-BUK FOR.

Zam-Buk cures pimples, skin-eruptions, burns, cuts, piles, festering ulcers and sores, blood-poisoning, quit rheum, granite itch, ringworm, bad leg, diseased ankles, old wounds, eczema, and all skin-diseases. All Druggists and Stores sell at 50c. box. Three for $1.25, or post free from Zam-Buk Co., Toronto, for price.

Unless It's a Good Store It Will Not Pay to Advertise It

Unless you know a person—unless that person comes into your life in some way—you are not greatly concerned about whether he is good or bad, desirable or objectionable.

It's so with a store. The people who never visit it care nothing about it one way or the other. It doesn't exist—for them. But—when they are persuaded to patronize it—when they come to turn the spotlight of their attention on it—when it comes to have a part in their lives, as some stores must have in all lives—then it's different, then it DOES matter whether it strives to win confidence; it does matter whether or not its price concessions are genuine, dependable.

If it meets all tests that a good store must stand when it is advertised—when it thus invites the critical attention of people—then advertising "makes" the store. If it falls in most of the vital things—if it proves, under the light of publicity, not to be much of a store, THEN ADVERTISING WILL NOT PAY—for it will emphasize shortcomings as well as merits.

For these same reasons it is generally assumed that the store which does not advertise is seeking to avoid close inspection and comparison, and that the store which does is courting them.

The Daily News Is the Premier Publicity Medium

of the Kootenays and will bring results for your advertising appropriation.

TRYING COLEMAN CASE

COURT SPENDS ALL DAY HEARING OLD STORY

CROWN'S CASE CLOSED AND DEFENCE IS BEGUN

All day yesterday was spent in the supreme court on the case of Rex vs. Coleman, the charge of shooting with intent to do grievous bodily harm. The case for the crown is closed and part of the evidence for the defence is in.

When court resumed yesterday morning the case of Rex. vs. Coleman was immediately taken up where it ended the afternoon before.

Henry Sann, the victim of the shooting, was called to the stand and his cross-examination by W. A. Macdonald, K.C., began. The morning's taking of evidence was characterised by sparring between counsel and witness, the latter being confident but careful. He told his story of returning from Nelson and demanding a settlement of accounts with Coleman. He stated [illegible] which struck him in the jaw, was fired without warning or provocation.

Mr. Macdonald took the witness over the whole of the preliminary testimony. Sann failed to remember many details but was pertinacious as to those he could recollect. He admitted having been sent to the hospital for the insane at New Westminster.

When court resumed in the afternoon the *grand jury's presentment* was delivered by foreman John Keen, as follows:

To His Lordship the Hon. Mr. Justice Martin, presiding at the Court of Assize, holden at Nelson, B.C.

May it please your lordship: The grand jury beg to congratulate your loreship on the opening of the new court house and would draw your lordship's attention to the peculiar coincidence that, while in 1903 you endorsed the resolution of the grand jury not to sit in the old court house, you should be the presiding judge at the opening of the new one seven years later.

We heartily endorse the remarks made by the senior member of the bar to your lordship as to the exterior of the new building and the hope that in the event of an appellate court being established in Nelson for the upper country your lordship should be called upon to preside thereat, as being one of the few learned judges that the judicial committee of the privy council ever went out of its way to compliment in their own peculiar way (in the case of Watt v. Watt.)

The court house in its internal plan arrangement could be materially improved and the accoustical properties of some of the rooms is very bad, e.g. in the grand jury room it is difficult for any one to be heard, the altitude of the room being out of all proportion to its area. This could be easily remedied by a plane of wire netting stretched horizontally about 14 feet above and parallel with the floor.

Other minor defects, noticed by your lordship will doubtless be remedied as time passes.

It is a matter of congratulation that we have so little crime to be dealt with, and hope that the continued good sense of the people in strongly discountenancing all and every kind of breaches of law and order will long continue, as one of the healthiest signs of our young and vigorous country for the common welfare.

We visited the provincial jail, saw all the prisoners and found all clean and disciplined good.

We found that the often repeated request of past grand juries—the dark wooden doors of the cells still remained and that the highly recommended open barred doors had not been installed.

We therefore reiterate our recommendation that these wooden doors should at once be replaced by barred iron doors, the whole would not cost more than $200 for the benefit of the eyesight of the prisoners who for 14 hours out of 24 are shut up in semi darkness, and the benefit also of the gaolers who can better examine the cells at stated periods during the hours of prison solitude, and the ventilation would be most materially improved.

We regret to notice that the old method of simultaneous opening of the cells in case of fire has not yet been installed and though the warden has so highly disciplined his staff that the doors can be opened in less than two minutes, it must be recollected that those particular two minutes may some day in an emergency, not be available in a wooden building.

We visited our new school building, going over the whole very carefully from the wet weather play ground in the basement to the lecture forum on the upper floor. We recommend the dusteless sweepers for the use of our janitors and that the present bulged black-boards be reinstained by new ones as soon as the structure is dry.

The school board and particularly our secretary are to be congratulated on the success their untiring efforts have commanded.

We need not refer to the hospital as the inadequate accommodation has been recognized by the local and provincial authorities, and steps are now being taken to erect a building which will provide every accommodation for the large and increasing population.

All of which is respectfully submitted to your lordship.

(Sgd.) JOHN KEEN, Foreman.

His lordship thanked the grand jury for their presentment and excused them until Friday morning.

All petit jurymen and witnesses not engaged in the Coleman trial were excused for the day.

The cross-examination of Henry Sann was then resumed.

Sann stated that the first wound he received was in the left cheek. He could not undertake to tell the order in which he received the wounds.

After the cross-examination of Sann had been gone through, Mr. Harvey declared the crown's case closed.

R. A. Ibbotson, Rev. W. G. Blake and J. H. Schofield, M.L.A., were called as witnesses to the general good character of the accused.

Mrs. Somers of the Ymir hospital told of the care of Sann while he was in the hospital. She was certain that he asked several times for a bath and when one was prepared for him did not take it. He was irritable and impolite and would not allow anyone to touch his waistcoat.

Mrs. Somers' cross-examination by Mr. Harvey relieved the monotony of an otherwise rather dull day of testimony taking.

Dr. L. E. Borden stated that he had examined Coleman and found him partially ruptured. He would consider any physical exertion unsafe for hi

S. H. Seasey and E. Ferguson gave evidence as to Coleman's character.

Mrs. Coleman, wife of the accused, testified that Coleman was over 54 years of age. She told of Sann's irritation and ugliness the morning of the shooting. She heard loud voices as of men quarrelling and her husband's voice saying: "Put down your knife. If there is any dispute we'll settle it quietly." Running in she saw Sann facing her husband in a threatening manner and she called: "Harry don't you hit George.' She heard two shots as she ran back into the kitchen, but she had not seen a revolver. She saw a knife in Sann's upraised hand, and heard Sann call Coleman a foul name.

On the instruction of the court Mr. Harvey asked what the foul name was and Mrs. Coleman reluctantly answered.

Sann was talking excitedly about his money. She said: "Harry, I have not got a cent of your money," but could not remember whether or not she had made a similar assertion about Coleman.

J. J. Atherton of Creston, formerly of Sandon, said that he knew Sann. That quite recently he met Sann in Nelson who talked of the matter and treated it as a joke, and said that he wanted to see whether he or Coleman had the longer reach.

Court then adjourned till this morning at 10:30 o'clock.

AN INEXPENSIVE WAY

The reader of a newspaper will readily agree that it is necessary for a merchant, with any pretension of agressiveness, to advertise. Merchants are also aware of this fact. Therefore it would seem that it is simply a question as to what form the advertising will follow.

Newspaper Advertising is the Most Inexpensive Way and Brings Larger Direct Results than Any Other Form of Advertising

The Daily News

has an average daily circulation of 3,000 copies distributed on the day of publication in the cities of Nelson, Rossland, the Boundary country, the Slocan Valley and East Kootenay district, covering the line of the C. P. R. from Pincher Creek, Alberta, to Midway, B. C., and there is not in B. C. a more progressive section of country than that in which The Daily News circulates; the varied industries consisting of farming, fruit growing, lumbering, metalliferous mining, coal mining, and smelting, making it an extremely favorable field for advertising articles of every description suitable for a purchasing public engaged in the above mentioned industries.

Kootenay's Publicity Medium

Will Place Your Story in the Hands of 3000 Subscribers Every Day at the Rate of 2-3 of a Cent. per Inch per 100 Circulation

Mr. Advertiser you cannot circularize or personally canvas the field for that amount, so be progressive and use the means and resources at your hand to increase your business.

CHESTER CUP HANDICAP

DE ROTHSCHILD'S SANTO STRATO WINS BIG EVENT

CARRIED TOP WEIGHT AND WAS FAVORITE IN BOOKS

(Canadian Associated Press)

LONDON, May 5—The famous Chester cup handicap of 2,500 sovereigns, run over nearly two miles and a quarter at Chester today, was won by L. De Rothschild's four year old colt Santo Strato, top weight, at 9 stone flat, 4 to 1. William Clarke's All Black, 8 stone, 4 pound, 7 to 1, was second and the Unamed Thrillrerie colt, six stone three pounds, 25 to 1, was third. The also runs included Yentol, Pom, Lagos, Hammerkoop, Laomedia, Asticot and Idousenes.

PHOENIX PLAYS AT DANVILLE

Close Game Took Place in Border City Sunday.

(Special to The Daily News.)

PHOENIX, May 5—There was joy in the Danville camp Sunday and in fact it was a gala occasion in the life of the American border hamlet. The attraction was a baseball match between Phoenix and Danville teams, in which the home team won by a garrison finish in the ninth innings. The Phoenix team left here at 10 a.m. by special train and were accompanied by a hundred local enthusiasts while a good percentage of the population of Grand Forks drove over and the game was also witnessed by a representation of Danville's suburbs. The weather was ideal—about 80 in the shade.

As the Phoenix team has never been able to practice on account of wet grounds here and merely rustled a team for the day they come nearly surprising themselves by winning the game from the American team, which has been practicing for weeks. Strutzel on the rubber and Litchfield behind the bat did great work in hanging up horsecollars on the Danville boys, while Sherbine proved an athlete on bases and got away with the bulk of the runs for Phoenix. In the seventh the score was 7 to 2 in favor of Phoenix—and then came the inevitable cyclone, changing the score to 8-9 in favor of Danville. It was S. Foley, a school youth, who made his debut on the baseball rubber yesterday, that won the game for Danville. He was picked out of the bleachers and supplanted Patsy Berner in the seventh and made such an exciting finish as to set the home supporters wild at the conclusion.

PREPARED FOR PLAY

The Rossland Senior Baseball Club is Organized for Season.

The Rossland senior baseball club was organized for the season of 1909 at a meeting held at the Hotel Allan on Thursday evening, says the Rossland Miner. The attendance was large and much enthusiasm was manifested. The following officers were elected for the reason: Honorary president, John J. Egan; president, Frank D. Fortin; vice-president, W. G. Robinson, secretary-treasurer, Robt. Anderson, manager, M. J. Quigley.

It was decided to put a first-class team in the field. Letters were read from players in other places who desired to come here provided they could secure work. A number of communications were read from clubs outside of the city that desire to play with the Rossland team. The report of Robt. Anderson, secretary-treasurer, showed a small balance from last year A committee was appointed to secure quotations on new uniforms at the earliest opportunity. A practice will be held at the Black Bear grounds on Sunday at 2.30 p.m., and, if possible, a game will be arranged for Sunday, May 9th. The intention is to put a first-class team in the field.

FOR BIG MARATHON

Twelve Runners Enter Including John Marsh of Winnipeg

NEW YORK, May 5—An even dozen runners have entered for the $1,000 international Marathon at the Polo grounds on Saturday afternoon. The list is as follows:

St. Ives, Orphie and Cibet, France; Simpson and Marsh, Canada; White, Ireland; Carvajal, Cuba; Appleby, England; Dorando, Italy; Maloney, Ireland; Svenborg, Sweden, and Crook, United States.

The entry of John D. Marsh, the Winnipeg runner, who now holds the world's track record for the Marathon distance, has stirred up fresh interest in sporting circles and has sent the price up against St. Ives, who is the favorite. Marsh is a strapping big fellow with a world of endurance coupled with plenty of speed.

"One Touch of Nature Makes the Whole World Kin."

When a rooster finds a big fat worm he calls all the hens in the farm yard to come and share it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write to the manufacturers for publication, that others similarly ailing may also use it and obtain relief. Behind every one of these letters is a warm hearted wish of the writer to be of use to someone else. This remedy is for sale by all Druggists and Dealers.

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so? The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N.Y.

IS THERE A REASON?

Hon. William Pugsley's record as a member of the provincial government of New Brunswick engaged the attention of the House of Commons yesterday as a result of the bringing up of the report of the royal commission which investigated the affairs of the Central railway. This commission reported that in the dealings between the government and the railway $134,000 had disappeared and recommended the provincial government to take action to recover this amount from Mr. Pugsley, Hon. L. J. Tweedie, the present lieutenant-governor of New Brunswick but who formerly was Mr. Pugsley's colleague in the government of the province, and Mr. George McAvity, a political hanger-on. Messrs. Pugsley and Tweedie, while members of the New Brunswick government, were also directors of the Central railway which was financed by the government. Mr. McAvity was identified with the management of the road and hence the charge against him.

If Mr. Pugsley has been guilty of the conduct charged against him in the report of the royal commission, he is unfit to occupy any place in public life, however humble, let alone a Dominion cabinet position. Yesterday Hon. George E. Foster moved for the placing of a copy of the commission's report on the table of the House of Commons, but this Sir Wilfrid Laurier, taking advantage of a technicality, refused to allow. Why, it may be asked, is Sir Wilfrid so anxious to protect Mr. Pugsley in this matter? Why did he do his best in this way to prevent the matter being discussed?

But despite Sir Wilfrid's stand, the opposition found a way to bring the matter before the House. It should not, however, have been necessary for the opposition to force the government's hand in this matter. Grave charges have been made against a cabinet minister who is also a member of the House of Commons by a royal commission after the minister in question had been given every opportunity to clear up the discrepancies but was unable to do so. The proper course for Sir Wilfrid Laurier would have been to have demanded Mr. Pugsley's resignation following the issuance of the report of the commission. Instead of this Sir Wilfrid is doing all he can to protect Mr. Pugsley and has declared in the House of Commons that he is prouder than ever of him. Why is Sir Wilfrid showing himself such a friend of Mr. Pugsley to the detriment of the party of which he is the head? Is there a reason? If so, what is it?

MR. MARTIN'S DEFEAT

Mr. Joseph Martin has discovered that getting into the British House of Commons is not after all such an easy task, although following his arrival in England he had no difficulty in getting comparatively easy task. As a recently arrived colonial his candidature was bound to attract attention, while his radical platform, which included votes for women, the abolition of the House of Lords and a declaration against the imperial preference, accentuated the interest of the public in the new arrival. Mr. Martin has, however, found that conditions are pretty much the same in England as in Canada. A man like Mr. Martin may easily place himself before the public, but this does not necessarily mean his election to parliament. Of course, if the Liberal or radical parties are willing, the result in Stratford-on-Avon will not be Mr. Martin's last attempt to secure a seat in the mother of parliaments. Unless he has changed very considerably since he left Canada he will be quite willing to keep on running whenever opportunity offers and some day he may attain his ambition, to again write the magic letters, M. P., after his name.

Outside of the Canadian interest stirred up in the Stratford-on-Avon contest through Mr. Martin's candidature, the result is rather a remarkable one. At the last general elections Capt. Michael Kincaid Smith carried the seat for the Liberals by a majority of 148, defeating the sitting member, Mr. Phillip Stavely Foster, the vote standing Smith 4321, Foster 4123. Mr. Foster had been elected at a by-election in 1901 by a majority of 1778, the vote being Foster 4755, King 2977. Previous to this the constituency had a pretty consistent Conservative record.

The necessity for Tuesday's by-election arose from Capt. Smith's resignation as a protest against what he considered the inadequacy of the government's naval program. In order to test the feeling of the constituency Capt. Smith again became a candidate while the Liberals placed Mr. Martin in the field and the Conservatives Mr. Foster, whom Capt. Smith had defeated in the general elections. The result of the voting was 5,374 votes for Mr. Foster, 2,747 for Mr. Martin and 478 for Capt. Smith. The returns cannot but be taken as a complete triumph for the Conservatives and a condemnation of the government's policy, particularly regarding the navy. Mr. Foster secures a majority of 2,149 over the combined vote of his two opponents. His vote shows a gain of 1,201 as compared with four years ago, while the straight Liberal vote given to Mr. Martin shows a falling off of 1,374 and the combined Liberal vote of Mr. Martin and Capt. Smith of 1906.

The result of the by-election is an indication of the feeling of the country towards the present Liberal government and, added to others which the past few months have afforded, makes it clear that the next general election will see the return to power of the Conservative party in the old country.

EDITORIAL NOTES

Sir Wilfrid Laurier apparently is determined to protect his friend Mr. Pugsley at all costs.

Mr. Joseph Martin will have the hearty sympathy of the English suffragettes, whose cause he espoused, but perhaps on reflection he would ent male electors of Stratford-on-Avon or at least of enough of them to have elected him.

Hon. William Pugsley is no honor to Canadian public life, but Sir Wilfrid Laurier says he is prouder than ever of him.

After Mr. Joseph Martin gets through in England, there may still be an opening in Turkey for an experienced parliamentarian.

Stratford-on-Avon will now stand higher than ever in the esteem of Marie Corelli, the self-appointed guardian of its destinies.

The House of Lords will breathe easier as a result of Mr. Martin's defeat. Part of his policy was to wipe the upper house out of existence.

The Shah of Persia has again promised his people a constitution. If he is not careful he will promise once too often and will meet the fate of Abdul Hamid.

Mr. Martin has now one political defeat in Great Britain to his credit. With time and perseverance he may yet equal his Canadian record in this regard.

Mr. Joseph Martin did a little better in Stratford-on-Avon on Tuesday than he did in Vancouver last October. But then he has not lived as long in England as he had in Vancouver.

There is no danger of the fame of Stratford-on-Avon as the home of Shakespeare being eclipsed by the lustre of having Mr. Joseph Martin as the representative of the constituency in parliament.

Mr. T. W. Crothers, member for West Elgin, who has succeeded in bringing the report of the New Brunswick royal commission before the House of Commons, is the man who, after acting as chairman of the Ontario school text book commission, a work which took up a large portion of his time for months, refused the pay which the government offered him. He is an entirely different stamp of man from Mr. Pugsley. No one ever knew him to refuse anything.

Persia Listens to Reason

ST. PETERSBURG, May 5—Special despatches received here from Teheran say that the Shah of Persia has accepted the project for reforms advanced by Great Britain and Russia. The two powers have made arrangements to grant a loan to Persia as soon as the date of the elections have been decided on.

VANCOUVER SENSATION

Ex-Alderman Acquitted From Charge of Fraud.

VANCOUVER, May 5.—The British Columbia Electric Railway company announces that after May 5th an alteration will be made in the stopping of its cars at street corners. On the paved streets the cars will hereafter stop on the near side of the street intersections instead of crossing the intersections of streets as is now the practice. On unpaved streets the present practice of proceeding to the far side of the street will be continued. The change is adopted at the request of the city council as it is thought the liability of accident will be lessened by the new plan.

W. Cavanaugh, ex-alderman, who was arrested on complaint of Mrs. Hinchcliffe who alleged fraud, was dismissed by magistrate Williams this morning following a rather sensational trial. In giving his decision the magistrate said that it was a matter which affected all of Mr. Cavanaugh's creditors and the assignee, Mr. J. C. Looman, had not seen fit to prosecute any such action.

Mr. George Powell, counsel for Cavanaugh, claimed that Mrs. Hinchcliffe's claim was not bona fide in that she had been granted no court judgment. The mystery as to the assignments of Mr. Cavanaugh to Miss Lilly Campbell were cleared up this morning by that lady. Just a few days before Cavanaugh's departure for California he assigned to Miss Campbell the following property: Lot 28, block 162, Kitsilano lots 7 and 8, block 25, sub-division lot 8, block 102, sub-division 641, 40 acres at Deep Cove and two lots in Yale. Miss Campbell said she paid either $11,000 or $11,300 to Cavanaugh for this property. In reply to Mr. Pollard Grant, counsel for Mrs. Hinchcliffe, Miss Campbell became indignant, and at first refused to answer. Mr. Grant tried to get further particulars as to the alleged payment, and to ascertain whether the money had been drawn from local banks. Miss Campbell finally said that she kept her money in all the local banks. She refused to state or guess at what any of the amounts drawn out were.

Disaster in Sight

ONE ON THE DOCTORS.

Madame J. Rioux, St. Moise, Que., says:—"Fruit-a-tives cured me of severe Liver Disease. Neither doctors nor any other remedy did me any good, but Fruit-a-tives promptly cured."

"Fruit-a-tives" always cure Liver Trouble, Biliousness and Constipation because they act directly on the liver. They stimulate the secretion of Bile, which decreases the quantity of blood in the liver and thus relieves the Congestion or Biliousness. With plenty of Bile to move the Bowels, there is an end to the Constipation.

"Fruit-a-tives" are a positive cure for all troubles arising from a disordered liver.

"Fruit-a-tives" are the juices of apples, oranges, figs and prunes—prepared by a newly discovered process, and combined with valuable tonics and antiseptics. They are, without doubt, the most popular remedy in Canada to-day.

NEW NAVAL BASE

Cruiser Squadron May Be Put in the South American Waters

VICTORIA, May 5.—That there is extreme likelihood of British South American squadron composed of four first class cruisers being stationed in the southern Pacific with its base at the Falkland Islands is the news brought by H. M. S. Algerine which reached here this evening after five months absence on the South American coast. British capitalists who finance nearly all South American ventures have made a strong plea to the admiralty for the maintenance of a squadron at the Faulkland Islands, and it is said the latter have decided on a plan. The Algerine during its absence carried out survey work in harbors at port Lobisis, Talara and Lacrose. At Coquimbo a detachment of blue jackets sent ashore were responsible for saving many lives

BAZAAR PROVES SUCCESS

MANY ATTEND SALE IN NEW EAGLES' HALL.

GREAT VARIETY OF ARTICLES IS OFFERED FOR SALE

The success of the bazaar which commenced in the Eagles' hall last evening was beyond question. The event had been arranged by the lady friends of the order who have been making preparations for several weeks. Last night the members of the order gathered at Fraternity hall, whence, preceded by the Eagles band, they paraded along the streets to the fine new building.

The hall had been delightfully decorated for the occasion and the effect of the stalls, crowded as they were with hundreds of dainty knicknacks and useful and ornamental work of various kinds, was most attractive. To use the words of an admiring and appreciative visitor "the show was just one grand success."

A special feature fas a beautiful Spanish dance given by Miss Tinka Irvine, Miss Edna Malone, Miss Gladys Moore, Miss Isabella Foote and Miss Irene Laughton. The girls taking part had been excellently trained by Prof. Marks and their performance was greeted with loud applause. The dance chosen was typically Spanish and the dancers, with their symetrical movements might well have been thought to be natives of romantic Spain, that country of lithe, and graceful but at the same time stately maidens.

The sideshows were well patronized and included a punch and judy show and a mysterious gazer into the crystal of life, who, for a small consideration, told visitors their fortunes and good and bad luck. It was generally good, which was coming to them.

The stalls were exceedingly well patronized and made large sales. The ladies in charge were as follows:

Fancy work—Mrs. J. E. Tayor, Mrs. Jarvis and Mrs. Lahbie.

Aprons and handkerchiefs—Mrs. Fink, Mrs. Fife and Mrs. Lacey.

Candy—Miss Annie Sturgeon, Mrs. Foote and Mrs. Porter.

Dolls—Mrs. J. J. Malone, Mrs. Pollard and Mrs. McLeod.

Refreshments—Mrs. Driscoll, Mrs. J. Johnston, Mrs. McCandlish and Mrs. Fotherby.

Side attractions—Edgar Mason.

Mrs. G. Erickson, as president of the committee in charge and Miss Bacom as secretary acted as supervisors. The sale will be continued this afternoon and evening. In the afternoon from 3 to 6 a special tea with ice cream will be served and in the evening an entertainment at present a secret, but which it is stated to be something really new and wonderfully attractive will be given.

The celebration of the opening of the building will be concluded tomorrow night by a grand ball with refreshments.

PEACE CONGRESS OVER

DELEGATES STILL LOOK FORWARD TO ABBOLITION OF WAR

SOCIALIST RESOLUTIONS NOT FAVORABLY RECEIVED

CHICAGO, May 5.—Feeling that a real step forward in the world's peace movement had been taken, the delegates to the second national peace congress brought their day's convention to a close with a banquet tonight. Addresses were made by officials representing seven nations. Ambassador Count Von Bernstorff and minister Wu Ting Fang in person appeared for Germany and China respectively. Richard A. Ballinger, secretary of the interior represented the United States. Others of the national representatives were Alfred Mitchell Innes, councillor of the British embassy, K. M. Matsura, Japanese consul at Chicago and Dr. Halvdan Koht, of the university of Norway. Tonight the delegates were entertained at a banquet given by the Chicago associations of commerce, secretary Ballinger and congressman Tawney and Bartholdt being among the speakers.

Ambassador Von Bernstorff spoke not only of the peace conference at the banquet, but at a noon day luncheon given in his honor by the Industrial club of Chicago.

Congressman Bartholdt, who presided at the afternoon session, announced that "the negotiations, dropped for a year or so, for an arbitration treaty between the United States and Germany, have been resumed, and there is every reason to believe that they will soon be carried to a successful conclusion."

The only fire works of the congress were set off at the afternoon session following judge T. O'Brown's reading of resolutions as prepared by the committee appointed for the purpose. Following a motion of their adoption A. H. Simon of a Chicago Socialist daily newspaper was on his feet with a resolution which jarred the meeting. It closed as follows: "Resolved that this congress recognize in the international political organization of the working classes, the international socialist movement with its 450 representatives in the national parliaments of the world openly and avowedly committed to uncompromising opposition to militarism and capitalistic wars" a motion to table the Simon resolution was finally carried 2 to 1. The resolutions adopted urged the government "to take the initiative so far as practicable, to secure an agreement among the military and naval powers for a speedy arrest of the ruinous competition in armaments now prevailing and to create a special commission of the highest character for its consideration whose reports shall be a voice for the action of of our delegates at the third Hague conference." The delivery of the address followed.

NEW MILLS FOR PRAIRIE

Buildings Designed for Moosejaw and Saskatoon

WINNIPEG, May 5.—The new Prague milling company of Minnesota having completed construction of large flour mills at Moosejaw is negotiating for a site at Saskatoon and will build at once. Country mills of Minnesota and Dakota are also considering erecting plants in western Canada.

Honorable W. J. Bryan was the guest of the Canadian club today when a crowded audience greeted him. The leader of the democratic party delivered a masterly address which was listened to with marked attention by those present.

To Wake Them Up

MOMBASA, British East Africa, (Saturday April 3.—The sleeping sickness commission is hoping that Theodore Roosevelt will pay a visit to the expedition camp at Sesse, Unganda, where sir David and lady Bruce are in charge of the memory of the re-establishment of the Mexiregation hospital.

Sensation Expected

EDMONTON, May 5.—The trial of Gus Zucht, a liveryman of Stony Plain, charged with manslaughter opened here today. The prosecution is all in. It is understood that a sensation will be sprung by the defense. Zucht is the man who assaulted Ed. Ingle with a hammer resulting in his death.

Mexican Anniversary

EL PASO, May 5.—Today, the anniversary of the Mexican republic following the overthrow of Maxmilian is being generally observed as a holiday throughout the republic. In

AUSTRALIA'S NOVEL PLAN

WILL BUILD FLEET OF DESTROYERS FOR DEFENCE

JOURNALISTS FROM ANTIPODES—NEWS FROM SOUTH SEAS

VICTORIA, May 5—The Canadian Australian steamer Marama which reached port tonight from Sydney brought among her passengers the Australian and New Zealand delegates to the British imperial conference to begin in London on June 5th. They leave on Thureday to cross Canada under the guidance of George H. Ham, of the C. P. R.

Advices were received by the steamer Marama from the south seas of much destruction wrought in the New Hebrides group by a hurricane lasting six hours which swept over the island, wrecking three schooners and causing much loss of life. At Tooma a tidal wave swept a great number of horses into the sea, drowning many natives and snapped cocoanut, coffee and banana trees. The government buildings at Vila were swept away.

Some agitation was in progress at Auckland when the Marama sailed for the renewal of the steamship line from New Zealand to San Francisco and a resolution was passed by the Auckland chamber of commerce urging the Dominion government to arrange for the reinstatement of the San Francisco line.

Some excitement was caused at Melbourne by an announcement by Senator Pearce, minister for defence, that Japanese spies travelling as itinerant showmen were mapping out the northwestern territory of Australia.

Prime Minister Fisher in an announcement of the Australian government's general policy said that Australia intended to build and equip within three years as an Australian navy, four ocean destroyers and 19 of the class of coast destroyers.

WILL BEAT THE RECORD

MORE IMMIGRANTS THIS SUMMER THAN EVER BEFORE

MAIN STREAM OF NEW SETTLERS FROM BRITISH ISLES

WINNIPEG, May 5—That the number of European immigrants for western Canada will beat all previous records for the present year is now apparent. Today some eleven hundred will arrive in Winnipeg the majority of them coming from the British Isles

The police are now looking for a mysterious plumber in connection with the murder of Mrs. James on Dominion street two weeks ago. It is alleged the man was a rejected lover of Mrs. James and on this account made several threats against her. He was in Winnipeg three years ago and then went west being last heard of in Seattle from whence he wrote saying he would visit Winnipeg this spring. This is supposed to be the man seen hurriedly leave the James house on the day of the murder. The inquest will be resumed this evening and sensational developments are promised.

Officials of the old Winnipeg and Duluth railroad whose headquarters have been in Duluth have orders to transfer to Winnipeg. Roy Hall, former traffic manager of the Duluth road has been appointed commercial agent of the Canadian Northern in Chicago. The traffic management and operating of the road will in future be done in Winnipeg.

Winnipeg did honor to W. J. Bryan today. He will address the Canadian club tomorrow.

An old man named Cressie committed suicide by drowning himself in the Pembia river at Gretna this morning. The cause is unknown.

A coroner's jury brought in an open verdict last night in the case of Mrs. James who was murdered on Dominion street two weeks ago.

France Fighting Socialism

PARIS, May 5.—The government which has decided to make a determined effort to test its power to put down the "Syndicalists" movement has so far as it affects state employees, today ordered that a new batch of state employees be suspended for making violent speeches and notice has been given that all infractions of discipline hereafter will be summarily punished. This order has greatly exasperated the syndicalists and the agitation continues feverishly.

Man of Many Titles

CLEVELAND, May 5.—E. H. Harriman was elected a director of the Lake Shore and Michigan Southern railroad company at the annual meeting of the stock holders here today. Mr. Harriman was elected to the New York Central board recently and the election on Wednesday to the Lake Shore board was for a period of three years. W. K. Vanderbilt and Hamilton Twobly also were elected for three years.

Buying Their Own

RICHMOND, May 5.—At a receivership sale today the various city railroad properties were bought in by the bond company representing the Gould interests for $8,000,000. The sale was at auction under a decree of the court. There were no bidders except Douglas Robinson, chairman of the committee who, as each parcel was offered, handed the auctioneer a certified check for the amount of the decree required to be deposited.

Gentle Means First

BUENOS AYRES, May 5.—The strike situation in Buenos Ayres is practically unchanged today. The ministry met today and decided to exert every effort to bring about a normal situation before declaring the city to be in state of siege.

The liquidators' fees will be fixed by judge Hughes.

VANCOUVER, May 5 — Dr. Ivan Senkler is lying seriously sick at Salt Lake City. With Mrs. Senkler he was on his way home from Toronto where both had been since the death of Mrs. Senkler's father recently. J. H. Senkler brother of Dr. Senkler left last night for Salt Lake.

MONTREAL, May 5—There were no very startling revelations at the civic inquiry today. At the morning session and ex-barkeeper named Simoneau, stated that when in the employ of Cole and Landry, he was in the habit paying constables Benoit and Castilin for not reporting the place for selling on Sunday. At the afternoon session chief Campeau was asked about this and he said that he remembered it. The constables had denied it and it came to a question of taking the word of the constables or Simoneau. He preferred that of the constables.

American Anarchist in Paris

PARIS, May 5—Joseph Bauen, the anarchist of Cincinnati, Ohio, was arrested by the police of Paris late this afternoon. The British government at one time issued a decree of expulsion against Bauen.

Blue Ribbon TEA

Is Most Carefully Selected

Of all the countries in the world, Ceylon and India have proved the best adapted for producing good tea. So Indian and Ceylon teas are exclusively used for Blue Ribbon.

And as hill-grown leaf is superior to the coarse, rank growth of the lowlands, only "hill" tea is allowed in Blue Ribbon.

Of the hill plantations, a certain number of estates are especially noted for the unusual and uniform excellence of their product.

From these celebrated hill estates, the very choicest of the crop is selected and reserved for blending Blue Ribbon Tea. So it is unusually delicious and fragrant, with none of the woodiness or bitterness that spoils so many teas.

Just get a pound of Blue Ribbon Tea and see for yourself how good it is.

NELSON NEWS OF THE DAY

The Machinists meet this evening in Miners' Union hall.

The Sons of England will hold their regular meeting in K. of P. hall tonight.

Leslie Crawford who lately resigned the position of city engineer is going in with the Nelson Iron Works as office manager.

The carpentering work on the Kootenay jam company's factory is practically completed and the installation of the plant will commence tomorrow.

T. J. Williams, who has lately sold the Semaphore billiard hall to Macdonnell & McDougal, leaves this morning for Vancouver where he will proceed to Prince Rupert.

Mrs. W. W. Bradley yesterday morning received a wire giving her the sad news of the death of her father, John Young, at Thornbury, Ontario. The late Mr. Young, who died on Tuesday, was well known to many in Nelson as he spent six months with his daughter and son in law about three years ago. Much sympathy is felt for Mrs. Bradley in her many friends.

Capt. J. C. Gero, superintendent of the C. P. R. lake and river service has been making arrangements for an additional number of staterooms on the steamers Kootenay and Rossland on the Arrow lakes. The latter boat is at present carrying passengers on the route while the Kootenay will be in commission by about the middle of this month. Both boats are being fitted up with electric bells in all staterooms, electric fans in the dining rooms and other up to date appliances. The Kuskanook will also be fitted up in a similar manner. These improvements are being made in anticipation of a heavy summer passenger traffic.

Every user of "Salada" Tea is absolutely guaranteed tea of the finest quality, purity and flavor. The company's well known lead packets can be purchased at any grocer's. 148

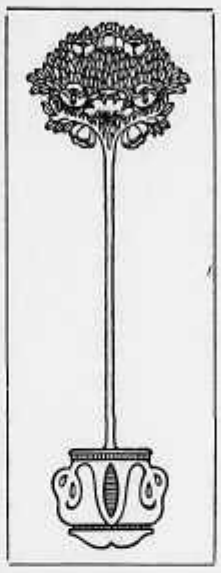
American in Paris Tries to Float New Brunswick Coal

PARIS, May 5.—E. Wyler, a naturalized American citizen who once had an office on Broadway, but who recently has lived in Paris where he has been engaged in promoting various American enterprises, has fled from Paris presumably for America and the New York police have been notified. Wyler's flight followed his arrest here at the instigation of Frank Alexe of Brooklyn, that he has failed to account for several thousand dollars belonging to a company in which both men were interested. Alexe said that when threatened with exposure Wyler purchased a revolver and said he intended to kill Alexe and then commit suicide. The police have seized Wyler's papers in Paris.

NEW YORK, May 5.—E. F. Wyler, whose flight from Paris was discovered today formerly occupied offices at number two Rector street, this city, and engaged in the floating of several enterprises. While here he became acquainted with Dr. Hugo Von Haagen, who is at the head of the Maritime Coal company, a corporation which is developing coal mines in Kent county, New Brunswick. According to Thomas Larkin, attorney for Von Haagen, Wyler undertook to sell an issue of the preferred stock of the company in France. Mr. Larkin said that when the stock was not sold in Paris and calls for money totalling $16,000 were made by Wyler, Dr. Von Haagen sent Frank Alexe of Brooklyn to France as his representative. Mr. Alexe reported that Mr. Wyler not only asked for sums in excess of what was required but he did not pay the taxes and charges necessitated by the French law. Wyler was arrested and when brought before the court was given until April 28th to show vouchers for the money entrusted to him by Von Haagen and associates to return the money. He failed to appear on the date fixed.

Mr. Larkin expresses doubt that Wyler's destination is America.

Our Jurors Are Our Patrons



Seeing the moon over either shoulder may not influence your luck to any extent—but whether or not you buy your clothes here will have an influence on your appearance to a large extent.

Just size up the men wearing $30.00, $25.00 or $20.00 Suits—one of our spring blocks in hats at $3.00 or $2.50.

Aren't they swell looking fellows? The best dressers you'll meet.

You'll find that they all jingle a little money in their pockets, too—for they escaped the exorbitant charges of the exclusive tailor.

By the way, have you seen our new Negligee Shirts and Summer Vests direct for the best English makers. They are certainly all right.

Come in and let us cater to your notions.

Vancouver Blaze

VANCOUVER, May 5.—A bush fire along Still Creek on the Great Northern railway line yesterday afternoon and last night did considerable damage to several small buildings in the vicinity and four hours measured saw mill No. 1, B. C. Mills, Timber and Trading company. The flames during the night burned out.

By the introduction of modern stacking machinery and power conveyors which will take the wheat as it is shoveled by power out of the freight cars in which it is brought in bulk from Alberta, boat it to hoppers above the stacking machines and subsequently pick up the filled sacks, the C. P. R. will next fall solve the problem of cheap grain handling at the port of Vancouver.

Fight for Possession

MONTREAL, May 5.—Struggles over the possession of the Scroggie departmental store at the corner of St. Catherine, University and Victoria streets recently purchased by S. Carsley and company entered upon a sensational phase today. The representative of the Carsley company excluded two employees of the Scroggie company and the latter thereupon entered in force and ejected the Carsley representatives, mock and crop. The matter now will be left to the hands of the courts to decide. The Carsley company claimed possession from May 1st.

NELSON NEWS OF THE DAY

Alex Lucas of Kaslo is at the Hume.

G. D. Aitkens of Kamloops is at the Strathcona.

R. A. Williams of Revelstoke is a guest at the Strathcona.

Choir practice will be held tonight at 8 o'clock in the Methodist church.

The press reports of the Swiss bell ringers are full of praise. They appear in Trinity Methodist on Friday night.

A. F. Dudgeon, superintendent of the Yale-Columbia and Bowman Lumber companies, spent yesterday in the city and is staying at the Strathcona.

Electric City Camp No. 1385 will meet tonight in Fraternity hall at 8 o'clock. All members are requested to attend. Important business is to be transacted.

The regular semi-monthly meeting of the Young Conservative club will take place in the club rooms in the K. W. C. block tonight at 8:30 p. m. All members and friends are requested to attend.

A rally and praise meeting will be held this evening at 8 o'clock in St. Paul's Presbyterian church. All who gave in decision cards at the recent evangelistic meetings, those looking forward to joining the church, and all interested friends will be welcomed. The topic of conference will be "What it is to be a Christian."

The report of the augmentation fund of the Presbyterian church for the year closing 28th February last shows ordinary receipts $36,757.80 and expenditure $36,028.15. The credit balance was increased from $1,763.04 to $2,492.32. The reserve fund stands at $30,000.00. The committee have agreed to ask the general assembly to sanction $62,000 as the amount to be raised by the church in order that ministers may receive the increase of stipend approved of by the assembly of 1907.

Born, on May 5, to the wife of John Walsh, Gore Street, a son.

Mrs. W. J. Robertson of Saskatoon arrived in the city yesterday as a result of the receipt of the news that her mother Mrs. E. Fox, was seriously ill. Mrs. Robertson's brother, J. H. Fox, stated last night that his mother was making good progress towards recovery.

A meeting of the executive committee of the synod of the diocese of Kootenay was held in the parish hall of St. Saviour's church yesterday for the purpose of winding up business for the year in anticipation of the annual meeting of the synod, which takes place this year on June 5 and 10. In addition to the routine business which came up a resolution of sympathy with Mrs. Lambert, widow of the late Rev. J. H. Lambert, rector of Vernon, was passed. There were present at the meeting Archdeacon Beer of Kaslo, Rev. H. Steele of Grand Forks, Rev. E. A. St. G. Smyth of Trail, and Rev. F. H. Graham of Nelson and the following laymen: C. W. Busk, Kokanee, C. A. Cock, Cranbrook; A. P. Venables, Vernon; R. Hobson, Salmon Arm; George Johnstone and Fred Irvine, Nelson.

Mr. and Mrs. Herbert T. Irvine and son Berkeley are spending a few days in the city as guests of Mr. and Mrs. Harry Wright. Mr. Irvine is a partner in the firm of Sharp & Irvine, stockbrokers, of Spokane, and is a brother of Will and Fred Irvine of this city. Speaking to a representative of The Daily News yesterday Mr. Irvine said that there was considerable activity in mining shares in Spokane at present, large sales being daily recorded. This country was meeting with a good share of attention from mining men. He thought that the price of silver would remain fairly steady though he did not anticipate a very rapid rise in copper. The former metal was holding its own but the latter would very probably drop a few more points before reaching a higher value. Mr. Irvine before returning to Spokane will take a trip to the Boundary country, while Mrs Irvine and son will remain here in Nelson.

TRAVELLERS L'ECTURE

School Children Entertained by Story of Africa

Sergeant-Major G. A. Schoof yesterday visited the high school and the Hume school and received a hearty welcome from the students and the scholars who were delighted with lively accounts of Africa. In the evening he lectured in the Baptist church. He gave a brief account of the history of the rivalry between Briton and Boer in South Africa, and described with graphic eloquence the Zulu war of 1879 and the Boer wars of 1880-81 and 1899-1901. He expressed grave doubts as to the possibility of South Africa remaining permanently under British influence unless very large numbers of Anglo-Saxon settlers entered the country, and animadverted on the present preponderance of the Dutch influence which is making things difficult for the British residents. A very entertaining costume drill of boys was given, and this was followed by a display of dexterity in sword and lance exercise.

Francis Henry Whitcomb of Salmo and Miss Mabel Annis Steele of Colville, Wash., were married in St. Paul's manse, Nelson, yesterday by Rev. J. T. Ferguson.

Stealing by False Scales

NEW YORK, May 5.—Criminal proceedings as an outgrowth of the government's suit against the American refining company which resulted in disclosures of wholesale underweighing of sugar imports was begun by the federal authorities here today.

Thomas Kehoe, for many years a checker of the company in Brooklyn was placed under arrest charged with being one of the men who took part in fraudulent manipulation of the scales as a result of which the American sugar refining company recently paid to the government $2,134,000 in back duties. The arrival of Kehoe followed the finding of an indictment charging him with altering and weighing at less than their true weight on September 27 five thousand bags of centrifugal sugar. Kehoe is the man according to the government was caught in November, 1907, actually using a fraudulent spring on the scales of the sugar company in Brooklyn.

Press Men Welcomed

Victoria, May 5.—The Australian press delegates to the imperial press conference spent today in the city and enjoyed it immensely. They were the guests of the city and the provincial government at a drive around the city and were entertained by the Canadian club at luncheon. They leave tomorrow afternoon for Vancouver and after a few days' stay at Field, Banff, Calgary, Regina and Winnipeg enroute, they go down the lakes from Fort William to Owen Sound enroute to Toronto and the east.

PIONEER VISITS NELSON

A. S. GRAY, WELL KNOWN PATHFINDER, IS HERE

FIRST TO SHOW FRUIT CAN BE GROWN IN KOOTENAY

A. S. Gray, one of the most widely known Kootenay oldtimers, was in the city yesterday. Mr. Gray came to the province no less than 35 years ago and during that time has been in practically every gold rush and most pioneer enterprises on the Pacific slope. In addition to this Mr. Gray has to his credit the record of having planted the first apple orchard in the vicinity of Nelson. At that time he was laughed to scorn for attempting to put the idea that fruit could be successfully grown on the shores of Kootenay lake into practical form. How clearly Mr. Gray's foresight has been shown it is not necessary to emphasize.

Mr. Gray is still keeping up his reputation of being the fore in frontier work. At present he is living at a little Indian village named Meanskinisht located about 25 miles below Hazelton and is also playing the pioneer in fruit raising at that place. He states that the soil and climate are very similar to that in this district. Fruit, corn and vegetables of all kinds, especially potatoes, grow well and as an instance of the produce from this fertile country Mr. Gray brought with him samples of wheat grown on his ranch last year.

Life at Meanskinisht is primative in the extreme and by no means exciting. The only white inhabitants besides Mr. Gray and Robert Thomas, a missionary, his daughter, Miss Anna Thomas, Miss O'Neil, a telegraph operator, and Miss Day who acts as school mistress to the Indians. These Indians, stated Mr. Gray, are as yet quite untainted with the evils sometimes following in the train of civilization. They neither drink, smoke, chew, or work on Sundays. They have a religion which is a branch of the Church of England and are looked after by clergymen of their own people. A nice little church has been built and the attendance on Sundays is quite a large one. "Away north by the shores of the Skeena river" said Mr. Gray, "there exists a settlement which in its simplicity of life and practically entire absence of evil recalls the days when the natives of this country lived their own lives, untainted by the fire water of the progressive white man. In this village the Indians still retain their freedom and live as did their forefathers in the days when Canada was first becoming known to the civilized world."

In conclusion Mr. Gray spoke in enthusiastic terms of the kindness shown by the ladies of the settlement wherever help was needed through sickness or any other trouble which a woman could mitigate. They worked hard and were almost worshipped by the Indians.

Mr. Gray is convinced that the Skeena river is destined to a great future as a ranching country. At present he does not advise any but the hardened frontiersmen to go there with a view to settling but in a short time the Grand Trunk Pacific railway will be running through the district and by supplying means of transportation all the year round will cause a big rush of farmers. Mr. Gray will leave for the north via Spokane and Vancouver within the next few days.

HANDING OUT DEGREES

McGill's Special Convocation Endorse Selkirk Idea.

MONTREAL, May 5.—The meeting of the board of trade was addressed by the Selkirk Centennial delegates today, and as a result, the idea was endorsed and commended to the federal government for support.

The honorary degree of doctor of laws will be conferred on two Canadians and three citizens of the United States at a special convocation of McGill university to be held in the new Macdonald college at St. Anne's on June 3rd. The convocation will be one of particular interest inasmuch as it will serve as a formal opening of the Macdonald building, devoted to training in the various branches of agriculture and to the training of teachers, the whole being the gift of sir Wm. Macdonald of Montreal, and equipped by him with an endowment of about $5,000,000. The following will receive the degree of L. L. D.: Honorable James Wilson, secretary of agriculture at Washington, D. C., Dr. James Earl Russell, head of the teachers' college, Columbia University, New York. Mr. G. Pinchot, secretary of the forestry association at Washington, ex-dean of the faculty of comparative medicine, at McGill and Dr. James W. Robertson, principal of the Macdonald college.
